Council sets rate; Increase

19th consecutive year. Lockney residents will not be faced with an increase in their real or personal property taxes.

Council has set the tax rate at 19-cents per hundred dollars assessed value.

Claude Brown says he believes the only taxing unit in Floyd County that did not raise its tax rate this year is Lockney.

Result of the state-wide property tax increase, the 19-cent rate is now \$1.41 per hundred dollars assessed valuation rate charged.

Year, property in Lockney was valued at nearly \$11.2 million and was levied on 25-percent of the valuation. Under the state-assessment, property in Lockney valued at just over \$21.7 million is levied on 100-percent of assessed valuation.

City tax bills go out in October due by the end of the year. Due to the state-wide recent, the tax bills for this year were sent out in December. It has been determined when tax bills will become delinquent.

City's budget for the 1980-81 year, which ends March 31, is \$1,190,000.

19-cents, 13-cents or \$27,933 into the general fund for bond retirement.

Most of the city budget will come from various sources, including the water department, sales tax, franchise taxes, fines and the city

School Board elects directors

Five directors of the Lockney Development Board have been elected to new one-year terms for the year ending March 31.

The directors are: Claude Brown, Carroll Lemons, Pat Frizzell, Jim Huggins and Bill Hallmark.

Lemons, who has been board president, will also assume duties as administrator for the program, succeeded by Copeland.

Boys accused of vandalism

Fourteen-year-old boys were taken into custody in connection with the spray painting of over a dozen cars and buildings in Lockney.

Two were released to the custody of their parents and Lockney Police Bill McConnell says other suspects are being questioned and the investigation is continuing.

McConnell says the youths are accusing a parking lot on 15 cars over two weeks. The cars were parked northwest and Southwest Second and Southwest Fourth Street and were in a parking lot. In addition, the cars were sprayed on the back of Page's market twice, on the side of First National Bank and on some high school buildings.

Rotary will host driving course

The Lockney Rotary Club will sponsor an intensive driving course in March. The course will be taught in Lockney by Bill Sinclair of the Texas Department of Public Safety. Sinclair taught the Rotary's last defensive driving course three years ago.

Those who complete the course may be eligible for a ten percent reduction in their premiums for collision and liability insurance. If two members of a family take the course, then they are eligible for reduced premiums on both vehicles. The reduction is good for three years and those who received a reduction after taking the last Rotary course will not continue to receive the reduction unless they take the course.

The course will be offered at 7 p.m., on Dec. 23, 24 and 26 at the Rebekah in Lockney. The course costs \$5 per person and is open to the public. You may register for the course by contacting the Lockney Rotary Club member.

School board approves 33 percent tax hike

As expected, the Lockney School Board has approved a 33.3 percent increase in the tax rate.

The board voted unanimously in its regular session to set the tax rate at 72 cents per hundred dollars assessed valuation.

The regular session immediately followed a special session of the school board at which the board unanimously approved a budget for the 1980-81 school year of over \$1.43 million.

The tax increase was needed to cover a \$156,000 increase in the school budget.

In addition to the budget increase, the school district also lost \$79,000 in income, according to superintendent Dub Hallmark, through the state-wide property re-evaluation.

Efforts to cutback, such as not replacing four teachers and eliminating three bus routes, were not enough to cover the budget increase when combined with the loss of revenues through the re-evaluation.

Santa Claus coming

Santa Claus, through special arrangements with the Chamber of Commerce, will be paying a visit to Lockney Saturday.

Santa will arrive on a firetruck from the south end of town and will ride down Main Street to Locust. He'll be giving out candy and gum and hearing Christmas gift requests from 2 p.m. to 5 p.m. on the sidewalk between Brown's Department Store and Rowell's This R That.

Clark named Beacon editor

Lockney Beacon publisher Shelly Harris has named Patrick Clark as managing editor.

Council awards franchise

BY PATRICK CLARK

Lockney, at long last, may soon have cable television.

The City Council late yesterday afternoon awarded a new cable franchise to Jerry Ford of Floydada.

The council unanimously voted to award the franchise to Ford over Big Springs Cable Television, which recently bought the Floydada system and had sought the Lockney Franchise.

Lockney Mayor Claude Brown says there are several reasons why the Council chose to go with Ford over Big Springs.

"Jerry Ford comes well recommended," the Mayor says. "He'll be a community man. He's got local money behind him and Jerry will give us local ownership. That'll mean quick service."

Ford, who had been manager of the Floydada Cable System before it was purchased by Big Springs, had said that if he was awarded the franchise, he could have a cable system operational in Lockney in 120-days or the first of May, if weather conditions permit. Mayor Brown, however, says he believes it'll take about six months for the service to begin.

Ford has indicated his cable system will cost \$11 per month for one television with a one-time hook-up charge of \$10. It will cost \$1.50 per month for each additional outlet plus a \$12.50 one-time hook-up charge for each additional outlet.

Rural residents victims of burglaries

Until recently rural residents have escaped the burglaries that are plaguing town dwellers in ever increasing numbers.

Not so any more. Thieves have begun watching farms and learning the owner's routine. Then when the place is deserted they select whatever they want and carry it off.

Floyd County has been hard hit the last few weeks. The sheriff's department is alarmed at the robberies that have occurred and the enormous task of trying to patrol the entire county.

The answer: neighbors looking out for neighbors and farmers refusing to buy so-called bargain items.

Veteran lawmen agree that the only way to slow the outbreak is for farmers to cooperate with the law and to communicate better among themselves.

This past week one area farmer became suspicious of an unknown car driving over his farm. He then saw that car and a pick-up driving around his neighbors farm. The pick-up he recognized as belonging to the other farmer.

He contacted the sheriff's department. Officers were able to apprehend the burglars as they drove away from the other farmer's barn with two new tires.

They had parked the pick-up back at the barn.

The suspects were Mexican nationals and were deported.

The High Plains of Texas is the area hardest hit. Members of the Texas Rangers give two reasons for this; the region's vast agricultural resources and the nearness of the High Plains to Mexico, the destination for many of the stolen items.

Tires and personal items are not the only things stolen. Farm chemicals, herbicides and pesticides, are also high on the list of items that can be resold quickly.

One unusual feature about farm crime is that thieves often are local people who stay out of jail by making restitution to the farmer.

The farmer often would rather have the money than see the thief in jail.

Texas Ranger Jim Null of Plainview said that it's not uncommon for a thief to steal 5 to 10 gallons of herbicide and then sell it directly to another farmer at a very low price. This is difficult to stop. Only farmers can stop that type of crime by refusing to buy bargains.

Whether there is a gang working in Floyd County or whether it is individual is hard for the sheriff's office to

Ford has gained financing for his system from First National Bank of Lockney and he has reached an agreement with Southwestern Public Service Co., to use their utility poles for his system.

The Ford cable system is tentatively slated to include:

Channel 2: Home Box Office or Showtime would be available as an option at an additional cost of \$10 per month.

Channel 3: 24-hour weather channel.
Channel 4: WTBS, Atlanta, Georgia.
Channel 5: KTXT, Lubbock, Public Broadcasting System.

Channel 6: to be announced later but it might be used by a local church.

Channel 7: KMAC, Lubbock.

Channel 8: Christian Broadcasting Network.

Channel 9: WGN, Chicago.

Channel 10: WOR, New York City.

Channel 11: KCBD, Lubbock.

Channel 12: to be announced.

Channel 13: KLBK, Lubbock.

The decision to award the cable franchise to Ford came after the council declined to transfer the old franchise held by Floydada cable to Big Springs.

The old franchise was awarded to D.H. Pope December 8, 1977. Pope was operating the Floydada system at the time but never built in Lockney.

Pope, who appeared before the council last week with officials of Big Springs, said he was never able to start

the Lockney system because of high interest rates, and the relatively low amount of revenue the Lockney system might have earned.

In order to clear the way for Big Springs to apply for the Lockney Franchise, Pope signed a release at last week's Council meeting releasing the city from any agreement with him on the franchise.

City Attorney Paul Lyle said Lockney could probably have voided the ordinance awarding the franchise to Pope for lack of performance, but Pope's signature on the release expedited awarding the new franchise.

Jim Lancaster of Big Springs Cable told the council his company was interested in the Lockney franchise only because it had the Floydada franchise since company officials felt Lockney could not support a system by itself. Lancaster said Big Springs would not have a local office and would have operated the Lockney franchise from Floydada.

The charges Lancaster listed for a Lockney system were generally less than those that will be charged by Ford, but Lancaster said it would take Big Springs at least a year to get a system operational in Lockney. Big Springs would have also had to set its own poles because it is involved in a lawsuit with Southwestern Public Service.

"Without the help of that farmer we wouldn't have been able to catch those fellows with the stolen tires."

Many rural homeowners have reported that their telephone would ring and then the calling party would hang up when the phone was answered.

Reward offered in Two rural burglaries

Rewards are being offered by Crime Call in two more rural robberies this week.

The sheriff's department received report of a burglary at the Weldon Becker residence on the Ralls Highway from Mrs. Ferguson.

Mrs. Ferguson was watching the Becker's residence while they were on vacation.

Upon arrival at the scene officers found both front doors open, and a window in the corner bedroom broken out.

It is believed that potential burglars use this method to determine when the house is empty.

The best prevention is to be alert and work with neighbors to watch each other's farms.

Keep an eye on abandoned buildings and suspicious traffic around them.

Watch for strange vehicles or persons around farms, country grain elevators and cotton gins.

When anything suspicious is noted report this information to the local law authorities.

Glass and debris littered the bedroom. A gun cabinet in another bedroom was open and empty.

Drawers were opened in various closets and cabinets in the house.

Commissioners set tax rate

County Commissioners met in two sessions Monday, December 8.

Regular Court was held in the morning and early afternoon.

At 5 p.m. Commissioners met again for the special posted meeting to set the county tax rate. Rate was set at 31 cents per \$100 valuation for the year 1980.

Taxpayers will not be receiving their statements until January, but those who want to pay taxes earlier may do so starting December 15 at the tax office.

There will be a 3% discount allowed for taxes paid thru January 31, 1981. A 2% discount for taxes paid in February and a 1% discount for taxes paid during the month of March.

Jett Major, county extension agent, met with the court to discuss out of county travel. It was agreed that the agents only travel to the out of county stock shows that they feel necessary and preferable that only one agent go to the out of county stock shows.

Major also said that the cotton samples taken from the county would cost \$1.25 per sample to be ginned. Floyd County has 59 samples this year

A pillow from one of the bedrooms was found by the front door with the pillow case missing.

Value of missing items is not known but a conservative estimate would be approximately \$2,100 for the total loss.

A three-hundred dollar reward has been offered by Mr. Becker via Crime Call for information leading to the arrest and/or conviction of persons committing this crime.

Jessie Calderoni, another rural resident, reported that his house had also been broken into while he was on vacation.

Several items of value were taken. The house had been thoroughly ransacked, and a window had been broken out.

Guns, radios, and tools had been taken as well as jewelry valued at \$1,000.

A reward of \$200 has been offered by Crime Call for information leading to the arrest of persons committing this crime.

The informant does not give his name to authorities. His identity need never be known. If you have information of these burglaries call 983-5200.

and the court agreed to pay for the ginning.

Karen Kirby, Blue Cross and Blue Shield representative, met with the court to inform them that maternity benefits are now required for group insurance policies. Commissioners voted to take the maternity benefit for Floyd County employees.

Bids were opened for a new pick-up for Precinct 3. Commissioner Grigsby Milton made motion that the Oden Chevrolet bid for the 1981 truck be accepted. Motion passed.

Later, after consideration, Milton indicated that it would be best for the new precinct 3 commissioner, Tomas Warren, to pick out the truck he will be using.

A special called meeting will be held at 8:30 a.m. Friday morning. Only item on the agenda at this time will be to record the motion accepting the bid.

A request was read from county librarian Jackie Walls for new shelves for the library in Floydada and Lockney. The request was discussed and tabled until after the first of the year.

All commissioners were present.

Jury deadlocks in Ready trial

BY SHELLY HARRIS

The Lloyd Dale "Skipper" Ready trial ended about midnight Friday with a 6 to 6 deadlocked jury vote.

Those of you who were interested have already read the accounts of the trial in the Lubbock Avalanche-Journal. You also probably read the sensational stories printed last April when the incident took place.

If you read the account carefully you probably wonder how six of your fellow citizens could vote Skipper Ready innocent.

Therefore in defense of those six jurors I hereby offer this "country newspaper" account of the trial.

I spent four days in and out of the court room. I talked to nearly everyone who wasn't handcuffed. (In this particular trial that eliminated several key witnesses). And I don't know how the jury could have gone anyway but the way it did.

CONFLICTING TESTIMONY

The first thing that struck me was no one seemed interested in truth. The jury was spoon-fed testimony. Innuendos were thrown out and then just left in the air.

Everyone seemed to be lying. The Cameron family testimony was exactly opposite that of the Ready's.

The Cameron family of four all told the same story. In his closing argument the attorney from the District Attorney's office gave the impression they believed John T. Cameron because they didn't think any four people could have made up such a bizarre tale and have kept the facts all straight.

The main detailed part of that story rested with John T. Cameron. He is a dapper, well-dressed, man who reminded one of the Ben Vereen character of "10-Speed" on the short lived T.V. series "10-Speed and Brown Shoe."

Anderson repeatedly referred to the statements given to the police by the family right after the incident. The statements of the two teen-age boys, Damon and T.J. who are 16 and 18; were only about three-quarters of a page whereas their mother and Cameron's statements were up to three pages.

Well, the boys were only involved in about three hours of the three day ordeal. So their part of the story, which they did have perfectly coordinated, wasn't too complex.

The mother, Betty, didn't get home until 4 a.m. so the time that she was in on the incident didn't take that much in the telling.

By the D.A.'s own admission, the police investigation was lax. They didn't

scientifically determine which gun had been used to shoot Skipper Ready until the second day of the trial and that was at about 10:30 at night. They didn't question the apartment managers where the incident took place.

That young couple lived in an apartment connected by wall to the Cameron apartment. They were the ones awakened by Betty early the next morning. They were the ones that had seen Cameron a week before with a gun, slapping it in the palm of his hand.

Not until a week or so before the trial did any law enforcement officer try to contact them about the incident.

ANDERSON ASTOUNDED

When defense attorney Anderson said in his closing remarks, "I am astounded! Astounded; that this case has come to trial." I couldn't have agreed more. My opinion is it was the most sensible statement made during the entire four days.

The charge was kidnapping. That is what the trial was all about.

No one was on trial for shooting Skipper Ready.

Ready's father, who is a well-respected, retired, businessman in Lubbock, testified he had given his son \$200 that day as a loan until Skipper's check from the oil field came in.

Yet there was no \$200 found on Ready. His billfold was missing.

The family testified Ready had bound their hands behind them with black electrician's tape. Yet when the police arrived Ready was the one bound with tape. No one seems to know what happened to the tape that was around the wrists of the three male members of the family. It was never found.

Immediately after the incident, when police arrived, witnesses testified the mother and two sons were joking and laughing about it. Cameron however, was in a terrible state.

His testimony at the trial was such that it was difficult for one to comprehend the monstrous treatment he had received in the hands of Ready and his wife. He actually broke down in court with deep sobs that echoed throughout the room. A recess had to be called while he composed himself.

He testified he was frightened by the guns, terrified by the snakes, and had "never been so scared in his life."

It was such a traumatic ordeal for him that eight months after it happened, he sobbed just with the retelling.

All this from a man who has spent three years in the penitentiary for two armed robberies. A man who a few months later was arrested for shooting and robbing a man named McWilliams.

McWilliams was a defense witness who is now in jail. He testified that Cameron had bragged to him about shooting Skipper Ready.

The whole trial was unbelievable.

At one time I tried to count up how many times the defendant and witnesses had been in jail and prison. How many separate trials they had been in or are now facing. How many crimes they have been arrested for. How much money they have cost the taxpayers for the state of Texas.

Now for the six jurors who voted guilty. I don't mean to be defending Skipper Ready. He has served time in prison. He's been arrested numerous times. He is now under indictment for a 1976 murder that the D.A.'s special investigators say they have recently tied to him.

Anderson says it is only circumstantial evidence

GERALD ANDERSON was the defense attorney in last weeks trial.

Anderson moves and speaks with the assurance of the successful. He has a lazy manner, but his eyes are quick and sharp. He is a man of keen intellect.

Ready has been in trouble off and on for most of his life, it seems. According to his attorney he stole a car when he was young and was imprisoned. He went back for possession of a gun a couple of times. He went back for a bad check.

As the trial progressed and I became acquainted with Skipper and Brenda Ready, it was hard to imagine them in the role of "Bonnie and Clyde."

Skipper Ready has messed up his life. But that's not what he was on trial for.

LLOYD DALE "SKIPPER" READY, on the left, was on trial at District Court on a change of venue from Lubbock. Trial ended with a hung jury. Pictured with Ready are his father, Zeb Ready, and his wife, Brenda.

His father, Zeb Ready, owned a bearing business in Lubbock before he sold out and retired. Wayne Russell, who owns Russell Equipment in Floydada, dealt with him for years and said, "He's the finest man you'll ever know."

Skipper worked for his father and Floyd County was part of the territory he covered.

"Skipper was one of the nicest salesmen that called on me," Russell said. "He has been to our house to dinner on several occasions. You couldn't ask for a more enjoyable fellow."

Where in is the truth?

Lions Governor here today

Marshall W. Cooper, governor of District 2-T2 of Lions International will pay an official visit to the Floydada Lions Club at noon today at the Massie Activity Center.

Cooper is director of Girlstown, U.S.A. at Whiteface. His visit today is part of his official duties as district governor.

Lions Club President David T. Seay urges all Lions to be present for today's meeting.

Congressional Committee

by Charles Stenholm

Members of the National Federation of Independent Business have overwhelmingly approved of proposed legislation which would limit the length of time the federal government can require records to be retained to four years.

The proposal, sponsored by Congressman Charles W. Stenholm and Jack Hightower, both Texas Democrats, was included in NFIB's latest Mandate vote on issues and was approved by 90 percent of members responding. Only seven percent opposed the proposal.

Stenholm and Hightower are currently working to obtain additional co-sponsors for the legislation, which will be reintroduced during the upcoming 97th Session of Congress.

"The measure had considerable support during this past session," commented Stenholm, "and with this type of strong backing from NFIB members, we expect to see it move rather quickly through the channels."

The bill would establish a four-year statute of limitations for businesses to keep records for business records-keeping and civil violations of labor rules, regulations or laws. It would require businesses to maintain records indefinitely and are required to maintain records to civil penalties within time limitations.

"This is one way to bring down the cost of doing business," Stenholm said, "and chip away at inflation rate. The proposal is a necessary and timely measure to help small businesses pass along the end user of the product service involve." If the bill is passed, it will save more than 1,100 million dollars in record-keeping requirements imposed on small businesses each year.

"While our bill will not eliminate any of the regulations, limiting the retention time of required records would alleviate much of the burden on businesses and cut costs significantly."

Water board

Mackenzie Municipal Water Authority set the same 18 cent tax rate year. This year, however, it will be \$100 evaluation.

Cities of Floydada and Lockney are mailing out the statements in a week or so.

A discount has been offered to all payers who pay their Mackenzie bill during the first 30 days from the date of mailing.

After that 30-day period there will be no discount.

Payers will also be able to buy early family entry permit to the Mackenzie Lake recreational area at a discount when they pay their bill.

"How do we collect these taxes?" has been a question that I have been asked. I am not an authority on this, but I do believe that a list of all delinquent taxes should be published in our Newspaper, listing the names of all persons who owe delinquent taxes with the amount owed, years owed, and also stating that there will be a Tax Sale of these properties (date set by the Attorney who is the legal advisor for the City and County) if taxes are not paid by this date and the property sold for delinquent taxes. This would, I believe, help to get those that want to pay their property to come and pay back taxes. If they did not come to pay the delinquent taxes or make arrangements to take care of them, they would show to the City and County that they were not interested in keeping their property. It is not paying their taxes, they are saying it is all right to sell the property for delinquent taxes.

Again, may I say that if delinquent taxes were collected, or even a portion of them, there would be no need for a tax increase as high as is being proposed at this time. I am a Concerned Citizen of this Community and also a taxpayer, and I will pay my taxes, but I have a question in my mind. "Why do we have to pay taxes while others get by without paying them?"

Taxpayers will also be able to buy a yearly family entry permit to the Mackenzie Lake recreational area at a discount when they pay their taxes. The discount permit fee will be \$20 for the year and is available to taxpayers only.
Neil Taylor, Mackenzie Lake manager, reports that he has been in touch with Representatives Charles Stenholm and Jack Hightower to expedite the attainment of the grant and loan monies that have been approved for the over ground water supply.
The appropriations committee met on a national level and "both Hightower and Stenholm have really been working on this thing to put some money down here to go with the money on the state level so that we can go ahead with the project," Taylor said. "We should hear before the first of the year."
Taylor said that work has been started on the boat ramps in the recreational part of the lake. Concrete slabs will be continued from their present location to the top of the hill. Asphalt parking lots will also be put in. After that expansion work is completed there should be no problem getting boats in and out regardless of the weather.
No tax money is used for the recreational area. Sale of permits will pay for 30% of the work being done now, and the other 70% is paid for by the Park and Wildlife.

EDITORIAL

Seven and eight years is a long time for someone to let their taxes go unpaid and no one trying to collect them. Could it be that I could own a piece of property in the City of Floydada or the County of Floyd and go for years without paying any taxes on it? No, I could not do that, but there are those who have gotten by with this very thing. They own property, real estate or personal items which are taxable, yet have paid no taxes on it for years. This should not be.
I do not know that this will bring about any results in this matter, but I have at least expressed my point of view regarding the matter of delinquent taxes in our City and County. I trust that those who have the authority to do something about this matter will take it into sincere consideration, get to the bottom of this matter, and do something constructive about it in the very near future.
Taxes are important and are needed for the operation of our City and County government, but it is unfair to tax those who do pay their taxes with a higher rate of assessment and let others go without paying any taxes. This is a serious matter, and I trust that it will be considered and worked out very soon.

Post office gives tips on Christmas mailing

Floydada Postmaster Ed Wester reminded customers that for the best service this Christmas season they should use ZIP Codes, place their return address in the upper left corner of the envelope and use proper postage.
"By following these suggestions," Postmaster Wester said, "you will be assured good mail service this holiday season."
It is important, the Floydada Postmaster said that families double check envelopes and cards to make certain that proper postage is affixed, especially to foreign countries. Envelopes without postage will be returned to senders, if possible, or delayed by postage-due procedures.
"When the return is placed on envelopes bearing holiday greetings, it also helps remind friends of one's current address," the postmaster said. And, if the family to whom a holiday message is sent moved more than a year ago, it cannot be forwarded. With a return address, Postmaster Wester said, such letters are returned to the sender with a notation that the forwarding order has expired.

Christmas party planned

The senior adult Christmas party of the Baptist Young Women of First Baptist Church in Lockney that was to have been held last Monday will be held at 5 p.m. next Monday at the church's fellowship hall.
The party was postponed due to bad weather this week.
Transportation may be arranged by calling the church office at 652-2251.

Winter driving difficult

Winter driving on wet, icy, or snow covered roads is different and drivers should prepare themselves by "cold proofing" their vehicles and adjusting driving habits, according to Major C.W. Bell, Regional Commander of the Texas Department of Public Safety. "Batteries, tires, windshield wiper blades, and anti-freeze are items that need to be checked. Weak batteries should be replaced, tires should have good deep treads, and good wiper blades are vital in winter when visibility is poor," he said.

"Fall Fun Recital" to be presented Thursday

Elaine Hardy of Lockney will feature her Floydada piano students in the "Fall Fun Recital" Thursday night, December 11 at the First Baptist Church in Floydada at 7:30 p.m.
Jazz, Ragtime, rock, inspirational, Broadway, movie and T.V. musical numbers will be played by each student playing two numbers and then duets will be played by all of the pupils.
Students playing from Floydada will be Kim, Tana and Sheryl Perry, Amy and Anita McCormick, Chad and Shannon Edwards, Cathy Langley, Amy Burns, Andrea Bonner, Laron Cheek, Jamie Thayer, Cristi McNeill, Alissa Hambright, Tammy and Mike Leatherman, Christi Norrell, Abby Hendricks and Lori Lyles.
Three Lockney High School students will assist, Amy Shaw, Shawnda Brock, and Stephanie Bybee. Also Tasa and Angie Taylor will play from Petersburg.
Angie Taylor, Andrea Bonner, Amy Burns, Alissa Hambright, Abby Hendricks and Amy Shaw will narrate the program.
Mrs. Hardy will give her students, their family and friends a reception immediately following the recital.
The Lockney students will present their recital on Friday, December 19, at FBC in Lockney.

Santa Claus just might be stopping by your house

What could be more contagious than a child's excitement on Christmas Eve? Listening for sleigh bells or pecking out the window in hopes of catching a glimpse of Santa's sleigh or Rudolph's bright nose-it's almost as much fun as the gifts themselves!
Imagine what it would be like if Santa himself walked through the door! Well, anything can happen, and this year Santa has sent word that he'll be taking time to drop in for a personal visit in a few homes on his way through Floydada on Christmas Eve.
The Alpha Mu Delta Chapter of Beta Sigma Phi is helping Santa by taking you: invitations and passing them on to him. They request a minimum donation of \$5 for their service, and the proceeds will be used for club projects, including the "Jaws of Life" fund. To find out more about how you can have Santa pay a personal visit to your house this December 24, call Revis Pernell at 983-3084, or Donna Anderson, after 3 p.m., at 983-2172.
Hurry! Santa has a long trip to make that night and can only visit a certain number of homes!

I was there. Tibor was Officer of the Day at the Embassy, and that meant he was to take care of problems that arose when he was on duty. He told me one little incident that he had in the morning, that they had an accident in jail. He went to the Embassy and met Wes Egan, who is next to the Ambassador, and he was being held. Wes went to the Embassy car, and he had the flag on the car. He had tried to get out, but he was held. He had tried to get out, but he was held. He had tried to get out, but he was held.

We are so grateful to Mrs. Benson as our hostess. She is certainly a wonderful Bible teacher. Her year olds come here to

dolls, for presents. That was real caviar. Tibor said the kind they sent was like \$300 a can. I don't care if it was that expensive, I still didn't like it.

They gave a huge shower the Saturday after I arrived, and the Salvation Army, the Chinese, Russian, Irish, English and American Embassies and some of the Missionaries gave them homemade gifts, big dolls (rag dolls) bibs, pillows, blankets and then some of them gave them cards saying they had ordered gifts from the States, and they would give them when they arrived.

All of the Embassy people are very friendly, and they meet for parties quite often. Once while I was there, the Ambassador's wife, sat with the babies, so that Jane could take me to the vegetable market and store. Once a week the Embassy driver goes to the Dutch farm outside Lusaka, to buy milk, butter, eggs and cheese for all the Embassy, and they sell their eggs 10 in a bunch instead of 12 per dozen.

Jane told me that the Chinese Embassy, had them all there last year for a Thanksgiving dinner celebration. They played games and then had a ping-pong tournament, and went swimming and played tennis.

In Lusaka, the markets are open. I noticed that avocados, grapefruit, bananas, lemons and strawberries were plentiful. The vegetables are brought in daily from the farms. In the stores, you can buy some American products, like Ajax soap. There's not a large selection of anything in Lusaka, most things are imported, canned goods, etc.

The meat markets close at noon. The meat is brought in daily, fresh as they have no refrigeration to keep over a long period of time at the stores. They have no processing plants.

In Lusaka, they have no sewer system, they use septic tanks. They are uneducated people and have a high crime

Food supplies rated plentiful to adequate

U.S. farmers have filled Santa's pack with 18 foods in plentiful supply and with dozens of other foods in adequate supply during December.

So reports the U.S. Department of Agriculture in its monthly Food Marketing Alert, which describes food supplies as plentiful—more than enough for requirements; adequate—enough to meet normal needs; and light—not enough for normal needs.

Pork and broiler-fryers are the only plentiful meats, but beef and turkey are in adequate supply.

Favorite fruits for the holidays—oranges, grapefruit and tangerines as well as apples and winter pears—are plentiful this December.

Processed cranberry products are plentiful, but fresh cranberries are only in adequate supply.

There will be plenty of dried prunes and dried raisins for the holiday baking; also, plenty of almonds, filberts and walnuts to offset the drouth-reduced pecan crop.

Donations needed for Cal Farley's Boys Ranch Christmas Suit Fund

The annual drive to outfit all of the 380 boys of Cal Farley's Boys Ranch with new suits began December 5. Purchasing new suits for the boys with donations of \$45.00 is a favorite way for many friends of the Ranch to help at Christmas time.

"His first suit is something a boy never forgets," Virgil Patterson, Ranch President, said. "We want to make it a happy Christmas, not only for the boys now

living at the Ranch but, also, for new boys who will be coming to us during the coming year."

Amarillo department stores cooperate with the Christmas Suit Fund by giving special discounts on boys' suits. Other boys will receive gift packages of clothing that will include shirts, ties, jackets, trousers or other articles needed by them.

"A new suit or clothing

package is the best Christmas gift any of our boys will receive." Mr. Patterson said. "It is a year-round reminder of those who really care."

Donations to the Christmas Suit Fund may be mailed to the Boys Ranch Office, P.O. Box 1890, Amarillo, Texas 79174, or be taken to the office at 600 West 11th Street in Amarillo.

Did you receive your 1980 IRS refund check

The IRS has distributed a listing of undelivered refund checks for 1980. These are checks that were returned because of possible address changes.

Those listed from the area were: Jose Luis Hernandez of Lockney and Francisco and Aucilio Ramos of Petersburg. These people and any others that may have not received their refund checks may call Internal Revenue Service to claim them. They may call toll free at 1-800-492-4830.

The Lockney Longhorns defeated River Road, 75-66, to take the consolation round in the boys' division of the Tulia basketball tournament. Jeff McCormick led the Longhorns with 27 points while John Cummings had 25. "We played real inconsistently," Coach Mike Lebby says. "We'd play real well for two or three minutes and then we'd play real badly. We had a lot of turnovers, too. But it's the first time the boys have brought home any kind of trophy in a long time."

Lady Horns stop Dimmitt 58-52

The Lockney Lady Horns varsity basketball team defeated Dimmitt, 58-52 at LHS. JV girls win Lockney tourney

The Lockney junior varsity girls basketball team defeated Slaton, 30-28, to win the Lockney junior varsity basketball tournament. Karen Mathis led Lockney with ten points. In the opening round of the tournament, Lockney easily defeated Otton, 41-24 and then squeaked by Muleshoe in the second round, 54-52. "I think the defense actually won the tournament for us," Coach Sheri Haynes says. "We kept Slaton's post from getting the ball and shooting inside and they couldn't shoot very well from the outside." The junior varsity girls are now 4-1, for the season.

McDonald looks for someone to pass the torch

McDonald looks for someone to pass the torch during the second quarter of the Lockney Longhorns' season. It was a bad night for the 'Horns' as they rolled to a 90 to 58 victory.

Dimmitt stomps HS Longhorns

During the second-half by Dimmitt blew Lockney Longhorns varsity basketball team, LHS.

Horns held tough the Dimmitt powerfully the first quarter, only 18-13 at the start second period. But they led up to 21 with less than two minutes to go in the half. Dimmitt coach sent in his second string result to the scoring leading 41-24 at half-time Dimmitt came back on the court with the start of the third quarter and sank 12 consecutive shots to put the game safely out of reach of the Longhorns.

"We tried every defense I could think of," Coach Mike Lebby said afterwards, "but we just couldn't shut them down. Our boys don't have anything to be ashamed of. Dimmitt blitzes nearly everyone they play."

John Cummings was high point man for the 'Horns' with 23 points while Jeff McCormick added 13 and Nick Christian had ten.

Take to ski slopes easily carefully

level of difficulty of each slope. Check with an instructor or ski patrol if you are not familiar with the meaning of the signs.

Boots and bindings are the most critical components of your ski wear. When you are buying or renting boots, be certain that they are not too tight, since good circulation to your toes is a "must" for preventing frostbite. Test the boots' comfort by walking around the store for at least 15 minutes. It is a lot wiser to find out if they are uncomfortable in the store than on some faraway mountain slope.

Any beginning skier would do well to take a lesson from an instructor.

Parents, be sure your children are adequately fitted and supervised. Of the 83,000 injuries reported in 1977, approximately 30 percent involved children between the ages of five and 14.

In conclusion, have well-fitted clothing, boots and bindings, keep warm and have a nice trip.

FARM & RANCH NEWS

TFU head won't seek another term

ABILENE, (Special) — Texas Farmers Union President Jay Naman, who has served the statewide farm organization for 19 years, has told TFU Executive Board members meeting here today that he will not be a candidate for reelection when the general membership holds its annual convention in Dallas, January 8-10.

Naman, a 55 year old cattle raiser from Waco, said his decision was "based partly on what I consider the best interest of Texas Farmers Union and partly on personal consideration." He further stated that he intends to continue his involvement in agriculture and remain an active participant in the Farmers Union.

Several candidates are expected to announce for the post which will be filled through the votes of convention delegates representing chartered county chapters across Texas. Texas Farmers Union, with a membership near 10,000, is one of 22 states in the National Farmers Union which represents around 350,000 farm families.

The general farm organization experienced dramatic growth in Texas after Naman took office in 1961, expanding from a membership of only several thousand concentrated in north and northwest Texas to its current geographic spread from the Panhandle to the Gulf Coast. Serving as both president and chief executive for the state organization, Naman has also held an automatic position on the National Farmers Union Board of Directors. He additionally has served in an elected position on NFU's Executive Board and

sat one term as Chairman of the Executive Board.

In making his statement of intent to step down in January, Naman predicted, "family farmers and ranchers should soon see the 'golden years'. They shall, if they are responsibly organized and represented with credit ability."

Dates set for Tractor contest

In addition to the 250,000 square feet of farm and ranch machinery and supply exhibits, there will be an expanded Natural Fibers Fashion Review, Garden to Gourmet stage production, Statewide Future Farmers of America Tractor Mechanics Contest, and New World of Agriculture Forum.

Tickets for the pull are all reserved seats and may be ordered: Southwest Championship Tractor Pull, P.O. Box 938, Fort Worth, Texas 76101 or calling (817) 338-1122.

Soil analysis important For Floyd County farmers

BY JETT MAJOR
FLOYD COUNTY EXTENSION AGENT

Dry weather this summer and fall has hardened soils and made the use of a soil sample probe difficult. Recent snows have added moisture and mellowed soils to improve soil sampling. The snows delayed cotton harvest in Floyd County and have made soil sampling untimely for some. Generally, the most difficult task of soil testing is finding the time to take the soil samples.

A soil analysis is important for a farmer who has never soil tested, and it is still valuable to resample fields which have been tested. Soils that were tested four to five years ago provided farmers with recommended fertilizer rates for optimum profit based upon lower crop prices and lower fertilizer costs. However, the crop profit situation has changed. Soil fertility levels have increased or decreased so that old recommendations no longer fit field and crop conditions.

Farmers who use fertilizer success-

fully have their fields tested every two to five years. This allows for the detection of declines as well as excessive build-ups. If a field is to be used under intensive production, a soil test should be run each year. This recommendation applies for fields with special problems.

Soil tests cost only a fraction of your fertilizer or production cost. It is probably the best investment a producer will make. Money spent on the wrong fertilizer results in less net profit for 1981.

Anyone interested in soil tests can obtain information sheets to accompany soil samples, instructions and mailing cartons at the Floyd County Extension Office, located in the Agricultural Building east of the courthouse.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Farm exports may Rise next year

In fiscal year 1981, exports of U.S. farm products are expected to increase about 20 percent from last year's \$40.5 billion, resulting in the 12th consecutive year of record export values. Agricultural imports are also expected to set a record at \$18.5 billion, leaving the agricultural trade surplus at \$30 billion—\$7 billion larger than in fiscal 1980. Export volume is forecast at a record 170 million tons in fiscal 1981, up from 164 million last year. Feed grain shipments are expected to increase about 3 million tons to 74 million, while wheat shipments could rise 4 million tons to more than 41 million. Small gains are forecast for rice exports. Export volume may decline for soybeans, cotton, tobacco, and vegetable oil.

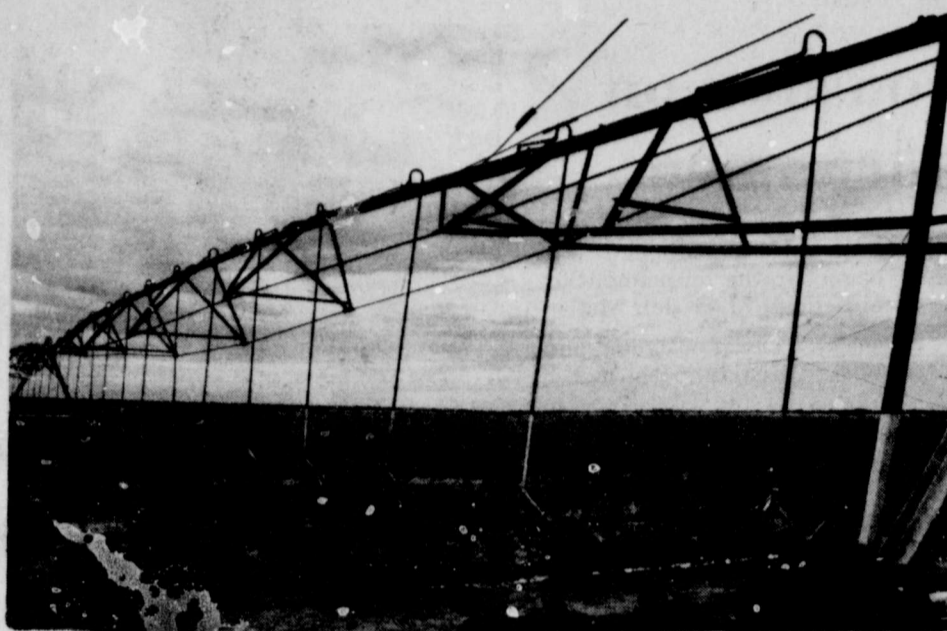

U.S. export volume and value this year will be shaped primarily by the following: 1) the drought-reduced U.S. harvest of feed grains, oilseeds, and cotton; 2) reduced wheat production and export prospects in Australia and Argentina; 3) a second consecutive year of poor grain crops in the Soviet Union; 4) a decline in Chinese grain production and a substantial increase in total Chinese imports; 5) continued slow economic recovery in the major developed markets; 6) a sharp deterioration in the current trade accounts of most developing countries; and 7) slower growth in foreign livestock production.

Higher prices will likely account for four-fifths of the increase in the U.S. farm export value this year, with volume increasing about 4 percent. Although foreign grain production is up somewhat this year, the 12-percent drop in the U.S. grain harvest—in the face of record export demand—has driven up export grain prices. Wheat prices are

expected to be 5 to 10 percent higher than in fiscal 1980, while corn, sorghum, and soybean prices are projected up about a third. Soybean export volume may decline 5 to 8 percent due to higher prices, increased supplies in Brazil and Argentina, and reduced U.S. production. Rice exports increased sharply in fiscal 1980 because of unusually large shipments to Korea of 725,000 metric tons, and exports to Korea may be even larger this year because of a sharply smaller rice crop there. Cotton exports, which showed the biggest increase of any U.S. crop in fiscal 1980, will experience a dramatic decline in the current fiscal year as reduced supplies, the resulting higher prices, and a weak world economy dampen demand for U.S. cotton.

The recently signed grain accord with China (January 1980-December 1984) will establish China as the largest U.S. wheat market (about 6 million tons). Annual exports of 6 to 8 million tons of wheat and corn were agreed upon, with wheat accounting for 80 to 95 percent of the total. China may import up to 9 million tons of U.S. grains without prior notification. The USSR has already completed purchases of 8 million tons of wheat and corn allowed under the terms of the U.S.-USSR grain agreement, which is in its final year. The Soviet grain crop is now estimated at 185 million tons—the second consecutive poor harvest—portending another year of aggressive Soviet buying on world markets.

U.S. agricultural imports are expected to increase more than \$1 billion to \$18.5 billion in fiscal 1981. Sugar imports are expected to rise about \$1.5 billion, the result of anticipated increases of 8 percent in volume and nearly 80 percent in unit values.

Center pivot sprinkler system

Meeting set for Monday On center pivot sprinklers

Irrigators with center pivot sprinkler systems are invited to attend an informal exchange of ideas and information on the benefits and problems of modifying a center pivot system to a low pressure drop line sprinkler system. The High Plains Underground Water Conservation District is hosting a meeting at their Lubbock headquarters at 2530 Avenue O next Tuesday, beginning at 1 p.m.

The three hour session for interested irrigators will focus on the experiences of irrigators using the modified drop line system and on what to consider before attempting to modify your present system to a drop line sprinkler.

Carl Butler, a center pivot irrigator at Anton, is planning to attend and share his experience of the past year with two unique low pressure drop line systems. One of the systems was a modified center pivot which circled a 640 acre tract over furrowed circle rows in

Hockley County. The second system was a lateral move sprinkler modified with drop lines to row water a 320 acre tract. His modified irrigation systems used a series of rigid and flexible pipes, joints, flanges and socks to lay water down in the row in a diffused distribution pattern which prevented soil erosion and virtually eliminated evaporation loss in the water application.

Dr. Bill Lyle with the Texas Agricultural Experiment Station at Halfway and Leon New, irrigation specialist with the Texas Agricultural Extension Service in Lubbock will be there along with Lubbock County Extension Agent Randy Upshaw. They will discuss with water district staff and participants the effectiveness of the drop line system, what is involved in modifying a center pivot, and whether the expense is justified by increased water conservation and yield.

Efforts are underway to Improve livestock health

Measures to protect the health of Texas livestock and poultry are being intensified. Dr. John Holcombe, executive director, Texas Animal Health Commission, announced recently.

Because of its importance, the state is highly vulnerable to introduction of diseases from other states as well as foreign countries. Texas is first in the nation in several categories of numbers of livestock. Value of the livestock and poultry in the state is now estimated to be more than \$6 billion.

Of primary concern to the Texas cattle industry is the introduction and spread of brucellosis into this state from other areas. "As Texas cattlemen increase their efforts to control brucellosis in this state, they can be assured efforts are being increased to prevent this disease from entering Texas," Dr. Holcombe said.

During fiscal year 1980, a total of 5,784 vehicles were stopped for inspection of livestock. During September and October, 1980, a total of 918 vehicles were stopped.

During fiscal year 1980, a total of

18,013 test eligible cows were checked for health papers to determine if they met requirements relating to the Texas Brucellosis Program. "At least 90 percent of the animals entering the state which were checked met the State's regulations," Dr. Holcombe said.

In fiscal year 1980, a total of 530 complaints were filed for illegal movement, breaking quarantine, or movement without proper health papers. This was an increase of 116 over fiscal year 1979. "And that was due to the intensified efforts in enforcing our regulations," Dr. Holcombe explained.

In conjunction with the Texas plan for brucellosis control, these figures were presented:

From September 20 through November 15 this year, a total of 9,832 head of livestock had been checked between the Class "A" and Class "B" line of division. Of that number only three violations were discovered.

"This to us shows that the vast majority of livestock producers in this state are cooperating with the Texas brucellosis plan," Dr. Holcombe said.

Farm bureau says Exports important

Agriculture has the most to gain from operating under a free enterprise system, Texas Farm Bureau President Carl Chaloupka told delegates to the TFB's 47th annual meeting here Monday.

Chaloupka said President-Elect Ronald Reagan is committed to a move toward more free enterprise. "Congress cannot ignore the message of November 4," he added.

The state farm leader reminded the 1,200 voting delegates attending the convention that agricultural producers have survived until now by emphasizing efficiency.

"As farmers and ranchers, our philosophy is to produce—not to devise some system to share scarcity," he said. "If we are ever to prosper—to get what we deserve—it will be under a system that rewards productivity."

The farm leader said free enterprise is the best system ever devised for prosperity, justice, and freedom.

Chaloupka said agriculture is at a cross-roads—with most provisions of the present farm bill scheduled to expire at the end of the 1981 crop year.

"Farm organizations and Congress will be looking at possible alternatives," he said. "The question is, do we move toward less government involvement, or do we return to price guarantees with accompanying controls and payment limitations?"

He suggested that agriculture would be better off under a marketplace economy.

Chaloupka warned against government programs that provide incentives up government-held surplus. "Surpluses will be fed into the market to keep our prices on the side of the consumer. You can count on it." Chaloupka noted that the price system is designed for individual.

Farm Bureau says sports important

has the most to gain from a free enterprise Farm Bureau President told delegates to the annual meeting here Monday.

Chaloupka warned against programs that provide incentives for up government-held surpluses. "Surpluses will be fed back into market to keep our prices down. Government will always come down on the side of the consumer," he said. "You can count on it."

Chaloupka noted that the free enterprise system is designed to serve the individual.

"His rights are guaranteed, economic freedoms and the limited government," he said. "Private property allows us to benefit from ownership of property. Private ownership also dispenses power through the market."

He said competition in the marketplace provides consumers with a variety of products, while insuring the highest quality and lowest prices possible.

"The wave of the future is socialism, as many would have you believe," he said. "Free enterprise is the wave of the future."

Alluding to the recent general election, he said: "We now have within grasp the opportunity to return to a system where productivity is rewarded where individual freedoms are protected."

"Under such a system, agriculture has the most to gain. We in agriculture can—and should—lead the way back to a free enterprise system."

WE GO! This cowboy is holding on for all he's worth in the National Rodeo Finals in saddle bronc riding.

IF GRITTING YOUR TEETH HELPS, this cowboy should win the Bullriding event in the National Rodeo Finals.

Local Hesston Farm Equipment Dealer Sponsor National Rodeo telecast

Implement, Hesston Farm Equipment Dealer across North America, is sponsoring a telecast of the 1980 National Rodeo Finals from Amarillo, Texas.

The telecast will carry the six standard pro rodeo events: bareback bronc riding, steer wrestling, team roping, saddle bronc riding, calf roping and bull riding. Girls barrel racing will also be featured.

The two-hour telecast will start with a 30-minute segment showing the best action from the nine "go-rounds" (performances) that lead up to the 10th and final championship performance. This "N.F.R. Review" is hosted by country-western artist, Red Steagall. The remaining 90 minutes of the show carries all of the action of the final "championship" performance where the world champion-hips are usually decided. Rodeo commentary during this portion of the telecast will be handled by six-time world champion cowboy, Larry Mahan, and veteran rodeo announcer, Bob Tallman.

The final championship performance segment is sponsored exclusively by the Hesston Corporation and more than 1,000 participating Hesston Farm Equipment dealers across the United States and Canada. During the show, Hesston will feature a special "Salute to Agriculture," which pays tribute to North American agriculture. This year's "Salute" was written by Harlan Hentges of Perry, Oklahoma, and was the winning entry in a competition sponsored by Hesston for members of the Future Farmers of America (FFA), a national organization of farm youth.

The special will air in nearly 40 states in the United States and in three provinces in Canada between December 17 and December 23.

Get into uniform when working with fiber glass or rock wool insulation by wearing a painter's mask, long sleeves and gloves. Batts and blanket insulation works well for floors, walls and ceilings and has a R-value of 3.0 - 3.1 per inch of thickness. Batts come 15 - 23" wide and 4 - 8' long for easy fitting between studs and joists. Moisture and fire resistant, available with or without a vapor barrier, batts are easy to install and work with, but because of size, may result in a lot of wasted material. Blankets come in continuous rolls, able to be cut to size - less waste but harder to manipulate. If beefing up old insulation, check to see if it has a vapor barrier. If so, try to buy unfaced insulation. If all materials come with barriers, cut gashes in the old barrier so moisture won't be trapped between the two barriers. Next week, more tips on insulating.

LOCKNEY Care Center Happenings

BY VICKIE HUTTEN
 The Christmas spirit really hit us this week. We had a Christmas Tree decorating party Friday afternoon. DeLinda Glasson and Jerrod, Linda Cumbie and Kin, Almada Phillips and Vera Rogers joined us at the party. We would like to thank Margaret and Eleanor Schacht for giving us a subscription to Guidepost and the Mary Martha Sunday School class for making us the beautiful lap robes.

Light up your Christmas with safety

The proper use of Christmas trees and decorations is crucial to a safe holiday season. Decorative lights and materials serve to brighten homes and hearts at Christmas time, but improperly used, they can darken your celebration with the tragedy of accidental fire and injury. Damaged or worn light strings, a dry tree and overloaded circuits add up to serious fire risks for you and your loved ones.

Underwriters Laboratories Inc. (UL), an independent, not-for-profit organization testing for public safety, offers the following safety tips while extending wishes for a happy holiday.

- Place your Christmas tree in a location away from fireplace, radiator or other heat source. Be sure that it is out of your home traffic pattern and does not block a doorway.
- Fill the base holder with water, and keep it full while the tree is indoors. Remember heated rooms dry trees rapidly; a dry tree is a fire risk.
- If buying an artificial tree, choose one that has been tested for flammability.
- Use lights that have been tested for safety. Identify these by the Underwriters Laboratories mark.
- Check each light set for broken or cracked sockets, frayed or bare wires and loose connections. Discard any of this equipment that is worn or broken.
- Check labels of lights to be used outdoors to see that they are suitable for outdoor use. Never use indoor lights outside.
- Overloading a circuit with too many lights could cause a fire. Read manufacturer's instructions carefully and do not use more than the recommended number of lights on one circuit.
- Always turn off tree lights and other decorations when you leave home and before going to bed. A short circuit in any of this equipment could cause a fire.
- Never use electric lights on a metallic tree. Damaged insulation in the light strings could cause the entire tree to be charged with electricity. To avoid this danger, use colored spotlights above or beside a metal tree, never fastened onto it.
- Never use lighted candles on a tree or near other evergreens.
- Burning evergreens in the fireplace can be dangerous. When dry, greens burn like tinder. Their flames can flare out of control, sending sparks flying about the room.
- Always dispose of Christmas wrappings as soon as possible. Place in a metal container, and don't burn them in the fireplace. They can ignite suddenly and cause a flash fire.
- Use care with "fire salts" which produce colored flames when thrown on a wood fire. They contain heavy metals, and can cause intense gastrointestinal irritation or vomiting if eaten. Keep them away from the reach of children.
- Most important of all, **PLAN FOR SAFETY.** Remember there is no substitute for common sense. Look for and eliminate potential danger spots near candles, fireplaces, trees and electrical connections.

by Mrs. J.E. Green

December 8, 1980:
Hello, Everybody! I am back again after four weeks down state visiting mostly at Hubbard with my Margaret and family. Before I go further I must try to say how much we all enjoy my great grand, five months old plus, Jack Douglas Chandler.

While we at Hubbard enjoyed days and nites of cold rain, I heard of the two big snows they were having here on the Western plains. How nice after the hot dry summer.

Mrs. Claud Carpenter of the Lockney Rest Home spent the weekend with her son and wife, Mr. and Mrs. Marion Carpenter. Other visitors were Mr. and Mrs. Barry Boteler and family of Oklahoma City. Another grandson and family of Dallas, Jamie Boteler, spent Thanksgiving with the Carpenters.

Mr. and Mrs. Henry Brewer visited recently with her brother and wife, Mr. and Mrs. Buren Forman who had just moved from their farm home to the Littlefield Rest Home. Saturday nite visitors at the Brewers were Glenna and Millard Watson and their son, Dean and family. Erwin Brewer and family of Lubbock dined Sunday with his parents, the Henry Brewers.

Sunday after Thanksgiving Mrs. Frank Dunn had as dinner guests her children from Lubbock, Patsy and Jimmy Dunn and children and Margaret and Tony Bolio and children all of Lubbock, and Mrs. Dunn's brother and wife, Mr. and Mrs. Floyd Montgomery and wife of Plainview.

Mrs. Ola Warren is home again after several days in the Lockney Hospital the result of a broken arm.

Miss Esther Peck is home again after a siege in the Central Plains Hospital, Plainview, recovering from a broken hip.

Callers at Mrs. Ola Warrens after she came home included Mr. and Mrs. Earl Huchaby of Dumas, Mr. and Mrs. Hal Thomas, Mrs. Carey, Mrs. Kate Crabtree, Mrs. Kay Tinney, Mr. and Mrs. Burl Huchaby and Ja-

nita Chappell. Mrs. Fred Battey is with Mrs. Warren at present.

Company at the C.W. Denison's around the Thanksgiving holiday weekend were a granddaughter and family, Mr. and Mrs. Rynn Mussler-white and two small sons, Chris and Scott of Lawton, Oklahoma; Mr. and Mrs. Keith Denison and Mr. and Mrs. Bob Teaff of Lubbock, and Mr. and Mrs. W.B. Parrack, city.

Mrs. Hartline spent Thanksgiving with her daughter, Irene and family, the Bob Landry's of Plainview.

Holiday guests at the Dale Millers were her brother and family, the Lloyd Duckworths of Chico.

Mr. and Mrs. Hal Thomas spent Friday nite in Lubbock with their children, Sue and Milton Mensch and David. They returned home Saturday afternoon.

Spending the holiday weekend out of town were Mrs. Ethel Warren, Mrs. Leona Warren and Mrs. Ava Jackson. Mrs. Ethel Warren visited her son, Bill and family in Amarillo. Mrs. Jackson a daughter and family, the Orbin Carrolls of Amarillo, and Mrs. Leona Warren went on to Dumas to visit a son and family.

The Thomas Warrens drove to Amarillo Sunday

afternoon.

Miss Vera Meredith's Thanksgiving dinner came Sunday after with Bro. and Mrs. Clay Muncy and Mrs. Mary Roddy as guests.

Last week visitors were Mr. and Mrs. Wise and the Muncy's.

Mrs. C.M. Meredith spent two weeks in Dallas with her daughter and family, and in Ft. Worth with a brother and wife.

Mrs. J.D. Welborn spent the holidays in Ft. Worth with a son, James David and family.

Side trips down state were: (1) to Denton Margaret and I, homecoming; (2) a visit with sister-in-law, Mattie Matthews of Hillsboro; and (3) with Ryman's to the coast to their annual Thanksgiving reunion at the Wadsworth home of an aunt. It was a beautiful day, a big crown, a bountiful dinner, nites at Doc's mothers.

Last Friday I took the bus from Hillsboro to Big Spring to son Don Clark's home, and Saturday they brought me home.

Sunday morning I learned of the passing of Leona Leonard Bell, one of my dearest friends for over 80 years. I did get to attend last rites, and loved ones have my deep sympathy.

Roaring Springs youth killed Saturday in motorcycle wreck

A 16-year-old Roaring Springs youth died Saturday at Lubbock General Hospital from injuries he received in a car-motorcycle accident earlier that afternoon.

Victor Hull, a sophomore at Motley County High School, received head and neck injuries when the 1976 Honda he was riding collided with the back end of an automobile at 4:30 p.m. Saturday. He was taken to Crosbyton and later transferred to Lubbock. He died at 6:20 p.m.

Investigating Trooper Neal Haralson of the Department of Public Safety said the accident occurred on 3rd Street in Roaring Springs, and marked the first traffic fatality in the county since August 1976.

Funeral services were conducted on Tuesday, December 2, at 2:30 p.m. in the First Baptist Church in Matador. The Rev. Jim Ritter, a Baptist minister and Rev. Edna Dillard, pastor of the Roaring Springs Assembly of God Church, officiated. Burial was in the Roaring Springs Cemetery under the direction of Seigler Funeral Home of Matador.

A native of Houston, Victor moved to Roaring Springs with his parents in 1972. He attended Motley County High School and was a Sophomore. He was active in Future Farmers of America and was on the football team, playing a tackle position, and

was a member of the basketball team, playing at the post position.

He was a member of the Roaring Springs First Baptist Church.

Survivors include his parents, Curtis and Vickie Hull

INSUR-MATTON Floyd County Insurance Agency

As an independent business man, Individual Retirement Account for my wife does not draw a salary but does name? Yes. Your wife can have an IRA in her own name, she has her own IRA, anyone's payroll. The maximum contribution remains the same but the maximum dollar amount is \$1,500 (as in your account) to \$1,000 in each, separate account. If you and your wife both accounts in order to qualify for a separate account you must deposit on both accounts in order to qualify for the split down the middle because the law only twice the lesser amount contribution count.

Channel Five Highlights

BY MELISSA CREAMER

A documentary of two blind women and their street singing career comes on at 8:00 p.m. on Wednesday, 17th. *A Lady Named Bayble* is the story of the Reverend Bayble Hoover and Virginia Brown and the fifty years they've spent "pitching" from Wichita, Kansas to New York City by singing religious songs with their tin cups in hand. This is one of the new PBS series known as "non-fiction television" and as the saying goes "fact is stranger than fiction" and this shows proves it.

Following "Bayble" is a Christmas special entitled *Christmas Snows, Christmas Winds*. This is a heartwarming story about a young boy living in a western farming community in the 40's. The story recreates the joys of the old-fashioned Christmas, but overshadowing it is his memory of a school concert and a young girl's tears. It was produced in Provo, Utah and is quite enjoyable.

At 9:30 that same evening, a special of *The Festive Bach* airs. The composer's most famous Christmas holiday work is performed on this program by the 90 Voice Chorale and the 52 Piece Orchestra.

Here's to Your Health covers "Medical Emergencies" this week. Each year more than 350,000 Americans die from heart attacks which happen outside of hospitals. In this program several preventative procedures are explained. It comes

on each Saturday 10 p.m.

Matinee at the Movies features Roy Rogers, Bob Hope and the Sons of the Pioneers this week on "Texas." This will be an entertainment as well as a 40's movie that is a Sunday matinee on Channel 5.

We hope the Floyd County has a true spirit of Christmas with you.

FIX-IT FACTS

You can cut up to 20% of your home's heat loss by insulating your attic and hot water pipes. A simple operation, a job can be done safely and care of pipes or ducts run through unheated attics or garages. Insulation comes in thicknesses, but the best is 6 inches. For ducts, simply cut blankets to size and wear joints, staple them to the ceiling, or seal duct-ends, cut the insulation beyond the duct, cut a flap, fold duct-end and seal. Then the vapor barrier, show the outside. Sheathing is a simple matter of cutting length of sleeve to fit the sleeve on via the gluing the flap. At joints wrap all exposed pipe insulation tape.

Hunters should obtain a written hunting lease to avoid confusion

Texans, fall and winter hunting: in a large percentage of cases, hunters are city dwellers who usually have to obtain a hunting lease to go to a place to shoot. There are four kinds of basic lease agreements: "limited duration", which include privileges on all the land; "open season", which is limited to the commercial hunting and often involve many cases, a hunting lease is arranged by a "general agreement" and a "specific agreement". Some hunters work satisfactorily other times it results in misunderstandings and disputes between landowner and hunter, since neither is sure what rights are included with the lease. For example, a hunter may have purchased year hunting rights, when the landowner thinks the lease is only for the deer season. The landowner may clear brush, cut a chain saw in and down mesquite and pines, in order to have a better view of his deer. The landowner may think otherwise. Landowners complain that hunters drive their vehicles on the land and from hunting spots. They say it doesn't take long before a road is cut and erosion and destruction of the pasture land begins.

Some hunters complain that they paid their lease fees and didn't get a promised deer. No guarantee is given by the landowner that a hunter will get his limit. Guaranteed takes are usually limited to large commercial hunting ranches where a hunter may pay only a token fee if he fails to get a deer.

Our attorneys recommend that all hunting lease agreements be written down to avoid possible confusion about what is included. Such an agreement should contain the following: What is leased; name of parties; description of the tract; size, and boundaries; terms of lease; payment amount and when due; duration of lease; what hunters are authorized; what game, fish, birds, and varmints may be taken; what services or facilities are included by the landowner; and who is to provide blinds, cabins, utilities and doe permits.

Our attorneys say the agreement should, then be notarized and filed with the County Clerk of the County in which the land is located. A properly drawn lease will be binding on the two parties involved, or on their heirs or their representatives of their estates if one should die, if the land is sold during the term of the lease, the lease rights on the land itself will be binding on the new owners; however, rights to special services may not be. If the lease agreement is lengthy, if a great deal of money is involved, if uncommon goods or services are to be provided, or if the parties want all terms of the lease to be binding on future owners, it would be wise to have a private attorney look over the agreement or draw one up.

South Plains News

by Mrs. Murray Julian

South Plains, December 8:

Weather this past weekend has been cold, rainy and disagreeable. This Monday, December 8, the snow is falling straight down, and it is reported to be very cold tonight. Tuesday before Thanksgiving, a blizzard blew in and farmers were hoping for drying weather, and here comes another storm.

Mrs. Mamie Wood returned home on Sunday afternoon from Amarillo where she had spent the weekend attending some business meetings, and visiting in the home of her sister Mr. and Mrs. Buster Dunham. Mrs. Wood had all her children home with her for Thanksgiving, Mr. and Mrs. James Teague from Lubbock with their three boys, and Mr. and Mrs. Glen Wood.

Rev. and Mrs. Cecil Osborne Jr. went to Tulsa where they spent the Thanksgiving holidays with his father and mother, Mr. and Mrs. Cecil Osborne Sr.

Mrs. Ruby Higginbotham went to Floydada to have her Thanksgiving with her son, Mr. and Mrs. Alton Higginbotham and children, and with them was the other son, Bud Higginbotham and children.

Mrs. Letha Mulder, Mr. and Mrs. Jerry Taylor and their four children of Amarillo were all present at the home of Mr. and Mrs. Nathan Mulder and their four children for Thanksgiving Day and the get together. Mrs. Arby Mulder spent the night before Thanksgiving with them and had the day with them.

Mr. and Mrs. Bobby Craddock of Sundown spent from Friday to Sunday night here with Mrs. Craddock's parents, Mr. and Mrs. Richard Sanders and boys, Stanley and Layne. Regina attended Sunday morning services at the South Plains Baptist Church.

Mr. and Mrs. Dan Fitzgerald and their grandson Kirk Fitzgerald from San Diego, California, arrived here the Tuesday before Thanksgiving and spent the week here visiting relatives, including Mrs. Letha Mulder and her family, the Wayland Fitzgeralds of Rock Creek, the Bill Durhams of Silverton, and his sisters in Clarendon and Littlefield.

Mrs. Rex Mooney of Dallas, daughter of Rev. and Mrs. Cecil Osborne arrived here Friday night, flying from Dallas, and since the flight was late, she arrived in Lubbock at a very late hour, and in South Plains much later. She attended Sunday morning Baptist services here with her parents, and Sunday evening Mrs. Osborne put her on the plane to return home from Lubbock.

We are happy to announce the arrival of Miss Victoria Anne Cummings on Saturday at the Central Plains Hospital in Plainview. She was born to Mr. and Mrs. Kelvin Cummings, and we are glad mother and daughter are doing fine. Kelvin and Jolene have an older son, Kendall Kelvin II, who is 3 years old. Congratulations to all the Cummings family, and the grandparents, too!

Mrs. Ethel Powell, mother of Fletcher and Tillman Powell has been here visiting at the Tillman Powell home last week, and on Sunday she was at Fletcher Powells in Floydada where they served dinner to 35. Among guests there were the Kenneth Wayne Powells and their two children who left here Tuesday to go on to Charlotte, North Carolina to visit friends and relatives. Then on January 9, they will be going to Gissell, near Frankfort in Germany to begin another stay in the Armed Forces. They have been in Ft. Sill, Oklahoma, the past 2 years,

and have had a stay in Germany. Kenneth is making the army his career. Mrs. Ethel Powell was taken to the Lubbock airport and she then flew back to her home in Vandalia, over the past weekend.

Mrs. Alvin Nichols had her Thanksgiving with Mr. and Mrs. Jo Richard Noland and then on Friday she drove to Sweetwater and spent the weekend with her daughter and husband, Mr. and Mrs. Glen Whitfill, and returned home Monday.

The South Plains Hobby Club will have their Christmas meeting here in South Plains at the home of Mrs. Fred Marble, with the party being held on Thursday, December 11, at 6:30 p.m. Husbands will attend as guests of the members, and there will be a Christmas tree with an exchange of presents.

Mrs. Corda Taylor, mother of Mrs. Cecil Osborne, came to the parsonage on Friday of last week, and is recuperating nicely from her recent surgery in Lubbock. We are glad she is doing so well, and able to be up most of the time.

Mr. and Mrs. Sylvan Kinnibrugh were in Vera this past weekend where they were helping take care of his parents, Mr. and Mrs. J.A. Kinnibrugh. They arrived back home Sunday night.

Mrs. Letha Mulder arrived home this wet and snowy Monday after spending the weekend in Littlefield with her sister, Mrs. Inez Minyard of Littlefield, along with Mr. and Mrs. Pete Land of Clarendon and her brother and family, Mr. and Mrs. Dan Fitzgerald and Kirk Fitzgerald of San Diego, California.

There will be a Christmas dinner and entertainment at the South Plains Church Wednesday night, December 10th, with singing of Christmas songs and the community is invited to attend.

Mrs. M.M. Julian left Lubbock by plane Thursday,

Thanksgiving Day, for Denver, Colorado where she spent the past week with her sister, Mrs. B.E. Sandusky, and other members of her family, the Kent Sanduskys, and Mrs. Ken Huntley and family. She had planned to go Tuesday, but the whirling blizzard caused the shut down of planes during that day. While in Denver, on Monday she went with her sister, and niece to Pueblo, where they visited their sister-in-law, Mrs. Wesley Everist. She flew home Friday of last week. Denver has had not much snow, only snow flurries, and not nearly as much as our community has had this fall.

The South Plains Baptist WMU members met at the Baptist Church this Monday for their Week of Prayer for Foreign Missions, with a study to go through December 7-14. The theme for the study this year is My World-My Life-My Witness. Mrs. Nina Sanders presented Mrs. Joyce Osborne presented Tuesday's program. The offering for this year's Lottie Moon Christmas giving for the South Plains Church is \$364.20. The group will meet for another study on Thursday, December 11.

Mr. and Mrs. E.J. Kinslow had their Thanksgiving dinner at home and had planned to have their middle son and wife, Mr. and Mrs. Phil Kinslow of Dallas here to spend the holidays, but due to snow and ice in Dallas they did not get to come.

Reverend and Mrs. Joyce Osborne have planned for Open House at the parsonage next Sunday from 3-6 p.m.

Mr. and Mrs. Kendis Julian, Mitzl and Tim had their Thanksgiving day in Floydada with her parents, Mr. and Mrs. Aubrey Stewart, and other guests present were Mr. and Mrs. Dale Roberts of Plano, Mr. and Mrs. Lyndell Roberts, and Mrs. Sherre Smith and boys, all of Floydada.

AREA RESIDENTS TURNED OUT SATURDAY for the Floydada Lions Club Arts and Crafts Festival. In the center of the picture, Dell Gray converses with Kenneth Wyatt, well-known western artist.

Federal minimum wage goes up Jan. 1

A new federal minimum wage of \$3.35 goes into effect on January 1, entitling an estimated 5.6 million workers covered by the Fair Labor Standards Act (FLSA) to pay increases, the Labor Department said today.

The January 1 increase, from \$3.10 to \$3.35, was provided for in 1977 amendments to the act.

"The minimum wage increase is a matter of equity for low wage workers and assures that they are not forced to bear a disproportionate share of the burden of inflation," Secretary of Labor Ray Marshall said.

Approximately 60 million workers are subject to provisions of the act, which also establishes overtime pay and child labor standards.

In addition, the FLSA allows for the payment of wages below the statutory minimum in order to prevent loss of job opportunities for certain workers.

Handicapped workers, full-time students and student-learners in specified industries may currently be employed at subminimum wages under appropriate regulations. Employers must apply for authority to pay such wages from the Labor

Department.

Certificates are issued by the department permitting the employment of full-time students at not less than 85 percent of the federal mini-

mum wage in retail trade establishments, in agriculture and in institutions of higher education employing their own full-time students.

MBFA re Approval

BY BETH PRATT

Members of the beleaguered MBFA station awaited word from the station's Committee early Wednesday morning acceptance of their reorganization proposal.

The Floydada radio station is owned by MBFA Communications, a subsidiary of the Foundation. The station has been off the air since mid-October when the parent company declared bankruptcy under Chapter XI of the Federal Bankruptcy Act.

Under Chapter 11, the company must obtain a federal court order freeing itself from the threat of creditors' lawsuits until it can develop a plan to put the station back on the air. The reorganization plan must be accepted by a majority of the creditors and activities of management in the interim are subject to court approval.

A standing-room-only crowd in the station's federal bankruptcy court hearing, creditors heard court-appointed trustee Robert Wilson describe the station's financial situation as being "in a marvelous state of disarray."

Employees of KFPL were among 84 creditors who were not paid when the station missed an October payroll. The station was not included in the bankruptcy petition because it was such a action would place the station in jeopardy, according to Dennis Olsen, an attorney for the station.

Nevertheless, like the parent corporation, the MBFA Communications Corp. is insolvent, the attorney said. Proper notification was made to the Federal Communications Commission prior to the closing of the station, Olsen told the hearing.

"It is to the advantage of the creditors of the radio station that the Communications Corp. is not included in the bankruptcy filing," said Maurice Stanley, a vice president of MBFA.

Stanley is one of four officers of the parent corporation remaining in the relocated offices at First Federal Savings Plaza in Lubbock. The other employees are Jim Zachary and Susan Flanagan, vice presidents, and Donchy Douglas, executive secretary to Land Wall.

Wall, directed by the court to resign effective October 31, was president of the non-profit corporation, which he described as part of a Christian outreach program.

At the Dec. 5 creditor's hearing, MBFA officers were charged to "come up with a plan agreeable to the court and acceptable to your creditors." The court met in session again Tuesday afternoon to consider proposals for resolution of claims against the corporation.

The year is coming to a close or optimistic note for Lockney merchants and businessmen.

A sampling of businesses on Main Street shows that most of those surveyed experienced an increase in sales or at least held their own compared with 1979.

Mayor Claude Brown, who opened Brown's Department Store, says business this year has been comparable to 1979.

"We appreciate the business," Mayor says, "but like anyone else in business, we wouldn't mind having a little more, especially with the increases in expenses because of inflation."

"We all know there are larger stores in the larger towns," Brown continues, "but Lockney does a fair job of putting in its share of trade from the surrounding area. Business as a whole, Lockney has been pretty good. It's holding its own and progressing somewhat."

Lawson Rowell of Rowell's The That on Main Street, says "business has been pretty fair the last year."

Rowell, who is also president of Lockney Chamber of Commerce, says more people are going to be buying necessities and less luxuries as the economy tightens up.

He also believes people will be looking more for name brands when they buy merchandise because they want to be sure they are getting the name behind what they buy.

"More people are comparing prices," Rowell says, "and they are finding it's better to stand behind local businesses which are fair and whole."

"The gas shortage," Rowell says, "is not yet changed shopping habits. He says as gas prices increase, more people will be shopping in Lockney."
