NUMBER 59

Harrison Named To USDA Post

KELLY HARRISON

The Office of General Sales Manager formulated export policy, assists in marketing and sales of agricultural commodities based on world market conditions, prepares weekly reports on U.S. commodity exports and administers the Commodity Credit Corporation (CCC) Export Credit Sales Program. The office is also responsible for arranging concessional credit sales of commodities under the Law 480 ("Food and Peace") program.

An assistant administrator of the Foreign Agriculture Service, Harrison

will be in charge of commodity export promotion programs of the Department of Agriculture. Harrison has acquired considerable expertise as an international foreign market economist since he began studying grain marketing distribution programs for his master's degree at Kansas State University.

Harrison's main areas of study have been concentrated in Latin American countries which dealt with food marketing system improvements. These include Puerto Rico (1965-66); Brazil (1966-67); Colombia (1968-70); and Costa Rica (1971-75). Much of this research and interaction with Latin American governmental agencies and private business was sponsored by USAID and local governmental funds. He has published numerous papers and books documenting the results of this research.

Harrison received his bachelor of science from Texas Technological University in 1962, master's from Kansas State University in 1963 and doctorate from Michigan State University in 1966.

He is a member of the American Agricultural Economists. He is also a member of Alpha Zeta and Gamma Sigma Delta, agricultural honorary organizations.

A Lockney native, Dr. Kelly M. Harrison, 37, a former Michigan State University agricultural economist who is a specialist in overseas food marketing, has been appointed general sales manager of the U.S. Department of Agriculture (USDA) and assistant administrator for the Foreign Agriculture Service.

The new USDA general sales manager is the son of Mrs. Velma Harrison and the late Doyle Harrison of Lockney. His wife is the former Loy O'Brien, daughter of former Lockneyites, Mr. and Mrs. Connie O'Brien of Plainview. They have four children: Kim, Kristi, Misty and Kelly Scott. The family will be living in Springfield, West Virginia, to be near Harrison's new job in Washington, D.C.

Harrison also has two sisters living in Lockney. They are Mrs. Dub Dipprey and Mrs. Kenneth Jackson. Harrison was raised on a farm north of Lockney. He will head a 110-man department in the USDA.

Harrison left MSU, where he has been a faculty member since 1966, July 15 to assume the new post. He will serve under Dr. Dale Hathaway, USDA assistant secretary, International Affairs and Commodity Programs, who was MSU agricultural economics department chairman 1969-73.

MR. AND MRS. R.B. JORDAN of Kingsland were injured Saturday morning when their car collided with a truck on Highway 70 in Aiken. Both were treated at Central Plains General Hospital in Plainview. Mrs. Jordan had a bump on the head, but Mr. Jordan was hospitalized with a possible whiplash injury until Monday. The driver of the

truck, his wife and three children were uninjured except for a cut over the eye of one of the children. The truck's batteries were crushed and the gas tank was ruptured. Mr. and Mrs. Jordan were enroute to Providence to see their daughter, Mrs. Vernon Ramsower. (Staff Photo)

School Opening Date To Be Set

Lockney Independent School District trustees will meet today (Thursday) at noon at Strickland's Restaurant in a called session.

On the agenda besides selection of several new teachers is adoption of the official school calendar for 1977-78. The state legislature is now requiring only 175 school days, so a different school opening date may be chosen. August 18 had been set as opening date when 180 days were required.

An executive session may also be necessary for the board to discuss personnel matters.

PRE-ENROLLMENT

Parents of students who are new in Lockney or of students who were not attending local schools during May should pre-enroll their children before school begins.

The three Lockney school principals will be in their offices from 9-12 and from 1-4 weekdays from now until school begins. Pre-enrollment of new students will greatly ease the confusion of opening day.

Bus Driver Must

Take Course

Every regular or substitute bus driver for the Lockney schools is required by state law to take a safe driving course.

School Supt. John O. Peck stated this week that no one will be allowed to drive a bus this school year until they have passed the physical test and have taken the safe driving course.

Lockneyites should take the course that is being offered in Floydada Aug. 8-13. The course will begin at 6 p.m. each night in the Duncan Elementary School, and will conclude with the Saturday session from 8 a.m. to 1 p.m. The class enrollment is limited to 30 persons, so enrollment should be made now by calling 983-3498 (Tommy Cathery).

Supt. Peck urges anyone who is interested in being a substitute bus driver to contact him now.

Bazaar Needs

Hand-Made Items

The Band Bazaar held last fall was such a success that the Band Boosters Club officers are hoping to have another one this year.

Band students and their parents are asked to be considering ideas for handmade items for the bazaar, possibly to be held in late November.

Last year's bazaar netted over \$1300 which was used to help finance the band trip and the band banquet. Also some money was placed in the uniform fund.

A new public school finance plan which will benefit area school districts and taxpayers was passed by the state legislature during the special session.

According to an announcement from state senator Ray Farabee, Lockney schools will receive approximately \$75,800 additional funds from the state. However that amount is based on enrollment for the 1975-76 school year, and since Lockney's enrollment is down some, the school will not receive that much money.

The new legislation uses agricultural values based on productivity in its apportionment of state and local fund

requirements. According to Supt. John O. Peck, the local district has to furnish a certain portion of the local budget. Last year the amount was over \$147,000. By using the productivity value of land, this district now has to provide about \$150,000.

Supt. Peck pointed out that had no other version of the bill passed that would have used the true value of the agricultural land, the local district would have been required to furnish about \$160,000. Terms of another proposed bill would have caused this district to furnish about \$210,000 for the local portion.

Supt. Peck this week praised Senator Farabee, Rep. Phil Cates and house speaker Billy Clayton for their work in helping to protect the smaller school districts in the new finance bill. Supt. Peck said that the bill is "good as possibly could be under the circumstances."

The new law increased teacher salaries so that beginning teachers will get about \$469 more each year, and veteran teachers with an advanced degree will receive about \$1400 more. Also built into the new law is a teacher's pay raise for the 1978-79 school year. It should be noted that the teacher pay raise is very similar percentage wise to the raise granted this year to all state employees.

Men's Baseball League Action

Winners of the Tuesday night game between the Floydada A's and the Acco Seed Company was Acco by a score of 7 to 2. Acco also took the Monday night game, beating Lockney No. 1 14-4.

Winning pitcher was Clint Walls, defeating Floydada A's pitcher Steve Westbrook.

Other action in the Men's Baseball League included these games: Floydada A's slipped past Ponderosa Meat Company last Thursday night by a 4-3 score. Friday's night game saw Providence trounce Lockney No. 1 12 to 1.

The Saturday night double-header results were Lockney Merchants over Floydada A's (10-9) and Providence over Acco (1-3).

Still to be played this week are these games: Providence vs. Ponderosa Meat, Thursday (tonight); Lockney Merchants vs. Ponderosa Meat Friday night; Providence vs. Floydada A's in the early game Saturday and Lockney Merchants vs. Lockney No. 1 in the late game.

Games start about 8:30 weeknights, and the first games on Saturday night will begin about 7. All games are played at the Lockney teenage baseball field.

Commissioners Select

Jail Architect

At a special called meeting of the Floyd County Commissioners Friday, Stiles and Stiles Architects of Lubbock were selected to come up with plans for a county jail that will meet state requirements.

The possibilities are (1) remodel existing jail (2) remodel agriculture building into a jail house (3) build a new jail house.

The Commissioners Court has given the jail house priority on revenue money that is in the bank and revenue money to be received by the county in the future.

Peewees End Season Play

The undefeated Astros are leading all the way in the Peewee League in Lockney. Their final game is Thursday (tonight) at 6:30 as they meet the Rangerettes.

Final game of the Peewee League is Friday night with the Angels playing the Cubs.

Peewee League Standings

Team	W	L
Astros	5	0
Cubs	3	2
Angels	1	4
Rangerettes	1	4

Glen Lane

Plays On

Plainview Team

Glen Lane played on the Plainview All-Stars team in the senior Babe Ruth tournament at Graham last week.

Lane, 18 years old and a May graduate of Lockney High School, was a pitcher and right fielder on the Astros team in the Plainview senior Babe Ruth league this summer.

For the state tournament, Lane played right field and got in some good hits in the team's three games. His batting average for the tournament was .620. The Plainview team placed fourth.

The son of Mr. and Mrs. Bob Lane of the Sterley community plans to attend Abilene Christian University this fall and try for a spot on the university's baseball team.

Mr. and Mrs. Lane and Gwen were in Graham Monday through Friday for the tournament games.

Baptist Boys

At Camp

Boys from Lockney and Aiken are at Plains Baptist Encampment near Floydada this week for Royal Ambassador Camp for boys in grades four through six. The camp ends today (Thursday).

Going to the camp from First Baptist are Brent and Todd Hallmark, Wyman Rexrode, Keith Owens, Ritchie Thornton, Doug Warren, Chad Frizzell, Trent Gant, Tracy and Terry Carlton. Going as teen-age helpers were Carl Burt and Jeffrey McCormick.

Sponsoring the First Baptist group and staying at least one day were Kenneth Holt and Gene Owens. The church's minister of music and youth, Miles Boucher, is directing the music for the camp.

Boys at the camp from Aiken Baptist are Mike Lipham, Steve Turner, Ricky Brotherton, Ronnie Hollahan, Larry Tannahill and Rodney Smith. Rev. Bill Sessom is with the boys.

Methodists Go To Camp

A number of young people from Lockney attended the Methodist "One Way Camp" held at Ceta Canyon from Monday through Friday of last week.

Directors of the camp were Rev. Jim Smith of Floydada, and Rev. Hugh Daniel of Lockney. There were 403 youth and counselors from throughout the West Texas-New Mexico area in attendance. Those from Lockney making the trip were Stephanie Turner, Rise Taylor, Dawn Daniel, Kim Smith, Paula Teuton, Christine Huffman, Peggy Reeves, Kim McAda, Blanco Balderas, Nick Christian, Kristi Ford, LaWayne Strickland, and Edith Reeves, counselor; Hugh, Joy and Dane Daniel.

Corn Referendum

Vote Friday

All corn producers are reminded to vote in the Corn Referendum Election Friday from 7 a.m. until 7 p.m. in the county courtroom.

Travis Jones and A.C. Pratt will be in charge of the election.

The vote concerns whether or not corn producers want to give a half cent per bushel for promotion of corn product in order to create a better demand and price for corn.

Men To Floydada Program

Several from Lockney participated in Baptist Men's Day at Plains Baptist Encampment near Floydada Saturday evening.

Supper was a fish fry. Guest speaker was Dr. Bill Thorn, president of Dallas Baptist College.

Going from Lockney were Rev. John Jenkins, Hubert Frizzell, Fred Fortenberry, R.C. Mitchell, Harmon Handley, George Sparkman, Doug Sparkman, Miles Boucher, N.S. Abbott, A.O. Foster, Larnee McCain, Paul Teuton, Ike Tickle and Mr. Tickle's father-in-law, Ralph Grider of Phoenix, Arizona.

GOING TO SEE GRANDMOTHER is the thing to do every summer...and Mrs. Neva Calahan's grandchildren from El Paso enjoy visiting with her and their other grandmother, Mrs. Ruth Farish.

Kirt, 10, Marcie, 8, and Darren, 12, find the small town life much to their liking. They are the children of Jackie Don and Charlotte (Brown) Calahan. (Staff Photo)

A NEW SIGN identifies Schacht Flowers which is just off Main Street.

CLOUD SEEDING

IS IT FRAUD OR POLLUTION?

Experts admit that cloud seeding such as that affecting this county for the past seven years can disrupt weather patterns as far downwind as 150 miles, but they are not agreed that cloud seeding decreases hail or increases rain.

In our county and the others affected by cloud seeding flights out of Plainview and Littlefield the total result has been about 45 inches less rain since cloud seeding began in 1970.

Cloud Seeders, who are paid thousands of dollars annually for their services, cannot prove they have decreased hail, either.

There is agreement, however, that the natural weather patterns are disrupted. This means that a few people who are willing to spend thousands are attempting to influence the weather for their own selfish interests, at the expense of all the people in this area.

There is a real danger in upsetting natural weather patterns. Our agriculture depends on consistent predictions on an annual basis. Our safety is affected by storms that may, after seeding, become far more violent and disastrous as they move downwind, affected by an unnatural stimulant, silver iodide crystals dropped into the clouds by planes.

Recent legislation indicates that agencies issuing permits to cloud seeders are going to be greatly influenced by what the people say about cloud seeding, in a series of elections coming up.

WHAT CAN YOU DO?

You can help by watching your local paper and keeping abreast of the news to find out when elections are being called in your county. The first of a series of elections begins Friday, in precincts one and three of Briscoe County. Other counties will follow to furnish lawmakers and agencies with definite opinions on how we feel about allowing cloud seeding over our counties.

If we vote that we do not want cloud seeding, we are informed that it will be stopped immediately over counties so voting. Future permits will be affected, and the whole issue of cloud seeding can be solved.

CLOUD SEEDING AFFECTS US ALL

Agriculture and associated industries are not the only elements of our county affected by cloud seeding.

In 1966, the year of heaviest cloud seeding in southern Pennsylvania, the death rate from lung diseases reached the highest number since vital statistics have been kept, according to the Pennsylvania Department of Public Health. This fact was reported by the Tri-State Natural Weather Association in a recent article in *Acres, U.S.A.*

The article also said that silver iodide crystals combine with auto emissions and lead to create another serious poison which can be ingested by animals from grass.

Silver from silver iodide as it flows into the ecosystems can concentrate in various organisms and thence to man, causing a buildup in the human system to a toxic level and possibly respiratory or gastric ailments and cancer.

Proponents of cloud seeding refute this evidence saying it can't be proved. The figures are more dramatic in showing these dangers than they are proving that cloud seeding causes more rain. Statistics are our first symptom of warning in a new field of activity. Not too many years ago, and for many years, experts were advising people to use saccharin as a sweetener, and today we have discovered that statistics show it increases the chances of bladder cancer. The direct spraying of poisonous chemicals into rain clouds is flagrant pollution for a selfish purpose and nobody knows all the bad results of cloud seeding.

WHAT IS THE RECORD?

Evidence that cloud seeding decreases rain comes from five American experiments, according to the Tri-State Natural Weather Association. These five randomized experiments were conducted with unchallenged reliability over a number of consecutive years with considerable care and foresight. The results are a decrease in precipitation due to cloud seeding and the estimated decreases amount to 53%.

NOW IS THE TIME

Now is the time to take action. Watch for elections and vote to end cloud seeding. Call your neighbors, get people to the polls. If cloud seeding is a disruptive and dangerous as statistics lead us to believe, the people should have their say because they are the one who are taking the risks, through lack of rain and risk of dangerous pollution about which little is known today.

VOTE AN END TO CLOUD SEEDING

Paid political ad by the Citizens for Natural Weather, Lloyd Kurtz, Treasurer, Box 119, Canyon, Tx. 79015.

COAL ELECTRICAL PLANT...Southwestern Public Service engineer J ohnny Grill (left) directs Hesperian publisher Wendell Tooley and Floydada Public Service manager Clarence Denton along with several other newspaper publishers and Reddy managers on tour of new coal burning plant in Amarillo Tuesday. They are standing on top the 14 story plant looking at construction of another coal burning plant nearby. (Staff Photo).

Reddy Makes Electricity Of Coal

Why does Southwestern Public Service Company haul million tons of coal a year from Wyoming to the Southwest? Just one reason. Dependable electric service for the area it serves.

Coal, which for the last quarter century has played a declining role as a primary energy source, is now back on center stage.

Coal is America's most abundant energy resource, being about 80% of our total energy reserves. It is estimated that about 3,244-billion tons of coal are available. We don't know yet where it is all located; nor do we have the technology, at this moment, to mine it all, but we do know that we have enough that we can get at now to carry us well into the 21st Century.

Coal will buy America time. Time to convert from a fossil-fueled economy to a nuclear-electric energy economy and to make the transition without economic upheaval.

Natural gas has been the fuel for generating electric energy on the SPS system. As a matter of fact, natural gas was regarded as a nuisance which had to be put up with as a part of discovering oil, until the electric utility industry created a market for it as a boiler fuel. Up until that time, natural gas was either flared off or discharged into the atmosphere.

Southwestern has adequate fuel supplies, with the help of oil standby, for the gas-fired generating equipment now in operation. However, the declining reserves of natural gas, as well as its increasing cost, made the conversion to coal-fired equipment economically feasible.

A conventional nuclear power plant doesn't make sense on our system at the present time, because it would have to be too big. We'd have to put too many eggs in one generating basket and, then, have a spare, too. But, we are continuing research into nuclear power, including the breeder reactor and thermonuclear fusion.

When the decision was made to go to coal, many factors had to be weighed, most important being those related to the environment. SPS wanted to be certain that the atmosphere was just as pollution-free with a coal-burning plant as it has been with gas-fired equipment.

That called for installation of the latest in emission-control equipment; and that, in turn, called for a more expensive plant. About one-third of the cost of the first coal-fired unit at Harrington Station was for pollution-control equipment.

You just don't burn any old coal in any old boiler in an electric generating station. The boiler equipment is designed for the coal used—custom-built, so to speak.

The coal for which Southwestern has contracted is "clean." It has sulfur content of one-half of one percent of less by weight, which reduces the sulfur dioxide control problem to a minimum.

The coal comes from Wyoming to the plant site in a unit train of 110 cars. The train carries eleven-thousand tons of coal and makes approximately two trips a week.

The train is pulled over an

eight hundred foot trestle at the plant while the coal drops through doors on the bottom of each car into a storage area some forty feet below the trestle. At maximum efficiency, the entire train can be unloaded in twenty-six minutes.

The coal goes from the storage area to a crusher which reduces the size of the coal to an average piece of three-quarters inch.

Twin conveyor belts, each capable of moving eight hundred tons of coal an hour, take the crushed coal to one to five bunkers. The bunkers are each capable of holding about seven hundred tons of coal, and the conveyor system is operated twice each day, filling the bunkers for a day's operation.

From the bunker, the coal moves by gravity through a feeder into a mill where it is pulverized to a face-powder consistency.

The feeder controls the amount of coal that gets into the mill and thus into the boiler where it is mixed with the right amount of air. In the boiler it is burned to provide the proper amount of steam at the desired temperature. This, of course, is very important in the operation of the steam turbine which drives the electric generator. The generation of electric energy is a matter of rather delicate balance. You need to match the heat required to produce the steam which drives the generator so that it produces the exact number of kilowatts. Incidentally, it's not unlike what you do with the accelerator on your car when you want to go 60 miles an hour. The generator is designed to run at 3600 R.P.M. When it is running at this speed, it generates electricity at 60 cycles a second.

When load is increasing on the generator, which is like going uphill in your car, the coal feeder has to let in more fuel, just as the accelerator on your car does when you step down on it. The amount of coal has to be matched by an increase in the amount of air to provide the right mixture for efficient combustion. When load is coming off the generator, less of the coal-air mixture has to be fed into the boiler so there won't be too much heat, and that's like taking your foot off the accelerator.

The boiler stack, or chimney, at the new Harrington Station rises 250 feet in the air. It is thirty-eight feet wide at the base and tapers to thirty-three feet at the top. It was built in seven foot, six inch increments and is lined with a special acid proof brick.

While coal and glamour aren't usually thought of in the same breath, there are some exotic things that can be done with coal that make it most important in our future energy planning.

For example, if you take the carbon out of coal and the hydrogen out of water through the gasification technique, you come up with a synthetic natural gas. That's the light molecule route. If you go the heavy molecule route, more formally known as liquefaction, you still use the carbon from the coal and the hydrogen from the water and wind up with crude oil.

These applications of coal to our energy problem make it possible, with some slight modifications, to extend the life of the gas-fired and

oil-fired boilers now being used to generate electric energy.

Engineers at SPS are studying coal gasification as practical means of extending the life of some of the newer gas-fired boilers on our system. We are, at the same time, developing additional natural gas resources to assure the useful life of this equipment.

Coal's final advantage for the future is economic.

While it probable would

be too much to say that coal will lower the future cost of fuel, it does appear that it will help stabilize that cost.

Long-range projections show a faster increase in the cost of natural gas than in the cost of coal. Having both resources available will make it possible to be more selective in the fuel that is used, utilizing that which is lowest in price.

Coal an old flame ready to light the future.

The Kitchen Almanac

Here's a neat breakfast or brunch idea — give your scrambled eggs a special (and unusual) taste by folding in small cubes or balls of avocado just before the eggs "set". Or spread mashed avocado,

seasoned with salt and pepper and a little lemon juice on crisp, hot toast.

Peanut Crust Banana Pie
Finely chop 1 - 1/2 cups of salted peanuts and press into a 9 - inch pie pan. Add 2 tablespoons crunchy peanut butter to your favorite banana cream pie filling. Place filling in peanut crust. Cool pie and refrigerate. Top of pie may be decorated with banana slices

'Dial-a-help'

AUSTIN, Texas (Spl.) — A popular telephone number (471-3313) at The University of Texas could be dubbed "dial-a-help."

It offers students 24-hour-a-day access to 150 short tape-recorded messages that help them with problems of everyday life — from coping with stress to the sophomore blues. The tapes, each five to eight minutes long, cover a variety of topics from health to studying difficulties. The most-called-for tape is "Love and Infatuation."

No less than 100 calls are received daily in the telephone tape program of UT's Counseling and Psychological Services Center. The program recently was judged the most innovative of its kind in an 11-state area of the South.

The scientist who discovered that blood actually circulates through the body was William Harvey. He examined the veins on his own body.

Federal Tax

Deadline

Approaching

Employers must report and pay Social Security and withholding Federal income taxes for the second quarter of 1977 by July 31.

Persons who have deposited the entire quarterly tax liability on time in a Federal Reserve Bank or authorized commercial bank have until August 10 to file Form 941, "Employer's Quarterly Federal Tax Return," the Internal Revenue Service said.

Employers should use the preaddressed Forms 941 mailed to them by the IRS or obtain copies of the form from the nearest IRS office.

IRS Publication 15, "Circular E—Employer's Tax Guide," provides more information and is available free from local IRS offices.

Guest Editorial

Amazing Conclusion

While fighting the wind and dust, getting to class, Texas Tech students often mumble to themselves that Lubbock has to be the dustiest place in the world.

Those mumbles are on solid scientific ground. Lubbock residents are in the dustiest city in 48 states and that fact is proclaimed by experts.

In a recent study titled "Frequency and Diurnal Variation of Dust Storms in the Contiguous U. S. A.," put out by the atmospheric department of Pacific Northwest Laboratories, Lubbock was cited for having the maximum annual percentage frequency of suspended dust.

A dust storm is defined in the study as blowing dust that reduces the prevailing visibility below seven miles.

Prevailing visibility is an objective measurement which depends upon individual ability to detect and recognize distant objects seen against the horizon.

The experts of the Pacific Northwest Labor-

atories found that dust storms occur mainly in the spring and are caused by strong winds associated with spring cyclonic and convective storm activity.

Cyclogenesis, or low pressure areas and fluctuating winds also influence particular translocations of dust particles and diurnal variation also has a strong influence.

Soil types vary and lighter soils blow easier in strong winds than heavy soils. Dry weather is a factor in producing dust storms.

This is amazing. At a cost of a chunk of money and after using a lot of heavy words, the experts conclude that the dust blows when the weather is dry and the winds are high. An amazing conclusion.

Shower Fetes

Mitzi Terrell

The home of Mrs. Claude Brown in Lockney was the scene Saturday afternoon of a bridal gift shower for Miss Mitzi Terrell. The honoree and Jimmy Glen of Edmonson will marry Aug. 20.

Mrs. Brown greeted guests, and after they had been registered by Mrs. Harley Terrell of Plainview, cousin of the bride-elect, they were presented to Miss Terrell, and the betrothed couple's mothers, Mrs. B. J. Terrell of Lone Star and Mrs. A. C. Glenn of Plainview. Members of the receiving line wore corsages of pink carnations and miniature tea roses.

Gifts were registered and displayed by Mrs. Ken Watson, sister of the bride-elect, Teresa Duvall and Barbie Butcher, both of Lubbock.

A white lace cloth over a pink underlining fell to the floor over the circular serving table. A milkglass compote held miniature pink carnations and tea roses accented with baby's breath to form the table centerpiece. Milkglass appointments and pink napkins completed the table decor.

Guests were served fruit punch, cake squares, mints and nuts by D'Lyn Mathis and Kathy McCarter.

The hostesses' gift to the honoree was cookware. Sharing hostess duties were Meses. Gene Collins, M. H. Hartman, Gene Owens, Glen Cooper, Dub Mercer, Harold Brock, Bill Sherman, Thomas Marr, Kelton Shaw, Ted Carthel, Kenneth Murdock, J. T. Griffin and Warren Mathis.

Also Meses. John L. Hooten, Bryan Smith, By-

ron Ford, H. E. Frizzell, Gale McPherson, Buck Kellison, Tom Duvall, Hamilton Gammage, Pat Frizzell, R. V. Webster, Joe Cunyus, Bill Thompson and Claude Brown.

P. A. Denison

Children Meet

For Reunion

Sunday July 17, all the children of the late P. A. Denison gathered at the home of the John McKinneys in Floydada for a reunion. This was the first time since 1969 that all could get together at the same time.

Besides the hosts, Lorena and John McKinney, others present were Charles Denison, Leroy and Tommie Denison of Lubbock; J.R. and Polly Denison of Tulsa; Pauline Denison and Louise Torian of Dallas; Mary and David Lewis, their daughter and family, Pam and Gary Bennett, Tiffany and Kristi of Floydada; the Lewis' grandson, Jim Ritchie of near Eugene Oregon, and Mrs. Dessie Denison of Amarillo.

FLOYD DATA

Mr. and Mrs. Roy Gant of Liberal, Kan., visited last week with her parents, Mr. and Mrs. Marice Campbell. The Campbell's grandchildren, Leslie and Jordan Campbell of Levelland were also visitors during this time and their parents, Mr. and Mrs. Max Campbell came Sunday for a visit and to pick up their children.

Pantry Shower

Honors Miss

Brenda Fulton

Brenda Fulton, bride elect of Rex Yearly, was honored Monday afternoon, July 25, with a pantry shower in the Ray Gene Ferguson home. Hostess was Miss Leanne Ferguson, assisted with hospitalities by Mrs. Bill Fulton, sister in law of the bride elect.

Guests called between the hours of 5:30 and 7 p.m. and were served punch, cookies, mints and nuts. The serving table was laid with an heirloom cerulean cloth over blue, centered with an arrangement of dried flowers flanked by tapers.

Miss Fulton and Yearly will be married August 12th.

Lyles Family Reunion Held

The first annual family reunion of the late J. W. and Victoria Lyles was held Sunday, July 24th in the Massie Activity Center in Floydada. Eighty-four family members attended the event with Mr. and Mrs. C. B. Lyles of Floydada being the oldest couple present. Mrs. David Wilson of Getna, La., received a gift of traveling the greatest distance to the reunion. Mr. and Mrs. L. V. Assiter of Libertyville, Ill., who were unable to attend, sent a floral arrangement especially for the event.

Out of town guests attending were Mrs. Jerry Phillips, Cristi and Connie Rue of Ruidoso, New Mex.; Mr. and Mrs. Ronnie Lyles, Carlsbad; Mr. and Mrs. Larry Hunt, Mr. and Mrs. David Beck, and Mr. and Mrs. C. M. Beck and Renee, Mr. and Mrs. Earl Beck and Vicky all of Dumas.

Mr. and Mrs. Robert Grimes and Dieder of Carey, Tex.; Mr. and Mrs. John Lyles, Nada, Glen and Don of Hale center; Mrs. David Wilson, Getna, La.; Mr. and Mrs. Floyd Lyles of Lockney; Mr. and Mrs. Kerwin Baxter, Joe and John of Richardson; Mr. and Mrs. Tommy Lyles, Brownfield; Mr. and Mrs. Gary Smith,

Caprock Hospital Auxiliary

Meets Monday Morning

Caprock Hospital Auxiliary will meet Monday morning at 9:30 in the hospital dining room.

All members are urged to attend this important meeting as plans will be made for a garage and bake sale.

Visitors and prospective members are invited to attend.

FLOYD DATA

Mr. and Mrs. William H. (Bill) Smith and his sister, Mrs. Don Harrison vacationed in the mountain home of their daughter, Mr. and Mrs. Bob Hansen and family at Old Forge in the Adirondack Mountain in New York. Mrs. Smith and Mrs. Harrison returned home by plane Monday and Mr. Smith remained for another week with the Hansens in Rochester.

Shelley and Nikki of Mesquite; Mr. and Mrs. A. L. Barker, Amarillo; Kristina Kinsler, Ray, Kevin and Kerry of Springerville, Ariz.; Nan and Samantha Barker, Morenci, Ariz.; Mr. and Mrs. Tye Barker of Tularosa, New Mex.; Mr. and Mrs. Duane Johnson and Michael of Mesa, Ariz.; Butch Barker, Sharie and Darrel of Alamo, New Mex., and Gary Lyles of Amarillo.

Mrs. Bryant

Has 85th Birthday

An informal party Sunday afternoon honored Mrs. Mae Bryant on her 85th birthday. Mrs. Bryant has just moved from Plainview into the Lockney Care Center.

Present for the party were her daughters, Mrs. Barney White of Virginia and Mrs. Bill Brewster of Canada; her son, Mr. and Mrs. Ed Bryant of Colorado; two grandchildren, David Batten of Chicago, Illinois, and Jackie Jones of California; her brother, Hestand Bennett of Lockney, her sisters, Mrs. Laura Manning of Lockney and Mrs. Eula

Miss Bailey, Kelley James

Becker Plan August Vows

Mr. and Mrs. Carl Bailey of Haskell announce the engagement and approaching marriage of their daughter, Tana Sue to Kelley James Becker, son of Mr. and Mrs. J.W. Becker of Floydada. The couple plan an August 28th garden wed-

ding at the home of the bride-elect's parents.

Miss Bailey is employed at Mr. Tom's Cutters at the South Plains Mall in Lubbock. The prospective groom is a senior at Texas Tech University.

Dennis Reunion Held

The annual Dennis family reunion was held Saturday and Sunday, July 23 and 24th at the Community Center in Memphis, Tex. Mrs. W.J. Wilks of Floydada and her family hosted the event. Those attending were descendants of the late Tom Dennis.

Present were Hubert and Dink Dennis, Memphis; Dutch Davis, Denny Davis, Corriene Jones, Mr. and Mrs. Tommy Davis and children all of Amarillo; Ollie Knox of Hereford; Mr. and Mrs. Martin Graveley of Childress; Mr. and Mrs. Lowell Dennis of Aubrey, Tex.;

Bill Dennis, Billy and

Denise of Stamford; Mr. and Mrs. Dennis Wilks and John David of Tulsa; Mary Day and Carrie of Irving; Mr. and Mrs. C. M. Norris and Jon, Katrina Waters, Mr. and Mrs. Connie Norris and children, Mrs. Blufford Burnett and granddaughter, Mrs. Deral Willingham, her husband and baby all of Carlsbad;

Billy Bunch, Marjorie and Bryan Howard, S. L. Guthrie, Dennis and Penny Howard all of Lubbock and Mrs. W. J. Wilks of Floydada. Four month old Beth Ann Norris, a great granddaughter of Mrs. Wilks, was the youngest family member present.

BY PEGGY MEDLEY

Briscoe County

To Celebrate Anniversary

The 85th Anniversary of the organization of Briscoe County will be celebrated during the annual Silverton Young Farmers Rodeo to be held August 11-12-13-14.

Activities will begin with a western parade through downtown Silverton at 4:00 p.m. August 11. Trophies will be awarded to the best riding club in the parade.

The parade will be followed by a free barbecue in the City Park. Serving will begin at 5:00 p.m.

There will be three performances of the Silverton Young Farmers Rodeo beginning August 11-12-13 at 8:00 p.m. The first 30

MRS. W.F. Daniel Sr. took her first commercial jet flight over the weekend. Along with her daughter and son-in-law, Mr. and Mrs. Jack Crull of Lubbock, the three journeyed to Dallas and back by plane to visit Mrs. Daniel's granddaughter, Mrs. Bari Arrant. Mrs. Daniel said she enjoyed the flight very much which took less time for the flight to Dallas than the car drive back from Lubbock to Floydada.

MRS. Della Williamson who was honored recently on her 89th birthday would like for it to be known that she has 26 great grandchildren rather than 21 as listed in the story. All of her grand and greats were present for the celebration with the exception of Dwayne Hayes of Plainview, a great grandson, and a granddaughter and her family, Mr. and Mrs. W.C. McElhannon and four children of Sherman, and the Duvanants and Kirks of Colorado.

THE Pete Switzers had the pleasure of meeting a new granddaughter this month. They have just returned from a vacation in Florida where they visited their daughter and son-in-law, Dr. and Mrs. Johnny Copelin and daughters, Jennifer and Melissa at Gainsville. Melissa is the latest in the family, born July 1. The Switzers said Florida was also hot and dry but a few showers were being enjoyed in that area as they were leaving. They enjoyed sight-seeing along the Atlantic Coast before returning home.

THE Womack families from the surrounding areas were at the home of their parents, the A.V. Womacks recently to join the Jim Womacks who are here visiting from Huntington Beach, Calif. Accompanying the Womacks from California were the children, Jimmy Jr., Cynthia and George Benson and Mrs. Womack's father, Pete Aguilar of Hollywood, Calif. Other Womack children here during the weekend were Mr. and Mrs. Jay Womack of Dallas; Mr. and Mrs. Bill Womack and Tracy, Floydada; Mr. and Mrs. Bud Cothan of Brownfield and Elfa Turner and children of Abernathy. The California visitors left this week for home.

ITS nearly time for the Floyd County Reunion in California...if its still being held in August. Last year it was the third Saturday in August but you may want to check the date this year to be sure. Those of you in California may call Virgil and Virginia Bright at 714-223-0451 or Oran and Margaret Beck at 714-274-2294.

Carlton and Diane Johnson of South Plains became parents for the first time Thursday, July 21, with the birth of Tanner Jay Johnson. The baby boy weighed 7 lbs. 14 ozs., at birth in Central Plains General Hospital in Plainview. Tanner Jay is the first grandchild of both Mr. and Mrs. Byron Ford and Mr. and Mrs. L.N. Johnson. The great-grandparents are Mr. and Mrs. O.A. Johnson of Pampa, Henry C. Ford Sr. and Clara J. effcoat, both of Lockney.

Look Who's Here

Mr. and Mrs. Gary Marr of the Claytonville community have welcomed into their home their first child. The 7 lb. 2 oz. boy named Coby Lane.

Coby Lane is the first grandchild of Mr. and Mrs. Thomas Marr of Lockney. Coby's mom is the former Kinda Howard, daughter of Mr. and Mrs. Harley Howard of Tulsa, who are former residents of Lockney.

Great-grandparents include Mr. and Mrs. D.L. Hall of Abernathy, Mrs. R.E. Marr of Lockney, Mr. and Mrs. W.F. "Cap" Carthel of Lockney, and Jay Howard of Lockney.

Mr. and Mrs. Charles H. Overstreet of Dougherty are parents of a 7 lb. 8 ozs. son who was born Tuesday, July 26th at 4:07 p.m. in Central Plains Hospital. The baby has been named Robert Edgar for his late uncle, Robert Edgar Overstreet. The mother is the former Pam Perkins. The father is a Floyd County veterinarian. Grandparents are Mr. and Mrs. Thomas Perkins of Clarendon and Mr. and Mrs. Robert W. Overstreet of Hillcrest Community. Great grandparents are Mrs. A.C. Hartzog of Clarendon and Mrs. Charles H. Keeter of Groom.

Carlton and Diane Johnson of South Plains became parents for the first time Thursday, July 21, with the birth of Tanner Jay Johnson.

The baby boy weighed 7 lbs. 14 ozs., at birth in Central Plains General Hospital in Plainview.

Tanner Jay is the first grandchild of both Mr. and Mrs. Byron Ford and Mr. and Mrs. L.N. Johnson.

The great-grandparents are Mr. and Mrs. O.A. Johnson of Pampa, Henry C. Ford Sr. and Clara J. effcoat, both of Lockney.

rested in "The Grandparent's Book" I mentioned in last week's meddlins, if unable to find it in a book store you may order for \$10 from MPK Publications, Dept. N, 73 Fifth Avenue, New York, New York, 10003.

PEACHES are ripening fast on the trees over town, and since you may be tired of eating peach cobbler, try my recipe for open peach pie. Its old-fashioned goodness really perks up the taste-buds...and its quick to make. Use a frozen pie crust unless you prefer to make your own. Arrange the peach slices in overlapping circles in the bottom of the pie crust. Combine in bowl 1/2 cup sugar, 1/4 cup cornstarch, 1/2 teaspoon cinnamon, 1/8 teaspoon ground

nutmeg. Beat together 3/4 cups heavy cream and 1/2 teaspoon vanilla extract while gradually adding sugar mixture. Pour evenly over peaches. Bake at 400

contestants per event will be accepted by rodeo secretary, Fred Strange, with a no limit on bull riding. Rodeo books open at 8:00 a.m. August 9 and will close at 8:00 p.m. August 10. The rodeo secretary may be contacted at 806 823; 2277. Entrants must be 18 years old or have a parents' release, and entry fee must be in before the August 11 performance.

Rodeo events and entry fees are: Tie Down Calf Roping-\$27.00; Heading and Heeling \$32.00; Ladies Barrel Racing-\$27.00; Bareback Bronc Riding-\$27.00; there will be a calf scramble each performance.

Dances will be held nightly on the concrete slab beginning at 9:00 p.m. Music will be furnished by the County Impressions of Amarillo.

degrees 40 to 45 minutes, or until set. Serve warm topped with sweetened whipped cream. Cool whip may be substituted as a topping and canned or frozen peach- ed may also be used.

TOURISTS are still putting their feet in their mouths, while sampling the culture of Europe. In England, a bus load of Americans pulled to stop at Rummymede. One passenger asked the guide, "What happened here?"

"This is where the Magna Charta was signed."

"When?" asked the American.

"1215" replied the guide. Looking at his watch, the tourist said to his wife, "My godness, dear, we missed it by 20 minutes."

THINKING is easy, acting is difficult, and to put one's thoughts into action is the most difficult thing in the world.

Floydada Nursing Home Happenings

By Faye Walters

A bit beyond this days small scope, a new day dawns that's bright with hope, a new tomorrow...unborn yet. Where new joys help us to forget...Not love that blessed the happy days, not tenderness and loving ways, but sorrow that has left its mark, and faith that's lost its shining spark...Yes, just behind this day's small scope, a new day dawns that's bright with hope, where there is comfort and release. Where there are memories, joy and peace. May you soon discover that through the memories in your heart, you and those you deeply love never really part.

And may it make your hour of sorrow less difficult to bear knowing other hearts reach out to you in sympathy and prayer.

We pray these words might in some small way bring comfort to the family of Mary Kate Daniel who passed away Thursday in our Nursing Home. She was such a lovely sweet lady and we will all miss her.

This has been a busy week at the Nursing Home. We finished a quilt, made some euryques, a yoyo doll pieced some on another quilt and did manicures. We enjoyed our exercise classes and are happy to say we have two new residents attending: Sara Jarrett and Mary Smith.

Everyone received a blessing from the wonderful devotions this week. We are glad that some still need spiritual food from the word of God. This always makes their day just a little bit easier.

Wednesday we took a nice field trip on the bus driven by Mr. Freeman. Residents taking the trip were Henry Love, Agnes Anderson, Mollie Jones, Florence Badgett, Dora Langford and myself.

We saw some beautiful crops, but some looked like

they needed rain. We want to thank Bill Daniel for the corn he brought. The residents really enjoyed it.

Thursday was funday with bingo. Top winners were Agnes Anderson and Pearl Carrick with three games each; Ray Reed, Hallie Bertrand, Hope Hammonds and Willie Mase Stambough all won two games.

We appreciate all our visitors this week which included:

Mr. and Mrs. R. H. Grubbs and Jim Grubbs; Mrs. Nola Bishop; Juanita Teeple; Mrs. George Wexler; Alma Ruth Nelson; Doris Snodgrass; Parnell Powell; Glenna Orman; Ludie Stiles; Mrs. Mary Helen Wilson; Dorothy and Otis Anderson; Mr. and Mrs. Will Martin; Mr. and Mrs. Hubert El Davis; Hazel Bradley and Kim; Burmah Probasco and Billy; all of Floydada.

Mrs. Dessie Denison, Amarillo; Mr. and Mrs. Earl Huckabee, Dumas; Verdie and Josephine Smith, Lockney; Helen and Jay Womack, Dallas; Virginia and Jim Womach, Huntington Beach, Cal.; Cindy Benson, Huntington Beach, Cal.; Mrs. Huford Sue and Carisa, Lockney; Robert Williamson of San Diego, Cal.; and Randy Williamson of Baswell, Okla.

Denton Reports

On Bond Sales

June sales of Series E and H United States Savings Bonds in Floyd County were reported today by County Bond Chairman Clarence Denton. Sale for the six-month period totaled \$81,491 for 41% of the 1977 sales goal of \$200,000.

Texas sales during the month amounted to \$24,027, 340 while sales for the first six months of 1977 totaled \$140,919,165 with 51% of the yearly sales goal of 276.9 million achieved.

OBITUARIES

Mrs. Turner

Services for Mrs. T. L. Turner, 83, of Floydada were conducted Sunday in George G. Price Funeral Home Chapel in Levelland. Mrs. Turner died Thursday morning in a Lubbock Hospital following a brief illness. Rev. George Bulter, pastor of St. Matthews United Methodist Church, Lubbock, officiated. Burial was in the City of Levelland Cemetery by George C. Price Funeral Home directors.

A native of Bell County, the former Minnie M. Row, moved to the area of Post in 1929 and to near Levelland in 1939. She and Thomas Luther Turner were married on August 15, 1909 in Coleman and moved to Floydada from Levelland in 1947. He died August 15, 1968.

Mrs. Turner was a member of the First United Methodist Church in Gouldsbush.

Survivors include three sons, Lloyd of Levelland, John and Lonnie of Floydada; two daughters, Mrs. Lloyd Cumble of Floydada and Mrs. Ernest Boyd of Grandbury; five brothers, Wesley Row, Coleman, Marion Row, Abilene, J. D. Row, Snyder, Arthur and Rufus Row, both of California; four sisters, Mrs. Obey Reasoner of California, Mrs. Earl Baldwin of Fort Worth, Mrs. Homer Cornelius of Ardmore, Okla., and Mrs. Oscar Gray of Glen Rose; 14 grandchildren; 16 great grandchildren and three great granddaughters.

Lillie May Taylor

Services for Mrs. M. H. Taylor, 91 year old long-time Floyd County resident, were held Monday in the First Baptist Church in Lockney. Rev. H.M. Reeves, retired minister, officiated, assisted by Rev. Jackie Thompson, pastor the Cedar Hill Assembly of God Church. Interment was in Lockney Cemetery under the direction of Moore-Rose Funeral Home.

Mrs. Taylor was struck by an eastbound pickup about 4:30 Saturday morning, July 23 as she stood on FM 97 highway some 14 miles north of Floydada near her Cedar Hill home. She apparently wandered onto the road in the early hour, relatives said.

A native of Jones County, Texas, she was born Lillie May Fortenberry, in Anson on January 31, 1886 to Mr. and Mrs. John Cephus Fortenberry I, a Floyd County pioneering couple who came here October 10, 1890. She taught school in the communities of Mayview and Fairmont in Floyd County until her marriage to Milledge Howard Taylor in Floydada on September 7, 1911. She was preceded by her husband on August 4, 1955. The couple had made their home in the Cedar Hill area most of their married life.

She is survived by four sons, Frank Taylor and Dale Taylor, both of Hollis, Oklahoma, George Taylor and Junior Taylor, both of Lockney; three daughters, Mrs. Guy (Mattie) Davis of Lockney, Mrs. Gus (Agnes) Wesley and Mrs. Olan (Grace) Keeter, both of Plainview, one brother, Tom Fortenberry of Cedar Hill; three sisters, Mrs. John Seay of Carrizozo, N.M., Mrs. J.R. Kelly and Mrs. C.V. Lemons, both of Cedar Hill; 13 grandchildren and 18 great-grandchildren, grandchildren.

Serving as pallbearers were grandsons of the deceased, Ricky, Larry and Bud Taylor, Waldo and Dean Wesley and Mark Keeter.

Mrs. Meek

Services for Mrs. Ollie Meek 70 year old longtime

Floydada resident, were held Sunday in the New Salem Primitive Baptist Church. Elder Joe Jackson officiated for the service, assisted by Kenneth Martin. Interment was in the Floydada Cemetery under the direction of Moore-Rose Funeral Home. Pallbearers were Ed Wolsch of Old Glory, Woodrow Brints of Crosbyton, Joe Richard, Richard Noland, Jim Jackson, Burk Huckabee and Ed Porter.

Mrs. Meek died Thursday morning.

Survivors include her husband; two daughters, Mrs. Glenda Fay Akerstrom of San Pedro, Calif., and Mrs. Joan Gross of Pampa; two brothers, Oran Self of Floydada and Dale Self of Levelland; two sisters, Mrs. Jewell Springer of Stamford and Mrs. Agnes Clanton of Channing; and four grandchildren.

Bruce Giddens

Mr. and Mrs. Lester Carter of Lockney attended Friday the funeral services for her brother, Bruce D. Giddens, in Hermiston, Oregon.

Mr. Giddens, a former resident of Plainview died July 19 in Hermiston where he was owner and operator of Burnham's Department Stores.

Survivors include his wife Mary; a daughter, Dixie; his mother, Mrs. Ethel Giddens of Plainview; two other sisters, three brothers and three grandchildren.

Perry Bowser

Perry H. Bowser, 60, of Plainview died Friday afternoon in Central Plains General Hospital following a lengthy illness.

Services were at 4 p.m. Monday in the First Christian Church of Plainview with the Rev. Russell McAnally, pastor of the First United Methodist Church of Albany, officiating. He was assisted by the Rev. Bob Daniels, pastor of the church. Burial was in Kress Cemetery under the direction of Lemons Funeral Home.

He was a member of the First Christian Church of Plainview and a member of the National Farm Broadcasters Association. He was a charter member and the first president of the Kress Lions Club.

Survivors include his wife, Nancy; a daughter, Mrs. Mart V. (Diane) Madison of Wichita, Kans.; a son, David Bowser of Amarillo and three grandchildren.

The family requests that memorial contributions be made to the Stangel Scholarship Fund at Texas Tech.

The family requests that memorial contributions be made to the Stangel Scholarship Fund at Texas Tech.

Texas, No. 1

Let me hasten to point out that I am not predicting the Fall football rankings. I am stating what I believe will be the national ranking of the State's No. 1 industry -- agriculture -- if we accept our challenge and take advantage of our opportunities.

Our goal -- the challenge -- is to improve Texas agriculture's income and profit, to make Texas No. 1 in the nation. We now are third in farm income, outranked only by California and Iowa.

It is important that a long-range agricultural policy be established with clear-cut goals if there is to be any profitability for farmers.

We have met with all agricultural groups in the state to seek a united front for agriculture. These great organizations, with diverse programs and philosophies, have pledged to work together to improve agricultural profits.

To make Texas No. 1 in agricultural income and profit is not a job alone for our statewide farm organizations, it is a job which all Texans can share. And by so doing, Texans today and Texans tomorrow will benefit.

FLOYD DATA
Mr. and Mrs. Bobby Welborn and family returned home recently from a vacation in Colorado and Kansas. They also visited her sister, Mrs. Roy Barber and family in Garden City, Kan.

FLOYD DATA
Mrs. Troy Cranford is in Central Plains Hospital undergoing thyroid tests.

Center News

By Mrs. J.E. Green

Almost August. Still hot and dry especially in the afternoon. Vegetation turning brown if not watered often. But you should see Miss Vera Meredith's yard! "A thing of beauty is a joy forever."

Miss Mary Pearl Coward and Mrs. Clay Muncy spent Sunday p.m. with Miss Meredith.

Mr. and Mrs. Earl Huckabee of Dumas visited Mrs. Fred Battey and Mrs. Ola Warren Friday evening, then spent the night with Mr. and Mrs. Burl Huckabee.

Mr. and Mrs. Marion Carpenter, also Mr. and Mrs. Joe Conway of Plainview visited Saturday with the parents, Mr. and Mrs. Cloud Carpenter. The Marion Carpenters took Mr. and Mrs. Cloud Carpenter to Lockney Hospital Monday for a checkup.

Eric Carpenter of Atlanta, Ga., ten year old grandson of Foy and Marion Carpenter is spending some of the summer here with his grandparents.

Sunday dinner guests of Mrs. Fred Battey were Mrs. Ola Warren, Mr. and Mrs. Thomas Warren and Mr. and Mrs. Jimmy Owens and baby son, Jason.

Mr. and Mrs. Harry Glen Brewer and a grandson of the Brewers, Car Ayers of Lubbock dined Sunday with the Henry Brewers. Carl is in the area doing farm work for relatives. The Henry Brewers attended a weiner roast, Sunday night, at Mr. and Mrs. Millard Watson at Mt. Blanco. Other guests were Mr. and Mrs. Dean Watson and girls, and Mr. and Mrs. Ken Roberson and children of Lubbock.

Sue and Milton Mensch and baby, David of Lubbock, spent over the weekend with her parents, Mr. and Mrs. Hal Thomas. Mrs. Emma Lou Whitaker came Friday. Mr. and Mrs. Welborn Miller and two sons of Lubbock came Sunday p.m.

Mrs. Hartline was not feeling too well last week. James Hartline and family of Levelland are on vacation in Sun Valley, Colorado.

The cannery is running full blast. Snowed under with corn and blackeyed peas.

Mrs. Frank Dunn, Mrs. Odessa Dunn of Wichita, Kansas, and Mrs. Margaret Balios and girls of Lubbock visited Friday p.m. with the J. D. Welborns. Sunday visitors were the daughter, Donna and family, the Clarmon Booths of Lubbock.

Mrs. Pierce King and daughter visited Mr. and

Mrs. Charley Spence Sunday afternoon. Willie B. Aiken and Tommy Assiter came Friday.

Mr. and Mrs. Wade Warren visited Mrs. Elmer Warren Saturday evening.

Johnny Warren and family of near Lubbock spent Thursday and Friday with his mother, Mrs. Elmer Warren. Mrs. Warren saw Mr. and Mrs. Elco Frizzell Sunday evening.

Mr. and Mrs. Paul Murff are repainting some of their house.

Mrs. Ava Jackson had company Wednesday night and Thursday, Mr. and Mrs. Neal Wright of Rotan, and Thursday Mr. and Mrs. Orbin Carroll of Amarillo and Mr. and Mrs. Howard Stringer of Mustang, Oklahoma.

Mr. and Mrs. Travis Lightfoot and Mr. and Mrs. Alvie Jackson visited Mr. and Mrs. T.C. Hollums Sunday evening.

Mrs. Green visited Miss Esther Peck after church Sunday evening.

Mr. and Mrs. Claud Draper of Wichita Falls came by Tuesday on their way home from a vacation in Colorado. Mrs. Draper is a niece of Henry Brewer.

Guy Forman of Oklahoma City, a brother of Mrs. Brewer, who had heart surgery while back, is reported doing well.

We regret the passing of Mrs. C.J. McClure, a former good neighbor at Center years ago, and Mrs. Taylor, whose last rites Mrs. Elmer Warren and Mrs. Lois Durham attended today. Our sympathy is with loved ones.

Vo Ag Teachers In Dallas Next Week

Vocational Agriculture Teachers, some 1,600 strong, will gather in Dallas, August 15, 1977 for the Annual In-Service Education Workshop and Meeting sponsored by the Vocational Agriculture Education Department of the Texas Education Agency, Austin, Texas, under the direction of J. A. Marshall, State Director, Vocational Agriculture Education.

Attending from Floydada High School, Floydada, Texas, will be the following Vocational Agriculture teachers: O. L. Harris, James Cleveland, and Don Stegall.

Registration will begin at 3:00 p.m., Monday, August 1, at the Baker Hotel, according to Dick Vestal, Baird, Vocational Agriculture Teacher and President of the Vocational Agriculture Teachers Association of Texas. The First General Session will begin at 9:00 a.m. on Tuesday August 2, in the Little Theatre, Dallas Municipal Auditorium. The keynote speaker for this session will be David Braden. He is President of Dahl/ Braden/J ones/Chapman, Inc., a major Dallas architectural firm. He is also a Director of American Bank and Trust Company in Dallas and immediate past president of the Texas Society of Architects. Also appearing on the program will be Hayden McDaniel, Director, Division of Secondary Programs, Texas Education Agency, and Alton, Bowen, Deputy Commissioner for Administrative Services, Texas Education Agency.

FLOYD DATA
Mrs. Doug Galloway was honored with a birthday luncheon Sunday in the home of her parents, Mr. and Mrs. Otis Anderson. Present for the occasion other than the honoree and her husband and children, Guy, Rusty and Robin, were Mr. and Mrs. David McCulley and baby son, Jim of Lubbock, Mrs. A.W. Anderson of the Floydada Nursing Home and the host and hostess. Visiting in the afternoon were Mr. and Mrs. Ben Galloway of Floydada.

FLOYD DATA
Mrs. Lyndell Roberts is in Lubbock Methodist Hospital for medical treatment and tests.

LOCKNEY LOCALS

Mr. and Mrs. George Worsham spent Tuesday and Wednesday of last week in Lubbock visiting his sisters, Mmes. E.W. Turner and Amanda Patterson.

Mr. and Mrs. Truett Bilbrey returned the first of last week from a two-week trip. In Philip, South Dakota, they visited Truett's brother, Wilbur Bilbrey. Their grandson Shane Bilbrey, son of the Leland Bilbrey of Oklahoma City, accompanied them to South Dakota. They returned Shane home and visited with the Leland Bilbrey before returning to Lockney.

Cindy Fairman from New Deal visited her grandmother Mrs. Sid Thomas last week. The W.C. Payne's grandson, Bill Payne III, returned to his home Sunday in North Springfield, Virginia, following a ten-day visit here.

Mmes. Tina Rexrode and Dorothy Merrell returned Sunday night from a ten-day visit to Arkansas and Missouri. They visited Mrs. Rexrode's brother and sister, Mr. and Mrs. Ray Pinner and their son and his family the Doyle Ray Pinner, and Mr. and Mrs. Richard Brown all of Bentonville, Ark. They went sightseeing at Bella Vista, Lake of the Ozarks, and other points of interest.

Mr. and Mrs. L.E. Gross and grandson David Stokes, returned to their home in Fort Lavaca Sunday afternoon following a visit last week with relatives here, in Plainview, and in Mulhouse. The Grosses are former

Lockney residents.

Mrs. Jewel Roberts is being visited this week by her daughters, Mrs. Jeny Carter from Houston, Mrs. Jill Rogers and daughter Brandy from Amarillo, and a great-niece Brandi Reinhardt from El Paso. She expects her other daughter, Mrs. Judy Merrill and daughter Lisa from Denison, to arrive on Wednesday of this week and stay until the end of the week.

Mr. and Mrs. Dorsey Lynn Baker and daughters Stacey and Kari from West Chicago, Ill. arrived Monday of last week for a visit with their parents, the Dorsey Bakers, and the Frank Browns. Dorsey Lynn left by plane Sunday, and Charlene and the girls plan to start back Friday. Kari celebrated her 8th birthday July 20th while here.

Mr. and Mrs. Charlie Boedecker returned Monday from a week's stay at their vacation home in Ruidoso.

Mr. and Mrs. Raymond Watson returned from Dallas on Monday where they had visited for a week with their son and his wife, Mr. and Mrs. Jerry Watson. Accompanying them to Dallas was their daughter, Mrs. Michael Green and her son Kevin and daughter Ragan from Austin, who had spent the previous week visiting here. Also visiting for a few days while Mrs. Green was here, was the Watson's son and his family, Mr. and Mrs. Jerry Watson and boys, Brandon and Cameron, of Levelland.

Mr. and Mrs. Ralph Grier left Monday morning for their home in Phoenix, Arizona. They had been in Lockney since Thursday visiting with his daughter, Mr. and Mrs. Ike Tickle, Donna Ralph, Shaunna and Martin.

Jolie and Chad Diepenhorst recently returned from visiting about six weeks with their maternal grandparents, Mr. and Mrs. J. C. Landers in Sanger, Texas. Jolie and Chad's brother, Tim, is in Sanger now. They are all children of Mr. and Mrs. Lewis "Red" Diepenhorst.

Mr. and Mrs. Weldon Graves and Sam Graves went to Floydada Sunday afternoon to visit with Mrs. Graves' parents, Mr. and Mrs. H.F. Pratt, and with her aunt and uncle, Mr. and Mrs. Earl Stockman of Bell Gardens, California.

Mr. and Mrs. Graves and Frankie Graves, Mr. and Mrs. Carl Howard attended a fish fry Tuesday night at the Pratt's home in Floydada.

Mrs. Larnce McCain, Mrs. Delvin Bybee and children went to Tulsa

Mrs. Velma Harrison and her grandson Tyke Dipprey returned home Sunday from Lansing, Michigan, where they had visited Mrs. Harrison's son, Mr. and Mrs. Kelly Harrison and children. Tyke had been there two weeks, but Mrs. Harrison was only in Lansing five days to stay with the children while her daughter-in-law selected a home for the family in Springfield, West Virginia. The Kelly Harrisons will be moving to their new home in three weeks. Kelly is already on the job in Washington D. C. (See page one for article about his new job.)

Mr. and Mrs. Leroy Harrison of Chicago, Illinois, recently visited here with their son, Mr. and Mrs. Mike Harrison, Clay and Jarod. Their daughter, Mr. and Mrs. David Certain, Robbie and Missie of Dallas, met them here. They also visited with Leroy's mother, Mrs. Velma Harrison, and other Lockney relatives.

Kenneth and Retha Wolford returned Friday from a 10-day trip to St. George, Utah, to visit their daughter, Jann, Tommy and Tasha Ball. Another daughter, Mrs. Jim (Jeanne) Curtsinger, Chad and Laci of Lubbock accompanied them to Utah. The other Curtsinger children, Scott and Tori, stayed in Hereford with their paternal grandparents, Mr. and Mrs. Dub Curtsinger.

Mr. and Mrs. Buster Terrell, Lisa and Todd Mark, went to Mason Friday through Monday to visit with her parents, Mr. and Mrs. Walton Lehmburg; her sister, Mr. and Mrs. Bill Austin and Eric, and her grandparents.

Dwight, Wade and Boyd Jackson were in Albany for the weekend to visit their grandparents, Rev. and Mrs. Russell McAnally, and their great-grandmother Mrs. W.F. Smart.

Tuesday afternoon to visit with Mrs. McCain's mother, Mrs. J.A. Ziegler, who is in the rest home there.

Mrs. Phil Green had surgery Wednesday morning at Nichols Hospital in Plainview.

Picnicking at Roaring Springs Sunday were Mr. and Mrs. Donnie Jackson, Clint, Chad, Shea and Cody, Mr. and Mrs. Mike Carthel, Clint, Michael and Crissy, Mr. and Mrs. Delvin Bybee, Stephanie, Shandra and Jason.

Attending the Andre Crouch and the Disciples gospel music concert in Lubbock Friday night were Billy Karl and Ann Raley and Karl, Keith and Gayle Jackson, Tom and Dixie Johnson.

Also in Lubbock for the concert were a group of First Baptist Church. They were Gene and Virginia Owens and Keith, Miles Boucher, Jean Sparkman, Doug, Roxanne and Russell Ford, Tonya and Jody Nance, Julie Ferguson and JoBeth Stallings.

Mrs. Jo Ann Rogers, Kenneth and Randy and Mrs. Rogers' mother, Mrs. J. Ohnie Davis of Hereford spent the past weekend at Red River, New Mexico.

Also in Red River this past weekend were Mr. and Mrs. Jerry Perry, Sheryl, Tana and Kim. The Perry family recently attended a reunion of his mother's people, the Tinnin family, which was held at White River.

Mr. and Mrs. Clyde Stapp had as guests all of last week their daughter and her husband Joyce and Gilbert Oakes of Poolville, Tex. The Oakes' son and his wife Edwin and Annie Oakes from Pecos visited on Monday and Friday. Between visits, they went to Hereford to see Annie's family. Friday visitors in the Stapp home was another daughter, Nell and her husband, Tom Warren of Plainview; Mrs. Stapp's sister, Mrs. Ruth Duncan and her daughter Linda and Charles Epps and three sons of Floydada. The Stapp relatives visited with friends and former neighbors while here.

Mr. and Mrs. Oscar Golden spent last week at their vacation home in Ruidoso, N.M.

JIM HOWELL

Howell Joins Firm

Jim Howell, a native of Lockney, has joined Frontier Savings Association in Plainview as vice president of the installment loan department.

Jim attended Texas Tech and business college. He is married to the former Marilyn Loter of Plainview and they have two children. He formerly was with Central Plains Hospital business department.

Mr. and Mrs. Horton Howell, former Lockney residents now living in the Dallas area, are parents of Jim Howell.

Mr. and Mrs. Roger Owen and family from Sunnyside arrived Tuesday to spend several days visiting with her family, the Raz Fords.

Mrs. Byron Brock and children, Clifford Byron, Kyle and Shawnda, and a guest, John Fortenberry, spent last week in Ruidoso, N.M. Arriving Thursday was Byron Brock, and Mrs. Brock's mother, Mrs. Josie Taylor, to spend several days in Ruidoso.

Opal Blount returned last Wednesday from Lubbock where she had visited her sister Mrs. J. Johnnie Newman. Opal accompanied her sister to Lubbock the previous week while here visiting the Blounts.

WHAT IS THERE TO DO?—Mothers all over town hear that 13 times a day. Johnny Gaskins' mom sent him to the swimming pool for her answer to that question. (Staff Photo)

Hill Girl Hurts Finger

Ten-year-old Terri Hill is recuperating fine and expecting a stiff finger after an accident Saturday night at the teen-age baseball field.

Terri was making snowcones in the concession stand when she mashed her finger in the ice shavings made by the ice grinder. She was taken to Central Plains General Hospital in Plainview where she spent the night and had surgery on the finger Sunday morning.

Terri was able to come home before noon Sunday.

Terri is the daughter of Mr. and Mrs. Earl Hill. Earl was playing baseball at the time of the accident. His Acco Seed teammates were short-handed before the accident, so had to pick up several substitute players. Providence won the game 10-3.

The Grosses are former

WHAT IS THERE TO DO? In the summer-time a garage sale is always a good idea. Mrs. Doris Casey thinks that a sale every two years helps clean out what she doesn't want. The Dub Mercer family participate in this one too.

CHEERLEADER CAMP

Cheerleaders from Lockney High School are sponsoring a cheerleading daycamp at the school Aug. 8-12 from 10 a.m. to noon those five days.

Children of Kindergarten age through eighth grade are eligible to participate in the camp at a cost of \$10 each. Pre-registration may be made by sending a \$5 deposit with name, age and address to Mrs. Joe Drabek, 1706 West 11th, Plainview 79072.

Irick Community Reunion Aug. 7

Date of the annual Irick community reunion has been set as Sunday, August 7 at the Lockney Rebekah Lodge Hall.

The event will begin at 10 a.m. Persons attending are to bring sandwiches and cookies. Drinks will be furnished.

Anyone who lives or has ever lived in the Irick community are invited to attend the reunion.

LOCKNEYITE Gary Stennett (top row, left) joins his teammates in a big smile after winning the Plainview slow-pitch softball league championship. The Dirty Dozen advanced to the regional tournament, and found their reputation (for skill or smell?) to be of great use, for the other teams in the area forfeited the games. That means that the Dirty Dozen will be playing Aug. 5-7 in the state tournament at Baytown. Also on the team are former Lockney men Ray Morphis (center row, middle), Jerry Morphis (center row, right) and Johnny Hodel (top row, middle). Any member of the team would accept contributions for state tournament expenses. (Plainview Herald Photo)

South Plains News

By Mrs. Murray Julian

Wonderful rain, coming from an easterly direction, fell in some of our community Thursday afternoon, July 21, and in a very small area, near the Lee Pearson farm, around two inches fell. Those around there, Mrs. L.T. Wood, and Kendis Julian, Billy Stanforth, J.R. and those near received about an inch or over. Other amounts were those of .50 Sylvain Kinnibrugh; .20 South Plains; .60 Alvin Nichols; .40 at Frank McClures; .50 at J.P. Taylors; and more in the L.N. Johnson, Tillman Powell areas. There was a little smattering of hail and quite a bit of wind with the rain. No rain fell in the north and western farms here. Friday morning it was quite cool, with 58 degrees early that morning.

George Ray Powell of Houston is in the hospital at Houston since last week, and is suffering with a badly cut hand caused by glass. He is the son of Mr. and Mrs. Fletcher Powell in South Plains.

Friday afternoon at 3:30 p.m. Mrs. Nathan Johnson entertained in their home with a birthday party honoring their son, Troy, who was a year old July 20th. Guests attending the party were Brian and Keith Teeple with their mother, Mrs. Dwight Teeple, and Jamie and Shelli Bethel with their mother, Mrs. Royce Bethel. Birthday cakes and drinks were served to the guests, and Tracy Johnson, Troy's brother.

Mrs. L.T. Wood and Mrs. Murray Julian went to Floydada Sunday afternoon at 2:00 p.m. to attend a #MU Associational Council meeting held at the home of Mrs. Muri Mayfield. This

was the last council meeting for the group now serving, and the new director, Mrs. Wayne Hunter of Flomot, will take her place during the coming year. Present for the business meeting were Mmes. Mary Corley, Jimmie Hunter, Mamie Wood, Frances Kellup, Bonnie Julian, Mary Gonzales, and hostess, Mrs. Mayfield.

Visitors in the home of Mr. and Mrs. Frank McClure this past Sunday were his sister and husband, Mr. and Mrs. Ray Givens of Lubbock, with other relatives Mr. and Mrs. Travis J. McClure and their son, Jeff, from Wichita Falls.

Mrs. Ruby Higginbotham left by plane from Lubbock July 1 on a trip which took her to Austin, where she visited at the home of her brother, Mr. and Mrs. Warren Cypert. Their sister, Mrs. Edith Magnusson, Amarillo, joined them, and all left Austin by car for Columbus, Georgia, where they were with another brother, James Cypert and family. Then all left there by car for Brookings, South Dakota, for a reunion at the home of their sister and husband, Mr. and Mrs. Larry Larson (Ruth). They have another brother, Albert Cypert, who is in Honolulu, Hawaii. All had a good visit together, and Mrs. Higginbotham arrived back home in South Plains July 19.

Mr. and Mrs. A.C. Sharbutt and children, Candy and Al, from Little Tom, Colorado, arrived here Friday and then went on to Brownfield where they attended a reunion of their families. She is the daughter of Rev. and Mrs. Fred Blake. The children are going to visit here awhile at the parsonage, then return with the Blakes when they go on their vacation up to Denver and Cheyenne, Wyoming. Mr. and Mrs. Sharbutt and children are here with the Rev. Blake family at this time, and

Tuesday, Atha Blake is returning to Denver with the Sharbutts.

Visitors at the South Plains Baptist Church Sunday night services were Mr. and Mrs. Frank Brown and their daughter, Mrs. Dorsey Lynn Baker, and her girls, Stacey and Kari, from West Chicago, Illinois. Mrs. Baker (Charlyne) and children are here for a week visiting with her parents, and other relatives.

Congratulations and best wishes to Mr. and Mrs. Carlton Johnson (Diane) in the birth of their first child, a son, born July 21, at the Central Plains Hospital in Plainview. The baby weighed 7 lbs. and 14 1/2 ounces. He was named Tanner J. He is the first grandchild of Mr. and Mrs. L.N. Johnson in our vicinity.

Mr. and Mrs. Kendis Julian and children spent Friday and Saturday in Roscoe with his brother and family, Mr. and Mrs. Terry Julian, Dee and Dickie. The little girls, Kristi and Mitzi stayed with their cousins to spend a few days, and their father will go for them later this week.

Mr. and Mrs. Jerry Taylor and four children are spending this week in Dallas and will attend Six Flags Over Texas while gone. They will come back this way and leave the children with their grandparents, Mr. and Mrs. Arby Mulder for a few days.

Rev. Fred Blake and Nathan Mulder were among those who attended the Baptist Men's Rally held at the Plains Baptist Assembly Saturday night, July 23rd. The men enjoyed a fish fry and then heard Dr. Will Thorn speak during the program.

Mrs. Sally Reeves from Memphis was here visiting Thursday and Friday with her children, Mr. and Mrs. Ted Bell in Floydada and Mr. and Mrs. Bob Reeves and family, and other family members. She took her granddaughter, Jennifer Louise Reeves, home with her while her parents, Mr. and Mrs. Jack Reeves of Canyon are in Europe. Mr. and Mrs. Ted Bell and Shannon with Helen Ruth Keeting from Hvattsville,

Maryland all went to Red River, New Mexico to spend the weekend.

We offer our sympathy to family members of Mrs. Lillie May Taylor, who was killed early Saturday morning near Cedar Hill. Services were held Monday afternoon in the First Baptist Church in Lockney, with burial in the Lockney Cemetery. Mrs. Taylor was walking in the road when she was struck by a pickup truck.

Mr. and Mrs. Murray Julian went to Roscoe July 6th to visit with their children, Mr. and Mrs. Terry Julian, Dee and Dickie until Friday night of that week. The Terry Julians are in the process of raising pigs and hope to have around 250 little pigs when summer is over. All enjoyed some time at Lake Sweetwater when the family has a lake house.

SOMEBODY STOLE OUR DOUBLE—SIX BY WES ADAMS

I parked my old pickup truck by the Senior Citizens Domino Hall. Walked right in, took my chair. With my back to the wall.

Through the door came the Caddo Kid. With blood in his eye. Said, "reach Coon Dog, better be quick." If you don't want to die. Better cough up your double six. Now, I'm not the best as gunmen go. Not too fast, still not too slow. About half and half.

We reached for our guns and I heard a click. I turned my side to him right quick. As I heard his bullet whirl. He just nicked this big ole belt buckle of mine.

When the smoke cleared away there he lay turned on his side. I had just shot over the double six the Caddo Kid named Clyde. I mean just over the knee cap. Searched high and low, near and far. Found it in the cuspidar.

Six months later the jury came in, judge looked at me and grinned. Said, "Coon Dog, you are free, your name is clear, tell me what you whispered in that jury foreman's ear?" "All I said was us Senior Citizens domino players better stick together."

Coon Dog

P.S. We need dominoes with two double sixes.

Vernon Tennis Tourney

A Hillcrest Invitational Tennis Tournament is slated in Vernon on August 5, 6, and 7th. Entry Deadline is Tuesday, August 2 at 6 p.m. Entry forms are in the hands of area tennis players but a typographical error was noted on the form and it has been requested that tennis players please take notice: ALL MEN AND WOMEN PLAYERS ENTERING THE TOURNAMENT SHOULD CHECK IN AT 8 A.M. SATURDAY, AUGUST 6TH, RATHER THAN ON THE 7TH OF AUGUST AS STATED ON THE FORM.

All those 12, 14, 16 and 18 or under should check in at 8 a.m. August 5 and all mixed doubles at 2 p.m.

August 6th. For additional information contact David Jones, Hillcrest Country Club, Box 1433, Vernon, Tex. 76384 or call 817-553-3177 after 10 p.m. A charge of \$5 has been set for all singles and \$9 for doubles.

The President
The White House
Washington, D. C. 20500

Dear Mr. President:

In these times of inflation and high prices we often say, "A nickel will not buy anything anymore". A nickel will not pay for a postage stamp, a phone call, nor even your way into a pay toilet. A nickel will not buy a candy bar, a pack of gum, nor even a handful of peanuts. A nickel will not buy a Coke, a cup of coffee, nor even a cold drink of water in a lot of places. A nickel will not pay the grocers profit, the transportation, nor even the wrapping on a loaf of bread.

So you say, "Is there anything a nickel will buy?" Well, do not despair.

Thanks to THE GREAT AMERICAN FARMER, a most unique individual, who will go into debt to work for nothing to not only feed his own family but fifty-seven other people of this mighty nation. You can buy the wheat in a loaf of bread not for a nickel, but in fact, for less than 3 cents. So here it is.

Have a loaf on me and keep the change.

Sincerely yours,

1977

The Scientists Tell Me... Cattle Feeders Help Ease Wheat Crisis

By Robert L. Haney
TAES Science Writer

Beef cattle in feedlots and the quick response of the market system are coming to the rescue of wheat farmers in trouble. A bumper crop, poor export demand and a heavy supply of wheat in storage is creating a temporary crisis in the Southern Plains.

Cattle feeders are finding wheat at prices prevailing in June is their cheapest feed grain ingredient. Some feedlots were using as much as 33 percent wheat in their rations, according to Dr. Don Farris, professor of livestock marketing with the Texas Agricultural Experiment Station and Texas A&M University.

Food grains such as wheat are not normally fed to cattle except in by-product form or in special circumstances. But since the transportation and storage system cannot efficiently use all the wheat for food grains at harvest time when there is a bumper crop and heavy supplies, beef cattle are a ready and viable market to convert it into a higher valued food and even store it for later use.

"Beef cattle are a major component of the 'balance

wheel' in the world's food system, because they can harvest, convert and store a wide variety of plant materials for later consumption in another form by humans," says Farris.

"During the winter, wheat fields provide grazing for cattle at very little cost to the economy, because when properly grazed the grain yield is not significantly reduced. When a wheat crop is so poor that harvest is not economical, it is utilized by cattle.

"High quality forage is not always available for cattle because harvesting and storage of some forages is expensive. Some of the least efficient cattle systems in the world are the all-forage systems in the tropics where cattle lose weight and sometimes starve during the dry season."

Farris, who has done research on the economics of cattle systems in the U.S. and other parts of the world, says that grain and cattle systems are complementary in many areas of the world. In fact, having grain available for feeding during stress periods or in winter allows some areas to stock pastures more heavily and more efficiently convert low-valued forage into meat.

Only a couple of years ago at the World Food Conference in Rome, much criticism was leveled at grain-fed cattle as a wasteful user of food needed by starving people. Farris says that while beef cattle are not the most efficient animal converter of grain, it's untrue that they significantly compete with humans for grain in the market place.

They can't even compete favorably for U.S. feed grain with poultry, hogs or dairy cattle in the U.S., or grain for export for that purpose. In 1975, grain prices were high due to foreign demand, cattle prices were low, and grain feeding of cattle declined sharply.

When the wheat harvest is over in the Plains and wheat is in storage it is not likely to be economical to feed it to cattle, except for the poor-quality wheat or damaged due to lack of capacity to harvest it on time or properly store it. Feedlots will be an economical market for lower-quality grain, to help producers avoid further loss.

Since the U.S. is by far the largest surplus grain producing area of the world, it does feed a larger share of its grain to livestock than other areas. However, cattle compete with other livestock, and poultry and even humans for food only at the economic margin, Farris says.

Their role, whether in the "breadbasket" of the U.S. or the poorest areas of Africa, is to provide more food, a better quality and a wider variety of food for mankind.

At one time in the U.S., government programs supported the price of wheat at a level that kept the wheat price above the reach of cattle feeders. Some of it wasted in storage while we paid farmers to maintain idle land because there was too much grain in storage.

"Marketing problems can-

not be avoided," Farris contends, "but if we maintain a policy for food and feed grain crops that will allow the market and the beef industry to respond to the unpredictable weather and economic conditions, such problems will be minimized and there will be more and better food available in the future.

"This is true," Farris concludes, "because being very sensitive to the economics of alternative feedstuffs, beef cattle in their role as an economic 'balance wheel' add an element of stability to a rather unstable international market for grain."

SOLAR-POWERED IRRIGATION — The first large-scale irrigation system to use solar energy to pump water from a well, the project near Willard, N.M. was demonstrated to the public Friday as

part of a two-day solar irrigation workshop. The system can pump 700 gallons a minute from a 100-foot well.

Solar-powered irrigation project dedicated in New Mexico Friday

ALBUQUERQUE, N.M. — Approximately 1,000 persons attended the demonstration and dedication of a state and federal government-sponsored experimental solar-powered irrigation system on a farm near Willard, N.M., Friday.

Those participating in the dedication included Gov. Jerry Apodaca of New Mexico, the New Mexico Congressional Delegation and Donald A. Beattie, acting assistant administrator for Solar, Geothermal and Advanced Energy Systems, Energy Research and Development Administration. Ceremonies were held at the solar irrigation site, located on the Torrance County Land and Livestock Company farm about one mile south of Willard.

The program was preceded by a solar irrigation workshop at the Albuquerque Convention Center Thursday. Both events were co-sponsored by ERDA, U.S. Department of Agriculture, the State of New

Mexico, New Mexico State University and ERDA's Sandia Laboratories.

The new irrigation project is the first large-scale system to use solar energy to pump water from a well for irrigation purposes. The system consists of a field of solar collectors, an insulated thermal storage tank, a heat exchanger, a heat engine (turbine) to power the pump and a water storage pond.

The systems output of 700 gallons of water a minute from a 100-foot-deep well is expected to provide sufficient water for 100 acres, depending on the type of irrigation and the crops grown. As part of the project, NMSU agricultural researchers are conducting experiments on the most efficient use of irrigation water.

Vegetable Bean Replaces Meat

By EARL ARONSON
AP Newsfeatures

Did you hear about the new vegetable bean, named the Fiskeby V Original? It developed from a Swedish breeding project and is similar to the soya bean.

"There are claims that the Fiskeby bean's presence in a meal completely eliminates the need for a meat-based diet as a source of protein," we are told by John A. Wott, Purdue University extension home environment horticulturist.

The Fiskeby produces rich green beans on bushes in 80 days, thrives on poor soils and takes its nitrogen fertilizer from the air. Wott says it has a flavor as sweet as any other garden bean and may be eaten freshly cooked, or dried and stored for winter food use.

"The beans are easy to grow, even in northern states," Wott explains. "Simply sow the seeds directly into the garden, in rows spaced two feet apart. Individual seed should be planted one inch deep with three inches between plants, since they tolerate crowding."

If you want to shell the beans, boil them in their pods for 3-5 minutes, after which they will slip from their shells easily. Then steam or boil the shelled beans in lightly salted water. Or you can eat Fiskeby beans as a hot snack. Do as the Japanese do with edible soya beans. Just boil the whole pods in lightly salted water for 15-20 minutes and put in a bowl. Then hold a pod to your lips and press the beans with your fingertips, popping them right into your mouth.

An English soccer player was once fined 10 shillings for smiling at a referee during a game.

Farmers Are Urged To Practice Safety

AUSTIN—The week of July 25-31 is Farm Safety Week--an annual nationwide observance launched in 1944 to help reduce accident losses impairing wartime farm production. A sampling of the 169 accidental farm deaths recorded by the Texas Farm Bureau for 1976 indicates that accident prevention efforts are still timely and necessary today.

In Anderson County, for instance, a man fishing from the bank, fell into a stock pond and drowned. A house fire in Leon

County resulted in a woman's death when she was cleaning with gasoline. In Willacy, a tractor rolled over into a drainage ditch killing its driver. And, more than half of the 34 firearms deaths were attributed to guns accidentally discharging while being unloaded or carried.

Built around the theme, "Safety is a Good Investment," this year's Farm Safety Week activities emphasize the wisdom of making a personal and financial investment in safety to

help cut the human and economic costs of accidents.

"Farm and ranch people can achieve much by investing a little time and personal effort into adopting safer ways of working, driving and playing," notes Joe. L. Smetana, Texas Safety Association vice president and farm and ranch. "And that costs nothing." Extra protection can be had, he says, with a modest financial investment in: safety training, personal protective equipment (goggles, safety shoes, bump caps), tractor overturn protection, smoke detectors, fire extinguishers and other safety devices.

Further investment in prompt repair or replacement of faulty or worn parts and equipment and in seeking well-designed, quality products also can add to accident-free farm operation.

Melons Good Market Buy

AUSTIN--Texas watermelon and cantaloupe are one of the best buys on the market right now, according to Agriculture Commissioner Reagan V. Brown.

"Supplies are abundant," Brown explained, "due to transportation problems which have hampered Texas producers from marketing their melons out of state. While we hate to see our farmers shut out of the higher priced out-of-state markets, the Texas consumer can cash in on a good summertime buy."

Brown also said Texas onions were more plentiful than earlier anticipated. "Preliminary estimates indicated that this year's harvest would be very limited, but the crop has come in increasingly strong," he noted.

The Texas Crop and Livestock Reporting Service said needed rains had been falling in the East Texas area.

State Record For Walleye At Meredith

P&W Briefs
AUSTIN (AP)—H.M. Brandon of Borger and Bobby Raley of Garwood, in Colorado County, have set new state fishing records.

The Parks and Wildlife Department reported Thursday that Brandon caught a 10-pound four-ounce walleye from Lake Meredith in the Panhandle.

Raley caught a 171-pound yellowfin tuna out of Port O'Connor in the Gulf of Mexico.

AUSTIN (AP)—Texans and out-of-state visitors bought 2.7 million hunting and fishing licenses last year, adding \$11 million to the Parks and Wildlife Department's fish, wildlife and enforcement programs, the department reported today.

A total of 1,564,405 fishing licenses and 1,126,509 hunting licenses were sold, the department said.

AUSTIN (AP)—The Parks and Wildlife Department reported Thursday that it is a "fine year" for deer in the Central Texas hill country, with big bucks carrying large, well-formed antlers.

The buck population "is abundant," the department said.

"Weather conditions have been just right to produce the food for the animals to flourish and to develop good antlers," the department said.

*12 Million Loan To Holly Sugar

Loan To Holly Sugar

COLORADO SPRINGS--Holly Sugar Corporation announced that it had concluded the past week a term loan agreement in the amount of \$12,000,000 with Republic National Bank of Dallas. The agreement provides for a seven-year term loan payable in 20 equal quarterly installments beginning Oct. 1, 1979.

The proceeds of the loan are to be used for capital expenditures and general corporate purposes. The initial advance was \$10,000,000. The remaining \$2,000,000 available under the loan agreement may be borrowed at any time during the next year. No interest rate was announced.

Limited tillage may reduce energy costs to farmer

With the prospect of new taxes on energy, growers will be looking for ways to farm with less fuel.

Recent research on limited tillage in the Great Plains will help solve the problem. These conclusions were reached by Ron Allen and Dr. Bill Fryrear, Agricultural Engineers at USDA Research Centers at Bushland and Big Spring, Texas. They reported these findings at a recent meeting of The American Society of Agricultural Engineers held at Raleigh, North Carolina, June 26-29.

The two Engineers with the Agricultural Research Service say that conservation tillage research has been underway in the Southern Great Plains since 1942. In that landmark year a sweep plow was built and tested at the Bushland Center. Back then scientists at Bushland were looking for ways to control wind erosion.

Their machine now only controlled wind and water erosion but conserved soil moisture and increased yield. Since the advent of the sweep plow many other limited tillage practices that conserve water have been developed in the Great Plains. Recent experiments with tractor power requirements show that fuel conservation is an added benefit for limited tillage systems.

The scientists point out that efficient agricultural production will not solve the national energy crisis because farmers only use 3 to 4 percent of the nation's energy budget to produce food and haul it to market. From the growers' standpoint conserving fuel will help keep farming profitable in an era of constantly rising energy prices.

"Limited tillage will definitely help control wind and water erosion," the scientists pointed out. They found examples of research that prove this in the Great Plains as far north as Madison, South Dakota, where investigators conducted experiments on a 5.8 percent slope. They compared the moldboard plow, sweeps and disk as methods of seedbed preparation for corn. Disking and planting were combined into one operation. Soil loss from water erosion was 6 tons per acre where moldboard plowing was used. This was reduced to 3.5 tons per acre with sweeps and the disk-till plant system. It took 13 gallons of fuel per acre to till and plant corn when a

moldboard plow was used. Sweep tillage was more efficient and reduced fuel required to 9 gallons per acre. Disking and planting in one operation reduced fuel needs to 7 gallons per acre. Corn yields were 4,000 pounds per acre with the two efficient systems and only 3,700 pounds per acre with moldboard plowing.

Scientists at Alliance, Nebraska, had a similar experience producing wheat in a wheat-fallow sequence. Soil loss during the fallow year was 6.5 tons per acre with moldboard plowing. Soil loss between wheat crops dropped to 3 tons per acre with oneway plowing and 2 tons per acre with sweeps. Moldboard plowing after wheat harvest required 50 percent more fuel than tillage with sweeps or a oneway plow.

"Further south in the Great Plains, controlling wind erosion is a big conservation challenge," the scientists stated. At Bushland, Texas, sweep plowing leaves more residue on the soil surface and gives better wind erosion control than oneway plowing. The two plowing methods have been compared in a wheat-fallow

cropping sequence since 1942. In addition to decreasing erosion, soil moisture storage during the fallow was increased 1.1 inches per year by sweep tillage. This extra soil moisture increased wheat yield 13 percent or 1.3 bushels per acre. "Over the long haul, that makes a lot of difference in the potential for profit," Engineer Allen pointed out.

In a recent experiment at Bushland, Jack Musick and Dr. Allen Wiese used herbicides to replace disking during fallow periods in irrigated wheat-sorghum-tallow cropping sequence. Weeds were controlled with AATrex and 2, 4-D from wheat harvest to sorghum planting. This new procedure increased soil moisture storage 1.5 inches during the 11-month fallow over disk tillage. Grain sorghum yields after the fallow were increased 900 pounds per acre in the 3-year study. Fuel needed to control weeds between the crops was cut from 18 to 5 gallons per acre when herbicides were substituted for tillage. This included fuel used to manufacture herbicides.

Farm Safety Week

DON'T GAMBLE

Your Farm Could Be on the Line

Play it safe... play to win. Farm safety is a sure thing. By practicing "preventive medicine" on the farm, you're not only putting the safety odds in your favor... you may even be saving lives. Start now.

Fairview News

By Mrs. Clyde Bagwell

Thursday afternoon, some folks in the area had a shower of rain. E. W. Walls and Lee Burton reported from 1/2 in. to 3/4 in. at their farms. What is badly needed is a good general rain over the entire South Plains. We are really having an unusual hot summer following an unusual cold winter.

We sympathize with the family of Mrs. Ollie Meek whose funeral was held yesterday (Sunday) at the New Salem Primitive Baptist Church. Mr. and Mrs. Meek lived for a number of years in Fairview Community.

We also sympathize with the family of Mrs. Kate Daniel who passed away last week. This writer first knew Mrs. Daniel when I was a teen-age girl and she was Miss Kate Butler.

Mrs. Mattie Mulvey and Mrs. Mildred Cogdell both of Paducah visited last Monday in the home of Mrs. Mulvey's sister, Mrs. C. H. Wise.

Mr. and Mrs. Edell Du Bois and their son, Bud DuBois of Lubbock returned home last Sunday night from Brownwood where the attended the funeral for her sister, Mrs. Oda Heffinton.

Mrs. C. W. Payne left Saturday morning by plane from Lubbock for Huntington Beach, California where she will spend her two weeks vacation with her brother and sister-in-law, Mr. and Mrs. D. S. Huffaker. Mrs. Payne will meet her daughter and family, Mr. and Mrs. Harvey Nicholas, Kelli, Lance and Chad of Oklahoma City who are also vacationing in California and visiting his mother and sister. All plan to meet at Disney Land.

Mrs. Kay Crabtree took her daughter, Becky to Idalou Friday where she will spend several days with her grandparents, Mr. and Mrs. Elmer Griffith.

Mrs. Kate Crabtree visited in the Kay Crabtree home after church Sunday and had lunch with them.

Thursday Mrs. Ray Cook and Mrs. Gus Hammonds went to Childress and spent the day visiting Mrs. Cook's sister, Mrs. Velma Cates and daughter, Kathryn Cates and granddaughter,

Linda Prein. Mrs. Bill Beedy, Mrs. Bill Tye, Mrs. Mae Garrett and Mrs. William Keeting went to Abilene last Tuesday where they visited an aunt, Mrs. John Wilson at the

The Lockney Beacon

home of Mrs. Wilson's daughter and husband, Mr. and Mrs. Leonard Waggoner. A son of Mrs. Wilson, Chad Wilson and wife of Knox City were also there. Mr. and Mrs. A. S. Mize visited Friday with Mr. and Mrs. Bill Beedy and had lunch with them. Mrs. Kate Crabtree visited Mrs. Mable Smith Thursday afternoon.

view reunion will be held Sept. 4 at Massie Activity Center in Floydada. Mrs. Gracie Riggle visited Sunday afternoon at Caprock Hospital with Emory Cox and Paul Luttrell. Mrs. C. H. Wise visited Sunday night with Mrs. Brenda Eckert and baby son, Robert. Karen and Christy Pruitt spent Sunday night with their grandparents, Mr. and

Thursday, July 28, 1977 Page 16

Mrs. Bill Tye. Mr. and Mrs. C. H. Wise visited Saturday night in the home of Ollie Meek and others members of the family there. Sunday Mr. and Mrs. Bill Tye and Mr. and Mrs. Weldon Pruitt, and family went to Lubbock to the home of Mr. and Mrs. Jim Tye and Brittas. Others were Mrs. Jim Tye's parents, Mr. and Mrs. Walter Bednarz and their son, Mr.

and Mrs. Richard Bednarz and family all of Slaton. The occasion was to celebrate Britta's 2nd birthday. Sunday afternoon Mr. and Mrs. C. H. Wise visited at Caprock Hospital with his nephew, Emory Cox who is a patient there recovering from a broken hip. Friday night, Mr. and Mrs. Bill Beedy, Mr. and Mrs. Bill Tye, Mr. and Mrs. Harvey Allen and Walton

Wilson went to Plainview to the home of Mr. and Mrs. Odell Stapleton where a group of the Horton family gathered. Sunday afternoon Mr. and Mrs. Harvey Allen, Mike and Norman went to White River and enjoyed a boat ride. Among those from the community attending the funeral for Mrs. Ollie Meek Sunday afternoon, were Mr. and Mrs. C. H. Wise

and Mrs. Gracie Riggle. Walton Wilson attended the funeral for Mrs. May Taylor at First Baptist Church in Lockney Monday afternoon. Mrs. Larry Walls and baby and Mrs. Roy Walls and baby of Plainview visited Saturday afternoon with their grandparents, Mr. and Mrs. E. W. Walls. E. W. Walls visited Friday afternoon with Mr. and Mrs. Clyde Bagwell.

Bike-A-Thon August 13

The Floydada Unit of the American Cancer Society has made plans for a Bike-a-thon to be held on Saturday, August 13th.

The Bike-a-thon is open to everyone who is presently 12 years of age or older. Participants will be asked to solicit pledges for the 20-mile ride.

The group will leave the Mr. Burger parking lot at 10:00 a.m. and ride 10 miles north on Highway 70 before returning to Floydada. Refreshments will be served at a rest stop for all participants.

Each biker is asked to have his or her bike in good condition for the ride. Parents may be assured that there will be adult sponsors, an escort by the local sheriff's department, and special safety precautions taken.

Entry blanks may be picked up at Buddy's, Piggy Wiggly's, the Dairy Queen, Tastee Freeze, Allsup's, and Mr. Burger.

All donations must be turned in by noon, August 18th at the First National Bank. Prizes will be awarded to those bikers who collect the most money through pledges for the Cancer Society.

All questions concerning the event may be directed to Janie Synatske at 983-3471.

Everyone is invited.

FLOYD DATA
Mrs. W. E. Grimes of Lubbock, former resident of Floydada, spent last week here visiting in the home of Mrs. W. J. Wilks.

FLOYD DATA
Emory Cox, an employee at O. K. Rubber Welders, sustained a broken right hip in a fall to the ground from the back of a truck Tuesday of last week about 5:30. Cox underwent surgery to repair the break at Caprock Hospital where he is reported to be resting well.
