Presidential race tips general election

aska to Texas and from New California, millions of United voters will visit the polling sites today, November 4, to elect a president to serve the nation for four years.

Sample ballots can be found on page three of B section in this paper.

Polling places and judges are listed on page two of B section.

Straw votes taken at local service organization meetings, schools and general tally's show Ronald Reagan to be ahead of President Jimmy Carter in Floyd County.

Election watchers have predicted that the South Plains will vote Republican on the national level. The metropolitan areas of Texas still seem to be Democratic strong holds.

Whether the debate sponsored by the League of Women Voters Tuesday night will make a difference in popularity between Carter and Reagan remains to be seen.

FHA HALLOWEEN CARNIVAL WINNERS under age 6 were: Left to right are Jason Anderson, Best Around; Mary Lindsey Poole, Most Original; Randi Jo Henderson, Prettiest; and Johnnie Lynn Mosley, Most Spooky. Not pictured is "Big Bird" Scott Turbeville.

Baptist Revival to be held

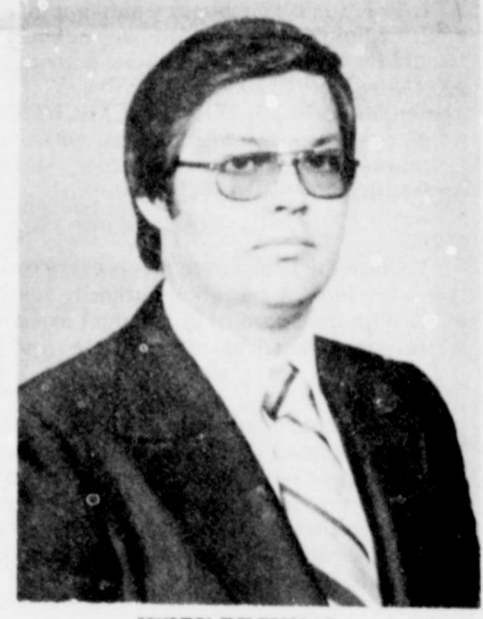

A revival to be held at the First Baptist Church in Lockney, November 2-5, will be featuring Evangelist Jerry Becknal and Terry Keltz, music and youth director.

Jerry M. Becknal, 32, is a native of Lubbock and he and his wife, Barbara, have two children, Denise, age 14, and Stephen, age 11.

He began as a Mission Pastor at the Celvany North Baptist Mission, Lubbock in 1974 and was then an Associate Pastor at the University Baptist Church, Lubbock, in 1975, a pastor at the Midway Baptist Church in Lamesa from 1975 to 1978 and is presently pastoring at the First Baptist Church in Cotton Center.

While growing up, he worked off and on in his father's dry cleaning business at Lubbock, then became assistant manager and personnel director of the retail Merchants Association in Lubbock from 1969 to 1973.

A graduate of Monterey High School in Lubbock, he has attended Texas Tech University and also served in the Lamesa association as Vice-Moderator from 1976-1978. In the Staked Plains Association he has served as Pastors' Conference Program Chairman in 1978-79 and as President of Conference in 1980.

Nine Amendments key issue in tuesdays election

There are nine constitutional amendments that will come before the voters on Tuesday.

Some of those issues will directly affect Floyd County and some won't.

The first amendment has gotten more publicity in this area than the others. It has to do with authorizing banks to use unmanned teller machines.

In the small town banking of Floyd County this is not a burning issue. General feeling is that the Savings and Loan Companies already have the ability for unmanned teller machines and that the passage of this amendment would put the banks on a more competitive level.

Number two is granting the state the right of appeal in certain criminal cases. Both District Attorney Kenneth Bain and County Attorney Kenneth Bain are against the amendment.

They think that it would further clog the already congested appeal system. Generally speaking the defense attorneys are for the amendment. The prosecuting attorneys are against it.

The third amendment on county appraisal and equalization doesn't apply to Floyd County since our commissioners "wisely" have already joined the central taxing units. This amendment would make it mandatory for other counties, who did not vote to join, to now have to participate.

Some feel that the fourth amendment of authorizing charity Bingo would open doors to gambling in Texas.

Both attorneys are leery of the number 5 amendment giving the governor control over appropriated funds. Bain wonders if it might not have an adverse effect on some funds appropriated for the county. Hollums describes it as a 50-50 proposition for or against.

The number 6 amendment giving the Governor the right to remove appointed officers with Senate approval is another proposal that they feel could possibly be misused. The Governor should have the right to remove executive appointed officers. Hollums is concerned that the removal right could go into the judiciary offices if a judge disagreed with the Governor.

Since Floyd County is not in the 5000 population bracket the seventh amendment proposal does not effect us. Bain feels the in counties made up of large ranches that they are paying most of the taxes anyway and ought to be able to use county road equipment for private roads on that theory.

The number eight proposal is the one that the attorneys come closer to disagreeing on than any other. In talking to both of them the enormity of the back log of cases in the Supreme Court is hard to believe.

What the amendment is set up to do would spread out the criminal appeal cases and shorten what is now a three year wait for the Appeals Court to hear those cases.

Hollums said that he would much rather try a case in Amarillo than have to wait on the 900 to 1000 waiting list for Austin. This amendment could shorten the waiting time to something like nine months.

Bain agrees that that part of the proposal would be good. But he is very concerned that a passage of the amendment would then clog the civil appeals courts as badly as the criminal appeal courts are now. "I agree that the criminal appeal court needs some relief but I wish they'd figure out a way to do it without over burdening the Court of Civil Appeal," Bain said.

The Texas District and County Attorneys Association voted in favor of amendment number eight.

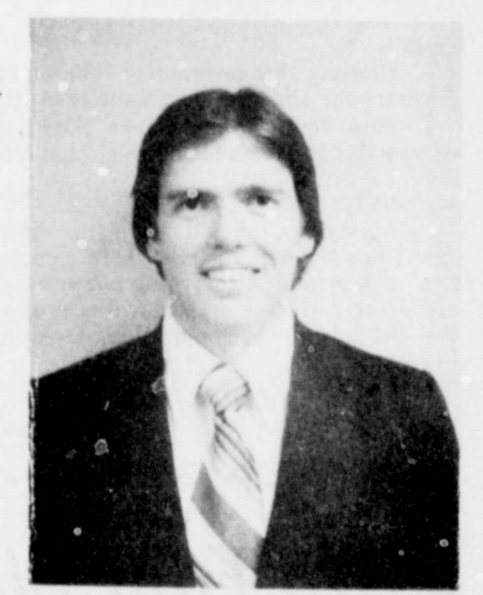

The ninth amendment on the ballot having to do with spouses designated income and property from separate property is a complicated issue. Right now Texas has community property laws. This would enable one spouse to singularly retain property. There would be tax consequences if the amendment were passed. Bain said that we already have a complicated property system and that this would complicate it further.

Reagan wins LHS election

Whether it means anything — Ronald Reagan was winner of the straw vote presidential contest held Tuesday morning at Lockney High School.

LHS Student Council members conducted the balloting of students with these results: Ronald Reagan, 107; Jimmy Carter, 89; John Anderson, 17, and Ed Clark (Libertarian Party), 5.

One impartial observer believes that the Floyd County voting will have a similar result next Tuesday.

Nine amendments are to come up before Texas voters Tuesday. Pros and cons are further discussed here.

Amendment No. 1: UNMANNED BANK TELLER MACHINES

The amendment would permit the legislature to authorize banks to use unmanned teller machines within the county or city in which they are located on a shared basis to serve public convenience.

FOR:

1. Unmanned teller machines allow customers to transact business at convenient locations and at any time.
2. Because each bank has the right to share in the use of the machines, a bank will be able to serve a larger area than it currently serves. Competition among banks will increase.
3. The use of unmanned teller machines allow banks to better compete with savings & loan associations, which currently may have more than one business location while banks are restricted to a single location.

AGAINST:

1. The cost of installing a network of unmanned teller machines would be passed on to the consumer.
2. The amendment circumvents the long standing prohibition on branch banking in Texas.
3. The use of unmanned teller machines will let large banks serve the entire community and force smaller banks out of operation.

Amendment No. 2: STATE RIGHT OF APPEAL

A constitutional amendment to grant the state the right of appeal in criminal cases from certain rulings of the trial court.

FOR:

1. Granting the state this limited right of appeal provides the only effective way of testing the constitutionality of certain statutes and the legality of certain pretrial practices.
2. The amendment will provide a criminal defendant with a method of ending criminal action at an early stage if appeal is worthy.
3. Granting the state a right of appeal will eliminate to some extent the tendency of some judges, when in doubt, to rule in favor of the defense to avoid appellate review of their rulings.

AGAINST:

1. The duration of a criminal trial will be substantially lengthened when the state takes an appeal.
2. The caseload for the court of criminal appeals will be significantly increased.

Amendment No. 3: EQUALIZATION BOARD FOR AD VALOREM TAX

Proposing a constitutional amendment to require a single appraisal and a single board of equalization within each county for ad valorem tax purposes.

FOR:

1. Single appraisal districts and boards of equalization are needed to fulfill legislative intent in the passage of the Property Tax Code.
2. The creation of single appraisal districts eliminates duplication of property tax administration.
3. Such districts would prevent conflicts in appraisals, thus promoting uniformity and equality.

AGAINST:

1. Preventing county commissioners from direct involvement in property tax administration will vest too much tax authority within one non-elected board.
2. Property taxes will probably increase at the county level.

Amendment No. 4: LOCAL CHARITABLE BINGO GAMES

Proposing a constitutional amendment to authorize bingo games for charitable purposes, on a local option election basis.

FOR:

1. The charitable purposes for which churches, synagogues, religious societies, and many other organizations engage in bingo are of great benefit to society.
2. The proposed amendment would allow each community to decide whether to permit bingo games.
3. Bingo games provide an opportunity for entertainment, social gatherings and relaxation.

AGAINST:

1. Fraud in bingo games would not be easy to prevent by local law enforcement.
2. Organized crime would become involved in bingo games since profit margins would be as great as in criminal activities.

Amendment No. 5: BUDGET EXECUTION

A constitutional amendment authorizing the legislature to grant budget execution powers to the governor, subject to approval by a budget execution committee.

FOR:

1. Since the Legislature meets every two years in regular session, there is a need for more budget execution authority vested in an elective office.
2. With the approval of a budget execution committee, the chief executive could closely monitor agency expenditures and insure accountability of tax dollars.

AGAINST:

1. Additional controls on spending are not needed in Texas as the citizen's tax burden is among the lowest in the country.
2. Such authority would allow a free-spending governor the ability to increase expenditures, just as a frugal one could decrease them.
3. Agencies are managed by appointed or elected boards that are accountable to the people now; there is no need to change a system that is considered one of the best in the country.

Amendment No. 6: REMOVAL OF CERTAIN APPOINTED OFFICIALS

Proposing a constitutional amendment to authorize the governor to remove appointed officials with the advice and consent of the senate; and allowing the governor to call a special session of the senate for this.

FOR:

1. Allowing the governor to remove appointed officers of the State gives the governor the ability to insure the promotion of his/her policies.
2. This ability would make board members and other appointees more accountable to the needs of an elected official.

AGAINST:

1. Appointees should have the ability to make independent judgments concerning the operations of their agencies, boards, and offices.
2. Such an added governing power would be a move away from control by the Legislature, which represents citizens at a district level.
3. The governor has no need for day-to-day control over appointed officers of the State.

Amendment No. 7: COUNTY ROAD WORK ON PRIVATE ROADS

Proposing a constitutional amendment relating to the authority of a county to perform private road work.

FOR:

1. It is unfeasible to hire a private firm to perform private road work in many remote areas of Texas when the county can do the same at a reasonable charge.
2. Small counties must maintain expensive road construction and maintenance equipment even though not required on a full-time basis. Part of their investment could be regained with the revenue received from private road work.

AGAINST:

1. Provisions of the Texas Constitution prohibits the use of public funds for private purposes and public funds would be squandered by this amendment.
2. Counties would be in direct competition with private construction.

Savings bonds

interest rate to be increased

The Treasury Department has raised the interest rate paid on all new issues of U.S. Savings Bonds by one percent effective November 1, 1980. Lewis McDaniel, District Manager of Southwestern Public Service Co., said today, McDaniel is the Savings Bonds volunteer chairman for Floyd County. In addition, all Series E, EE, H, and HH Bonds and Savings Notes now outstanding have had their interim yields increased by one percent to their next maturity, McDaniel said. More than \$70 billion worth of Savings Bonds are now outstanding.

The new interest rate is eight percent for Series EE Bonds held to a nine-year maturity. The interim yields on these Bonds have also been improved to 5.5 percent after 1 year and 7.5 percent after 5 years. Series HH Bonds will now earn 7.5 percent to their 10 year maturity.

The rate increase was made possible by legislation permitting the Secretary of the Treasury, with the President's approval, to raise Savings Bonds interest rates by up to one percent during any six-month period. The rates previously in effect were seven percent on EE Bonds held 11 years, and 6.5 percent on HH Bonds held 10 years. Depending on market conditions, the Treasury says, a further rate increase of up to one percent may be made as early as May 1, 1981.

According to Lewis McDaniel, "The Treasury Department's actions in raising the rate on Savings Bonds and shortening the maturity period for EE Bonds make what was already an attractive savings medium even better."

"The many thousands of our county's citizens who regularly buy Bonds through the Payroll Savings Plan or at their bank are now receiving an interest rate that is almost unbeatable on amounts as little as \$25. Bond buyers will also continue to get the tax advantages, safety, and convenience they always have enjoyed. I am certain that even more of our county's citizens will take stock in America and buy Bonds."

SBA to assist drought losses

The Small Business Administration's (SBA) declaration #1900 for drought has brought much needed assistance to the agriculture industry in Texas.

"The disaster victim is eligible for crop losses sustained during the 1980 growing season providing the crop was in the ground during the incident period of the declaration, regardless of the harvest date," stated Russell R. Berry, Lubbock District Director of the SBA, "and partial crop losses will be computed only after harvest and determination of actual yield."

The following formula will be used to compute eligible loss:

Acres planted X established yield X percentage of loss X market price (less insurance received, less ASCS low yield payment, and other recoveries) = eligible loss.

J.P. Doodles

Football... small-town Texas style

Bill Gray

The excitement of big-time football, be it collegiate, or professional, is but a short drive from Floyd County, but the games played are light years away from the contests we see on Friday nights.

Oh, both "games" have their similarities — each is played on a 100-yard field (even if one of the fields has to be treated occasionally with "Scotch-guard" and vacuumed instead of mowed); each team involved has eleven men on the field; a touchdown counts six points. Other than the other basic rules of football, the two "games" start to take on different characteristics at this point.

In the pros, gone are the days of the excitement of Lou Groza making a key block on a sweep for the Browns... then, following the TD, Lou "The Toe" adding the PAT. Or Frank Gifford capping a Giant comeback with a sparkling interception and a few moments later hauling in a Y.A. Tittle pass for the winning TD. Or E.J. Holub putting on a devastating block from his center position then remaining in as a stalwart of the Chief's defensive unit

(being the only man to have ever lined up on both sides of scrimmage in a Super Bowl).

In college, the pros, and even a lot of high school ball today, there are specialists for this or that, a 3rd-down offense, a 4th-down defense, a 2nd-and-short platoon, etc. Most of the teams are so computerized and follow such definite patterns on "certain situations" that most fans (and opponents) can pretty well predict when and what is coming next.

Not the case with... Football — Small-Town Texas Style! The brand of football played on the South Plains gridirons is more exciting from the standpoint of fan involvement than the big-time game of the pros, the colleges, and many high schools.

If a fan wants theoretical or computerized football games, there are many on the market he can buy through the courtesy of Japanese ingenuity.

On a cold and wet September night, a weary linebacker downs an opponent... then takes a pitch-out from a teammate a few plays later. It's a busted play resulting in an 8-yard loss, followed by a

well-executed blocking end who mows defensive safety... and hand buses... to an opponent's... often outmanned... this writer's opinion... is all about.

Vote for Greater Banking Convenience

Passage of Proposition 1 on the November 4th ballot will open the door to even greater banking convenience. This simple change in the law will allow Texas banks to place unmanned teller machines at convenient locations for faster service, night or day. These teller machines are becoming a convenient option for handling routine banking business.

"Round-the-clock banking at unmanned tellers is convenient, safe and a positive step toward avoiding unnecessary credit card use... moreover, it is an energy saver — instead of traveling across town to a bank, an unmanned teller can be built in your neighborhood."

— San Angelo Standard-Times

Proposition 1 "will make life easier for bank customers... (it) will eliminate many, if not all, of the tortuous lines seen clogging drive-in bank lanes."

— Houston Chronicle

Proposition 1 "has gained widespread support as the amendment faces voters Nov. 4."

— Orange Leader

"Off-premises unmanned teller machines should be approved by Texas voters."

— San Antonio Light

People in forty other states already have this convenient banking choice. It's time Texans did, too.

Halloween- Tragedy or Treat?

This year, appropriately, Halloween falls within Pedestrian Safety Week. The following pedestrian safety tips can help keep your trick-or-treater from becoming a tragic statistic:

1. Insure that all costumes are easily seen by motorists. Many commercially produced costumes have glow-in-the-dark or reflectorized trim. Homemade costumes can be made more visible by attaching strips of reflectorized adhesive. Masks and other parts of costumes should not obstruct the child's vision.
2. Have each child carry a flashlight as he goes from door to door. Sneaking up on a neighbor's house in the dark may be fun, but sneaking up on a vehicle can be deadly.
3. Adults should accompany small children.
4. Instruct your children to cross the street only at corners. Be sure each child knows to check all directions for oncoming traffic.
5. Do not allow your children to "horse around" in or near the street while trick-or-treating. Instruct them to walk on the sidewalk whenever possible.
6. If you decide to drive your children to another neighborhood to trick-or-treat, park the car in a safe location and walk the area with your kids. Don't drive your car from door to door. This creates an unnecessary hazard for other trick-or-treaters.

Have a ghoulishly fun - AND SAFE Halloween.

Have A Happy Halloween

FLAKY FOLDOVERS USE AMERICA'S FAVORITE FRUIT

"An apple a day" has been popular advice for more than 300 years, and this crisp, delicious fruit is still America's favorite.

Flaky Apple Foldovers are an excellent way to savor the tart, tangy goodness of the season's fresh apples. The flaky turnovers are good warm or cool, so you can serve them for dessert, then enjoy any leftovers as snacks. Using refrigerated biscuit dough for the crust makes them especially easy to make.

Calorie counters will also be delighted to learn that this apple treat has only 167 calories, less than half the number for a piece of regular apple pie.

FLAKY APPLE FOLDOVERS

- 10-oz. can Hungry Jack refrigerated flaky biscuits
- 2/3 cup sugar
- 3/4 teaspoon cinnamon
- 1/4 teaspoon nutmeg
- 1 1/4 cups finely chopped, peeled apples
- 1/4 cup margarine or butter, melted

Heat oven to 375° F. Separate dough into 10 biscuits. Press or roll each to a 4-inch circle. In small bowl, combine sugar, cinnamon and nutmeg. Spoon about 2 tablespoons apples onto center of each flattened biscuit. Spoon 1 teaspoon sugar mixture over apples.

Fold dough in half over filling; press edges with fork to seal. Dip both sides of each in margarine, then in remaining sugar mixture. Place in ungreased 15x10-inch jelly roll pan or 13x9-inch pan.

Bake at 375° F. for 15 to 20 minutes or until golden brown. Remove from pan to cool. Serve warm or cool. 10 turnovers.

Amendments

Continued From Page 2

Amendment No. 8: JURISDICTION AND AUTHORITY OF THE COURT OF CIVIL APPEALS

A constitutional amendment to change the names of the courts of civil appeals and the names and qualifications of the justices of the supreme court and to prescribe the jurisdiction and authority of the appellate court.

FOR:

1. It is unrealistic to expect only one criminal appellate court in Texas to administer criminal justice that is needed speedily and is a deterrent to crime.
2. The heavy workload of appeals in criminal cases that is presently handled by one court of criminal appeals would be shared by the 14 regional courts of appeal.
3. Appellate courts with jurisdiction in civil and criminal matters may attract and develop better judges that have benefitted from experience with a variety of legal problems.
4. This amendment would clarify such questions as qualifications of a justice of the supreme court and a vacancy in the office of chief justice.

AGAINST:

1. Our present system is the most efficient system to achieve criminal justice.
2. The addition of a large number of criminal cases to the civil caseload of the civil appeals courts will create another caseload problem.

Amendment No. 9: CONVERSION OF MARITAL COMMUNITY PROPERTY INTO SEPARATE PROPERTY

Proposing a constitutional amendment relating to the conversion of marital community property into separate property.

FOR:

1. A system for marital property should provide general rules for determining rights and allow for persons to make alternative property arrangements in their best interest.
2. Benefits derived from property should be owned by the spouse who owns the property.
3. The amendment would reduce the complexity of the process of converting community property to separate property.

AGAINST:

1. The present community property system has served the best interest of the citizens of Texas.
2. The community property system, as permitted by the amendment, could foster the creation of an entirely different way of settling property matters.

Lockney Care Center News

By Vickie Hutton
This has been a very busy and enjoyable week. John Turner was our blackout winner during Bingo Tuesday afternoon. Bertie Bradley was our caller this week. We would like to thank DeLinda Glason for helping us with our bingo game. Mary Kring and the GA's from the First Baptist Church and Cindy Smith, Brenda Poole, and the Brownie troop brought us Halloween decorations this week. We would also like to thank Elenor and Margaret Schacht for making

us centerpieces for our dining room tables. The decorations and centerpieces are very much appreciated. We had a pea shelling party Thursday afternoon. We would like to thank Dick and Opal Taylor for bringing them. We are saddened at the loss of one of our residents, Tempest Phillips. We will all miss her very much. Our sympathy goes to the family. Mrs. Mattie Poole is in High Plains Baptist Hospital. We all miss her and hope she will be back with us soon.

Defeat Lockney Winds

Floydada was taking the second score with 1:17 remaining in the first quarter. Self's chewed up the yard-line and the Horns wound up the first 48, picking up a score of 14-0. Longhorns defense up and Floydada got out of the game to a great degree in the first quarter. Self's didn't get their offense moving enough to score. The game moved down the field in the first quarter after a Self pass to Jeffery McCord. The extra point was blocked and the score stood at 14-0. Lockney's back tough and held the drive but the fumbles and turnovers and a sustain a score game ended 17-0. Floydada record to 3-4 record stand. Lockney week and Lockney Abernathy.

Floydada wasted no time in taking the ball over for their second score of the night with 1:17 remaining in the first quarter. The PAT was good and the score was 14-0. Lockney then moved from their own 20 to the Floydada 48, picking up 2 first downs on the way but they stalled out and punted to the Floydada 5. The Winds could not get out of the hole and punted to Floydada's 38 but the Horns stalled out again on a fourth and 1 and lost 10 yards and the Winds took over on downs. Floydada moved to the Lockney 11 and booted a field goal with 37 left in the first half for the final score of the night and led Lockney 17-0.

Lockney's defense came back tough the second half and held the Winds on every drive but the offense was marred by several penalties, fumbles and pass interceptions and were unable to sustain a scoring drive. The game ended with the score 17-0.

Floydada upped their record to 3-4 and the Horns record stands at 2-5. Floydada will meet Idalou this week and Lockney will host Abernathy.

WICK CHRISTIAN, son of Mr. and Mrs. Larry Christian, has been named as Junior Man for the month of October. Wick is a LHS senior and has played football for four years. He has been a starter for two of those years. He has been in basketball for four years and on the varsity for three years. He has the shot on the Longhorn track team. Wick has also been active in FFA for four years and is serving as a Jr. Advisor this year.

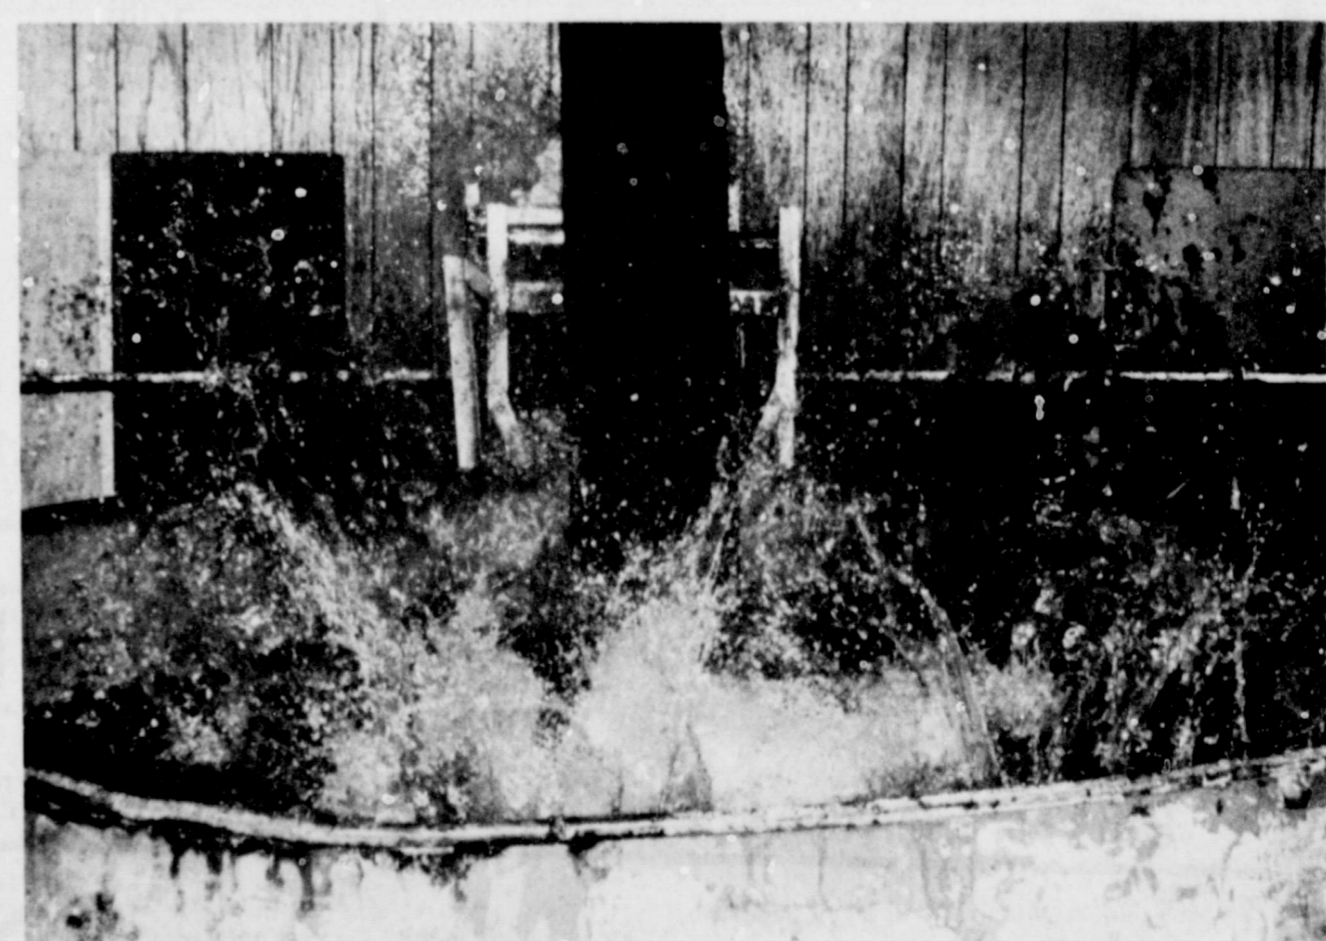

"OLD PIE-IN-THE-FACE TRICK" performed by Lockney High School principal, James Poole, in the Lockney-Floydada pep rally last Friday. Poole volunteered to climb the "spit ladder" and when the enthusiasm of the student body was growing, he would climb higher on the ladder. The students, teachers and visitors all joined together in an effort to see the good sport Get It....

by Mrs. Joyce Williams

The norther that blew in Monday and got down to 32 degrees at night finished off the vegetables and flowers. Now cotton harvest will really get into business.

Mrs. Brice Allen, and Mrs. McDonald of Crosbyton visited Mr. and Mrs. Blanton Hartsell for vegetables Friday. The Hartsells say this is their last year to raise vegetables, as Blanton plans to retire from farming.

Mrs. Carolyn Lamberth of Carlsbad, New Mexico, visited her parents, Mr. and Mrs. Blanton Hartsell, for the Crosbyton High School Homecoming recently.

Dennis Taylor died in his home at Grinnell, Iowa, Sunday evening. His wife, Rachel, told family members he had preached at church, then when he arrived at home, sat down in his chair for a nap. Later she tried to wake him up and discovered he had

died in his sleep. A peaceful way to go, for this good man who helped raise a fine family, and was a friend to so many people. He grew up in the Mt. Blanco community, preached in the Primitive Baptist Church in Texas and Iowa.

Georgia Mae Smith Erickson returned to the land of her grandfathers people last month, when she visited friends in Germany. She also visited with relatives of the late Hank Smith, returning to Texas in October.

Mr. and Mrs. Bob Alldredge joined other relatives for Sunday dinner with Mr. and Mrs. Thomas E. Warren. Others present included Mr. and Mrs. Olin Watson Jr., and Mr. and Mrs. William Bertrand.

Bob Alldredge's sister, Mildred, and husband, Mr. and Mrs. Hossler Strickland, visited him recently from

Lubbock.

Mrs. Joe Dunn received a good health report from Dr. Mattison at the clinic at Lubbock this week.

Mrs. W.T. Barnett drove out from Crosbyton Saturday to visit on the edge of the canyon at the home of her friend, Mrs. Viola Brown.

All the Neff ladies helped with the garage sale at Mrs. Annie Neff's home Thursday, Friday and Saturday. Helpers included Mesdames Buell Neff, Lavada Neff, Mary Neff, and Mrs. Wynola Galloway. Shanty and Ed helped load things.

Miss Alice Mooseberg was here visiting her parents, Mr. and Mrs. Carl Mooseberg, over the weekend. She teaches at Perryton.

Mrs. Roy Fawver, and Mr.

and Mrs. Leslie were in Dallas over the weekend visiting Mrs. Fawver's daughter and her husband, Mr. and Mrs. L.D. Golightly.

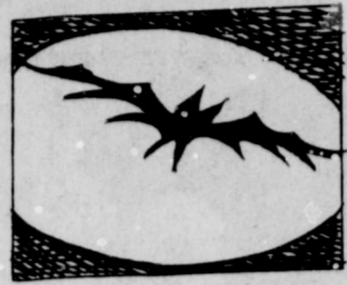

Then, about thirty miles on each direction, they visited Mrs. Fawver's grandson and family, Mr. and Mrs. Robert Golightly, and Jonell and Leslie's daughter, Mrs. Bruce Francis (Eileen) and husband. All had a good visit.

Mrs. Roy Fawver visited Mrs. Nettie Adams Monday. On Sunday Mrs. Ham Smith and Mrs. V.D. Turner came to visit Flora.

Almost every landowner in Lakeview has been waiting their turn in the courthouse this week as farmers protested the tax assessment on their property. Commission-

er Jack Lackey has represented his constituents and been on hand faithfully to plead their cases.

Crop And Livestock Questionnaires To Texas Producers

From mid-November to early January, thousands of Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be interviewed by the Service's staff. The information gathered from the questionnaires and interviews provides the basis for determining final acreage, yield, and production of crops and end-of-the-year and poultry numbers for the state and for each county.

The estimates published by the Texas Crop and Livestock Reporting Service are based on the data provided by farmers and ranchers, County Extension Agents, ASCS offices, and others in agriculture. This cooperative provides the necessary data to the state, returned to farmers and others in the form of estimates, which are so essential in making the wisest production and marketing decisions. Accurate estimates also essential to farm operations and legislators in promoting

Lower Red Meat And Poultry Output Expected

During the rest of 1980, supplies of pork, broilers, and eggs will fall short of year-earlier levels as production cut-back, planned earlier in the year-plus the impact of this summer's heat and drought—begin to take effect. Beef production, on the other hand, will be slightly higher than last year.

The September 1 inventory of hogs and pigs (in the 14 major producing States) showed market hog numbers down 2 percent from last year, but still 15 percent larger than in 1978. Farrowings during June-August and farrowing intentions for September-November were both down 10 percent, implying that pork production in the first half of 1981 will fall substantially below year-ago levels.

Farm commodity prices have been rising much faster than input prices in recent months, this improving farm income prospects for 1980 relative to earlier expectations. The index of prices received by farmers gained 12 percent from June to September, while the index of prices paid rose only 3 percent. Despite this improvement, prices paid by farmers were up 12 percent from a year ago in September, while prices received were up 9 percent. Higher feed prices have continued to squeeze livestock producers' margins. In addition,

farmers who lost most or all of their crops to this summer's drought and heat will not share in the improved income situation.

With improved market conditions, total feed grains have shown net movement out of the farmer-owned reserve in recent months. Corn, which is in release status, has shown the largest absolute drop in farmer-owned reserves, while oats, which are in call status, have shown the largest percentage drop. Barley is the only feed grain for which net movement has been into the reserve. Wheat has been moving into the reserve in recent weeks, although at a slow pace.

Retail food prices, as measured by the Consumer Price Index (CPI-U), increased 1.5 percent in August—the largest monthly rise since February 1979. The major contributors to the August increase were poultry, pork, beef, and fresh fruit. With food prices having risen relatively slowly in the first half of 1980, the total gain this year is expected to be about 9 percent—the smallest increase since 1977.

Foreign production of most crops is expected to turn out better than last year. Foreign output of grains and cotton are forecast up, but oilseed

production is not expected to increase. Western Europe is expected to harvest larger crops despite the damage caused by wet weather in June and July. Grain production in Eastern Europe and the Soviet Union is also expected to be up, while China's grain output is expected to fall.

Top Replacement Heifers Important to Cow-Calf Producer

On top of beef production in the fast-moving and complicated industry, a cow-calf producer must maintain a top-notch cow herd. Ideally, he must start with a good herd, use proven sires and select performing replacement heifers to replace poorer producing cows from the herd each year, says Dr. Boleman, beef cattle specialist at the Texas Agricultural Extension Service, Texas A&M University system.

A producer can improve and upgrade his herd through selection of the best and selection of parents to be bred. The goal in beef production is to improve the average performance of the herd through selection of economic traits such as calving interval, birth weights, cow mothering ability, weaning and pasture gain, efficiency, yearling weight (feedlot or carcass), carcass grade, rib-eye area and outside carcass fat thickness. Make rapid and accurate improvement information to make maximum response should be used. Pedigree, individual performance data and visual appraisal are used in selection of heifers, Boleman.

Producers provide family information generally tell you what an animal is doing because of what is known about the parents and their performance. Pedigree information when

used alone provides low accuracy in estimating the breeding value, and is of almost no consequence if we go beyond the parents for information, says Boleman.

Individual performance information is a requirement to effectively select beef cattle for genetic progress. No single selection plan fits all breeders and producers, but any profitable selection program must be based on the ability of an animal to perform in a given environment.

Properly measured performance is the best estimate of the animal's breeding value. It should include such traits as growth characteristics, reproductive ability, longevity and the ability to produce acceptable quality meat at a minimal unit cost, points out the livestock specialist.

Although objective information is most important in the overall selection process, visual appraisal also remains an important tool for selecting animals for many functional economic traits. The trained eye is still needed to assist in determining composition of gain, degree of or type of muscling, skeletal dimension, structural correctness, masculine (testical size and shape) and feminine (udder and external genitalia development) characteristics, believes Boleman.

The most economically important beef cattle production trait is that of reproduction. The young heifer has to sexually develop and calve as a two-

year-old and continue to calve every year of her productive life to be considered a proficient breeder.

When selecting a heifer, ask for maternal information of the cow, suggests the specialist. An exceptional performance record in itself will not totally insure that the heifer in question will be a productive breeder, but it sure will go a long way to success. Also use visual appraisal and try to select those heifers that look feminine, with a more refined head and neck, properly developed udder with correct sized teats, and a well-developed vulva. Combine performance information and visual appraisal in selecting a reproductively sound heifer.

In a nutshell, then, Boleman offers these suggestions for selecting top replacement heifers:

- Study performance pedigrees and individual performance information of the parents of heifers in question.
- Select only those heifers from cows with demonstrated reproductive ability, longevity, and proven milking and mothering ability.
- Select heifers that are over the 100 percent weaning weight ratio (above the average of the group).
- Select heifers on the basis of sound and functional conformation.

Agri-Facts By Jerry Perry

What do the following events have in common? A Chinese businessman in Beijing decides it's time for a new pair of shoes... a housewife in Brussels buys a bar of soap... an Italian merchant orders a case of candles... and a musician in Venezuela discovers he needs violin strings. The common element in all these events is the strengthening demand for American beef by-products. In its first full trading year the PRC (People's Republic of China) is buying nearly 150,000 cattle hides. Two years ago when the beef industry had total exports of about 1.6 billion dollars worth of beef... over 80 percent of the total dollar volume was from by-products. So as our cattle producers provide us with steaks and hamburgers they also provide shoes in China, soap in Brussels, candles in Italy, violin strings in Venezuela, and thousands of other needed items world wide.

Crop And Livestock Questionnaires To Be Sent To Texas Producers

From mid-November to early January, thousands of Texas farmers and ranchers will receive a crop or livestock questionnaire from the Texas Crop and Livestock Reporting Service or will be personally interviewed by the Service's staff. The information gathered through the questionnaires and interviews provides the basis for determining the final acreage, yield, and production of crops and end-of-the-year stock and poultry numbers for the State of Texas and for each county.

The estimates published by the Texas Crop and Livestock Reporting Service are based on the data provided by Texas farmers and ranchers, County Extension Agents, ASCS offices, and other sources in agriculture. This cooperation provides the necessary data which is, in turn, returned to farmers and ranchers and others in the form of reports, estimates, which are so essential in making the wisest production and marketing decisions. Accurate estimates are also essential to farm organizations and legislators in promo-

tion, planning, and enacting wise legislation and are used in establishing acreages and payment levels to producers under the various commodity programs.

The collection and publication of agricultural statistics are a cooperative effort between the Texas Department of Agriculture and USDA. This cooperation avoids duplication of effort, promotes economics, and increases the effectiveness of statistical reports. All individual farm and ranch information is kept confidential, and only state and county summaries become part of the final published estimate.

County estimates for 1979 and January 1, 1980, are available on Livestock, Poultry, Dairy, Field Crops, Small Grains, Cotton, Vegetables, Fruits and Pecans, and Cash Receipts from the Sale of Texas Farm Commodities. Bulletins can be obtained from the Texas Crop and Livestock Reporting Service, P.O. Box 70, Austin, Texas 78767, or by writing Reagan V. Brown, Commissioner of Agriculture, P.O. Box 12847, Capitol Station, Austin, Texas 78711.

A HABIT TO CULTIVATE
 Speaking well of those who disliked him was one of Gen. Robert E. Lee's outstanding qualities. When he paid generous tribute to the ability of a certain colleague, a fellow officer remarked:
 "General, how can you speak so highly of one of your bitterest enemies, a man who never misses an opportunity to malign you?"
 "My friend," Lee replied, "the President asked my opinion of him, not his opinion of me."
 Robert E. Lee was a man of dignity. His self-discipline in speech is worthy of emulation. Speaking well of others in all circumstances was a practice he began early in life. Only after years of practice does such a state of mind become habitual. It takes determination to develop nobility of character.
 By cultivating the habit of thinking and speaking well of others, regardless of their attitude towards you, you make an investment that will one day bear rich dividends, not only here, but hereafter.

It is a sign of strength rather than weakness to follow Christ's teaching: "Love your enemies, do good to those that hate you and pray for those who persecute and calumniate you." (Matt. 5:44) Some people feel incapable of attaining this level of virtue, but they forget about divine grace. With God's help all things are possible. By praying for the grace to follow the Lord's advice, you will begin to bring peace to yourself and others.
 We live in a world in need of peace. Take Jesus at His word, return good for evil. Look for the good in others; speak of the good and not the bad. A more charitable world begins with you. Edward Everett Hall put it this way:

I am only one
 But still I am one.
 I cannot do everything
 But still I can do something
 I will not refuse to do the something that I can do.
 Control of the faculty of speech is a first step on the ladder of holiness. Set your goals high.

MARY JO LESTER

Mary Jo Lester is a new fourth grade teacher at R.C. Andrews Elementary School this year. She taught six years at her hometown of Wichita Falls in the Jr. High School. In August, she and her husband, Mike, and two daughters moved to Plainview. Mike is men's buyer for Morris and Sons. "This is a very friendly town," Mary Jo said. "The people here at the school have made it easy for me to adjust to a new environment, grade and town." She is enjoying teaching fourth graders. "They are still so eager to learn and they want to please the teacher. It's different from teaching eighth grade," she said.

For a large load, add one or two packages of RIT Color Remover to moving water (not directly on fabric) and wash-agitate 2 to 3 minutes. Shut off or dingy off machine and let stand for 30 to 60 minutes with original lid closed. Agitate a few more minutes; drain water, and then add detergent and rewash. Even drab wash and rinse thoroughly.

If you prefer, use a range top method. Fill a large pot with hot water. Heat the water to a simmer and add one package of color remover. Immerse clean, wet article in pot, making sure the material is not crowded. Stir for 2 to 3 minutes. Remove the article and wash in hot water. For more detail, see the RIT Color Remover package. RIT Color Remover is available in 10-ounce and 20-ounce sizes. Call 1-800-4-A-RIT for more information.

South Plains News

Mrs. Murry Julian

South Plains, October 27: Dust is flying this Monday morning, after a light rain and dust storm Sunday night, which held lightning, thunder, and lots of hard wind. A cold front is expected to come in this Monday night.

Members of the South Plains Baptist Women and WMU members are planning to go to Floydada next Monday morning, at 9:30 a.m. for the World Day of Prayer and a program at the First Baptist Church.

Be a good American citizen and use your right to vote next week on Tuesday, November 4, and if you are undecided by now, remember you are like many others. Please pray for the knowledge of who to vote for, and for the hostages safe return.

Mrs. Jerry Chappell (Darla) of Duncan, Oklahoma was home with her folks over the past weekend and also visited other relatives. Her parents are Mr. and Mrs. Grigsby Milton, Jr.

Mr. Earl Norman, who resides at the Prairie Acres Home in Friona, suffered a light stroke last Monday, and his daughter and husband, Mr. and Mrs. Sterling Cummings went to see him and spent Tuesday night there. He is doing fine now, with no apparent bad results.

Visitors at the South Plains Baptist Church Sunday morning for church services included Mrs. Jerry Chappell of Duncan, Oklahoma, Rev. and Mrs. Ronnie Somers and children, Jaime and Jennifer, L.A. Garner and David Wilson, among those who came. It was High Attendance Day, and we were happy to see many we have been sorely missing from church. Rev. and Mrs. Somers are from the Indian Creek Baptist Church in Mineral Wells, where he is pastor, and they have been guests at the parsonage, where her father Rev. Cecil Osborne is pastor.

Speakers at the South Plains Baptist Church Sunday morning were visitors L.A. Garner, and David Wilson from the Gideons International. This is a group which operates out of Nashville, Tennessee, with 60,000 Gideons around the world. The Gideons are in 21 countries, putting out millions of Bibles every 16 days. They put them in motels, hotels, colleges, Doctors offices, nursing homes, business places, and they do a mighty work. Garner spoke to the congregation, and told about the work.

There has been many illnesses around the neighborhood of those who have relatives here. Kelly Bowers of Plainview, father of Mrs. Glen Wood, had been ill; Lewis Blum, father-in-law of Ronnie Upton has been in the hospital but is now at home; Mrs. Zach Cummings (Oma) of Lockney has been in the Lockney hospital for a week, but was allowed to go home on Saturday, and Mrs. J.P. Taylor (Trudie) was allowed to come home from the Methodist Hospital in Lubbock on Saturday, and has had a rough time of it, as she was allergic to some of her medication.

Mr. and Mrs. Pat Huff and son, Duane, of Amarillo, left this Monday for their home after Mrs. Huff (Arlaine Hamm) and Duane had spent the past week here with her parents, Mr. and Mrs. Harold Hamm. Pat came on Sunday to get them and take them home.

Hobby Club will meet on Wednesday, November 12, in Lockney at the home of Mrs. Fred Fortenberry (Jewel) with a program on crafts. Roll call will be: Something New I Have Made For Christmas. Time for the meeting is 2:00 p.m. Friday afternoon Mr. and Mrs. Sylvan Kinnibrugh left for Gilliland to spend the

weekend taking care of his parents, Mr. and Mrs. A.J. Kinnibrugh, who are now getting along fine. They were accompanied by their daughter, Mrs. Teddy Horne and Melissa of Plainview, and they all came home Sunday night.

South Plains had the first light frost of this fall on Thursday, October 23rd, with defoliation taking place in most places. Although some tomatoes and other vegetables were not hurt, the low temperatures were in the thirties and most of the farmers are ready for frost. This is a busy time.

Mrs. Tillman Fowell and Mrs. Tommy Powell of Floyd

dada went to Pampa Tuesday and brought Nikki Powell, daughter of the Warren Powell's home to stay awhile with the grandparents, M. and Mrs. Tillman Fowell.

Mr. and Mrs. Mike and Tonya Marble are proud parents of their first baby girl, born October 21, at the Methodist Hospital in Lubbock. She weighed seven pounds and nine ounces, and has been named Micah Lee. Micah has an older brother, Justin, and they are now living in Lockney. Grandparents are Mr. and Mrs. Fred Marble and Mr. and Mrs. Robert Daniels. The mother and baby got to come home Saturday evening, and Mrs.

Fred Marble stayed the night with them, and reported the baby doing fine.

Mrs. Trudie Taylor got to come home from the Methodist Hospital Saturday, and her daughter, Mrs. Dale Pierce of Lubbock spent the weekend with her, as she is recuperating from major surgery. We are all hoping that she gets along fine and can soon be fully well.

Deral Young is in the Central Plains Hospital in Plainview at this time, and we are hoping that he can soon be home again.

Mrs. Letha Mulder left Saturday morning in the company of her sisters and

brother to Fort Worth where they were going to visit their sister, Mrs. Lora McDaniel. Going on the trip were Mr. and Mrs. Pete Land of Clarendon, Mrs. Inez Minyard of Littlefield and Mrs. Mulder.

We are sorry to report the passing of Rufus E. Young, of Floydada, who with his family lived in South Plains and we have been so sorry about the prolonged illness which he has suffered. He had been in the Central Plains Hospital for a few weeks prior to his death Wednesday, about 11:30 a.m. His son, Doral Young and family, live here in South Plains, and his lovely family

are scattered in Lockney, Floydada, Lubbock, Silverton and Charleston, South Carolina. We send our sympathy to them. Funeral services were held on Friday, October 24, at 2:00 p.m. in the First Baptist Church of Floydada.

Visitors at the South Plains Baptist parsonage the past week have been Mrs. Corda Taylor of Muleshoe visiting here with her daughter and family, Rev. and Mrs. Cecil Taylor. Others who shared the week with their parents were Rev. and Mrs. Ronnie Somers and little daughters, Jaime and Jennifer of Mineral Wells, who left this Monday for their home.

My uncle has an individual life insurance policy which he invested in life insurance. He said he felt it was the safest investment he could make. Protection and stability are the two main reasons why savings invested in an annuity or retirement income for life. If a retirement policy is purchased it will protect your family and waiver of disability. When you retire, your cash value to be paid in a lump sum years. As opposed to many other retirement savings invested with a market, etc. but will be protected by seeing you a comfortable retirement.

"Ghouls" invited to costume contest

The Lubbock County Easter Seal Society and the South Plains Mall wish to invite all area "Ghouls" to their Halloween Costume Contest October 31 at 7:30 p.m. at the fountain in the Mall.

Prizes will be given for age groups under three years to twelve years, scariest, most original, and cutest. Pictures of the monsters will be taken for a donation of \$2.50.

Contest registration and pictures start at 6:30. So spend your Halloween with us!

If a President doesn't even know what parity means, how's he going to protect the family farmer?

Mr. Reagan, where do you stand on parity?
"I wish I could... I wish I could answer the question for you that I know is a technical question... 100 per cent of parity, ah, I have to confess to you that, ah, I am not as familiar with some things as that..."

Where Did He Get Those Figures?
GO! Front runner seems to pick facts from thin air.
Pope threatened a general California strike... Reagan Ducks Parity Issue...
"I am not as familiar with some things as that..."

Response to a question during a March 23, 1980 campaign appearance in Wichita, Kansas.
You can expect that, when a candidate's knowledge on a subject is so weak, he'll turn to his advisors.
Whom does Ronald Reagan listen to?
Over half of his farm policy advisors were Nixon appointees.
They're among the ones who stopped grain exports to deflate prices and put price controls on meat. (In contrast, President Carter moved aggressively this year to cushion farmers from the effects of the Russian grain embargo imposed in response to the Afghanistan invasion.) The Republicans opened the floodgates on beef, dairy, and sugar imports and nearly decimated our beef industry. (The Carter Administration has worked closely with the cattle industry to protect it from unfair imports.)

**9th Annual
Arts-In-Action
to be held in
Amarillo**

Amarillo Chamber of Commerce Arts in Action official urge area artists to get their entries in for the 9th Annual Arts-In-Action to be held in November.

Inquiries have come from nine states at this point and the Arts-In-Action Committee, headed by Steve Messenger, is in the process of jurying artists and craftsmen for the show.

"In a juried show artists and craftsmen submit their work for screening. Only those whose work exhibits high quality in craftsmanship and creativity are elected for Arts-In-Action. We expect the final number of artists to be near 150 for the 9th annual show," Messenger said.

"Space is fast filling up and we urge prospective entrants to send their applications in to the Amarillo Chamber of Commerce at 1000 S. Polk, in Amarillo as soon as possible," Donald L. Renner, Civic Affairs Manager for the Chamber of Commerce said.

To enter the jurying process entrants must complete an entry form available at the Chamber of Commerce offices, and send it along with photographs in color and black and white to the Arts-In-Action Committee for consideration.

Arts-In-Action is a project of the Amarillo Chamber of Commerce Fine Arts Council headed by Bill Broilier. It will run November 22-23 in the Amarillo Civic Center exhibit hall. On Saturday it will run from noon to nine p.m. and on Sunday it will run from noon to six p.m. Public admission is free.

Mr. Beckner is recuperating from major surgery he underwent in August.

Mrs. Beckner is Mrs. Halls' niece.

Fairview News

Mrs. Clyde Bagwell

October 27:

Some out Fairview way have reported a light sprinkle of rain Sunday night and this Monday morning finds us with a cold dusty wind from the west. Farmers are still very busy in wheat land and cotton harvest. The frost and light freeze of last week only touched vegetation, not enough to really kill anything.

Mrs. Edna Phillips and Mrs. Kate Crabtree were luncheon guests Tuesday of Mrs. Mable Smith.

Sam Crabtree was in the High School marching band in Lubbock Saturday.

Becky Crabtree of Texas Tech spent the weekend at home with her parents Mr. and Mrs. Kay Crabtree.

Mr. and Mrs. Edwin Polan visited Sunday afternoon with Mr. and Mrs. Bud Warren, Edwin is a nephew of Mrs. Warren.

Anne Swebston spent Tuesday and Wednesday in Amarillo visiting her sister and brother-in-law, Mr. and Mrs. Bob Burns.

Saturday afternoon visitors in the home of Mr. and Mrs. C.H. Wise and Charles Denton were: Mr. and Mrs. Frankie Buchner, Christal and Angel of Olton and Corey, Craig and Wendy Forbes.

Thursday Sam Crabtree ate lunch with his grandmother, Mrs. Kate Crabtree.

Friday visitors with Mrs. Kate Crabtree were: Mrs. Johnny Kelley and Mrs. Norma Welch of Cedar Hill and Mrs. Carrie Crase of Crosbyton, later that afternoon Mrs. Kelly Colston visited Mrs. Crabtree.

Mr. and Mrs. W.B. Parrock visited Mr. and Mrs. E.W. Walls Sunday afternoon.

Mike Allen of Texas Tech spent the weekend at home with his parents, Mr. and Mrs. Harvey Allen.

Halloween Safety Rem

TRICK OR TREAT SAFETY

Think about the costumes your children will wear this Halloween. Here are some tips for safe and happy haunting.

-Consider using make-up to decorate the face rather than wearing a mask which may block vision.

-Sew or glue reflective tape to both front and back of the costume. Be creative and incorporate the tape into the costume design.

-Check labels or packaging on purchased costumes for flame retardant finishes.

-For home sewn costumes, select fabrics that have a flame retardant finish, or apply a commercial aerosol or homemade finish at home. Commercial aerosol finishes may not be effective on all fabrics, so check the aerosol label.

To make a flame retardant finish at home, dissolve three ounces of boric acid in two

quarts of hot water and stir in seven ounces of borax. (Boric acid and borax are available in drug stores.) Soak the costume in this solution for about five minutes, then wring out and hang. When the costume is only slightly damp, iron until dry.

This flame retardant finish will work only on costumes made of muslin, burlap, old sheets, or other cotton, cotton blends, or natural fibers. It is not good on synthetics or resin-treated cotton.

The solution will not appreciably change the fabric, although any fabric that will shrink or discolor in water will be affected by the solution. This will not fire-proof a costume, but it will help it to resist ignition and spreading the fire. It will be effective until the costume is laundered.

Buddy Temple is a Texas Businessman who, at 38, has been operating for almost 20 years. Buddy Temple's business experience has equipped him with tools so needed in government today.

A former 4 term member of the Texas House of Representatives, Buddy Temple diligently for sound fiscal management of state government, equitably for schools and sponsored the 1977 Highway bill that insured upkeep of our transportation system. During the 66th Legislative Session, Buddy Temple was named Texas Monthly as the "hardest-working committee member."

In his primary victory, Buddy Temple received more than 56 percent of the highest percentage earned by a statewide candidate on the May primary ballot. He received upwards to 80 percent of the vote in his home counties in East Texas.

Buddy Temple believes that the Railroad Commission must restore Texas to a position of leadership and look forward to the energy needs of tomorrow.

"I welcome the opportunity to demonstrate that a state regulatory body can perform its duties effectively and efficiently with minimal intrusion into the lives of the people that it serves."

Buddy Temple

Buddy Temple will be the kind of Commissioner you can count on. ELECT BUDDY TEMPLE RAILROAD COMMISSIONER ON NOVEMBER 4.

Cedar Hill News

by Grace Lemons

Mr. and Mrs. Durrel Fortenberry visited Mr. and Mrs. Cobb at the Samford Lake last week.

Mr. and Mrs. John D. VanHoose celebrated their 43rd Anniversary with a very colorful trip visiting relatives for the past seventeen days. On the 7th they went to Purcell, Oklahoma and visited John D's sister and family, Mr. and Mrs. Harvy Cox. Then they went to Oklahoma City and visited their son and family, Mr. and Mrs. Alfred VanHoose and visited another sister, Mr. and Mrs. Dennis and family. From there they went to West Point, Missouri and visited Paulin's sister and husband, Mr. and Mrs. Williams. As they were returning

home they stopped in Purcell, Oklahoma again and then to Denton to visit their daughter and family, Mr. and Mrs. William Hensley and then to Kingsland to visit their son and family, Mr. and Mrs. Cecil VanHoose. They spent several days fishing and report a splendid fishing trip with plenty of delicious fish to eat and bring home. While they were in Missouri they made a shopping tour to Harrison, Arkansas and report a beautiful scenery with trees changing color from gold to a beautiful red and the sight was something to remember. They returned home Friday evening.

Mr. and Mrs. Alfred VanHoose of Oklahoma and Mr. and Mrs. Dan Whatts who

are moving to Oklahoma had supper with Mr. and Mrs. John D. VanHoose on the 19th. Wayne and Sherry VanHoose and baby also had supper with them.

Rev. and Mrs. Vance Mitchell visited Mr. and Mrs. John D. VanHoose this week. Fred Conner of Amarillo visited his parents, Mr. and Mrs. Jim Conner Thursday.

Funeral services for Tempest A. Phillips, 71 were held in the First Baptist Church in Lockney Monday at 2:00 p.m. with Rev. G.C. Applewhite officiating. Burial was in the Lockney Cemetery under the direction of Moore-Rose Funeral Home. Tempest was married to Joseph McKinley Phillip February 4, 1928 in Plainview and they

moved to Floyd county the same year. He preceeded her in death. Tempest died Saturday morning in the Lockney General Hospital from a short illness. She is survived by one sister, Geneva Leonard of Amarillo and several nieces and nephews.

Mr. and Mrs. Marvin Wells and daughters of Denton spent the weekend with Mervin's mother, Mrs. Mildred Wells in Lockney and also visited her relatives, the Marbles.

Carrie Craze of Crosbyton and Peat Kelley accompanied Norma Welch to visit Kate Crabtree Friday afternoon.

Mrs. J.R. Kelley visited Mrs. Alto Warren in Lockney Friday afternoon.

Mr. and Mrs. Tom Fortenberry had dinner with her sister and husband, Mr. and Mrs. George Taylor in Lockney Sunday.

Grace Lemons visited Sylvia Yearly in Lockney Sunday afternoon. Mr. and Mrs. C.W. Leonard were house guests in the home of Mrs. Yearly and Betty Mizer and family of Pampa also visited with them Sunday afternoon.

Gladys Fortenberry is reported to be much improved after an illness where she spent several days in Lubbock last week.

Mr. and Mrs. Garland Tucker visited Durrel and Patricia Sunday evening. Mr. and Mrs. Fred Fortenberry and Mr. and Mrs. Garland Tucker left last Monday on a fishing trip to Stamford Lake and returned home Thursday. They report a very good fishing trip and recreation.

Todd, Michelle and Terry Harris of Floydada spent several days with their grandparents, Mr. and Mrs. Cephus Fortenberry. Phyllis and Johnnie joined them for dinner Sunday.

Center News

By J.E. Green

Monday, October 27:

We had a cold nite and strong west wind this morning, but the sun in the p.m. is warm.

Sunday was "Everybody come" day at Calvary church. Nearly all did and brought dinner - a good service, as usual, and Sunday all had a good time.

Mr. and Mrs. Marion Carpenter have returned home from Dallas where they left her brother doing nicely after surgery. Today they are in Lockney to see his mother, Mrs. Claud Carpenter and then on to Plainview.

The Henry Brewers spent last week in Dallas and Wichita Falls visiting relatives. In Dallas they visited in the home of a son, DeWayne and family, and in Wichita Falls attended on Saturday the Brewer Reunion at the home of Mr. and Mrs. Joe Musgroves. Saturday nite they spent with a

niece and husband, Mr. and Mrs. Claud Draper. Sunday they were met at Wichita Falls by Mr. and Mrs. Mildred Watson and reached home Sunday nite. They had a good time, but today Mrs. Brewer reports a headache.

We are glad to know Mrs. Hal Thomas is at home since Sunday p.m. from weeks in Lockney and Methodist Hospitals. I guess we all feel there is no place like home.

Mr. and Mrs. Mike Carroll of Plainview dined Sunday with his parents, the Morris Carrolls. Mr. and Mrs. Brooks Carroll of Lubbock came for dinner with his parents, the Carrolls, today.

Mrs. Green dined Sunday with the Anthony Lattas. Others present were their children, Sam Latta and family of Mr. Blanco, Carol of Plainview and David, city. Vickie and the son, Jason, were absent - Vickie was home with a virus, but they also shared the delicious

dinner. Sunday dinner guests of the Thomas Warrens were Mr. and Mrs. Bob Alldredge, Mr. and Mrs. Olin Watson Jr., and Mr. and Mrs. William Bertrand.

Miss Vera Meredith's company, Mrs. Mize and Sunday Bro. and Mrs. Clay Muncy.

Our sympathy is with the family of John Callihan a pioneer of Lakeview and long time resident of McAdo. He was laid to rest Sunday in Floydada cemetery with other members of his family. Last rites were said in McAdo Baptist Church.

And our latest news of Dennis Taylor, years ago of Mt. Blanco, but for many years a pastor of a Primitive Church in Iowa.

Our sympathy is with his wife Rachel and family. Services we understand will be Thursday in New Salem Baptist Church.
