LHS Band Wins Sweepstakes

The Lockney High School Band received Division One ratings in concert and sight reading in UIL contest

Friday at Dimmitt and again won the coveted Sweepstakes trophy. The Longhorn Band had received the

Division One rating in marching contest last November. (Bands rated "One" in all three contests get the Sweepstakes award.)

'Horns Capture Third At Whirlwind Relays

The Lockney Longhorn track team scored 86 points to finish third behind Floydada (103 1/2) and Frenship (89) in the Whirlwind Relays Friday at Floydada. Finishing behind the 'Horns in the AA division were Dimmitt, Post, Idalou, Panhandle, Morton, Abnathy and Roosevelt. Danny Clark took the meet individual title with 29 points, winning both hurdle events and running on the Longhorn relay teams. Clark won the 120-yard high hurdles in 15.3 seconds and the 330 intermeddies in 41.3. The Lockney mile relay team placed first with a 3:31.3 effort, the Longhorn shuttle hurdle relay team finished third with a time of 47.2, and the Big Red sprint medley relay group was third in 3:51.8.

Lockney's Jim Burt high-jumped 5-8, good for second place. Next track action for Lockney varsity track meets is March 31, when the Longhorns and Lady Horns compete at Idalou.

CLARK NEARS FINISH LINE at Whirlwind Relays

Lady Horns

Post Good

Distance Times

Lady Horn tracksters scored 17 points and placed eighth (18 teams competed) in a meet at Farwell last weekend. The Lockney girls posted some good times in distance events, better than most teams in their district have had so far this year.

Susan Gonzales placed fourth in the 440-yard dash with a time of 64.6 seconds, Stephanie Turner was fourth in the 880 (2:34.5), and Tammie Hayes was sixth in the mile (6:34.8).

The Lockney mly relay team (Gonzales, Turner, Karla McCarter, and Rebecca Evans) was fourth in 4:32.4.

New Hours

At Museum

New hours are being announced at the Floyd County Historical Museum. The museum will be open from 8:30 a.m. until noon and from 1 p.m. until 5 p.m. five days a week, Monday through Friday.

NEW CHURCH VAN...Young people of Lockney First Baptist Church took the first trip in the church's new van, returning from Glorieta Baptist Assembly early Tuesday morning, and that afternoon some of them cleaned up the van, for another trip, to R.A. Congress at Victoria. Helping were (left to right) Miles Boucher, music and youth director at the church; Katheryne Moore and Melody Wiley, a Glorieta trip sponsor. (Staff Photo)

FAMILY HISTORIES WILL BE ACCEPTED . . .

. . . just a little while longer

Family histories for the Floyd County history book for a little while longer, although the project committee is focusing on selling the business, memorial, and tribute pages.

Pictures should be used with both

the family histories and the special pages. Color photographs are permissible, but they will not reproduce quite as well as black-and-white photos.

The project committee will attempt to return all photographs used in the

book, but persons using irreplaceable photos should have them copied. Wilson Photography in Lockney, Parker Studio in Floydada, and Blanco Offset Printing in Floydada offer the copying service for a fee.

Floyd Teens Spend \$1,365,000

NEW YORK, Mar 18—Financially, Floyd County's teenagers seem to be making out very well.

They have affluence such as their parents never dreamed of at their age. As a result, with their spending clout, they have become an economic group to be reckoned with.

The unprecedented amount of money at their command, estimated at no less than \$1,365,000 in the past year, went for the whole gamut of personal items and leisure-time activities that are so important to them. And it went fast.

In addition to what they spent on themselves, they exerted a strong influence on family purchases— from food to furniture and from carpets to cars.

All of which enhances the stature of the teen-agers in the eyes of designers and retail merchants, who court them as never before through frequent changes of fashions and styles.

The overall spending figures are based upon surveys and studies made by the Rand Youth Poll, a market research organization, by the Family Economist and others.

The findings are that the 30 million teen-agers in the United States had an income of \$28.7 billion last year, a \$2.6 billion increase over 1976.

It was the largest annual rise in the

past 25 years and is attributed to inflationary pressures and to the greater number of possessions that have become "musts" for young people.

For Floyd County's teen-age population, which now numbers close to 1,750, the outlay came to approximately \$1,365,000, based upon local income and spending figures. Per capita, it averaged \$780 in the year.

Part of this money was earned by doing odd jobs after school and during summer vacations. The rest came from weekly allowances.

Girls, it is found, outspend boys.

Personal vanity is given as the main reason for the difference. Among boys, dating and entertainment are in the number one spot, with cars in second place.

Of even greater importance to local merchants is the general family spending over which the teen-agers have an influence. This is placed at about \$60 billion a year nationally.

In Floyd County, in line with the findings, it affects an estimated \$2,853,000 of the spending done per year in local stores.

BEACON LIGHTS

By Jim Huggins

GREGG TAYLOR has been elected a captain of the NMMI Broncos football team for next season. Gregg will be a second-year student at New Mexico Military Institute. He plays guard for the Broncos.

NEW RECORD FOR LENGTH OF RED TAPE?...The March 1978 issue of Butane-Propane News tells about the governmental red tape required of a proposed pipeline project for an oil company seeking permission to transport Alaskan oil from California to Texas and the Midwest. The company had had to obtain permits from various governmental agencies. "...How many permits? Would you believe 700—so far? And that's not the only red tape problem the company has faced. One complication was procedural: Three of the agencies demanding permits said they would not grant theirs until all others had issued permits for the project..."

NOTE from sarcastic playwright to politician: "I am enclosing tickets to the opening night of my new play for you and a couple of friends, if you have any."

Response: "I am returning the tickets to your opening performance as I cannot attend on that night. I would like tickets to your second night performance, if there is one."

HEADLINE IN SOME EDITIONS of an area daily: UN ORDERS ISRAELI WITHDRAWAL ("Now yawl be nice tuh them Lebanese, yuh hee-ur?")

AN elephant was drinking from an African river when he spied a snapping turtle asleep on a log. He ambled over to it and kicked it clear across the river. "Why did you do that?" asked a giraffe.

"Because," replied the elephant, "I recognized it as the same turtle who took a nip at my trunk 50 years ago."

"What a memory!" exclaimed the giraffe. "Yes," replied the elephant modestly. "Turtle recall."

BUS MINISTRY OFFICERS of the Primera Iglesia Bautista, pictured in front of the Lockney church's new bus, l-r: Chano Martinez, driver; Romanita Castro, secretary of the church and the bus ministry; Troy Smith, bus ministry pastor; Joe Castillo, bus captain. (Staff Photo)

THEY REACHED THEIR GOAL...Youth of the First Spanish Baptist Church (Primera Iglesia Bautista) in Lockney reached their fund-raising goal of \$500 to attend the Baptist Youth Convention (Congreso) in Corpus Christi today through Saturday. They left yesterday in the new church bus and will return Sunday. (Staff Photo)

Donna Tannahill, Billy Marricle Married Sunday In Lockney Church

Altar arrangements of gladioli, daisies and jonquils decorated the nuptial area of First United Methodist Church of Lockney for the recitation of wedding vows by Miss Donna Gail Tannahill and James William "Billy" Marricle.

Focal point in the area was the unity candle which was flanked by candelabras entwined with tropical foliage and yellow satin.

The daughter of Mr. and Mrs. Eugene Tannahill of Lockney and the son of Mr. and Mrs. Buck Marricle of Floydada were joined in marriage in a double ring service read by the church pastor, Rev. Hugh B. Daniel Sunday afternoon at 3 o'clock.

Miss Dena Casey, the bride's cousin, assisted guests in being registered. Ushers Larry Tannahill, brother of the bride, Steve Moore of Canyon and Royce Chadwick of Weatherford, Oklahoma, directed seating

of the guests in the church sanctuary.

Traditional wedding music was played by organist Mrs. John Taylor of Friona, cousin of the bride, who also accompanied Miss D'Lyn Mathis, soloist. After the seating of the couple's mothers, Miss Mathis sang "Evergreen". As the candles were lit by Miss Dee Lynn Casey, cousin of the bride, Miss Mathis sang "You Light Up My Life". After the couple lit the unity candle, Miss Mathis sang "One Hand One Heart".

Attendants

Preceding the bride down the aisle were maid of honor Miss Kay Tannahill, the bride's sister; bridesmatron Mrs. David Peckenpaugh of Farnsworth, her cousin, and bridesmaid Miss Tresa Albright of Norman, Oklahoma, another cousin. Children in the wedding party were cousins, Misses Lory Ann Tannahill of Friona and

Sherry Lynn Latham of Dumas (the groom's cousin), flowergirls, and Brian Pleasants of Austin, ring bearer.

The feminine attendants and Miss Dena Casey wore long dresses of soft apple green tulle featuring front insets with slash opening and collars and waist sashes tied in the back in a bow. The sleeveless dresses were designed on Empire lines. The attendants carried nosegays and yellow daisies and freshias, and Miss Casey's corsage was of yellow daisies.

The flowergirls and candlelighter wore identical dresses of green eyelet embroidery fashioned with scoop necklines and puff sleeves. The flowergirls wore bonnets matching their dresses and carried small white wicker baskets. The candlelighter wore a corsage of yellow daisies.

Best man was Greg Goen of Austin, and groomsmen were the groom's brothers, David Marricle of Plainview and Keith Marricle of Floydada. Their tuxedos were black and their yellow shirts had self ruffles edged in black.

The groom wore a white tuxedo coat over black pants and yellow shirt with self ruffles edged in black. All the men wore yellow rosebud boutonniere.

The former Miss Tannahill was presented for marriage by her father. Her dress was of white chamessa tulle designed with an Empire waistline and a low rounded neckline. The long set-in sleeves fastened over the wrist with small pearl buttons. Her hooded cape of white reemboirdered bridal lace formed a small train. Her bouquet was a cascade arrangement of yellow daisies and yellow sweetheart roses tied with white lace.

The bride's mother wore a long dress of forest green chamessa tulle with a slightly raised jewel neckline with slit and self bow, flared skirt, self tie belt, and full length sleeves. Her corsage was of peach rosebuds as was the groom's mother's corsage. Mrs. Marricle's dress was ecru and was designed with a lace bodice, long sleeves, jewel neckline and pleated, long skirt.

Reception

The bride's parents were

hosts for the reception in the Fellowship Hall of the church immediately following the wedding. The bride's table was laid with a floor-length white knit cloth under a shorter white lace cloth. Crystal and silver appointments were used. The pale yellow tiered wedding cake was accented with iced daisies with darker yellow centers and was topped with wedding bell ornaments. Attending the bride's table were her cousins, Kim Adams of Chickasha, Oklahoma, Dena Casey and Tresa Albright.

At the groom's table were his sister-in-law, Mrs. David Marricle of Plainview, and his aunt, Mrs. Ernest Latham of Dumas. The circular table was covered with a white floor-length cloth. Pewter appointments and a pewter pitcher filled with daisies graced the table.

Members of the houseparty were Meses. Joe Taylor, Floyd Lyles, Charles Huffman, Bill Strickland, Carol Whittington, Harold Brock, Jerry Johnson and Tom Johnson.

The rehearsal party was held Saturday night in the church Fellowship Hall and was given by the groom's parents.

Home In Canyon

The newlyweds are both sophomore students at West Texas State University in Canyon, where they will make their home. She is a 1976 graduate of Lockney High School, and he was graduated the same year from Floydada High School.

Marricle is a member of Lambda Chi Alpha fraternity and his wife is a member of Delta Zeta sorority. He is employed with Pruitt Supply in Amarillo and she works in the office of clinical experiences at West Texas State University.

Their wedding trip was to Questa, New Mexico.

Meddlin's BY PEGGY MEDLEY

An expert tells us there are many things that can happen to a sewing machine that does not require a serviceman's attention. I guess if we followed the simple rules that come with our appliances and machin-

MRS. BILLY MARRICLE

ery we would have little use of a service man. Some tips for the care of a sewing machine and some of your problems: You can't see or feel it but synthetic fabrics such as polyester and double knit are treated with various chemicals and this causes a resin build-up in the eye of your sewing needle. It's enough to throw top tension off. Any residue in the air in your house can also cause a cotton ball with rubbing alcohol, wash down the needle and the bottom of the pressure foot. Also wash tension disc occasionally. Raise pressure foot so discs will be separated and squeeze the cotton ball so the alcohol can soak the discs. Let disc dry on their own.

A correct size needle is also important, size as well as type. A ball point needle is recommended when sewing on double knit. Avoid overwinding your bobbin. Wind them slowly and evenly and never wind thread over thread. I'm always doing that, how about you? This will cause thread to bunch up underneath the fabric when sewing.

Run your sewing machine on slow speed when using zigzag, fashion stitch of any type, disc or stretch stitch. The only time your machine runs properly on fast speed is when you are sewing a straight stitch. Never run your sewing machine a lengthy time in reverse. No machine is intended for this because the tensions are different than for running forward.

Remove draperies from one window and change to the other side of the room, if possible. Sunlight especially through window panes, tends to make material deteriorate and fade. Put a piece of shelving or waxed

paper on that little space between kitchen cabinet tops and ceiling. It's easier to clean, because you just remove the paper. When rearranging furniture, remove crushed spots on rugs by laying a damp cloth over the spot, then go over lightly with an iron, just enough to steam it. Use a vegetable brush to raise nap up to its old self.

VINEGAR is a good cleanser: Keep your coffee pot perking along by dissolving the mineral deposits which build up and clog the inside heating element. Put 1 cup vinegar through the normal cycle, let stand until cool, then rinse. Put a shine on your windows and mirrors, chrome and stainless by applying undiluted vinegar then wipe clean; remove telltale hemline marks from "let-down" clothing by gently rubbing vinegar directly into the creased area, then iron using a pressing cloth; pour one cup vinegar down a dry drain, cover, wait 5 minutes then flush with water. This will deodorize the drain.

TO give your Easter eggs that soft professional sheen, rub several drops of vegetable oil over them after they're colored and completely dry. If you plan to blow out the yolks before decorating, remember to do it when the eggs are at room temperature. Its much easier.

PERSONALITY, poise and beauty are what the judges will look for in the new Mrs. America Beauty Pageant. Age is no barrier (last year's winner was 47) and the only other requirements are that you be a U.S. citizen and married as of date of entry. The winner will receive a 1978 automobile, a mink coat, jewelry, a year of

Judge And Mrs. Holmes Observe

60th Wedding Anniversary

County Judge and Mrs. J.K. Holmes observed their 60th wedding anniversary on Sunday, March 19th. The couple were married March 17, 1918.

Their three daughters were here for the celebration. They are Mrs. Leo (Leone) O'Hare and her husband, Kimbell, Nebraska, Mrs. Rex (Virginia) Cowart and husband of Dimmitt and

Joyce Holmes of Amarillo. Also present were Judge and Mrs. Holmes' grand daughter, Mrs. Larry (Terry) Swink and her children, Adam and Amber Perryton. Judge and Mrs. Holmes also have seven other grandchildren and six great grandchildren who were unable to attend the celebration.

travel and more. The patient also benefits the City of Hope National Medical Center which does research on catastrophic diseases.

For an entry form write Mrs. America Pageant, 9399 Wilshire Blvd., Beverly Hills, California 90210. It's important for entrants to write soon, for the competition will be televised nationally from the Las Vegas Hilton on Saturday night, April 15.

HAD a note from Johnnie Latham in Bee Branch, Ark., this week and she sent me a little cutie that might fit most of us:

I can live with my arthritis. My dentures fit me fine. I don't hate my bifocals But, Oh, how I miss my mind.

THE Mealeys were in Dallas last weekend visiting their daughter, Debbie con-

tinues to gain strength, walking better each day and is going home for good tomorrow (Friday). I hope this week has been long for her because she is so anxious to join her family in Durango. She sends her love and continued thanks to all loved ones.

EER (Energy Efficiency Ratio) indicates how efficiently an appliance uses energy, explains Pat Samsman, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System. EER equals the number of BTU's used by the appliance, divided by the appliance's wattage, she adds.

Denice Payne Chadwick Stan Payne Repeat Vows

Mrs. Stan Payne
(nee Denice Chadwick)

Wedding vows were repeated Saturday evening by Denice Chadwick and Stan Payne in the First Baptist Church in Floydada. Dr. Floyd C. Bradley, pastor, performed the marriage ceremony at 7:30 o'clock before basket arrangements of yellow daisies, yellow gladiolas and green palms. Arched candelabras with yellow tapers and a unity candle were also used.

Parents of the couple are Jackie Chadwick, Floydada, and Kelly Chadwick of Corpus Christi. Mrs. Coye Payne, Lockney, and the late Archie Payne.

Mrs. Janet Keller of Denton was maid of honor. Mrs. Stacy Loague of Del City, Okla., cousin of the bride, was matron of honor.

Joe Payne, Plainview, was his brother's best man. Royce Chadwick, brother of the bride, was groomsmen and Neil Payne, also of Plainview and nephew of the groom, seated the guests.

Gena Ford of Wolforth and Kellene Dirickson of Apache, Okla., cousin of the bride, were candelighters. Diane Ford Wolforth, was the flower girl.

GIVEN IN marriage by her father, the bride wore a formal gown of knot chiffon fashioned with Victorian neckline and angel sleeves. Silk Venise lace motifs encrusted with pearls adorned the sleeves and bodice.

The circular skirt of the gown extended into a chapel length train. A half cap enhanced with lace motifs and pearls held the bride's waltz-length mantilla of imported illusion. The mantilla was bordered with Venise lace that matched the lace of her gown. She carried a nosegay of yellow daisies and roses accented with baby's breath.

Since women buy over three-fourths of men's clothing, they must be familiar with a man's preferences, sizes, wardrobe needs and fashion interests, says Becky Culp, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Attendants wore empire styled gowns with sheer Victorian sleeves finished with wide cuffs, and with high collar topping off a sheer rounded neckline. Maid of honor wore peach and matron of honor wore yellow, and each carried a nosegay of white daisies and baby's breath interspersed with yellow roses.

A RECEPTION was held at the church. The bride's table was laid with a white tablecloth, handmade, that belongs to the bride's grandmother, Mrs. Joe Chadwick of Apache. Attendants' nosegays added to the decor of silver triple candelabra that centered the table. A silver punch service was used. A pot of ivy centered the groom's table where a silver coffee service was placed.

Assisting with serving were Mrs. Terry Johnson of Amarillo, Mrs. Frank Watson of Amarillo, Mrs. Steve Campbell of Uvalde, Mrs. Brent Sanders, Floydada, and Mrs. Bill Howard of Lockney.

The couple will establish residence in Plainview at 1308 Holiday Drive after March 25. Mrs. Stanley Payne is a graduate of Floydada High School and of Southwestern State University. She will be doing relief work as a registered pharmacist in this area. Her husband is owner of Stan's Barbers. He is a graduate of Lockney High School.

FLOYDDATA

Eliene, Bruce and Lesley Jo Francis of Carrollton, visited recently in the home of Eliene's parents, Leslie and Jonelle Fawver.

During this time they went to Lubbock to the Hayloft and were joined by Larry and Becky Fawver for a birthday celebration for the women. Saturday evening all visited Mr. and Mrs. Roy Fawver, Larry and Becky also visited her parents Helen and Neal Bertrand. They took little Mike Bertrand home with them to Lubbock for a few days visit.

THE CALVARY ECHO SINGERS will be featured at the Floydada Church of the Nazarene Sunday morning at 9:45.

Center News

By Mrs. J.E. Green

By Mrs. J.E. Green

March 20. Here it is the beginning of Spring. Next Sunday will be Easter.

Sunday Mrs. A.W. Anderson of the nursing home had company. Sunday morning her sons, Otis and Floyd came by, and in the afternoon a daughter from Petersburg, Mrs. Dorothy Thompson and her daughter, Brenda came.

Mitzi Beedy of Plainview is visiting her grandmother, Mrs. Leo Frizzell.

Mr. and Mrs. Orbin Carroll of Amarillo spent over the weekend with her mother, Mrs. Ava Jackson, and Sunday afternoon Mrs. Jackson returned home with them.

Mr. and Mrs. Bill Tillman of Altus, Oklahoma visited one afternoon with Mr. and Mrs. Claud Carpenter.

Mr. and Mrs. Marion Carpenter made a trip to Plainview Saturday.

Mr. and Mrs. Hal Thomas spent Sunday in Post with Mrs. Thomas' sister, who is not well.

Mr. and Mrs. Clarence Ashton visited his father, R.H. Ashton, Sunday afternoon.

Mrs. Rice visited Mrs. Elmer Warren Sunday afternoon.

Brother Clay Muncy, who has been in the Lockney Hospital several days, is reported better today.

Tarpley Matthews of Hillsboro, brother of Mrs. J.E. Green, hospitalized for several days was reported much better Sunday evening.

Mrs. Flora Warren visited Mrs. Fred Battey Saturday afternoon.

Sunday afternoon Mrs. Fred Battey and Mrs. Ola Warren visited Mr. and Mrs. David Battey Sr. of Harmony Community.

Mrs. C.W. Denison and Mrs. Sam Lide went fishing at White River Lake one day last week. Fish caught were small.

Mr. and Mrs. Don Finkner of Lubbock visited her parents, Mr. and Mrs. Charles Fulkerson Sunday. Then all went on to Matarador and attended the revival services at First Baptist Church. After church they were dinner guests with old friends.

Mr. and Mrs. Boenig and daughter of New Brunfels who visited her parents, the Fulkersons, last week, have returned home.

Miss Vera Meredith visited Tuesday with Bro. and Mrs. Muncy in Lockney.

Miss Meredith's visitors during last week were Mrs. Louise Hamilton, Mrs. Lola Cavanaugh, Addie Moreman, Ruthie Bell Hill, and Miss Mary Pearl Coward.

Today a niece, Mrs. Thelma Strickland of Las Cruces, N. Mex. arrived to visit Miss Meredith and the Clay Muncy's.

A typical good time at "Senior Citizens" was held last Thursday at the Center, with 63 present.

The Millard Watsons spent Saturday afternoon with the Henry Brewers.

The Hartline's grand-daughter, Robbie, a WAC, is spending a vacation in Phoenix with her parents, the Dub Hartlines, on her way to Ft. Hood, her new station.

Sunday was another good day at Calvary Baptist.

Green Thumbers Need A Job

Are you 60 years of age or older? Do you have a home that needs weatherized or repaired? If you do then call Kathy Green at 983-3134 for information about weather stripping, storm windows and doors. This service is available for a limited number of people.

If you think you may be eligible for this program please call 983-3134. This program is made available locally thru the cooperation of Green Thumb and Caprock Community Action.

"Eleanor Says"

For those of you who will be preparing Easter eggs for the "Little ones" Sunday, here is a helpful hint from Heloise. Buy some small packages of unsweetened, powdered drink mix in grape, cherry, strawberry, etc. Put one package in water enough to cover several eggs. Add a pinch of salt and boil until the eggs are hard-boiled. Do the same with the other packages. Not only will you have beautiful colored eggs (with no mess with egg dye) but your home will be filled with luscious aromas! You can fail with this hint and I know your children and grandchildren will enjoy the beautiful eggs as much as you will preparing these colored eggs for them.

Gardening fever is still in the air as spring approaches. It seems that about 60 percent of Texas households will engage in some type of gardening activity this year. What's so alluring about gardening? It's the challenge of growing your own tasty vegetables. There is just something about homegrown vegetables that can't be matched with those found in supermarkets. Furthermore, gardening is a wholesome activity that can involve all members of the family.

For a successful venture into gardening I'm going to list several hints that will help you "Eleanor Says" next week.

In the meantime remember we sell Chemicals at wholesale prices and can save you money when you shop with us. Our stock is complete in chemicals, feed, and garden supplies. See you at the Complete Farm Store.

NEWS 'N' NOTES

by Sharon Hillis

Comparing food labels can help consumers get better nutrition and stay informed.

Simply reading labels is important, but careful comparison of several is the secret of making wise choices, because different labels can include different kinds of information.

In several types of information—all of which must be accurate, according to law—it appears on a label.

Specifically look for the product's descriptive name, the net weight, a list of contents, the quality grade if it was graded by the U.S. Department of Agriculture or other government agency, and the name of the plant or company that produced or distributed the food.

Also, look for information on the product's nutrient contents and proper storage guidelines.

Other possible label information included fresh dates and assurance that contents were made from wholesome farm products and processed under sanitary conditions.

On meats, look for the "Inspected for Wholesomeness" emblem of either the state or the U.S. Department of Agriculture.

In addition, some labels suggest recipes and serving ideas.

TOWED IN MAY... of Plainview announced wedding plans of the Dale Rose, son of Lockney. The couple Brown Memorial College is a 1977 graduate from Lockney High School Lockney area.

The first woman to year old Gertrude E. broke five track records.

in his racing career, Mr. broke five track records.

New Books At Lockney Library

Several books by a number of popular authors have been added to the shelves in the Lockney branch of the Floyd County Library.

Barbara Cartland is author of **LOOK, LISTEN AND LOVE, A TOUCH OF LOVE AND THE OUTRAGEOUS LADY**. She is considered one of the most popular authors of "ladies' fiction".

The mystery stories found in the Ellery Queen series of collections include Ellery Queen's...**CHAMPIONS OF MYSTERY, ...SEARCHES AND SEIZURES, ...GIANTS OF MYSTERY, and ...MAGICIAN'S OF MYSTERY.**

A modern author is Joyce Carol Oates who came to popularity in the last 10 years. Now in the library by her are **CROSSING THE BORDER, CHILDWOLD AND NIGHT-SIDE.**

Bill Pronzini is co-author with Barry Malzberg of **THE RUNNING OF BEASTS**, author of **BLOW BACK AND EDITOR OF MIDNIGHT SPECIALS**, an anthology for train buffs and suspense aficionados.

The library has added **QUEEN JEZEBEL, THE CAPTIVE OF KENSINGTON PALACE, THE THREE CROWNS, and LIGHT ON LUCREZIA**, all by Jean Plaidy. Miss Plaidy also uses the pseudonym of Victoria Holt. The books by Miss Holt are so popular that most people would assume that Victoria Holt would be the real-life name instead of the pseudonym.

Translations of Georges Simenon books are **MARGRET AND THE SPINSTER, MONSIEUR MONDE VANISHES AND MAIGRET AND THE BLACK SHEEP.** Books from best-seller lists now available at Lockney are **THE THORN BIRDS** by Colleen McCullough, **ALL THINGS WISE AND WONDERFUL** by James Herriot (sequel to **ALL THINGS BRIGHT**

AND BEAUTIFUL, BLOOD AND MONEY by Thomas Thompson (was Dr. John Hill ordered killed by his father-in-law? The story behind the headlines...), **TWINS**, by Bari Wood and Jack Geasland (based on medical doctor twins who were found dead in recent years in their New York apartment).

Other new novels include **THE CRASH OF '79** by Paul E. Erdman, **THE FLIGHT OF THE EAGLE** by Donald Thomas, **THE DOCTOR'S DESPERATE HOUR** by Elizabeth Seifert, **HIGH ROAD TO CHINA** by Jon Cleary, **FLESH AND BLOOD** by Pete Hamill, **THE SALAMANCA DREAM** by Dorothy Eden, and **LOOSE CHANGE**—three Women of the Sixties by Sara Davidson, which was recently a mini-series on television.

Non-fiction titles include these: **SIX MEN** by Alistair Cooke discusses Charles Chaplin, H.L. Mencken, Humphrey Bogart, Adlai Stevenson, Bertrand Russell and Edward VIII, each of whom has a legendary wearing for our time.

THE NATIONAL GEOGRAPHIC INDEX for 1947-1969

Dar Lee McPherson On WT Senate

WTSU—Dar Lee McPherson, a freshman nursing major at West Texas State University, has been elected to the 1978-79 Student Senate from the WTSU School of Nursing.

The Student Senate is the student governing body on campus, with each college and school represented by a number of senators. Senators introduce and vote on bills and resolutions for changes and improvements on campus. They are elected by students in the college or school which they will represent.

Miss McPherson is the daughter of Gale McPherson of Route 1, Lockney.

7th Grade Girls Win Olton Meet

Lockney seventh-grade girls took first place team honors at the Olton junior high track meet Friday. The Lady Horns scored 122 points.

First-place finishers included Doreen Alaniz (100-yard dash and long jump), Elizabeth Mathis (discus), and the sprint relay and 880 relay teams (both composed of the same members—Alaniz, Peggy McDonald, Connie Coffman and Georgia Villarreal).

Placing second were McDonald (100 and shot put) and the mile relay team, (Coffman, Carolina Sanchez, Maribel Torres and Julie Reece).

Robin Hardy was third in the 880, Alaniz was fourth in the high jump, and Mathis placed fifth in the shot.

Lockney eight-grade girls scoring points in the meet were Missy Burchfield, second in the 440; Antonia Luna, fourth in the 100; Patricia Torres, sixth in the 100; and the 880 and mile relay teams, fourth.

Girls 1-3 At Canyon

Lockney High School girls recorded one victory in a dual tennis meet with Canyon March 14. Sheila Hrbacek and Katherine Moore beat Canyon's number-one doubles team 6-3, 6-1.

Julie Frizzell and Gay Frizzell lost to CHS's number two duo by the narrow margin of 3-6, 7-5, 6-7, with a 3-5 tiebreaker deciding the match.

In singles, Anna Araujo was defeated 6-8 in a pro set, and Missy Pinner lost 4-6, 3-6 to Canyon's number-one player.

By Mamie Wood

The Sunset School was built in 1895 and located two miles east of South Plains, the present location of the late L.T. Wood residence. It was a neat frame one room building, as the enrollment increased it was added on to two times. Some of the very first students were Roy Childress and Lee Pearson. The children came to school by hack, buggy, klondykes and when it snowed sometimes by sleds. Some lived near enough to walk, and some rode horses and burrows. I understand Murry Julian even rode a burrow. Frank Nix taught in the early days of Sunset School for \$30.00 per month. A few of the other teachers were: Mr. Ragle, Mrs. Hughes, Dave Hopper, Fannie Wilson, Mrs. Looney, Mr. Duck, Price Scott, Joe Weaver, Mrs. Joe Hanes, Hubert Oneal, Grayson D. Tate, Mrs. E.O. Nichols, Mr. White (who had no legs but did not let this handicap hinder him, for he later became tax assessor in Floyd County) Mr. Grubbs, Belva Solomon, Obed Baker, Mrs. Blanch Phegley, Mrs. Verna Snodgrass and Bessie Wood. I am sure there were more and not in the order as they taught.

Sunset was noted for its ice cream socials. Syble (Covington) Teeple tells me she could remember those squeaking 15 or 20 ice cream freezers, while the children ran and played. The Community Christmas Trees were another high light of most every one I have contacted. The favorite lunch

Johnnie Wilson remembers was cold biscuits and sausage, carried to school in a syrup pail. Some of the games the boys and girls played were Stink base, Annie Over, and later baseball and even basketball. The good 3 act plays made an impression on many, also the challenging spelling bees, and debates. Several remember going to church at Sunset, the Bethel Baptist Church. Johnnie Wilson recalls in 1919 a big rain came and the draw west and south of Sunset was bank to bank. The teacher decided it unwise to cross, so all were housed in the Grisby Milton Sr., and Charlie Wilson home, some went home with Mrs. Verna as she lived north. A prank on Halloween was pulled on the teacher Mr. Ragle, who was living in the teacher-age just north of Sunset, the boys took the wheels from his buggy and put it on the roof.

Charlie Jarrett tells me he came here in 1908 and at that time Sunset was still a one room school, his wife Grace (Pearson) parents came here in 1893 and Grace was born in 1894 in a dugout south of the Sunset School. Grace attended this school and later she and her sister Lula carried the mail from Della Plains to Curlew in 1911.

In 1926 a nice brick school was built 1 mile north of this location, where the Light House Electric Cooperative now has a substitution. This school had eight rooms with the enrollment of 180 pupils. In two years this school was moved to the new location of South Plains and took the name of South Plains School.

FOOD IN RETORT POUCHES—Your favorite food items may soon be packaged in flexible foil pouches, called "retort pouches," says a food technologist with the Texas Agricultural Extension Service. The pouches will not require freezing or refrigeration but will still have the same shelf life as conventional containers such as cans and glass jars. With the pouch, products will have improved texture, color and flavor due to reduced processing times. Foods may be heated in the pouch to eliminate messy pots and

pans, and there will be more display area for labels and other information. Initially, higher cost will be a drawback.

VACATION JULY 4 WITH A 13 DAY DELUXE CRUISE

Federal Crop Insurance Still Available For Farmers

S. farmers will depend on the Federal Crop Insurance Corporation (FCIC) to protect more than \$2 billion of 1978 crop investments, including a record number of Texas farmers. The program is designed to protect the money a grower invests in a crop. In this crop is destroyed,

he will at least get back what he put into the crop. With production costs what they are, that's a management tool not many farmers can ignore," Jordan explained. "Also many financial institutions are emphasizing our program as a means of strengthening collateral needs since it gives cash value to a growing crop before the crop is harvest-

ed." With this increased interest in Federal Crop Insurance we are doing all we can to make improvements in our program that will benefit the producer. Three Texas counties are participating in a pilot program involving ASCS. Results of this and other trials will be considered as we plan for the future. We have also ex-

panded coverage in 17 counties and added 6 new counties for this year," he said. The new counties include Cimarron County in Oklahoma, Roosevelt County in New Mexico and Collingsworth, Gaines, Stonewall and Yoakum Counties in Texas. Federal Crop Insurance is now available in 136 counties in the three state region.

Crops covered include cotton, corn, grain sorghum, wheat, peanuts, citrus, rice, and soybeans. For cotton and grain sorghum in Cochran, Floyd, Gaines, and Yoakum Counties, sign up for participation in the 1978 program ends April 30. Details can be obtained from FCIC, 1205 Texas Avenue, Room 214, Lubbock, Texas 79401.

Airman Monte Covington Graduates

WICHITA FALLS, Tex. —An official at Sheppard AFB, Tex., has announced the graduation of Airman Monte D. Covington from the U.S. Air Force's aircraft maintenance specialist course conducted by the Air Training Command. Airman Covington, son of Mr. and Mrs. Jack Covington of 125 J.B. Avenue,

Floydada, Tex., is now trained to maintain, repair and service aircraft currently in use by the Air Force, and will serve at Reese AFB, Tex. Completion of the course earned the individual credits towards an associate in applied science degree through the Community College of the Air Force. The airman is a 1977

graduate of Floydada High School. ACCIDENT CONTROL —The risk of having a particular accident can be measured by evaluating known hazards for their probability of causing an accident and the potential severity of likely damage or injury, points out the Texas Agricultural Extension Service.

TIPS FOR HOMEOWNERS
 Fix It Yourself For Safety & Economy

UNCLOGGING DRAINS
 You can be your own plumber and protect your house from water damage while saving money on repair bills if you act promptly when you notice a drain emptying slower than usual. The editors at Reader's Digest, who have just compiled an easy-to-read "Fix-It-Yourself Manual" with the

help of experts in every field, offer these important do's and don't's.

TAKE THE PLUNGER - Before using, tip cup a bit to allow water in.

- DO flush the drain with liberal doses of boiling water to restore free flow.
- DO use a plunger. Bail out most of the backed up water, leaving only enough to cover plunger cup. To increase pressure against the clog, plug the sink overflow opening with a damp rag. With the sink stopper removed vigorously pump plunger up and down, timing your strokes rhythmically to reinforce the surge in the pipe.
- DO use a liquid drain opener if drain remains

blocked.
 • DON'T use a chemical drain opener in conjunction with plunger. Splashing onto face could cause injury.

The manual, available at bookstores, not only tells all about plumbing, but how to safely fix 1,001 things that could go wrong around the house.

Swans communicate with a loud, trumpet-like sound.

LOCKNEY LOCALS

Mr. and Mrs. George Worsham went to Amarillo March 11th to spend a few days visiting their son, the Jack Worshams. While there, Mrs. Worsham fell on concrete and received injuries to her head and left hand. A head laceration required four stitches. They returned home last Friday.

Mrs. Bryon Ford and Mrs. Bill Glasscock spent week recently in Tucson, Arizona visiting with Ford's sister Mrs. Lena and her daughter, Jessa. Mr. and Mrs. Eric Schacht of Oklahoma City, spent last week visiting grandmother and Mrs. Henry Schacht and John Paul Schacht.

Mrs. Henry Bollman went to Blackwell, Tx. to attend the 50th wedding anniversary of the Howard Michelson on Sunday, March 12th. Mr. and Mrs. Fred Forberry had as guests Sunday until Monday son and his family, Mr. Mrs. Elmo Fortenberry, Patricia and Elmo Jr., Dumas, Tx.

Houseguests of Sally Ted Carthel for the past days included her mother, Mrs. Sally Miller of Garfield, Tx., her brother Larry Miller from San Antonio and her sister Dr. and Mrs. Robert Petersek of Austin, Tx. They attended the wedding of the Carthel's daughter Cathy to Ronnie Tee on Saturday in Lubbock.

Mr. and Mrs. Andy Cormick, Jerri Ann Jeffrey, Mr. and Mrs. Reecer and Jeff, and Cook of Lubbock, and Bybee of Lubbock returned from Friday until Monday Ruidoso, New Mexico.

Lisa Cooper of Denton, Tx. spent several days week visiting her father, Jerry Coopers, and grandparents, Mr. and Paul Cooper. Visiting father and grandparents Sunday were Kathy Cook of Lubbock, and Paul Cook of San Angelo.

Ches Carthel left Monday to spend several days Ruidoso with the Her Carthels, his grandparents and to ski. Accompanying him were Mike Ferguson and Kevin Stennett.

The Donnie Bybee is as a guest this week the granddaughter, Kara of Spearman, Tx.

Byron and Madeline Schacht and two sons Bryan, Tx. spent last week on spring break visiting their parents, the Durre Jacks, Mrs. Fritz Schacht and Margaret, and relatives.

Leaving Sunday morning to ski at Red River, N.M. several days were Boyd Randy Rogers, David McCool, David Foster and Sessom.

Mrs. Faye Holmes' guests Sunday were sisters and a brother, Edna and Ralph Brown, Edmonson, Kate and Skelton of Lubbock, Tannahill of Friona, Mildred Morrison of Plainview, and her niece and nephew, Maxine and Rigler of Plainview, and Gay Tannahill and Loren Mark and Lori of Pomeroy and Elizabeth Ann Tamm of Manchester, Connecticut. They were here for wedding of Donna Tamm and Billy Marrison Saturday afternoon.

Mrs. Laura Manning turned last weekend in Dallas where she had eye surgery. Her granddaughter, Ed McCarter, returned to Lubbock with her this week further medical treatment before returning home this week.

Raz and Georgia Pinner spent from Pomeroy until Sunday visiting Lampasas, Tx. with Georgia's sister, Mrs. V. E. Spear and Mr. Spear. At Georgetown they visited the Whitesheads, former Lubbock residents. Mr. Whitehead is in extremely poor health. In Austin they visited Georgia's niece, Mrs. Gorden Cook.

Mrs. Jack Ford and her sons, Kevin, Dean, Chuck, of Leoti, Kansas here this week visiting her parents, the M. Cooks, and her in-laws, Raz Fords.

If fuel costs are squeezing the profit out of your corn crop, plant

The Cost Cutter

Less Irrigation Cost — Lower Harvest Costs Because of Lower Moisture — Less Drying Cost

Pioneer® brand 3780 can cut your costs to improve corn profits in four ways —

- ★ **Less Irrigation Cost** — 3780 needs less total water than commonly grown corns because it grows off fast. And because of its early water use, 3780 uses early-season rainfall more efficiently than other corns or crops.
- ★ **Less Harvest & Hauling Cost** — Fast drydown with good standability and ear retention lets 3780 dry in the field — you harvest and haul less moisture from the field.
- ★ **Less Dockage** — Less water hauled from the field means less dockage or drying expense.
- ★ **Lower Potential Weather and Insect Loss** — Because of its rapid growth feature and fast drydown, 3780 is ready for harvest well ahead of commonly grown corns. Fewer days in the field mean less exposure to potential bad weather and late-season insect problems.

MORE NET INCOME PER ACRE

High Plains farmers have consistently found 3780 producing more net income per acre than competitive corns of later maturity . . . even though the green weight of later maturing corns may have been more.

With 3780, you don't take big cuts in yield like you might expect. In fact, in 96 tests under many conditions in the past four years, 3780 has averaged 7,817 pounds per acre. Few farmers will boast of a higher four-year-average, dry-corn yield than this.

Yields like you'd expect from corn with input costs similar to grain sorghum . . . that adds up to more net income per acre.

3780 — 96 High Plains tests — 4-year average — 7,817 lbs./A.
 Here's How 3780 Performed For 5 Area Farmers in 1977

Helmuth Quebe — Plainview
 Planting date: April 11
 Harvest date: August 20
 Results: 8,200 lbs./A. at 15.0% moisture; pre-water plus three waterings; outyielded later maturing competitive corn by 600 lbs./A.
 His comment: "I like 3780 because of its early maturity."

R. E. Lance — Hereford
 Planting date: April 20
 Harvest date: September 25
 Results: 6,500 lbs./A. at 19% moisture; watered 3 times.
 His comment: "3780 did as good as I thought it would."

Don Ott — Dimmitt
 Planting date: April 27
 Harvest date: September 10
 Results: 8,590 lbs./A. at 19% moisture; watered 5 times.
 His comment: "3780 had a very good yield for a fast maturing variety."

Vernon Jackson — Stratford
 Planting time: April 7
 Harvest date: August 5
 Results: 8,680 lbs./A. at 16.5% moisture; watered 5 times. Popular competitive variety in same field planted earlier, received 1 additional watering, yielded less, and was harvested 12 days later at 24.5% moisture.

J. L. Francis — Kress
 Planting date: June 2
 Harvest date: October 20
 Results: 7,100 lbs./A. at 14% moisture; watered 5 times.
 His comment: "My 3780 was planted after a hail and I was really satisfied with the results."

Cotton Farmer's Corn

3780 is an ideal companion crop for cotton because of its unusual water use pattern. Because it reaches peak demand much earlier than cotton or sorghum, 3780 promises better irrigation efficiency than sorghum when used as a companion crop to cotton.

Farmers Face Boll Weevil Threat

Steps to help cotton farmers protect their field against new threats from the boll weevil will be explained at several area meetings.

The continuing war against the pest insect has been spearheaded by this area for 14 years by the Diapause Boll Weevil Control Program, said Doyle G. Warren, Floyd County extension agent. This season, county producers must look at some new strategies to help make their weevil control effort more effective, he stressed.

The Boll Weevil Technical Advisory Committee met February 23 in Lubbock to map out easy ways to cope with changing conditions which are threatening the success of the control program.

Program representatives from Plains Cotton Growers and the U.S. Department of Agriculture's Plant Protection and Quarantine Office will report at the meetings on the status of the program and ideas to restore its effectiveness.

An entomologist from the Texas Agricultural Extension Service will discuss weevil management practices.

Warren said. The entomologist will emphasize early season control methods and the best planting dates for this area to help curb the weevils.

Floyd County cotton farmers interested in the future of their boll weevil control program, should be sure to attend one of the following sessions:

Tuesday, March 28, 7:30 p.m. Community Room, Citizens National Bank, Crosbyton

Wednesday, March 29, 7:30 p.m., Community Center, Fluvanna

Friday, March 31, 7:30 p.m., Community Building, Quitaque

Tuesday, April 4, 7:30 p.m., District Courthouse, Post

Brown Cited For Help to Rural Areas

AUSTIN--Texas Agriculture Commissioner Reagan V. Brown has been honored for the second time by the prestigious Freedom Foundation of Valley Forge, Pa., for his outstanding work in improving the quality of rural life in Texas.

Brown, a former George Washington honor medal recipient, is one of only a few persons to be presented the achievement award a second time. He will be presented a citation certificate at an awards banquet along with other Texans in the near future.

Brown was recently honored by the Texas Chamber of Commerce Association for having delivered over 5,000 community building addresses in the past 25 years. A long-time proponent of Rural-Community Development, Brown has been an active promoter of crop and livestock programs, soil conservation, 4-H and FFA work to improve rural life in Texas.

Mr. and Mrs. Ron Davenport

Davenport Tabbed For Industries President

At the regular meeting of Friona Industries Inc. directors elected Ron Davenport as president and chief executive officer of the Company, filling the vacancy created by the death of John J. (Jack) Carruthers. Davenport joined the company as manager of Hi-Pro Feeds in 1967 and has served as a vice president since 1973.

Re-elected on the board of directors were: A. L. Black, David J. Goddard, Davenport, William D. Buske, Dayton C. McWhorter, John C. Thom, Paul F. Hartz, Donald C. Oskin and William C. Donnell.

Black, formerly a vice president, was elected chairman of the board. Goddard was elected financial vice president and secretary-treasurer.

The board also declared a quarterly cash dividend of 7 1/2 cents per share on the Company's common stock. Davenport is also director of the Cattle Feeders Association.

He is married to the former Edwina Overstreet, daughter of Mr. and Mrs. R. W. Overstreet of Route 4, Floydada. The couple have two sons, Winfield and Wade.

Major interprises of Friona Industries, Inc. include: Friona Feedyard, PACO Feedyard and Swisher County Cattle Company, with a combined feeding capacity of 124,000 head. This operation is supported by company owned facilities. Hi Pro Feeds, a computerized feed mill; Black Elevators, with a 3.25 million bushels capacity; Friona Transport, serving with 34 trucks; seven Hi Pro stores located in Guymon, Oklahoma, Etter, Friona, Texas, Arkansas, Abilene, Uvalde and Sealy, Texas. These stores feature veterinary and farm and ranch supplies and Hi Pro feeds, most of the assets of Poarch Boor, of Hereford, and agriculture construction business.

Around the County

County Agent's Column

By Doyle Warren
County Extension Agent

Farmers you need to think twice about the effects of new payment yield regulations before planting your acreage this spring.

A circumstance involving the Agriculture Stabilization and Conservation Service calculation of feed grain and wheat yields for 1978 can adversely affect many farmers.

Because of new regulations under which ASCS must operate this year, farmers should give careful consideration to planting sorghum, wheat, corn and cotton to protect their ability to prove yields in these crops in years ahead.

Future payment yields may hinge on what producers plant this year. Farmers should talk to their county ASCS office staff to get a thorough understanding of the yield payment situation.

The matter is urgent. "The good weather of the past several days has encouraged farmers to get back on the tractors, and preplant herbicide is being applied very rapidly. Unfortunately, this might prevent some producers from planting a protective acreage of feed grains if they are not informed before herbicide application is completed."

County ASCS offices calculate county yield averages for each payment crop, explained Leonard Williams, state executive director of ASCS. In Counties with both drylands and irrigated farms, the county average is a composite of yields from both types of farm. The average payment yield in the county must balance with a composite figure compiled by Statistical Reporting Service of USDA.

In the past, because of allotments associated with each farm, the allotment and projected yield for farm was considered in balancing to the county average, whether or not the crop was planted.

However, Williams said, the new farm program has suspended allotments, and the 1978 projections will be based on 1977 plantings.

Because many dryland and limited irrigation farms on the South Plains planted all cotton in 1977, sorghum production was generally found in the higher producing units. "Thus, only those farms with the higher ASCS yields planted sorghum in 1977, but the average of these must be factored back to equal the composite county average yield.

As an example, a sorghum producer with 110-bushel yield last year might be in a county with a composite average of only 60 bushels an acre, and a factor of around .63 might be required to adjust yields. That farmer's yield for 1978 would be projected at 69.3 bushels (110 x .63). This is the yield that would determine the amount of deficiency and disaster payments he could receive for sorghum in 1978.

Local ASCS offices are now calculating the yields for our county, and these

calculations will be mailed to farmers soon. If a farmer feels the yield projections are too low, and he has records for 1974-76 on his feed grain and wheat production, he can prove his yields and use the average production for those three years as his payment yield for 1978.

"The situation is serious in several South Plains counties as individual producers' payment yields will be substantially reduced from previous levels."

Farmers may need to prove their yields with their 1974-76 records.

The procedure for proving yields makes it important

that farmers give careful consideration to planting a small acreage of each payment crop they might wish to grow in the next two or four years.

"It is my understanding that yields must be proven each year, using production records of the three consecutive years immediately prior to the previous growing season."

"Thus, 1977 production will be used in proving projected yields for 1979, 1980 and 1981, and plantings in 1978 will affect projections for 1980-82."

"With this in mind, producers who don't have a problem with NCA on their farms might be wise to consider planting each payment crop they might wish

Farmers Face Boll Weevil Threat

Steps to help cotton farmers protect their field against new threats from the boll weevil will be explained at several area meetings.

The continuing war against the insect has been spearheaded this area for 14 years by the Boll Weevil Control Program, said Doyle G. Warren, Floyd County extension agent. This season, county producers must look at some new strategies to help make their weevil control effort more effective, he stressed.

The Boll Weevil Technical Advisory Committee met February 23 in Lubbock to map out easy ways to cope with changing conditions which are threatening the success of the control program.

Program representatives from Plains Cotton Growers and the U.S. Department of Agriculture's Plant Protection and Quarantine Office will report at the meetings on the status of the program and ideas to restore its effectiveness.

An entomologist from the Texas Agricultural Extension Service will discuss weevil management practices.

Warren said. The entomologist will emphasize early season control methods and the best planting dates for this area to help curb the weevils.

Floyd County cotton farmers interested in the future of their boll weevil control program, should be sure to attend one of the following sessions:

Tuesday, March 28, 7:30 p.m. Community Room, Citizens National Bank, Crosbyton

Wednesday, March 29, 7:30 p.m., Community Center, Fluvanna

Friday, March 31, 7:30 p.m., Community Building, Quitaque

Tuesday, April 4, 7:30 p.m., District Courthouse, Post

Brown Cited For Help to Rural Areas

AUSTIN--Texas Agriculture Commissioner Reagan V. Brown has been honored for the second time by the prestigious Freedom Foundation of Valley Forge, Pa., for his outstanding work in improving the quality of rural life in Texas.

Brown, a former George Washington honor medal recipient, is one of only a few persons to be presented the achievement award a second time. He will be presented a citation certificate at an awards banquet along with other Texans in the near future.

Brown was recently honored by the Texas Chamber of Commerce Association for having delivered over 5,000 community building addresses in the past 25 years. A long-time proponent of Rural-Community Development, Brown has been an active promoter of crop and livestock programs, soil conservation, 4-H and FFA work to improve rural life in Texas.

Mr. and Mrs. Ron Davenport

Davenport Tabbed For Industries President

At the regular meeting of Friona Industries Inc. directors elected Ron Davenport as president and chief executive officer of the Company, filling the vacancy created by the death of John J. (Jack) Carruthers.

Davenport joined the company as manager of Hi-Pro Feeds in 1967 and has served as a vice president since 1973.

Re-elected on the board of directors were: A. L. Black, David J. Goddard, Davenport, William D. Buske, Dayton C. McWhorter, John C. Thom, Paul F. Hartz, Donald C. Oskin and William C. Donnell.

Black, formerly a vice president, was elected chairman of the board. Goddard was elected financial vice president and secretary-treasurer.

The board also declared a quarterly cash dividend of 7 1/2 cents per share on the Company's common stock.

Davenport is also director of the Cattle Feeders Association.

He is married to the former Edwina Overstreet, daughter of Mr. and Mrs. R. W. Overstreet of Route 4, Floydada. The couple have two sons, Winfield and Wade.

Major interprises of Friona Industries, Inc. include: Friona Feedyard, PACO Feedyard and Swisher County Cattle Company, with a combined feeding capacity of 124,000 head. This operation is supported by company owned facilities, Hi Pro Feeds, a computerized feed mill, Black Elevators, with a 3.25 million bushels capacity; Friona Transport, serving with 34 trucks; seven Hi Pro stores located in Guymon, Oklahoma, Etter, Friona, Texas, Abilene, Uvalde and Sealy, Texas. These stores feature veterinary and farm and ranch supplies and Hi Pro feeds, most of the assets of Poarch Boor, of Hereford, and agriculture construction business.

Around the County

County Agent's Column

By Doyle Warren
County Extension Agent

Farmers you need to think twice about the effects of new payment yield regulations before planting your acreage this spring.

"A circumstance involving the Agriculture Stabilization and Conservation Service calculation of feed grain and wheat yields for 1978 can adversely affect many farmers."

Because of new regulations under which ASCS must operate this year, farmers should give careful consideration to planting sorghum, wheat, corn and cotton to protect their ability to prove yields in these crops in years ahead.

"Future payment yields may hinge on what producers plant this year." Farmers should talk to their county ASCS office staff to get a thorough understanding of the yield payment situation.

The matter is urgent. "The good weather of the past several days has encouraged farmers to get back on the tractors, and preplant herbicide is being applied very rapidly. Unfortunately, this might prevent some producers from planting a protective acreage of feed grains if they are not informed before herbicide application is completed."

County ASCS offices calculate county yield averages for each payment crop, explained Leonard Williams, state executive director of ASCS. In Counties with both drylands and irrigated farms, the county average is a composite of yields from both types of farm. The average payment yield in the county must balance with a composite figure compiled by Statistical Reporting Service of USDA.

In the past, because of allotments associated with each farm, the allotment and projected yield for farm was considered in balancing to the county average, whether or not the crop was planted.

However, Williams said, the new farm program has suspended allotments, and the 1978 projections will be based on 1977 plantings.

Because many dryland and limited irrigation farms on the South Plains planted all cotton in 1977, sorghum production was generally found in the higher producing units. "Thus, only those farms with the higher ASCS yields planted sorghum in 1977, but the average of these must be factored back to equal the composite county average yield."

As an example, a sorghum producer with 110-bushel yield last year might be in a county with a composite average of only 60 bushels an acre, and a factor of around .63 might be required to adjust yields. That farmer's yield for 1978 would be projected at 69.3 bushels (110 x .63). This is the yield that would determine the amount of deficiency and disaster payments he could receive for sorghum in 1978.

Local ASCS offices are now calculating the yields for our county, and these

calculations will be mailed to farmers soon.

If a farmer feels the yield projections are too low, and he has records for 1974-76 on his feed grain and wheat production, he can prove his yields and use the average production for those three years as his payment yield for 1978.

"The situation is serious in several South Plains counties as individual producers' payment yields will be substantially reduced from previous levels."

Farmers may need to prove their yields with their 1974-76 records.

The procedure for proving yields makes it important

that farmers give careful consideration to planting a small acreage of each payment crop they might wish to grow in the next two or four years.

"It is my understanding that yields must be proven each year, using production records of the three consecutive years immediately prior to the previous growing season."

Thus, 1977 production will be used in proving projected yields for 1979, 1980 and 1981, and plantings in 1978 will affect projections for 1980-82.

"With this in mind, producers who don't have a problem with NCA on their farms might be wise to consider planting each payment crop they might wish

to grow in the next four years."

According to the ASCS Handbook, Williams explains, farm requirements for proving the yield of a crop are that the farm must have acreage of the crop for harvest all three years of the base period and have actual production evidence for all the acreage harvested.

"If failure to harvest is due to a disaster," Williams said, "the county ASCS committee is empowered to make adjustments."

Read what your neighbor says about P-A-G 949 & SX98

"My P-A-G 949 and SX98 averaged 7,800 lbs. per acre of dry corn this year. Both hybrids stood well and held their ears real good. They did a real good job for me in a dry, hot year."

Fairview News

By Mrs. Clyde Bagwell

This is a beautiful day on this first day of Spring. It is time to start out side work. Some fruit trees are budding and we are in hopes an Easter cold Sunday will not kill them.

Mr. and Mrs. Bobby Cozy and Kara spent the weekend in Lubbock with Bobby's sister and husband, Mr. and Mrs. Jet Wilmeth.

Mr. and Mrs. E.R. Walls of Plainview visited Tuesday afternoon with Mr. and Mrs. E.W. Walls, and on Thursday afternoon, Mr. and Mrs. D.D. Tate of Lockney visited Mr. and Mrs. E.W. Walls.

Visitors during the week in the home of Mr. and Mrs. Lindsey Graham were Faye Hart, W.C. Cates, W.H. Hilton, Mr. and Mrs. Burl Huckabee, Mrs. Floyd Starkey, Mrs. Bert Lee Emert, Mrs. Jewell Teague and Mr. and Mrs. Charlie Jarrett.

Mrs. C.H. Wise visited Sunday afternoon with Mrs. Elmer Warren and also with Mr. and Mrs. J.M. Pierce. Mr. and Mrs. Grady Reeves of Plainview visited Mr. and Mrs. T.L. Perry Saturday night. They also visited Mr. and Mrs. Eugene Watts and family.

Mr. and Mrs. Kay Crabtree, Becky, Sam and Anissa

went to Lubbock Sunday where Becky entered Methodist Hospital for dental surgery Monday morning. (today). Sam and Anissa are spending some time at Idalou with their grand parents, Mr. and Mrs. Elmer Griffith.

Mr. and Mrs. Walton Wilson visited Mr. and Mrs. A.S. Mize Tuesday afternoon.

Mr. and Mrs. A.S. Mize spent Wednesday night with Mr. and Mrs. Bill Tye and Thursday morning Mrs. Bill Tye and Mrs. Bill Beedy took Mr. and Mrs. Mize to the Lubbock Airport to take a plane for Stockton, Calif.

They will be visiting in the home of their son, Steve Mize and family. Saturday, March 18 all attended the wedding of Kurt Mize, son of Mr. and Mrs. Steve Mize. Mr. and Mrs. A.S. Mize also celebrated their 53rd wedding anniversary, March 19.

Those visiting during the past week with Mrs. C.W. Burton were Lee Burton, Mrs. Oscar Warren, Mrs. T.L. Holland, Mrs. Sue Thompson, Mrs. Jewell Reeves, Mrs. Thelma Davis, Mr. and Mrs. Norman Hamilton, Nell Swinson, Carolyn Burton and Frances Mitchell.

While in Lubbock Thursday Mrs. Bill Tye and Mrs. Bill Beedy visited Mrs. Jim Tye, Britta and Joshua James. Saturday night Mr. and Mrs. Kay Crabtree hosted a supper in honor of his mother, Mrs. Kate Crabtree whose birthday was Sunday, March 19.

Sunday afternoon Mrs. Kate Crabtree and Mrs. Mable Smith visited at the nursing home.

Mr. and Mrs. Bill Beedy left Saturday to stay several days at their ranch near Claude.

Mr. and Mrs. Harvey Allen, Mike and Norman went to Lockney Sunday afternoon to attend the wedding of Billy Maricle and Donna Tannahill at the First United Methodist Church. Later the Allen family drove to Plainview to visit.

Mr. and Mrs. Duane Reeves and children of Plainview visited Sunday afternoon with Mr. and Mrs. Eugene Watts and family and Mr. and Mrs. T.L. Perry.

Thursday afternoon, Mrs. M.O. Stapleton, and Mrs. Mae Clair Williams of Plainview, Mrs. Woodrow Wilson, Mrs. Bill Beedy and Mrs. Bill Tye visited Mrs. M.O. Stapleton, Mrs. Mae Clair Williams and Mr. and Mrs. Walton Wilson visited Mr. and Mrs. Bill Tye.

Those visiting during the past week with Mrs. C.W. Burton were Lee Burton, Mrs. Oscar Warren, Mrs. T.L. Holland, Mrs. Sue Thompson, Mrs. Jewell Reeves, Mrs. Thelma Davis, Mr. and Mrs. Norman Hamilton, Nell Swinson, Carolyn Burton and Frances Mitchell.

Mrs. Harvey Nicholas, Lance and Chad and Lance's boyfriend, Ricky McKenzie all of Oklahoma City arrived Saturday to spend a week with June's parents, Mr. and Mrs. C.W. Payne.

Mrs. Kim Campbell and Mrs. Sherry Colston, Ross and Zane visited Anne Swepston Thursday afternoon.

Motley County Little Olympics Set April 15

Motley County "Little Olympics" is scheduled for April 15 at the high school football field in Matador. There will be four divisions, ages 3-12. Prizes will be awarded for the first five places and a trophy for high point person in each division.

You may enter as many events in your division as you want for \$1.50.

The event is being sponsored by Eternas Junior Study Club. Proceeds to be used for community betterment project.

LETTER TO THE EDITOR

Dear Sir:

Again this year Plainview Broadcasting is formulating a plan for our annual weather broadcast during the storm season. Many of the things we have done in the past years we will do this year. However there have been some changes. For example, we have installed an unlisted number for your specific use during actual tornadoes, severe windstorms, severe thunderstorms, and hail storms. That number is 296-5867 or (6-KVOP).

We would appreciate a collect call to this number from only you or your designated weather spotter. We would also appreciate a response with a name or names of authorized personnel. By use of the list of authorized personnel we can help eliminate errors and hoaxes.

Please give us damage reports, actual tornado sightings, wind or hail damage. We would appreciate it if these were relatively brief, so as not to delay receipt of information from surrounding towns.

Plainview Broadcasting will sign on KVOP, 1400 KH3 and KATZ FM 97.3 MHz at full power any time should we be off the air when an actual alert is posted.

With your help we can better inform our listening area to get them to a place of safety in advance of actual danger.

Thank you very much for your consideration and cooperation.

Cordially,
Chuck Martin
News Director

TO THE PEOPLE OF FLOYD COUNTY:

As you may, or may not, know, the Floyd County jail has been condemned by state officials as being unsanitary and a fire hazard. Anyone who doesn't believe this is true should take the time to visit the jail and see for themselves. The building is fifty years old and is falling apart. It is unsafe for prisoners and everyone who work there. It is true that we don't owe lawbreakers a luxury hotel, and I'm not proposing that we build one. But we do owe it to ourselves to provide sanitary and safe conditions. This is not the 16th Century where criminals are thrown into dungeons.

Let's consider also, the working conditions for the officers and female dispatchers. From where the dispatcher sits, she can be seen by the prisoners; everything that goes on can be overheard by the prisoners. Also, these women are subjected to verbal abuse and vulgarities that you and I would not be willing to tolerate. Nor should we ask others to. Did you know that the prisoners can watch people on the streets, whistle and yell obscenities to passersby? If you were a woman with children and heard some of the things they say to you and about you, you'd be embarrassed and disgusted. This very thing has happened more than once.

What about our officers? They work under very inadequate and unsafe conditions. The conditions on visiting day are so bad that anything could happen. For example about two weeks ago! Prisoners and their visitors are everywhere: in the hall, in the offices, in the kitchen. There is no privacy for either visitors or officers.

Our Commissioners have now decided to remodel the existing jail instead of building a new one, even though they know ahead of time that it will not meet state or federal jail standards and will be condemned even before the bills are paid. They are doing this under the pretense of saving the taxpayers money. The new jail was to be built with revenue sharing funds and would not come out of local tax money. The commissioners are willing to spend (throw away?)

almost half as much as it would cost to build an entirely new facility. The new jail would meet state standards now and in the future and hold up to twenty-seven prisoners. The remodeling of the old jail would gain nothing. It would only hold about eight prisoners and not meet state standards. The new jail would provide adequate office space, as well as privacy for all personnel. The remodeling would not change any of these conditions.

According to regulations, there will have to be jailers on duty twenty-four hours a day for each level of cells in the building. The present jail has two levels above the ground floor. This means hiring an additional four or five people at a minimum cost of approximately \$20,000 to \$25,000 per year. The proposed new jail would be a one-level building calling for only one or two additional people.

As an example of what is in store for us if the commissioners go ahead with present plans of remodeling, let's look at Hale County. About three years ago, they remodeled their jail at an approximate cost of \$125,000. Now they are going to have to re-do some of the building and spend additional funds.

I cannot understand the financial strategy the commissioners are using. I spend so much money on such an inferior building seems to be a case of bad planning, a lack of cooperation on their part, and a superior example of near-sightedness.

Let's plan adequately for the future and keep the well-being of our county officers in mind. Contact your commissioner and ask him to explain his reasoning to you. Some of them are in favor of doing it right, some are not. Ask to see the records of the commissioners court meetings in Judge Holmes' office; they are open to the public. You should also visit the jail and talk with the people who work there. Then let your commissioner know how you feel. This is a problem which affects all of us. Does someone have to get hurt, or even killed, before we take action on such an obvious need? Suppose your child were arrested (rightly or wrongly) and had to be submitted to such conditions as presently exist? How long before the county is sued because of these conditions? Let's take action now to avoid these potential disasters and move toward a better future.

A Concerned taxpayer of Floyd County

(Editor's Note) There are no minutes of the Commissioner's meetings concerning the jail, because nothing definite has been voted upon. We interviewed the judge and the plans now being reworked by the architect would be a remodeling job at an estimated cost of \$235,000. The original plans turned down by the Commissioners were in the neighborhood of \$350, and not only included remodeling present building, but some additional building to be added on the south side. The plans are open to the public, and it seems to us that the Sheriff should have a lot of say in what is done. The present plans which will be submitted to the state for approval would house 17 prisoners. Judge J. K. Holmes said the Commissioners won't approve something the state won't approve.

We agree with the writer of this letter that careful consideration should be given to not only meeting the state's requirements, but to facilitate convenience for the people who work in the jailhouse. We would imagine the Commissioners will conduct a public hearing to answer any and all questions about the jail plans once they approve them.

Cedar Hill News

By Grace Lemons

Ruth Hill, Edith Marr, and Janette Lackey of Floydada accompanied Edna Gilly to Lubbock Saturday evening where they attended the Ice Capades.

Ruth Hill of Floydada had lunch Sunday with her daughter, Edna Gilly.

Mr. and Mrs. Guy Davis made a business trip to Canyon and Amarillo Wednesday.

Fern Bailey is recuperating nicely after undergoing gall bladder surgery Wednesday of last week in Caprock Hospital. She is in

Mr. and Mrs. Guy Davis went to Hollis, Oklahoma Sunday and visited Mr. and Mrs. Frank Taylor and family and Mr. and Mrs. Dale Taylor and family.

Mr. and Mrs. Cliff Gilly of Floydada visited Edna Gilly Sunday afternoon.

Mr. and Mrs. Jack Yeary, Mr. and Mrs. Max Yeary, and Mr. and Mrs. Rex Yeary of Cedar Hill, Sylvia Yeary, Grace Colston, Jewel Roberts, and Temp Phillips of Lockney attended the wedding of Jacqueline Owens and John Helton in the chapel of the State Home in Lubbock Saturday evening at 7:30.

They will make their home in Lubbock where Mr. Helton is a psychiatrist at the State Home. A reception at the country club followed the wedding ceremony.

Mr. and Mrs. C. W. Leonard of Amarillo spent from Thursday until Saturday morning with Temp Phillips in Lockney.

Visitors in the J. A. Welch home Wednesday evening were Grace Lemons and Mr. and Mrs. J. R. Welch. Mrs. Aileen Welch of Flomot visited with them Friday.

Dusty Burleson, son of Mr. and Mrs. Stanley Burleson received a broken leg while he was helping feed cattle Sunday when an animal stepped on him. He is in Lockney General Hospital.

Mr. and Mrs. Troy Smith and family of Dumas spent Saturday night with Mr. and Mrs. Cephus Fortenberry. Todd and Wesley stayed with their grandparents and are spending this week with them. Mr. and Mrs. Johnnie Harris and family of Floydada joined them for lunch Sunday.

Mrs. Sylvia Yeary of Lockney visited Mr. and Mrs. J. A. Welch and Connie, who is home from WT-SU this week, Sunday afternoon.

Pauline Van Hoose who had surgery last week in Lockney General Hospital was able to return home Monday morning. A granddaughter, Marilyn, of Morton is staying with her this week. Betty VanHoose and Edith of Morton and Albert VanHoose of Lubbock visited with them Thursday.

An Easter supper was given in the home of Mr. and Mrs. Marvin Lemons and family Saturday evening which was also a birthday celebration honoring both Phil Lemons and Grace Lemons. Others present for the occasion were Mrs. Phil Lemons, Twyla and Traca, Carl F. Lemons, and Kara Carthel.

Gladys Fortenberry went to Lubbock Thursday to visit with her daughter, Patsy Fortenberry and family and then to Amarillo where she stayed with a granddaughter, Paula Vick, until Saturday. Paula's husband is attending school at Albuquerque and she joined him this week.

Mr. and Mrs. Garland Tucker visited with Mr. and Mrs. George Winn in Lockney Sunday. Others present were Ricky and Lynn Breckenridge and Cindy, Mr. and Mrs. Ronnie Breckenridge, Chris, and Ronnie Jr., and Mr. and Mrs. Joe Breckenridge, Joe Jr. and Jamie of Plainview and Mary Ann, Milligan, Odie, and Vicki of Floydada.

Mr. and Mrs. Garland Tucker visited W. W. Miller in the nursing home in Lockney Sunday.

A House Warming will be given honoring Trudi and Craig Gilly and Amy in their new home next Tuesday night. You have a cordial invitation to attend.

Mr. and Mrs. Phil Lemons and family were among the guests present at a birthday dinner honoring W. T. Cooper in the Cooper home Sunday. Others present

were Mr. and Mrs. Ronnie Shackelford and Kevin of Plainview, Mr. and Mrs. Bill Bingham and sons, and Mr. and Mrs. L. T. Cooper and family of Lockney.

Thursday night Rev. and Mrs. Jackie Thompson and Eva Strickland attended the Southside Assembly of God Church in Plainview where Eva did some taping for a T.V. Channel.

Tuesday night closed a revival at the Cedar Hill Assembly of God Church where Ronnie Barnard and his sister Darla, students in college at El Paso, participated, Ronnie doing the preaching and Darla playing the piano and singing. Rev. and Mrs. Robert Barnard, former pastor here and now of Littlefield, were present Tuesday night.

Jean Keeter of Hollis, Oklahoma spent Saturday night with her father in Lockney and had lunch with Mr. and Mrs. Junior Taylor Sunday before returning home.

OBITUARIES

Mrs. Langford

Services for Dora Alice Langford, 88, are set for 10:30 a.m. today, Thursday in the Moore-Rose Funeral Home Chapel with Rev. Benny Goss of Littlefield officiating.

Burial will be in the Cemetery in Nocona under direction of the Moore-Rose Funeral Home here.

She died about 9 a.m. Tuesday in the Caprock Hospital after a brief illness.

The Montague County native married Thomas Langford in her home county in 1908. He died in 1968. She moved to Floydada from Nocona a year later.

She was a member of the Baptist Church. Survivors include two nieces and six nephews and several grandnieces and grandnephews, one of which is Floyd Webb of Floydada.

Hernandez

Services for Eugenio Hernandez Sr., 82, were held yesterday in St. Mary Magdalen Catholic Church with Father Casey officiating. Burial was in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

Hernandez died about noon Monday in the Central Plains Hospital in Plainview after a lengthy illness.

He was born in Saint Louis, Mexico and married Antonia Cortez in 1914 at Derville, Tex. She died in April of 1977. He was also preceded in death by a daughter.

He moved to Floydada in 1953. He was a member of the Catholic Church. Survivors are four daughters.

CARD OF THANKS
We would like to say "Thank you" to all of the wonderful people in Floydada who have been so good to us during all of the illnesses we've had in the past months. You've been so great and it's such a comfort to know you have so many good friends. So, thank you for the flowers, food, phone calls and most of all for the prayers. Sincerely, Jon, Elaine, Coy & Kelli LaBaume 3-23p

We wish to express our appreciation to everyone who helped us during the long illness and death of our husband, father, and brother. For the beautiful floral offerings, visits, cards and letters of condolence, memorials, the food and services that were so generously given, we are truly grateful. May God bless each of you. great places to visit
TUCSON, ARIZONA

With its variety of golf courses and tennis courts, ski slopes and hiking trails—and a major league baseball team in training—Tucson, Arizona is a sportsman's paradise.

Why are sports so popular here? One big reason may be because the comfortable climate is so mild and dry, and Tucson tops the nation in plentiful sunshine.

If spectator sports are to your liking, you can look in on the Cleveland Indians during spring training against other major league teams (or watch the Tucson Toros during the summer, a good time to come for bargain-rate accommodations).

But the more active sportsman is hardly left out. There are 16 golf courses and 143 tennis courts.

Just outside town, in parks like Tucson Mountain, are hiking and riding trails that delight nature lovers and sportsmen alike. To get away for the day, the Baja Gulf, a half-day's trip, offers

great marlin and sailfish catches (though there are lakes for fishing much closer to home).

And if all those are too tame for you—well, just drop in on one of the rousing rodeos that take place almost every weekend.

When it comes to sports, Tucson has something for everyone.
