

**Steve Herber**

**Offers Tips**

**On Plant Care**

Indoor plants do not have the advantage of the cleansing effect of rainfall to keep their leaf surfaces free from dust. To keep them looking their best a careful cleaning once or twice a month is helpful.

For smooth-leaved plants, a wet sponge or soft cloth rinsed frequently in clean water is a dependable method. For specimens having many small leaves it may be best to take the plant outdoors and syringe with plenty of water.

Plants with hairy leaves require special attention. A camel hair brush used carefully to avoid bruising the leaves works well.

If commercial leaf polishes are used, be sure to water the plant thoroughly several hours before application.

Oils should be used on mild soap and water may be used for soiled leaves. Water can cause blights, be sure to use for cleaning room temperature. Winter months are usually difficult for plants. Many people like to send the doors for several soon as warm weather here to start houseplants in the shade of a direct, sunlight.

"No man can put things who is not sincere in doing self." James R.

"Mercy is no badge."

# Warren Named Junior High Principal

Lockney High School's new principal and athletic director is being named as Lockney Junior High principal for the 1979-80 school year. The action came in the regular monthly Lockney School District board meeting.

Warren was named after a short session which was closed to the public. Warren left vacant position of Weldon Dodson, who was named to the state as a principal, but he will have a principal's badge.

Warren will retain his coaching duties until the end of the 1979-80 school year. At that time Coach Dodson will take over Warren's duties until the end of the year. As interim head coach, Dodson will receive a \$1,000 coaching stipend.

Warren A.D. Tom Duvall, president of the board, said that Warren will be named as head coach of the football team for 17 years, at Mt. Pleasant, Sudan and

Lockney. The new junior-high principal has a BS degree from McMurry and is doing graduate work at Texas Tech.

His wife Lela teaches at Lockney Junior High. They have three sons, Steve, 18, an LHS junior; Russ, 14, a freshman; and Doug, 12, who will be a seventh-grader.

**RESIGNATIONS**

Also Monday night, the school board accepted resignations from high-school English teacher Suzanne Drabek and aides Kathleen Thornton and Linda Kidd.

**TEACHERS HIRED**

Hired Monday night in addition to Warren were Gwendolyn Woodard, high-school English; Cindy Noel, junior-high English; and Alvis "Joe" Killen, high-school business and coach.

The school board accepted Bell Dairy Products' bid (14 cents per half pint) on milk for the school lunchrooms for 1979-80, approved attendance by Lockney coaches at the state coaching school, and appointed Duvall delegate to the State School Board Workshop October 6-8 in San Antonio. New board member Eddie Teeter is an alternate delegate; trustees Kenneth Broseh and Eugene Tannahill will also attend.

**SCHOOL TO START EARLIER??**

There was a discussion about a request by the school principals that classes start at 8:30 a.m. during the 1979-80 term. The board took no action, however, on changing the starting time from the present 9 a.m. A decision will be made at the August board meeting.

**PRELIMINARY BUDGET DISCUSSION**

The trustees talked about the preliminary 1979-80 LISD budget, presented

by Superintendent W.H. Hallmark, during the last four hours of the Monday-night meeting. They'll have another budget work session tonight

(Thursday) and possible several more before the budget is finally approved in August. Also Monday night, the school board

took care of routine matters such as "paying the bills," approving the tax report, and okaying the previous meeting's minutes.

Attending the meeting were school board members Duvall, Teeter, Broseh, Tannahill, Jerry Williams, Kelton Shaw and Eddie Foster; Warren; Hallmark; and Jack Samford, LISD tax assessor-collector.

**Mackenzie PR Man**

**To Present Program**

**For Young Farmers**

John McCammon, public relations director for Lake Mackenzie, will present the program tonight (Thursday) at the Lockney Young Farmers meeting.

Program chairman Jim Martin says everybody is invited to attend the meeting, which starts at 8:30 p.m. in the Lockney High School ag building.

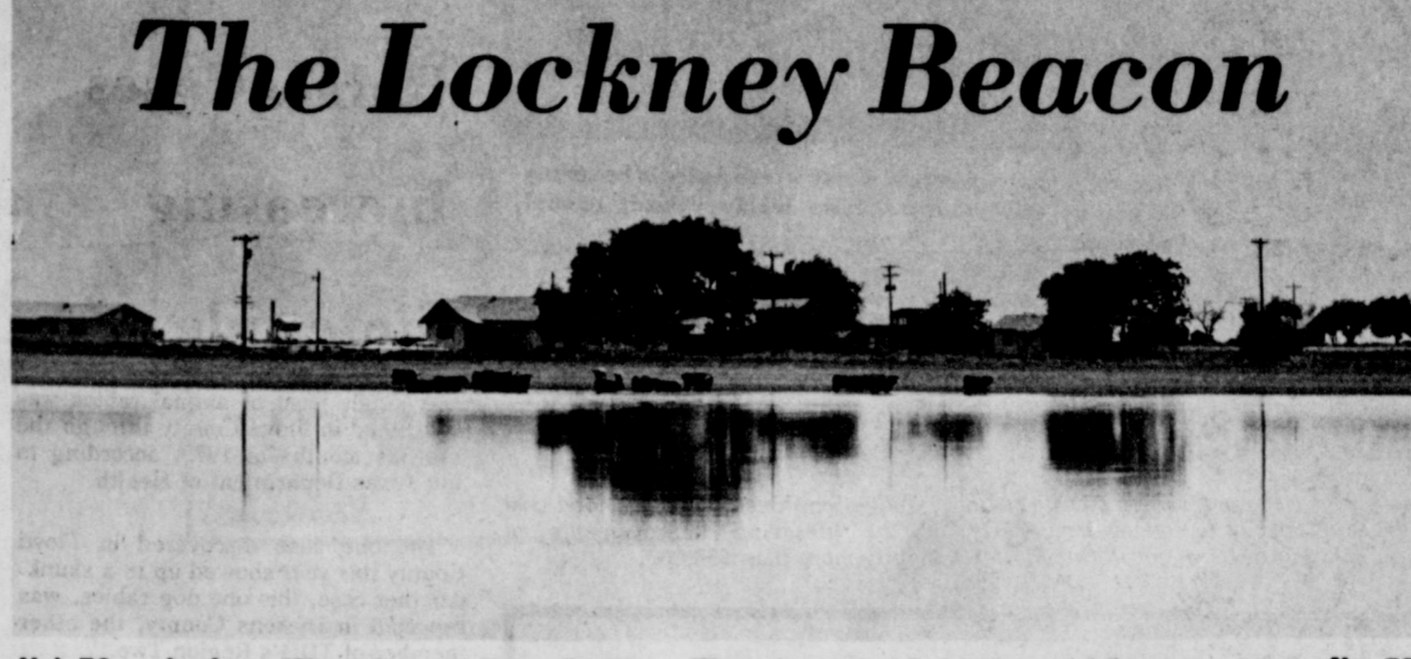

**Floyd History Book**

**Sent To Publisher**

The Floyd County History Book was sent to the publisher Tuesday July 17.

The book, compiled by the historical committee of the Floyd County Historical Museum, has been titled **Memories**. The manuscript was sent to Craftsman Printers in Lubbock and will be forwarded to Dallas for publication.

Virginia Taylor, chairman of the book committee, said the republication book sale has been extended until August 1. Until that date price of the book will be \$25.73, after which the cost will be \$39.38.

## American Legion Post Meeting Next Thursday

All members of Landrum American Legion Post #141 are urged to be present for a post meeting at 8 p.m. Thursday, July 26 at the Lockney Legion Hall.

Post Adjutant Paul Teuton said "If we are to keep our charter, we must elect new officers who will work to maintain the building."

"The other alternative is to dispose of the Legion Home legally."

"Be present and voice your opinion," Teuton concluded.

## Commissioners' At Equalization Board Meetings

Independent School District tax equalization meeting Tuesday; nobody showed up except the city council members, who were acting as the equalization board.

The story was the same at the City of Lockney equalization board meeting Tuesday; nobody showed up except the city council members, who were acting as the equalization board.

## Commissioners Defer Child Welfare Board; Approve Detention Contract

County Commissioners in their last week deferred a child welfare board meeting to the county, Judge Choise said.

The commissioners unanimously approved a motion by Aaron Carthel to accept the Baker Insurance Co.'s proposal to insure the radio dispatch tower and equipment as well as the radios in the Sheriff's Department vehicles at a cost of \$400 each year.

The court members supported a motion by Bob Jarrett for the county to pay \$201.49 in unemployment tax for the former Noxious Weed Office employees. By paying the tax, Judge Smith explained, the county is not liable for unemployment claims made by any of the three former employees.

## Lions Plan Broom Sale August 18

The Lockney Club's annual Broom Sale has been scheduled August 18. The Lions will display their wares brooms, mops, brushes, and other items made by blind workers and distributed by Lighthouse For The Blind — in front of the school tax office, corner of College and Main.

## Floyd Cities Show Slight Decrease In Tax Rebates

Austin — State Comptroller Bob Bullock Friday said rebate to Texas cities of the one-percent optional city

sales tax during 1979 is running about 10 percent ahead of payments for the same period last year.

increase over 1978 payments through July.

Bullock said Texas cities have received \$241.5 million in rebates for the first seven months of this year compared to \$216.3 million through July of 1978.

Both Floyd County cities, however, show slight decreases from last year for the seven-month period.

The July allocations for the more than 900 Texas cities who share in the rebates will amount to \$23.5 million.

## Police Still Investigating Tuesday Shooting

Police Wednesday morning are still investigating a shooting which occurred about 11:15 p.m. at the Anderson Apartments in the 100 block of West

THE .22 RIFLE being examined by Lockney Police Chief Bill McConnell (right) and Patrolman Charles Higgs was found at the scene of an accidental shooting Tuesday morning in north Lockney. [Staff Photo]

## BEACON LIGHTS

By Jim Huggins

OUR MASTHEAD PICTURE for this issue is of the lake just south of Highway 70. We thought it was appropriate, since we've just had another couple of inches of rain and the lakes are still full.

WE'VE HAD REPORTS of up to four inches from some places in Floyd County, and it was still raining at presstime. Wettest June and July I can remember...

REMEMBER SUNDAY, when I bent your ear about all the problems at the office last Thursday? My father-in-law, Wayne Bramlet, says that's the way it is for him out on the farm on his VERY BEST DAYS...

WE HAD A PARTY Monday night at the school board meeting. Homemade ice cream and cake, in honor of school board member Jerry Williams's birthday (Jerry's 39, I believe). Anybody got a birthday we can celebrate in August?

Bill McConnell said there were no charges filed in connection with the shooting, which he said was accidental. The investigation was continued to make certain it was an

LAKE PUMP IRRIGATION saves money, water and energy. This lake system located on a farm in Blanco community is one of many such alternative methods which

utilized surface water in a county where water is becoming scarce, and therefore more highly valued, natural resource.

## Floyd County Farmers Use Lake Pump Irrigation To Save Money And Energy

Many Floyd County farmers are saving money, energy and underground water supplies by making use of lake water irrigation.

Above average rainfall during the late spring and early summer months (some 10 inches in June alone) filled most area lakes to capacity.

The availability of surface water for irrigation purposes is welcomed by most farmers because it provides a method for watering crops that nets definite monetary savings. Estimates on savings vary because cost of fuel and other expenses depends on many variables, such as the type of motor and size of pump involved.

Estimated cost per month to run a 6 inch, 400 gallon per minute under-

ground irrigation well on natural gas is about \$1,500 plus (figured at \$2 per hour, 24 hours a day). Operating expense for a 30 h.p. four inch submergible with a 350' lift and pumping approximately 250 gallons a minute is estimated at \$500 per month.

Comparatively, one area farmer who is using a 292 Chevrolet six inch lake pump, pumping 1000 gallons a minute and fueled by 38-cents-a-gallon butane, is estimated to run in the neighborhood of \$1,368 a month. Monthly operational expense estimate for the same farmer using a four cylinder Leroy motor from an old combine, using about two gallons of fuel per hour and pumping about 800 gallons a minute, is \$545. Savings in this instance are evident in the amount of water pumped — 800

— 1000 gallons as compared to the amount in cities underground.

Additionally, the amount of irrigation as compared to the amount valued at approximately \$1000 per acre two 30 h.p. submergibles on a farm are valued at \$20,000 and three are valued at \$30,000. Late replanting as a result of the number of rainfall and the right age for early planting when rains continue, many more are available provides a

## County Officials Seek Grants For Juvenile, Adult Probation And Jail Fire Safety Equipment

A small group of Floyd County officials, headed by county judge Choise Smith, traveled to Austin last week to seek funding for local projects.

While attending a tax meeting with county tax assessor-collector Jonelle Fawver, Judge Smith took time out to accompany Bill Hendrix, the juvenile probation officer, on a visit to the Texas Youth Council to try to get funding for a permanent juvenile officer for the 110th Judicial District.

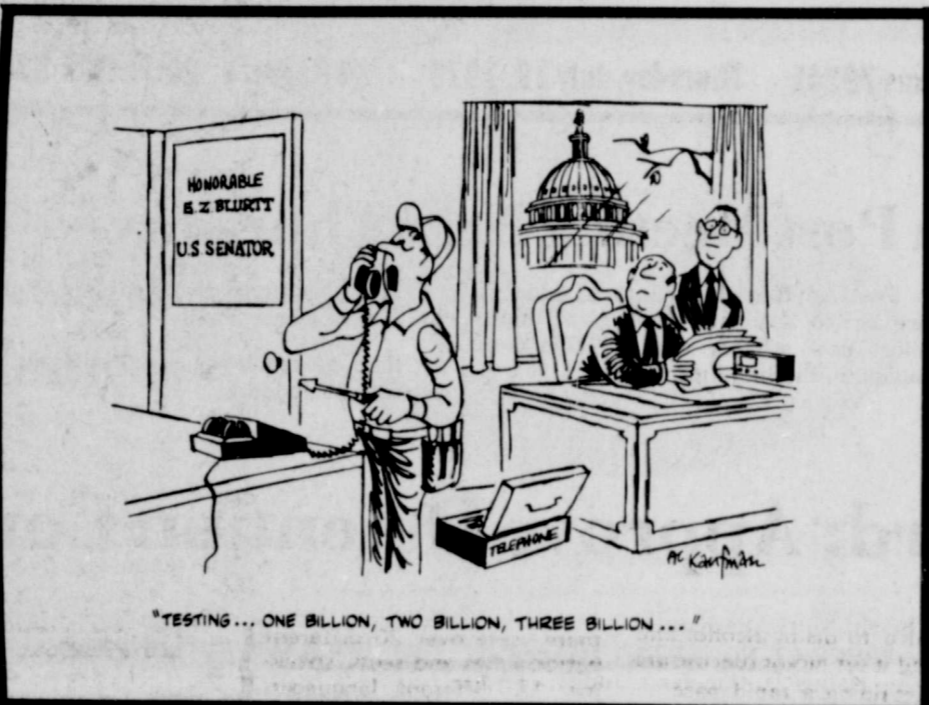

Judge Smith also approached the Adult Probation Commission to try and get another probation officer for those duties. While no definite commitment was made, Judge Smith noted that it was "in the making."

The judge also met with representatives of the Texas Jail Standards Commission and the Criminal Justice Commission to explore the possibility of getting a grant for life-safety equipment for the jail.

Fire and smoke alarms, extinguish-

ers, lights, a communication system and a smoke-proof evacuation tower were all high on the judge's list of priorities.

Judge Smith estimated the total cost of the lifesaving improvements at slightly more than \$50,000.

## Rabies Cases Increasing Statewide

A single case of animal rabies was confirmed in Floyd County through the first six months of 1979, according to the Texas Department of Health.

The one case discovered in Floyd County this year showed up in a skunk. Another case, this one dog rabies, was reported in Dickens County, the other member of TDH's Region Two.

Through the first six months of 1979, the TDH reported, the rabies total statewide reached 613 cases. Last year's complete total was only 563 cases.

Three children from the Eagle Pass - Piedras Negras area on the Rio Grande have died from rabies, the first outbreak of natural exposure in Texas since 1962.

The 1979 mid-year total passed the full year figures for every year since 1961, when 658 cases were reported. The record year, since statistics have been kept, was 1953, when 1,325 cases were reported.

## Floyd Philosopher Takes A Dim View Of The New

### Susan B. Anthony Quarter-sized Dollar

Editor's note: The Floyd Philosopher on his Johnson grass farm takes a sidelong glance at the new dollar this week.

Dear editor: One trouble with Washington these days is that there doesn't seem to be very many people there who can think further than one week ahead.

Take the new Susan B. Anthony dollar. Sure, it's nice that finally a woman's face has shown up on a piece of money. For all I know thousands of women late at night may have been sobbing in their pillows for years because none of them had her face on a coin.

Me, I can't for the life of me tell you whose picture is on a piece of money, whether it's a 5-dollar bill, or a 10 or a 20. I look at the corners, where the numbers are. I know George Washington is on a dollar bill. But what's on the back of it?

Just to be doing, and for the first time, I looked. I didn't know, did you? That there's a picture of a pyramid on it with a big eye looking out of the top, surrounded by the words "Annuit

Coepit Novus Seclorum". The new dollar bill has a one-eyed eye looking out fast these days.

No wonder people get lost in the new dollar. Without thinking about it, they have produced a dollar that is the same size and the same shape as the old dollar. The same keepers are having trouble with the new dollar. They are mistaking dollars for quarters and vice versa. Cashiers are being blamed for receiving a quarter-sized dollar and putting it out of the register and into the store.

You'd think that Washington, designing the new dollar, had had in mind the heading production of a dollar that would produce a few samples and what they think. Instead, he has appropriated \$800 million people into using the new dollar. It's one thing to get the horse, but Washington is producing carts when not many are.

ONCE THERE WAS A LITTLE SPEED LIMIT WHO WASN'T NEARLY AS MACHO AS THE BIG SPEED LIMITS. THEY LAUGHED AT HIM AND CALLED HIM A MILKTOAST, AND WORSE.

## Public Notice

is hereby given that a public notice will begin at 9 a.m. on July 24, in the offices of the Texas Public Utility Commission in Austin, Texas, on a certain changes in the format of Southwestern Bell Telephone Company Texas telephone directories. The proposed changes are: separate business and residential listings in the white pages, with residential names listed once in boldface type and given names in regular type; to add, in addition to the "white" business and residential listings, Yellow Pages business listings, a set of "blue pages" listing the names of selected governmental and service agencies. Notices may be addressed to the Public Utility Commission, 7800 Creek Blvd., Austin, Texas 78757.

## Lockney Locals

Our apologies to Jody Baccus and Connie Sanders for omitting their names as hostesses for the July 5 Lockney Senior Citizens meeting.

Mr. and Mrs. Richard P. Phillips flew to Rolling Hills, California, Friday a week ago to attend the golden wedding anniversary of his sister, Mr. and Mrs. J.J. Placej. He was also able to visit with two of his sisters who attended the anniversary. Mrs. Hallie Shantz of Hardwick, Ohio, and Mrs. Mary Saybrac of Houston. They returned home last Friday. Mr. Placej worked on laying the rails of the Fort Worth and Denver Railway from Estelline to Lubbock, 50 years ago last July.

Maxine and Clyde Hill went to Lake McKenzie in their travel trailer July 3-4 and watched the fireworks display from their front door.

Visiting with Mr. and Mrs. Richard Phillips last week were her granddaughter and great-grandsons, Mrs. Gayle Jones, Robbie and Ricky of Memphis, Tennessee; her granddaughter, Tracy Ann Stone and sons John and Chad of Sioux City, Iowa; and grandson Steve and Susan Johnston, of Palestine, Texas. Steve also visited with Mrs. Robert Lee (Annie) Smith, who is his great aunt, and with his great-grandmother, Mrs. Kate Johnston of Plainview.

Mrs. Minnie Wooten, Caw City, Oklahoma, and her son, Sid Wooten of Ponca City, visited last week with her sister, Mrs. W.A. Cunningham, and her nieces, Mrs. Maxine Hill and Mrs. Mildred Hardy. They returned home Thursday.

Alfred joined Cabot Corp. in 1957 as an engineer in the engineering division after receiving his B.S. degree in civil engineering from Texas Tech University in 1957. He successively became project engineer, then manager of projects, with assignments in the USA and overseas, and in 1971, general manager of Cabot Engineering.

Alfred is the son of Mrs. R.H. Parker and the late Charlie Smith. Patricia is the daughter of Mrs. Rene Pylant, Oklahoma City, and the late Vernon Pylant. Both Pat and Alfred graduated from Lockney High School in 1953. They have three sons, Mike Smith, who is a chemical engineer in Oklahoma City; William (Bill) Charles Smith, who is a law student at Texas Tech University; and David Smith, who is attending Abilene Christian College, and majoring in finance and working in a bank in Abilene.

Alfred and Patricia will move to Sao Paulo, Brazil to take up his new position in September.

Randall Stapp was taken to the Central Plains Hospital in Plainview Saturday night a week ago, suffering with a severe headache. He was put in isolation and tests are being made to determine what is causing the headache. He was able to return home this past Tuesday.

Admitted to Central Plains Hospital: Mr. Jay Howard was admitted last Tuesday. Mickey Clarkston was admitted last Saturday. Mrs. Ona Jones was admitted Sunday.

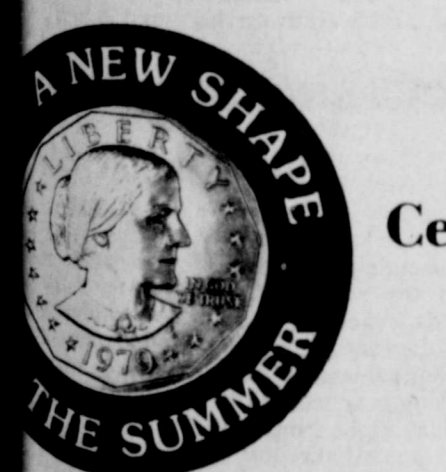

Mrs. Vera Rogers recently returned home following knee surgery in a Lubbock hospital.

Inez Spence, the former Inez Gilliland from South Plains, now living in Marysville, California, visited last week in the home of Paul Teuton and other friends and former schoolteachers at South Plains and Lockney.

Inez is the wife of the Rev. Raymond Spence, a native of Lockney. They served five years as Baptist missionaries to Japan. The California couple were married 15 years on the 15th.

Mr. and Mrs. Jones returned from a visit to the Dallas relatives. The boys and met their mothers, Mrs. Jim Johnson and Mrs. John Johnson. The group spent the week in Dallas.

Friday night with James McConnell. The weekend was another success for J.M. Jackson with his mother, Mrs. Arthur Jackson. They returned with their daughter, Mrs. Wayne and Sharyne. Supper guests of Mr. and Mrs. Jeffrey last night were Gene Blevins and Mr. and Mrs. Carty.

Celebrate the Summer Susan B. Anthony

Mr. and Mrs. Marvin (June Marble) Wells and daughters Jill and Kay of Denton arrived Friday to visit with his mother, Mrs. Mildred Wells, and other relatives in the area. They attended the King Reunion Saturday at the Massie Activity Center in Floydada. Their oldest daughter Kim was unable to make the trip, as she could not get leave from her job. They returned home Sunday afternoon.

Mrs. Mary Lou Bollman went to Snyder Monday to a quilt exhibit that was held at the Scurry County Museum, which is on the campus of Western Texas College.

## First Texas Sales of Gasohol At Sunray Co-op in Panhandle

AUSTIN--The small Panhandle town of Sunray became the first site of commercial gasohol sales in Texas recently, according to the Texas Department of Agriculture (TDA).

The Sunray Cooperative made the efficient alcohol-gasoline fuel available to consumers June 22.

Among those visiting the cooperative-owned station during the occasion were officials of TDA's Amarillo district office. Encouraging the development and expansion of gasohol use in Texas has been, and remains, a priority goal of TDA.

"The decision by Sunray Co-Op to be the first to market this product speaks well for the managers and board of directors of this organization," commented Agriculture Commissioner Reagan V. Brown. "Judging from the number of applications for permits to produce and market gasohol being received by state and federal agencies, this is only the beginning."

According to officials of both the U. S. Bureau of Alcohol, Tobacco and Firearms and the Texas Alcoholic Beverage Commission,

## Be on Lookout for So-called Bargain Stolen Herbicides

AUSTIN--So-called "bargain" herbicides may really be stolen goods, warns Agriculture Commissioner Reagan V. Brown.

Brown said thefts of herbicides are up this year in Texas and asked farmers to buy the weed killers from reputable dealers only.

Though some herbicides are sold for \$6-\$10 a gallon, those used on row crops range from \$20-\$70 a gallon.

"Farmers may find a bargain," said the Commissioner, "but may not get the product they think they are buying. Anyone who steals is also likely to water the product or contaminate it in some way. The only way you can be sure of getting what you pay for is to buy from a reliable dealer."

Store parsley in a wide-mouth jar with tight lid to keep it fresh.

LOTS OF FROGS — When City of Lockney water department employees read meters Monday they found lots of little frogs in the meter boxes. The next couple of days, after the rains started again, you didn't even have to check water meters to find 'em — they were all over the place. (Staff Photo)

Mrs. Kent Hale

### Miss Latura, Kent Hale Vows Pledged In Methodist Church

White wicker baskets of pastel flowers illuminated by tapers in a candelabra framed the altar area of the First United Methodist

Church in Bursleson as Cynthia Latura and Kent Hale exchanged wedding vows. Reverend Dean Frankin, of Fort Worth, officiated at the July 14, 3 p.m. ceremony.

The bride is the daughter of Mr. and Mrs. P.T. Latura of Bursleson and the groom is the son of Mr. and Mrs. J.S. Hale of Floydada.

Jay S. Hale, father of the groom was a best man. Groomsmen were Bucky Sheffield, Steve Schultz and Jeff Hobgood of Lubbock and Nick Buckelew of Tucson, Arizona.

As guests were being seated, David Bradford of Fort Worth played the guitar and sang "Sunrise Sunset." He sang "The Wedding Song" after the exchange of rings, and following the recessional, presented a special arrangement of "Our House."

The bride wore a floor length gown of silk organza featuring a Queen Anne neckline, Bishop sleeves and re-embroidered lace bodice. A silk illusion veil and a cascade bouquet of silk carnations, daisies, tea roses and baby's breath completed her attire.

Following the wedding ceremony a reception was held in the Fellowship Hall of the church. Members of the wedding party and out of town guests attended a wedding buffet dinner at the home of the bride's parents.

The bride is a graduate of Bursleson High School and has a B.S. degree in Education from Texas Tech University of Lubbock. The groom is a graduate of Floydada High School; holds a B.B.A. from the University of Arizona, Tucson; and is a 3rd year law student at Texas Tech.

Following a wedding trip to San Francisco and Carmel, California, the couple will reside in Lubbock.

## Family Perspective

### Kathy Chappell, George Lange Married In Slaton

Miss Kathy Chappell became the bride of George Lange in a double ring ceremony performed by Rev. Kenneth Winchester Saturday July 14 in the Chapel of the First Baptist Church in Slaton. Parents of the bride are Mr. and Mrs. Ozell Chappell of Floydada; and the groom is the son of Mr. and Mrs. George H. Lange of Moore, Oklahoma.

The wedding scene featured an arch of white candles entwined with greenery. Guests were registered by Donna Lange of Moore, Oklahoma. Ushers were Jerry Chappell of Duncan, Oklahoma, and Bob Lange of San Antonio. Traditional wedding music was played by Darla Chappell.

Honor attendants were Mrs. Steve Lloyd, sister of the bride, and Carlton Jones of Slaton. Mrs. Lloyd's floor-length dress of baby blue knit featured an off-the-shoulder neckline. She carried a nosegay of daisies trimmed with blue ribbon streamers.

Escorted to the altar by her father, the bride wore a formal length gown of white dotted swiss, featuring a sweetheart neckline trimmed with white lace. A lace-trimmed ruffle featured at the hemline, a wide-brimmed white hat and a crescent bridal bouquet

featuring a single orchid and white roses accented her ensemble. A mother-of-pearl prayer book brought to the bride from Jerusalem by her maternal grandparents, Mr. and Mrs. Burl Huckabee of Floydada, formed the base of the bouquet.

For the traditional something old, the bride wore an 87 year old watch which belonged to her maternal great-great aunt. For something borrowed, she wore a Cloisonne Cross necklace given to her mother by her father. Something blue was a blue garter belonging to Mrs. Steve Lloyd. Her dress and shoes were something new. Pennies minted during the couple's birth years were worn in her shoes.

Following the ceremony, the couple was honored with a reception in the church parlor. Mrs. Gary Riddle of Hereford and Mrs. Carlton Jones of Slaton presided at the table. Punch and a two-tiered wedding cake featuring daisy chains and pastel blue icing were served. A basket arrangement of blue silk flowers and candles graced the table. Miss Donna Templeton of Kemah passed out rice bags during the reception.

The bride graduated from Floydada High School, South Plains College in Levelland, and attended Texas Tech University. The groom is a graduate of Happy High School and Texas Tech University. Following a wedding trip to New Mexico, the couple will be at home in Lubbock.

#### FLOYD DATA

Mr. and Mrs. Doyle Mount of Vernon visited over the weekend with Mrs. Mount's sister, Mrs. V.L. McNeill and husband, and also with the Howard Bioshops. The Mounts were former residents of Floydada.

### Sixty-seven Attend Jones Family Reunion

The seventh annual reunion of the late E.F. Jones family was held Sunday July 15 at the Massey Activity Center in Floydada. A musical devotion was presented by Mr. and Mrs. Richard Hale and Mr. and Mrs. George Ray Finley. A bountiful basket lunch was enjoyed by 67 persons.

Relatives present for the occasion were: Mr. and Mrs. David Miller of Bonham; Mrs. Jewell Jarvis of White-wright; Mr. and Mrs. Ralph Jones of Stephenville and great-grandson Chad Ratliff of Gunnison, Colorado.

Mr. and Mrs. Manuell Alexander and granddaughter Sharon McKinney; Mr. and Mrs. Lloyd Alexander and daughter Deanna of Whitewright; Mr. and Mrs. James Alexander of Garland; Mr. and Mrs. Homer Long; Mr. and Mrs. Noel Jones; Mrs. Ireta Shelley and Rita; Mr. and Mrs. Harold Jones and Jayme; Mr. and Mrs. J.C. Jones; Mr. and Mrs. Mark Goen, Tiffany and Amy, all of Amarillo; Mr. and Mrs. Bill Parrett of Richardson; Mrs. Ann McCarter of Lefors;

Mr. and Mrs. Jerry Phillips of Vernon; Mr. and Mrs. Billy Hinkle and Joe; Mr. and Mrs. Max Yeary and Charla; Mr. and Mrs. Wayne Poteet; Mr. and Mrs. Billy Gene Hinkle, Pepper and Chad; Mr. and Mrs. Ray Gene Ferguson, Kelly and LeAnne; Mr. and Mrs. Billy M. Fulton; Mr. and Mrs. George Ray Finley; Mr. and Mrs. C.W. Jones and Mrs. Georgia Finley all of Floydada.

Guests were Mr. and Mrs. Dale Wright of Pasedena; Mrs. Tulah Elliott of Tom Bean; Mrs. Grace Hamilton and Mr. and Mrs. Richard Hale of Floydada and Mr. and Mrs. John Lyles of Hale Center.

The reunion will be held next year in July at Stephenville with the children of the late Will Jones hosting.

### NEWS 'N' NOTES

(by Sharon Hillis)

#### Pattern Effect In Decorating

Incorporate pattern into the overall decorating scheme, says Sue Young, a housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Use room size and location to determine whether or not to use pattern in the first place, she suggests. A living room is no place for a large, decorative wallpaper. An overpowering pattern tends to make the space look busy and visually jarring.

An effective living room should be easy on the eyes and inviting. Conversely, patterned fabrics, such as a colorful chintz spread for the sofa or the same fabric used as draperies, can give a room a sense of warmth.

Small rooms or tiny areas — such as the ceiling and walls above the tops of kitchen cabinets — will do justice to patterned wallpaper. Rooms that are used infrequently are other candidates for wallpaper, Mrs. Young continues.

Bathrooms are fine for all kinds of small prints. The size of the pattern or design is important. Wallpaper patterns range from large, insistent designs to tiny, small-scaled geometrics, narrow stripes, and linen textures, which are subtle enough to lend texture rather than pattern to a scheme.

Avoid trend-setting patterns. Their popularity may wear thin in a year, and the room will look as dated as last season's hemline, the specialist cautions. When using a pattern, select it first, with the color for walls, trim and ceiling cued to it.

Otherwise, you may search in vain for a pattern which blends in with a desired scheme and an established wall color, she adds.

### McCoy Reunion Well Attended

The annual McCoy Community picnic, dinner was held Sunday July 15, courtesy of Lighthouse Electric Cooperative. The first of the new annual reunion was held in McKenzie Park in Lubbock August 25, 1952, with more than 100 present. The idea originated with Raymond Hurst of Happy. He and Charley Berry planned the first event, and with good success. Alma Holmes and Charley Berry taped the original meeting. Voices of many persons who have since died are recorded. Because the Lubbock park has become so congested, through Lighthouse's courtesy, McCoy friends and neighbors have remained in close contact.

Mrs. Johanna (Utman) Lloyd, wife of the late John Lloyd, was among those making a first visit. She is a

former member of the bedside of the first McCoy reunion. Out of the 100 present, 100 families were present. Mrs. Rayman and Johnnie and Johnnie and Johnnie were present. Mrs. Rayman and Johnnie were present. Mrs. Rayman and Johnnie were present.

### Hill Circle Has Meeting

The Hill Circle of the Lockney First United Methodist Church met in the church fellowship hall at 9:30 Tuesday morning for their regular meeting.

After a brief business meeting, a Bible study on the Book of Matthew was presented. Present were Alice Foster, Lucille Johnson, Mrs. Helen, and Robert.

#### Senior Citizens News

Approximately 35 persons attended the sing-along at the Floydada Senior Citizen Center Thursday night. Because response was so great, a sing-along is scheduled for each Friday night from 7:30 to 9:30 p.m. Everyone is invited to attend and enjoy an evening of song.

Other upcoming events include the monthly luncheon Thursday at 11:30 a.m. and game nights, Thursdays at 7 p.m.

Mrs. Johanna (Utman) Lloyd, wife of the late John Lloyd, was among those making a first visit. She is a

former nurse and bedside of Mrs. until her death from flu epidemic. Out of town attendees: Fletcher Strickland (Pitman) Strickland, Wilma (Spill) Ralls; Beula McNeel, Leona Holms, Kimbree, Nelson, Holmes of Lubbock, Amarillo; and Mrs. Johanna Lloyd, secretary.

**Hill Circle Has Meeting**

The Hill Circle of the Lockney First United Methodist Church met in the church fellowship hall at 9:30 Tuesday morning for their regular meeting. After a brief business meeting, a Bible study on the

Book of Matthew by Lucille Hart. Present were Alice Foster, Lucille Johnson, Wanda Hill, and Roberta S.

**Senior Citizens News**

Approximately 35 persons attended the sing-along at the Floydada Senior Citizen Center Thursday night. Because response was so great, a sing-along is scheduled for each Friday night from 7:30 to 9:30 p.m. Everyone is invited to attend and enjoy an evening of song.

Directors A directors called Monday plans on cooling system. JOB SE A job change the individual points out a family specialist, with the Texas Extension Service as A&M University.

Chambers Studio And Gallery

**Studio And Gallery Tour Set Sunday**

A studio and gallery tour is scheduled Sunday, July 22 from 2-4 p.m. at Chambers' Studios. Tickets for the event are \$1 and will be available at the door. The tour will benefit the Floyd County Library. Chamber's Studios is located two miles south and one half mile east of Lakeview Gin. From Floydada the route is east five miles on the Matador highway, 9 miles south on FM Road 651 and one half mile east. A sign will be posted on the highway at the 9 mile point.

**Whirlers To Square**

**Friday July 20**

Floydada Whirlers Square Dance Club will dance Friday July 20 instead of the regularly scheduled third Saturday night. Dancing will begin at the Massie Activity Center at 8 p.m.

Club members are urged to attend and everyone is welcome to come by and watch.

**Tri-Community**

**Reunion Slated**

A Lakeview, Pleasant Hill and Mount Blanco reunion is scheduled for Sunday July 29 at the Massie Activity Center in Floydada. All former and present residents of these communities are invited to attend the event which will begin at 10 a.m. Everyone should bring a basket lunch. Drinks, bread, cups and plates will be furnished.

Tammy Payne

**Tammy Payne To Be Presented In Recital**

Tammy Payne, daughter of Mr. and Mrs. Hollis Payne, will be presented in a Senior High School Piano Recital at 3 p.m., July 22 in the First Baptist Church auditorium. She is a student of Joy Moutos of Lubbock and has also studied with Joyce Lipham of Floydada. Tammy has many awards and honors to her credit. She is a Paderewski Gold Medal Winner and was recently presented a High School diploma in music. She plans to attend North Texas State University at Denton with a major in music and a minor in speech and drama. Everyone is cordially invited to attend the July 22 recital.

A soft floral creates a high fashion look for traditional bedrooms or in a bold, modern setting like this.

You are cordially invited to attend a Senior Piano Recital given by Miss Tammy Leigh Payne daughter of Mr. and Mrs. Hollis C. Payne Sunday, the twenty-second of July nineteen hundred and seventy-nine at three o'clock First Baptist Church Auditorium Floydada, Texas

reception following

**Jerry Miller, Rebekah President,**

**Visits Floydada Lodge**

Mrs. Jerry Miller, president of the Rebekah Assembly of Texas, and Betty Medford, vice president, visited Floydada Rebekah Lodge No. 77 on Saturday, July 14.

The pair were entertained with a tea and an open house Saturday afternoon, giving the lodge members a chance to meet and visit with the president and vice president.

The Floydada, Lockney, Plainview and Abernathy lodges were present Saturday night for the official visit. The assembled members ate

a fried chicken dinner before turning the meeting over to President Miller.

The president gave an inspiring talk on fellowship, love for one another and love of God.

Following the president's message, she received love gifts from the district lodges. Amanda Hart, lodge deputy from Floydada, presented that lodge's gift. The group then sang the president's song, "Because He Lives."

Mrs. Miller's husband, Bill, also attended the meeting.

**A Rich Chicken Extravaganza**

Forget that diet today. Spoil yourself and your family by serving this rich and colorful chicken dish. Brown chicken pieces and drain fat. Simmer with onion and seasonings until almost done. Add sliced mushrooms, green beans and dark California ripe olives. Pour in that thick cream and cook until smooth. Add pimiento strips for final color accent.

Now doesn't that look good! This extravagant recipe will delight everyone. Try serving with rice and a fresh green salad.

**Ripe Olive Chicken, California Style**

- 1 (2 1/2 lb.) frying chicken, disjointed
- 1 tablespoon butter
- 1 tablespoon oil
- 1 medium-size onion
- 1/4 cup liquid from ripe olives
- 1/4 cup water
- 1/2 teaspoon poultry seasoning
- 1/2 teaspoon salt
- 2 cups sliced mushrooms
- 1 cup frozen green beans
- 1 cup pitted California ripe olives
- 1 tablespoon cornstarch
- 1 cup heavy cream
- 2 tablespoons pimiento strips

Melt butter; add oil and heat. Add chicken and brown well. Drain off fat. Peel onion and cut into eighths. Drain ripe olives, saving liquid. Add onion, 1/4 cup liquid from ripe olives, water, poultry seasoning and salt to chicken, and heat to simmering. Cover and cook slowly for 25 minutes, until chicken is almost done. Add mushrooms, green beans and ripe olives. Cook for 5 minutes longer. Stir cornstarch into cream. Pour over chicken, and mix gently with liquid on chicken. When mixture boils and is smooth, add pimiento strips. Simmer 3 or 4 minutes longer. Makes 4 servings.

**CAR MAINTENANCE**

Keep a car well-tuned longer by keeping engine filters clean and using the gasoline octane and oil grade recommended for that car, advises Claudia Kerbel, a consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

**SOAP OF YOUR CHOICE**

There are many different kinds of bath soap — clear, castile, cocoa-butter, fruit, deodorant and more, a clothing specialist says.

Use one that doesn't dry your skin — and remember to rinse thoroughly, advises Nancy Brown with the Texas Agricultural Extension Service, The Texas A&M University System.

Bentsen Seeks To Reform, Toughen Bail Bond Procedures

Washington, D.C. — Senator Lloyd Bentsen on Thursday introduced two bills to reform federal bail bond laws...

The second Bentsen bill allows a federal judge to deny bail for an accused terrorist if the judge determines that the terrorist is a danger to the community...

mine how we can best reduce the amount of violent crimes in this country while maintaining the basic protections guaranteed by the Constitution...

He said his second bill would change a provision in Federal law that, for practical purposes, permits a judge setting bail to consider only whether the accused will show up for trial...

"I would urge the Judiciary Committee to carefully evaluate my bills and conduct a full review of bail laws, to determine how community safety can best be protected in accordance with our laws...

Game Warden Academy Set For Oct.

THE NEXT Texas game warden academy will be held in Austin beginning in October and persons interested in this outdoor career opportunity should apply by July 31, 1979.

Application forms may be obtained at the Texas Parks and Wildlife Department's offices in Abilene, Amarillo, Lubbock, Midland, and Wichita Falls...

Game warden applicants are required to have graduated from an accredited senior high school and the applicant must be at least 21 years of age and possess good health and vision.

The P&WD's game warden training program will encompass 1,000 hours of study and training in fish and game laws and identification, Texas Penal Code, defensive driving, wildlife habitat study, civil defense, hunter and water safety, and self defense.

Upon successfully completing the training program four and one-half months later, the officers will be assigned duty stations across the state.

The new wardens will then perform work involving the enforcement of all game and fish laws, Texas Water Safety Act, water pollution laws, and sand, shell, and gravel laws within an assigned area.

All P&WD game wardens maintain a 24-hour on-call status which means they may leave home before sunup and not return till late at night.

Many game and fish violations occur at night and to stop this type of thief, the game warden will work at night during these peak violation periods.

The P&WD is an equal opportunity employer and hopes all persons interested in a game warden career will apply in July.

NEWS 'N' NOTES

KEEP YOUNG, OLD 'OUT OF HOT WATER' Being in 'hot water' is especially scary if you're among thousands of people injured each year in scalding accidents.

Burn injuries are especially common among children under age five and older adults over age 65.

Many in these age groups are unaware of the hazard — and most cannot react quickly to it.

Bathrooms are the scene of many scalding injuries, when children climb into a tub full of hot water or play with the hot water faucet.

For older adults, a major problem is slipping or falling into a tub of hot water.

To prevent scalding injuries, remember these tips: \*Never leave a baby or small child alone in the bathroom for any reason.

\*Always test the water before bathing small children. \*Always test the water before entering a tub or shower.

\*Consider installing "anti-scald" devices at water outlets to reduce scalding dangers.

HINTS FOR THE HOME (1) Consumers, make shopping lists for clothing. Put items needed down on paper before shopping.

Begin with a list of what workable clothes you already own, then decide what you need to go with them.

(2) Crying is a healthy human response, and boys as well as girls need to know that it is OK.

(3) The median annual income of female-headed households in Texas is about half that of all families — \$6,136 compared to \$12,672 for all families.

(4) When choosing ground beef, consider use. Regular grind of ground beef may also be bought with no less than 75 percent lean and no less than 80 percent lean.

(5) Some drugs, both prescription and non-prescription, and cause drowsiness and blurred vision. These drugs, when combined with driving, can be dangerous.

REMEMBER your loved ones with a living memorial to the Caprock Hospital Auxiliary Memorial Fund.

Remember your loved ones and friends with a memorial to Lockney General Hospital Memorial Fund.

These memorials go toward equipment to help serve our community in the best way possible.

Accent On Health

Texas Department of Health

While the threat of typhoid and cholera has almost been eliminated in drinking water, the Texas Department of Health must still deal with the danger of organic contaminants, viruses and other disease-carrying organisms in the water you drink every day.

Safe water has been the responsibility of the Department for 64 years. Regulation of public drinking water in Texas had its beginnings with a 1915 statute requiring that water be "chemically tested for any contaminated infusion of sand, dirt or filth or dangerous bacteria or disease-causing germs."

Since that time, drinking water quality has been regulated by subsequent statutes and rules and regulations adopted by the Texas Department of Health.

Congress passed the Safe Drinking Water Act in 1974, which, in effect, gives the states and the Environmental Protection Agency the responsibility for the new

minimum drinking water standards established by the EPA.

"The Act requires your water supplier to periodically sample and test the water pumped to your tap," says Mark V. Lowry, Surveillance and Technical Assistance Branch Chief of the Water Hygiene Division.

"If tests reveal that the national drinking water standards have been violated, then your supplier must take action to correct the situation."

"When violations of any maximum contaminant level occur, the supplier is required by the Safe Drinking Water Act to notify the user and to announce the violation to the newspapers, radio and television stations," Lowry added.

"The supplier must also explain what is being done to correct the situation."

Lowry said it is important for water users not to panic if they receive or read a notice about their drinking water.

"The announcement will explain the problem and tell you what precautions, if any, you should take. Most notices will not mean that your health is immediately endangered. A large safety margin was built into most standards so that it won't be harmful for people to drink water exceeding some of the maximum contaminant levels for short periods of time."

The theory behind the public notification provisions is that an informed populace will support

turned home Sunday afternoon after spending the past eight days in Colorado at South Fork, where their party of eight had excellent fishing on the Rio Grande River and lakes around South Fork. Several days were spent in Colorado Springs, Colorado, where they enjoyed the zoo, The North Pole and Santa Land, the Van Briggie Pottery place, and all the beautiful attractions around the city. The weather was perfect all the time. Mrs. Julian went with her son,

Bruce and Janet Julian, Clay and Wade, and friends from Perryton. She spent the weekend with them before returning home.

Mr. and Mrs. Alvin Nichols went to Sweetwater Saturday to visit their daughter and husband, Ruby Jewell and Glen Whittfill. Whitfill has been in the Sweetwater Hospital with a heart attack, but Monday he was better, off IV's and out of intensive care. We are glad to know he is responding to care and can soon come home from the hospital. The Nichols came home Monday.

Mr. and Mrs. Fletcher Powell were hosts at a cook-out at their home Thursday July 5, celebrating their anniversary and birthdays of several family members. The Gary Gibbreaths of Perryton were here for the supper including others of the family. On Sunday Mr. and Mrs. Tillman Powell hosted a dinner for their anniversary and celebrated birthdays for members of their family. Guests were Mr. and Mrs. Tom Powell and Heather of Floydada, and other members of the Powell families.

# Half-Gallon Gas Pricing Begins For \$1 Plus Sales Per Gallon

**\$5.35** TOTAL PRICE

**10% GAL.**

**\$.53 5/10 PER 1/2 GAL.**

**\$1.07 per gal.**

AUSTIN—Agriculture Commissioner Reagan V. Brown recently announced regulations which allow certain retailers in Texas to price petroleum fuel products in one-half gallon increments.

The action was taken to ease the growing problem of dispensing fuel costing \$1 or more a gallon through pumps which can register only 99.9 cents. An estimated 90 percent of retail pumps in the state fall into this category, Brown said.

The regulations will become effective on July 3, after publication in the Texas Register.

"The emergency rule will provide for a uniform method of sale where fuel prices are \$1 or more a gallon," Brown said. "It will help eliminate confusion for the consumer about the per-gallon cost of fuel and the methods of calculating this cost at the pump."

Provisions of the regulation are as follows:

1. The regulation will apply only to those retail pumps which are not capable of indicating a per-gallon price greater than 99.9 cents, and only where the selling price per gallon exceeds that amount.
2. So that consumers will be fully aware when fuel is being priced by the half-gallon, adhesive labels clearly stating that fact must be attached to all pumps where this pricing method is being used. Price per full gallon must be also given.
3. A large, weatherproof poster shall be attached to each pump which states the following: "This pump indicates price per one-half gallon. The total dollar and cent value to be paid by the consumer shall be two times the actual amount indicated on the pump." Posters or billboards advertising price of petroleum fuel products shall continue to be expressed in price per gallon.

**RULES ANNOUNCED**—Agriculture Commissioner Reagan V. Brown announced new regulations dealing with half-price gasoline pricing at some Texas pumps. Brown revealed the new weights and measures regulations at a recent press conference in Austin.

**DOUBLE UP**—Some Texas gasoline pumps, those unable to register over 99.9 cents, may soon have to show prices in half-gallon increments. Texas Department of Agriculture Weights and Measures stickers such as those depicted here will help eliminate consumer confusion.

The Sengalese believe a coconut will not fall on anyone unless he has displeased the divine powers.

**PILOTS WANTED**

It rises from the ground like a helicopter, hovers in midair, turns in any direction—and then moves out at trans-sonic speeds. It's no futuristic flying saucer. It's the Marine Corps' Harrier, all ready and waiting for its pilot: you?

To fly a Marine Corps' Harrier—the Skyhawk or Intruder, to name a few—means 13 to 16 months at Pensacola, Florida, for study—and then Primary training before you're on your own in the air. The flight officer, who commands the aircraft's highly sophisticated electronic equipment, spends eight to ten months mastering basic aerodynamics, aerial navigation, radar, on-board computer control and electronic warfare measures.

For more information on how you can become either the pilot or the flight officer of this high-flying, synchronized team, call 800-423-2600, toll free. In California, the toll-free number is 800-252-0241.

## NEWS OF SMALL BUSINESS

**DAVIS-BACON: A BASTION OF FREE ENTERPRISE**

A federal law that is a major bastion of American free enterprise is under heavy attack in the U.S. Congress.

It is the Davis-Bacon Act, which since its enactment in 1931 has helped American working people become independent business owners through the skill of their hands and the drive of their ambitions. The stated purpose of the Act is to require that contractors on federal and federally financed construction pay wages prevailing for the same type of work in the locality of the construction.

Davis-Bacon was enacted, in part, because of the abuses of predatory contractor sharks who fleeced the federal government and taxpayers, exploited their workforce, and brought misery to the communities which public works were supposed to enhance.

Since it was signed into law by President Hoover, the Act has worked to require honest bids on government contracts. It has put a premium on good work and managerial efficiency in the American free enterprise

## FIRST AID FOR CHOKING

If victim can cough, speak, breathe  
Do not interfere

If victim cannot cough, speak, breathe  
Have someone call for help  
Telephone: \_\_\_\_\_

**TAKE ACTION: FOR CONSCIOUS VICTIM**

Repeat steps until effective or until victim becomes unconscious.

**TAKE ACTION: FOR UNCONSCIOUS VICTIM**

Repeat steps until effective.

Continue artificial ventilation or CPR, as indicated.

Everyone should learn how to perform the above steps for first aid for choking and how to give mouth-to-mouth and cardiopulmonary resuscitation. Call your local Red Cross chapter for information on these and other first aid techniques.

Caution: Abdominal thrusts may cause injury. Do not practice on people.

"It is flattering some men to endure them." Lord Halifax

According to a law once on the books in Birmingham, Ala., it's illegal to drive a car while blindfolded.

6:30 - 9:30 a.m. and 5:30 p.m. Until?

**Public Notice**

Notice is hereby given that a hearing will begin at 9 a.m. on July 19, 1979, in the offices of the Texas Public Utility Commission in Austin, Texas, to consider a proposal by Southwestern Bell Telephone Co. to make certain changes in the rates of selected Texas telephone companies.

The principal proposed changes are:

- (1) to separate business and residential listings in the white pages, with residential surnames listed once in both residential and business pages;
- (2) to add, in addition to the "blue pages" business and residential listings, a third set of "blue pages" listing numbers of selected government and public service agencies.

Inquiries may be addressed to the Texas Public Utility Commission, 500 Shoal Creek Blvd., Austin, Texas 78704.

DAVIS-BACON: A BASTION OF FREE ENTERPRISE

A federal law that is a major bastion of American free enterprise is under heavy attack in the U.S. Congress.

It is the Davis-Bacon Act, which since its enactment in 1931 has helped American working people become independent business owners through the skill of their hands and the drive of their ambitions.

Since it was signed into law by President Hoover, the Act has worked to require honest bids on government contracts. It has put a premium on good work and managerial efficiency in the American free enterprise system.

FIRST AID FOR SMOKING

Don't cough, speak, breathe. Do not interfere. Have someone call for help. Telephone: (Number)

CONSCIOUS VICTIM. Back blows. 4 quick upward thrusts.
