★★ Longhorns At Floydada For County Championship ★★

I guess you've heard by now, but the Ragin' Red Lockney Longhorns go to that other Floyd County town Friday night to try to wrestle the Floyd County Football Championship from that mean green team.

An overflow crowd, standard when the county rivals meet in varsity sports competition, is predicted again this year at Wester Field in Floydada. Kickoff time, by the way, is 7:30 p.m.

instead of 8 p.m., the starting time for all of Lockney's previous games this season. And you'd better get there early if you want a seat.

About the only way to describe it, for those who've never witnessed the event, is the way Lockney head coach Jim Warren said it Tuesday: "It'll be a heck of a ball game."

It'll be "a heck of a ball game" no matter who wins or whether the score is close or a runaway. Judging by both

teams' records so far this year, it figures to be a close one. The Whirlwinds outscored the four teams they beat! - a total of 25 points, and lost the two games they lost by a total of 13 points. The Longhorns notched their three season victories by a total of 37 points and lost three games by a total of 23 points.

Floydada victories were over Friona (14-7), Olton (13-3), Littlefield (9-7) and Levelland (20-14). The Whirlwinds lost

to Canyon (12-6) and Post (7-0) in non-conference play. (Oh, yeah, the Friday night encounter is a District 4-AA contest, too.) The Longhorns defeated Friona (20-6), Olton (26-19) and Amarillo River Road (21-3) and lost to Post (14-7), Littlefield (27-14) and Dimmitt (13-10).

But you can't go by scores of past games in trying to predict this one-it's Lockney vs. Floydada.

The Floydada team, according to Warren, is led offensively by halfback Larry Jones and quarterback Todd Vickers, who "...does an excellent job throwing the football..." Vickers tosses to split ends Kary Helms and Mark Beedy.

Both teams are considered average in size. Biggest player on the Whirlwind roster is 202-pound Kenneth Griggs, a tackle.

The Longhorn roster lists three young men at over 200 pounds, Donny Wiley (203), Jeff Terrell (215) and

Mitch McMahan (207).

Warren described the Friday-night event as "...the kind of rivalry that exemplifies Texas high-school football." Maybe even more so, coach...

And he was undoubtedly right when he said "We expect our kids to give maximum effort Friday night."

There will be bonfire/pep rally after dark (about 8 p.m.) Thursday at the fairgrounds in Lockney. The junior varsity football game scheduled at Mulshoe that evening has been cancelled.

Bank Deposits Up Over \$3 Million

A secure economy in Floyd county is reflected in the state bank call of September 30, when it revealed that Floyd County's two First National Banks are up over \$3 million dollars in comparison with the same time last year.

Loans were also up.

The Lockney bank showed an increase in deposits from \$11,948,223.34 to \$12,602,904.65 and an increase in loans from \$7,260,286.90 to \$7,554,861.14.

The Floydada bank was up in deposits from \$19,047,689.42 to

\$21,587,270.31. Loans were up from \$8,880,240.87 to \$11,829,640.11.

Bankers surmised that the gain was due to wheat, corn, and grain sorghum money that has come from the government loan. This time last year, many farmers were still holding grain to sell.

It appears that cotton money will be coming in much earlier this year as gins are beginning to run around the clock.

Reports indicate that farmers who defoliated their cotton crop are getting outstanding grades and micronaire reports from the classing office.

Community Consignment Sale November 5

The annual Rotary Community Consignment Sale isn't until November 5, but if you have something you want to sell, better list your items before October 20.

The Lockney Rotary club wants listings on all kinds of equipment like

cotton trailers, cotton strippers, tractors, plows, trucks, pickups, cars, boats etc.

(Farmers this would be a good time to reduce your cotton trailer inventory with those modules becoming more popular all the time).

You may list your items now by calling Art Baker at 652-2642. Boyce Mosley 652-2686 (or mail to route 1) Rainey Davis at 652-3377...or any member of the Rotary Club.

Listings will be accepted until sale time, but in order to take advantage of the advertising, better get them in by October 20.

The sale will be conducted at the Fair Grounds in southeast Lockney. Auctioneers will be Jack Dulin and Benny Reagan.

B&PW Club To Observe Week

The week of October 16-22 has been proclaimed Business and Professional Women's Week by Lockney Mayor Claude Brown. National B&PW Week was initiated in 1928 by the National Federation of B&PW clubs to honor working women.

At 7 a.m. Thursday they will meet at Strickland's Restaurant for breakfast.

The Lockney B&PW Club will start the week with a coffee at Dorothy Shipp's home at 9:30 a.m. Sunday. The group will then attend services at the First Baptist Church.

At 7 p.m. Tuesday the club will have a salad supper in the fellowship hall of the First United Methodist Church. Each member is encouraged to bring a guest.

Wigington Injured

In Germany

Mr. and Mrs. James E. Wigington received a telegram Monday October 10 that their son PFC Jimmy W. Wigington, stationed with the Army near Augsburg, Germany, was seriously injured on Saturday. He was touring a castle in the area when he apparently fell down a mountainside. His injuries were multiple and his condition was listed as "serious."

The Wigingtons expect to have more information concerning his injuries soon. His address is: PFC Jimmy W. Wigington, Patient Adm., U. S. Army General Hospital, Landstuhl, Germany, A.P.O. New York 09180.

New Dismissal Time

Starting Monday, October 17 Lockney Elementary School will turn out at 3:45, according to school principal Weldon Dodson.

All students that ride a bus will be kept in the room until 4 p.m. and buses will run at that time.

"We are doing this to eliminate the hazard of loading the buses when the parents are trying to pick up their children that live in town," Dodson's letter to parents explains. "We think that getting the town children out of the way at 3:45...will eliminate a traffic problem when we are trying to load the buses at 4 p.m. Until further notice all children will be kept in class until 3:45 p.m."

School Attendance Check At 10 A. M.

There is a new ruling on attendance check at Lockney Elementary School. According to Principal Weldon Dodson, "...we are required to check our attendance at 10:00 a.m. and all children present at this time will be

counted present all day (for state aid purposes) and even if a child has to leave during the day. We would encourage you (parents) to keep the child in school until after 10:00 if he has a doctor or dentist appointment."

Galloway, Warren, Garcia Win In Football Contest

Dale Galloway, Box 36, Lockney won the \$10 first prize in the Beacon football contest last week. Galloway

missed five games-Baylor-SMU, Tahoka-Denver City, Alabama-USC, Stanford-UCLA, and Floydada-Levelland.

Lela Warren of Lockney won the \$6 second prize with a six-miss entry. Her wrong guesses came on Alabama-USC, Snyder-Lamesa, Boston College-Tulane, Matador-Sudan, Texas-Oklahoma, and Lubbock High-Caprock.

Dora Garcia, Box 814, Lockney won the \$4 third-prize money by missing seven, guessing the correct winner (Dimmitt) in the tie breaker, and missing the tie breaker total by only one point. She guessed 24 points, and the actual total was 23 in Dimmitt's 13-10 win over Lockney. Mrs. W. L. Carthel of Lockney also missed seven and picked Dimmitt in the tie breaker, but Mrs. Carthel was three points away on the total score with a guess of 20. Ms. Garcia's misses were on TCU-Rice, Tahoka-Denver City, Alabama-USC, Kermit-Seminole, Tascosa-Borger, Boston College-Tulane, and Matador-Sudan.

Six contestants missed seven games but picked the wrong winner in the tie breaker. W. L. Carthel was on the money on the tie breaker total but picked Lockney to win. Others with seven misses were Sheree Cannon, Homer Ragland, Jack Ragland, and Roy Saucedo of Lockney and Tommy Cathey of Floydada.

IN TOP TEN...Cathy Carthel, daughter of Mr. and Mrs. Ted Carthel of Lockney, was one of the top ten finalists in the Maid of Cotton Contest in Lubbock last weekend. She is 19, a sophomore at Texas Tech, and a member of Zeta Tau Alpha sorority. An advertising major, Miss Carthel is on the Tech Dean's List. Her grandparents are Mr. and Mrs. Hershel Carthel of Lockney and Mrs. Sally Miller of Gonzales.

School Board Buys Bus

Chassis, Okays Band Trip

Lockney school district trustees approved purchase of a new school bus chassis, and passed a motion to allow the high-school band to go either to Phoenix or to Corpus Christi for the spring band trip, during the October school board meeting Monday night.

The board okayed purchase of a new \$9,500 chassis for bus #2. The present bus body will be installed on the new chassis at the Texas Department of Automotive Service Center Corrections at Huntsville. The old chassis will be left at Huntsville to be sold. So, another bus #8, which will be used as back up transportation while bus No. 2 is at Huntsville, will be offered for sale at a later date. Bus foreman C. L. Record requested the chassis purchase. Record reported on the cost of a new bus (already purchased) which should arrive soon.

The Lockney High School band requested permission to go to Phoenix or Corpus Christi for the annual band trip. The board okayed either trip, as long as band members miss only two days of school.

The trustees voted to send another payment to Southern Bleacher Construction Company for new seating at the school football field.

The board officially approved attendance by the Lockney secondary principal

als at a conference this week in Fort Worth.

Also approved Monday was a substitute teacher list. The resignation of bus driver Williams A. Prater was accepted.

Superintendent W. H. Hallmark reported on school maintenance problems, including lockers at high school and classroom lavatory plumbing at elementary school. The board will consider replacement of the old lockers and repair of the leaking faucets at a later meeting, when they have more information about the cost of the projects.

The superintendent also reported on a tennis court construction project which has been supported by the school district. The courts, to be constructed west of elementary school, were to have been completed in the first part of September but the only things completed so far were the concrete curbing and fence posts.

The superintendent and trustees Tom Duval, Eddie Foster, Eugene Tannahill and Austin Beedy reported on Texas Association of School Boards workshops they attended last month in San Antonio.

Also at the meeting were trustees Kenneth Brosech and Kelton Shaw, and elementary school principal Weldon Dodson.

RECYCLE GARMENTS

Keeping a wardrobe fashionable doesn't mean replacing it every season. Small changes and minor additions can update many items in a wardrobe for a "now" look.

One fashionable winter look is the coordinated suit and shawl. To a solid color or two-toned suit, add a plaid. To a plaid suit, add a solid color shawl. Simply fringe the edges of a big square and drape it around the shoulders.

Ribbons are an inexpensive means of updating, too. Wear one as a bow at the neck of a soft shirt to add "pizzazz." Use wide grosgrain for a belt with dresses or shirts.

Also, combine ribbon and braid to add rows of color and lengthen a skirt at the same time.

To give jackets and coats new life, add braid to them. Outline the lapels, edges, and pockets for an updated look or to hide frayed edges.

For blouses and skirts, use lightweight trim.

Replace worn turtle-neck tops with cowl-collar tops. Convert the turtle-neck into a vest by cutting out the sleeves and reshaping the neckline. Finish edges with strips cut from the sleeves or with lightweight braid.

APPLESAUCE CHIFFON PIE—this 9 inch Applesauce chiffon pie accents National Apple Month, use only clean, sound-shelled eggs in this recipe.

3 egg yolks, slightly beaten
1/2 cups applesauce
1/8 teaspoon ginger
1/4 teaspoon cinnamon
1/2 cup milk
1 tablespoon lemon juice
1/2 teaspoon grated lemon rind
1/2 cup sugar
1 tablespoon gelatin
3/4 cup cold water
3 egg whites
1/4 teaspoon salt
1 9 inch baked pastry shell, or graham cracker shell, nutmeg, if desired
Mix the egg yolks, applesauce, ginger, cinnamon, milk, lemon juice and rind, and half the sugar. Cook over low heat, stirring con-

stantly, until mixture thickens. Sprinkle gelatin on water; let stand a few minutes.

Add gelatin to the hot mixture; stir until dissolved. Cool until thick but not set. Beat egg whites until foamy. Add salt and beat until stiff. Add rest of sugar slowly, beating constantly. Blend egg white mixture with thickened gelatin mixture. Pour into the pie shell and sprinkle with nutmeg, if desired. Chill until firm.

SHARDS in the Shrimp? Is there ground glass in your shrimp cocktail? Worried consumers occasionally call the Food and Drug Administration to report finding glass-like particles in canned seafood, especially shrimp. The FDA says these crystals usually aren't glass but struvite, a chemical that occasionally forms naturally in canned seafood. To test for yourself whether suspicious-looking particles are glass or struvite, put the material in warm vinegar. Struvite will dissolve; glass, of course, will not.

BE sure and purchase your ticket or tickets for the half beef the Floydada Quarterback Club is giving away at half-time Friday night. I don't know of any place where you might be lucky enough to get a half-beef for \$1. That's the price of the tickets and if you win, your beef will be cut, processed and made ready for your freezer, all included in the prize of the ticket.

IF you're fortunate enough to have a mother-in-law don't forget a remembrance October 23rd. That's National Mother-in-Law Day. It isn't an official day as such just yet, but it is expected that bills soon will be introduced to make the honoring of mothers-in-law an annual event by the act of Congress.

WARM fall days make us think of something different on the menu. How about Jellied Tomato-Cucumber Relish? Tomatoes are a little slow ripening right now, but if the sun stays out long enough, they should be more plentiful in another few days...and there are still cucumbers around, so try this relish recipe. After canning let set for two to three weeks. This recipe makes about six (8 fl. oz.) jars.

3 cups prepared vegetables (about 3/4 lb. fully ripe tomatoes, 1 medium size cucumber, 1 medium onion and 1 ripe celery.
1/2 cup cider vinegar
1/2 teaspoon Worcestershire sauce
1/4 teaspoon ground cinnamon
1/4 teaspoon ground allspice

really missed a good one. We had a ball, with lots of people, and lots of food. About 120 ate including residents, employees, families, and guests. A great big thanks to everyone who brought a covered dish, and ate with us. The residents are already talking about next months luncheon.

We enjoyed another spelling bee last week. Those taking part were Pearl Carrick, Agnes Anderson, Hallie Bertrand, Viola Weems, Dora Langford, Florence Badgett, Mollie Jones, and Hope

1/2 teaspoon butter or margarine
4 1/2 cups (2 lbs.) sugar
1 box powdered fruit pectin
Scald, peel and chop fully ripe tomatoes, then bring to a boil over high heat; reduce heat and simmer 10 minutes, stirring occasionally. Remove from heat and measure two cups into a very large saucepan. Place back over high heat. Peel and chop cucumber; measure 1/2 cup. Chop onion and celery extra fine; measure 1/4 cup each. Add cucumber, onion, celery, vinegar, Worcestershire sauce, seasonings and butter to tomatoes.
Then make relish. Measure sugar and set aside. Thoroughly mix fruit pectin into tomato mixture in sauce pan. Place over high heat and stir until mixture comes to a hard boil. Immediately add sugar. Bring to a full rolling boil and boil hard for one minute, stirring constantly. Remove from heat. Stir five minutes to cool slightly. Ladle quickly into jars (prepared earlier), filling to within 1/2 inch from top. Seal and process in boiling water bath five minutes, timing when water returns to boil. Cool, test for seal and store. If vegetables tend to float, invert jars for 30 minutes after removing from water bath. Then turn upright and allow to set overnight.
Next week I'll give you my Spiced Tomato Apple Butter recipe.

JANIS SHERROD SOCIAL SECURITY REPRESENTATIVE

Q. I have been told that to be insured for disability benefits I had to work 5 out of 10 years before I became disabled. I am only 26 years old and have been working steadily since I got out of college at the age of 22. Since I have only been working 4 years does that mean I can not receive disability benefits?

A. No. For people between the ages of 24 and 31, you only need credit for having worked half the time between the ages of 21 and the time you become disabled.

Mill Figures Don't Tell Whole Story As Retail Sales Of Cotton Rise

RALEIGH—Consumer demand for cotton continues to rise, and American retail stores are offering the most cotton items in years. As a result, more cotton is being sold at retail now than last year.

Yet, U. S. mill use of cotton has declined so far this year. As Dan Troxler, Cotton Incorporated associate director for demand economics, puts it: "The fiber business seems to be going in two different directions at once."

How this apparent paradox came to be, and what it means, is the subject of a detailed analysis in the October issue of the COTTON SUMMARY, monthly publication of Cotton Incorporated. Cotton Incorporated is the fiber company of American cotton producers.

To begin understanding what is happening now, you have to go back to 1976, says Troxler.

During that year, he points out, cotton prices moved up strongly, jumping 27 per cent while synthetic prices weakened by 4 per cent. Cotton demand was up and supplies began to run short. Textile mills reacted to the scarcity and higher prices of cotton by making decisions to cut cotton use where possible.

At the same time, says Troxler, synthetic fiber prices went down because the mills' business outlook dimmed. The overall pace of the domestic textile business slowed as consumers decided to spend their money on houses, cars, appliances and even imported textile goods.

As a result, cotton's share of domestic mill fiber use

declined during the first half of 1977 after stabilizing and even gaining during the period from 1973 through 1976.

Retail sales of cotton apparel and home furnishing products, however, were more than four per cent ahead of the first half of last year and eight per cent above the first half of 1974 and 1975.

Cotton's performance at retail, Troxler points out, is measured through data developed by the Market Research Corporation of America (MRCA), which has a panel of 7,500 households carefully selected to represent the nation's 60 million households.

The discrepancy in cotton's performance—strong at the consumer level and weak at least for the moment, at the mill level—can be explained by two factors, says Troxler.

The first, he says, is that the MCRA data do not cover all uses of fiber.

"The data cover consumer purchases of items such as shirts, towels, draperies, and so forth," says Troxler. "Not covered is the fiber content of textile products in items such as automobiles and shoes, because there is no reliable way to do so."

"The second factor, and in a sense the other side of the coin, is that domestic mill fiber use doesn't account for all purchases made by consumers in the United States," Troxler points out.

"Imports of textile products are becoming an increasingly important factor in the market."

Looking at the fiber marketplace at the consumer

level through the MCRA data shows that cotton's share of the market has improved in all categories of apparel—women's, men's, boys' and girls'.

While there has been a leveling off in cotton's performance in retail purchases of home furnishings, Troxler notes, "a turnaround favoring cotton in home furnishings also appears to be occurring when carpets are excluded from the totals." Since cotton has never been an important carpet fiber, "abrupt changes in the level of carpet purchases alter cotton's market share dramatically," Troxler points out.

"Carpets are highly cyclical in the same manner as houses and automobiles," he explains. "Sales decline when a recession hits, but recover when times improve. When the latest recession hit, carpet sales sagged, and as a result, cotton's share of the home furnishings market, with carpets included, bounced up."

"Then, as recovery came, carpet sales picked up, and cotton experienced a decline in its share of the total home furnishings market."

"In a similar way, although completely beyond the reach of MRCA data, changes in the demand for industrial fabrics will have a pronounced effect on cotton's share of the domestic mill fiber market."

"Many of these industrial fabrics contain little cotton," Troxler points out. "When mill production of these items is unusually strong, cotton's share of mill fabric use will decline."

Troxler says changes in the level of imports of cotton and synthetic textile products also explain part of the difference between cotton's mill and retail market behavior.

"The data clearly show," he says, "that since 1973, net imports of cotton textiles have become more heavily oriented to cotton."

"The data clearly show," he says, "that since 1973, net imports of cotton textiles have become more heavily oriented to cotton."

"Imports of cotton textiles have averaged over 1 million bales annually since 1970. The trend has been up. Exports have offset part of the impact, but still net imports of cotton textiles have averaged about 500,000 bales each year."

"With the exception of 1974, which was a severe recession, the United States has also had a trade imbalance in synthetic fiber textiles," Troxler says.

However, he points out, the net import mix has shifted from about half cotton and half synthetics in 1972 to three-quarters cotton in 1976 and so far this year.

This means, says Troxler, that while the American people are demanding cotton, more of that demand is being filled by foreign-made goods.

Should these trends continue, he says, "the U. S. textile industry will lose more of its business to imports. While U. S. cotton producers would benefit to some extent through export sales, it would be best if the growing domestic demand for cotton products could be filled through domestic textile mills."

In the final analysis, however, says Troxler, people, not companies, buy cotton, and more and more American consumers are responding to the cotton producers' message: "The more cotton, the better you feel."

Sooner or later, Troxler concludes, that means a better market for American cotton producers.

Farmers Union Backing Strike

WACO, TX Officials of the Texas Farmers Union are applauding efforts of out-of-state groups which are joining the growing protest movement and are further encouraging all farmers

to get involved in some phase of direct action.

"We welcome the efforts of any group of farmers or farm wives seeking 100% parity," said Jay Naman, President of TFU. "Our members have been tailoring various protest actions at the county level for three months, trying to gain attention and dramatize the serious problems which confront agriculture. We're glad to see the movement taking on a larger form and spreading to other states."

Members of Texas Farmers Union were instrumental in earlier efforts to symbolically tell their problems to President Carter through a mass mail-in of commodities and letters to Washington. Since then, tractor protests have been staged on major highways during Labor Day, backed up by a tractor convoy into the state capital this week.

"Public awareness of the problem has been our immediate goal," says Ron Butler, public information officer for TFU. "But we have always known that any real change in the situation might eventually require

tougher action. We're glad to see farmers getting involved at all levels and stand ready to lend support to our members in any form they request."

The Farmers Union has historically supported full parity since its beginning seventy-five years ago. Policy written from the grass roots level in each county determines the specific means and goals which the members feel will obtain a fair price.

"Our organization has always worked to achieve a unified front under the banner of full parity," Naman commented. "We look forward to the day when all farmers supporting this concept can work together from one solid base."

Plans for future action are currently in the making among Texas protesters who feel that "success can only be measured in terms of a fair price for all farmers and ranchers."

Carter Conveyed To Penitentiary

Stacy Albert Carter, convicted of the attempted murder of John D. Rogers at the time Sheriff Jinks Wilson was shot down November 12, 1976, has been conveyed to the state penitentiary at Ashville, North Carolina, to continue a term there. He was serving a prison term and was on probation when he escaped and came to Texas with Larry C. Fortenberry, leaving a trail of crime in their wake.

Motley County Sheriff Alton Marshall and Texas Ranger Leo Hickman of Childress left Monday morning with the prisoner, who turned state's evidence in return for a 40-year sentence on the reduced charge of murdering Wilson. As a part of the deal, Carter also pled guilty in exchange for a 20-year term to the attempted murder of Rogers, with the two terms to be served concurrently.

After he finishes out his term in North Carolina, Carter will be returned to Texas to serve his sentence in this state. Fortenberry, who received the death penalty for Wilson's murder, is now in the Texas State penitentiary in Huntsville.

Wilson Comments On Farmer-Strike Movement

"The Taft-Hartley Act puts rigid restraints on individuals and especially organized groups who meet to fix prices or otherwise restrain trade, therefore, without the advice of counsel, I can not comment on the farmer-strike movement and risk the exposure of our directors and staff to the possibility of fines and/or imprisonment the law assures," said Winston Wilson, President of the Texas Wheat Producers Association today. Wilson's comments were in response to press requests for comment on a purported movement for American Agriculture, an informal alliance of farmers, to hold a 15,000 producer meeting in Amarillo later this month to organize support for a farmer strike along with a charge of "ineffectiveness" of farm organizations.

Wilson went on to say, "none of the names that I have seen or heard in the news charging ineffectiveness of farm organizations are on our paid membership rolls. Sometimes when people have not been involved themselves they assume that others have not been doing anything either. The success of the organized farm groups in getting a farm bill that will take 16 million wheat acres out of production this year and the success of producers board's and commissions' in on-going programs developing foreign markets that will use 40 million wheat acres this year will go a long way toward restoring parity of income eroded away by past government embargoes and inactions on needed set-aside along with over-production by producers against the appeal of commodity groups, such as TWPA which has been for the past three years urging orderly production and marketing to head off a disaster such as that farmers are now experiencing."

"The prospect of 15,000 farmers together in Amarillo, or anywhere else, seeking unified action on solutions to their problems is encouraging and demonstrates the disastrous current farm situation. I just hope that we all can keep the causes and effects—the problems and the solutions separated in such a manner as to maintain this unity rather than fragment farm leadership by attacking one

another which might negate gains being made for the

turn-row farmer", Wilson concluded.

Shorthorns Roll Over Plainview

Both Lockney Junior High football teams were victorious over Plainview teams Tuesday evening in games played at the Lockney stadium. The Shorthorn seventh graders shut out the Plainview White team 16-0, and the Lockney eighth grade team swamped Plainview White 42-6.

**SHORTHORNS 16
PLAINVIEW 0**

Johnny Lopez got the Lockney seventh graders on the scoreboard in the second quarter when he ran five yards for a touchdown and added the extra points on a run.

The 'Horns tallied again in the third period on a three-yard run by Tony Rodriguez. Lopez was successful again on the conversion run.

Coach Lyndall Favor said the Shorthorns got off to a slow start on offense, fumbling twice in the early going, but they put together a sustained scoring drive (about 60 yards) in the second half.

The Lockney defense held Plainview to only two first downs. Everybody played, and Favor said it was a good team effort by the 'Horns.

In addition to scoring 10 points for the 'Horns, Lopez blocked a punt in the game. Sammy Alvarez recovered a fumble for the Shorthorns.

**SHORTHORNS 42
PLAINVIEW 6**

The Lockney eighth scored 24 points in the first quarter of a runaway victory over the Plainview White team, and added TDs in each of the later periods.

The first-quarter scoring spree include touchdowns by Junior McDonald, Israel Guerra and Jeff Reecer. McDonald opened the scoring with a 45-yard run and tacked on the extra points. Guerra scored next on a short run, and McDonald ran the extras again. Reecer made it 22-0 when he

caught a pass from quarterback Jeffrey McCormick. The play covered 40 yards. Guerra ran the PATs.

McDonald got six more points in the second period, on a pass interception and return of about 15 yards. The extra-point try was no good.

In the third quarter, Guerra did it again, and the Lockney score went to 36.

Tyke Dipprey's 25-yard run in the fourth period rounded out the Shorthorn scoring for the evening.

Victor Villalon and Hen Vega recovered Plainview

fumbles in the contest.

"I thought the team did a good job of coming back after the loss to Floydada last week," Coach Steve Culwell said. Culwell said the Shorthorns got some penalties in the first half but adjusted well, and they showed a lot of sportsmanship and character (as usual) on the field.

Next action for the junior high team is next Thursday, when they host to Tulia.

Africa Missionary To Speak To Methodists

Miss Angela Coleman, short-term missionary appointee to Kenya, Africa, will speak at First United Methodist Church, Floydada, Texas, on Sunday evening at 7:00 p.m.

Miss Coleman was appointed to missionary service April 1977 by World Gospel Mission, an interdenominational sending agency with 335 missionaries and homeland staff laboring in eighteen areas of the world. International headquarters is in Marion, Indiana.

Kentucky born, Miss Coleman has her roots in the little town of Wilmore, where her father, Dr. Robert Coleman, teaches at Asbury Theological Seminary.

Miss Coleman was converted at the age of twelve and soon started a prayer group with friends. The group continued four years. As a sophomore in high school, she invited the Holy Spirit to take control of her life. She testifies that a new freedom to be herself, and a new love for people, accompanied this experience.

Miss Coleman studied at Asbury College for two years. Her study included general college requirements with special emphasis on biological sciences. From Asbury College she went to Emory University School of Nursing, Atlanta, Georgia. There her work included anatomy, physiology, microbiology, biochemistry, and medical pharmacology.

In-depth nursing courses covered all branches of practice: from infant to community health, to psychiatric. During the entire time at Emory, she was involved in actual hospital work. Apart from these, she worked as a nurse in a nursing home giving patient care and treatments, keeping charts, and dispensing medicines.

Experience as a Christian taught Miss Coleman that she could not remain complacent in her faith. She started a Bible study group among the nurses, and became involved with Nurses Christian Fellowship.

Other opportunities came to witness as Miss Coleman visited mission fields with her family. In 1965, they went to Colombia. In 1975, she accompanied them to

Zaire, where she visited for several weeks in a mission hospital.

Miss Coleman anticipates sharing her faith, and helping to lift the nursing load at WGM's Tenewek Hospital, a 120-bed facility, which regularly averages 200 percent occupancy.

Fairview News

By Mrs. Clyde Bagwell

Last week we had a small rain, about 1/4 inch in most places.

Last Tuesday Winnie Beedy was hostess for the Llano Community Club. Those present were Ina Ransom, Margaret Ransom, Gale Ransom, Martha Matthews, Viola Lowry, Odessa Brunson, Vivian Chapman, Frances Ford, Helen Harrell, Edith Lacy, Myrtle McClure, and Bea Westbrook. All the above named members were from the Claude area. Guests present were Betty Ransom and Todd Ransom of Abernathy, Glee Hardin of Amarillo, Edna Beth Tye of Floydada.

Mrs. Roy Baxter visited Mr. and Mrs. Edell DuBois Friday night.

Mr. and Mrs. Bill Beedy were Sunday dinner guests of Mr. and Mrs. Bill Tye.

We sympathize with the family of Mrs. Mary Smith, whose funeral was held Thursday. Mrs. Smith was a great-aunt of Mrs. Steve Reeves, and Richard and Carolyn Burton.

We were also saddened by the passing of Mrs. J.J. Spikes of Ralls. Mrs. Spikes was well known over this area by her writings of "As a Farm Woman Thinks." She was also active in club work.

Mrs. Ray Cook went to Arlington Friday, Sept. 30 and visited until Wednesday Oct. 5 with her son and family, Col. and Mrs. James Keith Whitfield and children.

Mrs. Cook reports weather was hot and dry at Arlington until the day she left for home when it began raining. She drove in rain most of the way home.

Mrs. Maurice Campbell visited Mrs. Ray Cook Sat-

urday afternoon.

Walton Wilson visited Sunday with his daughter and family, Mr. and Mrs. Harvey Allen, Mike and Norman and had lunch with them.

We offer our sympathy to Sid Brown and family in the passing of his sister, Mrs. Annie Smith, whose funeral is being held this afternoon at First Baptist Church.

Mrs. Ray Cook visited Thursday afternoon with Mr. and Mrs. Gus Hammonds.

Mr. and Mrs. Richard Abel of Amarillo spent Saturday night and Sunday here with their grandparents, Mr. and Mrs. L.H. Blum.

We welcome Mr. and Mrs. Jack Moore and family to our community. They recently moved here from Amarillo and are living in the Fairview Community on the Irwin place. He is with the Drivers License Division of this district with office in the Floydada County Court house. Jack is a brother of Mrs. Doyle Walls of Floydada.

We have learned of the passing of another long time resident of Floyd County, but for the past 30 years she has made her home in Lubbock. Mrs. Edgar McCarty, who for many years lived in the Blanco Community and was well known by many of us.

E.W. Walls made a business trip to Plainview Thursday and while there he visited his brother and wife, Mr. and Mrs. E.R. Walls.

Mrs. E.W. Walls spent the day Thursday in Lockney with her sister, Mrs. D.D. Tate.
