Tax Relief? Spell It N-o-t M-u-c-h (Probably)

How much "relief" can taxpayers of the Lockney Independent School District expect from "tax relief" measures recently approved statewide?

School district officials really don't know, because they don't know what the Texas legislature will do next in school financing matter. But if estimates by Jack Samford, LISD tax assessor-collector, are close, the answer is "Probably not much."

All homeowners now may apply for a school tax exemption of \$5,000 of market value on their residence homestead. Persons 65 or older may apply for

a \$7,500 exemption of market value of their residence homestead. Disabled veterans are eligible for an additional exemption.

But Lockney ISD taxpayers haven't been paying taxes on the full market value of their property. Appraisal records have been based on about 40 percent of market value. Lockney ISD appraisals are being redone at estimated full market value. This won't change the amount of taxes paid, however — the tax rate is being lowered accordingly.

What can change the tax amount are

the exemptions. For example, on a home in the Lockney school district valued at \$7,000 under the old appraisal system and at \$17,500 the new full-market-value way, a taxpayer would have paid \$115 school taxes for 1978. Samford estimates the 1979 taxes on the same property at \$100. But he says that in 1980, the taxes could be \$125, again an estimate.

The LISD tax assessor-collector said the school district is operating with about \$36,000,000 on the tax roll, which will be increased to some \$90,000,000 under the new full-market-value appraisal system. "If they (the state legislature) give away a third of that in exemptions and cut us to a \$60,000,000

tax roll, there will have to be a 50-percent increase in the tax rate," Samford said. That's assuming that LISD expenses stay the same.

It all comes down to a basic fact of life: "There's no such thing as a free lunch."

"Remember," Samford says, "It all hinges on what the legislature does with the power we [Texas voters] gave them in the November 7, 1978 election."

Samford released this notice about the exemption:

Persons 65 or older Jan. 1, 1979, residing in Lockney Independent School District, may be entitled to apply for a

\$7,500 exemption of market value of their residence homestead. They must be 65 or older Jan. 1, 1979, live on or in the property, be liable for the taxes on the property, and must apply for the exemption annually.

Persons residing in Lockney Independent School District, may be entitled to apply for a \$5,000 exemption of market value of their residence homestead. They must live on or in the property, be liable for the taxes on the property, and must apply the exemption annually. The age of the applicant makes no difference.

The inventory of property (rendition) is mailed to all taxpayers on or about January 1. Item #A if properly completed will be sufficient application, forms may be obtained at the school tax office, or the application shown on this page may be used.

Disabled veterans may be eligible for an additional exemption besides the ones shown above, consult the tax assessor collector.

Sorry, only one applicant per family unit, except for veterans.

Dear Taxpayer:

The Lockney Independent School District appraisal records have been based on approximately 40% of Market Value with the 1978 tax rate \$1.62 per \$100.00 value.

The last several years there has been increasing pressure from state level concerning the use of a percentage of value, when the law plainly calls for full fair market value. Because of state pressure and other considerations, the appraisal records are being redone at ESTIMATED market value.

You can verify the value change to see if it was done correctly, take the old value and divide by .40, the new value

First Baptist Lay-Led Revival Starts Friday

The Brotherhood of the First Baptist Church, Lockney, invites and encourages the public to attend the weekend Lay-Led Revival, January 26-28.

Deryl Tapp, member of First Baptist Church, Plainview, and owner of Tapp Office Supply/Tapp Christian Bookstore, will be preaching. Tapp is also a member of the Gideon International and has been active in crusades in the Northwestern states and in the foreign countries of Spain and Japan. His wife, Thelma, and 3 daughters support and encourage his layman involvement.

Vernon Patton, member of Calvary Baptist Church, Tulia, will be leading the singing. Patton has been leading the singing in his church for the past 17 years and was active in 13 revivals last year. A men's quartet from his church will bring special music Friday evening, and his Senior Citizen Choir of 38 members will participate in the worship services Saturday evening.

Fair Board Officers Named; Kellison President

Rick Kellison of Lockney was elected president of the Floyd and Surrounding Counties Fair Association board of directors Saturday night during a dinner meeting held in the home of outgoing fair board president Paul Koonsman in Lockney.

Cathy Kellison was elected to succeed Johnnie Jamison of Matador as secretary of the fair board; Warren Mitchell and Clar Schacht were re-elected vice president and treasurer, respectively, during the organizational meeting.

The directors also made early plans for the 1979 fair during the Saturday-night meeting.

The next fair board meeting is scheduled the last Monday in February at Kellison's home.

MR. AND MRS. L.D. HILL

Hills Celebrate Golden Anniversary

Mr. and Mrs. L.D. Hill of 324 W. Houston celebrated their fiftieth wedding anniversary in their home the thirty-first of December. They were married January 1, 1929.

The couple have five sons and four daughters; and all were able to attend: Mr. and Mrs. Dwayne Hill, Wichita Falls; Mr. and Mrs. Don Hill, Wichita Falls; Mr. and Mrs. Wilton Hill, Denison; Mr.

and Mrs. Glenn Hill, Kingwood; Mrs. La Wanda Beezley, Kingman, Arizona; Mr. and Mrs. Pete (Elaine) Odom, Floydada; Mr. and Mrs. Les (Linda) Harris, McCook, Nebraska; Gayle Hill, Floydada and Danny Hill, Plainview.

Grandchildren attending were Mrs. Phyllis Qualls and daughter Cheryl; David Hill, Mr. and Mrs. Terry Hill, Connie Hill, Glenda, Greg, John and Misty Hill, Dwana

Hill, Darrell and Sharon Odom, Michele and Dallas Harris. Grandchildren who were unable to attend were Mr. and Mrs. Marlin Hill and son Michael; Mr. and Mrs. Boyce Hill and daughter Kodi; Al Qualls, Larry and Gary Hill, Mr. and Mrs. Cliff (Christy) McCoy; Carolyn, Kathleen, Rachele and Teresa Beezley.

The cake was made by their oldest granddaughter, Mrs. Phyllis Qualls.

The chapel of the First Baptist Church in Dalhart was the setting for a lovely family wedding on Saturday, December 30, when Jackie Jolene Allison became the bride of Tim Irvin Mercer. She is the daughter of Mr. and Mrs. Jack Allison of Dalhart, and he is the son of Mr. and Mrs. W.C. Mercer Jr. of Lockney. The Rev. H.S. Calahan, Baptist Foreign Missionary and great-uncle of the bridegroom, officiated for the double-ring ceremony.

Silver candelabra, greenery and a memory candle decorated the altar.

Mrs. Walter Bean, Silverton, an aunt of the groom, provided organ music and played as Mrs. James Cadenhead sang "The Twelfth of Never" and "The Wedding Song."

ALENCON LACE TRIMS GOWN

The bride, given in marriage by both her father and mother, wore a beautiful formal floor length gown of sata peau and re-embroidered Alencon lace designed with a "V" neckline, empire waist, long tapered sleeves and semi A-line silhouette with full back. Inserts of the lace, enhanced with tiny seed pearls, complemented the neckline, bodice and sleeves. A wide flounce of sata peau and lace was at the hemline and the back of the gown ended in a slight train. Her long mantilla veil of imported illusion was framed in the exquisite lace and fell from a coil of lace and seed pearls.

The bridal bouquet was of red and pink roses with pink streamers. She also carried a Bible that her bridegroom's mother had carried at her wedding.

Mrs. Leslie Field was maid of honor, and Tracy Hawkins was bridesmaid.

They wore mauve floor length frocks featuring triple

tiars. Each carried a long-stemmed red rosebud.

Committees Named For First Lady Of The Year

Committee members have been named for the First Lady of the Year program, according to presidents of the local chapters of Beta Sigma Phi. Mrs. Ilene Kendrick and Kaye Powell will be in charge of the program, which will honor the local woman who has made outstanding contributions in her respective field during the past year. The name of the First Lady of the Year will be revealed at a reception at the First Baptist Church parlor on March 11.

Committee members are Mrs. Kaye Powell and Rhonda Guthrie (publicity), Ilene Kendrick and Carrie Bertrand

(decorations), and Lynn Daniel and Donna Henderson (refreshments).

The Alpha Mu Delta Chapter has been a chapter of Beta Sigma Phi since Jan. 28, 1974.

"We are very proud to be working with our new sister chapter, Alpha Sigma Upsilon, on the First Lady of the Year Award," officials note. "Working together is the basis of our sisterhood in Beta Sigma Phi. It is said 'two heads are better than one'; this also holds true with two chapters. Together, we can work for the betterment of our community and our chapters."

In the past our chapter has presented scholarships to Floydada graduates, contributed to local love funds and organized love funds and also worked with the Meals on Wheels program. We have worked with other local organizations on the spaghetti supper of the Day Care Center.

"Our service projects are voted on a yearly basis. Our project this year is the Floydada Nursing Home. We feel it is not only important to give funds, but also to give of oneself."

"We had a lot of fun sponsoring the 'Little Miss' Bi-Centennial Pageant. Entering floats in the parade on Old Settlers Day was hard work, but a lot of fun."

"We would like to take this opportunity to thank the community for the support they have given us, and hope the interest in the FLY award will continue to grow and become an annual event."

Alpha Sigma Upsilon Chapter of Beta Sigma Phi was started in August of 1978 as a friendly venture chapter of Alpha Mu Delta. Members of Alpha Sigma Upsilon are Mmes.

Lynn Daniel, June McGaugh, son, Vickie Lutz Guthrie, Vikki Hale, Donna Liphar Thomas, and Latha

For its ways in project the chapter for children in the Christmas Bazaar also sold creative arts.

The service project year were voted on her. The chapter this year are the Day Care Center Senior Citizens. The chapter also plans on the Caprock Plan A party for the children Day Care Center and them with two decorations for their group also present Senior Citizens tree and decorative money for the ball coat rack.

Senior Citizens Versus The Clouds
The Senior Citizens met for their monthly luncheon Thursday, Jan. 18, in spite of the rain and dense fog. Forty-six members and seven visitors were present. By noon, the skies had cleared and the sun began to shine. The group decided to announce that the luncheon would be held on the third Thursday of each month, unless "it is too icy and is really dangerous to be out, in which case the luncheon for that month will be cancelled. Everyone keep this day in mind and come, rain or shine, even if you don't see an announcement in the paper, hear it on the radio, or someone does not call you. It is your meeting."

Nancy Puckett Honored At Bridal Shower
A bridal shower, honoring Nancy Puckett, bride-to-be, was held Saturday afternoon, Jan. 20, at the home of Mrs. Fred Canyon, where both the bride and groom are now at home. The bride is a junior, is a city, with calling hours from education major, and is a senior. The groom is a senior, has animal science as his major.

Paternal grandparents are Mrs. Ronald Blewitt, Colorado Springs, Colorado, and Kenneth Sharkey of Tempe, Arizona. Great-grandmother is Mrs. Nellie Dickey of Manitou Springs, Colorado, grandmother of George Sharkey.

Pat Crawford Has Sweet Hobby
Pat Crawford has developed a sweet hobby...literally! Fifteen months ago, she embarked on cake decorating. Saturday, she learned that others realize she is astute as her hobby. Mrs. Crawford returned from the first annual Permian Basin Creative Cake Club's first annual cake show in Odessa with two first place ribbons and one second place ribbon...from three entries.

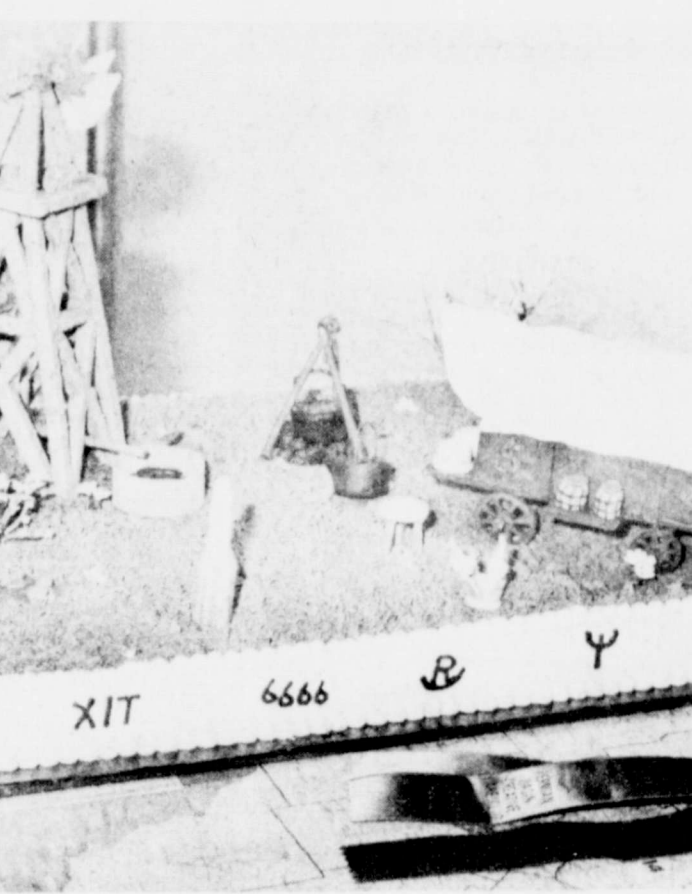

Her instructor, Charline Langley of Char-Lee's, received a third place award in the Professional division. Competing in the beginner division, Pat Crawford earned a first place with her "Home on the Range" creation in the "special techniques" category and another first place with a picturesque birthday cake in the "all occasion" class. Her gingerbread house was judged second in the "holiday" category.

SON'S SUGGESTION
The Texas Highway Department secretary, who resides with her family at 101 JB Avenue in Floydada, was particularly pleased with her in the "special techniques" class. Her creation was the suggestion of her son Ricky, a freshman at Hardin-Simmons University in Abilene.

Pat Crawford Has Sweet Hobby

"HOME on the Range" was one of Pat Crawford's first place cakes in a Saturday cake show in Odessa.

"HOME on the Range" was one of Pat Crawford's first place cakes in a Saturday cake show in Odessa.

The cake is the replica of a life-size scene in front of the H-SU band hall. Ricky is a member of that Cowboy Band. Mrs. Crawford's recreation of the scene on her cake is so vivid that beans are visible in an old kettle. The entire design is of edible frosting. "One month...nights and weekends" were required to produce the "Home on the Range" cake. A similar period was needed to complete the gingerbread house cake, which is every bit as detailed as the western scene. Mrs. Crawford spent "about a week" on the birthday cake. The Odessa show was not the cake designer's first competitive experience. She claimed first place with a garden scene, second with another gingerbread house, and was runner-up for the sweepstakes award in a show last April in Lubbock. "My family has really been supportive," Mrs. Crawford explains. They, too, think her new hobby is a sweet idea!

Mrs. Ray McDonald came and led the group in singing many old favorite songs such as "Dixie," "Oh, Susannah," "The Church in the Wildwood," "I've Been Working on the Railroad," and others. The Senior Citizens "enjoyed her and her precious children so much. They all had a part in the program."

Mrs. Field reported a collection of \$35.68 in the kitty collection. Mrs. Eldie Bryant and Mrs. Ethel Warren, with the help of others will serve as the kitchen committee for February. The next meeting will be Feb. 15. "Remember and come," say officials.

Sandhill Hobby Club Meets

The Sandhill Hobby Club met in the home of Mrs. R.L. Bullock on Thursday January 18. Mrs. Louis Lloyd, guest speaker, gave a very interesting talk, with slides, about the discovery and treasures of King Tut's Tomb. Mrs. Lloyd and her husband visited the exhibition "Treasures of Tutankhamun" in New Orleans. This exhibit was sent to the U.S. in honor of our Bicentennial by the government of Egypt and shown in just six cities: New York, New Orleans, San Francisco, Chicago, Washington, D.C. and Seattle, Washington.

Our roll call was "Showing treasures from different countries which included doilies, towels, and handkerchiefs from Belgium; a lovely clock from Germany; a little statue of happiness from China; vase from Italy and Hawaii; a bowl from France and pillow slips from Mexico. Our hostess served refreshments to Mmes. Walter Hanna, R.B. Hatley, T.C. Hollums, W.G. Kinard, Glenna Miller, Ruth Trapp and guest Mrs. Louis Lloyd.

Services for Agnes Estelle Anderson, 83, of Floydada were at 3 p.m. Wednesday in First Baptist Church with Dr. Floyd C. Bradley, pastor, officiating.

Burial was in Floydada Cemetery under direction of Moore-Rose Funeral Home.

Mrs. Anderson died at 11:30 a.m. Monday in Floydada Nursing Home following a lengthy illness.

A native of Fulbright, she married Albert W. Anderson Aug. 3, 1913, in Fulbright. They moved to Floyd County in 1917. He died in 1946.

Survivors include seven sons, Floyd, Otis and Louis, all of Floydada, Roy of Stockton, Calif., William of Everett, Wash., Edwin of Grand Junction, Colo., and Leon of Tyler; three daughters, Mrs. Ausie Watson of Abilene, Mrs. Odell Thompson of Petersburg and Nita

Kastner of Austin; a sister, Mrs. Hugh Shufford of Port Neches; 29 grandchildren; and 29 great-grandchildren.

FLOYD DATA
Friends of Dr. and Mrs. Keith Patzer who attended funeral services for her brother and sister-in-law of Roswell last week were: Mr. and Mrs. LeRoy Burns; Mr. and Mrs. Winfred Payne; Mr. and Mrs. Neal Bertrand; Mr. and Mrs. John Key West and Mr. and Mrs. Chuck Day of Abilene.

The party was held in the Marble home from 2:30-4:30 p.m. Out of town guests for the party were Mrs. Sam Puckett, Mrs. Pike Hanna, of Puckett, and grandmother of the bride-elect, Mrs. W.R. Puckett of Plainview.

Mrs. Raymond Upton (Nina) was taken to the Central Plains Hospital in Plainview late Friday night, and Saturday morning she underwent surgery there. We understand she is doing fine this Sunday and will be home by Tuesday.

Mrs. L.T. Wood was home Saturday and Sunday. She had spent the past week and the week before in Abilene where she assisted her daughter, Mrs. Juanell Teague in getting ready in Abilene for the Zigzag Seminar, which is scheduled to be held at Civic Center Auditorium in Abilene on February 27, from 7:00 to 10:00 p.m.

Lady Horns Wallop Hornettes

High School girls led all the way last Friday night and defeated the Hornettes by a score of 2-0 in the first quarter, running their District 4-A record to 2-0 and setting up a showdown with Abernathy, also 2-0 in going into the Tuesday-night

four quarters — this year," she added. McCarter and Evans were Lockney's top scorers with 16 points each.

Stephanie Turner had eight, Penny Sterling six, Julie Frizzell three, and Rise Taylor two for Lockney.

Hornets Blast LHS

The Lockney Longhorns were the "victims" in a 109-53 basketball debacle last Friday night. Owners of the three-figure score were the Tulia Hornettes. The JHS quintet hit on 62 percent of their field-goal shots while the Lockney crew managed to sink only 23 percent at the Tulia gym.

Joe Rodriguez scored 15, high for Lockney, and Russell Webb of Tulia had 32.

JV 'HORNS LOSE, TOO
Tulia won the junior varsity boys' game 76-37. Jeffrey McCormick scored 12 for the Longhorns, Nick Christian six, Steve Aullif, four, Jeff Aullif four, Craig Ellison three, and Alex Vasquez two.

Longhorns Lose To Antelopes

The Lockney Longhorns stayed in their recent cold-shooting rut Tuesday night and lost a district basketball contest to Abernathy. Final score was 78-44. The Longhorns' shooting percentage averaged out around 25 percent, about what it's been in the last several games.

Coach Ed Koester said he thought Earlee Mathis showed a lot of hustle Tuesday night, and the 'Horns got good effort from the sophomores on the team.

Kevin Evans and Danny Riddle were the top Lockney scorers with 10 points each.

The LHS boys travel to Idalou tomorrow and to Floydada Tuesday. They're open Friday, Feb. 2.

Abernathy Out-Free-Throws Lady Horns In Overtime Contest

Lockney High School girls lost their first District 4-AA basketball game Tuesday night, falling to Abernathy 37-36 in overtime. The Lady Horns overcame a disastrous start (Abernathy led 14-2 at the end of the first quarter) to knot the score 33-33 at the end of regulation, only to be outshot from the free-throw line in the overtime period.

With 32 seconds left in the game, Abernathy scored to go up by two points. Penny Sterling of Lockney tied it back up when she hit a 10-foot jump shot with 20 seconds left. Abernathy worked for the last shot, missed a four-foot jumper with six ticks remaining, rebounded and shot again. The ball rolled around the rim and out, leaving the score tied.

In the overtime period, both teams had the opportunity to shoot four from the foul line. Lockney sank three, Abernathy four. Free throws made the difference in more ways than one, Lockney Coach Marsha Sharp said — the Lady Horns made only about 30 percent from the line for the game while Abernathy was hitting charity tosses at about a 78-percent pace.

"We played terrible in the first quarter," Sharp said. "But I thought our kids showed a lot of courage when they came back and caught Abernathy in the second half." Sharp said Rebecca Evans shot extremely well, and it really hurt the team when she fouled out with about three minutes left in the game.

Evans and Abernathy's Lori Oswalt shared high-score honors for the game, both scoring 13. Also scoring for Lockney were Stephanie Turner and Tammie Hayes, six each; Rise Taylor, four; Sterling and Karla McCarter, three apiece; Jody Nance, one.

Abernathy ran its first-round district mark to 3-0 with the overtime victory over the Lady Horns, and Lockney fell to

2-1. The LHS girls still have a shot at the district title, though — "We just have to do the same thing to them at their place next time," Sharp said. She thinks the courage the team showed in its comeback Tuesday night will be a factor in second-round play.

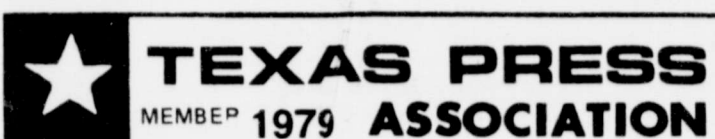

The first half of district play ends tomorrow night, when Lockney travels to Idalou. Next Tuesday sees Lockney at Floydada in the first game of round two. Tulia's here February 6, the Lockney-Abernathy rematch is February 9, and the final regular-season game is scheduled February 13, when Idalou pays its visit to the Lockney gym.

Abernathy Wins JV Game

Abernathy was a 44-17 winner in the high-school junior varsity girls' basketball game played here Tuesday. The Lockney girls were led in scoring by Patricia Torres, who netted six points.

Others scoring for the Lady Horn JV were Antonia Luna and Sheris Clark, four points each; Rosalind Hill, two; Virginia Wilson, one.

Pezzettes Blitz Lady Horns

Junior High School girls led a pair of basketball decisions at Monday. The seventh-grade Pezzettes won 28-24, and the Lockney Lady Horns won 21-18 in a 34-21

stick.

Lockney in the seventh-grade game were Hope Torres, nine; Sylvia Hernandez, eight; Ida Brock, seven. Floydada's top scorers were Connie Coffman, eight; Robin Hardy, four; Kay Jones, Elizabeth Mathis and Carthel, one apiece. Ratliff led with 11.

Freshman 'Horns Defeat Floydada

Jeffrey McCormick 22-point output paced the Lockney Longhorn freshman basketball team to a 56-49 victory over the Whirlwinds from Floydada Monday night in the Lockney gym.

Junior McDonald was also in double figures on the Lockney side of the scoreboard — he netted 12. Ernest Galvan had nine, Tyke Dipprey eight and Phillip Kidd five, rounding out the Longhorn scoring.

Beady of Floydada scored 18.

County Agent Report

Weeds that tolerate dinitroaniline herbicides are a problem in some West Texas cotton fields. Dr. John Abernathy, Texas Agricultural Experiment Station weed scientist, says his research shows that overlay treatments with pre-emergence herbicides will control these weeds. The scientist explained the weed control technique at the Belt-wide Cotton Production Research Conference on Jan. 8 at Phoenix, Ariz. He teamed with Dr. Allen Wiese, another Texas A&M University researcher, for the presentation. Morning glory, lanceleaf sage, prairie sunflower, rough blackfoot, oakleaf thornapple, spurred anoda and volunteer sunflower were the culprits studied. Abernathy did the research on sandy loam soil near the Texas A&M Research and Extension Center near Lubbock.

Violence & TV

The National Institute of Mental Health has been studying the link between child behavior and television fare. The result is the finding that the more violence and aggression children see on television, the more likely they are to be violent and aggressive.

Care Center Family News
By Yvonne Steele

Residents celebrating birthdays in January are Robert Peel, Dora Harris, Lewis Roberts, Sally Carpenter, Chaford Tipton, John Turner and Willie Haitcock. The birthday party was prepared and served by several ladies of the Main Street Church of Christ.

Preceding the Monday morning devotional, Johnny Francis entertained the residents on his rhythm machine and electric guitar with several of their "favorites". In the afternoon we enjoyed a visit with some children from the Main Street Church of

Christ. Rosa Arcennio, Aaron Lee Kidd, Jimmy Ballo, Chela Fuentes, Melinda Luna, George Munez, Bertha Garcia and Ron sang a gospel song and visited with all the residents.

The residents have been very busy making roses, key holders, napkin or bible holders, lamps and valentine decorations. Everyone is invited to view our crafts and place their order.

Our family was glad Simplicio Leal and H.H. Mills returned from the hospital. H.H. Mills had to return to the hospital on Monday. Ora Jacobs and Allena Jewell Francis are also in the hospital.

South Plains Baptist Church brought the devotional Sunday.

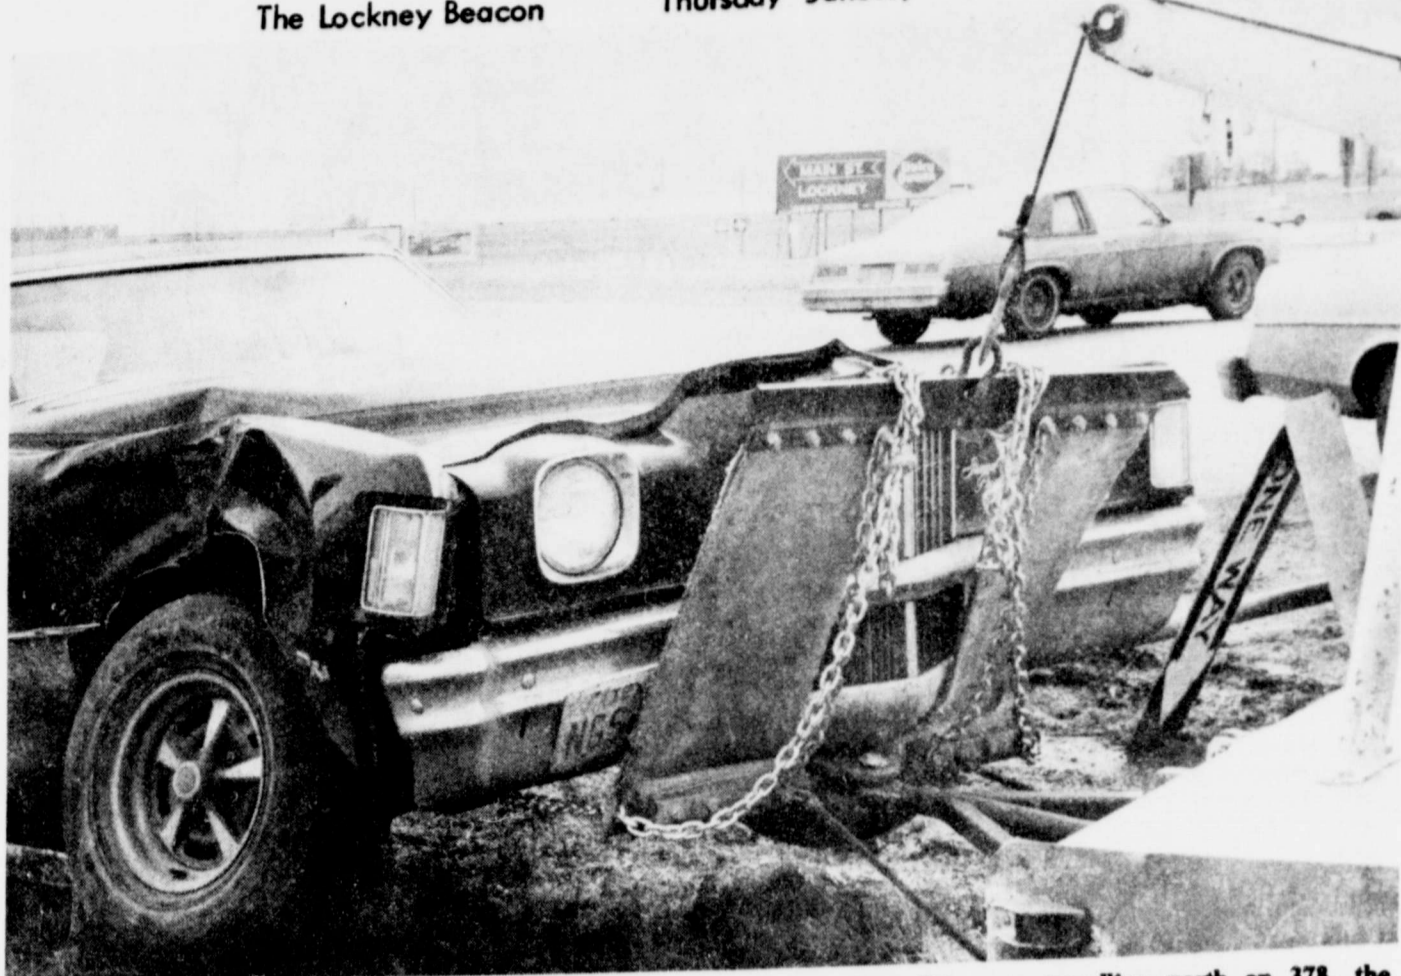

Our visitors this week have been A.L. Vernon, Jerry, Janie and John Klein, Josephine and Verdine Smith, Annie Lee Kellison, Elva Perry, Mrs. Willis Reynolds, Mrs. M.D. Rape, Mrs. Clay Muncy, John Jenkins, Hubert Frizzell, Huston and Ora McPherson, Daniel Ortiz, Dolores Ortiz, Cirildo and Lydia Leal, Mrs. Christine Leal, Marilyn Cates, Myrl Wofford, Firtha Mae Vaughan, Mr. and Mrs. Arnold Johnson.

Fire Auxiliary Officers Elected

The Lockney Firemen's Auxiliary met on Thursday, January 18 at the home of Mrs. Charlie Carthel. At the meeting officers were elected for the new year.

New officers are Nellie Webb, president; Joyce Marks, vice president; Ann Gaskins, secretary; Barbara Carthel, treasurer.

The next meeting will be February 15 at the home of Mrs. Gaskins.

NO INJURIES — This 1972 Pontiac Gran Prix, driven by Mary Nuncio Gonzales of Lockney, was involved in a collision with a 1978 Chevrolet Suburban driven by Mrs. Ann Bean of Floydada. The accident happened about 11 a.m. Friday at the intersection of US 70 and FM 378, just inside the Lockney city limits. The Gran Prix was travelling north on 378, the Suburban west on 70 when vehicles collided in the intersection. Mrs. Gonzales had no visible injuries but was taken to Lockney General Hospital for observation. Mrs. Bean was also apparently not injured and was not hospitalized.

New Books At The Lockney Library

Lockney branch of Floyd County Library has received a large shipment of new books. Titles discussed in this article are novels with the exception of one biography.

Acts of Love by Elia Kazan, a movie director and author of *The Arrangement* and *The Assassins*. This is a story of a young woman who is a mystery to both the reader and to herself. She searches for strength, thinks she finds it in a young man, but discovered the source of his strength is his father.

The last Sherlock Holmes Story by Michael Dibdin. A number of manuscripts in recent years describe unknown episodes in the life of Sherlock Holmes. This book is based on material only now released and opens in the autumn of 1888.

Sisters And Strangers is Helen Van Slyke's latest book. It was published recently in a magazine. The story covers the 50th anniversary of a couple and tells about their three daughters, long estranged, who come home to Denver for the occasion.

The Eagle And The Raven is a very thick book by Pauline Gedge. The tale spans three generations while telling the story of Caradoc, son of a Celtic king in first century Britain, who sets out to unite the people against Rome.

Wife by Judy Blume who usually writes juvenile fiction. The publisher says that this is a riotous, occasionally risqué and deeply poignant story.

AUSTIN—Texas' 41st verner, Republican William P. Clements Jr., took the reins of state government and immediately issued notice he intends to resist and "prevail" in filing his programs.

Clements, after a week on job, spelled out his initial recommendations to the legislature this week. He earlier ticked off his priorities in his inaugural speech.

The 61-year-old Clements Democratic Lt. Gov. Hobby were installed January 16 in the first biennial inauguration ceremony in state history.

Businessman Clements expects to conduct government in a businesslike manner and make it accountable to the taxpayers.

The senate promptly confirmed appointments of Scott and Strake.

Among the final appointments of former Gov. Dolph Briscoe were Ruben Torres of Port Isabel to the Board of Pardons and Paroles, James D. Sartwell Sr. of Sealy to the Texas Animal Health Commission and Joe Bishop of Arlington to the University System of South Texas board of directors.

James Powell of Fort McKavett, Jon Newton of Austin and Howard Richard of Beaumont were Briscoe's choices to The University of Texas board of regents.

The Supreme Court freed an 80-year-old woman of responsibility for an \$1,850 loss as the result of a bogus repairman's altering her check. A Hart bank must pick up the loss, said the court.

Dear Mr. Reynolds:

Before retiring from Congress, Congressman Omar Burleson very thoughtfully provided me with the correspondence which he had had with you and others in the area concerning the need for Federal assistance for the Mackenzie Municipal Water Authority.

It may be that you have already received this notification, but I have just now received the attached report from the Southwestern Regional Office of the Economic Development Administration. I deeply regret that the report advises that the recommendation has been made that the application not be authorized.

Before closing, let me say that I stand ready to assist the Authority in any way that I can. Please keep me advised of developments as they occur as I know full well how much additional water supplies are needed.

With good wishes, I remain
Sincerely yours,
s/s Charlie

Dear Mr. Burleson:

Because of your continuing interest in and support of the request by the Mackenzie Municipal Water Authority for EDA assistance to help with the construction of improvements to the Authority's water system, I am writing this letter to keep you fully informed of the latest development in our consideration of the project.

The Project Review Committee of the Southwestern Regional Office has extensively investigated and discussed all available informa-

Letter From Con. Stenholm Reveals

tion concerning the project, the project area, and the EDA guide-lines for administering the Title IX Long-Term Economic Deterioration Program and has recommended that an application not be authorized.

The reasons for the Project Review Committee's recommendation are two-fold:
1. There is a question of eligibility since to be eligible for LTED assistance, an area must be either a Redevelopment Area designated by EDA, or a pocket of distress with a population in excess of 10,000 within a Redevelopment Area. Since Floyd County is the only Redevelopment Area within the Mackenzie project area, and since Floydada and Lockney (Floyd County) will receive only approximately 40% of the water supplied by the Authority, the Committee had some reservations about the project's eligibility for LTED assistance.

2. Although the project area (Floyd, Swisher, and Briscoe Counties) marginally exceeds the minimum requirements for economic eligibility, it was the Committee's opinion that the Mackenzie project area does not typify the type of area needing assistance under the LTED program, i.e., those areas suffering a steady economic decline due to the loss of productive economic activity which is manifested by the loss of jobs and income; by the physical deterioration and devaluation of land, buildings and public infrastructure; and by human suffering and social disintegration.

Although all of us in the Southwestern Regional Office appreciate the merits of the project and are sympathetic to the desire of the Mackenzie Municipal Water Authority to solve the persistent water shortage in that area, EDA is unable to furnish any financial assistance for the proposed project.

We in EDA regret that we

were unable to help. We are hopeful that other funding sources may be located to assist in completing this worthy project.
Thank you for your interest in the Economic Development Administration.

Sincerely,
s/s Joseph B. Swanner

novel of one woman's attempt to make sense of freedom and commitment in our society.

Wait For What Will Come has as its setting the steep cliffs of Cornwall. Barbara Michaels, the author, brings a young American school teacher to Cornwall to take possession of her inheritance—an ancient stone mansion.

Promises To Keep by Thomas Fleming begins with a prominent family hiring a biographer to write the story of Judge Paul Stapleton who had been slandered in the press for years.

Thursday The Rabbi Walked Out by Harry Kemelman employs Jewish wit and wisdom to solve the violent crime of murder.

Blood Secrets by Craig Jones is a tale of two enormously likeable, intelligent characters whose lives quickly turn into a nightmare. This thriller is the first novel of a New York City high school teacher.

The Far Pavillions by M.M. Kaye has 955 pages covering 25 years of the 19th century's most turbulent period. It is set in India and is "a mesmerizing story of hatred and bitter combat; of courage, cowardice and human sacrifice; of the star-crossed wedding of East and West; and above all a story of love."

Life And Mary Ann and also **Marriage Of Mary Ann** by Catherine Cookson have been added to the library's Mary Ann series.

Dave Sulkln Care! by Fletcher Knebel is "exotic and erotic, tropical and topical, wild and hilarious love story of two consummate con artists"....and is a radical departure for readers who remember Knebel as a co-author of **Seven Days In May**, **Night Of Camp David**

and **Convention** and author of **Vanished and Dark Horse**. **Short Stories: Five Decades** by Irwin Shaw who is considered one of America's finest short-story writers. Mr. Shaw is author of the novels, **Rich Man, Poor Man** and **Beggeman, Thief**.

A Morbid Taste For Bones by Ellis Peters is said to be a medieval novel of suspense as an English prior leads a delegation of his brothers into Wales to acquire the bones of obscure Saint Winifred.

The Lady Loved Too Well is the second Harlan Cole, attorney, book written by Jack Donahue, a newspaper man living and working in Houston. This time he is defending a famed women's rights advocate and best-selling author who was found kneeling over the body of her lover.

I Came To Love You Late by Joyce Landorf who has previously written the inspirational, religious **Riches In Town** and **The Mourning Song**. Her novel is a "tenderly perceptive, intensely personal story as seen through the eyes of Martha—sister to Lazarus

and Mary—and friend to Jesus.

Overload by Arthur Hailey is a swift-moving story that gives glimpses of the little-known world of electric power production.

Storm On The Range is a new Western story by Max Brand.

The Doctors Were Brothers is a new doctor story by Elizabeth Seifert.

Journey To Paradise is a romance by Barbara Cartland.

Mrs. McGinty's Dead is a Hercule Poirot mystery by Agatha Christie (paperback).

Grave Mistake by Dame Ngaio Marsh's 28th novel to feature Chief Superintendent Roderick Alleyn and his long-time colleague, Detective Inspector Fox.

Shosha is a novel by Isaac Bashevis Singer, considered to be a major figure in American letters. The story is set in the 1930's in Warsaw, Poland.

The library has also received a copy of **A Young Man In Search Of Love**, a biography by Mr. Singer. His memoirs focus on the years of his early manhood in Warsaw.

Dear editor:

There are two things hard to keep up with: in what foreign country the next crisis is going to break out or what happened to the last one, and what new program Washington has thought up for us here at home.

I leave the foreign countries to somebody else. Trying to understand the internal affairs of the nations of the world is like trying to keep personally informed on the internal affairs of every county government in the United States. I don't even know what's going on in Hale County.

But the latest program out of Washington has caught my attention. The Department of Health, Education and Welfare is launching a program to teach kids how to watch television. It proposes to teach children to form their own judgement about what they watch, to analyze and criticize programs and commercials, to not be taken in by them.

This may be a very commendable program but it has its dangers. If you teach a kid to

The first commercial produced car radio was the Philco Transistor in 1927 and manufactured by the Philadelphia Storage Co. Within a time, some 100,000 were said to be equipped with radio sets.

One of the first radios, the Burnside phone V Portable was designed to be a suitcase when in operation.

Proper Fertilizer Application Aids Growth, Maturity

By Dale Pennington
Texas Extension Area Soil Chemist
The harvesting of cotton, sorghum and corn has been delayed in 1978. This delay will result in shorter time for land preparation and fertilization prior to our next planting season. Too frequently, a producer will rush many of his farming practices and the result is a disappointing crop.

Also, informing on how to identify and correct the problem is shown. Please note, that neither dry nor liquid fertilizer or the method of application is endorsed; our intention is to show that proper calibration is required. Too often, a fertilizer spreader is loaded with fertilizer and applied without proper calibration. Just because a producer is able to empty the spreader on the last round does not necessarily mean that the fertilizer applicator was properly calibrated.

The key is good fertilizer application is also applying a uniform application with the correct amount of overlap with each swath in the field. When a producer ignores this phrase, he is asking for irregular growth in his fields.

Now look at your data and determine the one-half rate on each end of the fertilizer swath. The distance between the one-half rates will be the sorghum swath to apply. On this application (Table 1), the swath width will be between pan number two and 10. Since there are four feet between each pan, the fertilizer swath should only be 32 feet wide. This distance allows for a uniform overlap on each swath.

Table 1: Fertilizer Application Pattern Record (Single Spinner Application) With Correct Swath Width And Proper Overlap.

Pan Number (left to right)	Fertilizer Pattern (single spinner) inches

CORRECT SWATH WIDTH

MORE INSECTICIDE
Follow-up on the field shows that lack of uniform maturity can require additional insecticide use for midge control in sorghum.

FEW SIMPLE TOOLS
A few simple tools are required to check the fertilizer distribution pattern in the swath and to determine the correct swath width. Needed for calibration are 11 aluminum pie pans, a rain gauge with a glass tube, a funnel to transfer the fertilizer from the pie pans or boxes into the rain gauge, and paper to record the measurements.

EXAMINE DATA
Next, examine the data to see if the applicator swath has points where the fertilizer is being applied at higher rates. In Table 1, notice that between pan numbers six and seven the fertilizer application is higher than at the other points. Also, check to see if the right or left side is receiving more fertilizer. This applicator spreads more fertilizer to the right side.

TEXAS TECH RESEARCHER WORKING FOR IMPROVED DRYLAND SORGHUM
Fitting all the pieces together to come up with a grain sorghum plant with optimum growth for dryland conditions is a tall order, but one researcher is optimistic about the eventual outcome.

Dr. Daniel R. Krieg, jointly employed as a plant physiologist by Texas Tech University and Texas Agricultural Experiment Station, said both the sorghum variety and the climate have strong effects on grain sorghum yield. But more important are the rates of leaf area development and photosynthesis because plant moisture is lost through the leaves.

County Agent's Column

The present 4-H club movement in Texas is an outgrowth of boys' "Corn Clubs" and girls' "Tomato Clubs" dating back more than 70 years, or 6 years before the present Texas Agricultural Extension Service was organized, points out Birch L. Lobban, county agent with the Texas Agricultural Extension Service.

With the passage of the Smith-Lever Act by Congress in 1914, funds became available for employing Extension workers for boys' and girls' club work, explains Lobban. The act provided for up to 20 percent of its funds to be used for "movable schools, study clubs, or boys' and girls' clubs."

TO DETERMINE RATE
To determine the fertilizer rate per acre, disengage the spinners and collect the fertilizer in a container. Weigh the fertilizer from the conveyor over a distance of 200 feet. Record weight for determining the rate applied per acre.

Krieg said the ultimate goal is to develop a plant with smaller leaves and at the same time to increase the photosynthetic rate. Photosynthesis contributes as much as 95 percent of the dry, solid portion of the plant. Knowing how a parent plant will respond will aid Krieg and his team in identifying superior hybrid crosses.

Refresher Course Slated For County School Bus Drivers

An eight-hour refresher course designed basically for public school bus drivers whose cards expire in 1979 is planned from 6 until 9 p.m. May 21, 22 and 23 in the A.B. Duncan Elementary Cafeteria in Floydada. Per-

sons wishing to enroll for the course should phone Tom Cathey at 983-3498.

Cathey, county TEA instructor for public school bus drivers, says the first 30 applicants will be accepted.

Thirty is the maximum number of persons allowed per class by TEA. Cathey anticipates that this will be the only refresher course approved by the Texas Education Agency in Floyd County this year. He

expects that a full-course probably will be offered in August. Cathey advises drivers whose cards expires in 1979 that they must take the refresher course "or take the whole course all over again."
