Hearing Loss Is Not A Sign Of Old Age

Chicago, Ill.—A free offer of special hearing aids to those who hear but do not understand words has been announced by Bell Telephone Laboratories. The non-operating model of the smallest hearing aid of its kind will be given absolutely free to anyone requesting it.

True, all hearing problems are not alike and some cannot be helped by a hearing aid. But audiologists report that many can be helped by the privacy of your own home. It is not a hearing aid, but it will show you how hearing help can be. It's yours to keep. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one ear.

These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 72089, Bell Telephone Laboratories, 4201 W. Victoria, Chicago, Ill. 60646.

Board seeks tax hike

By Patrick Clark
Lockney Board of Education will hold a public hearing Monday, December 15, on a proposal to raise the school tax 3.3 percent.

The hearing begins at 6 p.m. at the administration office. The current tax levy is 54 cents per \$100 of assessed valuation. The increase would raise the levy to 57.3 cents.

An increase is needed to cover a projected increase in the school budget for the 1980-81 school year. The total budget is over \$1.4 million.

School superintendent Dubois says the need for the increase is in the state-wide property tax increase during which property taxes in Independent School Districts are reassessed upward from \$70 to \$100 million.

"Looking at a tax increase," says, "I think it is only fair to give 'credit' where 'credit' is due. 'Credit' belongs to you and me to some degree and we are the big 'credit' goes to the

FLOYD COUNTY ROAD CREWS worked more than 24 hours snow fell on the area. Efforts to clear the roads were hampered by 25 mile per hour winds and reduced visibility.

Lockney gets 10 inch snowfall

A heavy snowfall estimated at nearly a foot in some areas combined with strong winds brought the first real taste of winter to Floyd County Sunday.

The snow and icy conditions forced officials to close schools throughout much of the county including Lockney and Floydada Monday, but most classes were back in session as usual Tuesday morning.

The snow began early Saturday afternoon and continued falling until late Sunday and early Monday morning in some areas.

Don Gowens, maintenance foreman for the Texas Highway Department at Floydada says he began calling in his men at seven o'clock Sunday morning. Within a few hours, according to Gowens, he had six trucks with snow blades, a grader and two trucks with front-end loaders on the road trying to make some headway against the still falling snow.

Gowens says the worst spot in the county was apparently on Highway 62/70 east of Floydada. There, Gowens says, winds estimated at 25 miles per hour and blowing fairly steadily created three foot drifts.

"We did pretty well, considering," Gowens says. "As soon as we'd get an area clear the wind blew the snow right back on the road behind us. It was like going in circles."

"The snow wasn't near as bad as the wind," Gowens says. "The snow was very fine and it blew easily. Sometimes it looked like a blizzard, even when it had stopped snowing because it was blowing so hard. East of Floydada there were times you couldn't see 50 feet because of the blowing snow."

Gowens says he was prepared for the snowfall and he and his men worked 25 hours without a let up. Gowens says because the snow came on the weekend it's going to cost the county a little extra money. Since he was forced to call his men in to work on Sunday each man received overtime pay for every hour worked through 8:30 Monday morning, more than 24 hours of overtime pay or most of the men called in for the emergency duty.

Gowens says his problems with snow removal were further compounded by a number of cars and several tractor-trailer trucks that became stuck in the snow on Highway 62/70 east of Floydada. Gowens says that several times they used their road grader to help get vehicles unstuck.

During the peak of the storm Sunday afternoon, traveling was next to impossible. Highway 87 between Lubbock and Floyd County and from Amarillo to Floyd County was littered with numerous vehicles that had become stuck in the snow. Many motorists reported it took over three hours to cover the 50 miles between Lubbock and Floyd County and over four hours from Amarillo to Floyd County.

The Floyd County Sheriff's Department reports that while there were no traffic fatalities during the storm, there were numerous minor accidents throughout the county.

WHILE THE SNOW MEANT WORK FOR MANY it also got a special chance to enjoy the snow when classes were cancelled Monday.

Livestock-poultry prices to rise

Livestock and poultry prices are expected to increase later this fall and throughout most of 1981 as total meat supplies remain below year-earlier levels. However, despite prospects for much higher 1981 prices, the outlook for producer's profits has been clouded by producer's higher costs, particularly for feed. Much higher costs, particularly for feed, are also in higher livestock and poultry prices for 1981. Higher livestock and poultry prices will be necessary to cover higher feed costs, particularly on marketings in the second half of 1981. If livestock and poultry prices fail to cover production costs, future output may be reduced.

Total red meat and poultry supplies are expected to increase seasonally this year, but remain below levels of a year ago. Increased fed cattle marketing this fall and winter will be further augmented by continued large nonfed cattle slaughter so beef production will likely be above year-earlier levels. Pork supplies are rising seasonally, but remain below last year's levels and the rate of decline will accelerate late this fall. Broiler producers have started to expand production in response to prospects for declining red meat supplies and higher prices. But increased in broiler output may be limited by higher production costs.

Per capita consumption of pork in 1981 may fall about 10 percent from 1980 levels, and beef consumption could be down slightly. Broiler consumption in early 1981 will about equal last year's levels and should increase throughout the remainder of the year, but not enough to offset the drop in red meat consumption. Consequently, per capita red meat and poultry consumption may decline about 2 to 4 percent in 1981.

Retail meat prices in the third quarter increased 4.5 percent from the previous quarter, but were still only 3.9 percent above the third quarter of 1979. The Consumer Price Index for pork rose 9.6 percent from the previous quarter but only 2.9 percent for beef. Declining meat supplies, rising consumer incomes, and continued high rates of inflation are likely to result in substantial increases in retail meat prices in 1981. Pork prices are expected to increase the most, perhaps 25 percent or more. Beef prices may increase 12 to 16 percent and poultry meat prices 15 to 20 percent. The sharpest price increases may begin in the second quarter as nonfed cattle slaughter slows with the beginning of the spring grazing season.

Fed cattle price gains will likely be held down through the first quarter of 1981 as the large nonfed slaughterer

Mackenzie vote This Saturday

Citizens of Lockney continue to come out in support of the Mackenzie Water Bond Election this Saturday.

The election will be held at city hall from 7 a.m. until 7 p.m. Residents of Lockney, Floydada, Tulla and Silverton will be voting on the issue and if one town should turn it down, there will be no treatment plant or piping water to the four towns from Lake Mackenzie. Instead the people will continue to pay taxes on the existing lake with no benefit of the water except for recreation.

Only requirement to vote is the person must be a resident of the town and a qualified voter.

The Chamber of Commerce as well as the City Council have come out strongly in favor of the Bond Election.

The problem that worries city officials is that the citizens of Lockney think that it will be an easy win and not come out to the vote.

Lockney passed the bond election in 1967. The need for water has grown steadily more critical. It is an even greater responsibility for the residents to come out and vote on this Saturday.

Only two absentee votes were cast at city hall before the early ballots were closed on November 18.

The county tax office has estimated that there will be 2208 eligible voters in Lockney and Floydada. It is hard to get an actual count because the precincts include tax roll outside of the city limits.

Wide support for Water bond issue

The city councils of the four towns that are members of the Mackenzie Municipal Water Authority, Tulla, Floydada, Lockney and Silverton, are endorsing the passage of the Mackenzie bond election set Saturday. Voting hours are 7 a.m. to 7 p.m. Balloting in Lockney and Floydada will be at City Hall.

Purpose of the election is to authorize the Authority to issue \$2,150,000 general obligation bonds. The election must carry in each city for the bonds to be authorized.

Any resident of the four member cities who has been a registered voter for at least 30 days prior to the election is qualified to vote.

The future of the four cities depends on securing an alternative water supply as the ground water supply from the Ogallala and Santa Rosa formations is being depleted.

The Mackenzie Authority's purpose has been to construct a reservoir on Tule Creek in order to provide a surface water supply for the cities and to construct treatment and transmission facilities in order to deliver water to them.

With the first part of the purpose accomplished — the construction of a reservoir — the completion of the project is now necessary so water can be delivered to the member cities. Cost of the reservoir construction and land was approximately \$3,360,000, financed by the issuance of general obligation bonds sold to the State of Texas Water Development Board in 1970 and 1972.

The bond election will finance the elements required to complete the project so that water can be delivered to the member cities. These include a raw water pump station at Mackenzie Reservoir; a raw water supply line to the treatment plant near the reservoir; a 4-million gallons per day treatment plant with over-lad capacity up to 6 MGD during peak demand periods and a treated water pump station; a 24 inch, approximately 25,000 foot water supply main to transmit treated water to a junction point near State Highway 86; and a two million gallon water storage reservoir at this junction. From this junction, three transmission systems are required: one for Tulla, one for Silverton and one for Lockney-Floydada.

Estimated cost for the supply portion of the system is \$4,405,000. Assuming that the Authority receives a \$1,000,000 grant from the supply phase estimated costs of \$4,405,000, the Authority would issue \$3,405,000 additional general obligation bonds. Of these \$3,405,000 bonds, the Authority has \$1,255,000 bonds previously authorized by election in 1969 but unused. Only the question of the authorization of the \$2,150,000 balance is the proposition on Saturday's ballot.

Silverton newswoman Says 'vote for water'

There is no way we can over-emphasize the importance of your vote on the Mackenzie Bond Issue on Saturday, November 22. This probably is the single most important issue to be presented to the voters in Floydada, Lockney, Tulla and Silverton in this decade.

The underground water in the area where the four cities are located is declining and is failing to produce enough water for the summer months. The only thing that kept the situation in check summer before last was that it was a fairly wet summer, and irrigation of lawns and gardens was held to a reasonable level. This summer's hot, dry weather brought the City's water situation to near-crisis proportions.

Can you imagine how all of us would have felt during the first few days of July if your home had caught fire and after the first few minutes of trying to bring the fire under control the water supply had run out and we had had to stand and watch all the things you had accumulated during your lifetime go up in smoke?

Do you know what the water shortage could do to our fire insurance rates?

We were near that kind of an emergency situation. The water usually kept in reserve in the ground storage tank was used up, kids were shooting fireworks,

and a very dangerous situation existed. We were lucky that there was no major fire.

Home gardens are important to help combat the economic situation, yet when voluntary water conservation measures failed to bring relief to the water shortage situation, it became necessary to hit residents in the pocketbooks to penalize them for large water usage. Your City Councilmen hated to have to do this, but they saw no other avenue open to them to relieve the pressure on the water system.

The wells have declined, some to the point that they are producing only a fraction of the water they produced even a year ago. Several years ago, when the City began purchasing water from the Brubs Bomar wells, it was thought that source of supply would be adequate for some time. But even these strong wells have declined, and are no longer adequate to provide for the City's water needs.

The City will be faced with purchasing another underground water supply if the bond election fails. It will cost a great deal of money, and the water may last a year, two years, three years—how long? Since all of the underground water is declining, it is likely that it would be only a short time before the City was again faced with the same situation.

Public safety chief urges safe driving

The Thanksgiving Holiday has always been a day when we give thanks for the things we enjoy here in the United States—some things a lot of us take for granted, such as our freedom, good jobs, and our automobile. Everyone agrees that this nation is marvelous, but it would be an instrument of suffering even death.

Major C.W. Bell, Regional Commander of the Texas Department of Public Safety in Lubbock, stated that this Thanksgiving Holiday weekend, thousands of more drivers will be on the roads and highways. Some drivers will be going across town—others will be crossing several states.

Major Bell also said that the Department of Public Safety wants you to have a safe and pleasant holiday, so if you are taking a trip out of town check your car, the road conditions, the weather conditions and your driving habits, and remember that the early darkness and heavy traffic call for more caution and speed. If we think safety first and drive defensively then a safe and pleasant Thanksgiving is almost certain.

Beacon Football Contest Winners

This week's contest winner were Ramland, 1st; Randall Stapp, 2nd; and Jr. Lee won 3rd place.

EDITORIAL

By Shelly Harris

I just got back from the Floydada town meeting on the Mackenzie Bond Election issue. It's cold outside, the streets and sidewalks are icy. There's basketball practice, play practice, and most likely several other activities, and there were 24 people at the meeting. Lockney's town meeting last Thursday night brought out 25 people.

There have been numerous meetings on this issue in an effort to give all the facts at hand to the eligible voters. So a lot of people have heard the issues involved and have asked questions. But an awfully lot of people haven't. If this were a burning issue with loud and vigorous opponents the two town meetings might have been filled.

But everyone knows we need water. There has been no opposition to that. The question just seems to be "can we afford it?" And "do we need it now?" Fellow citizens, the answer to those two questions should have packed the courthouse in Floydada tonight and the American Legion Hall in Lockney last Thursday.

We're talking about dollars, money out of your pockets. Whether you vote "for" the bond issue; whether you vote "against" the bond issue; or whether you don't vote at all...it is going to cost you to have water.

All indications at this time point to the fact that if the bond issue is passed, it will cost you less now than it will later. I have gone back through the Hesperian files to see how the 1967 Bond Election went when the four towns were faced with the total project. At that time the dam had not been built. The lake had not proven itself as a water reservoir.

I thought it might be interesting to share with you the dilemma that faced the four cities 13 years ago. April 27, 1967 edition of the Hesperian: "When the estimated cost of almost eight million dollars came through a week or two ago as an estimated cost on the Mackenzie Dam, the city councilmen of Tula, Floydada, Silvertown and Lockney sorta lost their breath!

Now, as they take a second look, they're beginning to look around and make sure there are no other possibilities for future water for the city before proposing the bond vote to the residents of the city.

Tula city council went home and immediately ordered a well driller to start digging two 1,000 foot wells to determine the strength of another strata of water.

The Floydada city council is making several areas of study into underground formations of water west of town."

The Floydada council realizes that it would have to put an expensive vote to the people. Water rates would almost be doubled and a property tax of 65 cents per thousand dollar evaluation for a period of 40 years would also be necessary to pay for Floydada's share of the almost eight million dollar project."

August 24, 1967 edition of the Hesperian: "Directors of the Mackenzie Water Authority Monday night approved a ballot which will be used in deciding the fate of a \$7.9 million lake, pipelines, pumping stations and treatment plants for the four member cities. The ballot offers only one issue for or against the whole project.

All cities voted for the "All or nothing ballot" except Tula. The delegation from Tula said that they were casting the descending vote because they felt their citizens would not approve the issue. They said that recently discovered deep water wells near Tula will likely result in Tula voters turning down the authority's bond issue.

Since the authority was created Tula has found good deep water resources, Floydada people are looking at a \$400,000 bond vote to buy land five miles west of town that has water resources for the next 25 years according to the city engineer."

September 21, 1967 edition of the Hesperian: The board of directors of the Mackenzie Municipal Water Authority in a meeting here Monday night, set the election day on \$7,975,000 water bonds October 14.

Representatives of Silvertown and Lockney have indicated that their residents want the election to pass. The Tula Chamber of Commerce has officially gone on record that they are not in favor of the complete job but that they are in favor of building the dam at this time, which is a cost of two and a half million dollars.

Floydada city council and chamber of commerce has not indicated how they stand on the election."

October 5, 1967 edition of the Hesperian: There was an indepth article of the cost of the project that ended, "The Hesperian is not presenting these facts (high water costs and tax rate) in an effort to oppose the Mackenzie project. It could be that all our underground water might play out within a year, that some other communities might secure the water rights to the Tule Creek watershed, that we would be left stranded here with the Canadian pipeline on the west and the Mackenzie reservoir on the north...but without a drop for Floydada.

"No one can be sure where wisdom lies."

October 19, 1967 edition of the Hesperian: "Mackenzie Municipal Water Authority, a plan to provide water for Floydada and three area cities, suffered a setback at the voting polls Saturday as two major cities in the Authority turned "thumbs down" on a \$7.9 million bond issue which would have established a complete municipal water supply from Tule Creek for the four cities of Floydada, Tula, Silvertown and Lockney.

The issue was defeated in Floydada by a vote of 57 for and 88 against and in Tula with 39 votes for and 456 votes against.

Both Silvertown and Lockney residents heavily favored the proposition and turned to the polls in strength. At Lockney 147 residents voted in favor with only 44 voting the issue. At Silvertown, 203 residents voted for the proposal and 13 against. Silvertown is almost out of water and Lockney may have to drill more wells in the near future."

November 20, 1980 And that's how it was in 1967. Now in 1980 we are faced with the same decision. Only now the total cost will probably be around \$18 million.

The wells that Tula is relying on so heavily are, I understand now running half force and could turn to salt any time. Silvertown's in a desperate situation, and Lockney is needing water now. Floydada is looking at from 10 to 15 years of water if nothing unforeseen happens to the water table. In '67 there was a 25 year projection.

Only 145 voters turned out in Floydada. Only 291 voters turned out in Lockney.

It is estimated that there are 2208 eligible voters this year. The absentee ballots closed on November 18th. 12 people voted absentee in Floydada and 2 voted absentee in Lockney.

It is foolish to berate ourselves for what has happened in the past. We would be very wise today if we could look into the future 13 years from now.

The value of history, however, is the lesson it teaches us.

Vote on Saturday, November 22

4-H members to be honored

Two outstanding 4-H Club members from Floyd County will be honored at the South Plains District 4-H Gold Star Banquet at 6:30 p.m. Monday, November 24 in Lubbock.

Among the top 4-H'ers in the district being honored will be Karyn and Melanie Foster, daughters of Mr. and Mrs. Eddie Joe Foster of Lockney.

State Senator E.L. Short will address the banquet in the cafeteria of Coronado High School, 34th Street and Vicksburg Avenue. Master of ceremonies will be television personality Bob Nash of KAMC-TV.

The awards presentation will be narrated by Dr. John Pelham of College Station, state 4-H leader with the Texas Agricultural Extension Service. Making the presentations will be Dr. Catherine Crawford and Billy C. Gunter, district Extension directors.

Some 450 persons, including parents, distinguished guests and special friends of 4-H will attend the banquet to salute the county winners, Ken Langley, county Extension agent said.

To qualify for the Gold Star Award, highest 4-H honor at the county level, a 4-H'er must be at least 13 years old, have completed three years of club work and be active in 4-H. The award is intended to stimulate winners to higher achievement and to encourage other young people to participate in the county 4-H program, Langley said.

Migrant program meeting to be held

A meeting of the District Parent Advisory Committee (District PAC) for Title I/Title II Migrant Programs will be held on Tuesday, November 25, 1980, at 7:30 p.m. in the A.B. Duncan Cafeteria. New officers will be installed. Parents of children who are enrolled in the Title I Reading, Title I Math, and Title II Migrant classes in A.B. Duncan School, Andrews Ward School, and Junior High School are encouraged to be present for this meeting.

La comision del Concilio Consejero de Padres de los programas Titulo I/Titulo II Migrante, tendran una junta el martes, noviembre 25, 1980 alas 7:30 p.m. en la cafeteria de la escuela A.B. Duncan. Nuevos oficiales seran instalados. Padres con estudiantes matriculados en Titulo I Matematica, Titulo I Lectura y Titulo II Migrante en las escuelas A.B. Duncan, Andrews Ward y la escuela Junior High seles anima esten presentes para esta junta.

Stock show entry meeting set

All Floyd County 4-H members interested in showing lambs, steers or barrows at many of the regional or state-wide shows are encouraged to attend the Stock Show Entry Meeting next Tuesday, November 25, at 7:30 p.m. in the County Extension Office meeting room.

All entries will be made and entry fees collected at this meeting. Any 4-H member that cannot attend the meeting should contact Jeff Major or Ken Langley at the County Extension Office and arrange to have their animals entered before the entry deadline, which is usually the first week in December for most shows.

Don't Blame Your Age For Poor Hearing
 Chicago, Ill.—A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid of its kind will be given absolutely free to anyone requesting it.
 True, all hearing problems are not alike... and some cannot be helped by a hearing aid. But audiologists report that many can. So, send for this free model now, and wear it in the privacy of your own home. It is not a real hearing aid, but it will show you how tiny hearing help can be. It's yours to keep, free. The actual aid weighs less than a third of an ounce, and it's all at ear level, in one unit.
 These models are free, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Thousands have already been mailed, so write today to Dept. 72090 Beltone Electronics, 4201 W. Victoria, Chicago, Ill. 60646.

Society and Features

BIRTHS

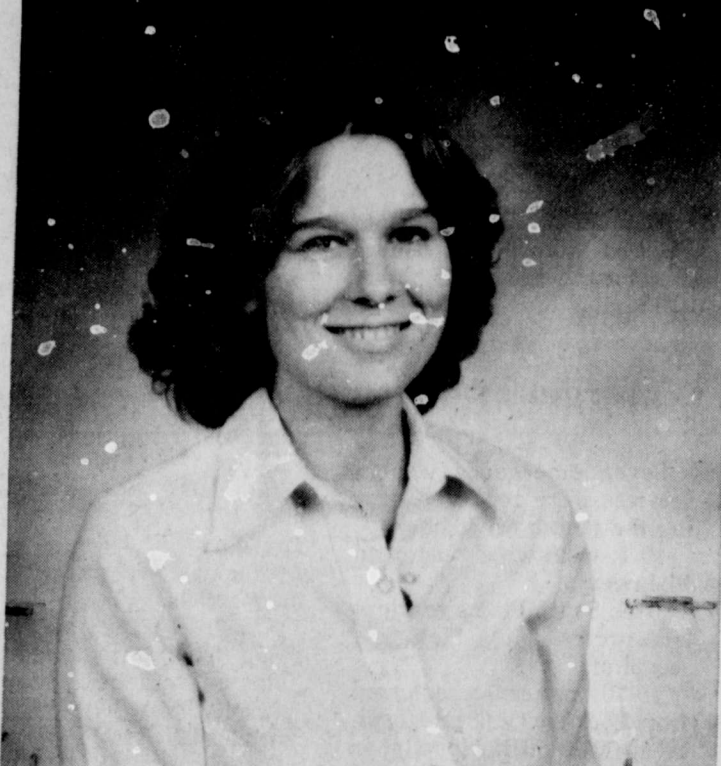

SCHWERTNER
 Mr. and Mrs. Arnold Schwertner of Floydada are the proud parents of a baby girl born November 7, in Central Plains General Hospital at Plainview.
 She weighed 7 pounds, 2½ ounces, and has been named Sarah Louise.
 Her grandparents are Mr. and Mrs. Robert Wierlich of Bethesda, Maryland, and Mr. and Mrs. August Schwertner of Floydada.
 Her great-grandparents are Mrs. A.A. Kahlig of San Angelo, and Mary Wierlich of Chicago.

WEBB
 Congratulations to Hollie and Celia (Copeland) Webb, on the arrival of their son, who was born Monday the 10th.
 His name is Walter Hollis Webb III, and he weighed eight pounds.
 Grandparents are Dee and Arla Copeland.

FLEMING
 Mr. and Mrs. Gayland Fleming Jr., of 2125 74th, Lubbock, announce the birth

of a son, Dustin Craig, weighing 6 pounds, 15 ounces born at 3:53 p.m. on November 7.
 Grandparents are Mr. and Mrs. Lawrence Stovall of San Angelo and Mr. Gayland Fleming Sr. of Forney.
 Great grandparents are Mrs. Ruth Trapp of Floydada, Mrs. Mamie Stovall of Plainview, Mrs. Jessie Tillery of Mt. Vernon, and Mrs. Effie Fleming of Canton.
 Great great-grandparent is Mrs. Etta Smith of Saltfllo.

CARTHEL
 Dart and Joann Carthel are proud to announce the birth of their first child, a daughter, Tobl Ann. She was born November 11 at 1:02 p.m. at Central Plains in Plainview.
 Tobl weighed six pounds, 12 ounces and was 19 inches long.
 Grandparents are Mr. and Mrs. Bobby McCormick and Mrs. Bobby Carthel of Lockney.
 Great grandparents are Mr. and Mrs. Paul Cooper and Mr. and Mrs. L.R. McCormick and Mr. and Mrs. W.L. Carthel, all of Lockney and Virgia Patterson of Plainview.

SHANNON BELL HART, formerly of Floydada, was listed into the 1980-81 edition of "Who's Who Among Students in American University and Colleges." Shannon is the daughter of Mrs. Ted Bell of Floydada. See story on Page 3B.

"Wives and watermelons are picked by chance." Greek Proverb

Western Jeans get 'shot in seat'

Western jean's latest "shot in the seat" is the one stamped "celebrity."
 Spurred by the popularity of recent western movies, TV shows and music, many manufacturers have recruited an array of celebrities to endorse their product, Becky Saunders, a clothing specialist, says in talking about one of today's newest fashion looks.
 Celebrity endorsements may also extend to other western wear, such as sweat shirts, jackets, vests, shirts and hats. However, jeans are the most popular item.
 As one current fad, celebrity western jeans will offer variety to sportswear -- with a fun choice of backing your favorite star.

Mrs. Saunders is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.
 She points to examples of popular celebrities including Willie Nelson, Mickey Gilley, Loretta Lynn, Conway Twitty, Burt Reynolds, "J.R. Ewing," Larry Gatlin, Charlie Daniels, Hank Williams and Larry Mahon as part of today's jean-fashion trend.
 And there are some specialty labels even banking on past images, such as John Wayne and Buddy Holly.

The celebrity endorsement most often appears as a name or picture on the label, along with recognizable decorative word(s) or design(s) on the back pocket.
 As with designer jeans, prices often are higher for celebrity versions than the plain traditional jeans.

Floydada Nursing Home Happenings

We all want to thank Mr. Tom Porter for the beautiful bouquet of rust mums, everyone has enjoyed them being in the lobby.

The entire nursing home staff and residents would like to express our appreciation to the family of Elmer Norrell for the beautiful flower arrangement. Mr. Norrell will always have a special place in our hearts because of the many donations he gave to our projects in the nursing home.

The residents enjoyed the visiting and piano playing by the homemaking children this week. Mr. Reed also enjoyed playing dominoes with Steve Stringer, William Lerma and Kyle Stewart our trip to Plainview Wednesday. The weather was real nice and warm. Those enjoying the trip were Enmit Lawrence, Verna McSwain, and her daughter, Jean Kendrick, W.C. Cates, Victoria Asher, Docia Manning and Juanita Bailey.

Thursday was birthday party time, hosted by the City Park Church of Christ ladies, white cake with pink cool whip as icing and fruit punch was served to all residents and employees. We had three honorees, Mr. Henry Love, 91, Ray Reed, 94, and Icy Biggs, 87, everyone had a real nice time.

Mr. Ray Reed was honored with a birthday party in Plainview, most all family members were present and everyone had a real nice visit and lunch.
 We enjoyed two beautiful movies Friday, "White Mane" and "Faces West." Ice cream cones were served to all residents.
 Mrs. Ella Finley is still in Caprock Hospital, however she is recovering nicely from a broken hip.

We appreciate all our visitors and welcome them back anytime.
 Visitors were Flo Ella Jarboe, Deeqta Odam, Merlene Breeding, Beaky Owens, Luther and Lorene Lancaster, Velma Stevens, Evelyn Crull, Lola and Earl Edwards, Lois Jones.
 John and Kate Fowler, Dana and Kim Ellis, Melvin Martin, Ginger and Jarrod, Sherry Colston, Audie and Ruth Noland, Kyle Stewart, William Lerma.
 Terri Marquis, Kristi Rainey, Angie Anderson, Rena Ledbetter, Vicky Vasquez, Cindee Davis, Steve Stringer, Mona Dean, Lu's Lopez.
 Charley Berry Sr., Lois Jones, Helen Johnson, Beulah Baker, Kim Baker, Otis, Dana, Kim, Jo Lee and Tom Ellis, Christine Robertson, Evelyn and Jack Crull, Sammie and R.T. Furrow, and Mrs. O.G. Mayfield.

Guests were registered by Miss Lisa Payne at an antique table decorated with the bride's book, plume pen, and a hand-painted, water-colored picture surrounding the wedding announcement, a gift to Miss Bradford from Mrs. Frances Montandon, Lockney.

The serving table was covered with a soft yellow, linen cloth with sheer beige lace trimmed overlay. The centerpiece was an arrangement of silk flowers and candles in earthtone colors. Silver appointments were used to serve coffee, spice tea, breads, sausage balls and cheese snappies.
 Hostesses were Mmes. Roy Baxter, W.H. Bunch, Bob Copeland, Bill Hardin, Randy Hollums, Travis Jones, O.G. Mayfield, Hollis Payne, Parnell Powell, W.H. Jr. Simpson, W.H. McClung, Ricky Swearingen, Jerry Thompson, Ray Timney, J.R. Turner, Wade Warren, H.C. Gilly, Ted Bell, Ralph Cogdell, presented Miss Bradford with a mixer and a silk flower arrangement.
 Connie and David plan a November 29 wedding at the First Baptist Church in Floydada.

Greeting guests in the receiving line were Miss Bradford, her mother, Mrs. Charles H. Bradford and Mrs. Johnnie Lee, mother of the groom-to-be, Aiken. They wore corsages made of fresh daisies in fall colors.
 Special guests were Miss Lisa Payne, maid of honor, Lubbock; Mrs. Ethel Shaddock, grandmother of the bride-to-be from Richardson, Mrs. Jackie Noel, Plainview and Mrs. Bob Gibson, Lockney.

Mickie Meeks with bridal shower

Jamie Lewallen's home was the setting of a bridal shower honoring Mickie Meeks bride elect of J. Don Jones on November 13 from 7:30 to 8:30, in Floydada.
 Mickie's honored guests were her mother, Mrs. Margaret Mauzey; grandmother, Mrs. Lucy Bingham; J. Don's mother, Mrs. Lillian Devathese; sister, Mrs. Joe Mack Breed, and niece, Branda and Jodie Breed.
 The table was laid with a yellow cloth trimmed in yellow lace. The centerpiece was a wooden cake plate on a pedestal with an earthenware flower arrangement in the center and on each side were matching wooden candlesticks with yellow candles. This was given to her by the hostesses, along with a gift.

"Put all your eggs in one basket and you'll lose them all."
 Channel 5, of public television, strictly educational case. South Plains News

by Mrs. Murray Julia.

Due to the deep snow and blowing winds, schools in South Plains, Floydada and Lockney are closed this Monday, after a weekend of blizzard-like weather, with drifts across rural roads and the main highways.

Because of the blowing winds, and drifting snow, South Plains came to a virtual stand-still Sunday and Sunday night. Sunday School and church services at the South Plains Baptist Church were very low in attendance as heavy snows blanketed the area. People got up Sunday morning to the blizzard-like winds and cold temperatures. High drifts make for little traveling. There is a six foot drift in my back yard, and blowing snow even as late as Monday morning kept piling up huge drifts. This is the first snow of this fall.

Plans were made for the Young Women's Ensemble of Plainview to appear at the South Plains Baptist Church Sunday evening, with Rev. H.S. Calahan Jr. and his wife, June Calahan, showing slides of their Missionary work in Liberia. Due to the snow and blizzard-like conditions, the evening pian had to be cancelled. Rev. Calahan and June are planning to visit relatives around the area the coming week.

Mrs. Letha Mulder went to Amarillo last week and got her granddaughters, Ronda and Candy Taylor, and brought them home with her to spend the weekend, and on Sunday evening she took them back home. She spent last week in Amarillo with the Jerry Taylor family, and returned home on Friday.

Halloween was celebrated at the South Plains School with a Halloween Carnival, which is an annual affair, sponsored by the South Plains PTA. A costume contest was held at the beginning of the carnival, and awards for the best costumes were given the following: Pre-School costume, Amanda Henderson; 1st and 2nd grades, Keith Teeple; 3rd and 4th grade prize went to Bryan Henderson; 5th and 6th grade best costume prize went to Van McNeese, and the Adult prize for best costume went to Mrs. Neta Marble. Halloween booths were held all around the school rooms, and after the costume judging, Frito pies, cakes and pies were sold at the lunch room. A nice sum was made for PTA projects. The party was held Thursday night, October 30.

South Plains PTA is selling South Plains Tee shirts this fall, and the shirts are selling for \$5.00 each. If you are interested, please call the South Plains School or principal, Mrs. Charlene Starke.

Mrs. Corda Taylor, of Muleshoe, mother of Mrs. Cecil Osborne, is in the University Hospital in Lubbock, where they are taking tests.

Ms. and Mrs. R.V. Bartlett of Fort Worth have been here visiting relatives, the Richard Sanders, the Orho Sanders and the Curtis Sanders family, recently. They had Saturday night supper with Mr. and Mrs. Richard Sanders and boys and others there for the weekend were Mr. and Mrs. Bobby Craddock of Sundown.

We extend our sincere sympathy to Mrs. Kelvin Cummings (Jolene) whose younger brother was killed this past Friday, down near Corsicana. Mr. and Mrs. Cummings flew down there to the family home and attended services on Saturday for her brother. We understand the brother was injured fatally in a car wreck.

Zach Cummings Sr., is in Lockney Hospital and has been there several days with members of their family coming here to be with the family. We are sorry to hear of several instances of illnesses including that of Mrs.

Smith, mother of Mrs. June Calahan, who is in the Lockney Hospital, and Billy Pean of Winters brother of Mrs. Shelby Calahan, who is in the hospital in San Angelo. We hope to hear better news from them next week.

Mr. and Mrs. Frank McClure spent from Thursday to Saturday night up in Shamrock with their granddaughter and family. Rev. and Mrs. Jeff Messer and family.

The first Cub Scout program at South Plains for the newly started Cub Scouts was held at the South Plains gymnasium at 4:30 p.m. Monday, November 4, with Mrs. Darryl Dennis (Brenda) as leader for the group of little boys who are Brian Henderson, Bryan Teeple, Tim Julian, Cory Mulder, Cody Dennis, Tracy Johnson and Tracy Bailey. The little fellows are a group of little eager beavers as they meet for these programs.

Lindsay Cypert, little 3 year old great-granddaughter of Mr. and Mrs. Frank McClure has been in the Plainview Central Plains Hospital with a kidney infection. She is home now, but still is not out of trouble.

Mr. and Mrs. Raymond Upton, Mrs. Ruby Higginbotham and Mrs. Mamie Wood were presiding at the South Plains voting polls on Tuesday, November 4.

Members of the South Plains Baptist WMU plan to go to Silverton to the First Baptist Church on November 19 to attend the teaching of the mission book taught by Mrs. Cobb. Each one should take a covered dish to have at the supper served at 6:30 p.m.

Mr. and Mrs. Sylvin Kinibrough left here Thursday for Oklahoma City, Oklahoma, where they visited until Saturday afternoon with their cousin, Mr. and Mrs. Horne.

Mrs. M.M. Julian left on Saturday of last week to go to Roscoe where she spent the week with her son and family, Mr. and Mrs. Terry Julian and Dickie, and on Sunday her granddaughter, Mrs. Bill Barnes of Commerce, joined them for the week. She attended Baptist Church services Sunday, November 9, at morning services where Rev. Randy Hughes is pastor, and Don Pesnell is music

leader and youth counselor. She also attended Royal Service meeting at the church Sunday evening. She came home Thursday.

Hobby Club of South Plains met Wednesday, November 12, in Lockney at the home of Mrs. Fred Fortenberry, with a program talk on "Americanism" given by Mrs. Virginia Taylor of Lockney. Roll Call was "Something New I Have Made for Christmas." The Christmas party was planned, and time for the party was set for Thursday, December 11, at the home of Mrs. Fred Marble in South Plains with a supper for members and their wives. Mrs. Fortenberry served pimento cheese sandwiches, lemon cake and orange punch to Mmes. Grigsby Milton Jr., Kendall Cummings, Tillman Powell, Harold Hamm, Keith Marble, E.J. Kinslow, Fred Marble and hostess, Mrs. Fred

Fortenberry. The next meeting will be the Christmas party at the home of Mrs. Fred Marble in South Plains on December 11, Thursday, at 7:00 p.m.

WMU Baptist Women held their November meeting at the Baptist Church on November 4, with a study on Major City Evangelism in Hong Kong and Singapore, with Mrs. Joyce Osborne and Mrs. Doris Powell bringing the program.

Put a drop or two of a favorite scent in a medium-size bottle of baby oil for a hot-water leg moisturizer, says Nancy Brown, a clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

FIRE CHIEF BOBBY WELBORN, right, received a check for \$600 from Lions Club President David T. Seay to be used for the purchase of the Jaws of Life rescue unit. Floydada Lions Club initiated the drive for the funds to purchase the unit and initially voted to donate one-half of the proceeds from the pancake supper. Instead the board voted last week to give 90% of the proceeds. As of Monday, the fund stands at \$2,230.

Security Information

Virginia Dewitt soc. sec. rep.

Question: I'm receiving disability payments and want to try to do only some light part-time work. Will my checks be stopped?

Answer: All return to work, part-time, light work or regardless of the type of work, should be reported immediately to Social Security, because there is a possibility you could be overpaid. Your checks may or may not be stopped, depending on a decision of whether or not your disability allows a trial work period.

Teleservice will save you time, energy and money! To file a claim for Social Security or Supplemental Security Income payments call collect, 806-293-4371. For assistance with other social security matters or Medicare call toll free 1-800-392-1603.

An Editorial Most Important

On Saturday, November 22, the citizens of Tulia will vote in the most important election in its history. Approval of the Mackenzie Water Bond election means that Floydada, Lockney and Silverton will have plenty of water for their less population towns.

We firmly believe that within the next 15 years, the water will continue to grow and prosper, while the "over the top" upon underground water for the future may no longer be available.

Here in Tulia we can look at hindsight and see that we missed two golden opportunities to assure water for the future. Meredith water is in a pipeline just west of Tulia and Tulia could get a drink from it.

Then we can look back a few years ago when we had the opportunity to approve the entire Mackenzie project for eight million dollars. We voted it down. Now, it looks like the project will cost near \$100 million.

Are we going to miss this last opportunity to secure water for the future?

MACKENZIE WATER IS A NECESSITY
... if we have any hopes at all of Tulia growing with the population.
... if we hope to maintain any sort of a town in the future.
... if we feel any obligation to the people who raised us.

All of us have enjoyed an abundance of water, cheap water, and should I care about water for my children and grandchildren?

Some are concerned about the cost. Well, what price water do you need a drink? Many pay as much per month for cable TV as the cost for Mackenzie water will be.

It is true that the timing is bad for this water bond election. Circumstances in getting the Farmers Home Administration loan and Silverton's decision that must be made now, make it difficult that we make the decision now.

Once Congressmen Jack Hightower and Charles Stenholm were in the four towns have voted they want Mackenzie water.

We hope our people can see the extreme necessity of the water. We really believe "IT'S NOW OR NEVER" and we hope our people will approve the bond election.

It's True.

"I built a new home about two years ago and decided to use the heat pump because it is energy efficient. Number 1, I like the idea of electric heating and air conditioning because it's cleaner. The heat pump system is clean and I like to maintain a place that stays clean. My walls stay nice, my draperies stay nice and I don't have lint everywhere... and I've had other systems where I did have that problem. The heat pump is great because it is clean... we've been very satisfied with it."

The things said about the heat pump are true. Find out more about the heat pump. It can save for you.

Most Important Vote

Saturday, November 22, the citizens of Tulia will vote on what is the most important election in its history. The approval of the Mackenzie Water Bond election means that Tulia, Lockney and Silvertown will have plenty of water for the future. If the four towns could very well dry up and revert back to population towns.

We firmly believe that within the next 15 years, the towns that have not continued to grow and prosper, while the towns that have developed underground water for the future may no longer be around. In Tulia we can look at hindsight and see that we have missed two golden opportunities to assure water for the future. The Lubbock water is in a pipeline just west of Tulia and Tulia residents can't see it. We can look back a few years ago when we had the opportunity to buy the entire Mackenzie project for eight million dollars. . . and we didn't. Now, it looks like the project will cost nearly twenty million dollars.

We are going to miss this last opportunity to secure water for the future. If we have any hopes at all of Tulia growing with new industry, if we hope to maintain any sort of a town in the future, if we feel any obligation to the people who succeed in the present, if we have enjoyed an abundance of water, cheap water rates, and don't want to selfishly say, "well, I won't be around much longer, so why worry about water for my children and grandchildren?" . . . we are concerned about the cost. Well, what price water, when you can't pay for it? Many pay as much per month for cable TV as the increased price of Mackenzie water will be.

We believe that the timing is bad for this water bond election, but we are in getting the Farmers Home Administration loan at this time. Silvertown's decision that must be made now, make it imperative that we make the decision now.

Congressmen Jack Hightower and Charles Stenholm see that the four towns have voted they want Mackenzie water. . . that the million dollar grant and FHA loan will be much easier to get. We really believe "IT'S NOW OR NEVER" . . . and we believe we will approve the bond election.

OBITUARY

JUNE WILEY KOCH
Funeral services and burial for former Lockney resident June Wiley Koch were held last week in Midland. Mrs. Koch, 46, died November 9 at her home in Midland.

Mrs. Koch was born September 21, 1932 in Dallas and was reared in Grapevine. She moved to Lockney where she graduated from High school. She also attended Southern Methodist University and Texas Tech University from which she was graduated in 1957 with a degree in business administration.

She married Charles E. Koch in 1956 and the couple moved to Midland in 1966.

Mrs. Koch was a member of the Community Concert Association, the Midland-Odessa Symphony Guild, the Midland Society of University Women's Club, Kappa Alpha Theta Sorority and the Midland Woman's Club. Survivors include her husband; a son, Christian Clay of Midland and a daughter, Gretchen Gay of Midland.

E.A. PHILLIPS
E.A. (Phil) Phillips, 50, of Enterprise, Alabama, son of Mr. and Mrs. M.L. Phillips of Plainview, died October 30 in Lyster Army Hospital at Fort Rucker, Alabama from an apparent heart attack.

He was a brother of Andrew Kerbo and Rachael Jackson, both of Plainview, of Ned Phillips of Hale Center and Bobby Lee Phillips of Floydada.

Funeral services were conducted at 2 p.m. November 2 in the Chapel of Searcy Funeral Home in Enterprise, Alabama with Chaplain Bernard Rux officiating. Burial was in Meadowlawn Cemetery.

Born in Ada, Oklahoma, Mr. Phillips grew up in Mangum, Oklahoma. He was a retired warrant officer who served 20 years in the U.S. Army retiring about 12 years ago. His wife and children lived with his parents in Plainview while he was on tours of duty overseas. He was a helicopter pilot with service in Vietnam, Korea and Germany.

Mr. Phillips, a graduate of

the helicopter school in Enterprise, Alabama, was employed by Petroleum Helicopters Inc. of Morgan City, Louisiana, at the time of his death. He had lived in Enterprise, Alabama 15 years.

Also surviving are his wife, Zina, a daughter, two sons, two other sisters, five other brothers and one grandchild.

ZACK CUMMINGS
Zack Carter Cummings, 87, died at 3:43 p.m. Monday in Lockney General Hospital. Services were at 2 p.m. Wednesday in First Baptist Church in Lockney with the Rev. John Jenkins, pastor, officiating, assisted by the Rev. Gene Osborne, pastor of South Plains Baptist Church. Burial was in Lockney Cemetery directed by Moore-Rose Funeral Home of Lockney.

Mr. Cummings, born September 17, 1893 in Atlanta, Texas, married Oma Calahan December 10, 1919 in Farmersville. They moved to Floyd County in 1923 from Clovis, Oklahoma.

A World War I veteran, Mr. Cummings was a member of the American Legion and the Veterans of Foreign Wars. He was a member of the Baptist Church and a retired farmer.

Survivors are his wife; three sons, Sterling K. Cummings and Kendall K. Cummings, both of South Plains, and Zack W. Cummings of Glen Rose; two daughters, Mona Geller of San Francisco, California and Jean Rose of Denver, Colorado; three brothers, S.T. Cummings of Clovis, New Mexico, Sidney Cummings of Woodburn, Oregon and Aubrey Cummings of Farmersville; two sisters, Jennie Limb of Antioch, California, and Alphia McQuery of Arlington; 19 grandchildren and seven great-grandchildren.

ANNETTE HANEY
Annette Haney, 85, mother of Mrs. R.C. Mitchell of Lockney, died at 10 a.m. Sunday in Hi-Plains Hospital in Hale Center after an illness.

Services were held at 10 a.m. Tuesday in Central Baptist Church in Lubbock and burial was in the City of Lubbock Cemetery directed by Sanders Funeral Home.

Born in Floydada, Mrs. Haney lived in Crosbyton and Ralls for a number of years. She married John

Haney August 31, 1913. He died in 1943. Mrs. Haney moved to Abilene in 1949 and to Lubbock in 1952. She was a member of Central Baptist Church in Floydada with the Rev. Floyd C. Bradley, pastor, officiating.

Burial was in Floyd County Memorial Park under direction of Moore-Rose Funeral Home.

Smith died at 4:45 p.m. Thursday at Caprock Hospital in Floydada after a brief illness.

MYRTLE DOWNS
Services for Myrtle Downs, 91, of Littlefield were at 2 p.m. Tuesday at Hemphill chapel of First Baptist Church in Littlefield with the Rev. Charles Broadhurst, pastor officiating. She was the mother of C.L. King of Lockney.

Burial followed in Littlefield Memorial Park with Hammons Funeral Home in charge.

Mrs. Downs died Saturday evening in Littlefield following a lengthy illness. She was a native of Tennessee and had resided in Littlefield for 50 years.

She also is survived by a daughter, three other sons, including Harland S. Downs of Abernathy; a sister, eight grandchildren and eight great-grandchildren.

ROBERT SMITH
Services for Robert E.

Smith, 75, of the McCoy community were at 2:30 p.m. Saturday at the First Baptist Church in Floydada with the Rev. Floyd C. Bradley, pastor, officiating.

Burial was in Floyd County Memorial Park under direction of Moore-Rose Funeral Home.

Mr. Clarkston was born February 19, 1906 in Bowie. He married Rosa Nolan November 22, 1926 in Quanah. A retired railroad man, Mr. Clarkston came to Floyd County in 1959 from Lubbock. He was a Baptist.

Surviving are his wife; two sons, Donald Eugene Clarkston of Lubbock and Mickey Ronald Clarkston of Lockney; two brothers, Ardell Clarkston of Carlsbad, New Mexico and A.B. Clarkston of Oklahoma City, Oklahoma; two sisters, Ellen Fullerton and Inez Henry, both of Vernon; two grandchildren and three great-grandchildren.

JANIE ALANIZ VILLA
Services for Janie Alaniz Villa, 27, of Elkhart, Kansas, were at 4 p.m. Sunday in St. Mary Magdalene Catholic Church with Robert Corinas, deacon of the church, officiating.

with burial to be in Lockney Cemetery directed by Moore-Rose Funeral Home of Lockney.

Mr. Clarkston was born February 19, 1906 in Bowie. He married Rosa Nolan November 22, 1926 in Quanah. A retired railroad man, Mr. Clarkston came to Floyd County in 1959 from Lubbock. He was a Baptist.

FARM & RANCH NEWS

Kiwanis seek Farm-city Understanding

This year's Farm-City Week focuses on farm and city people together as partners in progress as the key to the future.

Farm-City Week, November 21-27, is sponsored by the Farm-City Council and Kiwanis International.

"Farm and city people depend on each other for products and services that are essential to modern business and living," points out Dr. Carl Anderson, economist in marketing with the Texas Agricultural Extension Service, Texas A&M University System. "One group can't live without the other. Together they make the best food and fiber team in the world."

A basic ingredient for the economic, political and social success of a country is a highly productive agricultural base, believes Anderson. This gives a country the capacity to not only feed its own people but also to export for economic gain as well as for humanitarian purposes.

"One U.S. farm worker now produces enough food for some 45 people at home and another 25 overseas," says the economist. "At the turn of the century, one American farm worker could feed only seven people."

A dozen eggs, a sack of potatoes, a slab of bacon, a steak, a chilled fresh fryer, a carton of milk and hundreds of other items can be bought at almost any food store at almost any time and at a comparatively reasonable cost - reasonable, that is, compared with the cost of most other things.

"While the overall cost of living has advanced 13 percent from a year ago, food prices in the grocery store have increased less than 10 percent," Anderson explains. "Americans, on average, spend 17 percent of their income on food compared to 45 percent for people in Russia."

One out of every 25 Texans is a farmer or a rancher, yet 30 percent of the state's retail trade business is directly associated with agricultural production and selling of food and fiber products. Thousands of businesses are active in food and fiber production, transportation, processing, packaging, storing, advertising, distribution and other activities associated with feeding, clothing and, to some extent, housing people, notes the economist.

"In Texas, movement of food and fiber from field to factory to the family table furnished jobs and income for about a fourth of the working force," points out Anderson.

Preparations begin for Southwestern stock show

Almost 6,000 premium lists for the 1981 Southwestern Exposition and Fat Stock Show, scheduled January 28 through February 8, were mailed recently to potential exhibitors, reports W.R. Watt, Jr., president-manager.

Premiums for the 85th annual livestock show and rodeo exceed \$350,000," Watt said. "Exhibitors are urged to read the premium list carefully before mailing entries. Some rules have changed and exhibition times rescheduled from previous years."

Watt added that exhibitors who do not receive the book may request one at the Stock Show office, P.O. Box 150, Fort Worth, Texas 76101, or pick up one at the office, 3400 Crestline Road.

Exhibitors of cattle, sheep, swine, horses, donkeys and mules have until December 10 to enter. Deadline for poultry, rabbits and pigeons is January 15.

The Register of Merit Hereford Show this year will honor Henrietta rancher Bryant Edwards. Premiums for this prestigious event have been increased to \$15,000. The Stock Show will also host a Standard of Perfection Polled Hereford Show.

Premiums available to exhibitors in the junior division total \$51,536. All junior heifers must be registered in the exhibitor's name by November 1.

High quality cattle auctions planned this year include commercial Hereford females, selected Hereford bulls, Angus, Shorthorn, Polled Hereford, Brahman, Maine-Anjou and Simmental cattle, and Limousin range bulls.

Open and non-professional cutting horse contests will be held at the show, along with new classes in the horse division for junior and amateur exhibitors. Auctions also are set for Paint and Quarter Horses, and donkeys and mules.

Mail orders are being accepted for tickets to the 22 Rodeo performances. Rodeos are scheduled at 8 p.m. January 28 through February 8; at 2 p.m. January 31 through February 8; and at a special 10 a.m. matinee on January 31.

MOBILE WEIGHT—Colonel Jim Adams, director of the Texas Department of Public Safety, says 12 new vans with trailers containing semi-portable scales will be used by state troopers to weigh trucks and other heavy vehicles. The mobile scales will provide more flexibility in administering the license and weight laws and will result in a higher percentage of compliance with the statute while preventing additional

damage to the state highways from overweight trucks. State License and Weight Sergeant Wesley Johnson of Pecos, left, Harold Kornegay of Garland, center, and Bill Summerlin of Abilene check out one of the new items of equipment. The new equipment, which was funded through a federal grant by the Department of Highways and Public Transportation, will make the weight-enforcement program more effective.

1980 cotton crop declines, But Texas still leads nation

Cotton Crop Drops: The 1980 cotton crop will total 11,224,300 bales, according to the U.S. Department of Agriculture's November 1 estimate.

The total is down 365,000 bales from the October 1 estimate and 23 percent from the total in 1979.

Top states in production are Texas, 3.4 million bales; California, 3.0 million; Arizona, 1.3 million; and Mississippi, 1.1 million.

Arizona farmers lead the parade in estimated per-acre yields, with 1,062 pounds per acre. California is next with 983 pounds per acre. For the Cotton Belt, the estimated per-acre yield is 408 pounds.

Chairmen Named: Ed Breihan, general manager of the Plains Cooperative Oil Mill, Lubbock, will serve as general chairman of the 1981 Beltwide Cotton Production-Mechanization Conference, January 7-8, in New Orleans.

James Sanford, cotton producer and president of McQueen-Smith Farms, Prattville, Alabama, will be chairman of a session on new developments from agricultural chemical and equipment

industries, scheduled January 6 as part of the Beltwide Cotton Conference.

The National Cotton Council will sponsor the general conferences in cooperation with other groups.

by Barry McWilliams

FIX-IT FACTS

Thurman Davis foreman for professional-looking paneling. Molding is not only a great way to give a room a finished, tailored look but also to cover up any paneling imperfections. Locations which may require molding are usually those places where paneling problems (measuring, etc.) are most likely to occur. At the bottom of the wall, baseboard molding completes a good transition from wall to floor. Cove molding provides the same transitional function from wall to ceiling. Cove comes in many different designs and widths to match a room's style. Framing door and window openings, flat casing molding finishes those hard-to-measure places. Outside and inside corner molding covers ragged edges and irregular panel joints. Wood or plastic molding comes either prefinished or unfinished. All molding and trim should be cut with a miter box and backsaw to insure an accurate, tight fit.

The 1980-81 edition of
"Who's Who Among Stu-
dents in American Uni-
versities and Colleges" will
carry the name of Floydada
native Shannon Bell Hart, a
senior at Wayland Baptist
College in Plainview.

The Jasper Chapter of the
ACU Alumni Association has
a unique interest in provid-
ing funds for the Chain of
Office. John C. Stevens served
as minister of the Jasper
Church of Christ from 1938 to
1941 and still has many
personal friends in this area.
It was his first employment
after college, and he was the
first full-time preacher for
the congregation.

Don Hall will be conclud-
ing 2 years as President of
the ACU Alumni Association
this fall.

Jerry Pollan initiated

Jerry Pollan, son of Mr.
and Mrs. Edwin Pollan, of
Floydada, was among four-
teen nurses who were induc-
ted into Sigma Theta Tau,
the national honor society for
nurses. The initiation cere-
monies were held Saturday,
November 15 on the campus
of West Texas State Univer-
sity.

To be eligible for mem-
bership in the WTSU chapter,
persons must have complet-
ed at least half of the
requirements for a bachel-
or's or master's degree in
nursing and have maintained
a 3.0 grade point average on
a 4.0 scale.

Jerry received a bachelor's
degree in nursing from WT
in May and was on the
President's list for having
maintained a 4.0 grade point
average in the Spring sem-
ester. He is presently work-
ing on a master's degree and
plans to complete his studies
at the University of Texas in
Arlington.

LAKEVIEW NEWS

by Mrs. Joyce Williams

Miss Marlis McGaugh has
been baby sitting for the
children of Mr. and Mrs.
Gene Smith after school.

Mr. and Mrs. Tony Soto,
Sr., came Saturday to wish
Mary Ann Quilantan Happy
Birthday. The cake was de-
corated with thirteen candles
for this youngest daughter of
Mr. and Mrs. Reynaldo Quil-
antan. She received new
clothes from the Sotos and
her parents.

Mr. and Mrs. Wayne Mc-
Ham and sons, Andy and
Bruce, ate Sunday dinner
with her parents, Mr. and
Mrs. Neil Pierce, at their
home north of Floydada.

Mrs. Lanny Glasscock met
with other room mothers at
Duncan in Mrs. Kay Dean
Smith's class room Tuesday.
Her daughter, Angie Glass-
cock, and other students are
selling tree ornaments for
the Duncan P.T.A.

Miss Mary Ann Quilantan
and other members of the
Junior High Pep Club went
to Tulia last Thursday for the
football game.

Mrs. Jimmy McGaugh and

other members of the Alpha
Sigma Upsilon sorority met
last Tuesday at the home of
Mrs. Dwain Franklin. Mr.
Dwain Franklin, Junior High
art teacher, gave a demon-
stration of creating rope art.

Mr. and Mrs. Jimmy Mc-
Gaugh worked in the band
concession stand at the foot-
ball game last Friday. They
attended the band contest at
Lubbock's Jones Stadium
last week. Floydada's band
received a second division.

Everyone is stripping cot-
ton; working late; too tired to
go anywhere. More news
when the work's all done this
fall.

In the meantime, Mrs.
Wayne McHam and son,
Andy, have been making
Christmas decorations. It's
only six more weeks until
Christmas.

There are drifts of snow of
up to 3 feet and we appre-
ciate the efforts of Commis-
sioner Jack Lackey for get-
ting maintainers out to clean
highways so that the farmers
and people that work in town
could get to work.

The Floyd Philosopher

Editor's note: The Floyd
Philosopher on his Johnson
grass farm looks at television
this week, in a sidelong sort
of way.

Dear editor:
Some educators are saying
too much television-watching
is to blame for kids' goofing
off in school. If I was in
charge of graduating stu-
dents who can't read or write
I'd jump at the chance to
blame it on TV or anything
else I thought I could get by
with.

I don't know whether tele-
vision damages kids or not
but it sure has damaged
politicians and other promi-
nent people.

Before television, a person
could go for years without
seeing his Senator or Con-
gressman and naturally a
certain mystery surrounded
them. You figured a U.S.
Senator for example, to get

that high up in the affairs of
the nation, had to be some-
thing of a giant of a man.

Television has ruined that.
You see them on the evening
news and discover most Sen-
ators and Congressmen are
just ordinary people like the
rest of us. Don't know any
more about what causes in-
flation and how to stop it
than you and me.

You see an Attorney Gen-
eral on television hemming
and hawing and dogging a
question and find he's not
any smarter than successful
lawyers in thousands of small
towns across the country.

You see the head of a big
New York bank on television
and find he doesn't seem any
sharper than a banker here in
Floydada or Lockney. The
main difference is that when
the New Yorker makes a loan
it has more zeroes after it,
like \$1,000,000 instead of
\$5,000, but the soundness of

the loans is the same, or
neither bank will last.

I have seen the heads of
the big car companies on
television but I won't go into
that.

Or take a network male
reporter. The accuracy of a
news story he reports and
one reported in The Hesper-
ian or The Beacon is about
the same. The only differ-
ence is the TV reporter reads
well and generally has a good
head of hair. At the same
time, there are reporters on
small papers who have hair
too.

Television may have im-
proved some leaders' image
but it has leveled a lot more.
If you want to maintain a
reputation for being a giant
of a man, stay out of the
range of a TV camera.

Yours faithfully,
J.A.

farmers and ranchers by the
ods from about mid-November to
January will be receiving crop or
Livestock Reporting Service
or will be personally interview-
ed by the Service's field staff. And
percentage of the questionnaires
received by farmers in the 25
plains counties represented by
Cotton Growers, Inc.

Why Joe D. Unfred of New
York, PCG President, is urging
farmers complete the question-
naires accurately as possible and
cooperate with TCLRS in
gathering information through the
interviews provides
for determining final acreage,
production of crops and
livestock and poultry
for the state of Texas and for
the nation.

Estimates published by TCLRS
on the data provided by Texas
and ranchers county Extension
offices and many others
are sometimes make for pretty
"bling," admits Unfred, "but
essential to producers seeking to
production and marketing deci-
sions on sound information rather
than otherwise would be mostly
guesswork."

Also needed by farm
planners and legislators in pro-
gramming and enacting wise
and are used in establishing
and payment levels to pro-
duce the various commodity
estimates. "And the more conscientious
in supplying requested
information," Unfred adds, "the more
useful the estimates will
be."

Agri-
Facts
By
Jerry Perry

Cotton is going to be
Representatives of
National Cotton Council
industry leaders will
challenging, through
Federal court system,
ruling by OSHA which
cost the cotton industry
equivalent of 25 cents
pound. Purpose of the
is to severely limit
amount of cotton
created in textile
OSHA gave an
estimate of 500 million
dollars in costs but
spokesmen say the real
will probably total about
BILLION dollars by
time the program is
implemented. Officials of
national Council say
works out to about a
a pound for all
produced during the
years it will take to complete
the dust control plan. It
though the regulations
apply to the textile
only, repercussions
undoubtedly be felt by
producer, and ultimately
consumers.

Thousands in schools Suffer eye injuries

Last year the eyes of a Texas high school student were severely burned when the d-natured alcohol he was heating exploded in his face. Also last year a first grader needed treatment because he bounced a large eraser into his eye. Both accidents resulted in days lost from school. Both are also just two of the nearly 10,000 school age accidents that the Texas Society to Prevent Blindness estimates occur each year.

"The causes vary," says Clymer L. Wright, Jr., Society president. "Some happen because students don't wear the provided safety eyewear. Some result from horseplay; one boy, for instance, was hit in the eye with a ballpoint pen shot from a rubber band. There are also an incredible number of youngsters who stick anything from their finger to a scissors - or an eraser - into their eyes."

"However, these accidents have one thing in common," he stressed. "Ninety percent of them could have been prevented if the students had some 'Eye-Q' - this is, some awareness of the basic rules of eye safety, an awareness that the Society hopes to develop through its new three-part 'Adopt-A-School program.'"

"The program is designed to bring eye care and eye safety knowledge to 500 children at specific grade levels and also to their families," he explained. "Each part consists of a 16mm film or film strip, a teacher's guide, wall charts, classroom lesson plans, and weekly take-home pamphlets."

"Program I is for grades K-4," he went on. "It is built around a short marionette film, 'The Eyes Have It', and is designed to make young children aware of such play-related yet potentially eye damaging items as darts and stick games."

"A second program is keyed to grades 5 and 6, a time when active youngsters need to be reminded that they must take care of their

eyes or chance losing "The Magic of Sight," the title of the program.

"Program III is for grades 7-12 and stresses the importance of proper safety eyewear," Wright said. "Even though a state law requires safety goggles in labs and shops, we read time and time again in Texas Education Agency accident reports of students who've been injured because they didn't have any protection or were wearing the wrong kind. This program, called an 'Option To See' will help teachers educate their students in safety techniques. We feel sure its innovative teachings will substantially reduce the number of eye injuries in secondary schools."

WINTER ARRIVED IN FLOYD COUNTY with a fury over the weekend as up to ten inches of snow fell on the area. The snow was accompanied by 25 mile per hour winds that caused three and four foot drifts and reduced visibility to less than a hundred feet at times.

Lockney Hospital Report

Nov. 11 - Nov. 17

William Ray Edwards, Floydada, adm. 11-21, continues care.

Bess White, adm. 11-11, dis. 11-12, Jordan.

Delfina Escobedo, adm. 11-15, continues care, Hong.

Baby boy Escobedo-Alfredo, adm. 11-16, continues care, Hong.

Bertie Melton, adm. 11-16, continues care, Hong.

Complaints reviewed

Numbers of complaints about mail-order merchandise are second only to complaints about automobiles, says Nancy Granovsky, a family resource management specialist.

Mail-order merchandise must be delivered within 30 days after the seller receives the order, according to the Federal Trade Commission's present mail-order merchandise rule, she explains.

For delays longer than 30 days, the mail-order company must refund your money at the end of the first 30 days, if you request them to do so, the specialist adds.

Mrs. Granovsky is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

Early peoples in India used the blown-up hide of a bull as a float to cross rivers and other bodies of water.

TOMMY HANCOCK

Tommy Hancock, new high school ag teacher, moved to Floydada from Olton. He taught there for eight years and was in Canadian the two years prior to that.

Among the duties of an ag teacher, Hancock enjoys stock shows, shop and judging contests...and about in that order he says. "I hope we can go to more stock shows this year."

One project his classes will be working on for this year is to have a local stock show to give the students a little preparation before the County Stock Show. The local show will be on the Saturday before the County show on Sunday. It will be sponsored by the Chamber of Commerce.

Another project going on right now is the remodeling of the ag building.

Tommy's wife, Stacy, is a secretary at Duncan Elementary. The couple has two children; Keith, 11, and Cammy, 8.

Accidental hypothermia to other diseases

The next time a cold wind slices through your clothes, you may wish you could not feel the cold at all. But as many as one in 10 older people are in real danger because they are not sensitive enough to cold.

Sometimes people, especially those over age 65, have bodily malfunctions that keep them from noticing cold and regulating body temperature well. So when they stay in a consistently nippy atmosphere (sometimes no colder than 65 degrees Fahrenheit) for a long time, body temperature can drop low enough to be fatal from a condition called "accidental hypothermia."

Since hypothermia's symptoms may be similar to those of some other diseases, no one knows positively how many people die from it yearly. But the risk is very obvious because thermostats are going lower as heating bills go up.

Instead of the often obvious symptoms (such as hard, white, numb areas) that can indicate frostbite, hypothermia symptoms can mimic other diseases and be less obvious. Meanwhile, the victim's body can slow down until unconsciousness occurs and ultimately the heart stops.

Once the core of the body has gotten cold enough to be hypothermic, several days can pass before unconsciousness occurs. In the meantime, symptoms may include bloated face, pale and waxy or occasionally oddly pink skin, trembling in one part of the body, slurred speech, dulled awareness and slow

Jaws

BY PATRICIA
The Lockney Jaw has succeeded. The fire department passed a mark with a \$1,500 the Floyd County within hours, the jaw Lockney.
The jaws actually and the Lockney received over \$8,500. The extra money will fire department equip.
The jaws is a gasol of hydraulic equipm push and pull. It can traffic accident victim age of their vehicles doors to allow firemen burning buildings. Jaws can apply 12 pressure.
The Lockney jaws about two-months an accident at Hale Cen became trapped with combine. The close Plainview and it took minutes for it to arrive scene. Once there, it minutes to get the man

Volume 79 Number

Near-blizzard Floyd Cou

Near-blizzard ripped Floyd County the second time in ten-days yesterday. About ten inches of snow had fallen early afternoon and the National Weather Service was calling for another three to five inches before it stopped combine down.
Winds were clocked at 20 miles per hour with gusts to 27 causing three to five foot drifts and at times reducing visibility to no more than 50 feet.
The National Weather Service officially classifies a blizzard as a snowfall with 35 mile per hour winds and blowing snow. A Weather Service spokesman at Lubbock says yesterday's snowfall was close but not quite a blizzard.
Schools at Floydada called off classes yesterday while Lockney schools did not open until 10 o'clock in the morning and

Wilbur Mize says He won't close

Wilbur Mize, owner of Mize Pharmacy and TV on Main Street in Lockney, says there is no truth to rumors he is going out of business. Mize says the rumors began circulating in town after he experienced some personal problems. He also says there is truth to the report he is going to sell his house.
Mize has been in business in Lockney for 18-years and he says he hopes to be in business in Lockney for another 18-years.

New four-way stop in Lockney

A new four-way stop intersection has been established at Southeast First Street and College in Lockney.
Police Chief Bill McConnell says the stop signs were constructed because the intersection is blind from some directions and there has been a number of traffic accidents there over the years.
McConnell says there will be a training period before he begins issuing tickets for failure to obey the stop
