Too Wet To Plant.... Wheat Looks Good!

By Wendell Tooley

With many Floyd farmers receiving over four inches of rainfall the last ten days, most Floyd farmers having received at least two inches look forward to warm weather, so they can begin planting.

Although many farmers will be planting grain sorghum, some are expected to begin planting cotton if it is dry enough Monday. Some of the land that has been irrigated will be slow to dry out for planting.

One ginner estimates that cotton acreage will be increased by at least one third in the county this season over last. Some 85,000 bales were harvested last year.

WHEAT

Although wheat is so cheap it isn't worth fooling with, the rains came early enough to really help the crop produce good grain. There are possibil-

ities of wheat coming up to \$2.91 in the new farm program now being considered by Congress.

CORN

Although corn acreage is expected to be down from last year's record crop in the county, several farmers already have a good stand going. Several farmers have invested money in corn drying and other corn harvesting equipment and need to stay in the corn business.

GAB To Elect Officers, Plan Banquet Monday

Lockney Girls Athletics Boosters Club will meet at 7:30 p.m. Monday (April 25) in the junior high cafeteria. 1977-78 officers will be elected, and plans for the spring all-sports banquet will be discussed.

PROSPECTIVE BIKE-A-THON PARTICIPANTS look at one of the T-shirts that will be given to riders who earn \$25 or more in the local Cystic Fibrosis Bike-A-Thon being sponsored by Athena Junior Study Club April 30. Bike-A-Thon Saturday

Registration forms for the Cystic Fibrosis Bike-A-Thon are available from Jerry Miller, Lockney Elementary School; Sandra Turley, Junior High School; Sheree Cannon, High School; or Kathy Hunter, 319 SW 6th.

The Bike-A-Thon, sponsored by Athena Junior Study Club, will be held on April 30. Riders should bring their registration forms to the circle drive in front of Lockney elementary School where they will receive route instructions. They may begin riding any time between 9 a.m. and 2 p.m. and must be finished by 3 p.m.

The registration forms are also to be used for sponsor sign up sheets. Each rider is responsible for finding his own sponsors and collecting the donations after the Bike-A-Thon. Registration forms for children under 18 years of age must be signed by their parents.

A first, second, and third place prize will be awarded to the three riders who bring in the most money for the Cystic Fibrosis Foundation. Also, anyone who earns \$25 or more will receive a Bike-A-Thon T-Shirt.

BEACON LIGHTS

by Jim Huggins

HERE'S A RECIPE FOR A CORN CROP, courtesy Frank Brown of Lockney. He got it from his daughter, Mrs. Dorsey Lynn Baker, who lives in Chicago. It's about corn growing in Illinois, but I guess it applies here, too.

Recipe For A Corn Crop

Field, 80 acres (1/4 x 1/2 mile)
Fertilizer, liquid and granulated
Chemicals for wee, insect control
Timely rains
Machinery, at least \$100,000 worth
Corn seeds, about 2 million
Patience
Credit.

Apply fertilizer and plow soil in fall. Set aside for winter months. In spring, apply more fertilizer and prepare ground with machinery. Stir soil well until it is loose and porous, but not too fine. Apply chemicals for weed and insect control. Allow ground to heat naturally to at least 56 degrees. Now, place seeds in rows 30" apart, approximately 8.9 inches between seeds. Repeat with about 2 million seeds evenly spaced across the field. After planting, pray for rain. If successful, pray for rain to stop. As plants rise, check daily for signs of poor health. Add more fertilizer, cultivate. Watch for insects, weather stress, diseases, nutrient deficiencies. Allow 90 to 120 days for rising and maturing.

Sound easy? It's not. But we invite you to try your hand at raising a corn crop. Take a few kernels home and apply a recipe of your own design. To add interest to the exercise, pretend your livelihood depends upon your ability to make each kernel produce 500! That's what Illinois farmers must do each year.

DURING NATIONAL LIBRARY WEEK

'Business As Usual' At Lockney Library

There were no special observances of National Library Week (April 17-24) at the Lockney branch of the Floyd County Library, but there were people doing just what they do every week—checking out more books.

Mrs. Raymond (Martha Sue) Lusk and her two older children started using the library this year. She and her husband want their children to have an interest in reading when they get older. She remembers hearing a quote on the subject that goes something like "If you expose your children to reading, they're bound to learn something in spite of themselves."

Keri Dee, four, attends school in Amarillo two days a week. Her class will study a certain subject, like bees or monkeys or the circus, each week. So she and her mother will go to the library to find a book on that subject. "Where else could you get a book about bees?" Martha Sue says. "We use the card file some, but Mrs. Holt (the librarian) usually knows just where to find the books I need."

Martha Sue will choose about six books, and then let her children take home several from those six that they think they will like. Especially with Jayson, who is two, she encourages them to choose books with few words and lots of pictures for she likes to talk with them about the pictures.

All in all, Martha Lusk believes that using the library is a good learning experience for her children. "They have learned responsibility for taking care of the books and returning them to the library in good shape."

Martha Sue notices when a certain library book makes a real hit with her children and she will buy it for them to reread and enjoy.

Lockney farmer James Jeffress took advantage of the muddy fields Wednesday afternoon to make his weekly visit to the library. As he put his name of five cards, he cracked to Mrs. Holt, "If these don't last me a week, I'm going to be mad." Jeffress says that he likes

the Lockney library because it is handy for him and because it is well-stocked with the kinds of books that he likes to read.

Jeffress has always been fond of reading and prefers fiction books that can be read quickly. He reads westerns "until I get tired of the gunsmoke" and then changes to mysteries, adventures

or even books with medical themes. Neither he, nor his wife like to watch television and he will sometimes read two books a night.

The Lockney branch of Floyd County Library is open weekday afternoons from 1 to 5 o'clock. Books of all kinds are available, and many new books arrive often.

5 Siren Blasts Mean 'Tornado!'

When you hear five or more blasts of the fire siren in Lockney, you'd better head for cover...that's the word from fire chief Kenneth Murdock. He explains that that's the signal for bad weather—usually in this part of the country that means a tornado—immediately threatening life and property in the city.

When the siren sounds three times, it means there's an emergency call for firemen—either a fire or an emergency ambulance run.

Two blasts of the siren signals a

firemen's meeting, a non-emergency situation.

The local volunteer firemen are on weather watch whenever there's a possibility of twisters in the area.

They communicate on citizens band radio Channel 2 or 11. Anyone who wants to listen to the firemen on those channels is, of course, welcome to do so—but the fire department requests that citizens not transmit on those channels during weather watch. "Just listen—don't talk," Murdock says.

Providence

'Get-Together'

Tuesday

The Providence community will have a get-together Tuesday night at 7:30 at the Trinity Lutheran Church.

Each family should bring enough sandwiches and cookies for their own family. Drinks will be furnished. Please bring table games and card tables.

All those in the community and those who formerly resided in the Providence area are invited.

Baptist RA's Win High Honors At Recent Track Meets

The Lockney Baptist Royal Ambassador group recently attended two track meets and won high honors for the group.

Leader Kenneth Holt explained how proud he was of the group, their team effort and their numerous awards.

In the Plainview meet at Wayland Baptist College on March 26, Chad Frizzell, Ronnie Ford, Todd Hallmark and Trent Gant placed first place in the 200 yard shuttle. Another 200 yard shuttle team consisting of Doug Warren, Brent Hallmark, Richie Thornton and Reed Lawson placed third place.

In the fourth grade division, Doug Warren placed first in long jump, second in high jump and third in the 50-yard dash.

Brent Hallmark placed second in the 50 yard dash, third in high jump, fifth in long jump.

Richie Thornton placed fourth in the high jump. Fifth grader Keith Owens won third place in high jump and third in long jump.

Sixth grader Scott McCarty, Doug Warren and Brent Hallmark placed second in the 440 yard relay.

There were classes according to grades, and the Lockney fourth grade won first place fourth grade trophy. Kenneth Holt explained "Each grade compiles their points and although all grades did well, the fourth grade compiled enough points for a first place trophy. It was a real team effort."

Ribbons were given for the first five places and anyone that placed first, second or third qualified for the R. A. Congress in Abilene.

The R. A. Congress track meet was held in Abilene April 7, 8 and 9. Thursday night, April 7, the group met at Hardin-Simmons with the Hardin-Simmons Cowboy Band performing

Kid Rodeo

Meeting Monday

There will be a meeting at 7:30 p.m. Monday in the David Turbeville home, 520 SW 2nd, Lockney, to plan the "Little Rustlers" rodeo and play days for this summer.

Everyone from Lockney, Floydada and surrounding communities is invited.

CORRECTION

The Beacon reported last Thursday that local businesses were sponsoring the rodeo and play days. The merchants are donating trophies and ribbons for the rodeo only. The play days have not yet been organized. The Thursday story also referred to the Little Rustlers Rodeo as a "junior rodeo." It's not a junior rodeo—it's a "kid rodeo" for children age 12 and under.

SCHOOL TRANSFER DEADLINE MAY 1

Parents of students requesting transfers to Lockney schools next year should make application at the superintendent's office, 416 West Willow, before May 1.

★ For those who wake up tired next Monday, there is a reason.

Daylight saving time returns this Sunday, April 24, at 2 a.m. This means a 23-hour day.

Clocks will officially be moved forward one hour at 2 a.m.

Those who forget to move the clock forward one hour before retiring Saturday night will be an hour late for Sunday activities.

DST SCHOOL TIMES SAME

The change to Daylight Saving Time today (Sunday) will have no effect on Lockney school times, according to school officials. Classes will start at the same time (by the clock) as before.

LOCKNEY'S REGIONAL QUALIFIER in boys track, Danny Clark, clears a hurdle at the district meet. Clark will run in the regional meet next weekend in Lubbock.

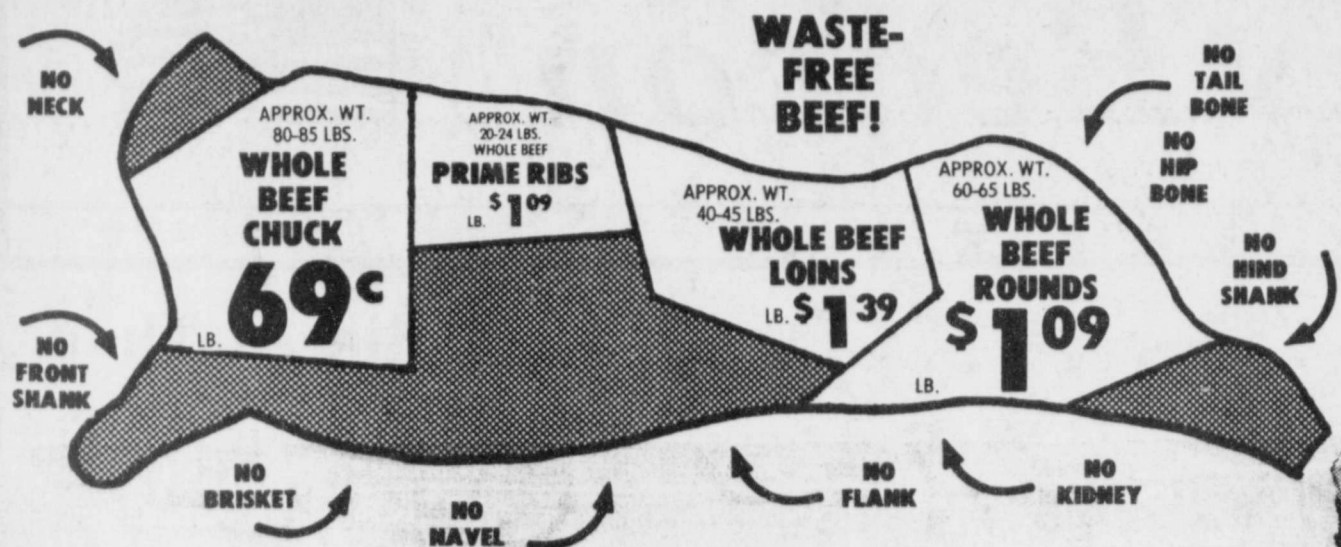

BRONZE MEDALIST Doug Warren was third in RA Crusader track meet in Abilene. (Staff Photo)

Lloyds And Jordans Provided A Variety Of Experiences On Trip

A circle from Floydada to England to Rhodesia to South Africa to Brazil to Texas provided a variety of experiences for the Louis Lloyds and Jack Jordans recently. The trip was planned for visits with friends and their families in Rhodesia and South Africa with stop overs going and returning.

It is spring in London. Trees and flowers were blooming, the weather pleasant. So many historical sights to enjoy. We found a very knowledgeable English guide to provide transportation and explanation. First stop was the Queen's Horse Guard at Whitehall, just in time to see the change of post; Number 10 Downing Street, home of the Prime Minister, where news and cameramen waited his departure to Westminster Abbey; St. Paul's Cathedral with the beautiful stained glass windows by Christopher Wren. Buckingham Palace, Houses of Parliament, Bank of England, Big Ben, Thames River, Trafalgar Square were viewed. The Tower of London is a must for every tourist. The Crown Jewels and other royal treasures are displayed here in a large vaulted room and ready for use when needed. Hundreds of school children were touring, each dressed in the uniform of his or her school. Many carried a specially prepared school booklet containing questions which could be answered by carefully observing the displays.

Madam Tussaud's has been located on Baker Street since 1835. Today it is one of the most complete wax museums in existence and nearly two million visitors view the exhibition annually. President Carter has been one of the latest additions. Hampton Court Palace was built in 1514 during the reign of Henry VIII. It has been beautifully restored and furnished and has a magnificent collection of art throughout. Windsor Castle, an enormous grey stone structure, is still used by the royal family several months each year. It was founded nine centuries ago and is the only royal residence that has been in continuous use since the early Middle Ages. The State Rooms open to the public are majestic and lavishly furnished.

An eleven hour flight around the continent of Africa brought us to Rhodesia and a visit with our friends, the Jimmy Gills. They were in Floydada in 1974 for several weeks. Rhodesia is a beautiful country and the people have a strong pioneer spirit. Their concern is that change will bring better conditions for everyone—that the black and white races can live together and build an even stronger nation.

We traveled by car to Umtali Pass and there viewed the neighboring country, Mozambique. The Rhodesian Army, 2/3 of which is the black African, patrols all border areas in an attempt to control the terrorist activities.

Jimmy and Sybil live on a 230 acre farm, raise poultry for egg production and a ready supply of feathers for their flower factory. Sybil employs 30 women to make the flowers that are replicas of real ones. The beautiful creations of dyed feather flowers are in big demand in Rhodesia.

Across the road from the farm is a game reserve owned by Ossie Bristoa. All of the African Wild Kingdom series have been filmed with his assistance with the animals. The film, "Jock of the Bushveld," a famous dog story of Africa, will be filmed there this year. Starring in the film will be David Niven.

We were special guests one afternoon for a complete tour of the park and to meet their special family member, Charlie, a chimpanzee. We saw a big assortment of animals there and were privileged to see him work with some of them.

A two hour flight brought us to the South African city of Durban, located on the Indian Ocean. It is a large industrial city with over 700,000 population and important for its import-export trade. Through customs to our awaiting friends and family—Fred and Babe Martin, Johnny, Willie Mae and Mitch Lloyd. We traveled by car 55 miles to Hilton where the Martin's have their main office and the Lloyds are manufacturing farm equipment. Hilton is a lovely community located

high in the cool, green providence of Natal. What a beautiful drive—tree lined roads and wild flowers on rolling hillsides. Through this is the fall season Easter lilies were beginning to bloom by the side of the road as later poinsettias and

others would. Forrestry is a big industry there and trees grow to cutting size in 7 years. Rainfall average is 80 inches.

On Monday we left by car for a 2000 miles trip across South Africa. The terrain changes from rolling grass-

land to mountains to rich fertile farm land. We saw thick forests, sugarcane fields, tobacco, cotton, vegetables (mainly corn), pineapple and sisal.

We had overnight stops in Lesotho and Swaziland, small independent countries

within South Africa. The weekend was spent in little, round, thatched-roof huts in Kruger National Park. Kruger is an internationally famous park and the largest game reserve where many species of wild animals were seen.

Another interesting stop was Kimberly where we were treated to a tour of the Diamond City's fascinating past by seeing the Museum, the Big Hole, the old town as it was in 1800, a diamond cutter and then a trip down into an actual working mine

and processing of the diamonds. Other places visited were Vereeniging, Witriver, Huhluwe, Zululand and Val where we had lunch and visited Rodney and Kit Reynolds and their two children, Lane and Libby. Val is 90 miles SE of Johannesburg. Back in the Hilton area we visited Pietermaritzburg, 20 kilometers from Hilton and the capital of the State of

Natal. It is a charming city with many sites of interest. The largest all-brick building in the world is located there. Numerous places of scenic interest are nearby—Midmar Dam is the heart of inland small boat sailing, Howick Falls, where the Umgeni River drops 365 feet, numerous parks, a Botanical Garden and Mus-

The group had dinner at the Gridiron prior to the Rogers and Hammerstein Concert, consisting of music by Richard Rodgers, the lyrics of Oscar Hammerstein II and Lorenz Hart. William A. Herrod was conductor.

On the program were Jana King, John Gillas, Terry Cook, Sarah Watkins, Bill Hartwell, and the Monterey

Cantors (a 55 voice choir) under the direction of Marjorie Newton. Selections were from "Oklahoma", "Carousel", "Camelot", "Man of La Mancha", "Gaiete Parisienne" and "South Pacific".

Highlight of the program according to a club member was the singing of bass soloist, Terry Cook, a native of Plainview, who gave selections of "If Ever I Would Leave You" and "The Impossible Dream."

In the group from Girls-town were Sharene Neumeier, Christi Patterson, Kathy Skinner, Sherri Jackson, Claudia Breaux, Renee Desbiens and sponsor, Mrs. Wanda Cooper.

Attending from Floydada were Mmes. Doyle Jackson, Jack Jordan, Joy Smitherman, Peggy Probasco, Laura Rowan, Doris McLain, Noma Lou Rainer, Jo Payne, Sunny McDonald, Margie Fowler, Margie Womack, Barbara Arwine, Shirley Morton, and Lovene Moore.

During a brief business meeting a club president, Doris McLain, urged all Study Club members to be at the final meeting of this season, a salad supper on May 3rd.

The club was well represented at a recent City Federated Club sponsored program in Floydada on Crime In Our Society, a film and lecture by Fred McWhorter, Regional Coordinator of Texas Crime Prevention.

No one is liked by everyone. Be yourself rather than spending time and effort trying to live up to others' expectations, advises Mrs. Ilene Miller, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

The empire waist featured a lace inset which tied in the back. The V neck was edged in lace held by a breast pin belonging to her maternal grandmother.

Ring bearer was Shea Jackson of Lockney, a niece of the bride.

The serving table at the reception was covered with a floorlength blue cloth overlaid with white tulle, held

with spring flowers. The centerpiece was of spring flowers surrounding a unity candle used by the bride's sister in her wedding.

The two-tiered cake was topped with a bride and groom used by the bride's grandparents, Mr. and Mrs. M. S. Johnson of Lockney, on their 50th wedding anniversary and by her parents on their silver anniversary.

Banana punch and cake were served by the bride's sister, Mrs. Donnie Jackson, and her sister-in-law, Mrs. Jerry Johnson of Lockney. Rice roses were distributed by Shea Jackson of Lockney and Kimberly Smith of Hurst.

'Beauty Now' Theme For Athena Meeting

Fifteen members of the Athena Junior Study Club met Tuesday evening, April 19, in the home of Janie Klein. Kathy Hunter served as co-hostess. Kay Williams and Sally Carthel presented an enlightening lesson and offered tips concerning fashion news and figure control. Kay gave a preview of the new clothing styles for summer. Bright "crayon" colors will be in this season. Jumpsuits highlight the casual scene; but Kay also informed us that dresses, especially the casual ones, are coming back. Sally gave the group information concerning Weight Watchers, and spoke about the importance of losing weight sensibly.

During the business session, Kathy Hunter announced completion of the plans for the April 30 Cystic Fibrosis Bike-A-Thon. Entry forms will be available at the local schools by Thursday, April 21. The club voted to purchase uniforms for a team in the local Pee-Wee Baseball league. It was announced that Jan Mize and Virginia Taylor will be attending the TFWC State Convention in Dallas the week of April 24. They will be providing the entertainment for the Junior luncheon on Wednesday of that week.

Floydada Bank Sponsors Exhibit For Local Artists

Artists from Floydada and the outlying communities are going to have an opportunity to display their works of fine art when the First National Bank sponsors the Floydada Fine Art Exhibit in the lobby and community room during the first week in May.

A committee of local artists has been working for some three months in making plans and outlining ways to best exhibit the art works that are available in our town and adjacent area. Approximately 30 artists have expressed enthusiasm about the exhibit, and will have two works each on display in all media: oil, watercolor, acrylic, pencil, charcoal, pastel, ink.

The exhibit will open on

Sunday afternoon, May 1st, with an open house at which time the public is invited to meet the artists and view the art show for the first time, between the hours of 2:00 and 4:00 p.m. at the bank. Many of the paintings and drawings will be offered for sale to the public, however, buyers will be asked to leave the art in place during the week of the show.

Monday through Friday, May 2nd through 6th, the exhibit will be shown during banking hours, 9:00 a.m. through 3:00 p.m. each day. This will be an excellent opportunity for small groups of interested persons to visit the exhibit.

The Art Committee working with Mrs. Kinder Farris includes artists Jo Goen, Ted Bell, Winnie Carthel, and Dewane Franklin. This committee will receive entries on Saturday afternoon, April 30th, from 2 to 4 p.m. in the community room of the bank (south door). For any additional information concerning the exhibit, please call Jo Goen of Winnie Carthel.

Clay Henry, president of the bank, commented, "We, at First National realize the importance of cultural advantages in our community, and we are proud to take this step in encouraging our local artists in their talent and ability."

SEEK RECALL OF E.R.A.

Blue Bonnets Bloom In Austin

Austin was the stage for a repeat performance Wednesday, April 13, as in March 1975, several thousand Texans, six from this area—Mrs. Martin Stephan, Wanda Stephan, Mrs. Wayne Bramlet, Carol Bramlet, Mrs. Ray Ford, and Mrs. Benny Cates—gathered to support Rep. Clay Smothers of Dallas in his resolution H.C.R. 35 with approximately two hundred opponents appearing.

H.C.R. 35 is a resolution to recall Texas 1972 ratification of the so-called Equal Rights Amendment. In Rep. Clay Smothers opening address to the committee chaired by Tim Von Dohlen, he proclaimed that his position was supported by the majority of the citizens of Texas and supported his statement by presenting a rolling pin with 20,000 signatures rolled around it.

Several witnesses appeared before the Constitutional Amendment committee for and against the proposal to recall.

Dr. Lino Graglia, Professor of Law at the University of Texas in Austin, testified that the E.R.A. could be interpreted one of two ways and absolute interpretation or a flexible one. The absolute interpretation would insist upon complete non-discrimination on account of sex in all facets where the sexes are involved. This would entail the eradication of Protective Labor Laws for Women, compulsory military service for women (when the draft is reinstated), combat duty for women, removal of privacy in federal institutions, legalization of homosexual relationships in-

cluding "marriage" and adoption privileges.

The flexible interpretation would be to allow some distinction between male and female, ie, restroom, showers, barracks (as Barbara Aldave, Assistant Professor of Law, U.T.A. suggested). Dr. Graglia pointed out, however, that this would mean the government would have to reinstate the "separate but equal" doctrine in sex cases which was totally unacceptable in the racial cases. His conclusion was that all local and state authority in these matters would be relinquished to the federal courts and ultimately the Supreme Court.

Assistant Attorney General John Heath asserted that on the question of the legality of rescission, the case of Coleman vs Miller places the judgment in the hands of the U. S. Congress. James Brandon, Amarillo Attorney at Law, declared that U. S. Attorney General Griffin Bell's opinion that a state cannot rescind was a political statement completely foreign to his jurisdiction. Brandon confirmed that it would be the Congress to decide.

The Constitutional Committee, some of which were Joe Robbins, Lubbock, and Bob Close, Perryton, voted to place the Smother's Bill in a sub-committee.

Center News

By Mrs. J.E. Green

CENTER, April 18—How beautiful the country is after these April showers! Yards are alive with lilac bushes here in west Texas like the blue bonnets of central Texas—and these thunder clouds are still in evidence.

The revival is on at First Baptist Church with Bro. David Ray preaching. Don't miss it.

Mrs. Agnes Anderson and son Louis and wife visited her daughter, Miss Dorothy Gompson and family of Thompson and family of noon. She has a letter from a son, Leon of Tyler that they expect to be here for the reunion May 28.

Mr. and Mrs. Henry Brewer are on vacation to southwest Texas in company with a daughter and husband, Mr. and Mrs. Millard Watson of Mount Blanco and the Watson's daughter and family, the Ken Robisons of Lubbock.

Mrs. Marion Carpenter and Mrs. Thelma Jones visited Mrs. Fred Battey Friday afternoon.

Mrs. Hal Thomas is still in Methodist Hospital, Lubbock, taking treatments. We hope she will soon be able to come home.

Mrs. Thomas Warren visited Mrs. Ola Warren one night last week.

Mr. and Mrs. Thomas Warren were Sunday dinner guests of Mr. and Mrs. William Bertrand.

Mr. and Mrs. Willie B. Aiken of Petersburg visited Friday night with Mr. and Mrs. C. O. Spence. Mr. Spence has not been feeling so well.

Mr. and Mrs. J. B. Mas-singill of Phillips and Galveston spent Tuesday night with Mrs. J. E. Green. They were on their way back to Galveston where they are employed as managers of a 30 unit motel.

Mrs. Roy Smith of Hale Center visited Mrs. C. W. Denison one day last week.

Mr. and Mrs. J. B. Jordan (J.B. and Maurine) of Albuquerque, N. Mex. were in town visiting old Center friends last Wednesday.

Mrs. Donna Booth and daughter, Clarice of Lubbock were in town Sunday visiting her parents, Mr. and Mrs. J. D. Welborn. They also visited Mrs. Leo Frizzell in the afternoon.

Mrs. Louise Hamilton visited Sunday night with Miss Vera Meredith. Mrs. Clay Muncy of Lockney came one day last week.

Roe Jones is home after two or three weeks in a Lubbock Hospital. J. B. and Maurine Jordan

had lunch Wednesday with Mr. and Mrs. O.G. Mayfield. Wednesday supper was served by Mr. and Mrs. Travis Lightfoot to the J. B. Jordans, Mrs. Lillian Marble, and Mr. and Mrs. Weldon Cumbie of Providence.

In the afternoon some homes they called in were the J. D. Welborns, the Roe Jones' and Mrs. J. E. Green. Mrs. C. M. Meredith visited Sunday night with her son, Curtis and family.

Mrs. Meredith accompanied Mrs. Simpson to Plainview one day last week.

Mr. and Mrs. Marion Carpenter, also Mr. and Mrs. Joe Conway of Plainview, visited their parents, the Claud Carpenters Sunday p.m.

Mrs. O. C. Vinson is in a Plainview hospital for minor treatment or surgery.

And listen! for the Senior Citizens as much as for any body let us explore our commissioners to use some of that \$1,000,000 revenue money we are to get for reinstating our bus from Plainview to Vernon through Floydada! If we could have the small bus for two days each week it would help us older folks to get out of town to see our loved ones many miles elsewhere. I mean for anybody who has given up driving except around town, or for children or anyone, of course, but I'm speaking for us older ones. It is fine to have a good way to go and with smoking restrictions. Commissioners, please consider us!

AFRICA FROM PAGE 3

eums. We talked with many different people; visited schools, churches and hospitals. In many ways life was the same as here. The black African appears happy, healthy and well dressed. Business is good and South Africa is working toward solving their problems. It is an important nation, one we should have as an ally. Perhaps that is the reason other "forces" are making such a strong move to take over the country. We hope that the U.S. will not be blinded to the real situation there.

Our final stop came after a long afternoon of flying with the sun and 10 hours later—Rio de Janeiro. We saw the famous beaches of Copacabana and Ipanema, Sugar Loaf, and the very impressive 120 foot statue of Christ the Redeemer, on a 2,300 peak overlooking the city. Rio's most famous landmark. A perfect finale for a very interesting and informative trip.

Wonderful, wonderful rain has fallen over our area with varying amounts, but 3 inches have been reported in different parts of this community. South Plains got a dashing hail storm of short duration Tuesday afternoon, but no damage was done, and most of the rain fell slowly. The thirsty ground has swallowed every drop of the welcome moisture. Wheat has really spruced up since the rains came. We have had cloudy and damp weather and rain for a week in our vicinity.

Plans were made to start an Inter-Faith Bible Study Group Wednesday afternoon in the home of Mrs. Fred Marble at South Plains when several women met to make the plans. A Bible Class was organized for all faiths, and everyone in the community are cordially invited to attend. The Bible Class will meet on the first Tuesday of each month, and the first meeting will be May 3rd at 2:30 p.m. in the home of Mrs. L. T. Wood. A nursery is provided at the Baptist Church. Mrs. Early Pritchett will lead the first Bible class.

Nathan's aunt, Mrs. Jane Hild and her daughter, Mrs. Tennyne Torrance from San Antonio were there for dinner, and they took Nathan's grandmother, Mrs.

Johnson, home with them for a visit. Sunday afternoon, Nathan's grandfather, Harve Powell, from Denton came out to spend the night with Mr. and Mrs. Johnson and boys.

WHERE ARE WE IN

CANCER RESEARCH

The Floydada Unit of the American Cancer Society is conducting its annual educational and fund-raising Crusade this month, and it's only fair to ask:

Where are we in cancer research?

"Since it first began intensive support of cancer research after the Second World War the ACS has invested some \$400 million in cancer research of many kinds," an ACS spokesman explained. "What have we gotten in return? Here are some answers."

"At the time the ACS research program got underway, only one-out-of-every-four cancer patients could be saved. Today, that ratio is up to one-out-of-three. And, there is realistic potential for saving half of all the people who get cancer by applying the knowledge we have today about early diagnosis and prompt treatment," he said.

Surgery and X-rays remain major methods of treatment, but from the research laboratories have come more than 50 drugs that can kill cancer cells, and chemotherapy is now being used to either control or cure eleven different tumors. Equally important, medical science has become

more sophisticated in learning how to combine chemotherapy with surgery or radiation therapy.

"The whole pattern of chemotherapy is changing," the spokesman explained, "sometimes a seemingly small adjustment in a treatment plan can make a big difference. For example, we are learning that it's better to wait four to six weeks after surgery to give certain patients with colon-rectal cancer a cancer drug. Very courageous and careful medical scientists have shown us how we can safely give lethal, a powerful cancer drug in combination with an antidote. At this moment, we are following a three-drug program to help women who show signs of spreading cancer at the time their breast cancer is first treated. The earlier application of chemotherapy for patients with different forms of cancer is one of the latest trends in cancer treatment today."

Ray Henry

Truman Henry, respiratory therapist at Caprock Hospital, was called to lawton, Oklahoma, Wednesday evening, due to the death of his 15 year old son, Ray. The freshmen student in Lawton was killed Wednesday afternoon from an apparent bolt of lightning as he was walking home around 5:15 p.m.

Funeral rites were conducted Saturday morning, April 23rd at 10:30 in Law-

ton. Arrangements were by Becker Funeral Home.

Survivors include the father of Floydada; his mother, Barbara Henry of Lawton and a brother and sister of the home in Lawton, and his grandparents.

A. C. Huneycutt

Mr. and Mrs. Danny Daniel attended funeral rites Saturday, April 23, at 10 a.m. for her father, Charles Albert Huneycutt, about 42, who died in Lawton, Oklahoma, Wednesday morning after an illness of some nine months. Huneycutt, who was reared in Floyd County and lived in Lockney with his parents during this time, had recently retired from the army.

Services were conducted in Gainsville, Texas, where burial was also held.

Among survivors are the widow of Lawton, three children of the family home; the daughter, Lynn of Floydada; a son, Chuck Huneycutt of Lubbock; and several brothers and sisters.

NEWS 'N' NOTES

(by Sharon Hillis)

Folicin, or folic acid, is an essential nutrient to prevent anemia.

This compound is present in small amounts in a variety of foods. The name folicin derives from the Latin word "folium" meaning leaf, because folicin is abundant in green leaves and in its early history, a potent concentrate was made from spinach.

The best food sources of folicin are raw fruits and vegetables, because cooking destroys folicin. Asparagus, endive, broccoli, lettuce, spinach and liver are excellent sources. Other leafy greens, black-eyed peas, dry beans and citrus fruit are good sources.

The daily need for folicin is 400 micrograms for males and females 11 years of age and older, except during pregnancy when it doubles.

USE OF ELECTRODE-

LESS fluorescent bulbs in homes and businesses could reduce fuel demands for lighting by the equivalent of up to 500,000 barrels of oil a day. These new bulbs will cost about \$7 but produce three times as much light per unit of electricity as an incandescent bulb. Manufacturers estimate that a 100-watt bulb used eight hours a day will pay for itself within a year, and the new bulbs will last over two and a half times as long as conventional bulbs, says-

Lynn Bourland, family resource management specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

Michael Sangster of Great Britain registered the fastest tennis serve ever recorded when in 1963 he served a tennis ball 154 mph.

Letter To The Editor

Dear Editor,

I've been wondering if the people of this area know anything of the controversial "Equal Rights Amendment." Many think it is, equal pay for equal work. Laws are already on the books for this cause.

The ERA will take away many privileges that women now have. Both those for and against the ERA, tell us that our young women will be drafted into combat duty, if and when the draft is reinstated. Parents, do you want your daughter drafted?

The ERA will give homosexuals the right to marry and adopt children.

Laws that protect women will be changed. These are just a few of the many things the "Equal Rights Amendment" will bring.

A meeting will be held, Friday night, April 29, in the Elementary school cafeteria at 7:30 p.m. Anyone interested is urged to attend.

Sincerely yours,
Mrs. Martin Stephan

1976 LITTLE RUSTLERS RODEO

We had a great turnout at the first annual Little Rustlers Rodeo last year. There were 84 youngsters that entered, and there were 304 entries in our events. Youngsters from 11 surrounding towns entered. This was exceptional for the first rodeo.

We appreciated all the interest everybody showed, and all the work everyone put into producing our rodeo. There was certainly a lot of hard work done, and very well worth while. Everyone had the greatest time. It's sure great to live in a town that cares for their youngsters.

We expect to have a larger turnout this year. We appreciate the cooperation of the local businesses who are donating ribbons and trophies this year.

Scharlene Durham
Rodeo Secretary

LOCKNEY LOCALS

Mr. and Mrs. Herman King were honored on their 44th wedding anniversary with a dinner given by their daughter, Joan, at her Lubbock apartment on April 13th. Assisting Joan were her roommates, Chandra Davis and Patty McDaniel, all students at Texas Tech. Miss Georgene Fox of Dallas was a guest.

Mrs. Annie Lee Kellison's daughter and her family, Mr. and Mrs. Don McNichol and children from El Paso, visited her this past weekend. The McNichol's sons, Doug who attends Texas Tech, and Bob, a student at Lubbock Christian College, joined them for a visit during the weekend.

Mr. and Mrs. R. H. Parker spent several days during the Easter holidays in Ruidosa, N.M. with her sister, Mr. and Mrs. C. Ray Stevens of Littlefield, in the Steven's vacation home.

Mrs. Valca [Opal] Thomas, a former Lockney resident, underwent surgery Tuesday of this past week in Methodist Hospital, Lubbock. She is recovering satisfactorily, and may be released the first of next week. Her room number is 666. The R. H. Parkers were at the hospital during her surgery.

The Lavon Johnson families, Mr. and Mrs. Lavon

Johnson; Mr. and Mrs. Donnie Jackson and children, Clint, Chad, Shea and Cody; Mr. and Mrs. Jerry Johnson and Jerald, went to Arlington, Texas, last week for the wedding of the Lavon Johnson's daughter, Mary Johnson to Tom Konlande on Saturday. They all returned on Sunday.

Several local women spent a few days this week on a trip to Tow, south of Llano, Texas, on Lake Buchanan, at the R. C. Kellison's vacation home. Those making the trip were: Mmes. Eunice Greenhaw, Ina Phillips, Annie Lee Kellison, Lenox Kellison; and Josephine Smith. They enjoyed the wild flowers in bloom—Indian paintbrush and blue bonnets. They also saw lush vegetable gardens and fruit trees laden with ripening fruit.

Mr. and Mrs. G. C. Applewhite and Felicia of the Lone Star community expect several guests for the weekend. Mrs. Applewhite's sister, Mrs. Marie Cooper of Canyon, is expected to arrive on Friday, April 22nd. Their daughter, Myra Applewhite of Plainview will spend the weekend in their home. The Applewhite's son, Cal Applewhite of Houston will fly in on Saturday and stay until Sunday.

They reach out, wanting to touch and making a game of it. Who will be the first to give in, so that fingers will clasp in a burst of laughter?

Childhood play. It isn't always this easy. Later on, we want to bridge the gap that separates us from something or someone else. But often we don't have the nerve.

Sometimes we want to speak . . . and can't find our voices. Sometimes we honestly want to go to church . . . but it's been so long.

In anything, the hardest part is the first step. One foot, then another foot . . . which, in the case of the church, leads straight to a wide-open door.

The rest is easy.

More Funds Available For Highway Repairs

LUBBOCK — Legislation provides \$528 million of new money for the next two years which will help us return to a more normal construction and maintenance program than has been possible in the last few years.

This includes \$200 million as a one-time allocation to help restore some of the highway system to the level it had been before the financial crisis and before the past winter's bad weather.

The work will be accomplished without any increase in the number of permanent

personnel in the Department, present employees will put forth every effort to get the job done.

The Legislation gives the Department a definite sum by which 20-year, five-year and one-year programs may be developed in accordance with our new procedures. Until these plans are developed, we cannot speculate with confidence on the effect these funds will have on any specific project, also keeping in mind such things as environmental and other clearances which also can affect scheduling of projects.
