CLARK CLEARS A HURDLE at the state track meet.

Clark Fifth At State Meet

Longhorn hurdler Danny Clark placed fifth in the intermediate hurdles at the state AA track meet Friday in Austin. The fourth-place finisher, Jim Oliver of Hooks, barely nosed out the Longhorn runner—Oliver, like Clark, was clocked in 38.9 seconds over the 330-yard distance.

Clark's state time was a tenth of a second off his best of the year—he ran a 38.8-second race in the regional finals.

Coach Tom Gregory said there was "...lots of competition..." at the state meet. He added that Clark worked hard and represented Lockney well at Austin.

The Floyd Philosopher
Has No Solution On What To Do
About The President's Mail

Editor's note: The Floyd Philosopher on his Johnson grass farm discusses a Presidential problem this week, sort of.

Dear editor:
 According to an article I read in a newspaper the other day, President Carter is getting about 75,000 letters a week from people around the country. It might be even more, but you know how the mail service is these days.

Anyway, I got to thinking about this. Seventy-five thousand letters! If each letter averages just 100 words, that's 7,500,000 words, or divided into books of 50,000 words each, 150 books.

Now no man can read 150 books a week and still have time to run the country and teach a Sunday School class too. So obviously somebody else reads the letters and answers them. It's like nine million people trying to call the President when he held his famous phone-in a while back. Only about a dozen actually got to talk to him. Those 75,000 letters a week constitute a problem for which I have no solution. It's one of those problems like energy or the Middle East which, after you get through stating it, you're too tired to go any further.

But speaking of mail, I understand some people are suggesting the post office department adopt an electronic system of delivering the letters. Instead of being actually carried from one town to another, the letter is photographed and transmitted by wire to its destination, where another machine reproduces it exactly like you wrote it and seals it. A mailman then delivers it to the proper address, as soon as he can get around to it.

The system has a few drawbacks, like what about privacy, although I guess clerks could be required to turn out the lights when they're feeding your letter into the transmitting machine so they couldn't see what you wrote.

This reminds me of an experience a depot agent in a small town had back in the days when we had trains and the agent, being the only telegrapher in town, handled telegrams.

One cold rainy day he received a telegram on his wires for a woman. He telephoned her and said he had a telegram for her but since it was too cold and rainy outside for her to come by and pick it up, would she like for him to read it to her?

"Don't you dare open my telegram!" she shouted.

Yours faithfully,
 J.A.

"They qualified for this trip by equalling or surpassing sales quotas assigned to them and by rendering outstanding service to their policyholders," Crownover added.

NEWS 'N' NOTES

(by Sharon Hillis)

Summer fashion accessories will add excitement and variety to casual and formal moods—from "just-for fun" styles to understated elegance.

Barrel bags and umbrellas in waterproof silver and gold fabrics will add gleam to summer showers—while gold and silver leather sandals can complete the ensemble.

Bags run the gamut of styles and shapes—with clutch, attache' and tote most popular. Evening totes in luxurious fabrics are a new trend. Popular fabrics for daytime will be canvas and linen trimmed with lizard and printed canvas. Hemp will remain important for casual wear.

Belts will be very narrow. Wear a single snakeskin belt for a classic look, or wear three skinny belts for the "now" look. Cord belts and denim with lizard trim will be important, too.

Another important accessory item this year is sunglasses. Lenses are larger, often shaded and frames are thinner and lighter weight. Scarves are still popular to provide a finishing touch for many ensembles. The accordion pleated scarf is a crisp change from past seasons.

GET-READY GUIDE—LINES FOR HOME CANNING EQUIPMENT

It's "inventory time" for proper home canning equipment—an absolute "must" for safe, high quality home canned foods:

-Lids—A two-piece self-seal lid is the most commonly used and reliable lid. Other new lids are appearing on the market—so follow manufacturer's instructions to make sure lids seal properly and hold the seal during handling and storage.

-Water bath canner—Use any large kettle with straight sides, a tight-fitting lid and a rack to keep jars off the bottom of the kettle. Kettles should be deep enough to hold jars upright and permit the water to boil gently one to two inches over the jar tops.

The boiling water bath is recommended for canning fruits, fruit juices, tomatoes, rhubarb, and pickled vegetables.

tables.
-Pressure Canner—A pressure canner in safe working order is the key to "get ready" plans for home canning all meats and vegetables (except tomatoes) in order to prevent spoilage due to botulin toxin.

A "Make Sure" checklist for safe working pressure canners appears below.

-Take off removable petcock and safety valves, wash and dry thoroughly. Soak in vinegar to remove any corrosion.

-Use a toothpick or pipe cleaner to clean openings in lid of canner.

-Use fine steel wool and soap to wash bottom part of pressure canner.

-To remove any odors and stains, combine juice of one lemon—or two tablespoons vinegar—with two quarts of water. Process at five pounds pressure for five minutes.

-Grease (using vegetable oil) the closing surfaces of metal-to-metal-sealing pressure canners if lid is difficult to remove or steam escapes.

-Replace gasket if rubber has hardened to make sure the canner is air tight.

-Check dial gauge on pressure canner. Clean weighted gauge thoroughly.

Belt Variety Has 'Cinch' On Fashion

COLLEGE STATION—A variety of belt styles accent fashionably slim waists this season, Margret Ann Vanderpoorten, a clothing specialist, reports.

Style-conscious consumers can choose ready-made belts—or create their own, she suggests.

Miss Vanderpoorten is with the Texas Agricultural Extension Service, The Texas A&M University System.

"Some belts simply tie—these may be in solid color cording, leather, or in fabric to match a garment.

"Others made of ribbons and trims sewn to backing

Bounty of Summer Harvest

AUSTIN—Grocery baskets will soon be "brimming over" with fresh fruits and vegetables, according to Agriculture Commissioner Reagan V. Brown, as this year's harvest moves into high gear.

"Our good Texas-raised products are among the best buys at the marketplace," Brown said, reminding consumers that "miles-fresher foods from Texas are the best food values both economically and nutritionally."

In the Coastal Bend area, Brown said, the cucumber harvest is already underway in a few fields and watermelons are developing well as harvest approaches. Cabbage, carrot, onion and potato harvest continues in the Lower Rio Grande Valley, with the citrus harvest nearing completion.

The Texas Crop and Livestock Reporting Service shows most vegetables and fruits making good progress throughout the state, with some replanting of melons and squash due to water damage along the Upper Gulf Coast and cool temperatures retarding growth on earlier fields of beans and peas in the East Texas area.

In the San Antonio-Winter Garden area, wet weather slowed field activities in some section, but onions and cucumbers are making good growth.

One of the best peach crops in years is expected. Producers are thinning their crops and, with continued favorable weather, harvest should be underway by the middle of May.

There is real danger that a cut on the hand could lead to staphylococcal contamination of food during meal preparation.

give a different and fashionable touch to a simple dress or top."

Both wide and narrow belts with buckles—or other types of fasteners—are popular, too, the specialist said.

"On many wide belts, especially the waist-cincher type, we're seeing interlocking closures in interesting texture or color.

"On narrower belts, the buckle may be a disc or other decorative shape with a hidden fastener on the back. These work nicely with simple, understated belting, such as fabric that matches the garment or simple leather belting."

For belts with rich detail, however, simpler buckles are more attractive, Miss Vanderpoorten added.

"Also, some buckles have a rough-and-ready appearance—and these coordinate best with heavier suede and other leather-type beltings. Their special waist accent gives casual clothes a lot of interest."

For another exciting effect, today's belt wearer can "pair up" an unusual buckle with a complementary fabric for the belt—such as a nautical buckle over fabric of stars or anchors printed in a straight line to make the belt, she suggested.

and home-owners in the South Plains have utilized the circular red and black operation identification decals. Studies revealed that at least six different decals were in use across the state. As a result, the Texas Crime Prevention Institute in San Marcos working with various State Crime Prevention programs established a new state wide logo and program title. This new logo corresponds with the logo used by Minnesota and it is our hope in law enforcement that

other states will follow for a complete national effort.

The new program title, Texas Crime Watch is already in use for radio and television spots and the new rectangular black and blue logo has recently been utilized in the South Plains on posters.

As a concerned citizen we know you are wondering if the old decals on your doors and windows will still be effective. The answer is yes. The old circular decal is still just as effective to alert

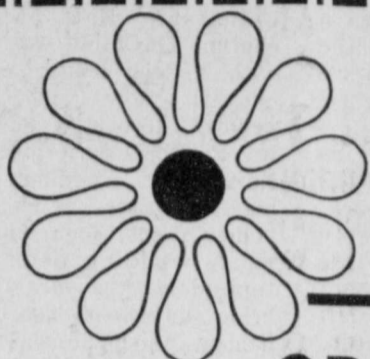

criminals that the property inside your home or car is marked. We would encourage you to eventually change to the new decal as the old ones fade or need replacement, but remember you are receiving the same amount of protection with either one.

We also want to remind you that marking your property and use of the decals will not prevent your property from being stolen by itself. There are other Crime Prevention Programs you

At the close of the program, Mrs. Mildred Martin of Petersburg was presented with a plaque in tribute for her eleven years of outstanding service to the society, and Mrs. Johnston was given a bar pin in token of her year's work as president.

The following members from Floydada attended: Carol Bell, Mary Alice Craig, LaVada Garrett, Louise Hamilton, Roberta Hardin, Emily Johnston, Sunny McDonald, Ella Reue, and Noma Lou Rainer.

Society

birth years of the couple.

During the processional the bride paused and presented her mother with a yellow rose, and gave the groom's mother an identical yellow rose during the recessional.

Attending the bride as maid of honor was Miss Bonnie Sain of Lubbock, sister of the bride. She wore a formal length princess style gown of blue organza with white flocked daisies, fashioned with a sweetheart neckline and short puffed sleeves. The gown was accented with a self fabric sash that tied in the back with streamers extending to the deep ruffle of the skirt. In her hair she wore a bow of yellow and blue ribbon accented with baby's breath and streamers. She carried two long stemmed yellow roses with yellow and blue ribbon streamers.

Candles were lighted by Tim Sain, brother of the bride, and Shelley Sain, sister of the bride. Miss Sain wore a dress identical to the maid of honor. In her hair she wore flowers of yellow daisies, flocked baby's breath and ribbon streamers of yellow and blue. Her brother wore a black tuxedo with a baby blue ruffled shirt, black bow tie, and a boutonniere of miniature yellow daisies.

Serving his brother as best man was Johnny Harris Sr. of Floydada, brother of the groom. Ushers were Oran Sain, of Canyon, cousin of the bride, and John Jacobs of Plainview, brother-in-law of the groom. The father of the bride, ushers and the best man were attired in baby blue tuxedos, trimmed in black, baby blue ruffled shirts, black trousers and black bow ties. Each wore a yellow daisy boutonniere.

The groom wore a candlelight tuxedo trimmed black with a baby blue ruffled shirt, black trousers, black bow tie and a boutonniere of soft yellow rosebuds.

Mrs. Sain, mother of the bride, wore a blue daron floor length gown with long chiffon sleeves and a white carnation corsage. Mother of the groom wore a red and white floral floor length gown and a yellow carnation corsage.

Guests were registered in the bride's book by Mrs. John Jacobs of Plainview,

sister of the groom.

Following the ceremony, a reception was held in the Fellowship Hall of the church. The table was laid with a floor length white chantilly lace cloth over yellow. The bride's bouquet was the floral centerpiece. A three-tiered wedding cake was decorated with soft yellow roses, sugar doves, white wedding bells and topped with a miniature bride and groom. The cake, banana slush punch, nuts and mints were served from crystal and silver appointments by Mrs. Danny Parsons of Plainview, niece of the groom and Mrs. Oran Sain, Canyon, cousin of the bride.

Miss Sonya Milligan passed out memory scrolls and Miss Shelley Sain passed out blue rice bags.

For a wedding trip to Carlsbad Caverns in New Mexico, the bride wore a navy blue daron jump suit with a white and navy blue checked tie belt and a yellow rose corsage.

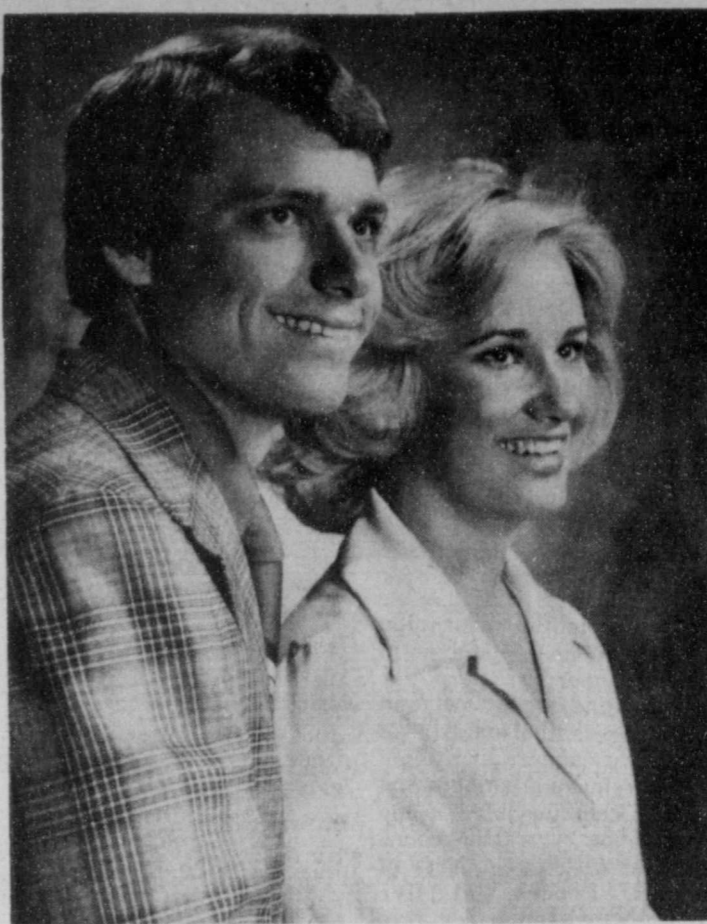

The couple will make their home in Paducah.

The bride is a graduate of Muleshoe High School and Wayland Baptist College and teaches remedial reading in Paducah Grade School.

The groom attended Floydada schools and is manager of Ponderosa Meat Company in Paducah.

Out-of-town guests included Mr. and Mrs. B. E. Norris and children, Grand Prairie; Mr. and Mrs. Danny Parson, and Mr. and Mrs. John Jacobs and Jason all of Plainview; Mr. and Mrs. Johnny Harris, Jr. and children and Mr. and Mrs. Jerry Jarrett, Floydada; Kevin Vick and Vicki Eubanks, Amarillo; Doyle Vick, Oklahoma City, Okla.; Mr. and Mrs. Marshall Rawle Chico; Mrs. Leslie Milligan Jr., and Sonya, Azle; Mr. and Mrs. Gene Conwell, Darrell and Jonathan, and Mrs. Rick Reid, Amarillo; Mrs. Lynn Armstrong and Tye, Dumas; Bruce Taylor, Earth; Mr. and Mrs. Oran Sain, and Jason, Canyon; and Mr. and Mrs. Roy Humphries and Marsha, Willard, New Mexico.

Janice Noland Harder, Loyd Davis Married In Floydada

Janice Noland Harder, Plainview, and Loyd Davis of Hart were married Sunday afternoon, May 15. Rev. Hollis Payne performed the 3 p.m. ceremony before the families and close friends of the couple in the home of the bride's parents, Mr. and Mrs. Cliff Gilly in Floydada.

Yellow tapers, surrounded by yellow daisies and greenery on the hearth of the fireplace provided the background for the ceremony. Bouquets of fresh spring flowers were placed throughout the home.

Mrs. Harder wore a floor length ecru dress with ecru lace trim. The bride's atten-

dant was her daughter, Jana Lackey. Judd Davis of Hart served as best man for his son.

A reception was held immediately following the ceremony. The table was laid with a mint green cloth edged in lace. A two-tiered cake decorated with yellow daisies centered the table. Crystal and silver appointments were used. Assisting with the reception were the bride's sister, Lisa Noland and her sister-in-law Mrs. Larry Noland.

Deborah Gay Sain And Buddy Williams Wed

Miss Deborah Gay Sain and Buddy Arnold Williams exchanged wedding vows in a candlelight ceremony, Saturday April 9 at 4 o'clock in the Trinity Baptist Church of Muleshoe.

Rev. V. L. Huggins of Memphis, Texas performed the double-ring ceremony before an altar setting of a large bouquet of emerald and flat fern, flanked on either side by spiral candelabrum entwined with greenery and holding white lighted tapers. Family pews were marked with blue and yellow bridal bows.

Parents of the newly weds are Mr. and Mrs. Walter Sain of Muleshoe, Mrs. Sybil Williams of Floydada and F. P. Williams of Quanah.

Mrs. Charles Bratcher, organist, and Mrs. Wendell Speck, pianist, provided traditional wedding music

and accompanied Miss Becky Sain of Lubbock, sister of the bride, as she sang the "Wedding Prayer" at the close of the service.

The bride, given in marriage by her parents and escorted to the altar by her father, wore a formal length wedding gown of candlelight maracine jersey knit. The moulded bodice featured a Queen Anne neckline etched in motifs of Venice lace and long fitted sleeves which fell to petal points, trimmed in matching lace. From the lace encircled crescent waistline floated the full circular skirt which extended to a chapel length train in the back. Matching lace bordered the hemline. Completing her ensemble was a fingertip two-tiered veil of candlelight silk illusion with the lower tier edged in lace. The veil was attached to a headpiece of lace and tiny pearls.

The bride carried a cascading bouquet of soft yellow sweetheart rosebuds with white miniature carnations, Lilly of the Valley, and flocked baby's breath, accented with ribbons of white lace and cream streamers. Carrying out the tradition for something old she wore a gold wedding band 72 years old that belonged to her late grandmother Sain; something new was her bridal ensemble, something borrowed, were her shoes, from her sister and something blue was her satin garter, made and given to her by her aunt, Mrs. Mae Provence. She also had pennies in her shoes minted in the

Peggy's Meddlin's
BY PEGGY MEDLEY

COWBOY cooking is as old as the West, and that goes back a long way...a jillion tons of beef and beans must have been cooked along the Chisholm and Goodnight Trails...and the countless number of unnamed trails that felt the wheels of wagon trains and the stamper of the Longhorns driven across the land. After long, hard hours in the saddle in all types of weather about the only thing a drover had going for him was a hot meal of sourdough biscuits, frijoles, beef, coffee and just maybe some canned peaches once in a while.

Who had to feed these tired and dirty cowhands? Probably a tired and dirty chuck wagon cook. He got a few bucks a month extra for being a doctor and father confessor in addition to his cooking chores. Burnt biscuits and pebbles in the beans could be the fare. Still he was an artist in his own way, turning out the best eatin' he could on coals, spits and cast iron Dutch ovens... and on time, too.

Chuck wagon cooks still exist on the modern ranches, but now using chuckhouses and pickups. Still the sourdough is the same and coffee that'd curl your hair hasn't changed much. That's why a group of men in Abilene decided to preserve and bring back to life the heritage of the cowboy campfire cook.

June 11 and 12th there will be the International Cowboy Campfire Cook-off in addition to the Western Heritage Festival in Abilene, Texas. Everyone is invited to attend, and honest hun, you'll be glad you did!

WE all enjoyed Sour Kraut cake at the Hesperian Monday morning. Arvie Schulz had her own recipe and since I had never attempted to make the cake as yet (never eaten any for that matter) she brought us a loaf to enjoy with our coffee. It's really moist and what particles of sour kraut you eat is something like coconut. Everyone sampling a slice commented, "This sure is good chocolate cake" and couldn't believe it after they learned it was really sour kraut cake!

NO one should have any problem finding wild flowers to enter in the show for Old Settlers, that is if this wind doesn't flatten them out. Guess wind is better any time than hail like some of the northern counties received Monday evening. A drive over the county roads gives you an idea of just how much our recent rains have helped Mother Nature.

THE mother of a three year old said her daughter was adept in getting her point across even when she gets her words mixed up. One example was when she fell recently and skinned her little toe. The mother said the tot came running into the house crying, "Mommy, Mommy, I hurt my foot finger!"

OLIVER Nelson of Yale Divinity School once said, "If all the garbage men and all the preachers quit at the same time, which would you miss first?" So, let no man look down on the work of another.

the honors. Also, Elaine Hardy's district chairman's report in the international affairs department was awarded third place.

Copies of the proposed new club constitution were distributed by Cheryl Bradley, who will be installed president May 26. The new constitution is needed as the club recently voted to become independent of the Texas Federation of Women's Clubs.

Neurotic Behavior

Sally, a 28-year old mother of two children, was having periods of unhappiness. The periods occurred daily, to the point that she would cry and withdraw from friends and even family. The children even got

on her nerves to the extent that she would seclude herself in the bedroom away from everyone. Sally really wants to be happy but sees everyone involved in other things to the point that she is sure no one really cares for her.

Given the above behavior, Sally may be suffering from neurosis. The neurotic person observes life, not as it is, but as she/he would like it, or fears it, to be. While everyone has emotions, the neurotic person-

ity has a tendency of shutting up and withdrawing from that which she/he may fear. Emotions like automobiles, can carry us forward or destroy us.

Consider the following attitudes or emotions, and evaluate the discrepancies with the responses. **Love:** (Normal) most people want to be loved. Take Ginger for example, she wants to be able to give and receive love in a mature fashion. She is able to accept the fact that love is a "giving" rather than a "holding" emotion. (Neurotic) Sally is the type of person who must be constantly reassured at the inappropriate times of another's love, suffers neurotic fears of insecurity and unworthiness.

Anger (Normal) Ginger becomes angry on occasion when provoked. As is the case of all emotions, the

appropriateness of the emotion and the way it is handled indicate the quality of mental health. (Neurotic) Sally becomes angry inappropriately. She feels "done against" quite often, and remains angry for a long period, often not able/willing to forget it.

While no doubt everyone has some neurotic behaviors, sometimes the problems mount to the degree that a person is persistently unhappy. The point at which a person enters therapy may directly relate to the success of treatment.

This is the first in a series of articles on Mental Health/Mental Retardation, produced by the Central Plains MH/MR Center. If a reader would like a general mental health question considered, you are asked to contact Audette Kincaid, Community MH Worker,

For Floyd County. She may be reached by dropping by the Family Service Center at Floyd County Courthouse or by calling 806-983-2584.

Caprock EMT Assoc. Meets

Members of the Caprock Hospital EMT Association held their regular monthly meeting May 9 in the dining room of the hospital. All but two members were present.

The association has been invited to become associate members of the South Plains EMT Assoc., of Lubbock. A vote was taken which was unanimous.

Plans for participation in Old Settlers were finalized and EMT members voted to have a float.

Five Accidents In Floyd County In April

The Texas Highway Patrol investigated five accidents on rural highways in Floyd County during the month of April, 1977 according to Seageant Ken Evans, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and eight persons injured.

The rural traffic accident summary for this county during the first four months of 1977 shows a total of 16 accidents resulting in no persons killed and 14 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for

April, 1977 shows a total of 462 accidents resulting in 17 persons killed and 273 persons injured, as compared to April, 1976, with 510 accidents resulting in 10 persons killed and 318 persons injured. This was 48 less accidents, seven more killed, and 45 less injured in 1977 at the same period of time.

The 17 traffic deaths for the month of April, 1977 occurred in the following counties: Two each in Archer, Clay, Terry, Young, Hutchinson, Potter and Randall; one each in Armstrong, Gray and Swisher.

Lakeview News

(By Penny Golightly)

LAKEVIEW, May 16 - Since I started painting and drawing, I can see the improvement over the eight years. Of these eight years, one year I spent in an art class in high school and after high school my parents gave me a correspondence course for nearly three years until I graduated. The same improvement I have seen of the public for art. More and more now people are recognizing art through art shows and sales. I hope this enjoyment for the arts improves more, as I hope my own ability improves!

Greg Bishop has a new

colt. It's that time of the year again. Good luck with it, Greg.

Mr. and Mrs. Horn of Lubbock were visiting over the weekend with Mr. and Mrs. Verlon Wright and daughter, Cindy Burk. Mr. and Mrs. Horn are parents of Mrs. Wright.

Mr. and Mrs. Sam Latta and Mr. and Mrs. Danny Cornelius from Crosbyton visited in the home of Mr. and Mrs. Dean Watson and daughters, Amanda and Deanna, Tuesday. Brenda also visited with Mrs. Jerry Allen Friday afternoon.

Dayne, Penny and Rance Golightly went to Lake Bridgeport over the week-

end. We finally got to get out on the lake for the first time and caught a few bass and water skied a little. The wheat is getting to harvest up around Fort Worth. We even saw some combines moving in.

An outside graduation breakfast on the canyon was given in the honor of Scott Brown Sunday morning. He is a graduating senior from Crosbyton High School. Those present for the occasion were Mr. and Mrs. Edmond Brown, son, Rex, Mrs. Georgie May Eickson, and Mrs. E. H. Brown. Mrs. E. H. Brown reported to me how beautiful the canyon was Sunday morning.

Mr. and Mrs. Earl Edwards Jr. and Marilyn from Llano visited from Monday to Wednesday with Mr. and Mrs. Earl Edwards Sr. Other guests in the Earl Edwards home were A. V.

Lockney Care Center Capers

Well, here we are again. Things have been so jumbled the past two weeks we just haven't gotten around to sharing our activities with you. As you all know, last week we celebrated Nursing Home Week. We had a very enjoyable week, thanks to all the very kind people in Lockney. All of our cookies were donated by different ladies for each day's activities.

Nursing Home Week was kicked off Sunday afternoon by Open House. We had more than 75 people attend and we appreciate every one of you. We could have never made it if not for Wilma Adams and her Home Economics class who made all our cookies for us.

On Monday we were entertained by the school's choirs. Some high school girls came and sang and some junior high girls and boys danced for us. Several local square dancers came on Tuesday. There were enough dancers for two squares. Weymond Box of Plainview called. Wednesday afternoon we all gained about 5 pounds from our homemade ice cream party. We had seven freezers of ice cream and they were all delicious. We had a nice Bingo Party Thursday.

There were several nice prizes donated and they were all greatly appreciated. Friday night the week was concluded by a cookout, where we were entertained by Dowell Brewer, Lewis Stapp and Chester Mitchell. We had to eat inside because of the rain and the cool weather, but everyone enjoyed it anyway. The entire week was so nice because of everyone who gave of their time and energy. Our thanks go out to everyone who donated cookies, ice cream and Bingo prizes, also everyone who attended. We enjoyed all the families and friends who attended and had fellowship with us.

Letter To The Editor

(Editor's note: The following was received by John Peck from Congressman Omar Burleson after the Lockney school superintendent wrote the Congressman opposing extending the Special Unemployment Assistance Act to school districts.)

Mr. John O. Peck, Superintendent
Lockney Independent School District
Lockney, Texas 79241

Dear Mr. Peck:

Thank you for your letter of May 5, in which you discuss your opposition to an extension to the Special Unemployment Assistance Act to school districts.

Regrettably, this is not a matter to be determined by Congress at this point, but a law which was enacted on April 12, 1977, Public Law 95-19, a copy of which is enclosed. This was known as the Emergency Unemployment Compensation Extension Act of 1977.

I voted against this bill when it was before the House of Representatives but, obviously, there were not enough votes to prevent its passage. Something is wrong with Government when a person can draw better benefits from unemployment than from working, and of course, these programs do pose an additional burden to the taxpayers and to employers.

You may find of interest the enclosed newsletter which I issued on April 14, which deals with this very subject. I think you will find our philosophies very much the same.

Again, I appreciate your taking the time to write me about this matter.

With warm good wishes, I remain

Sincerely yours,
s/s Omar Burleson
Omar Burleson

AS IT LOOKS FROM HERE

WASHINGTON, D.C.—NOTHING SEEMS QUITE AS PERMANENT AS a temporary Government program. Year by year the congress continues to extend supplemental unemployment benefits beyond the 39 weeks available under the regular Federal-State payments. The unemployment program has been in effect for many years, paid for by employers. The additional 25 weeks of benefits are paid from general revenues which means the costs come from all taxpayers of the Nation.

JOBLESS BENEFITS CAN NOW REACH the maximum of 65 weeks in States with a rate of 6% or more unemployment. This drops to 52 weeks when the rate is between 5 and 6%. The sum of 500 million dollars is budgeted for the payments between now and October 1. The various States administer the program with Federal "guidelines". Some States are more "liberal" in determining payments than others. California and New York are the big beneficiaries under this program. The bulk of all payments will go to a few States which provide high benefits. Texas has one of the best administered programs in the Nation and, because of our comparatively low unemployment rate and because it is well run, we just about draw a goose-egg in this extended benefits program but we help pay for it.

THIS PAST WEEK THE "TEMPORARY" ADDITIONAL COMPENSATION PROGRAM was passed by the House of Representatives. The Senate had approved the legislation a few days before to which was attached an amendment requiring future pay raises for the Legislative, certain Executive and Judicial officials, to be voted on by recorded vote. This had an appeal since the recent increase in salary for Members of Congress, Cabinet and other Executive officials and Federal Judges, came under such heavy criticism. Some Members, but certainly not all, voted for the increase in unemployment compensation, hoping to "get off the hook" for their previous support of the pay raise. It had a real wholesome sound (as if another raise was about to occur, the fact being there definitely is not going to be any for years in the future and just maybe never).

THE SENATE WAS ON RECORD AND VOTED FAVORABLY on the recent pay raise but the House, under parliamentary procedures, avoided it. Unlike the House of Representatives the Senate can put an amendment on a bill which has no relevance to the measure but the House, under its rules, cannot do so. The House has the rule of "germaneness" which requires any amendment to relate to the subject of the legislation. This more nearly accounts for this amendment. As a matter of fact, there is already legislation avoiding automatic pay increases. An amendment recently adopted in the Budget Committee prohibits increases which otherwise would occur in October.

THERE WERE ONLY TWO VOTES against the measure on extending benefits for unemployment compensation: this Member being one of those two. The vote was cast on the judgement that, first, there is a big question as to the rate of unemployment; the fact that our State is on the short end of any benefits; the further fact that every dime of this money has to be borrowed, adding to the Federal deficit and; the further fact that unemployment is dropping as the economy improves. The States with the high payments are a drain on those who try to hold a reasonable line on these costly payments but reap the greatest benefit. These payments and other available benefits which make it more attractive not to work than to work simply cannot be justified.

Odd Fellows Assist

Kidney Foundation

J. O. Duncan, Jr., Grand Master of The Grand Lodge I.O.O.F. of Texas, has designated May as "Kidney Foundation Month." Odd Fellows and Rebekahs over the State are requested to urge their friends and relatives to sign the Kidney Foundation donor pledge card so that at the time of their death their kidneys may help someone else to live.

The Kidney Foundation's "Gift of Life" film will be shown in Odd Fellow and Rebekah Lodges during the month of May. The public is invited to view this educational film. Grand Master Duncan states, "The need for kidney donors is critical. Parkland Hospital in Dallas had to discontinue their transplant program late last year for lack of donors. Other transplant centers in Texas face the same problem."

Park Offers Fishing

QUITAQUE - Caprock Canyons State Park located just north of Quitaque is one of the newest parks in the Texas system and the clean, cool waters of Lake Theo are drawing many visitors.

Although the 15,000-plus acre park is not developed for overnight camping or extended backpacking, day-use picnickers, anglers and sightseers are enjoying the scenic caprock country.

"Fishing has been good for crappie with a few large-mouth bass being caught this spring," said Marquis Robertson, park superintendent.

"There is no day-use or entrance fee since the park is not fully developed," Robertson continued.

The present day-use hours are from 8 to 5 daily but, the summer hours from 8 to 9 will into effect on May 28.

Boaters are restricted to outboard motors under 12 horsepower and boats under 19 feet in length. All Texas water safety rules and regulations apply on the lake and are enforced by both parks personnel and Texas game wardens.

All persons requiring a Texas fishing license are asked to buy one before entering the park to fish as none are available at the headquarters office.

More information about Caprock Canyons State Park is available by writing the park at P.O. Box 204, Quitaque, TX 79255 or by calling 806/455-1492.

The U.S. Department of Labor has contracted for a study of terminations of pension and profit sharing plans since the enactment of the Employee Retirement Income Security Act of 1974.

Floydada Nursing Home Happenings

By Faye Walters

Boy! Has this been a busy week at the Nursing Home.

Starting with Monday following a great Open House Sunday, we had a wonderful art show by Winnie Carthel. She had some of the most beautiful paintings and she was so gracious to all the residents. They really enjoyed the paintings as well as Winnie. She was a real delight to everyone and they are looking forward to seeing her again.

Tuesday night we had home made ice cream and enjoyed some real good music by Art Ratzlaff, Harvey Allen, Dewayne Wilson and Charles Overstreet.

We also had some beautiful singing by Art Ratzlaff, Gean Christophor, Mona Dean and George Finley. Then when everyone was about ready to go home, we had some specials by "our resident," Annie Smith. She sure got a big hand by everyone.

I think everyone enjoyed the ice cream, especially the residents as it had been a long time since some of them had tasted home made ice cream.

Wednesday we had some good domino games. Ray Reed, Hope Hammonds, Pearl Carrick, Agnes Anderson, Mollie Jones and myself all played as the weather was too bad for our field trip.

Then Wednesday the Assembly of God Church came out to the home and had their church services here.

There was some beautiful singing and a good message brought especially for our residents. I think all enjoyed it as some have been unable to go to church for a long time.

Thursday afternoon Lou Burleson brought Judi Bean, Kelli Lyons and Kelly Marble to the home and put on the play "Crosspatch" for the residents. It was wonderful to see how much they enjoyed it.

We appreciate these people so much for sharing their talents with us.

Friday night Wilson Bond showed us some beautiful slides of Canada including flowers and sunsets there. He told about each as he showed them. They were really enjoyed by all and we would like to have him come back and show more when he can.

We appreciate all our visitors who came to our Nursing Home Week. Activities as well as our regular visitors...The list is too long to print, but God bless all of you who visited.
