## Legislators To Honor Foster Whaley

Speaker of the Texas House of Representatives and a host of other legislators from across Texas will perform at this event. The Pampa High School will perform at this event. The Clyde Carruth Pavilion, a chili supper program will be held under the direction of Jeff Whaley. The Pampa High School will perform at this event. Legislators are expected from 10 counties comprising the legislative district which Whaley represents.

Sam Clonts, Austin legislative aide to the County Judges and Commissioners Association, cited Whaley as being solely responsible for killing a liability insurance bill that would have cost the 10 counties in the 66th District more than \$27,000 annually. Even greater savings would have occurred to cities, school districts, and other entities in the 66th District, Clonts said. County Governments over the State would save more than a million dollars annually, he added.

Green, Chairman, Agricultural Committee, Corsicana, Texas; Jerry (Nub) Donaldson, Chairman, Financial Institutions Committee, Gatesville; Stan Schlueter, Vice-Chairman, Ways and Means Committee, Killen; Bob Close, Vice-Chairman, Constitutional Amendments Committee, Perryton; Danny Hill, Vice-Chairman, Intergovernmental Affairs, Amarillo; Bob Simpson, Chairman, Insurance Committee, Amarillo, and Walter Grubbs, Abilene.

**KICKOFF AT 8 P.M.**

## Longhorns Face Big Bobcat Team Friday

The Lockney Longhorns will face the biggest team they'll play all year tomorrow night when they battle the Dimmitt Bobcats at Mitchell-Zimmerman Field.

non-conference game of the season is 8 p.m. The Longhorns bring a 3-1-1 record to the contest, while Dimmitt is 1-3 with losses to Floydada (40-7), Slaton (35-19) and Tahoka (21-6) and a victory last Friday over Tulia (6-3).

Tackle to tackle on the offensive line, the Bobcats weigh 230, 216, 227, 220, and 218 pounds, according to the program. Longhorn Head Coach Jim Warren figures the program weights may be light, too. (That 227-pound center probably weighs more like 250...)

The Bobcats line up in the Power-I and Slot-I offensive sets. They're paced in the backfield by No. 44, Jimmy Stewart, who has 477 yards rushing so far this season. Stewart is a 181-pound senior tailback.

Robin Byars, No. 10, is the Bobcat quarterback, a 151-pound senior. No. 30, John Laurent, a 174-pound junior, starts at fullback for the 'Cats. And No. 22, Randy Washington, a 163-pound junior, completes the Dimmitt offensive backfield.

The scouting report says Stewart and Washington are "quick, have good speed..." The Bobcats are "more a running team than a passing team," again from the scouting report.

"We look for a tough, physical contest," Warren says, "and we urge everyone to come out..." The Longhorns are in good physical shape for the contest. Danny Delgado, sidelined with an injury in the Seymour game last week, will be ready to play Friday, and Mike Ford is healing and may play in the Longhorns' district games, which start next week (Ford won't play this week, though).

That's 8 p.m. tomorrow, Friday, at the Longhorns' home field. "Be there or be square!"

## Grand Jury Hands Down 16 Indictments

The grand jury for the 110th Judicial District handed down a total of 16 indictments, five of which were against Randy Hollums, attorney. The grand jury returned two separate indictments against Oscar Marshall, who was suspected of taking the armed robbery of the Kallup's convenience store on Monday.

Jerry Don Pleasant and Murphy Robinson Jr. both received indictments accusing them of burglary of a vehicle. Floyd County law enforcement officials suspected the two of entering an automobile parked outside the livestock auction grounds Sept. 4. Both men are out on bond. Ramiro G. Nino and Jimmy Lara were each indicted on one count of unauthorized use of a vehicle. The two reportedly were arrested and accused of taking a car belonging to Jim Owens. Both the 17-year-old men are in custody. The grand jury charged Sheri Free-

man Parrish with one count of forgery. The State maintained that Ms. Parrish attempted to cash a worthless check at Buddy's Grocery store Sept. 4. She remained in custody in lieu of bond. The grand jury handed down two indictments each against Alfred Mendoza and Rongelio Rodriguez, charging the pair with burglarizing farmhouses belonging to a Mr. Van Cleeve and a Mr. Fullingim. Both men are in custody of the Floyd County Sheriff's Department. Arraignments will be in district court later this week, with trials expected to start in November.

## Beat Floydada's Madness Starts

morning in the Lockney school gym, and from then until Friday night of next week — well, it's Beat Floydada Time in Lockney.

## King Re-Elected SWCD Director

Herman R. King was re-elected to the Floyd County Soil and Water Conservation District for some one, which covers the northwest part of the county. The election was held Monday night at 8 p.m. at Sterley. King, a life-long Lone Star and Floyd County resident will serve a five year

term. He has served two full terms, being first elected in October of 1964. King has been actively involved in community clubs, projects, 4-H Club work, band boosters and served many years on the Lighthouse Electric Cooperative board. King is also a member of the South

Plains Soil Conservation Society of America, serving as one of the councilman in past years.

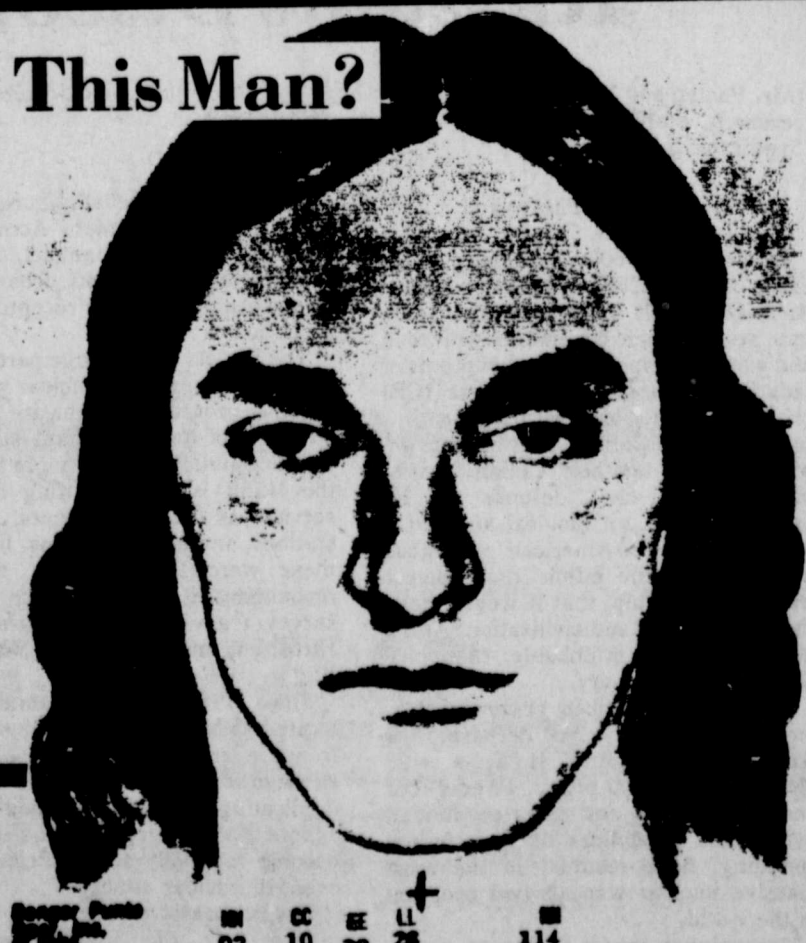

## Do You Know This Man?

The Floyd County Sheriff's Department Wednesday released a composite sketch of the man who forced a Floydada woman and her sister-in-law and baby at gunpoint last week to drive him outside of the city. The man then robbed the woman and ordered the three out of the car.

The suspect is believed to be about 20 years old, of slender build, about 130 pounds, 5 feet, 6 inches tall and has dark hair. A department spokesperson said he was considered armed and dangerous.

The getaway car, a 1973 Monte Carlo, was found abandoned earlier this week in Plainview. Anyone with information about this man should contact the Floyd County Sheriff's Department.

**Floyd Philosopher explains, more or less, the uproar over the Russian combat soldiers in Cuba**

Editor's note: The Floyd Philosopher in his Johnson grass farm on White River tries to explain the Cuban situation this week.

Dear editor: Several U.S. Senators up for reelection have been excited about a photograph taken ten miles up showing about 1,000 Russian combat troops in Cuba. This is puzzling.

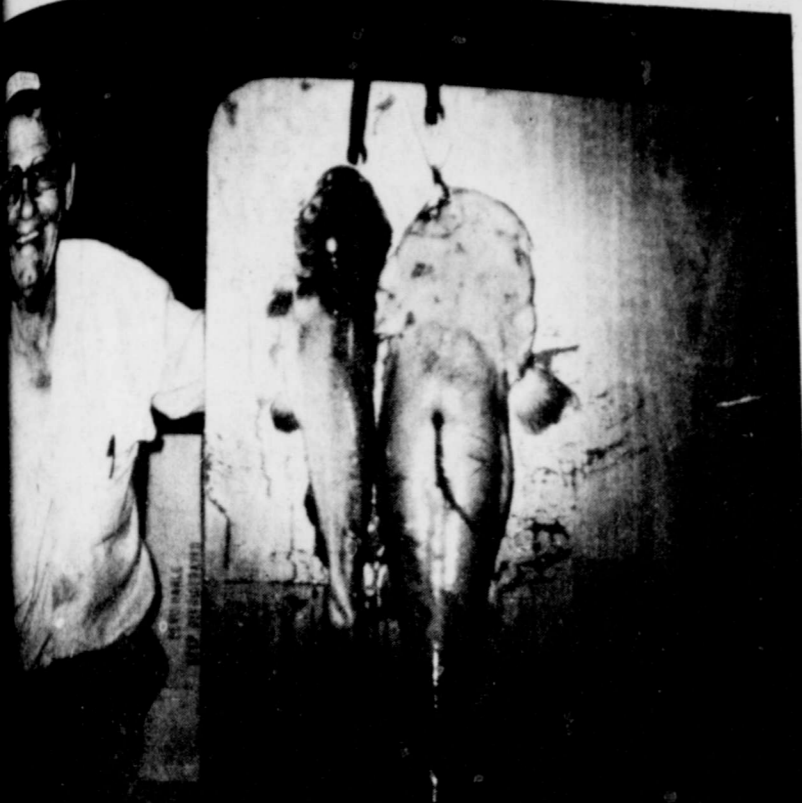

I had no idea we had an aerial camera that could photograph soldiers from so far up so accurately you could tell whether they were machine-gunners or park-tytists, when it's sometimes hard to do it on the ground.

But the photograph shows tanks, the senators point out. How about that? Why everybody knows Russia is short on automobiles, and have you ever seen a Cuban-made car? Those tanks are used to drive into town on weekends. They're walking.

But, the Senators ask, what are Russian troops doing in Cuba in the first place? They're on vacation. Cuba's weather

beats Russia's weather. Cigars are better, and the reason Russia doesn't let them'd all defect. Premier Castro lights a mission and have been longer to get the hang of foot and which is his right. Russia reportedly is billion dollars worth of it, with deferred payments learn.

The United States including Russia, have billions of dollars worth of plan. Trouble is, we're long the deferment going on.

**Letters**

(Editor's note: Mr. and Mrs. Byron Brock, presidents of the Longhorn Quarterback Club, received this nice letter from some Seymour football fans.)

Dear Mr. and Mrs. Brock, Just a small note to let you know how much the Seymour fans enjoyed your hospitality. My husband and I appreciate all the trouble that you and your club went to in preparing for the delicious supper. As parents of No. 21 we also want to compliment your team for being good sports and playing such a clean game. Although we didn't win the game, our stay in Lockney was very pleasant because of you and your town.

Thank you, Mr. and Mrs. James E. Styles

**Quail Hunting Limits Defined**

Floyd County was among the Texas counties assigned the smallest bag limits on quail in the upcoming hunting season. A limit of 12 birds taken each day and 36 in possession was placed on counties in the western Panhandle and East Texas by the Texas Parks and Wildlife Commission.

In other parts of West and South Texas the bag limits were set at a record high of 20 birds a day and 60 in possession.

The higher limits for taking birds was the record since the Parks department was given the authority to set limits in the 1950s.

Some regions were given increased limits of 16 birds each day and 48 in possession.

Very good quail production this year accounted for the increased bag limits, according to Don Wilson, quail species leader for the department.

**Jeffress Wins Football Contest**

Winner of the \$10 first prize in the Beacon football contest last week was Tim Jeffress of Plainview. Jeffress, one of six contestants who missed five games, was judged winner on the basis of his tiebreaker guess. He picked the Longhorns to beat Seymour and predicted 20 points would be scored in the game. Lockney won by a score of 10-6, so Jeffress was just four points away from the actual total score.

Second place and \$6 went to W.L. Carthel of Lockney, who was eight points away with a guess of 24 on the tiebreaker, with Lockney circled to win. Sheree Cannon of Floydada came in third and won \$4 by circling Lockney and indicating 28 total points in the tiebreaker section.

Gaining honorable mention in the contest last week were Lonny Hooten of Lockney and Jim Curtsinger of Lubbock, both of whom missed five and were 14 points away on the tiebreaker with guesses of 30 points, and Donald Reecer of Lockney, who picked Seymour and guessed 34 total points in the tiebreaker section.

Missing six games were Junior Lee, Anne Lee, Kenneth Wofford and Homer Ragland, all of Lockney. Most-missed games were the 20-20 Abernathy-Muleshoe tie, Dimmitt's 6-3 win over Tulia, Texas Tech's 21-20 victory over the Aggies, and St. Louis's 24-17 upset of the Houston Oilers.

## Caprock Hospital Auxiliary Welcomes New Member

In the absence of President Tye, Mrs. Nile Bryant, vice-president, presided at the business meeting of the Caprock Hospital Auxiliary in the hospital dining room. Mrs. Whitaker, treasurer, reported about \$800 in the treasury. An isolette is to be ordered soon.

The group inspected the family room and made plans for adding several articles to its decor which would make it more colorful and cheerful. It was noted that Mrs. Freida Dunn, R.N. is no working with the Visiting Nurse Service Inc. out of Lubbock, 2806 34th Suite 18. Her local telephone number is 983-2631. Visiting nursing care is given to elderly patients when ordered by the

doctor.

The clipping report of District I area Hospital Auxiliary meeting held recently in Lubbock was read. Dr. Teddy Langford, dean of the Texas Tech University School of Nursing, commended the work being done in the district by members of the auxiliaries.

The local need for money making projects was noted. It was mentioned again that another heart monitor was needed and that next, funds would be used for this purpose.

Eight members were present with Mrs. Eunice Hong being welcomed as a new member.

## Christian Women Fellowship Meets

The Christian Women's Fellowship of the First Christian Church met in the parlor of the church at 7 p.m. October 8.

The meeting was called to order by the president, Mattie Wester. The minutes of the September meeting were read by Lorie Farris, secretary, and the treasurer, Ethel Carmack, gave a report.

Pauline Pierce reminded members of the request for help at the Floydada Care Center of interested persons to mend clothing for the patients.

Sue Swearingin and Leonida Cleveland presented the program. A film was shown on friendship between people of different colors, and a report was given on overseas ministry through the Christian Church (Disciples of Christ) — on how the money donated to OSM is spent, and what is being done in other countries.

The meeting was closed by members singing "Blest Be the Tie," and refreshments, depicting the October Halloween holiday were served by Jewell Price and Ethel Carmack, hostesses. During refreshment time the women discussed and decided on a pattern for making a quilt to be hung in Fellowship Hall.

Present for the meeting were Jewell Price, Ethel Carmack, Mattie Wester, Lorie Farris, Sue Swearingin, Leonida Cleveland, Shorty Hill, Pauline Pierce, Sarah Sanders, Burmah Probasco and Blix Belew.

## Christi Hulcy, David Hasley Wed In Lubbock

MRS. DAVID HASLEY

Miss Christi Kay Hulcy became the bride of David Hasley September 8 in the Lubbock First Christian Church. The Rev. Jim Sutherland, pastor of the church, officiated at the 7:30 p.m. ceremony.

The bride is the daughter of Mr. and Mrs. Travis Hulcy of Plainview and a granddaughter of Mr. and Mrs. T.L. Hulcy of Lockney and Mrs. Pauline Laney of Seymour. The groom's parents are Mr. and Mrs. Alvis Hasley of Lubbock, formerly of Floydada.

Vows were recited in an altar area illuminated by yellow tapers burning in a central brass candelabra and two spiral brass candelabras, each tied with apricot-colored bows and decorated with fresh greenery. Completing the setting were baskets of apricot gladioli and yellow carnations.

Given in marriage by her parents and escorted to the altar by her brother, Monty Hulcy, the bride wore a formal gown of white chiffon. The dress featured a high V-neckline above a lace medallion centered upon an insert of English net. The empire bodice was covered with re-embroidered Alencon lace and seed pearls. Full bishop sleeves were gathered to wide cuffs covered with lace and seed pearls, ending in petal points at the wrist. The skirt swept into a chapel-length train. Completing her ensemble, the bride's tiered veil of illusion was attached in a bouffant cluster to a picture hat covered in chiffon, Alencon lace and seed pearls. One side of the brim was turned back to the crown and enhanced with a large white chiffon rose.

She carried a cascade of apricot and yellow silk roses, stephanotis, apple blossoms and flocked baby's breath tied with apricot satin streamers.

For something old and borrowed she wore a diamond dinner ring belonging to her maternal grandmother. Something new was her wedding dress, and she wore the traditional blue garter.

Organist was Mrs. C.L. Record of Lockney. Soloists Gary Perkins and Kyla Perkins, cousins of the bride from Lubbock, were accompanied on the piano by Mrs. Wesley Perkins.

Miss Tracy Wofford of Lubbock was maid of honor. Matron of honor was Mrs. Gary Pate, Lubbock. Miss Teresa Hasley of Arlington, sister of the groom, was bridesmaid. The attendants wore identical floor-length dresses of apricot sophisticated satin, fashioned with blouson bodices and narrow shoulder straps. They carried nosegays of yellow and apricot silk roses. All flower arrangements and bouquets were designed and made by the bride.

The groom and his attendants wore tan Calais tuxedos. The groom wore a beige and tan ruffled shirt, and the attendants wore apricot ruffled shirts. Best man was Gary Pate of Lubbock. Groomsmen were Bruce Brown of Hastings, Nebraska, and Monty Hulcy of Plainview, brother of the bride. Leslie Robinson of Hastings, Nebraska, and Brad Hagood of Floydada served as ushers.

Following the wedding ceremony, a reception was held in the Green Room of the church. Miss Jackie Carthel and Mrs. Sam Fortenberry of Lockney served at the bride's table. Miss Kathy McCarter of Lubbock and Miss Tammie Ballard, cousin

of the groom from Hico, served at the groom's table.

The bride's table was covered with a tablecloth of white bridal satin and centered with four yellow tapers in a sterling silver candelabra surrounding a crystal bowl of yellow starburst mums, white spider mums, and apricot and yellow carnations. Silver and crystal appointments were used to serve a three-tiered wedding cake and punch.

The groom's table was covered with an apricot satin cloth and centered with an arrangement of silk flowers — apricot lilies, yellow buttercups, apple blossoms and peach cosmos. Chocolate cake and coffee were served.

The rehearsal party was hosted by the groom at Goodner's Steak House the night before the wedding.

The couple are at home at 3814 32nd Street, Lubbock.

Mrs. Hasley is a 1976 graduate of Lockney High School and attended Texas Tech University. She is employed by United Parcel Service in Lubbock. Hasley graduated in 1972 from Floydada High School and is self-employed as a sub-contractor.

## Tips On How To Save Money

Learn the life-cycle costs of a product to help save money over the life of that product, suggests Claudia Kerbel, a consumer information specialist.

Even if a product — car, appliance or other long-lasting consumer good — costs more in the beginning, it may prove economical in the long-run, she points out.

Ms. Kerbel is with the Texas Agricultural Extension Service, The Texas A&M University System.

Study these factors to determine the total life-cycle costs of a product:

- 1) Determine the price of the product.
- 2) Establish the operating cost. Energy-efficient appliances and cars will have lower operating costs.
- 3) Determine an installation cost.
- 4) Consider repair costs. Carefully read product warranties to find what they will and will not cover.
- 5) Compare warranties to get the most coverage for your money.
- 6) Consider the number of years you expect to own the product.
- 7) Determine how much you expect to use the product.

When using the life-cycle cost approach to buying products, you may need to make some trade-offs, Ms. Kerbel continues.

For example, if you are considering the purchase of an item that you will use infrequently or that you will not keep very long, you may decide to go with the lowest initial price.

A spaghetti supper will be held before the Lockney-Floydada football game Friday October 19, beginning at 5 p.m. Proceeds will go to the Floyd County Day Care Center.

### SAVING FOR GOALS

It is easier to save money if a specific goal or use is set for the money.

For example, someone saving for a vacation or for a new car is more likely to save regularly than a person with no specific goals, explains Lillian Chenoweth, a family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

### Minis, Basis For Many A Myth

It is outrageous that vitamins mislead a well-balanced diet. The best and most of the vitamins

needed by myth are just about the same as those given simply do not

claim that substances such as paraaminobenzoic acid (PABA), citrus bioflavonoid complex, hesperidin and rutin are vitamins.

However, they are not vitamins, although they do occur naturally in foods, and their absence from the diet does not cause a disease or any form of illness.

Many consumers believe that vitamins provide extra energy.

Although B vitamins do assist in the conversion of foods to usable energy, amounts greater than United States Recommended Dietary Allowances are of no additional benefit.

The basic function of vitamins is to regulate body processes through enzyme action.

Remember, a balanced diet will generally meet the body's needs for vitamins A, B, B12, C and D and other vitamins.

### Billie Jordan Hostess To Wesley Anns

Wesley Anns met in the home of Mrs. Billie Jordan last night, Oct. 10, for a meeting of the United Methodist Church church bazaar on Nov. 3 in the fellowship hall of the church.

Refreshments were served to Madames Diana Glover, Helen Solomon, Bennie Leibfried, Jewel Martin, Opal Ashton, Elizabeth Armstrong, Lula Green, Eldie Bryant, Cora Lee Shipley and the hostess, Billie Jordan.

and even though it means driving 80 miles round trip to the salon closest to my country home in Waller, I decided to do it. Two or three times a week I made the trip to have a massage on Pat Walker's passive exercise unit, and to talk with my counselors about my progress.

I didn't even have to change out of my regular clothes, since the unit does the work.

"You simply relax in a nice, private treatment room, and enjoy it."

When I started going to Pat Walker's, I weighed 135 pounds, and wore a size 14. Today, I weigh 111 pounds and wear a size 5. My waist measurement has gone from 32 1/2 to 25—not bad for a 42-year-old!

My husband and myself are so pleased, and that's very important to me. Although I love being a country housewife, and doing my own gardening and canning, I do want to look good—for myself and my family.

Teaching in the mathematics departments the current school year are Ruben Rodriguez, Daniel Coward, Britt Gregory and Jerry Livingston. Rodriguez, who is originally from Abernathy, has a degree in math from Wayland Baptist College in Plainview. Coward also holds a math degree from Wayland. Gregory has a degree in math from Texas Tech University in Lubbock. Livingston is a graduate of Oklahoma State University with a degree in chemistry and also holds a Master of Education from OSU.

## BIRTHS

### CUMMINGS

Zach and Sandra Cummings of Lockney announce the birth of a son, Adam Carter. The couple's first child weighed 7 pounds 15 1/2 ounces at birth in Central Plains Hospital in Plainview, Thursday, October 4, at 3:42 p.m.

The baby is the grandson of John and Rochelle Dorman, a n d Sterling and Gleyne Earle Cummings, all of Lockney.

Great-grandparents are Mrs. Jewel Rigdon of Lockney, Margaret and Curly Service of Plainview, Mr. and Mrs. Zach Cummings of Lockney, and Earl Norman of Friona.

### HUNTER

Wesley Garret is the name Bill and Kathy Hunter of Lockney have given to their baby boy.

Wesley was born Wednesday, Oct. 3, at 7:30 a.m. in Central Plains Hospital in Plainview. His birth weight was 6 pounds 7 1/2 ounces.

The couple also has a 2 1/2-year-old daughter, Mandy. Grandparents are Mr. and Mrs. Billy Hunter of Hobbs, New Mexico.

Group I: This level provides two years in Introduction to Algebra. Upon completion of the two years students are qualified to continue any course in mathematics for which one year of algebra is a pre-requisite.

Group II: This level provides two years in Introduction to Algebra. Upon completion of the two years students are qualified to continue any course in mathematics for which one year of algebra is a pre-requisite.

Group III: Students in this group take Algebra I their first year and Geometry the second year. They may continue their math program by taking Algebra II and more advanced mathematics if they so desire and are qualified.

Group IV: These students have demonstrated unusual ability to perform in mathematics. Their program is one of acceleration throughout their four high school years.

They take Algebra I their first year, Algebra II the second, followed by Geometry, and Trigonometry and Elementary Analysis their senior year. Being accelerated not only means moving more quickly than normal but also covering the subject more thoroughly and in depth. As a result of the nature of the class, it is possible for an individual class to cover the material in a shorter period than the usual three quarters. The result is that the students might possibly cover and get credit for five years of mathematics in their four years in high school. This program enables them to start with calculus their first year in college.

Some of those you may remember as having taught in the mathematics department of the high school in the past are Bob Alldredge, Charles Baumgardner, Tommy Cathey, Ira Colley, Bob Copeland, Donny Carthel,

## Center News

By Mrs. J.E. Green

October 8 — The mornings are cool, the afternoons hot — fine cotton weather.

Miss Vera Meredith's company, Bro. and Mrs. Clay Muncy, spent Sunday with her. Friday a niece, Mrs. Rita Baker of Dallas, spent the night and Saturday with her. Mrs. Louise Hamilton also came Sunday. Miss Meredith received word Monday that Mrs. Arch Muncy died about 5:30 a.m. in the Lockney Hospital.

Also, a Mr. Goodman, brother of Mrs. Myrtle Meredith, another old timer, died. Our sympathy is with the loved ones.

Sunday dinner guests of the Henry Brewers were Mr. and Mrs. Irvin Brewer and family and Mrs. McClain, all of Lubbock.

Mrs. Leo Frizzell reports that the Lockney relatives will in the rest home, Mr. Carpenter and Mrs. Ethel Frizzell, are about the same, hopefully a bit better.

Mr. and Mrs. Fred Cone of Wichita Falls came Saturday for a visit with relatives — the Carpenters, Mrs. Leo Frizzell, Mrs. Ethel Frizzell and Mrs. Ava Jackson.

Mr. Gordon Mayfield has been on the sick list for several days. We wish him a speedy recovery.

Mr. and Mrs. C.W. Denison have been having first one and then another of their children and grandchildren during the week — the C.W. Jrs. of Georgetown, and several from Lubbock.

Mr. and Mrs. Milton Mensch and son David of Lubbock spent Friday night and Saturday with her parents, Mr. and Mrs. Hal Thomas. Bill Thomas of Lockney also enjoyed the birthday dinner Saturday honoring the daughter, Sue.

Mrs. Green and son Clyde enjoyed supper with Mr. and Mrs. Anthony Latta before they left for New Mexico.

Mrs. J.E. Green and Mrs. Vernon McPeak visited in Caprock Hospital Saturday afternoon with Mrs. R.C. Ross, Mrs. Leona Bell and daughter Mrs. Alice Spencer

of Amarillo, who was with her mother over the weekend. We hope these sick ones and the many others will soon be feeling better.

Saturday night Mrs. Elmer Warren's grandson, Johnny Warren Jr. of Wayland College came to spend the night with her. Sunday the rest of the Johnny Warren family of near Idalou, spent the rest of the day and attended church with her.

Today Cloyd Bryant of Shreveport, Louisiana is spending the day with his aunt and husband, Mr. and Mrs. Marion Carpenter.

Mr. and Mrs. Julian Edmondson of Phillips came Sunday afternoon and are visiting Mrs. Fred Battey.

Sharon and Sheila Landry of Plainview spent Saturday with their grandmother, Mrs. W.L. Hartline. They dined out.

I must not forget to say how much I enjoyed Mrs. Vaughn Murff's pioneer story of the ranch.

The Charles Fulkersons had company Sunday. They were Mr. and Mrs. Elmer Taylor and Mrs. Donie Taylor from Virginia and Oklahoma City; also Mr. and Mrs. Don Finkner of Lubbock, (daughter Charlene and husband).

Mr. and Mrs. Ronnie Plumlee and baby of Amarillo visited his grandparents, Mr. and Mrs. W.C. Plumlee, Sunday. The baby, three weeks-old Meg, is the Plumlee's newest grandchild, and granddaughter of Mr. and Mrs. Bobby Plumlee.

Visitors with Ma Green Friday afternoon were Mrs. Ola Warren, Mrs. Fred Battey and Mrs. Thelma Jones.

Mr. and Mrs. Elmer Shore, for three years of Baghdad, Iraq, have arrived in Peralta for a visit with her parents, the Clyde Greens. They will probably reside in Seattle, Washington.

Mrs. Vernon McPeak visited the Pecks Sunday afternoon.

## Harmony Club Hostess To Homebuilders And Lone Star Clubs

The Harmony Extension Homemakers Club met in the Harmony Community Center Monday, October 8. The club was hostess to the Homebuilders and Lone Star Clubs. Guests were registered by Vivian Curtis, the club president.

A luncheon of Mexican food was served at 11:30. Small handmade hats were plate favors. Each member was asked to relate about the first hat she could remember buying. Sharon Hillis, Floyd County Extension Agent, was presented with gifts from each club. Sharon is moving to Midland October 15.

Mrs. Mattie Ruth Nowlin, "The Hat Lady," from Plainview showed several hats

from her collection of some 165 hats. The hats date from 1936. The hats she had before 1936 were destroyed in a flooded basement. Most of the hats were designer hats. She made interesting comments about each hat and modeled some of them.

Each member was asked to wear a hat. There were some prize winning hats: Syble Teeple, hottest pink hat; Bennie Dutton, most Western hat; Mattie Ruth Nowlin, designer hat; Lorraine Nance, all season hat; Trudie Taylor, tallest crown; Sharon Hillis, most feathered hat; Frankie Montgomery, cutest hat; Wanda Turner, matching hat and costume; and

Frances Kellum, widest brim hat.

The following guests registered: Mrs. Neta Ellerd, Blanche Ramsey Williams, Inez Walker, Mattie Norrell, Ruth Trapp, Lillian Smith, Gladys Widner, Elvira Stewart, Frances Kellum, Trudie Taylor, Maudie Lawson, Lorraine Nance, Vera King, Helen Huffman, Syble Teeple, Bennie Dutton and Sharon Hillis.

The following Harmony Club members were present: Mrs. Bess Carr, Vivian Curtis, Anna Maude Hopper, Lucille Miller, Juanita Pool, Ruth Scott, Doris Snodgrass and Blanche Gary Williams.

History Of McLean Lovett Memorial Library

It was June, 1940, just after graduation with a degree in Library Science from the University of Oklahoma...

The Lovetts came into what is now Gray County before the end of the nineteenth century to establish a home.

library in this manner. In June of 1973, Lovett Memorial Library met the requirements to become a member of the Texas Panhandle Library System.

The seed was planted for a city library! Ideas were discussed with civic-minded individuals, and offers of books and magazines began to flow.

When the library was presented to the Fifth Tuesday Council of Churches the ladies voted unanimously to sponsor the project of getting a library started.

On August 9, 1940 a librarian, Mrs. Lady Bryant, was hired. The library was opened from 12:00 noon until 5:00 P.M. daily, except Sundays and legal holidays.

From 1940 until 1957 McLean City Library continued to occupy the rooms in City Hall. On August 30, 1957 an Open House was held in a new building at 302 North Main Street.

Once again the people of McLean began to contribute books to help fill library shelves. memorial books, given in honor of friends and loved ones provide a lasting tribute to be used by many people.

Ed and Lorraine Warren, noted investigators of the supernatural and often referred to as "America's top ghost hunters," will speak on "The Amityville Horror" at 8:15 p.m. on Oct. 18 at the Texas Tech University Center Theatre.

One of seven leading demonologists in the United States, Ed Warren is head consultant for the Psychic Research Institute for Paranormal and Demonology in Handen, Conn.

Lorraine Warren is a widely known clairvoyant and her help as a medium has been essential to a number of their investigations. Together they have traveled the U.S. and Europe and have worked with other scientists, clergymen and mediums investigating reports of "haunting" or demonic possession.

The Warrens' lecture will include a discussion of their cases, as well as pictures of "ghosts" and people "possessed" by demons. Their well known comment is, "There has never been a scientist past or present who could disprove the fact that haunted houses, ghosts, apparitions, and demonic spirits exist."

NOTICE OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT

City of Floydada, P.O. Box 10, 114 West Virginia, Floydada, Texas 79324, 806/983-2834

TO ALL INTERESTED AGENCIES AND PERSONS: The City of Floydada proposes to prepare a preliminary environmental impact statement to release Federal funds under the Housing and Community Development Act of 1974, as amended, to be used for the project:

STREET IMPROVEMENTS—\$800,000 estimated cost

The project will be located in an area bounded on the north by Missouri Street and the east by 9th Street, on the south by the east by 9th Street, on the south by 10th Street, and on the west by Main Street.

It has been determined that such release of funds will not constitute a significant affecting the natural environment and accordingly the City of Floydada has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such decision are as follows:

Street Improvements: It is the intent of the City of Floydada to improve the center located in the project area. The project will eliminate these streets which are safety hazards and are in need of clearing will occur in regard to street cleanings, but no long-term change in characteristics is expected. Construction will produce certain amounts of dust, air and noise pollution over a short period of time. No major increases in noise or exhaust pollution are expected.

Historical, archeological or architectural significance will be affected by the project. The project is located a significant distance from the flood plain.

An Environmental Review Record was prepared for the within project has been made by the City of Floydada which documents the environmental review of the project and more fully sets forth the reasons why such statement is not required. The Environmental Review Record is on file in the office of the City Manager between 9:00 a.m. and 5 p.m., Monday through Friday.

No further environmental review of the project is proposed to be conducted prior to request for release of Federal funds.

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration to the City of Floydada to the office of the City Manager. Such written comments should be received at City Hall on or before October 19, 1979.

All such comments so received will be considered and the City will not request release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence. The Chief Executive Officer of the City of Floydada is Pamela J. Mayor.

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

The City of Floydada proposes to request the U.S. Department of Housing and Urban Development to release Federal funds under Title of Housing and Community Development Act of 1974, as amended, to be used for the following project:

**STREET IMPROVEMENTS - \$38,397.49**  
estimated cost

The project will be located in an area defined as follows:

Bounded on the north by Missouri Street, on the east by 9th Street, on the south by Crockett Street and on the west by Main Street.

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the City of Floydada has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (PL 91-190).

The reasons for such decision not to prepare such statement are as follows:

**Street Improvements:** It is the major intent of the project to improve access for senior citizens and residents and users of an existing senior citizens center located in the project area. Unimproved streets cause safety hazards and air pollution. The project will eliminate these problems by clearing will occur in regard to street improvements, but no long-term change in land characteristics is expected. Construction activities will produce certain amounts of very limited air and noise pollution over a short period of time. No major increases in traffic or exhaust pollution are expected. No properties of historical, archeological or architectural significance is located a significant distance from the 100-year flood plain.

An Environmental Review Record respecting the within project has been made by the City of Floydada which documents the environmental review of the project and more fully sets forth the reasons why such statement is not required. The Environmental Review Record is on file at the office of the City Manager between the hours of 8 A.M. and 5 P.M., Monday through Friday.

No further environmental review of such project is proposed to be conducted prior to the request for release of Federal funds.

## PUBLIC NOTICE

NOTICE TO PUBLIC OF REQUEST FOR RELEASE OF FUNDS  
City of Floydada  
P.O. Box 10  
114 West Virginia  
Floydada, Texas 79235  
896/983-2834

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about November 6, 1979, the City of Floydada will request the U.S. Department of Housing and Urban Development to release Federal funds under Title I of the Housing and Community Development Act of 1974 (P.L. 93-383), as amended, for the following project: STREET IMPROVEMENTS - \$38,397.49

The project will be located in an area defined as follows:  
Bounded on the north by Missouri Street, on the east by 9th Street, on the south by Crockett Street and on the west by Main Street.

An Environmental Review Record report on the within project has been made by the City of Floydada which documents the environmental Record is on file at the above address and available for public examination and copying upon request.

The City of Floydada is certifying that it is in his official capacity as Mayor consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental reviews, decision-making and action and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval, the City of Floydada will use the Block Grant funds and HUD will have satisfied its responsibilities under the National Environmental Policy Act of 1969. HUD will accept an objection to its approval of the release of funds and acceptance of the certification only if it is on one of the following bases (a) that the certification was not, in fact, executed by the chief executive officer or other officer of application approved by HUD; or (b) that the certification indicates omission of a required decision, finding, or step applicable to the project in the environmental review process. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and be addressed to HUD at:

Community Development Block Grant Program  
U.S. Department of Housing and Urban Development  
2001 Bryan Tower  
Dallas, Texas 75201

Objections to the release of funds on basis other than those stated above will not be considered by HUD. No objections received after November 26, 1979, will be received by HUD. The Chief Executive Officer of the City of Floydada is Parnell Powell; Mayor, City Hall, Floydada, Texas.

NOTICE TO BIDDERS FOR CONSTRUCTION CONTRACT FOR ELECTRIC TRANSMISSION LINE AND ERECTION FOR TIE SUBSTATION FACILITIES

City of Floydada, Floydada, Texas  
Sealed proposals addressed to the Honorable Parnell Powell, Mayor and City Council, City of Floydada will be received at the office of Bill Feuerbacher, City Manager, City Hall, 114 W. Virginia St., Floydada, Texas 79235, until 7:30 P.M., Tuesday, November 13, 1979, for furnishing and construction of distribution and transmission lines and erection for Tie Substation Facilities, at which time the proposals will be publicly opened and read. Any proposal received subsequent to the time specified will be returned unopened.

The project will consist approximately of the following:  
2.04 miles of 12.5 KV. Three phase distribution line (Optional) and 3.12 miles of 69 KV. Single Pole, transmission line labor and material.  
Erection of one (1) 7500 KVA, 69:7.2/12.5 KV Substation which has been purchased by Owner. Labor for erection and labor and materials for foundations, surfacing, fencing, and miscellaneous items will be required.

Each bid shall be submitted in a sealed envelope and plainly marked as: Proposal, Transmission and Tie Substation and bearing the name of the bidder.  
Bidders must submit a Cashier's or Certified check issued by a bank satisfactory to the Owner or a Proposal Bond from a reliable surety company payable without condition to the order of the City of Floydada, Texas in the amount not less than ten (10) percent of the largest possible bid submitted as a guarantee that the bidder will enter into contract and execute bond and surety on the forms provided within 10 days after notice of award of contract to him. Bids without the required check or proposal bond will not be considered. The proposal and bond of the three low proposals shall be firm and binding upon each such bidder until such time as a proposal is accepted by the Owner, or for a period not to exceed 45 days. The proposal bond or check for other than the three low proposals will be returned to the bidder within 10 days after opening of proposals.  
The successful bidder must furnish bond in the amount of 100% of the total contract price from a surety company holding a permit from the State of Texas to act as Surety, or other sureties acceptable to the Owner.

The City of Floydada reserves the right to reject any and all bids and to waive any formality or irregularity in any bid received. In the case of ambiguity or lack of clarity in stating the prices in the bids, the City reserves the right to consider the most advantageous construction thereof, or to reject the bid.  
Copies of Instruction to Bidders and Specifications may be obtained from the office of the Engineer: Quinton T. Colwell & Associates, Inc.; Consulting Engineers; 2161 - 50th Street; Lubbock, Texas 79412, upon payment of \$10.00 which payment will not be subject to refund, or examined in the office of the City Secretary. /s/ Parnell Powell Mayor City of Floydada, Texas

# PBS Television Continues As Pacesetter For Children's Educational Programs

From learning the alphabet to appreciating common social values to understanding other cultures to an acquaintance with the job market — public television has offered young viewers a unique perspective.

For over a decade, kids the world over have turned to **SESAME STREET** for light-hearted fun designed to introduce preschoolers to essential learning skills. Big Bird, Oscar the Grouch and the rest of the gang will be back in the 11th **SESAME STREET** season with 130 all-new 60-minute programs. A season highlight this year will be a journey to Puerto Rico, where **SESAME STREET** characters discover that children of varying cultural backgrounds have a lot in common. The special needs of the blind will also be emphasized this year, as

**SESAME STREET** incorporates studio segments, live-action films and animation to help youngsters learn more about reading, writing, numbers and each other. **SESAME STREET**, a production of CTW, New York, is seen mornings at 11 a.m. and afternoons at 3 p.m. weekdays on Channel 5.

America's favorite neighbor will be back this year with a schedule that combines many of the best programs from past seasons with all-new productions on **MISTER ROGERS' NEIGHBORHOOD**. Currently celebrating his 25th year on television, Fred Rogers has become a media legend with his gentle-but-persuasive approach to instilling self-confidence and common social values in his young viewers. Among the special features to be presented this season

are a theme week devoted to contemporary super-heroes, and a brand-new **Mister Rogers** television opera. The series of 30-minute programs, a production of Family Communications, Inc., Pittsburgh, airs mornings at 9 a.m. and afternoons at 4 p.m. on Channel 5.

**VILLA ALEGRE** means the Happy Village—a place where children of both Anglo and Hispanic heritage come together for games, songs, and valuable lessons about cultural diversity and human understanding. In its fifth season, **VILLA ALEGRE** will continue to explore new experiences through the "Village" residents — children and adults, real and animated — who converse in both Spanish and English. **VILLA ALEGRE**, a production of BC/TV, Oakland, is seen weekdays at 2:30 p.m. on KXTX-TV.

ON THE **ELECTRIC COMPANY**, elementary school-age children discover that learning to read can be fun. **THE ELECTRIC COMPANY** uses a light-hearted approach to conveying valuable reading skills, blending live action and animated sequences in a fast-paced half hour of education and adventure.

The series is currently used throughout the nation to supplement formal classroom education, and has also been employed in over 20 foreign countries to teach English. Another CTW production, **THE ELECTRIC COMPANY** airs daily, Monday through Friday, at 4:30 p.m.

## Nuclear Tests Participants Urged To Contact Defense Nuclear Agency

### ATMOSPHERIC NUCLEAR TEST PARTICIPATION

For more than a year the Department of Defense has been attempting to identify former military and civilian Defense personnel who participated in the atmospheric nuclear tests conducted from 1945 to 1962. The Defense Nuclear Agency is the Executive Agent for this program.

If you participated in these tests, which were held largely in Nevada and at Bikini and Eniwetok atolls in the Pacific, you are urged to contact the Defense Nuclear Agency if you have not done so in 1978-1979.

The Defense Nuclear Agency is attempting to reconstruct a complete history of the atmospheric nuclear test program, including names of participants and any radiation doses they

received. One of the purposes of this effort is to enable the National Academy of Sciences and other scientific organizations to deter-

mine if there are health hazards resulting from participation in the test.

Based upon research to date, it is believed that

radiation exposures were low. While medical science has no proof that exposure to radiation levels as low as these is hazardous to health, it is generally assumed by scientists that even low levels of exposure carry some slight risk. There is, however, some disagreement within the scientific community about the magnitude of this risk.

If you were a participant in the atmospheric nuclear tests program, and you have not already done so, you are urged to contact the Defense Nuclear Agency at toll-free number 800-336-3068 (in continental United States; from Virginia, outside the Washington, D.C. area) call 202-274-9161 (collect, if long distance); from Hawaii call collect 808-422-9213. Or write to Defense Nuclear Agency, Washington, D.C. 20395.

If you are concerned that your possible exposure may have adversely affected your health, you are urged either to consult your doctor or, if you are a former serviceman, to contact the nearest Veterans Administration Hospital, where you may obtain a physical examination at Government expense.

## Fairview News

BY MRS. CLYDE BAGWELL

October 8 — Monday was a beautiful summer-like day, but a cold front hit Tuesday. It continues to be dry, but this is what the cotton farmers need at this time.

Mr. and Mrs. E.W. Walls returned home Thursday afternoon from a five day trip to Norman, Oklahoma. Mr. and Mrs. Marvin Marsee (Mrs. Wall's sister and husband) went with Mr. and Mrs. Walls to northeastern Oklahoma, where they spent some time at Six Shooter Bend resort. They visited at Nicoma Park with Ernest's sister and husband, Mr. and Mrs. E.C. Johnson.

Those visiting Mrs. Ethel Graham last week were Mr. and Mrs. Walter Hollums, Mr. and Mrs. R.B. Harney, Mrs. Gladys Collins, Mrs. Alva Sparks, Mrs. Bennie Teaff, Mrs. Don Faulkenberry and Troy and Mrs. Wiley Rogers.

Sunday Mrs. Ethel Graham visited in Lockney with Mrs. Gene Collins Jr. Mr. and Mrs. Harvey Allen went to San Antonio over the weekend to attend a school board meeting.

Mrs. C.W. Payne and Mrs. L.H. Blum visited last week with Mrs. Clyde Bagwell. Robert Warren of Lubbock was here Thursday and visited in the home of his parents Mr. and Mrs. Bud Warren and had dinner with them.

Ricky Upton of Canyon spent the weekend with his grandparents, Mr. and Mrs. L.H. Blum.

Friday Mr. and Mrs. E.W. Walls visited Mrs. Grace Jarboe at her home. They also visited at Caprock Hospital with Mrs. Edell DuBois and family members who were with Mrs. DuBois at that time. Her son, Bud DuBois of Lubbock, was there to see his mother Friday.

Mrs. Jewell Teague and Mrs. Ethel Graham made a trip to Plainview Saturday morning.

Mr. and Mrs. Bill Tye enjoyed having their grandchildren, Britta and Joshua Tye of Lubbock, here for a week. The children also spent part of this time at the home of their aunt and uncle, Mr. and Mrs. Weldon Pruitt and family.

This weekend Karen and Christy Pruitt visited their grandparents, Mr. and Mrs. Bill Tye. Karen spent Saturday night there and Christy spent Sunday night.

Sunday, September 30, Mr. and Mrs. Bob Burns of Amarillo and Mr. and Mrs. Vance Campbell were dinner guests of their sister Anne Swepston.

Mrs. Bill Beedy and Mrs. John Smitherman went to

Lake Whitney Monday and stayed until Thursday visiting Mrs. Kate Woods and Mr. and Mrs. Jack McCown. Large crowds are attending the revival services at First Baptist Church. Dr. Angel Martinez is doing the preaching for the revival.

### DISPOSING OF MEDICINES

When throwing away any medicine, be sure to flush it down the toilet or dissolve it in water and wash down the sink rather than throwing it into the garbage, cautions Carla Shearer, a health education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.
