STRONG SECOND QUARTER drive was capped by a two yard drive by Tony Rodriguez, the Longhorns defense proved very strong all evening.

Horns deal Rabbits 32-0 shutout

BY ANNA ANDERSON
Lockney's strong and aggressive defense and some kind of outstanding running by Tony Rodriguez combined to shut out Ralls Friday night 32-0. It was an exciting night for the Longhorns as they jumped out in the lead early in the first quarter with a 54 yard run made by Tony Rodriguez, followed up with the extra point by Moses Blanco for a first quarter total of 7-0.
The second quarter came up with another roaring drive by the Lockney offense to get Tony Rodriguez across from the 2 yard line, making the score, with the extra point by Blanco 14-0. Later, just before the half, a Rabbit punt sailed over the head of Tony Rodriguez, and the crowd gasped for breathe, and calmly Rodriguez turned, retrieved the ball, looked up the field, and saw a hole in the mighty defense of the Jack Rabbits, then took off to return a 60-yard run for a touchdown, bringing the score to 20-0 at half time.
The second half began equally exciting for the Longhorns and a 75-yard kick return was made by Tony Rodriguez

once again to put the Longhorns ahead with a lot of breathing room. The quarter was coming to an end when Joey Davis completed a pass to Robert Rendon for the last goal of the night to put the final score up to 32-0.
The entire Longhorn team saw action in the second half exhibiting good team spirit and enthusiasm. With this action Mario Arellano had made a long touchdown run which was called back due to an infraction of the rules and the game ended while the Longhorns, with Jackie Cunyus in the quarterback position, was inching their way to the goal.
It was Homecoming for the Jack Rabbits and perhaps they were caught a little off guard as their offense made several attempts to gain yardage but to no avail with the mighty Longhorn defense at work to hold them to a total of 82 yards for the game.
Coach Purser's comments this week concerned the players as a group, he said, "Our offense did much better this week, and the backs are still a little confused, but working hard on all of it.

Our defense, is not to be slighted in any way and are still playing well," says Purser, "and the game with Abernathy will be a tough one. They have a lot of talent and most of all some big (230 lbs.), boys, that will try and out-muscle us for tomorrow night's game, but we will be ready for them."
Many comments about the Longhorns have been made concerning their team enthusiasm and the spirit they show while playing any team they meet. This is an overall improvement for all the fans to come out and enjoy. This makes it all worthwhile for the boys and the coaches who have worked so hard to put the "E" (effort) in this team.
We also want to congratulate the four outstanding players of the week for the big E (effort) they made with the team by giving all they had in this last week's game against the Jack Rabbits.
Horns of the Week were: Kyle Brock, Steven Johnson, Marcus Schacht, and Tony Rodriguez. Also recognized were Vince Balderas of the JV team, Daniel Rodriguez of the 8th grade and John Herrera of the 7th grade.

Fortenberry received plaque Board approves budget

A public hearing was held Tuesday night for the '82-'83 budget in combination with a regular monthly meeting of the board for the Lockney General Hospital. All the board members were present. No input was taken from the public as there were no Lockney residents present in addition to the board.
The board unanimously approved a budget of \$1,256,000 for the '82-'83 year. Considered in this budget was a tax revenue of \$200,000 and the remainder to be made of patient revenue. All of this was accomplished without an increase in taxes, which would have been in effect in the 1983 tax year, and the room rate remained unaltered.
A list of needed equipment was approved for this year. Among the larger, more expensive items were a \$16,000 operating table, new surgical instruments and equipment in the amount of \$4,000, a film processor for radiology amounting to \$8700, and a \$9500 paging system for contacting

hospital personnel when they are off the hospital premises. Hospital administrator Guy Hazlett said that would cut the response time tremendously on emergencies.
The Lockney General Hospital board members presented a recognition plaque to Gayle Fortenberry, a very moving and sincere gesture. The plaque read: "Having served in many capacities, ultimately becoming the administrator of Lockney General Hospital, Gayle is recognized for 17 years of dedication and service to the hospital and the community." The plaque was signed by R.D. Baccus, president, and Kenneth Tate, secretary.
New guidelines were approved for obstetric deposits. The guidelines stipulated that each case would be determined on an individual basis, based on the amount of insurance coverage. The amount of deposit would be adjusted according to the coverage with the possibility of no deposit having to be made in the case of multiple insurance.
A report was heard on the group health and life insurance for the employees of the hospital. A contract was renewed with Blue Cross/Blue Shield.
Concluding the old business, the board received a progress report on the installation of the new radiology equipment. Subcontractors will probably require another 10 days to two weeks for completion of the ceiling and some painting. Another week will probably be needed for electrical work. Completion date should be around the 15th-20th of October.

Among items of new business, financial statements were reviewed and unanimously approved, and a pharmacy renewal contract was made with Allied Pharmaceutical Inc.
The next regular meeting was set for Tuesday, October 26, at 8:00 p.m.

HUD funding received

U.S. Senator Lloyd Bentsen announced that the City of Lockney has been awarded a \$455,000 Community Development Block Grant by the U.S. Department of Housing and Urban Development.
The funds will be used for rehabilitation, acquisition, clearance and demolition of housing, code enforcement, paving, and drainage.
With a release date of September 16 these funds will be used for the second year of the CDBG contract with HUD for the target area located in the northeast part of Lockney, north of Locust Street to East Eighth Street. All of the target area is located east of Main Street.
Improvements will essentially be the same as the previous year with the exception of paying in this second year of the contract, whereas, the first year was concentrated on water and sewer improvements.

Steven Johnson and Marcus Schacht, were playing with injuries, but played well and will be going strong with everyone in the Abernathy game tomorrow night at 7:30.
Good Luck Horns and we're all behind you.

PETRONILO ORTIZ is a Green Thumb worker employed by the City of Lockney. His dedication is well-appreciated by those who work with him.

Green thumb worker is kept busy by City

Texas Farmers Union Green Thumb worker, Petronilo Ortiz of Lockney has spent many busy hours the past few months. He has kept the grounds of the City Hall, been responsible for the upkeep of the park around the swimming pool, and has painted all of the City's well and pump houses.
During the coming months Mr. Ortiz will continue to paint at the city shop in addition to some outside painting and general city maintenance.
Green Thumb, a rural older worker employment and placement program, is sponsored by National Farmers Union and funded through a Department of Labor grant.
Rural older citizens age 55 or older who qualify within low income guidelines are placed under a local sponsorship at a non-profit or community organization and work approximately 21 hours a week to gain job experience and become job-ready.
The ultimate goal is to transfer the worker into non-subsidized employment within the community.
Mr. Ortiz works under the supervision of Mr. W.L. Carthel, Water Superintendent for the City of Lockney.

Winners to split money

Competition was among the stiffest we have had this week when we had an even dozen entries without a single miss on the games.
Of course, the tie breaker is the deciding factor, and we had two that were even on that factor.
Israel Gonzales of P.O. Box 898, Lockney, was over by 1 point on the tie breaker and Irma Saucedo, P.O. Box 795, Lockney, was under by 1 point. In all fairness the prize money will be split between these two this week. You may pick up your checks at the Beacon office.
Among those entries who should receive honorable mention are Joe R. Rodriguez, Louis Bybee, Bernice Reynolds, Roy Saucedo, E.M. Pyle, Jr., Arcenio Martinez, Gay McPherson, Bay Alaniz, W.L. Carthel, and Retha Wolford. They all had a perfect score on the games.
All of our entries were essentially winners, because they all, without exception, predicted Lockney the winner, and that cannot be bad. Be sure to enter this week's contest. That money is really nice, isn't it Israel and Irma?

Singles

The Singles Club will meet Saturday, October 2 in Rebekah Lodge Building at 7:00 p.m.

Pancake Supper

The Lions Club annual pancake supper is October 8. Pancakes and sausage will be served before the Lockney-Floydada football game. Serving time is 5 p.m. until game-time. Proceeds will be used for local program, eyeglass program, sidewalk ramps and all other Lions services. Tickets can be purchased from any Lion or see Lion Boss Gary Brown at the First National Bank in Floydada. The cost of this great supper is \$3.00 for adults and \$1.50 for children. Come one come all to the great pancake supper.

Fire Prevention Week

The first week of October is Fire Prevention Week. Take a few minutes with all the members of your family to plan the best escape route if the normal exits to your home were blocked or if a fire broke out while you were sleeping.
Also jot down a few emergency numbers where everyone in the household knows where to find them. And look around for fire hazards that are lurking. We all have them.
Your time spent will be well worth it.
REMEMBER...no one expects a fire to happen!

This Weeks are continued on page 2.

CRIME CALL

Crime Call is offering a \$200 reward for information leading to the arrest and conviction of the persons involved in the Western Auto Store break-in in Floydada. It is believed that young males broke a rear window and took two radios totaling \$90 in value and six pocket knives totaling \$40 in value.

Anyone having information regarding these crimes is urged to call Crime Call at 983-5200 in Floydada. In Lockney the number to call is 652-2416. Or, informants may call the Texas Crime Busters toll free number: 1-800-252-8477. Informants may remain anonymous, but if they are willing to testify in the trial of the case additional rewards will be paid for this testimony.

Crime Call is supported entirely by private donations. Tax deductible contributions may be mailed to Crime Call of Floyd County Inc., 122 E. California, Floydada, Texas 79235.

Citizens are also advised Crime Call offers rewards for information received on all unsolved felony crimes occurring in Floyd County.

The polling place is the heart of our democracy. Here, with a ballot, the people of Texas select the leaders of their government. As voters, they have the right to choose the men and women who make and enforce the laws of the State, levy the taxes, and decide how those taxes should be spent.

The voices, opinions, and influence of the voters of Texas are all recorded at the polls — with their vote.

But their vote can be stolen, as surely as a thief can steal their property, through an act of criminal vote fraud or coercion. If our elections can be corrupted through fraud or coercion, the valuable freedom of choice we have will be lost.

For the month of October, 1982, the Texas Crime Stoppers Advisory Council is focusing its statewide "Crime of the Month" on vote fraud and coercion. If you have information on this criminal activity, please call the anti-crime hotline at 1-800-252-TIPS (8477). Cash rewards are available for information leading to arrest and felony indictment of those who would, through fraud or coercion, attempt to set aside the voting process. Citizens do not have to reveal their name, just give their information, and they will be given a unique code number for identification purposes.

Help your election officials protect your vote, call 1-800-252-TIPS today.

Letter to the Editor

Dear Editor,

As each week passes a new letter is written about the inadequate care that Caprock Hospital delivers. My father was a patient in Caprock. He did not receive adequate care, as he lay hemorrhaging not a nurse or doctor checked on him.

I went to look for the faithful crew - I found them all right - playing cards behind the nurses desk. I could go on and on.

The doctor attending did not see my father until the next morning. My father was admitted via emergency. By that time I was furious and demanded transfer to Methodist Hospital in Lubbock. Thank God my father survived - no thanks to Caprock.

It is such a waste to have such a beautiful facility with such inadequate and unskilled employees. It might interest you to know I did report these complaints to the Director of Nurses only to find she was dealer of the deck.

VA spending increased

The Veterans Administration spent \$1.57 billion in Texas during fiscal 1981, an increase of about \$13 million over that of the previous year, according to a VA report.

The amount was part of a budget of \$23.4 billion approved by Congress. It called for the highest funding level in VA's history and placed special emphasis on the problems of Vietnam-era veterans and the increasing needs of older veterans.

The fiscal 1981 spending for Texas included \$900 million for compensation and pension payments to veterans and survivors. That compares to \$810 million during fiscal 1980.

VA expenditures also included \$178.8 million for education, training and vocational rehabilitation payments in the state for fiscal 1981. The previous fiscal-year amount was \$178.9 million.

The difference is accounted for by the decrease in the number of Vietnam-era veterans receiving readjustment benefits and GI Bill payments. Nationally, spending in this area peaked in 1976.

Caprock Canyon State Park opens Oct. 9

Quitaque has been a busy place for several days now. Residents have been bustling around in a concentrated effort in preparation for the grand opening of Caprock Canyon State Park on October 9.

Several hundred people are expected to converge on the town that day, including several congressmen, park officials and area state candidates.

The dedication program is slated for 10:30 a.m. with a barbecue lunch to be served immediately following. The ceremonies and lunch will be held on the north side of Lake Theo.

Quitaque's own daughter, State Representative Mary Jo Polk of El Paso,

has stated that she will be present for the celebration.

Former Governor Preston Smith of Lubbock is expected, along with Attorney General Mark White who will be flying in from Austin.

Executive Director Charles Travis and Director of Parks James Bell, both of the Texas Parks & Wildlife Department in Austin, will be joined by others from their department for the festivities of the day.

Also expected is Senator Bill Sarpa-jius and Senator Jack Hightower, if he was able to reschedule a prior commitment for that day.

JOHN GARCIA AND LUPE MARTINEZ are unloading the first load of cotton brought into a gin in Floydada.

Raising minimum age law reduces deaths

Major C.W. Bell, Regional Commander of the Texas Department of Public Safety for Region 5, said, "Several studies conducted on the effect of raising the minimum legal drinking age in various states concluded that on an average a state can expect about a 28% reduction in nighttime fatal crashes involving young drivers affected by the law. In addition, a factor commonly referred to as the 'spillover effect' can possibly have a significant impact on the younger age when the 18-year old can no longer purchase alcoholic beverages for younger persons in their social group."

accidents increased 2.8%. Although the statistical data covers a short period, the evidence is conclusive that raising the legal drinking age is an effective life-saving measure for young Texas drivers.

According to the National Highway Traffic Safety Administration, if all states raised the legal drinking to 21 there would be at least 730 young lives saved annually.

Happy 37th Birthday Daddy

We Love You!

The Texas statute raised the minimum drinking age to 19 effective September 1, 1981. During the first ten (10) months since the law changed, fatal accidents experience reflects an overall reduction of drivers involved in fatal accidents of 16.7% for 18-year olds and 36.8% for 17-year olds whereas an increase of 7.9% occurred for 19-year olds. Further, nighttime fatal accident experience indicates a reduction for 17-year old drivers of 41.2% and 7.4% for 18-year olds. In comparison 19-year old drivers involved in nighttime fatal

When heat and air make the difference

A crowd gathered in the country square, curious to see the large, strange-looking contraption of paper and cloth. The on-lookers laughed at Joseph and Etienne Montgolfier as the two men ignited the pile of straw and rags beneath their invention.

The unbelieving crowd gasped as heated air began to fill out the paper and cloth of the world's first hot-air balloon as it climbed steadily to the then-astounding altitude of about six thousand feet.

As the inventive partners had managed the dynamics of heat and air to give flight to their idea, you and SPS and the High-Efficiency Add-On Heat Pump can make a difference with the everyday management of heat, air and electricity in your home.

When you install a High-Efficiency Add-On Heat Pump you increase the heating efficiency of your existing furnace, and add cooling efficiency next summer. You also qualify for a special electric rate from SPS for seven months of the year. Call us to see what your savings could be.

You and SPS, partners managing electricity, make the difference.

FROM YOUR NEXT LT. GOVERNOR

This may be my last column in this series. We began this column ten weeks ago, hoping it would be a success. And judging from the response of the readers, I would call it an unqualified success. The mail has been very favorable. The columns that drew the most response were those dealing with education of our children, the property tax issue, and the issue of Mr. Hobby raising funds for the ACLU to use in that organization's crusade against prayer in schools and in defense of pornographers.

I have made a point in these columns that Texans need a Lt. Governor who is in touch with the people he is supposed to serve. Mr. Hobby is clearly out of touch with the thinking of Texans, and, in my opinion ought to be retired.

Mr. Hobby's lack of understanding can be illustrated: Texans are overwhelmingly in favor of President Reagan's efforts to transfer power and responsibility back to the states. I agree that Texans can do a better job for Texas than Washington can. Mr. Hobby disagrees. The vast majority of Texans do not believe they ought to be forced to pay for the education of the children of illegal aliens. I have compassion for these children—but I must confess that I care

more for Texans who are faced with the burden of supporting their own children in hard economic times. Mr. Hobby disagrees. Most Texans think our Right to Work law should be incorporated in the Texas constitution. I agree here, too. But Mr. Hobby disagrees and has fought the effort. The list goes on and on.

The problem with continuing my column is a simple one—money. We originally budgeted for ten columns, and we have now reached that point in our budget. If we are successful in raising more campaign funds, you are likely to see more columns. I hope so, for this seems to be a good way to get the issues to the people.

These columns are needed. Without them Mr. Hobby will clearly avoid the issues and seek to confuse us with 30-second TV commercials created by his image builders. If you would like to see these columns continue and would like to help in that regard, please send your contribution. If you can't make a contribution, I assure you that your opinion will be equally important. Please write to me at Texans for Strake, 1213 W. 34th, Austin 78705. Let's keep in touch.

LINDA TERRELL

Linda Terrell returns to teaching

Linda Terrell, teacher of junior high English, speech and reading is back in the classroom this year after fourteen years of rearing a family.

She is the wife of J.T. (Buster) Terrell, a farmer. They have two children, Lisa an eighth grader and Mark Todd who is in kindergarten.

Mrs. Terrell has been actively engaged as a 4-H adult leader. She authored and directed two "Share the Fun" skits for Lockney Senior 4-H'ers and received Best Skit Award at the Texas 4-H Roundup competition.

She has been the co-chairman of the Floyd County Fair Talent Show. During the time she was a member of the II Penserose Jr. Study Club, she was named Outstanding Club Woman and Caprock District Jr. Poet Laureate.

Mrs. Terrell is a member of the First United Methodist Church in Lockney, where she is a Sunday school teacher and a Bible school instructor. She authored a series of contemporary religious dramas produced for Family Night entertainment.

Mrs. Terrell, salutatorian of her high school class in Mason, Texas, graduated from Texas Christian University with honors. She majored in English with a speech minor. She also received a master's degree in communications from Baylor University.

As a speech teacher in the LaMarque schools, she authored a one-act play which received Texas UIL approval and was produced in state secondary school

AAAA competition in 1966.

While instructor of speech, drama, and debate in the Waco schools, she produced a UIL extemporaneous speaker who won on the state and national level. She also judged at the national high school speech tournament at St. Paul, Minnesota.

Mrs. Terrell has put her talents and training to good use while she worked in freelance advertising on radio and TV as well as writing a weekly newspaper column. She has also been employed by

a bank as an advertising consultant and secretary.

Among some of the honors that have been bestowed on this talented lady, her appearance in Outstanding Young Women of America and The Blue Book of the Texas Panhandle would head the list.

One of her hobbies is watercolors. But like so many of her hobbies, her painting has exceeded pure pleasure. She won first place at the state level in humorous poetry and watercolor in a

Federated Women's Club contest, to head a long list of contests.

Mrs. Terrell has assisted the UIL storytelling, debate and oral reading contestants at Lockney. She had judged high school UIL debate at Spur last year.

Bits of Humor, Trivia, and an occasional Word of Wisdom

All parents think of their children as gifted, and all children think of their parents as retarded.

You can't tell if a parent as been a success or a failure until you see how the grandchildren turn out.

Children are natural mimics. They act like their parents, in spite of every effort to teach them good manners.

Children in the midst of a free-for-all were interrupted by their father: "Richard, who started this?" he asked. Richard answered, "Well, it all started when David hit me back."

Anyone who thinks there are two sides to an argument isn't in it.

When arguing with a fool, be sure that he isn't similarly engaged.

There's no fool like an old fool. You just can't beat experience.

Experience counts when it comes to repairs and restorations of Stained Glass. If you have an old piece or one that has been damaged, let us give you an estimate on restoring it to like-new condition.

1950 Study Club opens year with barbeque

The backyard of Mr. and Mrs. Wayne Russell was the scene for the opening meeting of the year of the 1950 Study Club. An old fashioned bar-b-que was the theme. A supper of appropriate foods was enjoyed by the entire club. Roll call was answered by "What I Love Most About Texas," which received interesting responses.

An extremely entertaining program was presented by Laurie Noel of Plainview. Laurie sang a selection of

songs and accompanied herself on the guitar. Her mother, Betty Morton, also came and they enjoyed their visit with club member Shirley Morton, Laurie's aunt and Mrs. Morton's sister-in-law.

Present for the meeting were Sue Moore, Shirley Morton, Lovene Moore, Trina Savage, Doris McLain, Melba Vickers, Lucy Eastham, Roberta Russell, Marjorie Collins, Charlotte Campbell, Peggy Probasco, and Dell Gray.

The highest percentage of unmarried males in the country live in the city of Columbia, South Carolina.

Alpha Mu Delta meets at home of Cornelius

President Duffy Hinkle called the 135th meeting of Texas Alpha Mu Delta to order on September 21, in the home of Julianne Cornelius.

Recording Secretary Holly Hendrix called the roll and read the minutes from the September 7th meeting.

Treasurer Mitzi Nixon gave the financial report.

Corresponding Secretary, Penny Bertrand read the chapters correspondence.

Minutes from the Executive Board meeting were read and discussed.

Program Chairman Donna Anderson reported the hostesses for the October 5th meeting will be Debbie Bertrand and Abby Battey. The program will be given by Penny Bertrand.

Social Chairman Penny Bertrand reminded all members of the 50's Sock Hop to be held October 2nd in the home

of Duffy and Billy Gene Hinkle.

Membership Chairman Tana Probasco reported that the final pledge training would be held after this regular meeting.

Ways and Means projects were discussed. The tickets for the quilt which is to be raffled off at the Lions Club Bazaar in November will be ready at the next meeting.

The business meeting was adjourned.

The program was given by Tana Probasco on "Learning to Learn". Hostesses for this meeting were Julianne Cornelius and Mitzi Nixon. They served enchiladas, salad, cheese dip, and iced tea. Afterwards everyone enjoyed revealing their secret sisters and exchanging gifts with them. Members also drew new names for the new

year. Members present were: Barbara Anderson, Donna Anderson, Abby Batty, Penny Bertrand, Julianne Cornelius, Sharron Fulton, Holly Hendrix, Duffy Hinkle, Mitzi Nixon, Linda Phillips, Wendy Pierce, Tana Probasco, Trina Savage and Sherry Smith. President Duffy Hinkle led all members in the Closing Ritual and Mizpah.

Turners gather for reunion

The children of the late J.J. and Hattie Turner held their annual family reunion in Lockney Sunday, September 19. There were approximately 75 in attendance. All of the living children and all but three grandchildren were present.

The Doug Turner family of Lubbock; Edmond, Joyce, Scott, Ricky and Bo Hunter of Dimmitt; the John David Turner family of Lockney; the George McJimsey family of Amarillo; Roy and Luerany (Turner) Hunter of Quitaque; the Sammie Turner and the Donald Ray Turner families of Odessa; and Lloyd and Marie (Turner) Jeffreys of Hale Center attended.

Also enjoying the get-together were John and Margie (Jones) Turner of Lockney; the Ed Shelton, the J.A. Thornton, and the Archie Johnson families of Tulia; the Lewis Walker family of Kress; and Calvin Shelton of Silverton.

Richard Lanham and W.A. Holt of the Lockney Care Center and Mr. and Mrs. Delfie Jones of Allen, Oklahoma, were visitors.

Certificates for family portraits on sale

With Christmas fast approaching, Alpha Sigma Upsilon, a chapter of Beta Sigma Phi is here to help you. For their fund-raising project of 1982-83 each member is selling certificates for a beautiful 11x14 color family portrait. The certificates may be purchased for \$5.95 per family.

On Saturday, October 30, a photographer from Golden Spread Portrait Shoppe of Amarillo will arrive at the First National Bank of Floydada community room to take all the portraits scheduled. Each family who purchases a certificate will be appointed a time for their sitting on this date. Other pictures will be made upon request, however, there must be an adult in the portrait to

obtain the special. Approximately 3 1/2 weeks later the photographer will return with the family portraits and preprinted packages for the families to select from. Certificates will also be available at the door, but pre-paid certificate pictures will be made first.

Proceeds will be used for community service projects which include the West Texas Home Health Luncheon and Christmas Party and Child Welfare Board.

If interested in this fund-raising special, contact any sorority member: Vikki Yeary, Janice Poteet, Jan Nichols, June McGaugh, Nancy Jarnagin, Rhonda Guthrie, Barbara Edwards, Gail DuBois, Gail Noland, Vicki Ware.

JANUARY WEDDING PLANNED—Mr. and Mrs. Gerald Ford of Route M, Lockney, are pleased to announce the engagement of their daughter, Kelly Kay Ford to Gilbert Glen Lane, son of Mr. and Mrs. Bob Lane of Route One. Both are students at Texas Tech University. The couple plan a January wedding.

Jr. Study Club hears football program

Il Penseroso Jr. Study Club met Tuesday, September 14, in the home of Reeda Cay Smith, hostess.

Coach Bob Pursler spoke to club members about the importance of football and how football helps the young men. He was very helpful to answer any and all questions.

Refreshments were served by co-hostesses for the evening, Sandra Cummings and Brenda Mangold.

Following refreshment period the business meeting was called to order by Brenda Mangold. Minutes of the last meeting were read by secretary Cindy Ford and a treasurer's report given by Reeda Cay Smith.

Plans and preparations were discussed for the upcoming farm sale. Members also talked about suggestions for goals and long range projects for the club.

Members present were Marilyn Biggs, Anita Bigham, Charlanne Burson, Cynthia Bybee, Sandra Cummings,

Yearbook dedicated in memory of Dunlap

You were someone very special
Who truly made an art
Of living first for others.
And sharing from the heart.
The story of your kindness
Is the sweetest ever told,
Your wit and thoughtfulness
In our hearts we will hold.
Of all the happy memories
So special to recall,
The times we've shared together
Are the dearest one's of all.
You've filled so many moments
With so much warmth and cheer,
That every thought of you will bring
Love throughout the years.

With these words the 1934 Study Club dedicated their yearbook in memory to a valiant lady, Helen Dunlap, a beautiful friend and member.

Opening the new club year, members met in the J.S. Hale, Jr. home for a supper. Mrs. Garland Foster gave the invocation, and a plate featuring quiche, fruit salad, lettuce and tomatoes, and homemade cookies was served by the Program Committee: Mmes. J.S. Hale, Jr., A.L. Wylie, Wilson Bond, Allen Bingham, Floyd Bradley, Milton Ashton, Alan Benson, and L.B. Stewart Jr.

Roll was called and the minutes of the called meeting held July 7 were read. At this meeting a new member, Mrs. Walton Wilson, was extended an invitation to join and accepted.

The yearbooks were distributed by

Mrs. Ashton and she gave a program review, stating that the theme is "Any One Can Be Beautiful", and she brought out facts from an article written by the famous model, Cheryl Tiegs, who says that she really believes that all women have the capacity for beauty within themselves and according to her "You Can Be Beautiful". There is no such thing as outer beauty without inner beauty. The key to beauty is to play up your assets and forget your flaws. It is amazing how many women make this mistake. Don't focus on a flaw, says Miss Tiegs.

Mrs. W.H. Bunch, the club president, gave a short message paying tribute to the charter members of the 1934 Study Club, those who have served as presidents, and to both old and new members. All of these, through hard work and perseverance, have contributed something to the building and maintaining of the object of the club which is to stimulate intellectual growth and strengthen individual effort by organization.

Those members attending other than the hostesses were Mmes: W.H. Bunch, Dennis Dempsey, Garland Foster, Floyd Lawson, J.P. Moss, W.O. Newberry, Vernon Parker, George Springer, G.W. Switzer, W.W. Trapp, Wade Warren.

The next meeting will be October 5 in the home of Mrs. W.O. Newberry.

We're Different!

I CAN DRESS FASHIONABLY NOW!

I've never been really fat, just always out of proportion. I'd go on fat diets and lose a few pounds but that didn't correct the real problem and I'd always regain my losses.

Then I tried Pat Walker's... what a wonderful difference that made in my life! Now I have learned how to eat and still lose weight and what's even better, to keep it off. With the help of the Symmetricon I am firming and toning my figure. My waist and stomach, which were always my problems, are now smaller than ever before.

Since starting with Pat Walker's I've lost 14 pounds and 3 1/2 inches. I will continue to firm and tone my figure while developing good eating habits so I'll never have to diet again!

MRS. ALICE DUNCAN from Floydada and her brother Lawrence Anderson from Benica California show two Stark Jumbo Apples he had grown in California. These apples were grown in his back yard on a dwarf tree from Stark Brothers nursery. The tree is five years old and had about 20 apples on it, none of which weighed less than one pound. Mr. Andersons said that these apples make good pies and are good eating apples.

Center News

BY MRS. J.E. GREEN

September 27, 1982:

It is clear and windy today, with scattered white clouds. We need another rain. Another busy week, harvest time.

The Marion Carpenters reached home Saturday night after an extensive trip visiting their children and families. They drove thru Dallas, thru Louisiana, B'ham to Atlanta, then took a plane to Boston and New Hampshire. Then back to Atlanta and home.

Mrs. Frank Dunn visited in Lubbock Sunday with a daughter and family, the Tony Balios's, Jimmy and Patsy were out of town.

Mr. and Mrs. Thomas Warren visited Saturday afternoon with his mother.

Mrs. Ola Warren, Sunday all the Thomas Warren's children were home except Elaine and Paul Stout and family of Muleshoe. Present were Joyce and Jimmy Owens and boys, Ed and family, Don and girlfriend Hope Hartzell.

The Gordon Mayfields have received news that her brother-in-law, Luther Green of Antioch, California has passed on after a long illness. He formerly lived at Spade, Texas. Our sympathy is with the loved ones.

Mrs. Vada Meredith and a cousin visited in Lockney Sunday with Bro. and Mrs. Clay Muncy. He is about the same at home.

Mr. and Mrs. Anthony Latta are home from a ten day trip in New Mexico

and Colorado. They visited the Clyde Greens of Peralta, New Mexico on their way home.

Sunday the Lattas entertained with a delicious dinner some 20 members of a Sunday school class of the First Baptist Church.

Mr. and Mrs. Plumlee had company Sunday p.m.

Mr. and Mrs. Don Finkner of Lubbock visited her mother, Mrs. Fulkerson, Sunday.

Mrs. Green is enjoying over the weekend a visit from her sister, Mrs. Gertrude Massingill of Phillips. Sunday afternoon we were joined by Mr. and Mrs. Victor Green of Plainview and Mr. and Mrs. Anthony Latta. A good time. We were glad to see Mrs. Bud Warren in church Sunday after a siege of ill health.

Mrs. Hal Thomas was just leaving home this morning for Lubbock and the Methodist Hospital. We wish her a quick recovery.

Let us remember our friend and all who are in Caprock Hospital: Miss Alma Ruth Nelson, Mrs. Lucille Duncan, Mrs. Jessie Smith, Mrs. Goen and Lockney Rest home Mrs. Amelia Ashton.

Dawn Attebury called at the Green home this Monday p.m. The Henry Brewer have company today.

skirts and blouses stood behind long tables and prepared omelets with a variety of fillings and picante sauce for the guests. Mrs. Q.D. Williams also attended the Home Economics alumni luncheon and later visited her niece, Miss Lou Lee, at Lubbock Christian College.

Mrs. Viola Brown attended the Crosbyton Senior Citizens luncheon Friday and stayed to enjoy games of 42.

T.D. Custer of Slaton spent the week-end visiting Mrs. Orville Custer. They visited Mr. and Mrs. Henry Bloodworth Saturday.

Randy Burk and Sherri Haralson exchanged marriage vows two weeks ago in a garden ceremony at the home of the bride's grandmother, Mrs. Annie Range, of Acuff. The newlyweds will live in Lubbock. Mr. and Mrs. Verlon Wright attended the wedding of her son, Randy.

Mr. and Mrs. Zach Cummings and children, Adam and Courtney, of Lockney, visited his sister, and family, Paula and Robert Pyle, Sunday.

Mr. and Mrs. Dayne Golightly took Rance and Lacy to the Lubbock Fair Saturday evening.

Mr. and Mrs. Verlon Wright met his daughter, Betty Kinslow in Floydada for a visit Saturday. Betty and her husband, Barry Kinslow of Coppell, Texas, were here for a surprise birthday party given Sunday for E.J. Kinslow at one of the park's party houses in Lubbock.

Misses Mary Lou and Mary Ann Quilantan marched with the Floydada High School Band at Lubbock Monday. School turned out at 2:30 to enable students to attend the South Plains Fair.

BY GRACE LEMONS

Our weather is still dry and the farmers are dry sowing wheat hoping for some moisture. The women are still canning fruits and vegetables.

We are having some illness in the community that we trust will soon recover and gain their strength.

Clara Mize is improving satisfactorily after undergoing surgery in the Nichols Hospital in Plainview. She was able to return home and went back for a check up Monday. Norma Welch and Peat Kelley visited her Wednesday.

Edna Gilly has been a patient in the Lockney General Hospital for the past two weeks. Grace Lemons visited her Thursday and Pauline VanHoose visited her Friday. She has had many more visitors and we wish her a speedy recovery.

Imogene Fortenberry is recuperating steadily after breaking her arm and spraining the other one. We trust she will soon have use of her arms.

Mrs. Myrt Guest is still confined to her home after breaking her arm several weeks ago. She is improving and will soon be about. We miss her in church and anxious for her to be back with us.

Glady's Fortenberry spent Thursday night in the home of her daughter and husband Patsy and Lafayette Boone in Lubbock and attended the bridal shower of her granddaughter, Danita Boone who is the bride-elect of Paul Clark of Fort Worth. The shower was held Friday afternoon in Lubbock.

Mrs. Peat Kelley is much improved after suffering with severe pains in her

back.

Evelyn and Wilbur Osborne and son, Jimmy visited Mr. and Mrs. Carl F. Lemons and Belle Lemons Friday. They were on their way to California to visit other relatives and spent the night in Lubbock with Hershel and Jane Irving.

Linda G. Lemons was the honored guest at a birthday supper in the home of Mr. and Mrs. Carl F. Lemons Friday evening. Other guests present were her husband, Marvin and children, David, Jessica, Diana and Cory. Linda F. Lemons and children, Traca and Vance and Mrs. Belle Lemons.

Laticia Fortenberry is improving but still taking treatments for a back ailment. We trust that she will soon be free of the pain and discomfort.

Bennie Golightly of Lubbock visited her parents, Mr. and Mrs. W.E. Lackey Sunday and had lunch with them. In the afternoon she visited her son and wife, Dayne and Penny Golightly and children in Dougherty before returning home.

Roylyn Raulston and baby girl, Lacy Paige and Roylyn's father, Greer Lackey of Burleson visited Mr. and Mrs. W.E. Lackey recently.

An auction sale of land, house, car and equipment and lot on Greenbelt Lake was held Saturday in Plainview of the estate of the late Roy and Mildred Galloway. They are the parents of Charlene Langley. Barbeque was served at noon. Sight of the sale was in the South Ward addition.

Do one thing at a time, and do that one thing as if your life depended on it.

Weekly lunches to be served

The Home and Community Services class of Della Plains Vocational School will again be serving weekly lunches this year.

The preparation and serving of these lunches is a part of the training for junior high and high school students enrolled in the vocational training class. These students are supervised by Mrs. Frances Easter, home and community services teacher.

Lunches will be served each Wednesday in the VEH classroom at Della Plains and are open to the public. Serving hours are from 11:30 a.m. until 1:30 p.m. Prices will vary, depending on the menu for the week.

In addition to these lunches, the students also do custom baking for the public. Pies, cookies and cakes may be ordered by calling 983-5055 during school hours.

Menus For October

October 6 — Bar-B-Q chicken, potato salad, baked beans, relishes, fudge nut pie

October 13 — Chicken fried steak, mushroom gravy, stuffed baked potatoes, dixie green beans, sesame seed rolls, cheese apple crisp

October 20 — Spaghetti, green beans, tossed salad, garlic toast, ice cream with apple topping

Fire Prevention Week to be observed

October 3-9, 1982 is Fire Prevention Week in Floyd County and across the nation, with the theme - "Learn Not To Burn Wherever You Are."

According to Texas Farm Bureau, fire prevention has special significance to farm and ranch families for the following reasons:

Fires on farms and ranches pose a special threat, unlike an urban or city property that has immediate access to a well organized fire department and an abundance of water.

Most farm and ranches are relatively isolated from fire fighting equipment and may lack adequate water for fighting a fire.

Many farms and ranches have the added fire risk brought on by traversing of railroads and roads. Trains cause grass fires as the result of a "hot box".

A careless smoking motorist uses the roadway instead of his ash tray to discard his used smoking materials - thus turning valuable farm property into ashes.

Vehicles traveling along the roadway on a bare rim create sparks that result in grass fires spreading over many acres of crop and rangeland; many times destroying valuable structures and equipment.

Though U.S. fire losses amount to

approximately \$5 billion annually, the human misery caused by unwanted fires is the most terrible cost. More than 6,000 people die and many more are injured in over 1,000,000 fires each year.

Farm fire property losses (dwellings, buildings, animals, cotton, hay, grain, supplies, timber, machinery and vehicles) approach an estimated \$300 million annually.

Frequent causes of building fires include electrical faults, smoking and matches, heating and cooking equipment, children playing with matches, open flames and sparks, arson, chimneys and flues, lightning and spontaneous combustion.

Joe Smetana, Safety Director, Texas Farm Bureau, Waco, Texas, offers these suggestions for fire and burn prevention:

- * Plow fire lanes around pasture/range/timber land. Also, plow fire lanes around farm structures, equipment and hay bales. Spray to kill weeds and grass that later become a fire hazard.

- * Up date any old electrical system. Wiring may fail due to faulty installation, overloading, physical damage, aging, and the deterioration caused by chemical action, heat, sun, moisture and weather. Check your fuses and

circuit breakers. Check wire size with the amount of current being used. For example: At 110-120 volts, No. 14 A.W.G. copper wire will handle a maximum of 15 amperes or 1800 watts; No. 12 wire will handle 20 amps or 2400 watts; and No. 10 wire 30 amps or 3600 watts.

- * Be careful with matches, lighters and smoking. Do not smoke in places with combustible or flammable materials, nor when refueling or handling flammable or explosive materials.

- * Think about fire prevention when you use a welder; especially when you use an oxy-acetylene torch for cutting. Too high oxygen pressure can blow sparks twice as far as need be.

- * Locate above-ground fuel storage tanks at least 50 feet from buildings; keep the tanks painted white, under shade. When refueling a tractor, turn off the engine and extinguish smoking materials. If the engine is hot, let it cool for a few minutes. For added protection, have a fire extinguisher handy.

County Farm Bureau's sponsor several free, public service safety education demonstrations conducted by staff from the Texas Farm Bureau Safety Department in Waco. In addition to the standard 45-minute graphic fire prevention demonstration for junior high, high school and adult audiences; Farm Bureau now presents the E.D.I.T.H. (Exit Drills in the Home) program designed especially for grades K-6.

Schools, civic clubs and other organizations planning fire or other safety education programs for the year may schedule these programs by contacting the Floyd County Farm Bureau at Floydada, telephone 983-3777.

Lockney Care Center Capers

BY VICKIE HUTTON

We will not forget the past two weeks for a long time. The float we entered in the Floyd County Parade won 1st place. We send a special thanks to C.L. Henderson for letting us borrow his trailer and to Nick Christian, Timmy Cooper, Tommy Hutton, and Charles Shoemaker for helping with the float.

Thursday, July 23rd we went on a special outing to Caprock State Park in Quitaque where we met the Senior Citizens of Quitaque and had a terrific time. The food was delicious. Our thanks to Don Vernon and Mable Foster for driving the buses. Those enjoying the trip were Birda Foster.

Companions 'N' Caring meet

BY DANA ELLIS

The Floydada Nursing Home volunteer organization known as Companions "N" Caring met on September 23 at the nursing home for a salad luncheon and the planning of a Halloween party for the residents of the home.

The party is planned for Thursday October 28 at 2 p.m. with volunteers in costume to serve pie to the residents. Those present were Dartha West-

Mary Jo Fielding, Myrtle Payne, Dawn Jasper, May McCracken, E.M. Pyle, Richard Lanhan, Euna Bradshaw, Mable Griffin, Mary Green, Alma McDonald, Thomas Jones, and Martha Powell.

We have started a new craft. We are stuffing oranges with cloves for sachets. Anyone wishing to place an order call me at the Home.

Billie Self sends a special message to all her friends in Matador - her love.

We were saddened at the loss of one of our family, William Youngblood from Roaring Springs. He will truly be missed.

Until next week-enjoy.

brook, Linda Emert, Ruth McIntosh, Dana Ellis, Shirley Varner, Mildred Franks.

Anyone interested in joining this organization please contact the nursing home. It only takes a few hours each month to share your time and love with the residents of our home. Students 14 years and older are eligible and urged to join as volunteers. These people need you now.

Mackenzie Pageant Saturday

The Ninth Annual Miss Mackenzie Pageant will begin at 8:00 p.m. Saturday, October 2, in the Silverton School Auditorium under the sponsorship of the L.O.A. Junior Study Club of Silverton. Admission will be \$2.50 for adults and students, and \$1.00 for children under 12.

Twenty-one girls aged 16 to 18 from the cities of Floydada, Lockney, Silverton and Tulia will be competing for the honor of being Miss Mackenzie 1983. These four cities make up the Mackenzie Municipal Water Authority which built Lake Mackenzie to provide a reservoir for future municipal water needs. Miss Mackenzie is expected to promote and advertise Lake Mackenzie during her reign.

The Greatest Show on Earth will be the theme of this year's Pageant. The contestants will appear on stage to sing a medley of popular circus songs. They will also be judged in sportswear and formal gowns.

Entertainment will be presented during the pageant by Pat Owens Dance Studio of Plainview. The following girls will do their recital dance: Molly Bomar, Ashleigh Wyatt, Kami Martin, Kristi Bean, Brandi Brunson, Holly Nance, Kayla Ramsey, Kristi Bean, Tara Nance, Keeley Burson, Penny Fogerson, and Julie Towe.

The current Miss Mackenzie is Shele Morris of Floydada. Former Misses Mackenzie are Kathy Wilks of Tulia, 1975; Kerri Arnold Cannon of Silverton 1976; Millicent Murff of Tulia, 1977; Adeana Morris of Floydada, 1978; Melba Dobbs of Tulia, 1979; Judy Nelson of Tulia, 1980; and Cynthia Edwards of Silverton, 1981.

Master of ceremonies for the pageant will be Nick Long of Plainview. Mrs.

Anne Davidson of Silverton will be pianist, and judges will be Dr. Tom Cunningham, Rhonda Bergstrom and Janet Johnson, all of Plainview. Miss Johnson is the reigning Miss Wayland Baptist College.

A get-acquainted party will be held at 4:00 p.m. Saturday in the Pioneer Room at the First State Bank in Silverton. The Coke Party is hosted by Century of Progress Study Club of Silverton. At this time the contestants will be interviewed individually by the judges.

Contestants will be judged on appearance, poise and personality. Throughout the evening of the pageant a number of door prizes will be given away. These door prizes are donated by businesses in the four participating towns.

Entered in the pageant from Floydada is Linda Stone, 17 year old daughter of Rose Enslow and Elmer Stone. She has blue eyes and brown hair, and stands 5'11" tall. She is being sponsored by Lovell-Collins Jewelry.

Her special interests include working with the youth of her church and Girls Scouts, photography, extemporaneous speaking, swimming and volleyball. She is a member of the Speech and Drama club, DECA, the U.S. Judo Association, Student Council and Girls Track.

Following graduation she plans to attend the Fashion and Art Institute of Dallas to study fashion merchandising and modeling.

Also entered in the pageant is Connie Coffman, the 17 year old daughter of Thomas and Barbara Coffman of Lockney who has hazel color eyes, blonde hair, and stand 5'9 1/2" tall is sponsored by the Lockney Lions Club.

She enjoys water skiing, swimming, snow skiing, cooking, sewing, reading

and playing basketball. She is a member of Fellowship of Christian Athletes, Future Homemakers of America. She hopes to play college basketball while working toward a major in physical education and psychology.

Contestants from Silverton are: Donna Boling, 16, daughter of Mr. and Mrs. Bill Boling; Jeni Denton, 17, daughter of the Rev. and Mrs. Royce Denton; Tammi Edwards, 16, daughter of Mr. and Mrs. Fred Edwards; Annette Kingery, 18, daughter of Ted and LaVern Kingery; Angie Lowrey, 16, daughter of Gordon and Carolyn Lowrey; Aida Ramirez, 17, daughter of Mr. and Mrs. Rick Ramirez; and Jan Reynolds, 17, daughter of Mr. and Mrs. R.D. Floydada Nursing Home Happenings

BY LINDA EMERT

The weather has been real pretty the last few days. Maize cutting is beginning to start up.

Monday the residents enjoyed Kim and her music very much.

Tuesday we had a good Bible study. But, we sure did miss Mr. Cates alot.

Wednesday we played bingo and another day that Mr. Cates was missed alot. We had three winners that day. They were Emmitt Lawrence and he was the big winner with six games, Vera Duke won four games, and Una Clark won three games.

Thursday the volunteers had a salad lunch at the nursing home. They discussed the Halloween party for the residents.

Friday I missed work due to illness so I don't know much about what happened.

We lost our own loved one Mr. W.C. Cates who will be missed a lot. He passed away Wednesday. Mrs. Icy Biggs is in the hospital. So get well soon and come back home Icy. We have a

new resident. Mrs. Ollie Birnie in West One. If you know her come by and visit with her.

Here is a list of visitors for the week. Christine Robertson, Burmah Probasco, Jewell Price, Estelle Hinkle, Ethel Cross, Ruby Gooch, Gene Baird, Edna Duke, Vic and June Fraley, Elvis Childs, Dana Ellis, Beulah Denison, Tate Harris, Zacha Harris, Dixie Harris, Murry and Corene Stewart, Elva and Jack Crull, Jess Glover, Mr. and Mrs. C. did you know?

Electricity is vital to our food supply. A full 16.5% of the energy consumed in the United States is used in the production, processing and distribution of food. Additional electricity is used by businesses like farm equipment dealers and feed suppliers who depend on agricultural sales. Managing electricity wisely helps the farmer, the utility company and each of us, since the cost of electricity directly affects the price we pay for food at the supermarket.

Sam Thomas, Agricultural Development Manager, Amarillo.

Air leaks in your home can increase your yearly electric bill by 20 to 40%. Air can enter your home through cracks around doors, windows or any other place where two materials or parts of the house meet. To find air leaks around your home, wait for a windy day, then turn off your furnace or air conditioner. Hold a small piece of tissue or a candle next to cracks around windows and doors. If the tissue or candle flame flutters, leaks are reducing your home's energy efficiency. Weatherstripping and caulking can help plug these leaks and save you money, too.

Helen Hernandez, Order Clerk, Carlsbad.

Caring properly for portable appliances improves their safety and efficiency. Always plug an appliance cord directly into a wall outlet, rather than into lightweight extension cords. Unplug the appliance immediately after use. When disconnecting an appliance, pull the cord plug from the outlet first, then remove from the appliance. Always grasp the plug itself; do not pull on the cord. When cleaning portable appliances, first check the instruction book to see if the appliance is immersible. Then wash it with hot sudsy water and rinse and dry thoroughly. And always read the instruction book before using an appliance for the first time.

Joy Parnell, Consumer Service Representative, Lubbock.

The strike has helped!! With only three games to choose from I had 100% correct. I see my counterpart is living in the past. He is still guessing or predicting as I am sure he or she or it would say the NFL games. Yocal must really be outstanding in his field. Way out where there aren't any television sets or he would have known about the strike. I do feel I am taking advantage of him. I do watch TV and read alot of newspapers.

The pride of the Horns is still held high. They jumped on the hares of Ralls astoundingly well. They have arrived. With this momentum they should

trample the hopes of Abernathy. My crystal ball forecast a 14 point wind by the Horns. Hook em Horns.

The Raiders of Tech almost cost me this past weekend. If football was like horseshoes and being close counted they would have been great. They spotted the Bears to many turnovers. Their next opponent seems to come from College Station. It's a small school with only a little football tradition. If Tech plays hard, does not turnover the ball, scores alot of points, holds the opposition to a few points, causes many turnovers by the wishbone they would win over.

Do not expect all of this or you will be

& Yocal

Boy, when I pick 'em, I pick 'em good! I knew them Lockney Longhorns had it. It just takes a while to get things rolling.

Now about that strike. I figured that the pro football team will be the last ones to strike. Don't worry they will be back on the field soon, we just can't survive without football.

Local, ol' boy I see you're getting better at this forecasting game. I should say guessing game because that is all you are doing. Your luck will run out soon and the folks around here will know that Yocal's the one to come to for fantastic football facts.

Cheer up son, I'll tell you what I'm gonna do. As soon as this here season is over I'm gonna be mighty generous and

teach you a few tricks of the grade. If you are lucky I might take a liking to ya and let you have my lucky rabbit's foot when I retire from this forecasting business. I have been offered as much as 75 cents for that lucky bit of fur.

But all of the lucky rabbit's feet in the world did not help them Raiders. They just had to go for the two point conversion. They shoulda known they couldn't get past those bears.

Tech will need more than luck to get past the Aggies this week. Either a small miracle or an act of Congress will get the Raiders out of the hole. Look for the Aggies to be triumphant by 14 points.

Floydada whirled past the hornsets just like I said they would but more so

disappointed. Aggies by 10 over the Raiders.

The Green and White of Floydada coached by Lovem Green Wilson will be looking for a revenge match with Littlefield. Littlefield will be trying to come back from last week's loss to Post. What will be the outcome? This Whirlwind fan expects the boys of Floydada to rise to the occasion and carry the tradition of Pride that Floydada has always had. Winds by 3 over littlefield.

I once again snuck a clue in the beginning read real close to see if you can find.

Those making the trip were Matt and Joel Mitchell, Lisa Terrell, Margie Torrez, Clay Adrian, Matt Williams, Julie Davis, Tonya Elam, Steven Cates, Isaias Ramirez, Erik Anderson, Boyd Jackson, Ronnie and Rainey Whittington, Gayle Anderson and Carolyn Whittington.

The Lockney schools are among six regional schools working in a cooperative with the Education Service Center in Lubbock. Dr. Woodie Coleman is the director of the cooperative. Levelland, Muleshoe, Plainview, Ralls, and Roosevelt schools also are participants.

Dr. Feldhusen, president of the National Association of Gifted Children, also directs that program at Purdue University.

Guess who I am and end this roast.

Film shown at 4-H Club

The Lockney 4-H Club met Monday night, August 20, in the ag building.

Program chairman Matt Mitchell showed one of the Dobson films "Preparing for Adolescence."

Refreshments were served by Matt and Joel Mitchell, Keith Hight, and Scott McCarty. Sixty members were present with a total of 76 in attendance.

Heather Holt led the recreation. New members joining were Melany Thacker, Jason Lusk, and Scott Howard.

The 4-H Banquet will be October 2 at the Lockney Elementary School. It will

be formal. Afterwards, there will be a dance and recreation at the Pastime Arcade.

Any interested youth between the ages of 9 and 19 may sign up for cooking

by calling Mary Ann Kring or Charlotte Mitchell.

Anyone interested in an animal project could call one of the county agents if interested in showing a hog, steer or sheep.

Q: Does it really help a car's value to keep its finish looking new?

A: In a word...yes! When we put that question to the used car managers of large auto dealerships, they said that they often have two identical cars on the lot, both the same year and model with the same equipment. Even though they were mechanically the same, the finish of one looked as if it were just off the showroom floor. The second was noticeably rusted, dull and spotty. The difference in price? \$600! Appearance is the first thing people look at in a used car. If a car's appearance turns the buyer off, no amount of persuasion can get them to even get in and start the engine. The moral of the story? Proper care of a car's appearance is an investment that will definitely pay off at trade-in time!

Today's Lifestyles

By Marilyn Tate
County Extension Agent

"Be a Super Snacker" is an in-depth educational program being sponsored state-wide this fall by the Texas Agricultural Extension Service. During the next few weeks, my column will focus on the selection of nutritious snacks. If you would like more information on the topic, please call me at 983-2806. I have literature available especially for children as well as adults.

Who Controls Your Snacking Choices?
Do you really control your snack choices - or do your habits control you? If changes are needed, only YOU can decide to make them - and that will depend on four steps:
- Specific goal
- Learning nutrition basics,
- "Unlearning" misinformation, and
- Changing your traditions

Few of us eat foods because we have been told that they are "good for us", particularly when it comes to snacking. In fact, health may be one of the least effective motivations for change.

Step 1 - Specific Goal
Most of us will respond to a specific goal, however—weight reduction or diabetes control, for example, so setting a specific goal is Step 1. Of course, if we can see health as part of our specific goal, then this first step in controlling our food choices will be a stronger one, especially where snacks are concerned.

Step 2 - Learning Basics
The second step in controlling snack choices is understanding nutrition basics—and how snacking can fit into each day's total nutrition picture. We need facts that point out pathways to our nutrition future and suggest the time and effort that success will require. Most of us are interested in nutrition only if it means something good will result today. We seek immediate results, and we are not too realistic about the time and effort needed to reach or obtain our desired goal. Learning nutrition basics will help us be realistic for now and for later as we make meal and snack choices throughout life.

Step 3 - "Unlearning"
Learning and "unlearning" is a never ending process, and nutrition education is not a simple process. Changes in types and forms of foods will continue at a pace which staggers the imagination. Choices we face now will become even greater in the future, so there will be "unlearning" along with the learning. Realizing that this is a constant process which will go on throughout life will make this step in changing our eating and snacking habits more successful.

Step 4 - Change
The fourth step is developing the ability to actually change.

One key to success is knowing how strongly food habits become entrenched in our daily routines. Their grip is so strong that we often fail to recognize that the laws of nutrition apply to everyone—or we ignore that fact.

How do we know if we need to change? Start with self-analysis:

How does your overall dietary pattern affect your lifestyle and health? How does your lifestyle determine your eating habits? Do you make food choices on impulse, or are you rational about your choices?

Do you really understand why you choose the foods you eat? Remember that for most people, the price of food items does not play a central role in consumer decisions. Cost does limit our purchases, but it doesn't determine our eating habits.

Here's one last "food for thought" question: Do you really control your snack choices—or do your habits control you?

4-H offers a variety of projects

How would you like for your son or daughter to join 4-H? They can, you know, if you really want them to, and Floyd County 4-H would be happy to have them.

4-H is a national youth program for all youth between the ages of 9 and 19 regardless of race, color, ethnic background, economic status or cultural differences. The Texas 4-H program is administered by the Texas Agricultural Extension Service, a part of the Texas A&M University System.

The purpose of 4-H is to develop leadership and character in young people. 4-H'ers learn by doing through actively working on projects and participating in club meetings and 4-H activities, says Benny Butler, Floyd County Extension 4-H program Coordinator.

Youth can participate in a variety of projects in 4-H, such as foods, clothing, animal projects, electricity, photogra-

phy, arts and crafts, and many, many others. In fact, almost anything you want can be a project, points out Butler.

Most important and most of all, 4-H is lots of fun! Where else can you get together with other people your age and have fun while you learn? Boys and girls in 4-H are always on the move doing something and participating in various activities.

For instance, the 4-H shooting sports projects attract numerous youngsters each year who are interested in riflery, trap and skeet, and archery.

Livestock projects give youngsters a chance to be responsible for an animal and enter stock shows where they learn competitiveness and sportsmanship.

4-H'ers can even learn to make their own clothes through clothing projects.

Besides projects, other activities such as the share-the-fun give youngsters a chance to participate in organized recreation. County 4-H Camp is the

time for playing games and making new friends. Members in 4-H can go on trips, take tours of interesting and educational places, and help finance their college education with scholarships awarded through 4-H.

Boosting the 4-H program is the private sector which provides great resources of money, personnel and materials for the advancement of 4-H. The many business and industrial leaders who support 4-H give significant testimony that 4-H is a valuable educational program for America's youth.

Remember, you are what you want to be in 4-H, emphasizes Mr. Butler. It is educational, interesting, challenging and lots of fun. If you would like to enroll your son or daughter in 4-H, contact Benny Butler at the County Extension Office (983-2806).

NATIONAL 4-H WEEK . . . OCT. 3-9

4-H: distinctly American

4-H is as American as baseball or apple pie!

This American educational program for youth had its beginning around the turn of the century. In fact, it followed on the heels of a Corn Club organized in Jack County, Texas, in 1908 and has flourished ever since, points out Benny Butler, Floyd County 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University System.

The nation boasts a total of some 5 million 4-H youth between the ages of 9 and 19. More than 140,000 of these are Texans. Youth enrolled in the 4-H program in Floyd County total over 130.

More and more 4-H'ers are coming from urban areas. In Texas, about 49 percent of the 4-H youth now come from larger urban and suburban areas. However, more than half the Texas 4-H'ers live on farms or ranches or in towns of under 10,000 population.

Adult volunteer leaders are a valuable asset to 4-H as they give freely of their time and talents in assisting in the

educational efforts of the 4-H program. There are a half million 4-H volunteer leaders across the country and 15,000 of these are in Texas. Floyd County is proud to have the leadership of over 25 volunteers who contribute much of the overall success of 4-H.

The 4-H program also receives widespread financial support from various businesses, corporations, and foundations all over the nation. In this state, the Texas 4-H Youth Development Foundation garners support from the private sector, both individual and business, to support many 4-H activities.

While the 4-H program has enjoyed much success in the past, now is the time to lay the groundwork to face the challenges ahead. Challenges are plenty as 4-H strives to assist youth along the road of life and to prepare them to be the leaders of tomorrow's America.

Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

4-H—
a family affair

4-H week theme

'Pathways to the Future'

Encouraging 4-H members to become responsible, productive citizens is the purpose of "Pathways to the Future," the theme of National 4-H Week, October 3-9.

"During National 4-H Week, nearly five million 4-H Members across the nation will rededicate their heads to clearer thinking, their hearts to greater loyalty, their hands to larger service and their health to better living," said Dr. John Pelham, state 4-H and youth leader with the Texas Agricultural Extension Service, Texas A&M University System.

Members of America's largest out-of-state youth educational organization and 568,000 volunteer leaders will celebrate with activities aimed at promoting individual growth and accomplishment, creativity, social responsibility and family involvement, he said.

Texas boasts about 140,000 members and has a support force of some 19,000

junior, teen and adult volunteer leaders. Reviewing 4-H projects in Texas, Pelham pointed out that the top five projects the past year were food-nutrition, electric, safety, clothing and horse.

"In the past five years the top 10 projects have been about the same, though they frequently change positions," said the 4-H leader.

"4-H members learn far more than specific skills with projects such as food-nutrition, animal science, forestry or gardening," Pelham said. "They also learn to keep accurate records, make oral presentations and develop life-long management, consumer and communications skills."

Young people from 9 to 19 may participate in 4-H through organized clubs, special interest groups, nutrition education programs, television series, short-term activities and camping, he explained.

MARKETING ALTERNATIVES FOR COW-CALF PRODUCERS

Fall is always a critical time of the year for cow-calf producers because it's then that they must usually make marketing decisions. The best decisions, however, come after looking at all possible alternatives.

Marketing alternatives for cow-calf producers include holding calves over winter, backgrounding or feeding calves during the winter months, forward contracting, retaining ownership through feeding by placement into

custom feedlots, and simply marketing calves this fall.

Short-term prospects for feeder cattle must be considered when reviewing these various marketing alternatives.

Some positive factors for the feeder cattle picture are these:

1. Feeder cattle prices should decline only slightly in the third quarter and show some strength late in the year.
2. Commercial cattle feeders have rebuilt some equity in recent months.
3. Total 1982 meat production will be down about 4 percent from last year.

4. Competing pork prices are expected to remain firm into the fall.

5. Cheap feed and good grazing exists throughout most of the West.

6. Available feeder cattle supplies appear no larger than last year.

Negative factors for the feeder cattle outlook are the following:

1. Profit margins for cattle feeding are narrowing.
2. Equity positions of most cow-calf producers have been sharply eroded.
3. Financing costs have come down but still remain high.

4. Beef production is expected to increase in the last half of 1982 and throughout 1983.

5. Unfavorable general economic conditions still prevail.

All these factors—both positive and negative—must get careful attention as cow-calf operators look toward the months ahead and ponder their individual situations.

Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socioeconomic level, race, color, sex, religion, or national origin.

Stenholm says loans available

Congressman Charles W. Stenholm (D-Stamford) has announced that Economic Injury Disaster Loans from the Small Business Administration will be made available to small businesses in 22 counties of the 17th District.

"These are counties which suffered extensive rain and hail damage this June," Stenholm said. "Because agriculture is the foundation of the economy in so much of West Texas, many small businesses in the region find themselves in dire straits through no fault of their own."

The SBA disaster loans, Stenholm added, will provide needed assistance to many businesses in the 22-county region, including firms such as cotton

gins which depend heavily on farmers for their economic health.

Special disaster payments and other farm program benefits for cotton, wheat and feed grain producers were announced in July. In addition, the Farmers Home Administration is expected to make many West Texas counties eligible for emergency disaster loans to farmers in the near future.

Operators of small businesses in the 22 counties should contact the SBA for more details on the loans. Stenholm said. Three SBA offices in Texas will be dealing with the emergency loans, and will be open from 8 a.m. to 4:30 p.m. beginning Monday, September 27. One office is located at 2306 Oak Lane, Suite

110, Grand Prairie, phone (214) 263-9924; the second is at 1611 10th St., Suite 200, Regency Plaza, Lubbock, phone (806) 762-7481; and the third is at 205 E. 5th St., Room 122, Amarillo, phone (806) 372-2465.

Counties in the 17th District eligible for the SBA loans are Baylor, Borden, Coleman, Crosby, Dawson, Fisher, Floyd, Garza, Haskell, Howard, Jones, Kent, Knox, Lynn, Mitchell, Nolan, Seurry, Shackelford, Stonewall, Taylor, Throckmorton and Young.

Counties which will be in the 17th District beginning next year and which are eligible are Coke, Glasscock, Martin, Runnels and Sterling. The complete list of 68 Texas counties

eligible for the loans follows:

Andrews, Archer, Bailey, Baylor, Borden, Briscoe, Carson, Castro, Childress, Cochran, Coke, Coleman, Collingsworth, Cottle, Crosby, Dallam, Dawson, Deaf Smith, Dickens, Donley, Fisher, Floyd, Foard, Gaines, Garza, Glasscock, Gray, Hale, Hall, Hansford, Hardeman, Haskell, Hockley, Howard,

Also, Hutchinson, Jones, Kent, King, Knox, Lamb, Lubbock, Lynn, Martin, Midland, Mitchell, Motley, Nolan, Ochiltree, Oldham, Parmer, Randall, Reagan, Roberts, Runnels, Scurry, Shackelford, Sherman, Sterling, Stonewall, Swisher, Taylor, Terry, Throckmorton, Wheeler, Wichita, Wilbarger, Yoakum, and Young.

Runners take part in cross country meet

Lockney runners participated in the Plainview Invitational Cross Country Meet at the Running Water Draw Regional Park Saturday.

Thirteen schools competed in the small school division consisting of A, AA, and AAA schools. Competing were participants from Boys Ranch, Crosbyton, Dalhart, Floydada, Lockney, Lubbock Cooper, Muleshoe, Nazareth, Roosevelt, Sanford Fritch, Slaton, Silverton, and Tulia.

Coming in for a close second was Judy Davis with a time of 2:29 for the 2-mile competition. That was just over the Dalhart winner who ran the 2 miles in 2:28.7.

Betty Kay Cates finished in 13:18 for eighteenth place and Veronica Vasquez placed 42nd among the 60 runners with

a time of 14:23.

The girls' small school division was won by Tulia with 55 points. Nazareth placed second with 69 points and Roosevelt third with 70.

Three Lockney boys also competed in the Boys Division I 3-mile race. They were Jason Hill, Paul Castro, and Terry Carlton. Neither the boys or girls from Lockney competed as teams. Muleshoe won the boys' title with 33 points.

In the boys' large school division Brownfield won the crown with a total score of 64. Coronado was second with 75 points, and Hereford scored 104 for third.

In the girls' division, Coronado won with 53 points with Hereford scoring 93 points for second and Caprock placing third with a close 95 points.

Eighth grade 'Horns remain undefeated

The Lockney 8th grade Shorthorns remain undefeated as they destroyed Ralls 42-0.

After a slow start the Horns put points on the board in the second quarter as Joe Torrez caught a 3 yard pass from Steven Cates. Daniel Rodriguez carried the ball in for the 2 point conversion.

In the second half Lockney ran wild. Steven Cates carried the ball in from about 5 yards out and Dickie Hernandez scored the 2 point try. A Ralls turnover gave the Horns the ball again, and Lockney took advantage. Daniel Rodriguez carried the ball in from the 5 yard line, and Dickie Hernandez carried the ball in for the extra 2 points.

The last play of the third quarter turned out to be a good one as Daniel

Rodriguez carried the ball 35 yards to paydirt. The extra point try failed and the quarter ended with Lockney in control 28-0.

Lockney ran only two offensive plays in the final stanza as the special teams scored twice for the Horns. Lupe Basaldua blocked a Ralls punt in the end zone and Chad Frizzell fell on it for the score. The extra point try failed. The final score came on an 80 yard punt return by Daniel Rodriguez. Rodriguez broke several tackles on the effort. After the two point conversion, the score was 42-0.

Steven Cates was chosen "Horn of the Week" for the 8th grade. The 8th grade will host Abernathy immediately after the 7th grade game Thursday night.

JV, Freshmen join to outscore Ralls

The Lockney junior varsity recorded its first win of the year. Lockney won the game with Ralls 18-14. Lockney suited up both the freshmen and junior varsity for the game.

The Longhorns started the game off quick in the first quarter with Brent Hallmark hitting Kelly Hayes on a 22 yard touchdown pass.

In the second quarter Lockney's Vince Balderas broke off tackle from 62 yards out to make the score 12-0.

The third quarter produced Ralls first touchdown when their tailback broke a run of 54 yards, they also passed for the two points to make the score 12-8. Shortly after the Ralls score, Balderas

scored again on a 42 yard run to make the score 18-8.

The last touchdown was scored in the 4th quarter when Ralls tailback scored on a 36 yard run. The final score was 18-14.

The outstanding freshmen players were George Basaldua, Jerry Mathis, Randy Race, Johnny Torres, and Raymon Cortez. The junior varsity standouts were Balderas, Hallmark, Ritchie Thornton and Billy Sherman. Abel Salas did an outstanding job punting.

All these athletes played hard and are getting better each week. The next game is at Abernathy Thursday at 2:00. The JV will play first followed by the freshmen.

Shorthorns victorious 22-0 over Ralls

The 7th grade football team got off to a slow start last Thursday, but came away with a 22-0 win over Ralls.

The goal line was not crossed in the first half by either team, but the Shorthorns came alive in the second half. Javier Bernal scored from about 7 yards out in the 3rd period, but the try for 2 failed.

Later in the quarter Bernal scored again from the 20 yard line. He also ran

in the two point conversion. In the 4th period it was Bernal again who scored from about 30 yards out. Matt Williams scored the two point conversion to end the scoring at 22-0.

The 7th grade "Horn of the Week" honors went to Fernando Elias for a fine defensive effort.

The Shorthorns will play at 5:00 p.m. Thursday against Abernathy here in Lockney.

PLAYERS OF THE WEEK for last week were: bottom [l-r] Gonzales, Kyle Brock, Victor Rodriguez and Tony Rodriguez. Ritchie Thornton, Ricky Key, Monty Teeter; top [l-r], Greg

FFA enjoys cookout

BY GARY BIGHAM

The Lockney Chapter FFA held a meeting and hamburger cookout Wednesday September 22 at 8:00. There were 43 members present.

The first item of business in the meeting was to elect the 1982-83 FFA sweetheart. Libby Williams was elected and Karen Mathis was runner up.

FFA dues were set at \$5.00 for this year and the price of rent for animals pens was set at \$3.00 per head.

When the business session ended the president told the members of the future FFA activities. In October the Greenhand initiation will be held. In November, a game warden will give a speech on gun safety. To wind up the year, the FFA and homemaking classes will have a joint Christmas party in December.

After the meeting, everyone had hamburgers.
