Harvest nears halfway point

Castro County's 1986 corn harvest is nearing the halfway mark, with about 60% of the grain out of the field in the southeastern portion of the county while just getting underway in the far western portion of the county.

Grainmen said this year's harvest, which has been slowed by damp weather for the past two weeks, has produced some of the highest-quality corn ever reaped in the county.

"This corn is excellent quality," said Fred Bruegel of Bruegel and Sons Elevators. "This is as good a corn as I've ever seen in Castro County. The test weights have been as good as the quality, and wet corn is just as good as the dry.

"I think the wet weather might have kept a few folks out of the field a little longer and helped the maturity of the kernels, and the farmers have done a good job of harvesting. The damp weather, though, the first part of this week has brought things pretty much to a standstill.

"We're probably 40 to 50% complete around Dimmitt, and Flag is about 50% through, but Tam Anne is just getting started. We've received very little milo, and I figure it will be two weeks before we get an appreciable amount of milo cut. The biggest part of the milo won't be cut until after harvest."

A spokesman at Farmers Grain in Hart said rains there have slowed the harvest down, but farmers are about 60% finished with corn harvest. The corn is also of good quality in the Hart area.

.70 inch of rain Monday slowed down corn cutting in the Sunnyside area, where harvest was nearing completion. A spokesman at Sunnyside Grain said the harvest was about 80% through on corn in that area, with yields "real good, above average, and the quality of the corn is excellent."

Bill Clark at Dimmitt Agri-

industries said the harvest "has been steady when they've been able to run. I figure we're about 40 to 50% through with the corn harvest. The corn is not bad at all—it's testing about normal. So far, we've just been getting corn. I don't think we're close to seeing much milo or soybeans."

In Nazareth, about 40% of the corn is in, said a spokesman at the DAI facility there, with rains hampering harvest the first three days of the week. The spokesman said some of the yields have been excellent, with corn that was hauled on late

"not showing much affect from it," while some of the corn hauled on earlier in the summer suffering some damage.

Eddie Matthews at Easter Grain said the corn harvest in the northwest portion of the county is only about "one-third through, and it's been slow because of the rain. We've had about 1.3 inches in the past week. All of the corn here has been feed corn, and it is real good corn. The yields are good and the test weight is about 58.

"It's pretty good corn. All we need now is a good price."

PCA, FLB win first round

A second hearing on a restraining order against the Farm Credit System Capital Corp. granted by US District Judge Halbert O. Woodward during a preliminary hearing in Lubbock last Thursday will be held Friday at 9:30 a.m. in Lubbock concerning assessments against local Production Credit Associations and Federal Land Banks.

Woodward granted the temporary restraining order after hearing almost 2 hours of testimony concerning three lawsuits filed against the FCSCC.

The lawsuits, filed on behalf of Amarillo Production Credit Association, 22 other Texas PCAs and 42 FLBAs, centered on assessments levied by FCSCC that would have been due Sept. 29.

The assessments were set up as part of the Farm Credit Act of 1985 to address problems currently facing the farm credit system. Under the FCSCC, prosperous banks would be assessed a certain amount to be transferred to weaker districts

throughout the nation.

The largest assessment against a Panhandle-Plains PCA would be on the Plainview PCA, which serves Hale, Castro, Parmer, Bailey, Lamb, Swisher, Briscoe and Floyd counties, for \$3.2 million.

The lawsuits filed by the Amarillo PCA, the other PCAs, and the FLBAs are actually separate actions, but Woodward decided to combine his ruling for the actions, saying he would have to give particular consideration to the Takings Clause of the US Constitution.

The FCSCC's actions are unconstitutional, according to FLBA attorney Allan Van Fleet, because the Fifth Amendment to the constitution requires that the taking of private property be in return for just compensation. "The Capital Corporation doesn't know how it will return the money to those assessed," Van Fleet said. "In fact, they are advising the plaintiffs to carry the assessments on their books as an unrealized loss.

"This is an admission by the

Capital Corporation that private property is being taken for no compensation at all."

A PCA attorney said PCAs are wholly-owned by farmer/franchiser borrowers, who are stockholders and have maintained expectations about the earnings which the FCSCC wants to assess.

Lori Fields, representing the US Government through the Farm Credit Administration, said plaintiffs failed to show a taking because of the way the banks were set up, under one system which issues only one financial report.

FCSCC attorney Robert Kroenert said money loaned comes from the public sale of bonds and notes, and the 37 banks are jointly and severally liable for all losses. "If there's a system failure, everything is gone," he said, adding it will have a rippling effect throughout the economy with farmers being the real losers.

DIMITT HIGH SCHOOL SENIORS Delia Garcia and Milton Carrasco were crowned Flame King and Queen at the pinning ceremony last Wednesday at Dimmitt High School. The ceremony included the crowning of the king and queen, a medal pinning for high school football players, and a fireworks show.

TIFFANY BRAAFLADT was crowned as Dimmitt High School's Homecoming Queen at the pep rally Friday at the DHS gym. Here, Braafladt receives a bouquet of roses from DHS football captain Milton Carrasco. Braafladt is the daughter of Chuck and Patricia Braafladt.

By Don Nelson

So the Russians blinked, did they?

And no deal was made? And no trade? And no concessions? Right.

In its "capitulation" on the Nicholas Daniloff affair, the Soviet Union was able to salvage only the following crumbs: (1) The successful across-the-board trade of hostages-American journalist Nicholas Daniloff and Soviet dissident Yuri Orlov for accused Soviet spy Gennadiy Zakharov; (2) the release and deportation of Zakharov through a mock hearing in a federal court in Brooklyn, where his sentencing was "waived" in violation of US Justice Dept. procedure in such cases; (3) a delay in the expulsion of other USSR agents in the UN; and (4) the enticement of President Reagan to the table to discuss reducing NATO missiles in western Europe. At least, that's all so far.

I'm afraid that President Reagan—who, incredibly, has been able to retain his considerable popularity via posturing and charisma while his administration presides over the collapse of much of our economy—got caught with his posturing down this time.

Why couldn't he and Secretary of State Schultz simply have said that they had to make a trade-off but that they felt it was worth it to settle this matter?

As the General Election approaches, do you need to be reminded of how much your vote could count?

Many elections of historical importance have been decided by a single vote.

In fact, a single vote cast in an Indiana election in 1842 changed Texas history—years after it was cast.

Houston Post columnist and historian Lynn Ashby ferreted out the story of the "real father of Texas" and passed it on at the recent Texas Press Association convention.

On election day in 1842, a farmhand named Henry Shoemaker rode into town in northeast Indiana to keep his promise to a local candidate.

Reapportionment had created a new seat in the Indiana Legislature for a two-county district, and Shoemaker went to the polls to vote for the local Democratic candidate, his friend Madison Marsh.

They voted then on a straight-party ballot, so when the election judge gave Shoemaker the Whig Party ballot with the name of Marsh's opponent, Enos Bell, he asked for another.

He was given another ballot with Marsh's name.

But Shoemaker wanted to split his ticket—literally. He asked the election judge for scissors or a knife, and the judge handed over his penknife.

Shoemaker sliced out the names he wanted (including Madison Marsh), wrapped them in a sheet of paper, and the judge put them in the ballot box.

After the polls closed, the judge threw out Shoemaker's votes. A week later, when the two county sheriffs canvassed the votes, they counted a 360-vote tie between Marsh and Bell. They broke the tie with a coin toss which Bell won.

4-Hers will be honored

Castro County's outstanding 4-Hers will be honored Monday night at the annual 4-H Awards Banquet at 7:30 p.m. at the Expo Building in Dimmitt.

Two county youths will receive Gold Star honors, the highest award a 4-Her can receive, while two others will be named "I Dare You" award recipients at the banquet. County youths will also receive year pins based on their longevity in the program.

Also to be recognized will be leaders, parents and friends of 4-H. A District 2 council member will be the banquet speaker.

Class of '56 holds reunion

21 members of the Dimmitt High School class of 1956 met for a 30-year reunion Friday and Saturday in Dimmitt.

Many of the class members attended the pep rally Friday afternoon at DHS, and attended a dinner and meeting Saturday evening.

Class members at the reunion included Billy Wesson Morgan, Sharon Wesson Blackmore, Rita Holcomb Emmons, Barbara Stevens Wheat, Norma Ellis Howell, Myrtle Trimble Johnson, Patricia Wilson Brock, Melba Chisum Bawcom, Barbara Rogers Noble, Jean Mills Robb, Dorothy Wright Draper, Shirley Delozier Baldwin, Betty Gunn O'Dell, Don Sheffy, Jim Henneman, Jimmy Jack Butler, Wayne Collins, Alton Whitworth, Claude Ray Blocker, Donald Cheek, and Don Mobley.

Missing:

*"Now, listen to me farmers,
I'm here to talk some sense.
If you wanna see those 'lectric lights,
Just look across the fence.
Don't monkey with them city ducks,
You'll find 'em slick as lard.
Just get yourself a half-a-pint,
and stay in the wagon yard."*

—"Get Yourself A Half-A-Pint and Stay In The Wagon Yard," Performed by Dutch LaRue

By JOHN BROOKS
News Editor

A reunion is scheduled today at the State Fair of Texas for all persons who attended the fair's Centennial edition 50 years ago.

The reunion, however, will be missing two integral parts—a song composed expressly for the Centennial, and the song's 19-year-old composer, now 70-year-old Dutch LaRue of Dimmitt.

"I was known as The Original Texas Kid at first, then performed in 1928 when I signed my first radio contract in Shawnee, Okla., where they said I was 'The Lone Star Kid From the Lone Star State, where a man's a man and a woman's the governor."

"I composed a song about the Centennial, about the state and the millions of people here. I've tried to find the music but can't find it anywhere. I was hauling wheat around Crowell in '36 and it rained, so nobody could cut any wheat. There was a musical at Margaret, where my brother was the depot agent. He came by and said I should go and help entertain. It looked like a good place to spring my song on them.

"I ended up having to sing it three times that night because it went over so big. A few days later, two ladies from Crowell and my brother came out where I was hauling wheat and asked me if I wanted to go to Dallas for a week with all expenses paid. Well, to me that was all right, because I had been no further than around the bend.

"I went on in to Crowell, where they were doing a play about Cynthia Ann Parker, and went with the folks from Crowell to the fair to do the song.

"I'll sure never forget it. I followed Cab Calloway on that big, open-air shell theater. I was nothing but a country boy, I'll tell you. It was something else."

LaRue was no stranger to performing, though. He won first place on the Major Bowes Amateur Hour when he was five years old, imitating a freight train on a French harp, and has been performing ever since. LaRue has been performing twice a month at Canterbury Villa since he and his wife, Dena, moved to Dimmitt from Muleshoe nine years ago.

"Nobody gets more fun out of life than I do, and nobody has gotten more fun out of life than I have

Centennial fair song writer from today's state fair reunion

"Brother, we had the rhythm."

over the past 70 years," LaRue said. LaRue has certainly had his share of fun.

A 1936 graduate of Hamlin High School, where he performed for his class' 50-year reunion last weekend, LaRue performed over his own radio station in Hamlin. "You could broadcast with 1 watt in those days, and that would cover 50 miles. Well, I was sitting up in the window of the bank where I had my station, the Voice of Hamlin, which was all hand-built, when the Federal Communications Commission truck rolled up.

"I knew it was them because of all the antennas and stuff all over it. Two guys came in and showed me all of their credentials, and then asked me if I knew how much power I was broadcasting with. I said I watt and he said, 'No, 100,000 watts. They can't even give the stock market report in New Orleans because you're blasting them off the air. You've got to shut down by midnight.'"

That was not Dutch's last experience with radio, though. He played a few times with Bob Wills, then formed his own Lone Star Texas Playboys, which, in various forms, played until 1953, and signed an 18-month contract with Harvest Queen Mill in Plainview in 1940, which required "The Everlite Harvesters" to perform for 30 minutes a day, seven days a week.

On the Go

with Mary Edna Hendrix, 647-3343

Mable Brock and Glenn and Mona Merritt entertained several relatives last weekend. Patricia (Wilson) Brock came in from Phoenix, Ariz. for her high school class reunion and homecoming. Other relatives enjoying all the fun were: LeeAnn and Ed Kramer from Kingsville, Mark and Kay Merritt from Midland, Deanna Tanner from Nashville, Tenn. and Brock and Susan from Dimmitt. The big dinner was on Sunday at Glenn and Mona's home where they celebrated several birthdays including Mable Brock's, Glenn Merritt's and Susan Merritt's.

Don and Ann Ethington and Loranel Hamilton have returned from a fun trip in Arizona. They visited Don's mother, Mary Ethington, in Tucson and they went to Patagonia and Bisbee among other places. They crossed the border into Mexico where they shopped and toured part of the country. Ann's favorite restaurant had burned so they were disappointed about that. They went to a "Steakout" at Sonorita where they had dinner and enjoyed the Western music and dancing.

Ruth Hays attended a cousins reunion over the weekend at her sister's home in Hereford, Inez and J.W. Witherspoon. Others enjoying the quiet, relaxing day were Dennis and Joyce Lomas from Hereford and John and Polly Dunn from Amarillo. The cousins had fun just visiting since there were no little ones there to watch.

Several were on the program Thursday morning at Canterbury Villa Nursing Home. Irene Carpenter was in charge of the program, Renise Blair played the guitar and sang several special numbers, Richard Young sang a special "Without Him," and Kathryn Vardell brought the devotional and she told a very touching story. Others who were there to sing were: Ruth Hays, Ysleta Ball, Mary Edna Hendrix and Becky Bridges accompanied them at the piano.

After choir practice Wednesday night, choir members honored Roberta Cole on her birthday by serving a pretty birthday cake decorated in pale blue and white with fresh red roses and crepe myrtle flowers. They also had a decorated cake for Joel Worthington who will be leaving soon for California to visit his daughter.

John Gollehon from Fort Worth visited his grandmother, Oleta and Guy Walser, last week. They came to the museum and John was so interested in everything and he made several pictures. John is the son of Bennie Gollehon, a former Dimmitt and Hereford resident.

Sal DiCuffa brought his brother and nephew, Jim and Joe DiCuffa from Easton, Conn., to the museum while they were visiting in Dimmitt.

Bennie Hill and his family Denise, Alicia, Jennifer and David from Amarillo were visiting his parents, Ben and Bernice Hill, over the weekend. They attended Bennie's class reunion. While Ben and Bennie were out playing golf, Bernice brought Denise and the children to the museum. Little David was so interested he could hardly wait to get to the next building. He would look around and then say, "Where do we go next?"

Gene and Vonnie Carson and girls, Casie and Haley from Dodge City, Kan., spent the weekend with his mother, Lillian Carson. They attended all the activities that were planned for Gene's class reunion.

Joe and Vickie Wright from Plainview were in town visiting relatives and attending their class reunion.

Some of the college students coming home for the Dimmitt High School homecoming were: Woody Glass, Mark Smothermon, Stephanie Ryan, Lisa Nelson, Sue Crozier, Leandra Lynn and Kim Howell.

Susie Reeves was hostess to the Thursday Bridge Club that met at the Senior Citizens Center for lunch and a day of bridge. Era Heckerson won high score and Oleda Schumacher won second high. Others playing were: Opha Burks, Elizabeth Huckabay, Cleo Forson, Bernice Hill, Emily Clingsmith, Edith Graef, Dude McLauren, Ferne Dickey, Johnnie Vannoy, Virginia Crider, Alice Collyer, Louise Mears and Jean Christian.

The Castro County Museum held their monthly board meeting on Thursday night. Lon Woodburn presided over the meeting with Clara Vick

reading the minutes. Others attending were: Helen Richardson, Madge Robb, Mary Edna Hendrix, George Bagwell and Ralph Lambricht.

Murna Miller entertained her bridge club recently at their mountain home at Cresta del Monte near Terrero. It rained most of the time they were there so they stayed in and played bridge most of the time. Since it was cold they did have to get out to bring in wood so they could have a fire. They took enough food to last so they didn't have to eat out. Members enjoying this fun trip were: Mona Merritt, Dalia Gregory, Earlene Myatt, Geneva Schaeffer, Jimmie Glenn from Canyon, Dorothy Hopson and Hazel Nelson, who won high score.

Judge Jack and Murna Miller attended a Judicial Conference in Austin last week. While the judges were working, their wives were playing. They toured the LBJ Library and had lunch on the ninth floor of the football building in the Centennial Room. They visited the Art Center where they saw "Camelot." While in Austin Jack and Murna visited their son, Hal and Cyndy and boys. Then on to Huntsville to see daughter Cara and Bingiee Shiu. They attended the concert at Sam Houston University in the Music Building where Bingiee conducted the college orchestra and he played a solo on the electric piano. Mrs. Smith is the director of the orchestra. The Millers came back through Dallas where they visited their son, Brent and Linda and two boys. The little one is walking and is so different from the older boy. (He is in to everything!) Daughter Kim and Norman Hays and family live in Dimmitt so the Millers visit with them often.

Betty and Ed Freeman, Beth Jones, Marie Perrin, and Guy and Oleta Walser attended the Sunday afternoon concert of the Amarillo Symphony Or-

chestra on September 21 at the Civic Center Auditorium under the direction of Robert Bernhardt. Jerry Kahane, a brilliant

pianist, played the Concerto No. 2 in F minor, Op. 21 by Chopin with the Symphony. The Harrington String Quartet

played the Serenade in D by Mozart. It was a pleasant afternoon and worth the trip to Amarillo.

"an apple a day..."

... a famous and well known quotation, and a good rule to follow. Any doctor will agree that eating some fruit every day is beneficial to health. Eating fruit is an aid to health and also gives us great pleasure, for instance how about one of mother's delicious apple pies, or what joy comes from biting into a nice juicy apple, or orange. Spiritually, attending church is of great benefit to us. The soul needs the nourishment provided by a good sermon or the encouragement of fellow worshippers. Not only do we need the things that the church offers, but there are many pleasures to be derived there.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

We Salute Fellowship of Christian Athletes

If you read the newspapers and watch television today you have probably noticed the strong emphasis placed on the misuse of drugs in sports prevalent today. While this problem definitely exists, as well as others, there is an organization drawing athletes together with a positive goal in mind. The organization is the Fellowship of Christian Athletes (FCA), a group of individuals working together as a team—offering each other strength and support. The goal of the organization is to present challenge and adventure of leading a Christian life.

The local chapter of FCA meets bi-monthly under the sponsorship of Coach Roy Dudgeon and Coach Paul Bell. They provide an atmosphere conducive to openness and honesty. Their programs vary in subject matter and may include anything from alcohol and drug prevention to career planning. During a visit with Coach Dudgeon it was obvious that he is really committed to young people and to helping them shape and direct their lives in the right direction. We commend him for the time and energy he devotes to this organization and the people involved in it. It has been since he came that this organization has really become active.

We know that out of the approximately 60 members there are leaders being shaped in this organization today that will have a good influence on many other lives. The officers of the local chapter are: John Schultz, President; Lori Glidewell, Vice President; Cinnamon Cox, Reporter; Laura Nelson, Secretary/Treasurer.

The FCA sponsors fund raising activities during the year, including a golf scramble in the spring. The funds raised are used to send various members to a summer camp where they get new ideas, reinforce ideals and come home motivated—expecting great things to happen.

We expect great things from them and we salute the members, officers and sponsors of the FCA. We believe our community is enriched by these individuals and organizations like the FCA.

Ministerial Alliance

Bentley Gwyn will lead the Castro County Ministerial Alliance in a study of Colossians 2:6-12 on Tuesday in the library of the First Baptist Church of Dimmitt.

SS rep here today

A representative of the Social Security Administration will be at the Castro County Courthouse from 10 a.m. until 12 noon today to meet with persons with problems or questions about Social Security or Medicare.

Many questions about Medicare claims may be answered by calling 1-800-442-2620, while Social Security matters may be handled by calling 1-293-9623.

The representative will meet with residents today in the commissioners' courtroom.

Velasquez' named top WTSU parents

Miguel and Sabina Velasquez of Dimmitt were named "Parents of the Year" at West Texas State University's annual Parents Day celebration last Saturday.

The Velasquez' were selected by a committee from a field of 20 finalists, including Bill and Jacque Sava of Dimmitt. The parents were nominated by their sons, daughters, other relatives, and/or friends of the family. Miguel and Sabina received special recognition and a plaque from WTSU President Ed Roach at halftime of the WTSU-Mississippi College football game.

Sergio Velasquez, in nominating his parents, said, "All my life I have heard my parents talk about the advantages of an education. I have felt their desire for a better education for their children. And I have seen them do without some things

so that my sister Juanita and I could attend this university."

Juanita made similar comments in her letter of recommendation,

Obituary

Robert Dendy

Robert Hugh Dendy, 84, of Lubbock, formerly of Dimmitt, died Saturday.

Funeral services were held Tuesday afternoon in the Family Life Chapel of the Plainview First Baptist Church with Dr. Fred Meeks of the Wayland Baptist University religion department, officiating.

Burial followed in the Plainview Cemetery under the direction of Lemons Funeral Home of Plainview.

Mr. Dendy was born in Palo Pinto County and grew up in Haskell County. He married Sallie Lou Evans on Nov. 11, 1922 in Haskell. She died in 1976. He moved to Kress in 1925 and moved to Dimmitt in 1937, farming in both communities. He moved to Plainview in 1940 and was employed with Triple A Alfalfa Mill for seven years. He started the College Hill Laundry in 1947, and operated the business until 1964. He moved to Lubbock in 1985. He was a member of the First Baptist Church.

Survivors include a daughter, Mrs. Jack "Zelma" Beckham of Lubbock; a sister, Frances Levey of Honolulu, Hawaii; six grandchildren and four great-grandchildren.

Marsh appealed to the Indiana Committee on Elections, which reviewed Shoemaker's clipped-out vote and counted it. Marsh won, 361-360.

So Marsh went to the Indiana Legislature, where one of the first orders of business was to elect a US senator (a duty that was reserved for the legislatures at that time). The Whig candidate, Oliver Smith, was up for re-election, but in five ballots he failed to get a majority. On the sixth ballot the legislature picked Edwin A. Hannigan, a Democrat, to represent Indiana in the US Senate.

Hannigan was elected by one vote — that of his new Democratic colleague, Madison Marsh.

Four years later, the US treaty annexing Texas as a state was approved in the US Senate by a 27-25 vote.

A one-vote difference would have made it a tie, and the treaty would have failed because there was no vice-president then to preside over the Senate and break a tie vote.

That deciding vote was cast by Sen. Edwin A. Hannigan of Indiana.

So, Ashby claims, if Henry Shoemaker had not ridden into town to vote 144 years ago, "Texas would be an independent nation today and a member of OPEC."

A pretty girl was walking along a creek when she heard a voice say, "Pardon me, miss, could you do me a favor?"

She looked around, but no one was there.

"Down here," the voice said. She looked down and there, on a flat rock, was a little green frog.

"A favor?" she said. "Yes," the frog replied. "I'm a Texas oilman, and this wicked witch turned me into a frog. I can't become a human again until a pretty girl kisses me. Would you kiss me and turn me back into a person?"

The girl unzipped her purse, picked up the frog and started to drop him in.

"Wait!" the frog yelled. "You have to kiss me first."

"No way," the girl said. "A talking frog is worth a lot more than a Texas oilman!"

What's Cooking?

Here are the school lunch menus for Dimmitt, Hart and Nazareth for the week of Oct. 6 through Oct. 10, 1986.

DIMMITT
 MONDAY — Sloppy Joes, french fries, sliced tomatoes, dill pickles, fruit and milk.

ED HARRIS LUMBER

HART — TULIA

Mammography is latest in detection

Breast cancer is a frightening disease. In the United States, one out of 11 women will develop breast cancer at some point in her life. According to the Texas Medical Association, detecting the cancer at its earliest stage offers the best hope of cure.

Self examinations and regular breast examinations by a physician are among the best ways to discover breast cancer. But, sometimes lumps or other irregularities are so small they cannot be detected by the human hand.

Mammography is the most effective screening method for detecting breast cancer in its earliest and most curable stages. Mammography is a delicate x-ray technique that uses low levels of radiation to create an x-ray snapshot or "mammogram" of the breasts. The procedure is simple and painless. During a mammography, a technologist posi-

tions the patient's breast on a special machine between two pieces of plastic. This flattens the breast so that all the tissue can be seen. Each breast is then x-rayed from above and from both sides. The resulting x-ray is then read by a physician who looks for lumps or other abnormalities that may indicate cancer.

Mammography is not 100% accurate—about 15% of the time, it will miss a potential problem area. While a negative mammogram is reassuring, some breast changes will not show up on a mammogram. And, some breasts and some types of abnormalities are not as easily imaged as others.

If you want further information on breast cancer and breast examinations, contact your doctor or your local chapter of the American Cancer Society.

LEGAL NOTICE
NOTICE TO BIDDERS
 Sealed proposals addressed to Mr. J.C. Pohlmeier, President of the Board of Trustees for the Nazareth Independent School District for General Construction Work for re-roofing of the High School Gymnasium, will be received until 2:15 PM, Wednesday, October 15, 1986. Bids will be received in the Board Room in the High School in Nazareth, Texas and will be publicly opened and read aloud at the time stated above. Any bid received after closing time will be returned unopened. No oral, telephone or telegraph bid will be considered.
 The successful bidder will be required to enter into a contract with the above named Owner, and furnish performance and payment bonds in the amount of one hundred percent (100%) of the contract price, conditioned upon the performance of the contract, and in accordance with Article 5160 of Vernon's Revised Civil Statutes as amended by the 57th Legislature in 1961. Surety shall be licensed to conduct business in the State of Texas.
 A bid bond of 5% will be required and shall accompany any bid submitted.
 Plans and specifications may be obtained at the office of Tom Mills-Architect, 8008 Slide Road, Benchmark 20, Lubbock, Texas. A deposit of \$25.00 will be required as a guarantee of their safe return and is refundable for ten days from time of final bid opening shown herein. Individual sheets of the drawings may be obtained by payment of reproduction costs.

Senior Citizens

Castro County Senior Citizens Center is located at Third and Jones and is open Monday through Friday from 9 a.m. to 4 p.m., including the Domino Center. Quilting, crafts, and table games are daily activities. A nutritious meal is served daily from 11:30 a.m. to 1 p.m.

Tom Kolius, Clarke Hearing Aid Representative, will be at the Center today from 10 a.m. to 12 noon.

Bridge will be played today, Friday and Wednesday at 10 a.m. Duplicate bridge will be played on Monday evening beginning at 7:30 p.m.

Aerobics classes will be held today, Monday and Wednesday beginning at 5 p.m.

There will be a noontime Bible study on Monday.

There will be an evening of table games on Tuesday beginning at 7 p.m.

Membership in the Senior Citizens Center is open to everyone who is fifty years of age or older without discrimination as to sex, color, race, ethnic background, national origin, religion, denominational preference, political party, economic status or handicap.

Girl Scouts set meeting

Parents of all girls from kindergarten through the seventh grade in the Dimmitt area are invited to a Girl Scout Parents' meeting today at 5 p.m. in the Rhoads Memorial Library meeting room.

The purpose of the meeting is to enlarge the Dimmitt Girl Scout Troop and study the possibilities of forming more troops of Brownies or Girl Scouts.

The program is also open to anyone interested in being a Girl Scout or Brownies adult leader.

The meeting was originally scheduled for Sept. 18, but was postponed because of rain.

For further information about the meeting or on the local Girl Scout program, contact Sharon Kinser at 647-3491.

Sunnyside

Judy Waggoner was called to her dad, Grady Herrington of Farwell, Friday morning after he had a reaction or overdose of medicine. He had just got out of the hospital Wednesday from a heart attack, but he is doing alright now in the Clovis hospital.

Floid Ivey narrowly escaped serious injury last weekend when he was helping plant wheat. The planter was missing on one spout and he was under it trying to see what the problem was. Mokey saw them having trouble so he came over and told the driver to back it up just a little, but it was in forward gear and it jumped enough to have stopped on him had Mokey not jerked him out in time. As it was, one leg was skinned from his knee to his ankle. No doctor was available, but the next morning his leg and ankle were swelled so bad they had it x-rayed but no bones were broken. He kept it elevated a few days, but is back to work again. Mrs. Ralph Lambright of Dimmitt spent the week with them.

One inch of rain was recorded for Monday night, the 22nd, but amounts varied. Clyde and Judy Damron had 2.30 inches at old Flagg. Monday morning, the 29th, another .60 of an inch was recorded. This makes 3.25 inches recorded for the month and 18.20 inches for the year. Glen and LaWanda Wilson received roof damage from the golf ball and larger size hail Hart received last Thursday (18th).

R.V. and Bess Bills returned home Saturday evening after attending the funeral services of her brother, T.J. Blondale, in Grand Prairie on Tuesday. They visited with her niece in Paris and sister in Klondike while there and visited in Wichita Falls on the way home with the family of R.V. Luke Louder celebrated his

first birthday Saturday although his birthday was Wednesday. His guests included Mike and Lisa Gregory and Cody of Beaver, Okla., Elvira Upchurch of Lubbock, Eland Upchurch of Muleshoe, Gay, JoAnn and Johnny Jaques of Muleshoe, Betty Louder, Kelly Quisenberry and Ashley, Doug and Judy Louder and Brandi Fennell, Stephanie Sanders, T.J. and Monica, and Roxie Louder of Flagg. Mike and Lisa Gregory and Cody visited with Lyle and Tammy Thursday through Saturday. Cody was also celebrating his first birthday which was the 20th.

Willie Mae Sadler attended the workshop of the Plains Memorial Hospital Auxiliary in Dimmitt Wednesday.

Billie and Emma Jean King left Thursday on a bus tour with Francis and Mary King of Amarillo. They spent Wednesday night in Amarillo and left Thursday morning for Springfield, Mo. They will visit Indianapolis, Ind., Southfield, Mich., Ontario and Quebec, Canada, Maine, New Hampshire, Boston, New York, Virginia, Tennessee, and Oklahoma before returning home. The only ones they knew going on the tour were Dr. and Mrs. Karrah of Plainview. Marshall King was flying the

gas line Tuesday when he was grounded because of rain and had to spend the night in Dumas.

Jill Hamilton has been elected secretary of the Springlake-Earth FFA Chapter.

Larry and Sharon Sadler, Laura and Matthew, Stacy Norman and Jeremy helped Carrie Sadler move to a new apartment in Lubbock Friday and Saturday. Norma Conard of Dimmitt also helped Saturday.

Ezell and Verba Sadler returned home Friday from Breckenridge and Abilene. They visited with Pete and Margaret Grisham at Abilene and mowed Randy Powell's lot at Albany since he is here helping Larry Sadler with the ensilage cutting before they came home.

Alan and Delores Jackson, Blake and Ben of Roswell arrived Friday evening to spend until Monday with Eules and Hazel Waggoner, Winston and family and Eddie and family. Robbie and Evelyn Lindsey, Mark and Angela of Plainview joined them Saturday. Robbie spent most of the afternoon helping other members of the class of '66 prepare for their picnic Saturday evening. Evelyn and children went up for the picnic. Winston Wag-

goner is a member of the class of '66 who had their 30-year reunion, but he didn't get to attend because of his cattle.

Marshall and Kay King attended the Eastern Star Friendship Night in Amarillo Saturday night.

Lance and Terri Louder, Lacy, Jake, and Katy attended and Lance played in his alumnus lacrosse game at Tech Saturday. They spent the night in Lubbock with her parents, Dr. Bill and Lou Fleming.

June Carroll of Anton had dinner with Embree Roy and Willie Mae Sadler Thursday.

The church observed "Great Day in the Morning" Sunday with a covered dish luncheon following the morning worship services.

Hazel and Judy Waggoner attended the annual banquet at Fourth and Bedford Street Church of Christ in Dimmitt Sunday night which honors the teachers. Judy helped with the banquet. Winston got to attend the last part of it.

Household inventories help with insurance claims

Having an inventory of household items can save the stressful and frustrating job of having to piece together what was stolen or destroyed in a natural disaster.

"People tend to remember conspicuous items, such as a chair, television or videotape recorder," says family economics specialist Dr. Marjorie Marman. "But most homes also have dozens of small items whose value adds up to a considerable loss."

After a fire or theft, it may also be difficult to think clearly enough to remember everything that was

lost or stolen, adds the Texas Agricultural Extension Service home economist.

According to the Insurance Information Institute, policyholders typically end up telephoning their insurance agents or company days and even weeks after a loss to add items which they had forgotten onto the insurance report.

The specialist advises taking the following steps to establish a household inventory before an accident or theft occurs:

*Walk through each room of the house and list every item. Be as

descriptive as possible about the items.

*Take pictures to supplement the descriptions.

*Keep original receipts on all purchases and get appraisals on jewelry and silverware.

*Update your inventory regularly to include new purchases.

*Store the inventory, pictures and receipts in a safe-deposit box or some other location away from your home. If you keep your inventory on a home computer, make a copy of the disk to store in a separate location.

Having a household inventory will not bring your goods back, but will make it easier to file an insurance claim and receive compensation.

Social Security in Castro County

By TERRY J. CLEMENTS

One of the interesting aspects of the fact that most people can look forward to a longer life in retirement is a tendency of many to continue working and even to start a career. For some, it's a matter of filling the empty hours; for many others, however, it becomes a matter of need.

People who contemplate working after retirement should be sure to understand how earnings will affect their Social Security benefits. To insure that benefits are paid to those who are actually retired, there is a limit on how much a person can make and still receive full benefits.

Under the annual earnings test, the earnings limit increases each year with increases in general wage levels. For 1986, it is \$5,760 for people under 65; and \$7,800 for people age 65 to 70. The limit does not apply to people 70 and over.

Earnings over the limit cause benefits to be reduced \$1 for each \$2 of earnings above the limit. Generally, this means that a person is always better off working than not working, since it is possible to increase one's income substantially.

For example, a person retiring at 65 in 1986 receiving the maximum benefit of \$760 a month or \$9,120 a year could have a total income of \$16,920, including earnings and full

benefits. He or she could earn up to \$26,040 before all benefits are withheld.

A person getting benefits who expects to earn more than the limit must report this to the Social Security Administration so the benefits may be adjusted accordingly. Failure to report the earnings could result in overpayments — receiving benefits to which a person is not entitled. The law requires overpayments to be repaid to the Social Security trust funds. Generally, this is done by withholding portions of future checks, but repayments may be made in a lump sum.

People who earn over the earnings limit are required to make a report by April 15 of the following year. The report also requires them to estimate how much they plan to earn in the future. Benefits are adjusted based on the information in the annual earnings report.

Any change in expected earnings after the report is made should be reported to the Social Security Administration immediately to avoid the risk of an overpayment. If it is determined that a person willfully and fraudulently concealed earnings, penalties are possible, ranging from a fine to a jail term.

If you have any questions you may contact us at 1401-B West Fifth Street or call us at 293-9623.

Nazareth

Lucille Schacher is recuperating at home after having foot surgery at Family Hospital in Amarillo.

Hal and Lorene Buntel of Connecticut have spent a week visiting here with Schulte relatives.

Meta Stork is a patient in Plains Memorial Hospital in Dimmitt.

Many area people enjoyed the Quilt Show and Arts and Crafts show in Tulia Saturday and Sunday.

Congratulations to Tom and Lynn Cameron on the birth of a son, Eric Thomas, Sept. 25 at Swisher Memorial Hospital. Grandparents are Al and Lillian Cameron and Leonard and Jimmie Schulte.

Jacob Joel Anderson, infant son of Jim and Janie Anderson of Pampa, was baptized in Holy Family Church of Nazareth Sunday morning during Mass with Monsignor Kevin Hand and Deacon Jerome Brockman officiating. Godparents for the baby were Billy and Barbie Steffens. Grandparents are Regina Steffens and Fred and Ann Anderson of Borger.

People

Eustace, Pipkin wed

The Brit Eustace family and Kimberly Eustace, all of Amarillo, announce the recent marriage of their mother, Leta Eustace of Friona, to Alton C. Pipkin of Seminole, Friday morning, Sept. 19.

The ceremony was performed at 10:30 a.m. in the First Presbyterian Church of Seminole by Rev. Robert B. Lewis, with Vernon and Sara Petty of Seminole, longtime school friends of the bride, serving as witnesses.

The Pipkins will be making their home in Seminole, where he is a partner in Seminole Hot Oil Service.

Mrs. Alton C. Pipkin
... nee Leta Eustace

DKG plans programs

The Iota Zeta Chapter of Delta Kappa Gamma, met Sept. 8 in the Fellowship Hall of the First United Methodist Church and planned programs for the upcoming year.

Two new projects were intro-

duced at the meeting by J'Lynn Ryan membership chairman.

Pat Keith, Gainell Minnick, Kay Keller, Mary Jo Brown, Faye Walker and Glenda Sims were hostesses and 36 members were present at the meeting.

Sue Broderson, Jackie Armstrong, Bea Hawkins, June Parker, Nancy Wescott and Yvonna Hays attended the Area XI workshop of Delta Kappa Gamma Sept. 20 in the Activity Center at West Texas State University in Canyon.

Workshop leaders included Carolyn Larrison, state president, and other state leaders including Mary Rowlett and Panze Kimmel.

Doll show set

The Plainview Doll Club will sponsor their Fifth Annual Doll Show and Sale Saturday from 9 a.m. to 6 p.m. at the Hale County Agricultural Center on South I-27 and South Business Route 87.

Tanya McWhorter of San Antonio will appraise two dolls free of charge.

There will be a drawing for dolls, bears and other toy items.

Admission to the show will be \$1 for adults and 50 cents for children.

Proceeds from the show will go to help dress underprivileged children through the "Dress-A-Live-Doll" project and will also be used for a party with gifts for rest-home residents at Christmas.

Everyone is invited to attend the show.

Book Club

The Dimmitt Book Club will meet Wednesday in the Rhoads Memorial Library meeting room.

The business meeting is scheduled to begin at 3:45 p.m. and will be followed by the book review.

Mrs. Argen Draper of Hereford will review *The Cannon Boy at the Alamo* by R.L. Templeton.

Anyone interested is invited to attend the book review.

Shelly Rene Gentry and Dwayne Jay Smith

Gentry, Smith to wed

Shelly Rene Gentry and Dwayne Jay Smith, both of Dimmitt, will exchange wedding vows Dec. 27 in the First Baptist Church in Dimmitt.

The bride-elect is the daughter of Mr. and Mrs. Bob Anthony of Dim-

mitt and Mr. and Mrs. James Gentry of Quinlan. Parents of the prospective groom are Mr. and Mrs. Elbert Smith of Dimmitt. Grandparents of the bride-elect are Bill Gentry of Quinlan and Mr. and Mrs. Norman Hodges of Hereford. Grandparents of the prospective groom are Luella Thomas of Hereford and Mr. and Mrs. Leland Smith of Dimmitt.

The bride-to-be is a 1982 graduate of Hereford High School and is a student at Texas Tech University in Lubbock, where she will graduate in December with a bachelor of science degree in education.

The prospective groom is a 1982 graduate of Dimmitt High School. He is a 1984 graduate of Clarendon College and is currently engaged in farming southwest of Dimmitt.

Season tickets available for Plainview's concert season

Season tickets for Plainview's Symphony of the Llano Estacado 1986-87 concert year are now on sale, with adult season memberships valued at \$15 each and student memberships listed at \$8.

Tickets for each concert will be available at the door at a cost of \$8 for adults and \$3 for students, according to Peggy Engelhardt, ticket chairman.

Season tickets can be purchased at the First National Bank, Hale County State Bank, Maxine's Gabriel's, at the door of the first concert or from any Symphony Board Member.

Productions this year include the Classical Concert Oct. 14 at Plainview High School Auditorium, the Christmas Concert, Dec. 1 at Haral Auditorium, the Chamber Concert

Mar. 5, 1987, at the First Methodist Church Sanctuary and the Pops Concert, March 24, 1987, at PHS Auditorium.

The concert season opener will include *Star-Spangled Banner* by Stafford, *Procession of the Nobles* by Rimsky Korsakov, *Symphony No. 4 "The Italian"* by Mendelssohn and *Radetsky March and Furioso Polka* by Johann Strauss.

The 50 member Symphony Orchestra will also play *Tocatta* by Frescobaldi, *Hungarian Dances 5 and 6* by Brahms, and *Variations on a Shaker Melody from Appalachian Spring* by Aaron Copland.

The Symphony will feature the flute section of the orchestra when it plays *Meditation from Thais* by Massenet. The flute section is composed of Joyce Wilbanks, Donna Wilson of Hale Center and Shelly Sain.

"These are classic symphonic pieces, and we'd like everyone to hear our people play this music and

play it well," said J.W. King, Jr., artistic director. "They'll enjoy this kind of melodic music."

Mark Pair, assistant professor of music at Wayland Baptist University, will be the guest artist at the Christmas Concert Dec. 1. A local favorite, pair, will be playing Greig's *Piano Concerto with Orchestra Accompaniment*. The orchestra and chorus will also present a program of Christmas music.

The Plainview Musical Arts Club will sponsor the Mar. 5, 1987, concert of the Chamber Orchestra at First United Methodist Church Sanctuary. There will be free admission and refreshments for this performance.

The final concert of the season will feature the Symphony's wind and percussion sections in a Sousa Band Style Pops Concert. The program will feature music by John Philip Sousa.

Performers in the Plainview Symphony include several members of the Wayland Symphony Band and artists from Plainview and area towns. Tom Boyd is the Symphony's conductor.

The Symphony of the Llano Estacado is chartered as a non-profit, educational and cultural organization.

Happy birthday!
OCTOBER 2 — Josie Bradford, Kenneth Malone, Sisco Cathey, Dorothy Ellis, Winston Waggoner, Todd West.
OCTOBER 3 — Donna Reyna, Amy Lyn McLain, Gene Cooksey, Denise Smith, Trey Robb.

Art show set

The Olton Chapter of Young Homemakers will sponsor the annual Sandhills Arts and Crafts Show Saturday, Nov. 29 at the Olton School Cafeteria.

Limited booth spaces are available for \$30. Booths will be 8 X 10 foot and anyone interested may request an application for a booth by contacting Dona Kelley, Box 759, Olton, Tex., 79064 or phone 285-3305; or Pam Roberson at 285-7728.

WIFE to meet

Panhandle Agri Partners, the Castro County branch of WIFE (Women Involved In Farm Economics), will meet Monday at 12 noon in the Corn Growers Assn. office at 218 East Bedford in Dimmitt.

Drinks will be provided, and those attending are encouraged to bring a sack lunch to the meeting.

PMHA sets workshops

Members of the Plains Memorial Hospital Auxiliary will hold workshops each Wednesday until the annual Holiday Buffet and Bazaar, which is slated for Friday, Nov. 7 in the County Expo Building.

The workshops began Wednesday and will continue each Wednesday through the month of October and will conclude on Nov. 5. They will be held at the Senior Center from 9:30 a.m. to 3:30 p.m.

Life in the big city is tough, especially for trees. But soon, healthier strains of trees may be developed that can survive and beautify the city. International Wildlife magazine reports that the Illinois Tollway Authority is supporting a program at the Morton Arboretum in suburban Chicago that would breed trees and shrubs that could tolerate inhospitable soil, salt sprays, and other pollutants from expressways. Most promising thus far are several salt-resistant Asian elms.

Happy anniversary!
OCTOBER 2 — Mr. and Mrs. Sam Lane.
OCTOBER 3 — Jim and Charlene Long, Woodrow and Alyce Killingsworth.
OCTOBER 4 — Dickie and Bernice Hoelting, Gary and Kelly Huseman, Ralph and Emaline Pohlmeier.

Christmas bazaar set

A Christmas bazaar, sponsored by the Y.M. Study Club of Morton has been set for Saturday, Nov. 22 from 10 a.m. to 5 p.m. in the Banquet Room of the Cochran County Activity Building in Morton.

Persons interested in renting an approximate 7 1/2 X 9 foot booth may do so for \$15.

Deadline to reserve booths will be Wednesday, Nov. 19. For booth reservations or further information, contact Glynna Merritt, Rt. 2, Box 43, Morton, Tex., 79346, phone 266-5977; or Gail Gladden, Box 872, Morton, Tex., 79346, phone 266-5215 (8 a.m. to 5 p.m.) or 927-5321 (after 5 p.m.).

A table and two chairs will be

furnished with each booth. Any other display materials will be the responsibility of the displayer. There will be no clean up fee charged, but all booths are expected to be cleared at the end of the bazaar.

Items acceptable for display will be arts, crafts, paintings, handmade Christmas decorations, stocking stuffers and homemade gifts.

Baked goods and snack bar are reserved by the Y.M.'s.

Door prizes will be awarded hourly and each exhibitor is asked to donate an item of \$10 value for the prizes. Persons registering for the door prizes must be 16 years of age or older.

Zorongo Flamenco to open concert season

Zorongo Flamenco will bring the essence of Spain to the Dimmitt High School auditorium Oct. 14 at 8 p.m. in the first of the 1986-87 Community Concert performances in Dimmitt.

Admission to the concert will be through membership in the local Community Concerts Association, which is available from Rev. Ed Freeman at 647-3214. Memberships are \$35 for a family, \$15 for individual adults, and \$6 for students. The memberships will entitle holders to admission to all concerts in Dimmitt this year, as well as admission to any other community concert in the nation as long as seating is available.

Zorongo Flamenco will be just one of two community concerts in Dimmitt during October, as the Tennessee River Boys will perform here Oct. 28.

Zorongo Flamenco will feature song, dance and guitar from Spain, with the exciting array of rhythms that are the backbone of flamenco. Program selections will range from the lightest of songs and dances to the most profound and transcendental in the flamenco repertoire. The dancers, singer and guitarist weave a cloth of brilliant, intricate and delicate patterns, focusing not only on the dance but the ensemble of song, dance and guitar.

The three are tied together by centuries of tradition, while improvisation and spontaneity give each performer their unique moments.

In bringing to their audiences the exciting arts of flamenco and Spanish dance and music, Zorongo infuses current artistic ideas into traditional forms in such a way as to maintain the highest integrity with respect to art, while relating to contemporary audiences in a way in which few companies do.

Perhaps the most noted of the group is *Manolo Rivera*, recognized as one of America's foremost flamenco dancers. He has appeared on *The Tonight Show*, *The Guiding Light*, *King of the Gypsies*, and on television specials with Sammy Davis, Jr., and Perry Como.

Rivera has been a soloist with the Jose Molina Dance Company, performed as a partner with the renowned Maria Benitez, danced as a soloist with the Jose Greco Company, and has studied and danced with leading companies in Spain. In addition to a full touring schedule, he is highly regarded and regularly sought as a teacher and choreogra-

ZORONGO FLAMENCO ...to open Castro County Community Concerts' season Oct. 14.

pher.

Susana began studying ballet and Spanish dance as a child, and has worked with the finest teachers in Madrid and Seville. She recently earned the distinction of being chosen as the only non-gypsy member of the all-gypsy company of "La Singla" during a tour of Spain.

Dominco Caro is one of few flamenco singers living in the US,

and has performed with the Molina and Luis Rivera Dance Companies, as well as appearing on *The Tonight Show*, and with Steve Lawrence and Edie Gorme, David Frost, and Liza Minelli at Lincoln Center.

Guitarist *Michael Hauser*, Susana's husband, studied intensely in Spain, and has performed extensively through the US and Spain. Hauser has appeared on national

television and was heard recently on national public radio.

Sports

Abernathy lopes past Cats

It was almost obvious during the first half of the Abernathy Antelopes' 20-6 win over the Dimmitt Bobcats Friday night at Bobcat Stadium that maybe the Bobcats were more interested in something other than football during the first half.

After all, Dimmitt was -4 in net yardage at halftime and had one first down, while the Antelopes picked up 12 first downs, all 20 points they would need, and 234 of their 355 yards for the game.

Sure, there were plenty of distractions with homecoming activities abounding...the thoughts of homecoming dances and other goodies bouncing through their heads. Nah...couldn't be...

While the Bobcats were bothered by whatever, the Antelopes weren't bothered by much, as the sixth-ranked team in Class 2A in the state loped in to the end zone on their first two possessions of the game.

Maybe it was the thrilling, exciting opening of yet another fall television season that distracted the Bobcats. While TV seasons, like automobiles, start any time their makers want to start them, there is still a tinge of excitement during late September, when the TV series makers roll out their new models for 1986-87.

The Bobcats fumbled the opening kickoff around before Jerry Gonzales finally fell on the football at the Dimmitt 11. Four plays later, punter Todd Durham mustered only a 27-yard punt, giving Abernathy an all-too-easy shot at six points.

7th Bobcats ease past Abernathy

Robert Ruiz scored a late touchdown on a 60-yard run, then the fullback threw a pass to Armando Arce for a successful two-point PAT to give the Dimmitt seventh grade Bobcats an 8-6 win over Abernathy last Thursday at Bobcat Stadium.

Abernathy had scored first when a Dimmitt punt was blocked into the end zone, where Abernathy fell on the ball for six points. The PAT failed.

The seventh graders will face Olton today at 5 p.m. in Olton.

Nazareth third at Hereford

The defending state champion Nazareth Swiftettes grabbed third place Saturday in the Hereford Invitational Cross-Country meet, behind Perryton and Amarillo Tascosa.

The Hart girls finished sixth and the Dimmitt girls eighteenth in the varsity girls division, while the Dimmitt boys ran sixteenth in their group and the Nazareth JV girls ran sixth in their class.

Hart's Tammy Menchaca finished fourth overall in 13:25, while teammate Lupe Mijares ran seventh in 13:43.

The Swiftettes were bolstered by Linda Birkenfeld, fifth in 13:36, Barbie Steffens, eleventh in 13:56, and Rachel Huseman, seventeenth in 14:07.

Harris Picks

Here are the selections in this week's schoolboy football games of local and area interest by the Harris Rating System. The home team is listed in CAPS.

Dimmitt 7 over OLTON, Nazareth 6 over SPRINGLAKE-EARTH, River Road 3 over HART, Tulia 14 over DALHART, ABERNATHY 21 over FLOYDADA, Littlefield 21 over HOBBS, Muleshoe 4 over LOCKNEY, Slaton 14 over COOPER, Post at ROOSEVELT, PICK 'EM, Sanger 6 over JACKSBORO, Wheeler at PANHANDLE, PICK 'EM, Hale Center 24 over KRESS, HAPPY 24 over Phillips, Groom NO LINE over MCLEAN, SUNRAY 7 over Vega, Lorenzo 2 over ANTON, BOVINA 6 over Lazbuddie, Plainview 7 over CAPROCK, Friona 1 over PAMPA, Hereford 25 over DUNBAR.

The Antelopes scored before they were even through with the theme song on Dallas. Was that Bobby in the shower? And what's that quarterback's name? Flint? I guess it beats Sue.

His name was Flint Bigham, and he put on a masterful passing show in the first half, completing six of eight passes for 107 yards, a touchdown and a two-point PAT. He hit split end Chuck Thompson from nine yards out for the first score of the game as Thompson ran a hook in front of the Bobcat secondary in the end zone to give the Antelopes a 6-0 lead with 7:30 to go in the first quarter after the PAT failed.

Meanwhile, Bobby was explaining to a disbelieving Pam that he fixed it with the coroner to pronounce him dead so Bobby could run off to South America and try to find Jock. Mark, also back from the dead, walks in, finds Pam talking to a naked Bobby and wonders if there isn't something a little fishy going on. Especially since Bobby has been in the shower since last March.

It didn't take Abernathy long to get rolling the next time it got its hands on the ball, either, as the Antelopes marched 77 yards on six plays. The big play of the march was a 40-yard completion from Bigham to tight end David Casey that carried to the Dimmitt 26. Two plays later, tailback Irvin Dunn scored on a 10-yard scamper to give the 'Lopes a 12-0 lead with 3:32 left in the first quarter.

Well, how about ol' Crockett over on Miami Vice. Can ya believe it? \$400,000 an episode and the guy can't afford a pair of socks. Doncha imagine his shoes smell real good? In all that humidity he probably goes through a case of Odor Eaters a month.

Dimmitt got its first break late in the first quarter when defensive end Oscar Medalline fell on an Aber-

nathy fumble at the Antelope 35. The Bobcats, however, could only gain one yard on three plays, and a 53-yard field goal try by Durham was short of the mark.

Look, honey, at least Crockett got him a new haircut. But no shave. Whattaya mean he's cute. Ya make me sleep on the couch if I go more than two days without shaving, and you think he's cute because he's used the same razor for six years.

Abernathy bounded down the field for its last touchdown of the night, taking over at its own 34 after the missed field goal and scoring in 10 plays. Keying the drive was fullback-bulldogger Rowdy Powell, who picked up 49 of his 96 yards during the drive, including a 37-yard scamper to the Dimmitt 22. On the next play, Bigham was dropped for a 4-yard loss, then hit Thompson for a 10-yard gain two plays later to set up fourth-and-3 at the Dimmitt 15. Dunn almost scored on the next play as he ripped through the Dimmitt defense for 14 yards to the 1. Powell walked around the right side and into the end zone to make it a 20-0 ballgame after Bigham hit Jack Waters in the end zone for a two-point PAT with 6:56 to go in the first half.

Of all things, J.R. and Sue Ellen are fighting. Hard to believe, but an interesting new twist in the story line. Of course, Sue Ellen was a little upset because she was almost blown away in J.R.'s office when a little bomb left by a friend blew up. Sue Ellen decides she's going to find a real job, and is going to design "things" for Frederick's of Sunnyvale. J.R. is a little upset, too. Now, though, the writers are getting carried away...Ray and Donna, and Ellie and Clayton are all going through closed-mouth relationships, and Mark is distracted about something, but no one is sure about what's bothering him...

8th Bobcats blast 'Lopes

Dimmitt's 8th Bobcats evened their record at 1-1 last Thursday with a 28-14 win over Abernathy at Bobcat Stadium.

The Bobcats got on the board first with a 55-yard run by tailback Adam Cline in the first quarter. After Abernathy tied the score at 6-6 on a long pass, the Bobcats bounced back with a 45-yard scoring pass from Scott Acker to Daniel Espinosa. Michael Ethridge then ran a successful two-point conversion.

Dimmitt added 14 more points on runs of 35 and 50 yards by fullback Ryan Hardee and a Hardee PAT run.

The Bobcats will play at Olton Thursday at 6 p.m.

TOUCHDOWN!—Dimmitt split end Mark West snares a 12-yard pass in the end zone from quarterback Ricky Zimmer to put the Bobcats on the scoreboard with 4:07 remaining in Friday night's DHS Homecoming game against the Abernathy Antelopes. Trying to break up the touchdown pass is Abernathy's Chuck Thompson. The visiting Antelopes won the game, 20-6.

JV Bobcats even record

The Dimmitt Bobcat JV evened its season record at 2-2 last Thursday with a 42-20 win at Abernathy.

Tailback Johnny Garza picked up 91 yards on 16 carries and scored two touchdowns, while Emilio Arce and Jason Griffith also rushed for touchdowns as the Bobcats picked up 178 yards on 32 carries.

Griffith also caught a touchdown pass from quarterback Clay Lytle, who completed 7 of 21 passes for 110 yards. Rene Enriquez scored the other touchdown on a 23-yard interception return, while kicker Kelly Howell was a perfect 6-of-6 on PAT tries.

Enriquez also picked off another pass, as did Garza, while the JV

The old adage "Clothes make the man" apparently applies to bird plumage as well, reports National Wildlife magazine. Research on chickadees and several species of sparrows has shown that the width of colored bands on the birds' heads and chests determine their social rank within the flock.

Bobcats also recovered 3 fumbles and blocked a punt.

In their Sept. 21 game, the JV Bobcats fell to River Road, 8-7, with Garza scoring the only touchdown on a pass from Lytle, who was 10-of-30 for 118 yards. The Bobcats also picked up 87 yards on the ground.

The JV Bobcats will be at home for the first time in four weeks Thursday as they host the Olton JV at 5:30 p.m. at Bobcat Stadium.

Hart, Naz aiming for bigger teams

Dimmitt's Bobcats and Nazareth's Swifts look to get back on the winning track this week, while the Hart Longhorns are hoping to run their record to 4-1 in the fifth week of the 1986 football season Friday night.

The Bobcats, 1-2-1, travel to Olton, while the Swifts, 1-3, go to Springlake-Earth. The Longhorns host River Road, who is 1-2-1. All three games begin at 8 p.m.

Dimmitt at Olton

It's Homecoming at Olton as the Dimmitt Bobcats tangle with the Mustangs in the continuation of an old rivalry Friday at Olton.

Olton and Dimmitt tangled with each other for many years when both were Class A then Class 2A schools. Olton dropped down a classification several years ago, and the two teams have not played in two years. The Bobcats will be Olton's fourth Class 3A opponent, including Muleshoe, Floydada and Friona, and 2A power Shallowater.

"Olton hasn't been blown out of a game this year," said Dimmitt coach Clifford Smith. "They lost 22-14 to Muleshoe, 21-8 to Shallowater, 7-0 to Floydada and 27-15 to Friona. They're a good 0-4 team.

"Their best player is Stan Stroebel, who is dangerous wherever he lines up. He could be at quarterback, fullback or tailback on any given play. Luis Guerrero is a dangerous runner at tailback when Stroebel is not there, and Eric Lee was an all-South Plains tight end last year who also lines up in the backfield and can hurt you from any angle. They run from several different formations, and run at times from an unbalanced line, so our defense will have to be on its toes throughout the game.

"They run from a 5-2 and 5-3 defense, with Lee and Stroebel at defensive end, and Albert Aviles at linebacker. Lee and Stroebel are the keys to their defense, and we will have to keep them from dominating us.

"I'm sure they're hungry for a win. 0-4 is not indicative of how good they really are. It's Homecoming for them, and that should really pump them up."

Smith praised the efforts of Milton Carrasco, Prentiss Washington and Mark West on defense, while pointing out Ricky Zimmer, Ricky Major, Kevin Petty and West on offense.

Nazareth at Springlake-Earth

Last week, the Swifts were shell-shocked by the aerial attack of Valley's Kirk Saul. This week, it's

going to be a ground barrage from Jerry Spencer as the Swifts travel to Springlake-Earth to tackle the Wolverines.

All Spencer has done is pick up 674 rushing yards this year in just three games. The Wolverines fell to undefeated Muleshoe last week 40-16, but Spencer picked up all 16 of S-E's points, on a 25-yard pass reception from Kyle Jones, a 7-yard run, and two PAT runs.

"He's definitely the heart of their offense," said NHS coach Rex Minshew. "Springlake-Earth isn't a big team, but they're very quick, and that's the type of team that gives us problems.

"Our big problem right now is we need to win a football game. 1-3 is not a very good feeling. It wasn't so bad with two close losses, although those are hard to take. But last week's loss to Valley was really hard on us."

Minshew said quarterback Chris Schmucker, who hyperextended a knee during last week's battle, should be at 100% this week, while Craig Huseman is still out for an indefinite period. Minshew said Wes Dobmeier, who was Huseman's backup at both fullback and linebacker until he, too, went down with an injury, could be back this week, and should definitely be back in uniform next week.

River Road at Hart

The Hart Longhorns will not be celebrating last week's 56-6 whipping of the Kress Kangaroos for long, as they prepare for a tough River Road squad this Friday night.

River Road is 1-2-1, with the tie coming two weeks ago against Dimmitt. Last week, the Wildcats fell to Memphis, 14-12, and lost their season opener to Friona, but their win came against perennial 2A toughie Panhandle.

"We're going to put on a few defensive variations to try to stop their Veer offense," said HHS coach Mark Stroebel. "Jon Pierce is a good quarterback, and fullback Craig Kennedy is a very tough runner. Halfback Monty Harris is also a good one, so we'll have to be on our toes. We'll have to play well to beat them.

"River Road has made some changes on their defense, and ran some 5-3 against Memphis last week and shut them down. It's important for us to win this game, because we open next week at Abernathy, and that could be for all the marbles."

Stroebel said there are no serious injuries, but the flu bug has been bothering some of the Longhorns.

NAZARETH'S ALAN BIRKENFELD hauls in a 12-yard pass from quarterback Chris Schmucker which, aided by a 15-yard penalty against the Patriots, gave the Swifts a first down inside Valley territory on the 40-yard line during third quarter action Friday night in Nazareth. Birkenfeld's catch helped set up Nazareth's only score of the night, a 12 yard touchdown pass which he also hauled in with 2:00 left in the third quarter. The Swifts lost to Valley 40-6.

Valley zaps Swifts, 40-6

The Valley Patriots were unstoppable Friday night as they rushed for 297 yards, passed for another 276 yards, and thrashed the Nazareth Swifts 40-6 last Friday at Nazareth.

The win ran Valley's record to 4-0, while the Swifts are now 1-3.

"We couldn't stop their pass, or their run, or anything," said NHS coach Rex Minshew. "Valley is a lot better team than I thought they were."

The Swifts could manage but 21 yards on the ground and 139 yards through the air, and could muster just one touchdown, a 10-yard pass from Chris Schmucker to Alan Birkenfeld, while Valley scored six touchdowns, four on passes from quarterback Kirk Saul.

Valley got its show rolling on its first possession of the contest, as the Patriots traveled 47 yards on 6 plays. Saul hit wide receiver Matt Barrett for a 15-yard TD for a 7-0 lead after the PAT kick.

Valley didn't take long to score again, as the Patriots blocked a Swift punt, setting up a 2-yard toss from Saul to Barrett. The PAT kick was blocked, leaving the score 13-0.

Valley came out in high gear in the third quarter, striking for both rushing touchdowns on runs of 42 and 18 yards by Eric Scoggins, while the Swifts frittered away an opportunity early in the period before finally scoring late in the quarter.

The early opportunity came when Kenny Kern blocked a Valley punt, with the Swifts recovering at the Patriot 22. Two plays later, though, a bad pitch was recovered by the Patriots at their own 31 to snuff out the drive.

Later, with Valley leading 27-0, the Swifts put together a 69-yard drive helped by two major penalties on the Patriots. A spearing call on a

hit on Birkenfeld after he hauled in a 12-yard pass from Schmucker gave the Swifts the ball at the Valley 40. Then, on fourth-and-15, the Patriots were flagged for pass interference on Birkenfeld, giving the Swifts new life at the 30. Four plays later, Schmucker hit Birkenfeld for the touchdown.

Saul came back with two more touchdown tosses in the fourth quarter to pad the margin to 40-6, including a screen pass for 19 yards to Thomas Rodriguez and a 14-yard fling to Freddie Ruiz.

"We have to regroup and put this loss and the others behind us," Minshew said. "District is right around the corner and we have to be ready for it."

'Horns hammer Kangaroos, 56-6

The Hart Longhorns proved to be much too tough for the young Kress Kangaroos last Friday night as the Longhorns upped their record to 3-1 with a 56-6 win.

The 'Horns had six different players score in the game, including Johnny Washington with 3 touchdowns, Chris Rodriguez with two six-pointers, and one touchdown each from Paul Ramirez, Danny Valadez and Junior Washington. The scoring spree and a defense that limited Kress to no first downs and a paltry 16 yards of total offense meant total havoc for the hapless 'Roos.

It took a while for the Hart scoring spree to start, when Johnny Washington broke through the line behind blocks by Cecil Diaz and Ramirez for a 38-yard run with 33 seconds left in the opening period. Diaz' kick failed and Hart led 6-0.

Kress was backed up near its own goalline when Diaz hit the 'Roos quarterback and knocked the ball loose. Valadez pounced on the ball in the end zone, then Johnny Washington ran a two-point PAT to give Hart a 14-0 cushion with 9:47 left in the first half.

The Longhorn defense pushed Kress back for 13 yards of losses, and the 'Roos were forced to punt, giving Hart the ball at the Kress 40. Hart drove quickly down the field, and Johnny Washington ran for his second score from 10 yards out, then fullback Rodriguez ran for a two-point PAT to give the Longhorns a 22-0 edge midway through the second quarter.

Hart had another touchdown called back on a holding penalty late in the half, and settled for a 22-0 lead at halftime.

The Longhorns didn't settle for that for long, though, as Hart took the second half's opening kickoff and marched to another score. Rodriguez plowed in from five yards out four minutes deep in the third quarter to make it a 28-0 game after the PAT failed.

Late in the third period, the 'Horns struck for their only score through the air as quarterback Brett Ritter hit Ramirez for a 10-yard score. Valadez ran in the two-point conversion attempt to widen the gap to 36-0.

The most prolific period for Hart was the fourth quarter, and the 'Horns scored three times, and switched people around to change things up.

For instance, Rodriguez, normally the fullback, switched to tailback and scored eight seconds deep in the quarter, with Diaz booting the PAT. Then, Johnny Washington, switching places with Rodriguez, scored from fullback from four yards out with 8:02 to play. Diaz booted the PAT to give Hart a 50-0 lead.

Hart's final score came just 22

seconds later, after a Kress turnover, when fullback Junior Washington plowed over from the four. The PAT failed, leaving the score 56-0.

Kress got its only touchdown with 45 seconds left in the game when a Kress defender picked off backup quarterback Cody Myrick's pass and raced 33 yards for the score. The PAT failed.

Texas farmland accepted into conservation program

Another 819,308 acres of highly erodible Texas farmland have been accepted into the government's Conservation Reserve Program. The land is from 2,918 farms.

Combined with two earlier sign-up periods in the spring, more than 1,127,000 acres in Texas have been committed to the CRP, points out Dr. Bill Harris, soils specialist with the Texas Agricultural Extension Service.

Nationwide, 8,920,889 acres are now enrolled in the program, which evolved from the 1985 farm bill as an effort to curb erosion losses on fragile farmland and at the same time reduce the production of already surplus crops. Some 45 million acres are targeted for the program over a five-year sign-up period, with 11.5 million of those being in Texas, notes Harris.

To participate in the CRP, a farmer or landowner must first determine if his land is highly erodible as classified by the Soil Conservation Service. Then he must submit a bid to the Agricultural Stabilization and Conservation Service on the amount of payment he feels is justified based on the land's production

history. The maximum bid price on land accepted into the CRP has varied across Texas, ranging from \$40 per acre on the High Plains to \$55 per acre in the Rio Grande Valley. During the most recent sign-up period, the average acceptable bid from Texas was \$29.53 per acre.

If the bid is accepted, the farmer must agree to keep the land out of production for 10 years and to take steps to control wind and water erosion by planting grass or trees, says the soil specialist. Cost of establishing conservation measures are split 50-50 with the government.

In conjunction with the CRP, farmers now face additional provisions aimed at soil conservation practices, Harris points out. Rules have been proposed by the US Department of Agriculture relating to the management of highly erodible lands and wetlands and to conservation compliance that ties conservation efforts to commodity programs.

This means that farmers cultivating highly erodible land or converting wetlands and not complying

with locally approved conservation plans would be denied commodity program benefits such as price and income supports, disaster payments, crop insurance, FmHA loans, Commodity Credit Corporation storage payments, farm storage facility loans and related payments. In addition, cost-sharing funds for conservation practices would not be allowed on lands in violation, Harris points out.

Because of the far-reaching implications of these conservation measures, Harris encourages landowners to comment on the provisions as published in the June 27 Federal Register. The USDA recently extended the comment period another 60 days to Oct. 25. Comments should be sent to the Director of Cotton, Grain and Rice Support Division, USDA/ASCS, P.O. Box 2415, Washington, D.C. 20013.

THA launches home ownership program

The Texas Housing Agency started accepting applications for a new homeownership assistance program Monday.

The new program will provide qualified families with a tax credit that will reduce their federal income tax.

"The Mortgage Credit Certificate Program increases a family's disposable income by reducing its federal tax obligations. This tax savings provides a family with more available income to qualify for a mortgage," said Dan A. McNeil, Acting Executive Administrator of the Texas Housing Agency.

McNeil said the program offers first-time homebuyers an annual tax credit of up to \$2,000 based upon 20% of the annual interest paid on their mortgage loan.

"For example, a family that plans to purchase a home for \$56,000, and receive a loan of \$53,000, at 9.5% interest for 30 years will pay the lending institution \$5,020 in interest during the first year. Under the MCC Program, the family will be eligible for a tax credit of \$1,004

Barky cotton expected for High Plains '86 crop

All signs point to unusually severe and costly problems with bark in the 1986 High Plains cotton crop, according to officials with the Plains Cotton Growers in Lubbock.

"That makes the Barky Cotton Research Task Force's most recent *War on Bark* pamphlet all the more important to area cotton producers" said PCG Executive Vice President Donald Johnson. The task force, chaired by PCG Vice President Don Bell of Wolforth, is a group of farmers, scientists and administrators organized last February under the auspices of PCG and Cotton, Inc.

Nothing can be done about the late summer's heavy rains and cool weather that spawned excessive growth of foliage which in turn leads to heavy stick and bark content in stripper-harvested cotton which will arrive at gins in the near future.

But, the task force maintains the farmers' harvest strategy "can raise or lower the number of barky grades you get. By conditioning

your crop in the best way possible and by combining your experience with the latest research findings, you can reduce your stick and bark content."

The pamphlet offers advice on use of harvest-aid chemicals, timely harvesting, stripper modification and operation.

It's admitted that stripper harvesting is the obvious common feature of production practices that lead to bark in cotton; however, strippers do not cause bark, but the way they are operated and the way the entire system is managed can affect the stick content of burr cotton, a factor closely related to barky bales.

USDA research results reviewed by the task force shows that shortening rubber paddles by an inch and timing stripper rolls to run paddle-to-paddle, brush-to-brush, under some conditions reduces stick content by up to 40% and can reduce barky grades by as much as 65%.

This procedure, however, also causes more field loss, and the task force provides a formula for estimating lint loss to reach the most profitable compromise of harvesting efficiency and reduced bark penalties.

In recent years, the percentage of High Plains classing cards carrying the dreaded "barky" stamp has ranged from as low as 4% in the 1979 crops up to 64% in 1981. Over the years the task force estimates that bark has cost producers an average of about \$3 per bale on every bale produced in West Texas.

Copies of the *War on Bark* pamphlet are available to producers from PCG, county extension agents, and gin offices.

Energy savers may add to house value

An investment in energy-savings features can save money now and make money when you sell your home, according to an Extension Service housing specialist.

"The rising price of energy is a great concern to most homeowners," says Dr. Susan Quiring of College Station. "Yet, even inexpensive energy-saving steps, such as caulking around windows and doors will help lower energy bills."

Major expenditures for more efficient heating and cooling systems or additional insulation will save even more, and may actually make money for you in the future, Quiring says.

The specialist concedes that it typically takes several years of reduced energy bills before homeowners reach the "payback" point on big energy investments. But you may more than recover the investment because energy saving features can increase the resale value of your home.

For maximum home energy efficiency, Quiring suggests the following steps:

*Find and fix air leaks around windows, doors, foundations, electrical outlets, exhaust fans and attic openings;

*Install storm windows and doors to reduce heat loss and/or heat gain;

*Provide summer shade for south and west windows;

*Adjust the temperature setting by 5 degrees on heating and air conditioning systems and compensate for comfort with the clothing you wear;

*Insulate ceilings, exterior walls, under floors, heat ducts and hot water pipes;

*Use exhaust fans effectively to control heat and excess moisture at the source;

*Use energy powered home appliances efficiently;

*Use lighting efficiently by lighting only those areas that are in use and selecting energy efficient bulbs, tubes and fixtures when replacements are made.

"There are many ways to conserve home energy without sacrificing your level of living," Quiring said. "Some of them involve spending money, but the long-range benefits should pay for the cost."

The specialist noted one excellent source for investing in home energy conservation is a free booklet entitled *Your Home Energy Portfolio*, which may be obtained from the Alliance to Save Energy, PO Box 57200, Washington, DC, 20037.

WANTED COTTON GROWERS

GINS OFFERING ELEVEN-YEAR-OLD ELECTRONIC COTTON MARKETING SYSTEM SEEK QUALIFIED HIGH PLAINS COTTON PRODUCERS WHO NEED ASSISTANCE IN MARKETING COTTON UNDER 1986 FARM BILL.

More about

Centennial song writer...

(Continued from Page 1)

"There was no taping in those days. We performed live, seven days a week, for 18 months. When that contract was up, there was no way we were going to renew it."

"Nobody gets more fun out of life than I do."

Most of LaRue's success, though, came with the Lone Star Texas Playboys.

"I organized the Lone Star Texas Playboys in 1936 when we moved from Hamlin to Sweetwater, and we played all over Texas. We'd come to Amarillo and play at Cal Farley's 'One Stop Does It,' and just go all over. In 1941 we moved to Las Cruces and I dropped the 'Texas', and played nightclubs three nights a week, then moved back to Sweetwater in 1946 and again formed the Lone Star Texas Playboys. We'd start every dance with *In The Mood*. We had a bass, guitar, steel and banjo mandolin. Brother, we had the rhythm.

"The biggest dance we ever played for was the United States Square Dance Convention in 1949 in Big Spring, and that was the biggest square dance ever held. After that, we quit playing for dances, and played stage shows in theaters and schools until 1953."

When the Lone Star Texas Playboys were through in 1953, though, LaRue wasn't through performing. He still performed for stage shows throughout this region after he moved to Muleshoe, and had one of the most popular programs on radio station KMUL.

"It was me and Sam. I imitated a black man for Sam's part, and people swore there were really two people. In fact, Sam and I sang a few songs together, but Sam was on tape, and I would sing along with the tape. We had a survey run by a guy, and people would send in cards with the name of their favorite program. I had 3,500 cards sent in for my show, and I told the guy running the survey that was pretty good. But he said they figured only about 10% of the people who actually listened sent in cards, so I really felt good about that."

LaRue said he would probably attend the Sesquicentennial edition of the state fair "if they gave me a little expense money. But it would cost me a plane ticket down there and back, plus a cab ride from the airport to the fair and back. I just can't afford it."

"This Sesquicentennial thing isn't as big as the Centennial was, though. The Centennial was like the World's Fair. I've been to the Mardi Gras in New Orleans and the Centennial was bigger than that. Of course, back then there was no TV or anything like that. It was sure the biggest event I've ever been to."

"The State Fair was it, one big blow out."

Would You Believe...

Kilimanjaro, Africa's highest mountain, is an extinct volcano, with its highest peak reaching 19,340 ft.

Legend has it that when injured, the wild goat eats herbs to heal its wounds. The male goat lives 16 years, the female 18 years.

JUST ANOTHER PRETTY FACE — Dimmitt High School seniors Scott Hill, Joel Nelson, Einar Sigurdsson and Marc Bennett aren't posing for some beefcake calendar. They're instead getting ready for another exciting moment in their school

years for a skit at the Homecoming pep rally Friday afternoon at the DHS gym. The four portrayed football players going out to do battle, with helmets covering their real heads and shoulder pads worn around their waists.

Meals on Wheels program is strong

The Meals on Wheels program is alive and well in Dimmitt, MOW President Joe Josselet told members of the Dimmitt Kiwanis Club at their meeting Monday.

Josselet said the biggest problem the MOW group is facing is "getting our point across that we are not a 'charity' organization. Anyone who receives meals from Meals on Wheels is required to pay as much as they can for their meals. It is a great program for someone not able to prepare their own meal but is able to feed themselves. I believe we would have more people on the program, but people think it's charity."

Currently, only three persons are receiving a noon meal from the organization, and each is paying \$1 per meal. Full cost for the meal, which is prepared by Plains Memorial Hospital, is \$2.50. Josselet said

the meals actually cost the organization \$2.82 per meal.

"Application is easy to make," Josselet said. "There are three forms which are available from me at the First State Bank. One releases the persons delivering the meals from damages in case something is wrong with the meal. Another is for a diet plan from the recipient's doctor, and the third is a simple form for name, address, and other information. Faye Varner at the hospital screens all the applications. We also find out at the time of application how much they are able to pay. We have never turned anyone down because they have been unable to pay."

Currently, the program is receiving \$50 per month from the Kiwanis, and received a donation of \$1,000 this year from the Dimmitt Lions Club. The group has also

received private donations and funding from the First Baptist Church and First United Methodist Church. Josselet said MOW currently has about \$1,200 in the bank, and would probably need "more donations in three or four months. We're in good shape right now, but I don't know how long that money will last."

Josselet said the organization was started in Dimmitt in 1977 through

the efforts of B.M. Nelson, Allan Bradley, Russel Moran, Janice Bell and Bill Birdwell, and Carolyn Sides, the group's original president, is still active in the organization, currently serving as secretary. Other officers include Jerry Kittrell, vice president, Doug Proffitt, treasurer, and Walter Maynard, driver coordinator.

A MATTER OF CHOICE

SPS proposes "clean coal" technology to repower plant

Southwestern Public Service Company announced last Friday it is proposing to convert a natural gas-fueled power plant near Amarillo, to a coal-fueled unit that would save millions of dollars for its customers, while demonstrating for the nation an environmentally superior way to burn the most economical coals.

It is expected the repowering of Nichols Station Unit 3 could save SPS customers \$178 million during the 20-year life of the converted unit, through reduced fuel costs, said W.R. "Bill" Esler, SPS president and chief operating officer.

SPS also filed an Application for Project Endorsement with the Public Utility Commission of Texas for the \$99.7 million project. Construction could begin in late summer of 1987 and operation would begin in 1990. Several hundred construction workers would be employed during the conversion.

"Even in the short term, the boiler replacement will be a help to our area," Esler said. "And our project will prove that utilities can burn the least-expensive coals in boilers that are in a sense 'coal-cleaners.' The

boiler we will demonstrate will not require installation of expensive, high maintenance, sulfur scrubbers. But it will do a superior job of helping keep our air clean."

The US Department of Energy is considering the SPS project for possible inclusion in its Clean Coal Technology Program. The program will provide interest-free loans to partially finance projects that contribute to the nation's expertise of burning coal more cleanly.

"We believe that quick PUCT endorsement will enhance the chances of DOE participation, which

would mean even greater savings to our customers," Esler said. "However, even without DOE financing, the project could serve as an example of American productivity applied to the benefit of ratepayers and the environment."

SPS proposes repowering the 18-year-old, 256,000-kilowatt Nichols unit 3 with a "circulating fluidized bed" (CFB) boiler. The project will demonstrate the effectiveness of a CFB boiler with more than twice the steam output of any CFB boiler in operation or under construction, said SPS project spokesman Dave

Fairbanks. "Circulating fluidized bed boilers are designed both to burn a variety of coals and to reduce nitrogen and sulfur oxide emissions," explained Fairbanks, a senior mechanical engineer in SPS' generation plant design group. "Current federal law, relating to new or modified power plants, requires at least 70% of the potential sulfur emission be removed, regardless of how low the sulfur content is to begin with."

"The CFB boiler SPS is proposing would operate at only 1600 degrees Fahrenheit, which is below the temperature at which significant amounts of nitrogen are formed," Fairbanks explained. "And limestone injected into the CFB boiler captures the sulfur. The limestone and sulfur form inert gypsum, which is easily removed from the boiler in a dry powder form."

Southwestern's proposed plant would test-burn coals from New Mexico mines, and from Wyoming and Oklahoma. The principal coal

from the boiler is expected to come from the Raton Basin in New Mexico. CFBs also are capable of burning coal culm ("waste" coal).

SPS said the CFB boiler could use Texas coals some day, should those coals become economical for SPS.

Fairbanks said CFB boilers have several advantages, compared to conventional boiler-scrubber combinations. "CFBs remove sulfur oxides more economically than do scrubbers," he said. "They do not use water in the process — which is important in this region. And they do not create the messy, hard-to-dispose-of sludges produced by traditional wet scrubbers."

Southwestern Public Service Company primarily provides electric service to a population of about one million in a 52,000-square-mile area of eastern and southeastern New Mexico, the south plains and Panhandle of Texas, the Oklahoma Panhandle and southwestern Kansas.

Police calls

30 trailer tires valued at \$2,400 were taken from a storage trailer at 607 SE Second sometime between 9 a.m. Sept. 3 and 5 p.m. Sept. 21.

According to police reports, Mary Guzman of 200 E. Grant, reported that someone had broken into the trailer and removed the tires from the southwest room of the trailer.

Officers discovered no sign of forced entry, and Guzman said she was uncertain whether the doors to the trailer were secured.

Sherri Pennel advised police that a bicycle valued at \$120 was missing Sunday.

According to Pennel, the bicycle

had been parked beside the back porch of her residence at 616 West Jones Saturday afternoon and was discovered missing at approximately 7 p.m. Sunday.

Pennel said the bike was a 1972 10-speed white Hasco with black hand grips, a black racing seat, black tires, reflectors behind the seat and in front of the handlebars, steel foot pedals, flat tires and handlebars that were wrapped in black tape.

An accident on South Broadway Sunday night left two vehicles moderately damaged.

A 1973 yellow Chevrolet Impala four-door driven by Bonnie Lee

Powell, 40, of Dimmitt, exited the parking lot at Thriftway and attempted to turn left onto South Broadway when the rear end of the vehicle skidded on wet pavement and turned into the path of a 1985 blue Dodge Ram Charger Suburban, driven by Anant Patel, 16 of Dimmitt.

The suburban had been traveling south on Broadway when the accident occurred.

A 1983 brown Olds Delta 88, driven by Mary Acevedo Flores, 36, of Dimmitt was parked in the parking lot at Thriftway Sunday afternoon, when the driver's side door on the vehicle was struck by a 1978

red Chevrolet Caprice station wagon, driven by Beth Stansell Joiner, 39, of Dimmitt.

The station wagon was turning into a parking space on the left side of the Olds when Flores opened the door on the Olds.

Presbyterian happenings

Sunday Church School teachers were dedicated last Sunday at the morning church worship service: Beth Joiner, Ruth Coleman, Dwight Joiner, DeAnne Morgan, Helen Braafadt and Betty Freeman.

Rosh Hashanah, the Jewish New Year, begins at sundown, Friday and continues until sundown on Sunday.

Presbyterians are responsible for the service at Canterbury Villa Sunday at 9 a.m.

There is a Sunday Church School class for everyone every Sunday at 10 a.m. The Adult Bible class meets at the home of Mrs. Emily Clingsmith. All other classes meet at the church.

"A Leader's Sense of Social Responsibility" will be the subject of Pastor Edward D. Freeman's sermon at the World Communion service at 11 a.m.

The Rev. Jerry McMennamy will give a series of teachings and ministry on some of the basic concepts of the Kingdom of God on Sunday afternoons at 5 p.m. in our church beginning this Sunday. The nursery will be open.

"You Can Transcend Do's and Don'ts," Colossians 2:16-23, will be the mid-week Bible study at 6:30 p.m.

There will be a church officer workshop at St. Luke Presbyterian Church in Amarillo on Friday, Oct. 10 beginning at 6 p.m.

Presbyterian Women of Area II will have their Fall meeting at Levelland on Saturday, Oct. 11, beginning at 10 a.m.

Babbling Brooks

By John Brooks

In my lifetime, I have seen top fuel dragsters struggle with, then finally break, the seven-second barrier, then struggle with, then finally break, the six-second mark.

Now, alcohol-fuel breath, the world record is 5.280 seconds. The new record was set by Darrell Gwynn last week at Texas Motorplex at Ennis. To make it sound even more amazing, that's 278.29 mph for a quarter of a mile.

Speaking of fast driving, it looks like the new 65 MPH speed limit

for major stretches of interstate highways has a halfway decent chance of passage.

I would however, like to see an amendment added to the bill. I believe that all congressmen who vote against the bill should be forced to take their junkets not to Europe and the Bahamas but, instead, driving at 55 MPH through New Mexico, Arizona, Wyoming, Montana and Utah. That would make for more supporters of the bill.

The longest weeks of my life have been spent on the 15-hour

drive from here to Granny's in the Arizona desert. I would recommend the speed limit be raised to 85 MPH for the stretch from Portales to Roswell in New Mexico, and at least 75 MPH from Alamogordo to Coolidge (where Granny lives).

We drive that fast, anyway, except when SuperTrooper is waiting for my mother, A.J., out between Ruidoso and Tularosa. At three stinkin' o'clock in the morning.

We will watch with the utmost interest the vote in California this year on a proposition that would make English the official language of the state.

The ABC Evening News with Peter Jennings had a very-detailed story last Wednesday on the issue, which is being headed by former US Sen. Si Hiyakawa. Hiyakawa is fluent in both Japanese and English, but, since becoming a naturalized American many years ago, has used English totally.

There is resistance to the move by Hispanic and Oriental groups in California who feel their rights will be infringed upon if the proposition passes.

I think it's time for the law to become national in scope.

Frozen fruit bars can delight dieters

Frozen fruit bars have become the latest dieter's delight. But are they actually a "low-calorie" alternative to regular frozen fruit-flavored bars?

According to a Texas A&M University Agricultural Extension Service nutritionist, the answer is "no."

Dr. Alice Hunt points out that national brand frozen fruit bars contain from 50-80 calories per 2 1/2 ounce bar. The regular frozen fruit confections contain about 60 calories per 2 1/2 ounce bar.

"Frozen fruit bars contain up to 30 percent fruit juice, which improves their nutritional content over frozen confections," she says. "But they are also no lower in calories than real fruit."

For example, a 1/2 cup serving of canned sliced peaches in extra light syrup, or frozen sliced peaches without sugar has only 50 calories and adds fiber to the diet that is removed when fruit is made into juice.

The frozen fruit bars, like frozen confections, also contain added sugars or corn sweeteners.

If calorie-conscious people use frozen fruit bars to replace higher

calorie snacks, such as ice cream bars, they could be cutting back on their total calories, Hunt notes.

"For someone on a serious weight-loss diet, however, fresh fruit will still provide more nutrients and fiber for fewer calories than frozen fruit bars," says the nutritionist.
