FFA teams place in district, area competition

QUIZ TEAM—Monty Mean, Stephen Turner, Romero Araujo and Joe Widener show off their third place banner won at Clarendon College recently in area competition.

Lockney's Quiz Team won third in area at Clarendon College Saturday, November 20. The area stretches from Ropes to Cooper to Spur extending north to the tip of the Panhandle. Monday night a District Banquet will be held at Tulia where the Quiz Team will receive a banner for second place in the district contest. The Skills Team, consisting of Carlos Molinar, David Martinez, and Keith Owens will receive

their 4th place banner. Sixteen schools were in competition on the district level.

Randy Brady, FFA Texas State President, will be the guest speaker at the banquet. He will be presented in a 9:40 assembly at Lockney Monday before he travels on to Tulia that night.

Libby Williams will be a contestant in the sweetheart contest at the 6:00 p.m. banquet.

HEATHER HOLT AND EARL BROSEH of Lockney are this year's winners of the 4-H Gold Star Award in Floyd County.

Gold Star recipients honored at banquet

Two of Floyd County's finest were honored at the District 4-H Gold Star Banquet held at the Coronado High School cafeteria Monday night, November 22. Earl Broseh and Heather Holt of the Lockney 4-H Club were honored as this year's Gold Star recipients from Floyd County. Earl is the son of Kenneth and Juanita Broseh, and Heather is the daughter of Kenneth and Jackie Lou Holt, all of Lockney.

The Gold Star Award is the highest honor presented at the county level in 4-H. It is based on achievement, service, and leadership. To receive the award a 4-H'er must be 14 or older, must have been in 4-H at least 3 years, and must have turned in a 4-H Record Book for the previous year. A 4-H'er may receive the prestigious honor only once.

Earl is currently a Junior at Lockney High School. He is 16 years old and has been in 4-H for 7 years. Earl has carried 4-H projects in sheep, field crops, market cattle, show steers, breeding beef cattle, dairy, wildlife and fisheries sciences, forces, public speaking, leadership and citizenship. He was on the state winning dairy method demonstration team this past June. Earl has been very active in Floyd County's 4-H Interstate Exchange Program, and has held several key offices in his club and on the county 4-H council. Earl is currently President of the Floyd County 4-H Council and is also active on the District II 4-H Council.

Heather, age 15, is a Sophomore in Lockney High School and has been in 4-H 6 years. Some of her many projects have been: foods & nutrition, clothing, market lambs, food preservation, home environment, child development, public speaking, citizenship and leadership. She has participated in the 4-H Inter-

state Exchange Program, has been very active in the district method demonstration contests, and has held several offices in her club and on the County 4-H Council. Heather is currently Secretary of her club and also serves as a delegate to the Floyd County 4-H Council.

This year marked the 25th Anniversary of the South Plains District 4-H Gold Star Banquet. Eight members of that first group of Gold Star winners were present and were honored at the banquet. One of those honored was Warren Mitchell of Lockney.

The main speaker for the banquet was State Representative Jim Rudd of Brownfield. He noted that as the Gold Star has five points, 4-H has at least five reasons to celebrate:

First, it is the largest youth organization in America, with more than five million members. The South Plains District has some 9,000 of these members.

Second, it is youth and adults working together. The 14,000 volunteer leaders in Texas contribute more than \$20 million a year in time, energy and materials. And it is a program which involves members and families.

Third, it teaches leadership and citizenship.

Fourth, 4-H is a special cooperative effort between government and private community. For every dollar in government funds, through county Commissioners Courts and the Extension Service, 4-H receives five dollars in private support.

Fifth, 4-H has something for everybody, with a vast array of projects and opportunities.

Master of ceremonies for the banquet was Jeff Klitzman, KAMC-TV newsmen.

The honorees and guest were welcomed.

All-District Longhorns

Two members of the Lockney Longhorn football team have been named to the Class 3-AAA All District team.

Kyle Brock was named one of the All District linebackers and Steven Johnson was named one of the All District linemen.

Five members were named on the All District second team. Offensively Robert Rendon was named secondary receiver and Victor Rodriguez, guard. Honorable mention were Steven Johnson, tackle; Mario Arellano, back; and Danny Perales, guard.

On the second All District team were Terry Mathis, linebacker; Moses Blanco; and Greg Gonzales, defensive back. Honorable mention were Michael Carthel, Victor Rodriguez, and Tommy Silva, all linemen.

Post had eight named on the All District first team and seven on the second team. Slaton had six on the first and 11 on the second. Idalou had four on the first and four on the second.

Floydada had two on the All District team and eight on the second team. Childress had two players who made the first team.

Hospital board sets new business office policies

Tuesday night the Lockney General Hospital board met for their regular monthly meeting. The hospital's external auditors, Mathis, West, Huffines, and Company of Wichita Falls, met with the board and presented them with the audited fiscal report for the year ending September 30, 1982.

The report showed a margin of \$21,421 after the patient revenue and supplemental tax revenue were combined. More than twice that amount has been invested in capital equipment during the last year. Administrator Guy Hazlett said the hospital needed a margin of approximately \$100,000 in order to avoid difficulties. The auditors were highly complimentary of the efficiency of the hospital employees, the record keeping, and the financial condition of the institution.

The auditors made some recommendations for the hospital to maximize their Medicare reimbursements over the next five years. They brought a Medicare cost report with them that showed a year-end settlement of \$4800 from Medicare.

In the administrator's report the radiology project was reported, for all practical purposes, complete. The total project was made at a cost of \$96,400. Hazlett announced a change in clinic appointment procedure. Patients will be encouraged to make appointments in advance. Even walk-ins will be given a definite time. The administrator said he felt the change in procedure will serve a definite benefit for the staff and the community.

The board also approved two new policies toward collections and bad debts. After an account has become delinquent after payments have stopped being made, the account will be turned over to an in-house collector. If collection is not made, the account will be turned over to a collection agency or an attorney. Bad debts which are charged off will also be turned over to a collector. Those charged off debts will be declared so at several times during the year. Hazlett commented that collection have not been a problem for the hospital. They have had an outstanding collection rate of 94.7% over the last 12 months, with an even better rate for the last few months.

The board gave approval to a bid by the J.Q. Long Roofing Company of Plainview to reroof the Health Fitness Center. The bid in the amount of \$2832 will be almost entirely covered by insurance. A quality assurance plan was approved by the board to insure the

medical staff and the board of receiving a monthly report on the quality of patient care.

Of the \$58 total premium for health insurance paid on full time employees the hospital increased their portion of the paid benefit from \$35 to \$50.

It was announced to the board that a paging system would be installed during the month of December. The system, which is expandable, would consist of beepers used to contact physicians, respiratory therapy personnel and lab technicians in case of emergency while they are away from the facility. The range will reach up to 15 miles. The \$9500 project will entail a 75-watt transmitter and an 80' tower to be erected on the hospital property. The bid was awarded the Motorola of Lubbock.

The proposed wage and salary program was reviewed and the first phase was approved. The program effective January 1, 1983, will give the employees a 7% increase on the average. The increase will be effective for everyone except LVN's and RN's. They received a raise in October.

A new purchasing policy was approved for operating supplies to be purchased by bidding and through periodic vending reviews. This will encourage department managers to obtain bids with maximum discounts on their supplies.

In new business the financial report showed a "break even" status for the month of October. \$37,000 in taxes had been paid in October for a total of \$12,500 that had been collected by the end of November. Total tax revenue to be collected for 1982 is \$210,000.

Lockney General's staff has been impressed with the large increase in the utilization of the radiology equipment. The equipment has not been in use the full month of November, but the total number of procedures increased from 105 in October to 262 in November. Use by out-patients doubled and in-patients increased by 4 times.

No action was taken but the board agreed with the administrator to increase the guard lighting around the hospital grounds for the protection of the employees.

Hazlett commented after the productive Tuesday night meeting, "I have never worked with a board at any hospital who were more conscientious sharing of their time as the members of this board are. Everyone of them have a perfect attendance at our meetings except for illness and out-of-town."

SWITCHING ON THE POWER—These VIPs symbolically turned on the current for City of Lockney from Southwestern Public Service Company's new coal-fired power plant November 19. Then Kenneth Tate-Local MGR, J.D. Copeland-Mayor and Councilmen Paul Reece, Pat Frizzell, Gail King, Kenneth Wofford toured Roy Talk Station near Muleshoe. The plant can generate enough electricity for 225,000 people. An estimated 7,000 people toured the plant last weekend; 5,464 adults signed the SPS guest register.

CRIME CALL

Crime Call is offering a \$200 reward for information leading to the arrest and conviction of the person or persons responsible for the break-in which occurred at King's Restaurant sometime Sunday night. An undetermined amount of cash and assorted meats were taken.

Crime Call is also offering a \$200 reward for information leading to the arrest and conviction of the person or persons responsible for the break-in at Oden Chevrolet. The bullpen fence was cut and some tires, wheels and wheel dressings were taken at some time during the Thanksgiving holidays.

Citizens are reminded that the Christmas season is also a high crime season. Keep vehicles locked and parcels locked in the trunk at all times including during Christmas shopping. Also citizens are urged to report any unusual activity to the local authorities.

Crime Call is offering a \$300 reward for information leading to the arrest and conviction of the person or persons responsible for the break in of the Floyd County Implement Company.

The break in occurred sometime on October 24. Approximately \$8,000-\$9,000 dollars of mechanics tools were taken. How entry was gained is not known at this point because no signs of forced entry were found.

Anyone having information regarding these crimes is urged to call Crime Call at 983-5200 in Floydada. In Lockney the number to call is 652-2416. Or, informants may call the Texas Crime Busters toll free number: 1-800-252-8477. Informants may remain anonymous, but if they are willing to testify in the trial of the case additional rewards will be paid for this testimony.

Crime Call is supported entirely by private donations. Tax deductible contributions may be mailed to Crime Call of Floyd County Inc., 122 E. California, Floydada, Texas 79235.

Citizens are also advised Crime Call offers rewards for information received on all unsolved felony crimes occurring in Floyd County.

The Rev. Michael O'Connor's

Perspectives

It seems that the American Civil Liberties Union (ACLU) is at it again. Up in South Dakota, a nativity scene has been erected in the capitol rotunda. They did the same thing last year and the ACLU sued the state government on the basis of violation of church and state separation. They are considering the same action again this year.

Eventually some idiot in the ACLU is going to discover that giving people time off for holidays like Easter and Christmas is recognizing the religious nature of those holidays and is therefore a violation of church-state separation and government employees all over the nation will find themselves having to work holidays.

Church-state separation was never intended to completely isolate the state from all things religious. Indeed in this country, the amendment never really envisioned the protection of any other religion than Christianity, or at the very least, Deism. Certainly, the amendment was intended only to keep the government from declaring any one denomination or religion to be the official one of the realm. It is time for the ACLU to get off the back of religion, especially Christianity.

On another note, the media reported that one draft of the Catholics Bishops pastoral letter on nuclear armaments asserted that our nuclear arms build up

threatened the sovereignty of God. I find it hard to believe they would make such a statement, but if they did the Bishops need to go back to their theology books. We may argue the morality of the weaponry in term of its costs, radiation storage and leakage dangers, possible use against civilians, etc. but there is no question that God is in charge and that man may not destroy His creation without His permission or intervention.

Finally, an announcer on one of the football games reported that church attendance in the Houston area was up appreciably during the football strike. I've not heard how things are since the end of the strike, but I think I can guess. As one fellow I heard recently said, "Everybody must choose their own god."

ST. JUDE CHILDREN'S HOSPITAL BIKE-A-THON PARTICIPANTS received T-shirts and trophies for their participation in the Bike-A-Thon. The group raised \$485 during the October 9 biking event. Pictured are [standing, back] Kim Perry, Diana Vallejo, Irma Garcia and Kim Goodgion. [seated L-R] Kent Goodgion, Belinda Vallejo and Esmer Deleon. VA NEWS

Many veterans and dependents in Texas received annual income questionnaire cards with their November pension checks.

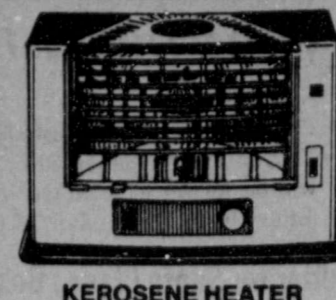

It is important that those questionnaires be completed and returned by next January 1, so that future benefits may continue, said the Director, Waco Veterans Administration Regional Office.

Not all veterans and dependents received those questionnaires, he noted. But those who did must return them on time—or future benefits will be automatically suspended.

Lockney 9th Grade Tournament December 2-4, 1982

LOCKNEY'S CONNIE COFFMAN takes a field goal to help overcome a 21 defeat against the Plainview Bulldogs in the Queens Classic. They finished a little shy with a score of 47-52.

Lady Horns compete in Annual Queens Classic

The 7th Annual Plainview Queens Classic, a unique basketball tournament in that it features both high school and college women's teams in the same tournament, opened in Wayland's Hutcherson Center Thanksgiving morning and extended through Saturday night. This year's Classic had six teams in the college division, headed by the Hutcherson Flying Queens of Wayland who were in the top four in the AIAW National Championships last year. Stephen F. Austin, Kansas, New Mexico, Missouri and Colorado College completed the bracket.

The high school division was impressive as it presented six-time state champion Nazareth and last year's Classic winner, Dallas South Oak Cliff, who reached the state finals in Class 5A. Other teams included Levelland, a state semi-finalist in Class 4A; District

champion Lubbock Monterey; Hale Center, a semi-finalist in the Region 1 Class 2A meet, Sudan, Lockney and Plainview. In Lockney's competition Thursday night against Plainview, they came in a little shy after having been down 21 points in the early part of the third quarter to make the score 47-52. Connie Coffman was high pointer with 15 points. Shawnda Brock came in with a close second with 14 points. The Lockney Lady Horns went up against Nazareth Friday at 11:30 a.m. for a 26-70 finish. Brock netted 10 points for the lead scorer and two steals. Lockney had 31 turnovers to Nazareth's 11. Karyn Foster was leading rebounder with six. In their final competition against Hale Center Saturday, the Lady Horns could not top Hale Center for 7th place. Final

score was 33-41. Karyn Foster had 10 points for the high scorer of the game. The Lockney girls' team suffered many injuries during the 3-day competition. Coffman was unable to play in Tuesday night's game against Sunday. Crissy Carthel and Brock also received ankle injuries but resumed play this week. Monday night, November 22, the girls met Abernathy head on for a close shave with a 62-69 finish. Brock was high pointer with 24 points.

The awards banquet is sponsored each year by the following area electric cooperatives: Lamb, Bailey County, Cap Rock, Deaf Smith, Dickens, Lea County, Lighthouse, Lone Wolf, Lyntegar, Midwest, and Swisher. The awards presentations were narrated by 4-H'ers Lonnie Howard of Hale

County and Cleen Griffin of Dawson County. The awards were presented by Dr. Catherine Crawford, and Billy C. Gunter, district extension directors. Dinner music was provided by 4-H'ers Angie Taylor, LaDeana Verett, and Tyler Reese of Crosby County. Frank Jesko, Farmer County, led the 4-H motto and pledge. Shelley Sain, Bailey County, gave the invocation.

How the new tax law affects your savings interest earnings.

The "Tax Equity And Fiscal Responsibility Act of 1982" - the Federal tax law passed in August - will require financial institutions to withhold and forward to the Internal Revenue Service 10% of your interest as you earn it, similar to the way payroll taxes are now withheld.

Unless Congress changes this part of the law, this withholding will begin with savings account interest you earn after July 1, 1983.

MRS. R. DANIEL SMITH

Puckett, Smith repeat vows in Ruidoso November 27th

The First Christian Church of Ruidoso was the setting for the family wedding of Tracey DeAnn Puckett and R. Daniel Smith on Saturday, November 27, 1982 at 10:00 a.m. The brother of the groom, Gary Smith, of Tucson, Arizona, performed the double ring ceremony.

Mr. and Mrs. Sam Puckett of Ruidoso are parents of the bride and the groom is the son of Mr. and Mrs. H.D. Smith of Tucson, Arizona. During the ceremony both sets of parents stood with the bride and groom and were honored with a few words of appreciation for their love and devotion to their children.

Forming the background for the wedding ceremony was a beautiful view of the Sierra Blanca Mountains. On either side of the altar were arrangements of lavender gladiolas, peach carnations, purple statice accented with brown leather fern and baby's breath. Pew bows of lavender and peach ribbon decorated the aisles.

The bride wore a formal gown of white qiana knit fashioned with an empire waist and long, full bishop sleeves gathered to wide lace cuffs. The Queen Anne neckline was edged in

Venice lace and sprinkled with seed pearls. An accordin pleated skirt extended into chapel length train. The Juliet headpiece of matching lace was attached to veil of imported illusion. Her bridal bouquet was fashioned of lavender gladiolas, peach carnations and purple statice accented with baby's breath and flowing satin ivory streamers. The dress was worn by her sister Nancy Young and the veil by her sister Sarah Sanders. The bride wore a string of pearls borrowed from her mother.

The groom wore a brown western tuxedo with velvet lapel and velvet western string tie.

A duet was sung by Robert and Bobby Hemphill, brother-in-law and nephew of the groom, respectively, both from Phoenix, Arizona. Carlene Wadley of Ruidoso sang solo accompanied by pianist Cleis Jordan of Lincoln, New Mexico. Musical selections were "Devoted to You" and "Daniel."

Following the ceremony a family meal was held in the fellowship hall of the First Baptist Church in Ruidoso Downs. The couple will reside in Lubbock, Texas.

Baby shower honors Lockridge Saturday, November 27th

A baby shower was held in the home of Mrs. David Lee in the Aiken community feting Mrs. Kenneth Lockridge and her new son, Matt, of Plainview.

The young man, Matt Aaron was born November 12.

The serving tale was laid with a white lace cloth accented with yellow napkins.

Refreshments were served by Mrs. J.B. Smith and Mrs. Bruce Kirby.

Special guests were the honoree's mother, Mrs. Verne Taylor, Jr., and grandmother, Mrs. Dessie Graves.

Hostesses were Mmes. Lee, Smith, Kirby, Burt Elam, Jim Vickers, Bob Damron, and Mrs. Richard Nelson.

Alpha Sigma Upsilon deliver Thanksgiving boxes

Alpha Sigma Upsilon met November 16 at First National Bank. Vice President Janice Poteet called the meeting to order. All members stood for opening ritual. Jan Nichols, recording secretary, called roll and read minutes of the previous meeting.

Thanksgiving boxes were delivered November 22. The club bought canned hams for each box.

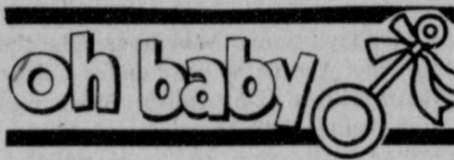

The Christmas luncheon will be

December 11, 1982 for the West Texas Home Health. Janice Poteet and Nancy Jarnagin will make Christmas stockings for the Christmas tree ornaments.

Adeana Campbell was a guest for a rushee. Sheryl Derryberry had the raffle.

Social for the month was a Mexican Supper at Lighthouse Electric on November 27. They also played bingo for prizes. All members closed with closing Rituals.

Hostess Gail Noland then served chocolate cake and coffee. Those attending were guest Adeana Campbell and members, Gail DuBois, Barbara Edwards, Rhonda Guthrie, Nancy Jarnagin, June McGaugh, Jan Nichols, Gail Noland, Janice Poteet and Vicki Ware.

DUCKWORTH

Mr. and Mrs. Rick Duckworth of Lubbock are parents of their first child, a son, who was born Monday, November 22 at 7:07 p.m. in Lubbock Methodist Hospital.

Adam Michael weighed 6 lbs. and 14 oz. at birth. His mom is the former Karla Broussard, daughter of Frank and Nancy Milby of Sherman and formerly of Lockney.

Rick's parents are Frank and Erma Lee Duckworth of Lockney.

A layette shower was given for Karla on November 14 in Lubbock in the home of Mrs. Bobby Creel. Attending from Lockney were Mrs. Frank Duckworth, Mrs. Lonny Hooten, Mrs. Zach Zachary and Mrs. Glen Graves. Karla was unable to attend because of health problems.

VICKERS

Mike and Sharon Vickers of Floydada announced the arrival of a daughter, Ambree Joan.

Ambree was born November 18 at 6:44 p.m. She weighed 6 pounds, 5 ounces and was 20 1/2 inches long. She has one brother Kasey, age 3 1/2.

Maternal grandparents are Lane Decker of Plainview and Mrs. Edell Moore of Floydada. Paternal grandparents are Jimmy Vickers of Lockney and Mary Vickers of Floydada.

YANDELL

Diane and Lane Yandell of Millani, Hawaii are the proud parents of a baby daughter, Alise Marie arrived at 7:22 a.m. November 28 and weighed 7 lbs. She has an older brother, Wade, age 5.

Grandparents are Mr. and Mrs. H. Marugame of Lihue, Kauai, Hawaii and Dell Yandell of Floydada.

40TH ANNIVERSARY—Mr. and Mrs. Owen Emert were honored with a dinner Sunday November 21 to celebrate their 40th anniversary. Their children hosted the dinner party. They have four children and 15 grandchildren. The Emerts were married in Lubbock, Texas before a Justice of the Peace. They have lived in Floyd County all of their married years.

Floyd Data

Mrs. W.J. Wilks accompanied her grandson, Kevin Day, of Texas Tech, to Irving to visit his mother, Mary Day and sister, Karrie. They left Tuesday Nov. 23 and returned Sunday Nov. 28. They had a "nice Thanksgiving."

Bits of Humor, Trivia, and an occasional Word of Wisdom

If you are 50 now, you've timed your life all wrong. You were a child when everything was considered the child's fault, and a parent when everything was considered the parent's fault.

We have a friend who says he's reached the stage when his back goes out more often than he does.

Seen in the newspaper: "During the storm on Saturday, Mrs. Smith slipped on the ice and hurt her somewhat."

"ATTORNEY GENERAL URGES CLOSER LOOK AT NUDIST COLONY."

Wife to husband: "This Christmas, let's give each other sensible gifts, like ties and fur coats."

I heard of one man whose wife wanted a fur coat, and he wanted a new car, so they compromised. They keep her new fur coat in the garage.

A man was walking down the street early one morning in a barrel. Stopped by a policeman, he was asked: "Are you a poker player?" "No, but I just left 4 guys who are."

100th session of order of Eastern Star in Texas

The first century of the Order of Eastern Star was observed in Ft. Worth at the Tarrant County Convention Center, November 15-19, 1982, with Mrs. Elise Hammack serving as Worthy Grand Matron and Mr. Oliver B. Chamberlin of San Antonio, serving as Worthy Grand Patron. More than 4175 voting delegates were in attendance with many others registering to attend this colorful event.

Since the General Grand Chapter, which meets every three years, had convened in Anaheim, California the first week of November, many were in Texas for their 100th Annual "Under His Umbrella" Session. Of the eighteen General Grand Chapter officers, twelve attended the meeting along with 165 out of state members, who were from Canada, Oregon, Iowa, Louisiana, Arkansas, Arizona, California, New York, Oklahoma and other states.

Of the 100 Worthy Grand Matrons who have served the Grand Chapter of Texas, there are thirty-four still living with twenty-six attending the session. Also there are twenty worthy Grand Patrons living with fourteen in attendance.

Attending from Floydada chapter #31 were Louise and Noman Hamilton, Roberta and Wayne Russell, Dell Gray,

Flora and Malcolm McNeill, Jean and Bobby Kendrick, Frances Crass, Daisy Montgomery, Noma Lou Rainer, and Regi Gross. Mrs. Roberta Russell served during 1981-82 on the music committee with Wayne serving on the Masonic Relations Committee. Mrs. Jean Kendrick served during the Grand Chapter Session as a Grand Page with Bobby helping as an assistant Grand Sentinel. Mrs. Noma Lou Rainer, Worthy Matron of Floydada, Chapter #31 was the chapter delegate during the business sessions. Mrs. Flora McNeill has served during the centennial year as Grand Esther. As a Grand Chapter Floor Officer, Mrs. McNeill assisted in the instituting of new chapters in Gainsville and Lorena in August of this year. Also in the Constituting of new chapters in October in 1981 at Van Alstyne and Emory. Many other Grand Chapter Activities over the State were attended and participated by Mrs. McNeill during the 1981-1982 year. She also went to the Orient and China in May with the Worthy Grand Matron, Mrs. Elise Hammack and 42 other Order of Eastern Star members.

Mrs. Regi Gross served as Mrs. McNeill's Personal Page throughout the entire session along with Mrs. Anna Dell Quebe of Lockney Chapter #437.

Lone Star Extension Homemakers Club meet

Lone Star Extension Homemakers club met Tuesday, November 16 in the home of Elvira Stewart in Lockney.

Helen Huffman the Vice President presided in the absence of the president Lorraine Nance.

Roll call was answered with "Little things I am thankful for."

Plans were made for the Christmas party to be held in Lockney in the home of Ruth Reeves on December 7th.

Plans were also made for the Council

Christmas party to be held in Floydada in the Council room of the agricultural building on December 9th.

Marilyn Tate, extension agent, gave an interesting program on buying "Ready to Wear". She also gave many helpful hints on sewing.

Refreshments were served to Ruth Reeves, Syble Teeple, Elvira Stewart, Helen Huffman and guests Neva Smith, Elva Perry and Marilyn Tate.

CHARM SCHOOL FOR GIRLS

All girls who are interested in learning skills in hair care, skin care, make-up, modeling, and manners are invited to attend 4-H Charm School on Saturday, December 4th. The Charm School will begin at 10:00 a.m. at Lighthouse Electric in Floydada. All participants should bring a sack lunch.

A registration fee of \$2.00 per person will be accepted to help cover expenses of the Charm School, but payment of the registration fee is not mandatory for attendance. This activity is open to everyone regardless of socio-economic level, race, color, sex, religion or national origin.

'WINTERIZE' YOUR SKIN

Winter is a difficult time of the year for many types of skin, with chief enemies being cold, wind and the drop in relative humidity.

Most heating systems also rob the air of moisture and may cause the skin to crack, become rough or red, scale and develop lines.

Here are some ways to protect yourself-before the bad weather arrives.

A moist skin is healthy skin. Use a moisturizer-not to add water or oil to the skin-but to prevent the skin's own water content from escaping.

If you wear an oily, protective makeup base in the winter, a toner can help get your face completely clean. A toner, usually an alcohol-based lotion, should be applied with a cotton pad after cleaning the face. This treatment should be followed with a moisturizer while the skin is damp-unless your skin is so oily that you don't need moisturizer. Astringents-toners with more alcohol-may be used after cleaning the face but may irritate the skin. People with dry skin should avoid products containing alcohol.

Three areas of the face require different amounts of moisturizer. Around the eyes there are few oil glands

and the skin is driest. Pat moisturizer on gently before applying foundation. The cheeks and neck require a lighter moisturizer. The area around the nose and forehead is usually oily and may need little or no moisturizer. Women with extremely oily skin should select and use moisturizers carefully, because they can cause oily skin to break out.

Moisturizers are available in lotions and creams. Lotions have a higher water content and contain less oil. In dry climates, the water in the lotion evaporates rapidly, so one may need a cream for longer protection.

Finally, don't forget to protect lips by using lip conditioner and lipstick or gloss. Winterize your skin indoors and out this season.

Center News

BY Mrs. J.E. Green

Tuesday November 30:

Hello Everybody! I am home again. Got here Monday nite. Visited three weeks in Hubbard at the home of my daughter and family. I have given my readers a rest. I got off in such a hurry I couldn't get a substitute. Didn't expect to be gone so long either.

I regretted to find Mother Ryman Sr. still bedfast and had to return to the hospital but when I left Sunday she seemed much improved.

So we did have a good Thanksgiving. All the 7 children, the in-law and grandbaby were present and another guest or two.

It was cold the first few days, but warmer later and grass still green. Friday and Saturday still rainy.

I attended church 4 times. A full church. Margaret and I went to Hillsboro one afternoon to visit my sister-in-law, Mattie Matthews in the Nursing Home. She looked fine. These broken hips sometimes keeps us down a long time.

I have a birthday in November and there is Thanksgiving. Both remembered in the Ryman home.

Since no bus comes to Floydada anymore - worse luck I have to catch a way home. Since Sarah and Doug and Bo live in Lubbock now I was fortunate to come with them. We all had a good time and grand dinner. I hope you all had the same.

I found you had a big snow. A big snow in New Mexico, too.

Home looked good last nite as always-"Be it ever so humble".

South Plains News

By Mrs. Murray Julian

South Plains, November 29:
Wednesday night, November 24th, found this part of the South Plains covered with a coating of good, old wet snow, and then rain, off and on during the night and the next morning, Thanksgiving Day. Moisture of an inch to one and around three tenths inch, was reported around the South Plains area, and unpaved roads were really hard to get back and forth on. This is our 1st snow record for the fall and winter season of 1982, and everybody is thankful for the moisture—especially the wheat farmers, and farmers trying to plow fields.

Those traveling back and forth from other places were caught in bad weather, snow, icy roads, fog and dimmed vision, including ice, snow and slush on roads, but we are thankful they all arrived safely, wherever their destination. Thanksgiving was a wonderful day, and we are glad for all the ones gathering together to give thanks to their Maker, for many, many blessings we have all received the past year.

Going to Springfield, Missouri where they all would spend the Thanksgiving Holidays with the Rev. and Mrs. David Reddout, Tonya and Ricky, were Mr. and Mrs. Leighton Teeple, Mr. and Mrs. Dwight Teeple, Bryan and Keith from here at South Plains, and Mr. and Mrs. Bill and Rhonda Parker from Marrero, Louisiana. They all went Wednesday, and got into rain there, and it rained all the time they were back in Springfield. As they came home it rained on them clear to Tulsa, Oklahoma, where they ran out of it.

Mr. and Mrs. Pat and Dean Stewart with their daughter, Mr. and Mrs. Teresa and Robby Lutrick and twin daughters spent their Thanksgiving in Plainview with Dean's sister, Doris and husband.

Mr. and Mrs. Harold Hamm left here Friday morning for Arlington, where they went to visit their newest grand-

child and parents, Mr. and Mrs. Mike and Arlene Berkes of Arlington, with a new baby son, their first child, who is about two weeks old — a chubby blond haired little boy, Harold may fly back home, and Mrs. Hamm will remain there in Arlington to stay some time with her daughter and new baby son.

Mr. and Mrs. Nathan Mulder and children were hosts to their family gathering on Thanksgiving Day, Thursday. They had expected her grandparents from Clovis, New Mexico, Mr. and Mrs. Blalock, but they were unable to travel due to the big snow storm which hit the country Wednesday evening. Present with them were Mr. and Mrs. Jerry Taylor and children, Richard, Ronnie, Candy and Ronda from Amarillo, and Mrs. Letha Mulder from here.

Visitors at the South Plains Baptist Church Sunday included Mrs. Corda Taylor of Muleshoe, Texas, who came last Monday and is spending some time with her daughter and family, the Rev. and Mrs. Joyce Osborne. Other visitors included the sister and brother-in-law of Mrs. Peggy Roberts from Port Lavaca, Texas.

Mr. and Mrs. Kendis Julian and family had Thanksgiving Thursday in Floydada at the home of her folks, the Aubrey Stewarts, with members of her family present. We are sorry to hear that Aubrey Stewart is in Caprock Hospital since Wednesday of last week.

but we hope he can come home this Monday.

Mrs. Mamie Wood had members of her family with her for Thanksgiving Day, including Mr. and Mrs. Juanell and James Teague, Tim and Bodie of Lubbock, and Mrs. Pat Wood and Len, home from college over the holiday week-end. Glen Wood was gone to New Mexico on a deer hunting trip.

Mrs. Karen Mauney from down near Dallas, came in Wednesday evening in all the snow and bad weather, to spend the holidays here with her parents and grandmother, the Rev. and Mrs. Cecil Osborne and Mrs. Corda Taylor. She went back home on Saturday.

Mrs. Nina Sanders spent last Saturday in Plainview with her mother, Mrs. Mary Grisham, who has been ill with a back ailment. She was also with her Wednesday evening of last week, but Mrs. Grisham is doing much better at this time. The Sanders' celebrated their Thanksgiving Saturday with Renee here and Mr. and Mrs. Bobby Craddock of Sundown here for the event.

Mr. and Mrs. Fred and Carolyn Marble had a family Thanksgiving with Kelly home from Texas Tech where he attends college, and also works at College Flowers there. With Cindy and Kelly they enjoyed turkey and all the trimmings.

Bruce Julian and boys, Clay and Wade arrived Wednesday night here in

all the snow and ice storm, from Perryton. When they had started out earlier in the evening, there was no falling weather there, but they met the snow rain and fog from Pampa on down. They spent the holidays here with his mother, Mrs. M.M. Julian and with Kendis and Janis Julian and children. They all had their Thanksgiving dinner Saturday here in South Plains at Mrs. Julian's home, and Kristi was home from Texas Tech for the holidays. They had to get her out early Sunday morning because of muddy rural roads.

We extend congratulations to Mr. and Mrs. Mike and Arlene Berkes of Arlington, Texas, on the birth of their first child, a little blonde son weighing five pounds and eight and one half ounces. He has been named Aaron Michael Berkes, and he was born November 19th. Arlene grew up and attended schools here. Her folks are Mr. and Mrs. Harold Hamm.

Thanksgiving holidays were celebrated in Clarendon at a pre-holiday dinner in the home of Mr. and Mrs. Dale McLaugh with Mrs. Letha Mulder from here, Mrs. Inez Minyard of Littlefield and Mr. and Mrs. Pete Land of Clarendon. Mrs. Mulder and Mrs. Minyard were visiting their sisters down there in Clarendon over the week-end.

Sylvin Kinnibrugh returned home from the Central Plains Hospital in Plainview on Friday following a stay there from Tuesday to Friday. He has a case of shingles, which are in the vicinity of the right eye, and we surely

do hope he continues to mend and soon be well from the intense pain he has had.

Thanksgiving Day at the home of Mr. and Mrs. Howard Hamm was enjoyed by members of the Hamm family, including Mrs. Jeaneva Huff and son Pat, from Amarillo, Mr. and Mrs. Howard Staples and children, and Dr. and Mrs. Tom Aufdemorte and children from San Antonio, here with Harold and Mildred Hamm.

Next Sunday, December 5th, the South Plains Baptist Church will celebrate Thanksgiving and Christmas, with a dinner at the Baptist Church, following morning services at the church. Then at 2:00 o'clock at the Baptist Church there will be a Deacons Ordination service with Dr. Strauss Atkinson bringing the ordination message, and three men of the church, Sterling

Cummings, Carlton Johnson and Nathan Johnson will be ordained as deacons.

Sunday, December 12, the Rev. and Mrs. Cecil and Joyce Osborne had issued an invitation to Open House at the parsonage from 3:00 p.m.—6:30 p.m. The church family are invited to come and visit between these hours at the Come and Go Open House on Sunday, December 12.

Hobby Club will have its Christmas celebration December 10, on Friday at 7:00 p.m. at the home of Mr. and Mrs. Leighton Teeple. Women and their husbands are invited and each one will bring a gift for exchange—a gift between \$2.00 and \$3.00 dollars. Mrs. Frances Staniforth will give the program on "The Fourth Wise Man." Each member will bring a dish and gift for exchange.

Producing more energy from less ... makes the difference.

Their discovery would shake the worlds of communication, medicine and defense, but Charles Townes and Arthur Schawlow knew only that they had discovered an entirely new source of light. They called it an "optical maser." Today we know it as the "laser."

Their discovery was a light beam so concentrated it could produce power densities millions of times as intense as those on the surface of the sun — a light source so dense, the energy produced was greater than the energy required to produce it.

Arthur Schawlow and Charles Townes

This principle of more energy from less applies to the High-Efficiency Add-On Heat Pump — more units of heat than units of electricity needed to produce that heat. And while the Add-On Heat Pump works with your existing furnace to heat your home during the winter, the Add-On Heat Pump functions with the same efficiency to cool your home during warm weather.

As partners, Townes and Schawlow made a significant difference in our world with their work on the laser. As partners you, Southwestern Public Service Company and the Add-On Heat Pump can make the difference managing electricity in your home. Call SPS to see what your savings could be.

Coaches Comments

By Coach L.G. Wilson

With Stamford defeating Post last week, football in our district ended for the 1982 season. With the announcement of the All District teams the final crown will be put on the season and coaches and boys will turn their entire attention to basketball and building for the 1983 season.

We coaches are an optimistic group. We can always see the skinny sophomore developing into a first rate player

with a good off season program.

So with this in mind, we have already started working the boys not involved in the basketball program. Right now we have 25 boys in last period P.E. with several others planning on joining our program at mid-term (Jan. 13, 1983).

We have been encouraged by the response as we try to build our number back up. We invite anyone who desires, to observe our workout at the fieldhouse from 3-3:45 p.m. each weekday.

Our basketball program is now in full swing. We have games every Monday night with our younger kids—7th, 8th and 9th grade boys and girls. For the remainder of December, our varsity boys and girls will be involved in tournaments or out of town games.

After the first of the year we will have regular games at home either Tuesday or Friday nights. We encourage everyone to come to Graves gym and support our basketball program.

Coach's Comments

From Coach Mike Cocanougher

In the first Whirlwind home game, the winds sailed past New Deal with a final score of 65-51.

The Winds got off to a good start with a 17-8 lead at the end of the first quarter. Calvin Coleman was the leading scorer that quarter with 8 points.

At the end of the second quarter the score was 38-20. Donnell Weeks was the

leading scorer with 12 points. The third quarter was cold with Grant Turner leading with four points. The fourth quarter ended with the Winds still on top.

Scoring for the Winds were: Donnell Weeks, 24 points; James King, 15 points; Calvin Coleman, 12 points and Grant Turner with 8 points.

Rebounding was led by Grant Turner

with 16 rebounds and James King with ten rebounds.

The team did a fine job against New Deal. We are still making mistakes but that is to be expected early in the season. Whenever a team runs the basketball, you expect them to make mistakes. This is an exciting group to watch. They are quick and have lots of hustle.

Varsity boys win big

The Junior Varsity Winds slid past the Ralls Rabbits Junior Varsity Tuesday night. The final score: 48-40.

The JV Winds didn't seem to have much trouble defeating the Rabbits. They had a few mistakes and several fouls, though.

Scoring for the JV Winds were: John Foley, 21 points; Richard Mitchell, 8 points; David Morren, 6 points; Frankie Morales, 4 points; Carlos Baker, 2 points and Shane White also with 2 points.

The Varsity Whirlettes didn't do quite as well. The Ralls Lady Rabbits rolled past them with a 55-45 victory.

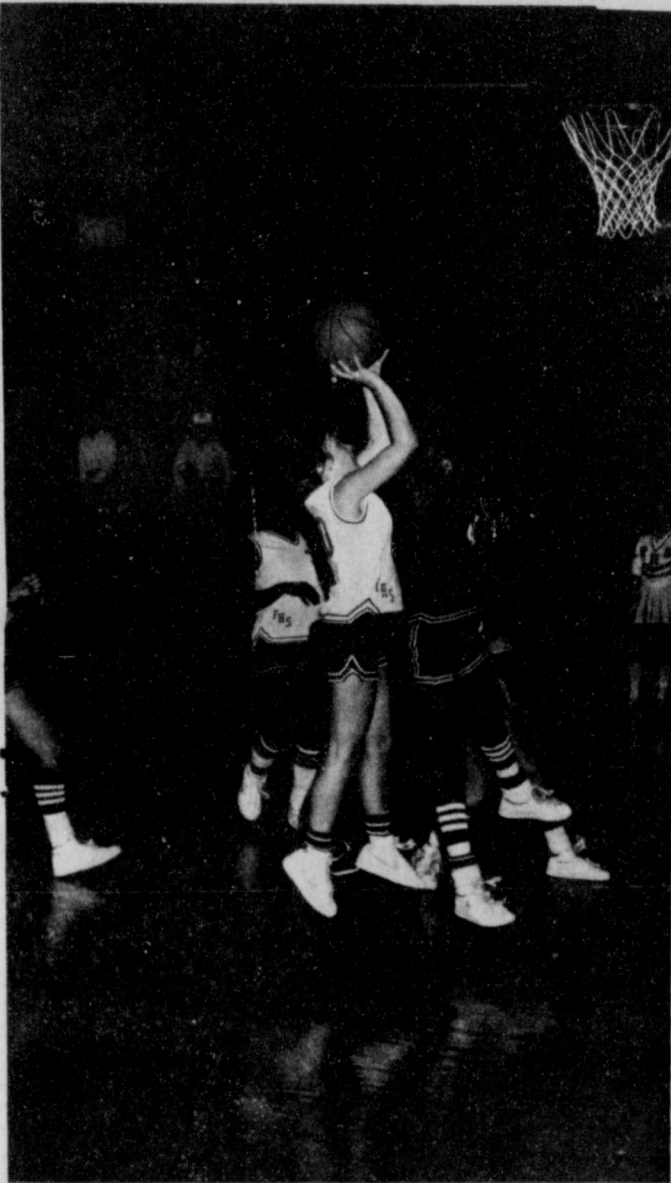

Several bad breaks hindered the Whirlettes. They had a rough first half but, during the second half, they picked up some momentum. Fouls seemed to be significant against the Whirlettes.

Scoring for the Whirlettes were: Rhonda Ratliff, 13 points; Sandra Robinson, 10 points; Rena Ledbetter, 9 points; Sherese Cannon, 6 points; Pam Cathey, 5 points; Cheryl Goen, 2 points.

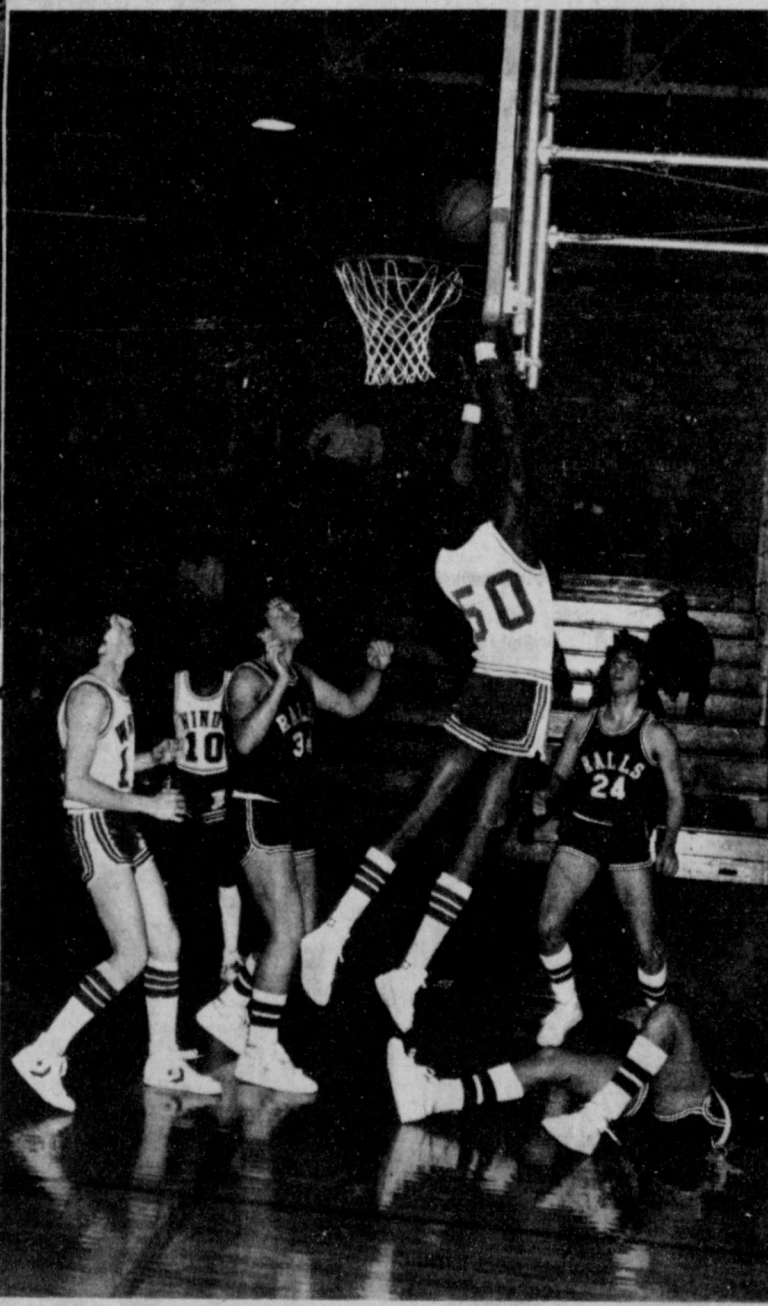

The Varsity Winds rallied out and soundly defeated the Ralls Varsity Rabbits. Final score: 59-44.

The first half was even, the score was tied often. During the second half the Winds picked up some velocity and enjoyed a comfortable lead throughout most of the second half.

Scoring for the Winds were: Donnell Weeks, 17; Derrick Jenkins, 14 points; Calvin Coleman, 12 points; Grant Turner, 12 points and James King with 4 points.

DIANA HANNA fires in a shot in Tuesday's game against the Ralls Lady Rabbits. In spite of a gallant effort the Whirlettes fell to the Lady Rabbits 55-45.

JAMES KING #50 manages to maneuver a tricky lay-up in the game against Ralls Tuesday. The Winds defeated the Rabbits 59-44.

Tulia edges Longhorns

Tulia was lead in scoring by Murff with 19, Jim Bob Gleason with 12 and Mark Willis with 10. Tulia used the fast break to score on many occasions. Lockney had a better inside game from Steven Johnson and Michael Carthel. The Longhorns again had a bad 1st quarter which produced only 4 points. Our next game is against Sundown November 20 and at home against Littlefield December 2.

Turnovers costly

Abernathy was lead in scoring by Teal-32 and Galloway-22. The antelopes have an excellent team and played well. The longhorns had too many turnovers. We couldn't hit anything in the 1st and 3rd quarters. Doing an outstanding job was sophomore Buffo Rodriguez.

REMEMBER your loved ones with a living memorial to the Caprock Hospital Auxiliary Memorial Fund. Mrs. Ben Whitaker, Treasurer.

PAULINE GILLILAND

Services for Pauline Gilliland, 68, of Dallas, sister of a Lubbock woman and a former South Plains resident, were at 10 a.m. Wednesday, November 24, at Gaston Avenue Baptist Church in Dallas with Dr. James Basden officiating.

Burial was at Restland Memorial Park in Dallas under the direction of Sparkman-Hillcrest Funeral Home.

Mrs. Gilliland died Sunday morning, November 21, at her home after a brief illness.

The Lockney native was a registered nurse. She graduated from Baylor University nursing school in 1938 and worked at Baylor Hospital, Texas Scottish Rite Hospital for Crippled Children and W.B. Carroll Memorial Clinic. She

WILLIAM PLUMLEE

William Carl Plumlee, 84, a longtime Floyd County commissioner, died Wednesday night, November 24, in Central Plains Regional Hospital in Plainview after a lengthy illness.

Services were at 3:30 p.m. Friday in Calvary Baptist Church with the Rev. Hollis Payne, pastor, officiating. Burial was in Floyd County Memorial Park by Moore-Rose Funeral Home.

Mr. Plumlee was born in Authon and had lived in Floydada since 1929. He married the former Sarah Alice Barrett December 10, 1920 in Garner.

Mr. Plumlee was a Floyd County commissioner for 36 years and had served on the governor's highway commission.

In 1980, Governor Clements recognized him as one of Texas' most distinguished citizens and awarded him a plaque.

He also served on the board of the South Plains Assn. for retired citizens.

He was a member of Calvary Baptist Church and the Oddfellow's Lodge. During World War I he served with the U.S. Marines.

Survivors are his wife; two sons, Charles Plumlee of Chino, California and Bobby C. Plumlee of Amarillo; two daughters, Ruth Goss of Talladega, Alabama and Mary Hinds of Plainview; 10 grandchildren and nine great-grandchildren.

TOMASITA QUINTANILLA

Services for Tomasita Quintanilla, 65, of Premont, Texas were held Saturday November 27 at Templo De Oliva Church in Premont. She died Friday, November 26.

Mrs. Quintanilla was born April 4, 1917 in Motondale, Texas. She married Francisco Quintanilla in Premont.

Survivors include her husband; 17 great grandsons; and 35 grandchildren.

Grandchildren from Floydada who attended the funeral were Mr. and Mrs. Alfredo Mendez, Mr. and Mrs. Lupe Duran and Mr. and Mrs. Frank Duran.

Other relatives from Floydada who attended services for Mrs. Quintanilla included Mr. and Mrs. Chele Duran; two sisters, Porfiria Duran and Maria Murillo; and Ramon Quintanilla Jr. and family from Plainview.

DOYLE SANDEFUR

Services for Doyle Sandefur, 68, of Floydada were at 2:30 p.m. Monday in West Side Church of Christ with Grady Dunavant officiating.

Burial was in Floyd County Memorial Park under direction of Moore-Rose Funeral Home.

He died at 12:45 a.m. Saturday in Caprock Hospital after a lengthy illness.

He was born in Vernon. He married Willie Merle Crump December 13, 1941, in Matador. He moved to Floyd County in 1938 from Turkey. He was a farmer and a veteran of World War II.

Survivors include his wife; two sisters, Mrs. Girlie Miller of Plainview and Mrs. Gaynelle Leatherman of Hereford; a brother, B.P. of Floydada; two nieces; and two nephews.

WILLIAM OSCAR SUE

Services for William Oscar Sue, 69, of Floydada were at 2 p.m. Friday in Moore-Rose Funeral Chapel with the Rev. Robert Chapman officiating.

Burial was in Floydada Cemetery under direction of Moore-Rose Funeral Home.

He died at 8:30 a.m. Tuesday, November 23, in Caprock Hospital after a lengthy illness.

He married May Miller December 16, 1933, at Winnboro, and they moved to Floyd County in 1949. He was a retired farmer.

He was a Baptist.

Survivors include his wife; a daughter, Willie May Smith of Floydada; a son, Huford of Lockney; his mother, Sally Sue of Floydada; three sisters, Sue Sewell of Floydada, Christene Noble of Winnboro and Irene Rushing of Lake Jackson; three brothers, Henry of Lockney, Floyd of Ralls and Johnny Bill of Floydada; three grandchildren; and a great-grandchild.

Lockney Care Center Capers

BY VICKIE HUTTON
Our Thanksgiving season was extra special this year. Tuesday evening we had our Thanksgiving dinner that we shared with our families. The Turkey and Dressing was delicious and was complimented beautifully by the delicious dishes our families brought. We send a special thanks to the Lockney Band who donated the baked goods they had left from their sale for our dinner.
Monday's bus trip was an adventure! We didn't know where to go, so we traveled to Sandhill and turned west to Barwise, after crossing the highway, we turned north and drove until we came to the road leading to the Jrick Community, then came home. As you can see we saw a great deal of the country side.

Music Therapy took the place of bingo Tuesday. Kin Sherman got us all in the mood for our Thanksgiving dinner by asking us what food we like to eat on Thanksgiving. He made a poster of our likes and dislikes.

Overall our Thanksgiving was a happy time. We hope your was just as enjoyable.

Until next time; enjoy.

Keep Holiday Plants Healthy

by Benny Butler

Here's hoping you're among the happy group whose Christmas decor is graced by a beautiful flowering plant. Let's take a look at several of the more popular Christmas flowers and how you'll want to care for them to prolong their beauty.

Poinsettias outrank all other Christmas plants combined in popularity. They are well adapted to indoor temperatures so long as they're out of hot or cold drafts. Put them near a bright window and aim at keeping the soil evenly moist, not wet or dry.

Poinsettias used to be pretty sensitive to changes from a greenhouse environment to that of a home, with leaf and flower drop being a common problem. But now, with newer varieties, you can just about plan on poinsettias on Valentine's Day if you care to keep them around that long.

You can cut the plant back after flowering and set it outside for the summer, but you'll have a real chore bringing it into flower again next Christmas. That's simply a job better left to the professionals.

Kalanchoes should be kept in a sunny window. This plant flowers when the days are short, consequently they are difficult to reflower in the home if carried over from another year. Lights used in the home provide long days and

the plants fail to set flower buds. They do make excellent foliage plants once the flowers are faded, however. Just remove the flower stalk and use as a foliage plant.

Christmas cactus isn't a typical cactus. It requires as much water as any other houseplant, though it should not be overwatered. This is one plant that can be kept over to bloom again next Christmas. Keep it in a sunny window until danger of frost is past, then place it in a shady spot out of doors during the summer. Bring indoors before frost can damage it. Place in a cool room at night. Night temperatures must be below 75°, or it will not bloom.

Cyclamen, or shooting stars, are old favorites. Their large showy flowers are red, pink, salmon or white and really do resemble falling stars. Unfortunately though, the flowers fade and fall pretty fast at 72°, so cyclamen has a pretty short flowering period in the home. If you have the opportunity, keep the plant at 55° whenever possible. Again avoid hot drafts and overwatering.

Azaleas should remain attractive 2-4 weeks in your home, particularly if you'll put them in a 55-60 degree spot each night and during the day when you're not around. They just don't prosper at normal home temperatures.

Be careful to avoid hot drafts when you select a spot for your azalea, and, again, be extremely careful of your watering practices. Most greenhouse azaleas are grown in virtually 100 percent peat moss, and its fairly easy to goof on the watering.

Florist azaleas are not particularly well adapted outside of East Texas so you may want to discard the plant once it's finished flowering.

Plants brighten any holiday decorations. With a little care, they can last long after the toys are broken and the bills are paid.

Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

PUBLIC NOTICE TO PLUMBING CONTRACTORS CITY OF LOCKNEY

The City of Lockney, on behalf of property owners, will be taking proposals from: qualified plumbers who are interested in making house connections to new sewer lines recently installed in the northeast section of the City of Lockney. Approximately 28 sewer connections must be made.

Proposals will be taken on each individual house connection. Plumbers will be required to inspect the properties involved and make lump sum proposals for the labor and materials involved in completing each individual house connection.

All work must be done under the supervision of a licensed plumber. Workers Compensation Insurance and a minimum of \$20,000 in General Liability Insurance is required of all individuals and firms working on this project.

Proposal forms are now being prepared by the City. If you would like to receive a set of proposal forms, contact Erma Lee Duckworth, City Secretary, City of Lockney, at (806) 652-2355. It is expected that the City will take proposals from interested and qualified plumbers in early January, 1983.

VA NEWS

Families of veterans who select a burial site for a deceased veteran in a private cemetery have two options for Veterans Administration assistance in marking the grave.

VA will provide, upon request, a headstone or marker free of charge and ship it to the consignee designated on the application. Cost of placing the marker in a private cemetery must be borne by the applicant, however.

A second option is that VA will reimburse part of the cost of a headstone or marker bought privately and placed on the grave of a veteran. The current amount is \$67, the average cost of headstones purchased by VA.

Application for the VA headstone or marker should be addressed to Director, Monument Service (42), Department of Memorial Affairs, Veterans Administration, 810 Vermont Avenue, N.W., Washington, D.C. 20420.

Application for the \$67 reimbursement for a marker other than the VA standard should be filed at the VA Regional Office. Proper routing of the application will expedite service.

For further information, telephone the Waco VA Regional Office toll-free number listed in your telephone directory, or contact your county service officer.

Why not give the Beacon or the Hesperian?

If you are looking for a reasonable gift for a parent, brother, sister, or child who used to live at Lockney, or a special person such as a school teacher, music teacher, or an adopted grandparent, let us suggest the Lockney Beacon.

Holiday Gifts
Holiday parties are fun—and you don't want to come empty-handed. This year, even if the budget is tight, you can bring an elegant and tasty present that's sure to make you a favorite guest. It's easy! And it takes very little time to create these no-bake Festive Cocoa Bonbons. Highly concentrated cocoa gives extra rich chocolate flavor, and blends in readily for creamy smooth consistency. It comes ready to use—no solid chocolate to melt down first. And cocoa goes farther than baking chocolate, saving one-third the cost of this ingredient. Box or wrap bonbons prettily, or arrange in an attractive canister.

FESTIVE COCOA BONBONS
3 ounces cream cheese
2 cups confectioners' sugar
1/4 cup Hershey's Cocoa
1 tablespoon plus 1 teaspoon melted butter
1 teaspoon vanilla
Confectioners' sugar (Finely chopped nuts)
(Colored sugar sprinkles)
Soften cream cheese in small mixing bowl. Add confectioners' sugar, cocoa, butter and vanilla. Shape into 1/2-inch balls (chill, if needed, to handle). Roll in confectioners' sugar, colored sugars or finely chopped nuts. Chill; serve cold. 2 dozen bonbons.

Her maternal grandparents are Curtis and Catherine Poteet of New Mexico and paternal grandparents, Wanda and Bill DuBois of Floydada. Rosa and Elvie Lackey of Cedar Hill are great grandparents. Cindy Renee has an older brother, Cole, age 6, and an older sister, Christy, age 4.

Lakeview News

By Joyce Williams

Mr. and Mrs. Milton Harrison were Thanksgiving dinner hosts to all their children. Present were Mr. and Mrs. Ted Given (Sue), Chad and Jennifer of South Plains; Mr. and Mrs. Bill Howard (Gail) of Plainview, Heather and Alisha and Beverly and Rex Harrison and sons Brandon and Jason of Lakeview. Rex is the official government weather and rain man and reports between one half and .85 inches of moisture fell during the week at his farm.

Joe Thurston reports over an inch and a half at his place. The sleet started late Wednesday afternoon, with slow flurries all day. By Thursday morning the ground was white and concerned hosts were hoping travel conditions would permit relatives to travel safely. A slow rain all Thursday night and off and on Friday made dirt roads impassable for some mail routes. By Saturday a trail of ruts had been made and South Plains Mall was full of families from all over the area. They visit and talk of farm conditions whether they have any money to shop with or not.

Mr. and Mrs. Weldon Hammonds served the holiday dinner twice, once on Thursday evening to Mr. and Mrs. Lanny Glasscock and family, and on Friday at noon when their daughter, Mrs. Gay Lynn Carpenter and son Cody, arrived from Canyon.

Over at the Billy Joe Hambrights, Kathy and Jerry Green and baby daughter, Heather, of Lubbock, and Todd Hambright of Texas Tech, ate a festive meal and relaxed around the fire, thankful for the warmth and coziness inside.

Janie and Oscar Santos and children, Toby, Tory and Tysin, of Floydada, came out for Thanksgiving dinner with her parents, Mr. and Mrs. Smoky Quijantán, and family. Mary's sister,

Rafealla Ramon and husband, Joe of Lubbock, had visited here the Sunday before, and called to wish them a happy holiday.

Mr. and Mrs. Martin Warren of Tahoka were hosts to her parents, Mr. and Mrs. William Bertrand, also the Orville Newberrys, Randy Bertrands, Dale Newberrys, Rex Joneses, and all the Warren relatives.

Sheriff and Mrs. Connie Reed and children, Kelly and Darlene of panhandle, ate Sunday dinner with Mr. and Mrs. Randy Bertrand. Other guests were Connie's Lockney relatives, Mr. and Mrs. James Morris and Miss Caroline Cunningham.

Roland Adams and daughter, Misti of Lubbock visited his parents, Mr. and Mrs. Dee Adams on Sunday.

Mr. and Mrs. Earl Edwards had a quiet holiday. Their daughters dropped in before and after Thanksgiving, and Mr. Edward's nurse, Freida, checks on him at his home.

Ken Custer, of Dallas, arrived through the sleet Wednesday night to spend the week-end with his mother, Mrs. Orville Custer. Lucille's sister, Mrs. Adell Whisenant and her daughter and granddaughter, Carla and Christy of Lamesa stayed here from Wednesday night until late Friday.

Ruth and Don Harrison were guests of their son and family, the Max Harrison, Debbie, home from College in San Angelo and Tracy and a guest, Mark McCormick.

The Edmund Browns carried the mail Friday and Saturday and report bad roads in their area. Pat served after Thanksgiving dinner with Rex. Scott had gone to Divane, Texas with Miss Nancy Smith.

Mrs. Odell Breed spent the holiday with her daughter, Shirley, who was in

the hospital in Lubbock for surgery. She was dismissed Sunday and Janell will continue to go over and stay with her.

The Harold Bertrands enjoyed having all three of their daughters home Friday. Kim and Dean Hinton of Odessa, Jana Gail and Derrell Monday and family of Rotan, Donna Jean and Bob Robillard and Jason of Lawton, OK. Faye and William Bertrand joined the family group also.

Mrs. Roy Fawver ate dinner with Mr. and Mrs. Carlton Fawver, and enjoyed phone calls from all her family. She lunched at the Senior Citizens Monday thru Wednesday.

Mrs. S.G. Appling is back in the Crosbyton hospital so Wayne and Bertha postponed the family dinner to enable the family to be with Mrs. Appling.

Holiday guests at the Q.D. Williams included Mrs. Norma Lee and daughter, Tonja of Vernon, Miss Lou Lee of Lubbock Christian College; Mr. and Mrs. Jack Brown, Mrs. Vivian Brown, of Truscott; Mrs. Ike Harwell of Vernon; Miss Jacquelyn Brown of Houston; Billy Brown of Texas Tech; Mr. and Mrs. Monte Williams and Amanda of Ft. Sill, OK.; Mr. and Mrs. James Williams, Ashleigh and Austin of Floydada; Mr. and Mrs. Bob Jones, Mr. and Mrs. Raymond Jones and Charley Jones of Dumas; Charley Lee of Artesia, New Mexico, and a guest, Cindy, from Lubbock Christian College. They arrived Wednesday night and the last guest departed Sunday.

The rain has seasoned the fields for farmers who still have to plant wheat, and Jivened up the wheat already planted. Cotton stripping will resume when fields dry up.

"Fence fixer" aid to ranchers

Once you get the hang of it, 30 seconds is all it takes to remove slack from barbed wire fence, electrical fence, horse fence and net wire fence with the new "Texas Fence Fixer" from Ranch Country Products, Inc. Ingeniously simple and with a lifetime guarantee, the device can be used at any point along the fence line and requires only a short length of new wire and fencing pliers to make repairs.

There is no need to remove staples or tie wires since repairs can be made so quickly. It is especially useful on watergaps and short runs such as corral fences and turning wings.

The tool is made of strong metal handles and yokes with a chain attached. It will take up slack and create a loop which is wrapped around the new wire and secured in a matter of seconds.

There's no faster, safer way to tighten a fence and it will stay tight because it can't unravel as with other methods. Developed by a ranch manager, the Texas Fence Fixer has been proven and field tested under rugged farm and ranch working conditions.

For literature or to order contact: Ranch Country Products, Inc., P.O. Box 1136, Temple, TX 76503. Or call toll

free in Texas 1-800-792-3213; outside Texas 1-800-433-3308.

Ranch Country Products is a company dedicated to identifying and supplying products that help increase productivity and profitability for farmers and ranchers. Emphasizing high quality and dependability, the company plans to introduce new American-made products on a continuing basis.

Landscape & Gardening

By Dale W. Spurgeon

Last summer I received a number of calls from homeowners who were quite concerned about their broad-leaved evergreen shrubs turning yellow or whitish. The problem was caused by euonymus scale insects, which are tiny (about 1/16 inch long), scale-looking insects which feed on several different kinds of shrubs. Among these are euonymus, holly, pachysandra, hibiscus, and camellia shrubs.

Damage from euonymus scales is characterized by yellowish or whitish spots on the leaves. Heavy infestations may cause the plant to drop leaves.

Euonymus scales overwinter as adult females. In the spring, the females lay eggs, and the nymphs which hatch (called "crawlers") move to new growth. Several generations may occur each year. As the nymphs mature, they secrete a waxy shell or scale over themselves. Male euonymus scales are white with light brown ridges running lengthwise the scale. Females look like miniature, dark brown oyster shells. Usually, the homeowner does not recognize that a problem is present until the scales are adults.

It is recommended that euonymus scales be controlled while in the "crawler" stage. However, since most homeowners do not recognize a problem this early, I was asked if control of the adults could be accomplished. Having little information on this, I conducted a demonstration to determine if control of the adults could be achieved.

I selected a very heavily infested euonymus shrub for the test. On August 28, I estimated the scale population on upper leaves to be about 100 adult scales per full grown leaf. I sprayed the plant to the point of run-off with a mixture of 4 tsp. of 25% Diazinon per gallon of water, using a hand-held pump-up sprayer. 4 days following the treatment, I estimated the scale population to be the same as before treatment, which demonstrates no control of the adults.

It appears then that euonymus scale insects must be controlled during the crawler stage. My suggestion is, if you experienced a problem with scale insects this past summer, be prepared to treat for crawlers this coming spring. Editor's Note: The following poems were taken out of the November 1982 issue of the Progressive Farmer. The Farmers were written by Sheryl L. Nelms of Hurst, Texas and Heritage was printed on checks of Ridgefield Farm, Brasstown, N.C.

The Farmers
I never see them
in this sprawling metropol.

They used to be
such a part of my life.

I'd watch
them
after a good rain
on new corn
when they came
to town
to shop at J.C. Penney's.

I'd listen
to them
at the co-op elevator
during wheat
harvest
when everything
was right.

I loved the farmers
with their white
foreheads
and thick
chicken- and biscuit-
fed bodies.

In them I felt solid
hope.

Heritage
This land belongs to my people.
Some of them are living.
Some of them are dead.
But most of them have not yet
been born.

Immigration Reform Bill — There is now a real possibility that the U.S. House may take up and debate H.R. 6514, the Immigration Reform Bill, during the "lame duck" session of Congress which will convene on November 29. The Senate passed its version of the bill, S. 2222, during the regular session. Farm Bureau has strongly opposed this legislation and has attempted to prevent House consideration of the bill in this session of Congress, according to Ed McKay, TFB National Affairs chairman. FB has asked counties to request two things of their congressmen—(1) to keep H.R. 6514 from coming up for debate and a vote this "lame duck" session or (2) to vote against the bill if it does come to a vote.

H.R. 6514 provides for heavy fines and/or prison sentences for any employer who "knowingly" employs an illegal alien. The bill also fails to provide for a workable guest worker or temporary worker program for agriculture. It provides amnesty for those illegal aliens who entered this country prior to January 1, 1977, and have been here continuously since that time.

'83 Meat Consumptions Forecast—The USDA estimates that 76 pounds per person of beef will be consumed in 1983, an average of one pound less than during 1982 and 20 pounds below the record high of 1976. About 55 pounds of pork per person are forecast for 1983, five pounds less than 1982. Lamb, mutton and turkey consumptions are expected to remain unchanged.

Wheat Carryover—The USDA's November supply/demand estimates for wheat indicate demand for 1982-83 lagging nearly 300 million bushels behind 1982 production. This will result in a carryover May 31, 1983, of 1.461 million bushels - the equivalent of a six to seven-month supply. The excess will mean a carryover of durum and hard red spring wheat of about one year's supply each.

Federal Debt—Current reports indicate a U.S. deficit of \$128.0 billion for the fiscal year ending on September 30, 1982.

The gross federal debt at the end of the fiscal year ending on September 30, 1982 is reported at \$1,147.0 billion. Based on a U.S. population of 230 million persons, the per capita debt of the U.S. government at the end of the fiscal year ending on September 30, 1982 was \$5,537.

World Production—The International Cotton Advisory Committee has left its estimate of 1982-83 world cotton production unchanged at 67.2 million 478-pound bales, but estimated 1982-83 world consumption at 66.7 million to 67.1 million, compared with its last estimate of 67.1 million.

In its monthly review of the world cotton situation, ICAC put 1982-83 world cotton supply at 94.9 million bales.

The sharp projected decline in world production is attributable mainly to reduced area, but also to some decline in average yield. Most of the reduction

is expected in the United States, where an 11.4-million-bale crop is estimated, ICAC said.

Production in China was estimated at 14.5 million bales, down from last month's estimate of 14.6 million.

The 1- to 1.5 million-bale increase from 1981-82 in world cotton consumption is based on an improvement in economic conditions. The main increases in use will be in socialist and developing countries, ICAC said.

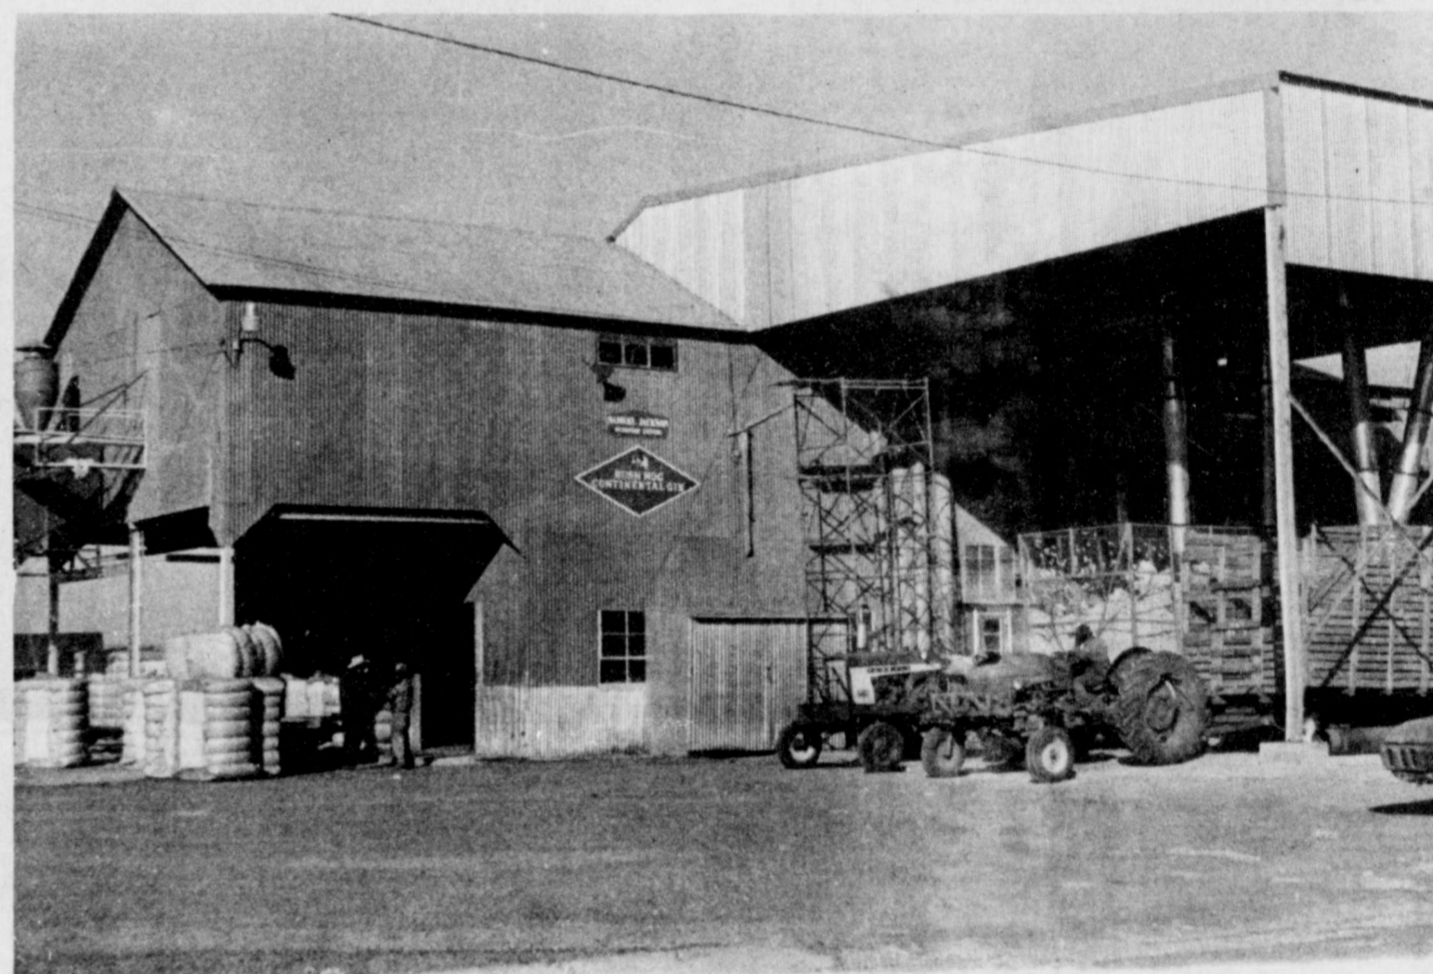

Cotton consumption in China is estimated at more than 16.2 million bales, up from 15.8 million last season, and Soviet consumption is expected to increase about 100,000 bales to 9.5 million.

ICAC noted that in 1982 cotton prices moved higher, compared with a general softening for man-made fiber prices. However, man-made fiber producers are in better shape than a year ago and inter-fiber competition can be expected to intensify.

CCC Inventory System Contract—The CCC has awarded a contract for developing a system to inventory CCC-owned cotton to Electronics Data Systems Corp., of Dallas, a CCC official said.

The contract would require Electronic Data Systems to build and establish an inventory system for loan cotton that is forfeited to the CCC.

The CCC will decide after January 1 who would run the system after it is developed. Either an industry group or the CCC will take control of the system.

PRIOR TO THE RAIN AND SNOW the cotton harvest was preceding at full tilt. A few trailers and modules can be seen on the gin yards.

Soybean usage growing worldwide

Hogs and chickens are no longer the only livestock enjoying the benefits of diets containing soybean meal. Now much of the world's 21 million mink and duck population is also being introduced to rations containing soy protein, thanks to export promotion work of the Texas soybean checkoff. As a result, mink and duck farmers are producing faster gaining, more healthy animals at profitable levels.

Efforts to increase the use of soybean meal in rations for non-conventional markets such as mink and ducks are examples of export promotion activities currently underway by the American Soybean Association. These export promotion activities are being funded by farmer investment in the soybean checkoff.

"In these times of depressed commodity prices farmers need to give wholehearted support to soybean checkoff investment in innovative export promotion programs such as those Texas farmers conducted through the American Soybean Association," says Jack Witten, a Kress soybean farmer who currently serves as chairman of the Texas Soybean Producers Board (TSPB). Witten recently announced that the TSPB had sent a check for \$6,000 to the American Soybean Development Foundation for use in continuing worldwide export promotion activities to increase use of soybeans and products.

Written cited duck feeding demonstrations in Taiwan as typical of the kind of projects where farmers check-off investment is helping increase soybean use. An ASA survey of the duck industry in Taiwan in 1977 revealed that the country produced nearly 28 million ducks. The majority of duck feeds however, were composed of corn,

wheat bran, rice hulls and fishmeal. Use of soybean meal was insignificant.

In 1978, ASA supervised duck feeding trials for farmers and feed formulators. The trials showed that incorporating a higher percent of soybean meal into duck feeds not only improved feed efficiency, but also increased egg production. As a result of the feeding trials and recommendations of ASA technicians, soybean meal usage jumped 128 percent from 27,000 metric tons in 1975 to over 61,500 metric tons of meal in 1980—the equivalent of over 2.5 million bushels of soybeans.

Use of soybean meal in mink rations showed a similar large increase after an ASA feeding trial in Denmark and Finland -- the world's top two producers of mink and fox. Traditionally animal protein, not soy protein has been the main source of protein for nearly 8 million fur bearing animals in the Nordic Countries.

In 1980, the American Soybean Association conducted feeding trials on mink and fox farms in Denmark to demonstrate that addition of a soybean protein concentrate or a soy flour would be beneficial for fur-bearing animals.

The trial was quite successful. Mink fed a ration containing 10 percent of a Danish produced soybean protein concentrate showed normal growth. More significantly, pelt quality showed a "marked improvement". Fox fed both defatted and full-fat soy flours showed slightly faster growth rates than animals fed only animal protein. As a result of these feeding trials, the future looks bright for increased soybean consumption by the mink and fox industry in Denmark and Finland. Checkoff funded export promotion programs

such as these have helped Texas soybean farmers sell more soybeans at higher prices and increased gross farm income \$57.50 for every checkoff dollar invested in export promotion.
