THE COST OF TRAFFIC ACCIDENTS

The playing area of a football field measures 300 feet by 160 feet. United States currency measures about 2 5/8 inches by 6 1/8 inches. If a football field was completely covered with one dollar bills, then a layer of two dollar bills, then a layer of five dollar bills, then a layer of ten dollar bills, then a layer of twenty dollar bills, then a layer of fifty dollar bills, then a layer of hundred dollar bills, then a layer of five hundred dollar bills, then a layer of one thousand dollar bills—THEN start all over with another layer of one dollar bills, another layer of two dollar bills, another layer of five dollar bills, another layer of ten dollar bills, another layer of twenty dollar bills, another layer of fifty dollar bills, another layer of one hundred dollar bills, another layer of five hundred dollar bills— THEN on top of these seventeen layers of money, place another layer of five hundred dollar bills and five more layers of hundred dollar bills—the money on that football field would still not represent the economic loss suffered from traffic accidents in Texas for the year 1976. The \$1,485,000,000 estimated loss for this one year would buy 10,000 homes at \$45,000 each 10,000 refrigerators at \$400 each 10,000 electric ranges at \$350 each 10,000 TV sets at \$600 each 10,000 dishwashers at \$350 each 10,000 automobiles at \$6,500 each 10,000 central air conditioning at \$1,500 each and furnish the head of each of the 10,000 households with a bank account of \$93,000.

ALL BASEBALL COACHES should report game results if you want them in the paper. Here's what we have so far:

LIONS LITTLE LEAGUE

RED SOX 14, BRAVES 12

The Red Sox beat the Braves 14-12 Monday in the season opener.

INDIANS 10, RANGERS 3

Tuesday, the Indians outscored the Rangers 10-3. Pitchers for the winners were Gregory Gonzales and Joey Davis.

LITTLE LEAGUE ROSTERS

RANGERS

Dodd Duvall, Brent Hallmark, Scott Poole, Johnny Torres, Oseas Torres, Jr., Tim Diepenhorst, Kris Torres, Rafugil Vasquez, Israel Gonzales, Richard Luna, Scott McCarty. Coaches: David Turbeville, Van Bradley.

INDIANS

Joey Davis, Ronnie Durham, Ritchie Thornton, Gregory Gonzales, Mario Arellano, Johnny Lopez, Bennie Lopez, Jayson Hill, Doug Warren, Ricky Saenz, Earl Broseh, Cris McCarty. Coaches: Lanny Barnett, Ricky Mosley, Ronnie Thornton.

Junior High Students Get Diplomas, Awards

Eighty-three Lockney Junior High School eighth-graders received diplomas during the Junior High Awards Assembly Thursday in the school gym. Students also were recognized for excellence in academics and participation in athletics during the just-completed school year.

Receiving special recognition for high marks were the following students:
ART: Glenna Sue
SIXTH-GRADE SOCIAL STUDIES: Karen Mathis, Monty Mize
SEVENTH-GRADE SOCIAL STUDIES: Amy Shaw
SEVENTH-GRADE ENGLISH: Kay Reay
EIGHTH-GRADE ENGLISH: Dwight Jackson, Debra Webb, Jill Whitfill, John Cummings, John Fortenberry, Adrian Ramirez, Julie Ferguson, Monty Smith.

EIGHTH-GRADE ENGLISH: Patti Christy, Sharon Spencer, Jeff Race, Monty Smith, Dwight Jackson, Rosalind Hill, Jill Whitfill, Adrian Ramirez, Julie Ferguson.
CHOIR: Alfredo Segovia, Bonita McDonald, Joe Sepulveda, Sue Martinez.

Eight students received awards for perfect attendance. They were Melissa Perez, Julie Gonzales, Tara Mangum, Jamie McCulloch, Jovita Castro, Joe

Beltran, Karl Race and Juan Hernandez.

Principal W.H. Hallmark announced next year's cheerleaders—Lisa Dipprey, Tammy Williams, Virginia Wilson, Margie Araujo, Kay Reay and Amy Shaw.

Valedictorian Julie Ferguson and

salutatorian Jill Whitfill received certificates of accomplishment. They read the class will.

Coaches Connie Comer, Carol Helms, Steve Culwell and Dick Van Hoose presented athletic awards to participants in football, basketball, track and tennis.

A Farewell Letter From Michel....

Dear friends,

My name is Lacaille Michel. I have been the exchange student in Lockney for the year 76-77 and I want before leaving say to everyone of you that I have really enjoy this year. I wish I could stay a little bit more, but I am oblige to go now. I want to thank all the shops of Lockney which have really adopted me, particularly Brown's store and Boot Hill and Strickland's and Schacht's. I want to thank the school for all I have learn in it. I want to thank all the clubs which have invited me to their meetings, and all the family which have adopted me. And I want to thank all the young people who have been my friend during this all year. When you go read this article I will be gone to Colorado then the 28th of July I will go home. I wish I could see you again. If one day you want go to France, anyone of y'all just write to me that you go visit my country and if you don't come see me I will come back.

Lockney, I love you.
Lacaille Michel

Tennis Club Releases Jr. Hi Tourney Results

The 7th, 8th, 9th grade tennis tournament is finally over. We'd like to thank all who played, but most of all the parents for being so patient with the rescheduling due to rain showers—unscheduled, by the way.

We had a great turnout with some really great players. So, keep in practice—there'll be another one this summer.

This is who won what:

Girls Singles: 1st: Missy Pinner, 2nd: Kathryn Moore, 3rd: Julie Frizzell, 4th: Sharon Spencer

Consolation: 1st: Rebecca Evans, 2nd: Lori Bayley, 3rd: Sue Burt, 4th: Tonjua Whitlock

Girls Doubles: 1st: Kathryn Moore & Lori Bayley, 2nd: Missy Pinner & Sue Burt

Consolation: 1st: Sharon Spencer & Rebecca Evans, 2nd: Julie Frizzell & Tonya Nance.

Boys Singles: 1st: Kevin Evans, 2nd: Jeffrey McCormick, 3rd: Joe Reay, 4th: Lane Turner.

Consolation: 1st: Randy Davis, 2nd: Dwight Jackson, 3rd: Jeff Race, 4th: Philip Kidd.

Boys Doubles: 1st: Jeffrey McCormick & Lane Turner, 2nd: Dwight Jackson & Kevin Evans.

Consolation: 1st: Randy Davis & Philip Kidd, 2nd: Nick Christian & Joe Reay, 3rd: Carl Burt & Jeff Race.

Mixed Doubles: 1st: Carl Burt & Sharon Spencer, 2nd: Lane Turner & Missy Pinner, 3rd: Jeffrey McCormick & Rebecca Evans, 4th: Nick Christian & Sue Burt.

Consolation: 1st: Kevin Evans & Julie Frizzell, 2nd: Dwight Jackson & Kathryn Moore, 3rd: Jeff Race & Lori Bayley, 4th: Randy Davis & Tonya Nance.

Again, thanks to all for a great tournament. We enjoyed it! We will do it again! Ages 6-12 years old—watch for TRACK MEET June 4.

TENNIS TOURNAMENT WINNERS...These youngsters were among the winners in the Lockney Tennis Club's recent seventh-eighth-and ninth grade tournament. (Staff Photo)

Most Firms To Close Monday

Most Lockney businesses will be closed Monday, Memorial Day, although grocery stores and some restaurants and service stations will be open.

Opening Monday will be Carter's Market, Page's Thriftway, Thomason Grocery, Ailsup's Convenience Store, Rogers Cafe, Dairy Queen, Webster Service and Supply, Ray's Gulf, Jackson Tire, Cooper Conoco, and Consumers Fuel.

Schacht Flowers, Jewelry and Gifts will be open until noon. These firms plan to close for the holiday: Dan's Auto Service, Byrd Pharmacy, Parker Home Furnishings, Boot Hill, Brown's Department Store, Davis Lumber, Pioneer Natural Gas, Lockney ISD tax office, Beecher's Cleaners, White Auto Store, Dick's Automotive, Strickland's Restaurant, Mize Pharmacy, Lockney Lumber and Supply, Miller Insurance, J.D. Copeland office, City of Lockney office, Southwestern Public Service, First National Bank, and the post office.

MEMORIAL SERVICE MONDAY

The Lockney Cemetery Association will have a business meeting and memorial service beginning at 10 a.m. Monday. Rev. John Jenkins, pastor of the Lockney First Baptist Church, will be the speaker for the memorial service.

The services will be held in the cemetery near the storage building.

Explorer Program

The Lockney Police Department has applied for a charter to organize a Law Enforcement Explorer Post for Lockney high school students. The advisor for the co-ed post is police officer Donnie Ballew. The post committee is composed of Police Chief Raymond Hamilton, Mayor Claude Brown and high school principal R.L. Knox. The Lockney post joins other Law Enforcement Explorers from Tulia, Plainview, Lubbock and Slaton.

The new Explorers will be learning first aid, traffic control, and radio procedure during the summer months. The new post will assist the police department with special police duties. The Explorers meet on the first and third Thursdays at the police department.

Charter members for the Law Enforcement Explorers are Noe Blanco, Barry Stansell, Buddy Wiley, Terry Brewer, Craig Ellison, Jeff Stansell, Bob Smith, Jeff Isom, Ricky Ford, and Jimmy Marks. Jamie Charles is organizing president, Donny Wiley, vice-president, and Jackie Gaskins, secretary-treasurer.

The Explorer program is the co-ed high school-college division of the Boy Scouts of America.

SENIOR CITIZEN MEETING THURSDAY

The Lockney Senior Citizens will meet Thursday, June 2, at 10 a.m. in Fellowship Hall of First Methodist Church. All interested persons are invited to attend. Bring a covered dish for the noon meal.

Clinic Here Wednesday

FOR CRIPPLED CHILDREN

The Texas Department of Health Resources will hold a Crippled Children's Services Nursing Clinic in Lockney on June 1, 1977. The clinic will be held in the Rebekah Lodge at 201 W. Washington, from 10:00 a.m. to 3:00 p.m.

Billie Moore, R.N., Public Health Nurse from the Region 2 office in Lubbock will be in Lockney to conduct the clinic. She notes that services available at this clinic will include counseling for persons now taking part in the Crippled Children's Services Program, as well as counseling for those individuals who are not now on the program, but feel that they may qualify for treatment available in this program.

Persons eligible for services must be in the age group from birth up to age 21. Anyone in this age group who meets eligibility requirements can receive treatment through the Crippled Children's Program, or in the Congenital Heart Program or the Cystic Fibrosis Program, both of which are administered through the Crippled Children's Services Division.

For further information and counseling concerning Crippled Children's Services, please plan to meet with Ms. Moore at the June 1st clinic.

Tennis Tournaments At Slaton And Plainview

All tennis players are invited to play in tournaments at Slaton and Plainview June 3-4-5. Entry Blanks may be picked up at The Hesperian or the First National Bank in

Floydada. Entry fees are required for both tournaments and trophies will be awarded for first and second places. Divisions include Jr. High through over 35.

RETIREMENT TEA...attended by a host of Floyd County friends, honored Nita Merle Hull Thursday afternoon. Mrs. Hull is pictured greeting Dr. and Mrs. Floyd Bradley. In background is Mrs. George Springer, a member of the 1934 Study Club, who hosted the event. Guests were served fruit punch from a milk glass punch bowl and an assortment of cookies. The table was covered with a green linen cloth and held a mass arrangement of roses. Club members alternated in serving. (Staff Photo)

Of Heismanns And Scholarships ...

by Doug Simpson
Just how big a prize is Tony Dorsett?? The Dallas Cowboys apparently think they have the answer. The

University of Pittsburgh's explosive Heisman Trophy winner, whom Coach Tom Landry was recently quoted as saying, "we will pay him what he produces," can turn the Cowboy offensive attack around-if they find a front wall to protect him.

Could any Whirlwind tracksters find future homes in college ranks for next season? Why not?! There are certain to be plenty of

smaller schools as well as large powerhouse campuses that would enjoy owning talent like the Winds' awesome sprint relay runners and even in the mile relay--of course, a pair of the mile relay personnel have yet to graduate, Junior-to-be Ricky Day and Senior-to-be Charles Bradford. Randy Ratheal could easily perform for a smorgasbord of colleges of his preference in the 440, as could Jay Womack and Mickey Minnitt in the 100-yard dash.

There is both talent and determination in Floydada's summer baseball program. In the opening game of the season, the pony league diamonders knocked off Lockney in a high-scoring tilt by a single run, 13-12. Though unable to attend the contest, I sense a winning foundation in this ball club through observance of a couple of their practice sessions.

Know what the world's toughest assignment really is, as far as staying alive concerned? That of professional basketball official!

Friday night's tussle at the Spectrum in Philadel-

1885 and moved to Ft. Worth from Floydada some 25 years ago and to Lubbock in 1974. Mrs. Robinson was a member of Grace Methodist Church of Fort Worth and Woodsmen Circle.

Survivors include two daughters, Mrs. Lucille Dempsey and Edra Robinson both of Lubbock; a son, Rex Robinson of Lubbock; a sister, Mrs. Wilma Johnson of Orange, Calif.; two grandchildren and four great grandchildren.

Mrs. Robinson was the aunt of Mrs. Alvie Jackson, Mrs. Newell Parker and Bud Sparks all of Floydada.

FLOYD DATA

Mr. and Mrs. Edgar Willis of Moore Park, California, are here this week visiting through Old Settlers and to visit his brothers, Emmett and Henry Willis and their families.

phia before a nationwide TV audience was by far the most physical sporting event witnessed thus far this year. Everybody's beginning to get into the heat of the action. That fourth quarter brawl which left two players, ejected included fans, coaches, and officials alike.

NATIONWIDE CROP HAIL INS.

COTTON

1. Adjusted on individual stalk count.
2. Substitution of crops will be allowed.
3. July 1st. additional coverage can be added at 1/2 price.
4. Harvest expense applies after. Cotton is 100% in effect.

CORN

When corn reaches the fifteenth (15th) leaf stage, it is very vulnerable to hail damage. The fifteenth leaf stage is usually when the corn is about 42 days old, or around June 10th for most fields. This is an extremely bad hail period for most of Zones 1 and 2.

OBITUARIES

Dick Nichols

Funeral rites were pending at Moore-Rose Funeral Home Friday at Press time for Clyde Nichols, brother of James Lee Nichols of Floydada, who died in Plainview at Central Plains Hospital Friday morning about 11:30 of an apparent heart attack. Nichols was the son-in-law of Mr. D.M. Moore who lives at the Floydada Nursing Home.

Nichols moved to Plainview several months ago from Waldren, Ark. Born in Trinton, Texas, he moved to Floyd County with his parents, the late Rufus Lee and Inez Nichols. He and Velma Mae (Toots) Moore were married June 1, 1929 in Lockney.

Nichols was a member of the Lakeview Baptist church in Floyd (now disbanded) and was a retired farmer and rancher.

Survivors include his wife, a son, Billy Clyde of Plainview; two brothers, James Lee of Floydada and Claude of Tucson, Ariz; and three grandchildren.

He was preceded in death by his parents and a daughter.

Mrs. Robinson

Services were scheduled for Saturday morning, May 28th at 10:30 in Moore-Rose Funeral Home Chapel for Mrs. Mary E. Robinson, 91, an early day longtime resident of Floydada. Mrs. Robinson died about 12:30 a.m. Friday at the home of a daughter in Lubbock.

Rev. Wayne Williams and Rev. Charles Broadhurst both Baptist ministers officiated for the rites. Interment was by Moore-Rose in Floydada Cemetery where her husband Robert L. Robinson was buried in 1933. A native of Timpson, Tex., she was born October 16,

South Plains News

By Mrs. Murray Julian

SOUTH PLAINS: May 25, This is a busy time for everyone, with graduation time, Baccalaureate services, last day of school, and musical recitals.

The weather has dealt a big blow to most of the farmers in our community, with the south and east part of the area getting anywhere from 2 1/2 to four inches of rain during last Sunday's afternoon rain and hail storm. Water was over the Silverton Highway, and in some places water in garages, and some homes. Wheat suffered great losses and cotton that was up, was lost. Since it is so wet, farmers cannot get in the fields to replant. Those in the northern part of our area did not get the big rain, but most of them had already received rains which have kept them out of the fields. The rains Sunday went almost to the Stanforth home on east, and to the George West home in the west part.

Many from our area attended Baccalaureate services Sunday night in Lockney at the elementary school cafeteria. Seniors from South Plains in the graduating class of 1977 are Deneen and Denise Johnson and Mrs. Mike Marble. Baccalaureate services were held in Floydada for graduating seniors at the First Baptist Church Sunday night. Those from South Plains who are in the 1977 graduating class are Kathryn Powell and Len Wood. Congratulations and best wishes go to all our young graduates.

Mr. and Mrs. Frank McClure were honored at their Fiftieth Wedding Anniversary in Fellowship Hall of the Baptist Church Sunday afternoon, and guests came from many towns around to wish them well. The weather was nice, and among guests who came the farthest were from Dexter, New Mexico. We all wish them much happiness, and many happy years together.

May 22, pupils of Mrs. Carolyn Cheek were presented in a music recital at the First Baptist Church in Floydada. Among the pupils from South Plains participating were Kristi Julian, Cindy Mulder, Mitzi Julian and Atha Blake.

Mr. and Mrs. Alvin Nichols went to Plainview Saturday afternoon to attend the Pioneer Roundup.

Mrs. Lillian Marble, who has been in the Caprock Hospital in Floydada since last Sunday week ago, was taken by ambulance to Lubbock, Monday, and is now in Methodist Hospital. We hope she does well. Some of the family have been with her all the time during the past week.

South Plains School turned out Tuesday, May 24, and jubilant children are looking forward to a happy summer. Lockney schools are out this week, and Mrs. Ruby Higginbotham from here will be inservice until Friday.

Young women have been working all this week at the South Plains Baptist Church getting ready for the Vacation Bible School which will begin May 30 at 8:30 a.m. and go through 11:30 a.m. each day. Boys and girls are urged to attend, and those from 3 to 13 will find a most wonderful world awaiting them as they study about the Bible, and many other wonderful things. You will miss a good week if you do not come to Vacation Bible School.

Graduating exercises for Lockney 1977 senior class will be Friday, May 27. Parents from here with graduating seniors are Mr. and Mrs. L.N. Johnson, Mr. and Mrs. Fletcher Powell, and Mr. and Mrs. Glen Wood.

Mr. and Mrs. Terry Julian, Dee and Dickie from Roscoe were here over the weekend with his parents, Mr. and Mrs. Murray Julian and his brother, Mr. and Mrs.

Kendis Julian. They have had lots of rain down that way also. As well as hail and winds. All attended Baptist Church services Sunday.

Mrs. J. E. Woodson of Snyder, sister of Mrs. Frank McClure, arrived here Sunday to attend the McClure Fiftieth wedding anniversary celebration, and is staying until Tuesday with Mr. and Mrs. McClure.

Mr. and Mrs. William Harenberg of Ontario, California are expected this Friday at the home of Mr. and Mrs. Murray Julian. They will spend the coming

week with them. Thursday of last week, dark, angry clouds came boiling over our community and left one inch of rain, with a little hail. There has

been rain somewhere in our area, nearly every day or night since then. Congratulations to Deneen Johnson who was named Band Queen and crowned at the band banquet at the Lockney High School cafeteria last Saturday night. Deneen is one of the twin daughters of Mr. and Mrs. L.N. Johnson of South Plains.

Mr. and Mrs. Harold

Hamm and their daughter are home for the summer from Texas Tech. They plan to leave Thursday for Austin, and on Friday night they will attend graduating exercises for their son-in-law, Tom Audermorte, who is graduating with high seniors from the University of Texas Medical School. Tom plans to be a doctor, and will teach in medical school next year while he prepares for this work.

A "staggering" variety of tropical plants could provide many food items for the world-which now depends on only about 20 crops for food, says Mrs. Gwendolyn Clyatt, consumer marketing information specialist, with the Texas Agricultural Extension Service, The Texas A&M University System. She cited a recent report of a National Academy of Sciences panel on under-exploited

tropical plants with promising economic value.

Use awnings, blinds or drapes to shade windows and help save air-conditioning energy, says Glenda Moore, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

NEWS 'N' NOTES

(by Sharon Hillis)

School's out and vacation time is on the way. An exciting and fun time for all. Before all the fun begins, however, be sure to follow these nine "safe home" precautions, that can make your vacationing less worrisome. The following guidelines will help make a home safe as possible:

Ask a neighbor or your apartment manager to watch your home while you're away.

Tell the police if you plan to be away several weeks. Some police departments will patrol homes for vacationers. Tell police who you expect to be in your home during the vacation-and give them your departure and return dates.

Leave several low wattage lights on, or connect them to a timer so they are only on for the evening

hours. A radio that's on also can be a deterrent.

Arrange to have the lawn mowed-if the vacation is longer than a week.

Check locks on all outside doors and replace unsafe ones with a dead bolt lock. Ask a locksmith for specific information.

Be careful about telling strangers or casual acquaintances that you'll be away.

Inventory your possessions-and have all household valuables engraved with your social security number or driver's license number. Ask the police about borrowing an engraver.

Consider a burglar alarm system if any homes in the neighborhood have been burglarized. A wide range of devices and prices are available, so compare them to find one that really suits your needs.

Homebuilders Learn Casserole Cookery

Homebuilders Home Demonstration club met May 24 in the home of Mrs. Doris Huckabay.

The devotional was read by the hostess from I Chronicles 11:14-15. Cookery was given by Mrs. Ernie Widener and Mrs. Elmer Norrell. The women gave some interesting points on conserving energy in relation to conservation of nutritive value in foods. When cooking a casserole on an open

burner use a utensil comparable in size to your burner in order not to have a fuel loss around your pan. Many combination main dishes may be stored in the freezer for as long as 6 months. Always label and date your frozen baked foods. Most seasonings in frozen foods tend to get stronger as they are stored for a time. So it might be wise to decrease the seasoning in preparing a frozen

baked dish. Apple Strudel was prepared by Mrs. Norrell and Mrs. Widener and served along with a refreshment plate.

Officers were elected for the coming year during business. They are: president Mrs. Bill Smith; vice president Mrs. Ernie Widener; secretary, Mrs. Gordon Mayfield; Council delegates Mrs. Elmer Norrell; and reporter,

Vows Read In Brownfield For Miss Anderson And Michael N. Vinson

Mary Ann Anderson and Michael Neal Vinson repeated wedding vows Saturday, May 21 in the home of the bride's parents, Mr. and Mrs. Kenneth Anderson, 804 East Buckley in Brownfield. Rev. Pat Cummins, pastor of the First Baptist Church, Brownfield, performed the wedding before an archway of candelabras and greenery at 8 o'clock p.m.

Parents of the groom are Mr. and Mrs. Jerrold Vinson, Route 1, Floydada.

Wearing a formal gown of satin and lace, the bride was presented in marriage by her father. The cream colored gown was enhanced with a white overlay of lace and a flounce encircling the full hemline. The empire design was fashioned with a self bow of lace at the waist and tiny pearl buttons accented the bodice front, and also used to fasten the sheer lace sleeves at the wrists.

Her three tiered veil of illusion descended from a Juliet cap also edged in lace. She carried a cascade bouquet of flowers in rainbow colors.

The bride's sister, Leslie Anderson of Brownfield, was maid of honor, and the groom's sister, Lori Vinson, was bridesmaid. They wore identical cream colored sundresses with full skirts, empire waistlines and tiny ruffled straps attached to sweetheart necklines. The bodices were laced and tied and flounces in the skirts were accented with gathered eyelet fabric. Each carried nosegays matching the flowers in the bride's bouquet.

Dick Pendleton of Crane was best man and brother of the groom, Mark Vinson of Lubbock was groomsman.

Joe Sears presented a medley of love songs at the piano.

Following the ceremony a reception was held in the Anderson home.

The bride's table was cov-

ered with a white lace cloth and featured a bouquet of flowers in the bride's selected colors. Crystal appointments were used in serving punch and a two tiered wedding cake topped with a heart and wedding bells.

Chocolate cake was served from the groom's table which held a single red rose in a bud vase.

Doris Anderson presided at the serving table and Cindy Cousineau registered guests. Both wore street length dresses of red chiffon fashioned with sweetheart necklines and accented with

white accessories. After a honeymoon trip to the Bahamas, the couple will make their home in Lufkin where the groom is employed by Parker Drilling Company.

The bride is a 1974 graduate of Brownfield High School and attended the University of Texas at Austin where she was majoring in accounting.

A 1972 graduate of Floydada High School, the groom attended Ranger Junior College and Texas Tech University.

County Home Demonstration Council Meets

All clubs were represented at the Wednesday's meeting of Floyd County Home Demonstration Council with the president, Mrs. J.P. Taylor, presiding.

During business Mrs. Zant Scott was elected THDA chairman and delegates to the State Convention in September, were named. They are Mrs. Jimmy Kelly of Harmony Club; Mrs. Elvira Stewart, Lone Star Club; and Mrs. W.H. Smith, Homebuilders.

Before adjournment Council finalized plans to serve cheese sandwiches, sloppy Joes, pie, iced tea and lemonade from the west windows of the Agriculture building on Old Settlers.

Alex Ibarra

HECE Student Of The Week

Alex Ibarra, a senior at Floydada High School, has been selected as Home Economics Cooperative Education student of the week. Alex is employed at the Floydada Nursing Home.

Her parents are Mr. & Mrs. Ibarra of Floydada, and her training sponsor is Paul Westbrook. Miss Ibarra is enrolled in English, Record Keeping, HECE II, and Government.

She enjoys working and talking with people. After graduation Alex plans to continue working. Her hobbies are listening to the radio and dancing.

Tentative Plans Made For Girl Scout Trip

Tentative plans have been completed for the Girl Scout trip to be made in July 1979. The trip will originate in Crosbyton thru St. Louis, Indianapolis, Buffalo, Niagara Falls, Toronto, Montreal Canada, New York City, Washington D.C., Williamsburg, VA., Raleigh, Nashville, Memphis, Texarkana and then home.

There will be tours along the way. The girls will stay in motels going and coming with them headquartered at Rockwood National Girl Scout Center in Potomac, Maryland, just outside of Washington D.C. Four days are planned for the Capitol with hopes of a visit with the President and other officials. The cost per girl will be approximately \$400.00. The bus will accommodate 39 people. We will take 32 girls on a first come basis and 7 adults. There will be a parents meeting for anyone interested in making the trip

around the middle of June. A definite date will be set shortly. Due to the stress of traveling 14 days the age limit will be girls who have completed the 7th grade in the school term 78-79.

Girls from Crosbyton, Ralls, Lorenzo and Floydada will be accepted first. Then if seats are available it will be open to the council.

Those planning to go on the trip thus far include Mrs. Fred Lipham, Floydada; Anne Butler and Beverly Hill, both of Crosbyton; and Rosealee Rainwater of Lorenzo.

Mrs. Ruth Trapp. Refreshments were served by Mrs. Huckabay to Mmes. Raymond Williams, Elmer Norrell, Ernie Widener, Gordon Mayfield, Ruth Trapp and Bill Smith.

Girl Scout Day Camp

The summer Girl Scout Day Camp is scheduled for May 31 and June 1st and 2nd in Floydada. Camp will be from 9:30 a.m. until 2 p.m. on each of the three days.

Qualified leaders will be on hand to help each troop. All Girl Scouts are urged to attend. For additional information call Day Camp director, Mrs. Fred Lipham.

Two-faced fabrics (with printing on both sides can self-trim an outfit-by using the opposite side for contrasting collar, cuffs, belts, yokes or pockets, says Beverly Rhoades, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System. Also, use the opposite side for such ideas as rolled-back sleeves and wrap skirts. Flat felled seams make the items truly reversible.

TO WED IN AUGUST

Mr. and Mrs. Douglas Degge of Lockney announce the engagement of their daughter, Sara Lesa, to Walter David Snyder, son of Mrs. Jane Shyder of Roswell, New Mexico.

The prospective bride is a 1975 graduate of Lockney High School and is a student at Lubbock Christian College, where she will be a candidate in May, 1978 for an Associate of Science Degree as a certified Medical Assistant.

The prospective bridegroom is a 1974 graduate of Goddard High School in Roswell. He is currently a student at Lubbock Christian College and will be a May, 1978 candidate for a Bachelor of Science Degree with majors in Chemistry and Mathematics. The couple plans to be married August 13 at the Main Street Church of Christ in Lockney.

ALPHU MU DELTA SORORITY...adds donation to Park Fund. Mrs. Joann Patterson, sorority member, presents Chamber of Commerce manager Doug Frazier a check in the amount of \$125.00 which will be used for park improvements in Floydada (Staff Photo)

In buying canned tomatoes, the best buy is the all-purpose or broken pieces.

Group To Leave For Mission Trip

Fourteen young people of the First Baptist Church depart Sunday afternoon May 29 at 2 p.m. by bus for Corona, New Mexico on the Youth Mission Trip. The group will be teaching Vacation Bible School in Corona, returning to Floydada June 4th. Mornings will be devoted to Bible School and evenings to gospel programs. Planning to make the trip are Gary Rinker, Shannon

Bell, Angie Turner, Kim Bertrand, Moody Younger, Melody Stringer, Kay Lyn Rainer, Rosemary Hardin, Suzanne Dyess, Sandra Ferguson, Jeff Rainey, Tracey Puckett, Dale Powell and Doug Simpson.

Also planning to make the trip are Rick Son, church youth director, and Cindy Simpson, Mona Dean, Vicki Rinker, and possibly Ann Rinker.

Save energy with a conservationist electric water heater

Maximum efficiency in appliances is what we're all looking for... to save energy, save money.

That's why the CONSERVATIONIST ELECTRIC water heater is worth looking at. It saves 15% of the energy used in a like-sized regular electric water heater and delivers all the dependability of electric water heating. The Conservationist is heavily insulated on all sides so heat is retained inside the water heater... used for what you're paying for... to heat water.

And, you save on space above the heater because an electric water heater does not need a flue or vent.

Ask us about the Conservationist... the electric water heater designed to use energy wisely and save.

A Review Of The Water Safety Rules

LUBBOCK—Several citations have already been issued by Texas Parks and Wildlife Department game wardens for water safety violations on area lakes this week.

Among the violations most numerous are no life preservers and improper safety equipment on board. Safety laws are set to protect boaters and other water users from drowning or injuring themselves on Texas' public waters. Even with all the regulations and wardens working throughout the weekends on the busy lakes, approximately 600 persons will lose their lives in 1977 due to carelessness or neglect.

Common sense on the water or unloading or load-

ing your boat is still the best prevention. A thorough check of safety equipment to be used on the lake should be completed before leaving home and will insure a safe start.

When you are checked by a Texas game warden, some of the items he will want to see includes the boat registration and certificates of number issued by the P&WD; life preservers accessible for each person on board and all 12 year old and under persons wearing their life preservers at all times; visible numbers painted, decaled, or otherwise affixed to both sides of the bow of the boat; lights if the boat is to be operated after dark; ventilation ducts and flame arresters in working condi-

tion on inboards; mirrors if the boat is towing a person or persons on water skis and located so the boat operator has a full and complete view beyond the rear of his boat.

The law concerning boat titles became effective Jan. 1, 1976 and all new unregistered motorboats in excess of 14 feet in length, and new outboard motors in excess of 12 horsepower must be titled with the P&WD prior to use.

Fire extinguishers approved for motorboats are hand-portable, of either B-I or B-II classification. Either fire extinguisher must be full when on board and the number of approved extinguishers required depends upon the class of the motor-

boat. Class A motorboats are less than 16 feet in length and require one B-I fire extinguisher or a fixed extinguisher system in the machinery space of the engine compartment. Class I motorboats are 16 feet to 26 feet in length and require one B-I extinguisher or a fixed system in the machinery space.

All of these regulations are listed in the Digest of the Texas Water Safety Act available at all P&WD offices across the Panhandle and South Plains.

Another handy booklet to study is the little Blue Boating Book available by writing the P&WD, 4200 Smith School Road, Austin, TX 78744.

Remember, whatever you're doing on the water, take along common sense.

After the sun goes down, open doors and windows to let in cool evening breezes for cooling, advises Glenda Moore, housing and home furnishings specialist, with the Texas Agricultural Extension Service, The Texas A&M University System.

Lockney Volunteer Fire Department Receives Checks

The Lockney Volunteer Fire Department received two checks for \$75.00 each recently from Texas Farm Bureau Insurance Companies as an expression of thanks for the Department's work on the property of Harley Workman, Route F., Lockney, Texas, and Lloyd Widener, Box 385, Lockney. The money will be used for their purchase of equipment.

The Texas Farm Bureau Insurance Companies pay volunteer fire departments this amount when the department works at a fire in rural areas, involving property insured by them.

The Insurance Company believes volunteer fire departments have contributed to reduce the amount of loss involved by fire and more important, to prevent fires. It is their hope this money will help the Lockney Volunteer Fire Department in their program.

FIRE CHIEF Kenneth Mardock accepts checks from James Race, Floyd County Farm Bureau career agent for the Lockney area. (Staff Photo)

FARM REVIEW

Polyester Flunks Comfort Test With Cotton

RALEIGH—Cotton's accustomed position as the comfort king of fibers has been reinforced once again this time in studies of men's dress knit shirts.

Stacked up against two all-polyester shirts including the much ballyhooed "wetable" polyester—the shirts of all-cotton and high-cotton blend fabrics proved to be in a comfort class to themselves.

The comfort tests were carried out recently by a leading independent research institute.

Four knit shirts were compared:

- a 100 per cent cotton shirt.
- a "Natural Blend" shirt of 60 per cent cotton, 40 per cent polyester. ("Natural Blend" is Cotton Incorporated's trademark for blend fabrics that contain 60 per cent or more cotton and have easy-care characteristics.)
- a texturized regular all-polyester shirt.
- a texturized all-polyester shirt advertised as treated

with a commercial "wetable" finish.

Hal E. Brockmann, vice president of textile research and development at Cotton Incorporated's Raleigh research center, noted that cotton has long been recognized as the world's standard for textile comfort, largely because of the cotton fiber's high affinity for moisture. Cotton Incorporated is the fiber research and marketing company of U.S. cotton producers.

"Moisture is taken inside the cotton fiber," Brockmann pointed out. "That is one reason why the synthetic fiber producers have never been able to come up with a fiber that could match the comfort of cotton.

"The 'wetable' polyester finish has been represented as a real breakthrough in making a polyester fabric more comfortable," said Brockmann. "That's why we were especially interested in seeing the results of these independent studies."

According to Dr. Norman R. S. Hollies, who directed the comfort tests at the Gillette Research Institute, Rockville, Md., the "wetable" polyester flunked the test.

The commercial "wetable" finish, he reported, failed to increase the comfort level of the polyester fabric to that of all-cotton or even to that present in "Natural Blend" shirts of comparable structure.

Dr. Hollies said the comfort tests, based on actual wearing of the shirts by 26 men, showed that the four shirts fell into two groups.

The shirts containing cotton gave the higher comfort ratings, distinguishable from one another at the 90 per cent confidence level in only one case. The all-polyester shirts gave lower ratings not distinguishable from one another at the 90 per cent confidence level. The cotton-containing shirts were more comfortable than the polyester shirts at the 99 per cent confidence levels in all but two instances, but still significant at the 90 per cent confidence level.

"In every instance, he added, "the cotton-containing fabrics were rated significantly higher than the polyester fabrics."

Each of the 26 men participating in the tests was given one of each of the four shirts to wear under controlled conditions of varying combinations of tempera-

Naman Condemns House Farm Bill

Texas Farmers Union President Jay Naman of Waco released the following statement on the federal farm bill which has recently been reported out of the agricultural committees of both houses of Congress:

"Despite reports from Washington that members of the House Agriculture Committee congratulated themselves with applause on the voting out of the four-year farm bill, Texas farmers do not share this enthusiasm. They view the committee approved bills as a dismal display of irresponsible action that will condemn agriculture to four more years of tottering on the brink of economic ruin.

"A recent Department of Agriculture survey shows that Texas is one of the nine states surveyed by the Federal Reserve Bank indicating that 'the financial condition of the farmers has deteriorated.' The report pointed out that one-third of the farmers in these states are having difficulty getting re-financed and one-fourth of the bank borrowers in these states will be forced to re-finance their loans or dispose of their farm assets, if price improvements are not imminent. It showed that 11,300 Texas family farmers are in extreme economic difficulty.

"With the exception of the dairy section of the farm program, in itself not good enough, both the Senate and the House versions of the farm bill are totally inadequate to meet the needs of a financially strong agriculture. Prices on all the basic commodities are set at or below the cost of production. Among the worst sections of the farm bill are those which pertain to cotton, peanuts, and rice, but when a farmer asks himself what commodity he might produce and be better off, it becomes a question of whether he is 'shot or hung.'

"The peanut provisions of the bill are a radical departure from what peanut farmers have voted for and supported traditionally. The language which substitutes poundage quotas for acreage allotments will be extremely discriminating and detrimental to producers in Texas and Oklahoma. In fact, the proposed peanut program will wreck the economies of those areas which have traditionally produced peanuts in the southwest.

The cotton section of the bill sets loans and target prices at or below the cost of production and assures the U. S. cotton producer that it is unlikely that he will ever again receive a parity or fair price for his crop. The bill contains provisions which permit the importation of an unprecedented amount of raw cotton. In other words it puts a lid on the price of cotton at a low level.

The rice section of the bill perpetuates the grave mistake which was made two years ago in repealing a good rice program which farmers had supported and voted for through the years.

"The farm bill, as approved by the Senate and House Agriculture Committees, provides a gigantic windfall to the processors and handlers of farm commodities. By setting loan prices at depressed levels and permitting the importation of raw cotton, the international grain traders and cotton shippers are assured of the continuation of a high volume of low priced farm commodities. The peanut bill is a special interest peanut program designed to benefit the peanut shellers and

crushers at the expense of family farmers.

"The implications of cheap grain which will be guaranteed under the proposed farm legislation will extend beyond the producers of that grain and will affect an already depressed cattle industry by intensifying the problem by encouraging more production of cheap red meat. Sadly enough, the low prices and economic chaos which will result from the new farm bill will not result in lower retail prices to the consumer. In fact, the consumer can anticipate even higher prices when more family farmers are put into bankruptcy.

"Farmers Union commends the handful of members of the Senate and House Agriculture Committees who had the courage to vote against the majority because of the inadequacy of the legislation. We shall work with them in an effort to get floor amendments to the farm bill that will improve it. We cannot support the legislation as it is presently constituted."

ture and relatively humidity. Labels were removed from the shirts so that brand and fiber content were not known to the participants.

Discussing the significance of the studies, Brockmann pointed out comfort is a subjective value that does not lend itself to conventional laboratory tests.

"Only through actual wearing trials and from the individual reactions of people can you really get a measurement of a fabric's comfort," he added. "When we say all-cotton or mostly cotton knit dress shirts are more comfortable, we are supported by the documented data provided by people who actually wore the shirts and made their own comfort evaluations."

Brockmann said the recent comfort tests were similar to a series of investigations conducted by the Gillette Institute in the past that compared different blend levels in men's woven shirts and knit sport shirts.

"Those tests established that the 'Natural Blend' shirts were more comfortable than the high synthetics and were just as good in durable press performance," he said.

observed and treatment appears to be needed, foliar application of zinc can be very effective and relatively inexpensive. A complete coverage of the leaf surface with a solution containing three pounds of 36 percent zinc sulfate per 100 gallons of water will do the job. Include a wetting agent at the concentration recommended by the manufacturer for insecticidal use. Be concerned only about just wetting the foliage. One such application is all that will likely be needed. Before the next crop, get a good composite soil sample for analysis by the Extension Service Soil Testing Laboratory in Lubbock. They will suggest rates of zinc for soil application for the next crop. Soil applications of three to ten pounds of actual zinc per acre are highly effective when worked into the root zone preplant. Indiscriminate use of such rates is definitely not recommended.

Iron deficiency is more

likely to be visible in sorghum than in corn. It is readily recognized in all crops by the characteristic yellowing between green leaf veins which, in sorghum and corn, begin at the base of the leaf and extend to the extreme tip. Long recognized as a severe production problem in sorghums on the high lime soils, corn is quite resistant to the disorder. Although symptoms frequently occur in very young corn, the crop tends to quickly grow out of the condition.

Foliar application of iron is the only measure that has given satisfactory control, and yield increases from such applications have frequently been disappointing. Spraying until foliage is wet with a solution containing 15 to 20 pounds of iron sulfate per 100 gallons of water plus a wetting agent or spreader sticker is a long standing recommendation. Several applications may be required for sorghum.

Individual plants within a row are more uniformly affected by iron deficiency than by zinc. With both elements, the most severe visual symptoms are likely to occur on shallow high lime soil. The pattern of occurrence can be highly irregular.

Concentrations given for foliar applications are for use in ground rigs and should not be exceeded. Other additives such as copper, manganese, sulfur, nitrogen, phosphorus, potassium, etc. will not increase the effectiveness of the zinc or iron and could easily cause foliage damage. If both iron and zinc are included in a single application, the concentrations of each material should be reduced by one-half.

Zinc Iron Deficiencies In Corn And Sorghum

Floyd County corn and sorghum growers encountering zinc or iron deficiency in their crops will need to be cautious in their diagnosis. Although the symptoms of deficiency are not that similar, it is easy for persons to be confused about the two disorders which could prove to be costly.

In the West Texas area, zinc and iron are the only two micro-nutrient deficiencies of significance in corn and sorghum.

Contributing to the increased incidence of these deficiencies are excessive use of phosphates, high calcium-high pH levels and decreasing organic matter content in the soils.

The first step in correcting a nutritional disorder is a correct diagnosis, therefore, recognizing the symptoms is crucial.

Zinc deficiency is more likely to be seen in corn than in sorghum or any other field crop. A pale streak of light yellow will generally occur near the base of the leaf blade. This discoloration including the leaf veins may be wide as a pencil or as wide as the thumb, and will often gradually disappear about the middle of the leaf's length. But it may extend any length, though rarely to the tip. Discoloration may be apparent on only one side of the leaf midrib, and frequently will not be observed on all leaves of a single plant. Such symptoms are rarely observed in sorghum except in extreme cases.

sorghum due to shortening of the internodes is common. If these symptoms are

When sewing collars, facings, and cuffs—press seams open on a point presser or seam roll before turning them right-side-out. Seams will be easy to turn and will form a smooth edge, says Margret Ann Vanderpoorten, clothing specialist, with the Texas Agricultural Extension Service, The Texas A&M University System.

Future Farmers Electric Workshop June 13-15

More than 100 Future Farmers of America members and leaders will attend Southwestern Public Service Company's 15th annual Farm Electrification Workshop to be held June 13, 14, 15 at the Episcopal Conference Center in Amarillo.

The FFA members, who come from Texas and New Mexico, will be competing for five trips to the National FFA Convention at Kansas City. Thirteen hours of instruction are offered in each of three subjects, Farm Motors, Farm Wiring and Electric Controls. Two students from the wiring and motor courses and one from the controls course are selected as outstanding and receive the trips to Kansas City for their accomplishment. Each student who finishes the course he is enrolled in is awarded a certificate. Alternates are selected in each course in the event the winner is unable to attend the Convention.

Heading the staff of instructors at the workshop are Ken Pollard, Texas A&M Agricultural Engineering Department, Electric Con-

trols, Bobby Browning, Texline, Farm Wiring; Truman Kidwell, Childress, Farm Wiring; Frank Kennedy, Vega, Farm Motors; and Jay Eudy, Turkey, Farm Motors.

FLOYD COUNTY WEED CONTROL DISTRICT REPORT

David Duvak, Supervisor of the Floyd County Weed District, states that the weather has been a hindrance the past few months to the District in keeping up with bindweed applications as fast as they would like to. Since the District is behind with their spray program this year and bindweed is first preference of treating of weeds, all applications for fence row treating will have to be postponed for awhile until the District can get caught up. Each year the District urges landowners to have fence row treated by March 15, but will work fence row applications in as soon as possible.

The District office will be closed Monday May 30, 1977 for Memorial Day.

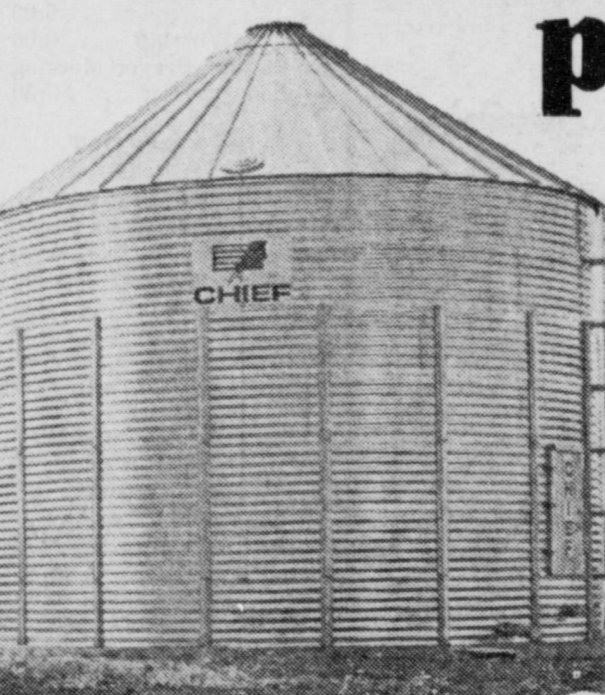

Plant the Big One in 1977
Cargill Hybrid 204
Hybrid Sunflower Seed

It's a dependable, high-yielding hybrid that ripens uniformly for a big harvest with high oil content.

LOCKNEY LOCALS

Mrs. Mary Ansley returned Friday of last week from a 2-week visit with her daughter's family, Mr. and Mrs. Billy Chandler and children, of San Antonio.

Mrs. Gordon Adams and two sons returned recently from a stay of 2-weeks in Winnsboro, Texas where her 93-year old grandmother, Mrs. Litha Purdy, had major surgery. Mrs. Purdy lives with Mrs. Adams' mother, Mrs. Janie Jarrett, and is making a satisfactory recovery from her surgery.

The Ruth Circle of United Methodist Women met Monday afternoon in the home of Mrs. Herman Huffman for a social meeting. Mrs. Joe Foster gave the program. Refreshments were served by the hostess to eleven members and two guests.

Garland Sams, Jr. of San Angelo spent Monday night visiting in the home of his parents, Mr. and Mrs. Garland Sams.

Mr. and Mrs. John Bickley spent from Thursday of last week until Monday visiting with, and helping move their son and his family, the Bick Bickleys, from Mt. Pleasant to Dallas, where Bick has been transferred.

Mr. and Mrs. D.C. Sparkman from Post oak, Texas arrived Wednesday to spend a few days visiting with their son and his family, the George Sparkmans. Robbie Sparkman, who attends school at Texas Tech, and Tina Sparkman, who attends school at Baylor Univ., Waco, are visiting at home and plan to return to summer school next week.

Ray Sissney's mother, Mrs. M.D. Sissney of Whitesboro, Mrs. Sissney is survived by six children. Besides Ray Sissney, who lives north of Lockney, other children are Mrs. Beryl Underwood and Homer Sissney, both of whom formerly lived north of Lockney.

Gerald Sams and his wife, Betty, of Ft. Worth came by air to attend his grandson's (Mark Noland), the son of the Joe Richard Nolands, graduation at Floydada High School May 24th. Mr. Sams' mother, Mrs. Bettie Counts of Lockney, also attended the graduation. The Gerald Samses returned by plane from Lubbock Airport to their home on Wednesday.

Happy Birthday

- May 29-James Jeffress, Rhonda McCulloch, Lucita Villarreal, Danna Carthel, Mario Gonzales, Selma Salinas, Embre Douglas.

- Pam Bennett, Floydada, admitted 5-25, continues care.
- Ruth Ann Conner, Quitaque, admitted 5-22, baby girl Lori LeeAnn, born 5-22, dismissed 5-25.

FANCY THAT!

One of our sharper cave ancestors probably discovered that the keener the blade on his new stone ax, the neater the cut he was able to get.

Today, science has enabled us to hone steel to a microscopic edge, but it's still true that the newer the blade the better the job.

Even the sharpest blades on modern power tools for lawn maintenance, such as cordless grass shears, should be replaced after a full season, say experts at Black & Decker, to ensure efficient cutting.

LOCKNEY AREA CHURCH PAGE

time out for GOD

FOREVER AND EVER

This picture was taken just a year ago. It was a perfect afternoon for a garden wedding reception. Joan and Kenny were so much in love.

Now, this morning, a letter came in the mail from Joan telling us that she is coming home. She's thinking about divorce — that the beautiful dream that she and Kenny shared has turned into a nightmare.

Naturally, her father and I will welcome her. This is her home and always will be. But this is a problem that we shall not try to solve by ourselves. We will turn, as we know Joan will, to our church, and to the very minister who both baptized and married her. Maybe all of us, working together, will find a way through God's Will and His Word.

The Church comes very close in times of stress. Remember that.

LEGAL NOTICE

Being certified by the Commissioner of Agriculture of the State of Texas for this purpose, the Texas Corn Growers Association, 105 E. Bedford, Dimmitt, Texas 79027, a referendum election on July 29, 1977, under provisions of Article 55C, Vernon's Civil Statutes on the proposition of whether or not corn producers in the following counties shall assess themselves an amount not to exceed 1/2 cent per bushel on all corn sold to be collected at the first point of sale, and to elect members for a 6-person commodity producers board to administer proceeds of such assessment to be used for research, disease and insect control, promotion, and education designed to encourage production, marketing, and use of Texas corn.

Counties included in the referendum are: Area I - Deaf Smith, Palmer, Castro, Bailey, and Lamb. Area II - Randall, Swisher, Briscoe, Hale, and Floyd. Area III - Dallas, Sherman, Hansford, Ochiltree, Hartley, Moore, Hutchinson, and Carson.

The referendum and election will be held by physical ballot with voting place to be at each county courthouse in the referendum area. Polls will be open at 7 a.m. and close at 7 p.m. Producers who will be away from their particular voting box location on election day may obtain an absentee ballot from county agent offices, or the Texas Corn Growers Association. Absentee ballots must be mailed in the self-addressed envelope to the central balloting place at 105 E. Bedford, Dimmitt, Texas 79027, before midnight three days prior to the election date.

Any person within this referendum area engaged in the business of producing or causing to be produced corn for commercial purposes is eligible to vote, including owners of farms and their tenants and sharecroppers, if such person would be required to pay the assessment proposed.

IT'S THE MOST!

The most calorie-free sugar substitute you can get in the United States today is saccharin. Of all the artificial sweeteners ever devised - including those on which tests are still being made - none is more free of calories than saccharin. That's why many people are writing to congress to protest its ban.

Mary Rosales vs Emilio Rosales, divorce granted.

Nancy Susan Fowler Kimble vs John Wilson Kimble II, divorce granted.

Jerry Cypert vs R. Fred Brown et al, suit for real estate commission, dismissed.

Homeowners Urged To Control Bagworms

FLOYDADA-Floyd County homeowners whose trees and shrubs have bagworms decorating their limbs need to get out their insecticides unless they want some unusually adorned trees next winter.

Insecticide control is most effective in May and early June when bagworms are small and before young worms begin to construct bags around themselves.

Homeowners should closely examine their woody, ornamental plants for newly-hatched bagworms. "If bagworms go unnoticed in the spring, heavy populations may develop which can strip almost all of the leaves off the plant."

In the spring, bagworm larvae emerge from hatching eggs inside of last feeding on leaves. Soon they

begin to construct their own protective bag of silk, twigs, and leaves, making them hard to see. As the larvae and their bags continue to grow, control becomes more difficult. In these later stages, two chemical applications may be required to obtain effective control.

Bagworms feed throughout the summer months, building their bags larger until the bags are about 1 1/2 inches long. In the fall, the bagworms become adults, mate, and the females lay eggs inside their bags.

Interested persons can get complete information on bagworm control at the County Extension Office.

More than half the cranberries grown in the U.S. come from Massachusetts, around Cape Cod.
