THIRTY EIGHTH YEAR

DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, MAY 6, 1965

16 PAGES — NUMBER 29

Homecomings are considerable trouble to the ones in charge of arrangements and publicizing the affairs, but they afford a great deal of pleasure to the ones that are the homecomers. Viola and I went to Central Texas recently and I attended the homecoming at Rogers on a Saturday while she visited relatives at Rosebud. My two brothers were at Rogers as well as a number of friends of former days that I hadn't seen in thirty or forty years, there were others, of course, that I had seen in recent years. They have all aged considerably, but there is one now and then that looks extremely young for the years that you know they are wearing. I guess people are like that. Some wear well and hang onto their youthful appearance, while others deteriorate at a much more rapid clip.

The bluebonnets, primroses and buttercups were in full bloom and foliage of all kinds was lush. Apparently there had been plenty of rain during the winter and early spring. Grass in the pastures looks fine, and it would be my guess that most of the farm land in central Texas has been turned back to pasture. Cattle looked fat and in good condition. There were also lots of sheep and goats but I don't know whether they looked good or not, I have never had any experience with that type of livestock. I can go a lamb chop occasionally, fact of the matter is that during Viola's recent diet reducing effort I was fed several lamb chops as a matter of economy, I wouldn't, however, give a dime for a ton of goat meat for anything but resale.

When you get down into the cedar and post oak country you will also see many turkey farms, or ranches or whatever they are called. Seemed to me like there were more white turkeys than the other kind, and Texas is not really considered to be in the Deep South. Probably a coincidence.

At this time of the year Texas is a beautiful state, if there has been anything like a normal amount of moisture. When I lived at Rogers the normal rainfall for Bell County was thirty-three inches per annum. There were exceptions, however, in September of 1921 we had twenty-one inches of rainfall during one day and one night and needless to say it rained incessantly all during that day and night. We lived within two or three miles of Little River and the natural thing to do was to go down and take a look at the river just as soon as it stopped raining. I have forgotten at what number of feet it created, but whatever you have been reading about the Mississippi would probably apply to the flood stage reached by Little River during its 1921 historical flood. Some houses, many head of livestock, wagonbeds, etc., could be seen drifting in the floodwater. Men went out in boats and saved as many cattle, horses and mules as possible by rowing alongside of an animal and guiding them to shallow water or the shore. I never did learn what became of the livestock saved in that manner, maybe some were claimed by the original owners while others became a matter of finders keepers. Scores of dead animals were lodged in every bois d'arc hedge, and many river bottom pastures were surrounded by hedges. The 1921 flood was not confined to a small area, it covered a large scope of country. Not only Little River but all of its tributaries reached the highest flood stage in history, and Texas' biggest inland river, the Brazos, was also on a rampage. Fact of the matter is that the flood water in the Brazos served as a dam and stopped the flow of water out of Little River. Little River is a very short stream, it is formed at Three-Forks just east of Belton, that is where the Lampasas, Leon and Slough Rivers run together. Little River is entirely in Bell and Milam Counties and it empties into the Brazos just east of Cameron.

There was a time when more cotton was shipped from Rogers than any other point on the Santa Fe Railway. I can remember when there were eight or ten gins in Rogers and others scattered over the countryside. The ginning season started in August and continued through December. Now there is only one gin, if any, in my old home town. Times do change.

Lots of early day Texas history took place in Bell county. Many stories are told about old Bryant Station, that was a stagecoach station on Little River about eight miles south-east of Rogers. Then there is old Salado, in the news recently about buried treasure and treasure hunting. That was the site of Salado College. Before the new four-lane divided highway was built you could see some of the brick walls, still standing. My dad and two of his brothers were students at Salado College, as were many of the old timers in that section of Texas who had a thirst for knowledge. People from all sections of Bell and Williamson Counties, as well as from adjoining counties, hauled their corn to the water powered gristmill at Salado to have their corn meal ground. I don't know whether it is a custom now or not, but when people had their corn ground at a gristmill the mill would take toll for

(Continued on page 5)

It happened in Castro County—it shouldn't have, but it did

## Vandals Smash Student's Car

After attending church services at the Dimmitt Mexican Baptist Mission, where he is leading the singing in a revival meeting, Daniel Morin was on his way home to Hale Center Saturday night when his car died, because of a mechanical defect. Morin was given a ride to Plainview, where he is a student at Wayland College and where he works at the College Hill Mobil Station, by a passing motorist.

## Mother Of Mrs. Andy Behrends Succumbs April 28

Mrs. Mabel Story, 85, mother of Mrs. Andy Behrends of Dimmitt, died Wednesday morning, April 28, in her home in Hereford.

Funeral services were held at 10 a.m. Friday in the Hereford First Methodist Church with the pastor, Rev. Herschel Thurston, officiating. He was assisted by B. L. Davis of the First Baptist Church. Burial was in the West Park Cemetery with Gilliland Funeral Home in charge of arrangements.

Born in Cuba, Ill., Mrs. Story married J. B. Story in 1899, in Cuba. The couple moved to Hereford in 1921 from Canton, Ill. Mr. Story died in July, 1956.

Other than Mrs. Behrends, survivors include her sons, Donald of Phoenixville, Pa., Dean of Fort Collins, Colo., and Joe of Hereford.

## Attend Father's Funeral Services

Mr. and Mrs. Nolan Young and children returned home Thursday from Roff, Okla., where they attended funeral services for Mrs. Young's father, Mr. S. W. Simmons.

Mr. Simmons, 76, a retired carpenter, died instantly of a stroke on April 20 in the family home in Roff. Funeral services were conducted April 23 in the Roff First Baptist Church.

The deceased is survived by his wife, four sons and three daughters. Other than Mrs. Young the daughters are Mrs. Alfred Flowers of Henderson, Nebraska, and Mrs. H. B. Walls of Roff. The sons are M. E. (Red) Simmons of Muleshoe, a former Dimmitt resident; R. L. and Herbert Simmons of Roff and K. E. Simmons of Kimbell, Nebraska. He is also survived by 20 grandchildren and 12 great grandchildren.

## Cleanup Weeks Set For Residents Of Precinct Four

May 6th through May 20th are the dates that have been selected for "CLEANUP WEEKS", by Negro and Spanish residents of Precinct 4.

This program is being backed by the C. C. A. Club, with the consent of the Health Department, and city officials. Every Negro and Spanish resident within this precinct is urged to comply with this request within the above dates. Each family will be responsible for cleaning their property.

In announcing the clean-up campaign a representative of the Club declared, "Anyone that fails to do his part in cleaning up the community, will be given fair warning. If he then refuses to do so, he will be turned over to the proper authorities, who will take the necessary steps to see that the job is done."

Those people who have more trash than their barrels will hold, are asked to pile it near the alley. The City Department will supply the trucks to pick it up.

For the benefit of those who are not acquainted with the C. C. A. Club. It is a newly organized club, whose primary purpose is to raise the standards of living of the community. It was established, and is directed by the negro residents of Dimmitt, Texas. The Rev. Ellis Mayberry is chairman of the club.

The board of directors of the club will hold a meeting tonight at 8 p.m., at the Macedonia Baptist Church. The following Thursday, May 13th, the club will hold its meeting at 8:00 p.m., at Macedonia. Everyone is urged to attend.

## Two Escape Serious Injury In Truck Mishap Thursday

Two Castro County youths narrowly escaped serious injury Thursday afternoon when the pickup trucks they were driving were in collision at a county road intersection four miles west of Hart. Guy Scoggin, 20, and Donny Irwin, 15, were rushed to Plains Memorial Hospital by Dennis ambulance service, where examination revealed that neither had suffered broken bones. A number of stitches were required, however to close scalp wounds suffered by both of the accident victims.

Irwin was travelling north in a 1962 model pickup and Scoggin was driving east in a 1951 GMC pickup when the accident occurred. According to reports Scoggin was pinned under his pickup with the door resting across his body. His escape from serious injury was attributed to the fact that his body was lengthwise in the bar ditch with the sides of the ditch partially supporting the overturned pickup. Through some peculiar circumstance his large Texas size belt buckle was bent to about a thirty degree angle.

Irwin was still in his pickup when it came to a stop, but it is believed the truck turned over one or more times before stopping in an upright position. Both boys were knocked unconscious by the impact of the collision that totally demolished the two vehicles.

The collision was witnessed by Barbara Irwin, sister of Donny, who notified her parents of the accident. Mr. Irwin hoisted the pickup off of Scoggin by attaching a chain to the overturned vehicle and using his own truck for power. Mrs. Irwin summoned the ambulance.

## Braves, Cardinals Take Little League Opening Victories

In Monday night's Little League opener, the Braves scored six runs in the top of the fifth inning to come from behind and beat the Dodgers 9-7 in a close ball game.

Natvaed Anes was the winning pitcher, coming on to relieve starter Randy Griffin in the top of the fourth frame. Anes helped his own cause by getting three hits out of three times at the plate and scoring two runs. Two of his hits were home runs but once he was called for failing to touch third.

Kent Bradford started on the hill for the Dodgers and was relieved by David Nino in the third inning. Nino was credited with the loss. Bradford managed to score all three times he came to bat but failed to get a hit. The game was played under protest by the Dodgers from the second inning on.

Tuesday night's game turned into a one-sided affair as the Cardinals walloped the Yankees 14-2 behind the one-hit pitching of Mark Wohlgemuth who went the full six innings to gain credit for his first win of the year.

Wohlgemuth had a no hitter going with two outs in the final frame when Jimmy Davila got a triple to spoil the no-hitter. He struck out 12 men.

Kenny Doss and Wohlgemuth each got three runs apiece for the Cardinals with two of Doss' being home runs.

The Yankees got both of their runs in the final frame and both scores came after the batters were walked and then Davila got his triple.

Dough Schakleford hurled the first three innings before being replaced by Davila. Schakleford gets credit for the loss.

## Four Dimmitt Students To Get Degrees At WTSU

Four Dimmitt students were among 423 degree candidates recently named by Dr. Walter H. Juniper, dean of West Texas State University. Degrees will be awarded at spring convocation May 23.

Joyce Slough is seeking the Master of Education degree. Other students eligible for degrees are Mary Morris, Bachelor of Arts; and Martha Catoe and Carl Kemp, Bachelor of Science.

A physical education major, Miss Cotoe is the daughter of Mr. and Mrs. R. E. Catoe, 811 Andrews. Kemp, the son of Mr. and Mrs. Carl Kemp, 100 S. W. 7th, is majoring in physical education. Daughter of Mr. and Mrs. Paul Hillburn, 711 Stinson, Mrs. Morris is majoring in elementary education. Miss Slough, daughter of Mr. and Mrs. James L. Slough of Dimmitt; her major field is education.

## Bake Sale To Pay Girls Expenses To Girls State

The American Legion Auxiliary, Greer H. Estes Unit 445, will conduct a bake sale Saturday morning, May 8, beginning at 9 a.m. The sale will be held at Ben's Food Store and Moore's Super Market. Funds derived from the bake sale will be used to defray the expenses of one of the Dimmitt girls going to Girl's State in June. The Lions Club will sponsor one girl making the trip to Girl's State.

## Candy Strippers To Be Organized

The Plains Memorial Hospital Auxiliary plans to organize a Junior Volunteer program (Candy Strippers). This should be particularly appealing to girls who are interested in nursing or a health career, according to an announcement by Auxiliary officials.

The proposed program is designed for the summer, 1965, and will include only junior and senior girls who have a scholastic average of 80 or above.

Young people interested in the opportunity to observe their hospital on the scene, and to participate in some of its activities are invited to apply for this worthwhile service. Application forms are available at the information desk of Plains Memorial Hospital and should be returned to the desk by Saturday, May 15. Upon receiving application, an appointment will be arranged for applicant to be interviewed by a screening committee of the Plains Memorial Hospital Auxiliary.

## Girls-Boys State Delegates Named

Four delegates from Dimmitt High School were named recently to attend Boys and Girls State at Austin in June. The delegates were chosen with the criteria being based on scholarship, leadership, citizenship and service.

Candidates for the honor of representing the Dimmitt Schools at Boys and Girls State were nominated by the Student Council and by the high school faculty. The final selection for the boys, as delegates, was made by the Dimmitt American Legion Post, while final selection of the girl delegate was made by the American Legion Auxiliary.

Girls selected to represent Dimmitt at Girls' State were Donna Summers, daughter of Mr. and Mrs. Elbert Summers, and Ginger Kemp, daughter of Mr. and Mrs. Carl Kemp.

Boys getting the nod to go to Boys' State were Robby Lindsey, son of Mr. and Mrs. Bob Lindsey, and Jack Flynt, son of Mr. and Mrs. Jack Flynt.

## Piano Recital Scheduled

Mrs. Welkers piano class will have a recital Monday, May 10, at 8:00 p.m. at the grade school cafeteria. Pupils to play are Becki and Vicki Carpenter, Carla and Camille Kemp, Susan and Gary Wise, Kim Miller, Amy Taylor, Lee Ann Hill, Lynda Langford, Andrea Axe, Anne Golding, Suzanne Merritt, Jackie Matthews and Ronnie Burks.

## "Miss Dimmitt" Pageant Set For June 5th By Jaycees

"The 1965 edition of the annual 'Miss Dimmitt' Pageant will be unfolded on June 5," announces Jimmy Presley, President of the Dimmitt Jaycees. Pageant Chairman for this year is Fred Bruegel, Jr., and his assistants are David Curd, Jack Clark and Mrs. Robert Benton.

Exact details of the Pageant will be forthcoming. However, the following rules and regulations have been made regarding the contest:

1. The pageant is open to any young lady between the ages of 15 and 24 who is a bona fide resident of Castro County.
2. The phases of competition will include interview, street dress, bathing suit, formal attire and talent.
3. The winner and first and second runners-up will receive trophies and other awards to be announced later.
4. Winner will become official representative of the Dimmitt Jaycees and will be entered into other area contests that the Jaycees and the reigning Miss Dimmitt agree to.

Jaycee-ettes will handle the contest backstage. Mrs. Robert (Martie) Benton is in charge of the Jaycee-ette activities connected with the Pageant.

Any young lady wishing to enter or any business firm desiring to sponsor a contestant are urged to contact either Jack Clark or Robert Benton. Deadline for entry is midnight, May 30.

The master of ceremonies for the Pageant will be Johnnie Linn of Radio Station KDHN. The winner will be crowned by Miss Keith Ann Howard, the 1964 "Miss Dimmitt."

## Longtime Earth Resident Succumbs

Funeral services for Carrol J. Collins, 52, were held Monday at 2 p.m. in the Muleshoe Primitive Baptist Church. Collins died at 3:30 a.m. Sunday in a Wichita Falls hospital.

Officiating was Elder Jimmy Bass of Sudan. Interment was in the Muleshoe Cemetery under the direction of Singleton Funeral Home.

Collins, a farmer, had been a resident of the Earth community since 1927. He was a native of Ranger, Texas.

Surviving are three brothers, Joe of Dimmitt, Forrest of Earth, and V. M. of Kanorado, Kansas.

## Castro County Activities Committee To Meet Monday Night

A meeting of the Castro County Activities Committee will be held Monday night at 8:00 p.m. in the basement of the courthouse, announces Pete Wright, chairman.

Purpose of the meeting will be to continue preparation of final plans for Roundup Week. Also on the agenda will be the setting up of organizational responsibility for the carnival that will be in Dimmitt on May 16-22.

"Every club and or organization is requested to have a delegate attend this meeting. With Roundup Week only three months away, there is a lot to be done and everyone's help is needed," states Wright.

## Nelson Drilling And Pump Service Opens For Business

A new business establishment, Nelson Drilling and Pump Service, was opened in Dimmitt this week by a local realtor, Dan Nelson, in partnership with his cousin, Herman Nelson, of Plainview. According to the owners the firm will offer a complete well drilling and pump services for both irrigation and domestic wells.

Nelson Drilling and Pump Service has purchased a two-acre building site on Highway 86 in East Dimmitt, across from CHEMTEX, where they will construct a 50 by 100 foot building in the near future. Dealers for the complete line of Peerless Pumps, the new drilling firm has a 60-foot mast, mounted rotary rig with a drilling depth capability of 1,000 feet. They also have a 30-foot mast rig to be used in the pulling and setting of pumps, and for gravel packing, etc.

Owners of the Nelson Drilling and Pump Service are well experienced in the well drilling and water problems of the High Plains irrigation districts. Dan Nelson has been a resident of Castro County since 1957. He engaged in farming until five years ago when he entered the real estate business. Herman Nelson has been associated with the Peerless Pump Company for the past several years in the capacity of engineer and salesman. He will move his family from Plainview to Dimmitt at the end of the school year.

Mr. David Bailey has been employed by the new pump company as driller. He was formerly employed by Byron-Jackson and Green Machinery Company.

## Young Farmers Hear James Valiant

James Valiant, Water Engineer at High Plains Research Foundation spoke at the local Young Farmers meeting April 29. Mr. Valiant's informative talk on water conservation was highlighted with the showing of some slides on the recharging of irrigation wells. This discussion dwelt mainly with water from lakes and other runoff areas.

The next meeting of the Young Farmers will be their regular meeting May 13. The program has not yet been announced according to Don Robb. Everyone is invited.

## Sheriff Talks To Jumbo 4-H Club

The Jumbo Community 4-H Club met Friday night, April 30 at the Community Center. President Ronnie Burks presided at a short business meeting and Jack Cartwright gave a program on Courts. His talk was followed with a question and answer session.

Members and their parents present were Mrs. Chas. Burks and Ronnie, Mr. and Mrs. Bill Simpson, Betsy, Mickey and Benny, Mrs. W. O. Markley, Kathy and Lonnie and Mr. and Mrs. M. L. Simpson, Jr., Carolyn, Patty, Mark and Billy.

There is no scheduled meeting for May.

TAYLOR AND SONS GROCERY is undergoing an enlargement and remodeling program when completed, according to Macky Oldfield, store manager, will add to the convenience of customer shopping as well as to an overall improvement in efficiency operation. Work is well underway on the construction of a 40x92 foot addition to the store building. When completed the store building will be 115x92 feet. The new addition, connected to the north side of the present building, is of brick and tile and is expected to be completed six to eight weeks. Present plans are to remodel the entire building and to add a considerable amount of new equipment and fixtures. The store property will provide 30 feet of parking space on the north side of the store for employee parking, while the present customer parking area on the south side of the building will be scribbled for more efficient parking. Taylor and Sons have been operating the store since purchasing the Cashway Grocery from Wimpy Walker three years ago. G. L. Willis is owner of the building.

# TSA to Participate in TV Driver Safety Program

One hour in May could spell the difference between life and death for Texas' some five million drivers, S. Ross Carr, President of the Texas Safety Association, declared today.

In announcing TSA support of a 60 minute educational driver testing program to be conducted this month on a national television network, Carr said:

"Texas drivers will have the opportunity to test their knowledge of driving in today's traffic by participating in this coast-to-coast televised test.

"What they learn about themselves

and driving could make the difference between whether or not they become traffic fatalities."

The audience - participation test, being presented by the Columbia Broadcasting System between 9 and 10 p.m. (CST) on Monday, May 24, has been labeled the National Drivers' Test.

Its primary objective is to alert drivers to the absolute necessity of

developing new (and sharpening old) driving skills to cope with today's complex transportation system. The Association President explained the program also is the "opening shot" of a coordinated, concentrated effort to improve the defensive driving skills of everyone on the roads of America.

Following on the heels of the National Drivers' Test will be a multi-million-dollar Advertising Council campaign to promote driver improvement. The third step in the concentrated effort on driver improvement

is the promotion of the new Driver Improvement Program of the National Safety Council. This program is designed for drivers who are already licensed, but would like to improve

their driving and learn how to "defend" themselves in traffic.

Carr urged individuals and groups to join in taking the National Drivers' Test. Viewers may obtain test

forms from local CBS-TV stations and Shell Oil Company service stations. Shell is sponsoring the May 24 broadcast in cooperation with NSC and International Business Machines.

## Walter Rogers' WASHINGTON NEWSLETTER

Mrs. Robert Lee Schacher

### Youts - Schacher Vows Exchanged

Mr. and Mrs. Charles Youts announce the marriage of their daughter, Shirley Lynn to Robert Lee Schacher, son of Mr. and Mrs. Florence P. Schacher of Nazareth. Shirley is a senior at Dimmitt High School and Robert is a graduate of Nazareth High School, and is presently engaged in farming for Mr. Charles Heck of Nazareth.

The marriage ceremony was performed by C. B. Miles, Justice of the Peace, hereford April 20, at 3:45 p.m.

Mr. and Mrs. Schacher are at home at 303 Broadway.

Here are speeds of some birds as measured in normal flight: ring-necked duck, 66 mph; quail, 45 mph; pheasant, 38 mph; wild turkey, 32 mph. — Sports Afield.

Each of the first six field personnel of the Texas Forest Service patrolled 1 1/4 million acres on horseback. They were instructed to ride 5 to 25 miles each day acquainting people with the need to prevent forest fires.

Weeping juniper, so named for the drooping characteristics of its branches, is found in the Big Bend area of Texas. It has not been reportedly found in any other state says the Texas Forest Service.

am concerned, I know of no reason why the facts as to the foreign origin of manufactured products or materials should not be available. However the argument of these bureaus and agencies is simply begging the question. Every one of them knows that the steel industry is one of the basic industries upon which the economy of this nation rests, just as is agriculture. Hence, it occurs to me that the people of this country should have the right to make a choice with reference to steel products, and have full information upon which to base that choice.

The choice may not always be in favor of U. S. producers. I have in mind a large rancher in a western state who complained bitterly about the import of foreign beef, yet fenced his ranch with imported Belgian barbed wire because it was cheaper. Another example is a businessman friend of mine who is being adversely affected by excessive import. He told me about it while wearing a pair of Italian shoes and a Hong Kong suit. He is also known as a connoisseur of imported wines. Another example concerns cameramen here in Washington. Recently there were 14 cameramen taking pictures. Thirteen of the cameras were branded with foreign names - (I counted them) and the American camera probably had a German lens.

I think it is time to stop talking America, and start buying America.

## Nuclear Science Used To Improve Agriculture

A group of news media representatives visiting Texas A & M University this week saw and heard how nuclear energy is being used to explore a wide variety of agricultural production problems.

They learned, for example, how nuclear science is digging up information on crop and livestock losses from bugs, disease and weeds which are costing the United States about \$22,500 per minute of \$12 billion a year.

Dr. Ruble Langston of the Plant Sciences Department told the newsmen that nuclear energy is often used as a tracer to mark movements of

chemicals, insects, nutrients, hormones and other items. It is something like a farmer tagging his herd cow to keep track of herd movements.

He cited the screwworm eradication program in Texas as an outstanding example of the atom at work for agriculture. Five years ago, screwworm infestations were common. Today, they are relatively rare.

Dr. Wyman Dorrough, entomologist at Texas A & M, said one of the big obstacles in the never-ending fight against bugs is to develop pesticides

that are both effective and reasonably safe to handle. Answers are sought through metabolism studies using radioisotopes as tracers.

"Many new materials are found to be inadequate and further costly investigation is eliminated," Dorrough pointed out. "Those materials metabolized too slowly, or in some cases too rapidly, are discarded and the more promising chemicals are studied further."

Another speaker, Dr. Page W. Morgan of the Plant Sciences Department, described a number of ways radioactivity is used to track hormone movements in plants.

He said hormones are "chemical messengers that scurry about the plant telling buds, leaves, branches and roots to grow or not to grow, to mature or to die." Especially significant research is underway on better ways to control brush, such as mesquite.

"Using radioactive 2, 4, 5-T, one promising lead has already turned up," Morgan said. "Addition of ammonium thiocyanate to the herbicide gets more of it to the mesquite root, resulting in better kill. Based on these isotope-assisted findings, a killer should soon be on the market."

Soil moisture probes, a new and more accurate way of measuring soil water through atomic energy, were explained by Dr. J. R. Runkles of the Soil and Crop Sciences Department. Conventional methods require expensive equipment and many man hours of labor.

The new system involves measuring the soil moisture content by determining density of a "cloud of slow neutrons after a source of fast neutrons is placed in the soil." If soil moisture is low, the density of the slow neutron cloud will be less than if moisture content is high.

Dr. George M. Krise, biologist, said an ordinary Spanish goat can absorb sizable doses of radiation and still perform physical tasks, but this doesn't mean man can do the same.

Discussing radiation effect on goats and their relationship to man, he said goats have been found to be unusually resistant to radiation. Much more research must be done with other animals before results can be "extrapolated" or applied to humans.

Various animals have been tried in radiation experiments, and the Spanish goat is a favorite because it and man are similar in some ways.

"Man lives under a variety of changing environmental conditions and might be considered a wild-type," Krise explained. "By and large, the Spanish goat is a wild-type animal since it is seldom cared for under normal cultural conditions."

Dr. Carl M. Lyman, head of the Biochemistry and Nutrition Department, discussed experiments on a yellow pigment known as gossypol in cotton seed. Gossypol in cottonseed meal, if fed improperly, can be poisonous to some types of livestock.

Radioactive carbon is providing some of the answers. The gossypol is separated from the seed after the parent plant has been treated with organic substances labeled with the carbon. If the separated gossypol is radioactive, then the substance given to the plant had to be used to make gossypol.

Dr. W. C. Ellis of the Animal Science Department said radioactive flow markers are proving valuable in studying nutritive value of forage.

Dr. Harold D. Loden, General Manager of Paymaster Seed Farms, Plainview, Texas has been appointed by Secretary of Agriculture Orville Freeman to serve as a member of the Cotton Research Advisory Committee. The committee is made up of ten outstanding businessmen who are actively engaged in either production, processing, merchandising, or utilization of cotton.

The purpose of the Cotton Research Advisory Committee is to review the current research programs of the United States Department of Agriculture and make recommendations regarding USDA research in cotton production, utilization and marketing. The Cotton Research Advisory Committee is one of thirteen such committees appointed by the Secretary of Agriculture to make recommendations on the various research programs of the Department of Agriculture.

Dr. Loden is in Washington, D. C., this week, attending the first meeting of the committee.

The only good speed for your outboard in reverse is slow. The motor can be severely damaged if it hits something, as it won't tilt in reverse. — Sports Afield.

He said the flow rate of forage particles through an animal's digestive tract is being determined by "marking" the particles with a radioactive isotope of cerium, a metallic element.

Dr. J. H. Quisenberry, head of A & M's Poultry Science Department, discussed studies on effects of radiation on poultry and eggs.

"Chickens and turkeys have a greater natural resistance to irradiation than man and many other animals. Therefore, they could become a most important source of food in case of nuclear attack," he said.

## Nazareth FFA Members To Attend Amarillo Meet

Several members of the Nazareth FFA Chapter will attend the Area I FFA Convention in Amarillo this week end, May 8, according to Tom Heffernan, Vocational - Agricultural Teacher at Nazareth.

Items to be considered at the meeting include: Election of Area officers, Election of Area Sweetheart, Area Talent Contest, Election of State officer candidate from Area I, Public speaking Contest, Area record book check for Lone Star and American Farmer degree candidates, and Selection of awards and scholarship winners from Area I.

"It will be a full day but a very educational one where the local FFA Members may see how the Area organization works," says Heffernan.

Also all local people are urged to watch a special Cotton John TV show on KGNC beginning at 3:30 p.m. This program will feature all the winners selected during the convention.

Governor John Connally welcomes Sharon Tucker, one of 40 children from Masonic Home and School in Fort Worth. The children were on a history tour to San Antonio and Austin, sponsored by the Masters, Wardens and Secretaries Association of San Antonio. Joining in the welcome are two State Senators, Galloway Calhoun, Jr. of Tyler, on the left, and Don Kennard of Fort Worth, on the right. Senator Calhoun is also Grand Orator of the Grand Lodge of Texas. Some 250,000 Texas Masons maintain the Masonic Home and School for children and grandchildren of Texas Masons. The three-day tour was provided to enable children with high scholastic standing to visit various historical spots and observe the state government in operation.

How the Savings Bonds you buy help our State grow — a message from our Governor

Chances are you live a little better because of the U. S. Savings Bonds program—because so many people in our State buy Bonds and eventually redeem them to buy things for which they have saved.

During the last 24 years, many billions of dollars have flowed back into the economy of the State and the Nation in this way.

These dollars have benefited our merchants, manufacturers and builders. And in so doing have created jobs and improved earnings for countless workers—in our cities and farming communities alike.

The people of our State and America today hold a record total of over \$48 billion in money that will someday be spent in worthwhile ways and help us grow further.

I urge every one of you to help your future and the future of our State by investing regularly in U. S. Savings Bonds.

*John Connally*

**MINOR LEAGUERS AND OFFICIALS**—Pictured above is part of the younger boys that are playing in the Minor Little League this year and some of the coaches, sponsors and the mayor that was on hand for the opening game of the season Monday night. There was not enough room of the Little League teams for these boys so four sponsors stepped forward and are sponsoring the Minor League. The four sponsors are Dimmitt Seed and Delinting, Dimmitt TV Cable Co., North Gin and Ray Pools Drive In. In the back row are (left to right) Boy Myers, Ronnie Howard, Mayor George Bradford, who was present to throw out the first ball, Ben Coleman and Bill Thompson.

**LITTLE LEAGUE CARDINALS** sponsored by Dimmitt Engine Service are pictured (left to right) front row: Jimmy Frazier, Max Newman, Joe Langford, Brent Miller, Robert Myers and Gary Webb. Second Row: Jay Rogers, Gary Lawson, Joseph Yokley, Perry Floyd, Mark Wohlgenuth, Kenny Doss, Jeff Myers and Richard Giuana. Back row: James Wohlgenuth, assistant coach; Bob Myers, coach and Charles Doss, assistant coach.

**MRS. DUNN HAS GUESTS**  
 Guests in the home of Mrs. E. V. Dunn Friday were her son, Minister Don Tarbet and family of Albuquerque, N. M., her daughter and family,

Mr. and Mrs. P. K. Tarbett of Ackerly, her son, Fred Dunn and family of Dimmitt and her daughter and family, Mr. and Mrs. James L. Profitt of Dimmitt.

**About Dimmitt . . .**

(Continued from page 1)  
 its service charge. The man would take a few scoops full out of every sack of meal ground.

The Dimmitt City Park has deteriorated to a pretty sad state. Dandelions are probably doing better than any of the planned or planted shrubbery, trees, flowers or grass. It is a problem to keep a yard, park or any beauty spot in top shape all of the time but every effort should be made to keep the City Park in presentable condition. City manager E. B. Noble told me Monday that a full-time caretaker was being assigned to the park that day and that everything possible would be done to make the park a place of beauty.

Somebody handed me the following article titled "10 Easy Steps" on how to ruin a town. After reading the steps listed below I am convinced that there are others that could be added, but I doubt if they would be necessary to get the job done. Here it is:

- 10 EASY STEPS**  
 "How to Ruin a Town." This sort of article has been done in many ways, but the ingredients are similar everywhere:
1. Never attend any meetings. Just sit around and criticize about the way "they" are doing things.
  2. Vote against any kind of tax levy — whether the purpose is good or not. "They" just want your money.
  3. Make fun of the fire and police departments. "They" are just out there for the glory and pay.
  4. Don't ever go to the movie, school concert or ball game, benefit program, or exhibit. Sit in a half-trance in front of that "idiot box."
  5. Knock your city council. This is a must. Every one of them is just on the council to get a little kick-

back.  
 6. Stay out of church. You might go on Easter and Christmas just to prove to yourself that the minister does not know what he's talking about and everyone there is a hypocrite.

7. Buy everything you can out of a discount catalog or mail order book. These firms are the first to come forth with donations and service to the community.

8. Don't support your town's newspaper. The out-of-town papers are a lot better and contribute much more to your town than the local bugle. But jump on your paper's editor the first time Aunt Hegatha's visit is left out — forget the other 10 times it was in.

9. Spread any story or rumor that is defamatory or uncomplimentary about the town. Never say nothing nice about nobody. All kids are delinquents, all businessmen are crooks.

10. Above all, always be skeptical and cynical about anything supposed to be good for the progress and betterment of the community.

Your motto should be: "If it's good, it can't happen here."

Nelda Thomas, our news reporter, had surgery for a chronic ailment at the Plains Memorial Hospital last Friday. She will be out of circulation for several days, or maybe a few weeks. We are told that the operation went well and that Nelda slept through the entire experience and that her post-operative condition is very satisfactory. Other members of the News staff will be taking care of Nelda's chores while she is out of commission and they will appreciate

**TWO DIMMITT FISHERMEN**, Troy Maxwell (left) and Wayne Grant returned home Tuesday, April 20 with 500 pounds of catfish. The bigger fish being held by the fishermen weigh from 8 to 25 pounds each. They spent two weeks fishing at Lake Corpus Christi and resting at Bell Camp, a popular fishing lodge on the lake.

# NEWS FROM SUNNYSIDE

Mr. and Mrs. Roy Phelan and Mr. and Mrs. Lloyd Morris of Tulia fished at Burson Lake near Silverton last Thursday.

Mr. and Mrs. Irving King fished at Childress Lake last Wednesday through last Sunday.

Kevin, Chet, Doyle and Terry Henderson of Dimmitt spent last Friday through Sunday with their grandparents, Mr. and Mrs. J. C. Holbrooks while their mother was ill. Terry stayed until this Thursday.

Mr. and Mrs. Earl Phelan of Fieldton spent last Friday night with Mr. and Mrs. Roy Phelan.

Mr. and Mrs. Earl Phelan and Mr. and Mrs. D. L. Sosebee of Fieldton visited last Sunday with Mr. and Mrs. J. C. Holbrooks and family. Mr. and Mrs. Ronald Henderson and children of Dimmitt were dinner guests.

Just over and just under an inch of rain was received over the community Monday. Less than .10 was received Tuesday and a trace was received Wednesday afternoon.

Mr. and Mrs. L. B. Bowden and Mrs. Ed Thompson visited in Vernon and Wichita Falls Tuesday with two aunts and an uncle. The aunt in Vernon accompanied them to Wichita Falls.

Only 4 attended the Spanish Story Hour at the church Tuesday afternoon, because of the muddy roads and prospect of more rain. The class was cancelled.

Mrs. E. R. Sadler visited with Mrs. Pearl Sadler and Mrs. Leslie Flint at the Nursing home Tuesday afternoon after the painting class in Dimmitt.

Debbie Curtis was named Valedictorian of the Springlake 8th grade

this week. Her average grade was 96.85. Naomi Carr was Salutatorian with an average grade of 96.25.

The Springlake Junior High Honor Roll included Debbie Curtis and Naomi Carr on the 8th grade "A" roll and Terry Crisp on the "B" roll. The 7th grade "B" roll included Jan Blackburn.

Mrs. Cecil Curtis and Mrs. Ed Dawson attended the Methodist Vacation Church School Institute Tuesday and Wednesday in Plainview. They both taught the Nursery Department workers of the district both days and were in Plainview on Monday also making preparation for the Institute.

Mrs. Milburn Haydon, Mrs. Alton Louder, Mrs. Milton Ott and Mrs. Clarence Mitchell of Springlake visited Wednesday afternoon in the Amherst hospital with Mrs. Irving Ott of Big Square.

A Vacation Bible School-Faculty meeting was held at the church Wednesday morning in preparation for the school which will be June 14-18. The Preparation Day program will be held Thursday June 10 from 9-11 a.m. The school will be held each day from 8-11 a.m. 18 workers were present representing all departments except the nursery.

Marquetta James was honored at a birthday party at the park Wednesday afternoon. Those attending were Elaine Bills, Brent and Bryan Hedrick, Jeff and Jay Beene, Deneen Wilson, Mark and Janice Bridge, and Michelle Bolinger. Freddie James was unable to attend because of the mumps.

The WMS met Wednesday night for the study of the mission book, Go Home and Tell. Mrs. Roy Phelan taught the second class.

Rev. Tom Reynolds of Plainview visited with Rev. and Mrs. M. D. Durham after the Wednesday night services.

The Y.W.A. met at the church Thursday afternoon for the study of the mission book, The Edge of Decision. Mrs. M. D. Durham taught the book to the counselor, Mrs. E. R. Sadler, Mrs. Roy Phelan, Mrs. E. R. Sadler, Mrs. Alford Crisp and four girls, Ollie Pearl Wade, Barbara Elliott, and Sandra and Marian Crisp. Mrs. Roy Phelan and Mrs. L. B. Bowden portrayed African people and brought thoughts from the book. After the book Mrs. Durham, Mrs. Sadler and Mrs. Phelan took Ollie Pearl and Barbara out to supper at Dimmitt. The others had other engagements.

Mr. Guy Scoggin received minor injuries in a two vehicle accident near his farm Thursday evening. He was admitted to Plains Memorial Hospital in Dimmitt and dismissed Sunday. The occupant of the other pickup was also admitted with minor injuries.

Five GA girls attended the Intermediate GA Banquet at Lazbuddie Friday night with their counselor, Mrs. Hershel Wilson, and Mrs. M. D. Durham, Associational GA Director. Those attending were Janita Blackburn, Ann Spencer, Naomi Carr, Janet Elliott, and Terry Crisp. Janita is president of the Associational GA.

Molly Bradley attended a F.T.A. party in Amarillo Friday night with other future teachers from Dimmitt.

Mrs. Alton Louder visited in Littlefield Friday with Mrs. Lowell Westoreland and children. She brought children home with her for the week end. Mrs. Westoreland underwent a tonsillectomy Saturday morning in the Littlefield hospital. Mrs. Douglass Louder and Mrs. Dwayne Louder of Flagg kept the Westmoreland children Saturday while Mrs. Alton Louder stayed at the hospital.

Mr. and Mrs. Charles Hedrick and boys spent the week end in Ralls with his family.

Mrs. Bud Matlock was admitted to Plains Memorial Hospital in Dimmitt Saturday.

Don Curtis was home from WTSU in Canyon for the week end.

Preparation was begun this week on a new shop for Sunnyside. Mr. Robert Bridge will put in a welding shop of his own east of the elevator in the near future.

Betty Sue Holbrooks, Molly Bradley, Johnnie Holcomb, Evelyn Waggoner and Gene Carson attended the Junior-Senior banquet at Dimmitt

MRS. EDWARD VENHAUS

## Charlene Hoelting Becomes Bride Of Edward J. Venhaus April 28

Miss Charlene Ann Hoelting of Nazareth, daughter of Mr. and Mrs. A. P. Hoelting of Nazareth and Edward Joseph Venhaus of Amarillo, son of Mr. and Mrs. George Venhaus of Happy were united in marriage April 28 in Holy Family Church, Nazareth. Father Reichel performed the double ring ceremony.

Best man was Clyde Hoelting, brother of the bride of Nazareth. Matron of Honor was the sister of the groom, Mrs. Arnold Fangman of Hereford. Bridesmaid was Mrs. Clyde Hoelting of Nazareth and groomsmen were Mr. Arnold Fangman of Hereford. Serving as ushers were Mr. Alvin Klemm, brother-in-law of the groom, Nazareth and Mr. Edwin Schacher, brother-in-law of the bride of Nazareth.

The bride, given in marriage by her father, wore a formal gown of white silk taffeta designed with cap sleeves and scooped neckline. The basque bodice and belt skirt featured appliques of reembrodered French alencon lace. The dress had a chapel train. The veil of bridal illusion was attached to a caplet of lace and pearls. She carried a cascade arrangement of white roses with satin streamers and tulle puffs corsage

centered as going away flowers.

The bride's attendants wore taffeta sheath dresses of better times rose with tiered bouffant overskirt. They wore picture hats of better times rose, made of mohair. They carried matching parasols made of net trimmed with pink roses.

A reception was held following the ceremony in the community hall.

For traveling to points of interest in Colorado, the bride wore a two-piece gold linen suit with champagne accessories. After returning from a honeymoon the couple will be at home at 2902 Bogarry, Amarillo.

Mrs. Venhaus is a graduate of Nazareth High School and San Jacinto Beauty School. She has been employed by Robb Pump Co. of Dimmitt.

The groom graduated from Happy High School and served four years in the United States Air Force. He is presently employed with Audio Video Corp. of Amarillo.

In 1923 the Texas legislature enacted the first regulatory law providing that persons who willfully or negligently set forest fires would be subject to prosecution for a misdemeanor, the Texas Forest Service reports.

The tree with the lightest wood in the United States, corkwood, grows near the mouth of the Brazos River, the Texas Forest Service reports.

The cupola of the old Hardin County courthouse was once used as a lookout station for forest fires by the Texas Forest Service.

Not pausing long enough on the back cast will make your fly line crack like a whiplash behind you — weakening your leader and breaking off flies. — Sports Afield

Pitch your tent opposite the prevailing wind and dig a shallow trench completely around it, with a lead-off to carry away excess rainwater. — Sports Afield.

The beeper uses its tail as a rudder when towing branches or logs, and also to strike the water to warn of danger. — Sports Afield.

In 1899 the first Arbor Day law was passed by the Texas legislature, reports the Texas Forest Service.

## A Facial For Mt. Rushmore

A crew of daring specialists from the National Park Service will climb 6,050-foot Mt. Rushmore in South Dakota's Black Hills this spring to give the granite countenances of Presidents Washington, Jefferson, "Teddy" Roosevelt and Lincoln their annual "facials." Strangely, the basic ingredients in these treatments is linseed oil, the same material used by Egyptians 5,000 years ago to preserve their mummies and today the ingredient in house paint that protects against sun and weather, according to research experts of the National Flaxseed Processors Association. Preservation of the giant carved faces—each 60 feet long—is a large undertaking. The reparation experts patch cracks resulting from weathering with Sculptor Gutzon Borglum's original compound, a mixture of linseed oil, white lead and granite dust, so future generations can admire this memorial to our great presidents.

## NORTHEdge NEWS

Mr. and Mrs. Donald Wright were supper guests of Mr. and Mrs. Charles Wales Monday night, Bethel Community.

Mrs. Gus Baron of Tulia and Idella Crum were visitors of Mr. and Mrs. John Crum Monday. Mr. John Merritt was also a visitor Monday afternoon.

Mrs. Robert McDaniel spent from Wednesday until Friday afternoon in Lubbock. Rev. Carl McDaniel had surgery Thursday morning in West Texas Hospital.

Mr. and Mrs. Robert McDaniel and family visited with their son and brother, Rev. McDaniel Sunday afternoon and an aunt, Mrs. Grace Bates in Lubbock.

The Northedge Community will meet next week. Mr. and Mrs. Dan Heard will be hosts. Members will be informed when the date is decided.

Mrs. George Bagwell will review "American Heritage", a collection of writings by several authors, at the regular meeting of the Dimmitt Book Club. The meeting will be held at the Colonial Inn Restaurant Wednesday noon. In addition to the book review the club will enjoy a luncheon at the noon hour. All members are urged to attend and bisitors are welcome.

Saturday night. Mrs. Weldon Bradley, Mrs. Houston Carson and Mrs. J. T. Holcomb helped with the banquet. Betty Sue attended the slumber party given for the senior girls after the banquet.

Mr. and Mrs. Irving King received word Sunday morning that his sister in Missouri passed away suddenly Saturday night. They left Sunday afternoon for Cameron, Missouri to be with the family a few days and attend the funeral services.

Mr. and Mrs. D. L. Sosebee and children of Fieldton spent Saturday night with Mr. and Mrs. Hershel Wilson and family. Mr. and Mrs. Earl Phelan of Fieldton spent the day with them Sunday. All were visitors in the Sunday morning services.

Mrs. Carl Bradley spent the day Sunday with her parents and other relatives in Springlake.

Mrs. E. R. Sadler, Mrs. John Graham, Mrs. J. T. Holcomb, members of the china painting class in Dimmitt, attended the China and Art exhibit in Hereford Sunday afternoon. Mrs. Sadler, Mrs. Holcomb and Mrs. Irving King showed some of their work in the exhibit. Rev. and Mrs. M. D. Durham and Mr. and Mrs. Roy Phelan also attended.

Mrs. Weldon Bradley, Molly and Lee visited in Farwell Sunday with Mr. and Mrs. Vernon Scott and boys. 82 attended Sunday School with 2 in Training Union Sunday. Baptismal services were held after the evening worship hour. Mrs. Jamie Been was baptized.

## Changes For Skip-Row Planting Rules For Cotton Proposed

The U. S. Department of Agriculture is PROPOSING a change in the rules for measuring cotton when planted in a skip-row pattern for compliance with acreage allotments. The change, if adopted, would become effective for the 1966 cotton crop.

In skip-row plantings, strips of cotton rows are generally alternated with strips of idle land. Under the present rule all the idle land beyond 1/2 of a normal row is not counted as cotton when computing the acreage. This in effect spreads the allotment over more acreage. Under the change, a part of the idle land will be considered cotton acreage for allotment purposes. USDA officials say that studies of different skip-row planting patterns confirm that the cotton planted on the outside, or next to the idle space produces more than cotton planted in a normal row pattern.

The 1965 cotton allotment is set at 16 million acres which is the minimum acreage permitted by the present law. It is expected that a reduction in planting of approximately one million acres will result from the Domestic Allotment Program for 1965. Despite the reduced acreage, cotton production this year is expected to exceed the domestic use plus exports, and will increase the already sizable

carryover for the fourth straight year. Carryover as of August 1, the beginning of the new cotton marketing year, is expected to total about 13.4 million bales, the largest carryover since the record 14.5 million bales in 1956. USDA officials feel that increased yields due to skip-row plantings have contributed substantially to the increase in cotton production. Skip-row plantings have increased to the point that about 2.5 million acres of cotton on 35,000 farms were skip-row planted in 1964.

The purpose of the proposed change is not to eliminate skip-row planting but to bring skip-row acreage for allotment determinations more nearly in line with production increases due to such plantings. Under the proposed skip-row cotton rule, not only the land planted to cotton but also the 32 inches (an additional 12 inches over what is now counted) beyond the outside rows next to the idle land would be charged as cotton acreage under the allotment program. The following examples illustrate various skip-row patterns, the amount of the planted area counted as cotton under present rules and the amount which would be counted as cotton under the PROPOSED rule. For example purposes, it is assumed that cotton row width is 40 inches. Any changes in row width would mean additional adjustments in acreage.

Pattern	Charged as cotton under present rule (percent of area)	Charged as cotton under PROPOSED rule (Col. 3 over Col. 2)	Percentage Increase
2 rows cotton 1 row skipped	66 2/3%	86 2/3%	30%
2 rows cotton 2 rows skipped	50%	65%	30%
2 rows cotton 4 rows skipped	33 1/3%	43 1/3%	30%
4 rows cotton 2 rows skipped	66 2/3%	76 2/3%	15%
4 rows cotton 4 rows skipped	50%	57 1/2%	15%

The following examples demonstrate how skip-row planting works: A farmer with a 50 acre cotton allotment using the skip-row pattern of 2 rows of cotton and two rows skipped.

Under the present system the farmer would be considered to have half (50 percent) of the total area planted to cotton. This would permit him to utilize 100 acres of land and still be considered as being in compliance with his 50-acre cotton allotment. Under the PROPOSED new rules, 65 percent of the land would be considered as planted to cotton. Therefore, he would be able to plant no more than 77 acres under the two and two pattern and still be considered as in compliance with his cotton acreage allotment.

The proposed rule appears in the Federal Register of April 22. Growers can submit data, views and recommendations in writing to the Director, Farmer Programs Division, Agricultural Stabilization and Conservation Service, Washington, D. C. 20250. To be considered, comments must be postmarked not later than 30 days after the April 22 Federal Register publication date.

**EXTENSION OF AUTHORIZATION FOR SEASONAL HAYING AND GRAZING IN CASTRO COUNTY**  
The Secretary has authorized the Castro ASC County Committee to extend permission to graze and harvest on the Soil Bank, Feed Grain and Wheat Diverted Acres through May 31, 1965, subject to approval by the county ASC committee. Such use of this acreage without prior approval of the ASC County Committee is a violation of program regulations for which specific penalties, forfeitures and refunds apply.

If you believe permission should be granted for you or some other person to graze or harvest hay on this land caused by the unfavorable weather

conditions in this area, please notify the Castro County ASCS office. A deduction for the value of the grazing or haying will be made from your program payments if this permission is granted.

If you have any questions concerning haying or grazing of Soil Bank, Feed Grain and or wheat diverted acres, please contact the Castro County ASCS office.  
Charley E. Hill, Office Manager  
Castro County ASCS

**NIGHT WMS MEETS**  
The night WMS of the First Baptist Church met in the home of Mrs. Raymond Hance Tuesday night at 7:45.

Mrs. Norris Wesson had charge of the program, using as subject "The Book That Lives." Mrs. Faye Kenmore, Mrs. Gene Ivey, Mrs. Glover Frazier and Mrs. O. O. Reid helped her with the program. Mrs. Kenmore gave each member the community missions for May.

Refreshments were served to Mesdames Frazier, Kenmore, Ivey, Reid, Sam Maynard, Jimmie Pinner, Wesson and the hostess, Mrs. Hance.  
Neal Kenmore of Tucson, Arizona was a guest.

**SANTA FE VISITORS**  
Mr. and Mrs. Jack Gregory visited her brother, Mr. Wade Parks and family at Santa Fe, N. M. Sunday.

**CHILDRESS VISITORS**  
Mr. and Mrs. P. L. Cunningham visited in the Walter Carter home at Childress Sunday.

**VISITS IN CANYON**  
Joe and Graham Sheffy spent last week end with their uncle, Don Sheffy in Canyon. Mr. and Mrs. Ted Sheffy went to bring them home Sunday and also visited in the L. F. Sheffy home.

**LAMESA VISITOR**  
Mrs. A. O. Gregory is visiting her daughter, Mrs. Hez Wright at Lamesa this week.

Two of Texas' trees, gualacum and obony, produce the hardest woods of any tree species in the United States, the Texas Forest Service reports.

Castro Lodge AF & AM 879, Regular meeting 3rd Monday. Practice every Thursday, Haywood P. Smith, Worshipful Master, Ira E. Brown, Secretary.

## Dimmitt Athletes See Action At Regional Meet

The Dimmitt High School girls doubles team won second place at the regional meet held April 23 and 24, at Texas Tech. The team composed of Donna Summers and Linda McColum represented the school Friday by defeating Denver City in matches of 6-2 and 6-2. Saturday the girls defeated Winters 7-5 and 6-2 in the second round of action. In the final round of play the girls were defeated by San Saba 6-2 and 6-0. San Saba gained the right to participate in state competition. Each girl received a medal for their 2nd place rating.

The boys doubles team also represented the school at the regional meet. The boys, Paul Easterwood and Mikeal Wohlgemuth were defeated by San Saba in the first round by scores of 6-0 and 6-1. Crane won the boys division and therefore gained the right to go to state.

Dickie Dyer represented the school in the golf division of the regional meet. Dick was the only member of the five man team who was present. Dick was rated the third top medalist by shooting a 78.

## Clothing Survey Conducted By Dimmitt Students

Girls, have you ever really wondered what the boys think about the way we dress? Recently the Home-making Department took a survey among the high school boys. Please realize the boys spent a great deal of time filling out these questionnaires—both trying to figure out what the different terms meant and trying to do what they thought was really right.

Several types of questions were asked pertaining to both girls' and boys' clothing. A sample of the questionnaire and the results are as follows:

1. What do you think about girls wearing pants to school? For - 24 Against - 9
  2. What do you think is the proper length of skirts for girls to wear to school? Knee length - 23 Shorter - 12 Longer - 1
  3. What is the most important thing for a girl to consider when selecting shorts or pants? The occasion and needs
  4. What style swimsuit do you prefer for girls? One piece - 12, Two piece - 20, Either - 6
  5. What do you think about girls wearing hose to school? Yes - 26, No - 10
  6. Do you like textured or lace hose? Yes - 8, No - 20
  7. Do you think girls should wear sun dresses to school? Majority - It's up to the girl.
  8. What is your advice about girls wearing eye make-up to school? None is necessary.
  9. What do you think about girls hair-dos for school? Here the girls try to look attractive without looking "out of this world." Most girls are reasonable with their hair.
  10. What type of shoes do you think a girl should wear to school? Flats - NO tennis shoes.
  11. What kind of dress does a boy like a girl to wear on a date to the movies? Anything simple.
  12. Do boys tend to like girls better in sportswear or dressier clothes for school? Sportswear - 28, Dressier - 8.
  13. Do boys like girls with long or short hair-dos? Long - 20, Short - 6, Depends on the girl - 13.
  14. Do boys prefer girls in levis or in tapered pants? Levis - 19, Tapered - 17.
  15. Do boys like girls in short shorts? Yes - 20, No - 13, Depends on the girl - 6.
  16. Do you prefer shirtwaist dresses or A-line, or shifts for girls? A-line - 8, Shift - 8, Shirtwaist - 13.
  17. Do you like girls in perts or culottes? Perts - 12, Culottes - 20.
- BOYS:  
 1. What type of shirts do you like

## Personality of the Week

Linda Kay Bruton has been selected as this week's personality. Linda is the 5 ft. 6 in., brown eyed daughter of Mrs. Gennie Bruton. She was born to Mr. and Mrs. Jack Bruton on April 19, 1950, in Olton, Texas.

Linda's favorite movie is "The Unsinkable Molly Brown", and of course the best actress in her opinion is Debbie Reynolds. Linda also likes the acting of Chuck Connors. She says the song "Hush Hush Sweet Charlotte" is the top on her list among songs. She likes the book "Gone With The Wind". Her favorite car is a Pontiac Bonneville and yellow rates tops in the line of colors. Linda loves all types of food, but Italian food is the best.

A sweet smile and a warm personality are the marks of a good citizen and the characteristics of a well liked person; Linda has these qualities and we are sure they will remain with her as she leaves Dimmitt in the future.

She plans to attend college and major in library science and minor in music.

2. What type of shoes do you like to wear to school? Loafers
3. Do you like the new Henley shirts or the no collar type? Henley - 12, No Collar - 0, Don't know - 12
4. What type of jewelry would you prefer a girl to give you as a gift? The pins or tie tacks.
5. Do you like the new Dectalyne shirts? Yes - 12, No - 8, Don't know - 12.
6. What type of socks do you like to wear to school? White - 9, Matching - 29.
7. What type of suit do you prefer to wear to a banquet? Black Dress suit or White jacket.
8. What do you think of the long hair cuts some of the boys are wearing? Most of them have not affected this area.
9. Do you prefer long or short ties (bows) for formal wear? Bow ties - 18, Long ties - 22.
10. Do you like sta-pret pants? Yes - 18, No - 14.
11. What type sweater style do you like best? Coat style - 9, Slip-over - 8, V - 12.
12. What color and type of suit do you like for church? Black dress suit.
13. What type of hair cut do you like? Trim - 8, Short - 5, Long - 7, Regular - 14.
14. Do you like dinner dates with girls? Yes - 22, No - 12.
15. What is your favorite sport? For Winter - football and skiing, For Summer - swimming and skiing.
16. Do most boys buy clothes for their needs or for the current trends? Needs - 22, Trends - 16.

## Quickies

Shirley Youts became the wife of Bobby Schachery April 29, 1965. Schachery is engaged in farming at Nazareth and they are at home at 303 Broadway.

The students of DHS enjoyed their long vacation April 19-24. Linda McColum and Donna Summers won second in the regional tennis tournament. Congratulations girls!

Mrs. Snider, our homemaking teacher has been seen around campus driving a new white Bonneville Pontiac.

J. F. Latimer was in the Plains Memorial Hospital suffering from two broken arms and a lacerated eye. He received these injuries Monday, April 26, when he fell against the wall in the gym. He was back in school Friday, April 30.

Due to a dollar bet Ronnie Huckabay joined J. F. at the Plains Memorial Hospital on Wednesday, April 28. Seems though he drank a bottle of Oil of Cinnamon. Ronnie stayed the night there but he was seen in the halls after second period Thursday. Guess it will take something more than Cinnamon Oil to keep you down, Ronnie.

The Junior - Senior Banquet was held May 1, in the South Grade School Cafeteria. The girls looked stunning in their formals, and the boys looked handsome in their suits. The banquet was enjoyed by all, especially the seniors.

There have been two new faces around the campus: James Pierce and Bill Simmons both Juniors. We are glad to see your smiling faces around campus and hope you enjoy yourselves.

## Honor Roll For DHS Students Is Announced

As school draws to a close, the students hear a great deal about getting the "end of schoolitis." They are constantly reminded to keep up with their grades until the very last examination. With the reports out on the fifth six weeks, you will be able to see that there are quite a few more that have begun to work harder for the last go round.

## Senior Girl Of The Week Phoebe Carolyn Strother Plans To Attend Wayland Baptist College

This week's talented senior is a 5 ft. 7 in. redhead. She was born August 28, 1947 here in Dimmitt.

She is active in several organizations; they are: FHA - four years, Pep Club - three years, and several Baptist youth organizations.

She lists several items among her favorites. She most enjoyed the book "The Robe" and the movie "King of Kings." She prefers Patty Duke as an actress and Dick Van Dyke as actor. Her favorite song is "Till There Was You" and singer Andy Williams. She likes to eat steak and look at anything blue. She would like most to ride around in a black '65 Chevrolet.

She seems to enjoy working her fingers because her favorite pastime is writing her pen pal and her hobby is playing the piano.

After graduation, she plans to go to Wayland Baptist College for one year, and then go to nursing school and get her R. N. After that she hopes to serve overseas in one of the Southern Baptist hospitals as a missionary nurse.

Thank you, Mr. and Mrs. R. B. Strother for letting us use your daughter, Phoebe Carolyn, as our Senior Girl of the week.

## Bobcat Band Goes To San Antonio For Festival

About 6:00 p.m., April 20, five chartered busses for the Dimmitt Bobcat Band left the band hall for the "Battle of the Flowers" in San Antonio. After two scheduled rest stops in Lubbock and San Angelo, about 130 weary band students and about 35 parents and interested persons arrived at the Gunter Hotel in downtown San Antonio about 6:00 a.m. Wednesday morning.

Most of the band members stayed in their rooms and rested until the first drill rehearsal Wednesday afternoon at Sam Houston High School. After a few times through the show, the band was given an interesting trip through the San Jose Mission. That night the band was taken to the Barn Door for a delicious steak dinner. About 200 Dimmitt people were served, including all the parents and band members.

Thursday morning the band drilled at Edison High School. Then they visited the Sunken Gardens and the San Antonio Zoo. A tasty meal of charcoal-broiled hamburgers was catered by Frontier Drive-Ins and the band drilled again Thursday afternoon at Alamo Stadium. Thursday the Bobcat Band performed at Alamo Stadium before a capacity crowd of 10,000. The Bobcat Band, along with six other bands, provided shows expressing the theme of the Battle of Flowers Band Festival, "Patterns in Rhythm."

Friday afternoon the band marched in a 5 mile parade through downtown San Antonio. A tired and exhausted group returned to the hotel about 6:00. Friday night the Gunter Hotel was host for a dance for all the bands participating in the Battle of Flowers. Those who did not go to the dance went to the show, Playland, and other various places.

Saturday and Saturday night, band members were allowed to choose their own activities and recreation. Many shopped around and some went to the show and Playland. Saturday morning a bus was taken to the Hall of Halls, a historical museum.

Sunday morning at 7:00 all band members boarded the busses and were ready to leave. The busses were about to leave, when the absence of the assistant band director was discovered. He must have overslept—too much city night life! After a few minutes delay, the busses left for San Angelo. Despite the fact that three busses go lost on the way, all five busses eventually arrived at the park in San Angelo to eat lunch. A short church service was conducted by some of the band members. A very happy group returned home Sunday evening about 6:00. This was the Bobcat Band's third invitation to the Battle of Flowers. Let us hope that they will be invited again sometime.

## Dimmitt FHA'ers Attend State Convention In Dallas

The Texas State FHA Convention met in Dallas, Texas, on Friday, April 23, and Saturday morning, April 24, 1965. Six FHA girls and their sponsors attended from Dimmitt. The two student teachers attended also. Included in this group were: Mr. and Mrs. Billy Snider, Mr. and Mrs. Charles Hottel, Lindsae Snider, Julie Hottel, Marsha Merriman, Nancy Cleavinger, Jerry Kay Dodd, Patty George, Johnnie Holcomb, Debbie Linn, Pam Buchanan, and Cathy Godfrey.

The FHA girls and sponsors attended meetings on Friday morning and Friday afternoon. The whole group attended an entertainment program Friday night. Representatives from various chapters presented the program which was entitled "Far Away Places."

The last meeting of the convention was Saturday morning. After our group attended this meeting, they checked out of the Marriott Motor Hotel, where they were staying, and went to Six Flags Over Texas, where they spent the afternoon. They spent Saturday night in the Holiday Inn in Ft. Worth, and returned to Dimmitt on Sunday afternoon.

Strange things have been heard about our girls and this trip! Debbie, do you and Pam always talk to strange policemen?  
 Oh! By the way, Mr. Snider, there's really nothing wrong with that winking cowboy at the Marriott.  
 Mr. Hottel really enjoyed the entertainment Friday night. It was so educational!  
 Mrs. Snider was a little fatigued since she had to get up so early to get her hair braided before breakfast.  
 NO, Jeroka! That luggage carts are for cowboys only!  
 Some people consider Cathy Godfrey's arm quite attractive and sweet! How about that, Cathy?  
 Patty was so thirsty! She had three cookes and a swimming pool - All in one hour!  
 But, Mrs. Hottel! WHY can't we

## Holiday Happenings

Dimmitt was one dead town during the Easter Holidays, but most of the students who didn't go to San Antonio found something to do.

For instance, Anthony Stanford went to Plainview. What he doesn't know is that Anita Cameron stayed home and got a sunburn thinking about him. How is that for irony? Stanley Burns spent the weekend out of town. LaTrelle Hoyer spent her time babysitting and topped the week off by staying in Amarillo over the weekend. Susan Hopson says she did absolutely nothing. Nan Schumacher worked and played with Jody. Patty George and Jeroka had a blast in Dallas at the State FHA Convention. Kathy had to baby-sit, and clean house, but she also did some playing around. Peggy Ott broke the monotony by painting a house.

Terry Hill sneaked off a few times to go to Plainview. Linda Morrison spent her time making wedding arrangements. Kita Struve had a lonely time; she just stewed the whole time. Linda McColum played some swift games of tennis. Bobby Ebeling stayed home and worked; he says he didn't get to play like everyone else did. Danna Odum had the pleasure of taking her college entrance exam at Plainview. Irene Ewing looked for employment and slept. Ginny Yodley was sick.

Mikeal Wohlgemuth played and lost at the regional tennis meet. Steve Meyers simply worked. Betty Holbrooks was a secretary at Woodell Insurance Agency.

## American Heritage Banquet Held Tuesday, April 27

The Plains American Heritage Award Banquet was held Tuesday, April 27, 1965 in the dining hall of Wayland College, Plainview.

The purpose of this association is to acquaint students with the history of their country and to inspire in them the loyalty and love for America, its traditions, customs, freedoms, and it's opportunities so that they might become better adult citizens.

After dinner was served, Mr. Olguiva, the sponsor of the association, introduced the members of the Steering Committee who have helped with the planning and carrying out of these programs.

He commended the Dimmitt High School System on the excellence of the American Heritage Day at the Junior High School and the skits on famous events of American history produced by the members of various organizations. He then introduced the teachers of history and social studies who have participated in the American Heritage program.

In the Dimmitt High School Essay Contest, 1st place was won by Johnnie B. Linn, 3rd, second place went to Arlene Reid, and third place to Connie Sheffy. In the Dimmitt Junior High School project contest, first was Steve Smith, second was Judy Arnold, and third was Cindy Hopson. Each student was presented with a bond and pictures were made of the group.

Those attending from Dimmitt were: Mr. and Mrs. Ralph Smith, Mr. and Mrs. S. T. Newman, Mr. W. T. Elliott, Miss Bernice Littlepage, Mr. and Mrs. O. O. Reid, Mr. and Mrs. Lilburn Arnold, Mr. V. C. Hopson, Cindy Hopson, Judy Arnold, Johnnie Linn, Arlene Reid, and Connie Sheffy.

Next time you take a trip to Dallas, FLY! Johnnie Holcomb says it's the only way to travel!

## BAND NOTES

After an exciting trip to San Antonio all of the band members were rushing to tell all of their friends and family about the events which took place there. Victor, Linda Burton, Shirley Leinen, and Nancy Axe were all excited about the sight-seeing trips which the band took. Elaine Davis and Debra Summers told all about their jolly time at Playland. Could it be all playland or boys? Sue Lust and Cecilia Vandiver enjoyed everything. Rodney Hutto especially enjoyed San Jose Mission with Vikki. Deanna Morgan had her mind on the light outside her door most of the time, but she also had a good time. Jack Bradford and Graham Sheffy had a little trouble with a nake bite kit, but other than that their trip was successful.

San Antonio must have been a city of love for some people. Some of the new flames were A. D. Schreck and Glenda Smiley, Patty Catoe and Billy Gildewell, Madelyn Smith and Benny Hill, Jo Lynn Harman and Gary Moss, and Robert McLean and Molly Bradley.

Everyone returned home safely and enjoyed the trip very much. Other than Kay Hilborn's overdose of STRONG orange juice, there were no injuries.

## CASTRO COUNTY LIBRARY HOURS

A new governor moved into the chief executive's office in the capitol this week - but only for a day.

Following tradition, Gov. John Connally and Lt. Gov. Preston Smith left the state Tuesday - clearing the way for Sen. Tom Creighton of Mineral Wells, Senate president pro tempore, to take a 24-hour turn as governor.

Creighton invited home folks from Callahan, Clay, Denton, Eastland, Jack, Montague, Palo Pinto, Parker, Stephens and Wise counties to his "inauguration."

He also turned out the usual volume of proclamations and commissions - and received praises of his colleagues.

Creighton, 36, an attorney, brought along his pretty wife, Sue, and three children to the governor's mansion.

**MEDICAL SCHOOL VETOED** - Governor Connally vetoed the bill authorizing Texas Tech to establish a medical school in Lubbock.

Connally said that not enough study had been given to the idea and that he preferred that his recently created college coordinating board be the supreme authority in new college programs.

Veto drew critical attacks from West Texas proponents of the school, including Lt. Gov. Preston Smith and Sen. H. J. Blanchard, both of Lubbock.

**COMMISSION NEARS PASSAGE** - After a two-week delay, the Senate was ready to take final action on the bill to create a "Little Hoover Commission" to cull waste and inefficiency from state offices and agencies. Bill is sponsored by Rep. Dick Cory of Victoria and Sen. Bill Patman of Ganado.

An amendment which Patman considers crippling was tacked on by Sen. Culp Krueger of El Campo. Amendment makes the lieutenant governor and the speaker chairman and vice chairman of the commission, replacing a provision that the members would elect the commission leaders.

**DISTRICTING GUIDELINES SET** - Rep. Gus Mutscher of Brenham says the House Districts Committee aims to get a congressional reapportionment measure to the floor by May 1. Mutscher is chairman of the committee.

Three optional plans for state House of Representatives redistricting also are due from sub-committees by May 1.

Committee has adopted these tentative legislature redistricting guidelines:

Population variance between districts should be held to a maximum of 15 per cent over and below the mean average;

"At least one attempt" will be made to eliminate "floterial" districts;

Small counties without population sufficient to justify a representative of their own will not be divided;

Two or more representatives will not be allowed to run at large in two or more counties.

Committee also approved Senate-passed bill to permit up to 15 per cent population variance in forming legislative districts.

House Speaker Ben Barnes is optimistic that the Legislature can solve the thorny redistricting problem without need for a special session.

**AMENDMENTS GET PRIORITY** - State representatives returned from their brief Easter Vacations to find two proposed constitutional amendments high on their work assignment list.

Governor Connally finally got the balky House Amendments Committee to clear for debate measure to increase terms of governor and other officials elected statewide from two to four years.

Committee also approved redistricting plan calling for increase of State Senate membership from 31 to 39, but stripped from it provision to lengthen upper house terms to six years.

Pressure for submission of both measures to Texas voters (in November and August 7 elections, respectively) were intense.

**NEW LAWS ADOPTED** - Dozens of bills have been given final passage in one house and sent to the other for further action.

Two bills by Rep. Dick Cory would authorize commissioners courts in all but the largest counties of the state to give county officers raises of up to 20 per cent.

Sen. Don Kennard's bill to create a North Central Texas Airport Authority in Tarrant County, which is opposed by Dallas, was passed in the Senate, but the House version ran into a filibuster by Dallas delegation members in the committee hearing.

Bill by Sen. W. T. Moore would authorize Texas A & M to accept James Connally Air Force Base for the state and establish a technical institute.

**POLL TAX REPEAL FAILS** - Proposed constitutional amendment to abolish the poll tax fell four votes short of getting the necessary two-thirds in the House of Representatives. But measure was kept alive by a parliamentary maneuver.

Rep. Travis Peeler of Corpus Christi is sponsor of the bill.

**BUDGET WRITING TOUGHEN THAN EVER** - Appropriations bill conferees failed to make the April 15 deadline set by House Speaker Ben Barnes for completion of their work.

Despite any sharp differences between House and Senate bills, the budget-writing job in general is tough because of creation of new state agencies and transfers of duties - particularly in hospital and water fields - plus impact of federal programs just being evolved on state finances.

**LOAN BILL ADVANCED** - Legislation which opponents charge would mean the highest interest rates on loans in the nation for Texans received tentative Senate approval 16-14.

Measure by Sen. Jim Bates of Edinburg would allow annual interest rates on installment loans of \$9 per \$10 up to \$6,500. An amendment, finally accepted after strong objection, exempted small loan companies from terms of the bill. Another amendment excepted mortgage loans on real estate.

**NON-CITIZEN AID PROPOSED** - Proposed constitutional amendment to make old age assistance to non-citizens who have lived in the U. S. for at least 25 years received heavy support in a House committee hearing.

Rep. Joe J. Bernal of San Antonio, sponsor of the bill, said only three other states require citizenship for such assistance. Many thousand long-time Texas residents, who have not qualified for citizenship or such assistance due to language or other barriers, have no income at all today, Bernal told the committee.

**COLLEGES GET FEDERAL FUNDS** - With \$11,200,000 presently allotted for distribution in federal grants for college construction in Texas, the Texas Commission on Higher Education already has requests from 24 more colleges and eligibility established for 12 junior colleges.

Applications received amount to an additional \$12,500,000 of construction requests under the 1964 Higher Educational Facilities Act. Grants pay for 4 per cent of the actual cost of new construction for approved college facilities.

**RAIN - MAKING STUDY URGED** - John T. Carr Jr., weatherman with the Texas Water Commission, says long-range experiments in weather modification should be undertaken in Texas, even though at present conditions do not seem favorable and existing methods are expensive.

Carr says that ideal conditions for rain-making are infrequent in Texas. However, experiments have shown there are effective methods to bring about rain where it would not have fallen naturally and to increase the yield of rain clouds.

**SHORT SNORTS** - Bill to authorize the Texas Water Development Board to issue \$100,000,000 more in Texas Water Development Bonds was heard by the House Conservation and Reclamation Committee and assigned to sub-committee. . . George W. Hill, executive director of the Texas State Historical Survey Committee, has resigned effective July 1 to become president of the Southern Heritage Foundation. . . Governor signed into law these bills: raising compulsory

school attendance age one year to 17; renewal of foreign student exemptions from tuition in Texas colleges; and providing for election of school trustees by the place system in independent school districts of 500 or more scholastics. . . Atty. Gen. Waggoner Carr ruled that Hidalgo County cannot pay attorneys appointed to represent indigent defendants in misdemeanor cases because there is no provision in the constitution of the laws which authorizes the commissioners court to do so. . . In another opinion, Carr concluded a fireman who leaves his job after 20 years service, but before age 55, is not required to contribute percentage of sick leave and vacation pay into fireman's relief and retirement fund. . . State Banking Commission heard application of Bank of Rockport for charter Monday (April 19).

Hi folks, well summer has come and gone again in short order but I'm sure it will be back to stay shortly. The moisture we have had was welcomed by everyone, but just need to have more of it. During the dry seasons everyone should be especially careful with cigarettes and matches. Grass or pasture fires can be very dangerous and destructive to property. A carelessly tossed cigarette or match could result in loss of pasture land, livestock, home, barns or even lives. So let's all use the ash trays while traveling in our cars through grass land or timber. If you are walking in grass or timber land make sure your cigarette or match are completely out before you toss them away. Also if you are camping out be sure your camp fires are out before leaving them. The fire department would like to take this method of thanking Dr. Harold Bischoff for conducting the class of last Thursday night. His class was on radiation fallout, detection and monitoring. Dr. Bischoff is a qualified instructor in the field of radiation, methods of detection and the use of detection equipment. His class was of great interest to all the members present. We have decided we would schedule the civil defense course that Dr. Bischoff teaches for this fall and winter months. We feel this course will be very good information for the fire department members, civic clubs or groups that would like to attend. This course is a part of our civil defense program and should be of interest to every one. We will at this time invite everyone to make plans to attend this course when it gets under way. We will keep you posted through this column and also by letter to the different organizations when it will start and all other information. We hope the information we gain by attending one of these courses, will never have to be used by any of us or our children, but the possibilities

are ever present.

Since the last writing your fire department made one call. Nature of the fire was a feed stack and grass fire located three miles south of Nazareth in Precinct No. 1.

Class scheduled for May 6, 1965: Hook up Problem.

Got to go now. Parting Words: If You Smoke In Bed, You May Wind Up Dead.

First known use of roller bearings is on the wheel hubs of a wagon made in south Germany in the first century B. C.

**Cub Scout News**

The Cub Scouts of Pack 267 had a very successful Safety Day on Saturday, May 1.

The Cub Scouts wish to give special thanks to Troy's Spudnut Shop for refreshments and Radio Station KDHN for the splendid publicity, also Castro County News for publishing the Cub Scout News and special events.

The Cub Scouts wish to express their appreciation to the people of Dimmitt for their cooperation during Safety Day.

There were 40 Cub Scouts patrolling the streets, with a large number of adult leaders.

The proceeds will be used for the camp-out for the boys and fathers to be held sometime this summer.

**GLENN'S RETURN TO DIMMITT**

Mr. and Mrs. W. S. Glenn of Plainview have established residence at the Golden Spread Rest Home in Dimmitt. They are former residents of Castro County and are the parents of Mr. Aden L. Glenn.

**Breakthru to Greater Sorghum Profits with**

**DEKALB F-64 Breakthru Hybrid**

Here's a new DeKalb Breakthru Hybrid bred for stalk strength, smut resistance and great yield capacity. F-64 is a little earlier than F-63 and slightly taller than other DeKalb varieties. Even though F-64 is recommended as a top irrigation variety, it has produced good yields even under marginal moisture. Try this Breakthru.

### Trends In Men's Fashions Cited

An important trend in men's fashions this season is the "American" look. This is depicted in rugged fabrics and weaves, in practicality with the durable press feature.

So says Dr. Graham Hard, Texas A & M University Extension clothing specialist.

Colors which are favorites this season range from the sunset tones to earthy hues and even red, white and blue combinations. These are in casual model with a Western influence.

According to the American Institute of Men's and Boy's Wear, browns will be important in accessories for the next few seasons at least. Ranging from deep browns to light tans, from wheats and clays to deep golds,

these smart accessory shades are increasing in numbers in ties and shirts.

Also expected to be fashion leaders this season are sports jackets with triple stitching on the collar and lapels, and hopsack slacks, which look equally good.

When a man selects a new suit, he should try this test for correct fit: Raise his arms, move the shoulders about or change positions. Even with the jacket buttoned, the garment should show no evidence of tautness, the American Institute of Men's and Boy's Wear emphasizes. A good general rule in figuring the suit size of a boy is to add two to his age. An average 10-year-old, for example, should have a size 12.

A three-button jacket fits best with just the middle button buttoned. On a two-button suit, button the top button if the placement is low, and the

### Young Homemakers Schedule Annual Tea Thursday, May 6

Each year the Young Homemakers choose an outstanding member of FHA as "Little Sister" for personal and scholastic achievement. Finalists for this honor this year are Linda McCollum, Linda Schreck and Sue Hendrix. One of these young ladies will be chosen as 1965 little sister and a tea in her honor will be in the home economics department at the high school Thursday, May 6 at 4:30 p.m.

A panel of Young Homemakers will discuss babysitting and its problems with several classes of Home Economics student May 6.

In connection with the tea the Homemaking girls, under the direction of Mrs. Hotel will present a style show featuring sleep wear and sports wear.

Everything you ever wanted in a pickup... is in the new INTERNATIONAL action-packed line

There's an INTERNATIONAL Pickup for every job—2 styles—3 sizes—over 40 different models. They have all-steel bodies that won't warp, rot or splinter. Tough steel channel frames and rugged axles add extra strength. And the cabs are wide and roomy.

Every engine is built to do a truck job. Choose the economy 4, bigger 6's or V8's—get up to 193 hp. You'll see every feature, every option, everything you ever wanted in a pickup. And you can buy one (or a fleet) for much less than you expected to pay.

### HAY'S IMPLEMENT

INTERNATIONAL PICKUP HEADQUARTERS

### SPORTS AFIELD

By Ted Kesting

If you like hound cry and want to have some easygoing fun, take time out some day and attend a beagle field trial. The handsome little rabbit-chasing beagle is the most popular sporting dog in America, certainly in the number of American Kennel Club registrations. He adapts himself to field competitions admirably, so the sport of beagle field trials has long enjoyed a healthy growth.

There are about 450 beagle clubs in the country, each of which holds one or more field trials each year sanctioned or licensed by the American Kennel Club. The modus operandi of these trials may be confusing to the novice at first, but he will quickly get the hang of it — for any beagle-club member is always eagerly willing to explain the system to the visiting spectator. These trials are very popular in every area of the United States where the hare and the cottontail rabbit are found, and they are held from early fall through the winter and into late spring.

It is a family sport, to be enjoyed by all ages. No elaborate or expensive equipment is necessary. Ordinary outdoor or hunting clothing is all that is needed, though stout waterproof boots or shoes are desirable. Marksmanship does not enter into this picture, and the rabbit is seldom caught by the hounds.

Each dog is assured a chance to show his wares on a rabbit trail. The hounds are not required to hunt and jump their game, as they are kept on leash until the beaters start a rabbit and sound the Tallyho! Then the brace competing is rushed to the spot of the jump, and the hounds are placed on the trail. From then on they are on their own, with the eyes of the judges watching every move.

The beagle, competing in field trials must demonstrate that he possesses an excellent nose and has determination and persistence.

bottom button if tance is high.

In caring for clothes, put plenty of newspapers in with any woolen clothes that are being stored for the summer. Moths hate newspaper. Most cleaners offer an inexpensive service on cleaning and storing winter clothing — and this service will save one from worrying about moth damage.

MR. AND MRS. THOMAS MICHAEL CORNELIUS

### Snyder - Cornelius Wedding Vows Exchanged In Double Ring Ceremony

Miss Loretta Anita Snyder of Fritch, became the bride of Thomas Michael Cornelius, son of Mr. and Mrs. Grover C. Cornelius of Dimmitt, on April 18 in the First Southern Baptist Church of Fritch. The Rev. F. W. Elmore, pastor, was officiant for the double ring service.

The bride is the daughter of Mr. and Mrs. John H. Snyder of Fritch. Mrs. J. C. McClellan, vocalist, accompanied by Mrs. Elvin Smith, pianist, sang "Whither Thou Goest!" and "Because." Mr. W. D. Kay accompanied by Mrs. D. K. Love, organist, sang "Each For The Other."

Miss Martha Snyder was maid of honor, Miss Nina Snyder was bridesmaid, Gorianna Snyder was flower girl, Matthew Fincham was ring-bearer, Susan Wright and Dickie Woods were candle lighters.

Danny Holt was best man, Mike Hamra was groomsman, Calvin Sledge and Johnny Moose were ushers.

The bride was attired in a formal gown of white lustré satin. Lace applique and a fitted cummerbund with bow and streamers enhanced the controlled skirt and train. Her veil was a crown of seed pearls and silk illusion. She carried a cascade arrangement of white roses and gardenias. Her attendants wore matching ensembles of pink cotton satin brocade and carnation nosegays.

Miss Martha Stevens presided at the guest book in the church foyer. Following a reception held in the community hall the couple left for a wedding trip to San Antonio and Houston. The bride wore a suit of pink antique satin, pink chiffon and straw hat, and white accessories for her trip. They are now residing in Dimmitt.

Pre-nuptial courtesies honoring the bride was a shower given by Mesdames, Aubrey Spear, M. D. Minor,

W. D. Kay, Mac Robertson, Bob Law, Jean Straeener, Dora Woods, Gene McFarland, John Baber, and W. A. Scott. Also a shower given by Martha Stevens, Ramona Arouze, Deletia Barker, Sharon Cozart Patsy, Weems, Joyce Burrow and Kay Robertson.

### Jack Flynt Attends Literary Contest

Saturday, April 24, 1965, Jack Flynt attended the regional Literary Meet held in Lubbock, Texas. Jack represented our region after winning the district readings that were held in Olton. Jack did a poetry interpretation of parts of "Death of the Hired Man" by Robert Frost. Jack was in competition with all other schools in the region. Although he did not place in this contest, he worked very hard to be able to go that far.

### TO RECEIVE SURGERY

Mrs. Carolyn Copeland was admitted to a Plainview hospital Tuesday where she will undergo surgery Wednesday.

### DENVER, COLO. VISITORS

Mr. and Mrs. Robert Singer are in Denver, Colo. this week on business.

### HERE FROM PLAINVIEW

Mr. and Mrs. Robert Brooks of Plainview were guests of her sister and family, Mr. and Mrs. Roy Lilley Sunday.

### VISITS FRIENDS

Mr. and Mrs. Edgar Ramey visited their friends, Mr. and Mrs. Mac McCollum at Junction and also visited in Kerrville last week end.

### Schulte-Brockman Wedding Plans For June Announced

Mr. and Mrs. Clarence Schulte of Nazareth announce the engagement and approaching marriage of their daughter, Judy Karen, to Philip Gregory Brockman, son of Mrs. Agnes Brockman of Nazareth.

Miss Schulte is a graduate of Nazareth Public School and Jessie Lee's Hair Design. She is now employed at the Riviera Beauty Salon in Dimmitt.

Mr. Brockman, a graduate of Nazareth Public School, is now attending Texas Tech. He is majoring in Agriculture Economics.

The wedding is planned for June 22.

MISS JUDY KAREN SCHULTE

### VISITING GRANDMOTHER

Neal Kenmore, five-year old son of Mr. and Mrs. Hoyt Kenmore of Tucson, Arizona, is here for a visit with his grandmother, Mrs. Faye Kenmore.

### Dimmitt Garden Club To Install Officers

The Dimmitt Garden Club will meet at the Colonial Inn Monday, May 10, at 12:30 p.m. for luncheon and installation of officers. All members and guests are requested to call Mrs. J. R. Brown for reservations. Hostesses will be Mrs. J. R. Brown, Mrs. Goodwin Miller and Mrs. Iris Touchstone.

# BETHEL NEWS

The Bethel Home Demonstration Club met at the Community Building Wednesday afternoon April 28, with the president, Mrs. Murray Snyder in charge of the business meeting. Plans were made for the bake sale, sponsored by all the Home Demonstration Clubs of the County to be held at Moore's and Ben's grocery stores on May 5th.

Mrs. George Sides had charge of the recreation and directed a number of games. The Big Square Club had been invited as guest club for the meeting, but due to illnesses and other causes, Mrs. Wes Anthony was the only member who was able to come. She brought the program for the afternoon which was a demonstration of making artificial grapes from plastic cooking crystals. Refreshments of hostess crackers with cream cheese, cream puffs, punch and coffee were served by the hostesses for the afternoon. Mrs. George Sides, Mrs. Milton Bagwell and Mrs. Fate Shannon. Other club members present were, Mrs. Murray Snyder, Mrs. G. A. Shwen, Mrs. J. C. Williams, Mrs. Martin Young, Mrs. Jody Young, Mrs. Chas. Wales, Mrs. James Welch, Mrs. Donald Gilreath, Mrs. Houston Lust, Mrs. Walters, Mrs. Jack Howell, Mrs. Vern Lust, Mrs. Monte Boozer, Mrs. Roy Dale Underwood, Mrs. Earl Lust and a visitor, Mrs. Stovall.

The Bethel Home Demonstration Club members were guests of the Mulkey Club on Thursday afternoon, April 29, at the home of Mrs. S. R. Hutto. The Bethel Club provided the speaker for the afternoon's program. She was Jeane Campbell of the Charm School in Dimmitt. She gave a very interesting and informative talk on improving one's personal appearance by means of proper dress, accessories, make-up, posture and attitude. Following the program the visitors made a tour of Mrs. Hutto's lovely and spacious home which was completed a few months ago. Refreshments of sandwiches, nut bars, punch and coffee were served by the hostess club. Those from Bethel attending the meeting were Mrs. Murray Snyder, Mrs. G. A. Shwen, Mrs. J. C. Williams, Mrs. Vern Lust, Mrs. Gail Bruegel, Mrs. Jack Howell, Mrs. Chas. Wales, Mrs. Roy Dale Underwood, Mrs. James Welch, Mrs. George Sides, Mrs. Houston Lust and Mrs. Earl Lust.

The rain which fell on Monday of last week was the first of any importance since early in March. Amounts of one half to one inch were reported over the neighborhood.

Members of the Home Demonstration Clubs of the County and their guests will hold their spring luncheon in the assembly room of the courthouse on May 11th at 12 noon. A program will follow and at this time the name of the outstanding club woman of the year will be revealed. This person is chosen by secret ballot of the members of the clubs.

Mr. and Mrs. James Welch and children spent the week end at Stanton where they attended a district conference of their church. Mr. Welch is district president.

Mrs. Chas. Wales, Mrs. Roy Dale Underwood and Mrs. George Sides were in Plainview one day last week for a training school for teachers in Vacation Bible School. The meeting was held at the First Methodist Church.

The Tommy Norman Circle of the Bethel WMU held their meeting at the First Baptist Church on Friday. The program was from the Royal Service Magazine. Members present were Mrs. A. T. Morgan, Mrs. Jack Howell, Mrs. Martin Young and Mrs. Francis Smith.

Darla Underwood and Rex Lust are members of the Junior High School Band which went to Abernathy for district contest Saturday. Mrs. Houston Lust accompanied the group.

Kevin and Risa Howell, children of Mr. and Mrs. Charles Henry Howell of Friona, spent Friday night and Saturday with their grandparents Mr. and Mrs. Moss Howell while their parents and their sister Darla were attending the Texas Baptist Sunday School Convention at Tyler. Darla had won a free trip to the Convention as an award for having placed first in a hymn playing contest among the Baptist Churches of this area.

Mr. and Mrs. Bryan Sinclair made a business trip to Amarillo Wednesday. They were accompanied by Mrs. W. E. Thompson of Hereford, formerly of Dimmitt.

Mr. and Mrs. Vern Lust were business visitors in Plainview Friday.

Dana and Lelton Howell stayed with their grandparents, Mr. and Mrs. Moss Howell from Tuesday until Friday of last week while their mother, Mrs. Oran Howell of Stratford was with her mother, Mrs. Ellis, who was ill.

### Financial And Real Estate Work Is Discussed As Future

Positions in banks ordinarily offer pleasant surroundings and agreeable duties. Usually bank employees continue with courses that will be useful to them, such as accounting, book-keeping, economics, and law. Anyone considering a career in banking should have an initial interest in these subjects.

The term brokerage is nowadays applied primarily to the buying and selling of securities and certain commodities for others. The broker must be qualified to offer expert advice to his clients. A strong interest in economics, with emphasis on investments and finance, is essential to anyone contemplating brokerage as a career. The successful broker possesses a keen insight into business condition and is able to interpret them in order to determine future trends.

The accountant is the person who installs and devises bookkeeping systems. He is an interpreter of the financial records and can determine whether an enterprise is operating profitably by a frequent examination of its books. Also he usually prepares the company's tax returns. About 20,000 accountants have received state certificates entitling them to be known as Certified Public Accountant (C. P. A.). Requirements for this license include the completion of a four-year college course plus some years of accounting experience. You need not be a C. P. A. to perform accounting services for clients, but the certificate is a great asset.

Insurance as a vocation appeals to those who have selling ability and an interest in statistics, since the technical side is mathematical. The prospective insurance man should decide at the very first whether he wants to sell insurance or to work as an actuary, a statistician who calculates the probable risks and rates.

A real estate agent must have the ability to foresee probable trends and developments in property values, and also a sufficient knowledge of finance, law, and insurance to handle the necessary legal documents and provide for each part of every property sale. In addition, those who sell or rent real estate must be able to recognize readily the preferences of their clients and must have the other qualifications of a good salesman.

Any one of these professions would prove to be a profitable one.

# ...ATTEND CHURCH

...and God bless Mother

This little one is aware of his mother's tender care, and responds with love. It would be wonderful if all of us showed our love for our Mothers all of the time. Even if we have been a little neglectful, we have an opportunity to go all out this Sunday, and express to her our love and appreciation for her goodness to us. The Bible tells us to "Honour thy Father and thy Mother."

On this special Mother's Day attend church and share in celebrating this time with others.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Proved HIGH YIELDERS in Official 1964 Texas A. & M. Sorghum Tests

## PIONEER BRAND HYBRIDS

**PIONEER BRAND HYBRID 820**  
Highest yielder in 4 of the 7 tests entered, 2nd in yield at one other test location  
820 averaged 692# more grain per acre than the average yield of all entries tested at these 7 locations

**PIONEER BRAND HYBRID 846**  
Entered at all 10 locations—ranked 1st or 2nd in yield at half of all test sites  
846 averaged 362# more grain per acre than the average yield of all entries tested

See us for more details, and for Pioneer brand hybrids—proven high yielders in official 1964 Texas tests.

### Walter Rogers' WASHINGTON NEWSLETTER

**GOLDFISH, FLAG POLES, AND SIT-INS**

I remember quite well when I was at the University, the marathon dance fad swept the Country. A poor bedraggled couple would dance, or perhaps "stand and shake" would be a better term for it, until they dropped from utter exhaustion. The two who avoided total exhaustion longest would win the prize. The fad caught on to the extent that there were some pretty sizable money prizes being offered to the nuts who had little enough sense to strain their mental and physical facilities in such a manner. It was the prize money that

probably appealed to most of the college students who participated, and there were a great many. Food and lodging were hard to come by in those days, and I suppose some of the folks thought that since they had no place to go and nothing to eat, they might as well dance and maybe win a prize.

A few years later it became the popular fad to eat goldfish, without benefit of the frying pan, that is. Just simply reach into the fish bowl, grab one by the tail, and swallow him whole. This practice did not last too long, probably due to the lack of participants who were willing to pay any price for a little publicity, or a shortage of goldfish that increased the price to the extent that only the well-to-do could enjoy the game. I have always suspected that it was the desire of the individual to be noticed that prompted most of these crazy ideas.

Then, along came the flag pole sitting era. Some screwball with nothing more to do would pack a light

lunch, tuck a pillow under his arm, skin the nearest flag pole and perch on top of it until inclement weather or total exhaustion drove him down. I don't know who finally won the title, or who presently holds it, but I do think that the prize should have been a minimum of two years in some mental institution.

After the flag pole era came the practice of seeing how many young people could get into a telephone booth. I don't know how many finally succeeded, but I was of the firm opinion when this was going on that the best solution to that problem would be to lock the telephone booth after they were all in and disconnect the telephone.

Then came a period when Russian roulette was popular. This was discontinued, I understand, because too many were losing the game and the ranks of the "kooks" (formerly known as nuts, screwballs, and crackpots) were being thinned alarmingly. It is also pointed out that those who lost the game and received the publicity which they were seeking were unable to enjoy it.

We are now going through another similar era in which these same type eccentrics are engaging in marches, demonstrations, and sit-ins. They daily parade in front of the White House or any place that they think they can receive attention. They pose as representing all shades of the political spectrum, the economic spectrum, and the spiritual spectrum. They invade the halls of the Nation's Capitol and other public buildings, and engage in what they call civil disobedience. In a great many instances, this so-called civil disobedience is nothing less than a violation of criminal statutes and ordinances for which the participants should be held responsible. Their actions and deeds encroach upon and invade the rights of honest, law-abiding citizens who are the basic strength of this Nation. The laws of this Nation and all of its States provide for proper hearing and redress of the grievances of any individual citizen or any group. It was never intended by the founders of this Country or those who firmly believe in its Constitution that the practices being employed at the present time should be tolerated.

A great number of these people are doing nothing more or less than seeking publicity. They look forward to the appearance of their names in newspapers and periodicals, or their faces on television. Their right to do this would not be challenged by anyone so long as they do not vio-

### AMMO NOTES

by  
**Wm. F. (Bill) Bennett,**  
Agronomist,  
Western Ammonia Corporation

#### SOURCES OF SULPHUR

Previous Ammo - Notes columns have dealt with the role of sulphur in plant nutrition and reactions of sulphur in the soil. I would like to discuss in this column the various sources of sulphur which are available to be used.

Active sulphate sources commonly used are ammonium sulphate, ammonium thiosulphate and sulfuric acid. Some ammonium phosphates, such

as liquid 11-20-0-11s and dry 16-20-0 also contain active sulphate form. The superphosphate 0-20-0 contains sulphate in the form of calcium sulphate. Elemental sulphur is available as prilled or flaked sulphur.

Ammonium thiosulphate is one of the newest sources of sulphur on the High Plains. This material is in the liquid form and contains 12 percent nitrogen and 26 percent sulphur. After application, approximately 50 percent of the sulphur is in the sulphate form and approximately 50 percent is in the elemental sulphur form. The elemental sulphur is in a finely divided colloidal state, hence, it will probably oxidize within the season. It is in the liquid form and is being used in the area to mix with liquid ammonium phosphate fertilizers.

Another sulphate source is ammonium sulphate. This is a dry fertilizer and is commonly used as a top-dressing for wheat. Sulphur in this material is an active sulphate form. It contains 21 percent nitrogen and 23 percent sulphur.

Another sulphur source is sulphuric acid. This sulphur is in the sulphate form. Since it is an acid, it is in a highly reactive state and will react readily in the soil.

The calcium phosphate, 0-20-0, is another sulphate source. This source, however, would be used only as a plant nutrient and would not be effective in the reduction of the alkalinity of the soil. The sulphate present in 0-20-0 is present as a calcium sulphate which means that it has already reacted with the calcium form and consequently would have little or no effect on the alkalinity of the soil.

Elemental sulphur is a source of sulphur readily available in the High Plains. The big advantage of elemental sulphur is that it is the cheapest form of sulphur that can be used. It is usually sold as either prilled sulphur or flaked sulphur. The prilled sulphur has been designed primarily for broadcast application and mixing with fertilizer blends. Elemental sulphur is slow to oxidize. The sulphur oxidation process was described in a previous column. If an individual is interested in neutralizing or decreasing the alkalinity in the entire soil mass, the best and cheapest route in the long run would be to apply elemental sulphur. This, however, is a long term, 2 to 5 year program.

In last week's AMMO NOTES column, it was stated that two pounds actual nitrogen should be applied per one square foot every four to six weeks. The rates of nitrogen fertilizer materials to be used were also listed per one square foot. These rates should have read as follows: 'A good rule of thumb would be to apply two pounds actual nitrogen per 1,000 square feet every four to six weeks. This can be applied by using 10 pounds ammonium sulphate, 6 pounds ammonium nitrate or 4 pounds urea per 1,000 square feet.'

The Texas legislature, in 1951, made it a felony for a person to deliberately set fire to grass or forest land owned by another. They also passed a law making it a misdemeanor to negligently set, or cause to be set on fire, the lands of another, the Texas Forest Service reports.

### Wise Shopping Can Save On Meat Costs

Prices advanced slightly on some meats this week, but shoppers will be able to find some good values, nevertheless.

Among some of the better offerings in the meat department, according to Mrs. Gwen Clyatt, A & M Extension consumer marketing specialist, are beef chuck roasts, round and sirloin steaks, short ribs, ground beef and beef brisket. Ham portions and slices of bacon are being featured in a number of stores.

Poultry is still a popular buy, and fryers are retailing at attractive prices. Chicken hens also are moderately priced.

Eggs are low in price, with the large size eggs offering the best value. Select AA or A grade from re-Clyatt says.

frigerated cases for best quality, suggests Mrs. Clyatt.

Reports on fresh vegetable indicate that the quality is improving. Sweet corn is coming to market, the quality is good and prices are reasonable. Cabbage is still priced relatively high. Carrots, mustard greens, squash, celery and dry onions are among the best vegetable choices.

Quality and quantity of fresh strawberries continue variable. Bananas, pears, oranges, grapefruit and pineapple are available at moderate prices.

Supplies of watermelons and cantaloupes have increased and prices have dropped slightly.

Additionally, each store has planned other "specials," and wise shoppers will consider these when making up their marketing lists, Mrs. Clyatt says.

### Put more grain across the scales with PIONEER sorghum

Pioneer grain sorghum give you big yields plus smooth combining—a combination that adds up to more grain across the scales next fall. Uniform head height, strong standability and good head exertion mean your combine takes in less plant material. You hold harvesting losses to a minimum. Hundreds of High Plains farmers have the scale tickets to prove Pioneer brand sorghum's superiority. They planted and compared, on both dryland and irrigated ground. And they found the superiority of Pioneer sorghum's short, stiff stalks and high, harvestable yields. So take a tip from the many farmers who have already planted Pioneer sorghum. Remember, you're on safe ground with Pioneer brand grain sorghum.

### Economist Explains Wheat Situation

The total supply of wheat in the U.S. for the 1964-65, July 1, 1964 to June 30, 1965, marketing year is now estimated at 2,195 million bushels, the smallest since the 1957-58 season, says John G. McHaney, Extension economist, Texas A & M University. Total disappearance of wheat - food seed industrial feed and exports - in 1964-65 is estimated at 1,290 million

bushels or the same as the 1964 production but 150,000 bushels less than the 1963-64 disappearance. McHaney said this could mean a carryover on June 30 1965 about equal to the 901 million bushels of a year ago or it could go as high as 905 million bushels.

In discussing the export picture, McHaney said estimates place the 1964-65 exports at 675 million bushels, a drop of 185 million bushels from 1963-64. Because of the recent dock strike, the economist says there is a possibility that the estimated export

**IT'S TIME TO SHINE...** With opening day for the 1965 season at Six Flags Over Texas set for April 16, less than two weeks away, park hosts Margie Robinson, Nancy Smith and Cleveland Smith, seen from left to right, concentrate their energies on shining up the sign over the front gate. More than 1.5 million people from all over the United States are expected to visit the popular tourist attraction, located midway between Dallas and Fort Worth, this season.

#### SIX FLAGS SETS SEASON OPENER FOR APRIL 16

Six Flags Over Texas will commence its 1965 season at 10 a.m., Friday, April 16, according to Angus G. Wynne, Jr., president of Great Southwest Corporation, owner/operators of the popular tourist attraction. For the opening weekend, April 16, 17 and 18, the gates will be open from 10 a.m. to 10 p.m.

A crew of about 150 specialists ranging from landscape gardeners to builders and lighting engineers, have been busily engaged over the winter and early spring months in completing a \$600,000 expansion program before April 16.

The Six Flags personnel department which has the awesome job of interviewing thousands of applicants of college age each season for positions as hosts and hostesses, has settled on approximately 1,200 to begin the season. Another 400-500 personnel will be added when Six Flags commences daily operations May 29. The bulk of the expenditures for this year is centered on expanding the Park's historical value and landscaping.

Other attractions have been added including a new ride named "El Sombrero" for the Mexican Section. An Aviary located in the Animal Kingdom, will be the new home of nearly 100 exotic birds recently imported from all over the world. A true replica of one of America's most revered shrines, the Liberty Bell, has been obtained by Six Flags. Whitechapel

Bell Foundries, Ltd. in England who made the original bell in 1752, cast an exact replica from the same moulding pit in 1960. The bell, made of pure copper and tin, is 47 inches in diameter and weighs 2016 pounds. A rare and interesting collection of branding irons from many legendary ranches in Texas and the Southwest, will be displayed in the Texas Section.

For young cowpokes and budding deputy sheriffs an indoor firing range containing J. Bean's "Shootin' Irons" has been built just across the porch from the venerable Judge's Jersey Lilly Courthouse.

Hanging baskets containing flowers or various planting are fairly commonplace. But when each basket weighs 100 pounds and is suspended from decorative, 10-foot poles, then that's another story. Six Flags will have 60 of these enormous hanging baskets planted in ivy leaf geraniums around the Mall area inside the main gate. In all, \$200,000 has been expended on landscaping with flowers and shrubs planted so as to be color coordinated and in harmony with the diverse building schemes.

The fascinating lighting display at Six Flags after dark which has always been a conversation piece, should have added visual dramatic effects, thanks to the efforts of the Park's lighting engineers.

Beginning April 23 and until May 23, Six Flags will be open only on Fridays from 6-11 p.m. and Saturdays and Sundays from 10 a.m. to 10 p.m.

### Spray Propazine to control weeds and grasses in sorghum.

One spray of Propazine® 80W herbicide controls most annual broadleaf weeds and grasses in sorghum for the entire season. This can reduce or even eliminate the need for cultivating because Propazine takes care of problem weeds for you. Propazine is particularly effective on carelessly weed (pigweed) and annual morning glory.

Sprayed before weeds and sorghum are up and activated by moisture, Propazine gives your crop an entire season without weed competition for moisture and soil nutrients. The result? Higher yields and more profit for you.

Contact your local supplier now for Propazine.

Geigy Agricultural Chemicals, Division of Geigy Chemical Corporation, Ardsley, New York.

**Geigy Propazine**  
CREATORS OF CHEMICALS FOR MODERN AGRICULTURE

total may not be reached. And too, he adds, good crops in many exporting as well as in importing countries sharply restricted U. S. commercial exports from July 1964 to January 1965. Shipments under government financed programs comprised about 82 percent of the total wheat exports during that period, compared with 70 percent for the long time average, he said.

Maintenance of a high level of wheat prices, resulting primarily from the U. S. and Canada withholding their surpluses from the market, has encouraged increased wheat production in many countries, explains McHaney. He noted the U. S. sharply increased its export payments for both wheat and flour on January 25, 1965. This had the effect of lowering U. S. export prices and making U. S. wheat more competitive in world markets.

The nation's 1965 winter wheat

### Senator YARBOROUGH'S REPORT

Dear Fellow Texans: The scenic Guadalupe Mountains of Texas are a needed addition to our national park system. In his recent message on national parks, President Lyndon B. Johnson recommended that this region be included in our national park system. I sponsored a bill to accomplish this in the last Congress and am author this year of S. 235, to create the Guadalupe Mountains National Park. The National Park Service approves of this addition to our Park system.

The beautiful wooded mountains, rising from the hot West Texas plains, are a unique biological and geographical area worthy of preservation and development as a national park.

Located thirty-five miles southwest of the Carlsbad Caverns in New Mexico, the mountains would provide a convenient attraction to tourists seeking relief from the desert area around Carlsbad. This mountain range includes the sheer-faced mountain peak of El Capitan, rising 8200 feet into the air, and a famous landmark for travelers since the days of Coronado.

North of this mountain is Guadalupe Peak, the highest point in Texas, rising 8,751 feet. Although from the road only the rim of the beautiful region is seen, Guadalupe Mountains hide many secrets. Beyond the seemingly barren range are beautiful pine-covered rolling highlands, severed by deep canyons. One of the most beautiful of these is McKittrick Canyon, with an area of 6,000 acres.

Throughout the entire area there are many springs, running water, elk, deer, and other wildlife. The tall timber includes the famous ponderosa pines on the high peaks.

As Senate sponsor of the Guadalupe Mountains National Park bill,

crop on April 1 was estimated at 1.037 million bushels, one percent more than last year's crop. The estimated yield per seeded acre of 23 bushels compares with 23.7 for last year and a 1959-63 average of 22.8 bushels. Texas production, based on April 1 prospects was estimated at 68.6 million bushels, up 3 percent from last year.

### Texas Station Aids In New Forage Sorghum Test

A new sweet sorghum variety named Rio is making its debut this spring as a potential supplementary crop for southern states.

Fred Miller, research associate in the sorghum section of Texas A & M University's Soil and Crop Sciences Department, says the variety is disease-resistant, high yielding and is high in sugar content. Rio was developed by the U. S. Department of Agriculture's Agricultural Research Service and the Mississippi and Texas Agricultural Experiment Stations.

Miller said seed for growers is available from the Foundation Seed Section, Soil and Crop Sciences Department, Texas Agricultural Experiment Station, College Station, Texas.

He said the high sucrose, or sugar, content means that Rio could become a sugar crop in some areas, such as the Rio Grande Valley. The variety also looks good as a high yielding silage crop.

The new sweet sorghum is a selection from a cross between Rex and another research line. Tests have been conducted in Texas, Mississippi and other southern states.

Rio, Miller emphasized, is highly resistant to leaf anthracnose and rust, two major ailments of sweet sorghum. It also has shown good resistance to damage from cotton insecticides currently used in the South.

He said Rio is equal or superior to Tracy, Brawley and Rex in stalk production per acre. But under ideal growing conditions, it reaches 1 to 2 feet taller than Tracy and can be subject to lodging. The variety matures in 105 to 130 days and yields about as much seed per acre as Tracy.

At Texas A & M, Rio is being further researched by using it as a male parent on grain sorghum female steriles to produce high yielding forage hybrids with a better sugar content, Miller added.

Trees can be grown as a crop and harvested in such a way that the stand is kept productive, assuring a steady supply of forest products, the Texas Forest Service reports.

Approximately 40 percent of all wild forest fires in the pine-hardwood area of Texas occurs during the months of February and March, the Texas Forest Service reports.

The Texas Forest Service was created on March 31, 1915, when Governor James E. Ferguson signed the bill making it part of the now Texas A & M University System.

### Young America Bakes— Minute-Saver Casserole Bread

Minute-Saver Casserole Bread is just one of the many batter-type yeast breads designed to meet the tempo of the times.

#### Yeast Breads Are Quick Breads, Too

There just aren't enough hours in the day, most homemakers find. Responsibilities outside the home make such great demands on time and energy that today's young cook must plan meals that require a minimum of time and effort. But the sophisticated palates of

modern Americans will not sacrifice quality for speed or ease of preparation. Dependable, quick-acting yeasts are among the many products especially designed to meet the tempo of the times; the new batter-type yeast doughs do away with kneading.

Not too long ago, homemakers kneaded enough dough for several day's bread, let it rise overnight, and spent the better part of a day baking. Now, simple yeast-raised batter breads can be mixed in minutes, and rise in less than an hour. And yeast breads are better than ever!

This Minute Saver Casserole Bread includes yet another shortcut: dry milk solids are added right with the flour, eliminating the steps of scalding and cooling regular milk. Four intriguing variations are suggested.

#### MINUTE-SAVER CASSEROLE BREAD

- (Makes 1 round loaf)
- 2 cups warm water (105°-115°F.)
- 2 packages or cakes Fleischmann's Yeast, active dry or compressed
- 3 tablespoons sugar
- 2 1/2 teaspoons salt
- 2 tablespoons Fleischmann's Margarine, softened
- 1/2 cup nonfat dry milk solids
- 4 1/2 cups unsifted flour

Measure warm water into large warm bowl. Sprinkle or crumble in Fleischmann's Yeast. Stir until dissolved. Stir in sugar, salt, Fleischmann's Margarine, dry milk solids and half the flour. Beat until smooth. Stir in remaining flour to make a stiff batter. Cover; let rise in warm place, free from draft, until more than doubled in bulk, about 40 minutes.

Stir batter down. Beat vigorously about 1/2 minute. Turn into greased 1 1/2-quart casserole. Bake in moderate oven (375°F.) about 45 minutes, or until done. *Variations:* With second addition of flour, add 1 teaspoon celery seed; or 1/2 cup grated sharp Cheddar cheese; or 2 teaspoons caraway seeds; or 3/4 cup seedless raisins.

# DO YOU WANT THE WHOLE TRUTH?

## TO TAXPAYERS:

Are you aware that the Governor's proposal for teacher salaries would require a substantial increase in the local ad valorem taxes on your home, business and personal property by charging the cost of textbooks and teacher retirement matching funds against your school district? Read the letter below for fuller information.

There are so many omissions of fact, erroneous conceptions, and apparent misunderstandings of the Governor's program, compared to the TSTA-endorsed salary plan, that we are taking this means of providing you some information which you apparently have not considered. These are facts which affect all citizens, not just teachers.

First, let us point out that the TSTA request for a teacher salary increase was begun almost two years ago. The Governor and all legislators received written information about it and knew exactly what it did. It does just two things. Provides a \$45 per month increase in the minimum salary schedule, and continues the provision that the state pay 80 per cent of this cost and the local district 20 per cent under the Minimum Foundation Program.

The public knew nothing about the Governor's program until January 27, 1965, when he delivered his message to the Legislature. Therefore, teachers have neither created nor sought any fight with the Governor or any one else. Indeed, there are no personalities involved at all, but merely a difference of opinion. We identify the anti-TSTA plan as the "Governor's program" because he first publicly espoused it and the press has so labeled it.

There are 4 extremely important points in the Governor's proposal:

1. Local districts will, for the first time, have to pay 29 per cent of the cost of the textbooks and teacher retirement matching funds, which the state has always paid.

2. Placing these two new items in the Minimum Foundation School Program will mean that, although on the surface the 80-20 state-local financing ratio is continued, the net effect is to require local district to pay 70 per cent and the state only 30 percent of the Governor's new program. This means \$28 million would be paid by local schools and only 12 million by the state during the next biennium. This is for an average increase of \$184 per teacher the first year in straight salary.

3. This will not only place an extremely heavy burden on already overloaded ad valorem taxes in local school districts, without a new source of revenue, but will also curtail local "enrichment" efforts which most schools make.

4. The \$50 per teacher per year in "selective salary increase" funds offered by the state would not go to every teacher, that each local district would have to match it 50-50, and that schools now unable to raise salaries above the minimum very likely could not participate at all, thus compounding the present inequity in comparing the TSTA and the Governor's programs.

There has been some uninformed comment to the effect that "School people don't seem to understand that the state is going to abandon the state ad valorem tax so they can levy this tax locally to pay for Governor's program." But it doesn't work that way.

"45 for '65" or TEACHERS' PROPOSAL  
(Senate Bill No. 4—House Bill No. 5)

GOVERNOR'S PROPOSAL

For 1965-66

Total Cost .....	\$42 Million	Total Cost .....	approximately \$19.1 Million
LOCAL DISTRICT SHARE .....	\$8.4 MILLION (20%)	LOCAL DISTRICT SHARE .....	\$13.8 MILLION (72%)
STATE SHARE .....	\$33.6 MILLION (80%)	STATE SHARE .....	\$5.3 MILLION (28%)

FOR 1965-66 AND 1966-67

Total Cost .....	\$85 million for teacher salary increase	Total Cost .....	\$40 Million for teachers salary increase
State Share .....	68 million	State share .....	\$12 million
Local Share .....	\$17 million	Local share .....	\$28 million

STATE	LOCAL	STATE	LOCAL
80%	20%	30%	70%

Local districts are required for the FIRST time to pay 20% of the cost of TEXTBOOKS and 20% the cost of TEACHER RETIREMENT

In the first place, if the Legislature approves this tax abandonment it is not planned to be effective until 1971. Salaries have to be paid now.

Second, schools already are receiving most of this state aid volorem tax through the Available School Fund.

Third, if the state levy is abandoned, it would not automatically revert to the coffers of the local school districts. It would be up for grabs by every municipal district such as cities, water districts, hospital districts, schools, and all the others. And local people would have to vote for the tax.

Either way, under the Governor's proposal there will be heavy additional ad valorem taxation on the businesses, on teachers, newsmen, and everybody else who owns property. This is part of the Governor's clearly declared intent to push more costs back to the local level, where there is only the old ad valorem tax to fall back on. There may be some local tax increase needed if the TSTA program passes, but if so it would be relatively minor. The state has many more sources of tax revenue than local schools.

We've heard a lot of talk lately about "excellence in education." Unless we're willing to pay for it, we ought to quit talking about it. Perhaps we can't expect such excellence when in Texas we don't even pay teachers an "average" salary. Texas teachers now are \$800 below the national average.

If we buy the governor's program the beginning teacher will get a \$486 raise spread over ten years, an average of \$48.50 a year. In ten years Texas would be so far behind that we wouldn't have any new teachers wanting to teach here and trying to survive to become a career teacher. The most any career teacher would get is \$1,296 spread over ten years.

In the last two decades the maximum salaries for teachers (for the experienced, career teacher) have been raised \$3,000 and \$2,000, respectively. During the same two periods the beginning teacher salary was increased only \$1,500 and \$1,600, respectively. This illustrates that the career teachers most assuredly have received special attention and will continue to receive it. All these raises were backed by TSTA and would not have been obtained without such organized effort.

The TSTA "\$45 for '65" plan, is not a ten-year plan, as is the Governor's. The TSTA-endorsed program is effective immediately, and any attempt to compare it per se with the Governor's program in total money over a ten-year period is patently incorrect and "grossly unfair." Teachers certainly would not ask for additional increases during the next ten years, in keeping with an expanding economy.

Keep in mind that local districts pay far more than 20 per cent of the cost of operating our schools. Under state law, local districts pay all of these costs:

- All of the cost of school buildings and equipment.
- All of the salaries paid above the minimum schedule.
- The total salaries paid to teachers employed in excess of the allotment under the Minimum Foundation Program.

Basically, then, there are two questions involved:  
1. Is the salary offered by the Governor's program sufficient to attract and hold the qualified teachers Texas needs now and in the future? It is not, and spokesmen elected by the teachers have said so plainly. They have time and time again endorsed the TSTA plan, and did so as recently as February 5, after the Governor laid out his plan.

2. Should local districts be forced to pay a much larger share of the school costs, as the Governor's program demands, when such revenue can come from only more ad valorem taxes on property? You can answer this question.

## HOW DO THESE PROPOSALS AFFECT YOU?

### LOCAL FUND ASSIGNMENT

"\$45 - 65" Senate Bill 4 & House Bill 5

\$405 raise x 88 teacher units equal \$35,640 (total cost of raise)  
7 per cent increase L.F.A. x \$116,900 (present L.F.A.) equals  
\$8,400.00 (increase L.F.A.)

Increase of State Funds to Dimmitt equals \$27,240.

"Governor's Bill" Senate Bill 124 & House Bill 446  
\$184 raise x 88 teacher units equal \$16,192 (total cost of raise)  
12 per cent increase L.F.A. x \$116,900 (present L.F.A.) equals  
\$14,028.00 (increase L.F.A.)

Increase of State Funds to Dimmitt equals \$2,164.  
"Governor's Plan" will increase Dimmitt's Local Fund Assignment  
\$5,628 more than the "\$45 for 65" Plan.

Dimmitt will receive an increase of State Funds under "\$45 for 65" plan in amount of \$19,448, and get a \$405 raise on all teachers. Under the "Governor's Plan" Dimmitt would receive an increase of State Funds in the amount of \$2,164 and teachers would get an average raise of \$184.

This is a difference of \$19,448 in State Funds for Dimmitt School District.
