

TOP YOUTH FAIR WINNERS SHOW PRODUCTS
... Kenneth Adams, Stephen Acker, Garden Champ Norman Acker

THESE THREE WON ALL GIRLS' DIVISIONS
... Diana Adams, Agnes Acker, Debra Hochstein

Nazareth Tops Fair

If 12-year-old Stephen Acker of Nazareth had to relinquish his title as Castro County's champion junior gardener Saturday, he could take comfort in the fact that the championship went to his 9-year-old brother, Norman.

Stephen won the title last year and returned Saturday to defend it. **BOTH BOYS** are the sons of Mr. and Mrs. David Acker of Nazareth, and they placed 1-2 in the gardening division of the annual Castro County Youth Fair, held in the courthouse activities room. Twenty-eight boys and girls entered an impressive and varied array of 425 products in the show — garden vegetables, field products, canned goods, baked goods, linens and clothing.

NAZARETH 4-H'ers dominated the show with five champions in six divisions. The contestants, all members of 4-H and FFA chapters in the

county, almost overflowed the activities room with their finest products and created a real dilemma for the judges, John Brazzil, county agent from Canyon, and Mrs. Judy Cumiford, county home demonstration agent from Stratford.

GRAND CHAMPION junior farmer was Larry Hochstein, 12-year-old Nazareth 4-H Club member and son of Mr. and Mrs. William C. Hochstein. After gathering his field crops for entry and display, though, he couldn't be there to accept his award because of a Boy Scout trip. His mother gladly accepted his ribbons for him.

Stephen and Norman Acker's sister, Agnes, 11, was the show's only double champion. She placed first in both baked goods and household linens. In the baked goods division, she led the table with banana nut cake, fudge, "snickerdoodle" cookies,

refrigerator cookies, nut cake and bisquitos. Her household linens display included a hand-painted linen guest towel, embroidered dresser runner, and several embroidered towels and linens for use throughout the home.

ANOTHER brother-sister championship act from Nazareth developed when Debbie Hochstein, 15, was named the grand champion in canned goods after her brother Larry won the field crops award.

Debbie's cupboard-full of canned goods included six types of pickles, four jellies and preserves, and five canned and processed vegetables.

The only champion who was not a Nazareth 4-H member was Diana Adams, 15-year-old Frio 4-H'er who captured the clothing title with a homemade wardrobe that included a maroon corduroy jumper and a pink check

(Continued on Page 13)

First Milo Is Cut Monday

Castro County's biggest annual payoff, the milo harvest, officially kicked off Monday at 4:15 p.m. when Leonard Dollar brought the

about dimmitt and castro county
by b. m. n.

We're on the verge of commencing the harvest of one of the biggest grain crops ever produced in this area, or any place in the world for that matter. It is just a little hard to comprehend, or realize, that we are part of a comparatively small area that produces a large percent of some of the major crops produced in the nation.

I don't know what percent of the grain sorghum is produced in the Panhandle-Plains area, but I know that we raise the most of it, and for that reason the cattle feeding industry is moving into our area. So is the meat packing business. Friona is getting a huge meat processing and packing plant, so is Hereford. Too bad that those two companies didn't have enough foresight to locate in Dimmitt, sometimes big companies make mistakes same as little ones.

We also have a fine cotton crop, one of the best, and beginning along about now farmers will listen to weather reports and keep their eyes turned northward for any indication of a killing freeze. Every week that goes by without the appearance of a killer frost will add to the production of a bumper cotton crop. Time, so far as warm weather is concerned, is of the essence. Our northers have started early, but that doesn't necessarily mean that the killer norther will get here before the crops have had time to fully mature.

Here is a letter from Mrs. Andy Thompson, formerly of Flagg. Thanks, Mrs. Thompson, your letter makes good reading: Dear Mr. Nelson and Associates, Enclosed is my check for two years subscription to your paper. Also, we have been away from Dimmitt for a number of years we like to keep getting the paper from "home." We read it from "cover to cover" and of course your very favorites are our column and "Sheffy's Chatter."

We have been fortunate to have two Miss National Grain Sorghum queens from Whitesboro and I have passed the Castro County News editions about these events onto these girls, which they seemed to greatly appreciate. Both Miss La Fon and Miss Bryant were enthusiastic about the way Dimmitt people treated them during the contest.

I even received this last edition in time to attend Elmo Bell's funeral. Mr. and Mrs. Bell were friends, with whom we visited, while living in Dimmitt. Thank you for keeping your readers so well informed.

Sincerely,
OPAL THOMPSON
(MRS. ANDY THOMPSON)

first 1967 truckload of red grain to Bruegel & Sons Elevator Co. **ALTHOUGH THE** vicious hail-storm of Sept. 3 darkened the grain sorghum prospects in almost half the county, farmers who didn't get caught by the storm are predicting bumper yields.

The main comment from producers all summer has been, "This is the best grain crop I've ever had." So 1967 grain sorghum production is likely to be high despite the hail storm and such other aggravations as midge, MD-MV virus and spider mites. **FARMERS WHO** were hail victims are rigging their cobs with pickup fingers and other attachments to get beaten-down grain heads up from near-ground level and into the hopper. Only time will tell just how bad the hail damage was on many fields, but Dollar's first load gives an indication. Dollar's 85-acre block of milo on the B. L. Rudd farm eight miles north-northeast of Dimmitt was in one of the two hail belts. He's using 11-inch pickup fingers on his combine to harvest it.

"**IT LOOKS LIKE** we're going to get 4,000 to 4,500 pounds per acre," he said, "and this was good 6,000-pound maize until the hail and wind caught it. It's triple row maize and I planted 14 pounds of seed per acre." Dollar was probably the earliest planter in the county. He planted his crop March 20 after a pre-watering, and irrigated it twice. Dollar led the 1967 grain sorghum parade with a 19,420-lb. load of Excel 660 that tested 16.5 in moisture content and scaled 56 pounds per bushel.

Bruegel & Sons Elevator Co. paid a \$50 bonus on the first load. **ALTHOUGH many hail-hit** grain producers will be glad to salvage 4,000 to 5,000 pounds per acre, it appears that 1967 may be a year when yields of 7,000 and 8,000 pounds could be commonplace where the beautiful milo crops didn't catch hail.

Dimmitt PTA Sets Annual Pie Feast

Dimmitt PTA will hold its annual old fashioned pie supper Tuesday at 8 p.m. in the east wing of the South Elementary School cafeteria.

EACH family attending should bring a pie (in an aluminum foil pan), and teachers will be guests of the parents. This meeting each year serves as a get-acquainted session for parents and teachers.

Nazareth PTA To Meet Monday

The Nazareth PTA will hold its first meeting of the year Monday at 8:30 in the school cafeteria.

THE PROGRAM will be a welcome to the teachers, and all parents and teachers are urged to attend.

LEONARD DOLLAR WITH COUNTY'S FIRST 1967 MILO
... He reported in at 4:15 p.m. Monday

Chamber to Promote Industrial Workshop

Chamber of Commerce directors voted to promote an industrial development workshop and issued a call for possible banquet speakers during their board meeting Friday morning at Brownie's Steak House.

PRESIDENT Don Newman urged all persons with suggestions for a speaker for the 1968 banquet to call the chamber office. The speaker's schedule must be considered before a banquet date can be set, he said.

James Horton, industrial development committee chairman, reported on a meeting held last Thursday by members of the new

industrial development steering committee and field representatives of the Texas Industrial Commission. **THE STEERING** committee, which is studying the feasibility of establishing a private industrial corporation here, met with Jim Heath and Bill Davis of the Texas Industrial Commission and heard what the state has to offer in the way of literature, statistics, prospect lists and other aids.

Heath and Davis told the steering committee that the TIC recommends a non-profit industrial development corporation with working teams that can become expert in their city's industrial capabilities. Such a corporation, they said, must be able to answer questions or take action on a moment's notice when approached by industry.

Sunnyside Church To Host Revival

A week-long revival will begin Sunday at Sunnyside Baptist Church, according to Rev. M. D. Durham, pastor.

SERVICES will be held at 10 a.m. and 8 p.m. Monday through Friday, and at the regular worship hours on Sundays. All meetings are open to the public. Evangelist will be Rev. A. W. Elaine of North Park Baptist Church in Sherman.

Hello, Sun!

Former Resident Dies of Cancer

A young man who attended Dimmitt and Hart schools and farmed near Hart several years died of cancer Wednesday of last week in Collinsville.

HE WAS Dewey Davenport, 33, construction worker and son of Mrs. A. M. Davenport, formerly of Dimmitt and Hart.

Funeral services were held in Richards Chapel in Whitesboro, and burial was in Hart Cemetery following graveside services. Lemmons Funeral Home was in charge of local arrangements.

Born Feb. 23, 1934, in Hale County, Mr. Davenport was married to the former Roney Patton of Plainview.

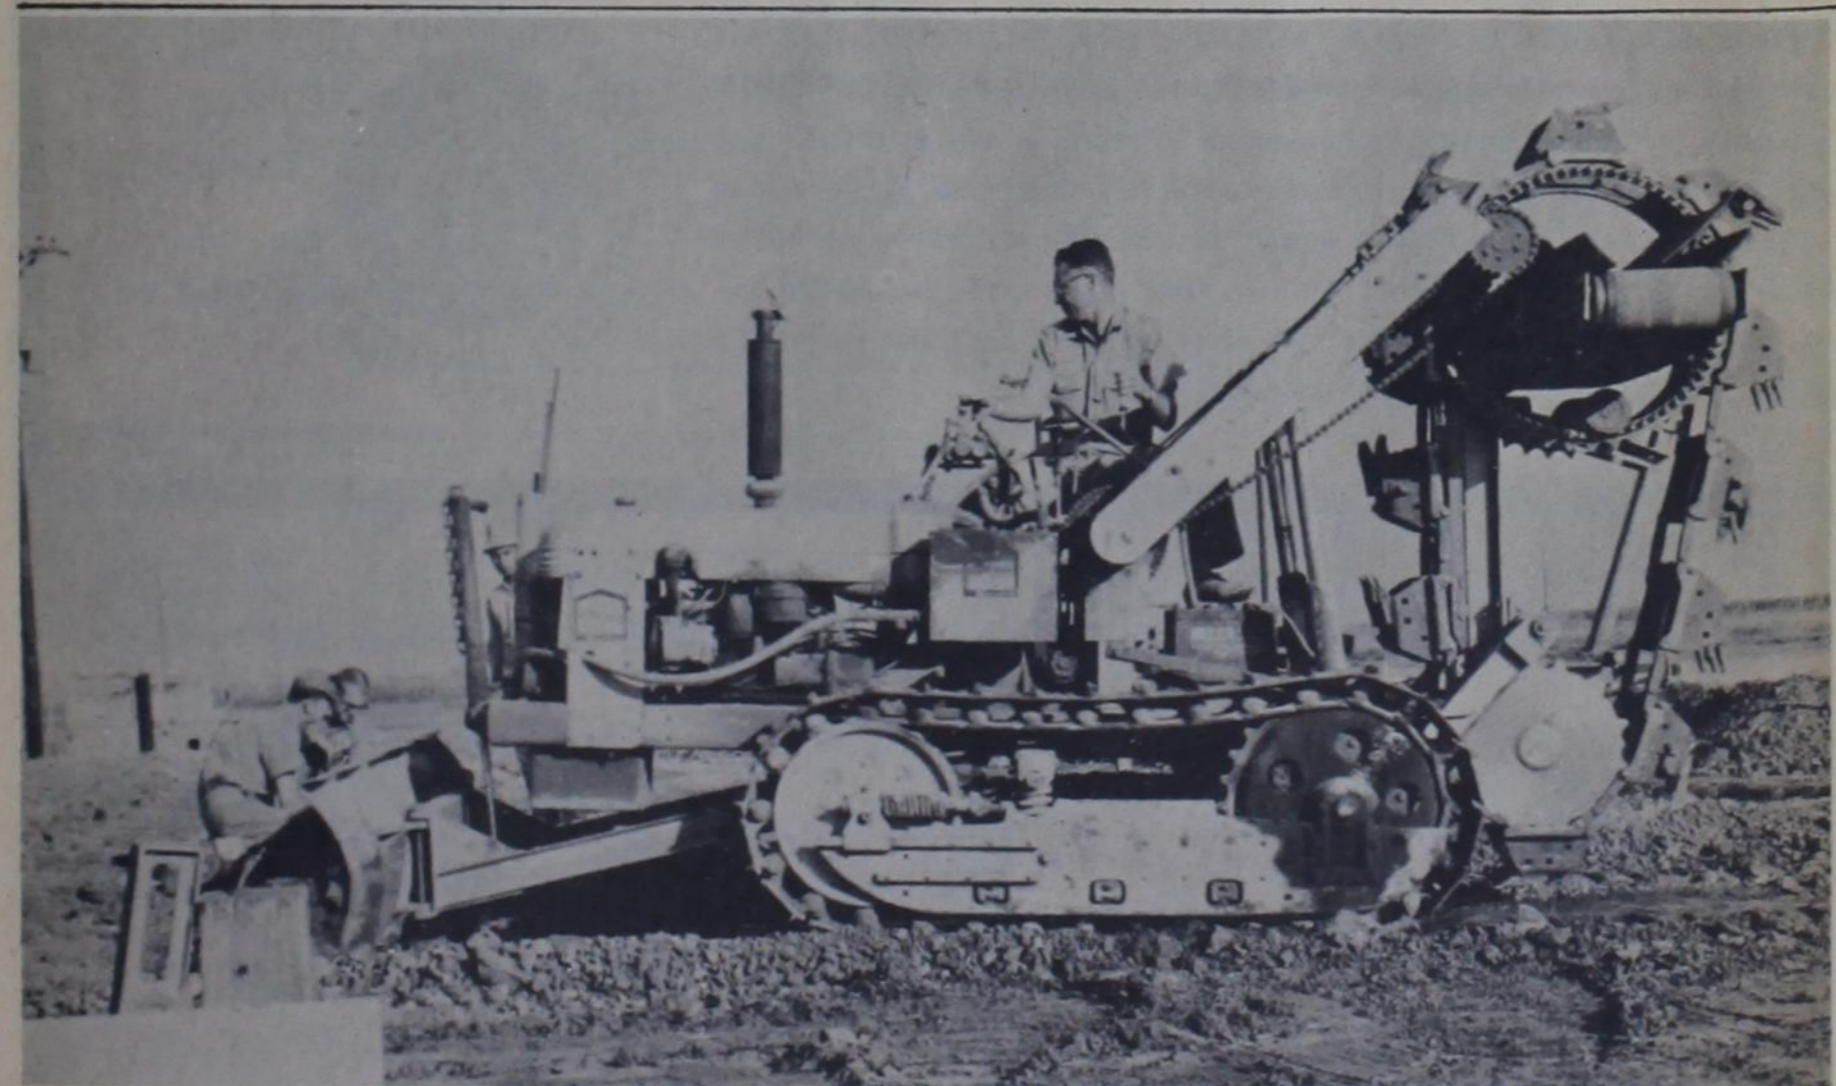

HE IS survived by his wife and children, Peggy, David and Douglas, all of Collinsville; two brothers, Howard of Paoli, Okla., and James of Arvada, Colo.; and his mother, Mrs. A. M. Davenport of Collinsville.

C. W. Boothe's Brother Dies

Funeral services for Joe F. Boothe Sr., 82, who died Sunday morning in University Hospital in Lubbock following a long illness, were held at 2 p.m. Tuesday in Anton's First Methodist Church.

MR. BOOTHE was the brother of C. W. Boothe of Dimmitt. He settled in Floydada in 1912, then moved to Anton in 1941, where he was in the grain business until his retirement. He was a charter member of the Anton Lions Club.

Last rites were conducted by Rev. Russell McNailey of Plainview and Rev. Dalton Fisher of Anton. Burial was in Anton Cemetery. Other survivors include his wife; three sons, Joe Jr. of Lubbock, Louis E. of Anton and Melvin Lee of Levelland; one other brother, Ernest of Lubbock; nine grandchildren and 10 great-grandchildren.

'HEY — MOVE OVER! — At first glance it appears that Vaden Kirby on the trencher is about to take a couple of workers with him as he levels ground at the Castro County Recreation Center clubhouse site. But the men aren't in any danger of being plowed under. Working conditions at

the center haven't been ideal because of the heavy summer rains, but construction is expected to pick up soon at the clubhouse and swimming pool sites. Contract deadline is Dec. 31. Prime contractor is Padgett Construction Co.

'RIGHT THERE, BILL' — Charles Wilkerson minds the base-point while Bill Williams takes a measurement along the foundation of the future Castro County Recreation Center clubhouse. The clubhouse is still at ground level and behind schedule, but rec-center officials hope it will catch

up with the calendar this month. More than \$50,000 worth of earth moving and leveling has now been completed at the center, and Dr. J. E. Wohlgenuth, association president, said the golf course is almost ready for seeding.

Sen. Tower

Administration Is Hampering Air War Against North Viets

By SEN. JOHN TOWER (R-Texas)

As you know, I have been to Vietnam three times in the last two years, and I hope to go again this fall. After each of my investigation trips for the Senate Armed Services Committee, I have frankly reported to you my assessment of the Vietnam War situation and my suggestions on steps that could speed an end to the fighting.

NEARLY two years ago, after my first trip to Vietnam, I advised Texans that an intensified air war against North Vietnam would cut US casualties in the South. And, I stated that the closing of the North Vietnamese supply port of Haiphong was the single, most effective way to damage the communists' war effort.

Again in the spring of 1966, and in the subsequent spring of 1967, I identical observations. Closure of the Haiphong port is still the thing that most needs to be done against North Vietnam. It is entirely possible that had the administration acted decisively to close Haiphong 24 months ago, the war would be nearly over today.

Throughout the two years that I have been recommending this step toward victory, much of the evidence which led me to make that recommendation has been obscured by Defense Department secrecy restrictions.

NOW, within the last two weeks, the Senate Armed Services Preparedness Sub-committee has taken evidence from our top defense officials, and released to the public for the first time many of the previously classified reasons why the air war in the North has so long concerned not only me, but also other members of Congress.

The facts are that the administration has so restricted and hamstrung our airmen that the US air effort against North Vietnam has not been allowed to achieve the pressure for victory which it could and should achieve. The Senate subcommittee reports that US air power has been purposely prevented from waging the air campaign in a way best calculated to achieve results — prevented by overly restrictive controls, strict limitations, and the general administration doctrine of "gradualism."

It should be nothing less than astounding to Americans that throughout all of 1966 our airmen were allowed to strike less than one percent of the militarily significant targets in the North. Only in very recent weeks have some of the restrictions on our air effort been lifted, but there still remain more than 50 key targets recommended for attack by the Joint Chiefs of Staff but placed off-limits by administration civilians.

THE SENATE subcommittee states that in its view, "The long delay in approving targets in North Vietnam has almost certainly contributed to our aircraft and pilot losses since it has given the North Vietnamese the time to build up formidable air defenses."

Moreover, the subcommittee feels the long delay enabled the enemy to prepare for and to alleviate anticipated loss of key supplies and installations by giving the Reds lots of time to relocate and cancel such things as oil storage.

Another key point made by the subcommittee report is that, even in cases in which some major targets have been approved for attack, second attacks on those same targets after they have been repaired by the enemy have been denied, particularly in the areas around Haiphong and Hanoi.

AND, DESPITE target-attack improvements in recent days, there still remain absolute sanctuary areas in North Vietnam into which the enemy may move his supplies and operations and know with certainty that he never will be subject to air attack. These sanctuaries have enabled the North to concentrate its war-making material where it is safe and secure and then dash it south under cover of darkness and bad weather.

Every one of the top military experts who testified told the subcommittee again that closure, neutralization, or isolation of the Port of Haiphong is the single-most-important military action that can be taken to speed an end to the war and to save American and allied lives in the South.

The administration's conduct of the war is now fully open for public review. It amounts to a policy of restricted gradualism. A policy which discounts the professional judgment of our top military men and substitutes civilian

judgment for the smallest details of target selection and timing. OBVIOUSLY this strategy of restraint and restriction has not brought the war to an end. We have not lost, but we have not achieved our objectives and the war goes on. The price we have extracted from North Vietnam for its continued aggression is a price North Vietnam is still willing to pay.

WORK, WORK, WORK! — These preschool youngsters are getting their first dose of classroom work in Hart's first kindergarten. Organized this year, the Kiddie Kollege Kindergarten is operated by Mrs. Fred Brown and Mrs. J. V. Westcott and meets in the Hart American Legion Building. Here, the nursery school class puts animal puzzles together. Almost 30 youngsters are enrolled in the preschool program.

V.F.W. NEWS

By GEORGE DERRICK

On Oct. 6, a delegation from our local post and the Ladies auxiliary will go to the Veterans hospital at Amarillo to host a "Coffee and Cake" party for the patients there.

ANYONE in the VFW organization may take part, and donations are being accepted for this worthy cause.

Some of the patients have been in the hospital there for years, and have no visitors and little contact with the "outside world." These parties will become a monthly project for our post. PLANS ARE being made for a huge fish fry to be held at the post clubhouse on a date yet to be announced. This will be similar to the recent ladies auxiliary shrimp-and-oyster dinner. Tentative plans call for a live western band to furnish the music.

The general public will be invited. OUR 1968 membership drive is in full swing. Over 35 percent of our members have paid their dues. How about you? Passing Thought: "All old fossils aren't in museums."

Bible Thoughts

HATE EVIL

By Ronnie Parker

Solomon said, "The fear of the Lord is to hate evil" (Prov. 8:13). The apostle Paul told Christians to "abhor that which is evil" (Rom. 12:9). Another injunction from Paul is given, "Abstain from the very appearance of evil" (1 Thess. 5:22).

To wink at evil seems to be the fashionable thing today. We "tolerate" almost anything regardless of how evil it might be. Now it is good to be tolerant of others but the idea of being tolerant toward evil is a mistake. "Ye that love the Lord, hate evil" (Ps. 97:10).

It has been said that the one security against sin lies in our being shocked by it. We need to see the infinite beauty of holiness and the infinite damnable of sin. One thing must be clear. What many people hate is not evil, but the consequences of evil. No man is really a good man when he is good simply because he fears the consequences of being bad.

We must hate evil and love good. It is not all right to fraternize with evil. We must not be brainwashed into thinking that it is all right to do wrong. What is winning out in your life? Good or evil?

COMMUNITY CHURCH SCHEDULE

Table listing church schedules for various denominations including Assembly of God Church, Joe Bailes Latin American Mission, First Baptist Church, Lee Street Baptist Church, Sunnyside Baptist Church, Immaculate Conception Catholic Church, and First Christian Church.

ESSENTIAL TOO!

The boys on the field are carrying the bulk of the game, but all the boys on the bench are eagerly awaiting their opportunity to get in the game. Some will get to play, others won't, yet each is essential to the team. During practice each week their efforts help build a better team. To function properly, a church must work as a team. The Pastor and his associates carry most of the load. Many others are needed to help train and teach, or do many other tasks. However whether or not you can serve the Lord in some capacity, your presence in the worship services does help you and others too.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Castro Lodge AF & AM 879, Regular meeting, 3rd Monday. Practice every Thursday. Milton Hedpecke, Worshipful Master; Ira E. Brown, Secretary. Visitors Welcome.

STRIKE UP THE BAND! — Sue Lust gives her debut performance as drum major of the Dimmitt High School Bobcat Band during halftime of Friday night's Dimmitt-Muleshoe game. The high-stepping lass is a senior in DHS.

Mrs. Flynt Gets National Post

Mrs. Jack Flynt of Dimmitt, immediate past president of the American Legion Auxiliary, Department of Texas, has just accepted an appointment by the National American Legion Auxiliary president, Mrs. Vernon Randall, to serve as vice-chairman of the national child welfare committee.

MRS. FLYNT is also serving the state American Legion Auxiliary as national executive committee member, department national security chairman, secretary of the Texas Past Presidents Parley, and member of the state education and scholarship committee.

Lubbock Minister to Conduct Evangelism Clinic Here Monday

Anthony Longval Jr., pastor of Monterey Baptist Church in Lubbock, and evangelism chairman of the Lubbock Baptist Association, will speak in an evangelistic clinic at the First Baptist Church Monday evening.

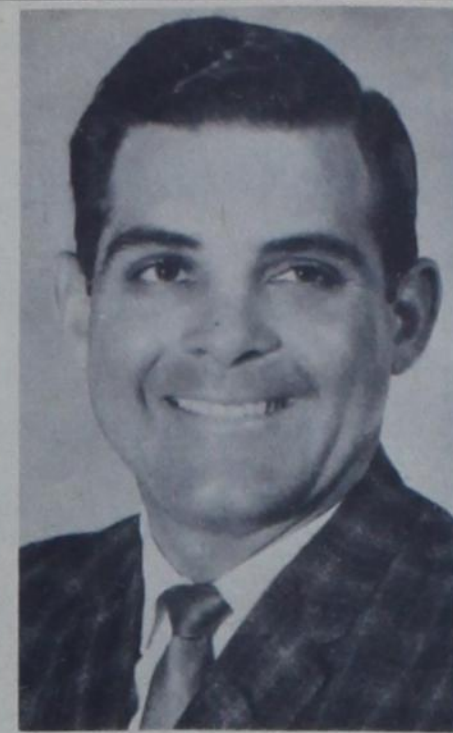

THIS IS to be the monthly meeting of the Llanos Altos Baptist Association, an organization of 33 Baptist churches in this area. There are 12,934 members of this association.

Rev. M. D. Durham, pastor of Sunnyside Baptist Church, is moderator of the Llanos Altos Baptist Association.

The meeting Monday evening will begin at 7:30, and the public is invited.

LONGVAL, a 34-year-old veteran of the Korean War, has served in Puerto Rico as a crusade leader and on the Island of St. Kitts as a missionary. He is a graduate of Wayland Baptist College, holds a master's degree from Southwestern Baptist Seminary and is a graduate student at Texas Tech.

During his three years as pastor, Monterey Baptist Church has had 920 additions.

First Christian Slates Revival

Attendance at First Christian Church at Sunday morning's worship exceeded the resident membership, as it did once in July and twice in August.

Northedge News

McDaniels Move Into Community

Mr. and Mrs. Nelsen McDaniel have moved to our community from Waxahachie.

BILL GLIDEWELL left Sunday

to enroll in WTSU in Canyon. Mrs. John Crum and Debbie Crum went to Dumas Friday, and spent the night with Mrs. Crum's twin brother Frank Harbert. They went to Hartley Saturday night with the Wesley Harberts, also her brother.

Visitors of the Robert McDaniels the past week were Mrs. R. L. Michel and Charles of San Angelo Sunday afternoon and Monday. Mrs. Michel is McDaniel's sister. Also, Mr. and Mrs. Leonard Rhodes of Littlefield and Mr. and Mrs. Nathan Stowers and Dorman of Hereford visited Sunday afternoon.

THE CHURCH is preparing for its fall revival, Oct. 1 through 8, and is trying for record attendances. Evangelist Earnest Galloway, who will close a five-year ministry with the First Christian Church in Texhoma, Okla., this month, will be the evangelist. At the close of the Dimmitt revival he will begin a new ministry with the Oak Dale Christian Church in Amarillo.

Minister and Mrs. Bedford W. Smith attended a "Back to School" youth rally and banquet at the Oak Dale Christian Church in Amarillo Friday evening and Saturday. Jeanie and Mary Hamilton and Lindsey Snider accompanied them.

In preparation for the coming revival, Minister Smith will preach Sunday on the following themes: "What to Do About the Midnights of Life" at the 10:50 a.m. service, and "Taking the Last Train Out of Dimmitt" at the evening service.

MEMBERS of the church and Bible school assembled at the church Tuesday for an evening of fellowship and fun, croquet, volleyball and visiting, before enjoying hot dogs and cookies provided by the Women's Council.

PO Will Help You Update Addresses

Dimmitt residents will have an opportunity to easily put ZIP into their mail in late September. Postmaster John H. Wood reported today.

DURING the last half of September, the post office will deliver to every householder a kit of eight postal cards which can be mailed back to the post office with addresses needing ZIP Codes. Each completed card will be sent to the post office which service the "zipless" address, and the proper code will be added before the form is returned to the sender. No postage will be needed on these cards.

Last year approximately 800 addresses were ZIP Coded by the Dimmitt Post Office as part of a similar program using only one or two cards with spaces for as many as 13 addresses. Postmaster Wood said. Nationally, about eight addresses per card were returned during the 1966 project. Extra kits will be available at the post office.

Lowly Boll Weevil Is Target Of Assault by Texas, Mexico

The 1967 Phase of a cooperative campaign to stop the westward spread of the boll weevil, a major cotton pest, got underway Sept. 5 in the High Plains and Presidio areas of Texas and adjoining parts of Mexico, the US Department of Agriculture announced.

USDA's Agricultural Research Service is cooperating with Plains Cotton Growers, Inc., Texas A&M University, Texas State Department of Agriculture, and the Mexican Government in this program.

THE CAMPAIGN was started in 1964 with multiple treatment of 290,000 acres near Lubbock. Surveys indicate that the High Plains treatment area this year has been reduced to about 80,000 acres as a result of the control program and effective in-season control by producers.

Treatment will involve use of undiluted malathion or guthion applied by aircraft at a rate of one pint or less per acre. These low volume treatments will be made at regular intervals until cold weather stops weevil activity.

These treatments are aimed at stopping weevil reproduction and keeping the pests from achieving a firm diapause state — the metabolic rest stage that allows the insect to survive cold weather and a period without food.

THE CONTROL program is being carried out this fall in the High Plains area east of Lubbock, which includes all or parts of Dickens, Motley, Crosby, Floyd, and Kent Counties. This work is of considerable importance to the cotton industry since about 15 percent of the nation's cotton is produced in the Texas High Plains area around Lubbock. The program also minimizes the opportunity for spread to the cotton producing areas of west Texas, Arizona, New Mexico and California, where about 40 percent of the nation's cotton is grown.

On a much smaller scale, the program along the Rio Grande River will cover about 2,500 acres in Texas and about 10,000 acres in Mexico. At least eight treatments will be needed in this area before cold weather stops weevil activity. Although much smaller than the High Plains control area, this region is an important reservoir of infestation for cotton grown in the Rio Grande Valley and other cotton-producing areas to the West.

Masonic Lodge To Receive Award

Castro Lodge 879 of Dimmitt and two other Masonic Lodges in this area will be honored during a workshop Tuesday at 9 p.m. in the Masonic Hall in Bovina.

CASTRO LODGE, Vega Lodge 899 (Miles) and Frisco Lodge 1332 will receive Honor Roll Awards, which are given by the Grand Lodge of Texas in recognition of outstanding attendance during the spring series of Masonic workshop programs. Hereford and Bovina lodges are also expected to attend.

James W. Cabe of Canyon, Masonic Workshop Area E-6, will present the awards and conduct the meeting.

He said the workshop is part of a semi-annual program held for the quarter-million members of nearly 1,000 Texas Masonic Lodges. The Masonic fraternity stresses charity work and self-improvement of its members.

MODERN AGRICULTURE

Price Says USDA Is 'Victimizing'

"The 35,000 farmers who protested low farm prices at a National Farmers Organization meeting in Des Moines, Iowa, two weeks ago were simply reacting to the effects of the many anti-agriculture maneuvers of the US Department of Agriculture," Congressman Bob Price, a member of the House Republican Task Force on Agriculture, said last Thursday.

Destroy Cotton Stalks Early

Because of the tremendous boll weevil populations which have developed in many sections of Texas this year, John Tamas, Extension entomologist at Texas A&M University, urges cotton producers to carry out an early stalk destruction program. He recommends the use of a flail-type stalk shredder and plowing under to a depth of at least six inches all cotton plant residue as soon as possible after the harvest is completed.

"FARMERS ARE angry over the depressed prices they receive for the commodities they raise, and justifiably so. The farm parity ratio has dropped to depression-year levels, farm production expenses are at an all-time high, and farm income is severely lagging behind non-farm income," Price said.

"In fact," he noted, "the department's own figures show that net farm income skidded from \$16.4 billion in 1956 to an annual rate of \$14.6 billion in the second quarter of this year. Therefore, it's not surprising that 35,000 farmers gathered together to call attention to these deplorable conditions caused by USDA and Administration decision-makers."

THE PANHANDLE congressman said these recent examples show how American agriculture has been dealt harsh economic blows:

—Dumping huge stocks of Commodity Credit Corporation grain upon the domestic market to break and depress grain and livestock market prices.

—Delaying the necessary action to reduce price-depressing dairy imports, then failing to cut back permissible imports to the average 1961-65 level.

—Underestimating cattle numbers by four million head and the turkey population by five million birds, thereby bringing an already weak market down further.

—Cutting back purchases of pork and dairy products by the military.

—Restricting exports of cattle hides, calf and kip skins, causing lower domestic livestock prices, notwithstanding subsequent increases in shoe and other footwear prices.

—Boosting imports of raw sugar, designed to hold down market prices for domestic sugar producers.

"**THE Republican Task Force** has repeatedly called attention to these and other actions by the USDA and the Administration aimed to depress farm prices," Price said. "The alarming extent to which they have succeeded in their effort to hold down farm income has again been verified by

Area Delegates Elect Holcomb, Odom to Posts

Ben Holcomb of Dimmitt was elected state vice-president for Area I Young Farmers and Glenn Odom was elected area secretary during the Area I YF convention in Tulia Saturday.

TWENTY Dimmitt Young Farmers and their wives, along with John Quinby, chapter advisor, attended the convention.

Highlights of the convention were a workshop at 1 p.m. and the annual business meeting at 2:30.

At 6:30 p.m., the Dimmitt delegates attended the seventh annual Area I Young Farmers and Young Homemakers Awards Banquet in Tulia High School cafeteria.

SPEAKER at the banquet was Dr. Roy C. McClung, president of Wayland Baptist College in Plainview.

The Dimmitt YF chapter received the runner-up award for publicity.

Flagg Grain Adds Soybean Elevators

Flagg Grain Co. announced this week it is installing two soybean elevators with a 28,000-bushel capacity.

THE TWO 40-ft. steel elevator tanks were purchased from Cummings Seed — Feed Co. of Friona and are now being moved to their new location. They're expected to be ready for storage before this year's soybean harvest begins.

Price Schedules Town Hall Meets

Another series of Town Hall meetings has been scheduled for Congressman Bob Price during the coming weekend.

HE WILL arrive in Amarillo Friday night, and Saturday morning will meet with a group of leading businessmen and educators on the proposed Technical Institute to be located at Amarillo Air Force Base. After that meeting, Price will tour Briscoe and Hall Counties, with stops at Silvertown and Quitaque.

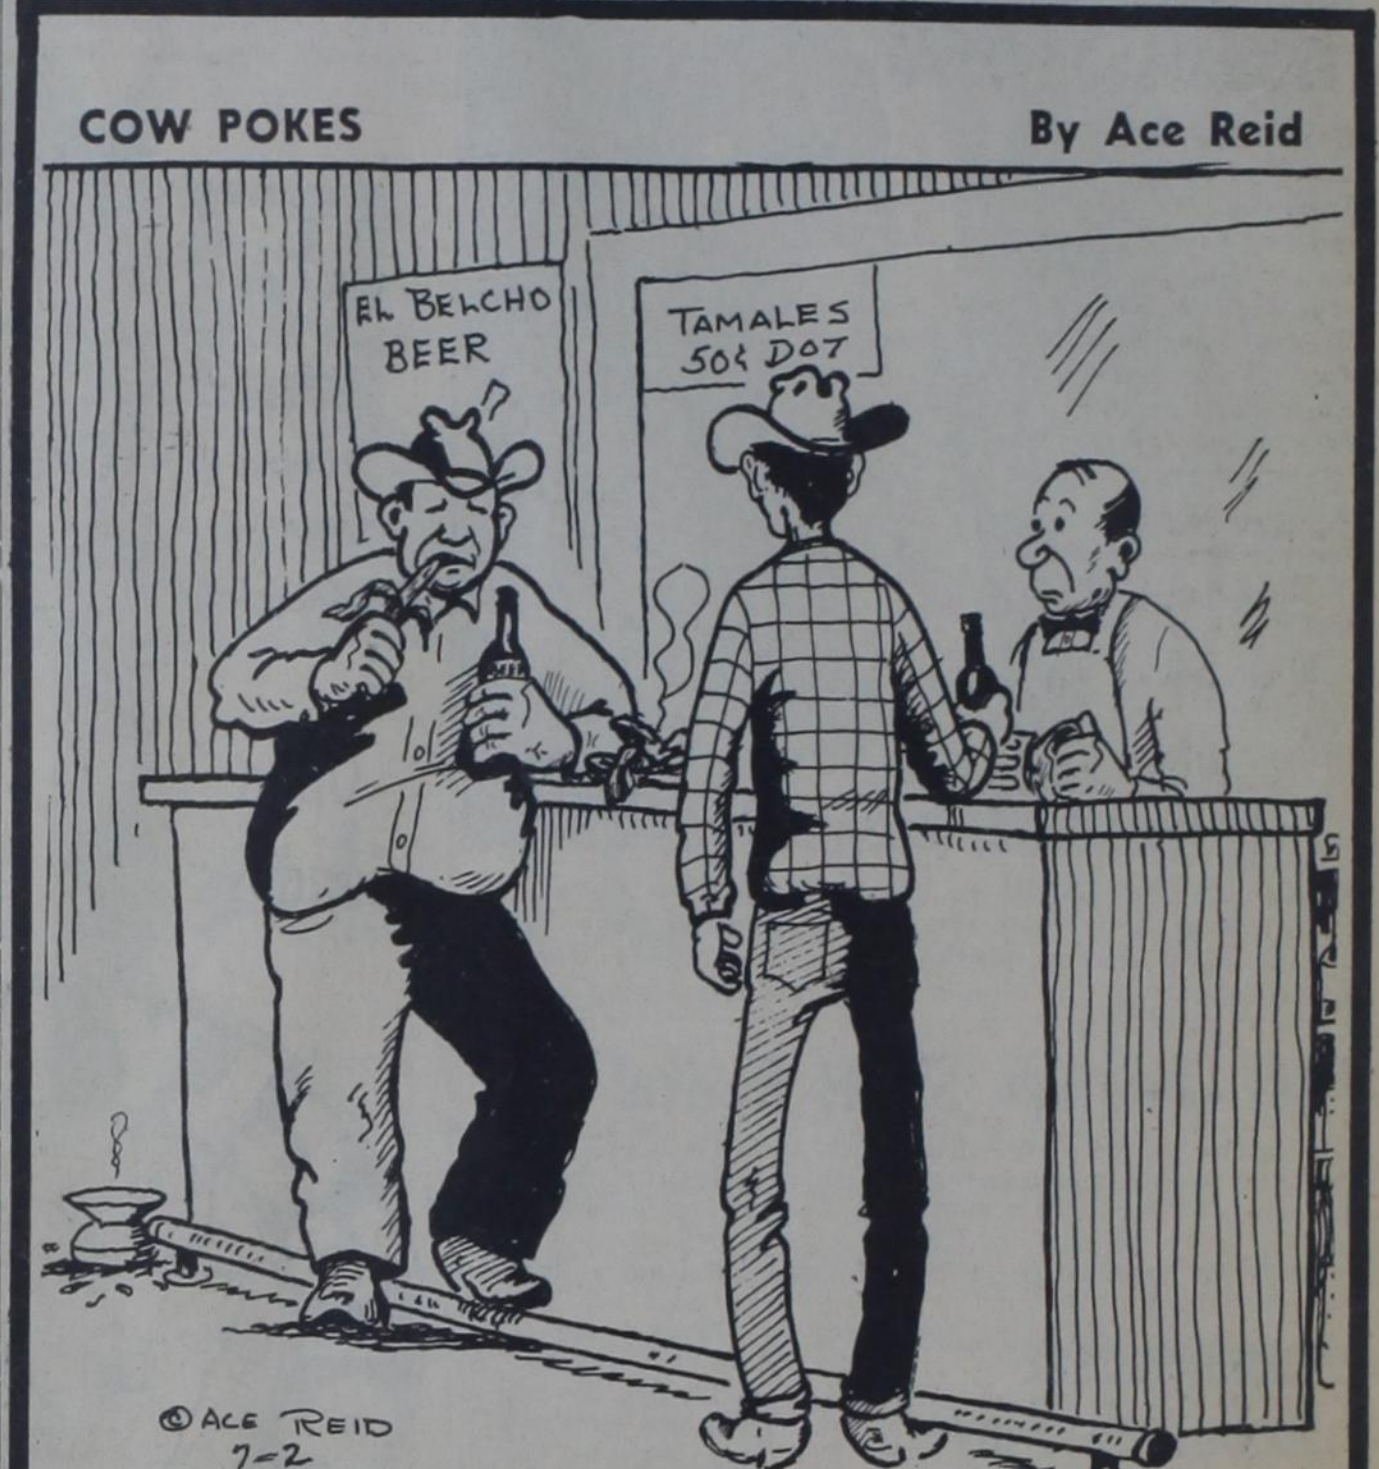

His first stop after leaving Amarillo will be at Silvertown for lunch and an open meeting at the Production Credit office there. At Quitaque, Price will meet with constituents at the First National Bank.

At Memphis, the Panhandle congressman will attend a dinner and panel discussion on farm problems arranged by his Southeast Agriculture Advisory Committee chairman, Wayne Hutcherson. Following the farm discussion, Price will attend a 7:30 p.m. Town Hall meeting at Memphis High School Auditorium.

the feelings expressed at the Des Moines meeting. No wonder our declining farm population isn't optimistic about the prospects for economic survival, and that rural discontent with depressed farm prices is being expressed vociferously and with increasing frequency."

GOAT FOR A LION — Easter Lions Club is using a staked-out goat as bait for goading Lions into attending meetings. This week the goat came to rest — and eat — in the front lawn of Tom Davis, 702 W. Lee St. Davis, manager of the Easter Gin, got the ba-a-a-ad news after missing last week's meeting. A pair of Davis' alleged friends, Mayor George Bradford and City Marshal W. W. Jones, snapped this picture of the contented booby prize in Davis' yard. If the goat loses weight, Davis will be fined a nickel a pound. Next week the goat will go to — who knows?

Easter News

Funeral Held For Mrs. Green, Prowler Victim

By RUBY STONE

Mr. and Mrs. John Keys returned home last week from Houston, where they attended the funeral of his sister, Mrs. H. C. Green.

Mrs. Green died after a beating she received last month at the hands of a prowler she surprised in her home when she returned from a shopping trip. Mrs. Keys said police did not catch the prowler.

MR. AND MRS. C. C. Parks

spent the weekend in Ruidoso. Mr. and Mrs. G. H. LaPlant visited in the home of their daughter and family, Mr. and Mrs. W. O. Markley, Wednesday evening. They just returned from a three-week visit in Washington, visiting their son V. G. LaPlant in Ephrata and their daughter, Mrs. Pat Bradford, in Warden.

The Easter Lions had a father-son banquet as part of their regular meeting Monday night.

Don and Linda Parks of Lubbock visited in the home of his parents this week.

Mr. and Mrs. W. A. Epperson visited Mrs. Ray Smith in Hereford Thursday afternoon.

CLYDE AND BETTYE Renfro

shopped in Amarillo Thursday. Mr. and Mrs. W. O. Markley spent Labor Day weekend at Lake Conchas, N.M. fishing and skiing. Cassie and Harold Dowell of Reseda, Calif., visited Clyde and Bettye Renfro Sunday.

Mr. and Mrs. John Burnett spent last week in Oklahoma transacting business. Mrs. Burnett visited her mother, Mrs. Ida Robinson, in Mangum.

Mr. and Mrs. Eddie Hegwer of McAllister, Okla., visited the W. A. Eppersons this past weekend.

Loy, Louise and Ruby Stone were in Lubbock Thursday on business.

MRS. BILL HO-GLAND, nee Ann Scarborough

was honored at a miscellaneous shower, attended by the Easter Ladies Club Saturday afternoon at the Easter Community Building. Hostesses were Mrs. W. A. Epperson, Mrs. John H. Burnett and Mrs. Trent Downing. The honoree received many useful gifts.

Refreshments of cake and punch were served. The honoree's wedding theme of colors was

Naval ROTC Tests Slated

Applications for the Navy's 22nd annual Regular NROTC qualification test are now available, according to Ben Gramling, counselor at Dimmitt High School.

The nationwide examination will be given Dec. 9, and all eligible high school seniors and graduates may apply, Gramling said.

ON THE basis of the test, personal interviews, medical exams and other factors, Gramling explained, more than 1,700 young NROTC program as midshipmen at units in 52 colleges and universities throughout the US.

Young men 17 to 21 by next June 30 who are now high school seniors or graduates may be eligible to apply for the test. Those who attain qualifying scores will be interviewed and given medical examinations next January and February.

A SUCCESSFUL candidate receives financial aid for four years of college. This includes tuition, fees, books, uniforms, and \$50 per month subsistence allowance. After completing bachelor's degree requirements and Naval training, graduates are commissioned as officers in the Navy or Marine Corps.

Registrations for the test will close Nov. 17. NROTC bulletins containing eligibility requirements and qualifying test applications are available at Gramling's office in Dimmitt High School.

A&M Schedules Horse Course

The seventh annual Texas A&M University Horse Short Course will be held Nov. 10-12, reports B. F. Yeates, Extension animal husbandman. He says the program should be of interest to every person interested in horses and will feature discussions on horse nutrition, genetics, health and demonstrations on many subjects of wide interest to horse owners, including horsemanship, cutting horses, early handling and training and others.

carried out in the decorations. Those attending were Mrs. W. O. Markley, Mrs. Ruby Stone, Mrs. Fred Walton, Mrs. John Keys, Mrs. Sam Scarborough, Carolyn Scarborough and the hostesses.

FOR SALE

Castro County

If you are looking for good land and plenty of irrigation water: We have several well located farms, (of which a few are on paved roads) that have been producing good crops of grain and cotton and would make good vegetable yields.

We have 160, 240, 280, 320, and 640 acre farms that you should see. Private financing is available on some of these listings and is the first time they have been offered for sale by the owners.

Some well located dryland farms in Castro County.

So!!! You would like to sell your home? List your property with us and see what happens! We have the prospective buyers and several sources of financing.

Many listings of Farms and Ranches.

CARD OF THANKS
 Too often we tend to forget how really valuable friends are. But we will not forget the acts of kindness, the food, cards and visits during Verbie's illness and hospitalization. Our sincere thanks to each of you, and our special thanks to "Aunt Mae" Bright for her able service.
 THE DON NELSONS

CARD OF THANKS
 We have learned that words are not always adequate to express our feelings at times like these. But, in this way, we would like to say, with grateful hearts, "Thank You" to Dr. Bischoff, the nurses in attendance, our ministers, Bro. McCormick, Bro. Stanford, and to everyone who sent food and cards and to all our dear friends. By being near you have helped us bear our loss.

64,733 Attend 'Texas' During Second Summer

The performance on Labor Day completed the second season of 59 performances of the musical drama, "Texas," in the Pioneer Amphitheater of Palo Duro Canyon State Park.

THE LABOR Day performance also marked the completion of a season without a single cancellation due to rain - an unusual record for an outdoor show.

The executive board of the Texas Panhandle Heritage Foundation, Inc., which produces "Texas," has voted to present the production again next summer. Board members have already arranged conferences between the directors, William and Margaret Moore, and the author, Paul Green, concerning next year's run.

The final audience of 1,091 on Labor Day brought this summer's total attendance to 64,733. This is 3,395 more people than saw the outdoor musical drama during its first season last year.

CARD OF THANKS

Words cannot express our deep appreciation to each of you for your many expressions of concern and sympathy during the illness and less of our loved one.

We can never forget for thank you enough for the food, those who prepared and served it, the beautiful floral tributes, the memorials, your prayers, and every kindness extended.

Sincerely,
 The Garland Adams Family

"IN GRATITUDE"

We have learned that words are not always adequate to express our feelings at times like these. But, in this way, we would like to say, with grateful hearts, "Thank You" to Dr. Bischoff, the nurses in attendance, our ministers, Bro. McCormick, Bro. Stanford, and to everyone who sent food and cards and to all our dear friends. By being near you have helped us bear our loss.
 MRS. ELMO BELL

Permits to Hunt On State Lands Might Go Begging

A special invitation is extended to hunters in the September issue of Texas Parks - Wildlife magazine, just off the press. The host is the State of Texas, and the article, "Be Our Guest," outlines a number of free hunting opportunities that are available to Texas hunters.

LAST YEAR, 5,226 hunters shot for free on state wildlife management areas. Although they bagged a number of deer, turkey, quail, javalinas, squirrels and ducks, there were many squirrel and duck hunting permits available at the end of the season.

Public hunts on state management areas are valuable parts of the wildlife research program. They provide vital data on game species, and the amount of hunting pressure that can be tolerated without endangering future game numbers. Removal of surplus game is necessary to maintain a biological balance, so guest hunters render valued assistance as well as enjoying free sport.

Another article in the September issue of the popular state outdoor magazine is of special interest to bowhunters, and to those who want to know more about this type of hunting. For that large section of the community, the fishermen, there are features on crappie, gar and bowfin, and on the outstanding fishing at Falcon Lake.

Texas Parks & Wildlife magazine is available only by subscription from the Texas Parks and Wildlife Department, Austin, 78701.

LEGAL NOTICES

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR THE PURCHASE OF MAGNETIC NAIL MACHINE

NOTICE is hereby given that bids will be received in the office of the County Judge until 10:00 A.M. on the 25th day of September, 1967 for the purchase of the following road machinery for the maintenance and improvement of the roads in and for said County, to-wit:

One (1) Magnetic Nail Machine with 5 KW DC Generator, gasoline, 4 cylinder, 4 cycle, liquid-cooled, 125 H.P. at 1800 RPM, cast iron block, self-adjusting brushes, top piston ring chrome plated, 24 volt electric starter, low oil pressure cut-out and high water temperature cutout - with one 8 foot electric magnet made with high heat resistant copper wire - with raising and lowering device - and with control switch. To be mounted on County owned pickup.

SUCH PROPOSALS will be read before the Commissioners' Court. IT IS THE INTENTION OF THE COMMISSIONERS' COURT to pay all of purchase price of the above specified equipment in cash.

THE RIGHT is reserved by Castro County to reject any and all proposals or to waive all technicalities.

ALL BIDS will be retained by the County and will not be returned to the bidders.

Raymond E. Wilson
 County Judge
 Castro County, Texas 47-2tc

Art Workshop To Start Monday

Emilio Caballero, head of the art department at West Texas State University, will conduct eight months of art classes here, with registration and first class scheduled for Monday.

Monday night's initial class meeting will be in the Presbyterian Church, Western Circle Drive, at 6:30.

Classes will be three hours, and will be held the third Monday night of each month through May, except December.

Caballero will guide local artists and beginners in eight different media — watercolors, oil, tempera, mixed media, acrylics, oil glazing, gouache and encaustic. Students will learn to paint on various types of surfaces.

FOR THE first class, each enrollee will need water colors (prang ovals are suggested, with eight colors of semi-moist cake); two sheets of water color paper 22 x 30 inches, 130 or 170 lb. weight; a one-inch flat brush, No. 12 round brush and script liner; a cellulose sponge, empty con or bowl, facial tissue, and a Masonite or plywood drawing board the same size as the paper.

Those who would like to enroll or who wish further information on the art classes should contact Mrs. Helen Braafladt, 647-2457.

Mulshoe's big Charles Beaumont rambles 20 yards Friday before Dimmitt's Louis Rendon (63) stops him. The speedy tailback set up Mulshoe's first TD with a 69-yard run later.

KARATE CHOP? NOPE — HARD TACKLE BY DIMMITT'S LOUIS RENDON (63) . . . Muleshoe's Terry Field goes down after 15-yard scamper

Early TD Gives Owls 8-0 Victory Over Hart

By JIM REED

The Hart Longhorns, plagued by a stuttering offense, dropped their season opener to the Silverton Owls at Hart Friday night as they came out on the short end of an 8-0 score.

THE OWLS grabbed the lead early in the first quarter, then held onto their slim margin under a determined attack by the aroused Longhorns.

The hosting 'Horns seemed to be able to march up and down the field, picking up yardage at will, but never were able to cross the goal line.

On their second possession of the ball game, the Owls caught the Longhorn defense asleep as a third down pass from Lanny Arnold found Tim Matthews wide open 15 yards downfield at the Hart 30. Matthews added another five yards on his own and the Owls found themselves on the Hart 25 with a first down.

The Owls sent Tim Matthews around left end, and after he had accomplished some mighty fancy footwork the Owls were leading, 6-0. Fullback Cletus Grady powered over for two extras and the Owls upped the score to 8-0.

W. A. Hawkins took the Owl kickoff on his own 10 and put a little life back in his teammates as he twisted his way out to the Hart 36 before going down. But the Longhorns were unable to pick up a first in three tries moving the ball only to their own 43, three yards shy of a first.

On fourth down, though, the Horns got their first break of the game as a personal foul against the Owls gave them a first down at the Silverton 42.

A pass from W. A. Hawkins to Clifford Ray went wild, and W. A. and Quincy Hawkins could move the ball only to the 34 in a try apiece to bring up fourth and two. The Horns elected to try for the first, but another W. A. Hawkins to Clifford Ray pass went wide of its mark and the Owls took over on the 34 to stop the Hart drive.

The rest of the second quarter

went down as a fine defensive battle. The Longhorns were able to keep their opponents deep in their own territory, but were unable to start a drive of their own.

The entire second quarter passed without either team being able to make a first down. The Horns penetrated to the Silverton 22, but Tim Matthews intercepted a W. A. Hawkins pass on the goal line and worked his way out to the 12 to kill the drive. Three plays later Hart recovered a Silverton fumble on the 24, but the half ended without the Longhorns being able to take another shot at the end zone.

The second half got underway with a bang as the Horns took the kickoff and with the aid of two penalties, moved the ball out to the Owl 41 before being forced to punt.

Cletus Grady took the punt on the 20, and Tommy Gonzales and Danny Smith combined talents to keep him there and put the Owls deep in their own territory once again. With the aid of an offside penalty against the Horns, the Owls picked up two first downs and worked the ball to the Hart 43 before Danny Smith crashed in to drop Lanny Arnold on the Silverton 40.

After taking the punt on their 27 the Horns, in three tries, found themselves on the same line and went into punt formation. Quincy Hawkins' boot carried to the Silverton 40, and two plays later Danny Smith recovered a Silverton fumble on the Owl 41.

A pass interference call and a completed pass from W. A. to Quincy Hawkins moved the ball to the Silverton 20. The Longhorns went back to their ground game and four plays later surrendered the ball on the 21 as W. A. Hawkins and Danny Smith were both thrown for losses and stepped at the line of scrimmage.

The Owls picked up only three yards, then watched as two passes were broken up before they had to return to the kicking game. W. A. Hawkins took the punt

on his 44 and could add only a yard before being brought down. Three tries by W. A. Hawkins netted only five yards, and little brother Quincy again assumed the punting chores, sending the ball to the Silverton 20. Powerful Cletus Grady again took the punt and bulled his way out to the 30 before going down.

However, the Horns' defense held as two tries by Grady and one by Lanny Arnold came up still two yards short of a first. Arnold's punt went out at the Hart 32, and the Longhorns faced 70 yards of hard going with time running out. Three tries moved the ball out to the 41, and Quincy Hawkins' boot from there sailed to the Silverton 30.

With Cletus Grady and Lanny Arnold alternating the ball carrying duties, the Owls put together two first downs and moved the ball down to the Hart 27 before giving it up.

A pass from Gary Rambo to Ronnie Barham went wild before a second down race brought the home stands to a peak of excitement. Danny Smith, Hart's hard charging fullback, broke free on a dive up the middle and raced to the Silverton 24 before being brought down from behind.

The Owls again proved equal to the task, though, as they held for three plays and then picked off a fourth down desperation pass by W. A. Hawkins and returned the ball to the Longhorn 47.

This spelled the end of the Longhorn hopes, and the Owls used only one more play before time ran out with the final score standing at Silverton 8, Hart 0.

The CASTRO COUNTY NEWS SPORTS

GOTCHA! Dimmitt halfback Roy Thomas gets the bear-hug treatment from a Muleshoe tackler after gaining five yards in the last minute of the second quarter at Muleshoe Friday night. Playing his first varsity game, the little sophomore speedster turned in a brilliant performance, gaining good yardage and setting up Dimmitt's second touchdown by being Johnny-on-the-spot when a Muleshoe receiver bobbled a punt on the 5-yard line.

Stubborn Mules Ruin Bobcat Lead, 14-13

By SCOTT MORAN

A 65-yard scoring pass with seven minutes remaining in the fourth quarter gave the Muleshoe Mules a 14-13 victory over the Dimmitt Bobcats Friday night in both teams' first game of the 1967 football season.

IN THE first half, the Bobcats looked unstoppable as they built a 13-0 halftime lead and completely controlled the action on the Muleshoe field. But the Mules picked up steam in the second half and fought their way back to a one-point victory.

The Cats took the opening kickoff and marched 67 yards in nine plays for the first score. Quarterback John Hays scored the touchdown on a dazzling 32-yard run around left end. Fullback David Land kicked the point after, and Dimmitt led 7-0.

THE KICKING game ruled the rest of the first quarter. Sophomore end Bobby Baker handled

the Dimmitt punting chores and did a fine job, punting six times for a 39.3-yard average.

AS THE second quarter waned, the Cats took advantage of a fumbled punt return as Sophomore Roy Thomas pounced on the ball at the 5-yard line in a heads-up play. Senior Halfback Ronnie Hutton followed with a five-yard run into the end zone for the touchdown. The conversion attempt failed, and Dimmitt led the Mules, 13-0, with four minutes remaining in the first half.

The Dimmitt defense remained strong as it gained possession of the pigskin again in Muleshoe territory. The Cats' offense drove in close, but time was short. David Land attempted a 20-yard field goal that fell just under the cross bar, no good. Muleshoe took the ball on its own 20-yard line as the half ended.

THE THIRD quarter was scoreless, but the fourth quarter proved disastrous for the Bobcats as the Mules dominated play, scoring twice and making both points-after.

On the first play of the fourth quarter, tailback Charles Egan broke loose on an electrifying 69-yard scamper to set up the Mules' first TD. He was tripped up on the Dimmitt 10, and two plays later quarterback Terry Field scored from five yards out. Senior wingback Bobby Julian's extra point kick was good and the score was revised to 13 for Dimmitt and 7 for Muleshoe with 55 seconds gone in the final period.

DIMMITT continued to play excellent defense and looked good on offense, too, but couldn't get on the scoreboard again.

Then late in the last quarter, Field hit Julian with a 65-yard scoring pass up the middle and beyond Dimmitt's secondary to provide the margin of victory for the Mules. Julian booted the extra point and Muleshoe led for the first time, 14-13, with 7:10 remaining in the game.

The Bobcats fought desperately, but times was out on their side. As the gun sounded, the Cats were knocking away at the Muleshoe defense — but it was too late.

DIMMITT LED in first downs, 8 to 6, and in rushing yardage, 199 to 169. Ronnie Hutton carried 13 times for 66 yards and a 5.1 average, and David Land carried 18 times for 51 yards and a 2.8 average. John Hays and Roy Thomas each had 37 yards rushing, Hays in seven carries, Thomas in nine. Danny Newton carried once for eight yards.

Friday night the Cats will host the District 3A Farwell Steers at B-beat Stadium. The Steers lost to Friona by a 17-7 count in their opening game, and appear to be headed mainly for a rebuilding year.

Last year, the Bobcats beat the Steers 16-12 at Farwell.

Game time Friday will be 8 p.m.

Presenting The VERSATILE Everman 329
Utilizing important NEW IMPROVEMENTS in the Famous Everman CRANK AXLE

Longer, Heavier Stronger—Built To Sell at a LOWER COST

The main wheels of the EVERSMAN 329 have been moved further ahead... and combined with NEW SPRING tension on the blade give faster, more accurate leveling and dirt moving action through greatly increased cutting and filling performance. Here is a big machine for dirt moving and leveling—longer, heavier, stronger—yet built to sell at a LOWER COST. For 3 plow tractors.

OUTSTANDING FEATURES—Length 32'6". Width 12". Blade capacity 134 cubic yards. Blade vertical travel 13". Weight 2010 pounds. Front V smoother blade for dirt bulging and use on heavy dry soil. Front Dolly Assembly for use in loose, moist and trashy soil conditions. Screw adjustment on front device provides simple, fast regulation for load in cutting blade. Rear Smoother Blade adjustable to all soil conditions.

There are Everman models to fit all standard farm tractors.

Natural Gas Usage to Double Within Two Decades, Boyd Says

Howard Boyd, who last week was elected president of the Independent Natural Gas Association of America at its annual meeting in San Francisco, predicted that US consumption of natural gas the next two decades.

BOYD SAID that natural gas, which accounts for more than one-

third of the nation's energy needs, is today the leading source of energy in the US.

The Independent Natural Gas Association of America is composed of approximately 200 companies engaged in the transportation, or in the production and distribution, of natural gas. The industry today is the sixth largest in the nation.

Boyd, who is chairman of the board for El Paso Natural Gas Co., told a news conference that approximately 18.8 trillion cubic feet of natural gas will be consumed in the US this year. Next year, he said, estimated consumption will be on the order of 19.7 trillion cubic feet.

BY 1990, according to the industry's best estimates, requirements in the US will reach an estimated 36 trillion cubic feet, he said.

Boyd called attention to the fact that pipeline industry efforts to keep costs at a minimum have enabled maintenance of low rate structures despite upward pressures exerted on prices by inflation and higher money costs.

He said that few, if any, of the nation's other industries have exercised greater ingenuity in research and new technology aimed at providing lower prices for consumers.

AS EXAMPLES of cost reduction efforts, he cited (1) the use of larger diameter pipelines, and increasing use of gas turbines for compressor station power, making possible the transportation of gas at lower unit costs; (2) improvement in storage facilities; (3) extension of pipeline life through cathodic protection; (4) investigation of use of nuclear explosives to unlock the hitherto unavailable reserves; introduction of automated equipment; and (6) greater strength of today's pipelines, making possible operations at higher pressures and lower costs.

Boyd predicted that natural gas will continue to provide approximately one-third of the nation's energy needs in the foreseeable future.

The inherent advantages of natural gas will be supplemented through new uses, now under development, such as total-energy packages and fuel cells, he said. He added: "Eventually we foresee the availability of a fuel cell, which without moving parts will convert natural gas into electrical energy, and which can be installed in individual homes."

IN ADDITION, he said, there should be new markets evolving for the industry. "As one example, the use of liquefied natural gas has been proposed for supersonic jet aircraft new under development. After this proves practicable, future consumption for this purpose alone could amount to an estimated two trillion cubic feet of natural gas per year."

TEEN DANCE PROCEEDS enriched the Dimmitt High School Pep Club's fund by \$124 Friday when Joe Land, chairman of the Dimmitt Jaycees' teen dance committee, presented a check to DHS's cheerleaders. The money was the profit from two teen dances sponsored by the cheerleaders and chaperoned by Jaycees and their wives. Also cooperating in the dances were Dimmitt Wheat Growers, Inc., which provided the building, and Easter

Lions Club, which donated chairs. "We hope this is the first step toward getting a teen center started here," Land said when he presented the check. Cheerleaders from left are Jill Braafladt, Poppy Byrnes, Kita Struve, Anita Cameron, Rochelle Johnson and Doricell Oldham. Next teen dance will be sponsored by the DHS Student Senate Sept. 23 and will feature Jekyll and the Hydies.

Sen. Ralph Yarborough Needed: World Meeting To Save Our Wildlife

By SEN. RALPH YARBOROUGH (D-Texas)
Dear Fellow Texan:
Last week in the US Senate I introduced a resolution urging the United States to speak out for the welfare of wildlife around the world.

THROUGH carelessness and neglect, and sometimes through criminal acts, man has already exterminated 250 species of animals. Such animals as the beautiful African leopard and the whooping cranes which winter along our Texas coasts are threatened with extinction.

My resolution calls on the US to take the lead in arranging a world wildlife conference, to protect and control birds and animals which are becoming dangerously rare.

Not long ago there were great herds of buffalo, and millions of birds like the passenger pigeon traveling over our United States. They were a part of the land, a sign that ours was a fertile, healthy nation. They are gone now. The passenger pigeon is extinct. Except for a few game preserves and zoos, buffaloes are lost to Americans.

THIS SAME tragedy is occurring all over the world. Because of uncontrolled hunting and lack of concern, some 250 additional animal species face bleak futures.

The leopard, the polar bear, the orangutang, the blue whale and the American alligator are just a few of the species that are dying out.

Newsweek magazine, in an article entitled "Can Africa's Wildlife Be Saved?" notes that in 50 years man has killed off 90 percent of the game population in East Africa. The New York Times of Aug. 30 warns that the American alligator is in danger. The article says illegal poachers in Florida, Texas, Louisiana and elsewhere are slaughtering alligators before they become half-grown to sell their hides.

These poachers are cut to make a fast buck. They don't care a bit about beauty or natural history, or extinction of a whole species.

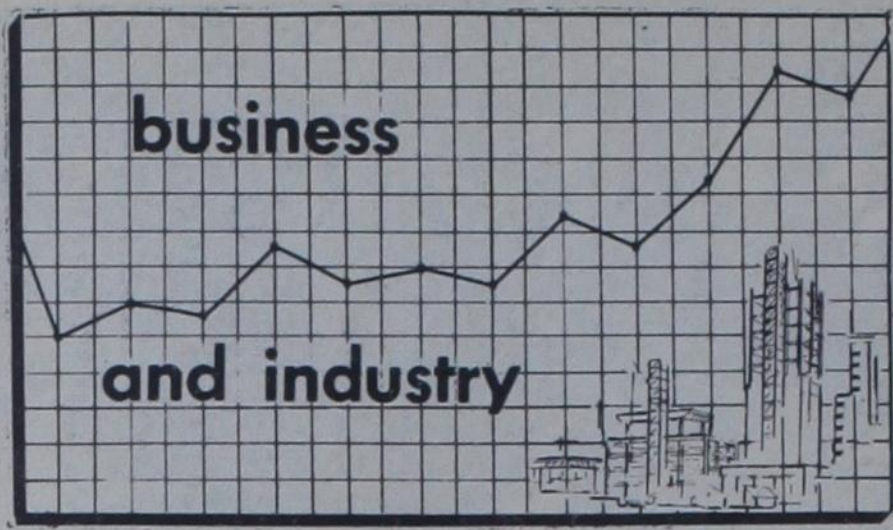

THE TEXAS Legislature this year passed four new laws to protect our Texas wildlife. The horned frog, the Texas tortoise and pelicans and duck hawks were brought under state protection from hunters and poachers.

State Representative Otha Birkenner of Matagorda County fought to protect the alligator in Texas, and he succeeded in getting a law covering Matagorda, Wharton, Brazoria and Galveston counties. I hope this law will be strictly enforced to protect our

Texas alligators. Alligator hides are selling for as much as \$6.50 a foot for shipment to tanneries today, and poachers are preying on the remaining alligators in Texas every day.

A world wildlife conference should establish international controls on trade in furs and animal products. Hunting should not be abolished, but it must be controlled. Prosperous nations like the United States should also help the developing countries set up conservation programs. And we must educate the public, both in the United States and abroad, on the need for wildlife conservation.

This is no mere sentimental question. It is a question of economics as well as morality.

Livestock and Meat Marketers To Gather at Tech Next Week

The long-term outlook for livestock will be one of the main topics of discussion during the annual Livestock and Meat Marketing Institute at College Station Sept. 21-22.

Dr. Robert Reiersen of the Western Livestock Marketing Information Project in Denver, Colo., will present his views on the subject at 8:30 a.m. the second day.

KENNETH WOLF, Extension economist in agrribusiness at Texas A&M University and the institute's publicity chairman, said the two-day session is designed for producers, meat processors and marketers.

"More than 300 persons are expected to attend," Wolf said. "Much of the program will be devoted to discussions by panel members drawn from all segments of the livestock and meat marketing industry."

The overall theme is "The Future of the Industry." WOLF SAID the institute is sponsored by the Texas Agricultural Extension Service and the Texas Agricultural Experiment Station, and is conducted by the A&M Agricultural Economics and Sociology Department.

Nelson Is Named To BCC Faculty

Bascom Nelson Jr., staff member of the Beeville Bee-Picayune, was named last week at the journalism and public information instructor for the new Bee County College.

His appointment was announced by Grady Hogue, president of the college.

NELSON, son of Mr. and Mrs. B. M. Nelson of Dimmitt, was co-publisher of the Castro County News before moving to Beeville. He holds a bachelor of journalism degree from the University of Texas, and has authored many feature articles on South Texas agriculture for Texas magazines.

Nelson will teach at the new Bee County College on a part-time basis and will continue on the staff of the Bee-Picayune.

BEFORE joining the weekly Bee-Picayune last year, Nelson operated a brush-cutting service in the Beeville area, utilizing a unique brush cutter which he designed and built while living in Dimmitt.

He and his wife, Penny, and their 5-year-old daughter, Susan, live on a farm at Mineral, near Beeville.

County Librarian Attends Workshop

Mrs. Sandra Robb, Castro County librarian, attended a three-day public library management workshop at Texas Tech Library Aug. 30, through Sept. 1.

The workshop was sponsored jointly by the Texas Tech Library, Lubbock City-County Libraries and the Texas State Library.

SUCH TOPICS as "What Is Management?" and "Management Basics" were covered the first day. The second day managing stock, personnel and finance were discussed. The third day, managing the public and the future role of libraries were discussed.

The librarians enjoyed a tour of the Tech Library and the Lubbock City-County Library. Librarians from El Paso and Houston, as well as from the Panhandle, attended.

HERE! '68 JOB TAMER TRUCKS CHEVROLET

Look at all you get you can't get anywhere else!

- Road-balanced ride with rugged coil springs all around!
- Truck-tough cab and body with double-strong construction!
- Extra workpower with job-tailored engines!
- Styling with a purpose that sets the pace!
- Coil springs at all four wheels plus Independent Front Suspension on 1/2- and 3/4-ton Chevy pickups deliver the extra-smooth ride that comes only in a '68 Chevy pickup!
- Chevy-Vans cushion cargos with front and rear tapered leaf springs.
- Big Chevies have rugged variable rate leaf springs.
- Chevy trucks have two cabs: one outside and one inside. Double-wall construction does it! Double strong! Fleetside pickup bodies have full double-wall sides and tailgate. From pickups and Chevy-Vans to big chassis cab models—Chevrolet trucks are all double strong where they should be!
- Check Chevy for '68. You won't find a broader range of power in any popular pickup! There's a brand-new 200-hp 307 V8 that's standard in V8 models.
- In Chevy-Vans you get six economy or new V8 go. On your biggest jobs, save with gasoline or 2- and 4-cycle diesel models.
- Take a good look at Chevy's style! Low silhouette of the pickup helps provide stability, cuts wind resistance. Big windows give unsurpassed visibility.
- Biggest service network. There are more Chevrolet dealers to keep your truck working and earning! See the '68 Job Tamers today!

ONLY CHEVROLET GIVES YOU ALL THESE TRUCK FEATURES FOR '68

The Smart Family Has Emergency Food Supply

By IRENE KEATING
The Castro County Youth Fair was held Saturday in the assembly room of the courthouse. Seventeen boys and 10 girls participat-

ed. You can see the winners' pictures in the paper. The displays surely were pretty.

We want to thank Mrs. Judy Cumford, county home demonstration agent from Stratford, and John Brazzil, county agricultural agent from Canyon, for judging for us. They certainly had a job.

4-H COUNCIL met Saturday and made plans for the annual awards program which will be held as a climax to 4-H Week on Oct. 7. All 4-H'ers are looking forward to this event.

Charles and I will be in Lubbock Wednesday through Friday to attend a tri-state staff conference.

Saturday the Tri-State Fair will begin in Amarillo. There will be several people from here who will be entering products.

FAMILY EMERGENCIES may range from the unexpected dinner guest to a national disaster, so the wise family is the prepared family.

Unconsciously, the family has prepared for the unexpected dinner guest by having canned goods on hand and extra meat in the freezer. But preparation for an unexpected emergency required conscious consideration. Since food sources could be crippled

and water, gas and electricity disrupted, the well prepared family is one with an emergency supply of food and water.

Each family member needs at least one-half gallon of water or water substitute per day. Melted ice cubes, fruit juice and syrup from canned fruits and vegetables act as substitutes. Emptied plastic bleach containers, thoroughly rinsed, make good storage jugs.

WATER from hot water heaters, water pressure tanks, pipes (bowls) can also be used. Stream lake and pond water not contaminated by radioactive fallout can be purified by one minute's boiling or by adding 10 drops of chlorine bleach or 20 drops of tincture of iodine per gallon.

If the water does not smell of chlorine or iodine after 30 minutes, add another dose and let settle 15 minutes more. Use one water purification tablet per quart or two tablets if water is cloudy. Remember, these methods remove only impurities, and none removes radioactivity from water.

When area water is contaminated, close the intake valve to block entrance of contaminated water into the house. Be sure gas used to heat water is turned off to prevent overheating. Turn on a hot water faucet to vent the heater to the atmosphere.

FOOD CAN calm disturbed, troubled persons, as well as provide nourishment during an emergency. A minimum of two weeks' food supply in your home is desirable. Build up reserves gradually, taking advantage of sales. Include foods your family likes, considering individual preferences. Store plain, everyday foods your family is used to. Variety is secondary. Also include candy, cookies and other treats. For infants or the sick and aged, include special milks and strained or chopped foods.

Use jars and cans of a one-meal size, particularly for foods that spoil quickly after the container is opened. Since heat, refrigeration and water are limited, choose foods that can be eaten directly from the can. Replace stored canned goods every six months. Use ready-to-eat cereals and other foods in paper containers with tight lids.

THESE FOODS will meet your needs:

Canned meats, fish and poultry and canned meat spreads; cheese, meals-in-a-can, such as stews, baked beans and spaghetti; canned fruits and vegetables; dried fruits; crackers, cookies, canned jams, jellies, peanut butter; instant foods; salt and other seasonings, sugar; canned juices, soft drinks, evaporated milk and other water substitutes.

Minimum equipment includes:

A small, compact cooking unit (such as a camper's stove), matches, one or two cooking utensils, disposable knives, forks and spoons, can and bottle openers, paper plates, cups, towels and napkins, measuring cup, paring or pocket knife and special items for the young, elderly or ill.

DURING an emergency, try to maintain a regular eating schedule. Regular routines boost morale. Use perishable foods first, and make meals nutritional. Try to include milk, protein foods (meat, beans, peanut butter), fruit or vegetable and bread or cereal.

Serve a few foods at a time, making helpings generous. This eliminates leftovers.

COMMERCIALLY canned foods are safe in any emergency if these precautions are followed: Do not use damaged or bulging cans. Their contents may be spoiled.

Wash and disinfect cans covered with flood waters before opening them. Discard flood-covered glass jars.

In a fallout area, food in cans, jars, cartons and other unbroken food packages is safe to use. Be sure to wipe off radio-active dust on the container with a damp cloth before opening.

REMEMBER to store your emergency supply gradually to prevent strain on the budget. And without realizing it, you will soon be prepared for a flood, a tornado, or even an unexpected dinner guest.

Ladies Attend Land Title Meeting

Mrs. Clara Vick and Viola Schacher of Cowser Abstract Co. attended the Texas Land Title Association Region 1 meeting at the Holiday Inn West in Amarillo Saturday. Region 1 is comprised of 49 counties in the Texas Panhandle.

BOOTS 'N BATONS — Dimmitt High School's Bobcat Band put its best foot forward with these twirlers this year. Making up the high-stepping squad are, from left, senior Juanelle Conard, sophomore Suzanne Merritt, senior Elaine Davis, sopho-

more Delores Wilke, and senior Mary Lynn Hays. In addition to leading the band onto the field and performing precision baton drills at halftime, the girls also help the cheerleaders keep spirit high during the game.

Price Reports:

Can't a Victim Be Armed, Too?

By **BOB PRICE**
Congressman, 18th District
Since the recent riots around the country, I have had many letters from Panhandle citizens expressing concern not only over the near state of insurrection in some of our cities, but also over firearms legislation that has been introduced in both the House and the Senate.

EARLIER this year, I testified in hearings of the House Judiciary Committee against such legislation. So far the committee has not acted on the bill which would further restrict the sale and ownership of small firearms, but the proponents of the "take their guns away from them" movement are again pressuring both congressmen and senators to bring such legislation out of committee.

The Washington Post, champion of liberal causes, never misses an opportunity to editorialize the evils of firearms, and would do away with them entirely. Any crime or mishap committed with or the result of a pistol, rifle or shotgun, bring forth a renewed demand from the Post for legislation to literally do away with firearms and the sponsors of the legislation now in committee point with horror to the growing homicide rate and insist that humans are not competent to have firearms in their possession. And they are serious about it.

IN OPPOSING such legislation, I am certainly not condoning the all too frequent and tragic misuse of firearms. But balanced against the inherent and constitutional right of a US citizen to own and use firearms for such legal pursuit, I can visualize such restricting laws as proposed by these bills, only as a further infringement by the federal government on individual rights and another step in a veiled threat by the do-gooders to totally disarm our citizenry.

Additionally, I do not believe there is any practical way to leg-

islate human behavior or stop people from killing themselves or each other by making guns impossible or difficult to obtain. The homicide and suicide rate is tragic, but so is the death and injury rate on our streets and highways, in spite of all of the licensing, inspection and safety procedures we have been able to devise.

And in view of the alarming increase in serious crimes, especially those committed with firearms, it would seem that our federal government would be more concerned with some tough and realistic laws, or enforcement of laws, for the protection of citizens rather than the continued coddling of those who prey on law-abiding citizens.

THE SITUATION is so bad here in the nation's capital that one of the young ladies in my office who lives only a few blocks from the capitol felt compelled to buy a pistol after another Capitol Hill secretary was murdered in her apartment in the next block.

In the first edition of a new weekly newspaper here, the Examiner, a newswoman, Edith Kermit Roosevelt, wrote an article titled, "The Feminine View. . . And So I Bought a Gun." Miss Roosevelt lives in the apartment house in which this girl was murdered and another raped.

"My neighbors have had their homes robbed in broad daylight. In no case has anyone been punished," she wrote.

"I decided on the necessity of my having a pistol as an equalizer. At a time when fellow citizens — even males — no longer can be depended upon to heed a woman's screams or come to her aid, and when violence is virtually justified as a social right of the dissenter, a lady simply must restore the balance." Miss Roosevelt concluded. She is the granddaughter of former President Theodore Roosevelt.

Frio

Frio Homemakers Elect Officers

By Mrs. Owen Andrews
Frio Homemakers Club elected officers last week at the Hereford Community Center.

COLLEGE students are leaving to resume school work. Among those from this area are Nancy Gripp, who will be a junior at Tech; Monte Gripp, who will be a freshman at Tarleton State College, Stephenville; and Debbie

Banks, who will return to Tech for her sophomore year. Jana Cole will be a sophomore at Baylor and Nancy Axe a sophomore has gone to Salt Lake City, Utah, to enter LDS Business College.

Taylor and Deward Taylor of Frio spent last weekend on an outing at Ute Lake. Brooks's brother, Earnest Brooks of Comanche, Okla., came for the weekend and the outing.

MRS. MINNIE DENT underwent surgery at Deaf Smith Smith County Hospital Tuesday and is reported to be improving nicely.

Mrs. J. E. Warrick was taken to the Deaf Smith County Hospital Thursday after falling in the kitchen of her home. She was resting well at the last report.

GERALD HARDER left Saturday to be stationed at Ft. Leonard Wood, Mo., after spending a month's leave with his parents, the Earnest Harders, here. He had just completed a year's duty in Vietnam.

Mr. and Mrs. Bill Struve, Kita and Bernice English and Junior Hargrove attended the Boys Ranch Rodeo Monday.

THE CHARLES Springers and the Dr. Dave Hamblen family spent the Labor Day weekend on a skiing and dove hunting outing at Lake Tucuman, near Snyder.

Mrs. Sam Ogan and Mrs. Charles Self attended a Llanos Altos Associational officers' training clinic for WMU workers held at First Baptist Church of Floydada last Thursday.

MARY KLEMAN'S daughter, Mrs. Ball, was a visitor. Mr. and Mrs. Leon Bell from Hereford visited their father, Fred Bell.

A FAMILY gathering of the Andrews relatives was held in Dameron Park in Hereford Sunday. The occasion was especially to honor those with September birthdays.

Northside Church Has New Minister

New pastor at Northside Baptist Church is Bill Alexander, a native of Austin and a graduate of Wayland Baptist College.

HE AND his wife, Jane, who is originally from Paducah, live at 305 NW Eighth St. They have three daughters, D'Lisa, 7, D'Lynnda, 6, and D'Lora, 4.

HE PLAYED catcher on the Lamar Farm Supply team of Lamar, Colo., which won two and lost two in the World Series to finish among the top 10 softball teams in the nation.

Dear Uncle Sam

Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, State Selective Service Director, 702 Colorado Street, Austin, Texas 78701.

Q - Last year I attended college part time, but will attend full time, beginning in September. Will I qualify for student deferment?

A - Ordinarily, a student who attended part time last year would not qualify for Class II-S this year because he was not then full time.

Q - My sick friend won't be able to complete high school until he is nearly 20. Will he be drafted before he gets out?

A - A young man who is a high school student and satisfactorily pursuing a full-time course for high school study until (1) he is graduated, (2) reaches age 20, or (3) drops out of school, whichever occurs first.

Q - I was 24 years old in July. If I became an undergraduate student this fall, will I qualify for the II-S student deferment?

A - No, because you're 24. You will qualify for classification in Class I-S for an academic year if you're ordered for induction while you're a full-time, satisfactory student.

Square Dance Tips

By MILDRED BARNES
Didja hear about the tightwad who couldn't learn to square dance? He always put "dough" before do-si!

JOE GREER called a special dance for us Aug. 29 that was enjoyed by the members and visitors from several places. Sid Perkins called for our regular dance Sept. 5.

For those desiring to take square dance lessons, contact Bob Murdock, Ted Robb, Bill Harman or any member of the Dimmitt club. Classes will begin in October, and this is where the fun begins.

Watch this space for the promenade of the month. Pleasant Faces
We'll allemande left and dance awhile. Remember it's no fun without a smile.

We love to dance and we'd be real proud if we didn't goof, but that's allowed. If the call is "left" and someone goes right, keep a smiling face; don't be a blight.

Golden Spread Rest Home

By JEAN BIRDWELL
We are proud to say that we have several new patients in the home - Mr. McMillian from Lubbock, Mrs. Jim Hill, Mrs. Carlson, Mrs. Schmer, all from Hereford; and Mr. Goodwin from Plainview.

MR. HILTBRUNNER has returned from the hospital in Hereford and is recovering very well. A big "Thanks" to the Touchstone family for the beautiful flowers.

Mrs. Cnard had hosts of friends and relatives from Oklahoma City as well as here in Dimmitt over Labor Day.

THE NORTHSIDE Church of Christ held services here Sunday for the seniors of our home. Mrs. Mildred Childress of Tulsa is a regular visitor of her father and mother, Mr. and Mrs. R. A. Freeman.

Mrs. Griswald is now in Lubbock on business, and most of all to visit her first granddaughter. Mr. Hand has also returned from the hospital here in Dimmitt and is in fair condition.

Jean Birdwell wishes to express her thanks to all the employees of the Golden Spread Nursing Home and also to the hosts of friends and relatives for their cards, help and words of kindness through the serious illness of her husband, Wade, now that he has returned home from the Albuquerque Hospital.

MARY KLEMAN'S daughter, Mrs. Ball, was a visitor. Mr. and Mrs. Leon Bell from Hereford visited their father, Fred Bell.

Lookout Asked On Screwworms
Rainfall in much of the barrier zone along the US-Mexico border could cause an increase and spread of screwworms, report officials of the eradication program from Mission. They emphasize that the fall build-up last year began in mid-September and carried into December. To avert this situation, the officials urge stockmen to treat all animal wounds, collect worm samples for positive identification and follow working livestock.

Bethel HD Club Hears of Duties

Mrs. Betty Boothe gave a program on the duties of officers at the meeting of the Bethel Home Demonstration Club Wednesday of last week in the Bethel Community Building.

Hostesses were Mrs. Carolyn Sides and Mrs. Lois Wales. Sixteen members were present.

THE CATHOLIC Daughters held their first fall meeting Wednesday evening, Sept. 5.

Before the meeting an award was presented to Rebecca Huseman, daughter of Mr. and Mrs. Louis Huseman, for winning second place in the state poetry contest sponsored by the Catholic Daughters Courts in her age group.

MR. AND MRS. RONNIE Hoelting and family and Mr. and Mrs. Frank Hoelting spent a day visiting John Heiman at St. Ann's Home in Panhandle last week.

They report he's getting along fine.

Sunday, the Albert Venhaus family had dinner and spent the afternoon at Thompson Park in Amarillo, the occasion being Albert's 60th birthday.

Those enjoying the picnic were Mr. and Mrs. Albert Venhaus, Mr. and Mrs. Dickie Hoelting and family, Mr. and Mrs. Vinc Venhaus and family, Mr. and Mrs. Edwin Huseman and Kent, Clyde Venhaus and Angela Conrad, Joyce Venhaus and Monett Pohlmeier, Mr. and Mrs. Cecil Venhaus and Debbie Dumas, Mr. and Mrs. Lloyd Venhaus and family of Happy, and Ronnie and Jimmy Huseman.

MRS. AGNES Brockman, Mrs. Clarence Schulte and daughter Bea drove to Muleshoe Sunday to visit the Philip Brockmans.

They moved last week from Lubbock, where Philip attended Texas Tech. He will work for Tide Fertilizer at Clay's Corner, 10 miles north of Muleshoe.

MR. AND MRS. HERMAN Birkenfeld are parents of a baby girl born Friday, and Mr. and Mrs. Ralph Steffens have a new son born Saturday.

Mrs. META STORK was surprised on her 70th birthday Sunday with a supper and evening

LEGAL NOTICES

THE STATE OF TEXAS) COUNTY OF CASTRO) BE IT REMEMBERED that the Honorable Commissioners Court of Castro County, Texas, met in regular session on the 24th day of July, A.D. 1967, with the following members present, to-wit: Raymond E. Wilson, County Judge, Presiding

E. I. McLain, Commissioner, Pct. No. 1 Dale Winders, Commissioner, Pct. No. 2 J. M. Wright, Commissioner, Pct. No. 3 Al Maurer, Commissioner, Pct. No. 4 Zonell Maples, County Clerk of the Commissioners Court.

And among other things, there came on to be considered the boundaries of precincts for County elections; and

It appearing to the Court that it would be to the best interest of Castro County, Texas, to change the existing precinct boundaries between election precincts Nos. 3 and 7, between election precincts Nos. 1 and 10, between election precincts Nos. 1 and 2; and the creation of a new election precinct numbered 16; and to re-define the boundaries of said election precincts; and

In obedience to the Constitution of the State of Texas and the Revised Civil Statutes of the State of Texas, Castro County, Texas, having heretofore been divided into 15 election precincts, and the need existing for the creation of a new election precinct to be numbered 16, motion was made by Dale Winders, and motion carried, that Castro County be divided into 16 election precincts, numbered from 1 to 16, and shall hereafter, from and after the date hereof, be as follows:

ELECTION PRECINCT NO. 1 beginning at center of Court House and following the center line of the East-west alleys, continuing east to an intersection with the center line of State Highway 86 as now located; THENCE East following center line of said Highway 86 to the Northeast corner of Section 302, Block M-6; THENCE south to the southeast corner of Section 36, Block 10-T; THENCE west to the southeast corner of Section 46, Block K-13, and the center line of U.S. Highway 385; THENCE north and northwesterly direction continuing along center line of U.S. Highway 385 to the point of intersection of the center line of U.S. Highway 385 and the center line of the north-south alley in Block 87, as extended; THENCE north along center line of said alley to the place of beginning.

ELECTION PRECINCT NO. 2 beginning at the center of the Court House shall follow same line as the west boundary line of Election Precinct No. 1 to the south-east corner of Section 46, Block K-13, Castro County, Texas; THENCE west to the southeast corner of Section 4, Block O-4; THENCE north to the southeast corner of Section 3, Block O-3, and the center line of State Highway 86; THENCE in a northeasterly direction following the center line of State Highway 86 to the point of intersection with the extended

center line of the east-west alley in Block 20, Clifton Heights Addition to the City of Dimmitt; THENCE east following center line of said east-west alleys to the place of beginning.

ELECTION PRECINCT NO. 3 beginning at the center of the Court House lobby and continuing west along center line of east-west alleys to the point of intersection of the extended center line of said alley and the center line of State Highway 86; THENCE in a southwesterly and westerly direction following center line of said State Highway 86 to the point of intersection with Castro-Parmer County line with Castro-Parmer County line to the point of intersection of said county line and the north line of Section 11, J. T. Jowell Sub-division; THENCE east along north lines of Sections 11, 7 and 3, J. T. Jowell Sub-division to the north-east corner of said Section 3; THENCE north along east line of Section 2, J. T. Jowell Sub-division; THENCE east to the west line of Gregg County School land, League 3, Block M-10-A; THENCE south to the S.W. corner of said Gregg County School land, League 3, Block M-10-A; THENCE east to the S.E. corner of Section 7, J. E. Tucker Sub-division, League 4, Delta County School land; THENCE north to the N.E. corner of Section 5, J. E. Tucker Sub-division, League 4, Delta County School land; THENCE east to the N.E. corner of Section 1, J. E. Tucker Sub-division, League 4, Delta County School land and the center line of U.S. Highway 385; THENCE south along the center line of U.S. Highway 385 to the intersection with center line of State Highway 86; THENCE east 1/2 block to the center line of north and south alley in Block 83; THENCE south to place of beginning.

ELECTION PRECINCT NO. 7 beginning at S.E. corner of Section 3, Block O-3; THENCE south to the S.E. corner of Section 4, Block O-4; THENCE west to Castro-Parmer County line; THENCE north along said county line to point of intersection with center line of State Highway 86; THENCE east along center line of State Highway to the place of beginning.

ELECTION PRECINCT NO. 10 beginning at the S.E. corner of Section 46, Block K-13 in center line of U.S. Highway 385; THENCE east to the S.E. corner of Section 56, Block 10-T; THENCE south to Castro Lamb County line; THENCE west with Castro-Lamb County line to the center line of U.S. Highway 385; THENCE north along the center line of U.S. Highway 385 to the corner of Section 46, Block K-13, to the place of beginning.

ELECTION PRECINCT NO. 16 beginning at S. E. corner of Section 46, Block K-13 following the center line of U.S. Highway 385 south to the Castro - Lamb County line; THENCE west with the Castro-Lamb County line to a point in the East line of Section 30, Block 2, W. E. Halsell Sub-division; THENCE north to the S.E. corner of Section 4, Block O-4; THENCE east to the S.E. corner of Section 46, Block K-13, to the place of beginning.

Signed: RAYMOND E. WILSON Judge Castro County 46-3tc

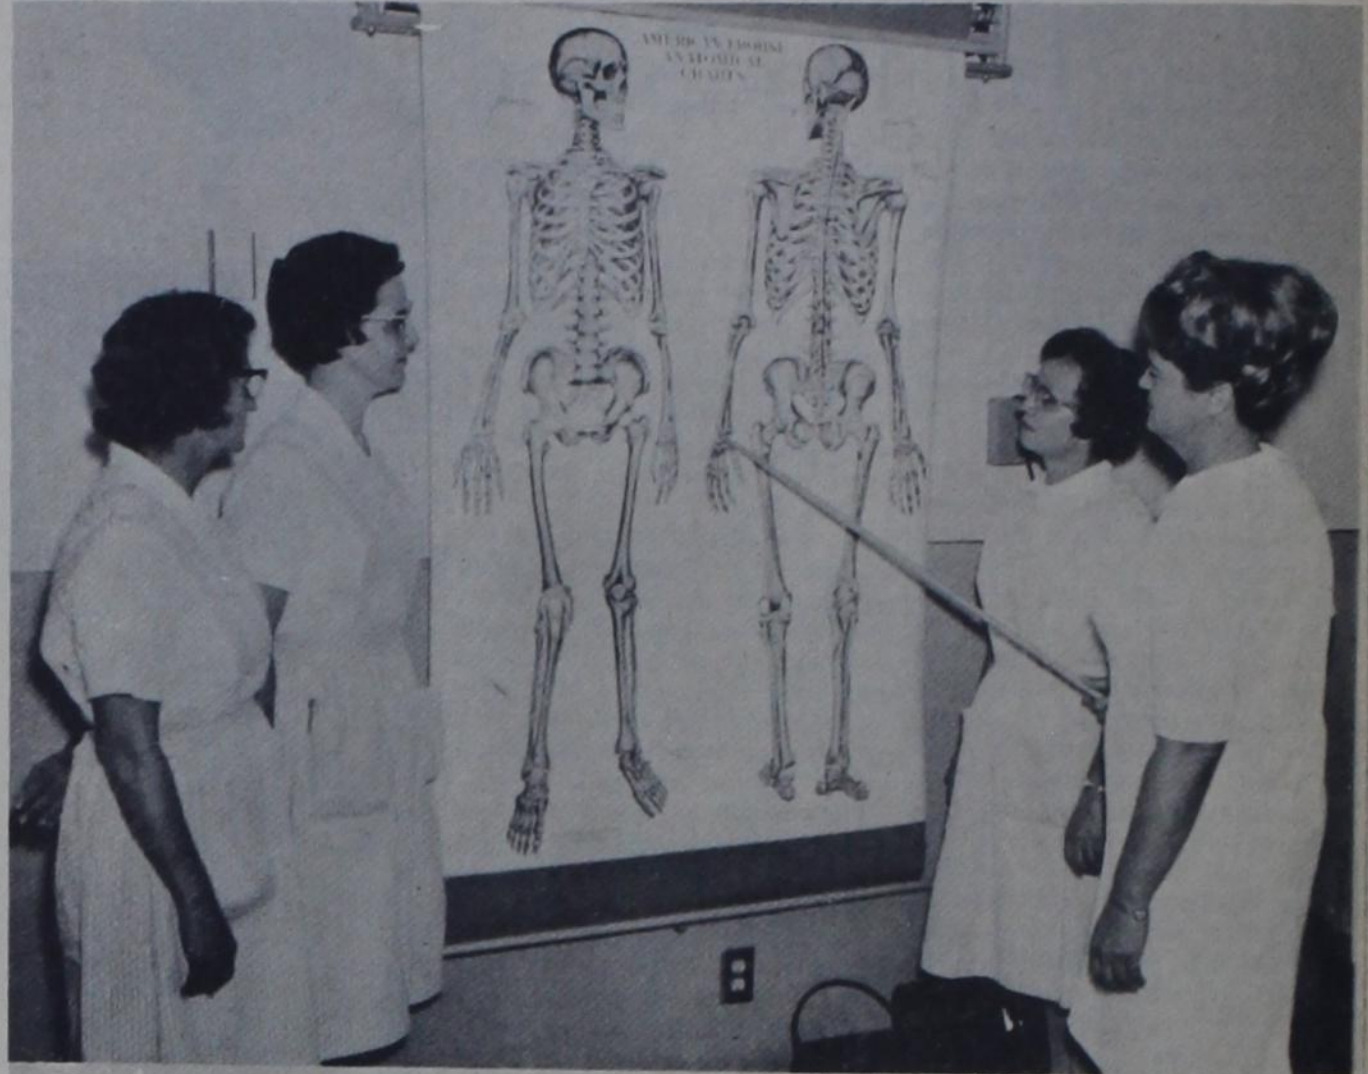

'I Want to Be a Nurse'

A NEW CLASS is now underway at Plains Memorial Hospital's Licensed Vocational Nurses' School, with 12 ladies enrolled in the year-long course. Here, students learn to take blood pressure readings. Around table are Mary Lou Salcido, Mrs. Mary

'SHOOTING PRACTICE' is done on "Susan Simon," the LVN School's training dummy. Here, Mrs. Inez Stewart learns to give an intramuscular injection. In background are Mrs. Alta Rhodes, Mrs. Ruth Terry and Mrs. Georgia Derrick. Mrs. Baldrige (right) supervises. Students are now spending six hours a day in class and one hour on floor duty.

'THEM BONES' are no longer just hip-bones and backbones to LVN School trainees — each bone has a scientific name and the students must learn it. Here, Mrs. Baldrige (right) gives a test on the human skeletal system to (from left Mrs.

Ruby Dowse, Mrs. Gladys McLain and Mrs. Edna Goolsby. This is the LVN School's second class; the charter class last year graduated four vocational nurses. The capping ceremony is 20 weeks away, the class will graduate next August.

Sunnyside

Storm Was Grim Reminder of 1960

By TEENY BOWDEN

Residents of the community who survived the tornado of April 12, 1960, were given a grim reminder in the storm Sunday night of last week.

FORTY-FIVE persons were at the church this time for the regular Sunday night services. The storm struck about the time of the final "amen." Those who rushed out immediately got to their cars, but could hardly open the doors because of the wind. Some drove from the church grounds, but had to stop soon because they could not see where they were going.

Those who rode out the storm in their cars said it was similar to riding across litter beds, with so much compression inside it felt like they would suffocate. One car left in gear was pushed against another. Some buckled their seat belts, expecting to be blown over or away any minute.

THOSE WHO didn't get out immediately could not open the church door against the force of the wind. Some of them leaning against an inside wall of the auditorium felt the wall shaking, and expected to be blown away.

The electricity went off when the storm hit, as lines were torn down. There was considerable damage to the roof of the church, and the air conditioner was torn from the roof of the parsonage and left leaning on the west side of the roof. The television tower was bent.

Across the road to the west, most of the roof on the Bradley butane office and garage was blown away. Some of it was found to the south and part of it to the west. \$6,000 worth of damage to the building and a possible \$2,000 to the stock was reported. Tree limbs were broken off here, as they were elsewhere over the community.

TO THE SOUTH of the Bradleys, the B&J Food Store received quite a bit of damage as the air conditioners were ripped from the roof and the building filled with

water. On farther to the south, the J. Paul Waggoner house roof was lifted and the south steel column on the east front porch was blown down. The trailer house and the well house there were demolished. The south wood column on the W. E. Loudder home was blown out and the next one twisted almost out. The column was found south of the shop, more to the west than to the south. There was a little damage to the roof and to trees and trailers.

Trailers all over the community were damaged. A fertilizer rig was blown off a concrete block and rolled about 50 feet to the south. The spray rig sitting near it didn't even have a hose damaged. An apricot tree was uprooted and wedged in a pear tree. Across the road to the east, the E. R. Sadlers had damage to trees, trailers and one peach tree was blown out of the ground and they have not found it, fences, and water was blown into the Gale Sadler house, which is not completely finished. At the gin, the new burt hopper was demolished.

At the Bradley airplane hangar, the north shelter was torn off and the airplane belonging to Charlie Hall Jones was demolished. The one belonging to Richard Bills, also parked under the shelter, was badly damaged. The hangar itself and the Bradley plane were not hurt.

THE BUFORD HAYDON home was almost unroofed, the north end of a new hay barn blown away, and a windmill in the feed lots was blown down. There was other minor damage here also.

The Houston Carson home was almost unroofed. Part of it was, and the rest was lifted and set back down. At the Irving Kings, a barn was unroofed in the middle, and an evergreen broken off at the base. A windmill was blown over at the John Gilbreath feed lot, and their house sill under construction was damaged by the wind and rain. A silo was destroyed, one end of the barn

and garage damaged, the stock trailer tossed around and a small rent house damaged.

THE NORTH window blew out at the Doug Loudder home, and most of the glass fell outside the window or blew around the west side of the house. Their house was shaken considerably. The only damage at the El Paso Natural Gas Plant was to the houses, where the wind ripped air conditioners from the roof and blew storm doors off.

The storm lasted only about 10 minutes, but seemed much longer. Some gauges registered two inches of rain, but most believe it was around three. Next morning there was no water standing. There was hail damage and wind damage all over the community with the exception of the extreme northwest part. There was little hail damage and no wind damage in the extreme southeast part. Generally, the hail was a strip about three miles wide, but it varied considerably. Those in the center of this strip were completely wiped out. In the cotton and soybean fields, there wasn't a green leaf left.

MAIZE was also badly damaged by both wind and hail. The stage of maturity seemed to determine the wind damage to maize. The corn in places was utterly stripped, as well as knocked down. The storm center seems to have been through part of Punk Gilbreath's, Houston Carson's, Lloyd Blanton's, E. R. Sadler's, Roy Phelan's, Hubert Lilley's, Irving King's, Buford Haydon's, Alton Loudder's, John Graham's and Weldon Bradley's. Others outside this line were about as badly damaged, but there is no pattern to the other.

The Cecil Curtises and the Ed Dawsons were badly hit too, but not as severely as those in the line farther north. The Curtises lost two pecan trees and two willow trees. The orchard was damaged also. They picked up 25 bushels of apples and have handled

them three times so far trying to have some of them. Only one peach tree and one pear tree had fruit, so that loss was not so great.

NOT ONLY trees were damaged, but birds by the hundreds were killed. The Carsons counted 486 in and around their yard. The Ezell Sadlers estimated around 200. Most residents think the 100 mph or more wind was just a straight wind, but many think the cloud contained a tornado which didn't touch ground. The path of the storm was very similar to the 1960 tornado, but from the opposite direction.

SEVERAL from the community attended the funeral services for Elmo Bell in Dimmitt last Thursday. He came to the Sunnyside Community with his parents and three sisters in 1914. They bought the section east of the Bowden and Thompson section, and lived there several years.

Elmo and Lela D. started to Sunnyside School for the 1914-15 school year. They have retained this section of land one and two miles east of Highway 385, and along Farm to Market 145, all through the years. Various ones have rented it, and then in 1951, when Mr. and Mrs. J. L. Dewy and their family moved to Dimmitt, Elmo took over the place himself making his home in Dimmitt. Mr. Dewy had farmed the place for 11 years.

When the Bell family came to the community, they came by surrey and wagon from Montague County to Dimmitt, and then south on a winding wagon trail which led from one house to another rather than a straight course south as today. He has helped me much in writing the history of the community, and was always so willing to do so.

FLOYD AND Mokey Ivy left Monday morning on a deer hunting trip in Wyoming.

Mr. and Mrs. Roy Phelan had supper in Fieldon last Saturday night with Mr. and Mrs. Earl Phelan and their guests, Mr. and Mrs. Lawrence Phelan and Mr. and Mrs. W. T. Mitchell, all of Weatherford. The Lawrence Phelans came home with them and spent Saturday night and Sunday. Mr. and Mrs. Earl Phelan, and her parents, Mr. and Mrs. W. T. Mitchell came up for Sunday dinner. Mr. and Mrs. Bill Dean of Halfway visited with them in the afternoon.

Mr. and Mrs. Ray Joe Riley and Kevin spent last week doing some work on their place at Bonham. They returned home Tuesday. Jody stayed in Dimmitt with his grandparents, Mr. and Mrs. Ray Riley.

REV. M. D. DURHAM left last Sunday afternoon to begin a revival at West Camp. Eddie Howard filled the pulpit Sunday night in his absence. He came home for a while Monday afternoon after hearing of the storm, and spent Friday night and Saturday here since there were no Saturday morning services at West Camp.

Mrs. J. W. Carr's brother and family from Gordon City, Kan., spent last weekend with them. They all had a picnic lunch together in Lubbock last Sunday.

Mr. and Mrs. Raymond Lilley returned home last Saturday from their trip to Colorado. They went to Big Springs Wednesday after hearing of the death of her aunt Tuesday. They came home Thursday evening.

Mrs. Pearl Sadler of Dimmitt visited last Sunday afternoon with Mr. and Mrs. E. R. Sadler and Mr. and Mrs. M. H. Fowlkes.

Susan and Cindy Sadler went home with her and spent Sunday night with her.

MR. AND MRS. Don Smith and Carrie of Portales spent Monday and Friday with her sister, Mr. and Mrs. Gale Sadler and girls. Smith also came back Wednesday. They have been helping with the house.

Mr. and Mrs. Lowell Westmoreland, Gena and Zane of Littlefield visited Wednesday with Mr. and Mrs. Alton Loudder.

Mr. and Mrs. Jim Elder of Dimmitt visited Wednesday night with Mr. and Mrs. Bob Ott, Don and Peggy. Peggy flew to Dallas Sunday morning from Lubbock to make preparations to enter school at Baylor.

Mr. and Mrs. Milburn Hayden visited in Weatherford Wednesday through Saturday with his parents, Mr. and Mrs. Raymond Hayden.

HAROLD SPENCER came in from the Oklahoma wheat harvest Thursday. Mr. and Mrs. Noah Spencer, Harold and Ann left Thursday afternoon for Galveston for the wedding of Olvis Spencer and Marsha Blankenship of La Marque. They spent Thursday night in Comanche with her parents on the way down.

The rehearsal dinner was at 6:30 Friday evening, with the rehearsal at 8. Ann registered the guests, and Harold was an usher. Mike Burkett of Dimmitt was the best man. The wedding was a double ring service Saturday night at 7. The newlyweds will make their home in Austin at 1207 Elm St., where they will both be seniors at the University of Texas.

The Neuh Spencers returned home Sunday night. Harold will go back to Oklahoma or Colorado Monday to begin the millet harvest.

MRS. MAGGIE BOREN of Dimmitt visited Wednesday afternoon with Mr. and Mrs. M. H. Fowlkes and Mrs. E. R. Sadler. Mrs. Weldon Bradley, Mrs. Wanda Jones, Mrs. Gale Sadler and Rev. Eddie Howard took four carloads of young people to the revival at West Camp Thursday night. The youth sang a choir special for the services there.

The Brotherhood and RA's had charge of the Wednesday evening prayer service in the pastor's absence.

The WMS met Wednesday night for the conclusion of the book "The Holy Spirit in Missions." Mrs. Cliff Brown taught the class.

MR. AND MRS. J. T. McMeekin and James of Big Springs visited last weekend with their daughter, Mr. and Mrs. Bob Little and children.

Mr. and Mrs. Robert Little of Tulia visited last Saturday with their nephew, Mr. and Mrs. Bob Little and children.

Rev. and Mrs. Paul McClung and children of New Home visited last Sunday through Tuesday with Rev. and Mrs. M. D. Durham.

Mr. and Mrs. Harold Holman and children from Jal recently moved into the community to the El Paso Gas camp. They replace the Head family, who moved away several weeks ago.

MRS. NEAL YOUNG of Hereford visited Thursday and had lunch with Mrs. Houston Carson. Greg George of Dimmitt spent Thursday night, Friday and Friday night with his grandmother, Mrs. Houston Carson and children.

Mrs. Cecil Curtis spent much of the day Thursday working on

band uniforms for the Woverine Band. She visited in Petersburg Friday with her parents, Mr. and Mrs. M. E. Stephens. She, Mr. Curtis and Debbie spent the day Saturday in Petersburg with brother, Mr. and Mrs. Jack Stephens and family.

MR. AND MRS. F. W. Little of Seminole spent Tuesday and Wednesday with their son, Mr. and Mrs. Bob Little and children.

Mrs. Calvin Lippard worked at Plains Memorial Hospital in Dimmitt in central supply Friday morning.

Mrs. James Powell and children of Dimmitt spent Thursday afternoon and Friday afternoon with Mr. and Mrs. Ezell Sadler, Mr. and Mrs. Larry Sadler and Mr. and Mrs. David Sadler.

Mr. and Mrs. McGowan and family moved from the house on the Bob Ott place to the Bolinger place where the Jerry Jameses used to live on the draw.

The Junior GAs and their sponsors, Mrs. Bill Morgan and Mrs. Alfred Crisp, had a slumber party at the church Friday night.

MR. AND MRS. GENE Ross and girls visited in Oklahoma over last weekend with their grandparents.

Mr. and Mrs. Irving King were in Dumas last Sunday to attend an annual auction sale. Mr. and Mrs. Francis King and Dianne of Amarillo and Mr. and Mrs. Mike King of Spearman spent this Sunday with them. The Mike Kings are both teaching school in Spearman this year.

Mr. and Mrs. Troy Jones, Mrs. Wanda Newberry and James visited in Muleshoe Sunday afternoon with Mr. and Mrs. Buford Scarbrough.

PAT PRICE of Hereford spent Wednesday night with Mr. and Mrs. David Sadler. Mrs. Sadler took Pat home Thursday.

Mr. and Mrs. Richard Armstrong of Vega were supper guests of Mr. and Mrs. David Sadler Thursday night.

Mr. and Mrs. W. E. Loudder, Mr. and Mrs. Alton Loudder, Mr. and Mrs. Ezell Sadler and Mr. and Mrs. L. B. Bowden attended the Loudder reunion in Lubbock Sunday.

Mr. and Mrs. Alton Loudder visited in Lubbock Sunday afternoon,

Fraziers Jewelry Is Purchased By J. L. Sanderson

Sale of Fraziers Jewelry & Gift Shop to J. L. Sanderson of Colorado City was announced Tuesday by G. B. Frazier, who had operated the business for the past seventeen years.

LOCATED in a Cleavinger building, on the east side of the square, the modern, well stocked jewelry store is one of the finest in the area. From its humble beginning in 1950 as a small watch repair shop, the business has enjoyed a steady growth throughout the years under the ownership and management of Frazier. Giving health reasons as the cause of his retirement Frazier has not announced any plans for the future.

The new owner of Fraziers Jewelry & Gift Shop, J. L. Sanderson of Colorado City, plans a jewelry and gift item sale to begin within the next few days. Sanderson also owns a jewelry store in Colorado City and will probably divide his time between the two businesses.

Teacher Sorority Holds Luncheon

Delta Xi chapter of Delta Kappa Gamma met at 11 a.m. Saturday in the Hereford Community Center for a covered dish luncheon, programs and workshops.

LETA KAUL, president, conducted the program on "Study of Personal Values," and committee workshops followed.

Dimmitt members attending were Alice Cowen, Evie Froehner, Beatrice Hawkins, Louise Hilburn, Estella Hotel, Rosaline Nelson, Hazel Merritt, Para Renard, Koma Ratcliff, Helen Richardson, Dorothy Shetty, Avis Smith, Eunice Thornton and Faun Welker.

ANNOUNCING.....

Change of Ownership And Management of Fraziers Jewelry & Gift Shop

I have purchased the stock and equipment of Fraziers Jewelry & Gift Shop and will continue to operate at the same location. A competent jeweler will be on duty to care for your repair needs.

I respectfully solicit the continued patronage of former customers and the public.

Watch for special prices to be featured during our jewelry sale, in next week's issue of the News.

J. L. Sanderson, Owner

APPRECIATION.....

I wish to take this means of expressing my deep appreciation to my many loyal customers for the fine patronage I have had during the 17 years I have operated the Fraziers Jewelry and Gift Shop.

I have sold my business to Mr. J. L. Sanderson of Colorado City, who comes to Dimmitt highly recommended as a jeweler and businessman. I bespeak your continued patronage for my successor and assure you that you will be well pleased with his service.

G. B. FRAZIER
