Copeland new mayor; Wofford, Kring winners

Lockney City Councilman J.D. Copeland easily defeated assistant mayor Clarence Ansley to become the new mayor since 1965.

Copeland received 284 votes to 146 for Ansley in the April 7 council elections. Kenneth Wofford and Gail Kring out-distanced Ansley to win election. Wofford, the top vote-getter in the elections, received 323 votes and got 240. Lawson Rowell finished third in the balloting with 141. Roger Stapp finished fourth with 72.

Wofford and Kring, who were sworn in at Tuesday's council meeting, succeeded Thurman Bobby McCormick on the council. Neither Davis, who had been in office for 16-years, nor McCormick sought re-election.

Of 432 votes were cast in the elections, slightly higher than

the 422 cast in 1976. Wofford, 72, succeeds Claude Brown as mayor. Brown had been the mayor since 1965 and did not seek re-election, primarily because of his age. Brown had been in office longer than anyone else in the history.

Wofford, with the exception of six years between 1954 and 1960, has been in office since 1941, a total of 30 years. Copeland has been a Lockney resident longer than anyone else in the history.

Council approves budget

J.D. Copeland and Councilman Kenneth Wofford were sworn in Tuesday during the monthly council meeting.

Wofford, a long-time councilman, succeeded Claude Brown as mayor. Brown had held office for 16-years, and sought re-election. Copeland succeeded Clarence Ansley in last week's election.

Wofford, a farmer and former school teacher, and Kring, general manager of the Lockney Co-op, also sought re-election. Wofford and Kring, who had held office for 16-years, nor McCormick sought re-election.

Wofford's tenure as administrator of the city was administered by Erma Lee Duckworth. Wofford and council unanimously approved the appointment of Wofford to fill the balance of Ansley's council term which expires April 1.

Wofford, a farmer, previously served as councilman for some 12-years. Copeland also made commitments for the coming year. Wofford was reappointed head of the streets committee. Paul Wofford was named to head the fire committee. Wofford was named to oversee the city farm and was named to head the streets committee.

Wofford's action, the council approved a budget of \$326,562, for the fiscal year ending April 1. The budget is up by about ten percent from the last fiscal year. The increase was due to rising utility costs and pay raises for all employees.

More than \$14,000 of the budget will come from federal revenue sharing. Wofford also earmarked for the street sweeper and going for public service primarily the purchase of walkie-talkies for the police department.

Producers meeting
Tuesday

Meeting of the members of the Lockney Cooperative Elevator and Farmers Fuel Association of Floyd County will be held on April 14 at 7 p.m. at the Civic Activity Center.

The announcement was made by Kay Wofford, president of Consumers Fuel Cooperative.

The proposed plan and agreement of the two corporations was presented at the meeting.

At Tuesday's council meeting, the new council members and mayor voted to appoint Pat Frizzell to fill the balance of Copeland's council term which does not expire until next April. Frizzell, a farmer, is a former long-time councilman.

Wofford, a farmer, is a former school board member.

Shaw, Jackson win school board seats

Kelton Shaw won a second three-year term on the Lockney Board of Education and Keith Jackson was elected to his first term on the board in last weekend's elections.

Shaw received 295 votes and Jackson had 236.

Bill Bigham finished third in the balloting with 191 votes while Amelita Rodriguez was fourth with 101 votes. A total of 412 votes were cast.

Shaw operates the Patterson Grain Elevator Co., Inc., and he has farming interests.

Jackson, a farmer, will replace Kenneth Broseh on the board. Broseh, who had been a member of the board for nine years, did not seek re-election.

The new school board members will be installed next week at the regular monthly meeting of the school board.

Incumbents re-elected to hospital board

To no one's surprise the three incumbents seeking new terms on the Lockney General Hospital board of directors without opposition were re-elected.

Chester Carthel, who was seeking a third two-year term on the board, received 223 votes, the most of the three incumbents. Carthel will be ineligible

for re-election when his new term expires, since hospital district rules limit directors to three consecutive terms.

R.D. Baccus received 219 votes to win a second term and Kenneth Tate received 200 votes to win a second term. A total of 259 votes were cast in the hospital board elections.

Other items in the budget include:
---\$65,000 for administration.
---\$45,098 for the police department.
---\$22,750 for the fire department.
---\$74,785 for the water works.
---\$78,459 for streets and alleys.
---\$13,015 for bonded indebtedness.
---\$12,483 for the dump grounds.
---\$500 for the city farm.

The budget was approved without opposition. Mayor Copeland announced that veterinarian Paul Glasston will hold a clinic Saturday, April 25 to vaccinate dogs at which time city dog tags will be sold also.

Copeland said that during his long tenure as councilman the most frequent complaint he received was about stray dogs running loose.

In other action, the council:
---reappointed George Sparkman as the city's representative to the Mackenzie Water Authority.
---Approved a fee of \$15 for clubs to use half of the Community Center

(Legion Hall) for their meetings. The fee will remain \$35 for renting the entire center.

Carol Lea Clark's It's Not Easy

I'm not sure when alarm clocks were invented, but it must have been during the Spanish Inquisition.

Mankind managed to get up every morning and feed the chickens and milk the cows for thousands of years before alarm clocks were invented. It wasn't until a new and especially devilish torture was needed that alarm clocks were invented.

It would be okay to use for torture, a piercing, ring-ring every morning just when you have snuggled down for the best sleep of the night. The mistake was that some smart businessman saw the promise of profits and decided to brainwash the public that it needed help getting up in the morning.

Soon every castle and cottage had to have one. Just getting up at the crow of a rooster or when you've had enough sleep wasn't good enough anymore. Sleeping has been ruined for every generation since then.

Out of spite, I guess, I am particularly hard on alarm clocks. My husband and I go through about four or five a year. When the thing goes off in the morning I make a swipe at the snooze alarm button.

If the clock and I are both lucky, I manage to hit the button. I get ten more minutes sleep until the ring-ring sounds again.

The agenda includes electing new officers and discussing Easter promotions. The merchants will also make plans for a May dinner meeting featuring a speaker from the Better Business Bureau.

The work crew had no papers authorizing them to remove the bricks. "It's probably just a misunderstanding," said Judge Choice Smith.

Ransom had directed Choice Smith to contact Mr. Jim Stowell, in Quanah, to work out details of the transfer of the depot to Floyd County. There was apparently a slip-up in communication between portions of the railroad company and the building transfer has been delayed.

Floyd County thus has approval for the donation of the building, but does not yet have legal right to the building. Judge Smith said, "We're waiting for a response from Mr. Ransom or Mr. Stowell. We want to resolve the situation as soon as possible so that we can protect the building from further damage."

Sheriff stops brick removal

Bricks surrounding the Floyd County Depot were dug up and nearly removed recently. A work crew from the Quanah, Acme and Pacific railroad apparently was not aware that the depot, which is no longer used, had been donated by the railroad to Floyd County. They dug up the bricks and were ready to haul them away when stopped by an officer from the sheriff's department.

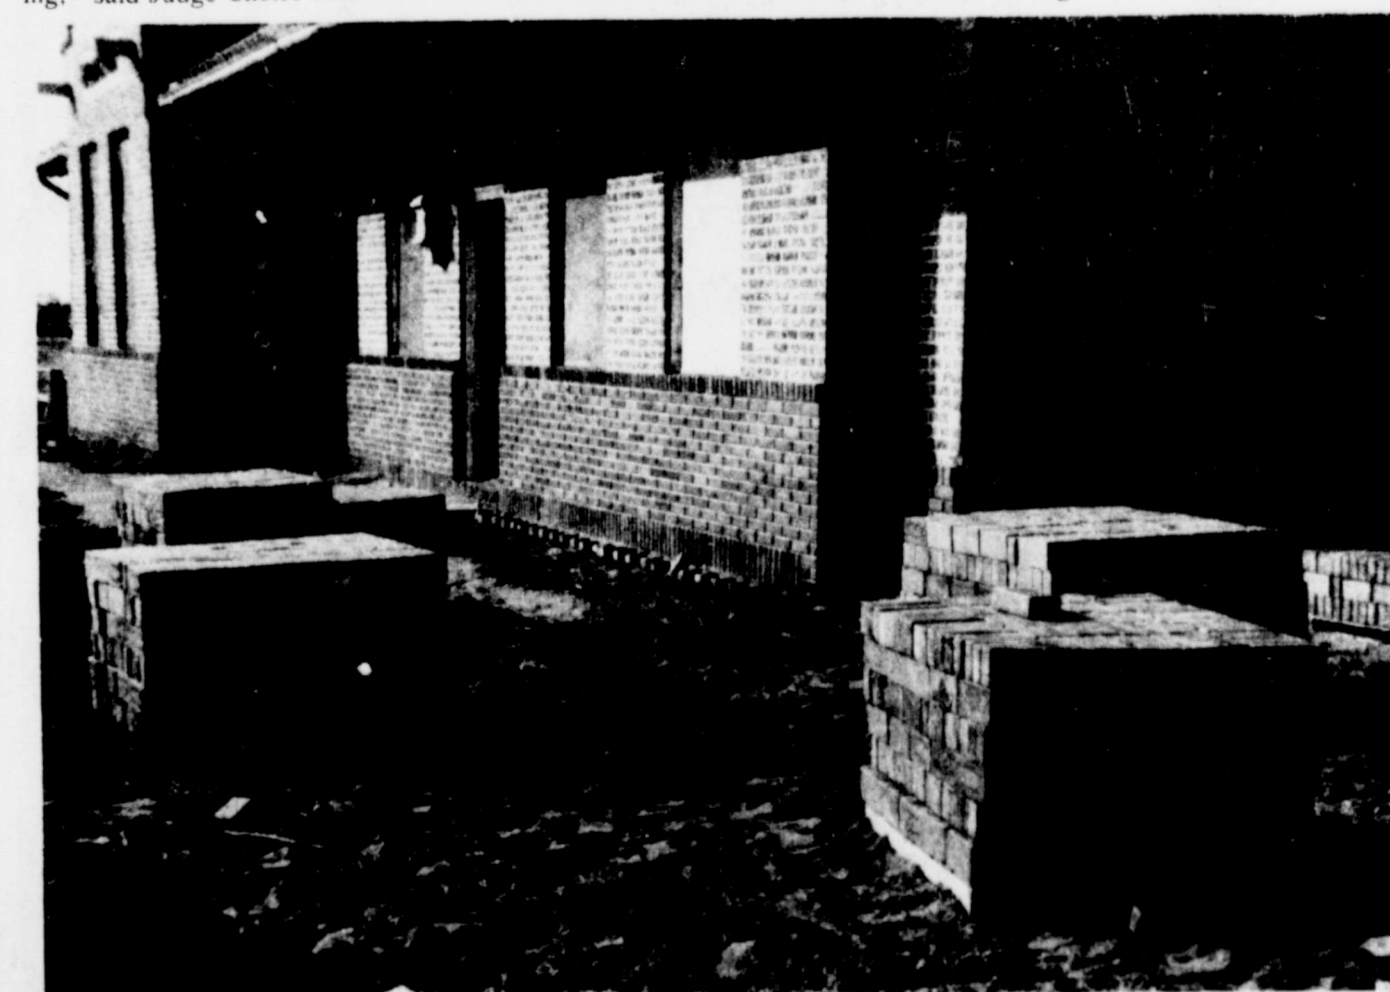

The work crew had no papers authorizing them to remove the bricks. "It's probably just a misunderstanding," said Judge Choice Smith.

Judge Smith called Donald E. Ransom, the railroad company official who originally approved the donation of the railway building. According to Judge Smith, Ransom was dismayed at the damage done to the depot, and said that he would put a stop to the effort to remove the bricks.

The Quanah, Acme and Pacific Railway has now merged with the St. Louis and San Francisco Railway Company, of which Ransom is an official.

More than 150 guests from Floydada, Silverton, Kress, Lubbock, Plainview, Crosbyton, Aiken and Lockney attended the open house for Lockney Hospital's Cogdell Clinic. Mrs. D.M. Cogdell, Jr. attended representing the Martha Ann Cogdell Hospital Trust Fund. From this fund \$150,000 was given to Lockney General Hospital for the new clinic.

New items of medical equipment bought through the Memorial Fund and Equipment Fund were on display. They included a wheel chair, carrier, Gomco machine, suction machine and stand, 16 blood pressure cuffs for patient rooms, and I.V. and flow pump at a total cost of \$4,166.91.

The memorial fund was set up for donations in memory of loved ones to be

used for medical equipment. Five years ago this fund was used to purchase a heart monitor and defibrillator with the help of the Rotary and Lockney. Each gave \$1,000 toward this equipment which cost \$5,000. The Memorial Fund was set up for donations that are not memorialized. Delinquent taxes have been deposited in this account.

Mrs. R.C. Mitchell donated color painting and Mrs. Genevieve Mrs. Elsie Sherman donated paintings to the new clinic. Mrs. Mild and Mrs. Roy Holly donated paintings for the open house. Hoping more local artists will be willing to donate their work.

Good start, Mr. Mayor

We were pleased to see new Mayor J.D. Copeland come out of the blocks aiming to do something about the city's loose dog problem. His new chief executive has arranged with veterinarian Paul Glasson to have a clinic April 25 to vaccinate dogs at which time the city will also be issuing license tags.

Mayor Copeland says one of the most frequent complaints he received during his campaign as councilman was about dogs running loose in Lockney. We're surprised.

The situation is not one of a stray dog here and a stray dog there. It's a situation of packs of dogs, ranging from two or three to six or seven, running randomly through town.

There's no exaggeration. A pack of seven dogs that frequently makes rest stops on the front porch of The Beacon and we've had several occasions to count them. The city has a dog pound and has had dog catchers in the past. The problem in keeping a dog catcher in Lockney is as simple as it is complex: no one wants to pay a dog catcher.

The city has employed dog catchers and then had them turn around and bite them. They've taken mountains of abuse and on occasion wound up in the hospital at the barrel of a gun. No one can blame someone for quitting under such circumstances.

Some of our dog catchers in the past have lacked that better part of a dog catcher known as discretion. We certainly can't condone someone gunning down a dog or trespassing on private property.

Nevertheless, it's past time to do something and we're glad to see Mayor Copeland is taking the first step. He's asking for voluntary compliance. As a dog owner, you'd think if someone wanted to own a dog, they'd want to take care of it. And taking care of it doesn't mean letting them run loose. It means the obvious threat of rabies, already a problem in south Texas, and the obvious danger dogs pose, particularly to our little children.

We do our part and keep our dogs tied up or fenced in. We don't want the blood of one of our little children spilled because of our negligence.

VOTING in the Lockney General Hospital Board election were (left) Earline Mathis, John Mathis, and Esterline Mathis. Nancy Carthel (right) was the election supervisor. Only the three incumbents filed for the three places up for election Saturday; Chester Carthel, Kenneth Tate, and R.D. Baccus. The three were elected.

REV. MICHAEL O'CONNOR
The week that was.
The threat of war in Poland, the prison killings, destruction by storms; all manner of recurring.

Several comments in just a few days I went to the effect I did not know what the mess was coming to. How did we ever get into this mess, we wondered.

How am I responsible for John Hinckley, you may well ask. I have too easily acceded to a society that makes demi-gods out of entertainment people, that glorifies violence, that makes sensationalism the way to get noticed in the media (and thus by the world), that makes it easy to get one's hands on a weapon, that is too busy to notice the people within it. I

Bible, and they are all seen to be the cause of sin, original or otherwise.

The catch to this answer for the problem is that we generally don't see our own responsibility in it. That is to say that each of us is somewhat responsible for the country getting into the shape that it is in. We quite easily blame the government, the liberals, the conservatives, the minorities, anyone who is handy and looks like a prime candidate gets the blame.

How am I responsible for John Hinckley, you may well ask. I have too easily acceded to a society that makes demi-gods out of entertainment people, that glorifies violence, that makes sensationalism the way to get noticed in the media (and thus by the world), that makes it easy to get one's hands on a weapon, that is too busy to notice the people within it. I

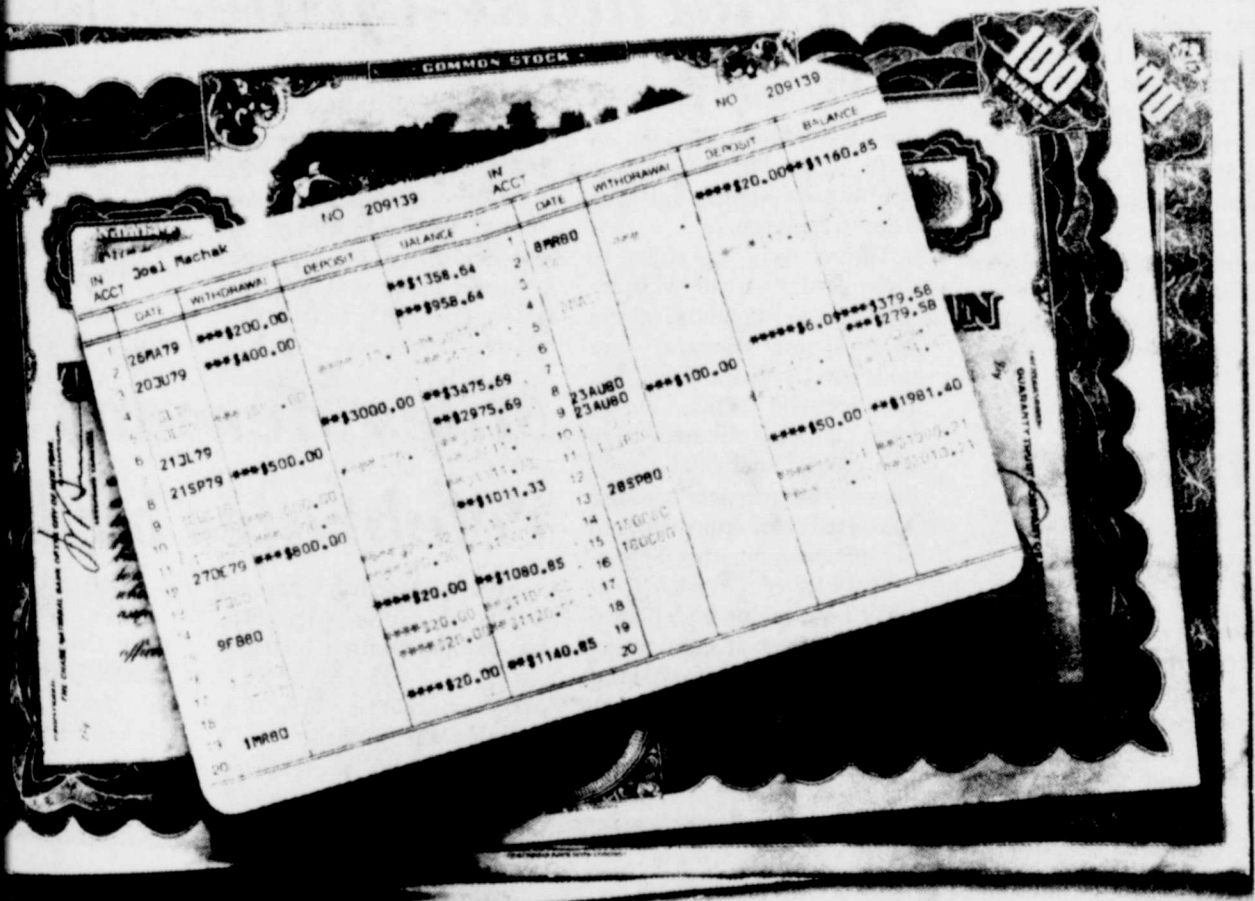

have done these things, because I am part of society.

Solutions such as toughening the justice system, requiring handgun controls, restoring prayer to the public school, or feeding the poor, (and please note that I am not advocating any of these positions here), will not work as long as we continue to blame somebody else for the problem. All of these solutions say someone else is at fault, and if we regulate "them," we will somehow solve the whole chaotic fiasco.

Am I willing to admit my share of the blame in society's problems? Am I willing to work with those I disagree with in order to find an acceptable solution to the problems we face?

These are the questions we must ask ourselves and be willing to answer positively if we expect any change in our world.

Mrs. Ruby Higginbotham spent last week in Lubbock with her son, Bud Higginbotham and children Brett and Shea, and enjoyed Spring Break week with them. The week-end of March 29th, on Sunday, Kelly Marble from Texas Tech came home to visit his family, and

brought friends home to share the Sunday dinner with his parents, Mr. and Mrs. Fred Marble and Cindy. Those from the college at Texas Tech with Kelly were Randy Hardin, Lori Oldham, Scott O'Neal, Curtis Clark, James Barber and Kevin Baxter. Mrs. Louzilla Nichols went to Lockney after church Sunday afternoon to attend the

opening of the Cogdell Clinic with visiting hours from 2-4 o'clock Sunday afternoon. Mr. and Mrs. Sylvan Kinnibrugh went to Vera Saturday and Sunday to stay with his parents, Mr. and Mrs. J.A. Kinnibrugh, who require someone to be with them, because they are elderly, and the children take turns being with them. They are getting along well at this time.

We offer our sympathy to Mrs. Mildred Smitherman and family in the death of her step-father, William Autry 78, of Silverton who passed away Saturday morning in Plainview at the Central Plains Hospital. His services were at the First Baptist Church in Silverton this Monday, April 6, at 10:30 a.m. Many from here attended. Autrey was laid to rest at

Pilot Point, down near Denton. He had been in poor health for a long time. Mr. and Mrs. Raymond Upton of South Plains received word Sunday of the death of Raymond's brother, Houston Upton, who lived out in California near San Francisco. Raymond and Nina left here, and drove to Los Alamos, New Mexico to their sons, the Ronnie Up-

tons, then on Wednesday they all plan to fly to California to attend the funeral services which are now scheduled for Thursday. We offer our sympathy to the family. Mr. and Mrs. Harold Hamm went to San Antonio last Friday a week ago, and stayed until the following Wednesday with their daughter, Dr. and Mrs. Thomas D. Aufdermorte and

daughter Christy. Mr. and Mrs. Leighton Teeple went to Plainview Sunday where they visited in the homes of Mr. and Mrs. W.M. Clarke, and Mr. and Mrs. Clay Anderson. "You never know what is enough until you know what is more than enough." William Blake

National Bank Charter approved

The sun is setting on Mansfield's days as the second largest Texas city having only one bank.

Preliminary approval for the organization of the First National Bank, Mansfield, was granted March 12 by the Comptroller of Currency in Washington D.C., said David Tapp, president of Fort Worth's Overton Park National Bank and representative for the new bank's organizers.

The bank, to be located on the northeast corner of Walnut Creek Drive and U.S. Hwy. 287, will be affiliated with the Overton Park National Bank, organized three years ago.

Principals involved with the bank's organization are 12 directors, including Tapp, of the Overton Park National Bank and local residents Freddie Joe Ivy, vice president and general manager of American Developers and Contractors, Dallas, and Dennis H. Withers president of Trinity Forge.

Ivy is the son-in-law of Johns and Vera Cox of Lockney. His wife is the former Nova Jean Cox of

FREDDIE JOE IVY

Lockney. The original bank charter application was submitted March 20, 1980 and it was accepted for filing last July 29.

Mansfield State Bank protested the charter application and hearings were held October 29 in the office of the Regional Administration of National Banks in Dallas, the local office of the Comptroller of Currency.

Mansfield State Bank Chairman of the Board Danny Swafford stated opposition last October to the

acceptance of the new charter citing there was not enough business in Mansfield to support two banks.

In a March 18 telephone conversation, Swafford declined to comment on the new bank's preliminary approval.

Despite the earlier protests and with last week's message from Washington, the new bank is scheduled to open in early 1982.

Prior to that opening, however, \$1.5 million in capital must be raised by selling 150,000 shares of stock at \$10

per share. The residents of Mansfield and the surrounding area will be offered 37,500 shares of this stock.

The process of interviewing for a bank president will soon begin and one should be hired within the next six months, said Tapp. The would-be president, who will be required to reside in Mansfield, will then be elected to the board of directors. Tapp also indicated other Mansfield residents would be asked to serve on the board. Both Ivy and Withers have been proposed as directors.

"We want it to truly be a Mansfield bank," said Tapp. Final approval, or the certificate of authority, will be granted after officers and directors have been named, the stock shares sold and the building constructed, said Tapp.

The contemporary designed building will include four drive-through banking lanes, night depository and safe deposit boxes. All bank services, including business and consumer loans, NOW accounts and Certificates of Deposit, will be offered.

RECENTLY the parents of Lynley Hudson, AFS student from Christchurch, New Zealand, presented Floydada High School with a set of beautiful colored pictures of the New Zealand countryside. This picture was made when one of the pictures was put on display in the library.

Mr. and Mrs. Joe Breckenridge and family were visitors at the Assembly of God Church Sunday.

Greer Lackey of Burleson visited the Baptist Church with his mother, Rosa Lackey and Mr. and Mrs. Craig DuBois and family.

We missed Mrs. R.C. Guest again Sunday at Church and regret that she had another flare up. After appointment the 21st in Lubbock, we hope that she will be greatly improved.

If someone tells you the scorcher of 1980 will be repeated in 2003 or 2026... listen. Based on the theory of temperature and precipitation cycles which tend to repeat themselves every 23 years, with extreme variations every 46 years, the record breaker of 1980 was predicted in August... of 1934. The cycles are related, according to the experts, to variations in the radiation output of the sun - which are also cyclical. Forty-six years from the height of the drought of 1934 leads to 1980. According to leading meteorologists, the record-breaking drought actually began in 1979 and ended with precipitation shortages in the fall of 1980 such as Missouri with only 19.77 inches of moisture by October 9, 1980. Though the farmers may not be totally at the mercy of the wraiths of nature, they are certainly susceptible to the cycles of nature.

Mr. and Mrs. Carl F. Lemons visited with Jim Harper who recently underwent lung surgery and is a patient in the Methodist Hospital in Lubbock. While they were there Wednesday they visited with his wife Joyce and his daughter Shirley Merideth who were also there. Jim was much improved and looked forward of being home again.

Rev. and Mrs. Vance Mitchell attended a Sectional Spring Convention at the Assembly of God Church in Childress Tuesday. Her father Rev. H.E. Barnard of Eakly also attended the convention and returned home with the Mitchell's and spent Tuesday night with them.

Rev. and Mrs. Vance Mitchell and girls went to Crosbyton Sunday to a surprise birthday dinner for Bro. Mitchell's mother who is 75. The dinner was given in another son's home, the Gary Mitchell's who made the occasion a complete surprise. All of her children were present and a number of grandchildren. The event became a reunion for Minnie Mitchell and family.

Norma Welch visited Janette Lackey in Floydada Wednesday and found her much improved.

Norma Welch also visited Clara and Albert Mize Wednesday evening and Edna Beth Tye was also present. Albert is gaining strength and is much improved from his recent illness.

Chad Fortenberry, little son of Carla and Donnie Fortenberry of Amarillo is spending this week with his grandparents, Mr. and Mrs. Durrel Fortenberry and great grandparents, Mr. and Mrs. John Fortenberry.

We regret that Garland and Marv Ann Tucker are

moving this week to Lubbock after living in Cedar Hill for many years. They have been good neighbors and active in civic and church affairs. Neighbors and friends helped them Monday with their move. We wish them much happiness in their new home and we won't forget the memories they left in Cedar Hill.

Durrel and Latrica Fortenberry hosted a supper in their home Friday evening as a farewell to the Tuckers. Ruth and Robin Fortenberry were also present.

Fred and Jewell Fortenberry hosted a supper Saturday evening in their home in Lockney for the Tuckers. Others present were Mr. and Mrs. Cephus Fortenberry, Mr. and Mrs. Robin Fortenberry and Evelyn Winn.

Veda and Walton Wilson had lunch with Mr. and Mrs. A.S. Mize Sunday. Other visitors during the day were Sybil Teeple of Silverton and Cecile Fyffe of Floydada.

Linda Lemons and son, Vance Lyn who was born March 29 returned home Tuesday from the Lockney General Hospital. His sisters, Twyla Dawn and Traca Dusk were very happy over their new brother.

Among the visitors in the home of Mr. and Mrs. Phil Lemons this week were the W.T. Coopers, the Carl F. Lemons, Mr. and Mrs. Cephus Fortenberry, Mr. and Mrs. Jerry Lackey, Kay Shackelford of Plainview, Latrica Fortenberry, Mr. and Mrs. Marvin Lemons and family and Glenda Kay Thompson.

Johnnie Dell Cogdell and Grace Lemons were among those that attended the opening of the Lockney General Hospital and the Cogdell Clinic in the Lockney General

Hospital Sunday afternoon. There were 151 guests registered and toured clinic. Punch, coffee and cookies were served. The D.M. Cogdells of Cedar Hill presented \$150,000 to build the clinic that was completed recently and it certainly is a beautiful building that will better benefit the patients in this area.

Grace Lemons spent Sunday night in the home of Mr. and Mrs. Marvin Lemons and family.

One of the first purchases of an aspiring handyman or anyone who lives in a house or apartment is a hammer. Simple enough until you see the array of hammers offered in various weights and specialty constructions. However, the workhorse and the most versatile is a sixteen ounce curved claw hammer. But, what kind of handle should you select? That's a matter of choice. Wooden handles are fine, but can break. Tubular and solid steel handles are virtually unbreakable. The tubular handle is lighter than the steel. A fiberglass handle is also practically indestructible and transmits less shock to your hand and arm when in use. As you move to different projects, you should begin considering more specialized hammers such as the mallets, the sledge, the mason's and tacks. But, for starters and all purpose work, you can't beat a sixteen ounce curved claw.

The view from Austin

BY FOSTER WHALEY
State Representative

A 10 hour battle on the floor of the House ended in the final passage of House Bill 1228.

To give you some idea of all the confusion caused by the national Federal Reserve policy of runaway interest rates, no two lending institutions have the same ceiling on the amount of interest they can charge. Corporate borrowers of over \$5,000 can pay up to 18 percent. Federal credit unions can get up to 21 percent. A bank consumer loan has a 14.5 percent ceiling. A production credit association can legally charge up to 16.46 percent today, a state chartered credit union can charge no more than 12 percent.

As an individual, a person can charge no more than 10 percent. Many decades ago a 10 percent usury rate was written into the constitution, with the stipulation that the legislature could raise the rate later.

House Bill 1228 raises this ceiling on a formula based on what United States Treasury bills are selling for. Under existing conditions the present ceiling on interest would be 24 percent.

Because of the present declining rate of Treasury bills, it is predicted the rate ceiling will drop to 18 percent before summer.

House Bill 197 mandating compulsory liability insurance for certain vehicles easily passed the House.

We have had a lot of calls

about the Governor's master teacher plan. This is a merit pay plan. I have been advised the plan has little chance of passage.

Last week we considered several bills in the Constitutional Amendments Committee that dealt with patching up Senate Bill 621 passed in the 1979 session. This was the bill that forced all taxing entities into one common appraisal district. This bill would cause all property to be appraised on 100 percent of real value with a few exceptions. Land would be taxed on a productive basis.

Four of these bills were carried by Representatives that voted for S.B. 621 in 1979. Many other problems in S.B. 621 were left untouched.

Representative Wayne Peveto is supposed to have a long list of patchwork amendments for the bill later.

A Dallas City Councilman and several other officials from different taxing entities were testifying in fear of a grass roots tax rebellion in 1982 by the voters. Most of these same groups lobbied heavily for the bill behind closed doors in 1979. Dallas prematurely invoked the 100 percent value this last summer and it got to be such an issue that only one official survived the summer political heat.

In my opinion, this will be a red-hot campaign issue in the 1982 elections of legislators. A legislator that voted for this in 1979 will be in a bad position. The bill is to take full effect in 1982.

THE FIRST NATIONAL BANK OF FLOYDADA

FLOYDADA, TEXAS 79236

MEMBER F.D.I.C.

Reay second in district

Kay Reay won second place Monday in the district tennis tournament in Abernathy, losing to Ramona Irlbeck of Abernathy, 6-1, 6-2, state singles champion for the past two years. By winning second place Reay earned the right to compete in the regional tournament in Lubbock April 24 and 25th.

Barbara Moore and Sharon Spencer placed third in the same tournament, which made them alternates for the regional tournament. They lost to Christi Norrell-Cindy Burk of Floydada, 7-5, 6-0.

Schools participating in the district tournament were Lockney, Abernathy, Tulia, Floydada, Childress, and Idalou.

In the Amarillo tournament Friday and Saturday the Lockney boys' tennis team placed 3rd and the girls 5th. The Amarillo is perhaps the Panhandle's most prestigious tennis tournament with 36 teams participating.

Jeff McCormick and Joe Reay finished 2nd in the boy's doubles in the Amarillo tournament, losing to David Galvan-Sammy Rodriguez 3-6, 6-0, 6-2.

Sharon Spencer-Barbara Moore lost in the quarter-finals to Christi Norrell-Cindy Burk 6-0, 6-1, and Kay Reay lost in the semi-finals in girls singles.

Tennis team coach Lynn Caffey said that "The Lockney team has come along real

well. They have only been working for five or six weeks, but they have made a lot of improvement and made an excellent showing in the Amarillo tournament."

Evans named alternate

The Lockney Lady Horns' Rebecca Evans has been named as an alternate for the north team for the annual Texas High School Girls Coaches Association All-Star basketball game July 11 in Ft. Worth.

Evans averaged 13.5 points per game the past season and was one of the leading rebounders in the district 3-3A.

Ramona Irlbeck from Abernathy was the only other player from district 3-3A chosen for the all-star game.

The Lady Horns' coach, Marsha Sharp, was one of six coaches nominated to coach the North team. The coach will be chosen in a vote by association members with the results to be known in about a month.

Other coaches nominated include Larry Steele from Abernathy and Diana Lewis from Slaton, who was the coach at Abernathy during the 1979-80 season.

Coffman, Cummings honored

Lockney's Connie Coffman and John Cummings, have been named to the All-South Plains girls and boys basketball teams, respectively.

Coffman, a senior, averaged 18.6 points per game the past season as the Lady Horns compiled an 8-2 mark and took second place in district 3-3A competition.

Cummings, a 6'5" senior, averaged 18 points per game the past season.

Block Grant hearing

MORE THAN 30 PEOPLE turned out for a public hearing at City Hall Tuesday night on Lockney's final application for \$812,000 in federal Block Grant Funds. Above, Mayor J.D. Copeland hands out materials on the grant to those attending the hearing while below Clayton Yeager, a consultant to the city on the grant, explains how the money will be used. Yeager is with the firm of Parkhill, Smith and Cooper of Lubbock.

There will be a Floyd County Livestock Show Association Directors meeting on Monday, April 13, at 7:30 p.m. in the County Office Meeting Room.

This meeting will be open to the public, but the directors will have the option of adjourning the meeting to a closed session if certain items of business are discussed that can be further discussed in a closed session.

We encourage all stock show participants to be present if at all possible to attend the general session.

A list of current stock show and advisors is outlined below.

PUBLIC NOTICE CITY OF LOCKNEY HOUSING AND COMMUNITY DEVELOPMENT

The City of Lockney has been invited by the U.S. Department of Housing and Community Development (HUD) for Community Development Block Grant (CDBG) funds. This application will be reviewed by HUD about May 1, 1981.

The City of Lockney will be submitting a pre-application for \$812,000 for a comprehensive, two-year program of activities included in the City of Lockney's final application to HUD in January 1981. The program is for the rehabilitation of substandard dwellings, from dilapidated dwellings to standard dwellings, enforcement, clearance activities, paving, sewer improvements, water main improvements, general administrative activities.

The City has scheduled two public hearings to review the planned activities, ask questions, and provide input to the City's past program implementation and provide input to the Housing Assistance Plan (HAP). Citizens are invited to comment on the City's past program and community development program.

The two CDBG public hearings will be held as follows:

Public Hearing #1: 6 P.M., Tuesday, April 14, 1981, City Hall, 215 E. Locust Street, Lockney, Texas.

Public Hearing #2: 9 A.M., Monday, April 20, 1981, City Hall, 215 E. Locust Street, Lockney, Texas.

Interested citizens and citizen groups are invited to attend these important public hearings and express their views and comments on the City's proposed program. Written proposals and comments from citizens will be accepted and considered by the City upon request at the Lockney City Hall during the public hearings. Written materials explaining the City's program will be available to the public at these two public hearings.

For further information, contact Erma Lee, Secretary, at 652-2355.

DELUXE 21-INCH MOWERS

John Deere 21-inch deluxe mowers come in three models — push type, self-propelled; and electric-start, self-propelled. The push-type has a 3 1/2-hp engine. The two self-propelled models have 4-hp engines and rear-wheel gear drive that gives excellent traction in all mowing conditions. Single levers at front and rear let you adjust cutting height — 1/2 to 2 3/4 inches. Aluminum die-cast deck. Hinged rear guard. Optional 2 1/2-bushel rear bagger.

No cash tax payments

Cash should never be sent through the mail to pay federal income taxes, the Internal Revenue Service says. If the cash payment should be lost, stolen, or destroyed, the taxpayer would have no record of payment.

Using a check or money order is much safer for two reasons, the IRS adds. First, either is hard to steal, and secondly, the cancelled check

or money order receipt will serve as a record of payment. Taxpayers should also be sure to write their Social Security number, the tax period and the form for which the payment is being

made on the check or money order. In the event the payment is separated from the tax return, proper credit can still be given to the taxpayer's account.

Brucellosis fight is succeeding

West Texas cattle producers are making significant progress in controlling brucellosis. Dr. John Holcombe, executive director, Texas Animal Health Commission, Austin, reports.

Currently, there are less than 300 herds under quarantine in the 133 counties of the West Texas Class A Control Area. Dr. Holcombe noted. That is less than two infected herds per county.

Brucellosis is a highly contagious disease of livestock. It centers in the reproductive organs and causes abortions, weakened calves, sterility, and partial loss of milk production.

Under the Texas brucellosis program, Texas is divided into a Class A and Class B control area. In the Class B control area, which comprises the other 121 counties in Texas, there are about 2,000 herds under quarantine. To be contragulated for their work in this effort, and we are sure they will intensify their dedication," Dr. Holcombe said.

Dr. Obie Oliver, Brownwood, federal veterinarian supervisor with the Class A control area, said he is pleased with response from cattle owners in West Texas.

He explained several meetings have been held in that area explaining the program. "Ranchers show a great deal of interest; they are requesting herd tests. I am confident we can control and eventually eradicate brucellosis in West Texas," Dr. Oliver said.

Scholarships are offered to 4-Hers

Present and former 4-H members may be eligible for \$5,750 in college scholarship grants if they meet requirements set by the Cooperative Extension Service.

All but one of the grants are valued at \$1,000 each, and primarily are for young people planning careers in agriculture, or such related fields as forestry, veterinary medicine or animal science. The other scholarship, valued at \$750, has no limits placed on choice of study. These scholarships are provided by private sector donors and arranged by National 4-H Council, a not-for-profit organization serving the 4-H program.

The Warren scholarship, established this year in memory of Gertrude L. Warren, a pioneer 4-H leader often described as the "Mother of 4-H," is a \$750 grant awarded to one present or former 4-H member matriculating this fall at an accredited college, university, technical or trade school. The recipient can major in any recognized field of study and must have been influenced by 4-H in selecting a future career.

Winners are selected by the Cooperative Extension Service and are announced prior to the 60th National 4-H Congress, November 29-December 3, in Chicago, Illinois.

Present and former 4-Hers who are interested in applying for these scholarships should contact their state 4-H leader at the land-grant universities, or county extension offices for more information and special application forms.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

FLOYD COUNTY EXTENSION AGENT

Pastures and wheat fields continue to green up in the county as we approach the third full week into spring. Both irrigated and dryland wheat fields are responding to the warm temperatures and moisture received in February and March. As the wheat continues to stool out and grow, however, additional moisture is needed on the wheat to keep up with its demand on soil moisture during this period of rapid growth. Top soil moisture ranges from low to adequate at the present time, but subsoil moisture is deficient due to the drought experienced last summer.

Greenbugs continue to be a problem in some areas, but the severity of the insect damage is decreasing with the increased growth rate of the wheat. Land preparation, pre-watering and watching the wind blow have been the main activities across the county this past week. Onion seeding and transplanting is about two-thirds complete in

the county and bell pepper planting should begin late this week or early next week. Total acreage of onions and peppers will be down considerably this year in comparison to previous years due to the poor growing conditions experienced last year and the ever-present migrant labor problems. Corn and sorghum planting began last week in the county. Producers are urged to monitor soil temperatures before considering planting cotton and soybeans early this year. I am sure that many of you are anxious to start planting a little early this year because of the warm temperatures that we have been experiencing the last few weeks. Just remember that this area usually has one last cold spell around Easter.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Agricultural development grows in SPS service area

Sam Thomas, manager of agricultural development for Southwestern Public Service Company in Amarillo, has announced that 4,453,878 fat cattle were produced in 1980 in the 45,000 square mile area served by SPS.

These and other statistics are revealed in a recently completed feedlot survey by SPS. The survey, conducted annually by Thomas' agricultural development department since 1963, is quoted throughout the United States by agricultural experts as the most authoritative source of information on the production of fat cattle in the Southern Great Plains area.

"We surveyed the same number of feedlots as in 1979 and the capacity in 1980 came to 2,638,000, a reduction of about 3%," Thomas said. "The impact to cattle owners was an estimated loss

of \$222-million but the feedyard industry still contributed approximately \$11-billion to the business community, while the farm sale value exceeded \$2.9-billion."

Thomas said the interest cost at 16% for the time the animals were in the feedlot would amount to \$241,248,385, or \$49.32 per animal, about 5 cents per pound live weight or 8 cents on dressed weight.

The survey has made a major contribution to the development and growth of the industry and has been especially valuable in the vertical integration that has occurred in the SPS service area.

"Copies of the survey will be available at Southwestern Public Service Company offices in about 60 days," Thomas said.

REGIONAL SCIENCE FAIR WINNERS from Floydada Jr. High were front row [l-r] Pam Richardson and Tony Shipley. Back row [l-r] were Sandy Carr, Jana Lawson, Servando Longoria and Stacey Smith. The students competed in the fair at Lamesa last week.

Lawson takes sweepstakes

Jana Lawson was top sweepstakes winner for all the Jr. High divisions at the regional science fair in Lamesa on March 27-28.

Her project was a study of hamsters and physical stress. Jana spent over 100 hours as she gathered data from October 26 to February 2. The stress was in pinching the female hamsters tail twice each day.

Jana measured all water and food given to the pair of hamsters and weighed them once a week.

Jana is an eighth grader at Floydada Jr. High.

Overall runner-up in the sweepstakes elementary division was Jay Hollums. He also won the Air Force certificate for most outstanding science project of the fifth grade.

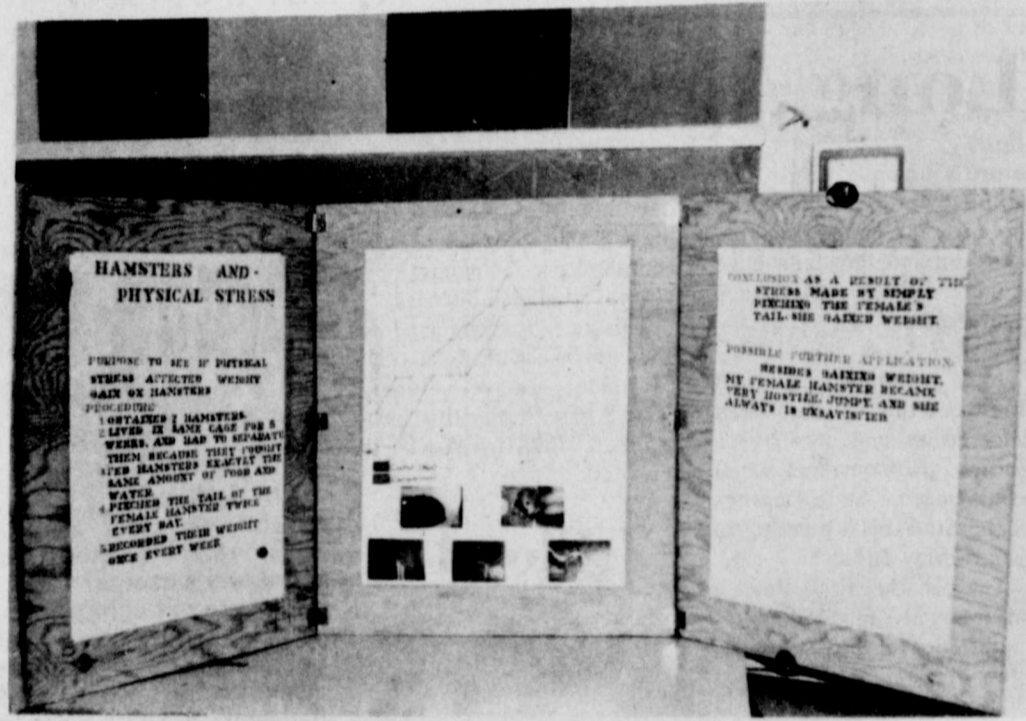

His project, concerned the effects of colored light on amoeba.

Jay is a fifth grader at R.C. Andrews elementary.

Winners in first division at the science fair were: First division ribbon - physical science, 7th grade, Tony Shipley; first division ribbon - physical science, 8th grade, Stacey Smith.

Second division ribbon winner in biological science, 7th grade, was Pam Richardson.

In the third division, ribbons were given to Sandy Carr, physical science, 7th grade and to Servando Longoria, physical science, 8th grade.

THIS SWEEPSTAKES WINNING PROJECT was done by Jana Lawson. Entitled Hamsters and Physical Stress, it took honors at the Regional Science Fair in the Jr. High division.

JAY HOLLUMS was the only elementary student to compete in the Regional Science Fair at Lamesa. His project concerned the effects of colored light on amoeba and won overall runner-up in the sweepstakes elementary division.

South Plains College begins Fall registration

South Plains College is encouraging students to start preparing now for the Fall Semester. They are encouraged to look at available programs in which program best suit them. This includes checking the time of attendance, and financial assistance is available for students who want to attend the 1981 Fall Semester. Students should make an appointment to see by calling and an application can now be seen if they qualify

for financial assistance. The need for applying early is to insure that all paper work can be completed before registration and the student will understand his situation while there is time to plan a positive outcome.

The financial aid applications are now ready and can be picked up in the Financial Aid Office located in the Wheeler Building at 708 Yonkers.

This includes the Family Financial Statement (FFS), which is used to apply for financial aid programs available on the Plainview campus, and the Basic Educational Opportunity Grant.

Programs available include training in a variety of areas, including Secretarial Skills, Business, Licensed Vocational Nursing, Child Development, Mid-Management, Auto Mechanics, Human Services, Radio and T.V. Servicing, Welding, and specialized assistance in basic reading and math skills.

Be sure that you plan for the future. Take control of your life and look into the training programs being offered in your home town area. The training of the future is in vocational education and Plainview has a variety of vocational programs. For additional information, contact 293-3605.

The Red Power Buyer's Choice gives you three ways to save on any new IH Tractor in stock during the International Harvester 150th Anniversary. And you begin your savings selection with great Red Edge Rebates.

Buyer's Choice No. 1... Get Red Edge Rebates Worth up to \$3,500.

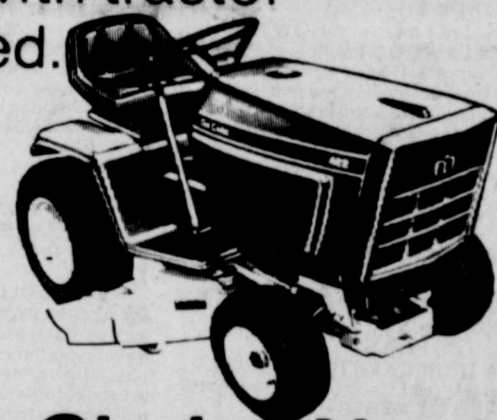

When you buy any new International Harvester Tractor that we have in stock between now and April 30, 1981, you can get a Red Edge Rebate of up to \$3,500 direct from the Company. See the chart for a full list of rebates available.

INTERNATIONAL AGRICULTURAL EQUIPMENT

Buyer's Choice No. 2 ... Get a Free Cub Cadet Tractor.

Now through April, you can get a free Cub Cadet® Tractor when you buy any Series 86, 4WD or 2+2 Tractor. So if the Red Edge Rebate isn't the savings you need, maybe this is. The chart below has a complete listing of free Cub Cadet models with tractor purchased.

Buyer's Choice No. 3 ... Get Red Power Dollars valued up to \$4,500.

Instead of getting a Red Edge Rebate or a free Cub

Cadet with the IH Tractor you buy, you can get Red Power Dollars. These are good toward the purchase of any new IH equipment or parts. They may not be used toward the tractor purchase price and must be used by December 31, 1981.

These tractor savings may never be matched again. See us today for your best selection of IH Tractors... and for your selection of Buyer's Choice Savings.
