Little Miss added to queen contest

High school age girls are being sought as entrants in the Floyd County Fair Queen Contest. This year a new division has been added to the contest, the Little Miss Floyd County contest. The Little Miss contest is open to young girls ages 3-6. Each of the high school age girls are requested to enter the name of a little girl when they enter their names for the contest, however if you do not know the name of a little girl several mothers have called to enter their daughters names and there are plenty to go around.

don't know a little girl call and enter anyway because several little girls have already called to enter and since most of them don't have sponsors the women in

charge can get you a little girl to sponsor.
Deadline for entries is September 8th.

Parade to toast the 50's

On September 17th the 30th annual Floyd and surrounding counties Fair parade will take place. Commemorating the first parade held in 1953, the chosen theme for this year is "Remember the 50's and Swing With Us".

Last year there was an excellent response to the parade and in order to make this year's parade as successful good local response is needed. Everyone is urged to participate.

Three divisions for floats are: commercial, community clubs, and school and youth groups. Prizes for this year will be first-\$35.00, second-\$25.00, and third-\$15.00. The floats will be judged on the following categories: following the theme, attractiveness, and originality.

All floats should be lined up 30 minutes before starting time for preliminary judging preceding the 10:30 a.m. kickoff that Saturday morning.

Individual entries such as decorated bicycles, clowns, etc. are welcome and judging for these entries will be done on age basis.

For the second year an antique car show will be held in conjunction with the fair and the cars in the show will be in the parade. Anyone interested in entering a car in the show should contact Dan Smith at 652-2338.

Anyone needing further information on the parade may contact Charlanne Burson at 652-2249.

Remember to make the parade a success your help is needed.

High school entrants must reside in Floyd, Hale, Motley, Briscoe, Swisher, or Crosby counties. They must be high school age, never married, and they must be American citizens.

The high school girls will ride in the parade on a float during the parade on September 17. That afternoon they will have personal interviews with the judges and that night they will model sportswear and formal outfits.

The little girls will also ride in the parade on a float. They will meet after the parade at approximately 11:00 a.m. for a tea party and group interviews with the judges. That night they will each model a party dress.

Any high school age girls wishing to enter should contact Lisa Mosley at 652-2569, Linda Morris at 983-3711 or Adeana Campbell at 983-5555. If you

PERSPECTIVES

By the Rev. Michael O'Connor

Have you ever noticed when some new kind of woe is pronounced by the pop psychologists, everybody seems to come down with it? I introduced to the idea while reading an excerpt from a novel. The author pointed out how a problem is defined, and when it gains currency in popular publications everyone seems to come down with the ailment.

For example, many women did not realize they needed liberating until Steinam and Abzug started showing up on all the talk shows to proclaim the fact. Then, suddenly in some cases, women all around began feeling oppressed, even though they were formerly happy.

Mid-life crises began cropping up in the lives of otherwise contented middle aged men almost the very day they heard that things were not supposed to be going well for them at that time of life. Some were almost forced to agonize, even if they could only agonize that they had nothing to agonize about.

I occasionally get letters from teenagers who are depressed because they are turning 20. By the time they reach 40, they will be close to suicidal about becoming older. This is, of course, silly, but they don't know that. After all, many psychologists have told us how devastating it is to grow older in a youth oriented culture.

A current fad is burn-out. Having

defined the problem the media have given us something new to worry about. If we have done something for a long time, and are not finding the satisfaction we once did, then we declare ourselves to be victims of burn-out. Many people changing jobs, including ministers, now cite burn-out as the reason for making the change.

I suppose that giving common problems uncommon names give a new legitimacy to them. No one will be much impressed if I am depressed or tired, but if I am suffering burn-out or mid-life crisis, then perhaps I will get a little understanding and some sympathy. Being liberated from oppression is much more important than admitting that my boss/spouse/whatever wants me to do something I don't really care to do.

It is not so much that these are really new problems that people must face, in spite of what some say technology is doing to us. It is rather that we have needs that are not being met in our lives, and if the only way we can get someone to listen to us is to have one of the new problems, then we shall get it. In a sense what we have is spiritual/psychological hypochondria.

The solution to the problem will come when we learn to listen to one another, not putting each other off. We can then hear cries of despair without having to create a new buzzword in order to cure the problem.

Bike-a-Thon headed by P. Purser

The Southwest Regional Office of St. Jude Children's Research Hospital has announced today that Patti Purser has agreed to the chairmanship of the St. Jude Children's Research Hospital Bike-A-Thon in Lockney, Texas.

SJCRH, founded by entertainer Danny Thomas, is the world's leading institute for the study of childhood cancer and severe maladies striking the young. It is the first research center dedicated exclusively to the conquest of catastrophic diseases of children, such as cancer and other life-destroying diseases.

When SJCRH accepted its first patient in 1962, the survival rate of children with acute Lymphocytic Leukemia and Hodgkins disease was less than five percent. Today the disease free survival figure for these diseases are now fifty percent and eighty percent respectively. Treatment procedures developed at SJCRH have been adopted worldwide, giving hope to suffering children and worried families everywhere.

Thanks to research at SJCRH, children now have a much better chance to be cured and live a normal life. Thomas clearly stated the purpose of SJCRH: To wipe catastrophic diseases of children from the face of the earth.

The Bike-A-Thon in Lockney is scheduled for September 24, 1983. Details of the Bike-A-Thon will be announced later by Patti Purser.

A test was given to determine several things about the class.

Who had changed the least? Jane Reynolds Baughman and Bobby Holt

Who had changed the most? Charlotte Brown Calahan

Oldest child? Jane Baughman

Youngest child? Mary Malouf Swayden

Most children? Mary Malouf Swayden

Traveled farthest? Bobby Holt

Who had grayed the most? Russell Davis

Lost the most hair? Bobby Holt.

Class members told what had happened to them in the past 20 years.

The class had a cookout meal and lots of fun and fellowship.

Those attending were: Darrell Yoakum, Pricilla Carthel Yarbrough and two daughters, Margaret Stapp Lincecum and daughter, Charlotte Brown Calahan and daughter, Mary Malouf

Swayden and daughter and sister, Juanell Potts Hargrove and two daughters, Bobby Holt, Katy Ansley and family, Janie and Bo Baughman, Mike Nance and family, Sue Gilbert Miller and family, Russell Davis and family, Delinda Phillips Glasson and family, and Cheryl Rucker Teeter and family.

School Board amended surplus to 1982-83 budget

The Lockney Independent School Board met Monday in a special called meeting. Purpose of the meeting was to amend the 1982-83 budget and to consider bids for a new drivers education car.

The meeting was called to order by board president Eddie Foster and the invocation was given by Keith Jackson.

Bids submitted for the purchase of a new drivers education car were then considered. After some deliberation over the bids, the board rejected all bids and decided to wait until later in the year when they can get a car meeting their specifications.

The board then amended the budget

for the 1982-83 year. In a report on the budget, Claudette Hulcy revealed that the total revenue for the year was \$1,797,428 with a total expenditures of \$1,767,859. This accounted for a surplus of funds in the amount of \$29,569 for the 1982-83 year. This was an unexpected amount, as the budget for last year was set up on a deficit. The surplus came from unexpected subsidizing funds received from the State for the loss in average daily attendance and from collection of delinquent taxes. The total overall gain from these two sources was \$85,606. In addition, the board also incurred less expenditures than they had budgeted for the year.

By Mavis Barton and Mary Jo Fielding

Monday, August 15: Yesterday was my day off and you all know that it was Sunday; therefore, I go home. We went straight home and I couldn't help noticing all the crops were looking good, blooms on the cotton looked like a flower garden; with other crops really taking off. However, we all need some more rain.

When we got home, we took a ride around the field, after we had stopped to pick up Silver, our son's German Shepherd. Our son and his family went to spend the weekend with his sisters and brother-in-law and family at Muleshoe. So their dog always comes to us when they are gone. He will go home and check if they are home, if they are, he stays, if not he will come back. After we had looked all around the field, we took a trip down to the gravel pit, where Silver jumped out and looked around and got himself a drink. He got to scouting around, when it was time to leave we could not find Silver. We got to looking around, with Bud whistling and myself calling; so, we turned around to whistle and call again and here he came. Jumped into the back of the pickup; there, he stayed until we got home. The minute we arrived he jumped into the dirt tank and cooled off. It was 100° so we stayed there in the house. When it was time to leave, we took Silver home, but our son, Steve and Beverly and family where not home, we took Silver to stay and about 5 miles down the road we passed them going home. I didn't get to see my grandchildren maybe next week I will.

Today we got back here at 9:15 and as usual the last one in. Bud says we are going to have to leave thirty minutes earlier. That means my stay at home gets shorter, with each stay.

Tuesday, 16th: There was bingo this afternoon. Richard Lanham won the blackout prize, a sack of candy. We all chided him when he refused to take jewelry. I was so pleased. I have been watching the renowned Astros this evening. It is the fourth inning and the score is 7 to 3 in favor of the Astros over the Cincinnati Reds. Jose Cruz has just hit a homer, so that should help matters! I am fully convinced that the Astros are as great as I think they are. However, they seem to have a stalemate in the fourth or fifth innings when their opponents make most of their score. (I watched them yesterday evening and

the final score was 8-5 over the Reds). It was too close for comfort. But they have won eight out of ten games, they have played recently. I am so proud of them.

Nothing exceptional has happened. We have church every weekday morning. We all enjoy it so much especially me. I say it that way, because I really do. We were not staunch church goers or even sometimes goers. We always found something to do and if we didn't do it, well our Dad found us something to do, boy we had to do it then. I can remember that razor strap only too well. So we just didn't go. But now I am in the Lockney Care Center and I love it. The time goes by so fast and I am disappointed when for any reason I have to miss it.

Wednesday, 17th: Mrs. Mary Green went on her weekly trip to Plainview. Esker Pyle also went, they cooked lunch and stayed to eat it and got back about 2:45 p.m. - 3 p.m. So they didn't go on their picnic that will be closer to the end of the month. We will have to wait and see.

Richard Lanham loves to tease the ladies and his latest lady is 97 years young, Myrtle Payne. When he is coming in to meals, he tries to take her silverware, and she fights back. But she now has gotten wise to him and she watches for him and if he makes a move for her silverware, she is ready. When he doesn't try to get them, well she hits him anyway. They were fighting as we were leaving the lobby. Right after church too! I don't know what the world is coming to. They were just like a couple of kids. Alma MacDonald, Hassie Arnold, Mammie Wofford and John Smith are outside he must not like to hear what women talk about, so he is sitting on the concrete slab, that holds the flag pole.

Richard Lanham and Lewis Roberts are watching the ball game. Here comes Clyde and Manemma Hutsell and they have gone outside to join the others. Kim Sherman came today and we sang some songs. Then she put on a record player and the record was different waltzes. When we knew it we had to shout out the "Title of the Waltz". There was Kim dancing with Richard in his chair, then Lewis Roberts had his share of dancing with Kim. There was Laverne Christian dancing with Rubye Vaughn in her chair and Mary Joe was dancing with Myrtle Howell. Then we all had a couple of sticks to clap and

Euna Bradshaw had the triangle. Richard Lanham was beating the little drum and Esker Pyle had the bigger drum and we had to beat in time to the music we did exercise with the beating of the sticks and drums, we made so much noise nobody could hear the music.

Bill Griffin visited with his wife, Mable. After supper, Lewis Roberts was watching the ball game on T.V. Richard has gone to bed.

Bill Poole came to visit his father William Poole. Mr. Poole is doing fairly well most days.

Thursday, 18th: There was a baseball game Tuesday evening that I would have loved to have seen, the game between the Texas Rangers and the Baltimore Orioles. There is a Texas Ranger relief pitcher by the name of John Butcher. (The regular pitcher Danny Darwin was sent to the sideline

due to an infected blister on his pitching hand). Butcher struck out the final 19 batters and walked one. The game resulted in a 2-0 victory over the Orioles. Orioles, Al Bumby single and Buddy Bell homered.

Friday, 19th: We had Bingo and everybody won fruit. Mary Joe Fielding won blackout and chose candy. Before most of us could get away, here comes Jean with a bag full of more black eye peas to shell. There was Richard Lanham, yes he has to be in on everything, (he will thread needles but he won't quilt) Nina Loudermilk, Ada Hopper and Granny Self at one table. Edna Hunter, Lewis Roberts and Mary McCracken at another table, Edna Hunters son and daughter-in-law stopped by so he pulled up a chair and put in his two cents worth of pea shelling. They had to go. I guess that was about as good an

excuse for not shelling peas as I ever heard. On the other table was Mary Joe Fielding, Hallie Roberts and myself with all of us shelling peas. By the time we got through it was almost time for supper. We sure enjoyed doing it. Mary Green, Jewell Miller, Esker Pyle, Mammie Wofford, Myrtle Payne and Clyde Hutsell did not stay and shell peas. They were the ones who got away. Clyde and Manemma Hutsell had some visitors today, they were Joe Dell Hutsell and wife Tomikie, their son and daughter-in-law, also, Tone Brooks, visited with them. She is Manemma's sister. They all came from Silverton.

This is a little late news from earlier in the week. It should have been in Wednesdays news. Granny Self had two visitors from Matador, they were old friends of hers for a very long time, Minnie May Marcum and Cora Hall.

Saturday, 20th: I was in our room spending some time with Granny as I always do on Saturday. I was always in the lobby right after breakfast and didn't go into our room unless it was necessary, or bedtime and Granny got to asking me if I went home because it was so lonely. So I make Saturday's a day to stay with her. Well today we had been talking our heads off and Granny was laying on her bed to take a nap and we heard somebody turning up a fiddle and Granny jumped out of bed and said, "I've got to see this" and off she went. I went too and enjoyed it very much. They played for over an hour and such good swinging music, made me feel like getting out of my chair and dancing.

Thanks to Milt Robbs, Lewis Ray Stapp, J.V. and Louise Martin and Dowell Brewer for entertaining us with their musical instruments.
