Candidates File For School, City Elections

EAGLE SCOUT Mike Ferguson receives Eagle pin from Troop 206 Scoutmaster Jesse Garza as parents Mr. and Mrs. Hall Ferguson look on.

As of 3 p.m. Wednesday (last day to file), there were four candidates for Lockney Independent School District Board of Trustees, but only the three incumbents had filed for election to the Lockney City Council.

School board candidates were Jerry Williams, Eddie Joe Foster, Eugene Tannahill and Jeff Terrell. Three school board members' terms - those of Williams, Billy Ed Whitfill and John Dorman - expire next month.

Mayor Claude Brown and aldermen Thurman Davis and Bobby McCormick were the only candidates for those positions at 3 p.m. yesterday.

Both elections will be Saturday, April 2.

SPEECH TOURNAMENT HARDWARE...Lockney High School speech team members display the trophies they won at the Floydada tournament last Saturday. Left to right, front: Ronee Thornton, Melinda Wilson, instructor Elaine Smith, Edward Jones, Jim Burt. Back: Tracy Beedy, Dawn Daniel, Pam Bradley. (Staff Photo).

Speech Team Scores High At Floydada Tourney

The Lockney High School speech team won the second-place "sweepstakes" trophy at the Floydada Speech Tournament Saturday, finishing second only to Lubbock Coronado High School for the overall high-point honor. The Lockney debate team of Jim

Burt and Edward Jones placed second (a Coronado team was first), and Burt was third-high all-around debater.

Ronee Thornton of Lockney made the finals in prose interpretation. Tracy Beedy participated in informative speaking.

Lockney's Melinda Wilson was Outstanding Poetry Reader, and all three LHS poetry readers - Melinda, Pam Bradley and Dawn Daniel - placed in the top five.

Next for the LHS speech team is a tournament March 12 at Lubbock Cooper High School.

Mike Ferguson Attains Eagle Scout Rank

Mike Ferguson, a 15-year-old member of Lockney Boy Scout Troop #206, became an Eagle Scout during court of

honor ceremonies Tuesday night in Lockney Rebekah Lodge Hall. Ferguson, son of Mr. and Mrs. James

Hall Ferguson of Lockney, is only the second Scout from Troop 206 to attain the Eagle rank (highest a boy can achieve through Scouting) in the 16 years of the troop's existence.

To become an Eagle Scout, a Scout must earn at least 24 Scout Merit Badges, including 10 which are required. Required Merit Badges are first aid; citizenship in community, nation and world; communications; safety; emergency preparedness or lifesaving; environmental science; personal management; and personal fitness, swimming or sports (Ferguson earned all three).

The Eagle Scout candidate must also develop, plan and give leadership to others in a program helpful to religion, school or town (Ferguson worked with the Lockney Bicentennial Committee for the local bicentennial celebration). He also drew plans for a district Camporee held at Camp Haynes at Silvertown.

Ferguson started Scouting as a Cub in 1970. Originally a member of Lockney Troop #259, he transferred to Troop 206 in April, 1976, as a Star Scout. He became a Life Scout in November, 1976.

Some of his other Scouting achievements are as follows: Mile Swim Award winner; Senior Patrol Leader; member of Leadership Corps; bugler for the troop.

Ferguson, a ninth-grade student at Lockney High School, has a sister, Julie, 13, an eighth-grade student, and a brother Donny, 11, a sixth-grader. His grandparents are Mr. and Mrs.

Hall Ferguson of Lockney and Mr. and Mrs. M. D. Lacy of Lubbock.

Troop Scoutmaster Jesse Garza presented the Eagle Scout pin, badge and bicentennial certificate to Mike Tuesday night, after speaking about the history of Scouting and leading the group in the Scouting Spirit song.

Earlier, Assistant Scoutmaster Richard Cavazos had presented the Troop's "Man Of The Year" award to Rosendo Perrez. Troop 206 Committee Chairman Felipe Gatica opened the program and introduced guests. Special guests included Haynes District committee Chairman Angus Wood and Haynes Order of the Arrow Advisor Jack Reed, who, along with Gatica and Perrez, served on Ferguson's Eagle Scout board of review.

Garza introduced another Lockney Eagle Scout, Brad Blenden, who was the youngest Eagle Scout in the district when he first achieved the rank. Blenden spoke briefly about his Eagle Scout experiences.

Guest speaker for the evening was John Peck, superintendent of Lockney schools.

Cotton Commodity Meeting Tonight

"Every cotton farmer in this area should take time to attend a cotton commodity meeting in Floydada tonight...we must formulate the cotton program we want and we need all the ideas we can get," Omar Burleson told a reporter from this newspaper yesterday.

charge of the meeting which begins at 8 o'clock tonight in the Massie Activity Center.

Don Petty, Texas Farm Bureau, will be the master of ceremonies and David Jordan, Economic Research and Development of Cotton Inc., Raleigh, N. C. will be the featured speaker.

Burleson is chairman of the Cotton Commodity Committee of the Floyd County Farm Bureau and will be in

Farm Bureau representative Joe Lust of Lubbock will also attend the meeting.

LHS Tennis Players In Snyder Tourney

Lockney High School tennis players will participate in a tournament at Snyder Friday and Saturday, according to tennis coach Louis Fry.

The top six varsity boys and the top six varsity girls will go to Snyder. Boys

singles players will be Jim Burt and Breck Record. Doubles teams Danny Fry/Howard Moore and Johnny Dorman/Boyd Lee will make the trip.

The two girls singles players for the Snyder tourney will be selected from

these four: Melinda Wilson, Anna Araujo, Kim Spencer and Kay Tannahill. Girls doubles teams making the Snyder trip will be Tammie Carthel/Karen McCarter and Janis Marr/Sheila Hrbacek.

LITTLE DRIBBLERS basketball action. First games were Tuesday - we'll have scores of games as soon as available. (Staff Photo).

ALREADY PLANNING next year's fair are these members of the Floyd and Surrounding counties Fair Association: Bill Palmeyer of Matador; James Race, Lockney; Warren Mitchell, Lockney; Arla Copeland, Lockney; Paul Koonsman, Lockney; David Turbeville, Lockney; Kathy Burk, Floydada; Mrs. Wilson Barton, Flomot; Van Bradley, Lockney; Nancy Carthel, Lockney; Mrs. Leon Cloyd, Flomot; Tommy Billington, Lockney. (Staff Photo)

Highway Improvement For Floyd County

Lubbock-The State Highway and Public Transportation Commission today approved the 1977 State Highway Safety and Betterment and Farm to Market Road Improvement Program.

Statewide, the 1977 program provides for the improvement of some 4,665 miles of highways at an estimated construction cost of slightly more than \$40

million, with an additional \$7,700 earmarked for right of way acquisition and relocation assistance. Another \$959,000 has been set aside for later assignment.

Similar programs were deferred for about a year in 1975 and 1976 as a result of the financial crisis of the State Department of Highways and Public Transportation.

However, since such programs included rehabilitation of old and obsolete highways, safety measures, and provisions for increased traffic capacity, they could not be long deferred.

Approximately 61 per cent of the program funds will be devoted to State and US Highways, 37 per cent to Farm to Market Roads, and 2 per cent held in reserve.

In all, the program includes 694 projects in 212 counties of the state.

Programs such as this are necessary to prevent deterioration of the highway system and a resulting decline in mobility.

Conservation Directors Attend Meeting

Four local conservation leaders attended the semi-annual meeting of Soil and Water Conservation Districts in Littlefield recently. Four directors of the Floyd County Soil and Water Conservation District and Jon J. La Baume, district conservationist for the Soil Conservation Service attended the meeting. The directors, Gilbert Fawver, R. G. Dunlap, Herman King met with other directors in the 15 county area to discuss mutual conservation work.

Kenneth Kuykendall, Cherokee, Texas, President of the State Association of Soil and Water Conservation

District spoke to the conservation group about state wide work and problems facing directors. Kuykendall emphasized that district directors must be recognized as conservation leaders and be involved in all phases of their work.

Charles Wood, Lubbock one of the State Association

directors spoke to the group as did Mr. Frank Gray, Lubbock, one of the five men who serves on the State Soil and Water Conservation Board.

Herman King, Lockney and one of the local five Floyd County directors was nominated to serve on the South Plains Association of SWCD's.

The State Of Divorce

COLLEGE STATION. Forty per cent of new marriages will end in divorce, if current trends continue, Debby Johnson, a family life education specialist, reports.

"Divorce, in most cases, is the result of an unpleasant commitment to a loved one which taxes both financial and emotional resources. Divorce is never pleasant, and even the most amicable divorce is traumatic for one or both partners," the specialist explained.

Miss Johnson is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Women initiate the divorce action in 68 per cent of the suits, and over half these women are 28 years old or under.

Although the proportion of children living with fathers is increasing, only 8.4 per cent of the children with divorced parents reside with their fathers," she noted.

To keep trauma due to settlement complications to a minimum, the specialist recommended that couples who foresee long, drawn-out negotiations—over money, children or property—seek lawyers who specialize in family law or at least handle

a fair volume of divorce cases.

"They usually charge about the same fee and have had more experience in handling problematic situations.

"The lawyer each individual chooses must be good at dealing with the other side on his client's behalf. Negotiations center around a document called a 'settlement agreement' or a 'separation agreement,' which spells out the details of child custody and visitation, alimony and support payments, and division of property," she said.

For the names of family-law specialists, couples can contact the following sources—friends who are recently

divorced, other lawyers, and the referral service of the local or state Bar Association.

Other sources include the "Martindale-Hubbell Law Directory" in the public library. In this volume, lawyers can pay to list the specialties in which they are interested. Or couples can ask for a recommendation from the American Academy of Matrimonial Lawyers, 900 Lake Shore Drive, Chicago, Illinois 60611.

SPHS To Hold Meeting Today

South Plains Health Systems, Inc., a nonprofit corporation, will hold an Executive Committee Meeting and Public Hearing on Thursday, March 3, 1977, beginning at 7:00 p.m. in the Community Room of the George and Helen Mahon Library, Lubbock, Texas.

South Plains Health Sys-

tems, Inc. is applying to the U.S. Department of Health, Education and Welfare for continuation of conditional designation and funding as a Health Systems Agency for the South Plains, pursuant to the National Health Planning and Development Act of 1974.

The public is invited to attend the hearing and present both oral and written comments. Draft application materials, including: (1) the qualifications of the agency, (2) the Board of Directors composition and (3) proposed work program, will be available for public inspection and copying during normal working hours after March 2, 1977 at 1217 Avenue K, Lubbock, Texas.

Maintain and service your own appliances. Take care of them. Repair bills are expensive. Mrs. Linda McCormack, family resource management specialist with the Texas Agricultural Extension Service,

**THE HEAT PUMPS
KEEP ROLLING ALONG
FIGHTING LOST HEAT...**

MANUFACTURERS SHIP 170,000 HEAT PUMPS IN FIRST 7 MONTHS OF 1975

(as compared with 169,000 for all of 1975)

If you don't have a heat pump you, at least, should find out more about it. It's the most efficient, here NOW, piece of heating equipment available at reasonable cost. The electric heat pump saves energy, so it saves money. By using otherwise wasted Lost Heat present in outside air, the electric heat pump delivers as much as two units of heat for every heat unit of electricity it uses. Nationwide, heat pumps are going into nearly half the new homes with electric heating. In our area alone 287 heat pumps have been installed in the past year. Updating your old home's heating system? Better find out about the heat pump... ask us.

FOR SO MANY PEOPLE

Lloyd Bentsen State Senator

A SAWMILL IN EAST TEXAS has to lay-off ten of its workers because of a slump in the homebuilding industry.

A store owner in South Texas has to let three of his sales clerks go because inflation has sent his costs through the roof.

A clothing plant in West Texas has to cut its workforce by a fourth because sales have fallen drastically.

There is another reason these sawmill workers and store clerks and clothing plant employees lost their jobs: the actions of government over the past 45 years have caused payroll costs to skyrocket, have made it more difficult for businessmen to hire new workers or hang on to those they have.

Payroll taxes have increased steadily. Income tax forms have become so complicated that a Certified Public Accountant must be hired to interpret them. And government regulations have become so numerous that it takes a battery of lawyers to cope with them.

Almost 7 million Americans are out of work today—some 280,000 of them in Texas—and one reason for this is government regulations and taxes that have made it difficult for businessmen to hire people.

It is time for government to provide businessmen with an incentive to hire people instead of continually adding obstacles that make it harder to create jobs.

I HAVE PROPOSED such an incentive: the employment tax credit, a solid, workable program that will help combat cycles of unemployment in this country by encouraging our free enterprise system to establish new jobs and maintain existing ones.

I first came up with this idea two years ago but it was hard to get anybody in government to listen to it. Unemployment was even higher then than it is today, and most people in Washington were more interested in creating make-work government jobs to take care of the immediate crisis.

But I felt then as I feel today, that the country and the workers would be better off if government encourages private industry to establish long-term productive jobs.

Our country is rich and dynamic enough to provide a job for everyone who wants to work. But it is a mistake to concentrate on temporary government

created jobs. The emphasis should be on encouraging the creation of jobs through our free enterprise system.

The tide has turned in recent months, the employment tax credit has taken hold.

President Carter, in his program for stimulating the economy, suggests a form of the employment tax credit. He wants payroll taxes reduced so it will be easier for businessmen to hire workers.

Chairman Ullman of the House Ways and Means Committee and several other colleagues of mine, in both the House and the Senate, have made similar proposals.

I FEEL THAT MY PLAN, which would phase the tax credit in during hard times and phase it out when unemployment comes down, is superior to some of the more unrefined approaches that have been suggested in recent weeks, and I told the Ways and Means Committee this during recent testimony.

But the important thing is to make the idea of an employment tax credit reality this year. Two professors at the University of Iowa were commissioned last year by the Joint Congressional Subcommittee on Economic Growth, of which I am Chairman, to study this tax credit. They reported back that if it had been adopted in the fall of 1975, two million more Americans would have jobs today and inflation would be almost two percent lower.

Delaying its passage further would only mean higher unemployment and higher inflation. We cannot afford that.

What about the future of coffee prices? Wholesale prices have nearly doubled in the past 15 months. If there is no further problem with the world coffee production—such as front in Brazil—the normal trend may resume by 1979-80—or perhaps sooner according to reports by the Foreign Agricultural Service, U.S. Department of Agriculture. Present world stocks are considered adequate to offset foreseeable crop deficits. The world coffee supplies will continue tight, however, and prices will remain relatively high, says Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

TOP FLOWER CHOICES

Americans haven't changed much during the past 29 years as far as their top flower choices are concerned, points out a landscape horticulturist with the Texas Agricultural Extension Service. The three most popular flowers in 1946—petunias, zinnias and marigolds—are still the most popular today, based on seed packet sales. Petunias were the most popular in 1946 while zinnias were tops in seed sales in 1975. Although petunias ranked third in seed sales in 1975, they would be the most popular flower by far if the sales of bedding plants were included.

ENERGY SOURCES ON FARMS, RANCHES—Texas farmers and ranchers currently have vast sources of energy on their lands—the secret is how to put them to use. Among the renewable energy sources are the sun, the wind, crop residues and animal manures. The Center for Energy and Mineral Resources at Texas A&M University is conducting research to find feasible ways to use these energy sources so that some of the pressure can be taken off declining stocks of oil and gas. Since agriculture uses a tremendous amount of energy, it is vital that alternate sources of energy be found.

Many of the fashionable dishcloth and mesh fabrics for summer require special handling of seams to prevent raveling and fraying. In ready-to-wear, look for enclosed seams and narrow double-stitched seams. Home-sewers can use a narrow zigzag seam or two rows of straight stitching about one-eighth inch apart, Margaret Ann Vanderpoorten, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System, says.

World Day Of Prayer March 4th

World Day of Prayer will be celebrated by local churches in Floydada on Friday, March 4, at 10:30 a.m. in the First United Methodist Church. Church Women United in thousands of local communities across the nation will join in this annual chain of prayer that links the first voice at dawn in the tropical islands of the Pacific with millions of others in 170 countries and islands. By nightfall, the Day's message, "Love in Action," will have followed the sun's arc until the last prayers are said in units of Church Women United in the islands off the coast of Alaska.

Members of The Christian Womens Fellowship of First United Methodist Church are responsible for bringing the program Friday morning. They will be assisted by friends of other denominations, and urge the women of all local churches to come together for this annual program and prayer opportunity.

A nursery is provided for children.

Lunch will be served in the fellowship hall following the program.

Since the first small gatherings in the United States 90 years ago, the idea of united prayer by women around the world has increasingly captured the imagination of community groups. Today, World Day of Prayer can be described as the most important ecumenical and international observance of the year!

Preparation for the Celebration is as internationally far-reaching as the participation in it. World Day of Prayer is under the auspices of an International Committee which has designated Church Women United as

the official sponsor of this Celebration in the United States. The worship services are prepared each year by women from a different part of the world and then translated and adapted to meet the individual needs of each participating country.

This year's worship service, prepared by the women in the German Democratic Republic, reflects their hope that women will "strive together to find ways - familiar and new ways - for 'Love in Action.'" Gudrun Diestel of the Federal Republic of Germany, who was chairperson of the International Committee for the first eight years of its existence, expressed her concern in these words: "Our age is an age where great progress has been made. It is also an age where the suffering of people, suffering in body and soul, has increased. World Day of Prayer is challenging us to discover afresh those who may be our neighbors we have been overlooking; to discover those who may be far away and in need of our support."

The small group of women who first initiated World Day of Prayer in 1887 firmly believed that the mission work for which they were responsible needed their support in prayer as much as in giving. Church Women United has continued this tradition through Intercontinental Mission, a fund for administering the nationwide offerings received on World Day of Prayer.

This year church women will translate love into action through grants made to meet the needs of people in the six continents in the following areas: spiritual growth, community and fam-

ily services, socio-economic development, education, health programs, human rights, justice, peace building, women's concerns, and hunger in the United States and globally.

World Day of Prayer is the most widely observed ecumenical Celebration sponsored by Church Women United - the movement through which Protestant, Roman Catholic and Orthodox women express their unity through prayer, fellowship, study and cooperative action in 2,000 local communities in every state across the nation.

AFS Student Gives Program To 1950 Club Members

American Field Service student of Floydada, Orran Erisir of Istanbul, Turkey, presented the program for members of the 1950 Study Club Tuesday night in fellowship hall of the First United Methodist Church. He was accompanied to the meeting by Mrs. Pete Hickerson, host parent.

Orran showed slides and gave interesting details of his native country. He also played several piano selections.

Mrs. Johnny Roberts and Mrs. Curtis Meredith were club hostesses, and Mrs. Doris McLain, club president, presided. She also introduced Mrs. Edell Moore, who presented Doug Frazier, Chamber of Commerce manager. He presented the park's improvement plan in Floydada, and afterwards club members voted to make a pledge to the improvement program.

Mrs. Bill Womack led the group in saying the pledge to the United States flag,

Girl Scouts Observe Thinking Day With Program

Thinking Day, February 22, is an important day for Girl Scouts and Girl Guides throughout the world, for on this day, all troops and organizations join together in the observance. Special programs and ceremonies are held which emphasize peace, friendship, and international understanding.

Floydada Senior Troop #97 and Cadette Troop #333 met together for their Thinking Day program and guest speaker for the event was Floydada High School's American Field student, Orran Erisir, from Turkey. He showed slides as he described his country and its schools, hospitals, mosques, and homes. Most Turks, he said, now wear western style clothing, but he showed the troops what is typically worn by men on festive occasions - a handmade garment of maroon velvet with silver stitching and a red sash. He said that dating is done mostly in groups - that young people like rock music and dancing. He played some Turkish music, point-

ing out that compared to American music, it is faster and has a different rhythm. "Women's Lib" is of interest in Turkey as well as other countries and women's rights are more on an equal with men than before. He told of the Turkish diet. Sheep are raised in Turkey, but mainly for their wool, so the main protein source in the diet is fish. In showing the scouts a Turkish newspaper, Orhan pointed out that a completely phonetic Roman alphabet is used rather than the old Arabic. As he read from the newspaper, the language sounded soft, musical, and expressive. In a question and answer session, Orhan was asked about prospects for future explorations to locate Noah's Ark. He said nothing was being done at this time, but he personally hoped expeditions would be resumed.

The Junior Girl Scout Troops hosted Mrs. Lisa Howard, Floydada resident, who is from Samoa. She has lived in the United States

since she was a teenager, having come from Samoa to California with her sister after World War II. She talked of her childhood in the village with her family. She is the sixth of fifteen children. She told her real name in Samoan. Her parents, she said, had difficulty in thinking of names for their children. Inspired by the presence of the American military base at Samoa, three of the daughters were given Samoan names meaning Submarine, Airplane, and Marine Corps. Children born later, though, had more American type names such as Joe and Bill. Mrs. Howard said she doesn't have the opportunity to visit her family in Samoa as often as she

would like, but when she and her family do go, it is a wonderful trip. She admits, though, that she doesn't tolerate the hot, tropical climate as well as she did as a child.

The Girl Scout troops welcomed the opportunity of hearing first hand about these two countries and their people. They felt they were given much to ponder on this year's Thinking Day.

stand on, just to get in on. Temperamental Person - One who is 95 percent temper and 5 percent mental.

Worry - Interest we pay on trouble before it is due.

MOST consumers are thinking twice before pouring coffee down the drain. At today's prices it's equivalent to burning money. Yet warmed or reheated coffee develops an acidic, bitter taste. One of the simplest ways to keep coffee fresh and hot I've learned, is to simply pour into a vacuum bottle, which retains the original temperature of the coffee and therefore does not alter the taste.

RICE is one of the thriftiest foods around (about 3 cents a half-cup serving) and one way to make it even more convenient to serve is to prepare enough at one time so you'll always have cooked rice on hand. Covered and refrigerated, it retains its quality and flavor for six or seven days.

MEXICANO BEEF AND RICE
6 ounces lean ground beef
3/4 cup cooked rice
1/4 cup drained canned whole kernel corn
1/2 cup finely chopped onion
1 teaspoon chili powder
1/2 teaspoon salt
Dash each pepper and garlic powder.
3/4 cup canned tomatoes
1/2 cup grated Cheddar cheese

Combine all ingredients except cheese. Mix well. Turn into a greased shallow 1-quart casserole. Cover and bake at 375 degrees for 25 minutes. Remove cover and bake 20 minutes longer. Sprinkle with cheese and serve with corn chips and raw onion rings. Makes 2 servings.

FROM a rural district of England comes the story of a driver of a small sedan braking hastily as the tweedy mistress of a large estate came hurtling around a sharp bend in the narrow road in her large Rolls. Before he could say a word, she shouted, "Pig!" and drove on.

"Cow!" he cried after her in retaliation. Then he drove around the bend himself - and crashed head-on into the biggest pig he had ever seen.

Peggy's Meddlin's BY PEGGY MEDLEY

IF nothing more comes of the treasure hunter story I wrote last week than getting two relatives together, the effort will be more than worthwhile. The adopted son of the step-grandfather mentioned in the story thought all these years that his nephew was dead, but has learned of the letter carried in this newspaper, and knows now that he is alive. To make a long story short, Chester Rogers of Bovina, the adopted grandson, has verified the story written to the treasurer hunters by his nephew but said he had forgotten the incident until told by Floydada friends of the recent story. Now his intentions are to locate the whereabouts of his nephew by adoption with a long visit in store for the two. I plan to see that his whereabouts will reach Mr. Rogers as soon as possible.

Despite efforts over the weekend by the two treasure hunters, if there is a buried sword treasure, it is still there. The hunters, in company with others visited the "remembered treasure site" Sunday with their metal detectors and other devices but were unable to locate a thing. However, the hunters are convinced that a treasure of bejeweled Spanish swords, uncovered forty years ago, may still be in the area, so they will keep trying.

TECH STUDENTS...and puppets to perform Saturday night at the annual Girl Scout Father-Daughter Banquet.

Whirlers To Host Federation Dance

The Lubbock area square and round dance federation will hold the regularly scheduled March dance Saturday in the Fair Park Coliseum in Lubbock. Requested rounds will start at 7:30 p. m. and the grand march will be stepped off at 8:00 p. m. The guest caller will be Harry Lackey.

The host club is the Whirlers Square Dance Club of Floydada. George and Betty James of the Rounders Club in Lubbock will direct the round dance program. There will be door prizes.

Admission will be taken at the door. Spectators are always welcome free of charge.

Ellen Bradley Pledges Kappa Kappa Gamma

WACO — Ellen Bradley, daughter of Dr. and Mrs. Floyd Bradley of 920 W. Kentucky in Floydada, has been invited to pledge mem-

bership in a woman's organization at Baylor University. Miss Bradley, freshman, is pledging Kappa Kappa Gamma. She is a 1976 graduate of Floydada High School.

Texas ranks in the top five in fresh market vegetables, fruits, and nuts, according to Agriculture Commissioner

NEWS 'N' NOTES
(by Sharon Hillis)

Pressures today pose a greater threat to youth than at any time in recent decades, conflicting with their need to develop emotional stability.

There are increasing technological demands, social and economic demands, and personal demands on each young individual to achieve maximal potential.

This is the scientific age and pressure is thrust on youth to understand higher and higher levels of technology. But these scientific facts may conflict with basic family beliefs the youth learned as a child and still up holds.

The constant push for change allows no time for meditation, thought, or for living with any established fact for a period of time. Because nothing is ever at rest, it is difficult for young people to develop a sense of stability.

Social and economic demands necessitate more years in school-technical training, college, graduate school and post graduate school are becoming the rule rather than the exception. These pressures operate a silent, but never ending, threat to young people today.

In a society that values people for what they can do, pressure is inevitable. Family pressures, psychological pressures, economic pressures, political pressures and peer pressures all exist for youth.

Some pressure can increase motivation. For example, a student with a high grade in a subject will probably feel enough motivation in the face of an exam to study hard to keep his high grade. This pressure is good.

However, there is a point in which the youngster is adversely affected and achievement levels off.

Girl Scouts Will "Color My World" Saturday Night

The annual Father-Daughter Girl Scout banquet will be held Saturday night, starting at 7 o'clock in the Massie Activity Center in Floydada. Theme for the event is "Color My World," during which time a variety show will be presented with musical numbers.

Using hand and rod pup-

pets, the show will be presented by performers from Texas Tech. The puppets are people and different animals, and the songs will be from a number of different eras.

The puppets as a performing group have existed some four and a half years. It is a course offered through the

art department taught by Professor Peggy Bright. The students construct and design the puppets, write and coreograph scripts and tape the music. The summer of 1978 will see the National Puppetry Convention at Texas Tech.

The group has presented shows for the Texas Tech

Museum, North Park Mall in Dallas, The State Puppetry Convention, The Mahon Library, and at Matador and various private social and professional clubs.

All Girl Scouts and their fathers are cordially invited to attend the banquet Saturday night.

Diamonds, rubies, sapphires and emeralds are listed as precious stones.

Wesley Ann Circle Meets

The Wesley Ann Circle of United Methodist Women of Floydada met Monday, Feb. 28, at 7 p.m. in the home of Mrs. Julia Baker with Mrs. Ethel Hinson as co-hostess. Mrs. Jewel Martin, Program Chairman, presided over the business session, and a continuation of the African Study was given by Mrs. Diana Glover. Refreshments were served to the following members: Mmes. Bennie Liebfried, Elda Bryant, Jewel Martin, Elizabeth Armstrong, Opal Ashton, Diana Glover, Lorena McKinney, Anne Smith, Maymie Clark, Lula Green, and Kathleen Stewart.

Floydada Nursing Home Happenings

By Faye Walters

This week has been very windy.

I know all of our residents are looking forward to warm days so they can get outside, as some of them enjoy going for long walks.

We had good devotions last week. Everyone seemed to get a special blessing from the word of God and also from the beautiful songs.

We were very happy to have Willie Mae Stambough in our exercise class this week. She did real good.

Tuesday was manieure day and we had a real hen party while I was doing their nails.

It was too windy to take our field trip Wednesday but maybe we can go next week. The residents really miss these trips.

Thursday was fun day again with bingo. They were really looking forward to this as we missed playing last week. Top winner was Clara Williamson with three games: Ray Reed, Willie Mae Stambough, Agnes Anderson and Hallie Bertrand won two games each; Della Finley and Hope Hammonds, one game each. We had a good number playing and even had some visitors.

We appreciate all our visitors this week which included: Mrs. Paul Wilson, Wiley Rogers, Ethel Sawyer, Sue Moore, Flora Fawver, Otis and Dorothy Anderson, Mr. and Mrs. Hubert Davis and Mr. and Mrs. Wendell Jordan and Jamie Sue.

The pearl is not considered to be a precious stone although it is high in value.

sure continues beyond a youth's capacity, he becomes distressed.

The dangers of going too far in applying pressure are very real in our society today. Recognizing the warning signs helps parents know when to draw the line and assist in easing up on a young person.

Assistance in the form of individual or family counseling can be very beneficial to the identified stressed family member as well as the family unit in relieving pressures that are potentially devastating to one or more family members. The Family Service Center located in the Floyd County Courthouse provides counseling services to all family members of both Floyd and Motley Counties to assist in relieving devastating pressures. The fee charge is on a sliding scale commensurate with a family's ability to pay.

Persons interested in securing additional information about these local services may contact Audette Kincaid at 983-2584.

Nipping a stressful problem "in the bud" makes an old cliché ring true for today as well as yesterday — "an ounce of prevention is worth a pound of cure."

The U. S. Post Office Department approved the use of zip codes and two-letter state abbreviations in 1963.

Caprock Canyons State Park Rich In Archeology

WTSU — When people stop to rest and relax in Briscoe County's newly-created Caprock Canyons State Park, they will be continuing a tradition begun thousands of years ago.

West Texas State University archeologists have found evidence that prehistoric man as far back as 10,000 years ago used the Lake Theo area for just those reasons—to collect food, relax, make tools and then travel on.

The archeological importance of the area was highlighted by Panhandle-Plains Historical Museum anthropology curator Bill Harrison who excavated a Folsom bison kill site dating back 8 to 9,000 years. During Harrison's work the land was not yet designated a state park.

West Texas State archeologists returned last November to survey two pieces of land park officials and a nearby rancher are considering exchanging. One piece, which is currently part of the park, is good farming land. The other is outside the park, and is a rugged scenic piece of terrain the survey team found filled with archeological sites.

In the three square miles they surveyed, project archeologist Meeks Etchieson and his assistant Mike Wehrman of Amarillo found 200 sites and almost 3,500 artifacts and lithic materials. On top one knoll they found 392

artifacts, which was one of two significant sites in the group.

"One of the significant sites is neo-Indian, possibly a bison kill site," Etchieson said. "The other is a stratified camp site on a hilltop with material at least from archaic and neo-Indian times."

In surveying, archeologists methodically walk the terrain, carefully watching the ground for any telltale pieces of flint. Significant collections of flint indicate that the generally nomadic Indians of those times stopped for a while to rest, gather food and make new tools. All sites the team found were on top ridge and butte tops.

The artifacts they collected are primarily from the archaic and neo-Indian periods, which span from approximately 5,000 B.C. to historic times, according to Etchieson.

Etchieson and Meeks did find one uncommon artifact—a five inch piece of polished stone which is slightly curved.

"You usually find polished stone in the Southeast. It is common in Arkansas," Etchieson said.

They may also have found a historic dugout site from the historic period. It contained no artifacts.

"The area was very heavily used from paleo-Indian through the historic Indian periods," Etchieson said. "There was probably a lot of buffalo and more water than there is now."

FLOYDADA STUDENTS...win at area DEA contest in Plainview February 25. Brenda Turner, left, placed second in General Clerical Level II, and Beth Stovall was third in Extemporaneous Verbal Communications Level II. The awards were presented at a brunch held Saturday, February 26th in the Plainview HS Cafeteria. Brenda will compete in the State Contest and Beth will attend as an alternate and also as a voting delegate. The state contest is March 24, 25, 26 in Fort Worth. (Staff Photo).

What One Person Can Do

"I would like to be remembered," said Mary Lou Williams in a recent interview, "as one who tried to bring peace and love to the world playing the piano and trying to save a great art called 'jazz' which is needed on earth more than any other music because of its true spiritual content."

In her 50-year career as a professional musician, Ms. Williams' style has reflected the changes of the times, demonstrating that "jazz is a living art in constant flux."

A renowned jazz musician she now tours the country forming jazz workshops and

giving concerts at schools and colleges. "I like doing something for the teenagers," she reflects.

"Teaching this music to others is another contribution," she feels, "because we no longer have love and the spiritual feeling in music nor have we any more great creators such as Fats Waller, Louis Armstrong, Art Tatum, Duke Ellington, Dizzy Gillespie, Billie Holiday, Charlie Parker and a great many others."

She never tires of her work with "younger people." At her concerts and in her workshops, she "talks with my fingers." And she encourages her audiences— young and old—to learn how to "listen with the ears of your heart."

She expresses concern for

the destruction of "the souls of potential greats of today," and encourages her listeners to develop their own abilities. Said one younger admirer, "Mary Lou has as much to say to me as she said to my parents years ago. And I surely like what I hear."

Beef Production Short Course March 7-10

A beef production short course for adult farmers will be held this month under the sponsorship of the Floydada High School Vocational Agriculture Department according to C. E. Tyer, Superintendent, and Don Stegall, Teacher of Vocational Agriculture.

Dr. Richard C. Thomas, Beef Production Specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Science at Texas A&M University,

will be the instructor for the course. He is headquartered at Texas A&M University.

Dr. Thomas has a strong background in animal production and genetics. He received his B.S. and M.S. degrees from Texas A&M University and his Ph.D. degree from Iowa State University. His graduate thesis was a detailed study of growth and size of cow and their effect on weaning weight of the calf.

For the past seven years

Dr. Thomas was in charge of the Beef Cattle Research at the Experiment Station at McGregor. His responsibilities there included the direction of record keeping and management of an 850-cow herd that was bred totally by A.I. and of a 500-head feed lot. This entailed direct supervision of the nutrition, health and reproduction programs employed there.

The short course at Floydada High School is scheduled to begin March 7 - 10 at 7:30 p.m. in the Vocational Agriculture Building. During the dates the short course is in progress, Dr. Thomas will be available to assist cattlemen with individual problems and to provide on-the-farm instruction, according to Don Stegall.

Cattlemen interested in attending the short course should write or call the agriculture teacher, Mr. Don Stegall. An entry fee of \$5 will be charged.

Beef Production Short Course certificates will be presented to each cattleman who attends all the training sessions.

Dr. Thomas states that the beef cattle producers of today must take a close look at efficiency of production. Production costs such as land, feed, labor and taxes are rising without a relative increase in market values. The specialist also states that in order to deal with this type of situation, the producer must look at the costs and returns of the different types of production systems. Dr. Thomas states that considerable time will be spent during the short course looking at the potential costs and returns of some of the production systems. Selection of important characteristics such as fertility, ease of calving, size and growth will be discussed along with topics such as pregnancy diagnosis, range management, supplemental feeding and herd health. The course can be changed to meet the needs of the producers enrolled.

"Short courses in beef production, as well as in other areas, are now available to farmers and ranchers throughout the state under a

cooperative program between the Texas Education Agency and Texas A&M University," states Bob Jaska, associate professor, Department of Agricultural Education of Texas A&M University, who coordinates the program for Texas A&M.

DR. RICHARD THOMAS

"This cooperative program," states Jaska, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm and ranch people."

Specialists are now available in the fields of beef production, farm electric wiring and safety, farm electric motors, arc welding, swine production, tractor maintenance, pasture, and oxy-acetylene welding.

FLOYDADA FIREMEN at work on the Leighton Teeple house northeast of South Plains. One bedroom was burned out. The home is occupied by the Julia Arredondo family. (Staff Photo).

space project on model rockets.

The workshop on 4-H record books will be led by George McArthur, a 4-H and Youth Specialist with the Agricultural Extension Service. Mr. McArthur develops much of the 4-H Awards Program Material used in Texas. He has first-hand experience with 4-H record books on a state-wide basis. Mr. McArthur will be assisted by Floyd Key, Comanche County Extension Agent.

A knitting workshop will be taught by Mrs. Auston Kerley, a teacher and elementary school principal from Bryan. Mrs. Kerley has developed teaching materials and has taught knitting to both youth and adults. Her experience includes both school and hobby-center audiences.

A workshop on "Finding Summer Jobs" will be offered by Dr. Richard Floyd, an economist-business development specialist with the Agricultural Extension Service. He has helped plan and conduct job placement programs in various counties. Dr. Floyd has a special interest in this area.

The camp counselor workshop will be under the direction of Carolyn Gilbert, an Extension Service 4-H and Youth Specialist. Miss Gilbert's experience in working with camping programs at the Texas 4-H Center gives her a wealth of background in this area.

4-H volunteer leaders, both youth and adult, interested in attending one of these workshops on March 26 and 27, should contact the county Extension agent. Some workshops will be limited in number of participants. Reservations should be made early.

Call 983-2806 for more information or stop by the Floyd County Extension Office.

Pigs go hog-wild over ACCO.

Want to get those pigs eating and gaining fast? Well, we got just what you need. A complete line of quality ACCO complete feeds. Everything from starters like new high energy Super Pig. And growers like high protein Pork Maker. To top-notch finishing rations like ACCO Hog Finisher. And complete sow rations like Husky Litter Sow.

And they're all nutritionally balanced with just

the right amounts of amino acids, energy, and other nutrients — to give you the kind of gains you want at the least possible cost per pound.

They're available with a variety of medications, too — to help protect your herd against a wide range of bacterial organisms.

So if you want to keep your hogs in top condition, get 'em started on research-proven ACCO. They'll go hog-wild over it.

DAVIS FARM SUPPLY
FLOYDADA, TX.

Cedar Hill News

By Grace Lemons

CEDAR HILL - The beautiful snow that fell Friday night was greatly appreciated after several days of blowing dust in this area.

Thursday Mr. and Mrs. Robin Fortenberry visited their granddaughter and family, Stephanie and Roger Sanders and Monica who have recently moved to Van Horn where Roger is employed as a spray pilot. On their way home the Fortenberrys visited Mr. and Mrs. Lindsey Graham in the Nichols Hospital where Mr. Graham is a patient.

Brian and John Fortenberry spent the weekend with their mother, Marcia Fortenberry in Amarillo. Thada Fowler and son, Clayton of Silverton visited with her parents, Mr. and Mrs. W. E. Lackey Sunday. Janice Lackey and children, Troy and Kelli of Burleson spent Friday and Saturday nights with them and spent Sunday night with Benny Golightly in Floydada.

Billy Ruth Lackey and Rosa Lackey visited with Edna Lackey Friday afternoon. Sylvia Yearly also visited with the group in Edna's home in Lockney.

Rev. and Mrs. Jackie Thompson and Mr. and Mrs. Garland Tucker attended a fellowship meeting at the Assembly of God Church in Matador Thursday.

Mr. and Mrs. Cephus Fortenberry visited with Mr. and Mrs. Troy Smith and boys Friday at Dumas. Troy

is in the hospital there with a gall bladder attack. They brought a grandson, Rodney home with them.

Sunday dinner guests in the Cephus Fortenberry home were Nelda and Cliff

Jernigan, Jana and Pat of New Orleans and Mr. and Mrs. Johnnie Harris and family of Floydada. Machele stayed with her grandparents Sunday night.

Cliff Jernigan was guest speaker at the Assembly of God Church Sunday evening and he and his wife, Nelda and children had supper with Rev. and Mrs. Jackie Thompson and family Sunday evening.

Mr. and Mrs. Carl F.

Lemons went to Lubbock on business Tuesday.

Mr. and Mrs. John D. Vanhoose spent Monday in Morton visiting their son, Mr. and Mrs. Cecil Vanhoose and family.

Cliff and Ernestine Gilly visited with Edna Gilly Saturday afternoon. Norma Welch visited with Edna Sunday afternoon.

Edna Gilly, Clara Redd and Edith Marr of Floydada had supper in Plainview

Saturday evening.

Visitors with Mae Taylor Sunday were Norma Welch and Mr. and Mrs. Junior Taylor.

Mr. and Mrs. Jim Conner visited with their granddaughters, Kathy Conner and Cindi Jenkins in Lubbock Thursday and had lunch out with them.

Visitors in the Albert Mize home Wednesday afternoon were Mr. and Mrs. Jim Conner, Bill and Winnie

Beety of Floydada, Edna Beth and Bill of Floydada, Walton Wilson and Mike Allan on Saturday and Mr. and Mrs. Bill Brown of the Baptist Encampment on Sunday afternoon.

Fairview News

By Mrs. Clyde Bagwell

FAIRVIEW - The snow we had Friday night was wonderful. It gave us a small amount of moisture and was better than the dust storms we had earlier in the week. A few days of warm weather caused the apricot trees to bud out, but looks as if they were killed when the cold weather came over the weekend.

Mr. and Mrs. Ray Cook visited last Monday at Nichols Clinic in Plainview with Mr. and Mrs. Lindsey Graham where he is a patient.

Sunday visitors with Mr. and Mrs. Lindsey Graham at Nichols Clinic were Mrs. Jewell Teague, and also Walton Wilson. Walton also visited at Central Plains Hospital with Arthur Miller.

Saturday morning visitors with Anne Sweptson were Danny Sweptson and son, Wade of Alpine, and Mrs. Billy Colston and sons, Zane and Ross.

Mr. and Mrs. Bobby Cosby and Kara visited in Plainview Tuesday night with her aunt, Rosalee Cooley.

Sunday afternoon visitors in the home of Mr. and Mrs. Ray Cook were Mr. and Mrs. Gus Hammonds and Lee Burton.

Mrs. C. H. Wise called her grandson, Marc Caffee at Delhi, California Monday night. Marc said they had gotten some rain recently in that part of California and it was badly needed. At this time Marc's parents, Mr. and Mrs. Louie Caffee, were on their way to Utah.

Mr. and Mrs. Kay Crabtree, Becky, Sam and Anissa were Sunday dinner guests of his mother, Mrs. Kate Crabtree.

Sunday dinner guests of Mr. and Mrs. Edell DuBois were Mr. and Mrs. Bud DuBois of Lubbock, Mr. and Mrs. Bill DuBois and Quinn of Floydada and Mr. and Mrs. Craig DuBois and Cole of Cedar Hill.

Walton Wilson and grandson, Mike Allen, ate Sunday dinner with Mr. and Mrs. A. S. Mize. Others there in the afternoon were Mr. and Mrs. Bill Beedy and Mr. and Mrs. Bill Tye.

Mr. and Mrs. Robert Warren of Lubbock visited Saturday night with his parents, Mr. and Mrs. Bud Warren and had supper with them.

Mr. and Mrs. T. L. Perry and Mr. and Mrs. Grady Reeves went to San Antonio Friday and came home Monday night. They visited their sister, Mr. and Mrs. Don Branson and family. The Bransons have recently moved to San Antonio from California.

Weekend guests in the home of Mrs. B. C. Hinsley were her sister and husband, Mr. and Mrs. Pete Horton of Aubrey, and her grandson, Ricky Owens of Amarillo, and Mr. and Mrs. Fred Robertson of Floydada.

New Books In Lockney Library

Included in the Floyd County, Lockney branch library's newest shipment of books are several biographies and also a memorial book given to honor the late Mrs. Alma Dutton.

Dare to Discipline by Dr. James Dobson was ordered by the library for Mr. and Mrs. Eddie Fortenberry to give a memorial to Mrs. Dutton, who was a long-time teacher and principal in the Lockney school system prior to her death in January. Dr. Dobson's book is widely acclaimed in religious publications. The book jacket explains that Dr. Dobson is a psychologist who is "offering urgent advice to parents and teachers."

Among the biographies are **Dr. Nina and the Panther** by Shirley P. Wheeler, **The Governors of Texas** by Ross Phares, and **Among Those Present--A Reporter's View of 25 Years in Washington** by Nancy Dickerson.

The first biography tells the story of a woman doctor from her childhood in the mid-1890's to her medical career that spanned five decades from horse and buggy days as a country doctor to her role as a superb diagnostician in the modern world of antibiotics.

Ross Phares' book gives capsule biographies of all the governors of Texas who served during either the French, Spanish, Mexican, Republic or statehood phases of Texas' history.

Nancy Dickerson is probably best known as a television journalist with CBS. Her book begins with her arrival in Washington, D.C. in 1951 from Wisconsin. She obtained a job as a staff member with the Senate Foreign Relations committee before becoming a television journalist. Ms. Dickerson tells anecdotes of four presidents--both at work and at play--and also discusses her own private life. Before marrying Wyatt Dickerson, she dated the then Senator John F. Kennedy and other prominent government bachelors.

Another non-fiction book that will be of interest to readers is **Lovey** by Mary MacCracken, who tells the story of how a teacher of

emotionally-disturbed boys takes on an 8-year-old girl, Hannah. The teacher helps release Hannah from her prison of fear, loneliness and rage.

Also in the non-fiction category is **Dreams, Visions and Drugs, A Search for Other Realities** by Daniel Cohen.

Tudor biographer Mary Luke is writer of another new book at the library. **The Nonsuch Lure** is a love story.

Dorothy Gilman has written a new adventure for Mrs. Pollifax, the part-time CIA agent who is a grandmother in New Jersey. This time, **Mrs. Pollifax On Safari** takes the unusual heroine to Africa to take pictures of the safari members, hoping to get a picture of an undercover political assassin.

Also in the new shipment of books are these in the youth fiction category: **All Because of Jill** by Teri

Martini tells of a girl living in the shadow of her older sister; **Thunder on Forbidden Mountain** by Theodore W. Munch and Robert D. Winthrop relates the tale of young people looking for the Lost Dutchman Mine; **Scarlet Royal** by Anne Emery shows the life a young girl helping her widowed mom run a riding school; **A Girl Named Wendy** by Beverly Butler has the unusual theme of an American Indian girl's search for happiness after her parents separate and she runs away from other relatives to return to the Reservation; **The Search for Charlie** by Paige Dixon begins with the kidnapping of a young boy and his sister's leaving from college to help search for him.

New titles now available in children's books include **The Post Office Cat** by Gail E. Haley, and **Lady, Winnie-the Pooh Meets Gopher, and The Love Bug--Herbie's Special Friend**, all from Walt Disney.

For juvenile readers, new titles are **The Boy Who Sang The Birds** by John Weston, **Hurry Home** by Donald Honig, **Jagger The Dog From Elsewhere** by Alexander Key, **Mystery of Sebastian Island** by Margar-

et Goff Clark, **Vickie and the Brown Mare** by Sam Savitt, **I Think This Is Where We Came In** by Phyllis Ander-

son Wood, **The Kid Who Owned Manhattan Island** by William MacKellar, **Sports Hero-Billie Jean King** by Marshall and Sue Burchard, and **Sports Star--Chris Evert** by S. H. Burchard.

Lockney Locals

Jodie Hayes, 3 1/2-year old daughter of Mr. and Mrs. Joe Hayes underwent surgery Monday in Methodist Hospital, Lubbock. Surgery was not as lengthy as expected, and her condition was undetermined at the time of this report. This has been Jodie's 7th surgery for a congenital abdominal defect. She is expected to be in the hospital at least 7 to 10 days, and her room number is 514. Jodie has an older sister, Melissa, who is 6 1/2 years of age; and her grandparents are Mr. and Mrs. G. A. Hayes of Lockney.

Mr. and Mrs. Billy Thomas and two sons of Plainview moved to Pampa two weeks ago. Billy is the son of Mr. and Mrs. W. L. Thomas of Lockney, and he works for Pioneer Natural Gas Co. who transferred him to Pampa.

Joe Frank and Elsie Hawkins and two daughters, Shelli and Misty, of Dalhart spent the weekend visiting his parents, Mr. and Mrs. Frank Hawkins. The girls stayed with their grandparents while Joe Frank and Elsie went to Lubbock and attended the bi-district boys' basketball game between Dalhart and Morton on Saturday, which was won by Morton.

Caleb Cox, 93-year old father of Johns Cox and Mrs. Alvin Nichols, arrived Wednesday by plane from Glendale, California, and was met at the Lubbock Airport by Johns Cox. He is in the Lockney Care Center, and as a former resident of this area, invites old friends to drop by to see him. His wife is ill in a Glendale, California hospital, and he expects to remain here.

Mrs. T. B. Mitchell and Mr. and Mrs. R. C. Mitchell attended the funeral of their sister-in-law and aunt, Mrs. Ruth Mosley in Winters, Texas on Monday. She passed away the previous week at Garden City, New York where she had lived for about 20 years. She was a sister to the late T. B. Mitchell and was a longtime resident of Winters. Another nephew, Chester Mitchell and his wife were unable to attend the funeral service.

Mrs. Jewel Roberts returned Wednesday of last week from a 3-week stay with her daughter, Judy, and her husband, Ben Merrill and their daughter, Lisa, who live in the Sherman-Denison area. Judy underwent surgery while Mrs. Roberts was with them.

Mr. and Mrs. Frank Brown had as their guest Monday and Tuesday, their granddaughter, Nanette Brown, daughter of Dale and Nancy Brown of Plainview.

Mr. and Mrs. Cecil Carthel and Mr. and Mrs. Fred Carthel and their granddaughter, Jessica Lemons, spent last week vacationing in Ruidosa, N.M. While there they were joined by Cecil's sister and her family, Lillian and Chester Rogers and two children from Bovina. The children went skiing during their stay.

Dorsey Lynn Baker arrived Thursday night at Lubbock airport from West Chicago, Ill. for a visit with his parents the Dorsey Bakers, and his in-laws the Frank Browns. He returned by plane to his home on Sunday.

MAIN & COLLEGE LOCKNEY, TEXAS

CUB SCOUT BANQUET netted almost \$700 in cake sales. In top photo den mothers and assistant den mothers receive pens of appreciation (l to r), Julie Cathey, Elaine Gallaway, Jan Thompson, Elaine La Baume, Elaine McNeill, Linn Daniel and Lois Wall. At lower right is Mr. and Mrs. John Bloomshield, Lubbock, district executive Comanche Trail. In lower photo the cake winners are pictured: (l to r) Richard Thomas and Scott Mankins second, Jerry and Greg Thompson, first, Robert and Robby Covington, third. The Hesperian will publish a picture Sunday of Brent Williams receiving the highest achievement award in Cub Scouting, the "Arrow Of Light." (Staff Photo).

Testing Used Car Before Buying Makes Sense

COLLEGE STATION - Inspecting a used car - both on the lot and on the road - is the key to making a wise buy, Claudia Kerbel, a consumer information specialist, with the Texas Agricultural Extension Service, The Texas A&M University System says.

On The Lot
-First, check the general condition. Is the car level? Are the seats and interior badly worn? Does the car's general condition correspond to the mileage shown on the odometer?

-Check tires for wear - uneven tire wear indicates an alignment problem, defective shock absorbers or brakes or perhaps a frame bent in an accident.

-Ripples and dents in the body mean there has been some sheet metal repair. -Open and close all the windows and doors. If doors sag or windows stick, the car needs repair.

-Check for rust on the body, at the base of door frames and wheel wells, and under the fenders and floor mat. Rust spots on the body could be minor, but if rust has gone through the body, repairs could be expensive.

-Look over the paint and chrome. If the car is freshly painted or has new chrome, suspect an accident.

-Make sure the jack and spare tire are included and check to see if the spare is useable.

-Check for worn shock absorbers by standing at one corner of the car and pushing down hard on the fender several times in rapid succession. If the car keeps rocking, it may need new shock absorbers.

On The Road
-Acceleration: does the car pick up speed smoothly and fast? Hesitation, bucking or any mechanical noises could mean the car just needs a tune-up - or a major overhaul. As you step down hard on the accelerator, beware of heavy blue smoke from the exhaust pipe. Black smoke probably means the carburetor just needs an adjustment.

-Transmission: drive forward and backward; with a manual transmission, the clutch shouldn't grab or grind, an automatic should shift smoothly and the engine shouldn't race between shifts.

-Steering: shouldn't be tight and jerky nor loose and sloppy. More than two inches of "play" is too much.

-Brakes: check for swerving, scraping sounds or grabbing as you brake.

"Also, as a final precaution, if the car passes your road test, take it to a mechanic or diagnostic center. Although it may cost \$20 to \$30 to have the car thoroughly checked by an expert, it will be well worth the money spent if you can avoid several hundred dollars of unexpected repairs.

"Ask the mechanic for a list of needed repairs and their cost. If you still want the car, use this estimate for leverage in lowering the asking price," she said.

Maturity is the key to responsibility and happiness for any human being, says Dorothy Taylor, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

ODOR COMPLAINTS MUST BE VALID. Valid information is needed to back up complaints about odors from livestock and poultry feeding operations, says an agricultural engineer with the Texas Agricultural Extension Service. Four points to be considered in a valid odor complaint are odor frequency from the alleged source, duration of the odor, odor intensity and odor offensiveness. Odor regulations are being studied by the Texas Air Control Board to determine an easier, more reasonable way to perfect the present expensive procedures under the nuisance provision of the Texas Clean Air Act.

Group Anticipates Rapid Resolution On Solar Energy Plant At Crosbyton

LUBBOCK -With high praise for a Texas Tech University - led research team studying a proposed solar energy plant at Crosbyton, Texas, an ERDA review team Thursday anticipated "rapid resolution" of a decision as to whether the project should continue toward multi-million dollar construction.

Dr. George Rhodes headed the national Energy Research and Development Agency team of eight ex-

perts who have been reviewing the first five months of the research conducted by the university with E-Systems, a Dallas based electronics company, as primary subcontractor.

"The committee was pleased with both the product and dedication of the Texas Tech University -E-Systems team," Rhodes said. "This has served to illustrate the advantages industry-university communities have in working together to

accomplish a complex research task in a short period."

The committee's recommendation as to the future of the project will, "as a matter of prescribed course," he said, be referred to ERDA headquarters in Washington "for rapid resolution."

Rhodes, who is ERDA field office technical project officer stationed in the Albuquerque Operations Office, heads the review team. He pointed out that Texas

Tech is under contract with ERDA in the project for several months, and he urged the researchers to continue their efforts, particularly in the area of the proposed system's receiver and mirror problems.

Speaking at a brief meeting which ended the review sessions were Rhodes, Dean John R. Bradford of Texas Tech's College of Engineering, Dr. Lloyd K. Lauderdale, E-Systems vice president for research and engi-

neering and general manager of E-Systems Energy Technology Center, Dr. Stanley R. Liberty, project manager, and T. J. Taylor, mayor pro-tem of the city of Crosbyton, who first brought his concern for his community's energy future to the attention of Texas Tech engineers.

Each speaker commented upon the unusual characteristic of the project in which there is cooperation between small, local govern-

ment, the federal government, a state university and industry.

Rhodes urged those engaged in the research to continue consulting with ERDA team members and to draw upon their expertise.

A contract signed by the university and ERDA last August 29 calls for \$2.4 million in research funding from the agency, but the project could lead to funding of up to \$22 million for

construction of a solar energy plant at Crosbyton. That plant could be the prototype of future energy systems for other small cities. The research is organized into steps, the first of which is funded at between \$658,000 and \$879,000. The decision anticipated from ERDA headquarters would resolve whether the investigators will receive the lesser or the larger amount for their studies.

As It Looks From Here

Omar Burleson, M.C. 17th District, Texas WASHINGTON, D.C. - THIS COUNTRY DOES NOT HAVE AN ENERGY POLICY but it does have environmental policy. If there were such a thing as an energy policy, the environmentalists would not let it work.

LAST WEEK A FEDERAL JUDGE in Brooklyn, New York rescinded the sale of \$1.1 billion in U.S. oil leases for off-shore drilling rights in the Atlantic ocean shelf, stretching from Long Island to Delaware. The suit was brought by the environmentalists who fear pollution.

THE EAST AND THE NORTH want oil and gas from our supplies in Texas at a price more cheaply than that which our own people pay. They are willing for us to take whatever risk may be involved in pollution but are unwilling to develop their own resources. This is what the so-called Emergency Natural Gas Act of 1977 was about when it passed the Congress two weeks ago.

THE GEOLOGISTS ESTIMATE that the leased area, extending off Long Island, New York to Delaware, can produce as much as 1 1/2 billion barrels of oil and more than 9 trillion cubic feet of natural gas. Forty oil companies went together to develop this resource but now they are blocked from doing so. In the meantime, the Interior Department has just ordered an investigation of all natural gas fields leased from the Federal Government in the Gulf of Mexico to find out if gas is being held back, waiting for higher prices.

THERE HAS NEVER BEEN A NUCLEAR GENERATING PLANT ACCIDENT but nine large generating plants, able to produce electricity, are shut down until they can prove there never will be any. All this at a time when there is an energy "crisis."

SUPPOSEDLY, EVERYONE is for a healthy environment but there is no such thing as perfection on this earth.

OUR FRIEND AND NEIGHBORING CONGRESSMAN, BOB POAGE, pointed out a few days ago what has happened to a proposed electric generating plant known as the Tellico Dam on the Little Tennessee River. A U.S. Circuit Court of Appeals has stopped construction on this project at a time when it is nearing completion and after the expenditure of around \$100 million.

THE SUIT WAS BROUGHT BY THE ENVIRONMENTALISTS to save a three-inch fish called the "snail darter" which inhabits a 17-mile section of the river which is to be converted into a lake. The environmentalists say that the snail darter is an "endangered species" and contend they would be destroyed if the development were completed. No proof of this effect was presented and no contention was made that the snail darter was of any economic or ecological importance, but nevertheless, this source of electricity to be generated is denied the public. Efforts to transplant the fish to other streams in the area was denied in spite of the lack of proof that it would not survive or, as to that matter, any proof that there are not other snail darters in other places than these 17 miles of the Little Tennessee River.

IF THE ENVIRONMENTALISTS HAD BEEN AROUND at the turn of the century mastodons and dinosaurs could still be roaming around in the Los Angeles area. Compared to what is there now that might be good, but the story is that, because they were so dumb, they stomped themselves into great holes and couldn't get out. These places are called the tar pits at La Brea.

CERTAINLY, THERE IS REASON to be concerned about our environment, the preservation of wild life and the conservation of natural areas. At the same time, surely there should be common sense to balancing the benefits of maintaining our existing ecology against the benefits to be derived for people's necessity. Otherwise, as Congressman Poage said the other day, we head towards the extreme of the Hindus of India who let people starve rather than kill the rats that eat their grain.

One Horse of a Hybrid

PIONEER BRAND 3369A

If you ever cowboied for a living, you had one horse you liked best. It may not have been the prettiest or fastest but it rode easy and got the work done no matter what.

Pioneer brand 3369A is that kind of corn hybrid for a lot of farmers in this area. It's the hybrid that brought corn back to this country ten years ago and there is nothing to beat it yet for good steady production no matter the weather, insects, or disease.

CONSISTENT PRODUCER.

Over the last decade they have put everything that would sprout up against 3369A... including the new glamour girls that look so good until it gets a little dry or a little wet or the wind blows. In good years and bad, 3369A stands up straight with ears firmly attached waiting for the big judge... the combine... to get there.

TAKES STRESS IN ITS STRIDE.

Though it is not recommended for planting on head smut infested land, it is the most dependable corn hybrid ever grown on the High Plains. It adjusts to almost any other kind of stress... over planting, drought, extreme heat, high winds, bugs, disease... you name it and 3369A has been there and produced a good corn crop.

If you're not farming in a greenhouse, tell your Pioneer dealer to save you some 3369A.

PIONEER HI-BRED INTERNATIONAL, INC., Southwestern Division
P. O. Box 788, Plainview, Texas 79072

STAGGERED MATURITY

If you're farming big acreage, 3369A is the perfect hybrid to use with Pioneer brand 3780 and 3195 in a **STAGGERED MATURITY** planting program. This new Pioneer program allows you to:

- Hedge against weather problems
- Use water, labor and machinery more efficiently
- Harvest each variety at the optimum time

Your Pioneer dealer has a brochure which gives you the whole **STAGGERED MATURITY** story. Talk to him right away.

Pioneer is a brand name. Numbers identify varieties.

OBITUARIES

J. E. Russell

Rites for J. E. "Eddie" Russell, 75 year old longtime resident of Motley County and father of James Ed Russell of Floydada, were held Tuesday in the First Baptist Church in Matador. Russell died Monday in Hale Center. Burial was in East Mound Cemetery.

Born in Stanton, Mr. Russell was a farmer and rancher and had also served as Motley County deputy sheriff for eight years. He was a member of the First Baptist Church and the Board of Deacons.

Survivors include his wife, Willie; two sons, James Ed of Floydada and Gordon of Hale Center; two sisters and three grandchildren.

The family requests memorials be to East Mound Cemetery or the American Cancer Society.

Mrs. Barker

Mrs. E. J. Barker, 87, a beloved artist some 53 years and a longtime art teacher in Floydada, died Sunday morning, February 27th in the Heritage Home in Plainview where she and her husband have resided the past few years.

Funeral rites were conducted Tuesday morning in the First United Methodist Church with the pastor, Rev. James Smith, officiating. Interment was in Floyd County Memorial Park under the direction of Moore-Rose Funeral Home.

Born Bevie K. Lyles on December 2, 1889, in Sherman, Texas, she and E. J. Barker were married in the home of her parents in Merkel on December 23, 1908. They moved to Floyd County from Merkel in August of 1916.

She was a longtime member of the United Methodist Church, a life member of the United Methodist Women, a member of the Caprock Art Association and Order of Eastern Star.

Survivors include her husband; two sons, Tye D. Barker of Tularosa, New Mexico, and A. L. "Shorty" Barker of Amarillo; one daughter, Mrs. Addie Assister of Libertyville, Ill., one brother, C. B. Lyles of Floydada; 11 grandchildren and 19 great grandchildren.

J. R. Mallow

Services for J. R. Mallow, 59 year old brother of two Floydada women, were conducted yesterday afternoon in the Lemons Memorial Chapel in Plainview. Burial was in Plainview Memorial Park.

Mallow was born in Crosby County and grew up in Silverton where he attended school. He moved to Hale County in 1936 from Silverton, and was married in Plainview to Louise Latta on October 11, 1942. He was a farmer and a member of the Methodist Church.

Survivors include his wife; four brothers, Charlie and Truman, both of Plainview, and Cecil and J. T. both of Lubbock; and four sisters, Mrs. Omer (Carrie) Parrish and Mrs. Jim (Ada Lee) Jones both of Floydada, Mrs. R. V. (Pearl) Martin of Ralls and Mrs. Lee (Gurley) Willard of Lubbock.

Mrs. Engle

Services for Mrs. Bryce Engle, 63, the former Jeanne Suits of Floyd County, will be conducted Friday at 1:30 p.m. in Des Plains, Ill., at Oehler Chapel. Interment will be in Ridgewood Cemetery in Des Plains. Mrs. Engle died in Lutheran General Hospital yesterday morning about 6:30.

She was a reporter for the Lockney Beacon where her father was publisher in the 1930s. She also worked for

Virginia Williams

Services for Virginia T. Williams, 63, of Lockney were held Monday at the First United Methodist Church in Lockney with the Rev. Hugh Daniels, pastor, officiating.

Burial was in Lockney Cemetery under direction of Moore-Rose Funeral Home.

Mrs. Williams died Sunday in Lubbock's West Texas Hospital.

Survivors include two sisters, Mildred Thomas of Lockney and Mary Ruth Blanchard of Austin; two brothers, Frank and Robert Thomas, both of Lockney; a niece; and four nephews.

Mrs. Beatrice Miller

Services for Willie Beatrice Miller, 71, of Lockney were held at 2 p.m. today in the Cedar Hill Assembly of God Church with the Rev. Jackie Thompson of Cedar Hill and the Rev. J.J. Stone of Plainview Assembly of God ministers, officiating.

Burial was in Lockney Cemetery under direction of Moore-Rose Funeral Home.

Mrs. Miller died Monday in Central Plains Hospital in Plainview.

The Atoka, Okla. native was married to W. W. Miller Sept. 4, 1967 in Lubbock. The couple then moved to Floyd County from Crosbyton.

Survivors include her husband; a son, Charlie James Skidmore of Shallowater; a stepson, Vincent Felty of Dallas; four brothers, A. J. Price of Atoka, Okla., and George, R. B. and W. D. Price, all of Leonard; a sister, Maryetta Cluck of York, Penn.; seven grandchildren; and 13 great grandchildren.

Pallbearers will be Garland Tucker, John Van Hoose, E. R. Stone, Rev. Bob Wright, Jack Waller and James Hollingsworth.

R. E. McCready

Services for Ritchie Earl McCready, 72, of Lockney were held at 10 a.m. Friday in the Goodwin Funeral Home Chapel in Cherokee, Okla. Burial was in Auburn Cemetery.

McCready died Monday in Lockney General Hospital.

McCready was born July 20, 1904, in the Oklahoma

Indian Territory near Cherokee, Okla.

Survivors include his wife, Myrtle of Lockney; two sons, Donald of Lockney and John of Albuquerque, N.M.; three sisters, Fay Fields, Bernice and Blanche Arnold, all of Gig Harbor, Wash.; and six grandchildren.

Mrs. Lois Bybee

Services for Mrs. Lois Baker Bybee, 74, of Lockney were held Tuesday in First United Methodist Church in Lockney with the Rev. Hugh Daniel, pastor, officiating.

Burial was in Lockney Cemetery under the direction of Moore-Rose Funeral Home.

Mrs. Bybee died at 9:30 p.m. Sunday in Lockney General Hospital.

Survivors include five daughters, Mrs. Loree Hammitt of Grand Prairie, Mrs. Mary Ann Shouse and Mrs. Freda Schaffer, both of Dallas, Mrs. Betty Lou Stebens of Mesquite and Mrs. Patsy Ruth Stephens of Denver, Colo.; three sons, Archie and Donnie, both of Lockney, and Billy of Houston, a brother, Fred Baker of Oklahoma City, Okla.; a sister, Mrs. Leona Banner of Oregon; 23 grandchildren and 20 great grandchildren.

BILL NORMAN of Dougherty, a student in Agriculture at Texas A&M University, was honored on February 14 by initiation into the University Chapter of Gamma Sigma Delta, a national honor society in agriculture. The society has chapters located in thirty six of the major agricultural universities of the nation.

Membership in the Society is restricted to faculty and staff members and students with outstanding performance records in agriculture and veterinary medicine.

Dr. Herman D. Brown, President of the Texas A&M University Chapter, offered his congratulations to new members and charged each with responsibility for continued outstanding work in academic and professional pursuits.

Rural Land Values Continue To Rise

COLLEGE STATION -- Rural land values continue to increase over the United States although the rise hasn't been as fast in Texas as in the Midwest.

Citing U.S. Department of Agriculture figures, Dr. Wayne Hayenga points out that farm real estate values jumped 17 per cent for the year ending Nov. 1. However, the increase in Texas was only about 7 per cent.

The sharp increase raised the U.S. average price per acre for rural land from \$380 to \$445.

Hayenga, an economist for the Texas Agricultural Extension Service, notes that agricultural land values have been spurred mainly by strong farm income as a result of increased demand for agricultural products, especially from foreign countries. The increased demand has maintained steady prices despite large crops.

The economist points out that the largest gains in rural land values were mainly in the major grain-producing states such as Nebraska and Iowa. Farmland values also shot up in Washington, Minnesota, Illinois, Indiana, Ohio, West Virginia and Maryland. The depressed cattle market the past few years kept land values from increasing quite as rapidly in states with large tracts of grazing land.

Hayenga believes that the upward trend in land values will continue this year as growers seek to enlarge farms in response to another large harvest and good prospects for net farm income to remain high. Also, with the increasing general economic activity, the demand for rural land from nonfarm sources is also expected to be strong.

To save money, make lists. Make lists of "to do" and "to buy" -- the cost of forgetfulness is money, reminds Mrs. Linda McCor-

If you want yields like this see me

If you plant corn, grain sorghum, or both, we want to talk to you about Pioneer brand seeds. They're the big producers around here, running well above the average in yields and test weights.

We recommend Pioneer corn varieties 3369A and 3780. Both are especially suited to the growing conditions in this area. 3780 is a new high yielder that matures about 11 to 13 days earlier than 3369A. Pioneer 3369A is the medium-maturity variety that's been setting records year after year.

The great Pioneer brand grain sorghum variety 8311 continues to astound farmers with its outstanding performance. It's a sure winner.

We'd like to visit with you farmers about your seed requirements. But whether you're ready to buy your seed or not, stop in soon and get your free Pioneer Hi-Bred cap.

ROGER POAGE

LON DAVIS GRAIN

511 East Houston, Floydada, Texas

The limitation of warranty and remedy attached to each bag of Pioneer brand seed is a part of the terms and conditions of the sale thereof.

THE THANK YOU PAGE DONATED BY THE LOCKNEY BEACON AND THE FLOYD COUNTY HESPERIAN.

Slide Programs Available

Now available for programs of clubs and civic groups and school classes are slides taken by Mrs. Henry (Thelms) Hodel of Lockney.

Mrs. Hodel has given a large number of her slides taken on vacation trips and a slide projector to the Lockney branch of Floyd County Library.

Any group may check out the slides and projector from Mrs. Helene Holt, librarian, during regular library hours of 1 to 5 p.m. on weekdays.

Slides in the group are of scenes in Pisa, Venice, the Riviera, Rome, Paris and the French countryside, England, Belgium, Germany, Liechtenstein, Switzerland, Hawaii, Ireland, Scotland, Norway, Denmark, Finland, Sweden, Canada, Russia, Germany, and in the United States: Williamsburg and Appamatox, Virginia, and Florida.

Income drops sharply for most people at the time of retirement -- as a group, retired people live on less than half of the income of working people, Mrs. Vivian Blair, family life education specialist-aging with the Texas Agricultural Extension Service, The Texas A&M University System, says.

By the time she's 39 we'll need 8.5 TRILLION kilowatt hours.

Five times as much electricity as we use today will be required by the turn of the century. Producing such a prodigious supply will be a difficult task for the people who generate our electricity. And it will be costly.

While we at The Cooperative are keeping distribution costs under control, the cost of producing power continues its upward spiral. The only present remedy for the pain of higher prices is conservation.

While "youth must be served" there's no question they will be served more dependably if conservation becomes a part of our lives as well as theirs.

Center News

By Mrs. J.E. Green

CENTER: Feb. 28 - The last day of February - and a beautiful day, and wasn't the snow nice that came Friday night!

Mrs. Anderson at the rest home visited awhile Sunday p.m. with son, Louis and family. Later she had a visit from a granddaughter and family, Tanya and Dugan Pierce and baby boy.

Mrs. Millard Watson of Mt. Blanco visited Friday with her parents, Mr. and Mrs. Henry Brewer.

Mr. and Mrs. Orbin Carrol of Amarillo spent Sunday with her mother, Mrs. Ava Jackson. Mrs. Leo Frizzell came in the afternoon.

Claude Carpenter has been ill all week at home.

Mrs. W. L. Hartline spent over the weekend in Plainview with her grandchildren while the parents, June and Bob Landry made a school business trip to Austin.

Brother and Mrs. Clay Muncy, Lockney, visited Miss Vera Meredith Sunday p.m.

Mrs. Edna Patton visited Miss Vera Meredith Sunday p.m.

Mrs. Fred Battey, Mr. and Mrs. Thomas Warren, and Mr. and Mrs. Bob Aldridge were in Friona Sunday attending the last rites of an aunt, Mrs. Linda Battey

The Lockney Beacon

Peel, a former resident of the Lakeview community. As a long time friend of Mrs. Peel, we deeply sympathize with the loved ones.

The women of the Menefee apartments are having a coffee at Mrs. Ross' this morning. Present are Mrs. Smith, Mrs. McPeak, Mrs. Kries, Mrs. Edna Patton and Mrs. Ross.

Callers at the Spence home some time last week were Willie B. Aiken of Petersburg and their son, Sam. There was a Sunday long distance call from the son, Orville of Sherman - all O.K. there. A call from a shut in sister near Petersburg and husband. (When we get older a phone call is a good substitute for a visit.)

Weekend visitors of Mr. and Mrs. Hal Thomas were their daughter and family, Mr. and Mrs. Milton Mensch and baby David of Lubbock.

Sunday visitors were cousins, Gray Taylor and daughter of Lubbock.

Mrs. Victor Green of Plainview visited Mrs. J. E. Green Thursday.

Visitors in the Travis Lightfoot home Saturday evening were Mr. and Mrs. Alvie Jackson and Mr. and Mrs. T. C. Hollums. And Sunday p.m. Mrs. Frank Dunn and Mrs. Lillian Marble.

Last week's visitors, cousins of Mrs. Frank Dunn from Bloom, Kansas, were Mr. and Mrs. Loren Liles, Mrs. Dunn and the Liles visited Mr. and Mrs. Floyd Montgomery of Plainview, and also visited in Lubbock with Mrs. Dunn's children, Jimmy Dunn and Margaret Baios and families.

We have news that Mrs. Mauriane Jordan is ill at home. Their address is Mr. and Mrs. J. B. Jordan, 3014

10th St. N.W., Albuquerque, New Mexico 87107.

The new pastor elect of Calvary Baptist Church is Brother Randy Nixon, a senior of Wayland College. He and his wife, Phyllis were present Sunday and he brought the message.

Your FM tuner or receiver, like your television, is a line of sight medium. Therefore, the right antenna, properly oriented, will make a tremendous difference in the quality of your reception. Experts at the Electronic Industries Association say the antenna can be as important as the tuner itself.

Annual Stage Band Festival Set March 11-12

LUBBOCK - High school and junior high stage bands will have opportunity to perform, compete, observe, and learn at Texas Tech University's annual Stage Band Festival Friday and Saturday, March 11 and 12.

Bands from Texas, Oklahoma and New Mexico are expected to attend the event sponsored by Phi Mu Alpha Music Fraternity and the Texas Tech Department of Music.

Judges and guest performers for this year's contest will be Phil Wilson, jazz trombonist who has played with the Dorsey brothers, Woody Herman and Doc Severinsen; James A. Coffin, professional manager for Selmer Music Co. and developer of teaching aids for

percussionists; and James Faulconer, jazz pianist, composer and director of the Jazz Ensemble of the University of Oklahoma.

Coffin will arrive in Lubbock early to hold percussion and rhythm section clinics Wednesday through Friday, March 8-11. These clinics are free.

Friday's schedule includes competition of junior high, class B and class AA high schools, beginning at 3:30 p.m. Winners will be announced at competition's end. Competition of Class AAA and Class AAAA stage bands will be Saturday, 8 a.m. - 6 p.m. All will be held in the Recital Hall.

Winners of Class AAA and Class AAAA stage bands, along with outstand-

ing musician and all-star player awards, will be announced at the Awards Concert Saturday night in the University Center Theatre. The concert will feature the Tech Jazz Ensemble, directed by Don Turner, and guest performers Phil Wilson and James A. Coffin.

Tickets for the Awards Concert are \$2 for adults and \$1 for students. They may be purchased from Phi Mu Alpha members at the Festival, March 11-12, or at the door. All competitions are free to the general public.

Hot dogs can be frozen for up to two months.
