## Longhorns Hope To Upset Littlefield Wildcats

It will be a battle of unbeaten teams Friday night at Littlefield when the Longhorns take on the Wildcats. Littlefield and Lockney, both with a pair of victories, no losses and a tie, will tangle at 8 p.m., and chances are one team will have an entry in the "loss" column when the contest is over. The "experts" are predicting that team will be Lockney, but Longhorn head coach Jim Warren and his crew aren't so sure about that — matter of fact, they guarantee: "The 'Horns will be there!" And they're going to do everything in their power to make sure that the mark in the loss column goes in

Littlefield's ledger. Warren told The Beacon he'd like to see a huge throng of folks from Lockney at the game tomorrow night. The weatherman is still predicting nice weather for the game, so it should be a pleasant evening — more especially so for the Lockney folks if their Longhorns can upset the favored Wildcats. The Littlefield eleven was ranked sixth in the state in the AP poll last week, but that was before their 0-0 stalemate with Slaton Friday night. First two games of the season, the 'Cats beat Frenship, 35-7, and Levelland, 28-14.

The Longhorns, of course, have defeated Post, 20-6, and Olton, 21-0, and tied with Friona, 14-14. Last year the Longhorns managed to pull off the upset when kicker Johnny Arjona booted a 23-yard field goal with three seconds left in the game, lifting the locals to a 10-7 surprise victory over Littlefield at Mitchell-Zimmerman Field. The Wildcats may not have forgotten that one. This year, the contest is at Littlefield, and it's the Wildcats' homecoming game. Wildcat quarterback Eddie Gregory is an outstanding one, according to Coach Warren, and boy, does he like to throw that football. Last week against Slaton, the Wildcats attempted to pass 38 times (although they didn't get all the passes away). Last year Gregory completed 57 percent of 137 throws for 1,125 yards. He's described as a "golden-armed southpaw" in "Top-O-Texas Football" magazine.

The 'Cats have more than just a super quarterback, though — Warren says they're "a good, balanced football team." Gregory's receivers include tight end Dale Demel, slot back Ruben Torres (who Warren says is Littlefield's best running back, too), and split end Marty Drake. Gregory throws to "any and all receivers," not favoring any particular one, Warren says. The Wildcats are an average-size football team with good quickness, especially on defense, according to the Lockney head coach. Let's talk a little bit about the Longhorns' victory over Olton last Friday: Warren said his troops played an excellent football game (easy to say when your team pulls off a 21-0 upset of a favored opponent). Warren said Bill McCarter, John Fortenberry, Byron Brock, Randy Welch, Devin Turner, and "the whole defensive football team" did an excellent job in the Olton game. That's in addition to fine offensive performances by Junior McDonald, Curtis Ford, Steve Warren and Kevin Evans, chronicled in last Sunday's Beacon.

## Extension Agent Reports On Floyd County Farm Tour

County farmers and agribusinessmen attended the Floyd County Farm Tour which was held September 13, 14 and 15, according to Steve Herber, Floyd County Extension Agent. The tour was held at the Agriculture building in Lockney and progressed toward the community. The first stop on the tour was a variety test, conducted by the Dunlap farm, 3 miles west of Lockney. Fifteen varieties were planted May 29, and some visible differences should be detected. The second stop was on the farm operated by Roger McClendon, a center pivot irrigation system. The center pivot irrigation system for the Floyd County Extension Service and Stanislaus with Lighthouse Electric systems, efficiency of systems, pump efficiency, and the farm tour also observed the mobile Soil and Water Laboratory that SCS uses with landowners and operators in the South Plains. The mobile lab was

built and furnished by the High Plains Underwater District to assist the SCS and the Water District to train and retrain their personnel in all phases of irrigation found in the South Plains area. La Baume said that the workshops that they have held is not to tell the farmer he has to do this or that, but with the data obtained the farmer can decide if he is satisfied with his system or not and change it if he desires. McClendon said he could obtain data on pump efficiency and know how much water was being applied to the land, but the landowner and the pump dealers were the ones who had to decide if a new pump or a reworked one would be better for his operations. The center pivot system was checked a few weeks ago by SCS personnel by using the mobile lab and found that the pattern efficiency was 73 percent, that

the application efficiency was 88.6 percent and by using these two figures the overall efficiency of the system was 64.7 percent. La Baume noted that the 64.7 percent system efficiency was very good for a pivot system and the only data obtained in the test that would be considered "below average" was that there were a few nozzles that were putting out too much water and a few that were putting out too little water, but overall the efficiency was good. The third stop on the tour was at the Orba Miller farm, where the farmers viewed 12 soybean varieties. This test was also established on May 29 with the help of representatives from the Pfizer and Ring Around Seed Companies. Different maturity groups were also shown in this test. The last stop on the tour was at the Larson Fulton Farm, south of Sandhill, where nine corn varieties were viewed

that were established on May 7. Herber said, "The corn varieties, looked very good and very little corn bore damage was noticed."

## Tax Statements To Be Late

Floyd County tax statements will be mailed a week or two late, according to Jonelle Fawver, the Floyd County tax assessor-collector. The delay is a result of having to separate the South Plains and Dougherty school rolls and complying with House Bill 1060 concerning school homestead exemptions and state personal property exemptions, Mrs. Fawver said.

## Local Man Elected To Sorghum Producers Board

A Floyd County man was among four candidates elected this month to the Texas Grain Sorghum Producers Board. Albert Scheele, of Lockney, received 282 votes in the 29-county election by grain producers to entitle him to a six-year term on the board. Also named to the producers board were Dennis Anthony, of Friona, John Gilbreath, of Hart and Steve Lee, of Hale Center. There were 398 votes cast in the election with a maximum of two votes going to any one of the sixteen write-in candidates. The canvassing committee members were Rodrick Shaw, Lubbock County judge; Randy Upshaw, Lubbock County agent; Bob Gray, Texas Department of Agriculture assistant marketing director and Elbert Harp, TGSPB executive director. The TGSPB works to solve production problems, develop new markets for sorghum and provide information on grain marketing.

## Decision Due On Mackenzie Treatment Plant, Pipelines

The mayors, city councils, representatives of the Mackenzie Water Authority board which includes the membership cities of Floydada, Lockney, Silverton and Tulia came together in a meeting at the Mackenzie Lake Tuesday night to hear bond specialist Joe Smith of First Southwest Company. Smith told the group that due to

skyrocketing inflation and declining underground water levels for this area, some decision should be made now about a treatment plant and pipelines from the lake to the membership cities. Smith outlined both tax and water rate increases should the decision be made now. The city councils have agreed to make further research and

come up with a decision for or against a bond issue very soon. More details of the meeting next edition.

### 'Angel Dust'

WE WENT ON THE ATTACK against "angel dust" last year and early indications are that we're meeting with some success.

Last fall Congress passed and the President signed the Bentsen Bill which clamps down on the illegal manufacture and sale of this animal tranquilizer.

The call it "angel dust," but it is the devil's own brew. I call it the most dangerous illicit drug in use today, bar none.

When "angel dust," also known as PCP (phencyclidine hydrochloride), was developed in the mid-50s, it was viewed as a promising new anesthetic for use in operating rooms. Research, though, established that it was causing psychotic reactions in large numbers of cases. In other words, it was literally driving people mad so it was barred completely for use on humans.

Today the drug can still be used legally on some large animals, though not all of them. The National Park Service found this out the hard way. They objected to my legislation as it wound its way through Congress last year, claiming my bill would make it difficult for them to tranquilize Grizzly Bears. They dropped that objection when advised by the Drug Enforcement Administration that they were not supposed to use "angel dust" on Grizzly Bears anyway.

A case from the files of the Los Angeles Police Department shows graphically how "angel dust" can derange the human mind. TWO OFFICERS ANSWERED a call involving a "mental patient" brandishing a knife. What they found was a young man, under the influence of "angel dust," who attacked them. He hung onto his knife with a "death-like" grip even though the officers hit his hand repeatedly with their night-sticks, hard enough to shatter the knife's handle. It took six officers to finally subdue him and when they did he still clutched the knife blade in his hand. Later, x-rays showed his hand was broken in four places.

There are other horrifying cases: a 29-year-old man bit his forearms almost to the bone after smoking a marijuana cigarette laced with "angel dust" and experiencing "auditory hallucinations" telling him that his hands had offended him; a young person drank rat poison to kill the rodents he believed had infested his body.

In San Antonio early this year "angel dust" was involved in a "sniper" incident in which two women and several others before turning themselves in. Sadiq, "angel dust" is one of the most abused and across the nation. It is the most dangerous illicit drug in use today, bar none. One reason for the low cost — a milligram "hit" for a school lunch an eighth can literally blow a man's mind forever. ANY PERSON WITH a few dollars can manufacture "angel dust" at home, or even risk of blowing himself up with volatile chemicals used in the manufacture of "angel dust." The Bentsen Bill imposes a 26 month penalty for first time in "angel dust" from a \$15,000 fine to 10 years in prison. The bill also makes manufacture "angel dust" that persons who possess piperidine — one of the ingredients — show possession of "angel dust." The names of purchasers furnished to DEA. I chose piperidine because it is a small amount of a common country — only \$500 per pound — compared to 27 million pounds and because it has legitimate uses in curing hardening uses in curing plastics. I want to reduce the number of government nightmares of government nightmares. Drug Enforcement Administration Peter Bentsen advised me this summer that "angel dust" is a high degree of danger. Bentsen reported that there has been a high degree of danger in the new law. "Angel dust" is a serious problem in some areas where around the world are going on the streets. The first word from the field

AUSTIN — Work crews have yet to cap the off-shore oil well spewing barrels of crude daily into the Gulf of Mexico, but all the early indications of a courtroom collision between Gov. Bill Clements and Texas Attorney General Mark White apparently will be realized.

White told reporters last week he will sue SEDCO, the drilling company founded by Clements, and Mexico's nationally owned oil company PEMEX sometime this fall.

SEDCO is now run by the governor's son, B. Gill Clements, while the governor's stock is in a "blind trust." Though the governor may never appear in the courtroom, the political effect of the lawsuit will re-main the same: one of the state's top Democrats will confront the top Republican state official.

White said he will allege negligence on the part of SEDCO, which had leased the off-shore rig used by PEMEX to drill the blow-out well.

"It (the blow-out) wasn't an act of God. This thing occurred apparently because of mismanagement, negligent operation, negligently maintained equipment, whatever," White said.

He added that SEDCO's subsequent sinking of the damaged rig in deep international waters on July 12 "cast grave suspicions on everything they (SEDCO officials) have said" about the company's role in the blow-out.

White said he expects to delay until after President Jimmy Carter and Mexican President Jose Lopez Portillo meet Sept. 28 and 29.

Clements in Yugoslavia. Clements, meanwhile, has been unavailable for comment while leading a Texas delegation tour of several Communist-block countries.

When he returns he will find a message on his desk from Speaker of the House Bill Clayton saying there is no political support for a special session of the Texas Legislature.

Clements had promised to call the legislators back to Austin to pass an initiative and referendum bill, among other issues, but Clayton advises the legislators who failed to reach agreement on the issue last spring would

Short Notes. Billy Goldberg, the current party chairman, will not seek re-election. Instead, he has announced he will join the movement to draft Sen. Edward Kennedy for the Democratic presidential nomination.

Col. Wilson E. Speir, director of the Texas Department of Public Safety, will retire on Dec. 31. The veteran law enforcement officer, 62, gave health problems and age as his reasons for stepping down.

A \$20 million miscalculation by the staff of the Public Utility Commission may result in a higher-than-expected rate hike for a telephone company.

The PUC staff had recommended a \$136.4 million hike, but following discovery of the error, it changed its recommendation to \$156.4 million, about \$9 million more than the company can receive legally.

Congressman Charles W. Stenholm Congressional Comment

To paraphrase an old story, there was once a man who built a mighty house; a beautiful house complete with scores of rooms, enough, in fact, for every man, woman and child in the village.

And the people were in awe of the gift and they rushed to move into their new homes, as their old ones were in sad repair and they could not afford to rebuild.

But, while that towering house was a masterpiece of gingerbread from the doorstep to the highest turret, the builder had put all of his money into the beautiful shell of the house and had neglected to construct a foundation.

We are now facing an economic slowdown, along with rampant inflation and declining productivity. During past periods of recession, the Congress has built a gingerbread house in an attempt to solve the problems by settling on programs aimed at stimulating the economy through increased Federal spending.

These measures have fueled inflation because more consumer dollars are being chased by fewer goods. Pumping up the demand for goods only gives short-term relief to a sagging economy and does nothing to correct the structural inefficiencies in the marketplace — the foundation — that are responsible for stagnating growth.

It is time for the rebuilding of the foundation of our economic strategy. The emphasis should now be placed on the supply side of the economy. Policies which expand our capacity to produce goods and services more efficiently are the most effective in dealing with our current economic problems.

You fight inflation and recession by producing more goods, cheaper, not by lengthening costly unemployment and welfare rolls.

In order to promote productivity, changes must be made in our tax laws. I have co-sponsored the Capital Cost Recovery Act, designed to encourage real economic growth by stimulating investment in more efficient plant and equipment. This legislation would scrap existing depreciation schedules for fixed assets and substitute in its place a simplified system of rapid depreciation.

The proposal would allow a 10 year writeoff for buildings, a five year writeoff for equipment and a three year writeoff for limited investment in cars and light trucks. This is no "quick-fix," gingerbread solution, but a long-term attempt to make the United States more competitive in world markets.

Among major industrialized nations, the United States is 18th in both economic and productivity growth over the past 10-year period. In 1976 the actual rate of fixed business investment was 9 percent of the Gross National Product, compared with 20 percent for Japan and 15 percent for West Germany. We cannot continue to ignore the facts. Our economic position in the world is in decline. The choice now before us is whether or not we have the courage to reverse this trend — before the gingerbread house falls on us. Clearly meaningful tax reforms, such as the Capital Cost Recovery Act, would be at least a beginning in the building of a strong economic foundation.

# Lockney Care Center Family News

Myrtle Burke, knitting a pair of socks; and Bill Payne. "Visiting" with the residents were volunteers Frank Guerra of Plainview and Cherilen Russell of Lockney. The radio in this scenario was loaned to us by Carl Lee, Jr. of White's Auto; the couch was borrowed from Carol Tickle, Medication Aide at the Lockney Care Center; bonnets and dresses were loaned by Lavonna Pitchford of Lockney; and braided rugs were loaned by Myrtle Billington, a resident. Enjoying entertainment of the 1970's were residents Leon Marble, Sally Carpenter, Myrtle Billington and Lewis Roberts. This scenario was made possible through several loans: James Steele, portable color T.V.; Myrtle Gibson, dollies; Myrtle Billington, table; Lewis Roberts, a small modern toy tractor; and residents, a bouquet of silk roses.

"Visiting" with the residents were Lockney Care Center employees Dorothy Scarborough, Director of Nurses; Janie Martinez, aide; and Carol Tickle. Johnny Wisdom furnished the tractor that pulled our float. Riding on the tractor with Johnny were Cristina Luna, aide, and Yvonne Steele, Activity Director. The lo-boy trailer was borrowed from Randy Henderson. Bill Pitchford delivered the trailer and Cecil Carthel returned it.

Carrying the theme, "our Senior Citizens Through 26 Years of Progress" were "adopted" grandchildren Ron and Steven Cates, Tricia Steele, Samantha Hooten and their friends, Louise and "Rabbit" Lopez. The signs were hand-lettered and painted with the help of Cherilen Russell, Yvonne Steele, Dorothy Scarborough, Frank Guerra, Huette Scarborough and 8th grade art students, Connie Sanchez, Christina Juarez, and Carmen Rodriguez. Also helping to get the float together were Mary Driver, Activity Consultant, Mrs. John Dorman, Rex and David Holt.

We were also happy to help Claude and Sally Carpenter celebrate their 70th Wedding Anniversary Wednesday afternoon with cake and punch. We met their son, Marion and wife, Foye, and former neighbors of their son from Dallas, Mr. and Mrs. W.A. Stanfield. Later that afternoon the Flomot Baptist Church involved us in a "Country Fair" Party that we thoroughly enjoyed.

We bobbed apples, rolled potatoes, sang, laughed, and ate cookies, punch, and fruit. The scented candle favors, decorations, and piano and fiddle music added to the "Country Fair" atmosphere.

Joe Clay, of Quitaque, donated several watermelons after the party.

Believe it or not we still had time for a Bingo Game Tuesday. Alpha Kitchens, Myrtle Burke, Bill Payne, and Bill Holt won several games apiece; Myrtle Burke and Bill Holt tied as blackout winners.

We want to extend a WELCOME to a new resident, Mildred Hilton, of Lockney, and a WELCOME HOME to John Turner from Lockney General Hospital. Ruby Muncy is in the local hospital.

Again, we want to THANK everyone who has helped us this last week! And a special thank you to the Fair Board for the free passes.

### DeLara Julian Weds William E. Barnes

The First Baptist Church was the setting at 7 p.m. Saturday for the marriage of DeLara (Dee) Sheree Julian and Dr. William E. Barnes. Dr. Robert Sloan led the couple in repeating double ring vows.

The bride is the daughter of Mr. and Mrs. Terry Julian of Roscoe and parents of the bridegroom are Mr. and Mrs. Les Barnes of Puyallup, Washington.

Highlighting the altar was an arch canopy entwined with lemon leaves, English ivy, boxwood greenery and gypsophelia. A background of cathedral candelabras flanked by arches of candles were trimmed to match the center setting. Arrangements of Rubrum lilies, candlelight gladioli, suede rose carnations, candles and emerald greenery accented the musician lofts on each side.

Pews were marked with votive candles in Colorado spruce, suede rose carnations and gypsophelia.

Meredith Miller of Abilene was at the guest register table which was laid with a lace cloth from Brussels, Ireland. Marking the table center was a bottled arrangement of silk flowers topped with votive candles.

Robert Williams, organist and Mrs. Don Pessnell, pianist, rendered nuptial selections. The organist played the processional, "Trumpet Voluntary." Mrs. Pessnell accompanied Mr. and Mrs. Lanny Wilson of Abilene as they sang "It Seems I've Always Loved You," and "Saviour Like A Shepherd Lead Us."

After prayer of blessing as the couple knelt, the organist accompanied Mrs. Wilson as she sang "At This Altar." The recessional "Wedding March" was by the organist.

**Bride**  
Entering with her father, the bride chose for her wedding a gown of candlelight satapaeu and imported chantilly lace. The moulded bodice was overlaid with lace which traced the petal neckline. The full gathered Bishop sleeves were caught at the wrist with wide cuffs of lace. A wide band of lace on the circular skirt formed an apron effect in the front. The lace was repeated on the

skirt which flowed into a chapel length train. Hand-clipped lace medallions were scattered on the gown. Seed pearls enhanced the lace trim.

She chose a fingertip length veil of illusion framed in lace.

The bride carried a crescent of candlelight roses, stephanotis, gypsophelia, Rubrum lilies and huckleberry accented with satin streamers and white English ivy.

The bride's something new was her gown, something blue was her garter, a gift from Mrs. Martin Brooks, something old was a pearl necklace, which had been a wedding gift from her father to her mother, something borrowed were pearl earrings from her maternal grandmother, Mrs. M.M. Julian of South Plains.

**Attendants**  
The bride's matron of honor was Mrs. Ken Roberts of Abilene and bridesmaids were Janie Payne and Lynn Soisson both of Abilene, Kristi and Mitzie Julian of Floydada, cousins of the bride.

Flower girl was Charissa Sloan. She wore a candlelight organza frock.

Ringbearer was David Young of Abilene, cousin of the bride.

Best man to the bridegroom was Dr. Craig Mills of Abilene, and groomsmen were Dr. Denny Holder of Abilene, Dr. Don Bennett, Dr. Rick Schaffer, both of Colorado City and Dickie Julian, brother of the bride.

Candles were lighted by Greg and Jeff Althof, cousins of the bride.

Guests were seated by

Daylon Althof and James Cleckler both of Roscoe and Gary Kafer of Gatesville.

**Mothers**

The mother of the bride chose a huckleberry colored gown and the bridegroom's mother was in a taupe gown. They both wore orchid corsages.

**Reception**

Immediately following the ceremony a reception was held in fellowship hall of the church.

In a garden setting the decorations featured a flowing fountain with greenery and a bird bath holding satin roses.

The bride's table was laid with a white floor length cloth and centered with silver candelabras holding suede rose candles and adorned with Rubrum lilies, huckleberry mini carnations and gypsophelia.

Silver and crystal appointments were used to serve the four-tiered cake topped with silk wedding bells. Punch, mints and spiced pecans were also served.

The bridegroom's table was laid with a floor length candlelight cloth edged with ribbons. A copper honey-moon car centered the table. German chocolate cake was served with coffee from a copper service.

A round lace-covered table held frosted grapes and a variety of cheeses.

Serving were Mmes. David Duncan, Beep Cain, Randy Whorton, Daylon Althof, Scott Fullwood, Keith Hackfeld, Paul Hurst, Misses Teresa McFaul, Nanette Brunton, Becky Gardner, and Mary Althof.

In the houseparty were Mmes. Ernest Parrott, Laura

Mrs. William E. Barnes

When the newlyweds departed on a wedding trip to Dallas, the bride was wear-

ing a huckleberry and suede rose colored ensemble. She wore matching accessories.

When the couple returns they will be at home in Commerce.

## Open House Honors Mrs. Boedeker

By MARIE HARRIS  
Herald Staff Writer

An independent little Plainview lady, who will be 95 Tuesday would like to live in Ruidoso, N.M. if she were younger. The trees and streams there remind Mrs. T.H. Boedeker of her native land, Germany.

MRS. T.H. BOEDEKER was 95 years old Tuesday.

MRS. BOEDEKER was honored with an open house celebrating her 95th birthday Sunday afternoon at the Hodel home, 1403 Holiday St., Plainview.

"Another pretty place is Phoenix," said white-haired Mrs. Boedeker. "She likes to get out and go", added her daughter, "and she goes every time the car does."

Mrs. Boedeker walks with a walker after breaking her hip in November. She is able to take care of herself, despite surgery at 90, and mishaps throughout her life, including being in three car accidents. "I was crippled up — in the first wreck had a broken thigh — but I always came out alive!" she exclaimed.

EVEN AS A child, Mrs. Boedeker was accident prone. The former Emma Schmidt, she was born in Province Possen in East Prussia Sept. 25, 1884 and in 1890, when she was 6 years old, came to America and with her parents, Mr. and Mrs. Herman Schmidt. Aboard the Elby, a German ship which brought them to New York in 22 days from Bremen, Emma was nearly washed overboard when a big wave knocked her down, but a sailor saved her. "I was just prowling around the ship," she recalled. "The sailors always had something to give me."

From New York City, the Schmidts sailed to Galveston aboard an American ship, Vera, and settled in Brenham where her mother's sister and family had already come. Emma's father, a farmer, died when she was 12 years old, and her mother and all the children had to work in the fields. Emma picked cotton and chopped weeds. "That's all I knew," she said. "We worked not only in the day but also at night."

She remembers that they had enough to eat, but it was not much food anyway. "In those days there was not much food anyway," Mrs. Boedeker explained. "My mother always fixed buttermilk soup, potatoes and bread and what she cooked was good. We had no canned goods then." Emma learned to cook, not from her mother, but while working in a cafe in Summerville.

MRS. BOEDEKER reminisced about how she raised cabbages and put them in a trench, covered with two layers of dirt and they kept all winter. Sometimes she made as many as 55 gallon barrels of sauerkraut, put grape leaves on the top and the kids would come by and grab a handful. The Boedeckers had their own cattle and hogs for meat. "We killed seven hogs one year," she commented.

"Mother made such good bread, pies and cobbles," Mrs. Hodel said. Her baking ability apparently rubbed off on Mrs. Hodel who is chief baker at Furr's Cafeteria. Hodel is maintenance man at Furr's.

Emma had very little schooling. Most of what she had was as a very small child in Germany where she was taught by a pastor. She was baptized in the Lutheran Church in Germany and at 15 was confirmed and now is a member of St. Paul's Lutheran Church in Plainview.

AFTER THEIR MARRIAGE, Aug. 17, 1905, Mr. and Mrs. Boedeker lived in Channing five years, where he operated a meat market and helped build the courthouse. They came to Plainview in 1908 and moved to Waco in 1911. They returned to this area in 1915 and farmed about 15 miles northeast of Plainview in Floyd County. Boedeker died Dec. 24, 1959 and she continued to live on the farm two years. In 1962 Mrs. Boedeker moved to Plainview and lived alone until making her home with her daughter 12 years ago.

Her other children are Edwin Boedeker, precinct judge in Lubbock; Charlie Boedeker, who farms in the Providence Community; Bill Boedeker of Levelland, district attorney in Hockley County; Helen McDonald of Lockney; and Emma Bontke of Kress. She has 13 grandchildren and 10 great-grandchildren. Of her three brothers and one sister, the last one, Willie Schmidt of Plainview, died in June 1978.

**PERMANENT PRESS — HOW TO BUY, SEW**  
Easy-care permanent press fabrics need special buying and sewing "know-how" — to avoid possible problems.

**CHOOSING PATTERNS**  
For permanent press — or durable press — fabrics, choose a pattern with few seams and details.

Avoid those with topstitching or pleats — or sharp creases or long zippers in straight seams. Consider designs with button closures instead of zippers.

Also, since these fabrics are difficult to ease, choose styles with little fullness. Soft gathers and folds give best results.

Bias darts and seams look better than straight ones which tend to pucker.

**CHOOSING FABRIC**  
Buy only fabrics that are on-grain, since permanent press fabrics cannot be straightened.

Make sure the crosswise grain is at a right angle to the selvage.

Avoid fabrics with uneven color or strong chemical odor.

Examine the fold made when the fabric was rolled onto the bolt. Since the fold may be impossible to press out, be sure the garment design avoids using the fold.

Also, look for fabrics with soil-release finishes aid stain removal in laundering.

Finally, ask for care labels with the fabric. Sew them to the garment for reference.

**CHOOSING NOTIONS**  
Select permanent press interfacing and trims, washable buttons and notions with the same easy-care qualities as the fabric.

**PRESHRINK FABRIC, NOTIONS**  
Before cutting, preshrink all fabrics, trims and zippers — by following the fabric's washing and drying instructions.

BY MRS. CLYDE BAGWELL

September 24 — Talking around over the community we found some farmers have their wheat sown, but most think it is a bit too early. We are having lovely Indian summer weather at the time. Last week we had some rather cool fall nights, but by the calendar, fall began Sunday September 23.

We sympathize with the family of Elbert Parks, whose funeral was held Saturday afternoon at Calvary Baptist Church at 2:30. We have known the Parks family nearly 50 years.

Ricky Upton of West Texas State at Canyon, and Lyn Allen of L.C.C. of Lubbock opens the weekend with Ricky's grandparents, Mr. and Mrs. L.H. Blum. Ricky and Lyn are residents of Los Alamos, New Mexico, when they are not in college.

Mr. and Mrs. Grady Reeves of Plainview and Mr. and Mrs. Randall Reeves and girls, Nicole and Angie also of Plainview, visited Saturday night with Mr. and Mrs. T.L. Perry and family.

Tom McGuire of Lubbock spent the weekend in the home of Mr. and Mrs. Bobby Cozby and Kara.

Saturday afternoon Kara Cozby attended the birthday party honoring Denika Dudley on her third birthday.

Mr. and Mrs. Randall Warren of Lubbock visited Sunday afternoon with his parents, Mr. and Mrs. Bud Warren.

Sunday Mr. and Mrs. Kay Crabtree, Becky, Sam and Anissa, visited Kay's mother, Mrs. Kate Crabtree, and had dinner with her.

Lee Burton visited Mr. and Mrs. Ray Cook Saturday morning.

Mrs. Ray Cook heard from her granddaughter who was in San Diego, California for the weekend playing volleyball. She is the daughter of Lt. Col. and Mrs. Keith Whitfield and is attending the University of Texas at Austin.

Ross and Zane Colston spent Monday with their aunt, Ann Swepton.

Sunday dinner guests and visiting for the day in the home of Mr. and Mrs. Bill Tye were Mr. and Mrs. Jim Tye, Britta and Joshua of Lubbock; Mr. and Mrs. Fred Marble, Kelly and Cindy of South Plains; and Mr. and Mrs. Weldon Pruitt, Greg, Karen and Christy.

Mr. and Mrs. Walton Wilson visited Sunday afternoon with Mr. and Mrs. Albert Mize.

Those visiting Mrs. Ethel Graham the past week were Mr. and Mrs. Harold Huggins, Wendell Graham, Mrs. Tom Pearson and daughter De'Lene Pearson and Niki Thomas.

Maurice Burton of Lubbock visited in the Lee Burton home Saturday with Lee and Carolyn. Others visiting in the Burton home during the week were Mrs. E.W. Walls on Monday and Mrs. Shirley Moore and children on Thursday.

Carolyn Burton visited Mr. and Mrs. Floyd Starkey Friday.

Mr. and Mrs. Bill Beedy visited Mr. and Mrs. Woodrow Wilson Sunday night.

The report we had Monday morning from Mrs. Edell DuBois, who is still a patient in West Texas Hospital in Lubbock, was that she was feeling much better.

# Public Invited To Harvest Festival

Members of First United Methodist Church of Lockney are putting the finishing touches on items they will donate for the first Harvest Festival to be held Saturday, Sept. 29.

Paintings, quilts, afghans, a deacon's bench, a wooden planter, tool caddy and small wailing well, large plants, tote painted articles and wall hangings are among the items already given to the auction sale which will begin at 1 p.m. Saturday.

A turkey and dressing meal, cooked by ladies of the church, will be served from 11:30 a.m. until the auction.

Menu will also include green beans, candied sweet potatoes, cranberry sauce, tomatoes, and pecan or pumpkin pie. Tickets are \$3.50 for adults and children over 10 years old, and \$2.50 for younger children.

In addition, a "Country Store" for smaller items and plants and possible Christmas decorations will be open. A "Sweet Shop" will offer for sale baked goods, jellies, etc.

The youth of the church will conduct a car wash from 9 to 11 a.m. at the church with proceeds to be donated to the Harvest Festival fund.

The public is invited to attend and share this first Harvest Festival with the congregation of First United Methodist Church of Lockney.

### FLOYD DATA

Visitors in the home of Mr. and Mrs. Bill Womack this past weekend were Mr. and Mrs. Ricky Copp and Jody of Lewisville. The group attended the Floydada-Post game in which the Womacks' son, Tracy, participated.

## o-Day Har

## ON LIGHTS

by Jim Huggins

AR IT for the Lockney who sponsor the live broadcast Longhorn football games on Plainview. Davis Lumber, Department Store, the First Bank, and Bacuss Motor are making it possible for us who can't make it to the arena to hear the play-by-play live on the radio. Go to your can, but if you can't — bring games are scheduled to TX: Seymour at Lockney, Lockney at Lockney, Lockney at Floydada at Lockney, Three Longhorns — the ones against Friona, Littlefield — have already been at the newspaper to plug their (in this instance the radio), but I think it's a good idea to mention it to the sponsoring group, if you like the idea.
