## Meriwethers Own Still-Operating Windmill

The windmill pictured in Sunday's issue of The Lockney Beacon is located in the yard of Mr. and Mrs. Dough Meriwether.

As far as the Meriwethers know, their windmill is the only one still operating in Lockney. They water their lawn and houseplants from the well.

Meriwether says the static water level is about 168 feet, and the bottom of the sucker rod is at 190 feet.

According to information from John Bickley, whose family owned the home from 1933 to 1965, the house was built about 1926-27 by the late Jack Myers.

In 1945, Mr. Bickley had the existing well improved, with 6-inch casing installed in the 250 feet down to red bed. He also had the steel windmill built at that time.

John's grandmother, the late Mrs. M.J. Brotherton, lived in the home from 1933 to 1948. John's mother, Mrs. J.F. Bickley resided there from 1958 until her death in 1965. John and Sarah Bickley also lived there.

## Larger Fireworks Display To Be At Lake July 4th

the display will begin at "dark-thirty" on the Fourth, but should not start before 9 p.m. Admission price to the lake will be usual gate-fee of \$1 for anyone 13-years-old and over.

Also scheduled on the Fourth is a six-mile, mini-marathon for runners of all ages. Arrangements for several other activities are incomplete, but boat races may be held. Details for all activities will be announced next week.

## Mackenzie Depth Lower

MacKenzie Lake rose 14 inches after the June 8 rains, but the precipitation did not make up for the winter evaporation loss.

The heavy rains that fell on the South Plains in May and June missed the MacKenzie watershed area.

Winter evaporation caused the lake to drop 30 inches. A four-inch rise was recorded in February after unseasonal rains. Depth at the dam is slightly under 101 feet, a foot lower than this time last year.

SEVENTY LHS STUDENTS are putting in six hours each of driving as the last requirement of their driver's education course. Coach Jim Warren is instructor. Baccus Motor of Lockney makes the training car available. Monty Smith, left, Jeff Aullil and Joe Beltran are doing their driving this week, and most of the summer will be gone before everyone completes the course. [Staff Photo]

**Drive Right**  
 Driving tricks really can save gasoline, according to our tests. Accelerate gently. You don't have to creep away from a stop. Just take it easy. Anticipate stops. Take your foot off the gas and let the car coast to the intersection. Keep it in gear, though, for safety. Don't drive too fast or too slow. Most cars get their best mileage around 35 mph. Get into high gear quickly. If you have an automatic, lift your foot off the accelerator to make it shift easier.

**Cooperation**  
 Competition driving's great — on the race track. It has no place on the freeway. Tailgated? Don't slam on your brakes or be intimidated into driving too fast. Slow down and give the tailgater every opportunity to pass.

**Communication**  
 Don't isolate yourself. Let other drivers know what you plan to do. Use your signals.

WASHINGTON D.C. — Food Stamp Act was adopted there appeared little question that the intent was to assist the legitimately needy of America in meeting their nutritional needs, particularly the children. This goal has grown out of proportion and the working taxpayer is now being asked to support too many people who are either voluntarily unemployed or who can and should be supporting themselves. In 1967 there were 1.5 million recipients, but 18.5 million people are currently enrolled in the program. The food stamp program is now out of control with one out of every four persons eligible for assistance and it is growing by leaps and bounds. The answer is not to spend more money, but to reform the system. We need to eliminate food stamps for strikers and college students. The eligible income levels should be lowered to make sure food stamps go only to those who are truly in need.

Certainly I realize that the government has to provide for those people who are physically unable to care for themselves — we are our brother's keeper. But the state has no obligation to support those individuals who can work, but don't. It is a time to put people back to productive labor earning a living and not permit the government to rob a person of his dignity by giving him a handout. Only then will we control inflation and help all of the people.

Arby Mulder. She will take the children home with her. Ronda and Candy Taylor have spent the past week with their grandmother, and have attended the Vacation Bible School at the South Plains Baptist Church.

Mrs. Arby Mulder, Mrs. Jerry Mulder, Ronda and Candy Taylor attended the Holland Family Reunion which was held on Sunday, June 10, at the Thompson Park in Amarillo, with a wonderful time reported by all. Eighty-six family members attended the reunion, and dinner was served at the noon day hour

for all attending. Cousins of Mrs. Fred D. Blake, Mr. and Mrs. Don Rose of Amarillo arrived Sunday morning to attend services at the South Plains Baptist Church, and spent the day with the Blake family.

Donald McClure of Houston arrived Thursday for a visit with his parents, Mr. and Mrs. Frank McClure. He also visited his sister, Mrs. Jean McClure in Plainview, and with her children, Rev. and Mrs. Jeff Messer and son, and Mr. and Mrs. Paul Cypert and girls.

Insects, both flies and mosquitoes, are prevalent in our community since we have had so much rain. We cannot get into our yards without being bitten, and the children, playing outside, have

bites all over them. You can help get rid of the insects by emptying all the cans of water, and any old containers that are sitting around, turn upside down. A lot of strep throat has been going around our community.

We offer our sympathy to the members of the Tillman and the Fletcher Powell families in the death of Mrs. Vivian I. Ford, of Lubbock who died a week ago Thursday at the Methodist Hospital after a long illness. Her burial was at Resthaven Memorial on Monday afternoon at 2 p.m. Relatives from this area all attended the services.

Happy birthday to Kyle Stewart, son of Mr. and Mrs. Dean Stewart, who is celebrating his fourteenth birthday Tuesday, June 19. Also Happy Birthday to Mrs. Mamie Lou Hartman on June

19. Kelly Marble, among others, and Dwayne Marble, cousins, won State Farmer Degrees in statewide FFA Competition. Proficiency honors went to Kelly, and he and Dwayne will receive State Farmer Degrees in Lubbock at the state FFA Convention next month. This convention is to be in the Lubbock Civic Center, July 11-13.

Rev. and Mrs. Fred Blake and their daughter, Mr. and Mrs. Leon Grant, Jeremy and Monica, arrived from Fayetteville, Arkansas Thursday, and the Grants left later to visit other relatives in Levelland, then were to go home by bus. They had all spent two weeks with another daughter in Fayetteville, the A.C. Sharbutts.

Those serving refreshments of cookies, cold drinks, and other forms of goodies during last week's Vacation Bible School were Nancy and Nita Marble on Monday; Doris and Hazel Powell on Tuesday; Nina Sanders and Nina Upton on Wednesday; Letha Mulder and Mildred Hamm on Thursday; Gleyne Earle Cummings and Mamie Wood on Friday, and on Sunday night many others of the church brought cakes, cookies, and other forms of refreshments for the after church party.

Many thanks go out to all those who contributed their time, prayers, and work in any way which went to make for a wonderful Christian experience for all who were present.

Members of the Singles Club of Floydada met on Saturday night in the ranch home of Mrs. Mamie Wood for a lawn supper and a western theme was carried out in the refreshments, and in roll call. Sandwiches, dips, and homemade ice cream and cakes were served to twenty-three members and guests. The hard wind which blew up sent guests into the house, where they enjoyed visiting.

Mrs. Beverly Howard and daughter Janna from Oklahoma City, Oklahoma, spent the past weekend with her sister, Mr. and Mrs. Glen Wood. Their son, Flint Howard has been here several weeks working as an entomologist and staying at the Woods.
