

More Rain, More Hail (Less Cotton, Fewer Beans)

Storm Rips Through Area

STARK REMINDER of Monday-night hailstorm...and a cotton crop that might

have been. Four miles south of Lockney on land farmed by Gail Wilson.

(Staff Photo)

It just keeps on doing it — thunderstorms Monday and Tuesday night dumped another two to three inches on most sections of Floyd County, and a strip of hail cut a devastating three-mile-wide swath through crops from east of Muncy northeast to beyonds the Irick community.

The hail "wasn't all that big," according to some observers, but, driven by the high winds which accompanied it, it destroyed acres of cotton and soybeans. Milo and corn in the hailstorm's path was damaged too but will probably "come out of it," most farmers believe.

Some of the farmers whose crops were damaged by the hail are Gail Wilson, R.C. Mitchell, Eddie Teeter, Delton Jack, Warren Mitchell, Royce Latimer, Jerry Ford, Bill Race, Bill Bigham, Clark Harris, Buster Terrell and others.

Lesser amounts of hail damage were reported from several other points in the Lockney area.

A Lockney-area rainfall amounts and hail reports, from a spot check by The Beacon Wednesday morning:

Lockney — 1.8 inches of rain Monday night, another inch Tuesday night, and very little small hail.

Lone Star — Herman King reported no rain Monday night, an inch and a quarter Tuesday night, and no hail.

South Plains — At Sterling Cummings' place, there was .18 inch Monday night, 1.25 inch Tuesday night, no hail.

Muncy — Herman Graham at the

Muncy Elevator measured 1.9 inch Monday night, another .7 inch Tuesday night, and damaging hail from the Floydada-Silverton highway nearly to Plainview.

North of Lockney — Les Ferguson's gauge showed .8 inch Monday night and another .8 inch Tuesday night; no hail.

Pleasant Valley — On the R.C. Mitchell place, there was 2.5 inches of rain Monday night, an additional .9 inch Tuesday night, and a Monday-night hailstorm which "nearly finished off" the cotton and soybeans.

Aiken — At Tom Duvall's residence, there was 1.4 inch of rain Monday and .9 inch Tuesday. Cotton on Duvall's place two miles west was "cleaned out" by hail Monday night.

Barwise — John A. Dorman got two inches of rain and some hail Monday night, more rain Tuesday night. Hail damage was apparently less there than in some nearby spots.

Irick — Buster Terrell lost some 800 acres of cotton and soybeans to the Monday-night hailstorm and received three inches of rain Monday and another inch Tuesday night.

Sterley — Bryan Smith got only a tenth of an inch Monday night, and inch and three-quarters the following night/early morning, and no hail.

Providence — Ronnie Thornton reported .3 inch Monday night, 1.3 inch Tuesday night, and no hail — in fact, the Thorntons "haven't had a weather disaster since June..."

First National Unveils Remodeling Plans

Remodeling and redecoration will begin soon — next week — at the First National Bank building in Lockney. Bank president Anderson announced the plans Monday.

Multiple remodeling projects to be completed by the first major remodeling of the building since the bank was built.

Lockney is dedicated to the finest service possible to its customers. Anderson told The Beacon that this is the reason the bank and the remodeling is being done.

Remodeling and redecoration of the building will be "extensive," Anderson said. Much of the planned remodeling is for the purpose of providing privacy for the bank's customers in their financial dealings.

The loan area will have glassed-in, private offices and a comfortable, carpeted, "lounging-type" waiting area.

Customer privacy was also kept in mind in plans for new teller counters. They are to be completely rebuilt, with several individual teller stations behind the existing marble base.

Plans also call for addition of a more private inspection office for safety deposit box customers.

ENERGY EFFICIENCY

Many of the planned changes promise to allow more efficient heating and cooling of the building, and reduction of noise levels.

The glass and aluminum at the front and rear of the bank building will be replaced with bronzed energy-efficient glass, designed to reflect temperature extremes, both hot and cold. Additional insulation will be installed, and air-conditioning ducts will be reworked.

NEW CARPET, FURNITURE

There will be new carpeting and wallcovering in the lounge area, entranceways will be revamped, and new furniture will be added throughout the bank.

The bookkeeping area will be carpeted — in fact the whole bank, with the exception of the existing terrazzo lobby area, will boast new carpet — and counter tops in the bookkeeping department will be resurfaced.

The planned color scheme, featuring blues, rusts and oranges, was chosen to brighten the bank interior while maintaining a basically traditional decorating approach.

EXTERIOR REPAIRS

Part of the remodeling is to improve the condition of the building itself. Architects have pronounced the bank building structurally sound, but some minor repair work is needed.

BANK OPEN DURING REMODELING

For security reasons, the bank will not move to temporary quarters while the remodeling is going on. Bank officials are asking their customers to "bear with them" as they attempt to conduct business as usual for the next several months.

For customer convenience, it is

suggested that First National customers do as much of their banking business as possible at the drive-in window, which will be open and staffed at all times during banking hours while the remodeling is going on.

However, regular teller stations will remain open during the remodeling period, for customers who need or prefer to do their banking inside.

Everyone is invited to watch the progress of the work at the bank. Upon completion of the remodeling program, an open house for the community is planned.

FIRST NATIONAL BANK lobby as it looks now. It will look different after remodeling, scheduled to start next week.

The Board of Directors

Cummings Fourth

At TAAF State Meet

John Cummings, son of Mr. and Mrs. Sterling Cummings of South Plains, high-jumped six feet, two inches Saturday in Waco to place fourth in the Texas Amateur Athletic Federation state track and field meet.

The record-setting first-place jump of 6-6, by a Houston high-schooler, eclipsed the old TAAF state record of 6-5 held jointly by Cummings and the Houston youngster.

Cummings didn't know until he arrived at the state tourney last weekend that he was the co-owner of the state TAAF record. He knew his state-qualifying 6-5 effort at the regional meet in Lubbock set a new Region IX record, but he hadn't been told that it also equalled the state record.

Cummings will be a junior at Lockney High School this fall.

Work Day Planned Saturday At Fairgrounds

The first of several planned workdays at the fairgrounds in Lockney will be Saturday (August 4).

Fair board members, their spouses, and anyone else who can help are urged

to be at the fairgrounds for the work day, scheduled to begin at 8 a.m. Saturday.

They'll be working on the fair building roof, restrooms, plumbing and

office building, in preparation for the Floyd and Surrounding Counties Fair, slated September 20, 21, and 22.

The fair board decided to have the work day Tuesday night during the board of directors meeting.

Hospital Auxiliary Holds First Meeting

The first organizational meeting of interested persons in an auxiliary for Lockney General Hospital took place Friday afternoon in the hospital basement. Each participant was given a flower.

Mrs. Gayle Fortenberry, administrator, opened the meeting with a welcome and introduction of Dona A. Winter,

organizer of the auxiliary. Mrs. Winter outlined the agenda for the day and commented on "What Is A Volunteer?", the philosophy, objectives, organizational structure and purpose of an auxiliary.

Mrs. Fortenberry asked for nominations for a temporary chairman of the steering committees. Mrs. Wynona Allison was nominated and unanimously elected.

Dona Winter then explained that the required steering committees are: Constitution & Bylaws, Nominating Committee, Meeting Planning and Publicity Committee — all to function only until an official board of directors is elected, at which time these steering committees will be dissolved.

Women present who signed up for the following committees are: Myrl Wofford and Nita Holland, Constitution & Bylaws; Grace Colson and Emma Thomas, Nominating Committee; Amelia Rodriguez and Opeal Jones, Meeting Planning and Publicity Committee. Others present were Mrs. Ethel Knox and Mrs. Sylvia Yeary. Mrs. Grace Colson was appointed chairman of the Nominating Committee.

Mrs. Viola Mangum of the hospital staff served refreshments to the ladies during a break in the business session.

South Plains News

Robert... West Texas... Wednesday... July 18, got... along so... Mr. and... Littlefield... her while... They are... Sunday morn-

School. She was among others who went to Lubbock last Saturday where the new Floydada Band Director, Robbie Sparkman, distributed the twirling suits for the coming year.

Heather Powell of Floydada, daughter of Mr. and Mrs. Tommy Powell spent from Wednesday to Friday here with her grandparents, Mr. and Mrs. Tillman Powell.

We rejoice with the Nichols and Whitfill families because Glen Whitfill was allowed to come Friday from St. Mary's Hospital in Lubbock, after he was entered there Monday. He had suffered two heart attacks recently. Doctors found his condition stabilized, and he will be allowed to go up and down the stairs at his home.

The Whitfills are from Sweetwater, and her parents, Mr. and Mrs. Alvin Nichols live here. Mrs. David Allen and Daveyonna were at the hospital with Mrs. Whitfill and are visiting here from Virginia.

Mr. and Mrs. Sylvan Kiniburgh spent the weekend in Ruidoso, New Mexico, and accompanying them from Lockney were her sister and husband, Mr. and Mrs. Ray Dillard. Another sister and husband from Truscott, the W.H. Simmons family, went with them. They visited with Mr. and Mrs. Early Pritchett and Mr. and Mrs. Roy Burks while in Ruidoso.

Mrs. Claudy Denton of Secorro, New Mexico, has been a guest in the parsonage at South Plains with Rev. and Mrs. Fred Blake since Tuesday night. She came home with them from Bronte and will be here until Monday. Mrs. Denton is the sister of Rev. Fred Blake. She was a guest at the Wednesday night prayer meeting.

Mr. and Mrs. Teddy Horne of Plainview hosted a birthday supper for her mother, Mrs. Sylvan Kiniburgh, at their home Monday night of last week. She brought her granddaughter Melissa home with her that night to spend most of the week with her.

We offer our congratulations and best wishes to Miss Ester Luna and her husband, Salvador Sola, who were married July 14, at the First Baptist Church in Amarillo. They will be making their home in Amarillo. Ester is formerly of South Plains, and her parents, Mr. and Mrs. Lupe Luna and their children, reside here. Her brothers, Ricky and Joey Luna, were groomsmen in the wedding.

Mr. and Mrs. Raymond Upton returned to South Plains Friday, July 27, after an enjoyable trip to Petaluma, California. They visited Raymond's brother, Houston, and family, who live 40 miles north of San Francisco. They drove through hot weather, but most of the time it was pleasant at Petaluma, as the days are nice and cool, with nights really chilly. They spent a week with Houston and on the way home drove by Strathmore, California, which is located in the

orange and grapefruit groves. They visited old school mates Mrs. Loretta Rowell and Mrs. Marvin Marke, twin girls, who went to old Sunset and South Plains School. Mrs. Bonnie Craig accompanied her parents on the trip, and they were gone almost three weeks.

Birthday celebrations were held Sunday at the Kendis Julian home. Guests who enjoyed birthday cake and Sunday dinner were Mr. and Mrs. Aubrey Stewart of Floydada and Mrs. M.M. Julian. Birthdays celebrated were those of Kendis and Kristi in July.

Mr. and Mrs. Herman Thornton and their daughter, Kay and husband of Lubbock, visited Sunday afternoon with Mrs. Bonnie Moore who is staying at the Herman Thornton home in South Plains. Their son, Russell, is in Law School at Texas Tech. The Thorntons are there with him during this time.

Birthdays in August that are to be celebrated this coming month are: Janet Julian, Aug. 1; Paula Pyle, Aug. 3; Ira Henderson, Aug. 8; Dee Julian, Aug. 9; Pat Wood, Aug. 15; Len Wood, Aug. 23; Amanda Henderson, Aug. 25; John Rushing, Aug. 26; Royce Bethel, Aug. 31. Anniversaries coming up in August are those of John and Oleta Wilson, Aug. 3; Lois and Dick Lyons, Aug. 5; Zacha and Jack Gregory, Aug. 5; and Connie and Nathan Johnson, Aug. 18. Congratulations and best wishes to each and all.

Mrs. Claudy Denton left Monday with other members of her family for her home in Secorro, New Mexico. We will think of her with a tilt in our hearts, as we remember her zest for life and what joy she got out of the little things the rest of us take for granted. She was in a group of women last week who went to pick up onions from the field of Mrs. Mamie Wood, and Glen Wood.

The onions had been dug, gathered and shipped to market. Many were left in the field, and neighbors were invited to pick up some for their families. Claudy is in her eighties, but she took off her coat, and went all over the field, getting black and dirty and making everyone stop every little bit. "Oh there is a big one."

She remarked, "I've not had this much fun in my whole life, gathering these lovely onions, and I want to take a box home with me on the bus to show where I have been and what fun I had. I've never seen anything like this." Claudy is the sister of Rev. Blake, and all of us enjoyed her laughter and her excitement with the little things of life.

Inflation - Fighting IDEAS
NEWS OF PROGRESS
Muzzling Gas-Guzzling

With a new energy crisis brewing, smart private and commercial drivers are doing all they can to conserve precious fuel.

Good car-care will put you on the road to fuel savings.

Vehicle maintenance plays an important role in conserving gas. You can improve your car's efficiency by having it serviced regularly. Check the manifold heat control, have a general tune-up. Have the choke, fan and air conditioning belts checked and the air filter inspected. Improperly aligned tires, too, waste gas and make the tires wear out faster.

Multi-grade motor oils can also boost fuel economy by three percent to better than six percent for both autos and trucks, according to the Amalie Refining Company, which has been concerned with American drivers and their automotive needs for over 75 years. A 25-truck fleet, for instance, using multi-grade lubricants, could save more than \$25,000 each year in fuel costs!

Being resource-full requires putting the brakes on energy waste!

Learning To Parent
"Learning to parent" begins the moment we are aware of being parented, says Diane Welch, a family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

If you do not abide by Article I, please understand that our judicial machinery of this nation will be the machinery of Revolutionary Courts who will issue severe punishments for violation of the rights of the people.

As you are aware, here in Texas, people who assert their rights are punished while those who commit violent crimes are permitted to prey upon the law-abiding individual. This, of course, is your fault, and with our eyes upon the Revolutionary Goals set out by Austin and Houston many years ago, we request that you too participate in the reestablishment of a Free Texas, in order to correct this problem.

You are deemed to have received notice of this decree as of August 1, 1979.

Floyd County Judge Choise Smith and Sheriff Fred Cardinal were unavailable by press time to disclose whether they had received copies of the letter, but a spokesman for the sheriff said he had no information concerning such communication. District attorney Randy Hollums, likewise, said he knew nothing of the letter and surmised it was a crank.

**'Basket Shower' Honors
Miss Tammy Carthel**

Miss Tammy Carthel, bride-elect of Zach Zachary, was honored at a "basket shower" and dinner on Thursday evening, July 19 at the Plainview Club, Plainview. Mrs. Dona A. Winter of Lockney hosted the festive event with special guests from Miss Carthel's family: Mrs. Mervyan Carthel, mother; Jackie Carthel, sister, both of Lockney, and Mrs. Sherry Price, sister, of Plainview. Other invited guests were Ann Gaskin, Tina

Graves and Gay Gibson, all of Lockney, Sherry Tilson of Floydada and Doretta Anderson of Happy.

The dining table was highlighted by a fresh flower arrangement of large mint green carnations, daisies and babies breath which were in keeping with Miss Carthel's chosen colors for her wedding on August 10th.

The "basket shower" gifts consisted of a large variety and style of basketry and woven straw and ratan items.

Delight Them With Dips

It's smart to have something ready to serve at a moment's notice with youngsters at home and vacationing guests and relatives apt to drop in almost any time. That something could be a delightfully seasoned dip or two ready in the refrigerator.

They need only be pulled out and set on a tray with an assortment of chilled fresh fruits of the season, raw vegetables, crackers or chips.

Lighter dips rather than heavy ones are the ideal snack for warm weather eating. Both of the dips given here have a dairy sour cream base. That gives them a tangy, sparkling taste as well as the creaminess for a good dipping consistency, without having to wait for a warm-up to room temperature.

It's easy to season dairy sour cream with lemon juice, then add several complementary spices such as curry, mustard, ginger and garlic salt. That's all there is in the East Indian Dip except for a bit of salt.

For a dip that has a little more substance, use a favorite shellfish such as shrimp, from a can, rinsing and draining it on paper towels. Cut-up shrimp and chili

Size Two, Anyone?

For the smaller-than-average female, some sportswear manufacturers are adding a size two (2) to their lines, reports a clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Others are adding petite sizes 6 and 8, Beverly Rhoades adds.

Mr. and Mrs. Tommy Kendrick of Lometa announce the engagement of their daughter, Kathy Van Kendrick, to Stephen Becker, son of Mr. and Mrs. Weldon Becker of Floydada. The bride-elect is a 1978 graduate of Lometa High School and is presently a sophomore Home Economics major at Abilene Christian University. Her fiancé is a 1977 graduate of Floydada High School and is a junior Agri-Business major in Abilene Christian University. The couple plan to exchange vows in Lometa on September 15 at the Church of Christ.

East Indian Dip

Yield: 1 cup
1 teaspoon fresh lemon juice
1/2 teaspoon curry powder
1/4 teaspoon salt
1/8 teaspoon dry mustard
1/8 teaspoon ginger
Dash garlic salt
1 cup dairy sour cream

Combine lemon juice and seasonings. Gently fold in sour cream. Chill, covered, one to two hours to allow flavors to blend. Serve with fresh fruit of the season.

Shrimp Chip Dip

Yield: approx. 2 cups
1/2 cup (4 1/2 oz.) shrimp rinsed and drained
1/4 cup chili sauce
2 teaspoons fresh lemon juice
1 teaspoon prepared horseradish
1/2 teaspoon salt
1/8 teaspoon pepper
Dash hot pepper sauce
1 cup dairy sour cream

Cut shrimp into very fine pieces; set aside. (This may be done in a food processor or blender.) Combine chili sauce, lemon juice, horseradish, salt, pepper and hot pepper sauce. Gently fold in sour cream and shrimp. Chill, covered, one to two hours to allow flavors to blend. Serve with assorted crackers and chips.

WHAT'S IN IT FOR YOU?

The New Realities In Business

American exports help stem inflation by providing jobs and a positive balance of trade. Increasingly, however, American companies are competing at a disadvantage. As a result, our share of world markets is being eroded, even as foreign competitors make significant inroads on our domestic markets.

In this article, a leading industrialist outlines these new realities and ways that our government can work with—rather than against—American business to help ensure that we can compete fairly.

By Harry J. Gray
A challenge to all American business is coming from the large, foreign government-backed enterprises that are beginning to dominate the world marketplace.

We don't fear competition. We've always been ready and eager to pit our products, technologies, and support systems against others. However, we're facing competition of a different kind: competition resulting from policies of some foreign governments. Through carefully planned merger programs, lavish tax and financing incentives, protective national purchasing policies, and sometimes even through direct government ownership, political considerations have replaced economic ones to a large degree.

This represents a major shift in the traditional free-market relationship between business and the state. It also means a major change in the rules of the game of international competition.

The government-controlled British Steel Corporation is generally seen as a very old and inefficient producer. Yet, in 1977 it was actually underselling the very new and very efficient Japanese steel companies on the West Coast of the U.S. During 1977, British Steel lost over \$800 million. The decision to sell steel at such low prices seems political rather than commercial—probably to keep employment levels up in the United Kingdom.

Another result of the "new rules" has been the emergence of state-backed corporations able to achieve virtual monopoly powers. With the direct help of the Government of Japan, producers like Matsushita and Hitachi developed an awesome production scale. Then the Japanese began to make direct acquisitions of American television manufacturers, which no American company in the business could have done on antitrust grounds. And achieving manufacturing capabilities in America allowed the Japanese to thwart import quotas because they were now resident domestic manufacturers.

If we're going to be able to compete effectively at all against state-backed foreign firms, our government must recognize how the new realities have distorted the free-market rules by which we are required to play.

Floydada Tumbling Classes

Debbie Maines of Lubbock is interested in starting a tumbling class in Floydada if enough interest is shown to warrant the effort and expense. In order for the class to make, 30 persons must participate. Cost for the lessons are \$15 an hour. The lessons would be scheduled to begin in the fall and end in May. Debbie is associated with Briercroft Academy.

Both boys and girls ages 2-18 are eligible to take the lessons, which consist strictly of tumbling, with no gymnastics. To enroll or for further information, call Judy Ogle, 983-2039 after five.

Floyd Data
Mr. and Mrs. Lee Troutman and children Jessie, Josh and Johanna have been guests in the home of Dr. and Mrs. A.E. Guthrie.

The only means of strengthening one's intellect is to make up one's mind about nothing—to let the mind be a thoroughfare for all thoughts. Not a select party.

Poetry

By C. L. Berry Sr.

As I sit here and try my best to compose,
And feel like the bloom of a faded rose;
There is some regret of tasks not finished,
False fear we had at start, but not; diminished.

We built arcades as tall as the tower of Babel,
Foundation we laid, we thought was strong and stable.
We struggled along for awhile with great enthusiasm,

With each failure we made, we came back stronger than ever,
Never egotistic, not too proud, never thinking we were clever.

We worked like the dickens from morning 'till night,
Knelt down to pray when things didn't go right.

Each week day we toiled, at real hard labor,
Often swamped work with our closest neighbor;
It's been a slow year, barely earned enough for our keep,
Every Sunday, helped the Minister, in controlling his sheep.

This year's Diary, will never enter the Hall of Fame,
There'll be no title; not even a name.

BIRTHS

BOWEN
Russell David (Rusty) is the name of the new son of Bob and Lois Bowen of Tucson, Arizona. Rusty was born June 3, weighing four pounds six and a half ounces and is improving daily in the hospital. He has one brother, Nathan.

Mrs. Bowen is the former Lois Hasley, who was employed by Dr. Charles Craig while she lived in Floydada.

Grandparents are Mr. and Mrs. Allen Bowen of Tucson, Arizona, and Mr. and Mrs. Alvis Hasley of Lubbock.

LACEWELL
Ron and Janice are the new daughter of Bob and Mrs. D.J. Phillips of Lubbock. She weighed six pounds, six and a half ounces and has been named Jane.

She has a sister and a brother, Cecil and Mrs. D.J. Phillips.

Grandparents are Mr. and Mrs. W.H. Worley of Lubbock.

LA RUE
Vicki and Joe Amarillo are the new baby girl, born June 30, weighing seven pounds, six and a half ounces, and is improving daily in the hospital. She has a brother, R.L. Richards, and a sister, Mrs. Cecil Boedeney and Mr. and Mrs. O. LaRue of Great-grandparents and Mrs. Ted Lockney and Mr. R.L. Richards.

COLLIS
Mr. and Mrs. Lloyd Collis of Amarillo are the parents of a son, Robert Randell, born July 11 in Amarillo hospital. The six-pound, 14-ounce, 19 1/2-inch-long boy was their first child.

Grandparents are Mr. and Mrs. Randell Collis of Lockney and Mr. and Mrs. Arnold W. Franklin of Poteet. Mrs. Ora Collis of Lockney is a great-grandmother.

Lockney Locals

Leo and Tommy Montandon and their daughter and grandson Cindy and Joey Ward and Tommy's mother Mrs. F.L. Montandon of Tulia visited with their son and family Phillip, Donna and son Roland Montandon, at Hot Sulphur Springs, Colorado, last week.

W.T. and Lavern Cooper were in Kenna, New Mexico, last Saturday to attend a school reunion. W. T. attended school there until he was twelve years old. Also attending were Mr. and Mrs. Fred Cooper of Breckenridge.

Mrs. Warnie [Marie] Leach, entered Methodist Hospital in Lubbock Monday a week ago for tests. She had been a patient in Lockney General Hospital, four days before transferring to the Lubbock hospital.

Mrs. Inez Phillips returned home Monday from Mt. Pleasant, where she had attended funeral services Sunday for her aunt, Miss Annie Horn. Making the trip with Inez were four of her sisters, Mrs. Mattie Schockley, Memphis; Mr. and Mrs. Glen (Winnie) Smith, and Mrs. Ruby Hester, all of

Silverton; and Mrs. Josie Cagle, Quitaque. Mrs. Dolly Cardinal was admitted to Central Plains Hospital in Plainview last Friday and was able to return home Monday.

Kent and Cotii Cox spent the week of July 15-21 visiting their grandparents, Mr. and Mrs. B.W. Cox, and attended vacation bible school at the Main Street Church of Christ. Kent and Cotii are the children of Dwight Cox of Childress. Mrs. Garland Cox from Stamford also visited the Coxes and friends around Lockney and Plainview last week. Mrs. Dwight Cox visited the Coxes Sunday.

Distorting economy

AUSTIN, Texas (Spl.) — Some of the protective actions people take as a hedge against inflation can cause even more inflation, says the director of The University of Texas Bureau of Business Research.

Dr. Charles Holt says such actions usually are prompted when the price of an essential commodity increases and is expected to continue to increase.

"They buy diamonds, jewelry, gold, silver, and land and real estate to the extent that people distort their holding of economic assets," he says. "They're really distorting the economic activity."

Hunters and trappers receiving notices from Texas Parks and Wildlife to renew their hunting and trapping license will be finding a card enclosed in with their renewal notice warning about the danger of rabies.

Hunter And Trapper Area News

Caprock Trapper's Assn. would like to remind everyone that rabies in wild animals is twice as high this year in Texas as it has been in past years. The danger to trappers and those coming in contact with wild animals or handling furs and hides of wild animals are in much more danger of being exposed to wild animals carrying rabies than anyone else.

CRTA got in touch with Texas Dept. of Health in Dickens to get information about the rabies vaccine now available. Caprock is working in conjunction with the Dept. of Health to set up a series of clinics to vaccinate anyone interested in receiving these rabies shots. It is necessary to receive three to four of the shots at one week intervals to be effective.

Although the Texas Dept. of Health can give the shots it is required that a doctor be present. The health dept. is in the process of contacting the state doctor about coming to Dickens for the clinics as soon as they confirm that

A few new books have been brought to the Lockney Branch of Floyd County Library. Among them are two books given to honor the late John T. Terrell, father of Buster Terrell. AUNT HANK'S ROCK HOUSE KITCHEN is a cook book with a story. It was compiled by Georgia Mae Smith Ericson, granddaughter of the Smiths who were early settlers in the area. The book

Highway Use Tax Return

Floydada-August 31, 1979, is the date by which most owners of large trucks, truck-tractors, or buses must file a Federal Highway Use Tax Return, Form 2290, the Internal Revenue Service said today.

The tax year for the Highway Use Tax begins July 1, 1979, and runs through the following June 30, 1980. Vehicles placed in service after July must have Form 2290 filed with the taxpayer's Service Center by the last day of the month following the month a vehicle is used on a public highway for the first time.

According to the IRS, the tax generally applies to single unit trucks weighing 13,000 pounds or more, 2-ax-

Our government must help American companies achieve the strength and diversity they need to compete in foreign markets.

was given by Jerry Ulmer.

The other Terrell memorial book is FOXFIRE 4, given by the Keith Jackson family.

Jean Plaidy's second book in her Norman Trilogy is THE LION OF JUSTICE. This is the historical novel of King Henry and the two brothers he fought for the throne of England. The first book in the trilogy was THE

BASTARD KING.

This same author also writes as Victoria Holt. Under this name she has written MY ENEMY THE QUEEN, another historical novel that has its central figure the only woman who ever challenged Elizabeth I.

Also new in the library are two references HOW TO EARN A COLLEGE DE-

Gas rationing predicted soon

AUSTIN, Texas (Spl.) — A University of Texas expert on energy resources has a dire prediction for America's gas-guzzling way of life: Permanent gasoline rationing two years from now.

That outlook is voiced by Dr. Samuel P. Ellison, who says the energy crisis is here to stay because current energy resources are finite and nonrenewable.

"The 10 gallons of gas you put in your car last week are gone — forever," the UT geologist says. Among his suggestions for coping with the crisis are developing alternative energy sources (such as solar energy, which is renewable), conserving existing energy and controlling world population.

Form 2290 and the free IRS Publication 349, "Federal Highway Use Tax on Trucks, Truck-Tractors, and Buses," are available from IRS District Offices.

Summer Sandwiches

August is Sandwich Month, and that means not only cool summer meals, but back-to-school sack lunches, as well. You don't have to eat out to enjoy those special sandwiches that are so different from the usual ham or chicken sandwiches.

Be creative and try some interesting variations in your own kitchen. Late summer is the perfect time to include some of the wonderful fresh vegetables from the backyard garden. Don't be afraid to add fresh, sliced cucumbers, green peppers, or even crunchy sliced squash to your favorite sandwich. Most kids like carrot slices with their sandwiches, so let them help you prepare these supper summer sandwich treats.

A favorite combination for summer is cheese, mashed avocado, and bean sprouts on whole wheat bread. A special dieter's sandwich might contain cottage cheese, chopped hardboiled egg, tomato slices, and salt and pepper to taste. Add chopped apple to tuna fish, or crushed pineapple to diced chicken. Sandwiches are quick and easy any time. If an active jogger is hungry at breakfast time, he or she might well choose bacon combined with Cheddar cheese and tomato slices.

Even though sandwiches (named after England's Earl of Sandwich), did not originate in this country, Americans eat about 200 million every day, say Dairy Council, Inc. home economists. Nine percent of those 200 million are cheese sandwiches, and brown baggers especially favor them. Yellow American cheese, sliced Swiss, or smooth cream cheese are the overall favorites.

One of the best things about sandwiches is that everyone from junior to grandpa can make their own favorite combination sandwiches. Make sure you have all the "makin'" on hand: lunchmeat or sliced chicken and ham; cheeses and fresh vegetables. Special ingredients like sauerkraut, pickles, avocado and bean sprouts really add to the sandwich. Traditional sandwich ingredients take on a delicious new twist when you put them between raisin bread or light rye. Try unsliced bakery bread, and slice it yourself for the texture your family likes best.

With a big glass of cold milk, these filling sandwiches make a balanced meal. Just take a quick look and you will see there foods from all Four Food Groups: milk, meat, vegetable-fruit and bread-cereal!

Open-Face Chle-A-Cheese
2 cups chopped cooked chicken
1/2 cup dairy sour cream
1/2 cup thinly sliced celery
1/2 cup (2 oz.) crumbled blue cheese
1 teaspoon instant minced onion
1/4 teaspoon seasoned salt
3-4 spiced apple rings

6 slices whole wheat bread, buttered
In a bowl combine chicken, sour cream, celery, Blue cheese, onion and salt. Drain apple rings on absorbent paper. Cut 1 1/2 rings into fourths (6 pieces) for garnish; set aside. Chop remaining rings and add to chicken mixture. Chill to blend flavors. Place leaf lettuce on each bread slice; spread each with about 1/2 cup chicken mixture. Garnish with reserved apple pieces. Makes 6 servings.

Peggy Reves Gets

McMurry Scholarship

ABILENE — Peggy Jill Reves of Lockney has been named to receive the Presidential Scholarship at McMurry College for the coming school year, according to Dr. Thomas Kim, McMurry president.

To be eligible for a Presidential Scholarship at McMurry, a student must graduate in the top quarter of high school class. A score of 21 or more on the ACT qualifies a recipient for additional Presidential Scholarship funds.

Mrs. Reves is a 1979 graduate of Lockney High. She is the daughter of Duard Reves of Route E, Lockney.

electric heat pump

• heats

The electric heat pump is a remarkable device that uses about one half as much electricity to heat your home as a conventional electric heating system. This means substantial savings on your winter heating bills.

• cools

Operating costs for summer cooling are about the same as conventional central air conditioning systems. During summer a heat pump works like a regular air conditioner. A blower pulls hot air from the house and passes it through a filter to remove dust and dirt. The air then flows across a cooling coil to cool and de-humidify the air. It then moves through ducts to all rooms in your home.

• conserves energy

During winter months this cycle is reversed. For the heating cycle, the heat pump does an unusually efficient job. The only electricity it uses is to run the fan and the compressor. This is why heating costs are dramatically lower. Heat is removed from outdoors and pumped inside to heat the house. This is the feature that surprises most people, until they realize that there is always some heat in winter air.

• saves money

Original installation costs for a heat pump are usually slightly more than for separate heating and central air conditioning systems. But depending on your installation, costs may be about the same or even less than for separate systems.

A properly engineered heat pump . . . large enough to do the job . . . will mean important savings to you.

Interview News

By Mrs. Clyde Bagwell

Mrs. Shirley Moore and children visited Mr. and Mrs. E.W. Walls Friday morning. Wayland Bagwell of Los Angeles called us Saturday morning and said he was feeling so much better. Wayland has been sick for some time and spent some time in the hospital, but is home now.

Wednesday of last week several folks out Fairview way received a nice rain. Mrs. C.W. Payne reports 1.110 inches of rain at their home place and about the same amount on the farm of Mrs. Mable Smith that C.W. Payne farms. Here in town we received about 1/2 inch. Mrs. E.W. Walls reported one inch at their place.

Mr. and Mrs. Donald Reecer and Mr. and Mrs. Kenneth Tate of Lockney visited Tuesday night with Mr. and Mrs. E.W. Walls. Walton Wilson visited Mr. and Mrs. E.W. Walls Tuesday afternoon.

Those visiting Mrs. Ethel Graham during the past week were Mr. and Mrs. Joe Dunn, Mrs. Lucille Sisson, Mrs. Floyd Starkey, Mrs. Dolly Emert and Steve and Mrs. Mark Sanders of South Plains.

Sunday visitors in the home of Mr. and Mrs. E.W. Walls were Mr. and Mrs. Clarence Guffee and Mrs. C.W. Denison of Floydada. Mr. and Mrs. Jimmy Forbes and children, Corey, Greg and Windy of Houston, were by the home of Mr. and Mrs. C.H. Wise and Charles on Wednesday.

Mrs. Christine Reid of Lubbock spent Saturday night and Sunday with her sister and brother-in-law, Mr. and Mrs. L.H. Blum. Mrs. Ella B. Hammock of Lubbock was here one day last week visiting in the home of her aunt, Mrs. Kate Crabtree. They also visited her cousins Mrs. Lige Moore and son Robbie who are visiting from Northport, Alabama.

Mrs. Kate Crabtree and Mrs. Lige Moore and Robbie went to Plainview Saturday and visited Mrs. Beulah Jernigan at the Heritage Home. Mr. and Mrs. Brad Beedy of Spearman spent Sunday and Sunday night with his parents, Mr. and Mrs. Bill Beedy.

Mrs. Ray Cook visited Mrs. Gus Hammonds Sunday afternoon. Friday afternoon Jerry and Doug Cook of Sentinal, Oklahoma, visited in the home of their uncle and aunt, Mr. and Mrs. Ray Cook. They were on their way home from a visit at Jal, New Mexico.

Mrs. Kate Crabtree and son Robbie went to the home of Mr. and Mrs. Kay Crabtree and family Sunday afternoon and had dinner with them. Anissa Crabtree spent Thursday night in the home of her grandmother, Mrs.

McMurry Scholarship

ABILENE — Peggy Jill Reves of Lockney has been named to receive a Presidential Scholarship at McMurry College for the coming school year, according to Dr. Thomas Kim, McMurry president.

To be eligible for a Presidential Scholarship at McMurry, a student must graduate in the top quarter of his high school class. A score of 21 or better on the ACT qualifies a recipient for additional Presidential Scholarship funds.

Mrs. Reves is a 1979 graduate of Lockney High. She is the daughter of Duard Reves of Route E., Lockney.

Electric heat pump

Electric heat pump is a remarkable device that uses one half as much electricity to heat you as a conventional electric heating system. It provides substantial savings on your winter heating bills.

Electric heat pumps for summer cooling are about the same as conventional central air conditioning systems. A blower pulls hot air from the room and passes it through a filter to remove dirt. The air then flows across a cooling coil and de-humidify the air. It then moves to all rooms in your home.

Electric heat pumps for winter heating are about the same as conventional central air conditioning systems. The only electricity it uses is to run the compressor. This is why heating costs are so much lower. Heat is removed from outside the house and pumped inside to heat the house. This is why it surprises most people, until they realize there is always some heat in winter air.

Installation costs for a heat pump are slightly more than for separate heating and cooling systems. But depending on the location, costs may be about the same — or less — than for separate systems.

Electrically engineered heat pump... large... do the job... will mean important savings.

Interview News

By Mrs. Clyde Bagwell

The women of the Fairview News are having a picnic. They are having hot pickles.

Wayland Bagwell of Los Angeles called us Saturday morning and said he was feeling so much better. Wayland has been sick for some time and spent some time in the hospital, but is home now.

Wednesday of last week several folks out Fairview way received a nice rain. Mrs. C.W. Payne reports 1 1/2 inches of rain at their home place and about the same amount on the farm of Mrs. Mable Smith that C.W. Payne farms. Here in town we received about 1/2 inch. Mrs. E.W. Walls reported one inch at their place.

Mr. and Mrs. Donald Reecer and Mr. and Mrs. Kennedy Tate of Lockney visited Tuesday night with Mr. and Mrs. E. W. Walls.

Walton Wilson visited Mr. and Mrs. E.W. Walls Tuesday afternoon.

Those visiting Mrs. Ethel Graham during the past week were Mr. and Mrs. Joe Dunn, Mrs. Lucille Sisson, Mrs. Floyd Starkey, Mrs. Dolly Emert and Steve and Mrs. Mark Sanders of South Plains.

Sunday visitors in the home of Mr. and Mrs. E.W. Walls were Mr. and Mrs. Clarence Guffee and Mrs. C.W. Denison of Floydada.

Mr. and Mrs. Jimmy Forbes and children, Corey, Greg and Windy of Houston, were by the home of Mr. and Mrs. C.H. Wise and Charles on Wednesday.

Mrs. Christin Reid of Lubbock spent Saturday night and Sunday with her sister and brother-in-law, Mr. and Mrs. L.H. Blum.

Mrs. Ella B. Hammock of Lubbock was here one day last week visiting in the home of her aunt, Mrs. Kate Crabtree. They also visited her cousins Mrs. Lige Moore and son Robbie who are visiting from Northport, Alabama.

Mrs. Kate Crabtree and Mrs. Lige Moore and Robbie went to Plainview Saturday and visited Mrs. Beulah Jerinigan at the Heritage Home.

Mr. and Mrs. Brad Beedy of Spearman spent Sunday and Sunday night with his parents, Mr. and Mrs. Bill Beedy.

Mrs. Ray Cook visited Mrs. Gus Hammonds Sunday afternoon.

Friday afternoon Jerry and Doug Cook of Sentinal, Oklahoma, visited in the home of their uncle and aunt, Mr. and Mrs. Ray Cook. They were on their way home from a visit at Jal, New Mexico.

Mrs. Kate Crabtree and Mrs. Lige Moore and son Robbie went to the home of Mr. and Mrs. Kay Crabtree and family Sunday after church and had dinner with them.

Anissa Crabtree spent Thursday night in the home of her grandmother, Mrs.

Rules Proposed For Food Stamp Offices

The Department of Agriculture has proposed minimum standards for hours and locations of food stamp offices in order to provide better service to applicants and participants, according to Assistant Secretary Carol Tucker Foreman.

One set of standards is proposed for offices that certify applicants for food stamps, and a different set is proposed for offices that issue food stamps. According to Foreman, the department anticipates that most cities and counties will be able to comply with minimal changes in their current operations.

The regulations call for offices certifying applicants for food stamps to be open a minimum of either 30 hours per month or 35 hours per week, depending on the number of participants in the area. In areas with very small caseloads, agencies may use out-of-office certification procedures such as a traveling caseworker.

County and city offices that issue food stamps must be open a minimum of six hours per week. This requirement may also be met through mailing stamps to participants.

In addition, the department proposes that counties and cities provide both certification and issuance services within 30 miles of all, or nearly all, households receiving food stamps. The exceptions could be granted in areas where people routinely travel farther to shop for food.

Beyond the minimum standards for hours and locations, the department would allow state agencies flexibility in applying the standards to local circumstances. The regulations permit local agencies to determine service needs, and require public participation in the development of local service plans every four years.

The department's Food and Nutrition Service (FNS) published regulations implementing the Food Stamp Act of 1977 in the July 13 Federal Register.

Comments on the proposed regulations must be received by September 13 and should be sent to: Alberta C. Frost, acting deputy administrator for family nutrition programs, Food and Nutrition Service, U.S. Department of Agriculture, Washington DC 20250.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—With the general election little more than a year away, Texas party leaders are jockeying for advantageous positions and doing little else.

A prime concern lately has been the issue of a Texas presidential primary and what political goodies it will bring.

The Republicans, proud of potential nominees John B. Connally, George Bush, Ronald Reagan and Gerald Ford, have already decided to hold a presidential primary.

The Democrats, eyeing the Jimmy Carter-Ted Kennedy struggle on Capitol Hill, are keeping their options open.

Last week the rules panel of the State Democratic Executive Committee voted not to hold a Texas presidential primary, but left the door open to change its decision sometime in the future and opt for a non-binding primary.

Why they left the door open is the subject of much speculation by party regulars around the state.

Rules committee chairman Carrin Patman said the SDEC would have had to lay the ground rules for a binding primary by July 31, but that the party has until March 1980 to make a final decision on the non-binding primary.

In his opinion, Democrats are best served by preserving a future choice between the non-binder and a convention plan.

Which is Better?

Under the convention delegation plan, 104 delegates would be elected from the state's 31 senatorial districts to attend the national convention. Another 34 delegates would be selected at large at the state Democratic convention next June.

Unbound to any candidate, the Texas delegation would have more mobility in selecting the state's best presidential candidate, one argument goes. Another argument is that the convention system builds a strong

Rules Proposed For Food Stamp Offices

Cedar Hill News

By Grace Lemons

Cedar Hill received another inch of rain Monday night and the lakes are full again. The lake east of Cedar Hill has more water in it this time than after the other rains.

The Cedar Hill Baptist Church had a good crowd at church Sunday with several visitors.

The Assembly of God Church closed their revival meeting Sunday night and feel that they were blessed with a good revival.

Rev. and Mrs. Vance Mitchell left Wednesday to attend the Assembly of God Camp meeting and they will return after the services Friday night. Sandra Mitchell will be crowned as Honor Star in the missionette tonight (Thursday).

Connie Welch of Canyon spent the weekend with her parents, Mr. and Mrs. J.A. Welch.

Jessica and Diana Lemons of Lockney spent Friday night with her grandparents, Mr. and Mrs. Carl F. Lemons.

David Lemons spent Sunday and Monday nights with Mr. and Mrs. Phil Lemons and family.

Laticia and Durell Fortenberry, Laticia's mother, Mrs. Stevens and daughter of Floydada accompanied them to Red River Saturday to do some fishing a few days while the fields are wet here.

Edna Beth and Billy Tye of Floydada had dinner with Mr. and Mrs. A.S. Mize Sunday. Walton and Veda Wilson, Floydada, visited with them in the afternoon.

Shelia Jordan of Dallas arrived Tuesday in the home of her parents, Mr. and Mrs. Junior Taylor, and returned home Friday.

Forni Theadford 92, of Graham died Sunday. Her funeral was held at Graham at 2 p.m. Tuesday. She is an aunt of Imogene Fortenberry.

Mr. and Mrs. Troy Smith of Dumas visited Mr. and Mrs. Cephus Fortenberry this weekend and Wesley and Todd returned home with them after spending a week with their grandparents.

Mr. and Mrs. Jim Conner visited Mr. and Mrs. Charlie

Liberals v. Conservatives

There are those who see the presidential primary issue as a struggle between liberals and conservatives in the Democratic party. Sorting out what each faction is trying to accomplish, if that is the case, is no mean feat.

Many conservatives are more than a little concerned that the Republican candidacies of Connally, Bush and Reagan will draw conservative Democrats into the Republican party, there to stay.

If that happens, they fear, conservatives and even more moderates who remain loyal Democrats will be outnumbered by the liberals who can choose a party slate from amongst their ilk.

Some conservatives have gone so far as to express the suspicion that liberals are intentionally purging the party, which may be a little far-fetched. Lieutenant Governor Bill Hobby, Speaker of the House Bill Clayton and Attorney General Mark White, all conservatives, are the Democrats' top office holders.

Cash For Trash

More than \$100 million has been paid out for used aluminum by Reynolds Aluminum Recycling Company. A leader in recycling, Reynolds has 900 collection points across the country paying 23 cents a pound for aluminum cans and clean household aluminum.

For more information, call toll free 800-228-2525. In Nebraska, call collect (402) 572-7888.

Gleeful Republicans

Texas Republicans, meanwhile, are seeing their best chance in a hundred years to assume control of state politics.

For years touted as the party of the wealthy, they now await their opportunity to advertise themselves as a

DRIVELINE

Here's our gas crisis special... Worried about how to get more mileage out of your car? Here are some simple tips that can help you increase your gas mileage up to 25 percent.

KEEP IT CLEAN — a dirty, clogged air cleaner can rob you of precious gas. Engines use 14 to 15 times more air than gas by weight. A dirty, clogged air filter causes engines to burn more gas. Check the air filter by holding it up to a light. If you can't see light through it, replace it... Regular oil filter replacement and properly inflated tires can also contribute significantly.

THE DON'TS OF DRIVING:

- Don't drive with your foot on the brake.
- It's surprising how many people do this unconsciously. It makes your engine work much harder.
- Don't gun your engine when starting, jackrabbit starts at intersections eat up gas.
- Don't drive faster than the speed limit, cars get 21 percent more gas mileage at 55 than cars going at 70. That's two extra gallons in every ten.
- Don't idle that engine, cars waste about a quart of gas for every 15 minutes of idling.

Car roof racks loaded with baggage cause severe wind resistance, which costs up to 17 percent more gas usage. If the rack is necessary, pack your items in a wedge shape, putting the smaller ones up front and the larger ones in the back.

When driving at high speeds, keep your windows up if weather permits. Windows that are rolled down cause aerodynamic drag and a decreased gas mileage. In fact, on long trips lowered windows may cause as much loss as a car air conditioner. For short trips and everyday driving, though, air conditioners are a significant drag on mileage.

Electrical accessories that you normally wouldn't think about also consume gas indirectly. Radios, lighters, hi beam lights and rear window defrosters all activate your alternator to recharge the battery — which in turn makes your engine work harder.

Gas/Electric Dryer

When buying a gas clothes dryer, consider buying a model with an electric ignition system, suggests a housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

By not requiring a pilot light, they save energy and can cut operating costs by up to 50 percent, explains Pat Seaman.

LOCKNEY

August 5, 1971 —

Mention of his all-senior backfield and beefed-up defense brings smiles to the face of Lockney High School Head Coach Jerry Cannon. Lining up in the vital quarterback position for the Hustling Horns will be capable Tony Ford, who likes to throw. He is surrounded by an able cast consisting of compact Pat Bennett, 180 pounder who likes contact. Running from the halfback slots likely will be one of the league's larger tandems: 6'1", 180-pound Charlie Mathis, who scored 44 points last season, and Cleo McGhee, a 6'1", 185 pounder. Underclassmen halfbacks Larry Cunnys, Morris Riddle and Paul Moore could crowd the others for starting offense berths.

Jim Carlen, head football coach at Texas Tech, was scheduled to speak at Sunday-morning services of the Lockney First Baptist Church.

"Three Lockney young ladies are attending the third West Texas State University tennis camp of the summer... the trio are Tony Bybee, Shelley Collins and Diane Fry."

"The largest group ever of outstanding Rice University students, 928, has been named to the President's Honor Roll for the spring semester of the 1970-71 school year... Honored with

selection to the list are: Glenda K. Cummings, daughter of Mr. and Mrs. Kendall K. Cummings of South Plains, and David Franklin Smith, son of Mr. and Mrs. Robert Lee Smith of Sterley."

"Lockney Fireboys have battled their way into the invitational softball tournament finals tonight... Behind the hurling of Dub Hallmark, the Fireboys remained undefeated..."

August 7, 1952 —

"R.L. Knox, Jr., a member of the Lockney Volunteer Fire Department, was painfully but not seriously injured... while fighting a barn fire on the Alvin Wilson place four miles south of Lockney. A fire hose which had a little too much pressure on it whipped around and threw Knox against a plow sweep causing a severe cut on his hip..."

"Rev. O.R. Miller, representing the United Texas Drys, will speak at the First Baptist Church here Sunday morning... The pastor, Rev. J.R. Naylor is away in a meeting..."

"Coaches Curtis Kelly and Elvin Lyon, of the Lockney High School are attending the 20th annual Texas Coaching School at Fort Worth... Main emphasis will be on football with an all-star game scheduled for Friday night of this week."

Instruction Materials Available

Films and other instructional materials available to the public schools through the Lubbock-based Region XVII Education Service Center will be shown to interested citizens during a quarterly one-day review session set for July 27.

The open house is scheduled for 8 a.m. to 5 p.m. at the Media Division of the Service Center, 1218 Fourteenth Street, Lubbock.

Requests to review certain materials may be made by calling 763-5014, the Media Division of the Education Service Center.

The most arid of the world's continents is Australia; two-thirds of it is desert.

Pepper is the world's most popular spice.

viewpoint

Why Wear A Motorcycle Helmet?

If you ride a motorcycle, a helmet can be the most important piece of equipment you own, not only protecting your head from injury but also helping to make you more visible on the highway. Statistics show the head is the most vulnerable part of the body in accidents.

A helmet can be the most important piece of equipment you own.

You can help keep yourself from becoming one of those statistics by reaching for your helmet as automatically as you reach for the ignition key, the Motorcycle Safety Foundation points out. And, the helmet you select should bear a label from the U.S. Department of Transportation, American National Standards Institute or the Snell Memorial Foundation.

For the greatest comfort and protection, a helmet should fit snugly but not tightly. Avoid one that's loose, and remember to fasten the chin strap securely.

It's a good idea, too, to affix reflectorized materials to the back and sides of your helmet and wear bright colored clothing that will make you more visible to other motorcyclists and drivers. You might want to apply reflective tape to your gloves and jacket for night riding.

It's common sense to wear a helmet and other protective gear.

"The man who escapes with clean hands from the management of the world's affairs escapes by a miracle." Plato

Brown rats are no fools. Once a few of their number are killed by poison, older rats sniff what's laid out for them and warn the others.

Bids will be opened at 8:00 p.m. August 13, 1979. L7-26, 7-29, 8-2c

SITTER SKILLS

Help the elementary school children in your neighborhood become good babysitters when they are old enough. While you're around the house, teach them the basic skills of child care as the mother above is doing.

Even when you go out, your responsibility for your baby never ends. Besides selecting an enthusiastic and capable babysitter, you're expected to give the teenager enough information so he or she can take care of any emergency.

Gerber's child care experts, with more than 50 years of experience involving the welfare of children, suggest these pointers:

- Give the babysitter a tour of the house. The kitchen, bathroom and route for emergency escape deserve special attention.
- Tell the sitter where you'll be and for how long.
- Leave a list of important telephone numbers by the phone. Be sure the list includes the number where you can be reached, and the numbers of a nearby friend or relative, your child's doctor and fire and police departments.
- You can also help your elementary school children become good babysitters when their time comes. While you're around the house, teach them the basic skills of child care as the mother above is doing.
- Joint efforts of parents and sitter will make babysitting enjoyable for all, including baby.

Price includes the strongest warranty!

Morton Buildings warranty covers 40 years on posts, 8 years against roof leaks, 5 years on paint and 5 years against wind or snow load damage (including sliding doors). Deaths

John C. Odam

Services for John C. Odam, 69, were Sunday at 2:30 at Calvary Baptist Church in Floydada. Hollis Payne officiated, assisted by Brother J.T. Bilbrey of Plainview.

Mr. Odam, born in Hamlin, moved to Floyd County in 1924 from Crosby County. He and his wife, Decota, were married in 1930 in Floydada. He retired from the Texas Highway Department and was a veteran of World War II. He was a Mason and did volunteer work for Floydada Day Care Center. He was a charter member and a deacon at Calvary Baptist Church.

Women Marines

Young women can get good jobs and great career training in the U.S. Marine Corps. And they receive the same pay as men doing the same job.

Women Marines receive special training for jobs such as accounting, electronics, programming, photo journalism, music, police work, radio repair and many more.

Some women have found they can learn great skills while earning good money.

In addition, each woman Marine receives financial benefits from the Corps to further her education.

She also receives financial rewards according to her rank and specialty, just as male Marines, and a woman Marine's salary goes a long way because so many of her needs are taken care of by the Marines: food, clothing, dental and medical care.

On the Marine Corps base, a woman can enjoy social activities at the Service Club, sports, movies and facilities for pursuing hobbies. With the Corps, she can be assigned to many exciting places, and she also earns 30 days' vacation a year to see them in.

For free booklets about women in the Marines, see a Marine recruiter or call, toll-free 800-423-2600. In California, the toll-free number is 800-252-0241.

AD YOU KNOW?

...that the Baltimore Orioles swept the Los Angeles Dodgers in four straight games in the 1966 World Series, despite a mediocre .200 team batting average, lowest ever for the winner of a four-game series?

...that the Orioles held the defending champs scoreless over the last three games?

...that The Gillette Company is giving baseball fans and other consumers the opportunity to score in the Gillette World Series Baseball Game and win 1980 cars, cash and other prizes?

...that consumers can participate in the World Series Baseball Game by bringing the game piece from early fall issues of national magazines to a participating store where a Gillette World Series display, sporting a baseball-shaped "unscrambler," reveals which prize they may have won. First prize is a 1980 Chrysler New Yorker car plus \$10,000.

...that in the 2nd game of the '66 Series, Jim Palmer, just 20 years old, blanked the Dodgers, 6-0, to become the youngest hurler to pitch a Series shutout.

Per capita consumption of process pickles rose from 3.3 pounds in 1947-49 to eight pounds in 1977.

Survivors include his wife; two daughters, Mrs. Virginia Waits of Hale Center and Mrs. Mary Ann Daramonte of Arizona; a son, Gary Hill of Slaton; his mother, Mrs. Betty Odam of Rockdale; two brothers, B.G. Odam of Escondido, Calif., and Billy Odam of San Antonio; two sisters, Mrs. Dorothy Fisher of Rockdale and Mrs. Onadell Kubly of Monticello, Ind.; seven grandchildren and two great-grandchildren.

Longhorns Picked Last

Football fans are not sure what it means, but the 1979 Longhorn magazine has the honor to finish last in District 4-4A this fall — and all the other teams in the district in a four-way tie.

The magazine's list of Class AA schools, "Tulia is fifth, Abilene is sixth, and Abernathy ninth. Floyd County school is mentioned on the top ten.

The Longhorns' 1978 season, the magazine says "Last year the magazine wouldn't let any Longhorns win a game, though it wouldn't score either..."

Texas says the Longhorns had a better year offensively this year.

Longhorn District 4-4A grid magazine has the honor to finish last in District 4-4A this fall — and all the other teams in the district in a four-way tie.

August 13, 8:30 p.m. Wednesday. The season's first home game when they host the Longhorns.

Longhorn District 4-4A grid magazine has the honor to finish last in District 4-4A this fall — and all the other teams in the district in a four-way tie.
