showers earlier this week, the area of the State encompassed by mod-erate drought conditions as defined by criteria used by the National Weather Service continues to expand.

Texas Department of Water Resources meteorologists reported at mid-week that more than half of the State is experiencing modate drought, with a part of the Trans-Pecos region now categorized as having severe drought conditions.

The scattered rainfall in the Dal-Valley, central East Texas, the eastern part of the Edwards Plateau, and along the Texas coast did not amount to enough to provide any significant runoff into any of the major reservoirs in the State.

## **Floyd County** Farm Report'

Bollworms have made their ap-pearance earlier than usual this 200-300 - 93-100300-400 - 82.50-90year and according to area entomologists, they may be as bad as they were in 1978. One reason cited for the high infestation is the dry weather. The worms are moving to the irrigated cotton to have some-thing to eat. Farmers are having once again to look at the economic feasibility of spraying for boll-worms. The rate of kill from any chemical can sometimes be ques-tionable but many who did not spray two years ago, remember the damage done to their crops. Caution is advised when making the decision and expert help is recommend-

### Don't Blame Your Age For Poor Hearing

Chicago, Ill.-A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike . . and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 00000, Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

Take the group coverage! It's one of the best buys around. Group health insurance is cheap and does not require a medical exam. This is particularly important to those who are worried that their medical history might keep t from being accepted for coverage. Coverage comes automatically when you join the group and have met certain time-limit or employment standards. Under this group you may be able to take on more insurance under the same plan at a reduced rate. Even if a separate fee is charged you, it's still the cheapest insurance for the coverage around
