Bollworm egg laying activity has increased sharply in Crosby and Floyd Counties over the past several days. The highest activity has been noted in portions of western Floyd County. Up to 90 white eggs per 100 plants were being detected Monday in that area. Of those fields moni- tored, average egg counts per 100 plants was 35. A slower, but definate, increase is being noted in scouted fields in Crosby County. Private consultant and pest man- agement program scouts have de- tected up to 24 eggs per 100 plants with most fields averaging about 100 at this time. The cooler temperatures and overcast days coupled with light to moderate beneficial populations in most fields will result in increased worm survival. While fields are being found each day that require treatment due to previous egg lays we can expect more widespread problems shortly. Continue making whole plant observations at several field loca- tions to monitor insect activity. Eggs are being found lower on the plant in many cases. Bollworm infestations have varied greatly from one field to the next. Deter- mine the need for control measures	ake sound insect control Several factors influence of a boll. These include, hers, market value of lint, f bolls to make a pound of cent turnout and yield Early in the season, yield is high and we can afford nore fruit to weather and han we can later in the hen days are cooler and a ost is just around the his same cool weather will ease the number of bolls o make a pound of lint. g a 22% turnout, this ould range anywhere from 0 to 650. ssume cotton is going for a pound and 450 bolls are a pound of lint, then 900 worth 1 dollar. This works at if roughly 1 boll per 13 1/1000 of an acre) or 1 boll so plants is lost to insect 1 dollar per acre was also y lost. White eggs that are found singly laid on the lower surface of the leaves are likely to be those of the Cabbage Looper. Looper eggs can be seperated from those of the bollworm by their flatter appear- ance on the top and are much more finely ribbed. After any initial treatment with harsh insecticides at the 10 per cent infested plant level the treatment level should be reduced to 5 per cent of the plants with treatable sized worms. This is due to the reduction of beneficials and the	n you probably guessed. son in economics also ates that scouting (even at e) is one of the cheapest rtest crop management this a cotton producer can doesn't take very many to about 3000 per acre) to ve your field checked. eccause a producer can ne money on the surface pay the aerial applicator necessarily mean that an on is economical. The double-ring ceremony was performed by Dr. Floyd C. Bradley, pastor.

The bride is the daughter of Mrs. Ted Bell of Floydada and the groom is the son of Mr. and Mrs. Marvin Hart of Stinnett. Guests were registered by Dena Hart, sister of the ribbons. groom.

Tall palms of graduated sizes in brass containers formed the background. They were centered with an arched brass candelabra decorated in yellow gladiolas and white killian daisies and accents of ice blue satin ribbon. Hurricane type candelabra marked the entrance to the wedding scene. The bridal aisle was decorated in brass hurricane candelabra holding garlands of

silk lily-of-the-valley. Given in marriage by her brother, Rex Bell, the bride wore a formal length gown of candlelight organza fashioned with a Queen Anne neckline edged in venise lace. The empire bodice had lace motifs and full bishop sleeves. The A-line skirt had scattered lace appliques and flowed into a chapel length lace edged train. The fingertip headpiece was a juliet cap of matching lace holding two tiers of lace edged illusuion. The bride's jewelry was a heart-shaped necklace, which was a gift from the groom. The bride carried a cascade type bouquet of white sweetheart rose buds and showers of stephanotis and gypsophelia with candle-light satin ribbon show-

For the traditional something old, the bride wore the wedding band which was worn by both her maternal great-grand-mother and her mother. Something new was her wedding dress. Some-thing borrowed was a linen handkerchief belonging to her maternal grandmother, Mrs. Sim Reeves of Memphis. The wedding garter was blue. The bride wore pennies in shoe bearing the birthdates of the couple. Rosemary Hardin of Floydada was maid of honor, and serving as

with a scoop neckline. The blouson bodice had split sleeves and tiny bows at the shoulders. The attendants carried old-fashioned colonial

Pat Walker's presents: the Splendor of being Slender

Margaret Jones says, "The **Inches Really Make a** Difference", ... After She Trimmed off 35 Pounds and 471/2 Inches in a few short months at Pat Walker's.

#### Margaret Jones, Floydada, Texas states:

"Having been overweight all my life, I find it hard to believe that I actually "feel skinny". Many times I have gone on diets, but these usually come out with me gaining back all the pounds lost, plus some extra. The reason Pat Walker's is such a success is that a new way of eating is formed. Northing is forbidden; only the time of day or in certain combinations with other foods. In nine months I have trimmed off 35 pounds and 471/2 inches. The inches really make a difference. This is something other programs don't do. The passive exercise is so relaxing and the inches just seem to melt away and in the right places. Thanks to Pat Walker's program. my eating habits

Also High School.

HOW TO AVOID HOT WEATHER PROBLEMS If you become overexposed to the sun or overexert during extreme heat and humidity this summer, you may get heat cramps, heat exhaustion, or possibly even the rare but serious heatstroke.

Avoiding these hotweather complications is more than simply a matter of staying in cool or air-conditioned areas and walking on the shady side of the street-as important as those precautions are. coupled with high tem-You'll also need to pay attention to medically peratures, is particularly sound preventive steps. dangerous.

1. Wear loose-fitting, light-colored clothing that reflects the sun's rays and allows for better sweat evaporation, and wear a wide-brimmed hat for added protection. 2. Avoid sudden chan-

ges of temperature, such as dashing from an air-conditioned building to a hot sidewalk or car. Before getting into a car that's been parked in the sun, open it up for a few minutes.

3. Stick to cool drinks and food and salt your food liberally. Salt tablets are seldom necessary if you have a well-balanced diet. If you feel the need for salt tablets, check first with your doctor. (see #12) 4. Don't over-eat. Don't over-indulge in alcoholic drinks. Your body system needs extra water in hot weather, whether or not your thirst sensation increases. Drink water often, even when you don't feel the urge.

you're hot and active will bring on stomach cramps, but it is not true; you need to keep up your water intake to replace what you're losing in sweat-so drink when you're thirsty. 9. Also take extra precautions whenever the humidity is high during a heat wave. When the relative humidity gets above 60 percent, the air won't absorb as much as sweat as your body needs to get rid of, and by 75 percent relative humidity, it won't absorb any. This,

> 10. If the weather is hot and dry, you may not feel sweaty, but in high tem-peratures you indeed are sweating; the dry air is evaporating the sweat so effectively that you don't get damp skin or soaked clothes. Drink plenty of water, don't be lulled by the false idea that you're not losing any. 11. Take extra care when the official tempera-

ture is higher than 85 degrees F. If the official temperature is, say 95 degrees F, if may be well over 105 degrees F on a tennis court or in your backyard garden, even in the shade. Official readings are often taken from towers or high buildings. 12. If you are on a low-salt or salt-free diet, or if you have a chronic disease (heart disease, hypertension, diabetes, or lung disease, for example) high heat and humidity put an especially

## **Thorntons Return For From Nova**

#### **Scotia And East Coast Tour**

**By Dottie Stansell** Kathleen and Owen Thornton and Roy and Oleta Thornton, of Clovis, New Mexico, returned July 21, from a twenty three day bus tour of 22 states and two Providences in Canada. This is their second tour to make get tickets to see "Annie" with Roy and Oleta. Last or "Oklahoma," but they year they toured the Paciwere not available. When we left New York fic Northwest and the

City, we drove down to Philadelphia and visited Canadian Rockies. "We left Amarillo June the Liberty Bell, Indepen-29 by Continental Traildence Hall, and the home ways bus and went to Springfield, Missouri and of Betsy Ross, then drove spent our first night there on into Washington, D.C. and continued on to Inthat night. We spent two dianapolis, Indiana, for nights there and toured the city and visited the the second night. We spent our third night in Capitol Building, the Pittsburgh, Pennsylvania White House, Arlington and stayed across the National Cemetery, and river from Three Rivers went to Mt. Vernon to see Stadium. The next day we the Washington. While we were in Washington, D.C. went to Lancaster, Pennsylvania and toured thru the Amish and Pennsylwe rode the Metro sysvania Dutch farms. We tem, which is underhad dinner that night on ground and circles the whole city. It has the

an Amish farm. July 4, we stopped at Hyde Park at Poughkeepsie, New York and visited the home and burial gardens of Franklin D. and Eleanor Roosevelt. Also nearby we visited the Vanderbuilt home, built in 1896, at a cost of 21/2 million dollars. After leaving there, we crossed Vermont and New Jersey and spent the night at Concord, New Hamp-

15 minutes. After we left Mt. Ver-The next day, July 5, we went to Bangor, Maine non, we went to Richmond, Virginia and visitand continued thru the ed the capitol building, rugged North woods of which was designed by Maine then crossed into Thomas Jefferson, then New Brunswick, Canada on to Jamestown, which and drove along the St. was the first permanent English settlement in the Andrews by the sea and along the Bay of Fundy. New World, settled in We spent that night at St. 1607. We spent two nights Johns, New Brunswick. in Williamsburg, Virginia While we were there we and went thru Colonial visited the reversing falls rapids. We continued from New Brunswick to Halifax, Nova Scotia. The two days we spent there, into we wore our coats buttoned up as the highest temperature was 46 degrees. We had a guided North Carolina. When we tour of the city and visited "Old Fort" that was built left Ashville, we crossed the great Smokey Mounon the highest hill in Nova Scotia. While we were in tains and went into Maggies Valley. Kathleen Halifax, we went to a thought that was the most beautiful place that she fishing village, complete with a lighthouse, that is had seen on the whole trip. From Maggies Val-ley, we went to Cherokee. the favorite meeting place for the artist. It was called Peggy's Cove. From Halifax, we went That is the place where the Indians were driven thru Evangeline country out of the country by the settlers after their raids and spent the night in Yarmouth. From there we and attacks on the early took a ship, the "Caribe," from the Bay of Fundy and had a 10 hour boat pioneers. burg and continued to ride and docked at Port-Knoxville into Nashville. land, Maine. We attended the new We boarded the bus and went to Boston, Massachusetts where we spent the next two nights. While we were in Boston, western performers. we visited the Boston Common, the old South Church, the old North at Ft. Smith, Arkansas, Church, Bunker Hill, Harvard Square, Harvard University, Cambridge Common and then drove on to Plymouth. In Plymouth, we saw the Miles Standish Monument, the John and Pracilla Alden Monument, and a house built by Alden in 1653 that is still preserved and owned by one of his descendents. We saw Plymouth Harbour, the Mayflower II, and Plymouth Rock. The next day we drove across Conneticut into New York City. In New York City, we saw the Statue of Liberty,

CONGRESSMAN CHARLES W. STENHOLM is pictured here on the steps of the United States Capitol with members of the 16th Government-in-Action Tour group which visited the Nation's Capitol on June 10. This Youth Tour to Washington, D.C. was sponsored by the rural electric cooperatives of Texas. They are as follows: Miss Kim Arrien, Stephenville; Miss Jill Whitfill, Lockney; Mr. Evan Kramer, Lockney; Miss Nettie Moss, Snyder; Mr. Kevin Huddleston, Snyder; Miss Karen Moore, Abilene; Mr. Mark Bland, Merkel; Miss Denise White, Tahoka. They spent much of their time on Capitol Hill, because it is their one opportunity to observe Government-in-Action.

work up to 250 hours per Veterans are not re- ment is processed. The semester for VA and re- quired to work the full 250 advance covers the first ceive \$775 in addition to

as the employment agreeest VA regional office or veterans counselor on campus. 100 hours of work.

A certain kind of person shops for quality first. And if something's a little unusual, a little different, so much the better. If that's you, then it's time you discovered your Bell Business Office.

We've got phones in all styles; antique, ultramodern, warmly nostalgic. Phones that help make your life easier. From a simple extension, to one that'll dial the number for you.

But even more important, at Southwestern Bell you'll get genuine Bell. That means the working parts remain phone company property, so you can be sure they'll work. Or we'll fix them free. It's a level of quality-and serviceyou've come to expect from Southwestern Bell.

So when it comes to phones, come to your Bell Business Office. Because although you love Mickey Mouse ... why waste your time with mickey-mouse details?

Southwestern Bell. We talk your style.
