Mackenzie Municipal Water Authority opens bids for project

Neil Taylor manager of the Mackenzie Municipal Water Authority reports that the Directors for the Water Authority met in the District Court Room at Tulia on October 24, 1982 to open bids on the Mackenzie Water Project.

Taylor reports that the Directors are very pleased with the interest shown by the contractors and suppliers who came from all over the state of Texas and from ten or 12 other states, including California, Virginia and Tennessee. Approximately 150 contractors and suppliers attended the bid opening, which took over three hours to open and read. There were over 80 separate bids submitted, with many of them containing alternate bids. The Engineering Firm of Freese and Nichols, Inc. of Fort Worth stated that this was the largest number of contractors that they have ever had to attend a bid opening, the longest time ever spent in opening bids, and a record number of bids to be submitted.

Bids were taken for construction on a water treatment plant, raw water and transfer transmission pipelines, transmission lines from the reservoir to Floydada, Lockney, Silverton and Tulia. Bids were also included on separate pump station construction. They are:

1. Raw Water Pump Station
2. Lockney-Floydada Pump Station
3. Silverton-Lockney Pump Station
4. Tulia Transmission Pump Station
5. Tulia High Service Pump Station

Bids were taken on pumping equipment (26 close coupled vertical turbine pumps with motors) for six different locations, along with bids on furnishing and erecting steel ground storage tanks: 2 Tanks - 1.5 MG each and 2 Tanks - 0.625 MG each.

Contractors could bid on the entire project or on one or more of ten separate segments of the project. This was done so that smaller contractors could compete with the larger contractors. Also included on the bid sheets were different makes of transmission lines and pumps and other equipment.

The Directors will meet with the Engineers Thursday, November 4th to review the low bids and hopefully contracts can be signed in the next few days. Construction on the project could start within the next four or five weeks.

The entire project will cost approximately 12 million dollars which is about 2 million less than was originally estimated.

Nurse injured in car accident

Mrs. Phil (Kathi) Hubbard, a nurse at Lockney General Hospital, was injured in a one-car accident Sunday morning, October 24, about 6:00 a.m.

Mrs. Hubbard had left her home in Silverton going to work at the hospital when the accident happened. Her husband discovered the wreckage about

8:30 a.m. after he had been contacted by the hospital that she had not arrived for work.

She was taken to the Lockney Hospital by the Silverton Volunteer Ambulance Service and was transferred to Lubbock General Hospital.

She was placed in the orthopedic unit.

She sustained a cracked vertebra and a concussion, and several stitches had to be taken in her head.

Mrs. Hubbard was released from the Lubbock hospital Saturday. She will have to wear a brace on her back for some time, but no paralysis was caused due to location of the broken vertebra.

OLE McDONALD'S FARM was presented by 52 Lockney second graders under the direction of Amy Thornton, elementary music teacher. Mrs. Thornton also wrote the narration for the performance. Speaking parts were acted out by: Carolyn Turner, mother of visiting children; Jason Lusk,

Scout-O-Rama to be held in Lubbock

To allow the public an opportunity to see youth in action, the South Plains Council's Scout-O-Rama unfolds Saturday, November 6, at the Lubbock Memorial Civic Center. Scouts of different age groups will demonstrate skills and knowledge dealing with a vast range of subjects from 1 to 5 p.m.

The Scout-O-Rama will also celebrate world Scouting's 75th anniversary, with the theme, "Footsteps of the Founder." This relates to the movement founding by Lord Robert Baden-Powell in 1907.

Local Scouts are selling Scout-O-Rama tickets for \$1 each. Included are a coupon worth \$1 from Burger King and Arby's in Lubbock and a free line of bowling.

The Scout-O-Rama is a booth style show designed to display "The finest skills of the Scout movement" to the public. Each booth tells a complete story in displays and live action.

Cub Scout packs are to demonstrate skill crafts, how to make Indian war shields, woodcarving, leatherwork, plaster casting, telegraphy and hectography. One pack will demonstrate how to make tapestry and another group is to exhibit the uses of windpower.

Scout troops will show basic skills in knots, map and compass, pioneering projects, camping and first aid. Scouts will also use computers, make totem poles, teach rope making and stain glass craft.

Special booths dealing with space exploration, energy and theater magic will be featured. One troop will even print bumper stickers on the spot.

Explorers -- teenage co-ed groups -- are to exhibit their skill in rappelling, sail planes and medical self help. Other high adventure programs will be shown.

A new feature this year will be the competitive skill competition arenas. Scout Scouts, Scouts and Explorers are to have a chance to "show their stuff" in timed or competitive events.

Q: What is the best cleaner to use to wash my car?
 A: Since most cars are made up of eight completely different surfaces (acrylic paint, vinyl, chrome, rubber, plastic, glass, cloth and sheet metal), that is another complex question. First, let's start with cleaners that are not recommended: Laundry detergents usually have extremely high alkaline levels that hurt a paint job. Soaps can also damage a finish and even if you should find one that chemically cleans well, it may not rinse off well, leaving a filmy dull finish. Commercial carwashes use cleaners that automatically dispense special chemicals in the right proportions.

Scouts win blue ribbon

Lockney's Pack 259 of Cub Scouts entered in the annual Haynes District Scout-O-Rama that was held in the Hale County Agriculture Center on Saturday.

The Scout-O-Rama was a booth style show designed to display the finest skills of the Scout movement to the general public. Each booth told a complete story in displays and live action.

The local pack's blue ribbon display was entitled "American Indian Cultures." Their booth contained an Indian Pueblo Village, Indian names and signs, Indian food, and an Indian seed toss game.

The booth was judged on neatness, uniforms, first appearance, and scout participation.

Cub Scouts participating Saturday were Mark Gatica, Justin Adams, Jerry Don Evans, Coy Davis, Lance Patridge, Timothy, Manley, Jayson Lusk, David Turbeville, and Christopher Gonzales.

Leaders participating in the event were Charles Smith, Cubmaster, Susan Patridge, Freda and Tommy Davis, and Pat Gonzales.

The leaders and Cub Scouts of Pack 259 expressed their gratitude: "We wish to thank the local businesses for buying ads in the Scout-O-Rama book given to everyone in attendance at the Plainview and Lubbock Scout-O-Ramas. Thank you also to the people of Lockney and surrounding areas for buying tickets to help the local pack make money. This is our first year to participate and with your help we had a very successful booth at the Plainview Scout-O-Rama. With your support, we

hope to enter again next year."

The South Plains Council Scout-O-Rama will be held in the Lubbock Memorial Civic Center on Saturday, November 6.

A special thank you to all the merchants for their contributions and time and effort put into a good cause for the Tiger Cubs just starting out in the Lockney location and hopefully can continue to grow and learn through the Cub Scouts. All proceeds were used for Tiger Cubs and Cub Scouts to enhance their programs for the future.

We hope the generosity of these Lockney merchants will be returned four-fold through our youth: Brown's Department Store, Rowell's This-R-That, Schacht's Flowers, Byrd's Pharmacy, Mize Pharmacy, Shadow Box, and First National Bank.

Webbs take trip

Mr. and Mrs. Floyd Webb and their son and his wife, Mr. and Mrs. Gene Webb of Sweetwater, recently took a trip traveling through the southern and eastern states.

They drove through Arkansas, Tennessee, Georgia, North Carolina, Virginia, West Virginia, Maryland, Kentucky, Alabama, Mississippi and Louisiana.

While on the trip they drove through the Smokey Mountains, Blue Ridge, Sky Lane Drive, and the Shenandoah Valley.

They all enjoyed the trip but were glad to be back home in Floydada.

Artie Webb wrote the following about their trip:

My Dream Trip

When we reached the top of the Smoky Mountains. God had been there long before, with his easel and his paint brush there was beauty to behold.

Splashes of yellow, red and crimson, with a tall green tree and a gold tree stood beside it. Oh such beauty for us to see.

Then we drove up higher into the mountain and a big cloud fell all around, shutting out all the color and we could not see the land, we felt so close to Heaven we could almost touch God's hand.

When we drove out in the sunlight, with white clouds floating down below.

with the sunlight shining on them made them glisten just like snow.

Four days we drove o'er those mountains, Smokies, Blue Ridge and Sky Lane Drive, on into the Shenandoah Valley we saw beauty to fill us with wonder and surprise.

Deep down below us, lay a valley with a meadow oh, so green, cattle grazing on it, and a house to complete the scene. A big red barn behind it making it look so serene.

We saw streams of rushing water, beautiful falls far up above and we stood and gazed in wonder, could we ever forget such lovely scenes of love.

Then we drove on down the mountains to a valley far below. And we looked back on all that beauty knowing it soon would be covered over with snow.

So we turned our journey homeward, back to Texas we all love. Wide open spaces all around us, home with friends we all love. Now I'll fold away my memories of all the beauty we have seen.

But someday when I'm shut in the house, away from the sleet and rain, I'll take them out of my memory bank and see that trip again.

Well, Halloween has come and gone for another year. Our Halloween season won't soon be forgot thanks to the generosity and kindness of many friends. We send a special thanks to the member of the El Penserosa Study Club for the lovely Halloween Party they gave Saturday Night and special thanks to all the little ghost and goblins the club brought. They really brightened up the party and our lives.

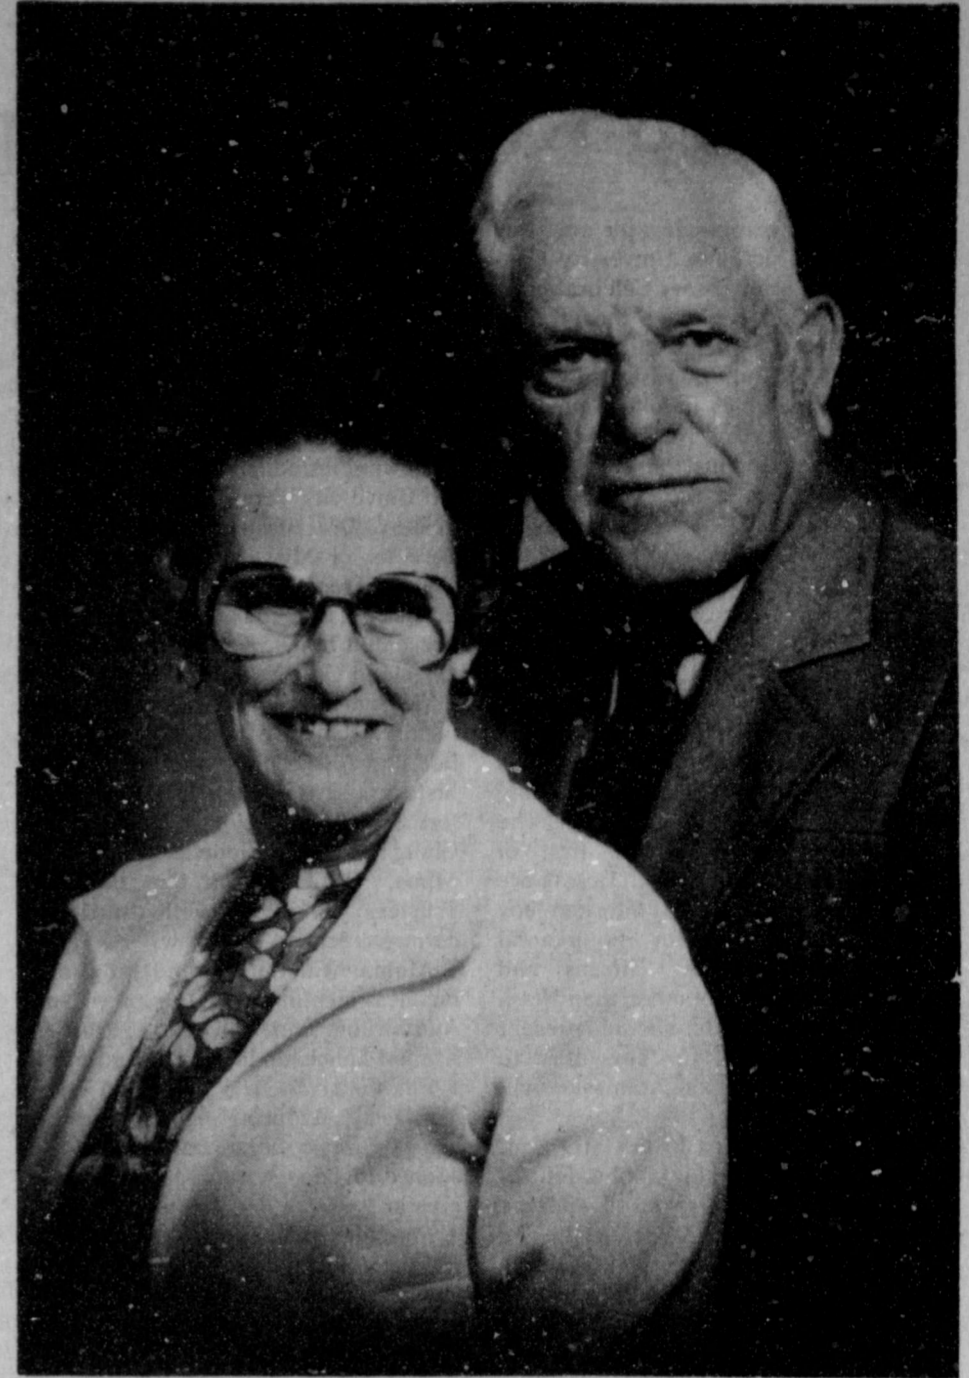

Our bingo winners this week were Myrtle Payne and Richard Lanhan. Bingo just didn't seem the same this week without our faithful volunteers.

DeLinda Glasson and Almeda Phillips. They were unable to be with us because they had visitors. Absence does make the heart grow fonder.

Our exercising with parachute during Music Therapy has become a big thing. It is very enjoyable and it enables us to be more outgoing and to socialize more.

Mamie Wofford, Marie Leach, and Martha Powell are in Lockney General Hospital. We hope they are feeling better and able to return home soon. They are truly missed!

Until next time: enjoy.

50TH ANNIVERSARY CELEBRATION—Mr. and Mrs. M.W. Hartman will celebrate their 50th Wedding Anniversary November 7, 1982 from 2-4 p.m. at the Lone Star Baptist Church, Lockney, Texas. Children, grandchildren and friends who are hosts for the occasion invite all of their friends, relatives and neighbors to join them on this special day to be remembered always.

I think it is winter. Jack Frost has hit. Monday we had ceramics and had a good group. We had about eight residents to paint.

Tuesday's we have Bible Study and have a fair group there.

Wednesday we played bingo. I just had one bingo player and that was Una Clark. Mrs. Clark won seven games. The other player was busy and didn't get to play.

Thursday the volunteers came and we had a pie party for the residents. They really enjoyed that party. Some of the volunteers were dressed in costume.

Friday we played games. The residents enjoyed the games alot.

We have a new resident. Alma Ruth Nelson is in south seven. If you know her come by and visit with her. She

would like it alot.

We want to thank Scott Faulkenberry for the pumpkin he brought out to the home for the residents and all.

Bits of Humor, Trivia, and an occasional Word of Wisdom

It's not necessary to take a person's advice to make him feel good. All you have to do is ASK for it.

Advice is what a man gives when he's gotten too old to set a bad example.

You know you're getting old when the gleam in your eye is just the sun hitting your bifocals.

A young photographer told an old man, after taking a picture of him on his 90th birthday, "I hope I'll be able to take your picture when you're 100." to which the old man replied, "Why not? You look pretty healthy to me."

At twenty, a man thinks he can save the world. At thirty, he's happy if he can save a little of his salary.

The world's greatest mystery, from a married man's point of view is: what in the world does a bachelor DO with all his money?

Seems like every time we get some money saved, it's because we forgot to pay a bill.

Don't you forget that this is a time of year when crime is on the increase. Be sure your money and possessions are safe. Deadbolt locks can make the difference. Call today for a free security check.

Cotton transportation changed

Cotton May Take Train: A U.S. Department of Agriculture report indicates rail transport of baled cotton may be a better option than in the past, largely because of recent rail and motor carrier deregulation. Based on a study sponsored by The Cotton Foundation, the report notes that continued rises in energy prices could shift some cotton to rails. Deregulation also gives carriers new flexibility

in contracting for rates and services. **Export Sales Reported:** Net new sales for the 1982-83 marketing year increased by 38,500 running bales for the week ended October 14 to bring the new season's total commitments to 2,889,400 bales. Major buyers were South Korea, 7,500 bales; Indonesia, 5,800; and Japan, 5,100. Exports for week totaled 47,100, according to the National Cotton Council.

Agricultural Productivity Value Agricultural producers who forgot to apply for ag-use open space or timber use designation on their land before the end of the rendition period, may, in certain cases, still apply for and receive productivity evaluation. Provisions in the Property Tax Code permit late applications prior to approval of the appraisal record by the appraisal review board. **Late Homestead Filings** Section 11.431 of the Texas Property Tax Code allows taxpayers to make application for residence homestead

exemptions after the filing deadline has passed, so long as they don't apply more than a year after the date the homestead taxes were paid or became delinquent (whichever is earlier). If homestead taxes have already been paid, the collector must refund the tax imposed on the homestead exemption, but only if directed by the chief appraiser. The chief appraiser has sole authority to approve or deny any late filings for homestead exemptions. **FmHA Interest Rates** The Farmers Home Farm Operating Loan interest rates is reduced to 11.5%

on November 1, down from 13.25%. Farm ownership loans are to be reduced from 13% to 11.5%. Limited resource ownership loans will drop from 6.5 to 5.75% while limited-resource operating loans will go from 10.25% to 8.5%. Emergency loans for those who could not get credit elsewhere for the actual losses from disaster will drop from 16.25% to 14.25% rate. **CCC Reports** The Community Credit Corporation reported that as of August 31, 1982, their inventories and commodity loans totaled \$14.8 billion. Loans outstanding

totalled \$9.8 billion, and inventories \$5.0 billion. A year earlier, CCC had a total investment of \$7.5 billion, including \$3.7 billion in loans outstanding and inventories of \$3.8 billion. **Toxaphene Use Limited** The EPA has announced it intends to cancel all major uses of the pesticide toxaphene except cattle and sheep spraying or dipping. Toxaphene is used mostly in the southern states on cotton, wheat, beef cattle, soybeans, and peanuts. This decision was made after the National Cancer Institute established toxaphene as a cancer-causing agent in test animals.

Disabled Veterans Week is November 7-13

Disabled veterans — those who use a wheelchair or a prosthetic or orthopedic device — may be entitled to an annual clothing allowance of \$305 from the Veterans Administration.

The clothing allowance normally is paid on August 1st of each year to such veterans with service-connected disabilities to assist them in their normal daily living.

Congress has recognized that use of such devices can damage a veteran's

clothing. Therefore, it authorized the annual payment. The special allowance is in addition to the veteran's monthly compensation from the VA for his or her specific disability, or military-retirement pay.

For further information, telephone the Waco VA Regional Office toll-free number listed in your telephone directory, or contact your county service officer.

Lockney Jr. Varsity loses to Post 'Lopes

Lockney moved the ball on the ground at times as well as they have all year, but they couldn't put the ball in the end zone. Post won 0-60. The running of Vince Balderas, Ritchie Thornton and Billy Sherman proved to be bright spots for the Longhorns.

through the air and on the ground against Lockney. The Longhorns kept trying to stop the Post JV. On defense Paul Moats and Jim Ansley played Well.

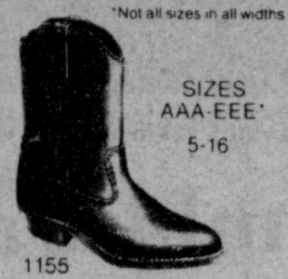

The "Horns of the Week" are Paul Moats, Kelly Hayes and Billy Sherman. The junior varsity plays next Thursday at Childress after the freshmen.

Shorthorns fall to Antelopes 14-24

The 7th grade Shorthorns lost a hard-fought battle to the Post Antelopes last week 14-24.

Post scored two touchdowns early and led 0-16 just before halftime. Near the end of the second quarter Todd Hallmark hit Jimmy Ballejo on a long pass to set up a touchdown. Post led 6-16 at halftime.

Post scored first in the second half and were ahead 6-24 until the closing seconds of the game. Todd Hallmark lofted a pass deep for Jimmy Ballejo. The pass was tipped several times, and

fell into the hands of Pat Briggs, who went in for the final score. Javier Bernal ran the ball in for the two-point conversion.

The Horns will play here again Thursday against Childress at 4:00 p.m. The "Horn of the Week" was Boyd Jackson.

Post slips past Shorthorns

The 8th grade Shorthorns lost to the Post Antelopes by a score of 6-22 last Thursday.

Lockney moved the ball well the entire game, but lost seven fumbles and one pass interception.

Lockney's only score came on a kick-off return by Daniel Rodriguez for 80 yards.

The Shorthorns will play their last game Thursday following the 7th grade game. The games will start at 4:00 p.m. in Lockney. The 8th grade "Horns of the Week" were Ricky Brotherton and Matt Mitchell.

Local

Two out of three is a 200% improvement over last week. The Raiders went to sleep on me Saturday. The Winds had plenty of spirit Friday night and the spirit line looked great from my vantage point. The Post Antelopes proved much too much for the Horns.

My highly touted computer picks for this last week of the season goes something like this.

Whirlwinds will blow away the Slaton Tigers by 14 points.

The Horns crippled by several injuries to key players will put up a strong battle against Childress Friday in Lockney. Horns 14 - Childress 10.

TCU could prove to be too much for the Raiders if they lay down and play

dead again. But alas the complete computer controller says Jerry Moore won't let that happen. Raiders by 10 over the Frogs to break a 3 year jinx.

Now Mr. Yocal, I think I know who you are from your great clues last week.

Let me review what I have given as clues, used to farm, have 3 children, drive cowboy Cadillac, have a mustache, travel north to south, played Longhorn basketball in the 60's, my number 21, graduated with Lavon, Terry, Ronnie, Cheryl and Katy.

Use your luck
Win a buck
Guess who I am
and end this scam.

& Yocal

Now we're into the final week of this guessing game...I mean football forecasting.

Local, my hat is off to you for dropping that sentiment routine and getting down to basics. This forecasting is a rough business with a lot of hard work and little to no thanks.

Two out of three for both of us this week, but my heart is saddened with the defeats of 2 wonderful teams. After losing to Washington last week the wounds still are unhealed. The Raiders may have gotten their stuff together but they certainly couldn't remember where it was last seen. The University may be swift but not nearly as swift as the Texas quarterback, Robert Brewer's nervy, braggadocious mouth. Let's see if he feels like he's cheating the other team when Houston gets through with him.

This week finds Lockney hosting Childress. The long, scenic, bus trip should be enough to stir up Childress, enabling them to hand the Longhorns a defeat of at least 7 points.

Floydada travels to Slaton and should have no trouble chalking up another

district win by 3 points. TCU will be winners against Tech in Ft. Worth.

The clues are still coming, the end draws near.

Have you guessed who I am, then stand up and cheer.

I'm a happy sort of fellow, a fool if you must.

I've been sent here to help you, in me place your trust.

If you haven't guessed who I am by now, you probably never will--anyhow.

I work for a utility, power is my trade, Service is my job--I promise I'll behave.

I've enjoyed this fun and frolicking about, now come on Local, don't you pout.

I know you're despondent, blue indeed,

But it wouldn't have been fun, if we both agreed.

I like your style, you're a fun sort of chap,

But it's friends like me who give you your clout.

I've enjoyed the time we've shared together,

And friends like you--well--there are no better.

TERRY MATHIS #44 manages to gain yardage against Post. Jackie Cunyus #19 gives blocking support to the run.

Fumbles and mistakes cost 'Horns

The Longhorns lost to the high ranked Post Antelopes Friday. The final score was 60-0.

The Longhorns had a good start. They played hard against Post, but the 'Horns were just out played.

The Longhorns did fight a gallant

battle. They played good on the ground but were no match for the Antelopes' passing game and noted runningback Milton Williams' tally of 144 yards.

The 'Lopes capitalized on the Horns fumbles and mistakes but the Longhorns did make a few major gains and blocked an extra point and an attempted

field goal.

Penalties also took their toll but the Longhorns did not give up even though the arrogant Antelopes mercilessly ran up the score.

The Longhorns will face Childress here in the last game of the season.

It hasn't always been this way

[Editor's Note: We are reprinting an article from the October 17, 1957 Beacon. We might point out that you may have to keep reminding yourself that this took place 25 years ago, but there sure are a lot of familiar names in it.]

Horns Travel To Post Friday; Seek 7th Win

The Lockney Longhorn eleven should have little trouble taking their third District 2-AA win and their seventh consecutive victory of the season Friday night when they travel to Post.

Post's hapless Antelopes evidently have too little of everything to pose as a serious threat to the Longhorns. The Antelopes lost 17 seniors from last year's squad and have only two returning starters. Post, whose largest starter weighs 159 pounds, has a very small team with an average of 147 pounds per man in the line and an anemic 134 pound average in the backfield.

Although Post has a hustling club, the Antelopes have not been able to win a game in five tries this season and were trounced, 33-0, by Slaton in their only 2-AA effort.

Coach Rudy Haile said this week that he was glad the Slaton game was behind the 'Horns. The flu-riddled Bulldogs, who were downed, 25-0, by Lockney last week, have one of the stronger clubs in 2-AA and are definitely the district darkhorses.

The Longhorn mentor especially praised John Hanst, Duane Griffith, Larry Hammit, Ronnie Harris, Dickie Barton, and Nelson Wofford for their performance in the Slaton contest.

Jerry Williams, Lockney's sparkplug halfback who suffered a bruised foot on his touchdown run in the final minute of play against Slaton, may see action in the Post game, according to Coach Haile. The coach said that everyone else should be in good shape and ready for the Post battle.

Starting lineup for the Longhorns against Post will be: center, Griffith; guards, Byron Brock and Coy Kidd or Harris; tackles, Hanst and Kelly Harri-

son; end, Hammit and Kidd or Donald Farish; quarterback, Billy Karl Race or Jimmy Minter; left halfback, Williams or Kenneth Holt; right halfback, Holt or Wofford; fullback, Barton or Kenneth Callaway. On defense the Longhorns

will send in Bill Musser, linebacker; Lane Crank, tackle; David Howell, end; and Cliff Hardy, halfback.

(Lockney came away with a 34-0 victory.)

Coaches Comments

BY BOB PURSER

The Longhorns ran into the state's number one 3-AAA team Friday night at Post. And the outcome was in question for a very short period of time. I think Post deserves the rating. I knew they had a good running back in Milton Williams, but the quarterback and receivers are very talented athletes too.

We were proud of the Longhorns' effort though, and the fact that they failed on the scoreboard was outweighed by how hard they played for the entire ballgame.

Our game this week against Childress will be very important for our team. Number 1: Lockney has not had a winning season since 1974. Number 2: We are tied with Childress for last place and the loser will finish the season in that position. Number 3: It is the last game for our seniors, and it will be their last chance to put into play a new program and a new tradition in Lockney.

Please come out and support the Longhorns in the final game of the season.

Lopes bypass Horns

The Lockney Freshman ran into a Black and Gold machine Thursday in Lockney as the Post Antelope freshman won convincingly 44-6.

The Antelopes scored 2 touchdowns in the first half to take a 16-0 lead. Lockney came out fired up in the second half, but their hopes were quickly deflated when Post ran the kickoff for a score.

Post gradually built the lead to 36-0 before the Horns put together a well-sustained drive. The drive was capped when Chris Rodriguez threw an 8 yard touchdown pass to Jack Torres. But Post ran the kickoff back for another touchdown to make the final score 44-6.

The Longhorn Freshmen conclude their season Thursday as they tangle with the Childress Bobcats in Childress.

This week's "Horn of the Week" was fullback Chris Rodriguez, who did a super job of running the football.

did you know?

As partners of Southwestern Public Service Company, you, our customers, are invited to an open house at the new coal-fired power plant near Muleshoe, Texas. We hope you'll tour the plant, Talk Station, November 20 or 21. Talk is located about 10 miles east of Muleshoe, just south of highway 70. The open house will begin at 10 a.m. and continue until 4 p.m. on Saturday, November 20; then continue from 1 p.m. until 4 p.m. on Sunday the 21st. As our partners, you have helped SPS make energy decisions which built Talk Station. Come see it.

Ben Green, Talk Station Manager, Muleshoe.

It won't be hard to find Talk Station. It can be seen across the plains from miles and miles away. The stack is 400 feet tall, and the structure which houses the boiler for the turbine generator is as high as a 20-story building. The great size is required for equipment large enough to supply the growing demand in our area for electrical power. Talk can produce enough electricity for 225,000 people.

Dave Cavitt, Manager, Muleshoe.

We are proud Talk Station's Unit No. 1 was completed for less than one-half of the national average cost for coal-fired plants. The 561,000-kilowatt unit began testing in June and began commercial service in August. Unit No. 2, which will be identical to Unit No. 1 at Talk, is now being built and is scheduled for completion in 1985. Our own generation-plant design engineers help us tremendously in keeping down the cost of the plants. And that helps us keep down the rates you pay for electricity.

Henry Hamilton, Group Manager, Production, Amarillo.

For answers to your questions, call or write your SPS manager.

You and SPS, partners managing electricity, make the difference.

Alarms could prevent burglaries

According to FBI statistics, ten years ago the chances of a home or business being broken into were one in 12. This year chances that a home or business being broken into are one in three.

There may be a solution. Billy Bowles, president of Star Security, says that burglar alarms can prevent home or business break-ins.

But, ordinary burglar alarms work after entry is gained.

"According to FBI statistics only 16 out of 100 burglars are caught with burglar alarms. Out of 100 burglars caught only 19 go to trial if charges are pressed; of these 19 only one is truly punished by going to prison. Of those sent to prison 81 percent are out in two years and back on the street," Bowles said.

With the sound alert type of alarm that Bowles sells it is possible to prevent the burglaries before they take place.

"The sound alert system can prevent night crimes such as burglary, vandalism, and arson. The system also provides daytime security preventing shoplifting, armed robbery, employee theft, and bad checks," Bowles said.

"People must realize that 95 percent of the burglaries are committed by juveniles, drug addicts, and non-professionals. They are looking for reasons not

to commit the crime.

"When the Sound Alert works, the only thing the criminal knows for sure is that he hasn't even committed the crime yet and someone or something already knows he is there. Why should he commit the crime?"

The Sound Alert system detects entry from all points of entry roof, doors, walls, windows and floor.

The Sound Alert system is endorsed by the Floydada Police Department and Floyd County Sheriff's Department. Bowles says that the price is the most reasonable in the West Texas area. The Sound Alert is guaranteed for 15 years.

Bowles has already sold about 45-50 units in Floydada. He says they are just as effective in rural areas. The system is so versatile that one could be installed in every home and business in Floydada and each one could be programmed to be different.

Bowles has had three years experience in crime prevention and alarm systems with 500 sales to his credit. He gave some security tips for the holiday season.

1. Locks will not prevent burglaries, but is the best policy to lock doors and windows. Install deadbolt locks.

2. Do not be afraid to call police if any suspicious actions are noticed.

3. Tell neighbors if you are going to be

out of town for any period of time, have them pick up mail and newspapers and watch your home.

Bowles stated that he is offering a discount during the holiday season. For more information he may be contacted at :806) 229-4501. The mailing address is Billy Bowles, Star Security, Box 817, Sundown, TX 79372. He assures "prompt personal service."

Christmastime

Dear Friends:

Do you like recognition? Cal Farley believed that a little recognition was important to each of us...you and me...and especially to our boys at the Ranch. With a family of nearly 400 boys from 5 to 18 years of age, we realize that developing self-confidence and incentive are two main goals that are necessary in working with the boys.

A couple of years ago, 13-year-old "Mark" came to the Ranch. His constant moving, living in five states in three years, along with a disruptive homelife had caused him to be rebellious and he was always fighting. Although he was a bright youngster, he was expelled from school more than he was there and he was called "dumb" so many times that he was beginning to believe it. Completely defeated, he assumed the "I don't care" attitude.

Trying to find some way to help, Mark's dorm dad prodded him into going out for the track team. Surprisingly, Mark found a hidden talent..he could run faster than most of the other boys. Finally he was winning for the first time in his life and the ribbons he earned brought the recognition and acceptance he craved. He learned that his grades must be good to be able to compete on the track team. He proved he could be a success, that he wasn't dumb and he could make good grades in school. Mark still needs a lot of encouragement to keep him motivated all year long but he knows that he can do whatever he sets his mind to...if he really tries. Teaching the boys how to work, giving them an opportunity for an academic and vocational education, teaching them about God and giving them love with affectionate discipline are all the ingredients for helping build self-confidence and success.

Every boy has a "spot" where he can excell. We here at the Ranch are continuing to find that special place for him...but it takes folks like you to help us help him. We would appreciate any help you can give us as we make a home for our boys now and plan for the future, too. Come by for a visit with our boys any time you're near.

We wish you and your loved ones a very fine Christmas season.

Sincerely,
CAL FARLEY'S BOYS RANCH

South Plains News

BY MRS. MURRAY JULIAN

South Plains, November 1:

The Baptist Churches are having the World Day of Prayer this Monday, November 1st, and in surrounding churches the First Baptist Church of Quitaque is acting as host for the event. The Quitaque church will have the program this Monday morning, from 9:00 to 12:00 o'clock, and then brunch will be served to all those in attendance. We pray for peace around the world.

In the business meeting at the South Plains Baptist Church Sunday evening, Wednesday night meeting was set at 7:00 o'clock each week and Sunday night church services are scheduled to remain the same, and will be at 6:30 p.m. The State Missions fund for the Mary Hill Davis offering was set at

\$257.00, and we are hoping for everyone to remember this, as it will be soon time for the Christmas offering for the Lottie Moon fund.

Mrs. Grigsby Milton (Lillie Maye) was in the Lockney General Hospital from Saturday morning at 3:00 a.m. when she became ill with a virus, and hopefully, she will be able to come home this Monday.

Mrs. Mamie Wood left Sunday afternoon for Lubbock where she is to visit with her daughter and family, Juanell and James Teague. Mrs. Wood was to take Mrs. Bonnie Moore, who now lives in Floydada, to the Lubbock airport where she was to leave for her folks in Jacksonville, Florida, and a visit with them this fall and winter. Mr. and Mrs. Johnny Boy Wilson of

Crosbyton were visitors at the South Plains Baptist Church morning services Sunday. They accompanied his folks John and Oleta Wilson of Floydada to the church services. They were visiting with them during the week-end.

Visitors noted at the morning services here at the Baptist Church were the Wilsons, Johnny Boy and Sue of Crosbyton, Mrs. Terry Roberts of Sterley, Keith Marricle of Floydada, Renee Sanders with her folks, and she is from Aiken. We were joyful to know there were about 50 present here for morning services.

Remember the next Hobby Club meeting here will be at the home of Mrs. Connie Sanders, who lives southwest of South Plains. The program will be on microwave candy making, and you are to bring a good recipe you have

for your favorite candy. Mrs. Mamie Wood will give the Thought For the Day. Time for the meeting is 2:00 p.m. November 10th.

Connie Johnson, Janis Julia and Kathy Mulder took a group of South Plains Scouts to Plainview Saturday afternoon for a meeting at the Hale County Ag Center in Plainview. Cub Scouts attending from here were Brian and Keith Teeple and Tracy Johnson. Boy Scouts attending were Tim Julian and Cory Mulder, with a guest Troy Johnson of South Plains.

BY MRS. J.E. GREEN

November 1, 1982:

Two months till New Years! Not very cold but windy. A nice Sunday. A good crowd at S.S. and church, good sermon, then dinner at the church.

Mrs. Vickie Latta and the four grandchildren of the Anthony Lattas visited "Aunt Green" recently.

Kenneth Mark Green of Waco for the Baylor Homecoming, where he graduated last May. It was almost "Hello and goodbye" to me.

Saturday I had a nice surprise. Sarah and Doug Chandler and my great grand of Lubbock came for a nice visit. We dined out. But they didn't stay long enough. Left before night.

At the Brewers: Mr. and Mrs. Joe Musgraves of Wichita Falls came and stayed over Sunday. The Ervin Brewers of Lubbock and the Millard Watsons came Sunday.

Mrs. Leo Frizzell and Mrs. Ava Jackson visited Sunday with Mr. and Mrs. Marion Carpenter.

Mr. and Mrs. Ernest Widener visited Sunday with his sister, Mrs. Roe Jones.

Mr. and Mrs. Bobey Fulkerson of Tulla visited Mrs. Charles Fulkerson Sunday.

Mrs. Fred Battey and Mrs. Ola Warren visited Mrs. Joyce Owens and three boys Sunday p.m.

Mrs. Ethel Warren visited Saturday

in Lockney with her sister, Mrs. Workman.

Mr. and Mrs. Plumlee had company from Amarillo part of last week.

Clyde Green called Sunday night to say they had a long distance call from his daughter Gretchen from Scotland where she and family are enjoying a two week's vacation - from his job in Pakistan.

Mrs. C.M. Meredith and a Mrs. Muncy were in Lockney Saturday visiting Bro. and Mrs. Clay Muncy at home where they are feeling better.

Doyle Sandifur is at home doing fairly well. Wiley Rogers is weak, but at home.

Alma Ruth Nelson has been transferred to the Nursing Home, doing fairly well. I haven't heard from Mrs. Ashton.

Mrs. Anthony Latta and I were in Lubbock at 10 a.m. Tuesday for last rites for a dear friend, Maurine Jordan. Many Center friends of long ago were there and a host of newer ones. We miss her but she leaves a monument-her fine family.

And for last rites of Mrs. Sudie Thomas we arrived for that. Another great loss. We arrived for that at 2 or 2:30. But then something nice happened! Sue and Milton Mensch Thursday became parents of a new baby boy. Congratulations! And prayers for all.

Presenting the '82-'83 Lady Horns

THE 1982-83 LADY HORNS BASKETBALL TEAM is: [top] Sherr Haynes, Coach; Jerri Ann McCormick; [third row] Karen Mathis, Irene Cantu; [second row] Anna Anderson, coach, Kim Carthel, Kay Reay, Connie Coffman, Crissy Carthel and

Kathy Grissom, coach; [seated] Jackie Shivers, Robin Hardy, Karyn Foster and Shawnda Brock. Not pictured is Sarah Fitzgerald.

The Lady Horns will begin their challenging '82-'83 season November 22 when they go up against Abernathy on their home court.

They will also play in the annual Queen's Classic to be held at Wayland Baptist College in Plainview November 25-27 during the Thanksgiving Holidays.

Head coach of the girls' basketball program at Lockney for the past 4 years, Sherr Haynes, is

optimistic about this year's season. Kathy Grissom, assistant coach, has been a definite asset to Haynes' staff for the last two years. They will put their experience and adeptness together, along with the help of Anna Anderson, aide, to train the team to rally to the challenge of the season.

The team had a 51.8 percent point average per game, with 39.2% field goal attempts and a

61.5% free throw average for a 22-11 season. In district play they scored a 8-2 season.

Haynes said with only one senior and the team as a whole being young and inexperienced last year, she was really undecided as to how they would react to playing varsity ball. But she was pleased with the results.

"This year with more experience and leadership I think they

will do real well," Haynes stated. "We have 4 returning seniors. They have a tough schedule. Hopefully with the challenge they will be ready for district play."

The Girls Athletic Boosters (GAB) have slated an Open House for Monday night, November 8, at 7:00 p.m. in the gym. Demonstrations will be a part of the activities. The public is invited to attend.
