Auditor Completes County Budget, No Tax Increase

County Auditor O. M. Watson Jr. has completed the proposed 1979 Floyd County budget and has filed it in the County Clerk's office for the public's study.

The budget will go before the County Commissioners during their September 11 meeting, specifically at 2:00 p.m.

ment on completion of the proposed budget, which is also signed by the County Judge and County Clerk:

"We are submitting for your consideration a proposed budget for Floyd County for the fiscal year

beginning January 1, 1979 and ending December 31, 1979. This budget for a county with an estimated population of 10,620, anticipates total receipts of \$990,218.00 and total expenditures of \$976,876.00. These figures represent an increase of 8% and 7%, respectively, compared to the budget of the current year. Fifty percent of the receipts will be realized through the proposed ad valorem tax of \$0.95 per \$100.00 of assessed valuation. The remainder of the receipts will come from local sources and various federal and state payments.

The increase shown in county income during the year is attributed to an increase in county assessed valuation of property estimated by the County Tax Assessor/Collector and an increase in fees collected in the offices of the Justice of the Peace, County Clerk, Tax Assessor/Collector and other offices. This proposed budget includes a 7.5% increase in wages for county employees and officials. Of the total tax rate, none is to be applied to the servicing of outstanding debt as Floyd County does not have any outstanding warrants or bonded indebtedness.

More detailed information on the proposed budget, including comparisons with previous years, will be found in the schedules that follow.

We will be pleased to answer any questions you might have.

Respectfully submitted,
J.K. Holmes
County Judge
O.M. Watson Jr.
County Auditor
Margaret Collier
County Clerk

** Includes \$109,000.00 Revenue Sharing and \$35,000.00 Lateral Road money from state of Tex.

Watson made the following statement

Corn Harvest Starts In Lockney Area

Corn harvest in the Lockney area is underway with the arrival of the first reported load at the Providence Farm Supply elevator about 4 p.m. Thursday, August 24.

J.B. (Jeff) Terrell cut the corn off the T.Z. Reed place about three miles east of Lone Star. The load weighed 17,000 pounds and tested 27.6 percent moisture.

Joe Nance, manager at Providence Farm Supply, said the 1978 corn harvest will probably be about the same as last year. "We're hoping yields will hold about the same as last year, which was down from the previous year," Nance said. Too many days of

105-degree temperatures this year didn't help, and the irrigation water (or

lack of it) situation may force a cutback in planting in years to come.

School Lunch Price Correction

New prices of lunches at the Lockney school cafeterias, listed recently in The Beacon (75 cents for elementary school, 80 cents for secondary schools, \$1.00 for teachers), were incorrect.

The correct prices are as follows:

Elementary, 55 cents;

Junior high and high school, 60 cents;

Teachers, 90 cents;

Guests, \$1.50.

Student breakfasts (something new this year, to be served at 8:45 a.m. in both school cafeterias) cost 25 cents per day.

Baccus To Sponsor Local PP&K

Local youngsters are back in the spotlight again. Their footballs are inflated and they are loosening up their throwing arms for the 1978 Punt, Pass & Kick Competition.

This year the local event of PP&K will be sponsored by Baccus Motor Company of Lockney.

Nationally, PP&K is celebrating its 18th anniversary. It is sponsored by the Ford Dealers of America in cooperation with the National Football League. Since it was started in 1961, the program has attracted millions of youngsters.

Participants in the Punt, Pass & Kick program compete only against others their own age. Any youngster 8 through 13 years of age, accompanied by a parent or guardian, may register

to compete in PP&K at any participating Ford Dealer. There is no entrance fee and no body contact during competition. No special equipment is needed and participating does not impair a youngster's amateur standing. Scoring is based on accuracy and range with one point added for every foot of punting, passing and kicking distance, and a point subtracted for every foot off a center line.

Twelve national finalists will compete for the National Championships in their age group during the half time of the AFC Championship game in January. Winners will have their names permanently inscribed in the Pro Football Hall of Fame in Canton, Ohio. Their trophies will be presented by Football Commissioner Pete Rozelle.

4-H Achievement

Banquet Saturday

The Floyd County 4-H Club's annual Achievement Banquet will be Saturday, August 26. Outstanding 4-H members and leaders will be recognized at the event, which begins at 7:30 p.m. in the Lockney Elementary School cafeteria.

Dougherty - South Plains

School Registration Set

Registration for the 1978-79 school year will be August 31 in South Plains with classes starting on September 5. Faculty members are Alice Cooper, grades 1 and 2; Carol Arnold, grades 3 and 5; and a teacher for grades 5 and 6 is being sought.

immunization for Diphtheria Tetanus, Polio, measles, and Rubella.

RICH PAY TAXES: Tax Foundation's MONTHLY TAX FEATURES reported that an examination of the 1976 federal income tax data, just available, shows that the tax burden has been even more concentrated in upper income groups. Some of the Tax Foundation's findings are as follows:

1. The richer 50 percent of the taxpayers paid 93.3 percent of Federal income taxes in 1976. The average tax was \$3,133, up 50 percent from the amount paid by those in the top half in 1971.

2. The poorer 50 percent paid 6.7 percent of the total in 1976, an average tax of \$224. The average increase for this group since 1971 was 9 percent.

3. The lowest 25 percent in 1976 paid an average tax of \$39. As a group, they paid six-tenths of one percent of the total tax bill that year.

4. The highest 25 percent, those with income of \$17,292 or more in 1976, footed 72.3 percent of the tax bill, up from 70.0 percent five years earlier.

5. In 1976, the richest 10 percent—those with income of \$24,971 or more—paid nearly half (49.9 percent) of the taxes, up from 46.5 percent in 1971. The average tax paid by this group was \$8,378, up 57 percent in the five-year period.

6. The poorest 10 percent of the taxpayers paid less than one-tenth of 1 percent of the taxes in 1976, with an average tax of \$3 in 1976. Their 1971 average was \$2 per return.

(MONTHLY TAX FEATURES, June-July 1978)

Flashing Red School Bus Light?

Many people are confused about the flashing red "stop" light that appears on the school bus. That flashing red light means that a school boy or girl is getting on or off the bus. It means that you, the motorist must stop until the light goes off and the bus moves on.

This law applies to all two lane or four lane non divided roads. The fine for not stopping is a minimum of \$53.50.

All buses are required to stop at railroad crossings.

CORN of the 1978 harvest. Glen Graves, assistant manager at Providence Farm Supply, scoops a double handful of the grain. (Staff Photo)

To Start At Providence Farm Supply

Seed, Lone Star Chemical and Providence Farm Supply are part of a field tour Tuesday. The tour will start at 5 p.m. at Providence Farm Supply in the

Providence community. Included in the tour will be corn, milo and chemical plots.

Supper will be served at Providence Farm Supply following the tour.

Miss Edith Reves, John Allen Cole Married Recently In Lockney Church

MRS. JOHN ALLEN COLE

John Allen Cole and his bride, the former Edith Darlene Reves of Lockney, are to live in Abilene following their marriage Monday, Aug. 14 and their wedding trip to Arkansas.

Mr. Cole, a graduate of Silverton High School and of McMurry College, teaches in the math department in the high school at Merkel. His wife is a graduate of Lockney High School and is a junior student at McMurry where she is majoring in physical therapy.

The newlyweds are the children of Mr. and Mrs. Duard Reves of Lockney and the Rev. and Mrs. Hardy Cole of Amarillo.

The Aug. 14 wedding ceremony was read in First United Methodist Church of Lockney at 3 p.m. The groom's father, Rev. Hardy Cole, minister of Trinity United Methodist Church in Amarillo, officiated as the

couple repeated double ring vows.

The altar area of the church was enhanced by cathedral candelabra and formal baskets of white gladioli, blue lace carnations, white daisies, gypsophila and tropical foliage.

Blue satin bows and tropical foliage marked the pews where the couple's mothers were seated.

Guests were registered by Cindy Wall of Abilene. McMurry professors Dr. A.C. Sharp and Dr. Virgil Bottom served as ushers and candle-lighters.

Mrs. Bobby McCormick was organist for the wedding music. Soloist was Mrs. Steve Patridge of Plainview, cousin of the bride, who sang "The Wedding Song".

The maid of honor was Jill Symonds of El Paso, the bride's college roommate. The bride's sister, Peggy Reves, and Dianne Brewer

were bridesmaids. Their dresses were of blue floral print and were designed with scoop neckline, sleeveless bodice, and floor-length gathered skirt caught at the waist with a blue ribbon belt. Each attendant carried a nosegay of blue and white daisies laced with gypsophila.

The groom's honor attendant was Jim Pinson of Wheeling, Illinois. Groomsmen were Lynn Caton of Stamford and the groom's brother, Earnest Cole of Amarillo.

When given in marriage by her father, Duard Reves, the bride was wearing a gown of antique satin that was styled on princess lines. The gown was made by the groom's maternal grandmother, Mrs. E.A. Irvine, and worn by the groom's mother at her own wedding. The long, pointed sleeves were of satin and the bodice

featured a lace yolk. The skirt fell into a train. Tiny buttons fastened the dress in the back.

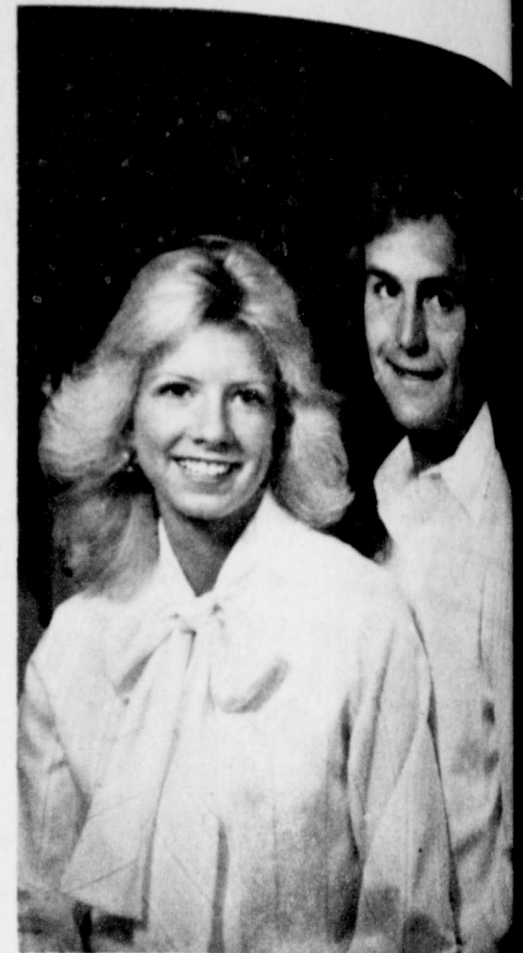

The bride's veil was three tiered and was fingertip-length. It was attached to a caplet and was edged with lace.

Her bouquet was an Edwardian arrangement of blue lace carnations and white daisies showered with bridal satin tied in lovers' knots.

A reception in the church fellowship hall followed the wedding service. Attendants were Tina Sparkman and Sharon Weber of Abilene.

In the houseparty were Algene Barker, Connie Sanders, Molly Huffman, Patty Tannahill, Mildred Jones and Marie Nigh.

The rehearsal luncheon was held at Strickland's Restaurant. Hosts were the groom's parents, Rev. and Mrs. Hardy Cole.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. John Andrew Hancock, Jr. announce the engagement of their daughter, Nikki Lynn, to Leslie Abbe, son of Mr. and Mrs. Charles William Abbe, Floydada. They have set Saturday, September 2, as the date of their marriage.

The ceremony will be solemnized at 2:00 p.m. at the First Baptist Chapel.

The bride-elect is a 1977 graduate of the High School and attended Texas Tech University last year. She pledged Zeta Tau Alpha Sorority.

The bridegroom-elect is a 1976 graduate of Texas State University and attended high school at Texas Tech University. While at college he was a member of Sigma Phi Epsilon Fraternity.

Nikki and Geneo plan to live in Dallas. Geneo is employed with Merrill Lynch, Fenner, and Smith Inc., as a Commodity Specialist.

Becomings By Duffy

In recent decades various groups-racial, ethnic, sexual, educational-have taken the road of political activism in attempts to have certain needs (and in some instances, certain luxuries) brought to light so that something would be done by society to alleviate suffering and meet those needs. One of the more recent groups gaining attention is what some consider to be the largest movement ahead for us in the United States-Aging.

Evidence of this movement can be seen in renewed attempts to provide medical, psychological and housing

needs for older citizens. Senior Citizen groups are becoming widespread, providing means of transportation to many, plus other outlets for both utility and pleasure. The Avalanche Journal recently featured an eight part series on the subject of aging. Books are being written. Speeches are being made. Scientific data is being gathered.

Feedback Requested
Beginning in September, this column will feature a subject of the month during which we are asking for reader participation in the form of written responses. In light of the growing interest in the subject, Aging will be the theme for the month of September. Several responses will be selected during the month for publication in this column-with the names of respondents being published or withheld on request. Total response

should not exceed one double spaced typed page (8 1/2 x 11) or two handwritten pages.

Address correspondence to: Becomings, % Floyd County Hesperian, Floydada, Texas 79235.

Some suggestions might include: one "liner" definition of Aging; sincere thoughts and feelings (meaning how you really feel about) the famous lines "Grow Old Along With Me, the Best Is Yet to Be" or perhaps "The process of aging is....." We are after some honest human experiencing here, so feel free to say what you think.

We hope to hear from all ages....Looking forward to hearing from you.

Karla Tooley Elected President Art Association

Karla Tooley has been selected president of the Abilene Art Education Association. She is art teacher in Franklin Junior

High School in Abilene. Besides teaching art, she also coaches the girl's volleyball, basketball, track and soccer teams.

Karla is a Floydada High School, McMurry College graduate, and the daughter of Mr. and Mrs. Wendell Tooley.

Miss Lake MacKenzie Contest

September 30

L. O. A. is sponsoring the 4th annual Miss Lake Mackenzie contest to be held September 30 in the Silverton High School at 8 o'clock. The purpose is to promote Lake Mackenzie dam.

There will be a get acquainted party at 4 o'clock,

September 30 in the Pioneer Room of the First State Bank of Silverton. A rehearsal will be held Tuesday, September 26 at the high school auditorium.

9. Girls will be judged on appearance, personality and poise.

Fair blanks may be

picked up at the high school principals' office in Lockney, Tulia, Silverton or Floydada or at the Floyd County Hesperian in Floydada or the Lockney Beacon in Lockney. Deadline for entering will be Friday, September 22. Entries may be called in to 806-847-2577, 847-2678, 823-2482 or mailed to Martha Millhollon, Route 1, Silverton, Texas. A billfold size picture and a \$10 entry fee which is paid by the sponsoring club, civic organization or business should accompany the entry form.

The official rules are:
1. 16 - 18 years old
2. Single and never married.
3. American citizen.

Fairview and Center Reunion

The Fairview and Center Communities reunion will be Sunday, September 3 at the Massie Activity Center in Floydada.

Everyone is invited to attend and bring a picnic lunch to the all day meeting.

4-H Foods and Nutrition Workshop Slated

A weekend workshop especially for 4-H leaders and other adult volunteers who work with Youth in Extension Foods and Nutrition Projects will be offered at the Texas 4-H Center near Brownwood on Saturday and Sunday, September 17-18, 1978. County Extension Agent Birch L. Lobban notes that the workshops sessions, beginning at noon Saturday and ending at noon on Sunday, will deal with topics including "Planning a Foods and Nutrition Project;" "How to conduct a Foods and Nutrition Educational Tour;" "Ideas for making and buying Kitchen helpers;" and "How to teach Project Lessons". Instructors for the workshop will be Francis L. Reasonover, Foods and Nutrition Specialist, and Alma Bulard, 4-H and Youth Specialist, both of College Station. Also assisting will be Carolyn Gilbert and Jeanette Altenhof, of the Texas 4-H Center staff at Brownwood. For further details concerning this workshop, one of the agents may be contacted at the Floyd County Extension Office. Please come by or phone 983-2806.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

4. Good character and possess poise.
5. Sponsored by a civic organization, club or business.
6. Prepared to model formal and sports wear.
7. Attend school in the Lockney, Floydada, Silverton - Tulia area.
8. Expected to promote Lake Mackenzie.

MR. AND MRS. TIMOTHY LEE BOYD

Boyd Vows Said In Tucson, Arizona

The church bridal aisle was roped with white satin ribbon, tropical foliage, and hurricane candle lights which led to the altar centered by a kneeling bench and a trinity candle entwined in greenery and white bridal satin. The background of the altar was arranged with formal candelabra. On either side of the kneeling bench were low spiral candelabra with blue votive candle lights. All the candelabra were of white wrought iron arranged with tropical foliage and satin bows. At the close of the ceremony, the newlyweds lighted the trinity candle. The altar candelabra were lighted by groomsmen, Jack Garner and Bryan Benz. Wedding music was by Mrs. Lillian Caldwell, organist, and Mrs. Mary Belle McCorkle, soloist, who sang "Sometimes Alleluia" prior to the ceremony, and "Fol-

low Me" after the vows were exchanged. Other selections included "Annie's Song", "You Light Up My Life", "Wedding Song", "Lady", "At Dawning", "If Ever I Would Leave You", "Love Story", "Whither Thou Goest", and "Melody of Love". Mrs. Jeannie Denton registered guests as they entered the church sanctuary. Preceding the bride down the church aisle were flower girl, Kimberly Ward, daughter of Mr. and Mrs. Dave Ward; ring bearer, Andy Ward, son of Mr. and Mrs. Michael Ward; bridesmaids, Miss Cindy Carroll, Farmington, New Mexico; Miss Kathy Boyd, Tucson, sister of the groom; and Miss Diane Tatman, Tucson; and the matron of honor, Mrs. Diane Johnson, Lockney, cousin of the bride. All the feminine attendants of the wedding party wore pale shimmering blue qiana formal gowns designed with A-line skirts and low circular necklines complimented by iridescent blue organza capelets. The matron of honor and bridesmaids each carried a brandy snifter centered with a blue votive candle light, and arranged in a delicate cascade of white miniature carnations tipped blue, blue and white baby's breath, greenery, and white ribbon. The flower girl scattered rose petals from a white basket arranged with white miniature carnations tipped blue, blue and white baby's breath. The ring bearer carried the bride's and groom's rings atop a white satin pillow edged in lace and ribbon. Jeffrey Yeager was the best man; and groomsmen were Jack Garner, Bryan Benz, and Al Miller, all of Tucson. All the male members of the wedding party were attired in white and black tuxedos with black vests and blue formal shirts. The bride chose her uncle, Gene Belt, Lockney, to escort her to the altar where she was presented for marriage by her mother, Mrs. Calvin J. Pyle. Miss Pyle was attired in a formal Spanish style gown of white chantilly lace. It was fashioned with a molded bodice and a layered five-tiered skirt which extended into a chapel length train. The low circular neckline was encircled with a delicate ruffle of re-embroidered chantilly lace; and long fitted sleeves

also featured the delicate ruffles at the wrists. Her three-tiered veil of illusion was edged in chantilly lace. Her bridal bouquet was a colonial design of all white with roses, stephanotis, button poms, baby's breath, greenery, and white satin ribbon. Traditionally, for "something old", the bride wore a ruby ring belonging to her grandmother, Mrs. Clara Jeffcoat, and carried an 1882 coin given to her when she was five years old by her uncle, Gene Belt; "something new", her bridal attire; "something borrowed", pearls belonging to her cousin and matron of honor, Mrs. Diane Johnson; "something blue", a garter; and pennies of her and the groom's birth years. The groom was attired in a white tuxedo with a matching vest and a formal shirt edged in black. As the bride and groom left the church, the bride presented their mothers with a single long stem white rose. Blue shimmering organza rice bags tied with white satin ribbon were distributed by the flower girl and the ring bearer. Following the wedding ceremony, a reception was held in the Diplomat Room of the Executive Inn. All members of the wedding party received guests as they entered the room where tropical foliage, bridal satin, and spiral candelabra with blue votive candle lights decorated the serving tables for a buffet of hors d'oeuvres. Punch flowed from a silver fountain where it was individually served. Tables centered with votive candle lights were set in a cabaret arrangement with soft music in the background. Focal points of the room was the bride's table centered with a seven-tiered wedding cake decorated with delicate blue and white flowers and topped with blue trimmed wedding 'ells. To complete the table setting, the bride's bouquet was flanked on either side by the attendant's brandy snifter-cascades. Members of the house party were Miss Margaret Willson, Mrs. Lilah Regan, and Mr. and Mrs. George Yeager. Assisting were Mrs. Gene Belt, and Mrs. Byron Ford. Gena and Tim honeymooned in Colorado, and will be at home in Tucson, Ari-

zona where he is employed by Tucson Unified School District, and she attends the University of Arizona College of Nursing. Special guests for the wedding activities from this area included grandmother of the bride, Mrs. Clara Jeffcoat; and Mr. and Mrs. Carlton Johnson, Mr. and Mrs. Gene Belt, Mrs. Byron Ford, Bernie Ford; and Mr. and Mrs. Tony Ford, Ft. Worth. Mr. and Mrs. Russell G. Boyd, parents of the groom, hosted the rehearsal dinner party Thursday evening, August 10, at Sir George's Restaurant in Tucson. The bride and groom were honored with a brunch Saturday morning, August 12, in the home of the bride's mother, Mrs. Calvin J. Pyle. Pre-nuptial courtesies honoring the couple was a bridal shower in the home of Mrs. Jack Brown hosted by Mrs. Brown and her daughter, Mrs. Jeannie Denton, both of Tucson; a bridal shower in the home of Mrs. Bill Buntin hosted by Mrs. Buntin, her daughter, Jenny, and Mrs. Richard McCorkle, all of Tucson; and a groom's shower hosted by Jeffrey Yeager in his home in Tucson.

OBITUARY

Vernon Shaw

Services for Dr. Vernon F. Shaw, 76, of 710 Bluebonnet Drive, in Kerrville, Texas will be at 10:30 a.m. Monday, August 28 in the First Baptist Church in Ingram, Texas, with Dr. Fernon Weedon and Reverend Carroll W. Shaw officiating. Burial will be in Garden of Memories Cemetery under the direction of Grimes-Plummer Funeral Chapel of Kerrville.

Dr. Shaw died August 25 at Sid Peterson Memorial Hospital in Kerrville. He was born March 30, 1901 in Erath County and had resided in Kerrville since 1964. He was a retired Baptist minister and a member of First Baptist Church in Ingram.

Dr. Shaw had served as vice president of Decatur Baptist College, as Field Representative for Round Rock Childrens Home and had worked for Buckner Benolovance. He was a minister in Texas for 50 years, pastoring in San Angelo, Snyder, Temple, Kerrville, Hamilton, Olton and Floydada.

He was married on May 29, 1955 in Floydada. Survivors include his widow, Virgie L. Shaw of

Kerrville; one son, Kenneth Shaw of San Angelo; one sister, Mrs. Lester Short of Vernon; two brothers, Otis Shaw of National City, California and Eugene Shaw of Vernon; and 3 grandchildren.

Memorials may be made to the Building Fund of First Baptist Church in Ingram.

Mary G. Campbell

Services for Mary G. Campbell, 67, will be Saturday, August 26 in the Wallace Funeral Chapel in Tulla. Reverend Bruce Parks, pastor of the First United Methodist Church of Tulla will officiate, assisted by Reverend Charles Davenport, pastor of First Baptist Church in Tulla. Burial will be in Rose Hill cemetery in Tulla under the direction of Wallace Funeral Chapel.

Mrs. Campbell was born Mary Gamble on August 31, 1911 in Floydada. She married L.F. Campbell on October 30, 1965 after the death of her first husband, Virgil Shaw. After their marriage, the Campbells moved to Tulla.

Mrs. Campbell died about 5:45 a.m. Thursday in Methodist Hospital in Houston after a long illness.

She was a former assistant superintendent of Floyd County schools for almost 30 years. She was a member of the First United Methodist Church here and a past president of the Tulla Sorosis Study Club.

Survivors include her husband; L.F., a stepdaughter, Sue George of Tulla; a stepson, Commander Don Campbell of Springfield, Va.; a sister, Erin Gamble of Newark, N.J.; a brother, John Gamble of Seymour, Ind.; an aunt, Edith Gamble of Lubbock; and four grandchildren.

Pall bearers will be E.W. Scheid, K. Crouch, Paul Murrell, John Stapleton, W. B. Ballard Jr. and John Ziegler.

Human beings are the only animals that regularly invite others to share their food.

The Floyd Philosopher

Wants A Scientific Laboratory To Find Out What's Wrong With Scientists

Editor's note: The Floyd Philosopher on his Johnson grass farm takes another look at scientists this week.

Dear editor: I had thought that by now scientists had run out of something it could announce is bad for us.

No use going down the list completely, but over the last few years scientists have stuck their heads out of their laboratories, after first calling in the reporters, and announced that such items as sugar, salt, bacon, saccharin, tap water, white bread, fried eggs, hamburgers, potato chips, etc. are bad for us.

The list got so long that I figured scientists finally had run out of something we shouldn't eat or drink and would now have to figure out some other way to get their name in the paper and their research grants increased. But just last week some scientists an-

nounced that, despite the fact people have been drinking it for hundreds of years, coffee and tea, if used by women, can cause birth defects in babies.

There's just one answer to this. Somebody has got to open up a laboratory to try to find out what causes defects in scientists.

We haven't got much time left. It's not that everybody is going to try to exist on a scientifically-endorsed diet of wheat germs and skimmed milk, but that scientists are going to be laughed out of business, and we need them. For example, if Russia invents a laser beam to knock down our guided missiles, we'll need a laser beam to knock down their laser beam, then another one to knock down the one they invent to knock down the one that knocked down theirs.... Make that cup of coffee strong and black.

Yours faithfully,
J.A.

First Load Milo At Dougherty

Carmel Eastham of Eastham and Rainwater brought in milo to Dougherty's two elevators Thursday for possibly the first 1978 grain sorghum harvested in the county.

Thursday afternoon a load was marketed at D & P Grain that tested 13.80 moisture.

Around 7 p.m. Thursday night, a couple of loads were brought into Producers Cooperative Elevator that tested 15 and 10.90 moisture.

The milo was harvested southwest of Dougherty and manager of Producers, Bob Vickers said the market price was around \$3.50 per hundred.

Asking For

Clean Indoor Air Act

Lubbock G.A.S.P. (Group Against Smoker's Pollution) is circulating a petition to our Texas Legislators asking for a clean indoor air act in Texas. Minnesota and Alaska have had this law for some time. Reports have been received on how great it is NOT to be assaulted by tobacco smoke in public places in these states.

Agribusiness Conference Slated

The High Plains Agribusiness Conference will open August 25 at the Lubbock Civic Center with an emphasis on the Texas Department of Agriculture and its services to the industry. The Conference will extend through Sunday, August 27.

First on the program at 11 a.m. will be a discussion in the Banquet Hall on exports and imports of agriculture commodities, lead by the Department's director of marketing, Ben Baisdon. Following an outline of TDA's participation in export programs will be a question-and-answer period on problems in exporting and the impact of imports on farming and ranching.

The importance of choosing the right seed will be the message from Don Ato, director of TDA's seed division, which maintains a seed analysis laboratory in Lubbock.

At 3:30 p.m. District office personnel, headed by Raymond Houtchens, will have an open house in the Banquet Hall to enable local industry conferees to meet those in TDA regulatory and laboratory work in the Lubbock area.

Pesticide use and regulations will be the topic of a short presentation at 4 p.m. by David Ivie, director of the agricultural and environmental sciences division of the Department. Recent changes in licensing, the shift of responsibilities from Federal levels to the state, and other current topics on uses of farm chemicals will be covered.

Next will be a session on grain warehouse inspection and auditing, only one phase of the consumer services division responsibilities. Ed Whitesides, director, will lead the discussion.

"We are very proud of the work of the Department and hope that those in the Con-

Judy Dunlap Cystic Fibrosis Foundation Chairman

Mrs. Judy Dunlap has accepted the Chairmanship of the Annual Fall Campaign on behalf of the Cystic Fibrosis Foundation. She will be recruiting volunteers within the Community to plan a "Kiss Your Baby-Breath of Life Campaign" to take place this Fall in Floydada. The purpose of this Fall Campaign will be to provide the Community with information about Cystic Fibrosis and to raise funds to support research, education and care programs for children affected by cystic fibrosis, and other lung diseases like severe chronic bronchitis, emphysema, and asthma.

Cystic Fibrosis is a hereditary disease that is present in every twenty-fourth person in the United States. It is a progressive disease that attacks both parents carry the defective gene. At the present time, no cure for Cystic Fibrosis is known.

ference will participate in the discussions," Agriculture Commissioner Reagan V. Brown stated. "It would be impossible to cover all 47 programs which we administer, but the directors will be happy to discuss any regulations under our jurisdiction."

Early in the afternoon, at 1:30, a panel discussion on "A Model for Farm Survival 1978-1983" will be directed by Senator Kent Hance, Larry Myers, USDA liaison; Gerald McCathern, American Agriculture Movement; and Dr. Gene Mathia, incoming chairman of the Agricultural Economics Department at Texas Tech University.

Joyce Wilson Photograph To Be Displayed Nationally

A photograph by Joyce Wilson, co-owner Wilson Photography of Wilson Photography, Rt. #1, Lockney, Texas entitled "Garden Party" was accepted for inclusion in the General Exhibit of the Professional Photographers of America, Inc. Fewer than 16 percent of the approximately 5,500 photographs, all 16" x 20" in size, entered the annual competition achieved this honor.

Over a five-day period, a specially qualified jury of selection, consisting of 85 jurors from around the country, rated the photograph on the basis of its impact, color harmony

and balance, composition technical quality and other characteristics which make up an exceptional photograph.

The photograph was displayed at the 87th International Exposition of Professional Photography and 26th National Photographic Conference, June 25 - June 29, 1978, Caesars Palace, Las Vegas.

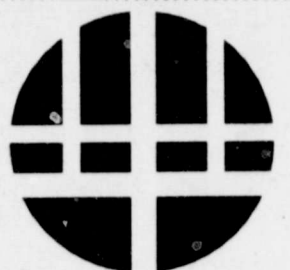

The photographer receives one merit which is applied toward the Master of Photography degree awarded by the PP of A. The stringent requirements include a total of 25 merits, 13 of which

must be exhibition merits such as this. To date, only some 875 PP of A members have earned this honor since the program's inception in 1937.

The PP of A is the oldest and largest Association of professional photographers in the world with headquarters in Des Plaines, Illinois. The organization, founded in 1880, provides educational services and established standards of professional performance for its more than 17,000 members and 165 local, state, regional and international affiliates.

FLOYDADA
CHURCH OF THE NAZARENE
4th and Tennessee, Floydada, Texas
REV. WILLIAM E. CLARK, Pastor

EVANGELISTIC SERVICES

AUGUST 29 -
Thru
SEPTEMBER 3

7:00
Each Evening;
Sun., 6 p.m.

REV. CHARLES WYLIE of Winfield, Kans., is an ordained elder in the Church of the Nazarene. He is a graduate of Bethany Nazarene College, Bethany Okla., and began his active ministry in 1968. After pastoring for several years, God led him into the field of full-time evangelism. The Wylies travel as a family, with each one participating. The children, DEANNA and DAVID, sing each evening. MRS. WYLIE presents readings and special music as well as leading the congregational singing. Rev. Wylie's messages are dynamic, biblical, and Spirit-filled, with an emphasis on the doctrine and experience of heart holiness.

Grow Grass In Shaded Areas

COLLEGE STATION-- Lazy summer afternoons are for napping on the soft grass under a big shade tree.

Getting the grass to grow under that tree, however, requires much more effort than napping. Everett Janne, a landscape horticulturist with the Texas Agricultural Extension Service, says a beautiful stand of grass growing beneath a tree shows extra care by the owner.

"Grass requires at least

three to four hours of either direct daily sunlight or all-day filtered sun. Grasses are more susceptible to disease problems in moist, heavily shaded areas," points out Janne.

Pruning trees can help solve a shade problem and improve air circulation. It is better to thin from the top by selectively removing branches at their origin instead of topping or stubbing back large limbs, advises the horticulturist.

"The best time for prun-

ing evergreens is late spring or early summer after new spring growth," contends Janne. "Prune early spring flowering plants immediately after flowering. Carefully prune deciduous trees over a period of several years to avoid removing too many leaves at any time."

After pruning, plant a grass that has shade tolerance. In Central and South Texas, ST. Augustine grass is a good choice for shady areas. Since warm soil promotes fast growth, the best time to plant grass is in the spring after the soil temperature reaches 70 degrees.

"Once the grass is established, mow it at least one-half inch higher than grass growing in full sunlight," suggests Janne. "This provides more leaf surface to use available sunlight."

Tree roots compete with grass for moisture and soil nutrients. However, keeping soil constantly wet can harm both tree and grass roots. Janne recommends soaking the ground at 7-to 10-day intervals during the summer and to increase fertilizer for shaded areas to compensate for the needs of trees and grass.

"In deeply shaded areas where pruning is not possible or feasible, ground covers are the only answer," contends the horticulturist. "English Ivy, ajuga and big-leaved periwinkle are some common types. When these won't grow, try using a mulch of bark or gravel under the tree."

Cattle Numbers

Continue Decline

COLLEGE STATION-- Cattlemen across the nation are continuing to reduce their herds, but some signs point toward a buildup by next year.

Dr. Edward Uvacek, Jr., livestock marketing specialist with the Texas Agricultural Extension Service, notes that recently reported lower cattle numbers mean producers are still in the liquidation phase of the cattle cycle.

Total cattle and calf inventories on July 1 were 7 percent below a year ago while beef cows were down 9 percent. The specialist says beef cow replacement heifers were also down sharply, but nine states reported an increase in such heifers and one had no change from last year.

"This, in itself, might be signaling a somewhat different attitude among cattlemen and may point toward a buildup by next year," contends Uvacek. "Thus it appears cattle production is

ending the old cycle which began in 1967. If this prediction is correct, cattle numbers should increase during the next few years.

"This new buildup, however, may be extremely rapid and somewhat shortened," believes the marketing specialist. "I look for another peak in numbers by 1985 or 1986."

Uvacek says the calving rate is still extremely low. The 1978 calf crop is estimated to be 4 percent smaller and come from 7 percent fewer beef cows. Of course, this calf crop number is only a preliminary figure and will be finalized at the end of the year.

Feeder cattle and calves available for feedlots in the second half of this year are also down compared with a year ago. The specialist points out that while the feedlot demand probably won't continue at its present rate, these reduces supplies should still keep feeder prices favorable.

back to College

In the rush to get back to campus, don't forget the first thing students are going to miss after they get there—the hometown news.

QUICK QUIZ

Judging by their current popularity, denim blue jeans rank as the single most important item of clothing in the United States. If you don't have a pair in your closet, you're outmoded by faded-blue fashionables.

Rate yourself a "jeanist" if your answers jive with denim-clad Americans polled by Louis Harris & Associates for Cotton Incorporated.

1. Jeans are most frequently worn (a) at work (b) at informal social gatherings (c) around the house?
2. Fifty-four percent of the people who wear jeans wear them (a) once a week (b) five or more times a week (c) at least two days a week?

3. In the future, most people say they expect to wear jeans (a) more (b) less (c) about the same?

4. The fabric most people prefer for jeans

is (a) 100 percent cotton denim (b) cotton/polyester blend (c) 100 percent polyester?

5. The reason most frequently cited for preferring 100 percent cotton jeans is (a) they don't snag or pull (b) they develop a nice, faded look (c) they become soft after several washings?

ANSWERS: 1. (c) Ninety-four percent of the people polled wear jeans. 2. (a) 54 percent of the people expect to wear jeans more. 3. (a) 54 percent of the people expect to wear jeans more. 4. (a) 54 percent of the people expect to wear jeans more. 5. (a) 54 percent of the people expect to wear jeans more.

"Great works are performed not by strength but by perseverance." Samuel Johnson

The lowest point in the continental United States, Death Valley, is 100 miles from the highest, Mt. Whitney.

LOCKNEY LOCAL

Kirby Collins and Randy Mamiari arrived by plane August 18th for a visit with Kirby's parents, Mr. and Mrs. Gene Collins. Tandy is from Long Island, New York and is a student at Princeton University. Both young men have been working this summer in labs on the campus at Princeton. This week they have driven to northern New Mexico and Colorado, where they are camping and back packing in the mountains. Randy will return to New York, August 29th; and Kirby will remain in Lockney for several days before returning to school. They will both be Juniors at the University this fall.

Carolyn Merrell Jones and daughter Jayme moved to Seminole, July 1, from Amarillo. Carolyn will teach Special Education in the Seminole Junior High School, and Jayme will be a freshman in the High School.

Mr. and Mrs. R.H. Parker returned August 15 from a trip to Red River, New Mexico, where they met their son Charles Smith and granddaughters Wendy and Holly Smith. Mrs. Parker reports that Wendy and Holly caught a mess of nice frying-size trout in the river.

Mrs. Parker's mother, Mrs. J.A. Brooks of Littlefield, was moved from Lubbock Methodist Hospital to Heritage Rest Home in Littlefield Thursday.

In 1728, potatoes were outlawed in Scotland because they were not mentioned in the Bible.

The protein content of an avocado is greater than that of any other fruit.

controlling bollworm infestations when found to exist naturally in high enough numbers. Several people have inquired as to their usefulness when bought and released out in their fields.

There are two major problems that prevent lady beetles from being effective control agents when released in a cotton field: (1) When released, they frequently fly considerable distances from the release point even when ample food exists; and (2) There usually is not sufficient food in the field at the time of release to hold lady beetles in that field.

Research has demonstrated that we can control bollworms through mass rearing and release programs. However, considerably information is still needed before a recommendation can be made for practical application. At the present time, it is just not economically feasible to develop a release program that a farmer can afford.

This by no means implies that naturally occurring populations of beneficial insects have no value. Their presence on the South Plains probably represents millions of dollars saved in insecticide costs and yield losses. For the present, we have to be content with conserving these beneficials by avoiding the use of "hard" chemicals when uncalled for. Why not

PUNT PASS & KICK

is here again. Enter Now!

Boys and girls, ages 8 to 13, come to our dealership August 18 through September 29 to sign up. Bring your parent or guardian and, while you're here, pick up a free PP&K Tips Book. You'll find tips from the pros that may improve your skills and your chances for a trip to the PP&K finals to be held at the NFC Championship game to be played on January 7, 1979.

Registration: August 18 through September 29.

New Hunting Licenses Licenses Available

LUBBOCK -- The new 1978-79 Texas hunting licenses valid Sept. 1, 1978, are available at license vendors and Texas Parks and Wildlife Department offices across the state.

The licenses which are good for one year ending Aug. 31, 1979, are \$5.25 for a resident hunting license and \$8.75 for the combination/hunting/fishing license.

Non-resident/small licenses are \$37.75 and are required of out-of-state hunters after quail, prairie chicken, pheasant, dove and other small game species. Out-of-state sportsmen after bigger game such as turkey and deer will be required to purchase the \$100.75 license. This \$100.75 license will enable these hunters to hunt all legal Texas species during the regular open seasons.

All licenses will be printed on waterproof, tear-resistant paper and each license will contain buck, antlerless deer and turkey tags. The date and month of kill on all these tags must be marked out in ink or cut out and tags attached securely to the carcass prior to transporting or moving the carcass. The place and county of kill must also be filled in at this time.

There is also a space on the back of the hunting license to affix white-winged dove, archery and federal waterfowl stamps if required by the holder.

A resident hunting license is required of every Texas citizen hunting outside of the county of residence between the ages of 17-65 years old. Persons hunting on land where they reside or persons hunting deer and

turkey in county of residence must have an exempt hunting license available for \$1.25. Certain disabled veterans may hunt deer or turkey while in possession of a valid exempt hunting license.

If you use off-road vehicles or other means of transportation, a check of the battery, lights, tires, and lubrication systems is essential. If the vehicle is only driven during hunting season such as a jeep, but it will be operated on a public road, make sure the vehicle inspection sticker is current.

A successful hunt is impossible without close contact with the landowner. A call or personal contact at this time will insure a place to hunt and game population figures will help you set up areas to skip over due to lack of

game. Half the fun of a successful hunt is the preparation and companionship among the hunting fraternity prior to the season opener. This might be the year you plan to take your son or daughter on their first hunt. Plan to put a hunter safety class in your schedule to insure a safe, successful season, long to be remembered by all participants.

P&W AREA DOVE HUNT

PADUCAH--The annual dove season has been set for the Matador Wildlife Management area and the dates are Sept. 1-4, 8-10, 15-17, 22-24, 1978 and Jan. 6-7, 13-14, 20-21, 1979.

There will be no restrictions on the number of hunters during the

dove hunt on the management area located 11 miles north of Paducah on FM 3256 and the daily bag limit of dove will be 10 birds.

Hunting on the Matador WMA is by permit only and the \$5 daily permits will be issued at the check station. The fee will be paid when the hunters report on the area prior to the hunt each day.

Shooting hours will be one-half hour before sunrise to sunset daily. According to reports from the WMA manager Charlie Boyd, dove hunting should be good this year.

Hunters, whether successful or not, must check out at the station when the hunt is ended. Last year, dove hunters averaged seven birds per day which is considered excellent.

Additional information is available by calling the Matador WMA at 806/492-3405 or write Matador WMA, Box 46, Rt. 1, Paducah, Tx. 79248.

Piggly Wiggly now offers you Guaranteed Low Prices with our New Triple The Difference Policy

Everybody's talking about low prices, but we're doing something about it! We're so confident you'll save at Piggly Wiggly we guarantee you low prices with our new

\$ TRIPLE THE DIFFERENCE POLICY \$

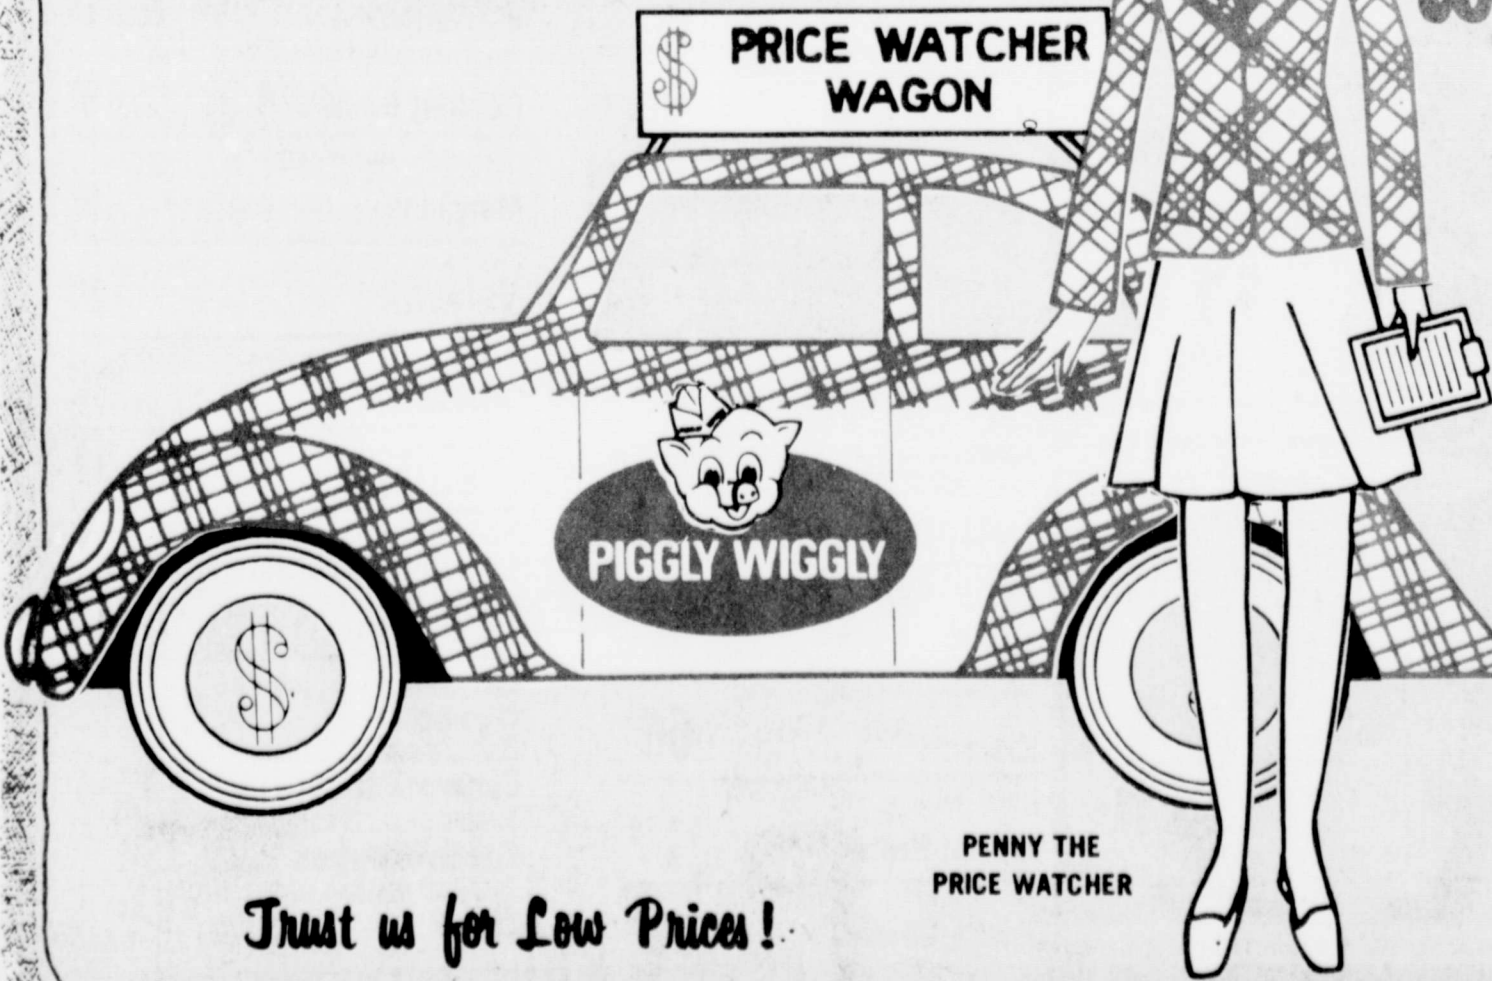

Here's how it works: First shop at Piggly Wiggly and buy 25 different grocery items. Then check the prices on the same 25 items in any other store. If their total is lower, bring in your Piggly Wiggly tape and the other store's prices and Piggly Wiggly will pay you TRIPLE THE DIFFERENCE IN CASH. At Piggly Wiggly we're committed to offering you quality products at competitive prices.

Meat and produce not included as quality and trim may vary from company to company.

WALLY WILLIAMS
President Of Piggly Wiggly

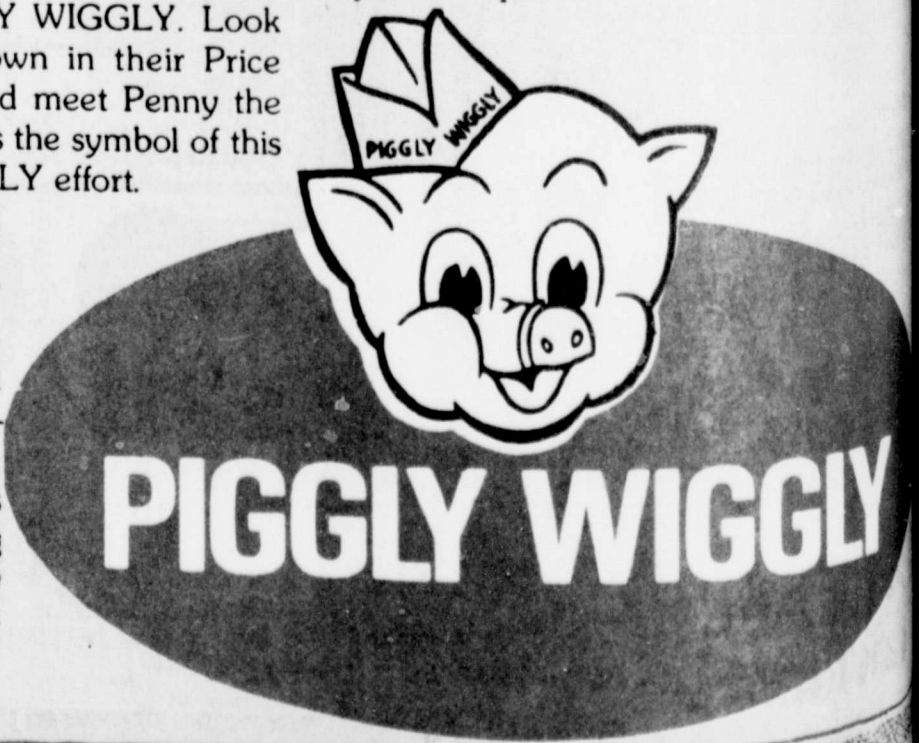

Piggly Wiggly is Determined to Fight Rising Costs!

PENNY THE PRICE WATCHER

Trust us for Low Prices!

To make sure that we are offering you the most competitive grocery prices we have a new team of Price Watchers. These people are just like you and have families of their own. They know what it's like to pay a grocery bill every week. Their job is to go from store to store in your town checking our competition's prices to make sure you save storewide at PIGGLY WIGGLY. Look for them around town in their Price Watcher Wagon. And meet Penny the Price Watcher. She is the symbol of this new PIGGLY WIGGLY effort. She and her "real life" team stand behind PIGGLY WIGGLY'S continuing drive to give you low prices you can believe in. Yes, PIGGLY WIGGLY is committed to saving you money...every day...in every department.

Men Attend Water Meeting In Paducah

Members of the Paducah Soil and Water Conservation District attended a meeting of the Paducah Watershed Planning Association in Paducah Monday. The meeting was held at the Paducah Chamber of Commerce. Attendees were Gil Herman, Chairman, and Junior Taylor, also attending the meeting was Jon J. La Baume, district conservationist for the Soil Conservation Service in Floyd County.

Master of ceremonies was Lloyd Mayes, chairman of the Cottle County SWCD and the welcome was given

by Roger Holley, SWCD director for Cottle County and also county judge for Cottle County.

Mr. R.H. Farris, president of the association called the business meeting to order with Bill Wilson, vice president from Big Spring calling the roll. 18 of the 22 districts were represented at the meeting.

Guest speaker were Mr. Carl Spencer, exec. director, State Soil and Water Conservation Board, Frank Gray, Lubbock, chairman of the Texas State Soil and Water Conservation Board and Charles Wood, Lubbock, vice president of the State Association of SWCD's.

Area resolutions were discussed that will be presented at the state meeting in October. Details of the state meeting were discussed by Bill Reese, area representative of the state SWCD board.

FLOYD DATA

Mrs. Carolyn Bo Hac and year old daughter, Jennifer, of Lake Elslnor, California, and Mrs. Shari Cain of Kilean Army Base spent Thursday and Friday with Charley Berry. Mrs. Cain's mother at Lake Elslnore was critically ill.

COLLEGE STATION -- Children can fix their own nutritious after-school snacks.

Raw cauliflower with a tomato catsup dip is an easy snack for kids to fix themselves, suggests Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

To prepare the cauliflower, wash the vegetable and place on a cutting board. Hold the head firmly with the left hand. Using the right hand, cut each floweret off the stem with the point of a sharp knife being careful

Fishing Report

REPORT for Aug. 7, 1978 Canyon fishery

been caught and several channel catfish up to eight pounds have been caught also. Crappie fishing is slow. Water temperature is 82 degrees F.

MACKENZIE LAKE -- The main boat ramp has been closed as an extension is being added. This P&WD project should be completed soon. Fishing has improved on sunfish and channel catfish. A few bass have been caught. The lake level is 101 feet and the water temperature at six feet is 77 degrees F.

LAKE THEO (Copper Breaks SP) -- Fishing has improved with cooler temperatures. A 10-pound channel catfish along with several smaller catfish have been caught. A few largemouth bass in the 3-to-3 1/2 pound class are being caught. Water temperatures are 75 degrees F.

FLOYDADA'S CAPROCK HOSPITAL REPORT

Wandell Vanleave, admitted 8-21, continues treatment.
Leonard H. Smith, admitted 8-21, continues treatment.
Camerino P. Murillo, admitted 8-23, continues treatment.
James P. Gonzales, admitted 8-23, dismissed 8-24.
Winnie Long, admitted 8-24, continues treatment.
Isabel Martinez, admitted 8-24, continues treatment.

College Registration Begins In Crosbyton

Registration classes at the extension center programs will contact George Brakebill, coordinator of the center, or the office of Dr. Duane Hood, Dean of Student Services, at WTC, AC 915 573-8511. College credit earned at the extension center is transferrable to other colleges and universities.

ACADEMIC SUBJECTS

The eight academic subjects include: Agricultural Economics 134, Painting 232, English 131, English 231, Human Development 111, History 131, Modern Math 135, and Sociology 232. A lab will be held in conjunction with the painting course.

Classes are scheduled from 6:30 to 9:20 one night each week.

Slated for Mondays are Agricultural Economics, Composition 1, and Principles of Management. Tuesday classes are Painting, American Literature, U.S. History, Sociology, Office Accounting, and Human Relations. Taught on Thursdays will be Modern Math and Criminal Evidence.
