Deep snows bury Lockney

When snow began to fall Friday night, hardly anyone would have suspected that the entire High Plains would be buried by a blanket of snow from 8 to 12 inches deep on New Year's Day by midday.

This snow was a God send in so many ways. Traffic was cut to a snail's pace. Some 20 of the New Year holiday deaths predicted in accidents on Texas highways were saved. Officials accredited the weather with the 50% decline.

Some of us may have had to alter our schedule somewhat, but the time was well spent with our families. And how could our time be better spent? Speaking from a personal point of view, the

Redding family found some really enjoyable things to do when television got so monotonous we could not endure another minute.

The moisture will be invaluable to farmers and ranchers. Moisture received in the way of a snow brings such a stillness, a calmness, with no harshness or damage as does a hail or even a real fierce wind.

With hardly any wind, the snow fell like a blanket all smooth and velvety. Every limb was a delicate, lacy work of nature. Evergreens were heavy laden boughs. Even the plainest of scenery became picturesque.

With temperatures falling to 1° at night and rising only around the

freezing mark for a high during the day, forecasters say some of the snow will probably stick around for the weekend.

School resumed on Monday, the first day back from the Christmas holidays. But Lockney's students started classes at 10:00, about an hour later than usual.

Trinity Lutheran holds annual meeting

Trinity Lutheran Church ALC in the Providence Community will celebrate the Sacrament of Holy Communion at its 11:00 a.m. worship service. The sermon text will be based on Luke 3:15-17, 21-22 which is the account of the Baptism of Jesus.

Following the worship service will be a pot-luck dinner. Afterwards, the congregation will meet to conduct its Annual Meeting.

The Bible Study classes meet at 10:00 a.m. Beginning the end of January an adult class for church membership will be taught. The class will deal with a study of Luther and the Christian Faith.

Anyone wanting more information may call the church.

Faulkenberry awarded title

Shelia Faulkenberry, CTA/RPA, Chief Appraiser for the Floyd County Appraisal District, has achieved Certification as a Registered Professional Assessor, it was recently announced by the State Board of Tax Assessor Examiners.

The RPA status is the highest classification in this profession. Certification of professionals is through rigorous examination by the state, and comes only two months after she achieved her CTA Certification.

Shelia was born and raised in Floyd County and graduated from Floydada High School in 1966, at which time she started working in the Floyd County Tax Office. She has been on the appraisal district's staff for three years, initially as an appraiser and recently as Chief Appraiser. Shelia has seven years experience in the fields of appraisal, assessment, collection, office management, mapping and drafting.

A Baptist, she and her husband Don have two children, Troy Don, age 14, and Melissa Renee, age 6.

She commented that she was pleased to have the examination behind her and hoped to utilize the skills acquired in the process to help the citizens of Floyd County.

Silverton's field day today

A field day stressing Rangeland Improvement and Prescribed Burning of Rangelands will be held in Silverton Thursday, January 6, according to John Crowell, District Conservationist with the Briscoe County Soil Conservation Service Office.

Farmers, Ranchers, and Livestock Producers are urged to meet at the First State Bank in Silverton at 9:00 A.M. for coffee and donuts and to begin the program.

Subjects to be discussed include Brush Control by Prescribed Burning, Control of Grass Fires with Fire Retardant Chemicals, Chemical Brush

Control, Effects of Burning on Wildlife, and Supplemental Feeding of Livestock.

A free bar-b-que lunch will be served to those who attend the field day.

Following lunch there will be a demonstration of Fire Retardant Chemicals used to control grass fires which should be of special interest to Fire Department members. This will be followed by a tour of prescribed burning sites below the caprock. Safety precautions to be taken during a prescribed burn will be discussed at the sites of the planned burns.

Dan Caudie, Range Conservationist with the Soil Conservation Service; J.F.

Cadenhead, Range Specialist with the Texas Ag Extension Service; and Gary Valentine, Wildlife Biologist with the Soil Conservation Service will be in Silverton to help present the program.

Also present will be representatives from several livestock feed and chemical companies who will discuss new products available to livestock producers.

Everyone is encouraged to attend any or all of the field day sponsored by the Caprock Soil and Water Conservation District, the Briscoe County Ag Extension Service, and the Texas Section, Society for Range Management.

This Week

Adult education classes will be taught at R.C. Andrews School at 215 N. White on Monday and Tuesday evenings from 6:30 to 9 p.m. The classes are free and are planned to meet the needs of the individual student. Enroll at any time. For further information call 983-3134 during the day or 983-3337 after 4 p.m.

Registration for classes at Western Texas College, Crosbyton Extension Center spring semester will be from 6:30 p.m. to 8 p.m. on Jan. 11 at the Crosbyton school administration building.

Courses offered are Biology 248, English 131, Government 231, Math 135 (Math Concepts I), Sociology 231, and Math 133 (college algebra).

Classes begin January 19. For more information contact Jerry Scott in Crosbyton or contact West Texas College in Snyder at 915-573-8511.

LOCKNEY'S "FIRST BABY" was a daughter born to Salvadore and Reyna Barrientos of Plainview Saturday at 11:14 a.m. Anna, as the baby was named, weighed 8 lbs. 13 oz. and was 20" in length. She was delivered by Dr. Gary

Mangold. The couple have four other children ages 9, 6, 2, and 1. The father is a butcher at Missouri Beef.

"Laugh Lines"

BY DON AND SARA PROBASCO

Bits of Humor, Trivia, and an occasional Word of Wisdom

What this country needs is a computer that can figure out all the things that don't add up.

In this crazy, mixed-up era, people don't even repent at leisure.

The minister concluded his sermon by saying: "And remember, friends, there will be no buying and selling in heaven." A fellow in the back pew muttered to himself, "Well, that's not where my business has gone, anyway."

Science has been making great strides forward. Now it's only 50 years behind the comic books.

I don't understand all the commotion about security leaks in our missile program. Let the Russians steal our secrets. Then maybe THEY'LL be two years behind.

Good government is like your stomach. If it's operating properly, you never know you have it.

The only safe thing to do behind a person's back is pat it.

The only safe thing to do when you leave your home is lock it. As we begin this new year, resolve to make your loved ones and possessions more secure. Be sure that your locks are adequate, then USE THEM.

Rep. Whaley installs toll-free line

State Representative Foster Whaley, Pampa, announced that a toll-free incoming WATT Line telephone has been installed in his Pampa office. The WATT line will permit any citizen in the 84th Legislative District to call him at no expense to the caller. The TOLL-FREE NUMBER: 1-800-692-1389.

Permission was granted to Whaley to make this installation because of the large eleven and one-half county district which included part of the Panhandle, Rolling Plains, and South Plains. The District covers North rural Lubbock County and includes Reece A.F.B., Shallowater, New Deal, Idalou, and the southern part of Abernathy. Other counties include Crosby, Dickens, Floyd, Motley, Briscoe, Hall, Armstrong, Donley, Childress, Collingsworth, and Gray.

Whaley said the new incoming WATT line will mean he can be as accessible to a resident at Reece Air Force base, 200 miles away, as to anyone in Pampa, his home town.

From January 11, 1983, until early June, Representative Whaley will be in Austin for the 68th Legislative session.

Therefore, it is essential that callers let his Pampa secretary know who is calling, their area code, phone number, and the town from which they are calling. Also, advise Whaley's secretary about the nature of the call.

Jean Hogsett, the Pampa secretary, will relay this information to the Austin office if she is unable to get an answer for you.

Representative Whaley will answer your calls as soon as possible.

A renewed commitment to our partners

As the hopeful anticipation of 1983 begins, it is time to count blessings and to think about how the accomplishments of the past year will make the new year better.

Only a few weeks ago, an important energy decision made years ago became a reality and commitment to the future of the Southwest.

The decision was made by the customers and the employees of Southwestern Public Service Company, working together as partners to make a difference in the cost of electricity. The reality and commitment was symbolically begun in November, as literally thousands of Southwesterners toured Tolk Station,

the new power plant near Muleshoe, Texas. The first of two electrical generating units at this new facility is now producing electricity—from coal.

Because this and other SPS power plants are designed and built by SPS's own engineering and construction department, the cost to our customers is less than one-half the national average cost for coal-fired plants and less than one-fourth the national average cost for nuclear power plants. SPS is one of only two electric utilities in the United States which can design and build its own power plants.

That's money saved for everyone, especially our customers.

The employees of Southwestern Public Service Company thank you for your understanding, your encouragement, and your support.

As you and SPS enter 1983 together, as partners managing electricity, you can be assured that Tolk Station will make a difference in helping provide you with dependable electric service at the lowest possible cost.

You and SPS, partners managing electricity, make the difference.

Care Center Capers

By Vickie Hutton

We started our new year off with much socializing and a lot of fun. Friday afternoon we brought out the hats and blowers and wished each other a Happy 1983.

We had a variety of New Years Resolutions ranging from "Being friendlier" to "wishing everyone good health".

During exchanging good wishes we enjoyed many different cheeses and crackers and club soda. This was a special time for everyone.

Monday we braved the cold weather and took a short trip to Floydada. These trips give us an opportunity to see different scenery and to enjoy the fresh air.

Wednesday was ceramic day. Olive McDonald from MHMR teaches our classes and she has brought some beautiful pieces. We love ceramics!

Our bingo winner this week was Mary Jo Fielding. A special thanks to

DeLinda Glasson and Almeda Phillips for taking time to come and make bingo so enjoyable. These are two very giving people.

Until next time; Happy New Year!

South Plains News

By Mrs. Murray Julian

South Plains, January 3, 1983:
It has been a few weeks since there has been news from South Plains. Your correspondent was gone to Ruidoso, New Mexico during Christmas, and the weather has been a factor since then.

Happy New Year to all, and what a New Years Day we had here in the Panhandle of Texas! Snow began falling early in the day, and fell steadily without a bit of wind until night. They say there are 7 inches everywhere, and no drifting. One of our good neighbors brought his tractor and blade, and cleaned the road to the school house, bladed the church yard, the roads into our homes and we are very grateful to be able to get out of our garages and driveways. We have really had a big taste of winter since Christmas.

Mrs. Bruce Julian, Clay and Wade from Perryton came down to visit her folks, the Edell Moores and they returned this Sunday afternoon. They had come Thursday, around through Amarillo, and the snow had not fallen at Perryton on New Years Day.

At the home of the Rev. and Mrs. Cecil and Joyce Osborne here in South Plains for Friday and Saturday of last week, they had their Christmas with children, the Rev. and Mrs. Ron Somers, Jennifer and Jaime, Mrs. Karen Mauney, both families from near Dallas, and Mrs. Corda Taylor from Muleshoe, mother of Mrs. Osborne were present.

Tuesday, December 21, Mr. and Mrs. Don and Sara Probasco held Open House at their home from 5-8:00 p.m. in the evening. Their home is north of South Plains, and they all enjoyed a happy time of visiting with neighbors and relatives.

We extend our sympathy to Mrs. Lyvonne Smith of Fort Worth whose father, Walter L. Hurt of Plainview, 86, passed away at his home on Saturday December 18th and the services were held Tuesday in College Heights Baptist Church at 10:30 in the morning. Mrs. Ruby Higginbotham from our area attended the services.

Mr. and Mrs. Sylvan and Bobbie Kinnibrugh went to her sisters, Mr. and Mrs. W.H. Simmons in Truscott Christmas where a family Christmas gathering was held. They were at their daughter, Beths, the Robert Swains, in Plainview Tuesday night for a family gift exchange and supper. They had their New Years get together at Truscott with all the relatives. Sylvan's father, J.A. Kinnibrugh is getting along fine, and John Kinnibrugh is getting along well.

Mr. and Mrs. Hansel Sanders and Connie had all their family with them for the Christmas festivities, then gift

exchanging. With them were Mr. and Mrs. Mark Sanders and three children from Floydada, Mr. and Mrs. Gary Sanders and daughter from Lubbock who went on later to Dumas to see her parents, and Hansel's father, A.P. Sanders of Lockney.

Wednesday night of 2 weeks ago Mrs. Ruby Higginbotham went to Cedar Hill to attend a reception which was held Wednesday, Dec. 15th at the Assembly of God Church Fellowship Hall, in connection with the Annual Community Christmas Party, for Mr. and Mrs. Robin and Ruth Fortenberry of the Cedar Hill community, a farewell party, for the couple have moved to their new home in Hereford. A Mexican supper was held, and relatives, neighbors and friends shared the occasion together. We wish the Fortenberrys had not moved from here, but there comes a time in everyone's life when you must choose which is the best for you. We wish them happiness there.

The shortest day in the year was Tuesday, December 21. Today is Monday, January 3rd, with a snow of about 7-9 inches on the ground, and a world sheathed in ice and fairly scenes, as each and every twig and sprig of grass resemble a beautiful scene in ice crystals. It is cold, and although the thermometer hovers around ten degrees, the wind is not blowing, and roads are really hard to travel.

Mr. and Mrs. Fletcher and Hazle Powell went back to Howell and Van Alstyne to spend the Christmas holidays with their relatives, and they came home Friday. They were saddened while there by the death of 16 year old niece, who was killed in a traffic accident in Dallas on Tuesday night.

Mr. and Mrs. Nathan Mulder, Cindy, Penny, Jimmy and Cory went from here to Clovis, New Mexico on Wednesday to share Christmas with her grandparents Mr. and Mrs. W.B. Blalock, and on Thursday they went to Amarillo where they had that day and Friday with Nathan's sister, Mr. and Mrs. Jerry Taylor and children and Mrs. Letha Mulder, who spent the holiday in Amarillo with the Taylors. Candy Taylor came home with the Mulders to visit here during the past week while school was out.

Mr. and Mrs. Ernest Smitherman went to Lubbock to have Christmas eve with Mark and Barbara Smitherman.

Mr. and Mrs. R.Q. Botkin in Floydada were hosts at a Christmas eve dinner for all her side of the family, and from here Mr. and Mrs. Nathan and Connie, Troy and Tracy attended. Christmas Day they were all at the home of Mr. and Mrs. Travis Jones.

South Plains school has opened his Monday, January 3rd, with all the

teachers present, but many of the pupils have been unable to get to school. Parents took their children to schools this morning.

Terry Julian took the oath of office for County Judge of Nolan County, at Sweetwater, January 1, at 10:00 a.m. Saturday morning, and will be there the next four years. He is the son of Mrs. M.M. Julian and the brother of Kendis Julian at South Plains. They were unable to be there for the installation of officers Saturday due to inclement weather and bad roads.

Christmas 1982

Wednesday morning, December 22nd, the Julian family took off for Christmas in the mountains at Ruidoso, New Mexico. Kendis and Janis Julian, Mitzi, Kristi and Tim and Mrs. M.M. Julian from South Plains met Terry and Leona and son Dickie at Brownfield at 1:00 p.m. from Roscoe, and up to this time the wind had been pushing, and was dusty and cold, but leaving Brownfield, there was a long stretch of interesting highways, and lots of visiting was accomplished along the way. They arrived at 8:00 p.m. in Ruidoso, and enjoyed a nice supper at K-Bobs, then went to their apartment where they would be staying the next week. Bruce, Janet and boys, Clay and Wade got in at around 3:00 a.m. from Perryton, and from the next day on, most of the family spent the entire day on the ski slopes with the mountains nearly all to themselves. The families ate together, and Christmas eve supper was enjoyed at a Mexican restaurant, which all enjoyed. Christmas dinner was served in the evening with everyone present. A big, heavy, Christmas snow fell for several days, making skiing excellent. Bruce and family came home Sunday but the rest of the family stayed until Tuesday, and enjoyed a New Years Dinner at Furr's in Roswell on the way home. It was a wonderful vacation and Christmas gathering, the first time every spending Christmas in the mountains.

LOCKNEY LOCAL

Freddie Ivy, of Mansfield, son-in-law of Johns and Vera Cox and brother-in-law of Marjorie Holcomb, is in Arlington Community Hospital, after being injured in a fall from atop a loaded truck last Thursday morning. He fell about 8 feet. He received a cut on his head, a blood clot in his head, concussion, a fractured shoulder and a back injury. He is reported to be resting better.

Charlotte Blazier of Amarillo, granddaughter of the Coxes and daughter of Marjorie, was bruised and sore from an accident in which her pickup skidded into a parked car Thursday night.

Barker awarded degree from NTSU

Mr. and Mrs. Weldon Cumbie and Mr. and Mrs. Edwin Barker, all of the Providence community, attended the December graduation ceremony at North Texas State University in Denton.

Ruby Barker, daughter of Mr. and Mrs. Cumbie, was awarded her Doctor of Philosophy degree in Vocational Business Education.

Both Dr. Barker and her husband, Dr. Tommy Barker, teach at Tarleton State

University in Stephenville, Texas.

She is assistant professor and division director in the department of business administration, while Tommy is an Associate Professor in the Department of Industrial Education and Technology.

They both graduated from Plainview High School and West Texas State University.

They have three children Brian, Craig and Tametha.

REMEMBER your loved ones with a living memorial to the Caprock Hospital Auxiliary Memorial Fund. Mrs. Ben Whitaker, Treasurer.

Odam enjoys guests

Recent guests in the home of Mrs. J.C. Odam were Mr. and Mrs. Orville Poore of Springfield, Missouri, who spent Thursday, December 16, and Sunday, December 19, Mr. and Mrs. D.G. Odam of Devine, Texas stopped by the Odam home on their way to Dickens to visit his sister, Mr. and Mrs. Wade Roberts for the Christmas holidays.

Mrs. Odam visited her daughter, Mr. and Mrs. Stanley Waits and family in Hale Center from Friday through Tues-

day of the Christmas holidays.

Others enjoying the Christmas meal and gift exchange at the Waits home were Mr. and Mrs. Bill Rushing and children, Christy, Angie and Michael of Plainview; Mr. and Mrs. Kerry and Elaine Seiwert of Hart; John Waits, Corpus Christi; Mr. and Mrs. Tony and Karen Rastetter, San Angelo; Mr. and Mrs. Gary and Cathy Hill and Jeremy, Lockney, and Mrs. Odessa Cagle of Lubbock.

OBITUARIES

OWEN HANKINS

Services for Owen Hankins, 55, of Hart were at 3 p.m. Monday at First Baptist Church with the Rev. Jack Lee, pastor, officiating.

Burial was in Hart Cemetery under direction of Parsons Funeral Home of Olton.

He died Saturday, January 1, at 1:55 p.m. at Central Plains Regional Hospital after a brief illness.

He was born April 4, 1927, in Hart. He was a farmer. He married Jo Armstrong January 14, 1950, in Clovis, New Mexico.

He was a member of the First Baptist Church in Hart.

Survivors include his wife; a daughter, Vicki Cates of Floydada; a son, Steve of Hart; a brother, H.B. of Fort Worth; and three grandchildren.

Pallbearers were Dean Sanders, Jay Stone, Edd Bennett, Jim Black, Glyn Reed, J.D. Rodgers.

The family suggests memorials to the American Cancer Society.

MRS. EULA LESTER

Services for Mrs. Eula Lester, 97, of Texarkana, Texas, will be at 10 a.m. tomorrow at the First United Methodist Church in Texarkana.

Mrs. Lester died at 7:30 p.m. Tuesday, January 4.

Born August 17, 1885, she came to Floyd County in 1929 and resided here until 1939. While here, she was active in 4-H, the Home Demonstration Club and the First United Methodist Church of Floydada.

Mrs. Lester and her two daughters were well-known in the area as the singing group The Lester Trio. She was also a member of the Methodist Church

choir in Texarkana.

Survivors include two daughters, Mrs. Delbur (Bennie) Rose of Plainview and Mrs. Martha Bell of Texarkana; three grandchildren, Michael Bell, Austin, Jerry Rose, Lubbock, and Johnny Rose, Wichita, Kansas; and seven great-grandchildren.

EULABELL SCOTT

Services for Eulabell Lorena Scott, 73, were at 2:30 p.m. Sunday at the First Baptist Church in Aiken. Officiating was the Rev. Bruce Kirby, pastor, assisted by the Rev. Buddy Wells of Plainview.

Burial was in Kress Cemetery under direction of Moore-Rose Funeral Home of Lockney.

Mrs. Scott died Thursday night, December 30, at Central Plains Regional Hospital in Plainview.

Born July 17, 1909, in Kress, she married Lonnie Scott July 12, 1929, in that community.

She moved to Floyd County in 1940. Mrs. Scott was a housewife and a member of the First Baptist Church of Aiken.

Survivors include her husband; one daughter, Mrs. Bill (Lavern) Thompson of Lockney; one son, Norman Dale Scott of Wenatchee, Washington; two brothers, Deroy Cates of Dimmitt and Alton Cates of Lubbock; six grandchildren; and five great-grandchildren.

Pallbearers were Lloyd Duvall, Lois

Williams, Pete Adams, Nuet Gant, Bert Elam and Charlie Elam.

Honorary pallbearers were Cecil Cox, Edwin Barker, Johnny Lee, Bill Nance, and Junior Taylor.

WALTER C. WHITTLE

Services for Walter C. Whittle, 77, of Plainview were at 2 p.m. yesterday at Wood-Dunning Colonial Chapel with the Rev. A.C. Hamilton, pastor of Finney Baptist Church, officiating.

Burial was in Parklawn Memorial Gardens under direction of Wood-Dunning Funeral Home.

He died at 6:20 a.m. Monday at Central Plains Regional Hospital in Plainview after an illness.

Born December 18, 1905, in Indian Territory, Oklahoma, he moved to Lubbock County in 1926. He moved to Crosbyton in 1934 and Plainview in 1949. He was a retired farmer. He married Faye Hopkins March 3, 1928, in Shallowater.

He was a member of the Finney Baptist Church.

Survivors include his wife; a son, C.C. of Floydada; a daughter, Mrs. Wade (Jerrri) Payne of Alexandria, Louisiana; three sisters, Mrs. Chuck Mann of Livermore, California, Dossie Perrin and Lorene Willis, both of Lubbock; a brother, Jack of Hobbs, New Mexico; five grandchildren; and three great-grandchildren.

Western Texas College Crosbyton Extension Center

Registration for Spring Semester Classes at Crosbyton Extension Center of Western Texas College will be from 6:30 to 8:00 p.m. on January 11 at the Crosbyton School Administration building.

Look at the Bright Side

By Roy Reiman, Editor/Publisher
Farm & Ranch Living

Winter's on its way. Harvest is finished, and the pace is winding down. It's time to put your feet up and sit a spell while you think back over the past year.

Not a lot to smile about, really. Even though your crops may have been good, market prices surely weren't. So what do you have to feel good about as the holidays approach? Well, I think you should consider this: You're working.

A lot of people aren't. The experts say that one out of every five American workers has experienced a period of unemployment in 1982. More than 11

million Americans are presently out of work.

The first thing people think of when they hear someone is out of work is that he or she is no longer making money. Well, I have city friends who are out of work, and I can tell you that the lack of income is only half of the problem.

Said one of them, who now sits at home from 8 to 5 when he isn't looking for another job, "I've never been more miserable in my life. Man was created to work. I'm 53 years old, and I've never been out of a job before. It affects my dignity. I'm just puttering around here all day, getting in my wife's way and everyone else's. I'm irritable, and I'm

losing my self-respect. I'm at the point where I'd work for nothing just to have something to do!"

There's one thing to say for a farm or ranch—there's always plenty to do. Even when what you do isn't profitable, you can find fulfillment—you can feed a calf and watch it relish the feed...you can fix a fence or paint a barn, and see the results of what you've done...you can produce crops that are needed to feed a hungry world.

So, until things turn around, take solace in the fact that, unlike a lot of folks, at least you have work to do. And in work, there's dignity.

Census data show Texas agriculture ranks first

Texas agricultural statistics outline an industry of 194,253 farms and ranches, mostly individual or family operated, producing \$8.3 billion in sales, second highest in the United States. The State's agriculture ranks first nationally in at least 10 major commodities, according to the U.S. Department of Commerce's Census Bureau.

The most recent Census of Agriculture for Texas indicates:

*Eighty-nine of the agricultural establishments are operated as individual or family ranches or farms. This slightly exceeds the U.S. average of 88 percent.

*Nine percent of the ranches and farms are partnerships and 1 percent are operated as corporations.

*Fifty-seven percent or 109,808 operators own all the land they work.

*Twenty-nine percent are part owners—operators who both own and rent land—and 14 percent are tenants.

Turning to ranking commodities, 1978 census data show first places for Texas in inventories of cattle and calves, 13 million; beef cows, 5.4 million; sheep and lambs, 2.4 million; Angora goats, 806,100 (88 percent of the U.S. inventories); and horses and ponies, 214,500.

In crops, the state leads in cotton, 6.5 million acres; sorghums, 4.7 million acres; pecans (both improved and wild), 144,100 acres; and watermelons, 49,800 acres.

Other crops included hay, 3.1 million acres; wheat, 2.7 million; corn, 1.4 million; rice, 597,700; peanuts, 261,700; orchard land, 250,200 (including 87,700 acres of citrus, with 52,900 acres of grapefruit, second largest in the U.S.); and vegetables, 220,300 acres.

The Texas farm operator's status is

reflected in a review of data from the Census of Agriculture for 1978. The review offers a perspective in farmer characteristics, products, and sales.

The statistics will be updated by the 22nd Census of Agriculture, with forms to all farm and ranch operators in late December to collect data for 1982.

Farmers in Texas and around the Nation are requested to aid the census by returning their report forms at the earliest possible date, with the deadline set for February 15, 1983. The census provides the only uniform set of agricultural data at the county, state and national level, publishing information ranging from acreage, crops and livestock, to interest payments and costs of fertilizer.

For statistical purposes, a farm is defined as any place from which \$1,000 or more of agricultural products were sold or normally would have been sold during the census year.

A comparison of data for the censuses of 1969 and 1978 indicates the farm and ranch count for Texas declined about 9 percent during the period. However, the figures are not directly comparable due to improved data collection methods in the latter census, and to a change in the definition of a farm.

Census data show that on an average basis Texas had:

*A total of 137.5 million acres of ranch and farm land, of which 20.8 million were harvested cropland.

*Average size ranches or farms of 708 acres, well above the U.S. average of 415 acres.

*An average of \$386 per acre value of land and buildings, below the U.S. average of \$628.

*Seven million acres under irrigation, 5.1 percent of the total farm land.

*Twelve percent of the places with 1,000 acres or more; and 21 percent below 50 acres. Thirty-eight percent ranged from 50 to 219 acres and 29

percent, 220 to 999 acres.

Turning to farm product sales, the average per farm or ranch was \$42,829, close to the U.S. average of \$43,618.

The state total divides between \$5.6 billion for livestock and poultry products and \$2.7 billion for crops, including greenhouse and nursery products.

Some 7 percent of the state's farms and ranches had sales exceeding \$100,000; but at the other end of the scale, 64 percent sold less than \$10,000 and \$40,000 and an additional 9 percent, \$40,000 to \$100,000.

Along with land and production values, expenses also were high: livestock and poultry purchases, \$2.3 billion; feed for livestock and poultry, \$1.5 billion; hired labor, \$434.1 million; gasoline and other petroleum fuels, \$409.5 million; and commercial fertilizer, \$334.7 million.

Census data users will look forward to the 1982 results, which will give some understanding of how farmers have weathered the economic situation over the past several years.

Other facts of Texas agriculture as noted in the census:

*The average age of all farmers and ranchers was 52.3 years, a little older than the U.S. average of 50.1 years.

*Six percent of the farms and ranches were operated by women; slightly more than the 5 percent nationally.

*Forty-one percent gave farming and ranching as their principal occupation, compared with 54 percent nationally.

*Fifty-five percent resided on their places, compared with 72 percent nationally.

The statistics are from the publication, **Texas State and County Data, Volume 1, 1978 Census of Agriculture**, available from the Superintendent of Documents, U.S. government Printing Office, Washington, D.C. 20402, or from Commerce district offices in major U.S. cities.

FARM NEWS

Burnett elected to board of directors

Neal Burnett, 49, of Plainview has been elected to the board of directors of Texas Farm Bureau, the largest state farm organization in the nation.

Burnett was nominated by delegates of his district, TFB District 2, and elected by the voting delegates to Texas Farm Bureau's 49th annual convention in Dallas recently.

The TFB board member produces cotton, milo, corn, soybeans and wheat on his 2,700-acre farm in Hale County.

Burnett joined Farm Bureau in 1955. He has served as president, vice president and secretary of the Hale County Farm Bureau. He served on the TFB State Policy Development Committee in 1977.

The farm leader graduated from Cotton Center High School and served in Korea with the Fifth Air Force as part of the Air Force Legal Services. He started farming in 1956.

Burnett has served as director of the Plainview Chamber of Commerce and chairman of the Chamber's Agriculture Committee. He is serving on the Plainview Public Schools board of trustees and served as president, vice president and secretary. He is also serving as chairman of the Hale County Appraisal District. He was chosen Star Young Farmer in Hale County in 1967 and was state soybean yield winner in 1977.

Burnett is married to the former Donna Ramsey and they have five children, Jane Burnett Morphis, Vondal, Cindy, John David and Billie Jean.

The sixteen counties comprising District 2 include: Bailey, Briscoe, Castro, Cochran, Crosby, Dickens, Floyd, Hale, Hockley, Lamb, Lubbock, Lynn, Farmer, Swisher, Terry and Yoakum.

NEAL BURNETT

Land Bank reduces interest rates

Interest rates on Land Bank variable rate loans will be reduced to 11.25 percent on farm loans and to 11.75 percent on farm-related business and rural residence loans, said Tommy R. Ogden, president of the Federal Land Bank Association of Floydada.

These rates become effective January 1, 1983.

"The Land Bank's objective is to provide credit to Texas agriculture at

the lowest possible cost, consistent with sound business practices," said Thomas H. Benson, president of the Federal Land Bank of Texas in Austin.

"For over two years the Bank's average cost of funds consistently has been higher than the loan rate," Benson continued. "However, for the past four months, we have begun to see a decline in bond costs.

As a result of this decline, we are able to reduce the Bank's loan interest rate," he said. "We hope that the decline in bond interest rates will continue, allowing us to make further reductions in the loan rate."

The Federal Land Bank Association of Floydada makes long-term real estate loans on farm and rural residence property in the counties of Briscoe, Floyd, Motley and a portion of, Hall.

Harvey Davis named executive director of TSSWCB

In action taken by the five-member board of directors of the Texas State Soil and Water Conservation Board on December 20, Harvey Davis, 55, of Temple was named executive director of the agency. "Davis' appointment is effective January 1, 1983," said Joe Antilley, chairman of the board.

"Not only does Harvey have a wealth

of experience in guiding our agency in the administration of Texas soil and water conservation laws, he will be bringing back to us even greater experience gained as a result of his heading the Texas Department of Water Resources," said Antilley.

The Williamson County native served as the first executive director of the

TCWR from November 1, 1977 to December 1, 1982. The TDWR was created by the 65th Legislature when the Texas Water Development Board, the Texas Water Rights Commission and the Texas Water Development Board was combined.

Davis previously worked for the TSSWCB 23 years, 16 of which he served as executive director prior to his employment as agency head of the TCWR. In total, Davis has worked 33 years for state government.

As executive head of the TSSWCB, Davis will assume agency responsibility for coordinating the programs of Texas' 201 soil and water conservation districts.

Following service with the Air Force, Davis received an Associate in Arts Degree from Blinn College in 1949, a Bachelor of Business Administration Degree in 1951 and a Master of Business Administration Degree in 1953 from the University of Houston.

Davis is a member of the First Methodist Church of Temple. He is the father of four children: Rex Davis of Waco, Mrs. Jim (Pam) Hacker, Ray Davis and Charles Davis, all of Temple.

Farm program participation deserves consideration

Farmers should give serious consideration to participating in the 1983 government farm program, says an economist with the Texas Agricultural Extension Service, Texas A&M University System.

"During tough times such as we have now, farm programs have to be a worthy option," says Dr. Carl Anderson. "Farmers must really take a hard look at their situations and must look at how farm programs might supplement their income."

While the current farm program offers "too little, too late" to reduce surplus production and raise farm prices, participation might be a wise move on the part of farmers because of the bleak market outlook for agricultural commodities, Anderson says.

He notes that grain, soybean and cotton stocks are high and that prospects for improved market prices are dim.

"The '83 farm program is mainly an income supplement program and will do little to relieve the farm surplus problem," Anderson points out. "It will probably reduce grain production only 2 to 4 percent and cotton production 6 to 8 percent."

Anderson advises farmers to carefully consider the present farm program but cautions them to stay abreast of possible changes that could be forthcoming. "Since the Reagan administration is interested in reducing government subsidies, there will likely be some changes," he says. "One change currently being considered is a concept called 'payment-in-kind' which involves using CCC commodities to pay producers for diverting land over and above the basic acreage reduction."

According to Anderson, there is a lot of uncertainty about the farm program right now due to the degree of farmer participation in the program next year, large carryover stocks of most commodities, a troubled world economy, a strong U.S. dollar abroad which is hurting foreign purchases of U.S. products, crop prospects for the year

ahead, a buildup of livestock number and politics.

Basic concepts of the '83 farm program currently include a target price and loan program, a farmer-owned grain reserve and acreage reduction (20 percent for cotton, wheat, corn and grain sorghum plus an additional 5 percent option for cotton). As in the past, only farmers who participate in the voluntary program will qualify for the benefits.

"Non-participation keeps farmers from enjoying such benefits as the loan program and deficiency payments that go into effect when market prices drop below a certain level," says Anderson.

Cost-Share sign up nears deadline

The 1983 ACP program has been announced by the ASCS office. Sign up has been scheduled for January 3 through January 7, Thursday, January 6 and Friday, January 7, will be the last days to sign up.

A number of conservation practices can be cost-shared such as diversion terraces, parallel terraces, waterways, tailwater pits, irrigation pipeline and other practices.

Anyone who would like further information on the Cost-Share program should contact the ASCS office or the Soil Conservation Service (SCS) in Floydada.

Pioneer Hi-Bred pledges funds to help expand grain, soybean export

Pioneer Hi-Bred International, the nation's leading seed company, today pledged more than \$600,000 in grants to three organizations working to expand grain and soybean exports.

In each of the next three years, Pioneer will provide \$160,000 to the U.S. Feed Grains Council and \$25,000 each to U.S. Wheat Associates and the American Soybean Development Foundation for export market expansion, according to Thomas N. Urban, president of Pioneer. All three are non-governmental groups established to develop overseas markets for U.S. grain and soybeans.

"The record of these organizations in boosting exports during the 1970's is outstanding," says Urban. "We need them even more now to help raise farm income and that's why we're increasing our support." Pioneer and many other agri-business companies have been regular contributors to foreign market expansion work.

While admitting that exports won't solve the immediate low-price problem, Urban believe additional foreign sales are the only long term answer for utilizing American farm productivity and raising prices received by farmers. The company is pledging its stepped-up support over a three-year period because of the long range nature of building export markets.

All three market expansion groups receiving Pioneer support also benefit from farmer checkoffs in many states. Each dollar contributed by farmers and firms like Pioneer is "matched" by about \$2 from the Foreign Agriculture Service and another \$2 from countries where market development work is being done.

The organizations expand markets by

showing potential overseas customers how to use U.S. grains and oilseeds to improve diets. To do this, they employ people in the targeted countries to set up demonstration projects, usually in cooperation with local businesses involved in food production and marketing.

The U.S. Feed Grains Council recently estimated that for each dollar it spends overseas, additional grain sales worth \$170 to \$440 result. With the 4-for-1 matching effect of farmer-agri-business dollars, each additional dollar the Council receives from its supporters should produce from \$850 to \$2,200 in extra grain sales.

Farmers must pay estimated tax soon

Individuals who earned at least two-thirds of their 1982 gross income from farming have until Monday, January 17, 1983, to make a 1982 declaration of estimated tax and to pay any taxes due.

However, according to the IRS, farmers who plan to file their 1982 income tax return and to pay the total tax balance by March 1, 1983, are not required to make an estimated tax declaration.

Additional information is available in the free IRS Publication 225, "Farmer's Tax Guide," and Publication 505, "Tax Withholding and Estimated Tax." These publications can be obtained by calling the IRS number listed in the local telephone directory.

DWI - Everyone's Problem

The following article is a public service by the Floyd County Hesperian and the Lockney Beacon through the cooperation of John R. "Randy" Hollums, District Attorney and The Prosecutor Council. Its purpose is to make you aware of a prosecutor's role, of your responsibility as a resident of this county and how we can work together to alleviate some of society's problems.

This coming January you Legislature will consider several bills to stiffen the penalties for drunk driving. A recent survey showed that 85 1/2% of all Americans believe drunk driving to be a very serious problem but many of us probably don't realize how serious.

*Drunk drivers kill 26,000 Americans every year - one every 23 minutes.

*More Americans have died at the hands of drunk drivers during the past two years than have died at the hands of drunk drivers during the past two years that have died in the ten years in Viet Nam.

*Alcohol-related crashes are the

number 1 cause of death in Americans 16-24 years of age.

*One of every two Americans will be involved in a DWI collision in his/her lifetime.

*On an average weekend night, one out of every ten drivers on the road is drunk.

*Drunk driving is the most common form of violent death in the nation.

Drunk driving is a crime that kills more people than homicides and injures more people than assaults with a deadly weapon. The property damage in dollar amount is more than that done by forger, burglars and robbers all added together.

Last year was the fifth consecutive record year in Texas for motor vehicle deaths. 4,071 Texans died last year on the highways and over 200,000 were injured. DPS statisticians attribute 23 1/2% of the deaths to drunk driving, but believe that figure would be as high as 50% if Texas law required blood alcohol measurements from all drivers involved in fatal accidents. State Board of Insurance figures show property da-

mage from collisions last year to be over \$22 million.

Twenty-seven states, during the past year, have enacted stiffer laws governing DWI. We are all beginning to realize it is a problem we can no longer ignore. States which have enacted stiffer laws have shown as high as a 47 1/2% decline in alcohol-related fatalities.

Many societies have substantially reduced their highway death tolls, and there's no reason Texans cannot do the same. It requires a concentrated effort at all levels, but most of all, it must begin with the individual citizen. The first step, of course, is to make sure our own drinking and driving behavior falls within the limits of safety and common sense. But there is much more to curbing drunk driving than merely watching our own behavior. What can you do to help?

As an individual

Besides being responsible for our own behavior, be responsible for others. Every drunk driver is a potential killer. Friends don't let friends drive drunk. It sometimes take courage to be a good

friend. Have the friend stay the night with you, take the keys away, call a taxi and pay for it. It's cheaper than a funeral. The friend may become angry, but when sober he will know you cared enough to draw the line.

As a parent

Drunk driving is the number one killer of men and women in their teens. And regardless of all the other drugs, alcohol is still the number one choice of drugs of young Americans. Chances are very good that your teenager will one day have to decide whether to get into a car about to be driven by a drunk. He/She must be prepared to say no. Talk with your teenager about the problem and what he/she thinks about it. Make sure your child know that his or her safety is more important than going to pick him or her up at 2:00 in the morning, or in getting the car home.

As a concerned citizen

Speak up whenever alcohol abuse is portrayed as an amusing or socially accepted form of behavior. Write letters of protest to television stations and other media who glamorize drinking.

Support local authorities who are making a determined effort to deal with the drinking driver. Support community groups who are working to alleviate the problem. Promote alcohol safety education. Education is by far the most potent weapon available in the struggle against drunk driving. You can't change the way people act until you change the way they think.

Write a letter. Save a life. This slogan has been adopted by MADD (Mothers Against Drunk Drivers) and it couldn't be truer, especially now when Texas will attempt to pass legislation this next January to stiffen DWI laws. The people are the most powerful lobbyists in this State. If Texans demand passage of new laws, they will be passed.

The next article on DWI will give a summary of some of the proposed new laws which will be considered this January by your legislature.

SUMMARY OF SOME OF THE PROPOSED LAW CHANGES

Described below are some of the new DWI laws which will be considered by your legislature this January. Examine them and decide for yourself which ones you feel adequately deal with the problem.

Raise the drinking age to 21
A 9-state survey of eastern states

showed a 28% reduction in fatalities in the 18-20 year old age group when the drinking age was raised to 21. In Texas when we raised the drinking age last session from 18 to 19, during the first six months we saw a 16.7% decrease in night fatalities in the 18 year old age group, a 36.8% decrease in the 17 year old age group, and at the same time saw a 7.9% increase in the 19 year old age group.

Open container law

This statute would prohibit open containers of an alcoholic beverage in motor vehicles upon public highways. It will prohibit citizens from drinking while driving.

Per se law

This law would make prosecution of DWIs easier by establishing that a person would be considered legally intoxicated if his breath test showed an alcohol content of .10 or more.

Refusal to submit to alcohol test would be admissible as evidence in court.

Under present law when an individual refuses to submit to the alcohol test, that refusal cannot be admitted as evidence in court. The result can be misleading to juries. Jurors sometimes assume the individual was not offered the chance to prove he was not intoxicated, or that the arresting officer thought the test was not necessary.

Automatic [Administrative] license suspension for 90-days for refusal to submit to the alcohol test.

A person's drivers license would be taken away at the scene by the arresting officer for failure to submit to an alcohol test. The individual would have the right to appeal by requesting a hearing within 20 days.

Establishment of penalty range for DWI offenses resulting in bodily injury.

Under present law, a DWI offense that results in bodily injury to another person is the same criminal charge as one that does not cause injury. This law would establish separate, more serious penalties for bodily injury to other persons.

A DWI conviction that results in probation shall be used, for enhancement purposes, as a "final conviction".

Under present law, a probation is not considered as a final conviction. This means that when the individual is arrested again and possibly again, it is treated by the courts as another "first offense". Under this recommendation,

the probation would be a final conviction.

Exclude the driving while intoxicated offenses from the court's discretion of utilizing Deferred Adjudication.

Under Deferred Adjudication, the individual pleads guilty before a Judge; then the Judge defers an entry of pending a probationary period. If the defendant completes this period (usually a year), then the offense is removed from his record.

Revise conditions for authorizing "hardship" license to minors.

"Hardship" licenses would only be granted if refusal to issue a license would create an unusual economic hardship on the person's family. License could be granted because of illness of a member of the family. The license would be restricted to a 25 mile radius of the person's address, valid only from 6:00 a.m. to 9:00 p.m. and valid for a 6 month period.

Remove all juvenile driving offenses including DWI and DUID from the Family Code and place in appropriate statutes.

Under this proposal the penalties for committing DWI or DUID offenses would be the same for juveniles, as adults.

Although no action will be taken until the Legislature convenes in January, DWI bills have already been filed by some legislators. Those bills already filed differ; some do not seek to raise the drinking age to 21 or ban open containers. Some seek stiffer penalties than others.

Citizens who want their opinions on proposed DWI legislation heard can write their legislators:

The Honorable Ray Farabee
Senate of the State of Texas
Capitol Station
P.O. Box 12068
Austin, Texas 78711

The Honorable Foster Whaley
House of Representatives
P.O. Box 2910
Austin, Texas 78769

Constitutional Rights of a Defendant

The following article is a public service by the Floyd County Hesperian and the Lockney Beacon through the cooperation of John R. "Randy" Hollums, District Attorney and The Prosecutor Council. Its purpose is to make you aware of a prosecutor's role, of your responsibility as a resident of this county and how we can work together to alleviate some of society's problems.

Members of the public often want to know why a defendant has certain rights when he is accused of a crime. Many of these rights are granted by the United States Constitution. Everyone may not agree with all of the rights, but it is likely that everyone would want all of the rights afforded them if they were on trial for a criminal offense.

First, an accused has the right to make bail for his release from jail, except in limited instances. Excessive bail cannot be required. One exception is the instance where the accused is charged with a capital offense and the State shows there is a strong likelihood that he committed the offense alleged. The amount of bail bond must be reasonable in relationship to the offense charged and the likelihood of the accused to appear in court when required. Under the Texas Constitution prisoners for capital offenses, when the proof is evident, are not bailable. Also, under the Texas Constitution certain habitual offenders and persons who are charged with commission of a felony, when they are on bail for a prior felony, may be denied bail.

The accused has the right to have a competent attorney represent him. If the accused is too poor to hire an attorney to represent him in a criminal case, then an attorney must be appointed, at not cost to the accused, to represent him. Under the Texas Constitution the accused is entitled to an indictment by a grand jury in felony cases.

A defendant in a criminal trial is presumed to be innocent until proven guilty. This is contrary to the law in many other nations. In the United States the defendant does not have to prove he is innocent. The State must prove his guilt in each and every element charged. The defendant does not have to present any evidence on his behalf whatsoever. He has the right to testify on his own behalf, but he does not have to testify if he does not want to. The State does not have the right to call the defendant as a witness.

The State has the burden of proving the defendant's guilt beyond a reasonable doubt. The State does not have the burden of proving the defendant's guilt beyond any doubt, all doubt, or trial and never shifts. The accused has the right

to a speedy and public trial by an impartial jury of the State where the crime was committed. He has the right to a unanimous verdict of all twelve jurors as to his guilt.

The accused also has the right to be informed of the nature and cause of the accusations against him and to be confronted with witnesses against him. He has the right to compulsory process or subpoenas for obtaining witnesses in his favor. Under the Texas Constitution if a witness resides out of state, both the accused and the State have the right to have the evident admitted by deposition. Also, the accused cannot twice be

put in jeopardy for the same offense.

This summary by no means covers all the rights to an accused in a criminal trial, but some of the most important rights are covered.

These articles are provided in accordance with the principle that not only is it the District Attorney's duty to prosecute criminal cases, but also to insure and promote justice.

This article is provided by The Prosecutor Council in cooperation with your local prosecutor. For Further information contact: John R. "Randy" Hollums, 101 North Main Street, Floydada, Texas, 79235, 806-983-2197.

Cedar Hill News

By Grace Lemons

12 inches of snow fell Friday night and Saturday and services at both the Assembly of God Church and the Baptist Church were cancelled Sunday. Roads are hazardous and people are staying close to the warm fires. A number are having cold that are hard to get rid of.

The Rev. R.C. Guest is home from Lubbock General Hospital and he is improving from a light stroke. We trust that he will rapidly gain his strength and be able to be with us in our church services soon.

Mr. and Mrs. Tom Fortenberry went to Arlington and spent Christmas with their granddaughter Paula and Ron Vick and son. Others present for Christmas celebration were Patsy and Lafayette Boone of Lubbock, Danita and Paul Clark, Pam and Jackie Hayhurst and son of Oklahoma. The Fortenberrys returned home Tuesday after spending a week with relatives.

Norma Welch visited Tom and Gladys Fortenberry Thursday.

Cephus and Imogene Fortenberry have had overnight guests in their home the past two weeks. Nelda and Wayne Jarnigan and children of Dallas, Troy and Jean Smith and sons of Dumas, Johnnie and Phyllis and children had Christmas dinner on Christmas eve with the Fortenberrys and later exchanged gifts.

Peat Kelley had dinner with Cephus and Imogene last Monday.

Ruthie Clark of Plainview visited Edna Gilly last Tuesday and Ruthie, Edna and Christy Harrison had dinner with Clara Redd Floydada.

Juanita Teeple and Edna Gilly took Christy Harrison back to her home in Lubbock Thursday after she had spent a week with her grandmother.

Gertrude Hammitt and granddaugh-

ter, Jana Hammitt of Holly, Colorado visited Edna Gilly last Monday.

Pauline and John D. VanHoose left on Thursday before Christmas to spend Christmas with their son, Cecil Wayne and Betty VanHoose in Kingsland. They report an excellent trip. Other members of the family present were Alfred and Barbra VanHoose of Lubbock and Frances and William Hensley of Denton. William caught a 42 lb. cat fish at Travis Lodge where the VanHoses live which was a very exciting time for William and all the family. William had been playing 42 with members of the family and because he had got beat he decided to go fish and after a few minutes of fishing he caught the catfish on his hook.

Marie and Jude Strickland of North Carolina arrived in Floydada Tuesday and Tuesday evening Pauline and John D. VanHoose had a Christmas dinner in their home. Others present were Eula Mae and Chick Wilson and John of Ralls, Dozier Dillard of Plainview, Ernestine Gilly, Grace Marie Graham, Mr. and Mrs. Jimmy Durham and Mr. and Mrs. Danny Durham of Lockney.

Margaret and Millard Fourn left Monday morning for their home in Phoenix, Arizona after spending a week with her parents, Mr. and Mrs. Jim Conner.

Mr. and Mrs. Greer Lackey and family of Burleson spent the holidays with his parents, Mr. and Mrs. W.E. Lackey, Benny Golightly of Lubbock and Dayne and Penny Golightly and children of Lakeview also visited with them.

Jane Lemons and Jene of Seagraves visited Mr. and Mrs. Carl F. Lemons and the Phil Lemons family Tuesday and Wednesday. Mr. and Mrs. Marvin Lemons of Lockney also visited with them.

A saver grows rich by seeming poor; a spender grows poor by seeming rich.
