Bailey Asks Not To Be Reappointed Mackenzie Director

Mackenzie Water Authority director O. C. Bailey of Lockney, whose appointment is out April 1, has asked the Lockney city council not to appoint him for another two-year term.

Bailey served the city of Lockney for four years (1961-65) as mayor and has been a director for the Mackenzie Water Authority for 13 years. One of

the organizers of the Mackenzie Authority, he is one of three original Mackenzie directors still serving on the board (the others are Lon Davis and S. W. Ross of Floydada).

Bailey helped organize Lockney Consumers Fuel Association and was manager there six years. He has been vice president of Lockney First National Bank. His projects as mayor included

paving of 116 city blocks; building the new city hall; and getting the highway department to pave Locust Street.

Don Lacy

Special Services Scheduled At Lockney Church

Don Lacy of Canyon, Texas will be preaching at morning and evening services Sunday, March 13 through the following Sunday, March 20 at the Church of Christ, W. College & Third in Lockney.

Brother Lacy is presently working with the Canyon Hills Church of Christ in Canyon, Texas. He has held several very successful meetings here in Lockney and is a capable and enthusiastic speaker.

The church cordially invites all to attend these services.

Sunday services are planned for 10:30 a.m. and 6:00 p.m. Lunch will be served at the church building following morning services both Sundays.

Morning services will be held Monday-Saturday from 7:30 to 8:00. These will be short inspirational services that should help us live a Godly and happy life each day.

Evening services will be held at 7:30 Monday-Saturday.

Friday evening the service will be specially directed toward the young people and refreshments will be served in the fellowship hall following this service. Brother Lacy has been highly successful in working with youth groups and has been influential in inspiring young people to higher and nobler service to God.

Cotton Rep. To Be Elected

Floyd County cotton producers and agribusinessmen will elect a Producer Director to Plains Cotton Growers, Inc. at King's Restaurant in Floydada at 7:30 a.m., Thursday March 17. PCG will host breakfast.

Announcement of election arrangements comes from Ray G. Ferguson of Floydada, Floyd County Businessman Director to the 25-county commodity organization, and Kenneth Wofford of Lockney, current Producer Director. Each of the counties in PCG territory has two directors, one a businessman and the other a cotton producer. They are elected on alternate years to serve two-year terms. Each is eligible for re-election every second year.

Wofford and Ferguson are urging all interested parties to attend and take part in the election, in which both farmers and businessmen are eligible to vote.

A member of the PCG staff will conduct the election, present a brief summary of PCG objectives and activities and answer any questions concerning the commodity organization and its work.

City Denied HUD Grant

The city of Lockney has received a letter from the Department of Housing and Urban Development (HUD) informing the city that Lockney's application for a Community Development Grant has been denied. According to the letter, applications which received ratings of "63 points or below" did not qualify for grants. Lockney's application was rated at 48 1/2 points. The letter did not explain the rating point system.

The city had applied for a grant of \$206,129 for installation of a sewer lift, sewer lines and paving in the northeast section of the city. Mayor Claude Brown read the letter at the regular monthly city council meeting Thursday morning.

The council took no other official action Thursday except to "pay the bills," but discussed complaints by

citizens about alleged fire hazards and littering, and speeding near schools before and after classes and at noon.

The council also discussed the need for a new city police car.

Aldermen J. D. Copeland, Bobby McCormick, Pat Frizzell, Jerry Perry and Thurman Davis, Mayor Brown, and city secretary Erma Lee Duckworth were present at the meeting.

LCC Meistersingers Here Wednesday

The Lubbock Christian College Meistersinger Chorus will sing at the Main Street Church of Christ Wednesday,

March 16 at 7:30. Everyone is invited.

Women's C of C Meeting Set March 21

Members of Lockney Chamber of Commerce Women's Division are urged to attend a special meeting at 7:30 p.m. Monday, March 21 at Roger's Cafe.

New officer nominations will be made, according to president Laverne Christian, and the organization will make plans to decorate for the Chamber of Commerce banquet scheduled April 14.

County Spelling Bee Next Tuesday Night

Fifth, sixth, seventh and eighth grade students from Lockney and Floydada schools will be competing Tuesday night for the county championship spelling title starting at 7:30 at Floydada Junior High School cafeteria.

Bob Alldredge is coordinator of the spelling bee, and Ruth McIntosh will be word pronouncer. Sally Carthel is coach for the Lockney students; Ann

Carr for Floydada Junior High spellers and Margaret Jones, spellers for Andrews Elementary School.

Lockney spellers include Monty Mize, Julie Reece and alternate Russell Warren, 6th graders; and Virginia Wilson, Margaret Arjona and alternate Rebecca Alanis 7th graders.

Todd Denton is speller from the 7th grade in Floydada; James Hale, 8th grade and alternate, Moody Younger.

Spellers from Andrews Elementary are Lillian Polanco, 6th grade; Susan Kimble, 5th, and alternate Belinda Vallejo, 6th grade.

Winner of the county bee will compete in the regional spelling bee to be held in Lubbock April 16th.

Last year's Floyd county champion was Jimmy Jones of Floydada. Runner-up was Ralph Scheele of Lockney.

Cotton Growers Can Look Forward

To Continued Firm Prices In '77-'78

RALEIGH -America's cotton producers are making their planting and marketing plans for 1977-78 based on the expectation of continued firm prices for their crops.

That's the word from economists at Cotton Incorporated, the fiber research and marketing company of U.S. cotton growers.

While there are some uncertainties, several important signs point to another good year for most cotton producers, said David M. Cox, Cotton Incorporated vice president for economic research and development.

He said these signs include:

-An improving U.S. economy after the first quarter of the year.

-A continued rise in demand for cotton, both domestically and around the world.

-Tight world cotton supplies moving into the new cotton year.

Because of the severely harsh winter over much of the country, the pace of U.S. economic growth will be much slower in the first quarter than had been expected, Cox said.

However, he added, "Prospects for the remainder of the year look promising. As the weather improves, industrial production is expected to recover sharply as inventories are replenished. Retailers are optimistic about 1977 in total, as are automobile manufacturers and home builders."

"There are some clouds in the domestic business climate for 1977—lingering unemployment, high energy costs and inflation—but the economy is

expected to move ahead as the grip of winter lessens after the first quarter," Cox said.

M. Daniel Troxler, Cotton Incorporated associate director of demand economics, said the U.S. textile industry expects to be operating at higher production levels during the last half of 1977 as compared to the first six months.

"Projected increases in housing starts and automobile sales are promising signals for improved demand for home furnishings and industrial fabrics," Troxler pointed out.

"Increased retail sales are expected during the last half of 1977, and this will soon stimulate textile production."

Troxler said that as the tempo of business quickens, demand for cotton will increase.

"Consumer demand for cotton was strong throughout 1976, and indications are that cotton continues to have the consumer's eye," he said. "Denim sales remain very good and corduroy is expected to have a banner year. Anticipated increased demand for home furnishings and industrial fabric, if realized, will add to cotton demand in 1977-78."

Therefore, Troxler said, domestic mill use of U.S. cotton in 1977-78 is expected to bounce back to above seven million bales after dropping to an annual rate of 6.7 million bales in the first 26 weeks of 1976-77 because of the retail sales slump last spring and summer.

Demand for exports of U.S. cotton

could top 4.5 million bales again, Troxler said, he pointed out that world cotton stocks are expected to reach a record low on August 1, 1977, and that while foreign cotton production will increase, so will consumption.

"The gap between foreign production and consumption will be narrowed but not eliminated," Troxler said.

"There also will be the need to increase stocks above the rock-bottom low levels."

Troxler said foreign cotton use in 1977-78 could set a new record of 55 to 56 million bales barring an unlikely major world recession. This would represent a gain of as much as two million bales over 1976-77 estimates.

The world cotton carryover probably will be up at the end of the cotton year on August 1, 1978, "but only slightly," Troxler said.

When it comes to U.S. cotton production, the outlook is clouded with some uncertainty, partly because of the prolonged drought in California.

"Many observers believe plantings in California will be less than last year's 1,130,000 acres" noted David M. Jordening, Cotton Incorporated associate director of supply economics.

Referring to the planting intentions report released by the U.S. Department of Agriculture in January, Jordening said the California growers' expressed intentions of increasing plantings by 300,000 acres, or 24 per cent, "appear to have dried up right along with the reservoirs."

Jordening said it is unlikely that

Consumers

Stockholders

Meeting Thursday

Lockney Consumers Fuel Association's annual stockholders' meeting is scheduled at 7 p.m. Thursday, March 17 in Lockney Elementary School Cafeteria.

One director will be elected (nominations are Truett McCarty and Kenneth Wofford) and the audit report will be given. Dinner will be served, and door prizes will be given.

producers in the Mid-South or Southeast will pick up that slack because their principal alternative, \$7 soybeans is just too attractive.

Cotton, he said, will be planted only on the best cotton land in those areas, with the rest going to soybeans. As a result, he said, "the combined acreage devoted to cotton in the Mid-South and Southeast is likely to be under last year's acreage."

Jordening noted that almost 70 per cent of the prospective increase in U.S. cotton plantings expressed on the January report is in the Southwest.

"With such a large increase already, it's not likely the Southwest can fill the void left by the possible reductions in California, the Mid-South and the Southeast," he said.

All factors considered, he said, U.S. planting prospects at this time may be about 12.5 million acres, down from the 12.8 million acres expressed in the January intentions report.

Danny Quisenberry And Leslie Soto On SPC Track Team

First-place finishes by Danny Quisenberry of Floydada in the javelin and Harold Baker of Corrigan-Camden High in the 120-yard high hurdles helped the South Plains College track team finish fifth last weekend at the El Paso Relays. Quisenberry's spear toss of 192 feet even earned him his first first-place of the 1977 season. Leslie Soto, also from Floydada, placed fifth in the event with a toss of 161 feet, five inches. Baker was clocked at 14.4 seconds in the high hurdles to win that event. Quisenberry finished fourth in the hurdles with a time of 14.9 seconds. In team standings, New Mexico Junior college finished first with 142 points, followed by Odessa with 109 and a half, Pima College of Arizona with 106, Central Arizona College with 99, South Plains with 60 and a half, and New Mexico Military Institute with 11. "We were not pleased with the performance," said coach Clint Ramsey. "After 10 events we were in third place in team standings, only eight points out of first. At that time we had placed in nine of the 10 events and things were going very well. After that point we failed to score in four of the remaining seven events and fell way behind. "Some of the events at the end of the meet were ones we should have scored well in," Ramsey added. "We had outstanding performances for Harold (Casper) Baker," the coach said, "who won the high hurdles in a field that was loaded with good hurdlers. Casper came back and ran fifth in the 100-yard dash in 9.8 and then ran on the second-place 440-yard relay team.

"Danny won the javelin with a fine throw of 192 feet, only two feet short of his best this year. In the 120 highs he finished fourth and was in the thick of the race until the eighth hurdle. And he also ran on the 440 relay."

Soto, who was fifth in the javelin, also placed fourth in both the shot put and the discus. He flipped the shot 45 feet, nine and a half inches, and in the discus he had a toss of 136 feet even. "Leslie started his college career in fine fashion," Ramsey noted.

White Picked For Deputy Ag Secretary Position

WASHINGTON (AP)-A worker in the White House personnel office said Monday that President Carter will announce "very soon" the expected appointment of Texas Agriculture Commissioner John White as deputy U.S. secretary of agriculture. White said in Austin he had not been formally notified of the appointment and would have no comment.

Formal notification, White House staffer Diana Rock said, would come from the Agriculture Department.

White has been in line for the number two job in the department for more than a month. Extensive background checks, financial disclosure documents and other items required by Carter were required, but Miss Rock said "nothing substantive" remained to be checked. The 52-year-old White was 26 when he

won election as Texas agriculture commissioner in 1950.

A native of Clay County in northwest Texas, he was born on a small tenant farm near Newport.

White attended rural schools and graduated from Iowa Park High School in 1942, earning a scholarship to Texas Tech where he received a degree in agriculture in 1946.

He did later graduate work at Texas A&M and was head of the school of agriculture at Midwestern University in Wichita Falls when he decided to seek public office.

White, a Democrat with liberal leanings, has put out occasional feelers about the governorship.

He was state chairman of the Lloyd Bentsen campaign in the 1976 primaries, but switched to the Carter camp after Bentsen lost out.

White has aggressively promotes sales of Texas agricultural products while avoiding emotional fights over unionization of farm labor.

He has regularly blasted Republican farm policies and calls former Agriculture Secretary Earl Butz "the most notoriously politically ambitious secretary he has ever known."

White said the Russian wheat deal came "under terms that were tremendously unfavorable to the United States."

Should White resign his Texas position, Gov. Dolph Briscoe would appoint a successor to serve through the 1978 general election.

Gospel Of Mark Translated First

NEW YORK, Feb. 18 -By the end of 1976, at least one book of the Bible had been published in 1,603 languages and dialects since the invention of printing, according to the American Bible Society's annual Scripture language count released today. Twenty-nine languages which have never appeared on the list before were added in 1976.

The Gospel of Mark is the Biblical book that most frequently appeared first in a language, the report showed. In 19 of the 29 new additions, the Gospel of Mark was the first book printed.

Asked why the Gospel of Mark is so frequently translated first, Dr. Eugene A. Nida, executive secretary of the Bible Society's Translation Department, responded, "Mark tells the story of Jesus in a direct, dynamic way. It avoids the long genealogy that begins Matthew, the long Old Testament quotations in Luke, and the philosophic prologue of John."

Dr. Nida also noted that the choice of the first book to be translated varies according to the culture. In the Muslim world Matthew is preferred, in Latin America Luke, and in India John.

The official language count, which the Bible Society releases annually, keeps a running tally of all new Scripture publications appearing in a language for the

first time. It is compiled from copies of the new Scriptures received from various organizations by the Society's library, which is the largest Scripture collection in the Western Hemisphere.

The report also listed 19 languages in which the New Testament was reported published for the first time. They range from Aguaruna spoken in Peru to Wantoot spoken in Papua New Guinea. A New Testament in Fali is the first part of Scripture ever to be published in that language which is spoken in Cameroon.

The list indicated that the complete Bible is now available in 282 languages, the New Testament in 401, and portions of the Bible in 940.

Among the 29 languages newly added to the list were 5 languages spoken in Nigeria and 3 Native American languages spoken in the United States: Koyukon (Alaska), Tewa (Ariz., N.M.) and Tiwa (N.M.) New Testaments were reported published for the first time in 6 languages spoken in Papua New Guinea.

The United Bible Societies, an international fellowship of 59 Bible Societies of which the American Bible Society is a member, provided support to more than 500 Bible translation projects in 1976. Of that total, 238 received financial support. The others received published helps and training programs for translators.

BRINGING UP YOUNG LAWNS. Here's how to improve the soil for new lawns. Prepare a mixture of one part peat moss and one part horticultural perlite, a white, sterile lightweight volcanic material readily available at nursery centers in large packages for lawn application. Spread this mixture over the soil to a thickness of two to three inches. Rototill or spade the mixture into the soil, rake level and plant your seed. Water the soil area well to settle soil evenly.

Tom Daniel Action Council Member NFIB

Announcement was made today of the appointment of Tom E. Daniel of Daniel Automotive located in 120 West California St., Floydada, as an Action Council Member to the National Federation of Independent Business (NFIB) in San Mateo, California and Washington, D.C.

NFIB is a non-profit, non-partisan organization representing the needs of small businesses across the country. Founded in 1943, it was designed to promote the concept of free enterprise and to give independent business a greater voice in shaping the laws which govern business and government.

The idea of the Action Council Member was developed by NFIB President Wilson S. Johnson, who felt the need for members to take a more active role in furthering the cause of small and independent business at the grass roots and federal level.

An enthusiastic business person, Daniel reflects the involvement and interest of the Action Council Members. His civic interests include Floydada Rotary Club (Treasurer).

SAVE energy with a conservationist electric water heater

Maximum efficiency in appliances is what we're all looking for... to save energy, save money.
That's why the CONSERVATIONIST ELECTRIC water heater is worth looking at. It saves 15% of the energy used in a like-sized regular electric water heater and delivers all the dependability of electric water heating. The Conservationist is heavily insulated on all sides so heat is retained inside the water heater... used for what you're paying for... to heat water.
And, you save on space above the heater because an electric water heater does not need a flue or vent.
Ask us about the Conservationist... the electric water heater designed to use energy wisely and save.

El Progreso Study Club Feted With Style Show

Mrs. Claude (Wilma) Brown was hostess to El Progreso Study Club in her home at 602 W. College Wednesday, March 8. Club members Josie Taylor, Faye Ferguson, Pauline Sams and Hazel Johnson were in charge of hospitality. Six guests were present: Verna Autrey, Mrs. Brown's

mother from Tulia; Frances McCulloch, San Antonio; Eva Whitfill, Carrie Apple, Kelley Ford and Christy Vincent. Other club members present were: Dorothy Smith, La Verna Sams, Bobbie Kellison, Juanita Jenkins, Alice Mitchell, Arla Copeland, Jeanette Marr, Anna Dell Quebe and Foy Holmes.

Bobbie Kellison presided over a short business session, then introduced Mrs. Brown, owner of a Lockney Dept. Store, who presented four ladies modeling clothing and accessories from her large collection of spring ready to wear.

Mrs. Kellison expressed the club's appreciation for the style show to Mrs. Brown and asked the group to join her in reading the Club Womens Collect. The club will be guests of Mrs. Dimon Schacht March 23.

HIGH POINT WINNERS...last Tuesday in the "Play Bridge For Heart" tournament were Mrs. Vera Bybee, left, and Mrs. Viola Moody, right both of Lockney. Each won an afghan and in turn auctioned both off. Mrs. Peggy Strange of Silverton purchased both afghans made by Mrs. Moody. Proceeds from the auction went to the Heart fund, as did proceeds from the tournament and spaghetti luncheon. Chairmen said they served 103 persons, there were 18 tables of bridge and they cleared \$250 for the Heart Fund. (Staff Photo)

RODNEY MCCULLOCH, BELINDA JOHNSON

Miss Johnson, McCulloch Plan April Marriage

Mr. and Mrs. Leroy Oden of Plainview announce the engagement and approaching marriage of their daughter, Belinda Johnson, to Rodney McCulloch, son of Mr. and Mrs. Bryan McCulloch of Lockney.

now a student at Lockney High. McCulloch, a 1976 Lockney graduate, is employed at Consumers Fuel in Lockney.

The wedding will be April 24 in Lockney West College and Third Street Church of Christ.

Alpha Mu Delta Meets

The Alpha Mu Delta Chapter of Beta Sigma Phi held their regular meeting March 1, at Lighthouse Electric.

Vice President, Barbara Koch called the meeting to order and led the Opening Ritual. The roll was called by Teresa Whittle; minutes from the last meeting were read.

A thank-you note was read from Wade Barrow. As a state project, the chapter had made a donation to help cover medical expenses for Wade.

Kaye Powell, treasurer reported the financial status of the chapter.

Standing committee reports were given by Ilene Kendrick-Program, Brenda Watson-Social, and Barbara Koch-Service.

Members voted upon the

division of the chapter's service funds.

The chapter is proud to announce that Vicki Thrasher was invited into Phi Kappa Phi at Texas Tech in Lubbock. Only the top 10% of the senior class is eligible for invitation.

The meeting was adjourned, and members repeated the Closing Ritual.

The program, concerning Philosophy, was presented by Barbara Koch. Members participated by giving their opinions of questions asked by Barbara.

Hostesses Dixie Harris and Becky Pingleton served the March Birthday Cake and punch, honoring Vicki Allen, Ilene Kendrick, and Jo Ann Patterson.

Members present were Barbara Koch, Teresa Whittle, Brenda Watson, Kaye

HECE Student Of The Week

Editor's note: Each year this newspaper honors HECE students at Floydada High School by publishing details of their work in Home Economics Cooperative Education and plans for their future.

This week HECE student is Janie Warren, daughter of Mr. and Mrs. Charlie Warren, 510 West Grover.

At Floydada High School Janie is enrolled in Government, Home Economics Cooperative Education, and English II. She is also a member of the HERO Club.

Janie is a senior and works at the Travel Center Restaurant. Her training sponsor is Neal Bertrand.

After graduation Janie plans to work. She feels her on-the-job training this year will help her to be a dependable mature employee.

Janie Warren

NEWS 'N' NOTES

(by Sharon Hillis)

The Floyd County Family Living Committee and the Texas Agricultural Extension Service are pleased to invite all interested homemakers and do-it-yourselfers to Housing Happenings 77.

Presented Tuesday, March 15 at the Massie Activity Center, the program is from 9 a.m. to 3:30 p.m. Registration fee for the day is 50 cents per person.

This program is a result of your indications of interest in updating furniture and learning new ideas in wall treatments.

Topics of the demonstrations will include: wall treatments such as fabrics, sheeting, wall paper, paneling, carpet, and supergraphics for the uninspired walls in your home. Furniture updates will include furniture evaluation, care and refinishing techniques.

Plan on bringing a sack lunch and spend the day with us in learning something fun and economical. For more information contact Sharon Hillis, County Extension Agent at 983-2806.

The Hale county Family Living Committee is presenting Fashion Conspiracy, Thursday, March 17, from 9 a.m. to 3:15 p.m. at the Fellowship Hall of the First United Methodist Church in Plainview.

Demonstrations will center around new fabrics, new accessories, machine embroidery, changing patterns and use and care of sewing machines.

For more information contact Wynon Mayes, County Extension Agent at 806-296-746. Registration fee is 50 cents.

Lockney

Methodist

Women Meet

Members of all Circles of United Methodist Women in Lockney met Monday evening at 6:30 p.m. in Fellowship Hall of First United Methodist Church for a program on "Call to Prayer and Self-denial."

The "sacrificial" meal was prepared by the Ruth Circle. Vice-president Lillian Cooper presided at a short business meeting. Eleanor Schacht voiced the opening prayer and led the Wesley Circle in a program whose theme was "Women's Role in Christian Work Over the World."

Theme song "One Faith, One Spirit" was sung by the entire group. "Thanks and dismissal prayer" was voiced by Mrs. Lillian Cooper. Twenty-seven members were in attendance.

Powell, Vicki Allen, Judy Cornelius, Dixie Harris, Donna Henderson, Ilene Kendrick, Jo Ann Patterson, and Vicki Thrasher.

FESTIVAL USA. A nationwide opportunity to program activities and events which will stimulate travel and thus encourage our citizens to expand their knowledge of our country and to extend a particular welcome to visitors.

Archeologist Speaks To

Athena Junior Study Club

Mr. Jim Word, a member of the Texas Archeological Society and resident of Floydada, presented a slide show and talk to the sixteen Athena Jr. Study Club members and guests who met Thursday night, March 10, in the home of Mrs. Sue Zorger.

Mrs. Joe Taylor, an Athena member who has studied and enjoys archeology, introduced Mr. Word. Mr. Word is a man of many achievements, which include

once being named "Outstanding Amateur Archeologist in Texas." The slides shown to the group were taken during a recent Summer Field School held in the country club area near Floydada. Annual Field Schools are held for people from all

over our country to come together for the purpose of exploring and digging. Participants then record their findings on graph paper, and these are compiled by the Texas Archeological Society.

After the evening program, a delicious refreshment called "Angel's Delight" and tea and coffee were served to the members and guests. Mrs. Jim Word, and Mrs. Omar Burleson. Mrs. Larry Golden served as co-hostess.

The business agenda included election of five new officers for the next club year. Those elected were: secretary, Mrs. Jerry Klein; treasurer, Mrs. Warren Mitchell; parliamentarian, Mrs. Ted Carthel; historian, Mrs. Joe Taylor; reporter, Mrs.

Raymond Lusk. Mrs. Lloyd Widener, Jr., was appointed Sunshine chairman.

The club decided to send in the name of Mrs. Jerry Cannon to the West Texas State University Women's Program Committee to honor outstanding women of the Panhandle. This is for women who, besides fulfilling the time honored roles of mother and homemaker, have distinguished themselves by outstanding business, professional, or volunteer services.

Members discussed the value of compiling a booklet or package containing letters from members which tell why they like living in Lockney, stressing the advantages of a small community. The package might also contain pictures of our community. The purpose of such a package would be to provide information with a personal touch for prospective doctors or other professionals who might be considering moving to our town. A committee, headed by Mrs. Warren Mathis, was appointed to oversee this project.

Mrs. Bill Hunter announced that the date for the Cystic Fibrosis Bike-a-thon will be April 30, weather permitting. There will be more details on this at the next meeting.

Members attending the March 10 meeting were: Mmes. Ted Carthel, Larry Golden, W. H. Hallmark, Paul Hrbacek, Bill Hunter, Jerry Klein, Paul Koonsman, Warren Mathis, Warren Mitchell, Wilbur Mize, John Peck, Joe Taylor, Roy Turley, Roland Watson, Jim Warren, and Sue Zorger.

The next Athena Jr. Study Club meeting date has been changed from March 24 to March 31. It will be held at Mrs. Jerry Cannon's home.

Future Farmers today are inspired by these same heroes of our Nation and her agriculture. The vigor of their youth drives them onward. FFA members are A FUTURE FOR AMERICA!

THIRD CATHEDRAL QUILT...for Mrs. Lloyd Allen, pictured with the beautiful quilt. She started seven years ago making her first Cathedral quilt as a gift to each of her children. She had made her third one with two to go. Mrs. Allen pieces the quilts by hand in her spare time, after an eight hour shift at the Dixie Dog in Floydada. (Staff Photo)

Golden sweetpotatoes and tangy Texas oranges combine for a pleasant surprise for winter meals. Agriculture Commissioner John C. White reports that both are in plentiful supply now, even with the freeze in the Florida citrus belt.

Sweetpotatoes For Main Dish

AUSTIN--Equally comfortable as a main dish, vegetable, or a dessert, Texas sweetpotatoes are a versatile menu-planning aid, according to Texas Department of Agriculture Home Economist Cindy Hamm.

"And now that they are in peak supply, sweetpotatoes can provide a colorful and economical way to add good nutrition," Hamm said.

One medium-sized baked sweetpotato contains almost twice the recommended daily adult requirement of vitamin A, along with substantial amounts of certain B vitamins and calcium. It also provides 36 per cent of the recommended vitamin C and 10 per cent of the iron requirement.

Store fresh sweetpotatoes in a cool, dry place rather than in the refrigerator.

Texas produced 903,000 lbs. of sweetpotatoes in 1976, both moist and dry varieties. The moist sweetpotato—the kind most likely to be found in retail groceries—is sometimes called a yam.

SAY CHEESE!

Let's see a smile for the great semi-soft cheeses you can now have on the new Weight Watchers' Food Plan.

All within limits, of course.

And let's see one for the simpler to follow, more flexible Program.

You can start learning to lose weight today, on the best Program we've ever offered.

Now that's something to smile about.

YOU'LL LOVE THE CHANGE.

WEIGHT WATCHERS
The Authority.

YOU'RE THIS CLOSE TO LOSING WEIGHT!

MASSEY COMMUNITY CENTER FLOYDADA, TEXAS
Wednesday... 5:30 p.m.

ADELE MCGINTY, director of Weight Watchers in the West Texas area, listens intently as Dr. Reva Frankle, director of nutrition for Weight Watchers International, describes the new and streamlined eating program introduced in January by the Weight Watchers organization. With them are: Dr. William Sebrell (seated left) and Dr. Richard B. Stuart, medical director and psychology director, respectively, of Weight Watchers International.

Dr. Frankle, who played a key role in developing the new program, seeks to give the overweight individuals greater responsibility for the control of his or her eating habits and his or her selection of foods. In addition, the program puts emphasis on what the overweight person can eat rather than what they cannot eat to lose weight and therefore fits more comfortably into an individual's own lifestyle.

Boy Scouts Still Boy Scouts

"We haven't changed our name...we're still the Boy Scouts of America," says the South Plains Council in response to numerous inquiries based on several misleading national news stories.

Council President, Bob Dunbar, stated emphatically that the legal corporate name of the Boy Scouts of America had not changed and that the misunderstanding arose over the BSA's adoption of a new communicative symbol using the words Scouting/USA, which was mistakenly reported as the new name of the 67-year-old Boy Scouts of America.

The official name of the local council will continue to be South Plains Council, Boy Scouts of America. The council will gradually incorporate the new symbol on its printed material, signs, and other places where a strong, recognizable identification is required.

The BSA's new bright red and white symbol includes a contemporary version of the traditional BSA fleur-de-lis, plus the new communicative name, Scouting/USA. Together, these elements more

appropriately reflect the current broadened scope of the Boy Scouts of America. Use of the Scouting/USA symbol began last summer, but full implementation is expected to take several years, according to Bob Bouse, Scout Executive of the South Plains Council.

The traditional fleur-de-lis of Scouting will continue in a modernized form, Bouse explained, but badges and insignia denoting advancement and office will not be changed, also not changing will be the three symbols for the Cub Scout, Scout, and Explorer phases of the total BSA program.

The "new look" for Scouting/USA will help clear up confusion related to the youth and adult leaders Scouting is committed to serve, according to the findings of a five-year study.

Dunbar explained that Scouting serves young men and women as well as boys, and that the word "boy" was dropped from the Scout phase of the program several years ago. This was not because of any pressure from minorities or women's groups. Surveys showed that the young men themselves did not like to be called boys.

Scouting/USA was selected as the BSA's communicative name because women are now serving as volunteers and professionals and have full membership in the Exploring program. Also, there has been a need to identify Scouting with the United States of America because the organization does not serve youth in

ARE YOU aware that the color of your dress, or shirt, or car or maybe even your home tips off the psychologists on what type of person you are? That's what we're told by articles we have read, and we find this interesting, but not too alarming, since the number of psychologists who drive down Jean Street looking for color clues from houses and cars parked outside is not too great.

A Swiss researcher has suggested that one who prefers blue might have a need for inner peace and harmony; black could mean a revolt against one's fate; brown might indicate a longing for physical ease; orange could represent a strong desire to achieve success.

All of this is according to an article in Friends, the Chevrolet magazine, which goes on to say this doesn't necessarily mean you should dump your old grey car for fear the neighbors conclude you're a non-involved type who wants to wall everything off.

The article says these days a well-adjusted person is expected to respond to a much broader range of colors than he or she would have a decade or so ago.

Well, we have several vehicles of various colors, mostly dirty, and I doubt that most of my neighbors give a flip about my innermost neuroses, so long as I leave them alone, although they'd probably like for us to get rid of some of those cars.

As a matter of fact, when I think about it, we have vehicles of so many colors, they probably reflect accurately all of those things mentioned above. (I need love, I need physical ease, I need peace and harmony, I need success, I need a new car).

A few weeks ago, I repainted our piano a bright red, not realizing at the time that it might provide somebody with a clue to my personality. As I was painting it out in the garage, one of our daughters said it looked awful. One wise guy, who is in the insurance business here, stopped his car and asked me if I were going to open up a bar somewhere. The piano tuner said later he thought it looked nice (I hadn't paid him yet). Admittedly it does kind of grab your attention when you go into our living room. But so far no psychologists have entered our ome to exclaim, "Aha! Someone here has a lot of wild, repressed passion!" Actually, it was just a sale on red paint.

Anyway, it's interesting to know that those colors could mean something. We already had figured that chartreuse on a car means something. It means the buyer is color blind.

South America, Mexico, Central America or Canada.

The legal corporate name, Boy Scouts of America, which was established by a Charter from Congress in 1916 (6 years after Scouting's founding in this country), will still be used along with the new Scouting/USA symbol.

Some sound advice if you're in the market for a radio receiver is not get swayed by chrome rather than chromatics. A receiver that looks like the control panel of a 747 may be pretty to look at, but one with a simple exterior and accurate music reproduction is what you should look for.

OBITUARIES

Mrs. Spence

Services for Mrs. Claudia Spence, 94 year old mother of Mrs. Mable Hatley of Floydada, were conducted Saturday morning, March 12 at 11 a.m. in Pitts-Dillon Funeral Home Chapel in Cleburne. A longtime resident of the Fort Worth-Cleburne area, Mrs. Spence died in Cleburne Wednesday.

Survivors include two daughters, Mable Hatley of Floydada and Ann Lindgren of Fort Worth; four sons, Virgil of Lubbock, Rex of Hawaii, Norris of Cleburne and Joel of Fort Worth; one sister, Mrs. E. A. Byrd of Cleburne; 14 grandchildren; 23 great grandchildren and nine great great grandchildren.

Burial was in Rose Hill Cemetery in Cleburne.

W. B. Debusk Jr.

Services for William Bernard Debusk Jr., 17 year old Lubbock resident, and grandson of Mrs. Lillie Debusk of Floydada, were conducted Saturday, March 12, at 10 a.m. in Henderson Funeral Home in Lubbock. Burial was in City of Lubbock Cemetery.

The young man died about 2 p.m. Tuesday in Lubbock Methodist Hospital of a self-inflicted gunshot wound, according to Lubbock investigators.

Debusk had lived in Lubbock most of his life and was employed by the Littlefield American Cotton Growers Association. He was a member of the Faith First Baptist Church.

Survivors include a brother, James Edwards of Seadrift; a sister, Debra Lynn of Lubbock; a maternal grandmother, Mrs. M. L. Funk of Seadrift, and paternal grandmother, Mrs. Lillie Debusk of Floydada.

Thomas Earl

Traylor

Thomas Earl Traylor, 49, of 1002-24th Street, Plainview, was killed Sunday about 11 p.m. when the truck he was driving overturned two miles east of Eden.

Traylor was hauling a load of processed beef from MBPXL to Corpus Christi by Jay Lines at the time of the accident.

Born at Crosbyton November 8, 1927, he had lived at Kress and Tulla before moving to Plainview in 1973. He was a veteran of World War II.

Funeral services for Traylor were held in Hale Center Baptist Church with the Rev. Carrol Green officiating.

He is survived by his wife Charlene; his mother, Mrs. Fannie Traylor of Plainview; four sons; three daughters; one grandchild; four sisters and one brother. He was a nephew of Mrs. Doc Britton, Stella Wilson and Ethel Carrol of Lockney.

Eduardo

Alcaarez

Funeral services for Eduardo Alcaarez, 81, of Lockney will be held at 10 a.m. Monday at San Jose Catholic Church with the Rev. Richard Casey officiating. Burial will be in Lockney Cemetery under direction of Moore-Rose Funeral Home of Lockney.

Alcaarez died Friday in Lockney General Hospital. He was born June 12, 1895 in Batopilas, Ehillivahua, Mexico. He moved to Lockney from St. Johns, Michigan in 1960.

Survivors include his wife, Cruz Reyes, of the home; four daughters, Felada Nuncio of Lockney, Carmen Aguilar of Tulla, Annie Nuncio of Weatherford, and Mary Nuncio of Lockney; two sons, Manuel Alcaarez of St.

Johns and Raymond Alcaarez of Lawton, Oklahoma; one stepson, Victor Reyes of the home; 44 grandchildren and 14 great-grandchildren.

Mrs. Hinkle

Services for Mrs. Vivian Victoria Hinkle, 86 year old Floydada resident, were conducted Friday in the First United Methodist Church with the Rev. Jim Smith, pastor, officiating.

Mrs. Hinkel died at 8 p.m. Wednesday in Floydada Nursing Home following a lengthy illness.

Born in Lonoke, Ark., June 18, 1890, she was married to W. F. Hinkle on December 22, 1934 in Bonham. They moved to Floydada shortly afterward. Mr. Hinkle died in 1959.

A member of the Methodist Church, Mrs. Hinkle is survived by two stepsons, Billy Hinkle of Floydada and T. B. Graves of Snyder; three stepdaughters, Irene Bosco of Houston, Joyce McCoy of Snyder and Ruth Johnson of Tellary, California; and several grandchildren and great grandchildren.

Burial was in Floydada Cemetery under the direction of Moore-Rose Funeral Home. Grandsons, Billy Gene Hinkle, Max Year, Billy Fulton, Joe Hinkle and Richard Maxwell, were pallbearers.

Free Washington Trips To Contest Winners

An all-expense-paid Rural Electric Youth Tour to the Nation's capital will be awarded to two winners of an oratorical contest sponsored by Lighthouse Electric Cooperative.

Anyone 16 but not 18 in the area served by Lighthouse Electric Cooperative are eligible to enter the contest. Winners will join winners of similar contests sponsored by other electric cooperatives across Texas. All expenses on the 12-day trip, beginning June 9, will be paid by Lighthouse Electric Cooperative.

Contest entrants will be required to give a 5 to 8 minute speech on the subject "Rural Electric Cooperatives and Energy Conservation." Resource materials that may be helpful to contestants are available from the cooperative office and from each high school office and library.

Deadline for submitting entry blanks is Friday, March 18. Each school will hold a contest to select a boy and girl to represent their school in the final contest on March 28 at the Lighthouse office.

This is the 13th year that Lighthouse Electric Cooperative has sponsored an oratorical contest. Winners last year were Sharon Slough and Mike Bean. As participants in the youth tour, local contest winners will travel by bus to Washington, D.C. where they will spend 3 days visiting places of historical

interest and seeing the Nation's "Government in Action."

Approximately 1000 Youth Tour participants from across the Nation will meet during the week for a special program coordinated by the National Rural Electric Cooperative Association. The program will feature Congressional leaders and high government officials, a visit to the White House and a fun-filled "shindig" will highlight the day's events.

Caesar salad is named, not for the Roman ruler, but for its creator, a Tijuana chef.

FLOYD DATA

Lindsey Graham was able to return home Wednesday from a lengthy stay in Nichols Clinic in Plainview. Mr. Graham is able to be about some with a walker and with the assistance of Mrs. Graham. He sustained a broken hip several months ago.

CUSTOMARY GOODBYE when the man of the house goes to work mornings has lost out to a rigid new schedule since the Carter family moved to Washington. The President's days now start with a 5:30 a.m. wake-up telephone call and he is up and away before his wife awakens.

Food, Fiber Close-at-Hand

You can depend on a fresh, close-at-hand supply of food and fiber the year round in Texas. Each year, an increasing portion of the two

and one half tons of food consumed by you and your family is being produced within this state where each farmer can now grow enough to feed himself and 52 others. That's a big increase over 30 years ago when the average farmer produced enough food and fiber to supply ten people, according to Agriculture Commissioner John C. White.

Farmers Union Calls For Full Parity

SAN ANTONIO, TEXAS - Texas delegates at the National Farmers Union Convention in San Antonio are in full support of continuing the general farm organization's goal of a farm program centered around 100% of parity. The committee which

drafted the preliminary policy outline for delegate adoption surprised many by calling for a policy which would seek an immediate loan rate at 75% of parity for all commodities. That move would deviate from the traditional stand of Farmers Union which calls for full parity prices.

The provision for a lower support level is intended to urge the administration to move immediately with some kind of program which would offset current market prices which are, in respect to production costs, the lowest since the Depression. Proponents of the target program say it would be a first step in attaining the long range goal of full parity.

Texas Farmers Union President Jay Naman of Waco says he concurs with the Texas delegation that "We should continue to support the traditional position of National Farmers Union in calling for full parity prices on all farm commodities." Naman says that such a target goal would only be a "duplication of the long term program." Texas delegates feel that the fight for 100% of parity is not lost and efforts to seek an immediate program within the "realm of possibility" is only a compromise of what farmers deserve.

Fish And License Sales Tally Differs

LUBBOCK - Texas anglers have been buying fewer licenses but the Texas Parks and Wildlife Department is planning to stock 24 million more fish across Texas in 1977.

The P&WD fish hatcheries and fisheries personnel, all financed by license sales, will be busy this spring procuring or producing the fish for both public and private waters.

Some 21.7 million fish will be stocked in public waters, lakes and waterways and another 2.5 million fish will be put aside for private stocking.

Fish production for 1977 will include 1.5 million striped bass, four million Florida bass, 700,000 smallmouth

bass, 637,000 blue catfish, 228,000 channel catfish, 14 million walleye, 31,000 flat-head, and 128,000 sunfish.

Many of the walleye will be secured from out-of-state sources. P&WD biologists hope to supplement this number of walleye with several million native walleye eggs obtained from Texas lakes.

All fish will be fingerling size with the exception of the walleye, which are normally stocked as smaller fry due to the limited hatchery space.

P&WD hatcheries slated to be used to produce fish include Possum Kingdom, San Angelo numbers one and two, Dundee, Eagle Mountain, Lewisville, Tyler, Huntsville, San Marcus, Jasper, Olmito, and Fort Worth.

Fish planned for private stocking include one million native largemouth bass, one million channel catfish and 465,000 hybrid sunfish.

Over 31.5 million fish were produced or procured for stocking in Texas last year but, even with this influx of fish, fishing license sales were down some \$210,000.

The fish stocking program is financed thru license sales and the expiration date of fishing licenses could be affecting this drop.

Many anglers are carrying fishing licenses which have expired. The fishing license is good for one year from date of purchase. Only the hunting or hunting-fishing combination license is good from Sept. 1 thru August 31 of each year.

Check your fishing license before you head for the lake or stream and buy a new license to help support fishing and fish stocking projects in Texas.

Beef is aged to develop additional tenderness and characteristic flavor. Aging requires special conditions. Aged beef means that the beef is held at temperatures 34-38 degrees F. for three to six weeks or held for two days at about 70 degrees F. Ultraviolet light is used to reduce bacterial growth in the second method, explains Mrs. Mary Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Congress created OSHA, EPA and all other federal regulatory agencies, and it is from Congress that any lasting relief from their heavy-handed regulations will have to come.

This is the message going to legislators in Washington from Lubbock-based Plains Cotton Growers, Inc. Meanwhile, the organization continues to battle alongside the rest of the cotton industry against the steady flow of what the industry considers unreasonable regulations and proposals.

PCG officials point out that the Occupational Safety and Health Administration (OSHA) is proposing impossible dust standards for cotton processing plants of all kinds, and that the Environmental Protection Agency (EPA) has called hearings in response to petitioners wanting a ban on use of Treflan, Trysben 200, and Benzac, pre-emergence herbicides widely used in cotton and soybean production.

"Other regulations and requirements that damage the agricultural economy are already being enforced, and more are inevitable unless Congress acts to prevent them," comments Donald Johnson, PCG Executive Vice President.

"So long as OSHA and EPA have the responsibilities and the virtually unbridled authority they have been given by Congress," Johnson continues, "we can expect the onslaught of unpalatable regulations to continue. And we have no choice but to work with officials of these agencies, present testimony at their hearings and do whatever we can to mitigate the effects of their actions."

But these at best are only stopgap measures, the PCG official believes. "What is needed," he says, "is new legislation from Congress — legislation that will assure full consideration of economic effects before regulations are issued."

A step has been taken in this direction. Congressman Kika de la Garza of Texas' 15th District, has introduced HR-322 which would require all Federal agencies to submit proposed regulations to the appropriate committee of Congress. De la Garza, Chairman of the House Agriculture Subcommittee on Department Operations, Investigations and Oversight, is receiving broad support for his bill from any number of agricultural and business organizations.

A resolution recently adopted by the Texas Independent Ginners Association of Lubbock pointedly depicts the mood of agriculture and other industry leaders and is deserving of reproduction.

It reads "Whereas American business is drowning in a river of regulations flowing from Federal bureaucracy; whereas these misguided regulations confuse, bewilder and otherwise derange the mind before they take you under for the third time, and whereas the surviving business community needs immediate relief and resuscitation, be it resolved . . . that we commend the Honorable Kika de la Garza, for his introduction of HR-322."

IRRIGATE YOUR WIDE OPEN SPACES WITH OUR 360 THRIFTY-RAIN™ PIVOTAL SPRINKLER SYSTEM.

If you have relatively level land, and you've been putting off buying an electric-drive pivotal system because of price, we've got just what you've been waiting for. The new Gifford-Hill 360 Thrifty-Rain™

Finally, there's an electric-drive system that's within the budget reach of farmers who would ordinarily buy either hydraulic or water-drive systems. The 360 Thrifty-Rain™ is a "long span" version of our classic 360. The basic difference being the distance between towers (164 ft. on the Thrifty-Rain™ 124 ft. on the standard 360).

By using longer spans, we reduced the number of towers necessary to cover the same

acreage. That means less cost to manufacture. And less cost to you!

The 360 Thrifty-Rain™ is also equipped with heavy duty drive systems. Both the original 360 and the 360 Thrifty-Rain™ feature a unique computer-designed sprinkler head spacing and nozzleing concept that provides uniform water distribution and reduced pumping costs. Both systems use heavy-walled 6 3/4" O.D. pipe for extra strength.

Consequently, the 360 Thrifty-Rain™ is structurally stronger than other "long span" systems on the market today. It operates efficiently even under high wind conditions, and can handle up to 10% grades.

Standard 360 spans are interchangeable with 360 Thrifty-Rain™ spans. That means you can use standard spans to allow flexibility of tower location and accommodate special terrain problems.

So if you've got wide open spaces to irrigate, and you don't want to pay for capabilities you don't need, get a Gifford-Hill 360 Thrifty-Rain™. And save yourself some money to boot.

WTSU Livestock Teams Place; Mercer First In WT Contest

The WTSU meats and livestock judging teams placed eighth in beef grading but failed to place overall in the Southwest Livestock Exposition in Fort Worth.

The group had placed 10th overall in judging contests at the National Western Livestock Show and Rodeo in Denver, Colo., earlier this month.

Dr. Ted Montgomery, head of the animal science department, said the Fort Worth event was the last of the year for the WTSU teams.

The Fort Worth event drew teams from throughout the Midwest and Southwest, Dr. Montgomery said.

He said this is the second year for WT to compete in meat grading and judging.

"We think this situation will enhance our overall program. We try to have sophomores judge meats and juniors and seniors judge livestock," Dr. Montgomery said.

Team members are Tim Mercer, Lockney junior; Rudy Schumacher, Gainsville sophomore; Dan Mercer, Lockney junior and David Martin, White Deer sophomore.

Dan Mercer was fifth high man in meats grading and 12th high man overall in the Denver contests.

In a livestock judging contest sponsored by the

"Block and Bridle Club" of West Texas State University, Dan Mercer, son of Mr. and Mrs. Dub Mercer of Lockney placed first. Out of a possible score of 500, Dan scored 494. The individual who was second scored 488. The contest was open to

all individuals who were interested, including members of W.T.'s Livestock Judging Team. They judged 10 categories of animals, including pigs, cattle, sheep and horses.

Mercer was presented a trophy and a first place blue ribbon.

HAPPENINGS FROM PAGE 1

interest in wall treatments and furniture fix-ups.

Presented by the Floyd County Family Living Committee and the Texas Agricultural Extension Service, this program is a must for anyone wanting to "fix-up" their home environment for spring.

Learn the "how-to's" of furniture and wall updates, Tuesday, March 15 at the Massie Activity Center. The program is from 9 a.m. to 3:30 p.m. Participants are invited to bring a sack lunch and plan on spending the day.

Topics of the demonstrations will include: wall treatments such as fabrics

and sheeting to cover up disfigured walls; wall paper; paneling; carpet; and supergraphics for the uninspired walls of your home. Furniture updates will include furniture evaluation, care and refinishing techniques.

Floyd County merchants will be exhibiting the latest in home fashion products for wall coverings and furniture refinishing. Door prizes will be presented at the end of the day. During the lunch hour and break times, coffee and tea will be provided. The registration fee for the day is 50 cents per person. For more information, contact Sharon Hillis, county Extension Agent at 983-2806.

This program is open to anyone regardless of race, color, creed, sex, national origin or religion, and have hereby been notified in advance of the registration charge of 50 cents per person.

Lockney Locals

Ted Carthel and John Bickley attended a Trustees Meeting of the Texas Tech University Dads' Association on the campus of Texas Tech recently.

Mr. and Mrs. J. B. Mercer of Graham, Texas visited from Monday until Thursday of this week with the Nance families (their relatives) of the Lone Star community; and with Mr. and Mrs. James Bobbitt. The Mercers are former residents of the Lockney area.

A number of Lockney people attended the Doc Severinsen Band Concert (of the Tonight Show) on the campus of Wayland College, Plainview, Sunday afternoon. Among those in attendance were: Mrs. Glen Cooper, Glenda and Timmy, Mrs. Robert Gibson, the A. T. Moore family, Mr. and Mrs. Chester Mitchell, Mr. and Mrs. Gene Owens and Keith, Mrs. Elsie Sherman, Mr. and Mrs. Bryan Smith, the Bill Whitfill family, Mr. and Mrs. C. L. Record and Breck, Mr.

and Mrs. Raymond Lusk, the Kelton Shaw family, Kevin and Mike Stennett, Julie Frizzell, Mrs. Jackie Spencer and Sharon, Mr. and Mrs. Barry Barker, Mrs. Warren Mathis and Karen, Mrs. Jeanine Griffin, Lynn and Monty, Mrs. W. J. Lee, Mrs. Kay Taylor and Mrs. Austin Rose, Jr. There may have been others whose names were unavailable.

Mrs. Buck Sams spent Sunday visiting in the home of her grandchildren, Mr. and Mrs. Johnny Turner and Heather of Whitflat.

Mrs. Verdine Smith had as guests Sunday, Mrs. Smith's daughter and her husband, Gay and Spence Bayley from Lubbock; and her son and his wife, Charles and Mildred Smith from Plainview.

Mrs. Olive Myers went to Plainview Tuesday and went shopping with her granddaughter, Mrs. Karen Moon-ey. They visited with Mrs. Myers' daughter, Mrs. Betty Veal.

Happy Birthday

March 13 - Richie Reecer, Gregory Gonzales, Joice Bennett, Barry Barker, Mrs. Wavely Washington, Ronnie Thornton.

March 14 - Charles Huffman.

March 15 - Tom Word, Paul Koonsman, Clois King.

March 16 - Joe Smith, Katheryne Moore, Susie Gonzales, Leona Watson.

March 17 - John B. Griffin, J. P. Williams, Tiffani Duvall, Patricia Garcia, Hazel Johnson, John Nelson.

March 18 - Mary Fields, Jerald Johnson, Dianne Brewer, Martha Wynn Riley, Kay Martin, Christi Poole, Mary Huffman, Mary Rubio.

March 19 - Gwen Lane, Betty Kay Cates, Dale Gibson, Sulema Salinas.

HAPPY ANNIVERSARY

March 14 - Mr. and Mrs. Hubert Frizzell.

March 17 - Mr. and Mrs. F. L. Montandon.

March 18 - Mr. and Mrs. Bill Evans.

Enjoy a 10-minute call to Boston without shelling out a lot of clams.

For just \$2.57 or less, you could take down these recipes by Long Distance.

We're printing these chowder recipes to make a point: a Long Distance call lets you say so much, for so little.

In a 10-minute call to Boston, between 5 p.m. and 11 p.m. tonight, you could easily take down the recipes below. And by dialing 1+, the most you pay is \$2.57, plus tax.

So enjoy a pleasant visit tonight by Long Distance. Wherever you call, you can take the time to find out what's cookin'... without stirring up a big expense.

1. FISHERMEN'S CATCH CHOWDER

- 2 tbsp. butter or margarine
- 1/2 cup finely chopped onion
- 1/2 cup finely chopped celery
- 1/2 cup chopped pared carrots
- 1/2 cup snipped parsley
- 1/2 tsp. crushed dried rosemary
- 1 can (18-oz.) whole tomatoes, drained (reserve liquid)
- 2 cups dry white wine
- 1 bottle (8-oz.) clam juice
- 1 tsp. salt
- 3 tbsp. flour
- 3 tbsp. softened butter or margarine
- 8 ozs. flounder or ocean perch
- 8 ozs. pike or rainbow trout
- 8 ozs. haddock or halibut
- 8 ozs. minced clams (opt.)
- 1/2 cup light cream

- a) Heat the first 6 ingredients in Dutch oven until bubbly; reduce heat and cover. Simmer 15 minutes.
- b) Chop tomatoes. Stir tomatoes, reserved liquid, wine, clam juice and salt into vegetables in Dutch oven. Heat to boiling; reduce heat and cover. Simmer 10 minutes.
- c) Mix flour and 3 tbsp. butter until smooth; stir into chowder. Cook and stir until slightly thickened.
- d) Cut fish into 1-inch pieces, and add to chowder. Heat to boiling; reduce heat. Simmer uncovered until fish flakes easily with fork, 8-10 minutes. Remove from heat. Stir in cream.
- e) Ladle chowder over sliced, toasted French bread. Garnish with snipped parsley. (Makes six 1 1/2-cup servings).

2. SEAFOOD CHOWDER

- 3 cups water
- 2 cups chopped pared potatoes
- 1 cup chopped celery
- 1 1/2 tsp. salt
- 1/4 tsp. pepper
- 1/4 tsp. ground allspice
- 1/4 cup butter or margarine
- 1/4 cup all-purpose flour
- 2 cups milk
- 1 lb. cod fillets
- 1 tsp. dried dill weed
- 1 cup chopped unpared seeded cucumber
- 2 tbsp. lemon juice
- 1/2 tsp. paprika
- 1 hard-cooked egg, sliced

- a) Heat first 6 ingredients in saucepan to boiling; cover. Boil until vegetables are tender, 10-12 minutes. Drain vegetables, reserving 2 cups broth.
- b) Melt butter in Dutch oven; stir in flour. Cook over low heat, stirring constantly, until mixture is smooth and bubbly. Remove from heat. Stir in milk and reserved broth. Heat to boiling, stirring constantly. Cut cod into 1/2-inch pieces, stir into mixture. Add dill. Heat to boiling; reduce heat. Simmer uncovered until fish flakes easily with fork, about 8 minutes.
- c) Stir cucumber, lemon juice, paprika and vegetables into chowder. Heat until hot. Garnish with egg slices. (Makes eight 3/4-cup servings).

Motley Murder Legal Fees To Be Paid by Federal Grant

MATADOR (Sp) — Motley County has received approval from the South Plains Association of Governments for a federal grant of \$51,550 for the legal expenses of two men charged in the shooting death of Sheriff Jalmar "Jinks" Wilson.

The grant application has been sent to an advisory committee which will forward it to Gov. Dolph Briscoe for his approval.

The application is the second of its type filed in Texas. It was filed by Motley County because its low income levels has placed it in the poverty bracket and 40 per cent of the county population is above age 60.

Officials say Motley County citizens

would have to pay costs of the legal process for the two men through an increase in taxes should the grant not be approved.

Stacy Albert Carter, 25, of Olivia, V.C., and Larry Cornell Fortenberry, 38, of Mount Hermon, La., were both reindicted Monday by a special grand jury here on charges of capital murder in connection with the death of Wilson on Nov. 13, 1976.

Fortenberry and Carter are also indicted for the attempted murder of John Dee Rogers of Matador, who was with Wilson when the shooting occurred.

Bond was set at \$100,000. Carter remains in Lubbock County jail in lieu of the bond and Fortenberry remains in

Hale County jail.

Judge George W. Miller of 110th District Court set March 21 for the pretrial hearing. Two Lubbock attorneys have been appointed to represent Carter and two attorneys at Plainview have been appointed to represent Fortenberry.

Carter and Fortenberry were originally indicted for the crimes Nov. 30 by a grand jury here.

The two men were arrested by a highway patrolman about 8 miles northeast of Crosbyton less than two hours after Wilson was shot.

Sheriff Wilson was gunned down 3 miles east of Matador on U.S. 70.

Senior Citizens

Meet Wednesday

Floydada Senior Citizens are reminded of the luncheon meeting this Wednesday, March 16th, at 11 a.m. in Lighthouse Electric. Everyone is to bring a covered dish for the noon meal.

The program will be presented by Charles Bradford of Floydada during the noon hour.

Bring your games and friends.

PUBLIC WORKS MONIES FOR TEXAS—More federal money for public works programs should soon be available to Texas, says a resource development specialist with the Texas

Agricultural Extension Service. An additional \$120 million should become available to Texas cities and other public entities that have unemployment greater than 6.5 per cent. Texas already received some \$60 million from the Economic Development Administration in January that funded public works programs in 59 Texas cities, counties and special districts.

NEW 4-H SPECIALIST—Mrs. Alma B. Bullard has been named to the position of 4-H and youth specialist with the Texas Agricultural Extension Service. She will be headquartered at Texas A&M University and will be responsible for planning, executing, and evaluating 4-H and youth development programs in Extension Districts 3, 4, 5, 8 and 11.
