ss ("paying the bills,"

The first Lockney scoring drive to the Lockney 24-yard line, then two Alaniz picked off a Styles aerial and plays later scored from 20 yards out, a minute and 15 seconds deep in the second quarter. But Barry Young's conversion kick went astray, leaving the visitors with only a three-point lead.

The Longhorns appeared to be in trouble when the Panthers claimed the ball at the Lockney 17 on the kickoff. But they netted only a yard on three running plays, and Young tried a 35-yard field goal which missed the

The Big Red offensive machine then put together a 12-play, 56-yard drive, but they wound up four yards shy of the marker on a fourth-down play at the Seymour 24. The drive featured some hard running by Ford and Roel Rodriguez, and an 11-yard pass completion to Arnold Alaniz which kept the drive alive near midfield.

The teams finished out the first half by swapping punts and interceptions.

returned it to about the 50 as time ran out in the second quarter.

The Longhorns opened the third period with another good-looking drive, but this one too fizzled at the Seymour 30. It started (after the kickoff return) at the Lockney 22. Ford got most of the yardage, including 25 yards in one hunk on the second play of the drive. Rodriguez showed some more hard

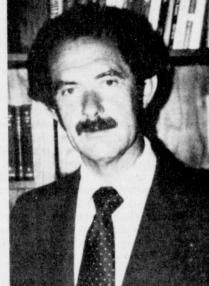

The Longhorn defense stymied Beamon on the next series, allowing him just eight yards on three rushes. But Styles' punt rolled all the way to the

Longhorn two-yard line — a 60-yard

The 'Horns were flagged for a personal foul. It only cost them a yard, but it set the football mighty close to the wrong goal line.

They netted only a yard on three plays, and Alaniz had to punt from the end zone. It was a good one, carrying to the Lockney 47, but the 'Horns found new life when Seymour was assessed 15 penalty yards on the play.

Alaniz had to punt again four plays later, though. He booted it 50 yards, backing up Beamon, who dropped the ball, picked it up, and lost five yards on CONTINUED ON PAGE 3

REV. BOBBY MC MILLAN

DAVID CAMERON

### Bullock Rep In Floydada Thursday

State Comptroller Bob Bullock is sending a representative from his Lubbock office to Floydada on Thursday, October 11, 1979 to assist local taxpayers and answer questions about

Bullock said enforcement officer Gene Cannon will meet with local taxpayers at the Floyd Couonty Courthouse - Room 104 from 10:00 to 12:00. "If Floydada-area merchants, or

anyone else for that matter, have any questions about state taxes or need help in preparing tax forms, Mr. Cannon will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office and we believe these face-to-face sessions with taxpayers help do just that," Bullock added. Bullock reminded those taxpayers

who are unable to meet with his representative on Thursday, October 11th that they can still get their questions answered quickly by calling his TOLL-FREE tax information number in Austin. That number is 1-800-

The Lubbock office, headed by Vance A. Porfirio, serves Lubbock and surrounding counties.

The Rev. Bobby Joe McMillan will preach at a revival meeting October 14-17 at the First United Methodist

Church of Lockney. The music team for the four-day revival will be the Cameron brothers.

David and Jimmy. Services are scheduled at 7 a.m. (breakfast and preaching;, 10 a.m. (Bible study) and 8 p.m. (evening worship) each day during the revival.

REV. MC MILLAN

The Rev. McMillan is a native of Big Spring and a graduate of Big Spring public schools (1957) and McMurry College in Abilene (BA degree, 1961). He entered seminary at Perkins School of Theology at SMU in 1961 and received the Master of Theology Degree from Perkins in 1964.

#### Methodist Revival Starts Next Sunday His first official position as an employee with a local church as an

as youth director of the Lockney Methodist Church in the summer of 1959. While still a student at McMurry.

he served as a student pastor at Camp Springs and Ira in 1959-60, and at Dunn and Buford in 1960-61.

The Rev. McMillan was ordained Deacon in 1962 and Elder and received as a full member in 1964 in the Northwest Texas Conference. In addition to the student appointments, he has served as pastor of the St. Luke Church, Colorado City; the Trinity Church,

Snyder; the Agape Church, Lubbock; and the Friona United Methodist Church, Friona. He is presently serving as pastor of the First United Methodist Church at Canyon.

**DAVID CAMERON** 

David Cameron is a Stratford native who graduated from McMurry in 1971 with a degree in church music and religious education. He attended Perkins School of Theology for one year following graduation from McMurry. Cameron received a teacher's certification in music from WTSU. He was consecrated as a Diaconal Minister at the Methodist Annual Conference this

He has worked in areas of music and education at the First United Methodist Churches of Floydada, Abilene and Canyon. He is married to the former Sarah Schacht, and they have two children, Jered and Leah.

JIMMY CAMERON

Jimmy Cameron, also born and reared in Stratford, graduated from Stratford High School and started college at Goodwell, Oklahoma, majoring in agriculture. He transferred to McMurry and received a BA degree in

## **Young Singles** To Organize In Floydada

There will be an organizational meeting for a Young Singles Club in the Community Room of Floydada's First National Bank, Thursday, October 11 at 7:30 p.m. All young singles in the area are cordially invited to attend this first meeting. The major topic of discussion will be what kinds of activities the group is interested in starting together. Refreshments will be served.

Dennis Swearngin, pastor of Floydada's First Christian Church, will attend this meeting to offer the assistance of that congregation. However, the group will be non-denominational in nature, and all young singles are most 1965 with a major in Religious Education and a minor in Church Music. He continued his education by going to Perkins School of Theology for three summer sessions to become an Associate in Christian Education. He became a Diaconal Minister at Conference in

Abilene on June 1, 1977. He has served in the education, music and vouth departments at Methodist churches at Borger, Midland, Levelland, Vernon, Dumas, and Guymon, Oklahoma. He is in his third year at Means Memorial Methodist Church at

Andrews. Cameron (when he can find a little time) enjoys going to a nearby ranch and helping to work cattle. He also raises, breaks and trains quarter

### 'Expanding Horizons' Is 4-H Week Theme

National 4-H Week is the focal point of the annual 4-H calendar, a time when members and leaders can look at the past with pride as well as look to the future with anticipation. National 4-H Week this year will be

observed Oct. 7-13, with the theme being "Expanding Horizons." The Extension Service is the parent organization of 4-H.

4-H is expanding youths' horizons as they seek new knowledge, acquire life skills and build on personal strengths 4-H inspires youth to stretch the limits of self, to reach out, share and learn with others. 4-H challenges youth to set high goals and to achieve them. And 4-H strengthens citizenship and leadership abilities and encourages youth and their leaders to assume positive roles in a free democratic society.

By broadening opportunities for greater understanding and service to community, nation and world, 4-H is expanding horizons.

#### **BAND BOOSTERS MEETING TUESDAY**

CUB SCOUTING IS FUN! - Lockney Cub Scouts Steven Cates, Aaron Kidd and Ron Cates confer with Cub Master Jerry Klein about plans for the coming

## Young Boys Invited To Join Cub Scouts Monday

This Monday, October 8, there will be a Cub Scout membership enrollment rally at 7:30 p.m. in the Lockney Elementary School cafetorium. All boys who are 8, 9, and 10 years old, and their

parents, are invited to this rally. Cub Scouting is a program of the Boy Scouts of American for both the parents, and their elementary age sons. Jerry Klein, the Cubmaster for Lock-

ney's Pack 259, said that Cub Scouting is a home-centered program. Each boy will complete the requirements for earning Cub Scout awards in his own home, working with his parents. Thus, Klein emphasized that it is very important that the parents come with their sons to this Cub Scout membership rally. Everyone in the family will need to understand what is involved in

Cub Scouting is fun. It influences the development of character, good citizenship, good sportsmanship, self-confidence, and understanding in the family.

The rally will be led by Karl Dirksmeyer, district executive for the Haynes district of the South Plains Council of the Boy Scouts of America.

The Consumer **Alert** 

by Mark White Attorney General

Used car complaints are always near the top of the list of consumer problems, according to the attorneys in my Consumer Protection and Antitrust

While the great majority of dealers are reputable, car-shopping consumers should be aware of attempts by some unscrupulous used car dealers to roll back odometers. Just recently we obtained a court judgment enjoining a dealer from resetting the odometers of motor vehicles and requiring him to provide odometer disclosure statements to purchasers.

If an odometer reading has been

altered, the ability to determine the car's real value, reliability, and safety is impaired. The Texas Deceptive Trade Practices - Consumer Protection Act provides protection against dealers who alter the odometer of any car or truck in an attempt to reduce the actual miles the vehicle has traveled.

Any consumer who suspects odometer tampering should contact our attorneys. If the buyer is correct, the law provides that the dealer can be enjoined from such practices and that the consumer is entitled to restitution. Or a consumer can consult a private attorney and collect damages plus attorney's fees and court costs, if a

judge rules in his favor. In addition to protection from such deceptive practices under Texas law, a federal law requires the seller, whether dealer or private party, to give the buyer a signed statement that includes

the mileage indicated on the car's odometer at the time of sale. If the seller knows that the mileage reading is incorrect, he or she must indicate that the actual mileage is unknown. Then if the buyer can prove he was sold a car by someone who violated these requirements, or gave false information, he can collect three times his damages or \$1,500, whichever is greater, plus

attorney's fees and court cost. If you are in the market for a good used car, the lawyers in our Consumer Protection Division offer these tips:

Select several established dealers

and shop carefully. Reputable dealers will not object to comparisons with •Get a history of the used car's title

from the Texas Highway Department's motor vehicle registration division. Then check with previous owners if possible for information about the car and its mileage.

•Test drive the car and have your mechanic check it. A reputable dealer wants your return business and referrals and will not want to sell you a

•Be sure that any warranty is in writing and that it spells out the services that will be offered.

If you have a complaint about an unscrupulous used car dealer, contact our Consumer Protection and Antitrust Division in Austin, Houston, Dallas, San Antonio, Lubbock, El Paso or McAllen or call your district or county

## A WHALEy of a tale -

Senate Bill 621

Security Act.

Texas state representative Foster Whaley Thursday took a few well-aimed swipes at the newly-passed Senate Bill 621, which set up a statewide system of tax appraisal.

What this law does," Whaley told the Floydada Lions at their weekly luncheon, "is to create two new layers

The top layer tells you what to do with your taxes, and the lower layer interprets what the top layer wants,' Whaley said.

Whaley said that he opposed SB 621 from the very first, adding that "three or four years from now, a 'no' vote on 621 will look good" on any legislator's record.

"It's enforcing a very unfair tax," he said. "A farmer with \$200,000 worth of equipment might not have 15 percent equity in that machinery but might have to harvest 700 acres of wheat just to pay the property tax." The representative noted that his figures were purely arbitrary and could be lower or even

Whaley said that the intent of the new bill was to tax everything on the price for which it would sell.

"I'm for non-taxation of intangibles," he said. He added that there was a provision in the law for penalties for not voluntarily reporting property. Whaley also gave the Lions a rundown on legislation passed in the last

Farmers can now legally haul cotton modules that previously were prohibited from the highways because of weight and length regulations, he said.

Whaley called the new deceptive trade practices "way too strict," saying that the way to punish a deceptive dealer was to boycott the business. The law stated that a customer could recover three times the damages suffered if the dealer was found guilty of dishonesty.

"It puts the trial lawyer against the common man," Whaley said, adding that his position should not be interpreted as anti-consumerism.

Whaley also praised the legislation that prohibited insurance companies from exacting penalties from policyholders convicted of speeding on the state highways.

"The highways were designed for 70 mile per hour traffice," Whaley said. "The speed limit was changed to 55 because of the energy crisis, not because of safety reasons. There's no reason for insurance companies to charge penalties for speeding viola-

The representative urged his constituents to communicate with him on any subject of interest, no matter what motivation the voter has for writing.

"If you have an interest in a bill, even if it's a selfish interest, tell me. Then I can go on the floor of the house with those letters and tell my colleagues that if these people are interested in this bill, there are probably people in their districts who feel the same way. It gives me a good argument on the floor of the

Whaley suggested that letters about proposed legislation should include the bill number, the author, a description and reasons for being for or against it.

In his closing remarks, Whaley voiced support for Proposition 3 on the Nov. 6 ballot, the Family Farm and Ranch

"It would be hard for the state to lose money if this law was added to the state constitution," Whaley said. "There are strict criteria for approving loans for young farmers. Practically the same law has been in effect for two years in Minnesota," he said. "Out of 150 loans made so far there hasn't been a single case of default."

Whaley also hinted that, with the ever-increasing land prices, the state would be hard pressed to avoid actually making a profit if a farmer did default on his loan. Such profit-taking is illegal.

## Cattlemen Oppose Bill

The Independent Cattlemen's Association of Texas took a strong stand this week against a draft bill proposed by Agriculture secretary Bob Bergland which would expand the secretary's powers, allowing him to quarantine livestock in case of an "extraordinary emergency" due to existence of any communicable disease.

"We find this a very dangerous bill because we don't feel the agriculture secretary should be given the ultimate authority to control the intrastate movement of livestock and interfere in the day-to-day business of producers," said Mr. Wheeler. "We are just as concerned as the secretary is in preventing the spread of disease in our cattle but we already labor under too many government restrictions.'

ICA believes the bill may be an additional attempt by the government to control eradication of brucellosis - a disease in the spotlight for the past year because of the controversial Uniform Methods & Rules on brucellosis.

Although the USDA has assured ICA that brucelosis is not an "extraordinary emergency" and does not fall under this proposed legislation, all it would take is for Secretary Bergland to declare brucellosis an "extraordinary emergency"

and he would have the power to quarantine herds, if the bill is passed, said Wheeler.

In his Aug. 16 letter to Thomas P. O'Neill, Jr., speaker of the House of Representatives, Bergland says, "broader authority is needed to quarantine specific localities and control the intrastate movement of any animals, carcasses, products, or articles into. from, or through such localities even though the circumstances involved do not warrant the above described finding with respect to them.

Bergland sent an identical letter to Vice President Walter Mondale, who is also president of the Senate.

"The Office of Management and Budget advises that there is no objection to the presentation of this proposed legislation from the standpoint of the Administration's program," Bergland said in his letter to O'Neill.

We find it odd that this bill is just now being recommended at a time when the program to eradicate brucellosis is at such conflict between the producers and the government," said Wheeler. "If this lack of authority to quarantine is such a problem, why wasn't it brought up years ago? If a similiar bill has been suggested before, we didn't hear about

## Scout-O-Rama Nov. 3 In Lubbock

The South Plains Council Boy Scouts will stage their annual Scout-O-Rama on Saturday, November 3, in the Lubbock Memorial Civic Center from 1 to 5 p.m. The 1979 Scout-O-Rama theme reflects the family-orientation of scouting with the headline "Family Fun Fair."

Special features will include a continuous stage show featuring regional talent and Scout contests. Displays and demonstrations detailing various Scout activities will round out the afternoon

Among the demonstrations are rapelling, sand painting, totem pole making, lumberjacking, marshal arts and silk screen printing press.

Thursday la chicken, gay, tatoes, broom sauce, comma peanut butte a fast — old a

The Scout-O-Rama is one of the largest youth shows staged on the South Plains. Tickets are available from area Scouts and sell for \$1.00.

## **SPAG Sets Meeting Tuesday**

The South Plains Association of Governments (SPAG) board of directors will meet in regular session at 9:30 Tuesday in the SPAG conference room

Discussion during the meeting are scheduled to include selection of one member for the fourth vice president slot and adding two executive committee members from among the designated minority-group board members. In addition to those items, the

Tuesday agenda will include: - receiving the Comprehensive Employment Training Act consortium fiscal appointments to standing commit-

- authorization of SPAG membership dues for 1979-80;

- consider application to the office of the governor for an assistance grant of consideration of appointments to

advisory committees: consideration of bylaws for the Natural Resources and Housing Com-

mittee and - consideration of appointments to the health services agency board.

### Hospital Auxiliary Plans Flea Market

The Lockney General Hospital Auxiliary met Thursday night in the Lockney General Hospital basement. The following committees were appointed (chairper-sons listed first(:

Finance — Nita Holland, Edna Cox, Lynna Davis. Membership — Clara Ree-cer, Grace Colson, Dona Winter.

Telephone - Jewell Rob-Public Relation — Brenda Mangold.

A flea market will be sponsored by the auxiliary on Oct. 18, 19 and 20 in a building on South Main Street. Booth space will be rented to persons and clubs that wish to participate at a charge of \$5 per space. The auxiliary members will reserve a space and accept baked food and other items to sell. Items that are hand made and suitable for gifts are preferred. The funds from this project will be

used to purchase an incuba-tor for the hospital. The following members

were present: Wynona Allison, Myrl Wofford, Amelia Rodriquez, Brenda Mangold, Grace Colson, Nita Holland, Sylvia Yeary, Nora Bybee, Gayle Fortenberry, Cindy Ward, Helen Huffman, Pauline Sams, Edna Cox, Jewell

Roberts and Elfie Sherman. The next regular meeting will be at 7 p.m. November 1 in the Lockney General Hospital basement. All members and anyone interested in becoming a member are urged to be present.

## **Shorthorns Beat** Plainview Twice

ball victories over Plainview here Thursday evening. The Lockney seventh graders edged the 'Dogs 20-18, and the local eighth-grade gridders recorded a 24-0 shutout of the Plainview team. SEVENTH GRADE

David McDonald scored all three Lockney touchdowns in the seventhgrade contest. McDonald tallied on runs of about 70, 15, and five yards.

Gaining coaches' mention for good play in the seventh-grade game were McDonald, Mike Gonzales (who recovered a Plainview fumble), Doug Warren (who had a fine night at quarterback) and Rodolfo Rodriguez (who gained a lot of yardage from his fullback posi-EIGHTH GRADE

The Shorthorn eighth graders played p.m.

Both Shorthorn teams notched foot- well on both offense and defense, as the 24-0 final score indicates. Robert Rendon rushed for all three Lockney TDs, one coming on the first play of the game, a 60-yard scoring scamper. Rendon also acored from about 15 yards and five yards out.

Tight end Richard Luna caught several passes from quarterback Jackie Cunyus, including one good for two points on a conversion try.

The eighth graders engineered several sustained drives and generally impressed coaches both offensively and defensively Thursday.

AT FLOYDADA THURSDAY

The Shorthorns will take on Floydada at the Breezers' home field Thursday. The seventh-grade game starts at 5

## **Plainview Sophs** Beat 'Horn JV

The Longhorn junior varsity football team dropped a 34-6 decision to Plainview's sophomore team Thursday Mario Gonzales scored Lockney's

points on a pass from quarterback Tyke Dipprey in the third quarter. Plainview scored most of their points

in the first half. Coaches Steve Culwell and Joe Killer mentioned several Longhorns for outstanding play in the contest. In addition to Dipprey and Gonzales, the coaches also singled out David Balderas for his

defensive work and Domingo Gonzales for both offense and defense. Next Thursday the Longhorn JV and freshman teams play host to Floydada in games starting at 5 p.m.

## Munch Bunch Views "Ruth Stout's Garden"

Eight persons were present for the Media Center Munch Bunch at the Floyd County Library Wednesday

"Make Your Voice Heard" was the title of the film viewed by the group. The narrator suggested numerous ways of making one's voice heard. Letters to the editor of newspapers, telephone tips to news media and calls to talk show hosts were among the recommended ways of being heard. Tips on how to communicate effectively included being organized and presenting ideas in a carefully planned manner, being sure the facts are

Other ideas for making one's influence count included writing congressmen, joining organizations that support a cause one believes in and being active in the political process on the local

Most of the group remained to see a film entitled "Ruth Stout's Garden," narrated by 84-year-old Ruth her garden. This is a delightful film for gardener and non-gardner alike. The contagious enthusiasm for living that Ruth Stour exhibits is as helpful as her methods of

## Alpha Mu Delta Hold Model Meeting

The Alpha Mu Delta Chap-ter of Beta Sigma Phi held their October 1 "Model" meeting in the home of Jo Ann Patterson. As members and guests arrived, "Name Bingo'' was played. Winners Debbie Ogden and Debbie Beaty received prizes.

President Pat Cates led the opening ritual. Details concerning the October 20, 21 Wichita Falls Area Convention and the October 26, 27, 28 Lubbock Area Convention were discussed by the mem-

Members were reminded

of the Day Care Center's

Spaghetti Supper, October 19. Members will be donating cakes for the supper. The next club meeting will be October 16 at the First National Bank. The hostesses will be Revis Pernell and Debbie Beaty, and Debbie

Bertrand will present the program. Pledge Ritual will be held for the new pledges of Alpha Mu Delta.

Program Chairman Donna

Henderson introduced Carrie Bertrand, who informed the pledges of Beta Sigma Phi its meaning, causes, type of organization and other general information of the sorority. She said that Beta Sigma Phi was founded by Walter W. Ross in 1931 in Kansas. The sorority started out as a small chapter with only a few members and has grown to a world-wide organization with over 12,000 chapters.

Members were served punch, mints, nuts and cake. The cake was decorated with colors of the sorority, a

balloon and the words, "Around the World With Beta Sigma Phi."

New pledges present were: Sharon Ward, Judy Lloyd, Duffy Hinkle, Sherry Smith, Penny Bertrand and Debbie Ogden. New transferee is Janet Houdeshell. Vicki Allen was a special

Other members present were: Daphna Simpson, Tonya Marble, Debbie Beaty, Revis Pernell, Teresa Whittle, Carrie Bertrand, Pat Cates, Donna Henderson, Debbie Bertrand, Donna Anderson, Kay Jones and Jo Ann Patterson.

As members left, each drew a name of a fellow member who will be her Secret Sister for the 1979-80

## WHOZITS . . .

LOCKNEY WHOZIT — This week's Whozit subjects are a father-son combination who struck similar poses in these early photos. One baby picture was taken in 1935, the other in 1957. Both father and son still like around

Lockney, both are farmers, both grew up to be tall and thin, with the same color hair. Any guesses as to their identity? 652-3318 is the number to call, Monday through Thursday, if you think you know who they are.

LAST WEEK — Easton and Dewanda Blenden were the young couple in last week's Lockney Whozit picture. Verner Hodel was the first to identify the Blendens from the 1942 photo. Others were Veda Mae Miller, W.L. Carthe., Junior Lee, and the Blenden' son Brad, who called The Beacon from Pampa to "guess" who they were.

FLOYDADA SWEET-TOOTHS should have no trouble identifying this week's Floydada Whozit. He married and moved here in 1924 to begin working for C.P. Looper Grocery.

#### Floydada Whozit

Last Week's

JUANITA CAMPBELL correctly identified last week's Floydada Whozit as the Andrews Ward Rhythm Band of 1937. Some members of the band were [according to Mrs. Chappell] Margaret Huckabee Teague, Bobbie Medlen Hamilton, Melba Smalley Tate, Tom Bob Jarboe and Ruth Harmon.

## WATTS NEEDED?

An Energy Efficient Home is ADEQUATELY insulated. Adequate insulation in walls and ceilings — caulking around window and door frames — storm doors and windows — plus other energy-saving construction features are included in all Energy Efficient Homes.

And with properly sized heating and cooling equipment, you won't pay for more watts than you need.

Get the most out of the electricity you use . . . look for an Energy Efficient Home.

Call Southwestern Public Service Company for details.

## FARM & RANCH NEWS

## Around the County

County Agent's Column

By Stephen R. Herber Floyd County Extension Agent

Windbreak seedling applications can now be picked up at the County Extension Office, currently located in the Courthouse. The seedlings are supplied by the Texas Forest Service and can be purchased for a nominal fee.

Five species are now available and they are distributed on a first-come, first-served bases. Hardwood varities include honeylocust and sawtooth oak. These varities can be ordered in units of 100, at a cost of twenty dollars per unit. The hardwood seedlings will have 12 to 18 inch tops.

Conifer varities include Austrian pine, Ponderosa pine and Arizona pine. These varities will cost thirty dollars per unit. There are thirty seedlings in each unit. Conifer varities will have 6 to 12

Orders must be sent in by February 11, 1980. Hardwood seedlings will be shipped beginning about mid-Februrary and generally will continue through the first week of March. Because they come in fragile styrofoam containers, conifers cannot be shipped. Planters can pick up their trees at Lubbock on March 25

A publication entitled "Windbreaking Planting Tips" can also be obtained at my office. This publication briefly describes each windbreak variety and points out the varities best suited for our area. If any additional information is needed, please contact me at my office.

## Cotton Today

WHAT'S HAPPENING

UN TO DISCUSS COTTON: The United Nations Conference on Trade and Development is holding its fourth preparatory meeting on cotton in Geneva. The main agenda items are an international cotton agreement and stockpiling, opposed by the U.S. delegation. Developing countries which are cotton exporters complain that volatile cotton prices adversely affect their foreigh exchange earnings and economic development plans. The National Cotton Council is represented at the

COTTON DUST RESEARCH: The National Academy of Sciences will study causes of byssinosis and the feasibility of OSHA-mandated medical testing procedures for identifying byssinosis in the field and in medical installations. The work will be done under a \$99,800 one-year grant from USDA. Funding for the project stems from an amendment by Sen. Morgan (D-N.C.) to the 1979 Agricultural Appropriations Act which was supported by the National Cotton Council.

EXPORT SALES RISE: Sales of 255,900 running bales of cotton during the week ended September 16 brought the current season's total commitments to 4,448,400. The principal buyers were China and Japan. The week's exports of 97,000 running bales brought total shipments to 670,000 thus far this season, compared with 728,100 a year ago. Spain purchased 6,000 bales for 1980-81 delivery.

COTTON QUALILTY TO BE STU-DIED: USDA has awarded a \$500,000 grant to the Texas Agriculture Department to study the effectiveness of mechanical instruments for measuring

AND COTTON YESTERDAY: Cotton threads in New Mexico's Tularosa Cave date back to 300 B.C.

STEPS RECOMMENDED TO IM-PROVE CCC EXPORT CREDIT: The President's Export Council has approved recommendations that could lead to improved Commodity Credit

Corporation export credit for cotton. The group recommended that the CCC short-term export credit program (GSM-5) be set up as a revolving fund in order to stabilize annual funding levels. It called for an immediate increase from \$800 million to \$1.6 billion in the amount of GSM-5 credit in the budget for all agricultural commodities. The recommendations, now being transmitted to the President by letter, are in line with a resolution approved by National Cotton Council

FOREIGN MILL EXECUTIVES TO TOUR: Customers representing nine major Far East markets will arrive October 14 for a firsthand look at U.S. cotton. Sponsored by Cotton Council International, the National Cotton Council, and USDA, the annual orientation tour is designed to increase the U. S. industry's share of overseas cotton markets. Twenty-two foreign mill ex-

ecutives will participate. They are from Hong Kong, Indonesia, Japan, Korea, Malaysia, The Philippines, Sri Lanka, Taiwan, and Thailand. In 1978-79, these countries imported a combined total of 4,322,000 bales, or 69 percent of U.S. exports. The tour will begin in Freseno and conclude with a visit to the New York Cotton Exchange. The group will be in the Lubbock area October 18.

EXPORT SALES RISE: Sales of 146,000 running bales of cotton during the week ended September 9 brought the current season's total commitments to 4,222,500. Among the week's major buyers were China, Romania, Hong Kong, Bangladesh, and Japan. Meanwhile, the week's exports of 122,200 running bales brought total shipments to 573,700 thus far this season. Shipments of 621,500 bales were reported

by the same date a year ago.
AND COTTON YESTERDAY: In 1884 cotton bales were used in the foundation of a Missouri post office.

## Greenbugs Have Potential Of Destroying Wheat

Greenbugs have the potential of destroying either wheat or sorghum in the South Plains, under the right conditions.

These light green aphids would do a lot more damage if it was not for biological control, by predaceous lady beetles and a small parasitic braconid wasp. According to N.E. Daniels, Texas Agricultural Experiment Station entomologist, greenbugs caused considerable damage during 1968 to sorghum in Texas and most states in the Great

In order to learn more about biological control, the life cycle of braconid wasps was studied in the laboratory at the USDA Southwestern Great Plains Research Center at Bushland, by Louis Chedester, a research associate who assists Daniels. Knowing the life cycle of the wasp would enable the researcers to develop a good pest management program for greenbug control.

Parasitized greenbugs were collected and reared in the laboratory at 68 degrees. Adult wasps emerged shortly and were allowed to mate at random. The researcher chose eight females, and put each one in a glass dish. At the same time a healthy adult greenbug 1/16-inch in length was placed in each dish. At the same time a healthy adult greenbug 1/16-inch in length was placed in each dish with a mated female

Shortly after the two insects were placed together the wasp thrust her ovipositor into the back region of the greenbug and laid an egg inside the body of the aphid. Two days later the egg hatched and the larva began to feed on the body contents of the greenbug. By the third day, the aphids coloration had changed from light green to yellow indicating death had occured. By the fourth day the wasp larva had grown enough to completely fill the inside of the greenbugs body.

Microscopic examination of dead parasitized greenbugs, called mummies, showed that six days after eggs were laid, larvae transformed into pupae. By this time the mummies had changed from tan to dark brown. By the eighth day, the outline of the adult wasp could be seen through exoskeletons of mummies which had swollen to about twice the size of a nonparasitized greenbug. Adult wasps emerged on the ningth day after eggs were laid.

According to Chedester, this parasite is effective for controlling greenbugs on sorghum when it is 80 degrees during the day. Unfortunately they are not very effective against greenbugs on winter wheat, when it is cold or below 50

Other studies have shown that a single female wasp can lay 100 eggs a

The U.S. Department of Agriculture has invited interested parties to submit recommendations on decisions soon to be made with regard to the 1980 upland cotton program. Deadline for receipt of written comment is November 19. Plains Cotton Growers, Inc., Lub-

bock, will respond to the invitation following development of PCG positions at an October 10 meeting of its 50-man Board of Directors. Here are the issues as outlined by USDA in the September 18 Federal Register.

TARGET PRICE - Current law calls for this year's target (57.7 cents per pound) to be adjusted in 1980 to reflect any change in the average per-pound cost of production in 1977 and 1978 and the average cost for 1978 and 1979.

NATIONAL PROGRAM ACREAGE (NPA) AND PROGRAM ALLOCATION FACTOR - NPA is the number of harvested acres USDA determines will be needed in 1980 to meet domestic and export requirements during the 1980-81 marketing year beginning August 1, 1980. Minimum NPA required by law is 10 million acres. The allocation factor is determined by dividing the NPA for the 1980 crop by the estimated harvested acreage for 1980.

VOLUNTARY REDUCTION PER-CENTAGE - Will be the percentage by which producers may voluntarily reduce 1980 plantings below 1979 plantings in order to guarantee themselves target price protection on total 1980 acreage. SET-ASIDE - USDA, if it decides a

set-aside is necessary to prevent an excess cotton supply, may set a mandatory set-aside not exceeding 28 percent of 1980 planted acreage.

PLANTED ACREAGE LIMITATION If a set-aside is in effect, the Secretary may also put a limit on each producer's planted acreage as a requirement for program benefit eligibil-

VOLUNTARY SET-ASIDE - The Secretary has authority to offer an additional diversion program, set the extent of such diversion and decide the payment therefor.

Plains Cotton Growers, Inc., Lubbock, is offering its apology for an error in material published by PCG Septem-

In an example of the calculations necessary for producers to determine the economic advisability of harvesting low-yield cotton, PCG wrote that a farmer who has a projected yield of 500 pounds per acre and harvests 100 pounds would be eligible for a disaster payment on 300 pounds, 75 percent of the 400-pound shortfall below his project yield.

In fact, according to Charles Cun-ningham of the Washington ASCS office, the payment eligibility would be on only 275 pounds, 75 percent of the 500-pound projected yield (375 pounds), minus the 100 pounds harvested. Corrected figures for the complete example are available on request from PCG.

WHEAT PROMOTION PROGRAM The United States Department of Agriculture has released a proposed

nationally coordinated research and nutrition education program for wheat and wheat foods.
REGIONALISM Three federal regional economic de-velopment and public work programs

are scheduled to expire on September 30, 1979. Currently, before Congress are two measures, S. 914 and H.R. 2063 to extend and revise these programs. If regionalism is to be defeated in the United States, it will be important to defeat these two measures mentioned. MILK PROMOTION PROGRAM

U.S. Deaprement of Agriculture has announced termination of advertising and promotion programs in each of the following federal marketing order areas: Texas; Wichita, Kansas; Memphis, Tennessee; Fort Smith, Arkansas; Red Reiver Valley; Oklahoma Metropolitan; Central Arkansas; Lubbock-Plainview, Texas; Texas Panhandle; Rio Grande Valley.

The Department has ruled that the program no longer tends to effectuate the declared policy of the act authorizing it. The funding provisions for the advertising and promotion program in each of the orders is terminated on December 1, 1979. Other provisions dealing with the distribution and handling of funds, etc. are terminated on February 29, 1980.

POLAND WHEAT INSURANCE Commodity Credit Corporation announced on September 13 an additional \$15 million in protection against payment defaults for non-commercial reasons to exporters who sell U.S. wheat to Poland. The \$15 million announced on September 13, is in addition to the \$30 million designated for wheat on August

There was a \$100 million coverage announced on January 5, 1979 on U.S. exports to Poland as follows: \$45 million for wheat; \$30 million for feedgrains; \$700,000 for tallow; and \$3.7 million for cottonseed meal. The remaining \$20.6 million commodity designation will be announced at a later date.

Before applying for protection, an exporter must have a calling for exports no later than August 31, 1980. Applications must be submitted before the export is completed and the assurance fee must accompany the application.

The fee rate is 15.5 cents per \$100 for six months; 23.2 cents per \$100 for one year; 38.8 cents per \$100 for two years and 56 cents per \$100 for three years, based on semi-annual repayments of principle plus secured accrued interest. Based on equal annual repayments of principle plus secured interest the fee rate is 32.3 per \$100 for one year, 49.2 cents per \$100 for two years and 67.9 cents per \$100 for three years.

**CO-OPS AND EXPORTS** USDA reports that in 1976, 73 cooperatives directly exported agriculture commodities valued at more than \$2 billion. These co-ops were located in 23 states and serve farmers in all, or nearly all, of the 48 continuous states. In terms of dollar volume, the U.S. cooperatives, direct export business was nearly all in the hands of 18 associations. However, hundreds of other farmer cooperatives were involved in moving commodities from farm to assembly plants.

The 1976 cooperative direct export

figure as reported rounded to the nearest whole number amounted to \$2,031,000,000 divided as follows: grains \$932 million (45.59 percent), oilseeds and oil nuts \$427 million (21.03 percent), fruits \$293 million J(14.43 percent); cotton \$232 million (11.43 percent), nuts \$79 million (3.89 percent), all others \$68 million (3.35 percent).

MEXICAN OIL SPILL The Water Development Board members were told \$2,800,000, including \$20,000 in state funds, has been spent cleaning up oil from the Mexican oil spill. The report indicated 21,000 gallons of oil has been skimmed off the surface of coastal waters and 18,000 cubic yards of sand containing heavy oil material has been removed from the

FARM INCOME

Net income per farm after inventory adjustments for 1979, second quarter estimates expressed in 1967 dollars if \$5,970, compared to \$6,240 based on first quarter estimates. The figure on the same basis for 1978 was \$5,340.

DROUGHT LOSSES AND IRS

Cattle farmers who incur costs for replacement feed after suffering a feed loss as a result of a drought or other disaster now have a ruling on the deductibility of those costs. IRS says farmers using the cash method can deduct only the portion of replacement-feed costs that will not be reimbursed by the government under the Emergency Livestock Feed Assistance Pro gram. The reimbursement need not be included in the farmers' gross income.

## Silverton Coed Wins Cotton Award

Cynthia Ann Edwards of Silverton sewed up a high fashion for this year's wardrobe - and, with it, several state awards at the 1979 State 4-H Fashion Revue in

Waco last week. Named first-place winner in the contest's cotton division, Cynthia also took the runner-up slot in the statewide division.

A Silverton High School sophomore, she is the daugh-ter of Mr. and Mrs. Harold Edwards.

Her 4-H clothing project isn't her only interest, she "I enjoy playing the piano, cooking, water skiing, bas-

veteran of 4-H clothing projects, she says 4-H clothing work is an important interest - it may lead to a career in clothing and

merchandising. For this year's competiclothing program, Cynthia created a "nautical-look" skirt and blouse of white cotton trimmed in red piping.

found it to be a rewarding but tedious experience," she A sailor collar topped the ensemble, which also featured a straight skirt - all made of crisp cotton/polyes-

A metal anchor pin on the sleeve, red earrings and bangle bracelet, along with red-and-white sandal heels, completed the ensemble.

As cotton-division winner, ketball and horseback rid-Cynthia received a cash award from the Texas Cottonseed Crushers' Association, Dallas, Texas, and cotton fabric from Crompton Co., Inc., New York City, New York.

As statewide runner-up, she received a scholarship from Cloth World Inc., Ama-
