Perspectives

Everybody loves a winner. Trite, perhaps, but still true.

The converse is also true; we don't much care for losers. We live in a day and age where the only thing that seems

to count is success. Lombardi's famous quote, "Winning isn't everything, it's the only thing," has attained a status near that of Scripture.

Verification is easy just check the New Orleans Saints receipts, or notice the attendance at one of the boy's basketball games. Pat Boone has a book out entitled, Pray to Win, God Wants You to Succeed. I hope the contents are better than the title.

I have never quite understood where we got into this attitude; why winning is so important to us. I'll leave that to the psychologists to figure out.

The point is, we are so success oriented, we have forgotten how to fail without causing major problems in our

lives. Why, some people committ suicides over minor failures. How can this be? What we need in a day so enamored of winning is a theology of

Some of the great heroes of the faith were also some of the greatest losers of all time. Moses was guilty of man-

slaughter and a fugitive from justice. David was an adulterer and murderer. Peter was a loudmouth who deserted his master in the hour of need. Paul himself admitted being the greatest of sinners. Then there was John Mark. You can read about him in the thirteenth and fifteenth chapters of Acts. He was a deserter, considered so unreliable to Paul that he refused to take John Mark

with him, and his refusal caused a rift between him and Barnabas. Yet, many years later. Paul would call this same John Mark, useful to him. Tradition records this John Mark as the writer of the Gospel of Mark.

All of these men have one thing in common, they were failures that became successes, not because of their great abilities or charms, but because they were yielded to God. And their success is not theirs, as much as it is

A theology of failure would recognize, first of all, that we are all essentially failures in God's eyes due to sin. Then

we need to understand that there is forgiveness for any failure from God. Understanding that, then we need to learn to forgive, both ourselves and

others. Finally, a theology of failure knows what Paul means that in weakness, there is strength. We learn more from our mistakes than our successes. Even more, when we recognize our

failure, we make room in our pride-filled lives to receive help, to grow in maturity. Maturity is God's goal for our lives, and if we attain that, we have attained the only success that really

(COLLEGE STATION) - Farm animals may be responsible for up to 10 percent of all farm and ranch injuries, with children often the victims.

Knowing and using proper farm animal handling methods can prevent many of these injuries, points out Dr. vice, Texas A&M University System.

He emphasizes the need to "use" known safe practices. Curiously enough, notes the engineer, even Bible scripture warns that "knowing how to charm a snake is of no use if you let the snake bite first."

Most animal-related accidents involve violation of simple, commonsense procedures, Nelson points out. So, he emphasizes a number of guidelines .:

-Teach children to treat farm animals and pets with kindness and

-Always expect the unexpected when handling animals. -Don't permit anyone to tease,

abuse or mistreat animals. -Let animals know when you're around-don't startle them.

-Keep small, unsupervised children away from animal pens and pastures.

-Discourage youngsters from reaching through fences or pens to pet or feed animals. Some animals may bite or toss their heads, jamming a child's arm against the fence or pen.

LETTER TO THE EDITOR

Dear Editor.

I have attended a couple of the planning sessions for the Constitution seminar to be held at Plainview High School auditorium tomorrow night and all day Saturday February 13 and 14.

I am excited about the opportunity to learn more about "The Miracle of America." With the release of the Hostages, a new administration in Washington, and a general increase in Patriotism, the seminar could not be held at a better time.

The Freeman Institute, a national non-profit, educational foundation, conducting the seminar, is not affiliated with any civic, religious, or political organization.

There is an urgent need to help Americans realize that almost every major problem currently facing the nation is the direct result of abandoning or perverting some important principle laid down by the Founding Fathers.

The Seminar, which costs \$35.00 per family (age 12 years and older) covers the American heritage from the days of the Anglo-Saxons to the 1787 Constitutional Convention. The entire text of the Constitution is then discussed phrase by phrase to learn the original intent of the founding fathers, resulting distortions that have since occured and what needs to be done to restore

The price of the seminar includes seven cassette tapes and course Workbooks for the entire family.

I hope all patriotic citizens who possibly can, will attend this seminar. Especially students of history, members serving on various boards. and elected officials of Lockney, Floydada, and Floyd

Is a savings account a dull investment?

Basically, yes. It doesn't give you much to talk about at parties. People don't quote their passbooks.

Your savings account just sits there quietly. Insured. With interest guaranteed. Earning you money, day in and day out. Now that's not glamorous. But it is sensible. And it should

definitely be a substantial part of what you do with your money.

Investments are fine when you can afford them. But remember,
the money you save at A Full Service Bank is always available when you need it. And it will continue to earn a guaranteed rate until the day you do.

The bride, given in marriage by her father, wore a candlelight batiste dress with ntique lace trim. She carried a bouquet of white gardenias, coral rosebuds and baby's breath. Her headpiece was a garland of coral rosebuds and white baby's breath. Baskets of white stock, cut fern and carnations

in shades of coral accented the setting for the ceremony. Grandparents of the bride are C.N. Tucker of Carthage, Mississippi and Martha M. Willingham of Chattanooga,

Grandparents of the groom are Mr. and Mrs. Jim Conner, Mrs. Oleta Collier and the late Everett Collier, all of Flovdada. Out of town guests present

were: C.N. Tucker, Martha Willingham, Mrs. Joanna Magale of Shreveport, Louisiana; Mrs. Larry Lamb of Charlotte, North Carolina, Mrs. Jerry Hinton, Jackson, Mississippi; Mrs. Gail Newberry, Deland, Florida; Miss Christy Conner, Davidson, Oklahoma and Mr. and Mrs. Jim Roberts of Davidson. Oklahoma.

Following the ceremony, a champagne brunch. Focal point of the dining table was a 4-tiered wedding cake which was surrounded at the base with cut fern and coral carnations with a small bouquet of fern and carnations

The bride graduated in 1978 from Lubbock Christian High School, Lubbock, and attended North Texas State University, Denton, Texas and Texas Tech in Lubbock. For the past year, she had been employed by the Arkansas Gazette, Little Rock, Arkansas.

The groom graduated from Garfield Independent Learning Center, San Diego, California and attended South Plains College in Levelland. He is presently engaged in farming at Lockney.

After a brief honeymoon at the Red Apple Inn, Heber Springs, Arkansas, the couple is at home in Lockney.

"Here I Am A Grandmother And Getting To Do This," remarked Mrs. Sellers (an area nurse).

"I feel better and rest better since I began my Pat Walkers Program only a few months ago. The counselors are most courteous and helpful in the Floydada Salon. Most impressive is that I lost 40 pounds and 57 inches in a safe, effective manner without the use of drugs or chemicals. The treatments are most relaxing, requiring no special attire.

Even though I work full time, I still have extra energy for my family; especially my two grandchildren."

We received word this week of the death of Lewis Austin, brother of Mrs. Sally Reeves of Memphis. Mr. Austin had passed away on January 21, at his home in Marysville, California, and he was buried out there. We extend our sy pathy to Mrs. Reeves and family.

Deral Young who underwent surgery last week in Amarillo is getting along well and was able to come to his home north of South Plains on Sunday afternoon. We rejoice with friends and relatives that he has done so well, and trust that he will continue to get along just

Mrs. Mamie Wood has received the word that her sister in Amarillo got to come home from the hospital on Thursday, February 5th, and is getting along well. Mrs. Wood plans to go and help take care of her sister, Mrs. Ruth Dunham this next

John Burson was visitor at the South Plains Baptist Church Sunday with Miss Denise Johnson, who was home over the week-end with her parents, Mr. and Mrs. L.N. Johnson. Denise attends Texas Tech at Lubbock. Deneen Johnson was home from Lubbock, also and she is attending Nurses classes at Methodist Hospital.

Hobby Club members will meet on Wednesday, Feb ruary 11, at 2:00 p.m. for their meeting on handwork. at the home of Mrs. Leighton Teeple.

We welcome Darla and Jerry Chappell to our community! Although they have grown up here and in Floydada, they have been living their married life in Duncan. Oklahoma, but now they are moving back here to make this their home-Darla will be working in Plainview, and Jerry will be farming. They are going to be living east of South Plains in the house formerly occupied by Mark and Dee Sanders. Darla is here at this time staying with her parents, Mr. and Mrs. Grigsby Milton, and Jerry will be here soon. We hope

they will be happy here.

Russell's painting will be reproduced on the 186 Bell directories statewide, with total distribution of more than 12.4 million.

Jim West, Southwestern Bell manager, said one copy the directory will be mailed to each residential phone customer. Additional copies may be obtained by telephoning the Southwestern Bell business office.

West said a total of 6,200 books are being printed. Of that number, 3,361 will be mailed to area residents.

"The extra directories are for new customers moving to the Floydada area throughout the year. Also, subscribers sometimes wear out their books and need replacements," West added.

Russell (1846-1926) was considered one of the greatest artists of the American West. Some of his works, along with those of other outstanding interpreters of the American West, are included in the Smith Collection. Dr. Eric McCready. director of University art collections, says the collection is an important one and the largest Western art col

LEGAL NOTICE

PUBLIC HEARING NOTICE

Notice is hereby given of a public hearing before the Texas Water Commission to consider the application of PLAINS WEATHER IMPROVEMENT ASSOCIATION. INC., P. O. Box 1627, Plainview, Texas 79072 (applicant), for a permit pursuant to §18.051, Texas Water Code, and Rules 156.11.01.001 et seq., to conduct an operation of weather modification for rainfall increase and hail damage reduction in portions of Castro, Lamb, Hale and Floyd Counties. Texas, for a duration of four years with actual activity to occur during the period from March 1 through October 31 of each year. This hearing is mandated by §18.081 (b), Texas Water Code.

Applicant, holder of Weather Modification License No. 81-3, filed its application in March, 1980, which set forth the proposed operation and described the area of intended operation to be within Castro County Election Precincts 6, 7, 10, 11 and 16; Lamb County Election Precincts 1, 2, 3, 6, 9, 12, 13, 15 and 16; Hale County Election Precincts 1, 2, 4, 5, 6, 7, 8, 10, 12, 14, 15 and 17; and, Floyd County Election Precincts 3, 4, 7, 16 and 18. As a result of Special Elections held on June 11, 1980, the area within the following election precincts must be excluded from coverage if a permit is issued: Castro County Precinct 11; Lamb County Precinct 3; Hale County Precincts 1, 2, 6, 7, 8, 10 and 15; and Floyd County Precincts 3, 7, 16 and 18.

A Hearings examiner from the Texas Water Commission will hold a public hearing on this application beginning at 10:00 a.m. on March 11, 1981 at the American Legion Building Post 260, 111 Ash Street, Plainview, Texas to receive evidence on the application, the feasibility of the operation and the conditions under which a permit may be issued. Those persons desiring to participate in the hearing should appear prepared to proceed.

Any person who intends to offer prepared testimony at the public hearing shall prefile the testimony with the Chief Clerk of the Commission not less than five days prior to the hearing, and shall serve copies of prepared testimony on the applicant, the Executive Director and Public Interest Advocate of the Department of Water Resources and all other persons who have filed written protests or written requests not less than eight days prior to the hearing. The Commission may authorize the late filing of prepared testimony upon a showing of good cause and extenuating circumstances. Any person who desires to receive prepared testimony shall file a written protest or written request with the Commission not less than eight days prior to the hearing.

Those persons opposing the granting of this application may appear at the hearing and/or, not less than eight days before the hearing date, may file written protests with the Commission and serve copies on the applicant and all designated parties, if any, with proof of service to be provided to the Commission. Written protests shall contain the name and address of the protestant, an identification of the pending application, the basis of the protestant's interest with allegations of any relevant facts a conclusions, a description of the protestant's property relative to the application and any amendments or adjustments to the application which would result in a withdrawal of the protest. The written protest will be noted by the Examiner but will not be considered as evidence since the right to cross-examine is absent. No protestant will be admitted as a party to the proceeding unless the protestant complies with Commission Rule 155.04.00.001 which requires a justiciable interest and actual or representative presence at the hearing. Due to the technical nature of the hearing, it may be advisable for the protestant to have an expert witness available at the hearing.

After the hearing, a written proposal for decision will be prepared prior to submission of the application to the Commission for final decision. A copy of the proposal for decision will be mailed to all parties and to any other person who has made a written request for a copy. Parties may file exceptions to the findings and recommendations in the Examiner's proposal.

Further information concerning any aspect of the application may be obtained by contacting Donald Walker, Staff Attorney, P. O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 475-7841.

Insurance Agency Jerry Cooper While playing the part of a good Samaritan a few days ago, by towing a friend's car, an upsetting thought occured to me: Would my automobile insurance cover me if I had an accident while towing another car?

Floyd County

Yes. However, it is best to drive the car described in your policy inasmuch as liability insurance covers the vehicle. If you attach another vehicle to your car, the two are considered to be operated as "one unit". Your liability will cover the destruction of property and bodily injury whether caused by your car or the car being towed. Keep in mind if you have permission to drive another car to do the towing, the insurance on that car will apply. However, there is a subtle difference between permission to drive and per-

Heart Answers

WHAT IS CONGENITAL HEART DISEASE? Congenital heart disease is the ab-

hal development of the heart beore a child is born. A congenital eart defect may be diagnosed at birth or it may be discovered at some time during childhood in a routine physical examination. Some defects may be caused by drugs taken during pregnancy or exposure to German measles (rubella) during

pregnancy. They may be inherited, or the cause may be unknown. Congenital heart defects may require only minimal medical supervision or they may require corrective surgery to avoid complications later in life. Some congenital heart defects can be prevented by vaccination of the mother against rubella prior to pregnancy and by following a doctor's advice while taking medications during pregnancy. Shannon Hart honored at Wayland Baptist College

A Floydada coed and the president of the student body have been named to the highest honor available at Wayland Baptist College.

Shannon Bell Hart of Floydada and Gerald Wyane "Jerry" Travis of Alvin were named 1981 Citizens of the Year Wednesday during Wayland's annual Citizenship Chapel service.

Dr. David L. Jester, recently elected Wayland president, officially conferred the awards on the two seniors, while former winners Rhonda Bergstrom (1976) and Eddie Turner (1972), both Wayland employees, read the citations.

Voted on annually by the student body, the Citizen of the Year Award goes to the senior man and woman who best exemplify Christian attitudes, a commendable academic record, diversity of interests, loyalty to American ideals, personal integrity, and the Wayland

Winners must be graduating seniors who have attended Wayland for at least three complete semesters. Ballots from vote of the student body are tabulated, with the names of the four men and women receiving the highest number of votes presented to the full faculty for final vote by secret ballot.

The award was begun in 1956 when the College received the Valley Forge Award from the Freedom's Foundation for its program on integration of races. Wayland was advised to use the \$200 award as a "seed for freedom," and another \$200 was added by Plainviewan

Following the Chapel ceremony, the recipients affixed their nameplates to the plaque in Gates Hall and were honored with a noon luncheon on the Wayland campus.

Aerobic program offered

The Department of Health, Physical Education and Recreation at Wayland Baptist College will be offering courses in "Aerobic Country" in area communities this spring, according to Dr. Sylvia Nadler, head of

active in band, the National

"Aerobics is a fun way to get in shape. It tones the muscles, gets the heart and lungs in shape, burns calories and actually produces extra energy," Dr. Nadler said. "Aerobic Country" is a rhythmic aerobic program created by Nancy Kabriel which choreographs exercise to country and western mu-

'We feel that this program will have great appeal to country-western fans in the area," Dr. Nadler said.

Although the classes are primarily designed for college students and adults, high school students-freshman through seniors-may also enroll in the course; however, only high school seniors may take the course for college credit, and anyone younger than freshman age must be accompanied by

The program will be geared according to each individual's capabilities, and heart rates will be constantly monitored in each class.

Cost for the "Aerobic Country" course, which offers one hour college credit. is \$50 for credit students and \$33.33 for persons wishing only to audit the course. In addition, a \$15 application fee will also be charged credit students who are enrolling in Wayland for the first time.

Persons interested in having a country aerobics or regular aerobics class begun in their community should contact Dr. Nadler at (806) 296-5521 as soon as possible.

A \$100 FACTORY REBATE

Install Gas Air Conditioning now, and you'll not only be cool the first day this spring ... you'll save a cool \$100! Buy before May 1st and you'll receive a \$100 rebate direct from the factory ... plus you can defer monthly payments until May, too. But \$100 and deferred payments are not the only reasons for in-

stalling Gas Air Conditioning. Gas Air Conditioning Systems are very energy efficient. They now use less gas energy because the constantly burning gas pilot has been replaced with a new pilotless ignition system. Pilotless ignition saves gas, and saving gas will save you money.

Gas Air Conditioning is also very dependable. It's built to last and last with no loss of cooling capacity. Hand-crafted of sturdy stainless steel components, Gas Air Conditioning has fewer moving parts and no compressor to wear out or break down. That means less wear and lower maintenance costs. And to prove its dependability, Gas Air Conditioning gives you the longest warranty - the 10year "No Sweat" limited warranty** twice as long as all others.

Gas Air Conditioning. It's energy efficient. It's designed to lower maintenance costs, to lower operating costs. Gas Air Conditioning will save energy and that will save you money. And when you combine Gas Air Conditioning with adequate conservation measures, like caulking, insulation, storm doors and windows, you'll save even more.

But don't wait too long. The \$100 rebate ends May 1, 1981. Call now for a free home cooling survey and cost estimate. There's no obligation.

**Manufacturer's limited warranty covers all defects in material and workmanship on the sealed refrigeration unit for ten years from date of installation of the air conditioner when it is installed in a single-family residence. All other parts are warranted for one year from date of

NATIONAL DECA

WEEK

February 8-14, 1981

We extend a sincere "Thank You" to the citizens and program business of our community for their continuing support of our Floydada DECA Chap

Deca came into existence in FHS in 1964-65. The first coordinator was Bob Shields. Preston Watson took over the next year and was in the program from 1965-1968. Bob Aldredge served from 1968-1975. Benny Locke came in 1972 and stayed until his death in 1978. Karen Wilkins served in 1975-76. Bill Neeley was here one year 1978-79. Gene Moore came in 1979 and is the present coordinator.

Some present residents of Floydada who are former Deca members are — Johnny Harris 1965, (President of the first Deca chapter), Tommy Gentry, 65; Richard Bertrand, 65; Carolyne Emmert, 66; Bobby Gilliland, 66; Rhonda Guthrie, 67; lantha Pyle Smith, 67; Larry Ogden, 67; Judy Emert, 68; Terry Reeves, 73; Lee Ann Collins, 71; Thelma Martinez, 74; Mike Muniz, 74; Janie Santos, 74; Dana Woody, 75; Randy Fry, 76; Eli Enriguez, 76; Danny Colston, 76; Roy Muniz, 78.

The DECA Diamond is the national insignia of our organization. As shown above, it is a diamond centered with a wrapped package. The points of the diamond symbolize vocational understanding, civic consciousness, social intelligence, and leadership development. The wrapped package symbolizes a well-rounded education in preparation for life.
