District 'Weeded Out'
For years Floyd farmers have argued back and forth about the worth of having a weed control district. The future of the district was settled Tuesday as farm owners voted 585 to 311 for dissolution of the district.

BAND GETS "I" IN MARCHING
(Details Sunday)

Floyd Voters Favor Hill, Krueger; Clements, Tower Lead Statewide

Floyd County voters in the general election Tuesday John Hill and Bob Krueger in the Texas gubernatorial race, U.S. Senate races, but Republicans Bill Clements and John Tower were the present winners statewide.

At press time (early Wednesday afternoon) still-incomplete returns showed Clements leading Hill by about 100,000 votes. The Republican was leading Tower by about 100,000 votes. Tower led Krueger by about 14,000 votes at that time.

None in Floyd County stayed away from the polls because of bad weather. It was such a beautiful day that many farmers did not vote because they were busy in the cotton harvest. Of 4,678 registered voters for this year, only 2,253 took time to vote.

HALE WINS FLOYD, LOSES REP RACE

Floyd County's voters supported the Republican candidate for State Representative of the 66th Legislative District, 1240 to 1063 votes.

Hale, however lost to Pampa farmer Whaley who held an overwhelming lead at press time.

Both men had praise for the other as returns were counted.

Whaley, will apparently fill the seat vacated by Phil Cates of Shamrock, retired.

Whaley, 58, said he had "the highest opinion for him (Hale). He ran a real race."

Disappointed Hale said from his Pampa home he "knew it would be a race in the heavily Democratic district. The district includes Armstrong, Childress, Collingsworth, Donnell, Gray, Hall, Motley and other counties.

"I want to get on the House Agriculture committee," said Whaley, "because we don't have one person from the Panhandle or western

Texas.

"That's a shame. It will be real important (to be on the committee) in writing the productive value (of agricultural land legislation)."

He noted the Tax Relief Amendment, which was favored hands down by state voters, included the provision to tax farm and ranch land on its productive, rather than market value, is a major issue in the upcoming legislative session.

Hale, 48, owner of a department store and a Floydada civic leader, said, "I think the people should have really been ready for a little more of a change than what has occurred."

"But if they're not, they're not," Hale said he "certainly hoped" Whaley could help the legislature keep the state budget at a surplus, or balanced, and benefit the Panhandle.

"I give him my best," he said. "I hope he can do the very best job possible. The people have spoken, and I don't feel the least bit bad about it."

Hale noted that he doubted "very seriously" that he would try his luck at politics again.

"I'll relax," he said.

Whaley said, "I didn't take one dime of downstate lobby money. I ran on that as a ticket. I believe people like it that way. I sent back enough checks that would have cured my indebtedness I've incurred."

He added that he wants to "write a spending limit on each legislative seat in Texas. We really need to look into these laws that govern the financing of these elections."

"I say put a spending limit on each position, he said."

The final count was Whaley 10,678, Hale 6,412.

STENHOLM WINS

Stamford farmer Charles Stenholm easily defeated his Republican opponent Bill Fisher. Floyd voters very

readily approved Stenholm 1618 to 590.

Stenholm will succeed veteran U.S. Congressman Omar Burleson in the 17th District, and has pledged his best efforts to get on the Agriculture committee.

STATE OFFICES

Floyd voters favored John Hill over Bill Clements for Governor 1255-997. They favored Bob Krueger over John Tower for U.S. Senate 1244-984. They approved Hobby over Marshall 1502-612 for Lt. Governor, White over Baker 1352-830 for Attorney General. They approved Poerner over Lacy 1547-543 for Railroad Commissioner.

AMENDMENTS

Floyd voters approved all the amendments to the State Constitution except two and three.

They favored tax relief by an impressive 1697-262. They favored No. 1, 1251-540, turned down No. 2, 812-983, turned down No. 3, 797-971, favored No. 4, 1222-629, favored No. 5, 1007-793, favored No. 6 1008-383, favored No. 7, 934-784, favored No. 8 1111-657.

Amendment Number 2 was the "permit employment opportunity revenue bonds" and Number 3 was "Legislation to authorize redevelopment bonds".

VOTING....at the Precinct #18 (West Lockney) box Tuesday were Mr. and Mrs. Herbert Dudley. Election judge Mike Mooney is seated at right, next to Bill Whitfill, who served as election clerk.

Painting Of Early Courthouse Given To Museum

Artist Mary Montandon has donated one of her paintings, entitled "Pampa Square", to the Floyd County Historical Museum for inclusion in the permanent art collection at the museum in Floydada.

The 20x24-inch oil painting, showing the first permanent Floyd County courthouse near the turn of the century, was taken from a photograph published several years ago in the newspaper.

Montandon painted the picture, a member of this year, because the picture appealed to her. She later

decided to donate it to the museum.

The following is a brief history, provided by museum association secretary Nancy Marble, of the building which is the main subject of the painting:

Floyd County's first permanent courthouse was completed and occupied March 28, 1892. The total cost was \$8,071.60.

It was surrounded by a barbed-wire fence topped with 1" x 4" planks. This fence had to be replaced with a stronger one after a year or two because of the cattle which roamed at will over

the county.

This building was used until the latter part of 1912. The building was moved back 150 feet at a cost of \$249.50. It was later sold for \$327.50.

BANK CLOSED FRIDAY

The First National Bank in Lockney will be closed Friday in observance of Veterans Day. The post office will be open Friday, closed Saturday, Veterans Day. First-class mail and daily newspapers will be boxed at the post office Saturday, but there will be no rural- or star-route delivery and no window service.

PAINTING GIVEN TO MUSEUM....Mary Montandon (left) donated painting to the Floyd County Historical Museum permanent art collection. Accepting the gift was Nancy Marble (right), secretary of museum association.

CINDERELLA BEAUTY SALON REOPENS

The Cinderella Beauty Salon, 102 1/2 West Bryant Street, Lockney, will reopen on Tuesday, November 14. Sandra Martin invites her friends and customers to come in. The shop will be open Tuesday through Saturday.

MINNIE'S BEAUTY SALON OPEN FOR BUSINESS

Minnie Wright announces the opening of Minnie's Beauty Salon, located at 314 S.E. Second Street in Lockney. She looks forward to serving her regular customers and welcomes new ones. The salon is open Tuesday through Saturday.

Sharon Spencer, Mrs. Mooney Gain FTA Recognition

Sharon Spencer, a Lockney High School sophomore, was elected recording secretary of the District 17 Future Teachers of America last Thursday at the FTA district convention in Plainview. She will be installed in May and will be serving during the 1979-80 school year.

Miss Spencer was president of her freshman class at LHS and is now serving as vice president of the sophomore class. She plays basketball and was a district qualifier in tennis last year. A Longhorn Band member, she plays in the LHS stage band and was named to the all-region band as a freshman. She was a freshman class beauty.

At the district FTA meeting, Mrs. Mike Mooney of Lockney was awarded a plaque in recognition of her seven years' service at an FTA advisor.

Mosley, Barnett, Warren Win Football Contest

Everybody missed at least seven games in last week's Beacon football contest, another tough one for the guessers.

Jared Mosley of Lockney won first place by picking the correct tie-breaker winner-Tulia-and coming closest to the actual score (19) of that game with

a guess of 18.

Cathey Barnett of Lockney was second, picking Tulia in the tie-breaker and guessing 35 for the score.

Lela Warren, Lockney, came in third with a tie-breaker guess of Lockney 21.

All the money winners missed seven. Earning honorable mention with eight misses were Lisa Mosley, Reeda Cay Smith, Lanny Barnett, Retha Wofford and Dorothy Holland. Close behind with nine wrong picks were Rick Mosley (two entries), David Turbeville, Jim Curisinger, Kenneth Wofford and T.L. Holland.

Games most frequently missed were the following: Slaton 28, Roosevelt 14; Sweetwater 19, Brownfield 15; Herford 0, Lubbock 0 (tie); Farwell 6, Kress 0; Green Bay 3, Philadelphia; Texas Tech 27, Baylor 9; Abernathy 16, Idalou 13; Miami 23, Dallas 16; Tulsa 44, WTSU 23.

First Baptist Church Plans Youth-Led Revival

The Rev. John C. Jenkins, pastor of the First Baptist Church, Lockney, extends an invitation to everyone to attend the Youth-Led Revival this Sunday morning through Wednesday evening. The revival is under the leadership of Delvin Bybee, Youth Director.

Lance Witt, ministerial student at Wayland Baptist College, will be the evangelist. Lance grew up in Albuquerque, N.M. After his senior year in high school, Lance was involved in leading revivals throughout the Southwest. In June of 1976 he surrendered his life to full time ministry. In addition to other activities at Wayland, Lance has coordinated retreats, banquets, and seminars, preached some 30-35 revivals and spent 3 weeks in Korea with World Evangelism Foundation in an evangelistic effort. In August 1977 Lance was ordained into the ministry and thus began the Lance Witt Evangelistic Association.

Tim "Josh" Hunt, Music Director/Assistant Youth Director of First Baptist Church, Lockney will be directing the music. Josh came to Lockney from Calvary Baptist Church in Clovis, N.M. (his hometown). His father is pastor of the First Baptist Church in Clovis. Josh is presently a ministerial

Sunday morning worship services starts at 11 a.m., following Sunday School, which begins at 9:45. Church training is at 6 p.m., and Sunday evening worship starts at 7. Evening services are scheduled Monday through Wednesday at 7:30 p.m.

Football Ratings Shaken Up; Longhorns Idle Friday Night

Lockney fell and Tulia advanced, as the Harris Football Ratings this week as a result of upset victories by the Longhorns and the Antelopes last week. Floydada, the other District 17 team, did not play and dropped out of the Harris Ratings. Lockney's Harris Class-AA list, and the

Lopes climbed 13 places themselves, advancing from number 79 to number 67. It was Abernathy 16, Idalou 13 last Friday.

The Longhorns dropped from 86th to 96th in the state, while the Hornets bettered their rank from 104th to 96th by edging Lockney 12-7. The surprising Tulia outfit leads the district with a 2-0 record.

Local Women Tour Seven States

Lucille Carroll and Mrs. Doyle Sandefur accompanied Mrs. Sandefur's sister, Mrs. Frank Loftin of Tulsa, on a tour of Oklahoma, Arkansas, Mississippi, Tennessee, Alabama, Louisiana and Texas.

The group reports that the fall season provided breath-taking beauty in the many colors of trees and foliage. They did not encounter any rain on their trip. They reported that Arkansas was quite beautiful, but that Tennessee provided the most beautiful scenery. The trio went to Memphis, Tennessee, for one night and on to Graceland, where they viewed the gravesite of Elvis Presley as well as his home. Then it was on to Nashville and the Grand Ol' Opry and a three hour show at Opera Land.

To Ted

The angels are buzzing
And flying around;
A new arrival
Has just come to town!
There's singing and dancing
On every gold street
They're all so excited
That Ted Bell they shall meet.
I see them embracing
Then they lift up their wings
They're off the palace
To worship the King.
Oh, sweet Rock of Ages
Surely, great Thou art!
To heal all the wounded
To mend broken hearts!
And we give you, dear Lord,
Our sincere thanks to-day
For enriching our lives
Sending Ted our way.

Understanding Your Child

NEED FOR FULFILLMENT
Your child will grow, but he may not mature if you don't allow him to have a sense of fulfillment. Many psychologists point out that when a parent is too overprotective the child will never become self-sufficient.

YOUNGSTERS are happy when they have a sense of fulfillment.

NEWS 'N' NOTES

(by Sharon Hillis)

CARE FOR LEATHER.

SUEDE
Keep all care instructions to insure best care and longest life for leather and suede garments, whether real or fake. In addition, follow these special care techniques:

SUEDE
Brush suede regularly with a terry towel or soft brush to keep dirt from settling in the nap and to ruff up the nap. Remove most spots, small light stains or shiny areas by rubbing with a soft gum eraser, board or very fine sandpaper. Most dark suede dyes easily bleed when wet or rub off when new.

SMOOTH LEATHER
Clean smooth leathers by wiping with a damp cloth and mild soap, not detergent. Never use cleaning fluid, shoe cleaning products, polish or saddle soap. Test any specially designed aerosol cleaners on an inconspicuous area first, particularly for color changes or circling.

DRYING LEATHER
If a leather garment become wet, dry as soon as possible away from heat on a shaped wooden hanger. Before drying, shake or sponge

extra moisture from garment. After suede has dried, buff the nap in one direction.

REPAIRS
For holes, piece with a matching piece taken from seam or facing and glue with fabric or leather glue. Tears may also be glued down. Carefully dye lighter edges around tears or holes with shoe polish or ink.

STORAGE
Never store leather garments in plastic bags since plastic can cause discoloration. Also, don't use adhesive name tags because they also discolor.

PROFESSIONAL CLEANING
When major cleaning is needed and the garment is not washable, take it to a leather specialist.

Citizenship means many things to many people and is hard to pin down. It is something like trying to define happiness. For some people citizenship means participating in government, holding an office, campaigning and voting. For others, it is patriotism, defending the country, displaying the flag, and singing the National Anthem. It may also be

holding a job, making money, paying taxes, owning property and obeying the law. Still others see citizenship as simply being born or naturalized as a "citizen" of the country and that's it—a very passive approach.

"My Life In Floydada"

Some sixty years ago when I arrived in Floydada, I began to look for a job since I was a fair mechanic with some knowledge of the early farm tractors. I went to the I.H.C. Dealer Mr. O.P. Rutledge who was taking over the McCormick-Deering Agency.

I.H.C. was operating in Texas under the Texas Harvester Company because for a number of years they were put out of Texas for a monopoly. The company was coming back to Texas under McCormick-Deering and P & O.

The first tractor I worked on was a 10 x 20 Titan owned by a very close friend L.C. McDonald. My next tractor was a big 20x40 Case owned by John Lloyd who also has been a very good friend for the past 60 years.

Being single, I looked for a place to board. I lived for the next two years staying with Mrs. G.V. Slaughter. There were three boys already boarding. They were Bob McGuire, Calvin Steen and Phil Scott. The four of us slept in the same room. Calvin & Phil in one bed and Bob and me in the other bed. Mrs. Slaughter lived just west of the Q.A. & P. station on the north side of the street. Mrs. Slaughter was a very good cook and we were well fed.

There was no sewer or water system in that part of town. The water was used from a windmill pumping water in two wood barrels. We would have to break the ice in the winter to wash outside on the back porch in the winter.

My favorite men on coming to Floydada were L.C. McDonald, Emmitt Henry, O.P. Rutledge and Dr. George Smith. Sam McLusky was working for Mr. Rutledge. Our first job was to put up ground driven Corn Binders and we made a team that put up three Binders a day even if it took after night. This 40 hour week had never been heard of.

In the early twenties, I purchased a \$300.00 interest in the store and in 1923 Fred Zimmerman came in as a Partner. We sold our first combine in 1920 which I have a picture of leaving Floydada pulled by a Waterloo Boy that began the popular Deere & Company of Waterloo, Iowa.

There was nothing but one row farm machinery and this

farm territory was being plowed up with a 12 inch sod plow which would plow three rounds and then hang a can of goose neck maize and make a round where the seed would be taken off. This plowing would start about the middle of March and last until the middle of June. When the spring rains started the maize would come up and make a good crop which was all cut by hand and hauled to either the Edwards or Marshall grain company. The maize heads brought about \$3.50 a ton and were unloaded in rows where the old thrasher would pull between the rows and heads fed from both sides of the separator.

Our first two regular Farmall was sold on 2-1-75 to T.R. Atkinson who lived across the canyon where Grady Walker now farms. It was used 20 years before it was traded back to me.

In July 1921, I went back to Cooke County and married the girl of my dreams, Mattie B. Slinker. I might say in 1921, we were not very rich as we paid \$45.00 for used furniture and \$40.00 for groceries and cooking utensils. Dr. V. Andrews had come from Cooke County and he rented us the east side of the old house which still stands just west of the old ice plant. We lived mostly on canned pork and beans and bought vienna sausage by the case. We had a used oil cook stove that the oven would lift off. Matt has always been a good cook.

Fred was born six years after we were married and it was a pleasure to go home in the evening and lay down and have him crawl all over me.

By this time I owned more of the business and I began to farm in 1929. The steel wheel tractor had begun to take the place of the horse and mule farming in a big way.

Farmers had good crops from 1926 till 1929 when the depression began to hurt. In September 1929 the depression hit hard. A few banks had begun to fail due to the depression. On July 15, 1931 at 10 a.m. The Floyd County National Bank that we did business with closed the doors. We lost \$5,700.00 in that bank. The same day at 10:20 The First State Bank at Lockney closed the doors and we lost 5,470.00 in this bank. Since we owed nothing, we started to recover. Years later I only received 9% from Floydada and 7% from Lockney for the loss of our money.

To me it looked like in the depression years the farmer had a little money to pay his bills where in 1978 the banks have the money and the farmer is broke as far as present capital is concerned.

Martin and Zimmerman began to farm in a big way in 1937. We had bought cheap land northwest of Hereford and had begun to fly and used a plane in our distant operation.

Then the War came and I became your gasoline board chairman. I spent the entire period seeing after gasoline. I then became leader in the Civil Air Patrol. I held this position from 2-1-42 till 1946 when the army took over the Civil Air Patrol job. During the war, we furnished our own plane and fuel. I held the position of Lieutenant.

By 1935, I owned 50% of Martin & Co. and business was very good. At a very early age David Lewis became an important young man in the future of my life. I still held the mechanic position and Dave and I worked many years together. I don't recall any time that we went out on a job that we failed to get the job done. To me, Dave will always be in my thoughts and my ways.

In 1969, we closed our store at Lockney and moved Lowell and Joye Bilbrey to help us at Floydada. My partner of 35 years, Mr. Fred Zimmerman died on September 12, 1954 and the Zimmerman Estate owned 50% of Martin & Co. I purchased their 50% and became sole owner of Martin & Co. On January 1, 1955, I took my son Fred in as a partner and his wife Babe became our bookkeeper and Joye went to work for Southwestern Public Service Co. but is a stand-by bookkeeper for Martin & Co.

In 1969, Fred met a young man from South Africa who was a farm manager for a large farmer in South Africa. He was a smart little boy whose grandfather had migrated from England in 1905 and settled at Val, Transvaal, Republic of South Africa.

My granddaughter Kit met this boy and we all liked him. Rodney as we call him had been sent to America by John Evans of South Africa to study American farming and was

spending some time at Paymaster farms at Allamore. Rodney told Fred with his knowledge of South Africa he would come to South Africa he would make a good farmer. So in 1969 Fred and Babe went to South Africa. After John Evans who took him to meet people and he got help in getting Fred started in what the farmers of South Africa needed.

Kit married this smart "little devil" who is now a Freds. They have two children a boy and a girl. Fred has made his million. We have been to South Africa three times. I believe Kit's in-laws are the most wonderful people that I ever met. While I was at Val, Keeney was by at 4 p.m. to pick up me and Lane and we went to a number of lakes that he has on his property.

Since Fred moved to South Africa in 1970, the Harvester Company has doubled its business many times. Fred should have left Texas five years sooner. Inflation is a big factor in the amount of gain and is getting so bad.

Now comes the time of decision in a business way. Fred has been here for 60 years representing the Harvester Company and I will soon be 81 years old. A partnership is something that happens to any one partner, then any one of the big companies are at once cancelled. I have obligations in Africa but I do have in America. After 60 years of planning, the International Harvester and I have come to a mutual agreement not to be made public.

So with regrets to our many friends and customers of which are starting on their fifth generation, and a period of 60 years and on my own decision, I have entered into the contract that has existed for over a half century will end on 1-1-79. But with 30 days grace period to get all parties in care of.

This doesn't mean that we will close our doors or our shop. It will continue to be open. We are making arrangements with other small companies to furnish us with any kind of parts.

For several years International told me that 1000 companies were making parts for them. As long as I have the money to pay cash I don't think we will have any trouble and I might say our successor might be glad to take us. I might say I hope that some of the machinery and parts are made better than some we are now getting.

In a few days, each of my customers will receive a personal letter from the Harvester Company stating that we were Martin & Co. who had cancelled the contract. We would like to have suggestions from you, our customers, to help find someone to take my place.

So until a replacement is found, please feel free to use our store your store to have a place to load in down town Floydada where you have come for many years. I might say that no property, no shop equipment, no office or no parts bins are considered. I still handle Krause Plow, Adams and Cisco and Yetter Rotary Hoe. We still have to stay in business where we will operate with some employees under a small corporation. I will have a place to have my office in meet friends as I have no intention of retiring and my plan am going to spend my time fishing. For him me in and a Carpenter dead.

Yours Very Truly

Floydada Happenings

Things have slowed down a bit since Halloween. However, we still have plenty to do for the holidays ahead.

We had a nice Halloween party, with lots of spooks Tuesday night. All employees came dressed for the occasion. Our own Janie Martinez won the prize for being best dressed.

Molly Jones, Albert Martin and Anis Franks enjoyed lunch out Tuesday. The treat was furnished by Rose Wicher of Matador and Lennie Gilbert and Beatrice Bilberry of Flomot, friends of the three residents.

Green Bostick enjoyed a visit with a long time friend "Charlie Moore" this week. The two hadn't seen each other since World War I days.

We would like to thank Rebecca Smith for the nice scraps of cloth.

The resident enjoyed the cake Mrs. Jewel Price brought out Friday. "Thank you" Jewel for your thoughtfulness.

Thanks to Mr. and Mrs. Woodrow Badget for the candy. The residents enjoyed it very much.

Mr. Freeman is in Arkansas on vacation so we didn't get to take our bus trip this week. We all wish him a nice and safe trip.

Mr. Roy Reed was top winner in bingo with three games. Clara Williamson and Emmet Lawrence tied with two games each; and Victoria Asher, Mamie Gray and Anis Franks tied with one game each.

It was nice to have Mr. Lawrence with us for the first time. Hope he continues to play. We enjoy having a full table.

We have a new resident, Mr. Paul Murff. Hope he will enjoy his stay here. He will need your love and visits.

Mr. and Mrs. Elmer Norrell gave a \$10.00 donation to our projector fund in memory of Calvin Steen. We thank you both very much.

Mr. Baird Bishop was taken to Lubbock Methodist Hospital Sunday afternoon. We all wish him a speedy return.

Thanks to all our visitors which include: Flo Ella Jarboe; Eunice and James Johnson, Plainview; Gene and Bettye Johnson, Lubbock; Ewell Johnson, Lubbock; Mary Emma Matthews, Corpus Christi; Doris Snodgrass; and Mr. and Mrs. Winston Watkins, Petersburg.

Mrs. George Wexler; Alma Ruth Nelson, Mrs. Bill Smallwood, Matador; Thanie Smallwood, Matador; Tania Carthel and Wanda Hickerson; Corene and Murry Stewart, Levelland; Mr. and Mrs. Vallie McNeill; and Mr. and Mrs. Hubert Davis.

SATURDAY IS ALL VETERAN'S DAY

AND WE WILL BE CLOSED FRIDAY IN HONOR OF ALL MEN AND WOMEN WHO HAVE SERVED IN ALL WARS OUR COUNTRY HAS EVER EXPERIENCED

LCC Associates Meet At Mosleys', Smiths'

The Lockney Chapter of the L.C.C. Associates had a delightful experience in the world of pottery during their meeting November 6. They met in Boyce Mosley's barn north of Lockney to watch a demonstration by Lisa Mosley on how to "throw" a pot. She answered

questions from the group as she worked. It is decided to auction off the pot when she has completely finished it. The members then drove to Dorothy Smith's home for the business meeting and refreshments. Marilyn Cates gave the devotional. Members displayed items they had made for the Lubbock Gift Fair and discussed those not yet completed. The Gift Fair will be on

November 17 & 18. To close the meeting, the members enjoyed refreshments of hot spiced punch, cookies, and sausage balls prepared by hostesses Dorothy Smith and Faye Sams. Those present were: Cheryl Bradley, Alma Baxter, Tommie Williams, Wynona Allison, Janie Klein, Myrl Wofford, Carol Huggins, Mrs. Cates, Mrs. Sams, and Mrs. Smith.

FTA Sponsors Spook House

The Lockney FTA sponsored a Halloween spook house for elementary-school students. Participants were Tim Cooper (chairman), Jackie Gaskins, Jan Ragland, Terri Kinard, Norma Salas, Rhonda McCulloch, Kevin Evans, Breck Record, Monte Griffin, David Lee, Junior Galvin, Lezlee Wofford, Dale Kidd, Christie Jack, Kevin Turner and Sharon Spencer.

Included in the spook-house setting were a vampire in a coffin, a head sitting on a table, a wind tunnel, and a guillotine that worked. Kindergarten and first grade students were appropriately frightened, and some shed tears.

Visiting with Dub and Jontha Lee Mercer over the weekend were their sons, Tim Mercer and his fiancée Jackie Allison of Dalhart, and Dan Mercer and friend Melissa Lomax of Hobbs, New Mexico. They are all students at WTSU at Canyon.

Deer And Turkey Forecast

LUBBOCK—Forecasting the deer and turkey populations for the upcoming November 18 season is like trying to forecast the weather—it keeps changing each week. Comments from Texas Parks and Wildlife Department personnel stationed across Texas indicate deer and turkey populations are ranging from poor to good. The deer situation has improved in the Panhandle and South Plains regions over what it was earlier in the year, but the rains came too late in the year to help

antler development. These late rains have helped to mature the browse conditions for deer and the herds should go into the winter with ample food supplies. In the Texas Panhandle, the 16-day whitetail season is Nov. 18-Dec. 3 with a bag limit of one deer, buck or antlerless (antlerless by permit only). The mule deer season in the Panhandle is open for the same period from Nov. 18-Dec. 3 with a two mule deer, limit one buck or antlerless (antlerless by permit only).

The white-tailed deer season will be CLOSED in these northwest Texas counties: Andrews, Bailey, Castro, Cochran, Dallam, Dawson, Deaf Smith, Gaines, Hale, Hartley, Hockley, Lamb, Lubbock, Lynn, Martin, Oldham, Parmer, Terry, and Yoakum. The mule deer season will be CLOSED in these northwest Texas counties: Andrews, Bailey, Cochran, Collingsworth, Dawson, Castro, Lamb, Hale, Lubbock, Hockley, Terry, Lynn, Gaines, Martin, Sherman, Hansford, Lipscomb, Wheeler, Parmer, Yoakum.

Hunters will see quite a few turkeys due to the carry-over from last years population which was good statewide. However, fewer young turkeys will be found. The regulations governing white-tailed and mule deer were created to enable the P&WD to manage both species more closely by being able to modify seasons and bag limits. Studies have shown that the mule deer season should not be as long as white-tailed deer season. Mule deer attain sexual maturity at a later date than do white-tailed deer. The shorter season and bag limit on mule deer reflect the more vulnerable nature of this species.

The turkey season in the Panhandle will be from Nov. 18-Dec. 3 with a bag limit on one gobbler or bearded hen. The remainder of the counties east and south of the Panhandle will have a Nov. 18-Jan. 1 turkey season with a limit to two gobblers or bearded hens. Shooting turkeys from the roost is prohibited and the shooting hours for turkey hunters are the same as the deer hunters, 30 minutes before sunrise to 30 minutes after sunset.

For specific seasons in the county you wish to hunt, consult the department's 1978-79 Texas Hunting and Sport Fishing Guide available where hunting licenses are sold. Further questions regarding hunting laws may be answered by local Texas game wardens or biologists, or by calling the department's statewide toll-free telephone number, 1-800-252-9327.

4-Hers Learn Good Citizenship

Citizenship is not something for passive minds, points out Birch Lobban, County Agent with the Texas Agricultural Extension Service. The lonely person who stands on the sidelines watching the parade, speculating and criticizing, and thinking how much better the show might be, is not practicing good citizenship, for citizenship demands participation, involvement, and contribution. America will become only as great as we, the people who occupy this land, have the vision, the will and the

determination to help her become great. Lobban emphasizes Lobban. Unlimited opportunity awaits the young American with enough love, courage and sense of direction to rise to the challenge of good citizenship. The 4-H program has as one of its objectives to help young Americans do just that.

A community is built by close relations between citizens. The individual good of every citizen depends upon the harmonious working of all the community. The 4-H Club is a functioning group that promotes community activity. The 4-Hers see

themselves as highly individual, but at the same time, as responsible citizens using organized action to improve this living environment. Citizenship education through 4-H provides for three-fold learning—knowing, feeling, acting, says Lobban. This three-fold learning is as follows: Understanding—using our heads for clearer thinking, getting information and understanding issues.

Attitudes—using our hearts to appreciate our rights and feel our responsibilities. Skills—using our hands and healthy bodies and minds to put into practice what we understand and feel we should do.

Through 4-H, youth can learn to become more active citizens working toward a better America. For details on the 4-H citizenship program, contact the County Extension Office, adds Lobban, at 983-2806.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, color, sex, religion, or origin.

Travelers Advice:
Treat Credit Card As If It Were A \$1,000 Bill

Security is one thing you never want to worry about, especially when traveling.

DON'T put the card into your coat pocket after making a purchase.

DON'T put the card in the glove compartment of your rental car.

DON'T lend your card to acquaintances.

DO carry your card in a noticeable place in your wallet so you will quickly spot it if it's missing.

DO treat your card as cash—guard it. Hint: visualize it as a \$1,000 bill and, act accordingly.

Brown to Receive National Doane Award for Ag Service

AUSTIN—A career of dedication and service to Texas agriculture has earned Agriculture Commissioner Reagan V. Brown the D. Howard Doane Award for 1978, it has been announced.

The award is presented each year by the American Society of Farm Managers and Rural Appraisers to an individual who is judged to have made exceptional contributions in the field of agriculture. Brown will officially receive the honor

during ceremonies Dec. 4 in New Orleans, La.

Past recipients of the Doane Award include many of the nation's leading agricultural educators, writers and government officials.

Among the many factors considered in selecting Brown for this year's award was his sustained interest not only in Texas agriculture, but in upgrading the quality of life in rural communities.

As the leader of the Texas Community Improvement Program, Brown helped over 750 rural Texas communities install water systems, worked to upgrade 1,000 small towns and was a major factor in revitalizing more than 800 rural churches. The Chamber of Commerce Managers of Texas recently adopted a resolution noting the fact that Commissioner Brown has addressed over 5,000 community building meetings during his career.

In his position as Texas Commissioner of Agriculture, Brown has worked to increase exports of Texas cattle, wheat, grain sorghum, cotton, soybeans and other agricultural products. He has emphasized programs to step up testing of fruits and vegetables for pesticide residues, and recently instituted a reorganization of Texas Department of Agriculture

field operations which will result in improved cost efficiency and public accessibility.

Brown has been presented more than 17 major awards and citations from Texas organizations, institutions and agencies for outstanding service to agriculture and community development.

Among these are: Man of the Year in Texas Agriculture, 1968, "Progressive Farmer" magazine; Agriculture Hall of Fame, Southwest Texas University; Superior Service Award, Texas Agricultural Extension Service; and the George Washington Honor Medal, Freedom Foundation of Valley Forge, Pa.

The Floyd Philosopher
Comes Up With A Great Idea For
All Foreign Nations In Debt To Us

Dear editor:

I don't know about the rest of you, although I have an idea, but when the experts start reporting on how the dollar has fallen on the world markets, I don't know what they're talking about.

Around here, I don't know whether a dollar buys less because it's worth less or because a tractor bolt is just priced higher.

Anyway, it seems to be a fact that the dollar is considered now at its cheapest in world history, far below the Japanese yen, German mark, British pound, Russian ruble and, for all I know, South Sea conch shells and Navaho beads.

Based on that I have hit on a brilliant idea foreign leaders have somehow completely overlooked.

Now is the perfect time for them to pay off those staggering war debts they owe us. Why don't they out-smart us, buy up a wad of those cheap dollars, and pay us off in one fell swoop?

I don't know how much they owe World War I and II loans but it's billions and billions of dollars, and their chance to wipe the slate clean. I'm sure the foreign leaders just thought of this slick financial move a minute it occurs to them they'll swi-

Because I have no idea how circulation this newspaper has in the capitals of the world, I suggest you some sample copies of your paper with idea in it to all the foreign countries the money. You could get a list Washington.

On second thought, that won't be ary. Just send copies everywhere. They owe us money.

Yours faithfully,

Fall Weather No Blessing For Farmers

AUSTIN—After a summer of scorching heat and drought, September's moisture and lower temperatures were not the blessing they should have

been to most Texas farmers, reports the Texas Department of Agriculture.

Widespread rains throughout a large portion of the state during the month did give a needed boost to livestock ranges and added subsurface moisture to the soil which will be welcomed later in the season.

"Farmers ready or almost ready to begin harvest operations, however, have found the rains accompanying cool and unwanted and in some damaging," Agriculture Commissioner Reagan Brown said.

"Most cotton farmers in the Plains areas were in the holls had matured and hold of the rain continued. The rain also caused some deep cotton quality and losses during harvest as the fiber is loose in the bolls."

The 1978 cotton production estimate continued to drop, according to Texas Crop and Livestock Reporting Service and is 37 per cent below 1977 crop. The estimate is 80,000 bales below September forecast.

Other rain-related problems have shown up in corn, with delayed and extensive late planting reported in some major corn-producing counties. The crop is 17 per cent from a year with production expected total 135 million bushels.

PUBLIC NOTICE
The City of Floydada has been notified by the Texas Department of Health that the water being supplied by our system exceeds the maximum constituent level for Fluoride established by the Department's "Drinking Water Standards" which were promulgated as required by the "Safe Drinking Water Act", Public Law 93-523 (U.S.). The limit for this area has been set at 1.6 milligrams of Fluoride per liter of water. The samples of water from our system contained 3.1 milligrams of Fluoride per liter. There is no immediate health hazard for drinking water containing Fluoride at this level. The Fluoride may cause mottling (brown staining) of the teeth in children under 14 years of age. All dentists in this area are aware of the Fluoride level. Bobby Welborn, Water Superintendent

Dear Mr. Tooley:
Recently, I again contacted the Economic Development Administration about Federal funding for the Mackenzie Municipal Water Authority.
The attached response has just been received and, although it does not offer much information, I thought you would appreciate having it for your file. It is good to note that the review will be completed shortly and a recommendation forwarded to Washington.
Be assured of my continued interest and efforts in this matter and with good wishes, I remain,
Sincerely yours,

Dear Mr. Burleson
Your continuing interest in the Mackenzie Municipal Water Authority's request for EDA assistance, referenced in your letter of October 16, is appreciated.
Our Southwestern Regional Office staff have been in frequent contact with the applicant to discuss alternate ways in which the problem might be addressed. They will complete their review and forward a recommendation on the proposal to Washington shortly.
I assure you that we will give the proposal every consideration within the framework of our authority and resources.

NEW LIGHTING SAVES ENERGY
With the hours of daylight getting shorter, electricity bills will rise as we turn on lights earlier both morning and evening. There are several ways to hold costs down while providing adequate, even improved lighting.
Fluorescent lights use less energy than incandescent bulbs, and new fluorescent fixtures fit into a standard socket. They cost about 40% less to operate and last up to ten times longer with greater light output than the 60-watt incandescent they replace.
You can also insert low-wattage vapor lamps into standard sockets. The vapor lamp has an average life of 16,000 hours compared to about 750 for an ordinary household bulb.
A dimmer switch not only saves energy but can change the mood of a room with the turn of a dial. Full-range dimmers allow you to dial-a-light anywhere from completely off to fully on; hi-lo controls have two settings, bright or dim. Both are ready-made and available at home-supply centers.

By Mrs. Clyde Bagwell

By Mrs. Clyde Bagwell
November 6—After a weekend of damp cloudy weather and a rain on Saturday, this Monday morning we awoke to the fact that winter had arrived with a strong cold wind blowing in from the north. This cloudy rainy weather is bad for the cotton harvests that was in full swing.

Mr. and Mrs. Ronnie Upton and son Rocky of Los Alamos, New Mexico, and Ricky Upton of Canyon and Mr. and Mrs. Richard Abel of Amarillo spent the weekend with their parents and grandparents. Mr. and Mrs. L.H. Blum. On Sunday afternoon all of the above named went to South Plains where they attended the reception at South Plains Baptist Church for Ronnies parents, Mr. and Mrs. Raymond Upton. Mr. and Mrs. Upton are retiring from the South Plains Post office and grocery business which they have operated for many years.

Mr. and Mrs. Harvey Allen, Mike and Norman, attended the Tech ball game Saturday at Lubbock.

Mrs. Ray Cook went to Arlington last Monday and visited until Thursday in the home of her son Lt. Col. and Mrs. Keith Whitfill and children Debra and Brian. Mrs. Cook reports the weather was real nice at Arlington while she was there.

Mr. and Mrs. Ira Bobo of Seminole and Mrs. Leon Rasco of Lubbock visited Saturday with their cousins, Mr. and Mrs. Clyde Bagwell. Mrs. Nellie Turner visited Mrs. C.H. Wise Friday morning.

Mr. and Mrs. E.W. Walls spent Thursday in Plainview where they attended the funeral of Mrs. R.C. Mangum. Mrs. Mangum is the mother of Bobbie Ann Walls, former resident of our community. While in Plainview Mr. and Mrs. E.W. Walls visited a number of friends and also Mr. and Mrs. E.R. Walls.

Those visiting Mr. and Mrs. Lindsey Graham last week were Mr. and Mrs. Walter Hollums, and Joe Dunn.

Saturday afternoon and that night for supper guests in the home of Mr. and Mrs. C.H. Wise and Denton were Mr. and Mrs. C.D. Wise of Paris, Mrs. Joe Cox and daughter Doris and a girlfriend of Amarillo, Mr. and Mrs. F.A. Faulkenberry, Mrs. Doris Kitchens of Floydada and Mona Dell Wise and a girlfriend of Amarillo.

C.D. Wise, C.H. Wise, Mrs. Kitchens and Mrs. Faulkenberry are brothers and sisters; Mrs. Joe Cox is a niece. After the evening meal all of this group enjoyed looking at old pictures of the family, Sunday they were guests for dinner in the home of Mrs. Doris Kitchens. Then on Monday, several of them went to Amarillo and visited relatives there.

Friday afternoon visitors in the home of Mr. and Mrs. Bill Beedy were their son Charles Beedy from the ranch near Claude, Mr. and Mrs. Bill Tye, and Mr. and Mrs. Walton Wilson.

Sunday after church Mr. and Mrs. Walton Wilson drove out to the home of Mr. and Mrs. A.S. Mize and had dinner with them and spent the afternoon.

Mr. and Mrs. Robert Warren of Lubbock came Sunday and had dinner with their parents Mr. and Mrs. Bud Warren. In the afternoon Mr. and Mrs. Randall Warren and Mr. and Mrs.

FAMILY FINANCES

COLLEGE STATION—Make Household business a family affair, suggests Lillian Chenoweth, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Know who the family's financial advisors are: lawyer, banker, accountant and insurance agent, for example.

Review the insurance policies held and determine the kind of policy and amount of coverage needed, the specialist advises.

Understand the maturity dates and the payment of premiums.

Know where the policies are kept and what the policy numbers are, as well as the benefits provided.

Randy Warren and children, Dustin and Sharon, all of Lubbock, came to the Bud Warren home. The birthdays of Randall and Randy were celebrated with birthday cake and coffee in the afternoon.

We had a light frost Monday night the first of the season.

BUYING FIREWOOD

COLLEGE STATION—With winter weather just around the corner, homeowners will soon be making preparations for sitting by a glowing fireplace. But these dreams of a warm fire and a cozy fireplace may go up in smoke if the wrong type of wood is purchased, cautions a forestry specialist for the Texas Agricultural Extension Service.

"Since firewood purchases are not covered by consumer protection laws, it is the responsibility of the buyer to shop and choose the right type of wood," points out Dr. Mike Walterscheid.

"Price comparisons may be difficult since firewood may be sold by the standard cord, the face cord or the truck load," he adds.

A standard cord is 8 feet long, 4 feet wide and 4 feet high, or 128 cubic feet. On the other hand, a face cord measures 8 by 4 feet on the face of the stack, with the wood cut into smaller pieces.

The face cord measures about 1/3 to 1/2 of a standard cord.

"The best way to compare prices is to calculate the cubic feet of wood. Measure the stack and multiply the length by the width and by the height," suggests the forestry specialist.

Following this advice will also keep the unwary buyer from making a mistake out of what appears to be a bargain. Cubic feet measurements should also be used on truck loads of firewood.

After the truck is unloaded and the wood stacked, multiply the length, width and height of the stack in feet and divide by 128 to obtain the portion of a cord you have. For example: 6 feet x 2 feet x 4 feet = 48 cubic feet; 48 divided by 128 = .38 or about 1/3 of a standard cord. A good rule of thumb is that a standard 1/2-ton pickup without heavy-duty springs can carry about 1/3 cord.

"Certain types of firewood also burn better than others," says Walterscheid. "Live oak, hickory, white oak, post oak, red oak and pecan are excellent, long-burning woods with a high heat output. However, pine and cedar are softwoods that make excellent kindling, hardwood for heat, and fruit or nut wood for aroma will make shopping around worthwhile, contends the forestry specialist.

"Always choose dry, light-weight wood over green wood," says Walterscheid. "Drier wood can give up to 20 percent more heat and is much easier to kindle than moist green wood."

Additional information about various types of wood is provided in the "Buying a Fireplace Wood," at any county office.
