"Cotton Showers" Just What Doctor Ordered

Monday night seems to be "moisture night" for Floyd County. Last Monday night a terrible rain and hail storm brought a lot of moisture to the county, but also completely destroyed a lot of row crop and wheat.

This Monday night's storm was

"nicer" in that there was no hail reported and the rainfall was just right for the cotton, corn, and grain sorghum crops.

Tuesday night's rains were even better, very little wind and the average rainfall over most of the county was a

good half inch, just what the row crops needed.

Total rainfall for Monday and Tuesday night was .65" in downtown Lockney. At Lone Star, Graves Welding Shop reported .3" Monday night and another .2" Tuesday night. At

Sterley Elevator, .6" was measured Monday night and .3" Tuesday.

At press time Wednesday a steady drizzle of rain was falling in Floydada and Lockney.

Unified, Massive Farm Protest In The Making

LUBBOCK, TX—Stating simply that "farmers are not going to be the whipping boy any longer," the Texas Farmers Union today officially positioned itself for serious protest action to begin in the next few months. Details of that action, possibly a strike

or moratorium on supplies purchases as well as rallies and demonstrations, are being formulated at this time.

Official resolution came from the 9,000-member organization's Executive Board, which is asking first for floor rewrites of four-year general farm

legislation now before Congress and expected to finalized shortly after the Fourth of July recess. Second, if amendments are not made, they ask for presidential veto. Failing that, the organization promises some form of a strike or protest action.

Said one farmer, "Farmers across the entire state, raising every commodity, are mad! For years we have asked to be heard...and thought this Administration might listen. But the market is at rock-bottom and the policymakers in government want to keep it that way! We're going to tell these guys, by whatever method it takes, that they can't take advantage of us any longer! We're not going to keep on producing...we can't keep producing...if we don't get our fair share at the producer's price level."

The Farmers Union points its main opposition to the Farm Bill toward provisions which would provide low "floors" and precedent-setting "ceilings," also at low levels in order to keep prices at a world level of trade in addition to preventing food inflation. Farmers claim, however, that they cannot deal with income set at a cheap world level while their own costs for equipment, supplies and labor are at inflationary domestic levels.

Said one farmer, "They are taking the 'boom and bust' out of agriculture by taking out the 'boom.' The problem with that, though, is that it guarantees us a loss and there's no place on earth where we can get money borrowed to operate like that any longer."

Other Farmers Union states besides Texas are expected to take similar action soon, which means the movement could spread nationwide. "Once the other states get into their harvest seasons as Texas has been in wheat and now grain sorghum, they'll be hit in the face with this bankrupting market. You can bet they'll be with us!"

"We're not trying to hurt the consumer with more inflation," said the farmer-spokesman. "Farmers are consumers, too, remember. But it's high time that the person in the supermarket realizes how little of that retail dollar goes back to the farmer. They've got to know that we're going broke fast and that those shelves are not going to stay full if we are forced to quit. They've got to see how over-processed their food is, and how everyone in-between writes their markup and operating profit while the producer is losing his shirt."

"You can't expect us to sit out here in the country and go broke, waiting to return at the consumer's convenience. You can't turn agriculture on and off like a light switch. We're not doing it any more!"

Observers say that individual protest actions will probably start at the county level within a few weeks after harvest. Meanwhile, the state staff of Texas Farmers Union will be working to unify that action as will the National Farmers Union staff when and if any of the other 22 Farmers Union states join the action.

WE GOT A CALL from Lawrence Gruver of (where else?) Gruver, Texas. Mr. Gruver saw the picture of the water tower in the paper the other day, and was reminded of the time back in about 1914 or 1915 when the pipe burst during a cold spell. He and his father, J.H. Gruver, were in business (Gruver Hardware Company, located on the east side of Main Street) here then, and they ordered the new pipe.

OUR STATE SENATOR RAY FARABEE is on Texas Monthly magazine's list of "Ten Best Legislators." Here's what TM says about Farabee in the July issue:

RAY FARABEE, 44, conservative Democrat, Wichita Falls. All the cliches fit this rising Senate star: observers describe him as conscientious, hardworking, smart, fair, independent, someone who does his homework. These qualities apply to at least a score of legislators; yet there is something about this soft-spoken, scholarly looking senator that sets him apart—an air of inner strength, of incorruptibility, which suggests that a true legislative craftsman may be in the making.

Earned his spurs by soundly thrashing Senate heavyweight Babe Schwartz in the floor fight over medical malpractice. Their clash was the session's most dramatic moment: the veteran with the wisdom and skills accumulated over two decades against the upstart newcomer in his first major test. Senate historians may mark Farabee's victory (he carried the doctor's amendments to a trial-lawyer backed compromise bill) as the moment the torch was passed to the upcoming generation of senators.

Carried a small but important legislative program, including a bill to provide a method of financing the revitalization of blighted downtown areas. Conceived, drafted, and passed a "natural death with dignity" bill for terminally ill patients: it was one of the few major bills to become law without the help of organized support—mainly because Farabee lobbied it through the House himself. Also carried a crucial worker's compensation bill that required delicate handling in both houses.

One of a regrettably small handful of senators who can't be seduced, coerced, or otherwise convinced to support sleazy bills (voted against loan sharks, insurance sharpies, and the more outrageous realtor positions). If he has a flaw, it's that he is still unsure of himself. Showed signs last session of resisting the logrolling and pork barreling so prevalent in the appropriations process; performed well on the Finance Committee again but no longer seemed willing to question the system. Like Max Sherman, tends to be less conservative than his district (though neither is a liberal by any stretch of the imagination) but, unlike Sherman, hasn't learned how far to follow his instincts.

THE CITY OF LOCKNEY had a lot of help from Floyd County Precinct 2 with the clean-up project Friday. County Commissioner Bob Jarrett furnished both machinery and manpower to aid in the clean-up. Alderman J.D. Copeland reported that the clean-up was still going on Monday—they had a lot more trash than they expected.

THE SWIMMING POOL is doing well this year—at least it was until two or three days ago. Mayor Brown reported that over 100 swimmers paid admission at the pool on each of those hot days we had last week. And they've sold 51 season swim tickets this year.

Lockney Fire Auxiliary will hold its annual ice cream supper on Friday, June 24 from 7 to 9 pm. at the fire station.

Everyone is invited to come and join the fun. Tickets are only \$1.50 for adults and \$1.00 for children under 12, for "all the home-made ice cream and cookies

or brownies you can eat." Games of cards and dominoes will follow, for all those interested.

Tickets may be bought from any member of the fire auxiliary or purchased at the door.

Little Leaguers

To Sell

Circus Tickets

Lockney Lions Club, sponsor of the Cannon Brothers Circus, has announced that the circus will be in Lockney one day only, Tuesday, June 28 for two performances (6 and 8 p.m.) at the fairgrounds.

Lockney Little League baseball players are selling advance tickets to the circus, \$1.50 for adults and 75 cents for children 12 and under. Tickets at the gate will be \$2 for adults and \$1 for children.

Baptist VBS Starts Monday

Vacation Bible School will begin Monday, June 27 at 8:30 a.m. and continue through Friday, July 1 at 11:30 a.m. at the First Baptist Church in Lockney. The school will run from 8:30 to 11:30 a.m. each day and is for those children age 3 through those who have just completed the 8th grade. All

children in these age groups are welcome. A fine selection of teachers has been enlisted to teach the school this year so your child will be enriched by attending. Daily activities will include a joint worship service, Bible studies, games, recreation, singing, refreshments, and handicrafts.

Preparation Day for this Vacation Bible School will take place on Saturday, June 25 at 10 a.m. and will conclude at 11:30 a.m. At this time children may pre-register for V.B.S. and begin to get acquainted with the program. The fire truck will be available to give rides to the children (providing, of

course, it is not fighting a fire) and refreshments will be served.

A special parents' program will be held during the morning worship service of the First Baptist Church at 11 a.m. on Sunday, July 3. If you are in need of additional information on this Vacation Bible School, please call the First Baptist Church office at 652-2251.

Texas Monthly Rates Texas Legislators

AUSTIN, TX—June 17—Having completed its third biennial study of the Texas Legislature, TEXAS MONTHLY, in its July issue, gives the inside

story on Texas' Ten Best and Ten Worst legislators and selects other legislators fitting into "exceptional" categories, dauntless to dubious.

Appearing on the Best list are John Bryant (D-Dallas), Ronald Coleman (D-El Paso), Ray Farabee (D-Wichita Falls), Lance Lalor (D-Houston), Lynn Nabers (D-Brownwood), Jim Nugent (D-Kerrville), Wayne Peveto (D-Orange), A.R. "Babe" Schwartz (D-Galveston), Max Sherman (D-Amarillo), and John Wilson (D-La Grange).

Rated as Worst legislators are Tom Creighton (D-Mineral Wells), Bob Davis (R-Irving), Charles Evans (D-Hurst), DeWitt Hale (D-Corpus Christi), Glenn Kothmann (D-San Antonio), Tom Massey (D-San Angelo), Chris Miller (D-Fort Worth), Bill Presnal (D-Bryan), Joe Tom Robbins (R-Lubbock), and Clay Smothers (D-Dallas).

RONEE THORNTON with horse showmanship award. (Staff Photo).

The Floyd County Horse Show was held at the Floydada Rodeo Grounds Tuesday evening. The eight horses and 4-Hers participating showed that some work had been done with their horses by having a fine county show.

Ronee Thornton won the All-Around title winning the Showmanship and Western Horsemanship Class. All around was figured on placing in the halter class and three performance classes.

Mona Henderson showed the Grand Champion Gelding and also won the Western Pleasure Class.

Jay Waller also had a good showing with firsts in Grade

geldings, reining, and barrel race.

Ritchie Thornton had the Grand Champion Mare of the show and placed in other events.

The Pole Bending was won by Tiffany Duvall. Others participating were Ty Williams, Jim Waller, and Lori Bayley.

Ribbons and trophies were awarded winners with a \$15 gift certificate given to the first place winners of the performance events. Thanks goes out to all adult leaders who helped run the horse show and a special thanks to Douglas Wilson CEA-Ag from Hardman County who judged the horse show.

Governor Signs Weather Modification Vote Bill

Governor Dolph Briscoe officially signed Senate Bill 632 Friday, June 10, granting an election to areas that wish to decide by popular vote whether or not they wish to grant permits for weather modification—whether it be hail suppression, rain making or whatever.

Weather modification planes are now flying temporarily for Plains Weather Improvement Association of Plainview and Atmospheric, Incorporated of Littlefield. The Water Development Board has approved the permits for their operations through Oct. 31.

It is expected that an election will be held as soon as possible to determine permit issuance after that date.

All voting precincts in the target area will vote as one unit, while citizens who reside in the operation area (or

the area eight miles outside the target area), vote in their precincts.

The bill defines 'target area' as that area described by metes and bounds or other specific bounded description set out in the application for a permit.

It further defines 'operational area' as that area that joins the target area which is reasonably necessary to use in order to effectuate the purposes over the target area without affecting the land or land owners in the operational area, but in no event to exceed eight miles from the limits of the target area.

The bill also states that no permit may be issued by the Water Development Board before the end of the 30-day period immediately following the first publication of this notice, and then only in those counties or parts of counties in the target area or opera-

tional area in which the majority of the qualified electors have not disapproved the issuance of a permit if an election has been held, or in any county or part of a county in the target area or operational area if no petition for an election has been filed.

Persons eligible to vote in these elections shall include qualified voters in counties or parts of counties included in the target area or operational area, where the target area or operational area includes only part of a county. An election may be held only once in the election precincts, which are included entirely within or are partially included in the designated areas. All qualified voters in such precincts shall be entitled to vote in those elections.

On written request of at least 25 qualified voters re-

siding in the target areas, or operational area mentioned in the notice requesting an election, accompanied by unsigned petitions, the County Clerk of each county within the target area or operational area shall certify and mark for identification petitions for circulation, and upon return to the county clerks of the petitions bearing 10% of the signatures of the qualified voters residing in each county within the target area or operational area in the notice requesting an election, the commissioners' court of each county will then call and hold an election.

The petition must be filed with the county clerk within 30 days immediately following the first publication of notice, and the election shall be held within 21 days after the petition is received to determine whether or not the qualified voters in the target area or operational area approve the issuance of the permit.

Immediately on calling the election, the county clerk within the target area or operational area shall notify the Water Development Board of the date of the election.

If a majority of the qualified voters voting in the election precincts, which are wholly within the target area, vote IN FAVOR of the issuance of the permit, the Water Development Board may issue the permit as provided.

If a majority of the qualified voters voting in any election precinct, any part of which is located in the operational area, vote AGAINST the issuance of the permit, that part of the county shall be excluded from the coverage of the permit, but if the board finds that a weather modification and control operation is still feasible, a permit may be issued covering areas in which no election is requested and areas in which the voters give their approval as provided in this section of the bill.

LBJ project

AUSTIN, Texas (Spl.) — The Lyndon B. Johnson School of Public Affairs at the University of Texas has begun a project to prepare an administrative history of the Johnson Presidency, the first comprehensive administrative history of a 20th Century President.

Directing the project will be Prof. Emmette S. Redford, who says too little attention has been given to program implementation and to how a President manages the

business of government. The first book in the administrative history will deal with the staffing of the Johnson Administration. Other volumes will range from White House operations to personnel policies.

Nuclear waste

AUSTIN, Texas (Spl.) — Under a \$265,000 federal grant, The University of Texas Bureau of Economic Geology will begin studies in the Texas Panhandle to locate deep salt beds in which nuclear wastes might be isolated safely in the future.

The U.S. Energy Research and Development Administration is considering salt beds as a repository for nuclear wastes because water cannot penetrate them and carry wastes into surrounding formations.

Dr. William L. Fisher, director of the UT bureau, says geologists will be looking for sites with salt beds

Pre-Nuptial Shower Honors Miss Watson

A shower Saturday in the home of Mrs. Wayne Bramlet honored Miss Laura Watson, bride-elect of Rusty Wilson.

Guests were greeted by Mrs. Bramlet and introduced to Miss Watson, her mother, Mrs. Roland Watson, and Mrs. Floyd Jackson, mother of the prospective groom. They wore corsages made of kitchen utensils tied with pink ribbon.

Mrs. Jerry Ford registered the guests at a marble-top antique table with a vase of pink roses from the garden of the bride-elect's grandmother.

Miss Patsy Burt and Miss Robbie Wright served refreshments of sherbet punch, homemade cookies, nuts and mints.

The serving table cloth was pink check gingham. Napkins were pink, with the bride's and groom's names in silver. The centerpiece was white daisies with pink and green ribbon, and the punch bowl was white milk glass.

Hostesses were Mmes. John Dorman, Donald Reecer, Joe Taylor, Keith Stansell, Bryan Smith, Bill Wisdom, Joe Cunyus, Francis Montandon, N.H. Gammage, Louis Fry, Barry Barker, Bob Lane, Thurman Davis, Jim Burt, Bobby Carthel, C.L. Henderson, Bill Sherman, Clyde Farish, Kenneth Broseh, Ted Carthel, Byron Ford, Pat Wofford, Kenneth Murdock, Raymond Lusk, B.J. Terrell, Mrs. Bramlet and Mrs. Ford.

Miss Watson and Wilson are to be married July 3.

CORN

When corn reaches the fifteenth (15th) leaf stage, it is very vulnerable to hail damage. The fifteenth leaf stage is usually when the corn is about 42 days old, or around June 10th for most fields. This is an extremely bad hail period for most of Zones 1 and 2.

Candlelight Ceremony Unites Miss Annette Jordan And Tommy Bonds

A candlelight ceremony read Saturday evening, June 18th in the First United Methodist Church in Floydada united in marriage Miss Annette Jordan and Tommy Keith Bonds. Rev. James W. Smith, church pastor, performed the twin ring vows at 8 o'clock p.m. Parents of the bride are Dr. and Mrs. Jack G. Jordan of Floydada. The groom is the son of Mr. and Mrs. Tom M. Bonds of Bovina. Mrs. Bob Copeland was

organist and also accompanied Randy Jordan of Azle, cousin of the bride, as he sang, "Oh Perfect Love" and "The Lord's Prayer."

Clusters of arched candelabra holding Cathedral length pillar tapers and fresh Magnolia boughs, formed the background for the wedding scene. A mass arrangement of mixed white summer flowers centered the altar, flanked with antique onyx and gold candlesticks. The altar nave was

decorated with tall candelabras holding pillar candles and mixed greenery.

The bridal aisle was marked with white standards holding Boston fern swags and white satin rope.

Patrick Lloyd of Floydada was candlelighter, and Miss Tandra Rogers of Bovina secured guest's signatures.

Escorted by her father, the bride wore a formal gown of ivory colored organza and French Alencon lace, designed with a wedding

band neckline, a modified empire waist and long fitted sleeves which came to petal points over the wrists closed with tiny self covered buttons. The A-line skirt bordered at the hemline with lace, featured an attached chapel length train. The skirt, bodice and sleeves were complimented with appliques of Alencon lace and seed pearls. To complete her ensemble, the bride wore a chapel length mantilla completely bordered with Alencon lace attached to a lace covered coif.

The bride carried a nosegay of white roses, gardenias and baby's breath, and adding sentiment to her attire was a handkerchief belonging to her great grandmother, which was also carried by the bride's mother at her wedding.

Mrs. Lu Ann Collins, Floydada, was matron of honor. Bridesmaids were Michelle Bonds, Bovina, sister of the groom Susan Ferguson, Atlanta, Ga., cousin of the bride, Laura Campbell, Floydada and Kathy Middleton, Lubbock.

They were gowned identically in apricot quina fashions with soft A-line skirts. The bodices featured spaghetti straps and were accented with satin edged triangular chignon capes. They wore summer flowers in their hair and carried European style bouquets of apricot colored roses, pompons, kalancho blossoms and yellow fushia mixed with baby's breath. Their ensembles were complimented by tiny gold neck chains, a gift of the bride.

Hugh Rogers of Bovina was best man. Serving as groomsmen were Steve Sherrill and Terry Sherrill both of Bovina, Jack Adams of Austin and Rick Jordan, brother of the bride. Ushers

were Ken Jamerson of Bovina, Mike Spears, Lubbock, and Mike Cosgrove of Amarillo.

Fellowship hall of the church was the garden setting for the reception which followed White lattice and southern simlax formed the background where the bride and groom, along with their parents received guests.

The bride's circular table covered with floor length white satin and chiffon, held a five tiered cake decorated with fresh flowers. Punch was served from circular tables covered with floor length cloths of apricot satin and white chiffon. Each table held a silver epergne with mass arrangements of mixed apricot, yellow and white summer flowers. Garlands of greenery completed table decorations.

The groom's rectangular table featured a floor length lime green cloth, centered with a silver urn holding a flemish arrangement in shades of apricot and orange.

Serving at the tables were Mrs. Ronald Kunkel of Irving, cousin of the bride, Mrs. Randy Jordan, Azle, Mrs. Richey Brantley and Miss Michal O'Brien both of Canyon, Miss Reagan Cagle, Arlington, Miss Karla Tooley, Abilene, and Mary Alice Craig, Floydada.

Hosts and hostesses for the reception were Mr. and Mrs. Doug Ferguson, Mr. and Mrs. Louis Lloyd, Mr. and Mrs. Bob Copeland, Mr. and Mrs. Edell Moore, Dr. and Mrs. Andrew McCulley, Mr. and Mrs. David Kirk, Mr. and Mrs. Arthur Wylie, Mary Alice Craig and Doris McLain.

Rice bags were distributed by Wendy and Patti Sherrill of Bovina. For travel to New Orleans, La., the bride changed to a natural colored cotton sun dress bordered at the hemline with floral print. She chose natural colored accessories and wore a corsage of white roses and a gardenia.

After August 1st the couple will be at home in San Antonio where the groom will attend the University of Texas Dental School.

Both the bride and groom are 1976 graduates of West Texas State University at Canyon. The bride was a member of Kappa Pi National Art fraternity at WTSU and the groom a member of Beta Beta Beta.

The groom's parents hosted the rehearsal supper Friday night at Redmans in the Blanco Canyon.

HONORS

The Louis Lloyd home was the scene of a bridal luncheon honoring Miss Jordan on May 28th. Assisting Mrs. Lloyd with the luncheon were Mrs. Mark Martin, Mrs. Edell Moore and Mrs. Amy Hollums. Special guests were grandmothers of the bride, Mrs. R.L. Cantrell and Mrs. Ray Jordan both of Tulia. Hostesses presented the honoree with a silver casserole dish and cover.

MRS. ROBERT LYNN LANGFORD

Sherry Graves, Robert Langford Wed

A double-ring ceremony in the Lockney First Baptist Church Saturday united in marriage Miss Sherry Frances Graves and Robert Lynn Langford. The 7:30 p.m. ceremony was performed by the Rev. John Jenkins, pastor of the church.

Parents of the couple are Mr. and Mrs. Weldon Graves of Lockney and Mr. and Mrs. A.J. Langford of Lubbock.

The bride, given in marriage by her parents, wore an all-over Chantillie princess-style gown with "V" style yoke, trimmed in satin insertions and ruffle with long fitted sleeves and ruffle cuff. The skirt flowed to the back, forming a chapel-length train. Her bouquet was made of white and blue carnations streamed with narrow white ribbon.

For something old the bride carried a handkerchief belonging to her grandmother, Mrs. I.O. Graves. Something new was the wedding dress. Something borrowed was a white Bible belonging to her grandmother, Mrs. H.F. Pratt (also a pearl necklace borrowed from the bride's cousin, Mrs. Ted Wilson. The bride's blue garter was made by her grandmother Mrs. Pratt. She wore the traditional birth-date pennies in her shoes.

luncheon were Mrs. Tom Bonds and Michelle of Bovina, Lu Ann Collins, Laura Campbell, Judy Lloyd, Mrs. Bob Copeland and Mrs. Jack Jordan.

A luncheon honoring Miss Jordan was held June 14 in the Gold Room of Hemphill Wells in Lubbock hosted by Mrs. Doris McLain and Mrs. Greg Campbell.

The bridesmaids luncheon was held June 16th in the Continental Room in Lubbock. Long stemmed apricot silk roses marked places of each guest.

Ellen Sturdivant of Clovis, New Mexico was maid of honor. Bridesmaids were Penny Taylor of Lockney and Sandra Ferguson of Floydada, both cousins of the bride. They wore light blue floor-length dresses trimmed in white lace, and carried nosegay bouquets of yellow daisies.

Flower girl was Robin Mills of Lubbock. Candlelighters were Robert Pratt of Floydada and Terry Taylor of Lockney, cousins of the bride. Tracy Smith of Lockney, a cousin of the bride, was ring bearer.

Rick Furr of Lubbock was best man. Groomsmen were brothers of the couple, Glen Graves of Lockney, and Jeff Langford of Lubbock. Ushers were Glen and Frankie Graves, brothers of the bride.

Wedding music was by Mrs. Bill Hardin of Floydada, organist; Mrs. A.C. Pratt, Floydada, pianist; and Mrs. Ted Wilson, Colorado Springs, soloist. Songs were

"Evergreen," "There Is Love," "The Lord's Prayer," and "We've Only Just Begun."

At the reception following the wedding, the bride's table was attended by Mrs. Carl Howard and Mrs. Keith Burley, sisters of the bride. Mrs. Don Smith and Mrs. Verne Taylor, aunts of the bride, were attendants at the groom's table.

Becky Shell of Pampa presided at the guest register.

The bride wore a blue pantsuit with a white blouse for the wedding trip to Charleston, South Carolina. The couple will be at home in Charleston, where Langford is stationed with the U.S. Navy.

The bride, a 1976 graduate of Lockney High School, attended West Texas State University. The groom attended Lubbock Monterey High School and Naval Base Technical Training School.

Mrs. Stan Goen said both were listed in the 1977 issue of World Book Encyclopedia, and she recalls Bill's first marriage, his children and then the wedding of Bill to Susan, her first marriage, in real life that is. These television series are great for the shut-in and like I said I may get addicted one of these days.

ABOUT the only place I would like to travel to now is the ruby mines near Franklin, South Carolina. I've always wanted a ruby and the best way would be to find one in the mines like the 456 carat found by a young lady last week.

A landmark was damaged beyond repair Monday night with the destructive fire of the old Dr. R.C. Andrews homestead, years ago being the first house on the block west of the ice plant, and numbered then as 220 West Virginia. Many recall as youngsters going to the big home to be doctored by the first physician to take up practice in Floydada, while going there also to receive "expression" lessons from Mrs. Andrews.

**Vows Read In Plainview
For Miss Kunkel, Widener**

A 7 o'clock candlelight service Saturday in St. Paul Lutheran Church in Plainview solemnized marriage vows for Miss Karla Jane Kunkel and James W. Widener. Rev. J. Ristvedt, Lutheran pastor of Littlefield directed the recitation.

Spring blooms of yellow, blue, pink and white, flanked by roman columns garlanded with Sprenger fern, formed the central altar arrangement. Candelabras with votive cups among Empress palms framed the nuptial area.

Selected wedding music was presented by Mrs. Robert Schoppa, organist, and Terry Hodges, vocalist, of Lubbock.

The bride is the daughter of Mr. and Mrs. Vergil Kunkel, of Plainview. She graduated from Plainview High School in 1975 and is a floral designer at Texas Floral in Lubbock.

Parents of the groom are Mr. and Mrs. Buddy Widener, of Plainview. He is a 1974 graduate of Plainview High School and attended Wayland Baptist College and Texas Tech University. Widener is employed as a salesman for Barnett Brothers Brokerage in Lubbock. He is the grandson of Mr. and Mrs. E.L. Widener of Foydada.

Upon their return from a wedding trip to Red River, N.M., the couple will be living at 1915 14th, No. 204 in Lubbock.

Escorted to the altar and presented by her father, the bride's gown was of candlelight Tiffany knit. It was designed with a moulded bodice accented with re-embroidered Chantilly lace, English net and pearl drops. A band of the lace circled the high neckline. Deep cuffs of the full bishop sleeves repeated the same lace and seed pearl accents.

Her crescent waistline fell into a full fluid skirt and chapel train bordered with a row of Chantilly lace. The

brides cathedral length mantilla of imported silk illusion also was completely edged in Chantilly lace. She carried a cascade of lily of the valley and Tahitian gardenias accented with English ivy and ivory French Streamers.

Serving as something old, borrowed and blue was the blue garter that the bride's mother wore for her wedding.

Debbie Kunkel of Lubbock was her sister's maid of honor and Mrs. Ron Lawlis of Littlefield, the bride's aunt, was matron of honor. Bridesmaids were Miss Sarah Kunkel of Denver, Colo., Miss Linda Warren of San Marcus and Miss Nancy Dunning. Junior bridesmaid was Cristy Widener, sister of the groom. Starla Whitaker of Knox City was flower girl.

The maid of honor wore a floor length gown of blue Qiana and the other attendants wore identical gowns of yellow Qiana knit. They were styled with empire waistlines and V-necklines. They carried Edwardian beehive bouquets of mixed spring flowers, accented with flowing streamers of flowers. The attendants wore matching blooms in their hair.

DANNY WIDENER attended his brother as best man. Groomsmen were Randy Daniel, Allen Patterson and Larry Campbell, all of Lubbock, and Stanley Stoerner. Junior groomsmen were Nickoy Kunkel, brother of the bride, Jerry King and Doug Rush both of Lubbock, were ushers and Rodney Kunkel of Kress, nephew of the bride, was ring bearer.

Kelly Graham of Lubbock, cousin of the bride, registered guests for the reception in the Parish Hall.

Assistants were Mrs. Joe Graham and Mrs. Bob Irvin of Lubbock, Mrs. Lameh Taylor and Miss Judi Erdmann of Vernon, Mrs. Tom Chapman of

MRS. JAMES W. WIDENER

Altus, Okla., and Mrs. David Potter of Wichita Falls, aunts of the bride, Mrs. Kenneth Dunning and Mrs. Margaret Craig.

THE BRIDE'S table was covered with white slipper satin overlaid with yellow French tulle and draped with Roman garlands of spring smilax. Silver candelabra held mixed spring flowers. Completing the

table decor were appointments of silver and a three-tiered yellow cake with Corinthian columns accented with fresh flowers on each tier.

The groom's table was covered with yellow Napoleon taffeta and appointed with brass. A Polynesian arrangement of fresh fruit and flowers accented the setting.

The Parish Hall was

decorated with boxwood topiary trees holding florets of yellow gladioli and boxwood bird cages with love birds. Hanging from the ceiling were Edwardian fern baskets.

THE GROOM'S parents hosted the rehearsal dinner at K-Bob's Steak House for the wedding party and special guests, Mr. and Mrs. Ron Lawlis of Littlefield.

ford of Levelland. The three-tiered anniversary cake was decorated with yellow roses and was served by Linden Seawright of Houston, great niece of Mr. Cantrell. Susan Ferguson, granddaughter of the couple from Atlanta, Georgia, poured punch. Gold mints, nuts and candy fruit slices were also served.

Large arrangements of fresh garden flowers decorated the party rooms. These had been used the evening before at the reception after the wedding of the Cantrell's granddaughter, Annette Jordan to Tommy Bonds in Foydada.

Eighty nine friends and relatives attended to extend their congratulations to the couple who were married June 5, 1927, in Lubbock. The anniversary party was delayed so guests could also attend the wedding in Foydada the same weekend.

Assisting in the house party were grandsons, Rick Jordan, Foydada, and Shawn Ferguson, Atlanta, Georgia. Also Mrs. Royall Cantrell from Amarillo, a sister-in-law; Mrs. Dick Seawright, niece from Houston;

Mrs. A.L. Wylie, Foydada; and Mmes. C.W. Reeves, Ross O' Daniel, Kenneth Ramsey, Wayne Flynt, Bill Ward, and John Toles of Tulia.

Out of town guests present were Mr. and Mrs. Douglas Ferguson and daughter, Susan, Atlanta, Georgia; Dr. and Mrs. Jack Jordan and Rick, and Mr. and

Mrs. A.L. Wylie, Foydada; Mr. and Mrs. Royall Cantrell, Mr. and Mrs. Don Huggins and Randy and Mrs. Vivienne Huckabay and children, Amarillo. Also Mr. and Mrs.

Dick Seawright and Linden, of Houston and Mrs. Harlen Vanderzee, of Hereford; Mr. and Mrs. Herb Cox, Sayre, Oklahoma; Mr. Dorothy Lou Harp, Dallas; and Mrs. Girdie Huckabay and son, John Midland.

Senior Citizens Meet

Floydada Senior Citizens met at Lighthouse Electric Thursday June 16 for a covered dish luncheon with 30 members and one visitor present.

Rev. J.M. Smith, pastor of the First United Methodist Church, brought a very inspirational and challenging devotional based on Matthew chapter 5.

After adjournment those who wished stayed and played table games.

FLOYD DATA Mr. and Mrs. Oliver Grote of Mason, former Floydada residents, were here over the weekend for the Jordan-Bonds wedding and were houseguests of Mr. and Mrs. A.L. Wylie.

Mr. and Mrs. Ruie Cantrell
**Cantrells Honored In Tulia
On 50th Anniversary**

Mr. and Mrs. Ruie Cantrell were honored with a reception on the occasion of their 50th wedding anniversary Sunday afternoon in the Chandelier Room of the First National Bank in Tulia.

Hosting the event were their two daughters and son-in-laws, Dr. and Mrs. Jack Jordan of Foydada and Mr. and Mrs. Doug Ferguson of Atlanta, Georgia, and the couples' grandchildren.

A beautiful arrangement of silk garden flowers on the serving table was a gift from Mr. and Mrs. Hubert Ruther-

Mrs. Charles Brent Sanders
(former Sarah Puckett)

**Twin Ring Vows Read For Miss
Puckett, Charles Brent Sanders**

A double ring ceremony in the sanctuary of First Baptist Church of Foydada on Saturday at 5 o'clock united Sarah Beth Puckett and Charles Brent Sanders in marriage. Rev. Ron Pingleton, pastor of First Christian Church, performed the ceremony.

Mr. and Mrs. Sam Puckett, of Foydada are parents of the bride and the groom is a son of Mr. and Mrs. M.L. Simpson Jr., of Dimmitt and the late Charlie Sanders of Dimmitt.

Forming the background for the wedding scene was an arched candelabrum covered in palms and greenery, flanked with candelabra candelabra and foliage trees. Accenting the setting were arrangements of pink gladioli and palms.

Escorted and presented in marriage by her father, the bride wore a formal length gown of white organza fashioned with a high neckline of Venise lace and butterfly sleeves edged with double row of matching lace. The empire bodice featured a sheer yoke accented with lace motifs and insets of seed pearls.

The full A-line skirt extended into a Watteau chapel length train with a soft border of lace tracing the hemlines. A Juliet headpiece of matching lace was attached to a veil of imported illusion. Her bridal bouquet was a cascade of white daisies, gypsophila, and pink Frenched carnations intertwined with greenery.

For something old the bride wore diamond drop earrings belonging to her great-grandmother. A gold wedding band was borrowed from her paternal grandmother and she wore the traditional blue garter and a sixpence from England in her shoe.

Miss Nancy Puckett was her sister's maid of honor. Bridesmaid was Miss Tracey Puckett, also a sister. Bridesmatrons were Mrs. Rich-

ard Evans and Mrs. Brent Harper.

They wore full length identical gowns of floral Windsong satin in shades of rose. The dresses were designed with high necklines and capelets of matching sheer organza with butterfly sleeves.

Candlelighters were Miss Laura Haynie and Miss Teri Pierson, cousins of the bride. Lori Campbell of Amarillo was flower girl.

Serving as best man was Brad Sanders. Groomsmen were Joe Bob Sanders, Bill Sanders and Mark L. Simpson, all brothers of the groom. Guests were seated by Steve Puckett, brother of the bride, Joe Sheffey, Shannon DeVaney and Jim Bob Ellis.

Miss Christy Stringer, soloist, was accompanied by Miss Penny Bertrand. Musical selections were presented by Dwight Joiner of Dimmitt at the organ.

Guests were registered by Miss Marilyn Malouf of Plainview. Among special guests were grandparents of the bride and groom, Mr. and Mrs. W.R. Puckett of Plainview, Mrs. D.F. Bigony of Big Springs, Mr. and Mrs. M.M. Smitherman of South Plains, and Mrs. M.L. Simpson Sr., of Dimmitt.

A reception following the ceremony was hosted by the bride's parents in the newly acquired parlor of the church.

Baskets of daisies carried by the bridal attendants formed the centerpiece for the serving table, flanked by a silver candelabrum. The tiered wedding cake, made by the bride's sister, Tracey, was served by the candlelighters.

Attending the groom's table were Miss Kay Stephens and Miss Karen Aldredge.

Others assisting were Mmes. John Kimble, Dan Hagood, W.H. Simpson Jr., Ed Wester, Rex Smither-

man, Bill Hale and Lon Davis Jr.

Following a wedding trip to New Mexico the couple will make their home in Foydada where the groom is engaged in farming and the bride has applied for a teaching position.

The bride is a graduate of Foydada High School and graduated from Texas Tech University in May. She holds membership in Kappa Delta Pi National Educational Honor Society.

Sanders is a graduate of Dimmitt High School.

The rehearsal dinner was hosted in Plainview by the groom's parents.

**Shower Honors
Mrs. Overstreet**

Mrs. Charles Overstreet was honored with a layette shower in the Johnny Cantrell home at Dougherty June 9th. Guests called between the hours of 9:30 a.m. 10:30 a.m.

Special guests included the honoree's mother, Mrs. Ruth Perkins of Clarendon, and her husband's mother, Mrs. Hanna Overstreet of Foydada.

The serving table was laid with a yellow cloth which held decorative baby's pot holding a potted plant. The arrangement was later presented the honoree from the hostesses along with a high chair.

Assisting Mrs. Cantrell with shower were Mmes. Lance Poole, Jesse Pernel, Kenneth Robertson, Bob Covington, Wes Campbell, Randy Pernel, Billy Colston, and Rickie Pernel.

FLOYD DATA Dr. and Mrs. John Haenosh and Tali of Huntsville were in Foydada over the weekend as houseguests of Dr. and Mrs. A.E. Guthrie, and to attend the Jordan and Bonds wedding. Mr. and Mrs. Haenosh and family are former residents of Foydada.

The Floyd Philosopher Thinks He Knows Why Alaska Pipeline Cost More Than Was Estimated

Dear editor:

You've seen commercials for new cars on television. First the brand new car comes on, preferably with a movie star at the wheel or at least leaning against the hood, sometimes even singing if you want to call it that. Finally the price flashes on the screen: Only \$5,000, or some such figure. But if you'll look close enough and fast enough you'll see in small letters: Excluding taxes, license, transportation and dealer prep.

That's the way the Alaska pipeline was swung, only the pipeline people beat the car people about 50 to 1 in using small type.

When the pipeline was launched, the builders estimated it'd cost 900 million dollars. When it was finished, the cost had soared to over 700 billion dollars.

In other words, it cost over 700 times more than they'd figured. This just shows what teaching kids New Math will do. We'd

better get back to basics.

Changing the subject, I haven't read this anywhere but I believe science is approaching a major crisis. I mean, it may be running out of something to do.

In recent years scientists have found so many things that're harmful to human life, like saccharin, sword fish, tuna, tobacco, sugar, asbestos, lead, roach powder, dandelions, baby pajamas, and a lot of other things I've lost track of, that before long they're going to run out of something they can't discover is dangerous. And if you can't discover something that's dangerous, how're you going to get your name in the paper? And if you can't get your name in the paper, how're you going to get a government grant to hunt up something else that's dangerous?

Yours faithfully,
J.A.

Lakeview News (By Penny Golightly)

Since I didn't have the news in last week some of this will be last weeks news. The first farmer to bring in a load of wheat was D&P farms and Mitchell to the D&P elevator.

Mrs. Millard Watson, Mrs. Kin Roberson and Karan came in June 9th with home made ice cream to the home of Mr. and Mrs. Brewer. Millard, Kin, Kris and Amanda joined them later for sandwiches and ice cream. Mr. and Mrs. Dean Watson and Deanna visited Thursday also, but left before supper.

Mr. and Mrs. B. Forman from Anton visited Sunday June 12th. Along with Mrs. Rudolph McCurdy who visited briefly with Mr. and Mrs. Brewer.

A good friend of mine, went into Central Plains hospital Friday and from this was a result of a new resident of Sand Hill. Shane Kervin Bloys, son of Mr. and Mrs. Kenneth Bloys, was born Friday the 17th. He weighed seven pounds at birth.

I went to the Tahoka Art show over the weekend along with my mother, Jean McClintock accompanied by my son, Rance. I won a third place in portrait and Ted Bell won a first place in miniature. There were a great many beautiful paintings from landscapes, portraits, still lifes to sculptures.

I always feel I gain from these art shows, maybe not in prizes, but in wisdom by talking to other artists.

A shower Friday honoring Miss Kathy Hambricht, daughter of Mr. and Mrs. Billy Joe Hambricht and bride elect of Jerry Green was held in the home of Mrs. J.W. McClure Friday.

Earl Edwards Jr. and son, Bill from Llano, along with Mr. and Mrs. Maxey McKnight from Kress, were Father's Day guests of Mr. and Mrs. Earl Edwards. Other recent guests in the Edwards home were Curtis Edwards from Silver City, New Mexico, and grandchildren, Mary Kay, Christine, and Crost from Las Cruces, New Mexico.

Mrs. Odell (Bud) Breed is home from Central Plains hospital following an ulcer operation. We all hope she is recovering nicely.

Mr. and Mrs. Reynold Quilantan, along with daughters, Mary Ann and Mary Lu, sons, Johnny and Reynold Jr. went to Lubbock to put flowers on Mrs. Reynold Quilantan's father's grave on Father's Day. They took a picnic lunch later to Mackenzie Park.

Friday night at the home of Mr. and Mrs. Don Harrison light snacks were served after a meeting to Mr. and Mrs. Lyman Abell, Paul, and Todd, Mr. and Mrs. J.T. Couch, Mommy Deffrese

from Ralls, Mr. and Mrs. Donal Parker and children, Mr. and Mrs. Morris Sals from Crosbyton, Mr. and Mrs. G.W. Smith and grandchildren Rob, Reagan, and Jayna, Mr. and Mrs. Bill Smith, Mr. and Mrs. Don Chesshir, Donna, Tammy, and son, Don all of Floydada.

Mr. and Mrs. Rex Harrison, Brandon and Jayson spent Father's Day weekend with Mrs. Dwight Snider in Amarillo. Beverly's dad, Dwight, was on a trip. Other guests at the Snider home were Carol, Truett, (Beverly's sister and brother-in-law from Lubbock, Charlyn and Teddy Snider (Beverly's brother and sister-in-law) also of Amarillo.

Wide interest in GI home loans continued at a record pace in March, Jack Coker, Director, VA Regional Office in Waco, revealed today.

VA received 71,136 appraisal requests in March, the highest monthly total in nearly 21 years. The March 1977 figure was 22 percent higher than February's and 12 percent above the March 1976 total. A VA appraisal of a house is the first step to applying for a VA guaranteed loan.

March's heavy volume pushed the total appraisal requests received for the first half of fiscal year 1977 to 328,608. This is 15 percent higher than the same period a year ago.

Applications for GI home loans also reflected the surge. VA received 40,979 applications in March, 35 percent above February and

Loan applications during the first half of FY 1977 totaled 205,256, 22 percent over the same six months a year ago.

VA loan guaranty officials attribute some of the new business to a 1975 law that eased GI loan eligibility.

Prior to January 1, 1975, a veteran who had once used his GI loan eligibility could have it restored only under special circumstances. VA had to be relieved of liability and the property had to have been disposed of for "compelling reasons," Coker said.

Congress removed the "compelling reasons" restriction, allowing entitlement to be restored if the property has been disposed of and the loan satisfied. This means most veterans with service since September 19, 1940, are potentially eligible for a GI loan.

The law also provided the original veteran's liability be removed automatically and eligibility for that of the seller.

Since June 22, 1944, more than 9.5 million veterans and service members have borrowed \$129 billion under the VA loan guaranty program. The VA guarantees a loan up to 60 percent or a maximum of \$17,500.

The benefit is available to veterans and active-duty personnel with at least 181 days of service. Also eligible are unmarried surviving spouses of these veterans and spouses of service members listed as missing in action for more than 90 days.

Information on VA loan benefits can be obtained from any VA office, veterans county service officer, or from veterans' organization service officers.

AUSTIN, Texas (Spl.) — While many eyes are on the oil of the Middle East, the eyes of two Texas scholars are on the oil and natural gas potential of

the Soviet Union. An economist, Edward Hewett, and a geographer, George Hoffman, of The University of Texas have begun a research project to assess the role of the Soviet Union in the future of world oil and gas markets.

Dr. Hewett will develop an econometric model to predict Soviet exports in oil and gas in the next decade. Dr. Hoffman will explore the impact of Soviet exports on Western Europe and the probable competition from future North Sea exports.

CENTURY PLANT in the W.J. Mangold yard started growing rapidly about a month ago and bloomed recently. The plant has been growing in the Mangolds' yard for 13 or 14 years, but the "trunk" section grew to its present height in the last month or so. Mrs. Mangold is dwarfed by the plant, which she estimates to be 15 or 16 feet high. (Staff Photo)

Public Invited To Tour Tech School Of Medicine

West Texas citizens are invited to a reception and tour of the new Texas Tech University School of Medicine (TTUSM), dedicated by Texas Governor Dolph Briscoe.

Open houses will be held Sundays, June 12, 19, and 26 from one to five p.m. The new building is located at 4th St. near Indiana Ave. in Lubbock.

The citizens of West Texas served by TTUSM will be honored during the month of June in TTUSM's celebration of the completion of the first phase of construction of the new building.

Dedication and ribbon cutting officially opened the new building June 5, with an estimated 1500-2000 guests, faculty and students attending.

Briscoe said the dedication is "the first step toward providing a facility that can... will, must be one of the greatest medical complexes not only in the state, but in the U.S. As we dedicate this building, we dedicate ourselves to the Texas of Tomorrow."

TTUSM was established by the 61st Texas Legislature in 1969 to serve the health care needs of West Texas. The enabling legislation stated that "...when in the best interests of medical education..." the school open regional academic health centers in Amarillo, El Paso and the Permian Basin, as well as to establish academic headquarters in Lubbock.

The centers are now operating in Amarillo and El Paso, with the latter to dedicate its regional building in early fall. Negotiations to establish the Permian Basin center are now underway.

TTUSM would be an important factor in bringing medical help to western portions of the state, Briscoe predicted.

The \$40 million medical structure is presently com-

pleted on the exterior but only some 40 percent of the interior is finished. Another 10 percent will be completed by August of 1978. The remainder of the building will be completed in pace with the needs of the school. The building encompasses 811,417 gross square feet.

attention WHEAT FARMERS

Rotate with Southern Peas and put extra money in the bank in 10 weeks!

- Peas are only 70 days from planting to harvest, not like other crops that tie up the land for much longer periods.
- Peas require no fertilizer behind wheat.
- Peas can usually be planted in wheat stubble without moisture-robbing land preparation, especially if you have access to a no-till planter.
- Peas add nitrogen and nutrients to put valuable fertility back in your soil.
- Peas produced under our contracts are purchased on combine run weights just as they come from the combine.
- We are an 80 year old company contracting tens of thousands of acres of peas each year for cannery purposes.

South Plains News

By Mrs. Murray Julian

Hot weather prevails with crops growing well. Many wells are started to irrigate maize fields. We see hoe hands chopping cotton in many fields this week, and a good deal of our wheat in the South Plains area is already in the elevators. Many farmers are plowing wheat stubble, and the ground is already getting quite dry, in spite of heavy rains we received a few weeks back.

supper, games of 42 were played by twenty two who were present for the occasion.
 Mr. and Mrs. Murray Julian left Thursday morning for Perryton, going by way of Amarillo where they enjoyed lunch. The wheat fields were golden with grain, and streams and ponds full from recent rains. Most of the fields had 3-4 combines in them, as farmers hurry to finish wheat harvest. They experienced a severe storm Thursday night at Perryton as winds knocked out plate glass windows in two stores in downtown Perryton, but little rain fell. The Julians visited with their youngest son, Bruce, his wife Janet and two little boys, Clay and Wade, and came home late Saturday night. The Green Belt Lake at Clarendon is as full as we ever saw it, and the pastures everywhere look greenest in many years. We saw several antelope who were fat as butter, as they pastured north of Pampa.

Last Monday night's storm brought us a little rain, but the wind was dreadful, blowing in gusts of 60 to 70 miles per hour, and it blew nearly all night. Electricity was off in most of the South Plains and area to the south east, where three or four electric light poles were blown down around Leighton Teeple's farm and others in that vicinity. Low voltage caused much trouble in South Plains as refrigerators and air-conditioner was hurt at the Upton Grocery, and the M.M. Julians and the I.H. Parks wells were struck by lightning. Many people lost fruit from trees. We did not get hail here, but the wind did much destruction to the wheat that was not cut, as at the Mulder farms and others north of South Plains.

Mr. and Mrs. Sylvan Kinnibrugh spent Monday in Plainview where she helped take her grandson, Henry Latham IV to the doctor for his first checkup, and they found him doing fine. She had spent most of last week in Plainview with her daughter and family, Mr. and Mrs. Hank Dickens and the new grandson.
 The twin daughters of Mr. and Mrs. L.N. Johnson, Denise and Deneen, who are recent graduates of Lockney High School are attending Clarendon Junior College classes this summer.
 L.N. Johnson is in the Highland Hospital in Lubbock, where he is in neck traction for head aches which he has suffered for a long time. We understand he is doing better and hopes to be coming home very soon. Mrs. Johnson (Carlene) has been staying in Lubbock with L.N. the past week.
 There will be an 82 Voice Youth Choir from Bellevue Baptist Church, Memphis, Tennessee, at the First Baptist Church in Crosbyton, Monday evening beginning 8 p.m. The South Plains Baptist Church has been invited to attend the Choir Program, and several plan to go.
 Mr. and Mrs. Ira Clower of Cotton Center have announced the engagement and approaching marriage of their daughter, Iroma Chris-

tine to Morris Applewhite, of Cotton Center. The couple plan to be married August 12, in the Cotton Center First Baptist Church. Mr. and Mrs. Clower were residents of South Plains until the past two years.

Mr. and Mrs. Frank McClure and their daughter, Mrs. Jean McClure of plainview, went to Quail, Friday night to spend the night with Mrs. Jean McClure's daughter and husband, Reverend Jeff Messer and wife Donna, who moved to Quail only recently, where he is pastor of Quail Baptist Church.

Mr. and Mrs. Kendis Julian and children, Kristi, Mitzi and Tim left Tuesday June 7th, for Ruidoso, New Mexico where they enjoyed a short vacation through Friday, June 10th. It was very cool at this time, and the nights required heat, while this week they report it is 95 degrees there.

A hostess meeting was held Friday afternoon in the home of Mrs. Early Pritchett where women to plan the wedding shower for Kim Cummings and his fiancée, Miss Monica Ann Gaydos of Laguna Park.

Mr. and Mrs. Tillman Powell and Sandra and Mrs. Fletcher Powell went to Perryton Saturday evening to spend the night with relatives Sunday all went to Liberal, Kansas, to attend the silver wedding anniversary on Sunday afternoon of Mr. and Mrs. Kenneth Powell, brother of Fletcher and Tillman Powell. The celebration was held at the Holiday Inn in Liberal. They returned home Sunday evening.
 Summer starts Tuesday, June 21st, and we are having real summer weather with high temperatures and some wind every day. South Plains received .30 of an inch of rain in the shower Monday evening, and there was high winds for some time.

A public information meeting has been scheduled for June 29, 1977 to inform elected officials and the public in the Amarillo, Texas area on scientific studies that are underway nationally and in the Texas Panhandle in connection with the National Waste Terminal Storage (NWTS) Program which calls for the isolation of nuclear waste in deep geologic formations.

Nuclear Waste Sites Hearing Set Wednesday

Municipal Building of the City of Amarillo will begin at 7:00 p.m. Area officials and residents will have an opportunity to ask questions about the NWTS Program.

State Representative Bob Simpson of the 65th Legislative District is chairman of the meeting. Drs. E.G. Wermund and L.F. Brown, Jr., Associate Directors, Bureau

of Economic Geology of the University of Texas at Austin, and C.D. Zerby, Director of the Office of Waste Isolation which manages the NWTS Program for the United States Energy Research and Development Administration will describe the nationwide program activities. The objective of the NWTS Program is to locate

facilities in deep geologic formations so that nuclear waste from commercial nuclear power plants is disposed of safely in the United States.

Plans are moving forward to perform scientific studies in several states during this fiscal year to determine the suitability of geologic formations for potential develop-

FLOYD COUNTY'S 4-H Poultry Demonstration Team placed first in statewide competition held in conjunction with the annual 4-H Round on the campus of Texas A&M University. State champs Sharon Jones, 15, and Darlene Broseh, 15, both of Lockney, received their gold medals from Dr. Bill Cawley, Extension Poultry Specialist, during the Awards Program. The contest is sponsored by the Texas Agricultural Extension Service and the Texas Poultry Federation.

LOCKNEY LOCALS

Messrs. and Mmes. Mel Holcomb and Johns Cox returned home on Wednesday of last week from a 4-day trip to Mansfield, Texas where they visited with the Cox's daughter, Mr. and Mrs. Freddie Ivey and children.

A reunion of the T.J. Thornton family was held Sunday in a park in Clovis, N.M. with 85 members in attendance from Maryland to California. A basket lunch was served at noon. The Thornton family first settled in Briscoe County, and later came to the Lockney area. There were ten children, two of whom are still living and were in attendance. They are, Mrs. C.K. Bennett of Clovis (83 yrs. of age); and Mrs. Dot Cope (91 yrs. of age) who lives in Plainview.

LOCKNEY LOCALS

Mr. and Mrs. Henry Bollman spent the weekend of June 12th at a family reunion at Rocky Creek Lodge near Lake Whitney. The reunion was of descendants and relatives of Robert Moore Duff and Mary Jane Farnsworth who were married in 1856 in McNairy County, Tennessee. 100 persons were in attendance. The Bollmans also visited with the V.E. Spears of Lampasas, and they visited in the Gatesville area.

Mrs. Mary Ansley's grandson, Michael Chandler, is here from San Antonio to spend the summer with her. Her sister, Mrs. Matilda Entriken of Spearman, arrived Tuesday of last week to stay for a while.

Mrs. Jewel Roberts returned Sunday from a 9-day trip. She accompanied her daughter, Judy and Ben Merrill, and Lisa, of Denison, on a sightseeing tour of New Mexico, Arizona, Nevada, and Utah. In Arizona they visited the Grand Canyon, and saw a forest fire near Flagstaff. In Southern Utah, they visited the Canyonlands area, the Lake Mead Recreation Area; they saw the filming of a western movie on location, and visited an old ghost town.

Mr. and Mrs. Don Vernon and children spent the past weekend in Ft. Worth for a reunion of the Bert Vernon children. Their father, Bert Vernon, makes his home with a daughter, Mrs. Joe Cruse and her family. The Vernon children grew up in Lockney. All eight children were present. The sons and their addresses are: Bert Vernon, Jr. from Kilgore and 2 of his children; Mr. and Mrs. Jerry Vernon and 2 children from Arlington; Mr. and Mrs. Alvin Vernon and 2 children from Lubbock; Mr. and Mrs. Don Vernon and 2 children from Lockney; Mr. and Mrs. Royce Vernon from Dallas. The Vernon daughters are: Norma Vernon of Ft. Worth; Mr. and Mrs. Joe Cruse and 3 boys of Ft. Worth; and Mr. and Mrs. Milton White of Plainview.

Schacht Flowers and Gifts Bowling Team won 26th place in the Reddi-Kilowatt Team Tournament during three recent weekends in Lubbock. There were 271 teams in competition from Texas, New Mexico, Oklahoma, Arizona and Kansas. Members of the Lockney team are Margaret Schacht, Eddie Douglas, Maxine Daniels, Nell Glascock, and a 5th member is Sandra Thompson. Maxine Daniels also won 'All Events.'

Mr. and Mrs. Harley Workman have as a guest this summer their granddaughter, Eden McAda. She arrived Sunday with her parents, the Bill McAdas from Santa Barbara, Calif., who were on a business trip to the downstate area. Eden will also visit with other relatives residing here.

YOU: A VICTIM OF GLAUCOMA?

Some one million people 35 years of age and over don't know they are stricken with the second leading cause of blindness in America.

The key to glaucoma control is early detection. The drawback is that there are usually no early symptoms.

The National Society for the Prevention of Blindness has an important stake in stimulating the growth of glaucoma screening, a procedure it first demonstrated in 1942. Community detection programs continue as a Society priority, with some 128,500 individuals screened last year, of which 5,300 were found with suspicious signs.

Man's future 'up in the air'

AUSTIN, Texas (Spl.) — Mankind's future is up in the air, a University of Texas astronomer believes.

Dr. Harlan Smith predicts that on a timetable of three to 25 years man will be colonizing space — beginning with the use of "erector-set technology" to build

lightweight orbiting solar power satellites (to harness the energy of the sun and beam it back to earth) and continuing to huge earth-orbiting space colonies with trees, birds, streams, shopping centers, homes and wilderness areas.

The habitats Dr. Smith envisions for community living in space would be structures perhaps as large as five miles in diameter and 50 miles in length.

Hot, dry weather is still with us. What we need is a nice rain and less wind, but we do have many blessings coming our way to be thankful for.

Mr. and Mrs. Bud Warren went to Lubbock Sunday (Fathers Day) where they had dinner in the home of Mr. and Mrs. Randell Warren. While in Lubbock Mr. and Mrs. Bud Warren also saw their daughter-in-law, Mrs. Robert Warren.

Friday visitors in the home of Mr. and Mrs. C.H. Wise were Mrs. Marion Carpenter and Lewis Sledge.

Mona Dell Wise of Amarillo came Friday and stayed over Sunday in the home of her parents, Mr. and Mrs. C.H. Wise. Saturday Mrs. C.H. Wise and Mona Dell went to Lubbock where they visited Mr. and Mrs. S.K. Porter.

Mr. and Mrs. E.W. Walls were Father's Day dinner guests of Mr. and Mrs. Dolye Walls. Others there were Mr. and Mrs. Dean Walls and Mrs. Larry Walls and baby of Plainview.

Mrs. Verna Lee Cardinal made a business trip to her farm at Dimmitt Friday.

Mr. and Mrs. Zane Stovall and son, Shawn and a friend, Robert Anna of Sunnyvale (near Dallas) spent Friday night in the home of Mr. Stovalls sister, Mr. and Mrs. Kay Crabtree and family. On Saturday all of the above named (except Kay) went to Idalou to spend the day in the home of Mr. and Mrs. Elmer Griffith, parents of Mrs. Crabtree and Mrs. Stovall.

Mr. and Mrs. L.H. Blum heard from their daughter, Betty Upton of Los Alamos N. Mex., Sunday. Betty said they were safe, so far from the raging forest fire in New Mexico and near Los Alamos. Sunday the fire was still 6 miles away from them. Betty said they could see the ashes flying in the air from their place.

Dr. Floyd C. Bradley visited in the home of Mr. and Mrs. Clyde Bagwell Monday afternoon.

Mr. and Mrs. S.K. Porter of Lubbock visited Thursday afternoon with Mr. and Mrs. C.H. Wise. Mrs. Porter is a sister of C.H. Wise.

Last Monday afternoon, Mrs. Bill Beedy and Mrs. Bill visited a short time with Mrs. C.H. Wise.

Wednesday afternoon Mrs. Wise kept little Robert Eckert.

Father's Day, Mr. and Mrs. Jim Tye and Brittan of Lubbock and Mr. and Mrs. Weldon Pruitt, Greg, Karen and Christy were dinner guests in their parents home, Mr. and Mrs. Bill Tye. Later Sunday afternoon Mr. and Mrs. Bill Tye and Mr. and Mrs. Jim Tye and Britta drove over to see Mr. and Mrs. A.S. Mize and their house guests, Mr. and Mrs. Steve Mize, Karol and Karl of Stockton Calif.

Lee Burton and daughter, Carolyn went to Lubbock Sunday to visit at Methodist Hospital with Lees mother, Mrs. Clyde Burton.

Mr. and Mrs. Ben Johnson and Jane of Dallas visited in the Lee Burton home Friday.

Carolyn Burton stayed last week at Dumas in the home of Mr. and Mrs. Earl Huckabee where she helped take care of Mrs. F.T. Smith, who is 93 years of age. Mrs. Smith is an Aunt of Mrs. Huckabee and great-aunt of Carolyn.

Sunday visitors in the afternoon of Father's Day in the home of Mr. and Mrs. Edell DuBois were, Mr. and Mrs. Bud DuBois of Lubbock, Mr. and Mrs. Bill DuBois and son Quinn of Floydada and Craig DuBois of Cedar Hill, and Mr. and Mrs. Roy Baxter.

Mrs. Kate Crabtree went to the home of her son and family, Mr. and Mrs. Kay Crabtree and children after church Sunday and had dinner with them and visited for the afternoon.

Anissa Crabtree spent Thursday night and Friday with her grandmother, Mrs. Kate Crabtree.

Guest Editorial

DEAR MR. PRESIDENT: As one who did everything I could possibly do through the columns of this newspaper to insure a Democratic victory last November, I would like to share some of my thoughts with you.

May I say in the beginning that my efforts were not fruitless. Although I live in the heart of "Reagan country," and this general area tends to be Republican, this county did NOT go Republican last November. We voted Democratic 2811-753.

THIS LOPSIDED VOTE was due primarily to the fact that our farmers, and we are almost totally agricultural, who were almost ready to give up as a result of depressed farm prices, saw a glimmer of hope in the election of a Southern Democratic farmer.

In turning back through my newspaper files, I notice a major story with the headline, "Carter Would Be First Farmer President Since Jefferson."

People remembered the friendship of Roosevelt and Kennedy for agriculture despite the fact that they were Eastern bred and not familiar with agriculture. They remembered the traditional friendship of the Democratic Party for agriculture.

ANY OF MY pro-Carter editorials last fall were inspired by calls and letters from farmers who said in effect, "We can't make it any longer, we want to know the election is going to come out. If we thought Ford would be elected we would sell out now while we can get a good price for our land. If the Democrats win, we want to try to hold on a little longer."

My interest was partially selfish. As a businessman, my livelihood depends upon farm solvency. I don't want to see this county's population cut in half.

I had every confidence that things would be better under Carter and the Democrats. I was right about the Democratic Congress. I seem to have been wrong in the case of Carter. It's not that you're so bad, agriculturally speaking. It's just that you are not as good as I had anticipated. You have failed to provide that glimmer of hope we all wanted so much to see.

LOOKING OVER some other newspapers from last fall, I note the Democratic farm platform which came out of the New York convention. "Foremost attention must be directed to the establishment of a national food policy which will be fair to both producer and consumer and be based on family farm agriculture." So it said.

And then, "Without parity income assurance to farmers, full production cannot be achieved. . . we must assure parity returns to farmers based on cost of production plus a reasonable profit."

Mr. President, the farmers I know can forgive you for not advocating "a reasonable profit" for farmers in your agricultural recommendations. They CANNOT forgive you for ignoring a "cost of production" guarantee! And you will be a dead duck with our farmers in 1980 if you veto legislation proposed by Congress which obviously is more pro-farmer than is the White House. They will not support you should you follow your present course, not because they think a Republican administration would do better, which it wouldn't, but as a PROTEST. It never fails to happen. And I don't want it to happen!

IN YOUR AUTOBIOGRAPHY, "Why Not the Best?" you said. "Grain speculators and monopolistic processors have profited, while farmers are going bankrupt trying to produce food that consumers are going broke trying to buy."

I agree that farmers are going broke. I do NOT agree that consumers, who pay about 16 per cent of their income for food, are going broke. You certainly should be familiar with the fact that Americans pay a

smaller percentage of their income for food than residents of any other country on earth. And you also say in the same book.

"I know this nation can develop an agricultural policy which will insure a fair profit to our farmers and a fair price to consumers."

The Texas Extension Service says that it costs near \$3.75 to produce a bushel of dryland wheat and approximately \$4.25 for irrigated. With wheat selling for \$2 and less, 'does this sound like a "fair profit"?' And the proposed loan rate is not much better. It's completely inadequate.

ANY HAVE SPECULATED that your apparent insensitivity to farmer survival is an attempt to "punish" the farm belt of the Midwest which did not support you last November. In fact, Senator Bellmon of Oklahoma suggested this on a recent television show in this area.

Only you know your reasons for what you do.

My own political philosophy is that should I run for public office and be elected, my first priority would be to woo those who didn't support me, to prove them wrong—that is, if I craved re-election.

MY PERSONAL REACTION and analysis of your farm program suggestions is that your top priority is balancing the budget, that you have a genuine desire to improve our national fiscal policy. And with this we can't disagree. I attribute your apparent farm insensitivity to noble intentions, a desire to cut spending.

Everybody is crying for more income, to counteract inflation if not merely to satisfy an appetite to live a little higher on the hog. These cries come from school teachers, government workers, Big Labor, Big Oil, even the welfare recipients! Government policy seems to see something sacrosanct in "cost of living" wage hikes, in maintaining the status quo so far as standard of living is concerned.

But before we take care of those who aren't making quite as much profit as they would like, as a result of inflation, whether it be Big Oil or the welfare recipient, shouldn't we FIRST take care of those who MAKE NO PROFIT AT ALL, those not receiving cost of production?

Farmers are having a most difficult time convincing ANYBODY that they are losing money on every bushel of wheat they produce! If YOU doubt it, call some of the smalltown bankers in the agricultural areas.

SUPPOSE MY greatest disappointment in your attitude towards agriculture lies in the fact that the Democratic Party's long reputation as "the farmer's friend" is being dispelled NOT by an Ivy League President, NOT by a Big City President, NOT by a Big Labor or Big Oil President but by a SOUTHERN FARMER!

Roosevelt, Truman, Kennedy and Johnson ALL gave farm survival the VERY HIGHEST PRIORITY. I hope history will not record that the Carter Administration was the one that sold out the farmer!

I was talking to two medium sized farmers in an adjoining county just last Sunday. They predicted that with the family farmer driven off the land, it would be up to either large corporate groups or the government to produce our food and fiber. Only they have the resources to go in the hole season after season and survive.

Should large business conglomerates take over farming, they would immediately set their own prices on farm products just as they set their own prices for an automobile or a bar of soap. They would not only have the clout to do it but the will. Or, if they didn't do that, they'd use farm losses to offset business profits when reporting to IRS.

SHOULD GOVERNMENT undertake the task, no doubt we'd have another Post

BUCKET SCHOOL, over 25 electrical service men from all over this area of Texas are in the "Bucket School" at the West Texas Regional Training Center in Floydada this week. They learn to control and use the bucket that takes them up to work on

Sleep while your want ad works.

Office mess. Certainly none of us wants that. Everybody we know sets his own price. The shoe shine boy, the laborer, all the rest—except the farmer who asks, "What will you give me?"

Everybody is virtually guaranteed a fair price for what he does as a result of government support, even the immigrant laborer who is guaranteed a minimum wage whether or not his farmer employer is operating in the black. The government is sensitive to the needs of welfare recipients and Big Business alike.

We are all compelled to pay a fair price or more for whatever we buy, a new car, interest rates, even food at the store. Why should not society also be compelled to pay the farmer a fair price?

All fair prices are made possible by

either business or government. The prices are paid at the marketplace.

Agriculture is peculiar in that farmers cannot set their prices for their produce as does every other segment of society. If the public, the consumer, pays LESS than a fair price to the farmer at the food store, what's wrong with his making up the difference when he pays his taxes on April 15? We wish a way could be found for the farmer to do his own pricing, just like General Motors, but he seems to lack sufficient wisdom to find a way to do it. **Government's role in a society is to do for the individual what he can't do for himself.**

We should have no higher priority than a dependable FOOD MACHINE. What good is a balanced budget without it?

The Tulia Herald H. M. BAGGARLY

discuss what is being produced.

"UNFETTERED BY REGULATION" the Star reported that "pornography has grown more varied and efforts to control it have failed." Confusing laws on obscenity have given such groups as the American Civil Liberties Union an argument against censorship of such materials as violating the First Amendment protecting free speech. As a result, obscenity in the past year or so has moved into adult book stores and mail-order houses largely without contest with the interpretation of the Constitution by these certain groups.

SPECIAL INVESTIGATIVE POLICE are needed to deal with this filthy traffic. One encouraging development is action by the National District Attorneys' Association which has formed a nationwide task force in efforts to clean up this threat to our national sense of moral values.

DURING THE LAST SEVERAL YEARS, the Courts have construed rather strictly the Constitu-

tional provision of freedom of speech. The result has been that laws on this subject are blurred and left in doubt. Legislation, both on the Federal and State level to meet this situation has been found difficult to draft but the Subcommittee on Crime has held hearings and will attempt to form legislation to meet the test.

ON THE OTHER HAND, RECENT COURT ACTION, decided on the basis of the standard demanded in a particular community, has been upheld by the U.S. Supreme Court. If this reasoning holds up, community groups and officials can better cope with offenses in their own area.

THE AUTHOR, WILLIAM STANMEYER, of the Indiana University Law School says in an article, "To remove all legal controls over pornography is to teach the young that their elders do not know right from wrong; that we do not care how our young are entertained; that civilization and barbarism are the same."

THE PROFESSOR POINTS OUT that some people say that the best way

to deal with pornography is to let it run its course. He then asks, "Why should parents have to let their children's moral environment get so corrupt that by comparison Sodom and Gomorrah resemble the Trappist Monastery?"

THE FINAL QUESTION TO THIS ISSUE IS: Can the lines be drawn somewhere or must no lines be drawn at all? Must we tolerate everything no matter how depraved or sick? The public's answer is that lines must and will be drawn because we have the right to decent surroundings and a

decent society. THIS IS THE BASIS FOR COMMUNITY ACTION against the filth peddlers as pointed out by Professor Stanmeyer who evidently has given extensive study and research to the subject.

Center News

By Mrs. J.E. Green

It was cool and cloudy early today, but it is clearing up and we will probably have another hot afternoon. We've been having over 100 degrees each day. Yesterday was Father's Day and no doubt many homes had visits from their sons and daughters making parents' hearts glad. Phone calls help, too, if one can't come.

Mr. and Mrs. C.W. Denison Jr. of Brownfield visited Sunday with his parents, Mr. and Mrs. C.W. Denison Sr. In the afternoon all enjoyed a drive around the area including a view of Mackenzie Lake. The lake is filling up fast from recent

rains.

Mr. and Mrs. Charley Spence had their sons and wives home for dinner Father's Day. These are Mr. and Mrs. Orville Spence of Sherman, who came Friday and left Sunday p.m. and Mr. and Mrs. Adriel Spence, City.

Mrs. Alma Ruth Goss and son, W.B. Jr. of Teladega, Alabama, left for home Tuesday after several days visit with her parents, Mr. and Mrs. W.C. Plumlee, and other relatives in West Texas.

Mr. R.C. Ross was a Sunday dinner guest of Mr. and Mrs. Clarence Guffee. Also present was another

brother, R.T. Guffee of Hale Center.

Mrs. O.C. Vinson and Mrs. Kreis visited Mrs. Ross this Monday morning.

Mrs. Green visited Mrs. Leo Frizzell last Monday. So did Mrs. Ava Jackson and Mrs. Elmer Warren. They were canning apricots.

Mrs. Leo Frizzell spent Sunday night with Mrs. Ava Jackson.

Mrs. Green visited Friday morning with Mrs. Lucille Custer and Mrs. Elmer Warren.

Mr. and Mrs. Milton Mensch and son, David of Lubbock, spent Sunday with her parents, Mr. and Mrs. Hal Thomas.

Mrs. Gordon Mayfield spent last week with the G.A. girls at camp at the Plains Baptist Assembly, and is to be with Acteens this week. Mrs. Mayfield is W.M.U. Director of Caprock Association.

Mrs. James Hartline of Levelland spent Wednesday night with her in-laws, Mr. and Mrs. W.L. Hartline. Mr. and Mrs. Jim Owens visited Tuesday evening with the Hartlines. Mrs. Thompson came over Sunday p.m.

Mr. and Mrs. Joe Conway of Plainview and Mr. and Mrs. Marion Carpenter spent Sunday with their parents the Claud Carpenters.

Mrs. Ola Warren and Mrs. Fred Battey visited Sunday afternoon with Mr. and Mrs. Hal Thomas Sunday evening after church.

Mr. and Mrs. Don Finkner of Lubbock spent Father's Day with her parents, Mr. and Mrs. Charles Fulkerson.

Mrs. Edna Patton and Miss Vera Meredith visited Sunday p.m.

Miss Meredith is having her kitchen redecorated. She spent Friday night with

the Muneys at Lockney.

The Senior Citizens meeting last Thursday was surely enjoyed by all with over 30 present.

Mr. and Mrs. Charley Spence visited briefly Thursday p.m. in the Green home.

Last week, sisters of Mrs. Clarence Ashton, Mrs. Grace Dunn and Floyd Fuqua, came from their homes in Dallas to visit these Plains relatives. They are Mrs. Dorothy Hunter and daughter and Mrs. Estelle Sheidal. They were also on the way to Amarillo to visit their mother, Mrs. Hattie Fuqua.

Mr. and Mrs. Thomas Warren had all their children home at dinner on Father's Day: The Paul Stouts of Quitque, Mr. and Mrs. Jim Owens and baby, Jason, Mr. and Mrs. Edwin Warren, and Don of the home. Some visitors last week were Mrs. Charlene Alldredge, Mrs.

Willie Bertrand and Mrs. Odell Chappell.

Friday Mrs. Elaine Stout and children visited her grandmother, Mrs. Ola Warren.

Friday afternoon visitors in the Green home were Mrs. Beulah Kelly, San Antonio; and Mrs. Opal Long Preston and daughter of Kerrville.

FLOYD DATA

Relatives visiting in the Jack Jordan home over the weekend included Mr. and Mrs. R.L. Cantrell and Mr. and Mrs. W.A. Jordan of Tulsa. Mr. and Mrs. D.J. Ferguson, Shawn and Susan of Atlanta, Georgia, Mr. and Mrs. Royal Cantrell of Amarillo, Mr. and Mrs. Richard Seawright and daughter, Linden of Houston, Mr. and Mrs. Randy Jordan of Azel, Mr. and Mrs. Ronald Kunkel and Charla of Irving.

Soviet oil, gas

AUSTIN, Texas (Spl.) — While many eyes are on the oil of the Middle East, the eyes of two Texas scholars are on the oil and natural gas potential of the Soviet Union.

An economist, Edward Hewett, and a geographer, George Hoffman, of The University of Texas have

begun a research project to assess the role of the Soviet Union in the future of world oil and gas markets.

Dr. Hewett will develop an econometric model to predict Soviet exports in oil and gas for the next decade. Dr. Hoffman will explore the impact of Soviet exports on Western Europe and the probable competition from future North Sea exports.
