# Ian Moores 30th anniversary repetition of vows, February 28th

Friends of Mr. and Mrs. Ian Moore are invited to a re-affirmation of wedding vows Monday afternoon at 4:45 p.m. February 28, 1983 at the Floydada United Methodist Church.

Attendants will be Mrs. Paul Murff, sister of the bride and John K. West, the ladies' brothers. Vows will be read by Pastor Jim Smith. The ceremony will be held on the 30th anniversary of their wedding date.

Hester West and Ian Moore were married in the parlor of St. Paul's Methodist Church in Abilene, Texas February 28, 1953 at 2 p.m. Mrs. Roy Andrus of Walnut Springs, Texas was the bride's attendant. Frank Moore of Abilene stood up with his brother, Ian. A reception was held at the bride's home.

The bride, in 1953, wore a green wool gaberdine suit, a black hat, and a blouse of cream colored China silk. She had returned to the States only a few years earlier after having been interned as a prisoner of the Japanese on the Philli-

pine Islands during World War II, where she had served as a nurse. She graduated from Peabody College of Teachers, in Nashville, Tennessee, before going into Nursing and public health.

The groom, attired in a navy blue suit and new white Stetson hat, had studied pre-med at McMurry College before family illness had called him home. He was in the horticulture business in Lubbock at the time they married.

After a wedding trip to Lake Brownwood, the couple moved to Lubbock. In 1973, they moved to Floydada, where Hester had grown up in a pioneer Floyd County family, the John L. Wests. Ian's parents were Mr. and Mrs. William F. Moore of Blanket, Texas. Pastor Ollie Apple and the Rev. Dewitt Seago of Abilene, conducted the ceremony in 1953.

Friends are invited to the informal ceremony Monday, February 28, at 4:45 at Floydada United Methodist Church.

The couple are the children of Mr. and Mrs. Billy C. Clements of Amarillo and Mr. and Mrs. Mack Hickerson of Floydada.

The couple was married before an archway with an arrangement of orchid daisies, purple orchids, orchid bitter sweet with salal foliage. Palm trees accented the background. A unity candle was also arranged with the same type of flowers. In front of the archway was a kneeling bench decorated with flowers. Purple and orchid candles were scattered throughout the parlor.

Prelude music was presented by Melva Seay on the piano and Kevin Sinclair on the violin. Mothers entered on "Jean" played on the piano by Melva and violin by Kevin. Kevin then played the guitar and sang "God, Woman and A Man." Accompanied by Melva, Kevin then sang "You Needed Me." The traditional wedding march was played for the processional. During the prayer, Kevin played "The Lord's Prayer" on the violin, accompanied by Melva. Following the lighting of the unity candle, Kevin presented "I Could Never Promist You," accompanied by Melva. Escorted and presented in marriage by her father, the bride was dressed in a formal length gown of white organza fashioned with a Victorian neckline and long tapered lace sleeves with an overlay of split sleeves of organza and lace trim. The bodice featured alencon lace embroidered with pearls. The A-line skirt was highlighted with alencon lace. Following tradition the bride had her grandmother's sapphire ring as something old, her wedding dress was something new, something borrowed was a locket belonging to her mother, which she had entwined in her bouquet, and something blue was her garter. She also had a six pence in her shoe dated the year of her birth. This was brought back from England by the groom.

Mrs. LaZane Austin of Amarillo served as maid of honor. Bridesmaids were Mrs. Patty Kile, Ft. Worth, and Mrs. Debbie Clements, sister-in-law of the bride of Austin.

Bridal attendants wore formal length gowns of purple sophisticate, they had buatneck necklines, full sleeves cuffed at the wrists and closed with self-covered buttons. #### \* CANADAN CANA Floydada Nursing Home Happening

By Dartha Westbrook

Last week was very busy and enjoyable at the Nursing Home. On Monday. we had our Valentine party. Our Residents enjoyed the entertainment provided by our Companions-N-Caring Volunteers, as well as the cookies and punch they served. Our Sweetheart was Ollie Birnie, and our Beau was Charlie Lewis. Both are from Matador.

Olive was here for ceramics after the party. We had six Residents who participated in this activity. They were Emmit Lawrence, Vera Duke, Iva Simpson, Una Clark, Travis Corley and Irene Fuller.

On Tuesday, the Sunshine Sunday School Class of the First Baptist Church was here with bananas and blueberry muffins for all the Residents. Thanks so

much ladies. On Wednesday Bingo winners were Susie Thompson, with three games, Ona Jameson and Una Clark with two each, and Vera Duke, Emmit Lawrence.

and Slim Goolsby with one each. Slim was our grand prize black-out winner. Thursday was our birthday party for February. We had five honorees, Iva

Simpson, Travis Corley, Vera Trout-

man, Aita Marr, and Mamie Gray. Of course, the City Park ladies hosted the party with cake and punch for all. Williams Florists provided beautiful red carnation flowers for all the honorees. Thanks so much to these lovely friends.

On Saturday night, we had a real treat. The Square Dance group from Floydada provided entertainment for about an hour for our Residents. There were nine couples dancing, and they even brought their caller, who did a great job. I've really got a lot of comments from our Residents about the dancing. We sure appreciated all who came out to dance or just watch. Come back often, we really enjoyed it.

Thanks to the many visitors last week: Mary Poole, M.D. Freeman, Anne Swepston, Rubie Ratjen, Ruth Duncan, Ana Lee Brown, Mattie Wester, Sherry Colston, Gene Baird, Tonia Morley, Lucille and Tom Daniel, Eula Parrack, Mr. and Mrs. M.H. The John Deere 4850 is the most fuel-efficient big tractor you can buy. It now holds the record for PTO-measured fuel efficiency: In official tests at rated engine speed, the new 4850 bested every current production tractor of 100 horsepower or more. (Actually it's the most fuel efficient tractor over 65 hp currently available.) The record? Take your choice: 17.47 horsepower hours per gallon or .399 pounds of fuel per horsepower hour. But the 4850 wasn't alone in turning in an improved PTO fuel efficiency. All five of our 100- to 190-hp tractors are more fuel efficient than their predecessors. Across the line, they average 10 percent better on overall PTO fuel efficiency. Stop in for the full story.

The quietest tractor ever tested is on sale here. We're talking about the John Deere 4050, which recorded a maximum sound level of 73.5 dB(A) while operating under full drawbar load. At 50 percent load with reduced engine speed this same tractor recorded a sound level of 70.0 dB(A). Now that's quiet! But the 4050 wasn't alone in smothering noise. All five of these 50 Series tractors are very quiet. Here's how they performed at maximum drawbar load: 4250, 74.5 dB(A); 4450, 74.0 dB(A); 4650, 76.5 dB(A); 4850, 75.5 dB(A). Stop by and hear the full story on these record-setting tractors.

Two of our new 50 Series Tractors have broken the drawbar pull record for 2-wheel-drive tractors in official tests. Yes, that's right. TWO of them. The new 4650 recorded a maximum pull of 18,794 lb. And the new 4850 recorded a maximum pull of 20,810 lb. Both of these tractors recorded more drawbar pull than any other 2-wheel-drive tractor ever tested. All five of our new tractors generate a considerable increase in pulling power when compared to their predecessors. And torque reserve? It's increased as well. Drawbar fuel efficiency? It's improved on all five. Stop by the store for complete details on these record-setting tractors. We want to tell you about our PTO fuel efficiency record and sensational sound levels, too. ## Crabtrees present miniconcert to Study Club

On Tuesday, February 15, the 1934 Study Club met in the home of Mrs. J.R. Turner, with Mrs. Wilson Bond as co-hostess.

Hope and Kay met while both were appearing with Jake Miller's band, which was based in Luboock. They were married in 1960, moved to Floydada in 1964, where they are engaged in farming. They have three children. Hope was born in Lubbock where she began singing on radio at the tender age of nine, and with the advent of television she was able to expand her talent from a listening to a viewing

Kay was born in Floydada, and he started playing piano at a very early age. He plays only by ear, does not read music, and when he starts "tickling the ivory" his enthralled listeners start tapping their feet and snapping their fingers.

The Crabtrees opened their program with a requested number, "Don't It Make My Brown Eyes Blue?" This is a song made popular by singer Crystal Gayle. A perfect selection for Hope's sultry, alto voice was "September Song." one of the most enduring of all the songs Kurt Weill wrote in the United States. It was the high point in the musical "Knickerbocher Holiday." Then followed songs befitting the

season of love, Valentine's Day. Hope sang "Let It Be Me," "Evergreen." and the ever popular "Sentimental Journey." One day while watching the popular soap opera, "The Guiding Light," (for his absent wife!) Kay picked up on the love theme being played throughout the episode, and he played his own beautiful rendition of this melody. This talented duo closed their program with the comical love song, "I Want You To Be My Baby," and as the old show business saying goes, they "left'em wanting to hear

### RENDITION, EXEMPTION FORMS MAILED TO PROPERTY OWNER

JAN. 1, 1983

Rendition and exemption forms, as required by Sec. 5.07 of The Property Tax Code, were mailed to the Public, January 1, 1983. The deadline for filing Exemptions and Renditions is May 1. 1983.

After filing the following Exemptions in 1982, they need not be claimed again: Residence Homestead, Over 65, Disability, Charitable Organizations, Religious Organization and Agricultural. The D.A.V. does need to be signed each year along with a copy of the percentage disability.

An individual is entirely exempt from taxation of implements of farming or. ranching that he owns and uses in the production of farm or ranch products.

A person who receives a one-time exemption must notify the Appraisal Office by May 1st. after his property no longer qualifies. If he fails to do so, he incurs a Penalty of 10% of the difference between the taxes he erroneously paid and the taxes he should have paid.

Many tax payers signed their Exemptions and Personal Property Renditions when they paid their 1982 taxes. If you did not do this The Appraisal Office encourages the public to return the Exemptions and Renditions, properly signed, as soon as possible.

Thank you for your cooperation. Shelia Faulkenberry, Chief Appraiser

# Boy scouts attend banquet

About 100 attended the first annual Blue and Gold Banquet for the Boy Scout troop, consisting of 3 dens. The banquet was held in the Rebekah Hall Building Monday night.

Tables were decorated with blue and gold streamers. Centerpieces of paper circular-fanned boy scouts, attired in their scout hats and scarves, were used. Each person had a blue placemat with a boy scout gold silhouette.

Awards were given to the Pack Pine Derby Race Car winners. The gold medallion went to Justin Adams, a silver medallion to Lance Patridge, and a bronze to Jeffrey Sutterfield.

Scout Awards were presented. Brandon Poole and Ignacio Luna had earned their wolf badges. Daniel Perez and Joe Sustaita earned their bobcat badges. Winners of arrow points were: John Mark Gatica, 1 gold and 3 silver; Jeffrey Sutterfield, 1 gold; and Matt Workman, 1 gold and 2 silver.

Although not present, Jerry Cooper received a certificate as the SME chairman. He has been active in fund raisers for the Haynes District.

Several special scout helpers received the Whiskers Good Citizen awards. Three of these awards were designated as "loyalty to attend." Chelsea Patridge, Davey Reyes, and Anthony Poole were recognized since their mothers were den mothers, and their attendance record was impressive.

## Lady Horns bow to Cooper

The Lady Horns came out hitting hard in last Friday night's game against Lubbock Cooper in the New Deal Gym. They were in charge throughout the first quarter with the score indicating the play. Cooper 8, Lockney 19. High pointer of the game, for the Horns, Connie Coffman, scored 9 of her 23 points that quarter.

In the second quarter Cooper outscored the Lady Horns 17 to 7. The Horns made many errors, bringing the score at the half to 25 for Cooper, Lockney 26.

In the third quarter Cooper again scored 21 points to the Lady Horns' 8, to take the lead for the first time during the game. The two high point players. Shawnda Brock and Coffman ran into foul trouble, for a score of Cooper 46, Lockney 34 at the end of the quarter.

With a 12 point deficit at the beginning of the fourth quarter, the Lockney team started a long drive for a comeback. Coffman hit two straight times with only 1:52 minutes left in the game to bring her team to within two points of their opponent, 51-49.

Coffman again sank another basket after Cooper's Rhonda Chisum made a free throw, bringing the score to 52-51.

A traveling call on Cooper gave the ball to Lockney, but they again lost the ball to Cooper. They scored 2 free throws in the final seconds of the game to give them the game 56 to Lockney's

PRUNING PEACH, PLUM TREES

One of the most often overlooked and possibly the most important aspect of proper pruning is the fact that it modifies growth condition. Plant production during the growing season largely depends on plant vigor during the proceeding year. If a tree or vine is allowed to overproduce due to lack of pruning, a smaller amount of shoot growth and metabolite storage occurs. This means a weakened plant and a decrease in production.

**Open Center Method for Peach** 

Plum and Nectarine Trees First year. Prune a 3- to 4-foot tree after planting to a single stem and top at a height of 24 inches. Prune large trees slightly higher because of such vigorous growth in the nursery. This is not always desirable because of subsequent problems in planting and training. This "heading back" is important to balance the top with the root system and to begin the scaffold system correctly. Remove all branches so new branches

have no competition. When new shoots are 4- to 6-inches long, select three vigorous shoots branching from the top 6 inches of the main stem. These three shoots will grow to become scaffold limbs. They should be evenly spaced with each pointing in a different direction. Cut back all shoots

to about 4 inches. During the first growing season, allow three scaffold limbs to grow as much as possible. Cut back other shoots periodically to reduce their competition with developing scaffolds. This trashytrunk growth helps reduce problems of sandblast and sunscald and results in greater tree growth and earlier fruit

During the growing season keep the trunk clean and stub back shoots rising straight up or into the center of the tree. Choose only two side branches (on each main scaffold branch) about 30 inches from the trunk to become subscaffolds. Select young shoots growing outward and spreading. Continue to stub back competing shoots and remove water-

Third year. In February, head back tall shoots and open up the center of the tree. Cut off suckers and watersprouts growing upright. Stub long shoots to 18 inches along subscaffolds.

During the growing season, remove suckers and watersprouts on the trunk and toward the center of the tree. Select for branches with the spreading habit to increase horizontal surface.

Mature trees. Prune mature trees to a height of about 8 feet. Cut off all shoots above this height. This allows easy picking without ladders and good sunlight penetration within the center of the tree. Remove all low hanging limbs and sprouts below 3 feet. Peaches and nectarines produce only on last season's growth. Too many branches during the growing season shade limbs and inhibit new growth for next year's crop. During the dormant season, leave only 18- to 24-inch stubs of last year's growth spaced every 4 inches along older limbs. Each year remove some of the older

#### Divestiture, FCC actions to affect cost of local service

Concern is being expressed today in many places that changes taking place in the telecommunications industry are going to create a rapid increase in rates for local flat-rate service.

Unfortunately, that's probably true. We've been saving for years that Long Distance revenues were subsidizing local rates. Because others were saying just the opposite, the public's confusion was understandable.

Now that the Bell System is being broken up, the handwriting is on the wall. Revenues from Long Distance will no longer be available to Southwestern Bell as they have been in the past to help keep local rates low.

Beginning this year, the company lost another important revenue contribution from the FCC's order that a separate subsidiary (American Bell) be set up to exclusively market telephone terminal equipment. Southwestern Bell may continue to sell the Bell System terminal equipment it had on hand at the beginning of the year. When it's gone, however, the company won't be able to sell Bell System-manufactured phones. PBX's, etc.

#### Services will need to be repriced

Therefore, virtually every service Southwestern Bell offers will be repriced to make each contribute sufficient revenue to stand on its own, profit-wise. Local flat-rate service probably is the most under-priced service we offer, because of the generally accepted public policy that local rates should be kept as low as

possible to encourage the development of "universal" service.

Virtually everyone who has vanted telephone service in recent years could afford a basic local service. Public policy has

now shifted to de-regulation. with competition expected to provide the impetus to take advantage of the fruits of the ever faster technological race.

Long Distance bargains come in minutes, too

Long Distance service may be the first to realize the benefits of true competition in the industry. with rates almost sure to go down once subsidies for local

service are withdrawn. But Bell Long Distance rates within Texas are already a bargain. Surprisingly, our research indicates most people overesti-mate the cost of an in-state call. Do you? Test yourself. What is the rate for the first minute of a Day-rate call dialed direct (1+) from a non-coin phone, without tax, say from Amarillo to Brownsville? A. 42¢ B. 59¢ C. 73¢. Hint: It's the same from El

Paso to Texarkana, Texas. You don't have to turn the page for the answer. Or even turn the page upside down. It's A. Just 42¢. You can talk as long as you like at 42¢ for each additional minute.

That's one of the nice things about Long Distance. You can virtually tailor-make each call. You can pick the time, type and length of call which suits you and your pocketbook best.

Remember, if you have something to talk about, don't hesitate to drop me a line.

Jim West Southwestern Bell 916 Denver Plainview, TX 79072

## Telephones cause troubled times

If Alexander Graham Bell could see what his invention has become today. he may have given up and resorted to

Telephones have become less a luxury and more of a necessity. The more they become a necessity, the less I like them. Telephones are impersonal and demanding.

I always rush to answer the phone no matter what I am doing. Even if I am doing something more important, I drop it and grab the telephone. I like to think I am independent enough to let the phone ring and finish my project, but I answer it anyway telling myself "it might be important." I never stopped to realize if the call was that important, the caller would call back.

When I call someone, I usually let the phone ring about five or six time before I give up. If the person I am calling doesn't answer in that many rings. I figure he or she has something better to

The telephone always seems to ring at the most inopportune times, like some ungodly predawn hour when I am sound asleep. For some reason I am expected to be wide awake and be instantly alert and rational. I never am. Sometimes I can't remember what day it is and where I am, much less carry on an intelligible conversation. All I can get out at that hour is a muffled "Humph?"

"Wes?" the caller asks. This question always confuses me first thing in the morning. One reason is at that hour I am not sure if the caller is right. Also, if anyone is calling me, they should know I live alone and the only person who answers the phone. "Did I wake

I always have to restrain myself from saving something smart, like "Of course you did. The only people awake at this hour are you and a few chickens." I usually just say something that sounds affirmative. "I'm sorry." the caller says. "I'll call you back." Again I have to control the urge to be

sarcastic. I usually just say "I am awake now, go ahead." After the caller gets through with the call they usually apologize again for

## **ASK ME ABOUT TV**

By Val Carew

FAN MAIL FOR MELIS-SA — Ever since we received cable TV in our little community (population about 950), I have been watching "Little House on the Prairie" and "Little House: A New Beginning." I found the shows very interesting and I also found Melissa Gilbert very attractive. Could you tell me where to write to her? -K.Z., Cambridge Bay, Northwest Territories, Can-

Melissa was 9 years old when the series started, and a cute-looking tomboy. On May 8, she will turn 19 and she has indeed turned into a beautiful, bright, witty and very caring young woman. Write her in care of the series, which is filmed at MGM-TV, Culver City, Calif. 90230.

MISSING FUNNY LADY Laverne and Shirley had such a good show. What happened to Shirley? - V.K., Cincinnati, Ohio

Cindy Williams played Shirley. Soon after she became pregnant (she just gave birth to a daughter), she left the show in a dispute, leaving Penny Marshall to carry on as Laverne. It is rumored that she may be brought back again.

(Do you have a question about TV? Write Val Carew at 200 Park Avenue, Room 602, New York, NY 10166.)

On a sad note we report that former "Another World" actor Robert Christian (Bob Morgan) died Jan. 27 from cancer. He'll be sorely missed
