City council increases firemen's insurance

At a regular meeting of the Lockney City Council the insurance coverage for the volunteer fire department came under consideration.

Current coverage had been a \$10,000 limit for medical benefits for each accident, a \$100 weekly indemnity benefit for a maximum of 2 years, and a \$20,000 benefit in case of accidental death.

City Secretary Erma Lee Duckworth reported to the council that medical benefits were at their maximum, but the weekly indemnity could be increased to \$150 a week and the accidental death benefit could be increased to \$50,000.

Upon discussion Councilman Wofford made the motion and Councilman Dipprey seconded the motion for increasing the coverage to the maximum that could be obtained. All were in favor. The coverage will about double the city's insurance premium paid each year, but the councilmen said that was the least they could do.

Councilman Dipprey made a motion to accept a recent city audit that had been made by Edd V. Henderson Jr., C.P.A. of Floydada. Councilman Reece seconded the motion and all were in favor.

In a called meeting July 30, the council agreed to change their contract with the Mackenzie Municipal Water Authority since the line was changed two miles closer to Tulia. The \$246,000 will be prorated between the four towns to be serviced: Lockney, Floydada, Silverton and Tulia.

PRISCILLA SIMS

Ray injured in mishap

Sydney Howard Ray, 23, of Lockney was injured Monday morning about 9:15 a.m. when the truck he was driving was struck by a freight train in Abernathy.

According to officials, a 34-car Santa Fe freight train struck a tractor-trailer driven by Ray at a crossing in Abernathy on FM 2060.

Ray was admitted to Lubbock General Hospital with multiple contusions, abrasions, a fractured hand, and a bad gash

under the kneecap. The impact caused the windshield to break and Ray was repelled through that opening.

Authorities said that the truck, owned by the Paymaster Seed Co. of Plainview, was traveling east at 49 mph when it was struck by the northbound train. Ray had been employed by Paymaster as a truck driver more than a year.

The diesel bobtail truck was reported to have been carried 135 feet down the track by the train.

Railroad officials said they have been able to determine that the flashing lights at the crossing where the accident occurred near the cooperative warehouses were working properly at the time of the accident.

Ray has a wife Tammy and a 4-year old son. He is also the son of Mr. and Mrs. Roy Howard of Lockney.

At press time, Ray was expected to be released from Lubbock General today.

NOTICE!

Lockney's City Police Chief, Bill McConnell, issued a statement of warning to the residents of the city that they might be alert to a potential hazard.

There have been several confirmed reports of dogs that have died or have had to be destroyed due to poisoning in the northwest part of town.

He pointed out that this type of poison could cause serious injury or even death to children, and also to adults if they got it in sufficient quantities. Samples have been sent to a lab in Austin, but the results have not been received by press time.

McConnell said from his interpretation of the Penal Code the use of poison in this fashion is a felony and person or persons responsible, when caught, will be prosecuted.

Anyone who sees anything unusual or suspicious in nature anywhere in the city is asked to please report it to the dispatcher at 652-2416 and ask an officer to check it out.

"Let's Get Enthused" to be heard Ladies Day

Priscilla K. Sims of Lubbock will speak on "Let's Get Enthused" as guest speaker for Ladies' Day at the Floyd and Surrounding Counties Fair on Friday, September 10. Mrs. Sims is well known for her enthusiastic and motivational speeches. Her lectures are given on how to motivate self and how to manage time.

Mrs. Sims and her husband have co-owned and operated Southern Seas Restaurants and Caterings in Lubbock for nine years.

She is presently on the Board of Directors for the Lubbock Restaurant

Association and the Texas Restaurant Association.

She also serves on the Advisory Board of HECE for the Lubbock Independent School District, and she is a member of the advisory board for the Chamber of Commerce Visitors and Convention Bureau.

She is a past president of Soroptimist International and of the Lubbock Restaurant Association.

The Sims are members of the Westminster Presbyterian Church.

Everyone is cordially invited to attend. You're bound to walk away with a new outlook of life.

Lone Star Baptist to hold revival

Cecil Osborn, currently pastor of the South Plains Baptist Church, will be preaching at the Lone Star Baptist Church in a revival Tuesday thru Saturday, August 16-28.

Weekday services will be at 7:00 p.m.

Sunday services will be held at 11:00 a.m. and 6:00 p.m.

Rick Gray will be leading the singing with Tom Langston as the pianist.

A puppet group will be featured Thursday night from the College Hei-

ghts Baptist Church in Plainview. Afterwards there will be an ice cream fellowship.

The theme of the revival is "Standing on the Solid Rock."

This Week

Lions mop sale

The Lockney Lions Club will hold their annual broom sale Saturday from early until late on Main Street at the old bank building. The funds raised will be donated to the Caravan for the Blind as well as being used locally in the county for the club's use in its projects.

Registration

Seniors and Juniors will register at Lockney High School on Wednesday, August 25th.

Sophomores and Freshmen will pick up their schedules on Thursday, August 26th when they enroll.

Arts and Crafts

An Arts and Crafts Fair at Slaton's city hall square will be held August 20 from 10 a.m. till 6 p.m. Spaces are available for individuals or organizations at \$10. Bring your own display set-up. Contact Slaton Chamber of Commerce 828-6238 or Box 400.

Suggestions?

You may have noticed the changes taking place in the Beacon. We will welcome any comments, suggestions or ideas to help improve the paper.

—Ed.

Open House

All mothers of football players from grade 7 to 12 are invited to attend an Open House in the fieldhouse Tuesday, August 17 at 8:00 p.m. This will give the mothers an opportunity to meet the coaches. A short program will be given.

Parade

The theme for the parade this year for the Floyd and surrounding counties Fair is "Nursery Rhymes through the Eyes of a Child." Anyone interested in participating should contact Sandra Cummings at 652-3722.

Open House

The Lockney Quarterback Club will sponsor an Open House at the Fieldhouse for the public to meet the coaches and their wives from 2 to 4 Sunday after, August 15. The Club is taking this opportunity to show off the remodeling job done this summer by the coaches and to introduce the entire staff.

Old Fashioned Saturday

Any club, organization, or individual is encouraged to clean out their attics and garages in participation with the swap meet to be held in conjunction with the Old Fashioned Saturday, August 21.

Attention '82-83 Seniors

Wilson Photography is photographing seniors during the month of August.

Social Security

A representative of the Social Security Administration will be working at the Floyd County courthouse annex from 9:30-11:30 a.m. on August 25.

Bullock's rep

State Comptroller Bob Bullock has announced that Kay Doggett from his Lubbock Field Office will be at the Floyd County courthouse in room 104 on August 17, from 9-11:00 a.m. A Comptroller's representative is available to assist local residents at the courthouse the third Tuesday of each month.

Bullock urges anyone with problems or questions concerning state taxes to contact Ms. Doggett at the courthouse in person or call the Lubbock Field Office at (806) 795-0691. A toll-free number (1-800-252-5555) is also available to Texas taxpayers.

Church Directory

We have started the church directory again. If we have made an error (the pastor's name or the church address) or if we have inadvertently left out a church, let us know and we will make the necessary corrections.

—Ed.

Craftsmen

The Beacon is in the process of compiling a list of people in Floyd County who make handcrafts. Any items such as leather goods, paintings, ceramics or wood carvings are needed to be featured in future issues. Call 652-3318 or come by 211 N. Main.

—Ed.

County Fair

Have you painted your masterpiece yet? If so, why not share it with others by entering it in the Floyd County Fair this September. If not, get started today.

Softball

The Petersburg Lions Club is sponsoring a slow pitch softball August 27-29. Only the first 14 teams sending the \$75 entry fee will be accepted.

Deadline for entries is August 25. Individual trophies to the first place team will be awarded. Team trophies will be awarded for second and third place.

For more information contact Richard Holmes at 667-3583 before 4 p.m. or 667-3390 after 4 p.m.

Queens pageant

Anyone wishing to enter the Floyd County Queens Pageant at the Floyd County Fair this year should contact Reeda Cay Smith, Box 714, Lockney, Texas 79241, or call 652-2338. More details are printed in the Entertainment Section of this edition.

Parking Spaces

Renewing of parking spaces at the Longhorn stadium is being accepted through September 1. The price is \$7.50.

Board adopts new budget

The Lockney School Board met Monday night in a called meeting for the purpose of adopting the budget and setting the tax rate.

Attending the meeting were Jim Bob Martin, Billy Karl Race, Eddie Teeter, Eddie Joe Foster, Principal James Poole, Principal Raymond Lusk, Superintendent W.H. Hallmark, Kelton Shaw, D.K. Jackson, and former board president Tom Duvall.

The board members have spent several work sessions in preparation prior to the special meeting. Shaw made the motion to adopt the 1982-83 budget. The motion was seconded by Jackson and all were in favor.

A motion was made by Shaw and seconded by Race to pass Ordinance 1982-1 setting the tax rate at 75 cents per \$100 value. Six voted for the motion with one abstaining.

68 cents will go into the operating and maintenance fund, and 7 cents into the interest and sinking fund.

The current rate of 72 cents had been paid on a tax valuation of \$99,401,609 in contrast to the 75 cents rate which will be paid on a tax base of \$86,541,475, for a loss of \$12,860,134 in tax valuation. That will amount to an approximate \$86,111 loss in taxes.

In 1984 the final payment of \$18,069 will be made on the buildings which will help toward next year's budget, but if the legislature exempts total farm equipment, the tax base will change again by another \$26 million.

In order to hold the budget within reasonable bounds, the board had to trim \$13,796 from the original budget. A large portion of the savings can be accredited to a cut in personnel. A vacancy in the superintendent's office will not be filled. A counselor will not be hired for the second year in a row. A third kindergarten teacher has not been hired, which is actually the only vacancy

that remains at this present time. Superintendent Hallmark said that that position would not be filled until such time as the enrollment would justify another teacher. There was an overall increase in the payroll budgeted of 1.3% in contrast to the 8.9% state average.

An increase was experienced due to a portion of the school nurse's salary not being paid by the migrant program at the same rate as had been paid previously due to the smaller migrant population expected because of the agriculture slowdown.

Insurance also was a factor in this year's budget. The three-year policy is to be paid 40%-30% and 30%. Also all

of the buildings have new roofs, which will be a saving on maintenance this year.

The board agreed not send any desks to Huntsville for repair for a year to make cut.

School board personnel who attend the annual workshop in San Antonio will be asked to pay their own way to prevent the school district from incurring that expense.

The athletic budget was cut some by the new coaching staff showing a sincere desire to operate as economical as was feasible and still be able to afford the necessary equipment, travel, etc. entailed in their competition.

Mackenzie tax rate set

The Board of Directors of the Mackenzie Water Authority set the 1983 tax rate at 32.5 cents per \$100 of evaluation. The board received no opposition at the public hearing last month.

The tax rate is broken down in three areas: maintenance, 6 cents, same as last year; present bond principal and interest, 12 cents, down from 12½ cents last year and the new bond for the Phase I Supply Systems, 14½ cents.

The reason for the drop of ½ cent on the present bond is the property evaluation is up in every town allowing the decrease of ½ cent.

The property evaluation for each of the towns are: Floydada, \$49,253,200; Lockney, \$22,920,054; Silverton, \$17,458,274 and Tulia, \$19,021,224. The total tax base is \$158,652,752.

The budget allocation to each of the cities based on the property evaluation is Floydada, 31.05%, Lockney, 14.45%, Silverton, 11.00% and Tulia 43.5%.

The water level of Mackenzie in January this year was 97 feet. It is now 105 feet. The lake is 31% full and covers 430 surface acres.

Farm storage increased

Commodity and farm storage loans disbursed in August by the U.S. Department of Agriculture's Commodity Credit Corporation will carry a 14 percent interest rate, according to CCC Executive Vice President Everett Rank.

The new rate, up from 13.5 percent, reflects the interest rate charged CCC by the U.S. Treasury in August, Rank said.

Bentsen challenge

Editor's note:

The following is a letter from Senator Lloyd Bentsen encouraging an increase in Texas voter registration. Let's accept his challenge and have the best voter turnout Texas has had.

I am getting ready to throw down the gauntlet and I would appreciate it if you would help to pick it up.

The issue is voter registration and it is a serious matter, but that doesn't mean that we can't have a little fun while encouraging the people of Texas to register.

We Texans are a proud bunch and, generally, with good reason. Most everything we have or do is bigger and better.

But there is one area where some of our "northern" friends have a leg up on us.

I am speaking specifically of those friends who live to the north of us in Oklahoma and of what they have done to us on registering voters.

According to the latest available census estimates there are 2,069,000 souls of voting age who for one reason or another failed to make it south of the Red River and who reside in Oklahoma. There are 1,369,016 Oklahomans who are registered to vote.

In Texas, meantime, the census counts 9,382,000 voting age residents, but there are only 5,666,728 registered voters.

According to my calculations, that means 66.2 percent of the eligible voters of Oklahoma are registered to vote while only 60.4 percent of the potential voters in Texas have registered.

That will not do.

We can do better.

I am so confident we can that in the coming days I will issue a challenge to my colleague from the North, Oklahoma Senator David Boren.

Texas in 1982 will ultimately register a higher percentage of its eligible voters than will Oklahoma.

Here is my challenge. If I am proved correct I will present a pecan tree - the State Tree of Texas - to Senator Boren and will stand watch as he plants it on his front lawn. If, by some fluke, Oklahoma prevails he will present a redbud tree - the State Tree of Oklahoma - to me and I will plant it on my front lawn.

I don't relish the thought of doing the latter.

I would hope that you - as Texans first and Members of the Press second - will pitch in and help to uphold the honor of your state.

At the same time, of course, and with all kidding aside, you will be helping to assure that as many Texans as possible do not lose by default their precious right to vote.

Any Texan who is 18 years of age or older is eligible to vote. Any eligible Texas voter can participate in this year's November 2 general election by registering no later than 30 days before the election.

If we work at it I am confident we can register 70 percent of the eligible voters in Texas for the vote, substantially more than that with any luck.

And, while doing this worthwhile work, we would also be creating another monument for Texans to view whenever they tour our nation's capital: the Tree of Texas planted on the lawn of the Senator from Oklahoma.

CRIME CALL

BY BILL GRAY

Neighborhood Watch Needs Help

Crime Call has relinquished this space today in order that an appeal can be made for financial support for Floydada's Neighborhood Watch program.

How many more homes and businesses are going to be broken into and property damaged or stolen before the citizens of Floydada realize the need for such a program? This newspaper has had several excellent editorials lately dealing with "apathy." Wes Brown hit the nail on the head when he stated: "If everyone took the attitude 'let someone else do it,' nothing would get done." Unfortunately, he is dead right!

For weeks now, a notice on the fund raising for Neighborhood Watch has appeared in the *Hesperian*. Showing their civic concern, the Chamber of Commerce has been gracious enough to allow their office to be the collecting point for the private fund-raising. Approximately \$700 is needed at once in order to purchase the street and window signs and other material. To date, only \$25 in donations has been received!

This is a program that will benefit the entire community, and it is one time "the other fellow" cannot do the job! Neighborhood Watch is a necessary and welcomed tool of law enforcement agencies in the towns and cities that have it in effect. Heed the call--contribute to the Neighborhood Watch Fund at the Floydada Chamber of Commerce. We all have pride in Floydada and everyone shares the mutual concern of safety for pride in Floydada and everyone shares the mutual concern of safety for our neighborhoods and business. The program will work for all of us.

Vote: All in favor
Motion made by Bob Jarrett and seconded by Thomas Warren to increase Courthouse line item \$4,200.00 from Surplus and Interest of Entitlement 11 of Revenue Sharing.

Gun owners and the law

BY RODGER ZIMMERMAN
attorney

PISTOL PACKIN' ILLEGAL

Q: Can I legally carry my pistol in my car when taking a large sum of money to the bank?

A: No. Carrying your handgun in your car is considered to be "on or about the person" and not legal in Texas.

Q: What is the penalty for unlawfully carrying a pistol in my car in Texas?

A: Unlawfully carrying a handgun in your car is a Class A misdemeanor and is punishable by fine not to exceed \$2,000 and/or one year or less confinement in the County Jail.

Q: Where can I get a license to carry my handgun in Texas?

A: There is NO license to carry a handgun issued in the state of Texas.

Q: If I am stopped by a police officer and charged with illegally carrying a handgun, what should I do?

A: Above all, do not talk with the police officer until your attorney is present. Politely demand to call your lawyer and wait until your lawyer advises you.

Rodger Zimmerman is a successful Texas trial lawyer and a foremost authority on firearms laws. Reader questions will be answered as time and space permit. Write to this newspaper or to Gunowners, Inc., Driftwood, TX 78619.

Mr. Zimmerman has prepared an authoritative audio cassette tape for each state reviewing the state and federal laws covering ownership and lawful use of firearms to protect your person and/or property. To order send mailing instructions and \$9.95 per tape, specify state(s) to Gunowners, Inc., Driftwood, TX 78619 or to this newspaper.

Strake Talk

FREE SPEECH AND THE A.C.L.U.

On May 20, 1982, U.S. District Judge John Singleton ruled that the children in Aldine schools, outside Houston, could no longer include a phrase praising God in their school song.

That made the American Civil Liberties Union (ACLU) very happy. They had been party to the suit, claiming that the song violated constitutional provisions of separation of church and state.

On July 3rd, the Supreme Court ruled that states can indeed ban the distribution of child pornography. That made ACLU very unhappy. One of their spokesmen was quoted in the press as complaining this violated the constitutional provisions of free speech.

If this all seems strange to you, perhaps it is because it is strange. The ACLU is constantly worried about the "free speech" rights of pornographers, but seemingly is on the other side of the fence

when the question turns on the free speech rights of school children. One cannot escape the conclusion that the ACLU would defend the "right" of school children to distribute smut, but they would deny them the right to sing the praises of God.

And if you ever wonder where the ACLU gets the money to pursue its goals, consider this: a lot of rich people in high places give them a lot of money. Our current Lieutenant Governor Hobby, for example, held a fund raiser for them in his Houston home that raised some \$60,000. He is very proud of his efforts in this regard, defending it repeatedly while out on the campaign trail seeking reelection. That is one of the many areas where he and I are in disagreement. I think there are far worthier organizations for Texans to champion. I would appreciate hearing your thoughts. Just write me at 1213 W. 34th, Austin, Texas 78705.

Lions to hold mop and broom sale

The Lockney Lions Club will hold their annual Caravan for the Blind Mop and Broom Sale Saturday in the old bank building all day.

Items to be offered for sale will include mops, brooms, utility brushes, dishtowels, pot holders, oven mitts, ironing board covers and pads, scrubbers, scourers, and door mats, just to mention a few.

Since its founding in 1917, Lions Clubs International has been best known for its help to the blind and sight-impaired. The efforts of Lions Clubs in this area gained even greater impetus in 1925, when Helen Keller asked the Lions to become her "Knights of the blind in the crusade against darkness."

The more than 1.3 million Lions in 153 countries worldwide now help the deaf as well as the blind; build and maintain community facilities such as parks and playgrounds; sponsor vocational training in underdeveloped countries; drill wells and provide food in drought-stricken areas; and in countless other ways fulfill their commitment to community service.

But even while helping others, Lions continue to be "knights of the blind." In the United States, for example, Lions operate or largely support the majority of the country's eye banks. Last year, more than 14,000 people had their sight restored with corneas provided to hospitals by Lions' eye banks.

The Lions of India, with financial assistance from the Lions of Europe and the U.S., yearly operate dozens of "eye camps," where thousands of people are helped with everything from eye glasses to cataract operations.

Aided by a grant from the Lions Clubs International Foundation (LCIF), the Lions of Hawaii, the Philippines and Indonesia have worked with Helen Keller International in its efforts to

combat nutritional blindness (xerophthalmia), which affects 250,000 children a year in Asia alone.

Nor do Lions forget the immediate needs of their own communities. Literally millions of people have received free eye examinations and glasses courtesy of the local Lions Club. Those already blind have been given braille typewriters, white canes, guide dogs and a variety of other aids to mobility,

education and employment. Many public libraries also owe their large-print book collections to the generosity of Lions.

In these and many other ways, Lions have kept faith with Helen Keller and remain her "Knights of the Blind."

The sale will be held from early until late, so make a point to get by and pick your needed items at the time most convenient for you.

The Beacon welcomes and encourages letters to the Editor.

Letters should be typed or written legibly and signed with the writer's name and address. Anonymous letters will not be accepted.

The Beacon reserves the right to edit the letter for spelling, grammar and newspaper style but may not change the meaning intended by the author.

Due to space limitations, letters should be kept to a 250 word minimum.

The columns of the Beacon are open to rebuttal, expression of opinion, and comments by its readers.

Letters should be sent to: The Lockney Beacon, Box 187, Lockney, Texas 79241; or they may be brought in to the Beacon office before 3 p.m. Tuesday before the publication date.

Senior Citizens met Thursday at Methodist

The Senior Citizens met in the Fellowship Hall of the Methodist Church for their regular first Thursday of the month meeting. Attendance was down for this meeting due to the death of Jesse Foster and some illness, vacations and those out of town for various reasons.

The ones that attended enjoyed some rousing games of dominoes. Michael O'Connor even matched wits with Elva

Perry, Bettie Counts, and Ida Rose.

Others attending were Eva Creswell, Olive Myers, Opal Blount, Hazel Johnson, Ethel Knox, Grace Colson and Mabel Perkins.

Each of the group brought a dish for a wide variety for lunch. Carolyn Redding, Michael O'Connor's wife, Sharon, and daughter Michelle and the twins Aaron and Brandon, joined the group for lunch.

Candlelight wedding joins Ward, Allen

Kelly Dawn Ward and Norman Wayne Allen were united in marriage at 7:30 p.m. on Friday, August 6, 1982, at First Baptist Church, Floydada, before a host of friends and relatives. Bro.

Floyd C. Bradley performed the double ring ceremony. Kelly is the daughter of Mr. and Mrs. Richard Ward of Dougherty. Norman is the son of Mr. and Mrs. Harvey Allen of

Floydada. Guests were registered by Deeann Fry of Lubbock. The choir loft and pulpit area of the church held a large pyramid brass candelabra decorated in orchid and lilac and white gladiolas and daisies, and graduated sizes of brass urns holding palms of emerald foliage formed the wedding background. On the lower floor of the sanctuary were entrance candles decorated in lavender and lilac. Brass baskets on tall brass pedestals held arrangements in lilac, lavender and white gladiolas and daisies. The bridal aisle was lit by brass hurricane lights.

The groom's table featured a silver coffee service. A selection of fruit bits and pound cake were served from crystal appointments by Karen and Christy Pruitt, cousins of the groom. Members of the house party were Mrs. Robert Ward and Mrs. Donald Harris, aunts of the bride; Mrs. Ray Tinney, cousin of the bride; Mrs. Charles Overstreet; Mrs. Weldon Pruitt and Mrs. Button Beedy, cousins of the groom; Mrs. Bill Tye, aunt of the groom; and Mrs. Alton Higginbotham. Bird seed bags were distributed by Dana Hickman, cousin of the bride.

MRS. REX BREED

MRS. NORMAN ALLEN

The mothers were seated to "Andantino in D Flat" by Lamare played on the organ by Mrs. Bill Hardin, cousin of the groom. Harvey Allen, the groom's father, played "Whither Thou Goest" on the harmonica followed by "The Wedding Song" sung by Mrs. Kay Crabtree. Both were accompanied by Kay Crabtree on the piano. During the ceremony, Mrs. Crabtree sang "The Lord's Prayer." The groom, groomsmen and bridal attendants entered the sanctuary to "Theme from Ice Castles" played on the flute by Mrs. Jerry Battey, Jr. and accompanied by Miss Terri Lloyd.

The bride was escorted and given in marriage by her father. She wore a formal gown of white chantilly lace and organza. Fashioned with a Queen Anne neckline the gown featured full long sleeves. Pearls on lace motifs lavishly trimmed the bodice. A satin sash wrapped the natural waistline. The skirt was tiered in massive arrangements of chantilly lace ruffles that swept into a chapel length train. For her headpiece the bride chose a picture hat of lace motifs and illusion which complimented the gown. A tier of illusion draped the back of the hat.

The bride carried an all silk cascade type bouquet of lavender, lilac and white rose buds showered with silk baby's breath. Following tradition for something old the bride carried a lace trimmed handkerchief that belongs to her grandmother Ward. Something new was the bridal gown. For something borrowed the bride wore a necklace of pearls belonging to the groom's step-grandmother Wilson. Something blue was the blue garter that was originally worn by the bride's mother and also by her sister at their weddings.

The maid of honor was Shelley Bearden, friend of the bride. Bridesmaids were Brenda Hicks, friend of the bride, and Kristi Hopper and Karla Ward; sisters of the bride. All wore identical dresses of pale lilac fashioned with an empire waist and long pleated skirts, topped by short sleeveless jackets. The attendants carried old fashioned arm bouquets of mixed silk flowers in the colors of lilac, orchid and lavender.

The groom was attired in a silver grey tuxedo with tails and silver ascot and pearl tie tac. Todd Beedy, cousin of the groom, was best man. Mike Allen, brother of the groom, and Rick Heflin and Jim Waller, friends of the groom, were groomsmen. They wore identical charcoal grey coats with tails and pin-striped pants, with grey striped ascots.

The ushers were Cliff Hopper, brother-in-law of the bride, and Bryant Higginbotham, Chris Fulton, Terry Westbrook and Tom Ross, friends of the groom. They wore grey tuxedos with matching grey bow ties.

A reception was held at the Wall Street Parlor immediately following the ceremony. The bride's and groom's tables were covered in floor length ecru lace cloths over a solid ecru cloth. A three-tier white bride's cake was decorated with lavender flowers accented by

small pink and yellow flowers and greenery. The cake was topped with two lavender silk wedding bells surrounded by silk flowers and lace. Punch was served from a silver punch bowl. A silver candelabra and the bridesmaids' bouquets formed the centerpiece. Misses Terri Gentry and Lisa Mayo served at the bride's table.

The groom's table featured a silver coffee service. A selection of fruit bits and pound cake were served from crystal appointments by Karen and Christy Pruitt, cousins of the groom. Members of the house party were Mrs. Robert Ward and Mrs. Donald Harris, aunts of the bride; Mrs. Ray Tinney, cousin of the bride; Mrs. Charles Overstreet; Mrs. Weldon Pruitt and Mrs. Button Beedy, cousins of the groom; Mrs. Bill Tye, aunt of the groom; and Mrs. Alton Higginbotham. Bird seed bags were distributed by Dana Hickman, cousin of the bride.

The groom's parents hosted a dinner at the Olde White House Thursday evening following the rehearsal.

After a wedding trip to Ruidoso, New Mexico, the couple will be at home in Lubbock where Norman will attend Texas Tech University and be employed at Behner & Co. Kelly will be a hair stylist at Hair Jammers.

Double ring ceremony unites Jordan, Breed

Joy Dell Jordan became the bride of Rex Armon Breed during a 3:00 afternoon double-ring ceremony on Saturday, July 24th, at the First United Methodist Church in Floydada.

Jerry Kunkel, pastor of the First United Methodist Church in Petersburg, Texas, performed the ceremony. The bride is the daughter of Wendall Jordan of Canyon, Texas and Joyce Jones of Moore, Oklahoma. The groom is the son of Frank and Helen Breed and grandson of Mrs. B.L. Breed, all of Floydada.

The nuptial area was centered with decorated brass candelabras. The church was decorated with lavender and white assortment of silk flowers with matching ribbons.

Mrs. Jerry Kunkel, provided music and solos which included: "The Lord's Prayer" and a selection from "Ice Castles." Also a taped recording of "From the Start" from the album of Johnny Ray Watson.

The bride was given in marriage by her father. The bridal gown was of chantilly lace and organza with a chapel train. The neckline featured a stand up lace collar with a pearl trim. The bodice was of chantilly lace sprinkled with seed pearls. The leg of mutton sleeves and slightly raised waist were accented with lace trim. The bride wore a picture hat decorated with matching lace and a waist length veil.

She carried a bouquet of white butterfly orchids, lavender tiger lilies, deep lavender rose buds and white stephanotis.

Maid of honor was Jaquelyn Soward of Galveston, Texas. Bridesmaid was Debra Swart of Lubbock and flower girl was Jami Jordan of Canyon, sister of the bride.

The maid of honor and bridesmaid dresses were of lavender floor length knit with a high Victorian neckline.

They wore lavender picture hats with bands of organza that flowed to waist length. They carried bouquets of white butterfly orchids, lavender tiger lilies, deep lavender rose buds entwined with stephanotis.

The flower girl's dress was made of lavender dotted swiss. A lavender gross grain ribbon sash tied at the empire waist. She wore a lavender picture hat with a matching ribbon and lavender rose tied at the back. The flower girl carried a basket of rose petals decorated with stephanotis, tiny lavender roses and lavender and white lace ribbon.

All women of the wedding party wore corsages of white carnations with lavender ribbons.

The groom was attired in a silver tuxedo, silver ruffled shirt and bow tie. His boutonniere was a white carnation. Serving the groom as best man was Joe Mack Breed, brother of the groom from Tulia. Groomsman was Don Castleberry, cousin of the groom of Petersburg.

Serving as ushers and candlelighters were Dean Jordan, brother of the bride of Oklahoma City, and Roy Rogers, brother-in-law of the groom of Crosbyton.

Male attendants wore silver tuxedos, white shirts with lavender trimmed ruffles and silver bow ties. They wore boutonniers of white carnations.

During the ceremony, both the bride and groom presented the mothers with a long stem red rose.

Following tradition for something old, the bride carried in her shoe an 1895 penny belonging to her uncle. She also

had two pennies in her shoe bearing the year that both were born. Something new was the wedding gown, something borrowed was the picture hat, belonging to the groom's sister, and something blue was her garter.

Pam Rogers, sister of the groom of Crosbyton, was seated at the guest register table in the entrance hall.

A reception was held immediately following the ceremony in the fellowship hall.

The table was covered with a lavender floor length cloth with a white lace overlay cloth. The table was decorated with an arrangement of silk flowers, carrying out the bride's chosen colors of lavender, white and deep purple and two white tapers in crystal candleholders.

The three tiered wedding cake was decorated with lavender sweet peas and the top layer featured the bride and groom. Between the first and second tiers stood a pair of kissing doves.

Grape punch and cake was served from crystal appointments. Also nuts and mints decorated the table along with lavender napkins bearing "Joy and Rex, July 24th, 1982."

Servers at the reception table were: Debbie Breed, Carrie Jordan and Teresa Lutrick.

Passing out rice bags made of silk lavender rosebuds were Branda and Jodee Breed, nieces of the groom from Tulia.

The rehearsal dinner was held Friday night at 7:00 p.m. at King's Restaurant, Floydada, hosted by the groom's parents.

After a wedding trip to Puerto Vallarta, Mexico the couple will reside in the Lakeview community.

Chapmans honored with 50th wedding anniversary celebration

Judge and Mrs. Alton B. Chapman of Gatesville were honored on their 50th wedding anniversary, Sunday, August 1, with a reception in the parlor of the First Baptist Church, Gatesville. All friends and neighbors were invited to call from 2-4 p.m.

Hosts for the Golden Anniversary reception were their children, Dr. A. Brooks and Barbara Chapman of Dallas, George Camp and Gayla Chapman of Dallas and Jerry M. and Ricki Chapman of Amarillo and their five grandchild-

ren. Alton B. Chapman and Louise Baraganier were married August 27, 1932 in Marlin. They lived in Floydada from 1940 to 1957. Judge Chapman was District Judge of the 110th District Court during that time and moved to Amarillo in 1957 after he was elected Justice of the Court of Civil Appeals. He retired from that court in 1969 after serving two terms. They have lived in Gatesville for the last thirteen years and seven months.

MRS. DAVID SCHWERTNER

Theresa Kittrell is honored during Saturday bridal office

Miss Theresa Kittrell, bride-elect of Marlin Marble was complimented with a bridal gift coffee Saturday morning, in the home of Mrs. Richard Franks. Guests called between the hours of 10 and 11:30 a.m., and were greeted by Mrs. Franks and the honoree.

Special guests were Mrs. Jerry Kittrell, the honoree's mother; Mrs. Keith Brock, mother of the prospective bridegroom; Mrs. Max Marble; and the groom-to-be's grandmothers, Mrs. Johns Cox of Lockney and Mrs. Eathyl Marble of Plainview.

The registry table featured an arrangement of fresh daisies and was attended by Mrs. Ronnie Truelock, cousin of the honoree.

An ecru linen cloth covered the serving table which was accented with brass candlesticks holding deep dusty rose tapers. Brass coffee and tea service was used with crystal appointments and dusty rose napkins. Presiding at the table were Miss Cindy Brooks and Miss Lori Barnes.

Mrs. W.T. King assisted in the gift room.

The hostesses presented the honoree with a set of cookware and a brass etagere. Hostesses were: Mmes. Les Clary of Dimmitt, Lanny Tucker of Estelline, Joe Percy Hart, Myrt Loman,

Bill Rich, Black, Ray Clark, Dudley Aven, Bob Bowden, Harold Bob Bennett, Dee Davis, Perry Barham, Douglas Jiggins, Weldon Jones, Al Irons, T. Averitt, Curtis Snitker, Joby Sanders, T. King, Jimmy Ray Davis, James Ekson, L.L. Swindle, Newlon Rowland, J.D. Myrick, Mary Bonsal, Thom Lee Brooks, Glyn Reed, L.C. McClary, Danny Smith of Olton and Frank

Wedding vows will be repeated Aug. 21 in the First Baptist Church by the couple.

Attending from Lockney were Mel Holcomb, aunt of the prospective groom, and Mrs. Cecil Hankins, a cousin from Sand Springs, Oklahoma. Melanie Wylie of Lockney, Mrs. in Marble, a cousin from South Plains, also attended.

MR. AND MRS. MARVIN RAPE

Rapes honorees of reception

Mr. and Mrs. Marvin Rape were honored on Sunday, July 25, with a reception in honor of their 50th Wedding Anniversary.

were married on July 27, 1932 in Floydada.

The reception, held in their home at 417 W. Mississippi, was hosted by their children, Mr. and Mrs. Leslie Nixon and Mr. and Mrs. Steve Barton.

Marvin Rape and Alma Edwards

Galvan

Monica Galvan proudly announces the birth of a new baby sister, Veronica. Veronica weighed 7 lbs., 12 ozs. and is born August 2, 1982. She was 19 1/2 inches long.

Parents are Tommy and Alamar Galvan of Floydada.

Maternal grandparents are Mr. and Mrs. Enrique Gonzalez. Great-grandparents are Elena Castillo and Mr. and Mrs. Alonzo Gonzalez Sr., all of Floydada.

Paternal grandparents are Mr. and Mrs. Jose Galvan of San Angelo. Great-grandparents are Mr. Tilo Hinojosa of San Angelo and Mr. and Mrs. Willie Galvan Sr. of Raymondville, Texas.

Sanders

Shea and Dane Sanders are proud to announce the birth of a little sister, Kylan Anne, born August 6, 7:48 a.m. in Central Plains Hospital, Plainview. Kylan Anne weighed 8 lbs., 15 ozs. and was 20 1/2" long.

Parents are Mark and Dee Sanders.

Grandparents are Mr. and Mrs. Hansel Sanders and Mr. and Mrs. Sterling Cummings of South Plains.

Great-grandparents are A.P. Sanders, Mr. and Mrs. Elmo Reeves, Lockney, and Earl Norman of Hereford.

Hartman, Schwertner repeat vows

Ronda Louise Hartman became the bride of David Joseph Schwertner in a 2 o'clock nuptial mass at St. Joseph's Catholic Church in Slaton, Texas on August 7, 1982. The uncle of the groom, the Rev. Fr. Tim Schwertner, of Levelland, officiated.

Ronda, is the daughter of Mr. and Mrs. Ronald L. Hartman of Houston, Texas. David, is the son of Mr. and Mrs. August E. Schwertner of Route 3, Floydada.

The bride chose a white wedding gown with a sweetheart neckline and a keyhole back, both trimmed with schiffin lace and accented by pearls. The sleeves were full and trimmed with schiffin lace with pearls at the wrist.

The train was of chapel length and encircled with daisy trim. The veil was of a mantilla style and trimmed to match the train. The bridal bouquet was of silk, white daisies, and English ivy in a nosegay.

Serving as maid of honor was Sharon Hartman, the bride's sister of Houston. The matron of honor was Rubynelle Powe, of Lubbock. Bridesmaids were Phyllis Hartman, sister-in-law of the bride of Houston; Doris Franklin, sister of the groom, of Lubbock; Marilyn Dixon, of Lubbock and Lianne Hart, of Houston.

The bridesmaids dresses were of a mauve color contrasted with silk flowers or burgundy and mauve. The dresses were formal length, empire waist and gathered at the shoulders, the back was accented with a shoulder to shoulder

draped. The bride was given away by her father in a navy-blue formal tuxedo. Her mother wore a street length turquoise colored, chiffon dress.

The groom's father was attired in a navy-blue formal tuxedo and his mother chose a street length turquoise and white dress.

Before the ceremony, both sets of parents lit two candles on either side of a menorah symbolizing the separate love they had brought to the wedding feast. The bride and groom each lit a candle separately, and then together lit the last one present. The bride presented a silk red rose to both mothers.

The groom and his groomsmen wore tuxedos of silver color with regular coat styles. Serving the groom as best man was Gilbert Schwertner, brother of the groom of Floydada. Groomsmen were Arnold Schwertner, brother of the groom, of Floydada, Mark Hartman, brother of the bride of Houston, Matt Kitten, cousin of the groom of Lubbock, Joe Stokes, of Lubbock and Chris Johnston of Wichita Falls.

Ushers were Morris Dixon, of Lubbock, Michael Early of Lubbock, Phillip Kitten, cousin of the groom of Slaton and Randy Thomas, of Canyon.

Candlelighters were James Franklin of Lubbock and Michael Huereca, of Dallas, both brothers-in-law of the groom. Altar boys were Joe Kahlig, of Merton, Texas, and Chris Matschek, Veribest, Texas.

The songs chosen were "Ever-

green," "Endless Love," "The Wedding Song," and "The Lords Prayer." Dell Gray, of Floydada, played the organ and singers were Lee Battey, of Floydada, and Sam Oats of Odessa.

Immediately following the ceremony, the reception was held in the church hall. The bride's cake was a four, round layered cake, of three-tiers. Fresh yellow daisies encircled the cake bottom and was present in between the layers.

The groom's cake was fudge chocolate with chocolate icing. Servers were Barbara Schwertner, sister of the groom, of Lubbock, Joan Schwertner, sister-in-law of the groom of Floydada, Karen Schwertner, cousin of the groom of Clarendon, Liz Nader, of Dallas Lydia Anani, of Lubbock, and Millie Early of Lubbock. Guests were registered by Patricia Huereca of Dallas, sister of the groom, and Joyce Kahlig, cousin of the groom, of San Angelo.

Following the reception was a catered dinner by Jackson's Bar-be-que of 1st and a dance by the Lynn Schaefer Band of Lubbock.

The wedding march was led by Mr. and Mrs. Ronnie Schilling, of Sam.

The bride is a 1974 graduate of Odessa Permian High School 1977 graduate of Methodist Hospital School of Nursing and a 1979 graduate of West Texas State University in Canyon. She is currently employed as a registered nurse for the Visiting Nurse Service, Inc. in Lubbock.

The groom is a 1975 graduate of Floydada High School and a 1979 graduate of Texas Tech University. He is employed by the Lubbock Independent School district as a Vocational Agriculture teacher at Coronado High School.

Following a trip to Cancun and Cozumel, Mexico, the couple will reside in Lubbock.

A rehearsal dinner was given by Mr. and Mrs. August Schwertner at the groom's home in Lubbock, Friday evening.

Lakeview News

BY JOYCE WILLIAMS

A good inch of rain fell over the southeastern part of our community over the weekend. Farmers are watering night and day trying to get their crops to grow in the next few weeks remaining.

Mrs. O.K. Custer spent the week-end visiting relatives in Slaton.

Mrs. and Mrs. Bob Alldredge spent the week-end in Sweetwater visiting their daughter, Karen, and her family, the Tommy Kleins.

Leslie and Will Martin of Tahoka are visiting their grandparents, Mr. and Mrs. William Bertrand, while their mother, Jill, is in New England with a friend from Tahoka, who grew up in the East.

Mr. Earl Bishop is back with the Riley Teagues after spending a few days in his own home. He is feeling much better, able to be out in the yard and walk around.

Verlon Wright's fourteen year old grandson, Grant Kinslow of Coppell, Texas, spent last week visiting here. He is the son of the former Betty Lou Wright.

Mr. and Mrs. Joe Womack were in Nocona, Texas July 24 to attend the wedding of his brother, Jay. After the wedding on Saturday, the Joe Womacks and the Ricky Coppells went on Ft. Worth to Six Flags Over Texas.

A recent article in U.S. News and World Report magazine is about the volcano that erupted in Mexico in the spring, and the ash and haze in the atmosphere that is believed to have caused the unprecedented rains in June, along with other turbulent weather. Scientists liken the volcanic haze

to the meteorite dust that is believed to have caused a haze over the earth, causing plant life to experience an early autumn, die and eventually starving the plant eating dinosaurs and when they died also stopped the food supply of meat eating dinosaurs. This Mexican volcano is expected to erupt again next year, causing similar weather conditions such as farmers have observed during 1982.

Mrs. Dean Watson attended Camera Club at Lighthouse Electric Community room Thursday night. Featured speaker was Wes Brown who showed members how to process slides.

Mrs. Julie Womack has been keeping her sister, Vicky's, little boy, Enoch Webster, this week.

Mrs. Gaye Lynn Carpenter and son, Cody of Canyon, visited with her parents, Mr. and Mrs. Weldon Hammonds, for the Floydada rodeo and the following week.

Mr. and Mrs. Millard Watson of Mt. Blanco, and Mr. and Mrs. Ken Robison of Lubbock were guests of Mr. and Mrs. Dean Watson and family for a barbecue at Roaring Springs Saturday evening.

Have you all been reading about the proposal in Austin for changing the Texas Homestead Law? As things stand now, a family's home cannot be foreclosed upon, thanks to the foresight of our state constitution as of 1895. But now pressure is being exerted on the House Financial Institutions Committee on August 20, will reconsider this law. One faction represents Texans who want to be able to use their property as they see fit, borrow more money and use their homesteads or collateral. The other faction sees changing the Homestead Act as opening Pandora's box of

troubles. Protection of the home and family is the major reason for opposing a change. Lawmakers foresee an increased number of foreclosures and families finding themselves without homes in order to make car payments, etc. The proposed floor of \$2,500 on loans would require notice to debtors that they could lose their home for non-payment of loan.

A constitutional amendment will be required to change this law. With Texas farm debt already at \$13 for each \$1 of cash income it is hoped cool heads will prevail and families will be able to keep a roof over themselves even if easy credit has ruined farmers all over West Texas.

Mr. and Mrs. Ralph Trice of Hobbs, New Mexico spent Sunday visiting her brother, Bob Alldredge and family.

Misses Tiffany and Tammy Teague of Duncanville visited with their grandparents, Mr. and Mrs. Riley Teague, for the Floydada Rodeo. It was the first rodeo the twins had ever attended. These tall, slender elegant daughters of Dr. and Mrs. Rodney Teague, are preparing to enroll at Baylor University where they will major in Communications.

Mrs. Lanny Glasscock and children are ready to start spraying herbicide on their fields this week.

Mrs. Dean Watson took her brother, Louis Moore's children, Misti, Chris and Shawn, home to Dumas Thursday. The Moores came for the rodeo and the children stayed for a longer visit with the Watsons, Mrs. Wayne Bennett, and the Tom Moores. Brenda will work at the Duncan School office in Migrant Education this coming school year.

Jackson reunion held in Lubbock

A reunion of the descendants of J.W. "Jake" Jackson was held recently in Lubbock at the Villa Inn with 87 relatives and guests in attendance.

Those traveling the longest distance to attend were Mrs. Dudley Cooksey, Brandon, Colin and Emily of Hinesville, Georgia.

In the business session, Keith Jackson and Carolyn Jackson were re-elected president and secretary-historian respectively. A memorial moment remembered Verne Jackson of Odessa and his stepson Mike Huggins of Dallas who had both died since the 1981 reunion.

Children of Mr. Jackson and his first wife, Georgia, who attended were Carl Jackson and wife Ann of Plainview; children of Mr. Jackson and his second wife, Emma Mae, who attended were E.M. "Son" Jackson and wife Faye of Floydada; Bernice Reynolds and husband Willis of Lockney; Floyd Jackson and wife Carolyn of Lockney, and Bennie Sprawls and husband H.G. of Lubbock.

Unable to attend were a daughter, Ollie Carpenter, 92, of Farwell, and a daughter-in-law, Ava Jackson, 90, of Floydada.

Hosts were Judy and Eugene Beedy of Floydada and Betty and Ted Bruce of Childress. Hosts for the 1983 reunion to be held in Lubbock the first weekend in August will be Kathy and Tom Sprawls of Lubbock and Jack and Carol Sprawls of Carrollton.

Cousins of the late J.W. Jackson who attended were Howard and Frances Davis, Heath and Jennifer Davis, and Mary George Howard, all of Wolfe City; Louise Jackson Brooks and Hattie Mae Jackson, both of Terrell; Vennum and Judy Fitzgerald, Vennette, Vonda, Vee, and Pansy Palmer, all of Plains; Orville and Nina Atkinson of Plainview.

Guests present included John Cummings of Lockney, Kenneth Bownds of Ralls, Bill and Faye Butler of Lubbock and Leif Johnson of Albuquerque, New Mexico.

Grandchildren, great-grandchildren and great-great-grandchildren present included the following:

Family of the late W.M. "Bud" Jackson: J.Q. and Bobby Jackson of Quanah.

Family of the late Earl Dwight Jackson: Keith and Gayle Jackson, Dwight, Wade and Boyd of Lockney.

Family of the late Ilma "Sis" Jackson Rhodes: Ted Rhodes, Jack Kevin Rhodes, Jana Sue "Suzie" Rhodes, Brad and Jerre Rhodes Huckabee, Denise Huckabee, Diane Huckabee Harper, all of Albuquerque, New Mexico.

Family of E.M. "Son" Jackson: Eugene and Judy Jackson Beedy of Floydada.

Family of Bernice Jackson Reynolds: Jim Bob and Beth Reynolds and Rhonda Reynolds, all of Crosbyton, Randy and Jamie Reynolds of Snyder, Charles and Jane Reynolds Baughman and Jami, Terri, and Scott Baughman, all of

Amarillo. Family of Floyd Jackson: Ted and Betty Jackson, Bruce and Julie of Childress; Kerry and Jackie Wiley Taylor, Cory, Courtney and Cody of Electra; Rusty and Laura Wilson, Callie and Marc, and Aaron Wilson, all of Lockney.

Family of the late Hazel Jackson Wofford: Jake and Sue Wofford, Nicole, Jake "Scooter", Danelle and Gabrielle, all of Lubbock.

Family of Bennie Jackson Sprawls: Jack and Carol Sprawls, Scott and Melissa of Carrollton, Tom and Kathy Sprawls, Kelly and Tanner of Lubbock, Jan Sprawls Cooksey, Brandon, Colin and Emily of Hinesville, Georgia.

Center News

BY MRS. J.E. GREEN

August 9, 1982:

Another week has gone by everybody is busy. Gardens and crops looking good with some watering. Rarely have we had hotter afternoons. Any rain seems to come at night.

The Vacation Bible School at Calvary Baptist last week was enjoyed by all who attended. Aren't those one of the nicest times a church can have in the spring after their schools out?

Then Saturday we hear Mrs. Payne and her mother made a flying trip to New York to visit their sister and

daughter, Jane and family. But Tammy and boyfriend were in the services Sunday.

Mr. and Mrs. Henry Brower were Sunday dinner guests of Mr. and Mrs. Millard Watson of Mt. Blanco. Other guests were the Watson children and families, the Ken Robersons of Lubbock and the Dean Watsons of Route 2 Floydada.

The sons of Mr. and Mrs. Joe Lee Dunn of Houston have been visiting their grandmother, Mrs. Frank Dunn and other relatives in this area.

Mrs. Ava Jackson's children were all with her Sunday. When all were leav-

ing she went home with Mr. and Mrs. Neal Wright of Sweetwater.

Let us remember the Center Fairview Home coming September 5, at the Massie Center, and the basket dinner, Mrs. Roxie Covey of Amarillo, formerly of our Sr. Sunday School Class, 1st Calvary, is visiting relatives and friends in Floydada.

The Hal Thomas's children, Sue and Milton Mensch and son, David of Lubbock, came Sunday to visit her parents, and left little son, David, to visit this week with his grandparents.

The Warren reunion was held Sunday in the Senior Citizen Building. It was well attended and much enjoyed.

Mr. and Mrs. Bill Warren of Amarillo came Saturday and spent the night with his mother, Mrs. Ethel Warren. Her children were all present Sunday and went to her home after the crowd left for home Sunday evening.

Mrs. Ola Warren had company Saturday night. A sister-in-law, Mrs. Beulah Huckabee and niece, Nita Myers of Weatherford, Nelda Braten, of Odessa, and Juanita Chappel, city.

Mr. and Mrs. Paul Stout and family of Muleshoe spent Saturday night with her parents the Thomas Warrens. Elaine and girls will be there this week to can some of a productive garden.

Of our hospitalized friends, Alma Ruth Nelson of Caprock Hospital about the same, Bro. Clay Muncy reentered Lockney Hospital Saturday. Let us offer special prayer for these dear people.

Some news of former Centerites: Thru correspondence Mrs. Mayfield has news of the Arthur Tubbs family who left Center for California over 40 years ago.

The parents, Arthur and Lucille Tubbs, have passed on.

The children, Ralph, Mutt, Clara of Arizona, George, Catherine and

Margaret; Kenneth of Washington, the rest in California, all doing well. Except Harold, since surgery seems to be losing ground.

Ralph Tubbs and wife and son and wife in a group of 38 from their church have just returned from Israel.

We have the addresses of some of the Tubbs.

The 13th annual Floyd County Reunion of California will meet in San Diego August 21st.

Of the Walter Sims family:

Mrs. Sims is in the Rest Home at Alvin where her daughter Betty Jo and husband, Charles Horton, live. Their sons, Bruce, unmarried, and Phil and wife and two sons live not far away. All doing well. Mrs. Sims doing better at this time.

Ben A. Alley named district engineer

Ben A. Alley, assistant district engineer of the Austin district, has been named district engineer for the 17-county Lubbock district. Mark Goodie, engineer-director, State Department of Highways and Public Transportation, Austin, announced the appointment today. Mr. Alley will assume his new position of August 1, 1982.

Alley, a 29-year veteran with the department, will replace the late C.W. Nall, Jr., who suffered a fatal heart attack on July 9.

A native of Brady, Texas, Alley began his highway department career in 1954. He progressed through several responsible engineering positions with the Austin district and was named

assistant district engineer in December 1973. He has served in that position until his appointment to the Lubbock district this week.

A veteran of U.S. Navy service during World War II, Alley attended Larkle State College and in 1950 graduated from the University of Texas at Austin with a B.S. degree in civil engineering. He was named Engineer of the Year by the Travis Chapter of the American Society of Professional Engineers in 1979 and in 1980 was awarded the Gibb Gilchrist Award for excellence in highway engineering.

Alley and his wife, Peggy, have two children: Ben, Jr., of Houston and Jacqueline of Austin.

As district engineer, Alley will supervise activities of the department in Bailey, Castro, Cochran, Crosby, Dawson, Floyd, Gaines, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Palmer, Swisher, Terry and Yoakum Counties.

Local girl to teach

Shawnda Heflin, of Floydada, has recently signed a contract with the Plainview school system and this fall will be teaching Language Arts in the sixth grade level at Ash Elementary.

Shawnda, a 1978 graduate of Floydada High School, did her freshman work at South Plains College in Levelland. She received her degree in elementary education at Texas Tech University in July.

Shawnda is the daughter of Mr. and Mrs. Rob Heflin and the granddaughter of Mr. and Mrs. Dorris Jones, all of Floydada. Other grandparents are Mr. and Mrs. J.B. Heflin of Plainview.

LOVE HARVEST HELPERS FOR SOYBEANS AND GUAR

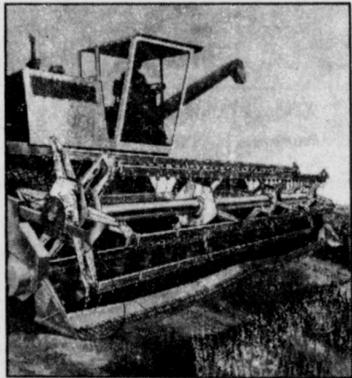

ORIGINAL LOVEBAR and LOVEREEL

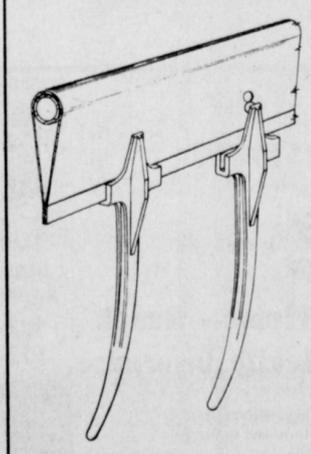

The flexible, floating LOVEBAR follows the ground contour and cuts below even the lowest podding beans, saving valuable bushels that would otherwise be lost.

The LOVEREEL offers a superior spider and eccentric design that delivers smooth and reliable service year after year. The M76/N model has a revolutionary steel bar, composite tine design.

UNIQUE M76/N LOVEREEL

- Clean design virtually eliminates crop wrapping.
- Tear shaped bar design gives cleaner entry into crop and reduces shatter loss.
- Steel bats will not wear out.
- Tine replacement is quick, simple and inexpensive.
- Composite tines will not damage cutterbar parts.
- Broken tines will not harm combine, tires or livestock.

OBITUARIES

JESSE W. FOSTER

Jesse Washington Foster, 73, retired Lockney farmer, died at 7:30 a.m. Thursday, August 5, in Methodist Hospital in Lubbock.

Services were at 3 p.m. Saturday, August 7, in First United Methodist Church of Lockney with the Rev. Michael O'Connor, pastor, officiating. Burial was in Lockney Cemetery directed by Moore-Rose Funeral Home of Lockney.

Mr. Foster was born August 10, 1908 in McKinney and moved to Floyd County in 1938. Then he moved to Springdale, Arkansas in 1952 and lived there until 1974 when he returned to Lockney.

Mr. Foster married the former Alice Gordon August 10, 1932 in Clovis, New Mexico. He was a member of First United Methodist Church.

Survivors are his wife; two sons, Lewis and J.D. Foster, both of Springdale, Arkansas; one daughter, Jeannine Whitehead of Morton; eight grandchildren and three great-grandchildren.

L.V. WOODY

L.V. "Woody" Woody, 49, died Monday, August 9, in Dumas.

Services are pending with Morrison Funeral Directors.

Mr. Woody was born in Fletcher, Oklahoma and had lived in Sherman County for 15 years. He had lived in Tulia and Plainview prior to living near Sunray. He was a farmer and was a U.S. Navy Veteran of the Korean Conflict. He was a member of Sparlock Community Chapel.

Survivors include his wife, Margaret; three sons, Victor Woody of San Diego, California, Larry Woody and Micah Woody, both of the home; a daughter, Mrs. Tammy Huereca of Las Vegas, Nevada; a stepson, Donald Hilderbrand of the home; his mother, Mrs. Willie Woody of Levelland; a brother, John Ivy Woody of Fletcher; three sisters, Mrs. Parthenia Cooper of Visalia, California; Mrs. Wanda Carthel of Lockney and Mrs. Willie Mae Cox of Levelland; two grandchildren.

Senior Citizen Menu

August 16-20

Monday: Chicken fried steak, cream gravy, mashed potatoes, oriental vegetables, roll, margarine, applesauce, milk

Tuesday: BBQ beef on bun, potato chips, sliced tomatoes and onions, slaw with carrots, peach cobbler, milk

Wednesday: Stuffed pepper with

creole sauce, blackeyed peas, tossed salad, cornbread, margarine, raisin cookie, milk

Thursday: Luncheon.
Friday: Salmon croquette, tartar sauce, potatoes in cheese, buttered carrots, roll, margarine, pineapple fruit cup, milk

Menus are subject to change.

TET calls for disaster aid to schools

The head of Texans for Equitable Taxation has issued a call for state officials to implement a disaster aid plan for hard hit rural schools and taxpayers in the Panhandle and South Plains area.

According to Bill Baker of Knox City, State President of TET, school districts in the Texas counties recently declared an agricultural disaster area are faced with abrupt losses in both state and

local funds.

"In many rural West Texas communities," said Baker, "Cotton gins and other agriculture-related businesses will be closed this year. This means that it will be difficult, if not impossible, for many of these businesses to pay property taxes. It also means that attendance will be down and this in turn will reduce state aid to those same schools."

Baker said that TET is calling on Governor Clements and the State Board of Education to support emergency legislation in January to help the disaster-struck schools and taxpayers. He said that, at a minimum, the legislature should act to guarantee that each of the impacted districts would receive at least as much state aid this year as they did last year. In addition, he called for assistance to replace local taxes that will be lost due to the agricultural devastation.

"Most of these districts," he said, "will be forced to borrow money to stay in operation. Without some reassurances from the state, our already hard-pressed rural banks may be unable to make the loans."

Texans for Equitable Taxation, formed in 1975, is a statewide coalition of rural schools and taxpayers concerned mainly with property tax and school finance issues. TET President Baker is the Superintendent of the Knox City-O'Brien school district.

FLOYD DATA

Ethel Cross recently returned from Gadsden, Alabama where she visited her son, Mr. and Mrs. Larry Joe Cross and family.

LOCKNEY LOCAL

Mrs. R.J. (Sue) Miller and children Kristy, Blake, and Matt, of Irving spent Wednesday through Saturday of last week with her parents, Mr. and Mrs. Marvin Gilbert.

Library News

The following 16mm films and filmstrips will be available through September 10

Remember: "The writings of the wise are the only riches our posterity cannot squander."

Animal Movie. 10 min. Color. 1970. National Film Board of Canada. Pre-El

Award-winning animated cartoon engaging young children in an exploration of the how and why of animal adaptation. A little boy meets one animal after another and tries to imitate the movement peculiar to each.

The Deer And The Forest. 16 min. Color. 1968. Encyclopedia Britannica. El-A

A herd of deer in the dense forests of Hungary is seen through a year's cycle in this peaceful non-narration film. The background of Wagnerian music reflects the changing moods of the seasons and the behavior of the deer.

Echoes. 28 min. Color. (no date). Visual Education, Inc. El-A

Celebrates the ideals and aspirations of America by examining the heroes who fought for their nation and contributed to its heritage.

Ecology Of The Prairie. 8 min. Color. 1972. Paramount Communications El-JH

The familiar voice of television personality Dennis Weaver tells the story of the American Prairie. Much of its fertile grasslands has become dry, infertile desert as a result of man's careless intrusion and a once abundant animal population has been alarmingly diminished by indiscriminate slaughtering.

Hurry, Hurry. 9 min. B & W. 1941. Eastin-Phelan. All ages

Excerpts from "Never Give A Sucker an Even Break." There seems to be an emergency as W.C. Fields hightails it to the maternity hospital. A driver's education nightmare ensues.

The Interlude. 15 min. Color. 1978. Mass Media Ministries. SH-A

A young woman in this film parable learns that freedom and destiny are linked. Themes of the film include trust, risk, "testing the heart," and relationship.

Jeffries-Johnson 1910. 21 min. B & W. 1971. Contemporary Films McGraw-Hill. JH-A

An account of the legendary Johnson, the first Black heavyweight champion of the world and his famous fight with the Great White Hope Jeffries. A piece of history.

The Little Engine That Could. 10 min. Color. 1963. Coronet Instructional Media. Pre-El

The delightful story of the Little Engine that pulled a trainload of toys to the children on the other side of the mountain. An animated, child's tale on the order of The Power of Positive Thinking.

The Magic Well. 15 min. Color. 1976.

Coronet Pre-El

Matilda takes advantage of her step-sister Gretchen's kindness at every turn. But when Gretchen falls into a magic well, she enters a land where kindness is rewarded. Adapted from a Grimms' fairy tale with puppet characters.

The Many Faces Of Mexico. 16 min. Color. 1975. Films, Inc. El-A

Emphasizes intermingling of old and new in Mexico. Introduces viewers to Mexico's economy and her cities, particularly dynamic Mexico City.

My Main Man. 14 min. Color. 1975. Media Guild. El-A

Tells the story of a father and son's struggle to relate to each other. Follows an argument they have and their eventual reconciliation. Moving and realistic.

Nobody's Victim. 20 min. Color. 1972. Filmfair, Inc. JH-A

Shows specifically and practically how to turn off aggressive strangers in public or at your door; how to thwart purse snatchers; what to do when walking alone or when your car is stalled in a deserted place. It gives protective measures against prowlers and basic precautions for the woman who lives alone.

Rape: A Preventive Inquiry. 18 min. Color. 1978. MTL Teleprograms, Inc. JH-A

Produced in cooperation with the San Francisco Police Department, this award-winning film replaces myth with fact to give practical advice every woman can use to decrease her chances of being raped. Lists survival alternatives in case an attack occurs.

Raptors: Birds Of Prey. 14 min. Color. 1976. BFA Educational Media. Upper El-A

The raptors place in the balance of nature is explored in this highly visual film.

Solar Energy: To Capture The Sun And Tide. 21 min. Color. 1975. ACI Films. JH-A

Explores the utilization of solar and tidal energy as alternatives to fossil fuels and nuclear energy.

The Tell-Tale Heart. 26 min. B & W. 1971. Time-Life Films. El-A

Edgar Allen Poe's tale of a tormented servant, who, after killing his master, believes he hears the beating of the old man's heart. Stars Alex Cord and Sam Jaffe.

The Terrible Twos And Trusting Threes. 21 min. Color. 1951. McGraw-Hill. Adult

A classic film study of child behavior at two and three years, showing what to expect from children at this age and suggesting how parents can deal constructively with problems they present.

Twelve Dancing Princesses. 12 min. Color. 1968. Center for Mass Communications of Columbia University. Pre-El

Uses animation and vibrant colors to retell the Grimms fairy tale of the twelve dancing princesses who danced away their shoes every night.

Cedar Hill News

BY GRACE LEMONS

It has been dry and hot this week and the showers that came went around us.

Rev. and Mrs. Vance Mitchell went to Eakly, Oklahoma Thursday to visit Mrs. Mitchell's parents, Rev. and Mrs. H.E. Barnard. They returned home Friday and the girls, Sandra and Virginia, returned home with them. They had spent the past week with their grandparents.

Sandra and Virginia Mitchell and Vicki Powell began band practice this week with the other students of Floydada High School band. Summer will soon be in the past as school will be starting soon.

The Lackey Reunion will be held Saturday, August 21st beginning at 10:30 a.m. in the Massie Activity Center in Floydada. Bread, drinks and utensils will be furnished. Relatives and friends come and bring a basket lunch.

Funeral services for Jessie W. Foster, 73, were held Saturday at 3:00 p.m. in the First United Methodist Church in Lockney with Rev. O'Conner officiating. Burial was in the Lockney Cemetery. He died in a Lubbock hospital after a lengthy illness. Foster is survived by his wife, Alice, two sons, Louis and J.D., both of Springdell, Arkansas and one daughter, Jeannine Whitehead of Mor-

ton, eight grandchildren and three great-grandchildren.

Alton Warren of Midland visited Mrs. Peat Kelley and Norma Welch Thursday.

Edna Gilley had dinner with her sister-in-law Gertrude Hammitt in Plainview Sunday. They spent the afternoon visiting.

Janette Lackey of Floydada and Dorothy Merrell of Lockney visited Edna Gilley Wednesday.

Johnnie and Delise Harrison, and Casandra of Lubbock and Mark and Lori Gilley were supper guests in the home of Edna Gilley Saturday evening. Christy who had spent the week with her grandmother, returned home with the Harrisons.

Alta Mae Higgins, Christine Larson of Hereford and Anna Kate Bradley of Adrian visited their aunt and uncle, Jim and Viola Conner one day last week. They also visited Ruth and Robin Fortenberry.

Thada Fowler and Clayton and Lyn of Silverton visited Mr. and Mrs. W.E. Lackey one day last week. Mr. Lackey has been ill for several days and is now improving.

Mrs. Peat Kelley visited Pauline VanHoose Tuesday afternoon.

John D. and Pauline VanHoose spent the weekend with their son and family, the Cecil Wayne VanHoses' in Kingsville.

Albert Mize entered the Caprock Hospital in Floydada last week and we are glad to report that he is much improved and was able to return home Monday. His nieces and nephews have been marvelous in taking care of the Mizes.

Jack Dempsey who was helping work cattle on the D.M. Cogdell farm sustained a broken hip in a freak accident. He underwent extensive surgery in the High Plains Baptist Hospital Tuesday morning and is doing as well as could be expected.

Remember the Fortenberry reunion beginning Friday evening with a fish fry. There is room for campers and trailers to be parked near by and there are two motels near. Come and spend the night. Breakfast will be served Saturday morning at the Massie Activity Center where all the activity will be. Business meeting will begin at 10:30 a.m. followed by a covered dish luncheon. Meat, bread, and drinks will be furnished by the reunion. Bring a covered dish and enjoy the fellowship.

Dead wood can make a great blaze if it comes in contact with a flame.

Texas to receive nuclear waste

Three Houston residents and two citizens groups have asked the Texas Department of Health to investigate new instances of nuclear waste being brought into Texas.

The complaint states that Nuclear Sources and Services Inc. (NSSI) has begun handling out-of-state low level radioactive waste at its facility at 5711 Etheridge in Houston and is threatening to open up a new site in Leon County. The complaint also states that NSSI's actions are a direct violation of the Texas Radioactive Materials Control Act.

According to Norris Haynie, chairman of the Leon County citizens group, "It was just two years ago that many Texans became outraged to learn that a Todd Shipyards in Galveston was handling nuclear waste from all over the U.S. including radioactive waste from a nuclear power plant in California."

Mr. Haynie added, "The Health Department sued Todd, and Governor Clements publicly stated that Governor Jerry Brown of California and other states can keep their wastes and that as Governor of Texas he would stop radioactive waste from coming into Texas."

"Now the Health Department will let NSSI set up the same kind of nationwide nuclear waste operation" Haynie said. As a result of the concern over Todd Shipyards and several other nuclear waste handlers, the Legislature amended the Radiation Law in 1981, to state that a waste operation in Texas "may not accept radioactive waste generated in another state for process-

ing or disposal." Senator Kent Caperton of Bryan, one of the sponsors of that amendment, has said that "I introduced that amendment to stop Texas from becoming a major storage site for the nation's nuclear waste."

"One of the major reasons to stop the importation of out-of-state waste was that the Texas sites were filling up with out-of-state waste leaving a crisis for management of the nuclear wastes generated in Texas from medical uses."

Senator Caperton said "The law prohibits what NSSI intends to do." Representative Jim Turner from Crockett, whose district includes Leon County, also announced today that the law was meant to stop radioactive waste from coming into Texas. He said, "The importation issue was the major concern of many legislators, and the set of amendments would not have passed without that out-of-state restriction."

David Rossi is one of the three Houston residents who are organizing their neighbors to fight NSSI's expansion plans in Houston. He said, "Despite the Governor's promise and despite the fact that for the last year the Health Department has read the law as restricting out-of-state waste, the Department has now reversed its position and cleared the way for NSSI to bring in out-of-state nuclear waste." NSSI intends to store and process the waste and then send it back out of state for disposal.

Mr. Rossi added "If the Health Department won't help us, we will ask Governor Clements. If he won't help, we'll ask Attorney General White. If he won't help, we'll ask the courts." Filing a complaint with the Health Department is a prerequisite to suing for violation of the Radiation Law.

Prewett receives degree

Jan Cates Prewett, daughter of Mr. and Mrs. Johnnie Cates of Floydada, will be awarded a bachelor's degree from Memphis State University during summer commencement ceremonies Sunday, August 15.

Prewett will receive a bachelor of business administration degree with a major in real estate from MSU's Fogelman College of Business and Economics.

Dr. Thomas Carpenter, MSU president, will confer approximately 900 bachelor, master and doctoral degrees at the ceremonies beginning at 3 p.m.

in the Mid-South Coliseum in Memphis.

Speaker for the ceremonies will be Virginia Pearce Hudgens, MSU brought into Texas.

of MSU's Distinguished Teaching Service Award. She will address the graduates, their families and friends on "The University Education -- the Arch of Experience."

"There are many things that we would throw away, if we were not afraid that others might pick them up." Oscar Wilde

AIRMAN CHRIS K. HENNAGAN

Hennagen assigned

Airman Chris K. Hennagen, stepson of Charles R. and son of Mary L. Thomson of Lockney, has been assigned to Lowry Air Force Base, Colorado, after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the munitions and weapons maintenance field.

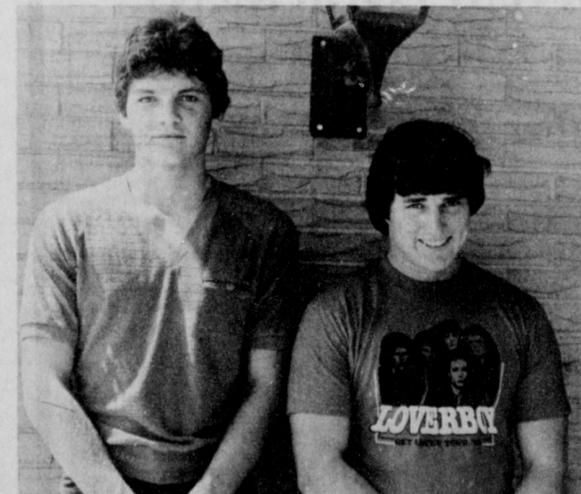

He is a 1980 graduate of Lockney High School.

TRACY HARRISON

MICHAEL CARTHTEL

BYRON BROCK

Texas Farm Bureau seminar students return

La Donna Hefflin, Tracy Harrison, Michael Carthel, and Byron Brock attended the Texas Farm Bureau High School Citizenship Seminar, July 19-23, at Baylor University in Waco.

Students who attended the seminar and are members of Farm Bureau families will be eligible to enter the TFB Free Enterprise Speech Contest this year.

Contestants also must make at least three speeches concerning free enterprise between the end of the seminar

and September 21.

Two speech contestants from each of the 13 TFB districts will be selected to compete in the state finals at the TFB annual meeting November 28-December 1 in Dallas.

Ten contestants will be selected as college scholarship award winners from the semi-final round. A state winner and three runners-up will be chosen to receive a five-day, expense paid trip to Washington, D.C. and Williamsburg, Virginia, next April.

So says the VA. . . by Russell Myers

Business Mgr.

LEGAL NOTICE

Lighthouse Electric Cooperative, Inc., (the "Utility") in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of its intent to implement a new schedule of electric rates, effective September 1, 1982, or as soon thereafter as permitted by law. All classes of consumers are affected by the proposed changes. The Utility expects that the proposed schedule of rates will furnish 50.15 percent more in revenues than were furnished by the existing schedule of rates during the test year and will incorporate expected wholesale power increases.

A statement of intent, including the proposed tariff revisions and schedules and a statement specifying in detail the effect the proposed change is expected to have on the revenues of the Utility, and the classes and numbers of Utility consumers affected, is on file with the Public Utility Commission of Texas and is available for Public Inspection at the Cooperative offices, Hwy. 70 East, Floydada, Texas, and 502 S. 2nd Street, Memphis, Texas.

Harry Jung,
Attorney for the Utility

Teacher returning

MARGIE REXRODE

Margie Rexrode, wife of Joe Neil Rexrode, is a familiar face in the Lockney area and around the Lockney schools.

She has been working in the schools as a substitute for the past three years. She had taught the second grade for a year in the Lockney schools, but resigned in May of 1969 to raise a family.

The Rexrodes have two sons, Wyman, 13, and Heath, 10.

Mrs. Rexrode received her degree from Wayland Baptist University. She worked for a year and a half in an uncle's meat processing plant between graduating from Friona High School and entering college.

She taught remedial reading in the Hale Center schools for a year and the second grade in Floydada a year before moving to Lockney when she and Rexrode married.

Mrs. Rexrode did her student teaching in the second grade in Edgemere Elementary in Plainview. She said she chose this age to teach because the students would be the easiest to work with because they are eager to learn at that age.

Mrs. Rexrode says she finds teaching her first grade students to read is one of the most important steps in the year. Her goal is to actually teach them words, not just cause them to memorize words. She said she feels that if they learn to read, they can handle everything else.

She uses phonics and the teaching of the sounds of the letters to make better readers of her students. She will use workbooks to aid in coordinating all of the students' skills.

Edith Clark and Betty Washington are the other first grade teachers in the Lockney system. Mrs. Rexrode expressed a desire to coordinate the work to be taught by all of the teachers to accomplish a better standard.

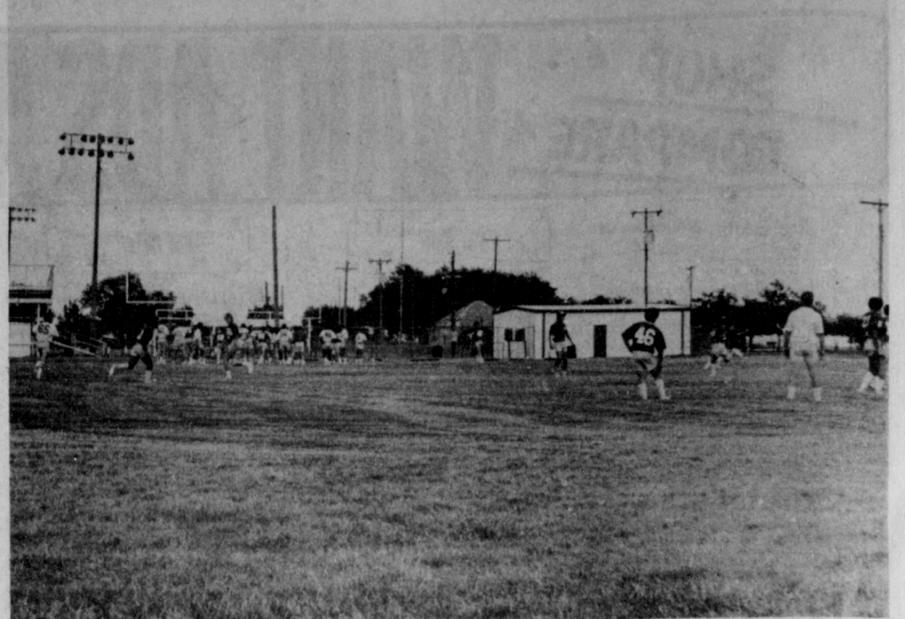

She said she found TV had made a big difference in teaching since her beginning years. She believes that TV has caused the students not to think on their own. "Their imagination is not what it used to be," she concluded.

The funniest thing the children do is tell experiences from home in the classroom without any editing.

When asked if teaching had made a difference in the way she raised her children, Mrs. Rexrode said she was more conscious of their grammar.

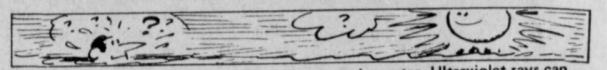

YOU'VE HEARD OF TEXAS SIZE HATS and fly swatters, but Clyde Stapp is shown holding what we think is a real Texas size bean. The proper name for the bean is guaje or estropoj bean. This bean was at least a yard long. The Stapps grew the beans in their yard this year.

THE LONGHORNS ARE BUSY in the mornings and afternoons. Workouts have been extremely diligent with a new coaching staff and athletes alike are enthusiastic about the potential of their team with 5 offensive and 6 defensive lettermen returning for the 1982 season.

The Rexrodes raise pigs, some for show, and some cattle on their farm in the Lone Star community. Mrs. Rexrode said each one of them, including the fifth and eighth graders, had their chores to do in order to make it possible for her to teach on a regular basis. Mrs. Rexrode enjoys sewing, and cooking, as hobbies, along with gardening in the summer time. She said that their garden was late this year like so many others and that she might have to teach days and can at night.

Don't count on being safe from the sun even under water. Ultraviolet rays can penetrate even three feet below the water's surface.

Janice Lloyd elected to TREWA board

Janice Lloyd of Route 2, Floydada, has been elected to the board of directors and secretary-treasurer of the Texas Rural Electric Women's Association. The action came during the women's sessions coincident with the 42nd annual meeting of the Association of Texas Electric Cooperatives last week (August 2-4) in Austin. Her husband, Louis Lloyd, is a member of the board of directors of Light House Electric Cooperative which is headquartered in Floydada.

attended school in Long Beach and McMurry College in Abilene where she earned a bachelor of science degree in elementary education. She is a member of the West Texas Library Systems Advisory Council and has served three years as president of the Floyd County Library. She has also served three years as secretary of the American Cancer Society unit in Floyd County. The Lloyds are parents of four sons, Drew, Steven, and Paul, who reside in the Floydada area, and Patrick, a Floydada High School junior.

JANICE LLOYD

Energy Supply, Middle East War keynote Electric Co-ops' meeting

A world-renowned journalist, the chairman of the Texas Public Utility Commission, and a panel discussion that grappled with the sticky issue of future financing for rural electric cooperatives were highlights of the 42nd annual meeting of the Association of Texas Electric Cooperatives.

Over 600 people participated in the meetings, including sessions of various rural electric auxiliary organizations, held August 2-4 in Austin.

Keynote for the Tuesday afternoon session was Robert Mayer Evans, a former CBS News foreign correspondent and bureau chief, who described in vivid terms current war conditions in Lebanon and circumstances underlying them.

Evans arrived in Austin shortly before his presentation after a 20-hour flight from the war-torn Middle East.

In the Tuesday morning session, the chairman of the Texas Public Utility Commission told the state's rural electric leaders that consumers face the prospect of an electricity undersupply in Texas unless specific solutions are found and implemented.

PUC Chairman H. Moak Rollins said studies evaluating present and future generating capacities in contrast to increasing demands for power forecast possible future shortages in periods of peak demand. He said that a critical factor to help cope with this projected dilemma is the implementation of "load management" programs by electric utilities.

In load management, utilities work with consumers using various methods to reduce the "peak demand" for power during high-use periods. By reducing the "peaks," it is easier to satisfy consumers' demands for power with a given amount of power plant generating capacity.

The optimum goal of reducing peak demand is to delay the need to build new generating plants.

"Texas is approaching an electric

energy crisis," Rollins said. "If our peak summer usage continues to grow at the present rate of 5.7 percent, we will experience (electricity) shortages in the next several years, even with the new generating units utilities plan to build."

The PUC chairman said such shortages, should they occur, would hamper the growth of Texas' economy and adversely affect the comfort and convenience consumers now enjoy because of adequate supplies of electricity.

In one of the information reports presented by generation-and-transmission co-ops in the state, L.E. Gross, manager of San Miguel Electric Cooperative, Jourdanon, noted that a U.S. Senate subcommittee is beginning hearings on whether to severely reduce emission levels for coal and lignite-fired generating plants. If ultimately implemented as initially proposed, Gross said, such a reduction "would cause every coal and lignite plant west of the Mississippi to operate in violation of minimum standards," thus jeopardizing consumers' access to adequate supplies of electricity.

The critical issue of future financing for rural electric was addressed by a panel moderated by Jim Morriss, Texas Electric Cooperatives' general manager and executive vice-president.

Commenting on current and upcoming money problems facing rural electric were John Davenport, director of government relations at the National Rural Electric Cooperative Association in Washington; Charles Gill, governor of the Cooperative Finance Corporation in Washington; J.C. Roberts, member of the NRECA committee on future financing and general manager of South Plains Electric Cooperative, Lubbock; Alton Rollins, member of the CFC committee on planning and general manager of Concho Valley EC, San Angelo; and Richard McCaskill, general manager of Brazos Electric Power

Cooperative, Waco.

The panel discussed various alternatives to solving projected problems in meeting co-ops' requirements for capital in the future, including assessments of interest rate levels and continuation of the federal government's traditional role in the rural electrification program. Resolutions passed at the meeting included an affirmation of rural electric's role in "helping" to raise the standard of living and improving "the opportunity for economic prosperity in an ever-changing rural America."

Other resolutions called for resolving certification problems in order to overcome difficulties associated with having more than one utility serve a single area, continuing co-ops' strong emphasis on job training and safety, and recognizing the importance or unity among co-ops in coping with common problems.

Honored with a resolution of appreciation for his "valuable leadership in the interest of rural Texas" was U.S. Representative "Kika" de la Garza of Mission, chairman of the House Agriculture Committee. In addition, a reception on Tuesday evening honored Lieutenant Governor William P. Hobby and House Speaker Bill Clayton.

In the final session on Wednesday morning, participants viewed a video tape message from U.S. Senator Lloyd Bentsen, who outlined the achievements and contributions made by rural electric and then stated his feelings about the importance of continued, strong support for the program by the U.S. Congress and the Rural Electrification Administration.

Electric co-ops in Texas serve approximately 850,000 meters across the state that stretch across some 230,000 miles of line. The non-profit utilities serve more than two million people and continue to meet demands for new service resulting from growth of population in the Sun Belt.

A broken air conditioner can be the best thing that ever happened to your household budget.

Your air conditioner breaks down. You have several choices. Repair. Replace. Buy a whole new system. All major investments. Southwestern Public Service Company suggests that you consider a more efficient alternative.

Consider the electric add-on heat pump. The add-on heat pump is a very special air conditioner that works with your present furnace. Besides cooling your home in the summer, it helps heat your home in the winter.

You can save money. Because the heat pump is one of the most efficient ways to heat and cool, you can save money. Call us to see what your savings can be.

Together, we can save more than money. The add-on heat pump is one more example of how you can work with us as a partner to help manage electricity more effectively. Together, we can make a difference.

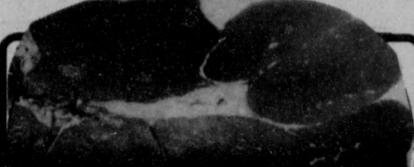

You and SPS, partners managing electricity, make the difference.

FARM NEWS

Landscape & Gardening

BY BENNY J. BUTLER

HARVEST HINTS

Make it a point to harvest all vegetables as they mature. To get the most from your garden, harvest vegetables at their best stage for eating. Many vegetables such as beans, okra and squash—quit producing if not harvested on a regular basis, so regular harvesting is very important.

Harvesting at the right stage is also a must if you plan to do any canning or freezing. The final quality of your preserved vegetables is not better than the quality you begin with. Many gardeners consume most of their vegetables fresh and can or freeze what is left over. Avoid this practice if at all possible. Vegetables that you can or freeze should be identical in quality to those that are consumed fresh.

To maintain the quality after harvest, handle vegetables very carefully. Avoid bruising or damaging them as this encourages decay and a short storage life. Some vegetables such as sweet corn, peas, asparagus and leafy vegetables should be cooled to between 35° to 40° F, as soon as possible unless they are to be eaten immediately.

Another important point is to keep the time between harvesting and eating or preserving vegetables as short as possible. This helps you enjoy their full flavor and nutrient value. Many vegetables lose flavor and vitamin content if kept too long.

To get the most out of your garden this year, harvest vegetables at the right time and stage of maturity. This may mean delivering some produce to your neighbors rather than swamping your kitchen with the third bushel of squash in a week.

OFF-FLAVORED CANTALOUPES

Do your cantaloupes lack sweet flavor and taste like cucumber? Some gardeners might wonder if they were pollinated or crossed with cucumbers or another member of the cucurbit family. Although some crossing can occur, it is very rare.

Production of off-flavored fruit is primarily caused by environmental conditions or some types of diseases. Cantaloupes do best and produce the most flavorful fruit when grown in relatively dry, sandy areas or where soil moisture is controlled. High rainfall or excessive irrigation as the fruit nears maturity greatly affects flavor. Foliage diseases which reduce plant vigor and

growth and consequently the leaves ability to produce fruit carbohydrates also reduce fruit sugar and flavor.

Wherever you live in Texas, you can improve the flavor of your cantaloupes by maintaining plants in a healthy growing condition, maintaining good fertility, preventing foliage disease and

avoiding excessive watering as fruits near maturity.

Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

USDA moves to improve accountability in school lunch applications

To ensure that only eligible children get free and reduced price meals, parents will be required to provide social security numbers on applications for free and reduced price meals, the U.S. Department of Agriculture announced.

The ruling implements provisions of the Omnibus Budget Reconciliation Act of 1981, which requires that applicants include the social security number of all household members or an indication that none is available.

In accordance with the Privacy Act of 1974, all state agencies and local school food authorities will be required to disclose how the social security numbers will be used and by what authority the information is required. In addition, the individuals must be informed that the disclosure is required in order for the application to be considered.

Prior to the reconciliation act, applications for free and reduced price meals required only family size and income information.

"The change in the application procedures has been initiated in order to improve the integrity of the school feeding programs," assistant secretary Mary C. Jarratt said. "We are very concerned about the potential abuse that can be caused if parents misreport their incomes on free and reduced price meal applications," she added.

To implement the revised application procedures in the beginning of the 1982-83 school year, the regulations will be published interim final. This means they are effective upon publication but USDA will accept comments on the procedures in order to make any necessary changes. Comments should be sent by December 31, 1982 to Stanley Garrett, Branch Chief, Policy and Pro Development Branch, FNS, 3101 Park Center Dr., Alexandria, Virginia, 22302.

Proposed regulations were published on May 25. Public comments were considered in formulating the final regulations, Jarratt said.

IH tractor sets Nebraska records

International Harvester's largest two-wheel drive tractor set three records for power and fuel economy and tied an existing mark for low sound level in the Nebraska Tractor Tests conducted and just released by the University of Nebraska, according to Steve Brown, the International Harvester agricultural dealer in Floydada.

In tests comparing performance of two-wheel drive tractors, IH's 187 PTO hp 5488 tractor burned only 0.430 lb. of fuel per horsepower-hour, setting a fuel economy record for tractors over 165 PTO hp. The tractor also set a record for the most drawbar horsepower ever delivered by a two-wheel drive tractor, 164.82, and a new drawbar pull record of 18,646 lb. The 5488 registered a low sound level of 73 dB(A), to tie an existing mark.

The fuel economy record translates into a 3 to 4% fuel savings for the average farm job compared with a leading competitive tractor model undergoing the same Nebraska tests, according to IH engineers.

"Two of the design criteria of our 50 Series were to provide the farmer with tractors that cover more acres per gallon of fuel and work more acres per hour," said Brown. "The Nebraska test results confirm the power and fuel efficiency advantages of this advanced design." IH introduced the three 50 Series tractors in September, 1981.

Brown credited the strong performance of the 5488 to the high torque rise characteristics of the IH's direct injection, turbocharged and intercooled diesel engine matched with a new highly-efficient power train and an electronically assisted fully synchronized 18 speed constant mesh transmission.

"A high torque rise engine like the 5488's DTI 466 gives the farmer more power at a lower engine speed," said Brown. "In tough plowing or disking conditions, as the engine speed drops, the torque rises. The farmer gets maximum fuel efficiency without constantly shifting up or down when moving in and out of varying conditions. The transmission has such a wide variety of speeds and the engine has such a wide operating RPM range that the farmer can match ground and

engine speed to any given job while maintaining power and productivity." The transmissions in the 50 Series tractors have six speeds in each of three ranges—low, medium, and high.

The maximum 18,646 lb. of drawbar pull was achieved in the low range, sixth gear. The 164.82 drawbar horsepower record was established in the medium range, third gear.

The 73dB(A) sound level was achieved with the tractor operating at 50% of pull at a reduced engine speed for two hours. For comparison, the inside of a passenger car traveling at 60 mph registers a sound level of 70 dB(A), according to National Safety Council figures.

The 5488 and all 50 Series tractors are manufactured at IH's Farmall Plant in Rock Island, Illinois.

Pest Management Report

BY DALE W. SPURGEON

General Situation

Cotton ranges from fields with good fruit load (one field in the scouting program already has over 80,000 bolls per acre) to fields which have not yet begun to bloom.

Sorghum is flowering in some areas. Most fields are at least near the boot stage, although there are still quite a few fields around with smaller plants.

Nearly all corn fields are in the dough stage, with many fields at the "hard dough" point.

Soybeans range from prebloom to well into pod fill while sunflowers are present in all growth stages except perhaps seedling.

Cotton

As of this week I am still receiving many calls about aphids, with most calls coming from northern Crosby and southern Floyd counties. I have also noticed that aphids have begun to reinfest some fields in southern Crosby county which were treated earlier.

Once again, at the risk of repeating myself, let me remind you of several factors which should be considered when making a decision about aphids.

1) Be sure of the extent of infestation. Honeydew is not a good indication of aphid numbers. By the time honeydew is noticed, aphid numbers are often declining. Also, aphid infestations are often very spotty. Growers sometimes "see" only the worst spots in a field when they should be considering the field as a whole.

2) Aphid populations often "crash" very quickly due to pressure from predators, parasites, and crowding.

3) Try to be realistic when considering a given field's yield potential and the potential benefit from treatment.

4) Beware of opening yourself to a bollworm outbreak.

Bollworm moths are laying eggs in cotton now, but peak egg lay is not expected to occur for several days. Fields in the scouting program ranged from 0-3800 eggs per acre and 0-2700 small worms per acre. A few loopers are also showing up. Fortunately, these fields appear to have good numbers of beneficials.

Corn

Many corn fields are showing heavy infestations of spider mites. Yellow spots on leaves in the middle 1/3 of the plants are readily visible in several fields. Treatment is justified when mite colonies (not individual mites) are present on leaves in the middle 1/3 of the plants before dent stage is reached.

Southwestern corn borer egg counts have been low so far. I am not running any traps myself this season, but the information I have received from those who are indicates that corn borer numbers are much lower this year than last year.

I have received reports that some growers have already treated for Southwestern corn borers. Treatment is justified when 20-25% of the plants have eggs or newly hatched larvae on them. Be sure you are making decisions based on the number of eggs and larvae present this year, not the number of lodged stalks last year. If you base decisions on last year's problems, you will always be one year behind.

Many small, black beetles have been found on and in ears which have been fed on by ear-worms. These are corn sap beetles and they are found only on damaged ears. There is no need to be concerned about these beetles.

Sorghum

Greenbugs have reached treatment level in several sorghum fields and some fields were treated last week. Treatment is justified when large colonies and red spots are present and before any entire leaves are killed on preboot sorghum; before the death of one functional leaf on boot to heading sorghum; and when greenbug numbers are large enough to kill two normalized leaves on heading to hard-dough sorghum.

Predators and parasites should be considered in making any control decision. Dr. Morrison in Lubbock informs me that when 20% of the greenbugs present are mummies, prospects are good that up to 80% of the remaining greenbugs have also been parasitized.

To date I have not located any fields with midge infestations. However, I still strongly encourage growers to check flowering sorghum for midge.

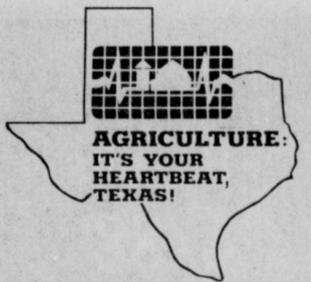

Soybeans

I have heard no recent reports of problems in soybeans. I have checked several fields personally and found nothing but a few bollworm moths. Due to the presence of these moths, I would suggest that growers keep an eye on their fields. Watch particularly for pod feeding. If an average of one podworm (bollworm) per row foot is found combined with evidence of pod feeding, treatment may be justified.

Sunflowers

I understand sunflower headmoth numbers are up. If your sunflowers are blooming, check for moths.

Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

PRELIMINARY SUMMARY OF FOOD ASSISTANCE PROGRAM RESULTS FOR MAY 1982

DALLAS---Preliminary estimates of participation in the federal-state food assistance programs for the month of May with comparisons to the previous month and to the same month of last year were announced today by the U.S. Department of Agriculture's Food and Nutrition Service. They are:

	May 1981	April 1982	May 1982
THE FOOD STAMP PROGRAM			
People participating this month (mil.)	22.6	22.4	22.2
Value of bonus coupons (mil.)	\$936.2	\$878.5	\$867.7
Average bonus per person	\$ 41.39	\$ 39.24	\$ 39.02
FOOD DISTRIBUTION PROGRAM ON INDIAN RESERVATIONS			
Number of projects in operation	77	81	81
People participating this month (thousands)	70.4	84.5	83.9
THE SPECIAL SUPPLEMENTAL FOOD PROGRAM			
People participating this month (mil.)	2,027	2,207	2,268
Federal food costs (mil.)*	\$ 53.3	\$ 66.9	\$ 68.6
THE COMMODITY SUPPLEMENTAL FOOD PROGRAM			
Number of projects in operation	21	25	25
People participating this month (thousands)	117.0	126.5	127.0
THE NATIONAL SCHOOL LUNCH PROGRAM			
Number of schools taking part**	93,982	91,220	91,220
Children participating this month (millions)	25.4	23.1	22.8
Children reached with free or reduced price lunches this month (millions)	12.3	11.6	11.3
Percentages of lunches served free	40.5	42.7	42.2
Percentages of lunches served at reduced price	7.6	7.2	7.1
THE SCHOOL BREAKFAST PROGRAM			
Number of schools taking part **	35,082	34,385	34,385
Children participating this month (mil.)	3.8	3.4	3.3
Percentage of breakfasts served free or at reduced price	85.9	88.9	88.8
THE CHILD CARE FOOD PROGRAM			
Number of outlets taking part	62,500	70,900	72,200
Children participating this month (thousands)	871.0	902.0	893.0

* Due to monthly fluctuations, the federal administrative expenditures are excluded from this program.

** This data was collected semi-annually last year (October and March), but is now collected annually (October).
