Longhorns Lose To Whirlwinds — Story And Pictures On Page 3

# The Lockney Beacon

Volume 78 Lockney (Floyd County) Texas 79241 Sunday, October 21, 1979 14 Pages In One Section Number 85

## Herber Announces Resignation

Steve Herber, the Floyd County agricultural extension agent, will leave his post for a position in private industry the middle of next month.

Herber this week confirmed reports of his impending resignation as county agent effective Nov. 15.

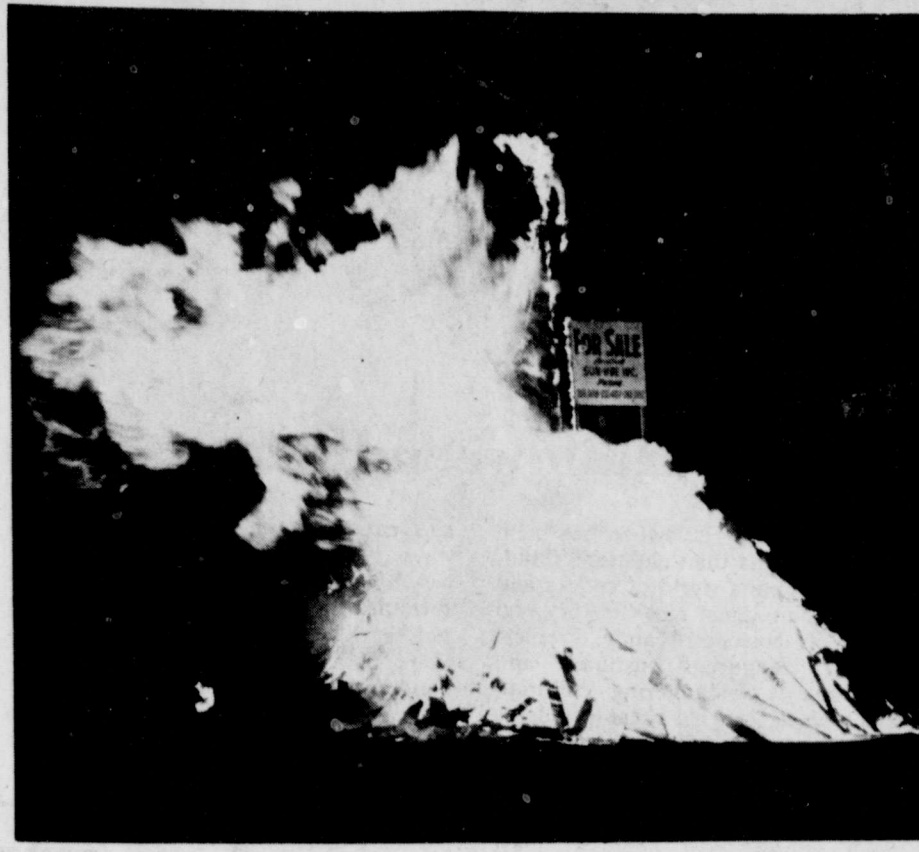

He will move to Seminole where he will take over as district supervisor for West Texas Gas, Inc. Herber will be in charge of natural gas and wholesale fuels.

Herber first assumed the position as county agent in February of this year. He had earlier served as assistant agent from 1974 until early 1977 before moving to Crosbyton as county agent there for two years.

Herber said he hated to leave the Floyd County community but the Seminole offer was a career opportunity that he couldn't turn down.

District agent Billy Gunter, headquartered in Lubbock, will now advertise the vacant position to agents in Texas and surrounding states.

Gunter will screen the applicants and present those qualified to the Floyd County commissioners for their selection.

THE WHIRLWIND hanging in effigy atop the Lockney bonfire burst into flame as the fire reached the stuffed figure.

LOOK AT THAT! — Concern shows on the face of two-year-old Joey Ward as he watches the bonfire at the "Beat Floydada" pep rally Thursday night. Joey is held by his mother, Cindy Ward of Lockney.

## The Second Distribution Point In Texas

# Gasohol Being Prepared In Floyd County

Starting this week will become the city in Texas from which the alcohol alternate fuel, dubbed "gasohol," is distributed.

Swifty Distributors Co., of Floydada, received its first shipment, 200-gallon, of 200-proof ethanol made from Midwest corn, according to Arthur Wiley, the Swifty manager.

The storage and mixing tanks are ready to go, the pumps are adjusted and the alcohol is here. All that is needed to start selling the gasohol is approval by the state of the distributor's permit. Wiley anticipated receiving the permit by Monday.

Sales to customers in Floydada should begin Wednesday or Thursday, Wiley said. The fuel will be marketed at the Floydada Travel Center on Houston Street.

Swifty eventually will sell the purified alcohol to other gasoline retailers in the area for mixing into their own gasoline in the near future, he added.

While the gasoline-alcohol combination is still effective at an 80-20 ratio, the distributors mix it at 90-10.

"The Federal government forgives the four percent excise tax on gasoline if it's mixed with 10 percent ethanol," Wiley explained. "The other alcohol that would work, methanol, is made from fossil sources and the government wants to hold down consumption of those fuels."

Another reason the government forgoes the tax when only 10 percent ethanol is used is so only surplus grains are routed to production of alcohol. The 10 percent limit helps prohibit using grain that would normally go for food from being used for fuel.

"Forgiving the tax helps keep the price down," Wiley said. "Some states even forgive the state tax, but Texas isn't among them."

Wiley guessed that the tax-forgiveness was probably a temporary measure to encourage the initial use of gasohol.

"There's a great grass roots movement to promote gasohol," Wiley said. "It was the farmers who first put emphasis on it." And he defended using the domestically-produced alcohol to stretch the petroleum supplies.

"We've got to get rid of those OPEC countries," he said. "They're killing us."

The alcohol being prepared by Swifty Distributors is identical to that used in blending liquors, Wiley noted, except that the alcohol in Floydada has been denatured so it cannot be safely ingested.

Currently, the alcohol supplies come from a Decatur, Illinois, firm but a plant to produce alcohol from gin scraps is being planned for the South Plains area.

## BEACON LIGHTS

By Jim Huggins

ONE FROM "The Country" my old boss Wendell Tooley, this one also appeared in Bob Miller's "Full Circle" in The Hamilton Herald. It was printed, we're told, in the Jan. 1979 issue of the Kentucky Tribune on 10/29/79.

Robert Chetway and Miss Alice were married at noon Monday at the home of the bride's parent, Mr. R.D. Broadkin, Rev. M.L. officiating.

groom is a popular young bum who didn't do a lick of work since he was in the middle of his junior college. He manages to dress and keep a supply of spending money because his dad is a soft-hearted man who takes up his bad checks and letting him go to jail where he is.

The bride is a skinny, fast little idiot who has been kissed and handled by every man in town since she was twelve years old. She paints like a Sioux and smokes cigarettes in secret, and she has a little bit of liquor when she is out with her dad's car at night. She knows how to cook, sew or keep house was newly plastered for the occasion and the exterior newly painted, thus appropriately carrying out the theme of the groom who was plastered, also and the bride was plastered.

The groom wore a rented dinner suit and a pair of imitation leather pants were held up by pale suspenders. His number eight leather shoes matched his state dress and harmonized nicely with the groom's hair. In his pocket he carried a pocket watch, a bunch of keys, a dun for the ring and a look of imbecility.

The bride wore some kind of white dress that left most of her legs sticking out and her honey upper end sticking out at the other.

The young people will make their wedding party at the home of the bride's parents — which they will sponge on the old man and then she will take in the happy couple anticipates a honeymoon in about five months.

script: This may be the last of the Tribune, but my life has been to write up one and tell the unvarnished truth. That is done, death can have a little girl desperately wanted a man, but her father denied her for the time being despite all her pleas and tantrums. That night, she said her prayers, she concluded, "And please don't give daddy any more children. He doesn't know what the ones he has now."

## Proposal Three Would Guarantee Family Farms And Ranches

[Editor's Note: Texas voters will go to the polls Nov. 6 to consider three proposed amendments to the state constitution. The following is the conclusion of an analysis of the three items, based on a report submitted by the Texas Legislative Council.]

Proposed amendment number three would authorize the legislature to guarantee loans to qualified borrowers to purchase farm and ranch real estate. The guarantees would be in the form of \$10 million in general obligation bonds issued by the state.

The proceeds of the bond sales would be administered by the commissioner of agriculture without appropriation to guarantee loans made by private lenders for farm purchases, to acquire mortgages or deeds of trust on lands purchased under a guaranteed loan and to advance to the borrower a percentage of the principal and interest due on the guaranteed loan.

The amendment would require that any advances made to a borrower be repaid at six percent interest. The bond sale proceeds would be invested and a first call on the treasury would be issued for repayment of the bonds.

The state constitution's prohibition on pledging credit of the state prevents establishment of a guaranteed loan program without constitutional amendment.

If the voters approve the proposed law, the state would purchase the mortgage or deed of trust on a defaulted loan for 90 percent of all sums due at the time of default. Following appeals, the state would sell the property in a manner similar to foreclosure.

Eligibility for a guaranteed loan would be limited to Texas residents who have the necessary education in the type of farming or ranching they wish to pursue, who have a net worth of less than \$100,000, excluding residential homestead, and who intend to purchase the land for their own or their family's use as a farm or ranch.

A nine-member council appointed by the governor would review and make recommendations on applications.

Supporters claim that the amendment would aid young men and women to purchase land that they would have been unable to afford because of the high price of land and the extremely high down payments that now average 20 percent of the purchase price. This is necessary to preserve the family farm, they say, because the average age of Texas farmers is increasing past the 55-year mark.

Because of the safeguards concerning

## Mrs. Hodel Not Seriously Injured In Wreck

Mrs. Verner Hodel of Lockney was treated and released at a Plainview hospital Thursday night after she was injured in a car-pickup collision about two miles west of Lockney on U.S. 70.

Mrs. Hodel received cuts and bruises in the accident, which occurred about 7 p.m. Thursday. The car she was driving, a 1977 Mercury Cougar, was "totaled." The pickup driver, a Friona man, was not injured.

The Hodel vehicle had been east-bound on Highway 70 and was turning north off the highway when the vehicles collided. The automobile struck a natural gas meter, shearing off the gas pipe.

Hodel, who drove up on the wreck while his wife was still in the car, said if the car's engine hadn't died, it probably would have exploded. But he said the gas meter may have kept the car from rolling.

GET 'EM WHILE THEY'RE CHEAP — Pictured are some of the bicentennial coins that the Floyd County Museum is selling for a limited time at 1976 prices.

## Floyd County Museum Offers Gold and Silver Coins

The Floyd County Museum is offering for sale the last of the county commemorative coins minted for the nation's bicentennial celebration in 1976.

The coins come in gold-plated silver, sterling silver and bronze, according to Nancy Marble.

The precious metal content in the gold and silver coins has increased dramatically since the coins were minted but the coins will remain at the 1976 prices for another month, Mrs. Marble said.

"We're sending back the final pages of the county history book to be printed," she said, "so the museum needs to sell these coins to help pay for that."

After the 30-day special price period, the price of the coins will increase to reflect the market value of the metals, she said.

There are only a few gold-plated coins remaining and about 50 of the numbered silver coins, plus a good number of bronze.

The coins were designed by the late Ted Bell, a local artist.

The commemorative issues are available in two-coin sets, keychains, belt-buckles, bolo ties and necklaces, Mrs. Marble said.

The museum staff is considering offering for sale the artist-proof four coin sets that remain. Those sets are from the first coins off the mint before the numbering process began.

Mrs. Marble said she was uncertain of what price would be asked if the directors decided to sell those coins.

## Majority Of Texans Favor Increased Speed Limits

More than 63 percent of the licensed Texas drivers surveyed in the latest Texas Crime Poll admitted that they drive faster than the 55 mile-per-hour legal speed limit.

Only 35 percent said their average highway speed is 55 or less.

The Texas Crime Poll is a survey of attitudes and opinions in the area of criminal justice conducted by the Criminal Justice Center at Sam Houston State University in Huntsville. A total of 1,530 individuals representing 180 counties participated in the latest survey.

In answer to a question on average driving speed, the speed listed most frequently was 60 miles per hour (40.1 percent), followed by 55 (28.1 percent), and 65 (11.5 percent), for an average of 58.93.

Participants were also asked what they thought the legal speed should be. The most common responses were 55 miles per hour (32.1 percent), 60 miles per hour (25.8 percent), 65 miles per hour (23 percent), and 70 miles per hour (14.3 percent), for an average of 61.09.

In another area of concern, 56 percent of the respondents said they felt they may be the victim of at least one crime

during the next year, and a similar number (55 percent) felt that the crime problem in their community is becoming worse.

"A comparison of these findings on the public's perception of the crime problem with those of earlier Crime Poll surveys suggests that a trend may be developing," said Dr. Raymond H.C. Teske, Jr., Crime Poll director. Only 46 percent of those surveyed in the fall of 1977 felt the crime problem was becoming worse.

The apparent growing concern with violent crime was also reflected in answers to questions concerning the concept of probation.

Four out of every five Texans answering the survey said they favored probation being considered for at least one crime category, but only one in 20 would agree to probation being considered for the most violent of crimes, murder.

The public's ranking of crimes by severity was also indicated by answers to a question on the crimes for which they would consider probation. After murder (5 percent), came rape (6 percent), robbery (9 percent), sale of illegal drugs other than marijuana (12 percent), aggravated assault (16 percent), burglary (20 percent), use of illegal drugs other than marijuana (24 percent), theft (32 percent), sale of marijuana (32 percent), auto theft (39 percent), use of marijuana (53 percent), and driving while intoxicated (60 percent).

Charles R. Jeffords, a Sam Houston graduate student who compiled data used in the survey, thought it significant that the public apparently feels that driving while intoxicated, with its accompanying risk to innocent motorists and pedestrians, is less reprehensible than use of marijuana.

A question on the death penalty provided another measure of the public's perception of the severity of crimes. Four out of every five participants favor the death penalty being available for at least one crime, with 77 percent naming murder, followed by rape (39 percent), kidnapping (31 percent), treason (25 percent), armed robbery (14 percent), arson (9 percent), and "other" crimes (7 percent).

## Tips On Halloween Hazards

In recent years Halloween has been scarier for adults than children. Children can imagine a world of spooks and goblins. Adults must face the very real threats of poisoned candy, vehicle accidents, dangerous costumes and other hazards endangering children. Seeking ways to avoid these problems and decrease vandalism, parents increasingly are steering their children toward organized activities such as school carnivals and parties.

Such efforts have been at least partially successful — or maybe children simply are forbidden to go out on Halloween. In any case, the number of trick-or-treaters in many places has declined dramatically.

Yet Halloween is too well established to die out completely. Since people probably will continue celebrating it in some form or other, here are some tips to cut down on Halloween hazards.

Giving balloons, pencils, coins or other small, inexpensive items probably will please children as much as receiving candy. Some inedible treats may even be cheaper than candy and will not be wasted by parents who have to throw away treats that might be poisoned.

Adults can decrease the possibility of poisoning by giving only treats in their original wrappers that could not be poisoned and then re-wrapped. Parents should use the same standards when inspecting treats. Parents also should throw away fruit and other treats that could be injected with dangerous substances because they easily could overlook the pinhole a needle would make.

Costumes are another responsibility parents have. They should avoid costume masks that could slip and block a child's vision or breathing. Painting a child's face with cosmetics, grease paint or burned cork can be a good substitute.

The costume itself should be light-colored to help motorists spot children, flame resistant and not so loose or long it could trip a child or catch on obstacles. Costumes also should not include sharp objects, torches or candles. Adults can improve safety by putting reflective tape or luminous paint on costumes and objects children carry.

People can make their property safer

and cut down on vandalism several ways. For instance, keep the property well lighted and put away hoses, lawn furniture and garbage cans. If possible, put cars in the garage and lock them. Bring pets inside to protect them and children from each other.

Simple preparations such as these can help both children and adults survive the season.

## Increasing Mortgage Interest Rates Will Add Too Inflation

BY State Sen. Bill Patman

Recently the Secretary of the Treasury, G. William Miller, said that \$1.00 in the hands of a college graduate today will be worth 5 cents by the time he retires, at the present rate of inflation.

A 13 percent rate of inflation — which is even less than the current estimated rate — is ruining the purchasing power of the American dollar.

After only five years of 13 percent inflation, your 1978 dollar will be worth less than 50 cents.

Ten years from now, its value will be less than 25 cents.

After only twenty-two years have elapsed its value will have deteriorated to less than 5 cents.

What if the inflation rates go higher? Increasing mortgage interest rates can only add to inflation. In fact, the press has often called attention to some of the dramatic increases in inflation rates as being the result, at least in part, from higher mortgage rates.

We would be far better off to hold the line and endure periods of severe scarcities of money, than to yield to the inflationary pressures and authorize and encourage higher rates of interest on home mortgages and other debts. California has yielded to the cries of the moneylenders. That state is experiencing some of the highest inflationary pressures of any state in the Union. The average value of existing homes around Los Angeles in May had reached \$100,500 in April 1979 was up from the comparable figure of \$51,300 in April of 1976.

### STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

**AUSTIN** — Lt. Gov. Bill Hobby returned last week from a visit to the People's Republic of China predicting large oil trade benefits for Texas businessmen.

Hobby told reporters the Chinese are anxious to increase trade with Texas to develop petroleum equipment and technology. "There are billions of dollars" worth of oil business to be done with China, and Texas will share in it, Hobby said.

Hobby and a delegation of Texas oil drillers, contractors and equipment manufacturers toured Chinese offshore rigs and concluded that Sino oil technology was 40 years behind the U.S.

Currently, he reported, the Chinese have only about 600 drilling rigs in operation, but they would like to develop around 2,000 more rigs in the next five years.

Hobby, whose family owns The Houston Post, also visited the "People's Times," a Chinese newspaper of 6.5 million circulation printed with type set by hand. "Think of the oldest newspaper plant you've ever been in and this one looked twice as old," he said.

He also commented that coal fired in Peking contribute to massive air pollution. "If you're unhappy about our environmental standards, you should spend a few days in Peking. You'll learn to love our Air Control Board," Hobby quipped.

**Kennedy Leads Texas**  
Later, Hobby told a United Press International conference in Houston that Massachusetts Senator Edward Kennedy would defeat President Carter if Texas held a Democratic presidential primary next year.

But former Texas Gov. John Connally, a Republican, told the same group it doesn't matter who prevails between Carter and Kennedy: Connally is going to be the next president.

Connally blasted Kennedy as being too liberal for Democrats anywhere and said he won't let voters forget Kennedy's leftist leanings.

Meanwhile, a Texas campaign management firm concluded last week that a Republican presidential primary including Connally, George Bush, Gerald Ford and Ronald Reagan would attract at least 825,000 Texas voters, more than the 400,000 who voted in the 1976 Republican primary.

**Bentzen Backs Carter**  
Despite the large following which Kennedy is said to have in Texas, Carter is not to be counted out. The President won the endorsement of a prominent Texas Senator.

Senator Lloyd Bentzen said he was "more in tune philosophically" with

Carter and would support his re-election in 1980. Bentzen last week won a tough Senate Finance Committee battle to exempt state-owned oil from the wind-fall profits tax.

**Bilingual Controversy**  
New Education Commissioner Alton Bowen drew both praise and fire last week with a new state policy: halt expansion of bilingual education until educators can tell if it's working.

Bowen asserts that the mainstream language English should be stressed in school and that the responsibility for teaching bilingual culture remains in the home.

He was not opposed to bilingual education, which is currently taught up to third grade, but had doubts about how far to extend it in Texas schools, he said.

"Education cannot be all things to all people," he said.

**Hispanic Reaction**  
Not surprisingly, Ruben Bonilla, national president of the League of United Latin American Citizens, blasted Bowen for his comments. Busy last week, Bonilla also met with Texas AFL-CIO president Harry Hubbard to discuss a labor-Hispanic coalition to restrict the state.

As Texas Hispanics begin flexing stronger political muscle, Bonilla is thought by many as the most likely candidate to lead a third political party, should Hispanics choose that option.

Speculation continues about the 1982 race for Speaker of the House. Among those thought to be in line for the chair are John Wilson, D-La Grange; Jerry Donaldson, D-Gatesville; Tom Uher, D-Bay City; Al Brown, D-San Antonio; Tim Von Dohlen, D-Dallas; Dan Kubiak, D-Rockdale; and Ben Grant, D-Marshall.

**AG Opinions**  
In legal opinions issued last week, Attorney General Mark White ruled the Texas Constitution does not authorize the Legislature to abolish the constitutional office of county treasurer. The opinion was requested by State Treasurer Warren G. Harding.

White also answered a request from Education Commissioner Bowen: the City of San Antonio has the same obligation to provide police protection and other city services to an area within the city acquired by a state agency from the federal government that it has to furnish such protection and services to other areas of the city.

Concerning the use of McLennan County funds to operate a zoo, White ruled a county is authorized to contribute funds for operation of a zoo located on property owned entirely by a city.

## Senior Citizens: Apply For Utility Program

Rosie Rendon, Lockney Community Action Center director, is taking applications from senior citizens for the Center's "utility program."

All senior citizens, age 60 and over, who need help with their utility bills this winter are encouraged to fill out applications to see if they qualify for the assistance.

Call 652-2639 or go to the Community Action Center, 113 Southeast First (under the city's elevated water tank) for more information or to apply for assistance under the program.

### The Consumer Alert

by Mark White Attorney General

A relatively new vacation idea is sweeping the country. And, although this may seem to be a strange time of the year to be thinking of vacations, this particular idea deserves consideration because now is the time many consumers are being asked to invest.

The idea is called "resort time sharing." Under this plan, a consumer buys the right to use an apartment in or adjacent to a vacation spot from a company that owns the building containing the apartment.

Time sharing is attractive to many consumers because with each year that passes the price of motel or hotel accommodations increases. The fixed purchase price appears to guarantee that at least one part of the cost of a vacation will remain constant.

For many consumers time sharing may be the ideal plan. There are some aspects, however, that require careful consideration before making the decision to invest.

First, it is important to understand that while sometime sharing plans convey an interest in the property, most sell consumers only the right to use an apartment. The contract will state whether you are buying the property itself or only the right to use it. So, read the contract carefully. It also is important to check whether you are purchasing the right to use a particular apartment or merely an apartment in the complex. Again, carefully read the contract to make sure you know what you are buying.

Second, most time sharing plans involve a purchase price as high as \$4,000 for one week's use of an apartment each year as well as a maintenance fee. The maintenance fee typically is charged for each day that a consumer has the privilege of using the

apartment whether the apartment actually is used or not. In other words, if the contract gives a consumer the right to use the apartment one week out of each calendar year, then a full seven days of maintenance fees will be charged even if a consumer decides one year to stay home or travel elsewhere. The maintenance fee frequently exceeds \$15 a day and is designed to increase with inflation. Therefore, even though the purchase price is fixed, the maintenance fee is not and will probably increase at a rate equal to the increase in area motel or hotel charges.

Consumers should carefully weigh the benefits of signing long term contracts for accommodations which extend for the period of years common to these contracts are thirty to thirty-five years in duration and predicting the thirty five years hence is quite difficult.

Finally, the total costs of a time sharing plan should be measured against the expected costs of annual vacations. In the example described above, the maintenance fee must be added to the \$4,000 purchase price. At \$15 a day, seven days a year for thirty-five years, this means adding \$3,675 for a total cost of \$7,675, discounting any increases in the maintenance fee. If the purchase price is financed, the interest payments may be expected to nearly double the basic purchase price.

I have heard reports that some time sharing plans are using "high pressure" sales tactics to get consumers to sign up. Because of the size of the investment required, such tactics should be ignored. If someone refuses to give you the opportunity to think things over, look someplace else for a time sharing plan.

## Floyd County Declared Disaster Area By SBA

WASHINGTON, D.C. — Congress announced last week that Dawson and Floyd counties have been declared disaster areas by the Small Business Administration.

The disaster declaration was made due to crop damaging weather in the two areas. Floyd County was approved for SBA loans for damage caused by hail, rain and wind on June 23, July 4, 9, 18, 25, and 30, 1979. Hail damage in Dawson County on July 9, August 10 and August 20-21, was cited as reason for the declaration.

Farmers in these counties, as well as adjacent counties, are eligible for relief on physical losses filed before April 10, 1980 and for economic losses filed before July 10, 1980.

Local SBA offices should be contacted for applications, Stenholm said.

## Revival Planned At First Baptist Church

**DALE BURRIS**  
Dale Burris of Albuquerque, New Mexico, will be the evangelist and Monte Richards of Lockney will serve as music and youth director for revival services Sunday through Wednesday (October 21-24) at the First Baptist Church in Lockney.

Everyone is invited to come, according to the Rev. John Jenkins, pastor of the church.

Revival services will be conducted at 11 a.m. and 7 p.m. Sunday and at 7:30 p.m. Monday through Wednesday. There will be youth fellowship after the Sunday-night service and family fellowship after the revival service Wednesday night.

A hot-dog supper for boys and girls in grades one through six is planned at 6:30 p.m. Tuesday.

Burris, 29 a native of Whiteface, is pastor of the Highland Baptist Church in Albuquerque. He is graduate of Baylor University (1974, B.S. degree in secondary education) and Southwestern Baptist Theological Seminary (1978, Master of Divinity).

He was pastor of Macedonia Hix Baptist Church at Gause, Texas from October 1972 to August 1975 and of Wells from January 1976 to June 1978. He has been pastor of the Albuquerque Highland church since June 1978.

Burris was in the Army from August 1970 to February 1972 and served in Vietnam from February 1971 to February 1972.

He and his wife Kathy have three children, Marci Ann, four years old;

Dalanna Lynn, two; and Joshua Stephen, four months.

**MONTE RICHARDS**  
Richards, 26, is minister of music and youth at the Lockney First Baptist Church. He was born in Lubbock and has lived in Abilene, Albuquerque, N.M., and several other cities in New Mexico.

At age 24, Richards moved with his family to Plainview to attend Wayland Baptist College, where he obtained a degree in church music.

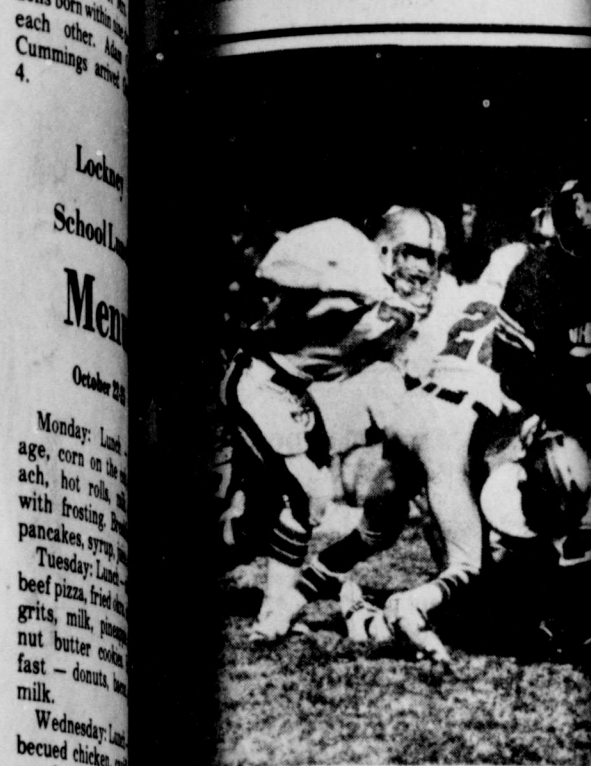

Before serving as music and youth minister of the Lockney church, Richards held a similar position at the First Baptist Church at Aiken.

Monte and Shirley Richards have three children, Kimberly, age seven; Christine, five; and Damian, three.

**Books At The Lockney Branch Library**  
Several of the books which the Hodels gave and which are now available to readers are these: Our Amazing World of Nature, a Reader's Digest illustrated book; the two volume set The Outline of History by H.G. Wells; Ranch On The Ruidoso, the story of a pioneer family in New Mexico by Wilbur G. Coe; The Better Homes and Gardens Fondue and Tabletop Cooking; and Football Offense by Bud Wilkinson.  
Other books new to the library are Stained Glass by William F. Buckley, Jr. (another Blackford Oakes, CIA spy book); Goodbye California by Alistair MacLean (a novel about the ultimate blackmail weapon—Earthquake); Built in Texas edited by Francis Edward Abernathy with line drawings by Reese Kennedy (a reference book not to be taken from the library); The Television Sponsors Product Cross-Reference Directory (a complete letter-writer's guide); One, Two, Three by Eleanor Craig author of P.S. Your Not Listening; Freckle Juice by Judy Blume (a juvenile book); Second Generation by Howard Fast (the second novel in the epic launched by The Immigrants); Pulling Your Own Strings by Dr. Wayne W. Dyer (techniques for dealing with other people and mastering your own life); The Buchwald Stops Here by Art Buchwald (humorous essays by one of America's favorite writers); and The Glass Flame by Phyllis A. Whitney (a novel of love and terror).  
Lockney branch of Floyd County Library is open Monday through Friday afternoons from 1 to 5 o'clock.

**Whirlwinds Grab County Crown With 21-0 Victory**

Lockney Longhorns were thorned out of the Floydada Megan title. The twins were born Saturday, October 21, 2:12 a.m. and weighed 11 pounds 11 ounces. Megan was only two minutes before her sister and weighed 11 pounds five ounces.

which team owns the mythical county football crown this year. "Big Mac" Collins did it all for the Whirlwinds Friday night. The 20-

pound fullback scored all three Floydada touchdowns and rushed for 165 yards on 30 carries.

the second period, ending an 81-yard Whirlwind drive which started on the last play of the first quarter. Joey Luna kicked the point that made the score

7-0, with 5:01 left in the first half. The Longhorns bounced right back and moved to the Floydada 11-yard line before fumbling away the pigskin. Tim Radloff recovered for the "Winds, and that was about all the bouncing for the evening for the Longhorns — except when the defense was bouncing off Collins. But the ball bounced away from the Longhorn offense several more times before the night was over... The 7-0 score stood until halftime.

**The Lockney Beacon

Floydada — Collins 18 run (Luna kick)
Floydada — Collins 1 run (Luna Kick)

**SCORE BY QUARTERS**

Floydada	0	7	0	14	21
Lockney	0	0	0	0	0

**INDIVIDUAL LEADERS**

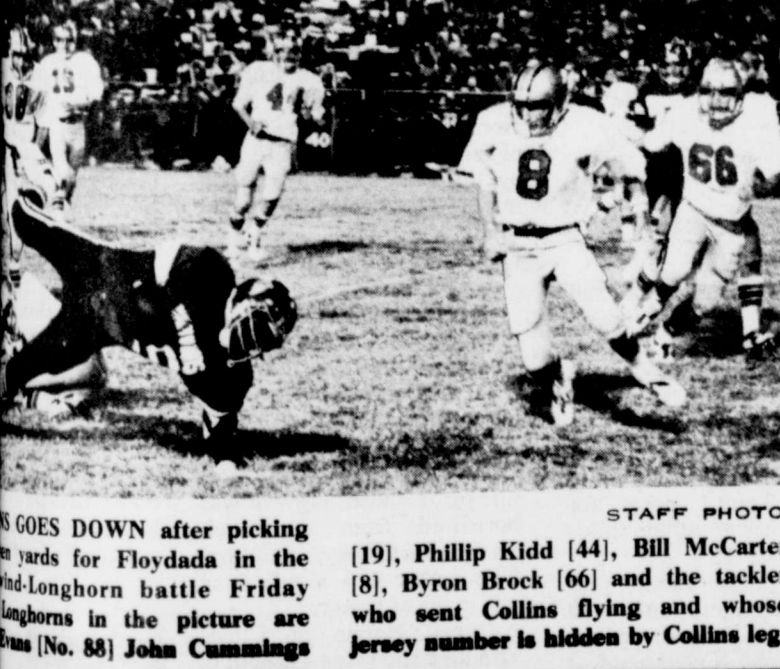

Rushing: Floydada — Collins 30-165, Marquis 10-72, Rainey 8-31. Lockney — Ford 12-63.  
Passing: Floydada — Warren 4-5-0, 39 yards. Lockney — Marquis 2-7-1, 15 yards.  
Receiving: Floydada — Womack 3-27, Self 1-12. Lockney — Evans 1-10, Alaniz 1-5.

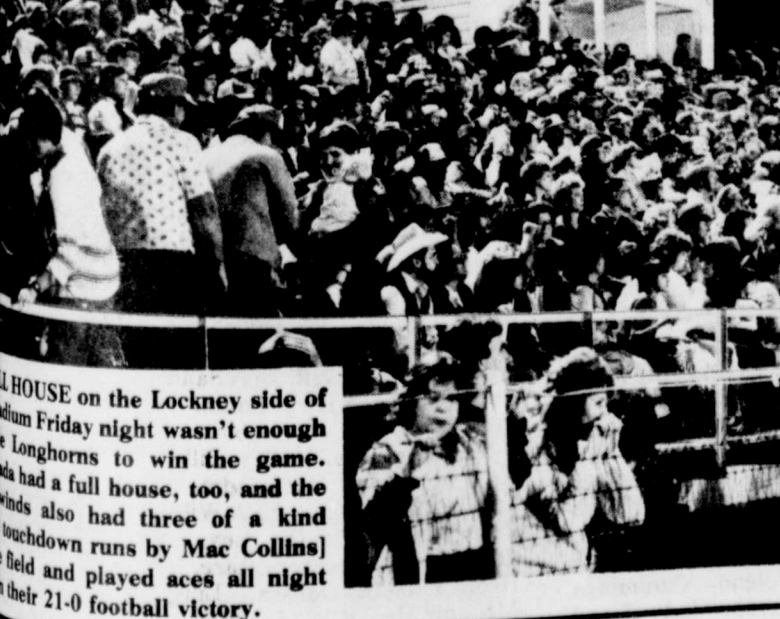

Collins breaks out of the Lockney five-yard line, routes to the first Floydada touchdown Friday night.

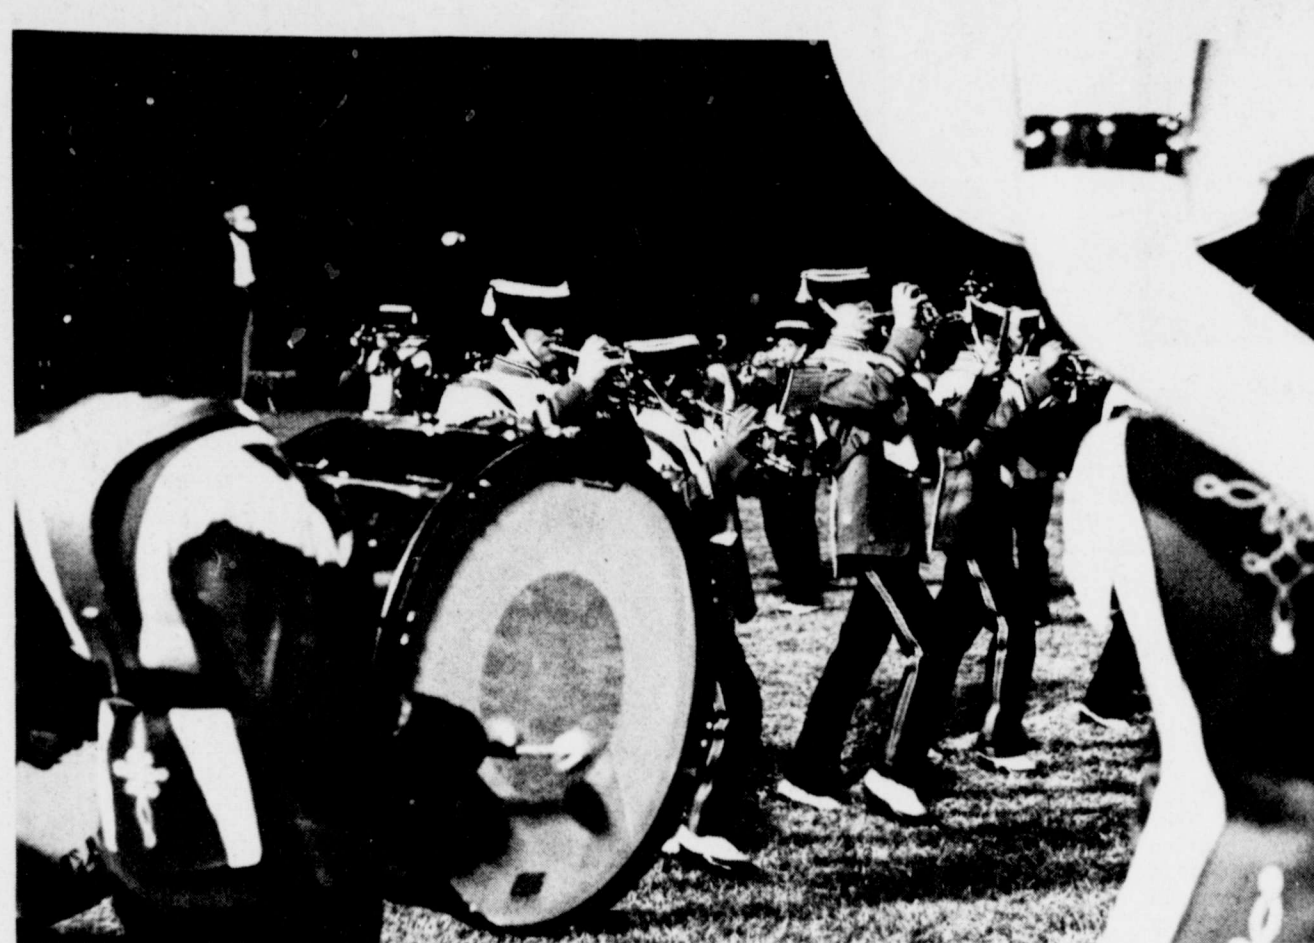

Floydada quarterback [Name] gained a couple of yards first-half play Friday night. Junior McDonald is the Lockney defender.

Collins goes down after picking up yards for Floydada in the third-quarter Longhorn battle Friday night. Longhorns in the picture are [Name] [No. 88] John Cummings [Name] [No. 19], Phillip Kidd [44], Bill McCarter [8], Byron Brock [66] and the tackler who sent Collins flying and whose jersey number is hidden by Collins leg.

A full house on the Lockney side of the stadium Friday night wasn't enough for the Longhorns to win the game. The field had a full house, too, and the Whirlwinds also had three of a kind touchdown runs by Mac Collins. The field and played aces all night in their 21-0 football victory.

The Longhorn Band was impressive in the halftime show Friday night at Floydada.

**Longhorn Freshmen Shut Out Abernathy**

**'Night Of Marching' Set Tuesday**

LHS freshman footballers posted a 28-0 win Thursday at the expense of the Abernathy ninth-grade team. The Longhorns scored in every quarter. Early in the first period, the 'Horns put six points on the scoreboard when Keith Hight recovered a high punt snap in the Abernathy end zone. The try for extras was no good. Joe Davis passed to Hight for six more in the second quarter. The touchdown play covered about 25 yards. Again the PAT attempt failed. Abernathy, Hale Center, Muleshoe and Vega, in addition to the Estacado Junior High Band from Plainview, will be featured on the three-hour program highlighted by a 14-minute performance by the host Wayland Band, under the direction of Greg Berry. Activities are scheduled to begin between 6 - 6:30 p.m. that evening. There is no admission charge. The program will provide a warm-up for visiting bands in preparation for regional University Interscholastic League (UIL) competition to be held in Lubbock and Amarillo the following two weeks.

The program, which has attracted over 1,000 spectators each of the previous two years, will feature an eight-minute performance by each band, with another seven minutes allotted for judges to make their critiques.

The Longhorn junior varsity football team lost to Abernathy 15-6 Thursday night at the Antelopes' home field. The 'Lopes scored in the first quarter and kicked the extra point, and it stayed 7-0 until halftime. In the third period, Steven Galvan blocked an Abernathy punt, and Johnny Rodriguez covered the ball in the Antelope end zone for six Lockney points. The conversion attempt was no good. Abernathy tallied again in the fourth and added a pair of extras. Receiving coaches plaudits for good play in that contest were Longhorns Martin Tickle, Domingo Gonzales, David Balderas, Mack Sherman, Alex Vasquez, and Joe Luna. The Lockney JV and ninth-grade teams will host Tulla Thursday. The freshman game starts at 5 p.m.

**Antelopes Win JV Tilt**

The Shorthorn eighth grade looked impressive Thursday evening in taking a 38-8 gridiron victory over Abernathy. Robert Rendon was the big gun kaffolessly, scoring three times and gaining 157 yards on the ground. Rendon also picked off two Abernathy passes and returned one for a touchdown. Jackie Cunyus ran back a kickoff about 70 yards for another Lockney touchdown. Cunyus, the Shorthorn quarterback, completed two passes for good yardage. Abernathy won the seventh-grade game 24-0. The Antelope team was a good-sized seventh-grade club with

**Halftime Show**

Just about all the Lockney folks had to cheer about all night long was the Longhorn Band, which put on an impressive show at intermission. The Band played and marched its way through "España," "The Stripper," "Tangerine," "Washington Post," "Chicago, My Kind of Sound," "Cordoba," and the school fight song. Jill Whitfill and Christine Huffman treated the crowd to another performance of "March of the Wooden Soldiers."

The band performed some traditional precision marching drills and moved into the drum-and-bugle-corps style halftime show, with the band facing the audience. The flag corps did a good job, too.

**SECOND HALF**

The third period was scoreless, with neither club being able to mount a sustained drive until late in the period, when the 'Winds went to work near midfield following a Lockney punt. At the third-period gun, they were camped on the Lockney 20. Two Big Mac carries and a Luna kick later, they owned a 14-0 lead. Collins was stopped for a two-yard gain on the first play of the final period, but he wasn't stopped at all on the second try. He scored from the 18, just 43 seconds into the fourth quarter. The 'Horns were flagged for roughing the kicker on the conversion play, and Luna kicked off from the Lockney 45-yard line. He spun the ball 12 yards downfield, where it was covered by a green-jerseyed griddler. Seven jerseys later Collins tallied from the one, and Luna kicked true once more. The touchdown came with 7:52 left in the game. Luna hit another short, spinning kickoff, and again the ball was claimed by Floydada, at the Whirlwind 49. This time the Longhorns held 'em and managed a couple of first downs 'til then, the 'Horns had moved the chains only twice, both times in the first half, but by then it was academic. The Longhorns got to the Floydada 30, where Mike Self picked off a pass and ended the last Lockney threat to put points on the board. With the second-team backfield in the game, the Whirlwinds ran three and punted. The Longhorns ran one and fumbled. The Whirlwinds had advanced to the Lockney 12-yard line when time (mercifully) ran out.

**Eighth Grade Wins Again**

The Shorthorn eighth grade looked impressive Thursday evening in taking a 38-8 gridiron victory over Abernathy. Robert Rendon was the big gun kaffolessly, scoring three times and gaining 157 yards on the ground. Rendon also picked off two Abernathy passes and returned one for a touchdown. Jackie Cunyus ran back a kickoff about 70 yards for another Lockney touchdown. Cunyus, the Shorthorn quarterback, completed two passes for good yardage. Abernathy won the seventh-grade game 24-0. The Antelope team was a good-sized seventh-grade club with

good talent. Lockney coach Greg Fuiten said. Probably the top ballcarrier for the Shorthorns Thursday was Kelly Hayes, Fuiten said. Hayes came in after David McDonald was injured about halfway through the game and showed some good running. The Lockney eighth-grade team evened their season record at 3-3 (they're 2-0 in district play), while the seventh-grade 'Horns went to 2-4 (0-2 in district). The Shorthorns play next Thursday at Tulla. The seventh-grade game starts at 5 p.m., and the eight-grade contest follows.

Homer and Norma Ragland and her mother, Mrs. J. E. Vaughn of Silverton, left last Thursday from Lubbock by plane for Belton, South Carolina, to attend the wedding of their daughter Janice to Robert Crowe, Saturday evening. They returned home Sunday night. Luncheon guests of Mrs. Edna Luckey Monday were her daughter Dot Merrell, Tina Rexrode and Jim Penner. Richard and Ina Phillips are visiting her son and family, the Brannon Darnells, in Minneapolis, Minnesota. Darnell is associated with the Kargill Company.

MR. AND MRS. JOHN DAVID MACDONALD

## Former Lockney Resident Married In Washington

Former Lockney resident Miss Sonja Ledean Adams was married Sept. 8 in First Presbyterian Church of Wenatchee, Washington, to John David MacDonald.

Parents of the bride are Wilbur and Frankie Adams of Wenatchee. The groom's parents are Rod and Kay MacDonald of Walla Walla, Washington.

Lockney grandparents of the bride are Mr. and Mrs. Frank Hardy and Mr. and Mrs. D.E. Adams.

The setting was enhanced by spiral candelabras holding blue candles and blue roses. A lighted cross was in the background.

Pianist was Katie Handley who accompanied Karen Sybouts and Terri Smeback as they sang "Evergreen," "How Can I Tell You" and "The Lord's Prayer."

Officiating at the wedding was Reverend Al Oliver.

The bride's sister, Phyllis Adams, was maid of honor. The bridesmaids were Gail Yost Andrews of Missoula, Montana; Sue Tierney of Kirkland, Washington; Sharon Deibert of Seattle, and Karen Ross of Tacoma. They wore dresses of powder blue organza designed with V-neckline and tiered, ruffled backs. They carried nosegays of blue roses and white daisies.

The best man was John Darrah of Walla Walla.

groomsman were Chris MacDonald, brother of the groom of Seattle, Jim Lehmann of Spokane, Chris Spurbeck of Soap Lake, and Dominick Elia of Walla Walla.

Also in the wedding party was flowergirl Amy Satterfield.

The bride's dress was made of Rochelle lace and sheer organza trimmed in crystal pleating around the V-neckline. The bodice featured full bishop sleeves. The skirt was tiered in back and ended in a semi-cathedral train. The bride carried her mother's wedding Bible under her bouquet. Sewed in the ribbons of the bridal bouquet were the bride's mother's wedding band and her grandmother Adams' wedding band.

The couple honeymooned in Honolulu, Hawaii. They are at home in Wenatchee, where he is employed at North Central Washington State Employees Credit Union as a loan officer.

The bride was graduated in 1976 from Wenatchee High School, and will be a December graduate of Central Washington University in Ellensburg, Washington. The groom graduated with cum laude honors from the same university in June of 1978. He was a 1974 graduate of DeSales High School in Walla Walla, and a 1976 graduate of Walla Walla Community College.

# Social Events

MRS. ROBERT CROWE

## Miss Ragland, Robert Crowe Wed In South Carolina

A double ring ceremony read Saturday, Oct. 13 in Belton, South Carolina. She joined in marriage Miss Janice Ragland of Lockney and Robert Crowe of Belton.

The bride is the daughter of Mr. and Mrs. Homer Ragland Jr. of Lockney. The groom's parents are Mr. and Mrs. W.E. Crowe Jr. of Belton.

Rev. David Tillotson directed the 7:30 p.m. exchange of wedding promises in Wesleyan Church. The nuptial area of the church was decorated with two large ferns on stands and arrangements of yellow mums, dahlias, daisies and blue carnations.

Mrs. Patsy Fortune played the wedding marches and the song "If."

The bride wore a long antique white dress of chiffon over taffeta. It was styled with a flowing sash. Ruffled lace outlined the square neckline and capped the

sheer full sleeves. Cuffs of the sleeves were wide, gathered bands of lace. Her bouquet was a yellow rose arranged with baby's breath and tied with yellow and blue flowing ribbons. She was given in marriage by her father, Homer Ragland Jr.

Following tradition, the bride wore as "something old" a ring that was given to her grandmother Vaughn by her husband in October of 1924; "something blue" and "something borrowed" was a blue garter owned by Debbie Galloway of Lockney. In a pocket on the garter were pennies minted in the birthyears of the bride and the groom. "Something new" was a bracelet given to her by the bride's new sister-in-law and husband.

As the bride entered the church, she gave her mother a blue carnation. She gave another one to her mother-in-law as she left the ceremony.

The wedding date, Oct. 13, was the same date of the bride's late paternal grandparents' wedding 81 years ago.

The matron of honor was Mrs. Pam Crowe of Belton, sister-in-law of the groom. Her dress was of floral chiffon over blue taffeta. It was fashioned with a long

skirt and Empire waistline. She carried a yellow carnation arranged in baby's breath with streamers of blue ribbon.

Best man was W.E. Crowe Jr., father of the groom.

### Reception

A reception honoring the newlyweds was held in the church fellowship building. Attendees were Mrs. Rene Crowe, the groom's sister-in-law, and Mrs. Carrie Tillotson.

Following a wedding trip to Rosman, North Carolina, the couple will be at home in Belton, South Carolina,

where he is employed with Kandall Industries.

The bride was a spring graduate of Lockney High School. Her husband was graduated from Belton-Honea Path High School.

Among those attending the wedding were the bride's grandmother, Mrs. J.E. Vaughn of Silverton, and the groom's grandfathers, W.E. Crowe Sr. and Watson Gray of Hartwell, Georgia.

The groom's parents honored the wedding party with a supper in Anderson, South Carolina, after the wedding rehearsal.

## Alpha Mu Delta Holds Meeting

Members of the Alpha Mu Delta Chapter of Beta Sigma Phi held their October 16 meeting at the First National Bank.

To open the meeting, Pledge Ritual was held for eight new members: Duffy Hinkle, Sherry Smith, Penny Bertrand, Jolene Cummings, Kathy Green, Judy Lloyd, Debbie Ogden, and Sharon Ward.

President Pat Cates led the Opening Ritual, and Donna Anderson called the roll and

read the minutes from the previous meeting. Thank you notes from Bama Coward and Lu Ann Collins were read.

Social chairman, Jo Ann Patterson, announced that the October social will be a "Trick-or-Treat" party for the members and their children, October 31.

Donna Henderson, program chairman, informed members of the next meeting. It will be November 6 at Tonya Marble's house, with Revis Pernel and Teresa Whittle serving as hostesses. The program will be presented by Tonya Marble.

The business meeting was adjourned, and Debbie Bertrand was introduced as the program speaker. Her subject was entitled, "Social Behavior." Social behavior is a part of human relations. Topics discussed among the group were courtesy, manners and etiquette.

Hostesses Revis Pernel and Debbie Beaty served refreshments to the following members: Donna Anderson, Carrie Bertrand, Debbie Bertrand, Pat Cates, Donna Henderson, Kay Jones, Tonya Marble, Jo Ann Patterson, Daphna Simpson, Teresa Whittle, Duffy Hinkle, Sherry Smith, Penny Bertrand, Jolene Cummings, Kathy Green, Judy Lloyd, Debbie Ogden, Sharon Ward and Janet Houdeshell.

Special guests at the wedding were Mrs. Ruth Reid, Texico, and Mrs. LaVega Peterson, Clovis. The groom's grandmothers, Mrs. Helen Forsyth, Odessa, and Mrs. R.W. Johnson, Lockney, the bride's grandmothers were presented with a silk-flower corsage made by the bride.

Ferrell Roberts of Clovis played traditional organ music for the wedding. Day accompanied Sheryl, who was married in Texico, as she sang, "We're Only Just Begun," and Marilyn Harmon, Clovis, as she sang, "The Wedding Prayer." Following Mrs. Har-

mon's selection, the wedding guests joined the bride and groom in reciting, "The Lord's Prayer," as the couple knelt before the chapel altar. As Mr. and Mrs. Reid

MR. AND MRS. JIMMY DON REID

## Miss Johnson, Say Vows In Clovis

Miss Celia Gardys Johnson and Jimmy Don Reid were united in marriage Saturday, September 29, in a double-ring ceremony solemnized at 7 p.m. in the First United Methodist Church of Clovis, New Mexico. The Rev. Duane Knowlton of Farwell officiated the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Bobby Johnson of Texico. The groom is the son of Mr. and Mrs. W.O. Reid of Texico.

The chapel altar was accented with rose-colored wedding tapers. Each side of the altar rail was adorned by flowers in the bride's chosen colors in crystal bud vases, a wedding gift from a friend. After the couple lit their unity candle, the groom gave a kiss and the flowers to the bride's mother, while the bride was simultaneously presenting the groom's mother with a kiss and flowers.

Escorted to the altar by her father, Miss Johnson was attired in a traditional white gown of silk organza. The dress which was decorated with lace and seed pearls featured long fitted sleeves with covered buttons and a tiered chiffon overskirt that flowed into a chapel train. Her fingertip veil was made of lace, identical to the lace on the gown. She carried a nosegay of white rose and miniature mums trimmed with white lace, bows, and streamers.

Following wedding tradition the bride wore her maternal great-grandmother's opal engagement ring for something old, and a gold necklace, a gift from the groom as something new. The bride's wedding veil was borrowed from a friend, Sheryl McClesky, and her blue garter was a gift from her maid of honor.

Karen Norris of Clovis attended the bride as maid of honor, and Debbie Rolan of Amarillo, was a bridesmaid.

James Barfield of Texico served as the groom's best man, and Johnny Maben of Clovis served as a groomsman. Ushers were Gary Johnson, Odessa, brother of the bride, and Jackie Reid, Lubbock, brother of the groom.

Candlelighters were Danny Reid, brother of the groom, and Jeff Johnson, brother of the bride. Landon Reid of Clovis, the groom's nephew, was ringbearer. The flower girl was Beth May, a friend of the bride's family from Clovis.

Special guests at the wedding were Mrs. Ruth Reid, Texico, and Mrs. LaVega Peterson, Clovis. The groom's grandmothers, Mrs. Helen Forsyth, Odessa, and Mrs. R.W. Johnson, Lockney, the bride's grandmothers were presented with a silk-flower corsage made by the bride.

Ferrell Roberts of Clovis played traditional organ music for the wedding. Day accompanied Sheryl, who was married in Texico, as she sang, "We're Only Just Begun," and Marilyn Harmon, Clovis, as she sang, "The Wedding Prayer." Following Mrs. Har-

MR. AND MRS. MICHAEL J. H. COWART

## Guest, Cowart In Corpus

Beth Guest, daughter of Mr. and Mrs. Bobby Johnson of Texico, and Michael Cowart, son of Kathryn J. H. Cowart of Alabama, pledged their vows September 15 in Clovis, N.M. The couple were shared during their wedding ceremony.

Lyn Guest, sister of Beth, was bridal attendant and attending the bride was Terry E. Cowart. The bride was escorted by her father to an archway of flowers. She wore a gown of white lace matching hat encircled with flowers. For something old she wore a band belonging to her grandmother, Pauline of Silverton. Her dress was "something new," and she wore a blue garter.

After the minister Self, pronounced the "husband and wife" union was held and a reception was served. After wedding gifts, the couple left for a trip in the country.

The bride is a graduate of San Angelo University where she received a BS in elementary education and is presently teaching at Parkdale Elementary.

## Reserves Aide Training

Classes are being made by the staff of Caprock Community College in Floydada, for a reserve training school, beginning November 5 and continuing for three weeks.

Those interested in doing reserve work, at no cost to the student, should apply to the business office of Caprock Hospital during the week of October 22-26. These applicants will be screened and interviewed by the Director of the school on Oct. 29, 30, and 31.

Anyone interested in these classes should apply to the business office of Caprock Hospital during the week of October 22-26. These applicants will be screened and interviewed by the Director of the school on Oct. 29, 30, and 31.

Anyone interested in these classes should apply to the business office of Caprock Hospital during the week of October 22-26. These applicants will be screened and interviewed by the Director of the school on Oct. 29, 30, and 31.

## What's the Use?

There are no longer favor couples, according to a recent survey. In other words, as far as the bride is concerned — it's better off just getting together rather than being married. For example, in 1979 an unmarried couple would get a combined federal deduction of \$4,800 (each) but a married couple gets a standard deduction of only \$3,400!

## Holds Celebration

Mr. and Mrs. Holt celebrated their wedding anniversary October 14 in Helena. They were married Oct. 1929 in Clovis, N.M. Their parents are

MR. AND MRS. MICHAEL WAYNE COWART

## Guest, Cowart Marry In Corpus Christi

Guest, daughter Joy Guest of the University of Texas at Austin, and Michael Cowart, son of J. H. Cowart of the University of Alabama, pledged late Saturday, September 15, to be married on October 15 in Corpus Christi. The couple shared their wedding promises during their ceremony.

The bride is a graduate of San Angelo University where she received a BS degree in elementary education. She is presently teaching 2nd grade at Parkdale Elementary at Corpus Christi. Cowart received a BS degree in audio technology at the University of Southern Mississippi. He has been a Naval pilot for five years and is currently a training pilot at the Corpus Naval Training Station.

Among those attending the wedding were the bride's uncle and aunt, Mr. and Mrs. Troy Chitty of El Paso; Mrs. R.C. Guest; and her grandparents, Mr. and Mrs. Pete Chitty of Silverton.

**TO MARRY IN DECEMBER**  
— Mr. and Mrs. Kent Taylor of Plainview announce the engagement of their daughter Rhonda Lynn to Tim McCain, son of Mr. and Mrs. Larnce McCain of Lockney. The couple will be married December 1 in the First Christian Church, 910 Kokomo, Plainview. Miss Taylor is a Plainview High School graduate. McCain graduated from Lockney High School and attended Wayland Baptist College in Plainview. He is employed at James Brothers Implement Company, Plainview.

MR. AND MRS. W.B. HOLLUMS

## Hollums Golden Anniversary Celebration Planned

Mr. and Mrs. W.B. Hollums will be honored by their children on their 65th wedding anniversary, Saturday, October 27, in the home of their son, Jack Hollums, South County Road 1215, Midland, Texas. Friends of the couple are invited to attend between the hours of 2 and 4 p.m.

Miss Minnie Spraberry and William B. Hollums were married in the home of her parents in Anson, Texas, on Sunday, November 1, 1914, with the late Reverend W.D. Fielder performing the ceremony. The couple were attended by the late Ambrose Brown and Cressie Garrett.

**Did You Know?**  
"Squaw," the term often-times used — humorously or disparagingly — to refer to a woman or wife — is a direct borrowing from the Massachusetts dialect of the Algonquian Indian language. "Squaw" originally meant any North American Indian woman.

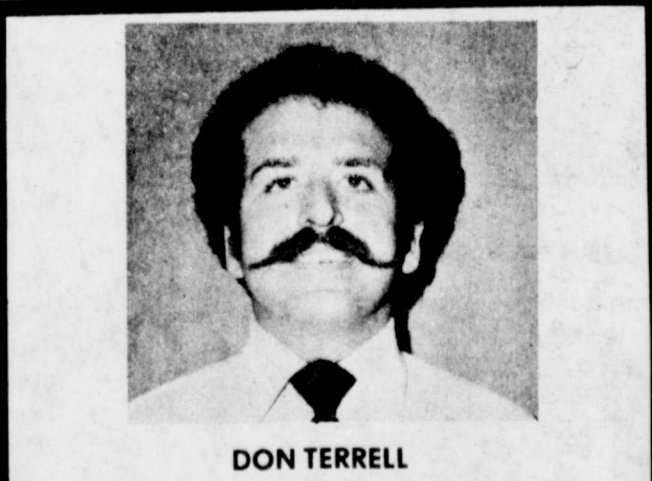

MR. AND MRS. RAYMOND HOLT

## Holts Celebrate 50th Anniversary

Mr. and Mrs. Raymond Holt celebrated their 50th wedding anniversary Sunday October 14 in Hereford. They were married October 10, 1929 in Clovis, New Mexico. Their parents are Mr. and Mrs. J.M. Brownlee and Mr. and Mrs. Killis Holt. The couple have a daughter, Wanda Saul, and four grandchildren. They moved from Dougherty to Hereford in 1947.

## American Cancer Society Meets

The American Cancer Society volunteers met Wednesday October 17 in the Light House Electric community room. The group will sponsor the second annual "Holiday Tour of Homes" as their fund raising project announces Doris McLain, chairman of the event. The tour will be December 14 and 16, and tickets will sell for \$5 each. The Floydada chapter of the American Cancer Society urges you to make your plans to participate in this event.

MRS. HUGH JAY MILLER

## Burke, Miller Wedding Vows Pledged In Plainview

The Amarillo Street Church of Christ in Plainview was the scene October 19 for the wedding of Karen Lanell Burke and Hugh Jay Miller. Lyle Miller, lay minister of the 11th & Amarillo Church of Christ, officiated at the double ring ceremony. He is the groom's brother.

The bride is the daughter of Mr. and Mrs. Harvey J. Burke of Plainview and the groom is the son of Mr. and Mrs. Orba E. Miller of Floydada. Mr. and Mrs. Roy Mathews are the bride's grandparents.

Given in marriage by her father, the bride wore a white organza gown with embroidery yoke outlined with silk Venise lace. The dress featured long bishop sleeves, an empire waistline, and an A-line skirt with lace motif and wide embroidered flounce-edged hemline.

Mrs. Robert Herring of Plainview attended her sister as matron of honor. Cynthia Gaither of Lubbock was bridesmaid. Bridal attendants wore light blue satink-baked crepe dresses with fitted sleeves and a full skirt. They carried colonial style nosegays of blue carnations and white daisies.

Lighted blue tapers set in brass spirals illuminated the altar area as music was presented by members of a double quartet: Jesse Pinkerton, Mrs. Van Miller, Mr. and Mrs. Frank Offield, Mrs. Lawrence Bedwell, Gerald Bedwell, Tim Lane and Kelly Hayes.

Mark Miller, brother of the groom, was best man; and serving as groomsman was Van Miller, brother of the groom. Ushers were Weldon Couch, David Lane, Charles Lane and Ross James, all of Plainview.

A wedding reception was given in Hale County State Bank centennial room. A three-tiered white cake, with blue confection roses and twin wedding bells, was served by Mrs. Van Miller. Mrs. Joel Patridge presided at the punch bowl. Other reception assistants were Mrs. Don Willis, Mrs. Norman Wright, Mrs. Vic Green, Mrs. David Gammage, Mrs. Foster Wright, and Mrs. Louis Amick.

Allan, Mark and Leah Herring, nephews and niece of the bride, distributed rice bags. Following a wedding trip to California, the couple will live in Floydada where the groom is engaged in farming.

### BIRTH

### WEBSTER

Dr. and Mrs. Robert Blake were announced the birth of a son, Robert Blake, on October 15 at 10:20 a.m. at Wesley Medical Hospital in Wichita. Robert Blake weighs 12 ounces. He has two big brothers, Hilary, age 5, and Robert, age 2 1/2. Lockney grandparents Jack and Lucille Frizzell were to go to Wichita, and Grandmother Wanda Saul spent this past week in Wichita. Frizzell was to go to Saturday (accompanied by the grandparents) to R.V. and Jack were to Lockney after the end.

For Heaven's sake, "I'd be willing to go to heaven and earth on this earth," explained Ronnie, the golfer. "You'd better believe, I've already been to the earth."

## Happy Families Create Happy Marriages

Happy families create happy marriages, says Dorothy Taylor, a family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

In other words, the quality of early family life affects the lives of young people antici-

pating marriage, she explains.

Young people are usually conditioned early in life in ways that will make them "good" or "poor" risks in marriage.

Ten circumstances affecting this "conditioning" for marital happiness include:

- 1) happiness of parents
- 2) childhood happiness of marriage partner
- 3) lack of conflict with mother
- 4) firm, not harsh, family rules
- 5) closeness to mother
- 6) closeness to father
- 7) lack of conflict with

father

- 8) frankness about sex
- 9) mild, infrequent childhood punishment
- 10) positive attitude toward sex in marriage

The most significant factors about marital happiness are directly related to the happiness and success of a parent's marriage and the relationship of parents and the adult child, the specialist continues.

Traits that affect marriageability in a negative sense are parent-child friction, broken homes and conflict in intact families.

In a sense, people are conditioned for marital success and happiness by their own family background.

However, with a rational approach to marriage, people can and do break cycles of unhappiness that may have run in families, Miss Taylor explains.

Those reared in happy homes have an advantage — they are able to pattern after an example of marriage success.

### No Classes Friday

No classes will be held in the Floydada Independent School District schools Friday, Oct. 26, according to Jerry Cannon, superintendent of the system.

The district teachers have scheduled a meeting for that date.

Cannon also noted that Floydada schools will let classes out at 2:30 p.m. on Nov. 1.

### Exercise Helps

According to a Purdue University professor, A. H. Ismail, medical bills for people who exercise are only half as much as those for people who don't. Active men have fewer medical bills and tend to be more emotionally stable and less tense, Ismail found in his study of men between the ages of 35-55.

# Talk is cheaper than you think.

## How to save up to 60% on Long Distance.

If you're one of those who thinks a Long Distance call is a luxury, read on.

The trick to saving money while keeping in touch with family or friends is knowing when to call, and calling One-Plus.

### Call between 11pm and 8am.

Before you groan about how you can't stay up late or see straight in the morning, think about it.

You'll be saving up to 60%! If you're a night person, you probably don't start counting sheep until after 11 pm anyway. And if you've got friends and family to call out west, it'll be a perfectly civilized 9 or 10 pm when their phone rings. If you like to see the sun rise, and you know folks back east, it'll be an hour later on their end.

Call out of state anytime before 8 am and you can talk all day if you want and still save 60%. In-state calls are also greatly reduced. Just remember to dial One-Plus.

### Reach out on the weekend and save up to 60%.

Now this is a stroke of good luck: a really cheap Long Distance phone call just when you may want it most. Call any time between 11 pm Friday and 5 pm Sunday and really save. For instance, dial One-Plus and you can

make a ten-minute call to Atlanta for only \$1.55. That's almost worth making a new friend in Atlanta for.

### Even on weeknights, save up to 35%.

Sometimes you can't wait for the weekend. Or you don't want to. But you can still save plenty Sunday through Friday from 5 pm to 11 pm. Think about what a bargain it is to call someone 1900 miles away, talk it up for ten minutes, and only run a tab of about \$2.00. There's just no other way to get close to a faraway friend or relative so quickly, so cheaply.

### On weekdays it's still a bargain.

Here's a surprise. From 8 am to 5 pm, a Long Distance chat still doesn't cost very much. A five minute call out of state, to anywhere in the continental U.S. is only about \$2.50 when you dial One-Plus. Think of how good the sound of your voice would be to a friend (not to mention your mother!) right in the middle of the day.

**Reach out and touch someone.**

Southwestern Bell

## WHOZITS . . .

**LAST WEEK** — Last week's Lockney Whozit picture was of the 1929 Lockney Longhorn football team. T.V. Copeland, Sterling Cummings, Claude Brown and Bob Miller identified D.J. Phillips [No. 26], Verner Hodel [No. 8], Harold Griffith [No. 20] and Leon Wofford [No. 14 — not No. 44, the number given in last week's paper]. T.V. Copeland, Leon Wofford and Les Ferguson knew ALL of the team members. And M.D. Arterburn identified several of the players.

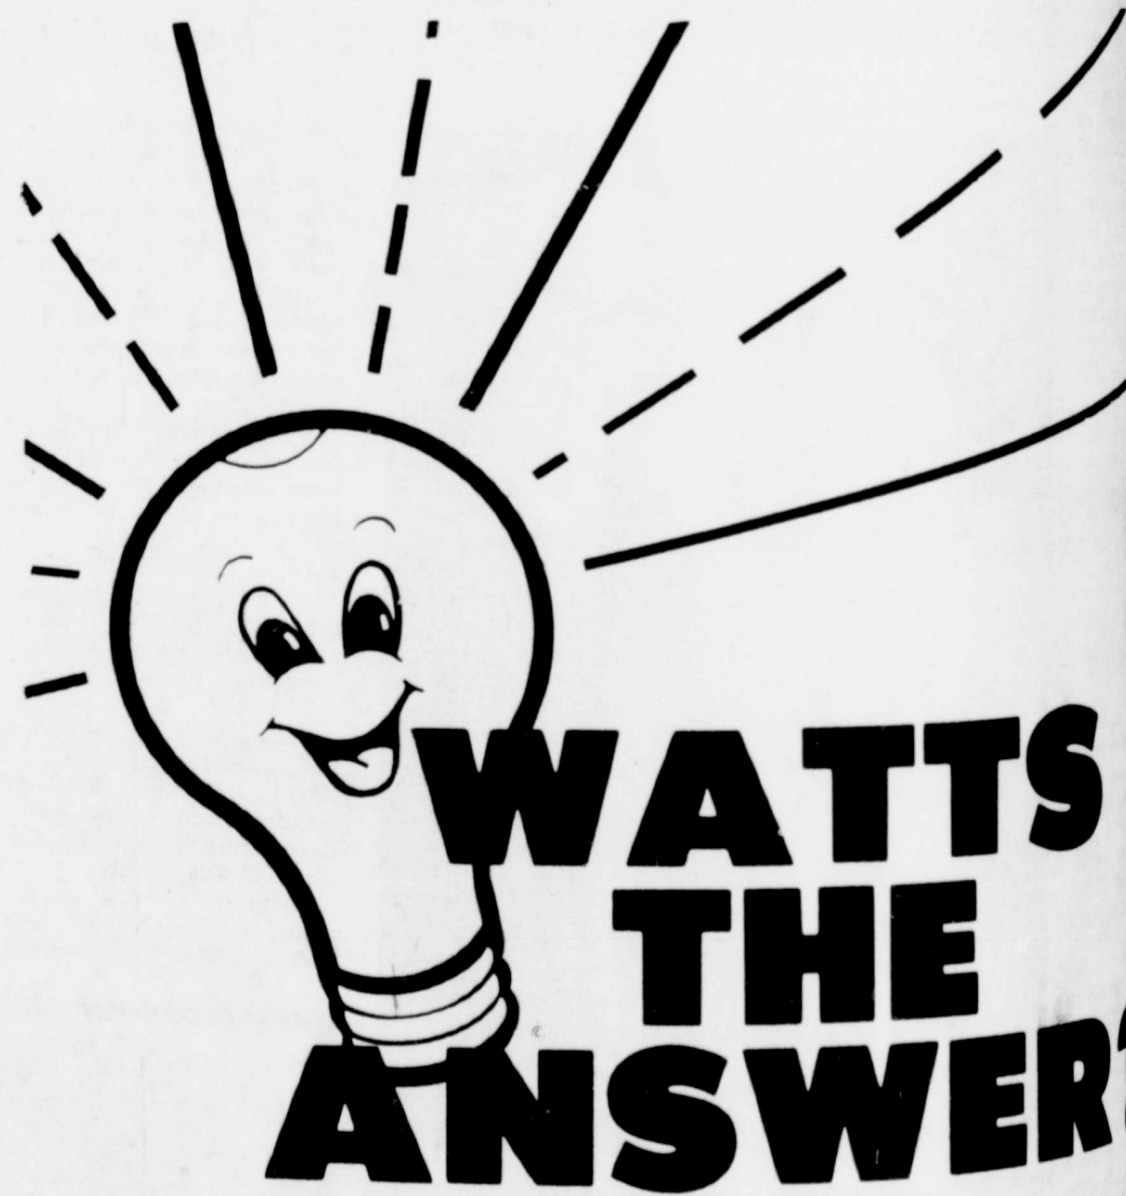

### LOCKNEY WHOZIT

Here's a husband-and-wife combination for the Lockney Whozit guessers. He moved to Floyd County in 1962. He's a farmer in the Steele community. She's lived in the Lockney area all her life and graduated from Lockney High School in 1946. Call The Beacon, 652-3318, when you figure out who they are.

This Floydadan has an ear for engines. He moved from the city to live in Dallas but returned recently to retire. This week's Whozit was 18 months old when the photo was taken.

**LAST WEEK'S FLOYDADA WHOZIT**  
Mrs. John McKinney was the Floydadan to correctly guess last week's Whozit as Dessie Denton.

# FARM & RANCH NEWS

## Russia, U.S. Meet To Discuss Grain Supply Agreement In Eight Session

Officials of the United States and the Soviet Union met in Washington earlier this month for the eighth session of regular semiannual consultations under the current US-USSR grain supply agreement. The agreement covers trade in wheat and corn for the period Oct. 1, 1976 through Sept. 30, 1981.

Under the terms of the agreement, the Soviet Union buys at least six million tons—half wheat, half corn—of U.S. grain in each of the five years of the agreement. The agreement also requires that purchases above eight million tons must be preceded by agreement between the two countries on an increased supply level for the year concerned.

Undersecretary of Agriculture Dale E. Hathaway headed the U.S. delegation at the consultations. The delegation from Moscow was led by Boris S. Gordeev, Soviet deputy minister of foreign trade.

Soviet officials confirmed that their purchases for the fourth year already total about eight million tons, and that more purchases are anticipated. It was indicated that the year's total volume would probably be as high or higher than that of the past two years, which were about 14.6 million tons in 1977-78 and about 15.7 million tons in 1978-79.

Although purchases that go above the minimum 6 million ton level may consist of any proportion of wheat and corn, it was indicated that corn would again likely represent a substantially larger portion.

Hathaway said that the new agreed supply level of 25 million tons takes into account current U.S. supplies and export availabilities as well as anticipated USSR import requirements for the 1979-80 season.

He said the new supply level does not imply a particular USSR purchase plan at this time, since the actual volume of purchases will depend upon progress of

## Rail Car Shortage Threatens U.S. Agriculture

Prompted by the worsening shortage of rail cars for transporting cotton and grains to market, U.S. Sen. Lloyd Bentsen is pushing for a bill that would suspend the tariff of cars imported from Mexico. A similar bill died last year after the House failed to act after the Senate approved the bill.

legislation was first proposed, there was a manufacturing backlog of 75,000 cars. The current figure has increased to more than 120,000 cars short.

Under U.S. tariff laws, Mexico is allowed to export rail cars to this country without paying any duty, so long as their shipments don't exceed 50 percent of all rail cars imported by the U.S.

Early last year Canada stopped exporting rail cars to the U.S. when a serious shortage developed in that country. As of March, 1978, Mexico exceeded the 50 percent limitation and a prohibitive 18 percent tariff was imposed, further threatening the availability of cars to American shippers.

The latest Senate proposal would suspend the tariff for two years.

Testimony before the Senate Agriculture Committee last year indicated that of 4,900 boxcars ordered by 30 warehouses over a four-week period, only 1,700 were delivered.

On a single day cotton compresses and warehouses in the Amarillo area ordered 241 rail cars but only 39 were furnished by the freight lines.

## Crop And Livestock Reports From Farmers, Ranchers Needed

From mid-November to early January, thousands of Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's field staff.

The information gathered through the questionnaires and interviews provides the basis for determining the final acreage, yield, and production of crops and end-of-the-year livestock and poultry numbers for the state of Texas and for each county.

All of the estimates published by the reporting service are based on the data provided by Texas farmers and ranchers, county extension agents, ASCS offices, and many others in agriculture. This cooperation provides the necessary data which is, in turn, returned to farmers and ranchers and others in the form of accurate estimates, which are so essential in making the wisest production and marketing decisions.

Accurate estimates are also essential to farm organizations and legislators in promotion, planning, and enacting wise

legislation and are used in establishing acreages and payment levels to producers under the various commodity programs.

The collection and publication of agricultural statistics are a cooperative effort between the Texas Department of Agriculture and USDA. This cooperation avoids duplication of effort, promotes economies, and increases the effectiveness of statistical reports.

All individual farm and ranch information is kept confidential, and only state and county summaries become part of the final published estimate.

County estimates for 1978 and January 1, 1979, are available on Livestock, Poultry, Dairy, Field Crops, Small Grains, Cotton, Vegetables, Fruits and Pecans, and Cash receipts from the Sale of Texas Farm Commodities. Bulletins can be obtained from the Texas Crop and Livestock Reporting Service, P.O. Box 70, Austin, Texas 78767, or by writing Reagan V. Brown, Commissioner of Agriculture, P.O. Box 12847, Capitol Station, Austin, Texas 78711.

On the 1980 cotton program, the PCG Board voted to recommend (1) a 15 percent voluntary set-aside "with set-aside payments sufficient to attract producer participation," (2) loan and target prices at the highest levels permitted by law, (3) new legislation that will prevent the loan in 1980 from falling below the 50.23-cent level of 1979, and (4) continuation of loans on seed cotton stored in ricks or modules.

The Commodity Credit Corporation (CCC) commercial sales program provides credit financing for agricultural exports. It is currently funded by annual appropriations from the U.S. Treasury and repayments of principal and interest are returned to the Treasury.

Since the inception of the program in 1956 it has consistently returned a profit to the U.S. taxpayer.

The proposal approved by PCG would allow loan repayments to go into a CCC capital credit account to be used for future loans. Once the fund reached \$3 billion, CCC credit financing would be removed from the budget process.

The program would then be self-funding, with all repayments continuing to be available for further CCC commodity export financing.

The Board of Directors of Plains Cotton Growers, Inc., Lubbock, October 10 went on record for continuing its strong support of Cotton Incorporated, formulated recommendations for 1980 cotton program provisions, and voted to work toward the success of a proposal to provide more adequate funds for commercial export credit financing through the Commodity Credit Corporation.

PCG is a regional cotton research and service organization representing cotton producers in a 25-county area surrounding Lubbock. Cotton Incorporated (CI) is the national research and market development company financed by cotton producers across the U.S. Cotton Belt.

CI is currently in the process of revising its operational procedures in answer to criticism resulting from a recent investigation by the U.S. Office of the Inspector General.

CI's president, Dukes Wooters, has also been under attack from certain quarters, but the PCG Board made no comment on that subject, apparently preferring not to interfere with the CI Board of Directors in matters related to personnel.

After calling attention to the vital nature of continued cotton research and market development, lauding CI's significant and highly beneficial contributions to the industry, and pointing out that there is no other mechanism for carrying on CI's work, PCG's resolution concluded with the following:

## PARITY

A USDA publication, AGRICULTURAL PRICES, reported preliminary parity ratio at 94 in September, based on 1967 index.

## SPOT COTTON MARKETS

USDA has released a proposal to remove Houston, Texas from the list of bonafied spot cotton markets. The reason for recommending the removal of Houston from the spot cotton markets is that cotton is no longer traded in such volumes and under such conditions in Houston to qualify as a bonafied spot market under the criteria contained in the U.S. Cotton Futures Act.

## BRUCellosis PROGRAM

USDA has announced amendments to the federal rules and regulations directing the interstate movement of animals. The Department released the following summary regarding the new rules.

## FARM COOPERATIVES

The U.S. Comptroller General's Report to the Congress of the United States with regard to family farmers' need for cooperatives concluded the following:

## WEEVIL BAIT OKAYED

The Environmental Protection Agency has approved a commercial biological product that uses sexual lures to interfere with boll weevil matings. The product duplicates sex-attracting scents emitted by female weevils on sticky tapes. These tapes would be placed on traps to lure and catch weevils.

## NEW BALE RULES LIKELY

The public comment period on the new U.S. regulation for cotton bale sampling ended recently with all comments received supporting the proposed rule. As a result, the regulation will probably be adopted and placed into effect Aug. 1, 1980, a U.S. Department of Agriculture source said.

## TEXTILE EXECUTIVES BEGIN TOUR

A major Far East textile tour this week began in the Cotton Belt. The visit by executives of Japanese Textile Council International, Japanese Council International, Japanese Textile Service to discuss the industry's share of cotton exports from the latter part of the cotton operations from the U.S.

## EXPORTS CONTINUE

Sales of 22,000 round bales of upland cotton during the week Sept. 30 brought the total commitments to 1,400,000 bales, compared with 2,000,000 bales principal buyers were China, 522,000 bales; Indonesia, 16,000 bales; and Bangladesh, 1,800 bales. Exports of 81,000 bales were shipped to 82,000 bales.

## ff For LPG

gasoline to liquid may be the gap between the two, but the price, based on the Extension

## Off For LP Gas Conversion

gasoline-liquid (LPG) may be the most attractive alternative to spot prices and in-creases, because of the lower cost and the environmental benefits of the gas.

Lovell with the University System that there has been a sudden increase in the price of LP gas and that the widening gap between the two fuels is widening.

Lovell advises pick-up trucks to be converted to LP gas as soon as possible. The conversion cost is \$600 to \$800, but the savings over a three-year period will more than pay for the conversion.

Total fuel savings over a given period of time will increase due to a widening of the gap between gasoline and LP gas prices, high mileage use of the vehicle, and the greater fuel consumption of less efficient vehicles (gas guzzlers).

"A major conversion benefit is the anticipated lower fuel cost per mile," points out Lovell. "However, propane causes a 20-30 percent decrease in miles per gallon since one gallon of propane contains only about 75 percent of the BTU's in a gallon of gasoline. If reduced fuel cost per mile is the major savings considered, then the annual amount of savings is directly related to annual mileage."

The economist gives this example. Assume a vehicle gets 15 mpg from gasoline and 11.25 mpg from LP gas. Gasoline is \$1 per gallon and LP gas is 55 cents per gallon, and the interest rate is 10 percent. (The capital budgeting procedure of discounting is used to convert future fuel savings to current values.) "Driving 10,000 miles a year, you would realize about \$865 in total fuel savings in seven years," calculates Lovell. "At 15,000 miles a year, the discounted savings would be \$845 in four years. And if you drove 20,000 miles annually, you could save \$884 over three years."

Despite the fuel cost savings, there are inconveniences. Retail propane sources and hours of operations are more limited than gasoline stations, and repair of LP systems requires specialized skills and parts, notes the economist. Also, cargo space in a pickup bed must be sacrificed for the propane tank. This is costly if the truck is regularly used for hauling or for pleasure such as carrying a camper. "If you have a propane system, you should frequently check it for leaks," warns Lovell. "Don't park in a closed garage, especially if it houses a gas hot water heater."

## Farm Bureau News Summary

**PARITY**  
USDA publication, AGRICULTURE PRICES, reported preliminary parity ratio at 94 in September, based on 1977 index.

USDA's parity ratio for September 1979, was 70, compared to 72 in September 1978. Adjusted parity ratio, which includes government price supports, was reported at 70 on September 15, 1979, compared to 73 a year ago.

**SPOT COTTON MARKETS**  
USDA has released a proposal for the removal of the spot cotton market. The cotton is no longer traded in such a market and under such conditions as to qualify as a bonafide spot market under the criteria contained in 5. Cotton Futures Act. The department is interested in this determination to share his views with the public. Written comments should be received on or before December 10, addressed to Lloyd Frazier, Chief, Marketing Services Branch, Cotton Marketing Administration, USDA, Washington, D.C. 20250. Final information with regard to the determination is available in the office.

**BRUCELLOSIS PROGRAM**  
USDA has announced amendments to the rules and regulations governing the interstate movement of animals. The amendments are effective October 1, 1979. The amendments regarding the following: (1) the requirements to update, simplify, clarify the requirements under certain cattle may be moved interstate. This action is needed to bring the regulations consistent with the revised brucellosis Uniform Methods and Rules governing the interstate movement of animals. This action relieves the burden which are no longer necessary and revises the regulations for uniform compliance.

**FARM COOPERATIVES**  
The U.S. Comptroller General's Report to the Congress of the United States regarding to family farmers' cooperatives concluded the family farmers need the cooperation together through cooperatives to survive in agriculture. The Department of Agriculture needs to establish an end-use and monitoring system to prevent cooperatives to not use unfair trade to raise prices unduly, as charged. Congress needs to decide whether the family farm corporations to be cooperative members. Cooperatives need to adopt programs that are current and former members.

**ALTERNATE FUELS**  
Three new plants for the manufacture of ethanol (ethyl alcohol) from grain other agricultural products are expected to begin operation in Austria in 1980. An estimated 400,000 tons of grain a year will be needed to achieve the production targets. Construction of the plants is a part of the Fuel from Biomass Program, which is being administered by the Ministry of Science and Research, aimed at developing alternative energy sources.

**WHAT'S HAPPENING**  
The major Far East markets for U.S. cotton began a two-week period of cotton bales sampling with all comments supporting the proposed rule. The regulation will be placed into effect by the U.S. Department of Agriculture. The new rule sampling to one cut per receipt at the warehouse may be the same hole. The rule cutting additional

## Fertilize Lawns Now

Lawns that haven't been fertilized lately, it's not too late to give them a turgrass boost. The most important time to apply fertilizer is in late summer or early fall. Fertilizer helps green grass blades and stimulates growth, reduces wear and tear, and promotes recovery. Dr. Richard L. Frazee, Texas Agricultural Experiment Station, says that the rate of application on the nitrogen content, the first number in the fertilizer analysis. Apply 1 to 2 pounds of nitrogen per 1,000 square feet of lawn. So, with a 12-4-8 fertilizer, use 10 to 15 pounds per 1,000 square feet, depending on when the last fertilizer application was made. If the lawn has not been fertilized for the past eight weeks or longer, use the higher rate.

"Lawns can be fertilized through October in most areas of the state," Frazee said. "For the homeowner interested in an attractive lawn this fall and early recovery next spring, fall fertilization is a must," Frazee concluded.

## To Handle Fainting

While helping a fainting victim, make sure that he can breathe easily. Don't let people crowd around the person, and make sure that his clothing is loose around his neck and there is no obstruction in the mouth. Don't throw water in the face of a person who has fainted because there is danger of the person inhaling the water, she cautions.

Using an ammonia inhalant and stimulant are not generally recommended because they can do more harm than good. Especially do not use them for individuals who may have suffered a heart attack or stroke.

# Deaths

## Curtis Martin Services Pend

Services for Curtis Ewell Martin, 53, of Floydada are pending with Seigler Funeral Home in Matador. Martin died at 9:30 a.m. Wednesday at his father's ranch about 10 miles south of Matador. Justice of the Peace Roy Smith ruled the death was of natural causes. Martin was a native of Motley County and worked as a farmer and rancher most of his life. He also was a manager of a Floydada feedlot and employed by Light-house Electric for several years. He was a veteran of World War II and a member of the Fleming American Legion Post No. 337. He attended the Methodist Church. Survivors include his widow, Peggy; five sons, Ewell Gene and James Howard, both of Matador, Kenneth Lamer of Belt, Mont. and Preston Curtis and Virgil Allen, both of Floydada; his father, Curtis Martin of Matador; two sisters, Leona Cox of Matador and Joyce Archer of Lubbock; and seven grandchildren.

## Texas Tech To Offer

### Textile Degree

Shifts toward a more sophisticated textile industry have led to greater demand for highly trained personnel. Those shifts are felt at Texas Tech University, the only institution west of the Mississippi River to offer a degree in textile technology. The Department of Textile Engineering at Texas Tech had only 14 students enrolled in the fall of 1978. This year 31 are enrolled and interest is growing. For the first time in several years students have actively participated in the national professional textile fraternity, Phi Psi. For each textile technology graduate last spring there were about six job offers, starting at salaries that ranged from \$14,500 to \$16,800 per year. Degrees in textile engineering or textile technology are offered at only nine institutions in the United States. Most are located in the eastern coastal states. James S. Parker, chairman of the department, said that production in the textile industry is growing, but employment patterns are changing. "About a million people are employed in the industry, but this really is a reduction in the work force," he said. "The difference is that employers want better trained people to operate more sophisticated machines and computer-controlled operations. They want employees with a good background in textile technology and in management."

## Texas Tech Rodeo Slated October 25-27

Billed as the "World's Largest Indoor Collegiate Rodeo," the 35th annual Texas Tech rodeo will test the skills of more than 350 contestants Oct. 25-27. This year's event will provide western pageantry complete with nationally known vocalists and clowns. Sixteen rodeo teams from around the Southwest will compete in a wide variety of events for men and women. Men's teams will vie in bareback riding, calf roping, saddle bronc riding, steer wrestling, team roping and bull riding. Women's teams will test their skills in break-away roping, goat tying, and barrel racing.

Topping entertainment headlines for Friday night will be Jody Miller, one of the top female country and western singers in the nation. Saturday night will feature country and western singer Larry Malan, whose past rodeo achievements carried him to six all-around cowboy titles.

George and Kathy Taylor of Cleburne will entertain the crowds with their clown and comedy acts throughout the rodeo performance. Bob the Bull-Dancer, former National Finals Rodeo clown, will demonstrate his skills during the wild bull riding. Rodeo stock will be provided by Harry Vold Rodeo Co. of Fowler, Colo. Each performance will begin at 8 p.m. in the Lubbock Municipal Coliseum Oct. 25-27. Tickets may be purchased at all local western stores and at the Coliseum box office.

Mr. and Mrs. David Camden of Garden City, Kansas, attended the funeral of her grandmother, Mrs. Ethel Frizzell. They also spent the past week visiting with her parents, Mr. and Mrs. Jack Frizzell.

## Ty Williams

## experience

Williams family of the community experienced the shocks of our lives" in the past three days last week. Ty, 15, had lymphoma, a tumor of the lymph glands. The shock was the almost be-true news that the diagnosis was incorrect! and more pleasant shock Lubbock hospital just as Ty family were preparing (they for a series of cancer treatment the Lockney High School

Williams said a "knot" was from Ty's arm at a Plainview Monday of last week. A doctor the Williamses that there was money, and that they should tell immediately to Lubbock or Lubbock was just as good, he treatment. Wednesday a fter noon, the was hospitalized at Lubbock, specialist said he would stay for days. Ty had undergone a "cut" and blood tests before "ams" mother and father, Mr. Oscar Golden, arrived at the about 4:30 p.m. with "slides" from Ty's arm. A pathologist at Lubbock looked at then called in several other to inspect the tissue samples. The body scan, and the blood showed no signs of malignancy. ctors at Lubbock told the

MAYOR CLAUDE BROWN Tuesday, October 30, "Trick Lockney. That's the day of carnival, sponsored by the Lockney and HERO organizations, together with Martha Vela president, and Tammy Adams Lockney FHA chapter, this formal declaration. Brown reads as follows: "I, Claude Brown, Mayor, October 30, as Trick or Treat designated for all goblins, go spooks to come out. If you the Halloween Carnival that Fair Building from 6:00 to 10:00 you spooks on Trick or Treat
