Three contestants missed six games in the Beacon football contest last week, so the tie breaker was the deciding factor in the prize distribution. Jim Curtsinger of Lubbock received the \$10 first prize. He picked Abernathy to win and guessed 28 points would be scored in the game. Pretty close: Abernathy won 15-14.

Second place and \$6 went to Joe Cunyus of Lockney, who guessed 27 points in the tie breaker section. He missed the winner in the tie breaker, but so did third place winner David Apple, whose tie breaker guess was 23 points. Apple won \$4.

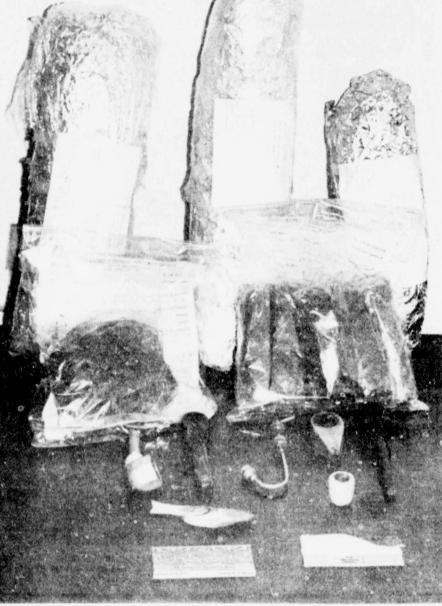

Last week's contest was a hard one. with two tie games (Yale 17, Pennsylvanie 17; Spearman 13, Perryton 13 and several other toughies (Dir 20, Olton 18; St. Louis 16, Philadelphia 10; Navy 21, Pitt 11; Boys Ranch 15, Dalhart 0)

Honorable mention went to Tommy Burt, W.L. Carthel, Homer Ragland and Retha Wofford, all of Lockney, who missed seven games each. Missing eight were David Turbeville, Gilbert Reyna, Randy Davis, Rick Mosley, Marlon McDonald, Lanny Barnett and

\$2000 WORTH OF MARIJUANA ... Floyd County Sheriff's Depart ment officers and a narcotics agent from Lubbock confiscated this "haul" at a private home on West Virginia Street in Floydada Friday night and arrested a Floydada man for alleged violation of the state controlled Substance Act. Possession of more than four ounces of marijuana is a third-degree felony in Texas. Almost three pounds of the weed, with an estimated street value of \$2000 was taken in the Friday-night action.

Double Ring Ceremony Unites Couple

Kristi Karol Finley became the bride of Wendell Rex Law in a double ring ceremony at 7 p.m. Saturday in Crestview Baptist Church in Midland.

Mr. and Mrs. James C. Finley, 3610 Gulf St., are the parents of the bride. The bridegroom's parents are Mr. and Mrs. Rex Law of

The Rev. Kenneth James officiated. Mrs Eugene Motter was the organist, and Susie Graham, Melanie Finley, sister of the bride, Rodney Bunch, uncle of the bride, and Mr. and Mrs. Ty Morris were vocalists.

Mrs. David Bachman, sister of the bride, was matron of honor. The bridesmaid

was Melanie Finley, sister of the bride. Mrs. Drew Atkinson of Odessa was bridesmatron. Candle lighters were Tanya and Brenda Bunch of Carrollton, cousins of the bride.

Jimmy Law, brother of the bridegroom, was best man. The groomsmen were David Bachman, brother-inlaw of the bride, and Wayne Law of Kermit, brother of the bridegroom.

The ushers were Drew Atkinson of Odessa, and Wayne Law.

Mr. Finley gave his daughter in marriage. She wore a formal gown of white Qiana with pleated skirt flowing to a chapel train. The sheer bodice and sleeves were enhanced with silk

Venise lace. Lace edged the slim sleeves and bordered the hem of the skirt. Her three-tiered chapel-length veil was of imported illusion. The fingertip length and blush were attached to a lace and pearl trimmed tiara. She carried a cascade of Mercedes roses with stephanotis and natural foliage.

The reception was held in the Fellowship Hall, before the couple left on a trip to Ruidoso, N.M. They will reside at 4201 Andrews Highway, Apartment 27.

Out-of-city guests included Mr. and Mrs. W.H. Bunch, of Floydada, grand parents of the bride, and R.G. Finley, Breckenridge grandfather of the bride.

Miss Gilbert, Tony Hesson Pledge Vows

Mellanie Kay Gilbert and Tony Allen Hesson were united in marriage Friday, October 27 in an 8 p.m. ceremony in the home of the bride's parents. The Reverend Lloyd Castle of Plains Baptist Assembly officiated.

original prose or poetry. Martha Sue Lusk presented the evening program on "The Math of Real Estate." She reported on attending the "Parade of Homes" in Lubbock recently. Most of the homes in the show were priced from \$25,000 to \$75,000. These new homes included fireplaces, entrance halls, large bathroom and mirrored sky-lites. She reported that the current cost of building a house averages \$31.00 per square foot. With that information, each member figured, on scratch pa-

per, what their present home would cost if it were being built in 1978. Following refreshments,

NEWS 'N' NOTES (by Sharon Hillis)

POPCORN POPPERS Popcorn popping's made

easier for "gadget lovers" with new poppers featuring minimal or no use of oil. In addition, little or no oil cuts down on calories. Popcorn is relatively low in calories any way-one cup of popped corn has only about 25 calories, and with oil and salt added. the calories add to about 40

NO-OIL POPPERS One new popcorn popper version uses no oil--corn is popped by a steam of hot air. popped kernels come out of a chute into a bowl or

LESS-OIL POPPERS Another version claims to use up to one-third less oil than other poppers by utilizing a hotter temperature

Place Mats small

and a rotating rod to stir the kernels. The corn gets coated uniformly with no MICROWAVE POPPERS

For microwave appliance owners, a third new choice is available-a special popcorn popper designed especially for the microwave. The popper yields two to three quarts of popped corn in three and one-half minutes in a 675 microwave oven-microwave popper has a base supporting a covered cone. The base focuses microwaves at the bottom of the cone. Prior to this appliance, popcorn popping wasn't recommended for microwave appliances.

PRACTICALITY Before dashing out to buy any of these appliances, consider how often the appliance would be used, ease of deaning and storage facilities. Those which do not use oil will be easier to clean than others. Check to see how easy the base is to clean if it is not immersible. Compare the cost and decide if what is already owned will serve as well as a new gadget. Then, settle back and enjoy the popcorn.

Gets Pioneer Seeds Award

Providence Farm Supply was honored recently for outstanding sales achievement in 1978 as a dealer for PIONEER (R) brand seeds. And to mark the occasion, the Lockney, Texas company received a specially designed Silver Dollar Award from Pioneer Hi-

Bred International, Inc. "Only 15 to 16 percent of the approximate 800 Pioneer dealers eligible for this award will qualify each year," Jim Lindsey, president of the Plainview, Texas based company, noted in announcing this year's honorees. "And we're particularly proud of Providence Farm Supply because they

have qualified in each of the past three years."

To make this kind of achievement required considerable individual effort, Lindsey continued. And he noted that the most vital ingredient for the success of Pioneer is people like those at Providence Farm Supply and the approximate 100 other 1978 award winners.

Pioneer markets planting seed in the Southwest for sorghum, corn, cotton, wheat an alfalfa through dealers in Texas, Oklahoma and New Mexico. The Plainview based firm is a division of Pioneer Hi-Bred International, Inc., Des Moines,

"All I'm asking from you is a two-year contract"

Charles Stenholm is asking the people of the 17th District to send him to Congress for two years.

"I want you to send me to Congress on a two-year contract. At the end of that time, if I have not lived up to your expectations, I will expect you to work as hard for my defeat as I am asking you to work for me now.

A lifelong resident of the 17th District, Charles Stenholm has proven his leadership ability as a family farmer, a vocational agriculture teacher, General Manager of Stamford Electric Cooperative, President of Stamford Little League, and President of the Stamford Chamber of Commerce. NOW, HE WANTS TO WORK FOR YOU IN WASHINGTON.

WASHINGTON (AP) - Prob- from Jan. 1, 1977

ably it's no surprise to farmers, A new report, "Balance Sheet

The Agriculture Department annual change since 1940,"

Although farm debt has crept up even in the best of years, one reason for the big increase in 1977 was the continued climb of farm production costs at a time when prices for many commodities were depressed.

Net farm income - the amount left over from gross sales after expenses are deducted - declined slightly last year to \$20.1 billion. In 1973, when commodity prices were much higher on the average, net farm income set a record at \$29.9 billion.

The report said that total

but the government says they of the Farming Sector" for farm assets rose again to anowe more money than at any 1978, said that the farm-debt other record of \$708.3 billion as jump was "by far the largest of last Jan. 1, a gain of \$53.4 billion or 8.2 percent from a says that as of last Jan. 1 the However, the experts said year earlier. Three-fourths of nation's farm debt was \$118.8 that compared with the huge the increase was due to higher billion. That was up a whopping assets of farmers their debt is real estate values. \$16.1 billion - 15.7 percent - not as bad as it sounds and is

Although most farm assets

are tied up in the form of real estate and other property, their comparison with indebtedness is considered one of the more

important indicators. A fallacy, however, is that land and many other assets are not actually money in the bank. Real estate can be used as collateral to borrow money, for example, but is not a liquid as-

set unless a farmer sells out. Regardless of its limitations. a derived "debt-to-asset" ratio expressed as a percent continues to be prominent in USDA examination of farmer well-

Simply, the ratio is arrived at by dividing debts by assets. Thus, on Jan. 1 the debts of \$118.8 billion and assets of \$708.3 billion convert to a ratio of 16.8 percent, the highest in

Increases in total property tax revenues.

"There is definitely a need to relieve the heavy and unfair tax burden borne by Texas farmers and ranchers," stated PCG

Thursday November 2, 1978

Executive Vice President Donald Johnson in a recent interview. "As pointed out in an analysis of the problem by the Texas Farm Bureau," he continues, "the property tax in Texas was intended as a general tax on all property and all wealth but has become primarily a tax on real estate. And since farmers and ranchers own and use more real estate than most others they have been paying an unfair share of the State's property taxes." Passage of the amendment November 7, Johnson says, will not necessarily mean an elimination of the inequities of property taxation. "What it will do," he adds, "is give the State legislature a mandate to provide for taxation of land used for the production of crops, livestock and timber on its value for the production of those commodities, not on its value for development speculation or other purposes."

The exact method of figuring land value for tax purposes on its productive capacity will be determined by the legislature, and Johnson makes the point that the fairness of that method will depend to some extent on who is sent to the legislature in the November 7 elections.

"Which simply means that people in agriculture should cast every eligible vote on election day to assure the success of those candidates best able and qualified to represent their interests."

Four Farm Leaders **Endorse John Hill**

On Monday October 23, a group of four leaders from the farming and ranching industry toured West Texas from Amarillo to El Paso in behalf of John Hill, candidate for Governor.

They were Jerome Friemel, a farmer, cattlefeeder and agribusinessman from Hereford, American Agriculture National voting delegate, board member of the Texas Farm Bureau, 31st District delegate to the Democratic National Mid-Term Convention;

Carl King, farmer from Dimmitt, president of the Texas Corn Growers Association and Water Inc., State Democratic Executive Committeeman from the 31st

Most newspapers pick **Hill over Clements**

"John Hill may be the best candidate for governor in decades. Judging from his record, he should win easily over his Republican opponent, whose chief qualification is money. Unlike his opponent, Hill is not given to outrageous promises, intemperate personal attack or underhanded tactics. He will work hard for the best interests of the state and its people."

- Austin American Statesman

"The more Mr. Clements has explained his blunt viewpoints — even those views we could agree with — the more he has raised doubt as to how effective a bulldozer could be in Texas government. Conversely, John Hill has grown in our evaluation as a man who not only is the best state attorney general in recent history, but also is a man with the intellience, savvy and ability to serve Texas well as governor."

— Abilene Reporter-News

"We believe Hill will bring vitality and leadership to state government. Hill is not an advocate of big government. Nor is he a free spender. He has pledged that no new taxes will be levied if he is elected. His anti-inflation program is the kind of fiscal conservatism Texans can accept gleefully."

He lived the dry land farming which helped put the "fields so dry, crops so rotten, even weevils won't have my cotton" into the bicentennial choral work by Drs. Everett A. Gillis and Mary J. van Appledorn premiering Tuesday in Monterey High School auditorium.

All the problems of weather which "won't respond to prayer and it won't go away" failed to daunt his spirit or make him lose faith in his chosen home. In fact, it was one reason he came West. He was 17 when he left the "deep piney woods, chills and malaria" of Louisiana for Floydada, a flat dry land where "ev-

Crawling off the freight wagon on the He lived with other workers in tents set hash" and dunked hardtack to make it last lap of his journey to an uncle's home, he found a small town of about 1,200 just beginning to grow up.

There were two automobiles-he thinks they were Pierce-Arrows, but isn't sure-challenging hacks, buggies and wagons for right-of-way on the trails. "Nobody wanted to give up the road to

a car and the driver didn't want to give it up to a wagon," Steen grinned. One challenge for right-of-way, he recalled, wound up with a dead mule on a mail hack and the hack tongue through

It was the right-of-way of the Rock Island railroad, where Steen was building telephone lines, that road challenges turned lethal. Two teamsters hauling supplies to workers were racing when one fell overboard and broke his neck.

Steen had worked around on farms for a couple of years before signing up to "dig holes, put up posts and cross arms and string telephone wire" from Amarillo to Vernon, from Amarillo to the Oklahoma line near Shamrock and then from

He was in Floydada when the train arrived in April 1910, putting an end to freight wagons rolling from the railhead at Plainview. Floydada became the railhead for other communities until rails went their way, heralding the end of freight wagons and wagon yards.

To The Voters of Floyd County Concerning The Candidacy of Foster Whaley for State Representative

I have known Foster Whaley for 30 years. I know him to be honest, reliable, conservative, congenial and a hard worker.

energy today and in the future.

He is capable as is evidenced by his accomplishments. He started out on a shoe string and has been most successful, financially.

He does not need to be State Representative to make a living. This makes it possible for him to refuse all financial offers, as he has done during this campaign, made by State Political groups.

All of his life he has been associated with farming and ranching and knows the problems and needs of the farmer and livestock producer.

He is well informed on the issues of the day, especially on our education system and our tax structure. He is diplomatic, agreeable yet persuasive. He knows how to get things done and above all he KNOWS HOW TO SAY NO!

I have become well acquainted with Foster while serving on the Gray County ASC Committee, as a farmer, as Supt. of Top o' Texas Jr. Livestock Show, Pampa, Texas since it was founded in 1941. I believe he is the MAN FOR THE JOB.

If you agree this is the kind of a representative we need in Austin, let's elect Foster Whaley on November 7th.

October 30-After our rains the first of last week we have had mostly clear skies and mild temperatures. Nights are somewhat on the chilly side. Farm work goes on and cotton harvest is in full swing in many places; some fields are too

green for harvesting. All our hearts were saddened at the news of the death of Ted Bell. We all deeply sympathize with his family in their deep sorrow. Ted was greatly admired by all who knew him and his beautiful paintings were enjoyed by all. Ted's funeral was Monday afternoon at First Baptist Church.

Carolyn Burton and Mrs. J.T. Myrick went to Amarillo Wednesday and visited Mr. and Mrs. D.D. Myrick and Mrs. Steve Myrick and children Matt and Mandy.

Mr. and Mrs. Eugene Watts and baby visited in Lubbock Saturday night with Mr. and Mrs. Sam Bass. Scotty and Kim stayed with their grandparents Mr. and

Mrs. T.L. Perry. Mr. and Mrs. Leslie Fawver visited Friday night with Mr. and Mrs. T.L.

We express sympathy to the family of Calvin Steen who passed away at noon Sunday at Heritage Nursing Home in Plainview where he had lived for several

months. Calvin was one of Floydada's "Old timers". His funeral was Tuesday at the First United Methodist Church at 2 o'clock.

Those visiting during the past week with Mr. and Mrs. Lindsey Graham, were Mr. and Mrs. Jimmy Collins Jr. of Lockney, Nicki Thomas, Mr. and Mrs. Charlie Jarrett and Lee Burton.

Mrs. Mattie Jameson visited Saturday morning with; Mrs. Clyde Bagwell. Wednesday Mr. and Mrs. E.W. Walls made a business trip to Plainview and on the

way home they came by

Lockney and visited Mr. and Mrs. D.D. Tate. Mrs. C.H. Wise visited Mr. and Mrs. Carl Young Sunday afternoon. Large crowds attended

each service at First Baptist Church during the revival there last week.

Stenholm Campaign

Caravan

Several local residents joined about 45 citizens of Stamford and nearby communities today as a bus caravan campaigning for Charles Stenholm for Congress visited Lockney and Floydada. Stenholm and his wife Cindy were among the bus load of volunteers meeting the people, answering questions and distributing campaign literature.

The visit was arranged by Alton Higginbotham of Floydada, area coordinator; and J.T. (Buster) Terrell of Lockney and John Dunlap of Floydada, Floyd County coordinators for Stenholm.

Stenholm, 40, is the Democratic nominee for the 17th Congressional District. He won the June 3 runoff with a landslide, two to one victory. He is seeking the post being vacated by the retiring, veteran legislator Cong. Omar Burleson.

A farmer-businessman from Stanford, Stenholm holds an M.S. in agricultural education from Texas Tech University. He has taught vocational agriculture, worked as the executive officer of Rolling Plains Cotton Growers and general manager of Stamford Electric Cooperative. He is a director of the First National Bank in Stamford.

Stenholm has served as president of the Stamford United Way, Stamford Litde League, Texas Electric Cooperatives Association, Rolling Plains Cotton Growers and the Stamford Chamber of Commerce. He is a former member of the Texas State ASC Committee and State Democratic Exe-

cutive Committee. Stenholm's civic, church and political activities have led him to local, state and national recognition.
