Thursday, October 27, 1977

12 Pages in One Section

Number 85

**COTTON BLOOMING FOR THE THIRD TIME...**Picture taken Monday, October 24, shows the third crop of blooms for some cotton growing inside the Lockney city limits. The cotton first bloomed around July 1; the second set of blooms came after rains in late August; and producer Jerry Ulmer noticed the third group of blooms Sunday morning, after the plants had been defoliated. Ulmer credited the latest blooming to rains two weeks ago and unseasonably warm weather most of this month and last. The multi-blooming cotton field is in the southwest corner of the city, on 8th Street just south of the elementary school. The dryland Paymaster 303 was planted May 10, chemically defoliated October 17. (Staff Photo)

## Rainfall Sets Up Wheat Sowing

Thunderclouds rolling in from the Gulf supplied Floyd county with some needed moisture last Saturday.....and the rainfall seemed to get better the farther east they drifted. Over in the Dougherty area up to two inches were reported. Downtown Dougherty (Producers Elevator) reported 1.4 of rainfall.

inch. McCoy area and the Floydada area reported around .6. The South Plains area received an inch of moisture. The moisture was greatly appreciated by wheat farmers, although some had already "dry sowed" their wheat crop, some were waiting for a good rain. (some are still waiting).

It seems that few farmers will be using the expensive irrigation to water up the wheat crop, as the expected loan price at harvest time is only around \$1.90 per bushel.

Of course the moisture delayed the cotton harvest a day or two, but the warm dry weather came back to fluff out the cotton crop by Monday.

### NO FREEZE

Although frost has killed some cotton, the official weather chart at Pioneer Natural Gas in Floydada shows the lowest temperature this fall as 36 degrees on October 13.

Back on the west side of the county, Barwise reported only a quarter of an

## Hospital Administrator To Speak At Rotary

Lockney General Hospital administrator Gayle Fortenberry will present the program at the Lockney Rotary Club's Friday (October 28) noon meeting in the Lockney Rebekah Lodge Hall.

to contact Rotarian Wilbur Mize in advance. Charge for the meal is \$2.25.

There is no charge for the program, which begins at about 12:20 p.m.

## GAB Club Selling Red Windbreakers

Lockney Girls Athletic Boosters club is selling lined red windbreakers. The jackets feature both the Longhorns and Lady Horns emblems, and are available by special order only. Cost of the windbreakers is \$15 each.

To order your jacket call Karen Evans, 652-3747, by November 5.

## No School Friday

There will be no school in Lockney tomorrow (Friday, October 28). Teachers will attend the regional Texas State Teachers Association convention in Lubbock.

All school offices except the tax assessor-collector's office downtown will be closed.

## Meeting Tonight

There will be a general community meeting tonight (Thursday, October 27) at 7:30 in the Lockney Community Center, 113 SE 1st. Purpose of the meeting is to elect one person to represent Lockney on the governing board of directors for the Caprock Community Action five-county area.

Community Action Center programs, projects and activities for the coming year will be decided upon.

## 'Horns Host Tulia Friday In Second District Game

The Lockney Longhorns try to even their District 4-AA football record at 1-1 when they play host to the big Tulia Hornet team, already 1-1 in the district

standings. The 'Horns are coming off an open date last Friday, following the 23-19 loss to county rival Floydada the previous week.

"We've been pleased with the crowd support each week so far," Head Coach Jim Warren said this week, "and we need a super effort from the fans this Friday."

Warren's team is the underdog in the contest, but the Longhorn coach estimates the home-field advantage to be "considerable," especially if the Lockney fans remain extremely vocal—and numerous—in support of their Ragin' Red" team. "We like to play at home—I'll put it that way," Warren said. "We still have a chance at the district

championship," Warren stressed. "But we have to win three in a row, starting with Tulia." The Longhorns play at Abernathy next week, then wind up the season playing Idalou, ranked fourth in state AA polls, at home on November 11.

Tulia has exhibited a stingy defense in every game but one (a 34-7 loss to Idalou) this season. Hornet defenders have notched three shutouts this year, a 12-0 skunking of Floydada last week and season-opening wins over Olton (14-0) and Lubbock Christian (12-0). The Tulia team has also defeated

Friona (27-7) and Dimmitt (7-6), and lost to Muleshoe (10-7) and Wellington (14-13).

Everybody on the Longhorn team is healthy and rested, after an open date last Friday.

Fans here Friday night can look for lots of ball-carrying action by Tulia's Don Burgess, a quarterback/running-back (they move him around), halfback Mark Buchanan and fullback Monte Jones.

And Danny Clark, with over 1300 yards rushing and 14 touchdowns this season, is always a threat to "break one" for Lockney.

## Boyd Lee Wins Contest

Boyd Lee, Box 35, Lockney, won the first prize in the Beacon football contest last week. Lee collected \$10 for

an entry with three misses and a 27-point guess in the tie breaker section. Lee missed the winner in the tie breaker, but so did nearly everyone else—only two contestants (Sheree Cannon and Anne Lee) picked Tulia to beat Floydada in the tie breaker game, and they missed too many other games to be in contention.

There was a tie for second place between Dora Garcia, Box 814, Lockney, and Tommy Cathey, 1121 S. Wall, Floydada. Both missed three games and guessed 30 points would be scored in the tie breaker game (actual total was 12, with Tulia doing all the scoring). They split second and third place money, winning \$5 each.

Two other contestants—Treva Ham-bright of Floydada and Roy Saucedo of Lockney—missed three games but guessed 35 and 39 points, respectively, on the tie breaker.

Submitting four-miss entries were Juan Garcia, W. L. Carthel and Irene Lee of Lockney, and Jim Curtsinger of Lubbock.

Toughest games in the contest were the Utah-Arizona scoreless tie (everybody missed that one); Notre Dame's 49-19 pounding of USC; Princeton's 20-7 win over Harvard; and the Stanford-Washington State game, won by Stanford.

## 4-Hers Selling Pecans

Floyd County 4-Hers are now taking orders for pecans. This is our major fund raising activity this year. We hope you will support your local 4-H club by purchasing your holiday pecans from them. The proceeds from this activity will be used to help secure projects, activities, camps, trips and community service projects for Floyd County's youth.

The shelled pecans will sell for \$3.50 per pound.

Please place your pecan orders as soon as possible with any 4-H member so that your pecans can be delivered prior to the holiday baking season. You may also place your order by calling the Floyd County Extension Office (983-2806).

## BULLETIN

An explosion at the Petersburg Cooperative Grain Elevator at 2:30 p.m. yesterday left Mack Morales seriously burned and Seaton Howard suffered a mild heart attack.

Both were taken to Lubbock hospitals and there was no other information available at press time. Cause of the explosion was unknown.

## Male Population Tons Too Heavy

NEW YORK, Oct. 24—What Floyd County residents weigh, on average, and what they should weigh for proper health, are two different things, it appears.

While the problem is a general one, it is particularly evident in the male segment of the population. Men are considerably heavier now than in former years. Much of their extra poundage has been accumulated in the last decade or two.

To meet the "desirable weight" standards recommended by medical authorities and insurance companies, the local male population over age 18 would have to shed some 74,000 pounds (around 37 tons).

As for the women, they have been gaining, too. But not to the same extent. They have made more of an effort to stay slim.

Fashion has a great deal to do with it. When style dictates a slender look, they proceed to diet reduce.

By the same token, local people have been getting taller, year by year. The average Floyd County man has added 7/10ths of an inch to his height since 1960, the figures indicate. He is now slightly over 5 feet 9 inches tall, without shoes.

Local women have also been growing. They now top 5 feet 3 1/2 inches, which is about half an inch more than before. Assumed is that the general national rate applies locally.

The findings are based upon a new sample survey conducted by the Department of Health, Education and Welfare and upon similar data gathered in 1960 as part of the Health Examination Survey.

A comparison of the two studies shows that the average man over age 18 has put on more than six pounds during that period and now weighs 172 pounds.

Applied locally, it means that area men in that age group are 19,000 pounds heavier than they would have been in 1960.

As for the women, despite their greater concern with weight, they now average 143 pounds, which is three pounds more than in 1960.

For Floyd County's female population over age 18, the overall increase amounts to 10,000 pounds.

What to do about it? The experts say that the best way to cut down is to step up physical activity and to make a permanent change in eating habits.

## IWY Opposition Planned

About 40 persons heard Mrs. Jim (Peggy) Brandon speak about "why the International Women's Year Conference is Important To You" at the Lockney Main Street Church of Christ Monday night.

Mrs. Brandon, who attended the Texas IWY Conference, said the election of delegates to the national IWY

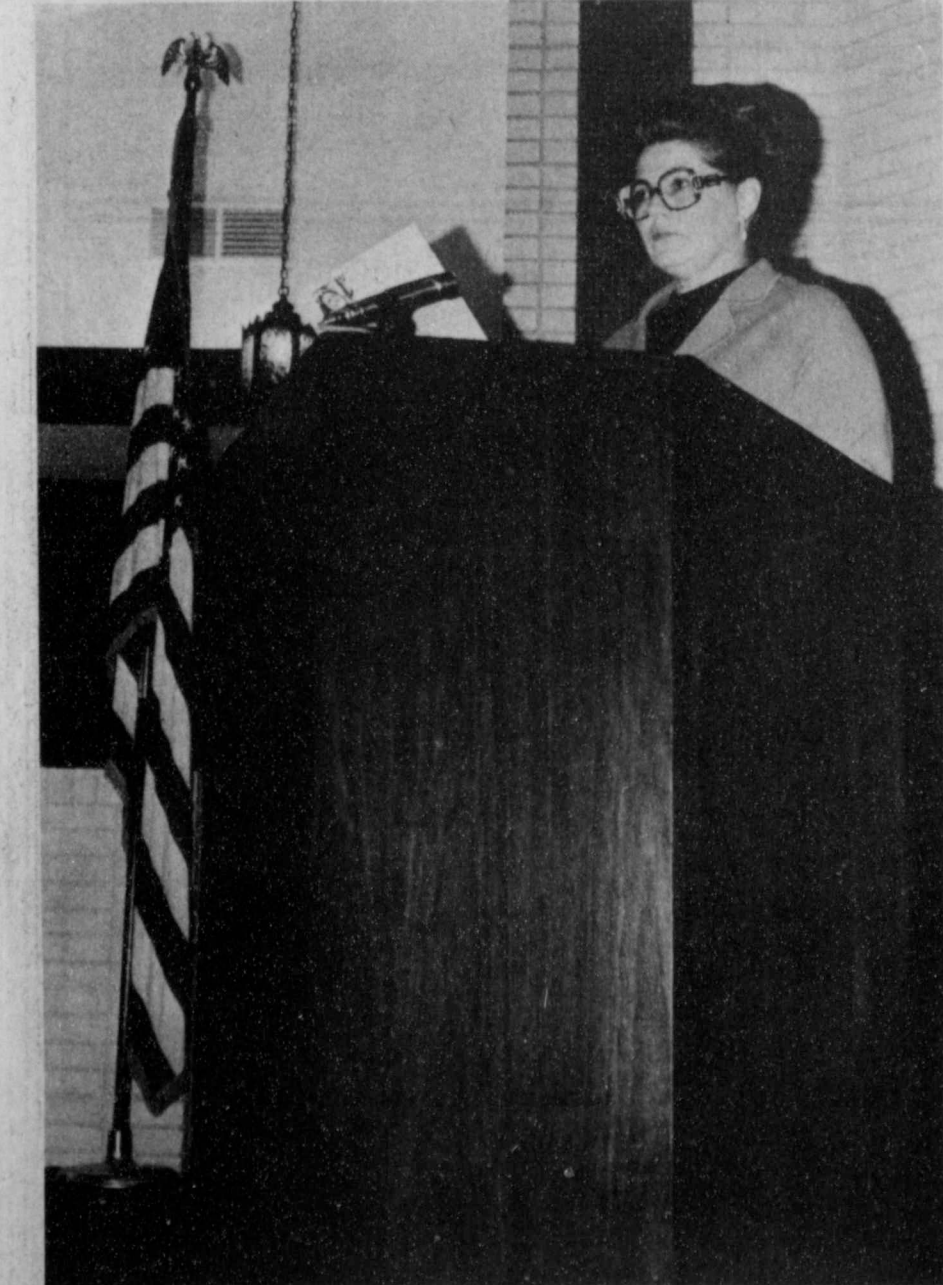

conference was unfair—that militant "feminist groups" illegally elected their representatives to the Texas—and other states—delegations to carry a message to the president and Congress that is not what the majority of American women want. (Mrs. Brandon was named an alternate delegate to the national conference.)

"There is not one pro-family, pro-marriage, or pro-God resolution coming out of our Texas convention," Mrs. Brandon said. She told the Lockney audience that the "feminists" used walkie-talkies to summon others of their persuasion when one of their (feminist) resolutions was in danger of being voted down at the state convention, and that all "pro-family" resolutions were deleted...held "not germane" by the committee chair.

Mrs. Brandon told about plans for a "counter-conference" to be held in the same city (Houston) on the same dates (November 18-21) as the National IWY Conference. "We hope to convince lawmakers that we, who love our families, our husbands and our homes, represent the women of the country..." she said. "If we're not there in sufficient numbers...they will speak for us and we will have lost by default," she added. Mrs. Brandon said there must be enough "counter-conference" supporters in Houston to outnumber the "other side" if they hope to gain national press attention.

She urged those present to sign petitions with resolutions opposing "abortion on demand," promotion of homosexuality, ratification of the Equal Rights Amendment, and government-controlled early child development programs. The signed petitions are to be sent to Houston for the November "counter-conference" and on to the president and Congress in Washington.

After Mrs. Brandon spoke, Mrs. Wayne Bramlet gave information about a chartered bus trip to the Houston "counter-conference." Buses are to leave the Plainview bus station (trips starting at Amarillo and other cities are also planned) at 6 p.m. Friday, November 18. More information about the trip is available from Mrs. Bramlet, 652-3441, Lockney.

Mrs. Jim Brandon

## Earl Smyths Honored On 50th Wedding Anniversary

### Hook And Needle Club Meets In Sue Home

ed to members- Mamie Bunch, Joy Denton, Betty Baker, Mildred Cates, Bessie Wilson, Myrtle Alexander, Foy Gooch, Rena Turner, Thelma Crawford, Flo White and Dorothy Reeves and a visitor Jimmie Wiles and Mrs. Virgil Crawford.

A going away gift was presented to Mrs. Myrtle Alexander, she is moving to her new home at Ransom Canyon near Lubbock. Next meeting will be with Flo White, Nov. 1 at 2:00 o'clock.

Mr. and Mrs. Earl Smyth were honored in celebration of their 50th wedding anniversary on October 9 in the Fellowship Hall of First Baptist Church, Miami, Texas. Earl Smyth and Gladys Widener were married October 12, 1927 in Floydada, and moved to Roberts County in 1943.

Hosting the reception were the couples son and daughter-in-law Mr. and Mrs. Cecil Smyth and their five grandchildren. Mr. and Mrs. Steve Haskell, Mr. and Mrs. Robt. Bowen, Mr. and

Mrs. Glen Ellis, and Cheryl, and Curtis Smyth.

The table was laid with a centerpiece of golden mums and carnations flanked by golden candles in gold and crystal candelabrum. Golden punch was served from a crystal punch bowl. A lovely flowing fountain was topped by a standing three tiered cake.

Assisting in the serving were Mrs. Jim Smyth, Arlington, Mrs. E.L. Widener, Floydada, Babe McLaren and Alpha McCustion.

Mrs. Glen Ellis registered guests. Among out of town guests registering were Mr.

and Mrs. Jim Smyth, Mr. and Mrs. Paul Mariner, Mrs. Bonnie Harrington, Mr. and Mrs. Smyth, and Bonnie Mariner, all of Amarillo; Mr. and Mrs. Lloyd Wilkens, Perryton; Mr. and Mrs. Tommy Emmons, Kevin and Stephanie, Higgins; Mr. Eldon Salu, Houston; Mr. and Mrs. Frank Hambright, McLean; Mr. and Mrs. E.L. Widener, Floydada; Mrs. Katie Benedict, Mr. and Mrs. T.G. Green, Mrs. Marion Jamison, and Mr. and Mrs. Steve Heare, Pampa; Mr. and Mrs. Cecil Smyth and Curtis, Mr. and Mrs. Steve Haskell, and Nathan, Mr. and Mrs. Glen Ellis, Cheryl Smyth and Alan Bump, Midland.

MR. AND MRS. EARL SMYTH

### Shower Honors Liz Lawson

A pre-nuptial shower honored Liz Lawson, bride-elect of Doug Hodel, Sunday afternoon in the home of

Mrs. A. T. Moore in Lockney.

Guests were registered by Susan Wilkes and received by the bride-elect, her mother Mrs. Johnny Lawson and grandmother Mrs. Pete Alexander, and the groom's mother Mrs. Vernon Hodel. Miss Lawson wore a corsage of pink carnations. The mothers and grandmother wore corsages of white daisies.

Mrs. Tim Jeffress and Jane Beedy of Plainview assisted in displaying gifts.

Punch, assorted cookies and pink mints were served by Janna Lawson. The serving table was covered with an ice pink cut work table cloth and centered with an arrangement of pink carnations and white daisies, accented with pink candles. Silver and crystal appointments were used.

Hostesses for the shower were Mmes. Kelton Shaw, David Turbeville, Robert Daniels, Durward Jack, N. H. Gammage, Phil Green, Sterling Cummings, Lanny Glascock, Dan Teuton, R. V. Webster, Herman Thornton, Harold Brock, Tracy Dickson, M. D. Arterburn, Louis Stapp, Jimmy Stennett, John L. Riley, T. L. Huley, Ray Aston, Doug Meriwether, Jane Beedy, Georgia Galloway, Opal Ast-

on, Tim Jeffress, and A. T. Moore.

### Senior Citizens Meet At Roaring Springs

Hostess gift was stainless steel cookware.

### Halloween Party At Rebekah Lodge

Floydada Rebekah Lodge observed Halloween Tuesday night with a program and refreshments.

Jewell Reeves presided as noble grand in the absence of Foy Gooch who is in Central Plains Hospital in Plainview recovering from surgery.

The hall was decorated in a Halloween motif. The refreshment table was decorated with a pumpkin face and black cat.

On the program, Dortha Westbrook read the history of how Halloween started in other countries, and Laules Parkey read a Halloween poem.

Members were served punch and cake after lodge was adjourned.

### Ruth Circle Meets

The Ruth Circle of the U.M.W. of the Methodist

### Senior Citizens Meet At Roaring Springs

The Senior Citizens met October 19 with the Roaring Springs' Senior Citizens' club as their guests. There were 32 members, 8 new members, and 16 visitors present.

After the luncheon, Mr. Fields introduced Charles Bradford who brought the devotional of religious songs.

Plans for renovation of the newly acquired building were discussed and committees were appointed.

An invitation to the Senior Citizens was issued by the children of Mr. Menard Fields to attend the reception to be given in honor of his 80th birthday.

church met in a social and Bible study in the home of Josie Taylor Monday at 4 p.m. Lillian Cooper led the Bible study, the 4th, 5th, and 6th chapters of the Book of Acts. Refreshments were served to Mrs. Lillian Cooper, Annie Brock, Ada Stewart, Mildred Wells, Bernice Barker, Mabel Perkins, Olive Myers, Ethel Knox, Alma McDonald and the hostess Josie Taylor.

## Alpha Mu Delta Tacky Party

Tacky is Tacky!!! At least that's what members of Alpha Mu Delta thought Monday night. From Casper the friendly ghost to "Hey who are you?", or should it be "What are you?" Members, their children and

guests, dressed in Halloween costumes or their tackiest attire, enjoyed games of apple bowling and pin-the-leg on the skeleton at its Halloween Tacky Party at Lighthouse Electric. All game participants were awarded apples, balloons and lifesavers with the door prize, a honey comb pumpkin going to LuAnn Collins.

Hostesses for this October Social were Vicki Allen, Pat Cates, Kaye Powell, and Diana Gross.

Refreshments of orange cookies, chocolate cookies, owl cookies, fresh apple cake, orange punch and hot apple punch were served.

Those attending were Brenda Leonard, Vicki Allen, LuAnn Collins, Pat Cates and daughter, Kerri Cates, Donna Henderson and daughters, Holly and Heather, Shanna and Ronnie Ferguson, guests of the Hendersons, Daphna Simpson and son Jonathan, Julie Hickerson and daughter Rhonda, Diana Gross and twins Key-

in and Kyle, Kaye Powell and daughter Heather Ilene Kendrick and daughters Laura and Christy, and Jo Ann Patterson and daughter Chantal.

### QUALITIES In Sound Little Known Facts

A sound idea when auditioning a speaker is to bring a familiar record with you to the store... a good piece of music that you've heard on a good system.

Don't judge a speaker by the way it looks, judge it by the way it sounds. Some of the best speakers on the market are designed with one purpose in mind—to duplicate live sound in the most efficient way.

ALPHA MU DELTA TACKY PARTY is pictured in their costumes at Lighthouse Electric Monday night. (Staff Photo)

Taylor from Saturday until Tuesday were Martha's sister and husband, Mr. and Mrs. J. H. Flores from Shreveport, Louisiana and Mr. and Mrs. Bob Jones and Lou Jones of Salpula, Oklahoma arrived on Saturday and stayed until Sunday afternoon.

Mrs. C. V. Lemons, Mrs. Carl F. Lemons accompanied Mrs. Marvin Lemon of Lockney to Plainview on business Monday.

Twyla Lemons is confined in her home with pneumonia.

Thada Fowler of Silvertown visited her parents, Mr. and Mrs. W. E. Lackey.

Benny Golightly of Floydada left Monday for Burleson to spend this week with her brother and family, Mr. and Mrs. Greer Lackey.

Elijah Cox, 96 who had minor surgery in the Lockney General Hospital.

Mr. and Mrs. J. R. Conner visited Mrs. Walter Wood at South Plains Sunday afternoon. Mr. and Mrs. Jack McCowan were also there.

## GED Testing Center

### Open Tuesday Nights

Crosbyton GED Center will be open each Tuesday evening at 7:00 P.M. in Room 1 in Crosbyton High School.

GED tests are for persons 18 years or older or 17 year olds who have been out of school for one year. Proof of identification and social security numbers must be presented prior to testing.

The GED consists of five subtests at a fee of \$3.00 each. One subtest is recommended per night.

Persons wishing additional information may contact Mrs. Fusselman at the school 675-2201 or at home 675-2231.

Women should probably marry younger men. At present, reports Debby Johnson, family life education specialist with the Texas Agricultural Extension Service, the Texas A&M University System, life expectancy of women exceeds that of men by almost eight years.

as Agricultural Extension Service, the Texas A&M University System, life expectancy of women exceeds that of men by almost eight years.

I would like to express my gratitude to all my friends and family for all the nice things they did for me during my stay in Caprock Hospital. The flowers, visits, telephone calls and gifts were deeply appreciated. My special thanks to Dr. Ochoa, Dr. Jordan and the entire hospital staff for their concern and kind attention. May God bless each of you for your thoughtfulness.

Sincerely,  
Mollie Burleson

## Shower Honors

Barbara

Simmons

Miss Barbara Simmons of Lubbock, bride-elect of Mike Anderson of Floydada, was honored Thursday night, October 13, with a bridal shower in the Travis Jones' home.

Guests called between the hours of 7:30 and 8:30 and were greeted by Mrs. Jones and presented to the honoree, her mother, Mrs. Joyce Lemon, and the prospective bridegroom's mother, Mrs. Louis Anderson. Mrs. Moore of Ralls, grandmother of the bride-elect, was special guest.

Finger sandwiches, cookies, nuts, wassail, and coffee were served from blue and white hand-painted appointments. The serving table was laid with a blue cloth and centered by a blue and white parasol filled with blue and white gingham flowers.

Honored guests were presented corsages of matching flowers.

Other hostesses were Mmes. Tommy Assiter, Bill Cagle, Corky Guffee, Louis Pyle, Bill Hendrix, Dale Goen, R.L. Crawford, W.L. Orman, Bill Hale, W. H. Simpson Jr., Clinton Fyffe, Tom Moore, Margaret Biggs and Ruth Trapp.

The hostess gift was stainless steel cookware.

## Honey Offers "Sweet Deal" And Nutrition for Consumers

AUSTIN—Because of its high nutrient value and usefulness, one of the "sweetest deals" in Texas supermarkets today is honey, according to Agriculture Commissioner Reagan V. Brown.

"The rising per capita consumption of honey in Texas bears out its increasing popularity," says Brown. "Texas beekeepers are experiencing an increasing demand for honey by consumers who are becoming more interested in natural foods."

Brown explained that commercial honey is an unrefined substance composed mainly of two simple sugars which are easily assimilated by the body, and which require little digestion. In addition, he said, honey is rich in Vitamins B and C, dextrins,

amino acids, calcium and potassium.

Texas is one of the largest producers of honey in the United States, said Brown, and last year beekeepers harvested some 6,077,000 pounds. Production this year is expected to total 7,420,000 pounds. In addition, Texas beekeepers increased their apiaries by 3,000 colonies in 1977, bringing the total to 106,000.

"Although this has not been a particularly good year for beekeepers due to the hot, dry weather," Brown said, "total production is expected to be up."

Brown added that another of the important functions of bees, besides producing honey, is in pollinating vital agricultural crops, from alfalfa to watermelons.

## Caprock HOSPITAL REPORT

Mary Jackson, admitted 10-3, expired 10-25.  
Sally Sue, admitted 10-5 dismissed 10-21.  
Flora Parvin, admitted 10-10, dismissed 10-19.

### High Speed Means More Accidents

AUSTIN—The director of the Texas Department of Public Safety today issued an appeal to Texas motorists to give better voluntary compliance to the 55 mile per hour speed limit on the state's highways.

Col. Wilson E. Speir said he is alarmed over the increasing percentage of drivers exceeding the speed limit, particularly in light of the increasing number of fatalities and major accidents in the state.

"From our own observations as well as surveys conducted by the Department of Highways and Public Transportation, it is indicated that the vast majority of vehicles on our roads are exceeding the legal speed limit of 55 MPH," he said.

"Meanwhile traffic fatalities are on the increase, showing an eight per cent rise over the same period last year. At last report traffic deaths have increased from 2,467 at this time last year to 2,675—an increase of 208 deaths.

"What's more, the percentage of increase in deaths is becoming greater with each passing week.

"The latest report indicates that some 74 per cent of motorists are exceeding 55 MPH. This compares to 69 per cent exceeding 55 during the calendar-quarter year ending December 1, 1976.

Spier noted that while the DPS enforcement effort has been increased tremendously—well over 100 per cent since the new speed law went into effect—shortage of highway patrol personnel makes the task extremely difficult when some three-fourths of the driving public is violating the speed law.

"We are therefore issuing this appeal to motorists in the hope they will realize that slower speeds will pay off in the saving of lives, suffering and money in the form of better gas mileage and insurance costs," he said, "in addition to extra wear and tear on vehicles."

Spier reported that there is an alarming increase of 50 per cent in deaths on the interstate system over last year, clearly indicating that excessive speed is a major factor in fatal accidents.

And he said the efforts of highway patrol troopers to remove dangerous drivers from the traffic stream will be continued.

"The ultimate solution to the problem of speeding above the limits on Texas highways will come only when the majority of Texas drivers accepts their responsibilities under the law," Spier added.

South Plains, Oct. 24th—We awoke to rain showers Saturday morning, and all during the day the skies were gray. Around an inch of rain fell over our community, with .80 reported in southern part of the area on the Alvin Nichols, Jack Smitherman and Sylvan Kiniburgh farms.

Everyone remember to call your neighbor, bring your family, and come to The South Plains Baptist Church to help in High Attendance Day for the "Top of the Morning" gathering next Sunday, October 30, and come in time for Sunday School. Goal set for the day is 64.

Sunday morning, October 30, is time for your clocks to be set back one hour, so please remember this, and set your clocks back one hour when you go to bed Saturday night.

Mr. and Mrs. I.H. Parks (Sparky) got back home here on Thursday after they had spent the past two weeks in Dahonega, Georgia, where Sparky's mother, Mrs. Parks, was ill with a heart attack. She was better when they left, and getting along well.

Mr. and Mrs. Sylvan Kiniburgh left here Friday for their house on Lake Kemp, where they spent the weekend. It rained on them all the time they were gone, but Sylvan did a lot of fishing.

Parents of Mrs. Nathan Johnson, Mr. and Mrs. R.Q. Botkin from Levelland will be spending the coming week with Nathan, Connie, Tracy and Troy. Her brother, and wife Rick and George Botkin from Amarillo will arrive Saturday to spend that night.

Mrs. Shelby Calahan (Margaret) has her paintings in the guest spots at the First National Bank in Floydada this month, and she is sharing this spot with Teresa Hollums. Be sure to see her pictures when you are in Floydada.

48 people met at the Baptist Church Wednesday for prayer meeting at 8 p.m. The R.A.'s met at 4:00 p.m. with Rev. Nathan Mulder, G.A.'s with Mrs. Nathan Mulder and Mrs. Royce Bethel, Mission Friends with Mrs. Arby Mulder and WMU Royal Service with Mrs. Murray Julian which met at 2:30 p.m. They studied "Baptists in Secular Europe," and the countries of Belgium, France, Austria and West Germany were studied in particular. Present here with Mmes. M.M. Julian, Fletcher Powell, Fred Blake, Tillman Powell and L.T. Wood. Remember the World Day of Prayer November 7, which will meet at Quaitaque at the First Baptist Church. Women who go will carry a covered dish for lunch time.

Word was received here on Sunday that the Fairmont Baptist Church in La Porte, Texas, where Rev. H.S. Calahan Jr. is pastor, was burned Saturday night. The members met in the chapel of the First Baptist Church Sunday, but they hope soon to have a place of their own in which to meet.

George Weast, who has been in St. Anthony's Hospital in Amarillo, has been moved to Plainview to the Central Plains Hospital and is on second floor there, recovering from a broken hip. His wife, Mrs. Myrtle Weast is again in the hospital, and is on the 4th floor of the Central Plains Hospital.

The play, "The Man Who Came to Dinner," is scheduled to be held on November 12, at the Floydada High School, and in the cast of the play from South Plains are Kelli Lyons, Dwayne Marble, Rhonette Kitchens, and Kelly Marble.

Mrs. Jo Y'Blood, from Medford, Oregon, arrived here Tuesday by plane for a visit with her sister and members of the family, Mr. and Mrs. E.P. Pritchett. Wednesday morning Mrs. Pritchett and Mrs. Y'Blood drove over to the Pritchett home in Clouderoff, New Mexico, where they are staying while the allergy season is still with us.

Mrs. Alvin Nichols Father, E.C. Cox of Lockney is in the Central Plains Hospital in Plainview, and is a little better this week. He is in room #230 at the hospital. Sunday his grandchildren Mr. and Mrs. Glen Whitfill of Sweetwater came to visit him. This Monday Mrs. Whitfill went with Mrs. Margaret Abbott of Virginia, formerly of Floydada, to

spook room, and there will also be food in the kitchen for everyone, including Frito Pies, and baked pies and soft drinks. Come dressed for the costume judging, and to scare your friends!

### Scouts Plan Disco Dance

Lockney Boy Scout Troop #259 will sponsor a "Hall oween Disco Dance" from 8 p.m. to midnight Saturday, October 29 at the Scout Hut on Main Street in Lockney.

### Floydada Man Witnesses Hijacking

Upon arriving in Atlanta Ga. last Thursday, Dr. K.C. Patzer, Floydada, witnessed the landing of the hijacker Frontier Airlines plane and much of the activity that followed for the next 14 hours at which time the hijacker shot himself.

Dr. Patzer was in Atlanta for a three day seminar of the Society of Chiropractic Orthospinology, Inc., Dr. Patzer has met all necessary requirement of this research organization and assists instruction for the seminars. He is also on the Board of Directors.

### Accident Control

On Halloween night, watch for children in dark costumes walking on roadways, shoulders and other places where you normally do not expect to see them. Their costumes may restrict their vision and movement, says the Texas Agricultural Extension Service.

## Cost Share Funds Available

Cost-share funds not to exceed \$7,500 for irrigation pipeline, tailwater pits, and land leveling are now available under the Great Plains Conservation Program WHEN other conservation practices such as parallel terraces, grassed waterways, grass seeding or other needed treatments are also installed. The Great Plains Conservation Program is administered by the Soil Conservation Service.

Irrigation pipeline is cost-shared at 50% of the footage of pipeline installed under the Great Plains Program. At present a farmer could install 7500 feet or more of 10 inch low head plastic or 10,000 feet or more of 8 inch pipeline.

Since the Great Plains Program is designed to treat all land on the farm a number of other practices can be cost-shared under the GP program such as diversions, parallel terraces, waterways, grass seeding, livestock water wells, ponds, tailwater pits, standards terraces, (under certain conditions terraces may be rebuilt), livestock pipeline, and many other practices.

Farmers installing pivot sprinkler systems could seed the corners to grass with 80% cost-share and also could obtain 50% cost-share on the irrigation pipeline to the pivot center.

Anyone who would like further information on the cost-share funds should telephone 983-2352 or visit the SCS office in the Agriculture Building.

All programs of the USDA and SCS are available without regard to race, color, creed, sex or national origin.

Sweaters once guarded warriors from the rough leather of their armor, reports Marlene Odle-Kemp, clothing specialist with the Texas Agricultural Extension Service.

UP TO \$7,500 FOR IRRIGATION PIPELINE or other irrigation practices may be cost-shared under the Great Plains Conservation Program when other needed conservation practices are also applied. In the above photo the irrigation pipeline to the pivot center could be cost-shared at 50% of the footage of pipeline installed.

### Wood Burning Heaters Coming Back

COLLEGE STATION—Wood burning heaters are back, says Sue Young, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

These heaters—the best quality are of heavy gauge sheet metal lined with firebrick may help to answer your heating and energy needs, especially if you have access to relatively inexpensive supplies of wood.

Besides supplementing their heating systems, Texas families can enjoy the warmth that only a wood burning heater can give, says the specialist.

Prices for wood heaters begin at around \$200.00. They are now on the market in attractive designs and are much more efficient than the traditional masonry or more modern freestanding fireplaces.

Airtight wood heaters burn more slowly and evenly and the fire does not flare up when wood is added. When the heater has a flat baffle system, more heat is radiated into the room and not lost up the chimney.

Models which blow the heat into the room — by means of a small electric fan utilize heat more fully.

A thermostat which controls the operation of the damper is desirable, Mrs. Young says.

Price comparisons may be difficult since firewood may be sold by the standard cord, the face cord or the truck load," he adds.

A standard cord is 8 feet long, 4 feet wide and 4 feet high, or 128 cubic feet. On the other hand, a face cord measures 8 by 4 feet on the face of the stack, with the wood cut into smaller pieces. The face cord measures about two-thirds less than the standard cord.

"The best way to compare prices is to calculate the cubic feet of wood. Measure the stack and multiply the length by the width and by the height," suggests the forestry specialist.

Following this advice will also keep the unwary buyer from making a mistake out of what happens to be a bargain. Cubic feet measurements should also be used on truck loads of firewood.

"Certain types of firewood also burn better than others," says Smith. "Hickory, white oak, red oak and pecan with excellent, long-burning woods with a high heat output. However, pine and cedar are softwoods that make excellent kindling but produce only short-burning fires.

A combination of softwood for kindling, hardwood for heat, and fruit or nut wood for aroma will make shopping around worthwhile, contends the forestry specialist.

"Always choose dry, lightweight wood over green wood," says Smith. "Drier wood can give up to 20 per cent more heat than moist, green wood."

### On Buying Firewood

COLLEGE STATION—With winter weather just around the corner, homeowners will soon be making preparations for sitting by a glowing fireplace. But these dreams of a warm fire and a cozy fireplace may go up in smoke if the wrong type of wood is purchased, cautions a forestry specialist for the Texas Agricultural Extension Service.

"Since firewood purchases are not covered by consumer protection laws, it is the responsibility of the buyer to shop and choose the right type of wood," points out Bill Smith.

George Weast, who has been in St. Anthony's Hospital in Amarillo, has been moved to Plainview to the Central Plains Hospital and is on second floor there, recovering from a broken hip. His wife, Mrs. Myrtle Weast is again in the hospital, and is on the 4th floor of the Central Plains Hospital.

## Shorthorn Gridders Beat Abernathy

Lockney Junior High School football teams soundly defeated Abernathy teams Tuesday night. The Lockney seventh grade team beat 'em 24-6, and the eighth grade Shorthorns won by a similar score, 22-8.

### LOCKNEY 24 ABERNATHY 6

The Shorthorn seventh grade team remained undefeated in district play this season (they're 2-0-1) by pounding Abernathy 24-6. The 'Horns scored in the first quarter after Kyle Brock blocked a punt deep in Abernathy territory. Johnny Lopez scored on a short run to get the 'Horns on the board, 6-0.

In the second period the Abernathy team had more trouble with an attempted punt—they didn't get the kick away, and Lockney again took over near the Abernathy goal line. Mario Arellano scored for the 'Horns a two-yard run. In the final stanza Lopez got loose on a 30-yard TD jaunt, and Robert Hernandez broke one for 50 yards and another Shorthorn six-pointer. There wasn't a successful PAT attempt in the game.

Russell Ford recovered an onside kick after the final TD to put the game away.

Coach Lyndall Favor said he was impressed with the way the team came back after some costly penalties early in the game. Favor mentioned good defensive play by Brock, Mike Lipham and Aurelio Salas.

### LOCKNEY 22 ABERNATHY 8

The Lockney eighth grade gridders' 22-8 victory over Abernathy Tuesday kept alive hopes of a district co-championship—if they can beat Idalou next Tuesday, they'll own a share of the district crown.

The 'Horns owned a 6-0 halftime lead Tuesday night, the result of a blocked punt by Victor Villalon and a one-yard TD run by quarterback Jeffrey McCormick in the second quarter.

McCormick upped the Lockney score to 12 with a

three-yard touchdown run in the third period, and Junior McDonald's extra-points run made it 14 for the 'Horns.

Still in the third, Lockney noseguard Domingo Hernandez intercepted an Abernathy pass and ran it in for another Shorthorn TD. McCormick ran for the extras.

McCormick completed four of nine passes in the game—two to Phillip Kidd, one to Henry Vega, and one to Jeff Reecer. Kidd also recovered a fumble and, along with Vega, led the 'Horns in a hard-played defensive game.

## LOCKNEY LOCALS

**Mrs. Laverna Sams** and her sister Ruth Woods are visiting in Lubbock this week.

Visitors in the home of Josephine and Verdie Smith Sunday were Mr. and Mrs. Tim Eckland, Scott and Brent from Reno, Nev. Mrs. Eckland is Verdie's granddaughter and Josephine's niece; also Mr. and Mrs. Spencer Bayley from Lubbock, Mr. and Mrs. Charles Smith Plainview, Mr. and Mrs. Dan Bayley, Lori, Jeff and Jenny of Lockney.

**Mr. and Mrs. C.H. Rose**, Mr. and Mrs. Hilburn Casey, C.L. and Lucy Dean Record, Hazel Johnson, Lena Hawkins, Mary Ansley, Helene Holt, Eleanor Schacht, Olive Myers and Edna Cox all attended a concert "This Is Love" by Freedom Singers and Son-Life. Singing groups within the First Church of the Nazarene, Plainview, Monday night.

**Mrs. Hazel Haggard's** daughter and family Bill and Jewel Wolfe and children Jimmy Scott and Kelly Jo of Elk City, Okla. came Friday to spend the weekend with her.

**Robert McDonald** is recovering nicely from his surgery and is expected to return home soon. He is in room 775 Methodist Hospital.

**Glenn Lewis** is in Methodist Hospital for treatment.

**Mrs. Jack Frizzell's** father Mr. J.C. Fletcher of Petersburg has had surgery and his son J.C. Fletcher Jr. is here to visit with his father and sister Mrs. Frizzell.

**Mrs. Peggy Findley** and son Mark of Plainview are spending a few days in the home of her parents Mr. and Mrs. Charlie Adkins.

**Mr. and Mrs. R.H. Ford** spent the weekend visiting their son and family the Jack Fords in Leoti, Kan.

**Mr. and Mrs. Jerry Ford** and Ronnie spent Sunday with her mother Lorene Parker in Wellington.

**Mr. and Mrs. Roger Owen**, Kay, and Kristie and Roy Lynn from Sunny Side spent the weekend visiting brothers and sisters in Lockney, The Tom Johnsons, Jerry Fords and Buck Fords.

**Mr. and Mrs. Mike Moon** had as their guests last weekend her daughter and husband Mr. and Mrs. Richard (Debby) Bingham of Dallas. They have just recently moved to Dallas from New York City and this is their first visit back to Texas in nearly two years. They also visited Debby's grand-mother Mrs. Olive Myers. Mrs. Myers had as other guests over the week end her daughter and husband Mr. and Mrs. Jay McPherson of Midland and granddaughter Mrs. Kenn Webster and son Jay Mark. Merle and Mike had all as dinner guests Saturday evening at their home. David Brotherton and Lana Smith of Texas Tech were also dinner guests.

**Mrs. R. L. Lackey's** daughter and son-in-law, Mr. and Mrs. Jack Kraft, and their daughter Waverly, from Midland, visited here with Mrs. Lackey Friday night through Sunday afternoon.

Also visiting Mrs. Lackey Friday night were her son and daughter-in-law, Mr. and Mrs. Jack Lackey of Dougherty. Sunday visitors in Mrs. Lackey's home were Mr. and Mrs. Audie Noland and daughter Jana. Mrs. Sylvia Yearh had lunch with them Sunday.

## Johnston Receives Scholarship

Chris Johnston, a student at Texas Tech University, Lubbock, has been named a recipient of a Farmland Industries Land Grant University Scholarship.

Johnston, a junior majoring in ag education in the College of Agriculture, is the son of Mr. and Mrs. G.B. Johnston, Jr., Route 1, Lockney, Texas.

The scholarship recipient was honored at a special luncheon Tuesday at the University. The luncheon was attended by representatives of Farmland Industries and the College of Agriculture faculty and staff.

Farmland supports schol-

arship programs at 14 universities in the Midwest.

To be eligible for a Farmland scholarship, students must be a legal resident of the state where they are attending school, have an agricultural background. Parents must be members of some type of agricultural cooperative, major in an area administered by the college (or school) or agriculture, and be in the upper one-third of the class.

Farmland, the nation's largest farm supply and marketing cooperative provides petroleum, fertilizer, agricultural chemicals, feed and farm supplies to about 2,200 local cooperative associa-

tions in 15 Midwest and Southwest states. The cooperative serves more than 500,000 farmers and ranchers in a trade territory extending from Colorado to Illinois and from the Canadian border to the Gulf of Mexico.

## Lockney Locals

**Mr. and Mrs. Keith Jackson** and sons attended the funeral services Monday in Merkel for her grandmother, Mrs. W. F. Smart, 85, who was the mother of former Lockney resident, Mrs. Russell McAnally. Burial was in Paducah Cemetery.

### Happy Birthday

## Degge In LCC Meistersingers

Kyle Degge, son of Mr. and Mrs. Douglas Degge, Box 266, Lockney, is a member of the 60-voice Lubbock Christian College Meistersinger Chorus for the 1977-78 school year.

Degge, who sings baritone for the chorus, is a sophomore Biblical languages major. At LCC he is a member of the Royal Blue Band, student senate and Koinonia social club.

Under the direction of

assistant professor of music Charles E. Cox, the group includes freshmen through seniors. They present 60-minute concerts of sacred music.

The Meistersingers, in its 18th year, perform many times during the year for special occasions on campus, before Lubbock-area church groups and during their four annual tours throughout the U.S.

Lubbock Christian College, located on the high plains of West Texas, is a private liberal arts college that is the academic home for 1,200 students representing 35 states and 16 foreign countries.

**It's The Most!**

The world's most common sound is the vowel a as in father. No language is known to be without it.

## Lockneyite Judges Lubbock Flower Shows

Molly Huffman recently served on two of the judges'

panels that helped judge Panhandle-South Plains Fair

Flower Festival at Lubbock, and South Plains Society Flower Show held at Lubbock Gardens and Art Center. Molly has had her National Flower Show and judging certification for two years. She is a member of Plainview Garden Club, the Petal Pushers Garden Club, Lubbock, and National Council of Flower Show Judges in Lubbock.

## TSTA District Convention Friday

About 5,000 school personnel are expected for the tenth annual convention of District XVII, Texas State Teachers Association, to be held in Lubbock Friday, October 28. Most schools in the 17 West Texas counties that comprise the district TSTA group will dismiss classes Friday.

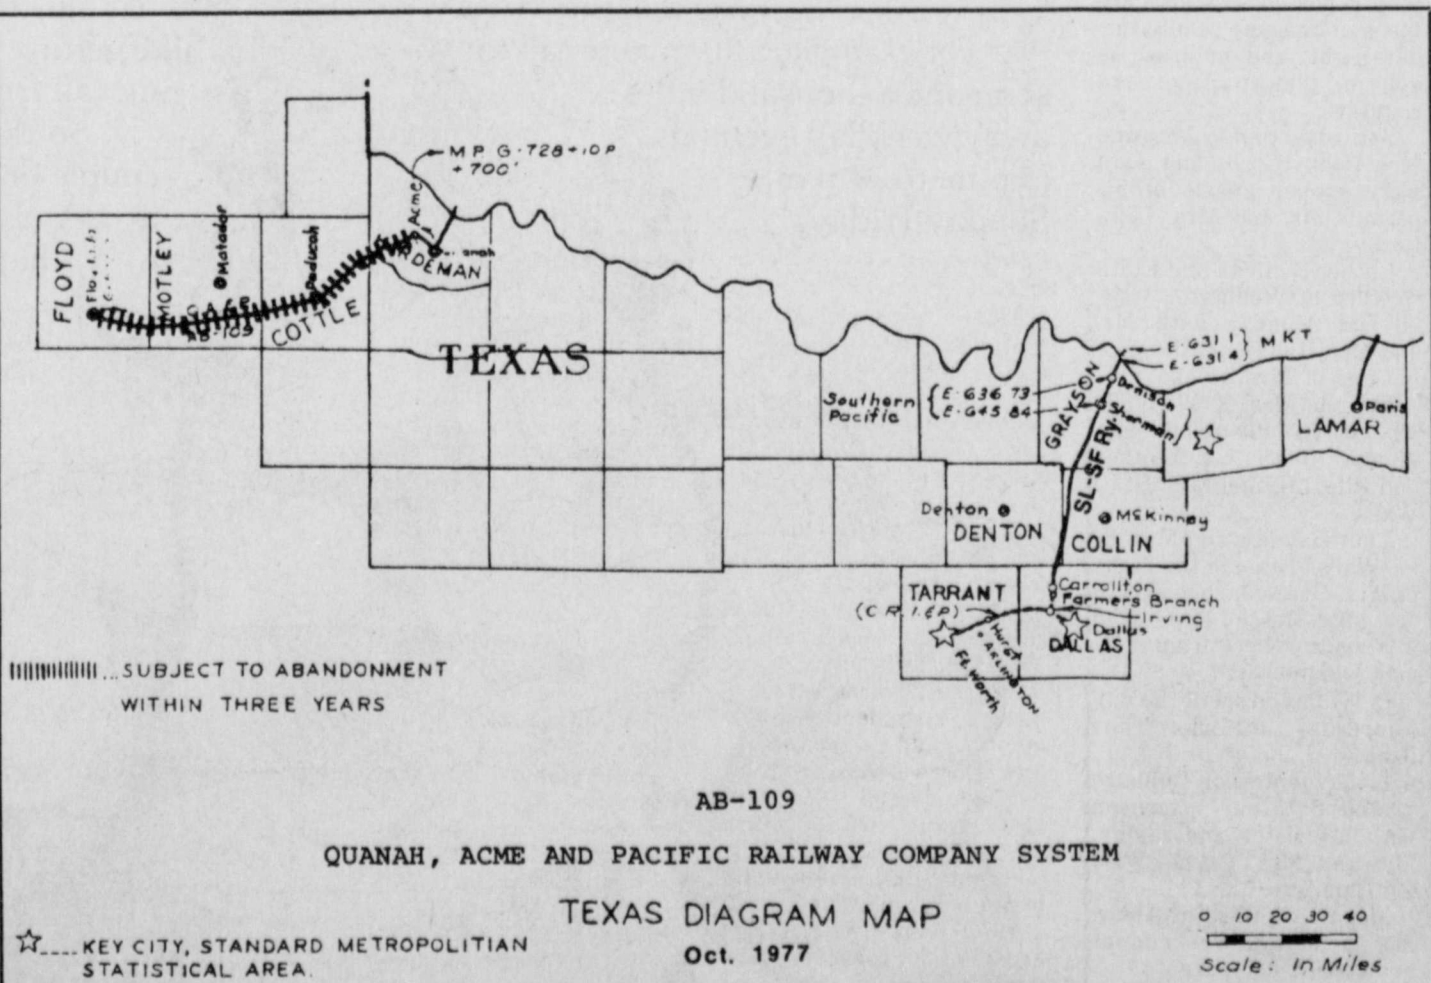

Zig Ziglar, an author and speaker from Dallas, will address the morning session that gets underway at 9:30 a.m. in the Lubbock Civic Center. Along with teachers and administrators, educational secretaries will be among the participants at the general session. All members of the teaching profession are welcome to attend the meeting whether or not they are members of TSTA.

The House of Delegates for the convention will convene Thursday evening (October 27) at Coronado High School. The business session will follow a banquet at 6:30 p.m.

Numerous luncheon and afternoon sectional meetings are planned for Friday for teachers of subject matter areas and for members of several educator associations. A large meeting is planned for 2:15 p.m. in the Monterey High School Auditorium. Speaker will be Dr. Nancy W. Bauer of Philadelphia, PA, general editor and author in a senior high school curriculum project for four years of history and

social studies. Counties included in District XVII are Bailey, Cochran, Cottle, Crosby, Dick-

ens, Floyd, Garza, Hale, Hockley, Kent, King, Lamb, Lubbock, Lynn, Motley, Terry, and Yoakum.

### NOTICE

The line of railroad of the Quanah, Acme and Pacific Railway Company depicted above which runs from railroad milepost G-728-10, at or near Acme, Texas to railroad milepost G-833-2, at or near Floydada, Texas, within the counties of Hardeman, Cottle, Motley and Floyd, appears on the System Diagram Map of the Quanah, Acme and Pacific Railway Company, which is on file with the Interstate Commerce Commission in Washington, D. C. as a line of rail-

road upon which it is anticipated an abandonment application will be filed with the Interstate Commerce Commission within three years. Interested parties may be furnished a color-coded or black and white copy of the Quanah, Acme and Pacific Railway Company System Map at a reasonable cost. Requests for a System Diagram Map should be forwarded to Mr. J. H. Brown, St. Louis-San Francisco Railway Company, 906 Olive Street, St. Louis, Missouri 63101.

## Cunyus Joins Advertising Firm

Danny J. Cunyus has joined Womack/Claypoole/Griffin Advertising, Inc. of Odessa, Lubbock and San Antonio effective October 17, 1977. Cunyus joins Womack/Claypoole/Griffin as an account executive and will be working primarily with agribusiness accounts. His office will be in the Lubbock branch of the advertising and public relations firm at Suite 711 Court Place Building.

Womack/Claypoole/Griffin's Lubbock branch manager, Jerry Griffin, said that, "The addition of Danny to our company as an agribusiness account executive adds a unique dimension to our ability to service agribusiness related accounts. He brings to us a wealth of knowledge about the agribusiness industry and experience in practical farming operations."

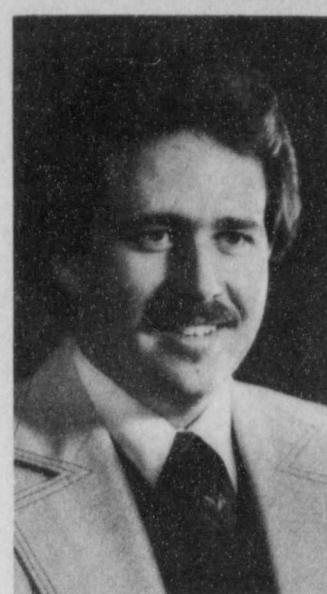

Cunyus joins Womack/Claypoole/Griffin after organizing and managing the 1st Annual High Plains

Agribusiness Exposition. He served as the 1977 Director of the Farm Show and will remain in the position of Director for the 1978 High Plains Agribusiness Exposition.

Before organizing the 1977 Farm Show, he was employed by Lubbock Manufacturing Company as a marketing representative in that company's agricultural division. His duties there included coordinating LMC's participation in many of the major farm trade shows across the United States and Canada.

Cunyus is a native of Lockney, Texas where his family has been engaged in farming for over three quarters of a century. He graduated from Texas Tech University with a Liberal Arts degree in 1975.

Womack/Claypoole/Griffin Advertising, Inc. is currently celebrating its 26th year in business and is a member of the American Association of Advertising

DANNY J. CUNYUS

Agencies. Clients of Womack/Claypoole/Griffin are generally categorized into agribusiness, aviation, chemicals, plastics, petroleum and banking.

## Former Lockneyite Coaches 'Rag Muffins' Win

Terry Clark, formerly of Lockney, brought the Canyon little football team 4th grade "Rag Muffins" to victory over the Amarillo Olsen Park team in the "Toy Bowl" game in Canyon Sunday, the score 19 to 7. Clark's son Tracy was one of the players

and grand-son of Mr. and Mrs. C.R. Clark. Todd Wesley, grandson of Mr. and Mrs. George Taylor, Kirt Brock grandson of Mrs. Betty Birchfield, all of Lockney. The Toy Bowl is a play off between the number one team of "Kids Inc." of Canyon, and the number one

team of Amarillo. Both teams have been undefeated this season. Trophies were presented to the Canyon players after the game. The team presented coach Clark with an autographed football. Mr. and Mrs. George Taylor attended the game.

# Vocational Education Class Participates In Workshop

In a workshop for Early Childhood teachers the 21st of October the members of the Vocational Education Class of the Floydada Schools had an excellent opportunity to demonstrate for teachers some of the

techniques they have learned in dealing with young children.

A new feature of the V.E.H. program this year is a weekly presentation by members of the class to demonstrate some phase of early childhood develop-

ment. They have conducted activities in auditory discrimination, gross motor skills, language development and color awareness. The class plans to continue this phase of their study throughout the entire school year.

The children of the early childhood program are eager for the weekly visit from the V.E.H. students and the early childhood teacher, Mrs. Joyce Williams and her aide, Mrs. Hilda Vasquez, enjoy the able assistance of the girls in the class.

CHILD DEVELOPMENT: In the above picture the members of the Vocational Education Class taught by Gean Christopher are giving a demonstration of techniques they are learning in the child development portion of their instruction. Members of the class shown from left to right are: May Joyce Smith, Sandy Powell, Simona Maldonado, Linda Irlas, Dorothy Ledbetter. Teachers are Joyce Williams and Gean Christopher. The children are students in the Early Childhood Program of the Floydada Schools. (Staff Photo)

## Caprock Plan A Sponsors Workshop

Friday October 21, Caprock Plan A was hostess to teachers from Petersburg, Lockney, South Plains for a Workshop featuring the following agenda:

9:00-10:05: Teaching cognitive concepts and motor skills in song by Joyce Williams, Hilda Vasquez and Gean Christopher.  
10:15-10:45: Gross motor

skills in ball activities demonstrated by Vickie Schaefer and Maria Arrellano.  
10:45-11:15: Auditory discrimination activities by student aides directed by Gean Christopher.

11:30-12:00: Question and answer session.  
1:15-1:45: Appropriate materials from Service Center presented by Jo Sudduth.

1:45-2:00: Discussion of lesson plans.  
2:00-2:30: Great new songs by Carol Arnold.

2:30-3:00: Bubble play demonstration by Jeannie Slocum and Lynda Ginn. The workshop was under the direction of Mrs. W.E. Brown, Jr.

JOYCE WILLIAMS teaches children to step high as Gean Christopher plays guitar music in Plan A program. (Staff Photo)

## Fairview News

By Mrs. Clyde Bagwell

Last week we had beautiful warm sunny days until Friday and a nice rain fell

over all of the area - our Fairview way rain reports are .9 of an inch at E.W.

Walls on the north side to near one inch at Edell DuBois and C. W. Payne's on the south side - Ann Swepston had one inch of rain and at Ray Cooks they had 1.3 inches and on the L. H. Blums farm they had 1 inch this is all on the east side. Farmers have been held up with their cotton harvest due to the rain and are getting ready to sow wheat. Our sympathy is with the family of Wade Warren whose funeral was held Thursday at First Baptist Church. Wade lived many years in the Fairview and Center Communities before moving into Floydada.

Friday night supper guests of Mr. and Mrs. Bill Tye were, Mr. and Mrs. A. S. Mize, Mr. and Mrs. Woodrow Wilson, Mr. and Mrs. Bill Beedy and Greg Pruitt. Greg spent the night at his grandparents, the Bill Tyes.

Mr. and Mrs. Clyde Bagwell enjoyed a nice visit, by phone, Sunday afternoon from their brother and sister, Mr. and Mrs. P.L. Joiner of Creswell, Oregon, they reported weather nice there, with some rain Saturday night, and no frost as yet in that part of the country.

Saturday night, Mr. and Mrs. Bobby Cozby and Kara were supper guests of his parents Mr. and Mrs. L. B. Cozby.

Luther Sullivan and Edith Goodloe of Wellington visited last Monday with Mr. and Mrs. Ray Cook, they are cousins of Mrs. Cook.

Mr. and Mrs. E. W. Walls visited in Plainview last Monday with his brother and wife, Mr. and Mrs. E. R. Walls.

Thursday Mr. and Mrs. E. W. Walls visited in the home of Mrs. Grace Jarboe and to see Mrs. Jessie Pope who was visiting here from Norman Oklahoma.

C. W. Payne spent the day Thursday at Lake Theo fishing.

L. L. Denton of Lubbock visited Saturday afternoon with his sister and family, Mr. and Mrs. C. H. Wise and family.

Mona Dell Wise of Amarillo spent the weekend at home with her parents.

Thursday afternoon Mrs. Brenda Eckert and baby Robert visited Mrs. C.H. Wise.

Mrs. Gracie Riggles attended the meeting of the Senior Citizens Wednesday and on Thursday, Mrs. Riggles kept her great-grand-baby, Krystal Wilson.

Large crowds attended the revival at First Baptist Church last week.

Leaves on the trees are all turning yellow and begin-

## Harrington-O'Hair debate series ended

NEW ORLEANS (AP) — An uproarious series of "debates" between the Chaplain of Bourbon Street and the nation's best known atheist has been cut off in the middle of its run.

The Rev. Bob Harrington, the hustling Baptist evangelist whose headquarters is the New Orleans French Quarter, said Monday the series had ended because he "won a 32nd round TKO in our fight to the finish."

In Austin, Tex., where she operates the American Atheist Center, Madalyn Murray O'Hair said she walked out on the tour because her opponent persisted in equating atheism with un-Americanism.

ing to fall, soon the trees will be bare.

Mr. and Mrs. Bud Warren went to Lubbock Sunday and were dinner guests of their son and daughter-in-law Mr. and Mrs. Randall Warren while there they also visited their other sons and their families.

"I am not going to be a party to giving anybody a platform from which to resurrect McCarthyism," she said Monday. "I will not permit Bob Harrington to impugn the patriotism of American Atheists."

The blowup came in Bryan, Tex., on Oct. 20 at the 32nd appearance on a road show that had drawn sizeable crowds at nearly every stop. Expenses were paid by collections taken at the end.

Mrs. O'Hair said the minister had agreed not to get into issues of patriotism and that he would not lead the audience in fervent pledges of allegiance to the flag. When it happened again in Bryan, she said, she walked off the stage.

During the tour, Mrs. O'Hair has ripped pages from Bibles, the Rev. Mr. Harrington has called her vulgar, and the crowds have been free with cheers and jeers.

"I had to cancel six dates over the rest of October, another six for November and six more in December,"

the Rev. Mr. Harrington said. "It cost me \$8,000 in rent money that I had put up in advance in secure the halls.

"But though I bear the brunt of that, I also get the benefit of the victory."

Canceled for October were debates in Beaumont, Tex., Monroe, Lafayette and Lake Charles in Louisiana, and Sherman and Fort Worth, Tex.

Got Heating Or Plumbing Problems?

Call HOLMES PLUMBING 983-2251

6:30 - 9:30 a.m. and 5:30 p.m. Until?

## This weekend, call both families for practically the price of one.

It's true! This weekend—and every weekend between 11 p.m. Friday and 5 p.m. Sunday—you can place two Long Distance calls for practically the price of one weekday evening call, when you dial the 1+ way.

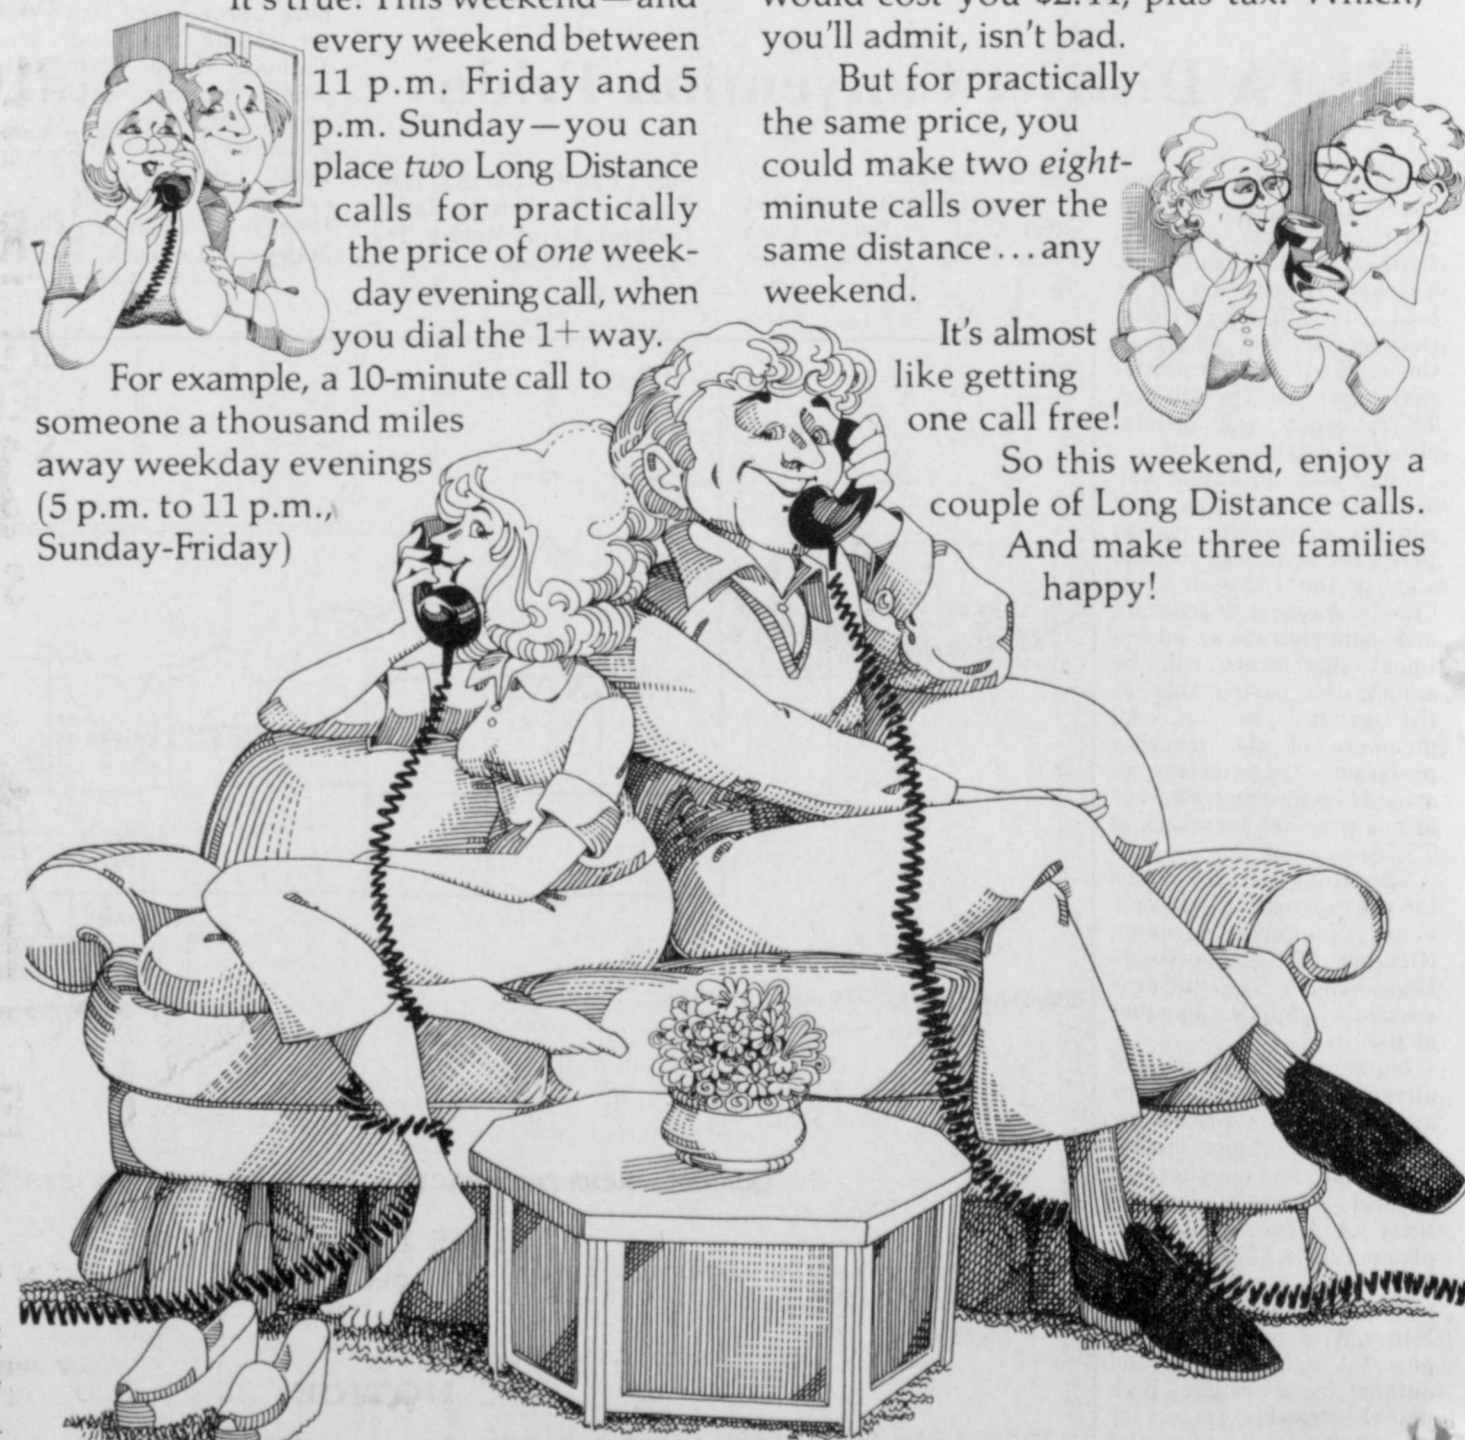

For example, a 10-minute call to someone a thousand miles away weekday evenings (5 p.m. to 11 p.m., Sunday-Friday)

would cost you \$2.44, plus tax. Which, you'll admit, isn't bad.

But for practically the same price, you could make two eight-minute calls over the same distance... any weekend.

It's almost like getting one call free!

So this weekend, enjoy a couple of Long Distance calls. And make three families happy!

Long Distance. What else is so nice for the price?

Southwestern Bell

# Diabetes: The Quiet Killer

"The average American knows next to nothing about diabetes. That's dangerous, because 600,000 average Americans will develop it this year," said Surendra K. Varma MD speaking to the Greater Lubbock Chapter today.

"Everyone seems to know something about cancer and heart disease, the symptoms, preventive measures, and so on. But diabetes is a mystery to most people," he continued. "I'm frustrated, but, more important, I'm deeply concerned."

Dr. Surendra K. Varma, MD, Diabetes Board Member sees dozens of patients with diabetes, both in his practice and through his work with the Greater Lubbock Chapter. His frustration and concern are founded on some rather startling facts which were revealed by the National Congressional Commission on Diabetes.

"The Commissioner determined that diabetes ranks third on our list of killer diseases, when considered together with its complications," he said. "It is our leading cause of blindness. An estimated ten million Americans have it, and as many as four million don't even know it."

"The average person is not only unaware of how many people have diabetes," said Dr. Varmer, "but also of how serious a disease it is. Though it can be controlled, it can't be cured. A person with diabetes can live a reasonably normal life, but he or she is more apt to develop blindness, gangrene, heart disease, damage to the blood vessels, and kidney disease. You can never forget you have diabetes, because it affects every part of your life."

Diabetes results when the pancreas produces insufficient insulin, or no insulin at all. Without insulin, glucose, the body's chief energy source, cannot enter most body cells and remains trapped in the bloodstream. Eventually, this sugar is moved to the kidneys and is excreted in the urine. Deprived of glucose, their normal fuel, the cells begin to break down fat instead, releasing acid ketone bodies into the bloodstream. These eventually produce diabetic coma and death.

There are two types of diabetes. The most severe is juvenile-onset diabetes which appears abruptly in childhood, adolescence, or in young adulthood. An estimated 80,000 children under the age of 18 have it. Such

children will have to have insulin injections for the rest of their lives.

The most common, and less severe form, maturity-onset diabetes, generally appears after the age of 40. Only 10 to 15 percent of maturity-onset diabetics must use insulin, others must take oral medication, but all must strictly balance diet, exercise, and rest.

Research investigators are working constantly to

find a cure for diabetes but at the moment early detection, prompt treatment, and life-long control are the only ways to save lives. Dr. Varma concluded, "A firm diagnosis of diabetes cannot be made without a glucose tolerance test. But it's only playing it smart to know the symptoms of diabetes. Particularly when you're forty or overweight because one's chances of developing the disease double with every

decade of life, and doubles with every 20% or more of excess weight."

If diabetes is detected early and treatment is begun promptly, the chances for a long, full life and better and the risks of serious complications are lower. It's as simple as that. So if you have any of these symptoms, see your doctor right away. And for more information, contact Greater Lubbock Chapter.

## What One Person Can Do

Brother Booker Ashe never gives turkeys at Thanksgiving. He knows that when people celebrate they like to do it in their own way.

Brother Booker directs the House of Peace in Milwaukee's inner city. In 1968, when the Capuchin monks felt the need to become a more intimate part of the

community, they picked the big, hearty black man to start a store-front agency. He was a good choice.

Before the agency opened, he spent some weeks on the streets, he says, "getting to know the people, finding out what their needs are."

The House of Peace is a happy place. With a warm smile, its director sees that people who come there are given shelter, food or what assistance they need. He also seeks to give spiritual aid, but he never forces it. He doesn't ask people to join his faith or attend services. "Our first goal here is to

humanize. Christianity will flow from people who are cared for," he says. He reaches out to people where they are.

It was that way last Thanksgiving. No turkeys. Some who had gotten them in the past, says Brother Booker, couldn't cook them because they weren't accustomed to such fare or didn't have an oven. "Was that really a good gift for them?"

But he gave food stamps to 1,000 families. Then he gave them a chance to give.

When he asked them in turn to give what they could to help others he collected a small sum; he noted, "It meant a lot to give that 'widow's mite.'"

The best gift is the gift that says, "I understand a little of what you want or need, I'm sensitive to who you are." It's a gift of love.

## VA News

Applications for GI home loans totaled 39,537 in July, pushing the total number of applications to 367,864 for the first 10 months of fiscal year 1977. Jack Coker, Director of the Waco VA Regional Office, reported to day.

The July requests were 23 percent higher than those received a year ago, reflecting the continuing popularity of the loan guaranty program available to most veterans with service since September 16, 1940.

Home loan appraisal requests received by the VA in July totaled 61,653, an increase of 13 percent over a year ago. It was the fifth straight month that appraisal requests had exceeded 60,000. During the first 10 months of FY 1977, the VA has received 580,564 appraisal requests.

The GI home loan program was established in 1944 for veterans with other than dishonorable discharges. Service consisting only of "active duty for training" does not qualify individuals for home loan guaranty, Coker explained.

The VA home loan guaranty program helps finance the purchase of a reasonably priced home at a favorable rate of interest and with little or no downpayment. It encourages private lending institutions to make bigger loans than they otherwise would with the VA guaranty part of the loan.

The VA also will guarantee loans to alter, improve, refinance or repair a home if the veteran or service member certifies he occupies the property as his home.

Complete information on GI home loans can be obtained from any veterans' service officer or local VA office.

Fluorescent lighting is three to four times more efficient than incandescent lighting, reports Sue Young, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

## OBITUARIES

### Casey Don Cornelius

Funeral services were conducted Wednesday, October 19, in Bartlesville, Oklahoma, for 18 year old Casey Cornelius. The youth was a senior at Sooner High School in Bartlesville where he was a teacher's aide in the aerospace Mathematical Science program, member of the wrestling team where he was a champion wrestler, a 1977 delegate to Oklahoma Boys State, an officer in FFA, nominee for Sooner Youth Performance Award, and a member of Jesus Christ of Latter Day Saints Church.

At the time of his death, approximately 12:20 p.m. on October 16, Casey and 20 year old Larry Lucas, also of Bartlesville, were flying in a Cessna 150 aircraft owned by the school system and used by the Math and Science Uplift program. The program enabled students to take flying lessons, at their own cost and also program additional education in aviation and space technology. Cornelius had left the Bartlesville Airport, with authorization from the school, alone, at 7:33 a.m. Sunday and flown to Coffeyville, Kansas, to take an examination for his private pilots license. He passed the test with a perfect score and returned to Bartlesville about 10:15 a.m., where he washed and serviced the aircraft. He asked airport personnel if he was legal to take a passenger up in the plane and was told he could. He and Lucas left the airport and 8 minutes later the plane apparently stalled in the air and crashed-six miles east of Dewey, Oklahoma, and approximately three miles northeast of his father's home.

According to Federal Aviation Administration official out of Tulsa, the left wing hit the ground first, driving the main fuselage into the ground and bringing the tail section over the top of the wreckage. The plane burst into flames upon impact and both bodies were burned beyond recognition. The official also noted that both boys died instantly in the crash. Casey had checked weather conditions and filed a flight plan with Tulsa airport before taking off for Coffeyville. The plane was thoroughly checked by airport officials at Bartlesville and was served with five hours supply of fuel before taking off. A member of the National Transportation Safety Board said that the plane apparently stalled out while making a steep left turn at a very low altitude. He also stated that it does not matter if the plane is a Cessna 150 or a Boeing 707, if it stalls out, it nose-dives into the ground after gravity takes over.

Casey is survived by his father, Don Cornelius; his mother, Mrs. Lee Young; two brothers, Marty and Kelley; one half-brother, Paige Young; a step-mother, Nancy Cornelius; a step-sister, Cindy Jones, all of Bartlesville; grandparents, Mr. and Mrs. Ralph Ingram of Neptune Beach, Florida; and E.L. Cornelius of Floydada.

E.L. Cornelius, grandfather; Mrs. Ora King, great-aunt; and Mrs. Doris McLain, aunt, left Floydada on Monday, October 17, to be with the family and attend memorial services. They returned home on Friday, October 21. They were joined in Bartlesville by Marilyn (McLain) Weems of Pleasanton, Texas, and Alison (McLain) Campbell of Lubbock, Texas; both cousins of the deceased.

### Pauline Bryant

Services for Wanda Von (Pauline) Bryant of Odessa were held Wednesday in the First Baptist Church in Lockney with the Rev. John Jenkins, pastor officiating. Burial was in Lockney cemetery under direction of Moore-Rose Funeral Home of Lockney.

Mrs. Bryant died about 11:50 a.m. Monday in Medical Center Hospital in Odessa after a long illness. The 49-year-old former Lockney resident was a native of Brownfield. She married G.L. Bryant in Portales, N.M., in 1953. She was a member of the Baptist church in Lockney.

Survivors, in addition to her husband are one son, Darrell Wayne of Odessa; one daughter, Molly Viola of Odessa; three brothers, Wayne Mullins Jr. of Brownfield, James Mullins of Pampa and Carl Mullins of Houston; three sisters, Ouida L. Denton of White River, Ariz., Rita Webster and Barbara Cunyus both of Lockney.

### Billy Johnston

Billy G. Johnston, 48, of Plainview, died at 11:50 a.m. Services were conducted Wednesday in Wood-Dunning Colonial Chapel in Plainview. Officiating were the Rev. Richard Grisham, pastor of Date Street Baptist Church, and Gene Polvado, minister of Ninth and Columbia Streets Church of Christ. Burial was in Plainview Memorial Park directed by Wood-Dunning Funer-

## The Floyd Philosopher Thinks He Has The Answer To EPA Miles Per Gallon

Editor's note: The Floyd Philosopher on his Johnson grass farm discusses investigative journalism this week, we think. Dear editor:

Some people are saying that newspaper and TV reporters are too investigative, they ask too many questions, and if they don't stop probing into public officials' pasts we're not going to have anybody left to run the country.

I'm not sure about this. Most of us I think had rather have the reporters investigating politicians than us, just as some reporters wouldn't be interested in being investigated themselves. But they shouldn't confine their investigation to public officials.

Take something as simple as ratings on miles per gallon a car is supposed to get, like say 35 miles on the highway, 24 in the city.

What highway are they talking about, one through the mountains or one out on the plains? Which way was the wind blowing? How many kids did they have in the car and how many uncoordinated rest stops did they make? Nobody has ever been able to synchronize his car's gas stops with his kids'

rest stops. Which city was the other test made in and what time of day was it? The late afternoon rush hour or 2 o'clock in the morning when the streets are empty? Or was the whole test made on a treadmill inside a building?

Or take horse power. Cars and tractors are rated also on their horse power. I've got a 30-year-old tractor out here that's supposed to produce 40 horse power, and it does, if you're talking about Shetland ponies.

Or take international treaties. It's not what the Panama Canal treaty for example says that matters, it's what the people who're running the world 25 years from now decide to do. Despite the fact the price of paper has quadrupled in the last few years, some treaties are still not worth what they're written on.

Some people say it used to be true that a man's word was as good as his bond. Well, it still is, only a lot of people seem to be referring to Civil War bonds.

Yours faithfully,  
J.A.

## Texas Sheep Hunt Coming

LUBBOCK-Sportsmen will have an additional week to bag an elusive aoudad sheep when the season begins November 5 in the Texas Panhandle.

Eight counties will host the season which continues through November 18 in Armstrong, Briscoe, Donley, Floyd, Hall, Motley, Randall and Swisher with a season bag limit of one sheep per hunter by permit only.

A total of 444 aoudad permits will be issued to 100 landowners this month prior to the season and hunters must obtain this permit from the landowner before hunting sheep.

Last year, 323 permits were issued to landowners

and 132 hunters were successful in bagging an aoudad in the rough caprock country southeast of Amarillo. Hunters unfamiliar with the aoudad sheep should become acquainted with the habits and characteristics of this imported mountain climber. The aoudad or barbary sheep is rufous or tawny brown with dark brown areas about the head and forequarters. The inside of the legs, the chin, a line on the under parts and the inside of the legs are whitish in color. There is no recognizable color variation between the sexes or between seasons.

The main on the older males may nearly touch the

Survivors include his wife, Juanita, of the home; two daughters, Mrs. Nancy Marble of South Plains and Mrs. Patsy Musser of Marengo, Illinois; a son, Robert Lee Holland Jr. of Hallettsville, Texas; a brother, Walter Holland of White Wright, Oklahoma; a sister, Vera Biggerstaff of White Wright; and nine grandchildren.

### Dunlap Infant

Graveside services for Leanna Dunlap, infant daughter of Mr. and Mrs. Danny Dunlap of Aiken, were conducted at 10:30 a.m. Wednesday in Lockney Cemetery. Moore-Rose Funeral Home of Lockney was in charge of arrangements.

Other survivors besides the parents are the grandparents, Mr. and Mrs. Bill Thompson of Lockney and Mrs. Arcy Dunlap of Plainview, and great-grandparents Mr. and Mrs. Ivan Thompson and Mr. and Mrs. Lonnie Scott of Aiken.

### Mary Jackson

The infant was born and died on Wednesday.

Services for Mary Jackson, 85, will be conducted Friday at 3 o'clock in the C.M.E. Methodist church with the Rev. G.W. Martin officiating.

Interment will be at East Mound Cemetery. She died in Caprock Hospital Tuesday, October 25 and resided at 404 East Ross, Floydada. She was born July 29, 1892.

She moved to Floyd County in 1941 from Hearne, Texas. She was a homemaker and a member of the C.M.E. Methodist Church. She is survived by four sons; Andrew Campbell, Floydada; Rev. C.C. Campbell, Jacksonville, Texas; Rev. W.C. Campbell, Quanah, Texas; and Theodore Tony of Floydada; and one daughter Rachel Jenkins of Floydada; 22 grandchildren, 67 great grandchildren, and 16 great-great grandchildren.

### Dutch Holland

Services for Robert Lee (Dutch) Holland Sr., 77, of Lockney will be at 3 p.m.

today (Thursday) in the First Baptist Church of Lockney with the pastor, Rev. John Jenkins, officiating. Burial will be in Floyd County Memorial Park, Floydada, under direction of Moore-Rose Funeral Home.

Holland died about 2:30 a.m. Wednesday in Lockney General Hospital. He was born August 14, 1900 in Bonham and grew up in Grayson County, Texas.

Survivors include his wife, Juanita, of the home; two daughters, Mrs. Nancy Marble of South Plains and Mrs. Patsy Musser of Marengo, Illinois; a son, Robert Lee Holland Jr. of Hallettsville, Texas; a brother, Walter Holland of White Wright, Oklahoma; a sister, Vera Biggerstaff of White Wright; and nine grandchildren.

Hunters looking for trophy aoudad rams will find the four-to-seven year old males carrying the longest, thickest horns. The experienced hunter would suggest that you spend 95 percent of your time glassing the surrounding caprock ledges and only five percent walking through the area or you might not see an aoudad on your entire hunt.

**FANCY THAT!**  
Garbage could be a major national resource! Rather than pile up into problems for our cities, it can provide a new source of raw materials.  
Garbage is a source of energy. In fact, as a result of American Can Company's Americology system, about 60 percent of Milwaukee's garbage is being turned into a fuel and used by the local power company to generate electricity.  
Garbage also can be reclaimed as reusable steel, tin, aluminum, paper, and glass. All but 10 percent of Milwaukee's remaining household garbage is being reclaimed for these uses.

## LEGAL NOTICE

Lockney Independent School District is offering for sale a 1966 International school bus, 66 passenger, good condition. Bids will be opened on November 14, 1977. All bids must be in Superintendent W.H. Hallmark's office by 5 p.m. November 14, 1977. Envelopes containing bids should be identified as "bus bid."  
Mail bids to W.H. Hallmark, superintendent, Lockney Independent School District, Box 428, Lockney, Texas 79241. L10-27.11.3, 11-10

## Center News

By Mrs. J.E. Green

October 24—Today is a beautiful day. And we enjoyed the weekend showers. Mrs. Brewer reports that S.E. they received over an inch of moisture.

Mrs. Fred Battey and Mrs. Ola Warren visited last week with Mrs. Hal Thomas. Saturday Bill Thomas of Lockney ate dinner in his brother's home.

Mrs. Fred McDougle of Crosbyton and Mrs. Willie McDougle of Tyler visited the Henry Brewers Friday evening.

Mrs. Thelma Jones, Mrs. W.B. Cates and Mrs. Fred Battey visited Miss Vera Meredith Wednesday. Sunday evening Mrs. Clay Muncy and Miss Mary Pearl Coward visited.

Mrs. Gilmer Denison and daughter Mrs. Bob Gass and her two small sons Trent and Tye all of Lubbock visited Mr. and Mrs. C.W. Denison, and attended services Sunday with them at First Baptist Church.

Mr. and Mrs. Zolan Melton of Coleman visited Mrs. Green Saturday afternoon. They were on their way home after a visit to Muleshoe with her sister and husband Mr. and Mrs. Grady Edelman.

Mr. and Mrs. Neal Wright of Rotan spent the weekend with her mother, Mrs. Ava Jackson, and Sunday Mrs. Jackson returned home with them for a visit.

Mrs. Elmer Warren and Mrs. Leo Frizzell visited Sunday p.m. with Mr. and Mrs. Elco Frizzell.

Mrs. Clarmon Booth and small daughter of Lubbock visited Sunday with her mother and sister, Mrs. J.D. Welborn and Mrs. Eunice Lewis.

Mr. and Mrs. Melvin Ross of Gruver visited over the weekend with his mother, Mrs. R.C. Ross. Their daughter Sandra, a student at Texas Tech, came over Saturday to be with them all.

Sunday p.m. the Manuel Suar's had company a bunch of cousins. The youngsters, accompanied by Dawn Atteberry, came over to visit Ma Green. These were Janie Sylvia, Lupe and Gebby; and the boys: Manual, Joe, Jimmy, Jesse and Frank. Made me think of the school room many years ago-at recess.

The Senior Citizens had the record crowd last Wednesday. Counting our 18 guests from Roaring Springs over 50 attended.

Mrs. Clara Haile of Adrian visited Sunday with her mother, Mrs. Roe Jones.

Mrs. Green visited Mrs. Atteberry Friday afternoon. Mrs. Brenda Atteberry at the Sale Barn Wednesday was helping Corral a frantic animal, and made contact coming out with a fractured bone in her foot. After two nights in a Plainview hospital she came home with crutches.

On Friday, October 14 (Don Clark's birthday), my grandson Donny, a sophomore at Texas Tech, had a collision with a drunken driver, wrecking Donny's new car. He called home and his mother and Dad hastened to Lubbock to pick up the pieces. But they, and all of us, are thankful Donny was not hurt.

Then last Tuesday Donny's mother, in a hurry slipped on a curb breaking a bone in her foot. A night in the hospital and a pair of crutches and Betty Lou plans to lose not much time from her teaching job.

Many prayers are going up for our Hesperian Peggy's daughter, who is very ill in an Oklahoma hospital, but we hope will come out victorious in her fight for life.

We sympathize with the family and all loved ones of Wade Warren whose last rites were held last Thursday in the First Baptist Church.

## DPS Accepting Applications For State Trooper

The Texas Department of Public Safety is now accepting applications for the position of State Trooper. Applicants selected as cadets will enter 18 weeks of training at the Homer Garrison Junior Law Enforcement Memorial Academy in Austin. Classes will begin December 6, 1977.

Major C.W. Bell, Regional Commander of the Texas Department of Public Safety, said, "General qualifications for DPS Troopers are: (1) Applicants must be 20 to 35 years of age (2) Good moral character (3) Excellent physical condition (4) Weight not less than two pounds, nor more than three and one-half pounds per inch of height (5) Vision no worse than 20/40 correctable to 20/20 (6) A citizen of the United States (7) At least 60 hours of college. For the convenience of those students who are currently enrolled in college, there is also a tentatively scheduled class to begin early in 1978.

It should be pointed out that qualified female applicants are now being accepted for the uniformed services in the DPS. The DPS has been successful in recruiting persons from minority groups and is well established as an equal opportunity employment agency.

While in training, the student officer will participate in 850 hours of a variety of law enforcement subjects. The curriculum will consist of Criminal Law, Traffic Law, Human Relations, Techniques of Accident Investigation, Boxing, Judo, Physical Training, Marks-

manship, and Pursuit Driving. Upon completion, the graduate will have all the training background to qualify him to enter the following DPS Fields: (1) Drivers License (2) Highway Patrol (3) Motor Vehicle Inspection (4) License and Weight. Each uniformed service has its own special appeal to the individual Trooper, and assignments will be made at the Academy according to the graduate's aptitude, desires, and the Department's needs.

The pay during Recruit School is \$848.00 per month, and upon completion of the 18 weeks training, the commissioned officer will draw \$968.00 a month, plus uniforms, firearms, insurance benefits and per diem allowances while away from his assigned duty station. State Employees Retirement System provides for the retirement of law enforcement officers after 20 years of service at age 50. Social Security benefits are provided aside from the regular retirement plan. Major Bell said, "Among the many benefits that the Troopers enjoy are two weeks annual vacation and all holidays provided for by the State Legislature.

For additional information concerning the position of Trooper, training, and benefits, contact the nearest DPS Trooper or the DPS office located at 1302 6th Street in Lubbock. You will receive complete information in regards to the application and employment procedures on becoming a Department of Public Safety Trooper.

## HEARING ON COMMODITY FUTURES--Agricultural producers are encouraged to attend a hearing on proposed rule changes relating to the commodity futures market Nov. 16 at 10 a.m. in the Earl Cabell Federal Bldg., 1100 Commerce St., Dallas. The proposed changes are published in Sept. 6 Federal Register and are designed to provide additional protection to customers who trade commodity futures, options or leverage contracts, says a livestock marketing specialist with the Texas Agricultural Extension Service.

HEARING ON COMMODITY FUTURES--Agricultural producers are encouraged to attend a hearing on proposed rule changes relating to the commodity futures market Nov. 16 at 10 a.m. in the Earl Cabell Federal Bldg., 1100 Commerce St., Dallas. The proposed changes are published in Sept. 6 Federal Register and are designed to provide additional protection to customers who trade commodity futures, options or leverage contracts, says a livestock marketing specialist with the Texas Agricultural Extension Service.

TIPS ON BUYING FIREWOOD--Homeowners shopping for firewood should know the right kind of wood to buy and how it is sold, says a forestry specialist with the Texas Agricultural Extension Service. Firewood may be sold by the standard cord (8 feet long, 4 feet high, 4 feet wide), face cord (4 feet by 8 feet) or truck load. The best way to compare prices is to calculate the cubic feet of wood. Hickory, white, oak, red oak, and pecan are excellent, long-burning woods with high heat output. Always select dry, lightweight wood.

"Sunday clears away the rust of the whole week." Joseph Addison

## Farm survey predicts sharp drop in income

The gross income of American farmers "will sharply decrease" from last year and producers will be forced to defer major purchases until the income improves, a nationwide farm hot line survey shows.

The farm line, conducted earlier this month by Secretary of Agriculture Bob Bergland and agricultural journalists across the nation, drew about 400 calls during a five hour period and a substantial number of callers were unable to get through.

K.B. Parish, of Springlake and national director of Agriculture Council of America, said each caller responded to a special questionnaire designed to assess opinion on his economic situation and gauge reaction to the new farm bill.

About 80 percent of the 400 farmers said their income would drop from 1976, 8 percent said earnings would remain the same, and 4 percent income would increase.

About 82 percent said the current farm price situation had caused them to lower their standard of living.

A whopping 96 percent of the callers said they will use caution toward

future purchasing, and would purchase only items necessary. They said they will stop major purchases until farm income improves.

Asked whether the new farm bill would assist them, 48 percent of the caller said "no," while 32 said "yes," and 20 percent were undecided.

About 44 percent said they would participate in the wheat set-aside program, 23 percent said no, 19 percent were undecided and 14 percent were not applicable.

More than 75 percent of the farmers said their banks would be able to provide only enough assistance to keep them in agriculture, while 15 percent said bank funds would allow them to maximize production opportunities.

Concerning the farm strike, 45 percent said the strike would be effective, 42 percent said it wouldn't and 13 percent were undecided.

The majority of the callers said their major concern with farm economy is that government has too much control, said Parish.

The second biggest problem is the food stamp program being under direction of the U.S. Department of Agriculture.

## The Floyd Philosopher Thinks He Has Found The Perfect Place To Fight The Wars Of The Future

Editor's note: The Floyd Philosopher on his Johnson grass farm proposes a new battleground for the next war.

Dear editor:

At first, when I read that there are now 970 satellites circling the earth and more on the way, I said they're going to do to space what they've done to cities with traffic, although I guess if man puts his mind to it and gets a big enough appropriation he can produce parking meters for outer space and maybe even stop lights.

But then I read another article saying Russia has perfected a satellite that can shoot down another satellite, and we're working on the same thing too.

This may be the answer mankind has been looking for ever since one group of cavemen got in a war with the cavemen on the other side of the mountain, on down through better organized tribal wars, the fall of Jericho, the 100 years War, the Peloponnesian War, the Roman Wars, the Battle of Bull Run, the Boer War, all the European wars so numerous nobody can name them all, right on down through World War I, World War II, Vietnam, and World War III, whenever it's scheduled.

## Sleep Disorders May Cause Morning Moans

At least 40 million people in the U.S. who feel bad in the morning may have a better excuse than a big night on the town or the late movie on television. They may have one of several disorders that affect sleep, the Texas Medical Association (TMA) says.

Most of the 40 million who complain they have troubles sleeping are plagued by insomnia that can have a variety of causes. Emotional disturbances and sudden life style changes can cause periods of sleeplessness. If insomnia lasts several weeks, then a person may want to check with a physician.

There are a number of things an insomniac can do to improve sleep, the director of the Sleep Disorders Center at Stanford University says. Techniques can include exercising during the day and relaxing at night; avoiding heavy meals after 7 p.m.; drinking malted milk at bedtime; setting up a regular schedule of going to bed and getting up; sleeping in a quiet, comfortable place; de-

creasing alcohol consumption, and changing sexual activity to a time when it would not interfere with sleep.

Even these techniques will not help more than two million people who have sleep apnea, a disorder that causes the body to stop breathing for short periods of time during sleep. An article in the October issue of Texas Medicine, the TMA monthly journal, says major symptoms of the disease may include loud snoring and extreme daytime sleepiness. Fatigue, frequent movement in sleep, early morning headaches, depression, anxiety and unusual behavior also may be clues to sleep apnea. However, this particular disease can be diagnosed only while the person is asleep.

Fear of being labeled "lazy" may make someone uneasy about discussing a sleep problem until it threatens their social or physical well-being too much. One sleep apnea victim was constantly drowsy during the day and

Clearly, the place to fight the next war is in outer space, and you do it with satellites. We send up say 10,000 satellites. Russia sends up 10,000 (we'll need international referees to see that nobody cheats) and the whole shobang starts shooting at each other. It'll be like playing marbles for keeps, only you don't get to keep your opponent's marble, you shatter it. The side that winds up with the most satellites still orbiting wins. If the side that loses is dissatisfied and in the spirit of warring man since time immemorial abandons the rules and sends up additional snarling satellites, the other side retaliates, and the war goes on till one side runs out of money.

Since it seems impossible for man to eliminate war, using outer space for a battleground and unmanned satellites for soldiers appears to be the perfect solution. Nobody gets hurt and no buildings are destroyed. Just be sure to duck if you see a piece of falling satellite headed in your direction. The stuff is supposed to burn up in the atmosphere before it reaches the earth but you know how modern industry is, always installing some parts that're faulty.

Yours faithfully,  
J.A.

## As It Looks From Here

Omar Burleson, M.C. 17th District, Texas

WASHINGTON, D. C. -WHEN WE WERE GROWING UP THERE WERE only five national holidays observed - or at least these were all we knew about - Christmas, Easter, 4th of July, Armistice Day (November 11th) now Veteran's Day (occurring last Monday), and Thanksgiving.

WE ARE ALL AWARE OF THESE SPECIAL DAYS BUT NOW THERE IS getting to be a day, week or month for all seasons and all reasons.

COLUMBUS DAY WAS TWO WEEKS AGO FOLLOWED THE NEXT DAY by General Pulaski's Memorial Day. Just ended is National School Lunch week and here we are in the middle of Country Music Month.

ALONG AT THIS TIME IS NATIVE AMERICAN AWARENESS - WEEK which runs at the same time as Drug Abuse Prevention Week and National Forest Products Week. On Saturday, the 15th was White Cane Safety Day and also on Monday of this week was United Nations Day.

SUPPOSEDLY THE ONLY PERSON WHO KNOWS about all these specially designated days, weeks, and months is the President of the United States whose duty it is to issue proclamations in the name of events, industries, heroes, institutions, and causes. For instance, there is Farm Safety Week and the President proclaims with a sort of an admonition that "all who live and work on the Nation's farms and ranches, commit themselves to safe conduct in all activities." During National Poison Prevention Week everyone is urged "to remember the dangers of accidental poisoning."

THERE ARE REMINDERS FOR BEHAVIOR during Emergency Medical Service Week, Steelmark Month, and Pan American Aviation Day. Some get a bit bunched up - maybe planned that way. Starting May 1st

there is Law Day and Loyalty Day, National Farm-City Week, National Family Week, as is Mother's Day and Peace Officers Memorial Day. It is likely no happenstance that Father's Day and National Little League Week are paired. While save your Vision Week is in March, it is also Red Cross Month.

MAY IS A BUSY TIME FOR OBSERVANCES. Besides Mother's Day, Law and Loyalty, there is Older Americans Month, Police Week, Armed Forces Day, World Trade Week, Small Business and National Transportation.

ALL THESE ARE NATIONAL DAYS OF SPECIAL NOTE (not mentioned yet is Election Day, Labor Day, Flag Day, and religious holidays). Surely no Nation has as many days, weeks, and months to celebrate. In addition, there are all the State holidays, most of which are not heard of outside that particular State. Occasionally, one of these are dropped off as was the case of Arbor Day but, for every one which may disappear four or five are ready to be added. New special groups spring up constantly. As soon as the Society of Gingers in Hollywood think of it they may lobby for a place on the calendar. (It seems that ginning is contorting one's face for a laugh.)

A RESOLUTION IS PENDING IN THE CONGRESS TO MAKE NOVEMBER 15TH Continental Congress Day. On this day in 1777, the Articles of Confederation

were signed in York, Pennsylvania, a historical landmark in our history. Who could say it is not worthy of observance.

THERE'S NOTHING PARTICULARLY WRONG WITH ALL THIS - no more than all the ideas for a commemorative postage stamp. The only thing is that we may not have time to work if we celebrate all these occasions. We might have to cut some into half days, one for a morning and another starting at noon. Nights might be used for something other than Hall-oween but this would be a problem with Ground Hog Day.

HOPE ALL HAD A HAPPY MOTHERS-IN-LAW DAY last Sunday, the 23rd.

GREENHOUSE GROWERS TO MEET --Greenhouse growers of flowers, bedding and foliage plants are invited to attend the Texas Greenhouse Growers Conference at Texas A&M University, Nov. 8-10, says a landscape horticulturist with the Texas Agricultural Extension Service. Discussion topics include growing media, greenhouse sanitation, tissue culture, production costs, chemical pruning, growth regulators, energy sources and plant rental services.

Adults who complain about the ways of children should remember that children learn what they know from adults.

## Litton Breakthrough! Introducing the exclusive Meal-In-One Microwave.

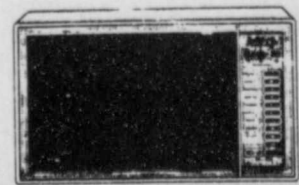

For the first time, cook 1, 2, 3 different foods, all at once.

All at the touch of a finger. Just put one, two, three foods — even a complete meal — into the oven. Then, program the solid-state memory to change temperature or time and cooking speed, automatically as it cooks. And with the exclusive Meal-In-One™ cooking system microwaves surround and cook the food more evenly; everything is done at once. It's microwave cooking like never before.

### More Advanced Litton Features.

- Exclusive Meal-In-One™ cooking system
- Large 1.5 cu. ft. easy-clean oven interior — 25% bigger than most microwave ovens
- Vari-Cook\* variable power oven control
- Vari-Temp\* automatic temperature control with food sensor
- Solid-state touch control
- Memorymatic™ microwave program cooking
- Automatic defrost
- Removable oven rack
- 99-minute digital timer
- 192-pg. "Complete Meal Microwave Cooking" cookbook
- Family-size Micro-Browner\* grill sears, grills, browns.

Accent On Health

Most Texans believe that the purity of their drinking water can be depended upon. And usually they are right. But there are a few exceptions.

About 4,000 cases of illnesses linked to drinking water from individual home supply systems and public systems are reported each year in the United States, says the Texas Department of Health.

"While we have almost eliminated typhoid and cholera as water problems, we must now deal with the threat of organic contaminants, viruses, and other disease carrying organisms," said Mark V. Lowry, surveillance and technical assistance branch chief of the Water Hygiene Division. "As you probably know, water contains minute quantities of many minerals which appear in nature."

Lowry said to assist in this effort, Congress passed the Safe Drinking Water Act in 1974. The law directed the U.S. Environmental Protection Agency (EPA) to establish minimum national drinking water standards. These standards set limits on the amounts of various substances sometimes found in drinking water.

"As on June 24, 1977, your water supplier must periodically sample and test the water pumped to your tap," said Lowry. "If tests reveal that the national drinking water standards have been violated, then your supplier must take action to correct the situation."

When there are violations, the supplier is also required by the Safe Drinking Water Act to notify the water user and to announce the violation to the newspapers, radio and television stations. "If you hear or read such announcement, don't panic," said Lowry. "It will explain the problem and tell what precautions, if any, you should take. It may also tell you what's being done to remedy the situation."

Most notices of violations of drinking water standards will not mean that your health is immediately endangered he said. The reason for this is that the limit on the amount of each substance allowed in drinking water is based on what can be consumed for a lifetime without adverse health effects. This large safety margin was built into most standards so that it won't be harmful for people to drink water exceeding some of the maximum contaminant levels for short periods of time.

"The fact that your State water agency or water supplier announces a violation of a drinking water standard is not by itself cause for alarm. It is a safety precaution required by Congress to call public attention to defi-

ciencies in a drinking water supply," said Lowry.

In essence, Congress is saying through the Safe Drinking Water Act that everyone has the right to expect water that meets minimum national standards set for the protection of public health. "You have the right to be told—and your water supplier must tell you—if your water does not meet those standards," says Lowry.

The EPA has established standards for 10 chemicals, six pesticides, bacteria, radioactivity, and turbidity or cloudiness.

Most of these substances occur naturally in the environment and in the foods people eat. The national drinking water standards set by the EPA reflect the levels that can be safely consumed in water, taking into account the amounts of exposure from the other sources.

"Only two substances for which standards have been set pose an immediate threat to health whenever they are exceeded," said Lowry. "These are bacteria and the amount of nitrate found in the water."

Coliform bacteria from human and animal wastes may be found in drinking water if the water isn't properly treated. These bacteria may indicate that other harmful organisms may be present in the water. "Waterborne diseases such as typhoid, cholera, infectious hepatitis, and dysentery have been traced to improperly disinfected drinking water," said Lowry. "If you should receive notice that the bacteria level in your water exceeds the minimum standard, follow the directions given in the notice."

Nitrate in drinking water above the national standard poses an immediate threat to children under three months of age. In some infants, excessive levels of nitrate have been known to react with the hemoglobin in the blood to produce an anemic condition commonly known as "blue baby."

"If you receive notice that your drinking water contains an excessive amount of nitrate, don't give the water to infants under three months of age and don't use it to prepare a formula," said Lowry. "Do not boil the water, as boiling will only increase the nitrate concentration. Simple read the notice you will receive and follow instructions carefully."

Complete copies of the Drinking Water Standards are available on request from the Division of Water Hygiene, Texas Department of Health, 110 W. 49th Street, Austin 78756.

Our energy-conscious world can learn an important lesson from the candle that flickers out. The problem is not that its fuel is all gone. The fuel has been dissipated so it is no longer in a usable state.

The flickering candle conveys a religious lesson, too. Some of us burn out spiritually. Not because we lack God-given resources. Because we let those re-

sources dissolve in a hodgepodge of confusion and doubt.

The ancient Psalmist called God's Word a lamp for his feet and a light for his path.

Keep close to your church and its teaching. The spiritual resources we constantly renew cannot melt away.

## Understanding Your Child

If your children are among the some 28 million high school students or over 20 million college students in the United States today, you might like to know about the results of a recent study of student life.

Simplicity, it seems, may be the key word for students these days. They've dropped overly-long hair for shorter, neater locks, and have a real concern for a "naturalness" that creates new modes in dressing, eating, thinking and recreation.

It's an innovative student world where vegetarian diets are resulting in special cafeterias, where individual athletic prowess overweighs concern for the teamwork of yore, and where the favorite reading material is E. F. Schumacher's "Small Is Beautiful."

In fashion, the statement is much the same: the desire to reflect naturalness, simplicity and uncomplicated ease. A researcher from Cotton Incorporated visited students across the country and discovered "individual

expression within a framework that one could only characterize as a reemphasis of the natural."

The main staple of student dress is still the all-cotton denim jean. With a T-shirt, sweatshirt or flannel shirt it becomes the perfect outfit for sports or just loafing. A more "formal" look for classes is achieved with a rugby shirt or cotton-knit top. For even more dressy attire: jeans and an Oxford cloth shirt and tie complement a blazer or sport coat.

While jeans are the staple, young people's wardrobes often include painter's pants and mechanic's workwear, as well as cotton corduroys, khakis and chinos. In addition, other "surplus and survival" gear such as jogging outfits, gym shorts, hunting sportswear and cotton canvas backpacks have helped to support the back-to-nature movement.

The style of the '70s youth seems to be: "create a mode for yourself out of the environment around you." That's what the natural lifestyle is all about.

**CARD OF THANKS**

We the family of G.W. "Pete" Switzer would like to thank the dear people for all the prayers, cards, flowers, food, telephone calls, visits and love bestowed upon us during the illness and loss of our loved one. To the doctors and nurses for their loving care. To Bro. Bradley for the beautiful memorial service and to our dear nephew, Kelly Ewen for the beautiful songs. May God Bless and keep you in our prayer.

Mrs. G.W. "Pete" Switzer
