Jail earns state approval

SEAL OF APPROVAL—Joe Slater (standing, right), supervising inspector for the Texas Commission on Jail Standards, presents Sheriff Lonny Rhynes and County Judge M. L. Simpson with the official state certificate showing that the Castro County Jail now meets all of the state's strict standards. The presentation was made at Monday's meeting of the County Commissioners' Court. Commissioners (seated, from left) are

Al Maurer, Ed Bennett, Edd Wilson and Jimmie Howell. Fewer than 85 jails in Texas have met the state requirements; most are having to be extensively upgraded or replaced. Slater said state certification helps insure uniform standards for prisoner care and also protects the county from "frivolous complaints and lawsuits."

The Texas Commission on Jail Standards officially certified the Castro County Jail Monday, much to the relief of county officials.

With its certification, the county jail joins an elite list. Fewer than 85 jails in the state have received TCJS certification.

Joe Slater, supervising inspector for the TCJS, questioned the county commissioners and Sheriff Lonny Rhynes on a number of requirements that the Castro County Jail had previously not met.

The state certification depended mainly on the County hiring an employee whose primary function would be that of jailer, and installing pistol lockers at every entrance to the jail, where officers could deposit their firearms so there would be no weapons inside the jail's security perimeter.

Rhynes said that, in accordance with previous agreements made with the TCJS, the employees currently working as dispatchers would become "jailers who do a little dispatching on the side," and that the pistol lockers were on order and would be installed as soon as possible.

The county jail's kitchen was also discussed at the commissioners' meeting Monday. County Judge M. L. Simpson said the cost of feeding prisoners was quickly becoming prohibitive, and that the county needed the Texas Commission on Jail Standards to approve the jail's kitchen for the preparation of TV dinners.

Jails in Canyon and Hereford are currently feeding their prisoners TV dinners, and the only thing holding Castro County back from doing the same was the pending certification of the local jail's kitchen by the TCJS.

Slater told the officials that the only things the kitchen lacked were an adequate ventilation system and a

Achievement tests show

Johnny is reading better

Dimmitt students are well versed in "reading, riting, and rithmetic," if the California Achievement Tests,

Texas Assessment of Basic Skills tests, and the seventh and eighth grade reading programs are any indication.

The Dimmitt School Board heard reports Monday from Curriculum Director Evie Froehner, seventh grade reading teacher Mary Nell King and eighth grade reading teacher Gainell Minnick.

Mrs. Froehner reported that most Dimmitt students are above the national average in reading and math, according to the results of the California Achievement Tests.

The goal of the Texas Assessment of Basic Skills (TABS) test is to have 85 percent of all Texas students mastering reading and math tests by 1983 and mastering writing tests by 1985. 700,000 Texas students were tested this year.

"This is a minimum competency test," Mrs. Froehner said.

Testing of third, fifth and ninth graders was done in February. If the testing could have been done in May, the scores would have been better, she added.

Mrs. Froehner was apparently pleased with overall scores, but "we know there are kids who can do better," she said.

"We have made a lot of improvement in the reading," she added.

Mrs. Froehner said that the two-semester kindergarten had been a great help in preparing students for first grade classes.

Dimmitt ISD employs four

In an executive meeting Monday night, the Dimmitt School Board hired a new football coach and three new teachers. The board accepted nine resignations and approved three leaves of absence.

Michael B. Major of New London will be the new head football coach.

Diane Beck will work in junior high girls' athletics and will teach life science.

Jo Crabtree, who has been on a leave of absence, will teach in Dimmitt Middle School, and will receive her specific assignment later.

Nathan "Corky" Lockmiller will serve the district as director of the Castro County Plan A cooperative.

Nine employees of the schools submitted their resignations. They were Ken Cole, Robert Crawford, Wayne Fowler, Alice Moore, Debbie McCord, Donna Orthal, Susan Perez, Guylene Rogers and Pat Schmidt.

Three women received maternity leaves. They are Linda Gromowsky, Deborah Wadkins and Beverly Schulte.

Schools seeking 17 more teachers

Castro County's three school districts are still looking to hire 17 new teachers for the 1981-82 school year. Dimmitt Independent School District needs 14, while Hart needs two and Nazareth one.

At Dimmitt High School, positions are open for one industrial arts teacher, two assistant coaches, and one speech and English teacher.

Dimmitt Middle School also needs four teachers to fill its vacancies for the 1981-82 school year. Needed are one earth sciences teacher, one counselor, one seventh grade coach who can double as a math teacher, and another seventh grade coach who can double as a social studies teacher.

Richardson Elementary School needs five teachers and one counselor.

The Nazareth School District needs only a boys' basketball coach who can double as a science teacher (biology, chemistry and

physics), while the Hart ISD needs a band director and a freshman-sophomore English teacher.

As added incentive for teachers, the Texas Legislature has recently passed a teacher pay-raise bill. Although the county's three superintendents could not yet speculate on the exact amount of the raise, figures from a Texans for Equal Taxation newsletter projected the raise to be anywhere from \$780 to \$1,590 per year, depending on how many years the teacher has been in service. A beginning teacher with a bachelor's degree who would have made \$9,450 last year can now expect to make \$10,230, according to Nazareth Supt. John Mason, using the TET figures. A teacher with 20 years' experience who made \$15,710 last year can now expect to make \$17,300, an increase of \$1,590 per year provided for by the teacher pay-raise bill.

1981 wheat harvest is underway

Leonard Wilhelm kicked off Castro County's 1981 wheat harvest Saturday, delivering the first load to Star Grain of Nazareth at 7:30 p.m. The dryland wheat from his farm east of Nazareth tested 60 pounds per bushel with 14% moisture content.

Star Grain also reported its first load of barley Saturday

from Alfred Kleman's farm west of Nazareth. The barley had a test weight of 48 pounds per bushel with 12% moisture.

Dimmitt Agri Industries in Nazareth received its first load Sunday at 10:30 a.m. from the farm of Lawrence Wagner. That dryland wheat tested 64 pounds per bushel

with 13.9% moisture.

Wagner brought in two other loads of wheat Monday. They tested at about the same weight with 12.9 and 12.5 percent moisture content.

John Gilbreath delivered an early load of wheat to Dimmitt Agri Industries in Nazareth, at 10:30 a.m. Monday. His

dryland wheat tested at 62 pounds per bushel with 12.8% moisture.

Bruegel & Sons, Inc., in Dimmitt received its first wheat Monday from Jim Elder, north of town. His load, brought in at 6 p.m., tested 62.5 pounds per bushel and 11.1% moisture. Another

load brought in at 8:30 p.m. tested at the same weight, but the moisture content was down to 10.0.

Frank Elder, who also farms north of Dimmitt, delivered Castro County Grain Co.'s first load of 1981 wheat Monday afternoon. It tested 60 pounds per bushel with a moisture content of 10.7%.

Diamond Shamrock hoping HB 24 will come back up

The Diamond Shamrock Corp. is taking a wait-and-see attitude on its gasohol marketing plans in Texas, pending the possible reconsideration of a tax-exemption bill (HB 24) in the special session of the legislature next month.

Meanwhile, the corporation is going ahead with its plans to build a fuel-alcohol refinery here.

"We are hopeful the gasohol tax-exemption legislation will be on the agenda for the upcoming special session and will have the opportunity to be considered," said Don Lies, general manager of the Alcohol and Alternative Fuels Dept. of Diamond Shamrock of Amarillo.

"In the legislative session

just concluded, the tax exemption bill had overwhelming support in the House and a two-thirds majority in the Senate. The legislation died in the Senate because of a last-minute filibuster," Lies explained.

"Because the Texas Senate failed to take final action on the legislation exempting gasohol in Texas from the state gasoline tax, Diamond Shamrock must now re-evaluate its gasohol marketing strategy," Lies said.

The corporation's original plans for fuel alcohol from the Dimmitt plant were to market the product as alcohol and in gasohol form, primarily in Texas.

"Our plans to expand gasohol marketing within the state must be reviewed, as they were based on the tax exemption allowing gasohol to be sold to the consumer at a competitive price," Lies added.

"Diamond Shamrock is currently proceeding with plans to construct a fuel alcohol plant in Dimmitt to support the Texas gasohol market. The economics for the Dimmitt plant must also now be re-evaluated," he said.

Spokesman Roger Schrum said that the corporation must get air quality control permits from the Texas State Air Quality Control Board and that these permits should be secured by the end of July.

Schrum added that DS hopes construction in Dimmitt will begin by the end of the summer. The plant should be ready for operation in the second half of 1982, he said.

The corporation has hired management people, for the Dimmitt plant, who will work out of Amarillo. More management and labor personnel will be hired here when plant construction begins Schrum said.

Howell named top Greenhand by Texas FFA Michael Major to be new DHS football coach

The Dimmitt School Board hired a new head football coach for Dimmitt High School Monday night.

He is Michael B. Major, 35, former football, basketball, track and golf coach for West Rusk High School in New London.

Major will succeed Wayne Garner, who, after two years as Dimmitt's head football coach, has accepted a coaching position at DeSoto.

A 1973 graduate of Stephen F. Austin State University, Major has coached in the Carlisle, Corpus Christi, Austin, and West Rusk school districts.

While serving as the head

coach for Dimmitt High School, he guided his team to a 23-2 record.

Said Major on his philosophy of athletics, "I believe all young people should be afforded the opportunity of participation, whether it be direct team involvement or through groups such as band, drill team and cheerleading or through attendance. Athletics draws students close in fellowship and provides an outlet for youthful energies few other activities can match."

Major, and his wife, Carla Sue, have a one-year-old son, Patrick.

SITTING PRETTY on the first load of 1981 wheat delivered in Castro County are (from left) Bob and Toby Durham, Nicole Ringwald, Leonard Wilhelm (who grew the wheat), Lynn Ehly, manager of Star Grain, and Shawn and Cassidy

Ringwald. The Wilhelm and Ringwald children are Leonard Wilhelm's grandchildren.

Sheffy's Chatter

Parishes host friends at Tres Ritos

By MYRTLE SHEFFY
Earl and Betty Parish have a place in the Tres Ritos Valley in New Mexico. Last weekend their guests were Betty Huckabay, Carolyn Jones, Kenneth and Ruth Jackson and Maja Martinec, who is the student from Yugoslavia and has lived with Jim and Ellen Hrabal. They took life easy, rested, hiked, had a good meal at "Chanany," if I spelled that right. It is a beautiful place there with pines and rivers. The Cleavingers have a place there.

niece Annie McJimpsey came over Sunday, then took her mother, Ruby, home. Mr. and Mrs. D. M. Mayer were here from Kermit to visit their daughter Judy Crawford. They were visitors at the morning service at the Methodist Church.

Gerald and Brenda McHoney and son Rex and daughter Brandi of Odessa were weekend guests of aunt Ceal Carlile.

Beth Hodges came from Panhandle for a visit with mom Beral Hance. Her stay was Friday and Saturday.

V. C. and Dorothy Hopson celebrated their 35 years of married life Tuesday, June 9. They and friends, Clinton and Jimmie Glenn, went out to dinner and the theatre where they saw the show, "The Four Seasons."

Jeff and his new bride Jennifer Bell were here for a visit with his parents Lonnie and Janice Bell before going back to Abilene where they are in school at ACC. Jeff works in his spare time.

Janice Bell tells us she was talking by phone to Dr. Zito Sartarelli, who lived with Janice and Lonnie a few years ago, and attended Dimmitt schools. He was an exchange student from Brazil. Now he and his bride from Philadelphia, will go from Indianapolis to Venezuela, where Zito will be in charge of the Eli Lilly Medicine Company. He was with that company there. He received his doctorate in the university where he met his wife. She is learning to speak Spanish and Portuguese so she can talk to Zito's mother.

Mary Nicks visited here Monday with her cousin Helen Richardson. Miss Nicks is instructor of doctor's secretaries at Scott and White Hospital and School in Temple.

One day last week Helen attended her high school graduation class reunion in Hereford. This was in connection with the Deaf Smith County Pioneer Day. And another day last week Gladys Jones Benson attended her graduation reunion. I didn't get the way back years of either class. Hazel Waggoner attended her class of 1932 reunion at Kress. This was last Saturday, the 30th of May. Hazel's friends Mrs. Virginia Rucker, of Los Angeles, Calif., and Mr. and Mrs. Cliff Gandy of Hereford came by for her. This was in the home of Mr. and Mrs. Chester Meader at Plainview. Others from here were Dero and Lorena Cates. They were Kress Students. Rachel Graham and daughter Dorothy Sheffy made a trip to Marlowe, Okla., for a visit with Mrs. Graham's sister Henry McMurry.

Connie Rodgers and her friend, Mike Glease, of Clovis, made a surprise visit to Connie's grandmother, Leora Calhoun, in the hospital recently. It made grandmother feel much better.

Ray Aldridge came over from Ruidoso last week and moved his mother Mary Booher, over there. Mrs. Booher has not been well for a few months. She will be in a nursing home till she is well. Ray and Mecca have a big motel and apartments in Ruidoso.

Josie Bradford and Jennie Ritzer spent a few days at Hobbs, N.M. visiting her brother Rev. J. O. Roden and Josie's nieces Sara Lann and Jodie Smith.

Andy and Oleda Schumacher piloted the van to Amarillo where they and 15 people attended the Lawrence Welk show. Andy says it was extra good music. Those feet just patted in time to that band music. I listen on Saturday night.

Juanita Fulfer and daughter Wynema Adams of Hale Center were in town Saturday for Mrs. Lippard's service. And they were visiting long-time friends they knew when living in Dimmitt.

Joyce and Randy Bills of Earth had supper last Thursday for her parents Rex and Darlene Wooten and Amy and her brother, his wife, and boys, Dud and Bobbi. This was the 26th anniversary for Rex and Darlene and the fifth for Dud and Bobbi.

Mrs. R. E. Cogswell of Plainview was a welcome visitor at the Bedford St. Church of Christ, Sunday. She had a special invitation to hear the lesson given by Carlos Calvert. She had lunch

with Millicent Davis and her family. Mrs. Cogswell taught school in Dimmitt several years ago. Her husband was Dr. Cogswell.

This was bridge week.

Doris Lust was hostess to some friends with bridge and dessert and coffee Thursday. Guests were Mildred Bradford, Dorothy Mayfield, Ruth Jackson, Ina Cleavinger, Dorothy Gilbreath, Martha Dannivek, and Jo Eddie Riley. Virginia Gilbreath had a few friends in Thursday for bridge and ice cream and I hear very good butterscotch cookies. Having fun were Jeannie Miller, who won high score, Ann Carpenter, second high, Dorothy Elder, Maxine Tidwell, Edna Riley, Anita Morris, Betty Parish and Murna Miller.

Betty Cartwright was hostess to the Friday players of bridge with a good steak dinner with Elena and Wilda. Betty Renfro won high score and Johnnie Vannoy was second high. Others were Josie Bradford, Jeannie

Miller, Opal Bearden, Dorothy Elder, Tina Rawlins, Retta Cluck, Myrtle Sheffy, Gladiola Shipley and Koma Ratcliff.

Those at Susie Reeves' party were Jo Gregory, Helen Richardson, Cleo Forson, Opha Burks, Oleda Schumacher, Betty Cartwright, Koma Ratcliff, Fern Dickey, Faun Welker, Boots Kaderly and Johnnie Vannoy.

The Senior Citizen House is a wonderful place to have your parties. Go by and check about the day.

Myrtle Lois and Russel Moran entertained their dinner-bridge club last Tuesday night in their home. Guests were Aural Davis, Carole and Goldman Dyer, Sue and John Merritt, Dorothy and Ted Sheffy, Shirley and Harold Stephens and Esta and Charles Vandiver.

Frank Welch, Stanley Gerber and Tommy Kenworthy attended the Wild West Rodeo at Marvin Schulte's Ranch. Frank says

the most fun was watching Tommy get bucked off in the wild mare race.

A NEW BIBLE ...

for ME!

She really is delighted because her church is presenting her with a new Bible. She understands and appreciates this gift, because in earning it she has committed many verses to memory, and thus learned to value God's word. The churches desire that all would study and learn to love God. Plan to attend church and share in this knowledge and joy.

Remember thinking that nothing good could possibly come from the heatwave of '80? Something has. Drought conditions, like those of last summer are, if nothing else, ideal for research directed toward finding stress tolerant plants. Corn hybrids, with improved drought tolerance are available this year as a direct benefit of the 1980 blister. On the market this year are seeds with improved root systems and sturdy brace roots to aid in upright growth. New corn hybrids will also have minimal leaf scorch characteristics, as well as larger ear size and, possibly, double ears which will boost yields even if weather stresses call for reduced planting populations. Hybrids with superior germination ability have also been developed, as well as plants with severe cold, stress adaptability. Just another example of American producer's determination - when there is a need, they will find a way.

Bible school is underway

By MRS. OWEN ANDREWS
Bible School at Frio Baptist

Church was in session this past week. 76 were enrolled. Rev. Gene Tone was Principal, and Mrs. Ted Caro was secretary. Kitchen helpers included Mmes. J. E. Warwick, Clayton Jobe, Gary Hathaway and Richard Price.

Children through junior age were included in the school, which closed Friday with a picnic in a Hereford Park and commencement at the church.

Junior high and high school students are involved in a Bible school this week, with the group meeting in homes each evening at 8 o'clock. Adult directors for the study include Mrs. Earl Harkins, Mrs. Clark Andrews, Denie Caro and Van Mason. Homes involved include the Earl Harkins on Monday, the Gary Masons in Hereford on Tuesday, the Kenneth Fries on Wednesday, the Jack Rogers in Hereford on Thursday and the Clark Andrews home on Friday.

Mr. and Mrs. Clark Andrews visited last week with their grandson, Jamie, and his parents, the Rocky Andrews - in that order, so they are teased - and the Glen Andrews, all in the Carthage, Mo., area.

Mrs. Annie Lee Dobbins, Robert Dobbins, Mr. and Mrs. Edgar Vinson went to Winters for funeral services last Wednesday for Mrs. G. W. Scott, sister-in-law of Mrs. Dobbins. Services were in the First Baptist Church of Winters and burial was at Wingate. Mrs. Scott died suddenly June 1 as she was being prepared for surgery for a fractured hip in the Abilene hospital. She had been to New York to attend graduation at West Point Military Academy, one of her grandsons being one of the graduating seniors. She suffered a fall while there, and the hip injury resulted.

Another important event for the Taylor and Brooks family was the wedding of Kim Taylor, daughter of Mr. and Mrs. Larry Taylor, to Ronnie Sanders of Hereford, May 30 in Friona Calvary Baptist Church. Attending from this community were the Dee Taylors, Kenneth Taylor and Mrs. Brooks, and her brother-in-law Earnest Brooks.

Billy Sayles of Lubbock, who was killed in an accident two miles east of the Canadian River Bridge Saturday, was a brother of Mrs. Jimmy McMillon of Hereford. Two other brothers were also injured in the accident, along with two other men. The McMillons are active Frio

Dimmitt man signs with US Air Force

Kevin Lee Poteet, son of Billy and Tommie Poteet of Dimmitt, entered the US Air Force Delayed Enlistment Program on June 5, according to Sgt. Bill Phillips, the Air Force recruiter in Clovis. Poteet selected the intelligence area for job training and will attend a six-week basic military training course at Lackland AFB, San Antonio, beginning Dec. 30. After successful completion of basic training, Poteet will automatically be enrolled in the Community College of the Air Force, in which he will receive transferrable college credit. Sgt. Phillips said the Air Force still has openings for qualified young men and women. His office is located at 304 Main St., Clovis, or call 762-2000 collect.

Frank Welch

Higginbotham-Bartlett names Welch manager

Frank Welch has been named by the Higginbotham-Bartlett Co. as the new manager of its Dimmitt store, succeeding the late George Howell.

The announcement was made by Lanham Higginbotham of Dallas, president of the company.

Welch, 29, has been with the Higginbotham-Bartlett Co. six years. A 1970 gradu-

ate of Dimmitt High School, he is active in the Dimmitt Jaycees and the Young Farmers. He and his wife, Kathy, live at 619 NW Seventh St.

The Higginbotham-Bartlett Co. is the oldest store of its type in Dimmitt. The local store started as the Panhandle Lumber Co., and was purchased by Higginbotham-Bartlett in the early 1930s.

The store sells a full line of lumber, building supplies, hardware, tools, home appliances, paints, and farming and livestock supplies.

Other members of the Higginbotham-Bartlett staff here are Pat Hardy, Dolores Griffitt, Mike Sperry, Kyle Weatherford and Jerry Ogas.

'TEXAS' to open June 16

"TEXAS," the musical drama of Panhandle history written by Paul Green, will open for its 16th season June 17 and will run Monday through Saturday nights through Aug. 22.

There will be one Sunday performance, on July 5.

The performances begin at 8:30 p.m. in the Pioneer Amphitheater of Palo Duro Canyon State Park. Tickets range in price from \$2 to \$7 for children and \$4 to \$7 for adults.

Tickets may be purchased through the Dimmitt Chamber of Commerce at 647-2524, 201 E. Jones.

TO MAKE life easier on both a young foal and its mother, wean the foal gradually at three to six months of age, suggests a horse specialist with the Texas Agricultural Extension Service. Abrupt weaning by separating the foal from the mother is hard on both. Placing the foal and mare in adjacent stalls and separating them a few hours each day makes weaning a more gradual process. Make sure the foal has access to creep feed, hay and water.

Wheat acreage up; corn and milo down

Texas farmers indicate they are planting a million more acres to crops this year, with wheat and soybeans leading the way.

"How well they fare will depend on weather conditions and the marketplace," points out Dr. Carl Anderson, economist with the Texas Agricultural Extension Service, Texas A&M University System.

The largest increase is in winter wheat, where acreage is estimated at 7.7 million acres. This is up from 6.8 million in 1980.

According to Anderson, the increased wheat acreage is due to a strong market last fall at planting time, the need for winter grazing to supplement drought-reduced forage supplies, and the opportunity to gain cash flow sooner in the year than from cotton, grain sorghum and corn.

While wheat grows over a large part of Texas, leading counties usually are Ochiltree, Hansford and Deaf Smith.

Soybean acreage may total 800,000 acres, up to 100,000 from 1980. Interest in soybeans remains strong because the crop tends to offer lower production costs and is relatively free of crop pests.

Soybeans in Texas are grown along the Upper Coast, in the High Plains north of Lubbock, and in the Red River area of Northeast Texas.

Grain sorghum acreage is expected to decline to 4.6 million acres in 1981, down from 4.8 million in 1980.

Grain sorghum, a statewide crop, has lost ground largely because expected returns for alternative crops such as cotton and corn have been competitive, points out Anderson.

Interest in growing corn, however, is being dampened by the high cost of irrigation water. After reaching a peak acreage of 1.8 million in 1977, growers are expected to plant about 1.4 million acres this year. Almost half of the state's corn crop is produced in Parmer, Castro, Hale and Lamb Counties.

Although cotton acreage is expected to fall slightly short of the 7.85 million acres planted in 1980, the crop remains a favorite. More than half of the nation's indicated 14.415 million acres will be in Texas.

A major factor contributing to large plantings of cotton is

the surging cost of pumping irrigation water, notes Anderson. With cotton, farmers can stretch water farther and keep cash flow at a higher level than with grain sorghum or corn.

Besides, the price of cotton has generally been more favorable than for grain sorghum or corn.

Rice, grown in 20 counties along the Upper Coast, remains an important Texas crop. Acreage this year is expected to climb to around 619,000 acres, almost 30,000 more than in 1980. Nearly all the rice is grown within 150 miles of Houston, where most of it is milled and packaged.

Although the price level of Texas rice has been reasonably strong, it is sensitive to year-to-year variations in world production and supply-demand relationships. American growers account for just under two percent of world rice production but are responsible for about a fourth of the world rice trade.

With hay supplies short, harvested hay acreage is expected to rise to three million acres this year, a 330,000-acre increase over 1980, says the economist.

Peanut acreage is subject to some uncertainty because of the high cost of seed. Early this spring, farmers said they intended to plant some 315,000 acres, about the same as last year. Good peanut prices, resulting from limited stocks, will likely encourage growers to fulfill earlier planting intentions, believes Anderson. Five counties — Comanche, Frio, Eastland, Atascosa and Wilson — account for half of the peanuts grown in Texas.

Acreage planted to such minor crops as barley, oats and sugar beets is estimated to advance some 7 to 11 percent.

Sunflowers are down to about 60,000 acres, 5,000 less than a year ago.

Flaxseed has almost disappeared, with only 1,000 acres intended for this year.

compared with 4,000 last year.

"This year's increase in intended crop acreage clearly indicates Texas farmers are ready to grow more crops to meet the world's growing need for more food," says Anderson. "The key factor is for prices to reach high enough levels to offer a profit incentive."

Free vaccine clinic slated

A free clinic offering vaccines that give protection against childhood diseases is scheduled Friday from 9 a.m. to 12 noon at the Dimmitt city hall assembly room.

Protection will be offered against polio, diphtheria, lock jaw, whooping cough, measles, rubella and mumps.

There will be no charge for the clinic, which is offered through the Texas Dept. of Health.

Your eyes say a lot

Do you look 'em straight in the eyes? Your personality is often judged — rightly or wrongly — from how you use your eyes, says Dorothy Taylor, a family life education specialist.

If you make a lot of eye contact, you are probably thought to be friendly, outgoing and self-confident, she says.

If you avoid eye contact, you may be seen less favorably — as evasive, shy, defensive or indifferent.

'Pause' set for Sunday, US Flag Day

Sunday is Flag Day, and the American Legion Auxiliary is asking everyone to join with President Ronald Reagan at 4 p.m. in a "Pause for the Pledge."
"We need now, more than ever, to inspire the unity of the people of the United States, to instill patriotism and to create an awareness of the responsibility each of us owes to this great nation," said Betty Wilhelm, Auxiliary representative.

Library lists summer hours

During the summer, Rhoads Memorial Library will be open Tuesday through Friday from 9 a.m. to 6 p.m., and Saturday from 9 a.m. to 12:30 p.m.

The library will offer a Bigfoot Summer Reading Program, which will feature a reading log for each reader, the chance to win a variety of prizes and a special puzzle which will be completed as readers are able to accumulate their pieces on the board.

The Friends of the Library are sponsoring a Children's Story Hour this summer, Fridays from 10 to 11 a.m., for pre-schoolers ages 3-5.

Other library programs for the younger patrons which will continue through the summer will be contests and brain teasers. These will be based on reading and library skills.

Friends of the Library will continue their book sale through June. Books in this sale include paperback romances, current fiction, children's books and curiosity books.

Sponsors commend Nazareth seniors

Dear Editor,
We want to thank whoever was responsible for selecting the sponsors for the Nazareth High School seniors. It allowed us a marvelous experience which I am sure none of us will soon forget.
The students made us feel young again. They were so full of life, so funny and uninhibited. Some of them were quiet, others loud and comical, some were mischievous, but not bad. All of them capable of becoming ultimately superb. They bent well to every situation. They were unique and special, individually, and as a group.
They were unselfish and sharing on the bus. When one would start singing, the others would join in. Their voices harmonized so perfectly, making the most beautiful sound this side of heaven. The awesomeness of it all was enough to make us cry, and we did.
There is such a negative attitude these days about young people, however one would have to be around these kids for only minutes before one can sense the feeling of hope, that not all of them are wasted. These kids can restore one's faith in humanity in just a matter of minutes. As adults, we need to understand, sympathize, and recognize our kids at home, at school, and in the community.
The right kind of love, affection, communication, and attention and lots of prayer will do much towards helping shape the lives of these, our future leaders of America.
Thanks kids for allowing us to be part of your senior trip.

Tennis association is formed

The Dimmitt School Board Monday gave its approval to the development of a tennis association which is being formed to promote interest in tennis.
Spokeswoman Doricell Davis told the board that the association is trying to organize and is planning to utilize the school tennis courts to the fullest.
The association plans to function throughout the year, with the understanding that the school has top priority on court usage.
Different groups of tennis

players will probably be scheduled at given time, Mrs. Davis said, adding that there will be a women's night, a men's night and a special time for children to play.
Memberships will probably be \$25 for a family or \$5 each for school-age youth, she said. The money will go to purchase nets, repair screens and help with the upkeep of the courts.
"How will you handle it when both (the public and the association) are clamoring for the courts?" trustee Jimmy Cluck asked.
The association will leave one court open, unless a three-day tournament is held, Mrs. Davis said.
"There's usually no problem," she said.
Board member Deanne Clark pointed out that tennis is taught in school, but that it is usually squeezed in after basketball season and taught after school hours.

Most diligent players must work much on their own, she said, adding that a tennis association would help those players.

Barry Love said that he thought one benefit of an association would be that it would help curtail vandalism on the courts.
Even though the association representatives were asking the school board's approval, Supt. Robert Ryan said that the board really has no authority one way or the other. However, the association wanted the blessings, sanction and support of the board, he added.
"It will be like an organized booster club that would support the band or football," Ryan said.
The board approved Don Gregory's motion to allow the tennis association to form and to carry out its plans.

Tennis group sets meeting

A meeting of the newly formed Tennis Association will begin Sunday at 4 p.m. with tennis at the Dimmitt High School courts. The group will move to the Bill Clark home, 225 NW 12th St., at 7:30 p.m. for ice cream and a business meeting.
Purpose of the new association is to promote tennis in the Dimmitt area, particularly among the youth, according to Chamber of Commerce Manager Delores Heller.

The association plans to hold monthly meetings and have scheduled playing times. Its first goal is to raise money for lights on the two unlighted courts at the high school.
The association also plans to put signs at all courts in the city prohibiting roller skating and any other activities other than tennis on the tennis courts, to prevent damage to the courts.
Dues for membership to the Tennis Association are \$25 per family and \$5 for single, school-age persons.
Tennis Association officers are Doricell Davis, president; Ruth Kitchens, vice-president; Jean Petty, secretary-treasurer; Joyce King, tournament director; and Joyce Rickerd, telephone committee chairman.
Interested persons are urged to attend Sunday. For more information, call Doricell Davis, 647-5597, or Ruth Kitchens, 647-3496.

Wednesday opening slated for 'Texas'

In preparation for the opening of the 16th season of "TEXAS" on Wednesday, June 17, there is excitement and action in every department.

In the office, the box office staff is answering constant phone calls. Bus reservations are higher than for any previous year, and a large number of reserved-seat tickets already have been ordered and set aside.

Much of the rest of the staff is working on the souvenir program — matching pictures to stories, getting the credits for last-minute arrivals, checking the spelling of names, laying out the pages, reading the proof, checking and typing the names on the lists of members, finding pictures for the memorials.

The publicity department is preparing names and pictures of all 140 people in the company so that stories may be sent to each of the home town papers involved. They are getting ready to package 250 short videotaped and filmed spots for TV and another 250 for radio, which will be delivered Monday and

be sent all over the country to stations that have requested them.

There are many calls to the president of the Texas Panhandle Heritage Foundation, George Lokey of Amarillo, concerning the program for the gala, which will honor New Mexico this year. The 12 New Mexicans in the cast will be spurred by the presence of their governor, Bruce King, and his wife in the audience. There will be a short reception for the Kings in the theatre patio at 7:30 and they will be saluted with a drill by six of the honor guard drill team from West Texas State University carrying the flags of New Mexico, Texas and the United States.

Meanwhile, in the two fine arts buildings at West Texas State University, and at the canyon, rehearsals and preparations for the show go on. At 1 and 6 p.m. each day, the whole company meets for exercises and warmups. In three weeks all members of the staff have to develop enough stamina to run a quarter of a mile from the dressing room, down into the passageway behind the stage which the actors call the "dipping vat," and back up on the far side ready to sing and dance as they run out on the stage.

After the warmups and announcements, the company scatters. Dancers go to the studio in the Mary Moody Northen Building for intensive work on their numbers. Orchestra members go off to practice, or join the singers to accompany them. Actors go

through their scenes in the intimate theatre. And everywhere in the halls, people are studying and practicing as

they wait for their scenes.

In the canyon, the technical crew is painting, designing and repairing, putting the

seats in order and putting them out, cleaning the stages, and working on the trail to the top of the cliff with the aid of

the staff of Palo Duro Canyon State Park, where the theatre lies.

Members of the sound and light crew are climbing up and down the face of the 600-foot cliff which backs the stage, stringing lights and putting them where they will bring out the interesting rock features of the wall, checking the path where the cords for the lightning lie, and staying late at night waiting for full darkness to test the lights and work out the various effects.

The manager and his crew spend many evenings getting the souvenir shop ready.

The company has already held several rehearsals in the canyon.

Last, but not least, the staff of the park is working on the grounds — watering, mowing, thinning — so that the area will be at its best when the show opens.

When the first audience member of this 16th season takes his seat, he may know that thousands of hours have been spent getting ready for him.

For tickets and information, call 806-655-2181 or write "TEXAS" Box 268, Canyon, Texas 79015. Tickets are also available at the Dimmitt Chamber of Commerce office, in Amarillo at Montgomery Wards, in Canyon at 2010 Fourth Ave., and through Ansaphone in Lubbock.

The season runs through Aug. 22, nightly except Sunday. There will be a single Sunday performance on July 5. It is well to make reservations in advance.

Nothing in Texas touches DU-TER FUNGICIDE

When it comes to effective leafspot control in sugar beets, nothing touches DU-TER for control or convenience.

- **CLEAN AND EASY**—Just open the outer bag and the water-soluble inner bag drops into the tank, leaving no bulky containers to dispose of. Dissolves quickly, sprays easily.
- **ECONOMICAL**—In Texas field trials, DU-TER plots produced the highest sugar yields. Yet, DU-TER spraying costs were lowest!
- **DEPENDABLE**—In more than 10 years of use, leafspot has shown no known resistance to DU-TER. Ask your farm chemical supplier today for DU-TER fungicide. Nothing in Texas touches it.

Reunion turns up surprise relatives

By VIRGIE GERBER

The families of Frank Venhaus had a family reunion at Elwood Park in Amarillo Sunday. About 150 relatives enjoyed a noon meal with plenty of good food for all. Attending were relatives from Dumas, Happy, Amarillo, Hereford, Nazareth, Friona, Hobbs, N.M., Shallowater and Plainview. S. J. Bryan and his wife, Kay of Hobbs, especially enjoyed the reunion — they were reading the "Schroer Family Book" and found that she had a fourth cousin, Harold Venhaus, living in Hobbs. She called Harold, who had been living only two blocks away for six years. Their children had been going to the same school in Hobbs and already knew each other. The Schroer Family Book was enjoyed by all at the reunion. Games were played by everyone — a dad and son ballgame, volleyball, horseshoes, music and singing, lots of "remembering when" and pictures were enjoyed by all.

Large crowds of fans attended and enjoyed the fifth annual rodeo Friday and Saturday evening and Sunday afternoon.

Attending the wedding celebration of Kenneth Braddock and Vi Ann Wright in McKinney Saturday were Mrs. Josephine Ball and Fred, Carl Dean and Mary Kleman, Dale and Mona Brockman, Vincent, Christine and Bruce Braddock, Florence and Lucille Schacher, Florene Brockman, Charles, Roberta and Mary Kay Braddock of Louisiana, Dan Schilling, Kevin Gerber and Susan Rossi.

Jimmie, Bobbie, Michael and Robbie Schmucker left here last Wednesday and enjoyed Six Flags over Texas before going to McKinney for the Braddock wedding. They also visited with Vernon and Esther Braddock.

Jim, Anne and Nancy Frail of San Antonio are visiting here with the Joe Lange families and friends. Out of town visitors at the Lange home were Sister Cordelia,

Elizabeth Johnston and the Frank Hollebaughs of Amarillo, the Bill and Tom Lange families of Hereford, the Bob Chrom family and Steve Brown family of Amarillo.

Rose Ball was honored with a surprise baby shower last Wednesday evening. Family members from Amarillo and Pep were there and many friends from here.

Congratulations to Bob and Shirley Schacher on the birth of a baby girl June 5 in the Tulia hospital. She has been named Judy Ann. The grandparents are the Florence Schachers and the Leonard

Dempseys of Dimmitt. Leroy and Colette Hoelting and children of Colorado Springs, Colo., are here visiting their families, the Greg Hoeltings and Leonard

Conrads. Lori Gerber, Becky Hoelting and Vera Ramaekers are spending a week north of Amarillo doing volunteer work at the Muscular Dystrophy

Camp at the Episcopal Conference Center.

Ed and Leola Ramaekers, Albert and Rita Hartman, Fritz and Julene Gerber and Art Brockman catered a

supper for the members of the Deaconite Program at West Texas State University in Canyon. This was sponsored by the Nazareth Knights of Columbus Council.

Harman wins drag-race cup

Billy Harman took home the 4 1/2-foot tall Budweiser Trophy Cup after winning first place at the Amarillo Drag Races last weekend.

Harman, in his 1967 Dodge Coronet R/T, won first out of 25 racing contenders in his class, with his racing times averaging around 14:50 in the quarter mile.

This was Harman's third first-place drag racing trophy.

THE WILD MARE MILKING CONTEST creates a cloud of dust and a chorus of grunts and moos Sunday afternoon at the Nazareth Country Rodeo and Wild West Show. At far left in

photo are Tommy Kenworthy and Stanley Gerber, who teamed with Rick Hunter [who is somewhere behind the cow with a bottle] to win the contest with the best three-day time. The

object is for a three-man team to catch a cow and hold her long enough to get some milk into a pop bottle, then deliver the milk on foot back to the starting point.

SAFE—Dimmitt first baseman Larry Espinosa stretches for the throw during an attempted double play, but the Olton runner is safe in the Senior Babe Ruth ALMO League game here Sunday afternoon. Dimmitt won the game, 6-5.

Dimmitt chalks up two come-from-behind wins

Dimmitt's Senior Babe Ruth team boosted its win-loss record to 6-3 by chalking up two victories during the past week.

Dimmitt got a fairly late start in the Wednesday night game with Nazareth, scoring three runs in the fourth inning and three in the fifth for a 6-4 win.

Ron Rickenbrode and Johnny Nino lead the way in Dimmitt's batting game with two hits apiece. Jerry Ogas was the winning pitcher.

In their Sunday game against Olton here, the Dimmitt lads scored on a

hit-and-run play in the final inning for a 6-5 win. Olton came out strong, scoring all five of its runs in the first four innings of play, but Dimmitt kept plugging, scoring one run each in the first, third and fourth innings, two runs in the fifth and one in the

seventh. Bryan Armstrong had two hits and Johnny Nino, Fermin Gonzales, Ricky Gonzales, Terry Mixson, Danny Montes and Zeke Garcia each had one hit. Zeke Garcia drove in Terry Mixson with the winning run in the seventh.

Bowlers earn \$825 for fund

The recent Nazareth Benefit Bowling Tournament netted \$825 to be given to the Louis Huseman family for Mary Jean Huseman.

The tournament was held to help defray some of Miss Huseman's medical expenses. She has spent considerable time in M. D. Anderson Hospital in Houston this year, and has had a leg amputated due to bone cancer.

"It was indeed a huge success," said tournament chairman Nancy Acker, "but only because of all who came out and fully supported this worthy cause."

About 50 bowlers entered the tournament, which was organized by the Catholic Daughters and Knights of Columbus. They entered either singles, doubles or teams.

Tournament play, held at the Tulia Bowling Lanes, began with the singles event at 10 a.m. The doubles event took place at 2 p.m. and ran to the starting time of the team event at 5 p.m.

A snack area was available to bowlers and spectators during the afternoon, serving hamburger plates prepared by the Senior and Junior Court members of the Catholic Daughters of Nazareth.

Prizes were awarded to the top bowlers in each division, which included high game scratch and handicap, high series scratch and handicap, high singles individual, high doubles, high team, and overall high individual scratch and handicap.

Tulia Bowling Lanes awarded shirt patches for

those bowling 200-pin games or over. Six games in the tournament were 200 pins or over, with the overall high game being 222.

STATEMENT OF NONDISCRIMINATION

Swisher Electric Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, sex or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color, sex or national origin in its policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complaints will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.
