City Council raises minimum water rate

The Lockney City Council met Tuesday, August 4, in a regular monthly meeting. The Council approved the minutes of the last meeting and payment of current bills.

The first item on the agenda was the Mackenzie Water Project Financing. The council approved a base increase in the minimum water charges. This increase will double the minimum charge on water bills. The current base is \$6 and later this year the base will go to \$12. This increase will only effect the first 2000 gallons of water used and then after the rate will remain the same at \$1.00 per 1,000 gallons. The increase is small compared to what the council could have done. The increase is necessary to help pay the monthly bill the City will incur from going on the Mackenzie Project. In September when the city goes on the project the city must begin making monthly payments on the water used and to make those payments the city had to increase the rates.

Starting in September the monthly payments will be \$5700 per month. They will increase in July of 1984 to \$7000 and again in November of 1984 to \$8000 per month and in order to make these payments the city had to make this increase.

Other business covered during the meeting included the appointment of David Frizzell to the Mackenzie Water Board. David will serve through the remainder of the term to which George Sparkman was elected in April.

The council also passed a resolution which states that Mayor J.D. Copeland will serve as the city's representative for the city in all business pertaining to the Texas Department of Community Affairs grant which the city will be applying for in September.

The second hearing on this grant will

be held on August 25th at 9:00 a.m. at the City Hall.

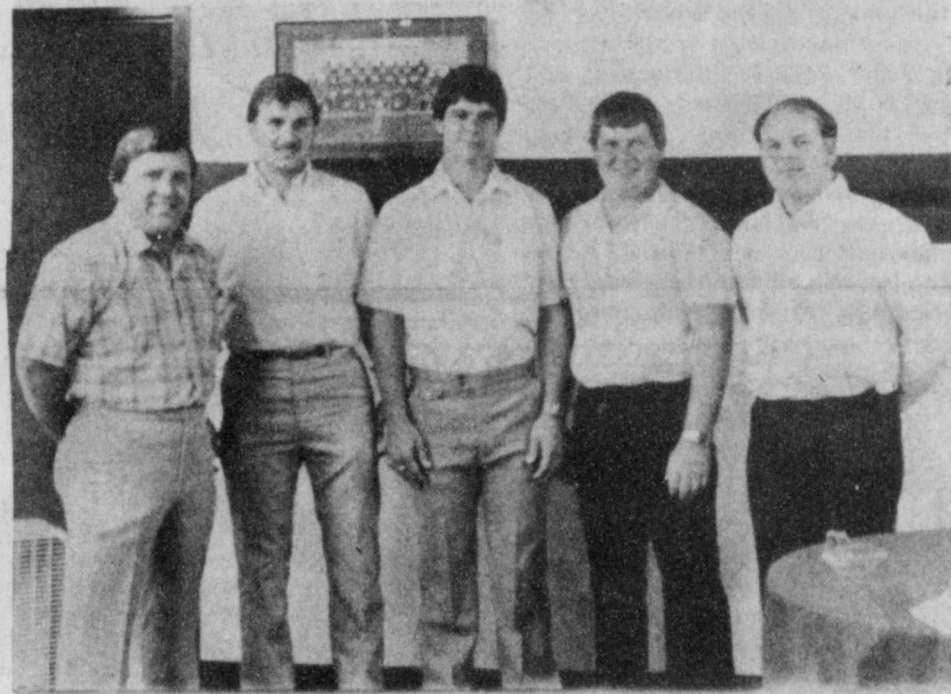

Final business discussed at the meeting was the three new four-way stop signs on Guest Street. The council decided that the 4-way stops are not necessary for that street so the stop signs going east and west will be removed but the signs on 3rd, 4th and 6th streets going north and south will remain. New speed limit signs will be posted on both east and west entries on Guest Street. The speed limit of 30 miles per hour will remain the same but now will be posted.

During last month's meeting the City Council voted to leave the tax rate at 19 cents with no increase.

The meeting went into closed session at 10:00.

1982-83 ANNUAL EDITOR Maribel Torres and annual sponsor Peggy Hallmark take a minute to look at the annuals for last school year. Annuals may be picked up in front of the high school today from 3 to 5 p.m. There will be a few extra copies of the Roundup for those who did not order them during the year. Cost of these will be \$17.00. Theme for last years annual was Stop and Remember.

COACHES Mickey Crow, Phil Cotham, Malcomb Moerbe, Randy Josey and Bob Purser and their wives were honored with a reception Sunday at the fieldhouse.

Slover to be new girls coach

Alayne Slover will be joining the ranks of the Lockney teaching staff on August 24th. Alayne is 23 years old and is a 1983 graduate of Wayland Baptist University in Plainview.

Alayne was born in Littlefield and raised in Earth where she graduated from high school. She has two brothers, Greg who lives in Panhandle and is the head girls basketball coach there and Lynn who still lives at home and is a freshman at Earth High School. Alayne's parents, Cecil and Marie Slover live in Earth.

Alayne will be the 8th grade and junior varsity coach. She will also be teaching 6th grade science. Biology is Alayne's minor and she is looking forward to teaching science for the first time.

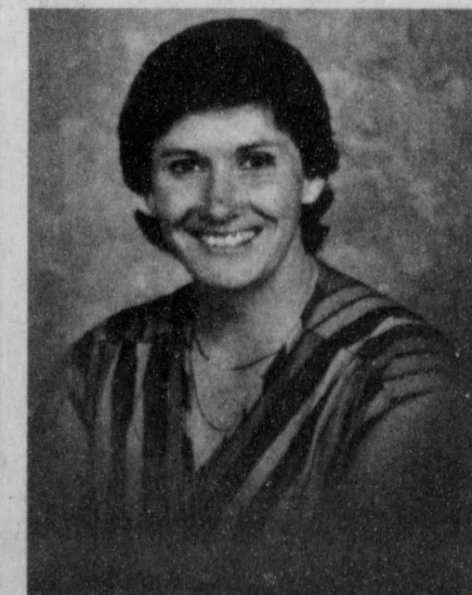

Alayne did her student teaching in Amarillo at Austin Junior High. When asked why she chose coaching as a career Alayne said she has always enjoyed sports and she enjoys working with kids.

While in high school Alayne played basketball and made the district teams and she was voted the most valuable player at a guard position for the district her senior year. She also played ball in college for two years at Clarendon. Alayne's hobbies are sports and calligraphy, which she just recently became interested in.

When asked how she thought she would like Lockney she said since Lockney was not much larger than Earth that there would not be any big changes.

Alayne says that since Lockney and Earth are about the same size there will be no major adjustments to town size and she is looking forward to living and teaching in Lockney.

We welcome Alayne to our teaching staff and to Lockney and hope she enjoys living here.

ALAYNE SLOVER

Floyd County Cannery open for canning season

The Floyd County Cannery in Lockney is now open. The cannery opened its doors July 5 and is now in full operation. On Thursday of last week a new can sealer was installed and though it was not functioning properly on Thursday it has been adjusted and is now working. This year Floyd county agent Benny Butler is helping to keep things in good working order and is also supervising to see that everything meets with inspection requirements.

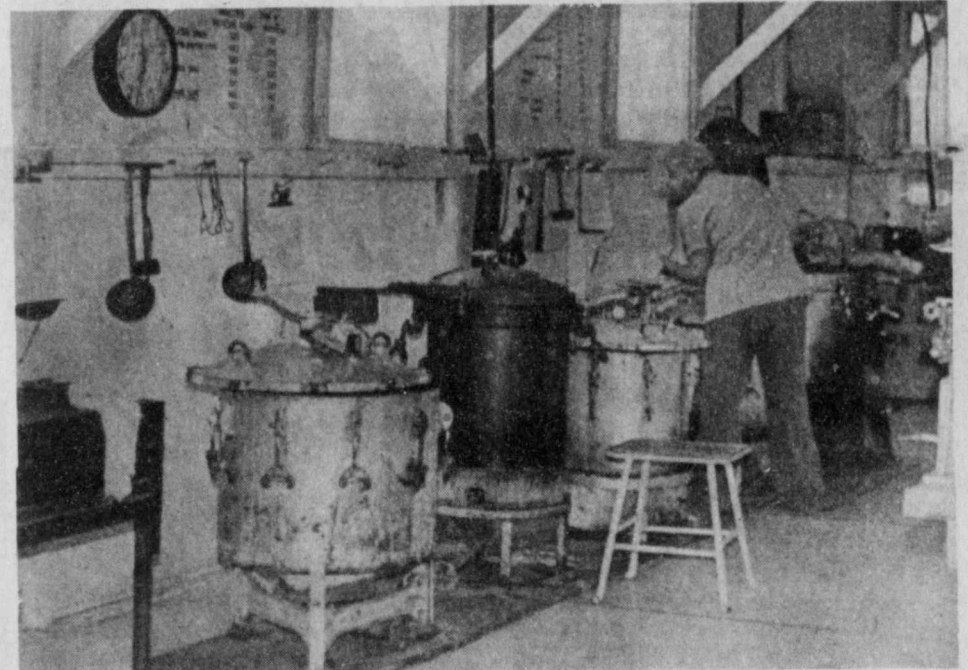

After last years trouble with the opening of the cannery this year has gone without any trouble. As of last year the cannery is no longer selling canned goods and anyone wishing to can foods must do it themselves.

As always Pete Hulcy and Daisy Dipery are supervising the cannery and will aide in any way they can to help first time canners who are not familiar with the canning procedures. Canning procedures, payment for cans, and removal of cans must be done on the same day. This year the price of cans has gone up to meet rising costs the cannery has incurred. Prices this year

are 20 cents per can for Floyd county residents and 25 cents per can for out of county residents. Hours for the cannery are 8 a.m.-5 p.m. Monday thru Friday.

The Floyd County canneries were established in the early 1930's during the depression. Until the winter of 1981, Health Department officials did not know of the canneries existence. Last year following inspection by the Health Department it was decided to close the canneries because they did not meet factory canning specifications. However, upon researching the problem it was discovered the canneries could be designated as community canneries. County officials decided to upgrade only the Lockney location because it is used twice as much as the Floydada location. After an estimate \$1200 worth of work the cannery in Lockney was opened.

Since opening in July, more than 3000 cans of corn have been processed at the cannery with 300 cans of peas and 225 cans of soup also being processed.

THE CANNERY is now in full swing. Pete Hulcy checks one of the pressure cookers to make sure it is working properly.

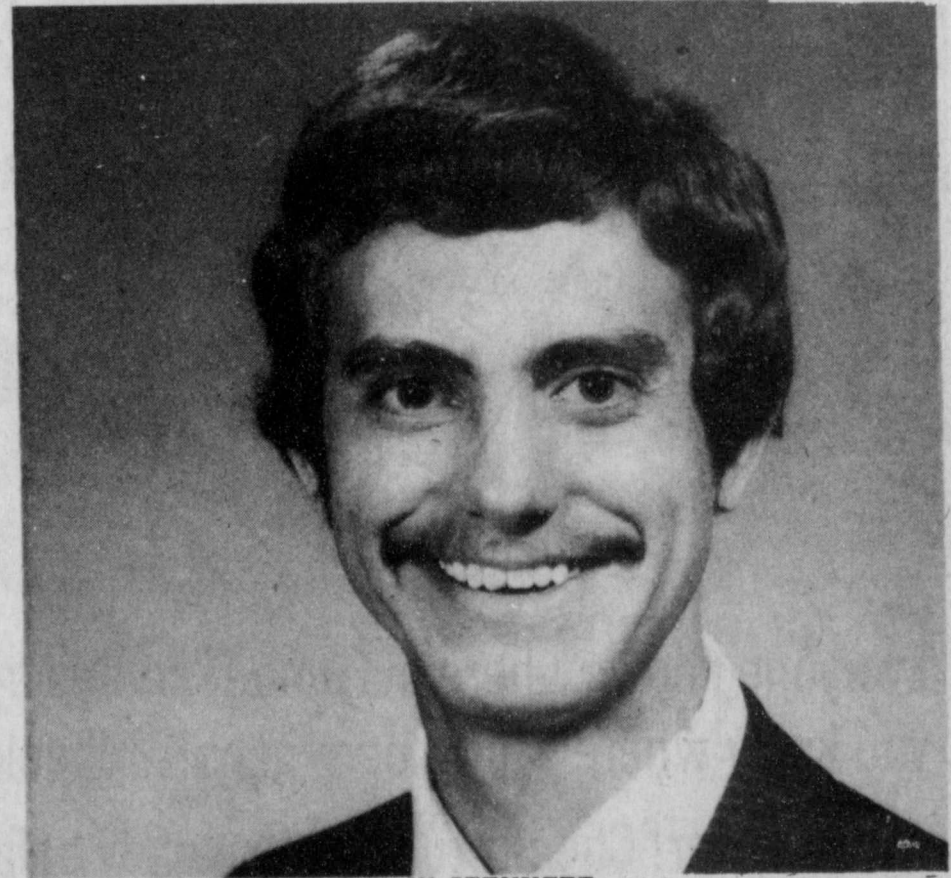

Stennett to attend Med School

Kevin Stennett, son of Mr. and Mrs. Jimmy Stennett of Lockney recently graduated from Texas Tech University with a four year grade point average of 3.8. Kevin graduated magna cum laude and earned a bachelor of science with a major in zoology and a minor in chemistry in the pre-med program at Tech. Kevin has been accepted to the Texas Tech University Health Sciences Center School of Medicine and began on August 3.

While in college, Kevin has received scholarships and honors. He received the Lubbock-Crosby-Garza County Medical Society Pre-Medical Scholarship for the 1981-82 year. Arts and Science Scholarship the same year, and the Margaret Stuart Pre-Medical Scholarship for the 1982-83 year. Kevin has also made the honor roll every semester since going into college. During his freshman and sophomore years he was on the Dean's List all semesters and on the National Deans List 1979, 80, 81, and 82.

Kevin is especially interested in respiratory therapy. He began training as a respiratory therapist while still in high school at the age of 16. His training was then under the supervision of Dr. Ivan Barber who was then associated with the Respiratory Care Associates (RCA). He continued to work part time in this field and is presently associated with RCA at Highland Hospital in Lubbock under the supervision of Dr. Phillip A. Sanger.

Some of Kevin's extracurricular activities have included being the representative to the Tech Student Executive Committee for honors classes freshman and sophomore years. Biology representative to the Honors Board, freshman year, active member of the Tech Pre-Med Society freshman thru senior years, a member of the Tech Rifle Team, sophomore year, an active member of the Phi-Eta-Sigma, freshman year, also an active member of the Alpha Epsilon Delta sophomore thru

KEVIN STENNETT

senior years.

Kevin is also a Eucharistic minister at church, is a Newman club member and enjoys karate, golf, dancing, hunting and snow skiing.

Kevin worked as an orderly at the Lockney General Hospital for two years before going to work as a Respiratory Therapy Technician and for six years worked at various area hospitals when needed. Some of these hospitals included Lockney, Amherst, Nichols Hospital in Plainview, Floydada, and Highland in Lubbock. He also worked as a Medical Lab Technician at Floydada and the Bryan Building Medical Labm in Plainview.

During the summer session of 1980 Kevin was employed full time as both an orderly and a therapist at Lockney

General Hospital. During the summer of 1981, Kevin was employed as a therapist in Lockney and he organized a respiratory department at the Caprock Hospital in Floydada. The past summer Kevin was employed as a therapist at Highland Hospital in Lubbock.

While working in Lockney for the past five years Kevin worked as an E.M.T. for the transfer of patients from Lockney to Lubbock at the request of Drs. W.J. and Gary Mangold. During Kevin's employment with the Respiratory Care Services of Lubbock, Kevin was chosen to assist in all "Emergency Live Saving Procedures which might become necessary" throughout the course of the Myasthenia Gravis Clinic in Hale Center.

This Week

Football pictures

Team football pictures will be made Saturday August 13th at the field house at 8:00 a.m. Following the picture taking an intersquad scrimmage will take place at 9:00 a.m. Following the scrimmage a meet the Longhorns ice cream party will be held.

Parade

The Floyd County Fair Parade will be held on September 17th at 10:30 in Lockney. The theme for this years parade is "Remember the 50's" and "Swing With Us." For further information on the parade contact Charlanne Burson at 652-2249.

Queen contestants

Queen contestants are presently being sought for the September 17 Floyd County Fair Pageant. High school age girls are welcome to enter the contest. In a new division this year 3 to 6 year old girls are also being sought for the Little Miss Floyd County pageant. Anyone interested should contact Linda Morris at 983-3711, Adeana Campbell at 983-5555, or Linda Mylev at 652-2569.

Mother's night

Longhorn football Mother's night will be August 16th at 8:30 at the field house. Mothers will be shown the equipment and medical facilities and are welcome to ask questions about any of the football operations.

Band Boosters

The Band Boosters Club will meet Friday night at 8:00 p.m. at the band hall. Any parents with children in band are urged to attend.

Air Show

The 15th Annual Plainview Air Show will be held on Sunday September 11 from 2 p.m. at the Hale County Airport in Plainview. As in the past, the show will be sponsored by the Kiwanis Club and the Experimental Aircraft Association Chapter No. 438. Doug Maxey is serving as the air show coordinator.

Preregistration

Students who were not enrolled in the Lockney Independent School District last year should contact the principal in the school building which they will be attending before August 24th to pre-register for the coming school year.

Craft fair

The Women's Division of the Slaton Chamber of Commerce is sponsoring an Arts and Crafts Fair on Friday, August 19. It will be held on the Slaton City Square from 9:00 to 5:00 p.m., in conjunction with Slaton's Annual Crazy Day Celebration.

Booth space will be available for \$10 each. Participants are responsible for their own booth set-ups. Reservations can be made through the Chamber office, Box 400, Slaton, 79364 or by calling 828-6238.

PERSPECTIVES

By the Rev. Michael O'Connor

There has been a lot of discussion lately about the state of education in our country, and what the possible solutions to the problem might be. One of the most often repeated solutions has been to up teacher pay in one form or the other. Merit pay and across the board raises are the most frequent methods suggested.

It is a shame that teachers get the pay they do. It used to be that preachers and teachers got the worse end of the salary scale for their training and experience. Preachers I know still complain about the pay, and in some quarters they may be right. Still, in many denominations the problem does not exist except for the beginning pastor or the incompetent.

Teachers don't have the opportunities for advancement that others do. Their pay is regulated by the state and what each school district is able to pay in addition. Increased education helps raise salary, and experience, but even at that, a teacher can earn much more in the private sector.

On the face of it then, one would think that raising teacher pay would be an effective means of attracting and keeping quality teachers. But I wonder if that will be a strong force in improving education.

Believe it or not, I once considered being a teacher. My grades in my major would have placed me in the upper

half of my group, and I think, though it is open for conjecture, that I would have been a good teacher. But I chose not to go into teaching because I felt called to do something else. Money was never a consideration in either my desire to teach, or in my decision against it. Many others I know, both in the teaching field, and those who chose not to enter the field, were of the same mind as I.

Will money solve the problem? It will help. Those who love to teach will find it possible to eat and have a place to live as well. But I suspect money will not be the panacea some think. An article in the ROTARIAN state that while money can be a motivator, social and psychological needs to be more important at times.

In some areas, teachers must fear for their physical safety. In others they receive little support from the parents and community, and much blame for the failings of the children. Often times school boards make policies which are counter-productive to the effort a teacher expends in trying to teach his/her students.

Certainly pay raises are in order for teachers. But we will attract the brightest and best when we can show that in addition to making a decent living, they will again be a respected and valuable part of the community.

Football practice begins for the 1983 season

The members of the Lockney Longhorn football teams began workouts this week. For the next two weeks the varsity and junior varsity players will be meeting for morning and afternoon workouts in preparation for the 1983 football season. The freshman will be practicing from 2 to 4 each afternoon. The players had physicals last week and have been issued shoes and shirts for the practices.

There will be approximately 20 7th grade players, 23 8th grade players, 22 freshman and 38 varsity and junior varsity players this year.

There are two scrimmages scheduled before the regular season begins. The first scrimmage will be on August 18. The freshman will play at 5:00 and the varsity and JV combined will play at about 6:15. The August 18th game is against Hale Center and will be played in Hale Center. The second scrimmage will be August 25 and will be played in Lockney. These games will be against New Deal and will also start at 5:00 with the freshman team followed by the JV/varsity.

Schedules for the entire football season, including all of the teams are as follows:

Varsity

Sept. 2, Tulia, 8:00, There

Lockney Care Center Capers

By Mavis Barton & Mary Jo Fielding

Sunday, July 31: I started writing this on Sunday, which, I call my day off to go home for the day. I always see things I didn't see the week before. I saw the cotton growing and looking real good everywhere. I saw some blooms, and it was great to see them, so lets have some more rain to give it a boost; then, pray for a late freeze. Everybody, (I mean farmers) to get a good crop. These were heavy clouds and we ran into light showers on the way home. "Bud" my husband was irrigating his cotton and had to change to another setting, so I went with him. I got into my wheelchair and sat in the shade with a jug of iced water. Four little kittens were playing under my chair; also, running up the trunk of a tree. My husband had the cows in the lot already so he sprayed them good. They were having a battle with the flies, they were almost driven crazy. When we had gone inside for lunch, we had a good thunder shower, 30° Our son, Steve, who lives about 1 1/2 miles away got 90°. Vance Campbell about another mile in the pasture got 1 1/2° (lucky fella). I don't begrudge him the rain. I just wish that we all had that much. However, we are thankful for every drop we get.

We had 17 peaches on one tree that somehow managed to escape the late frost that we had. They would have been ready to pick in a few days; however, in the night the deer came and made a clean sweep. Didn't leave one.

Two years ago I helped my husband put up a curragated tin fence around my garden 2 lengths high; somehow, a raccoon found a way to get in and out where he had a good feast of corn, before he left. It doesn't matter, we will try again.

Monday, August 1st: It is a beautiful day, nice and warm in the sun and not even a breeze. Esker Pyle, Granny Self, Nena Loudermilk, Charles Smith, Mary Green, and Hassie Arnold are sitting outside and making most of the nice day. Mrs. Green's daughter, Evelyn is visiting with her outside too. Esker Pyle has been gardening, (I know that) because he had a hoe in his hand.

The pill lady has delivered the pills to all of them outside; also interrupted my writing to give me some. The pill lady happens to be Myrtle Gibson, our nurse. She said she looks everywhere until she tracks us down, so there was no use in hiding. We have the T.V. on and Inez Gibson is the only one watching it. Joe Gilmore and Melvin Thacker are asleep. There is "Black Momma" who has rolled her chair up to the fireplace and called for, "Katie, put a log on the fire, stir it up good and put a log on it." She is blind, 99 years young, tells you stories of long, long ago. It always holds your attention, but she will also tell you what she thinks of you if something doesn't go right. She always calls for Katie to do something; when, Katie does not answer then she goes calling for poor old "Polly" and when she doesn't answer then "Momma" starts threatening she is going to whop 'em.

Tuesday, 2nd: My sister and her husband came by Saturday and we drove home (to Amarillo) for a few days. They are from Fort Worth and Ft. Pierce, Florida, having a condo in both places.

Mary Joe came back today, while we were in church, and it was good to see her back. We all miss her when she is gone.

We had "Bingo" again today and Mrs. Mary Green won the, "blackout prize". She chose the jewelry. It was a broach, which were two leaves of gold and a bunch of grapes hanging down from the middle. They were loose and they were cut glass. It was a beautiful prize and they sparkled like diamonds.

Wednesday, 3rd: I didn't get up early this morning, they pulled the covers off and said, "Good morning Mrs. Barton, time to get up," when they saw my foot they said, "Your foot is swollen, we will leave you in bed" and they threw the covers back over me. You can bet I

enjoyed those two hours extra sleep. My foot has been swollen; ever since I fell in the bathroom three weeks ago. But that hasn't stopped them from getting me up about 5:30 a.m.

Esker Pyle had to raise and lower the flag by himself while Mary Jo was away and I am sorry Esker, you still don't have the knack of folding a flag quite like Mary Jo.

Mrs. Rose Pyle was not feeling good yesterday and today. She stayed in her room and had her meals brought to her bed. It won't be very long before they celebrate their 70th anniversary. So Rose please get well.

Richard Lanham went to the doctor again today. I don't know what he had done to his nose, but he came back with a band-aid on it.

Kim Sherman came today to sing and play for us. She gets us to sing with her and the hour goes by too fast when you are enjoying it.

We had a birthday party for everybody who has a birthday in August. We celebrated with punch, angel food cake and frosted chocolate cake. There are four who have or will have a birthday this month. One was Esker Pyle, who has a birthday coming, but would not tell us how young he will be. The others are Mary Shoemaker, Edna Hunter and Amelia Ashton.

Thursday, 4th: There is Esker Pyle, Alma McDonald, Mamie Wofford, Granny Self and the hairdresser, with her hair all rolled up sitting outside.

Mrs. Rose Pyle is still not feeling good and their son, E.M. has just come in to visit his mother.

Jo Gilmore also has visitors. His sister brings him cookies and bananas. Mrs. Hassie Arnold got a phone call from her daughter, way out yonder somewhere, so that should make her happy. Those sitting outside have been joined with Charles Smith, who sits on one of those iron outdoor furniture and gets up, comes inside and gets a square cushion with a handle on it. He puts it on the chair and turns around to sit on it and it falls to the ground and he still sits on a hard seat. I had to laugh, sorry Charles. And he picks it up again, this time he sits on it.

They were quilting again this afternoon and I missed out on that, I was sleeping and Jean came and asked me if I wanted to join them I couldn't wake up enough to start sewing squares. Jean got me a cup of coffee and it helped.

Friday: It is about two o'clock and Mavis has just passed through the lobby on her way to the doctor. She has had pain in her right knee and her right hip. I am thinking of her and hoping it isn't anything serious. Diana Truitt has just breezed by, with a last call for bingo. So see your later. We played bingo (Diana called it for us) and it was a long game. It started at two thirty and wasn't over until four. Mavis came in about three to play bingo with us. The doctor had diagnosed her malady as arthritis and I know she is relieved. (She is quite a trauper.) Everyone at bingo won two fruit, and I played a card for Hallie Roberts and won the black-out prize for her.

We have sure missed Jean Friday. Gloria Shoemaker, our Director of Nurses, Maria Segovia, Nurse Aide, Mary Harnandez, Nurse Aide, and Jean Strickland went to a workshop in Lubbock. Diana did a good job for Jean while she was gone. Until next week.

Rodriguez visits Sul Ross for freshman orientation

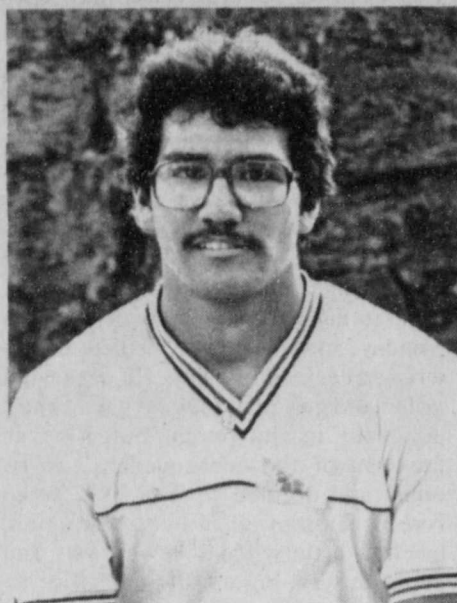

Victor Rodriguez, a graduate of Lockney High School, recently participated in freshman orientation at Sul Ross State University in preparation for the fall semester.

Rodriguez, son of Toribio Rodriguez, was among 150 participants in the three day event.

The students and accompanying family members spent three days on the Sul Ross campus meeting university officials, visiting faculty and touring the campus. Students also took math and reading placement tests and worked on fall class schedules. Get acquainted activities for students included a barbecue on the mall, a swimming party and a social hour and dance. The orientation ended with registration.

Parents were taken on a tour of the Davis Mountain area, the McDonald Observatory and the Fort Davis National Historical Site.

According to Don Robertson, director of the Center for Student Development and orientation director, "We

VICTOR RODRIGUEZ

find that the fewer surprises incoming students encounter at the first of their college careers, the more successful they are. These sessions are designed to eliminate some of the surprises."

Dottie's Doodlings

Mrs. Ben (Vicki) King and her two sons, Brian, age 5, and Barry, age 2, will arrive from Houghton, New York next week for a short visit in Texas. Vicki will than join Ben for a trip to France, while Brian visits here with grandparents, Herman and Lorene King of Lockney and Barry will visit with grandparents, Dr. and Mrs. J.W. McCormick of Dumas.

Ben and Vicki plan to fly to Madrid, Spain August 22 where they will vacation there and other parts of Spain for about 10 days before Ben begins his study in St. Jean de Luz, France September 2.

Jimmie and Theresa Stennett and sons, Kevin and Mike went to Liberal, Kansas to visit with their children, Debbie and Gary Stennett and grandchildren, Brandye and Tucker, the last week in July.

Nora and Archie Bybee visited with Debbie and Gary and their grandchildren Brandye and Tucker, last week while Nora was on vacation.

Tim Stansell of Dallas and Julie Stansell of Lubbock, visited with Pat

and Dottie Stansell, Wednesday and Thursday of last week.

Charles and Faye Whitfill were host and hostess in their beautiful home and backyard for a lovely cookout last Saturday, August 6, from 4-8 p.m.

The honorees were their niece and family, Jane and Tifal Nagy and their little ones, Pete, Tisza and Stephen. They are enroute to their new home in Washington, D.C. Guests were Jane's mother and dad, Bill and Marline Whitfill, Lockney, and a sister, Jill from Atlanta, Georgia, a brother, Jimmy Whitfill and family, Helir, Julie, Jeff and Jackie from Santa Fe, New Mexico; a brother, Joe and girlfriend, Debbie, Dallas; Jane's little niece, Amy Fitzgerald from Plainview; an aunt and uncle, Ben and Patricia Whitfill, Silverton; Rusty, Tish, Dani and Necolls Whitfill, Silverton; Gene, Tisa Jonathan, Michela and Patrick, Silverton; Aaron, Mary Lane and Rhett Younger, Silverton; Gary, Sue, Cody and Leah Whitfill, Hereford; Gale, Aaron and Rebecca Shaeffer from Pratt, Kansas; and Jane's grandmother, Mrs. Ed Whitfill.

"Dairy Queen just keeps on getting better."™

South Plains News

By Mrs. Murray Julian

South Plains, Monday Aug. 8th:
Sunday, the past two weeks, has turned out to be a beautiful day for we had some rain each day. A week ago we had nice shower, and this Sunday it was just cool, and like the mountains, with a slow, lovely drizzle that lasted through the morning. The mornings are cooler and in the 60's at this time.

We are sorry about the death of Rex Rose, who was the husband of Lisa Powell, granddaughter of Lillie Nae and Grigsby Milton, here in our vicinity. The services were Tuesday morning at 11 a.m. at the First Baptist Church in Floydada. He had died suddenly in Dallas on Tuesday at 10:30 p.m. Our sympathy and love go to Mr. and Mrs. Alton and Frances Rose and their boys Tim and Kim in their great loss.

The grandson of Mrs. Polly Simpson of Dimmitt, little Barry Brent Sanders, 3 month old son of Mr. and Mrs. Bill Sanders of Dimmitt died Thursday of last week with crib death. Services were held Saturday morning in Dimmitt at the First United Methodist Church at 10:30, at the Parsons Funeral Home. There are several relatives of the little one here in South Plains, including Mrs. Rance Young. We extend our sympathy to the parents in

this heartbreaking event.
Mrs. Sylvan Kinnibrugh spent from Tuesday through Thursday visiting last week down at Vera, Truscott and Gilliland with relatives, Mr. and Mrs. W.S. Simmons, Mr. and Mrs. John Kinnibrugh and J.A. Kinnibrugh.

School starts here at the South Plains Elementary School with In-Service for teachers Thursday, 17th, 18th and 19th of August. School begins for the children and teachers on August 22.

President this year of PTA at school is Mrs. Laura Bethel. She has set the first meeting for Thursday, September 1. Mrs. Nina Sanders will be in the luncheon again this year, and bus drivers will be Annelda and Howard Staples. The school trustees are Ira Henderson, Rogene Bethel, Dwight Teple, Kelvin Cummings, Carlton Johnson and Nathan Mulder.

"Uncle Bud" Sessions, who now lives at Baird, is coming this Monday to spend a few days here with relatives, Bobbie and Sylvan Kinnibrugh.

Mr. and Mrs. Don Dell Mulder and family from Albuquerque, New Mexico were here over the week-end for the reunion to their folks, the Gardners at Tulia. They were here also, to visit with his aunt, Mrs. Letha Mulder. Don

Dell lived for several years here with his aunt and uncle, Letha and Arby Mulder.

Last Sunday after church Mr. and Mrs. Nathan Mulder, Cindy, Penny, Jimmy and Cory left for Dallas and for a visit to Six Flags Over Texas. Although it was hot there, the family had a great time, and were back home Monday night.

A young grey and white wood duck came to my back door a week ago this Monday, and I made the mistake of watering and feeding him. He was wild and would go squawking off each time I came out to the porch, but I never dreamed of the consequences, as he came, and decided to make his home here. I ran him off in every direction, but in a little while I looked out, and there he was, big as life and twice as obnoxious! No one wanted him, and when I turned to Pat, our postmistress to ask what would I do with him, she said, "Ask my husband, he will know what to do." What wonderful neighbors in a little while, Dean Stewart and Edward Hartman came and caught him had no trouble carrying off my unwanted lodger. They carried him to a pond, where I hope he will be very happy. At least, he has not been back. Hurrah!

or basketball, and other games, etc. Also when there is entertainment there, chairs have to be hauled out from the school house to be used, then carried back. The bleachers came from Seagraves and trustees going there on Friday to get them and bring them home, also to set them up, were Ira Henderson, Rogene Bethel, Dwight Teple, and Kelvin Cummings. They went with trailers and trucks from L.N. Johnson's ranch. It took 13 men to load the bleachers and Seagraves but somehow when they got them back here, the trustees got them in and set them up themselves in the gym. I know everyone will be very happy now when anything goes on at the gym, they will have seats, and they will be there to stay, not having to be set up each time. The four men had dinner over there at Seagraves and were most of the day getting the job finished. We all say, many thanks to them!

Mrs. Ernest Smitherman (Ruth) who had fallen last week at her home, and had broken her left leg, was in the Central Plains Hospital for several days. She is expected to be able to come home this Monday and will be convalescing for some time.

Mr. and Mrs. Billy Staniforth Jr. have been enjoying a house guest, Mrs. Cynthia Wierzlicka, from New Zealand. Back in 1965-66 her son, Kaz, lived here with the Staniforth family as he attended high school at Floydada. The Staniforths took their guest to see, "Texas" and they went to Clarendon to Greenbelt Lake for a delightful picnic

with Mr. and Mrs. Doug Fryman and Trey from Elk City, Oklahoma (Sara.) They all went to Cuchara, Colorado, where Billy Staniforth III of Austin joined them, bringing Sarah and Graham. They all enjoyed a wonderful vacation at beautiful Cuchara in the mountains of Colorado, at the Staniforth cabin.

Mr. and Mrs. Connie and Nathan Johnson left last Sunday morning for a

vacation which took them first to Rock Springs, Texas where they arrived Sunday evening with Mr. and Mrs. Joe and Anne Jones. They enjoyed visiting there until Wednesday and spent part of that day in Fredericksburg where they went through antique shops and the museum there. Later they went to Granite Shoals, on Lake L.B.J. and visited there with Mr. and Mrs. Tom Ed and Jimmie Benton.

LONELINESS IS NOT A MEDICAL DISEASE

But it is real. Real to you or someone you know. The symptoms are varied . . . the pain is the same.

For anyone seeking the answer to loneliness, ARA Living Centers introduces Personal Care. Personal Care is designed for elderly people who need warm, cheerful surroundings and friendly companions.

You won't find loneliness on a list of medical diseases, but you will find it in life. Fortunately, we've found the answer . . . Personal Care.

Discover it for yourself.

Bleachers at the South Plains Gymnasium: I think everyone will be glad to hear about the bleachers up at the gymnasium here at the South Plains School. The gym has been, and is, a wonderful place for children and older ones, too, as they come to play tennis

Low income parents may qualify for child care assistance

Working parents who meet income eligibility requirements can be subsidized up to 90 percent of the cost of their children's day care through a Department of Human Resources program. The funds for this program are funneled from the State to the Department of Human Resources to the South Plains Community Action where they are dispersed.

The program is planned to help low income families. The children who are recipients of AFDC, SSI assistance, or food stamps, as well as other income eligible children may qualify if the day care allows their parents or caretakers to participate in employment or training. Children of parents who are in school full time to receive a high school diploma are also eligible for day care. Children of parents who are in training

up to one year beyond high school or its equivalent are eligible for the day care service.

Eligibility for the day care assistance is based on family size and income. Parents must be employed or in training and will place their children in licensed day care homes with whom the Agency has a contract.

Presently the South Plains Community Action Day Care Broker is able to help 80 children from 13 counties (Hockley, Lamb, Bailey, Cochran, Yoakum, Garza, Lynn, Terry, Floyd, Dickens, Hale, Crosby, and Lubbock rural.)

For more information call Community Action at 652-2639 in Lockney or 983-3134 in Floydada.

10 YEAR NO SWEAT WARRANTY

If Air Conditioning doesn't have it here it probably doesn't have it.

Gas Air Conditioning Has It!

No other air conditioner has a warranty like a gas air conditioner because no other air conditioner is built like a gas air conditioner.

Gas air conditioning has fewer moving parts and no compressor to wear out or break down. This means less wear and tear and lower maintenance costs.

That's why gas air conditioning is so dependable and why it has a warranty that's twice as long as other types of units . . . a full 10 years!

Find out more about the air conditioning that's backed by the best warranty available. Call Energas today for a free cooling survey and cost estimate. There's no obligation.

Remember, all air conditioning was not created equal. And we have the paper to prove it!

Manufacturer's limited warranty covers all defects in materials and workmanship on the sealed refrigeration unit for ten years from the date of installation of the air conditioner when it is installed in a single family residence. All other parts are warranted for one year from date of installation.
