Four speakers slated for Women's Day at the fair

MARLA STARK

Four speakers are scheduled for Women's Day at this years fair. Women's Day is Friday, September 16th.

Leading off at 9:00 a.m. will be Mrs. Francis Samms. Mrs. Samms is the longtime owner and operator of College Heights Day Care Center in Plainview. Her program is entitled Parenting Skills and she will discuss how to have a more enjoyable and successful role as a parent. Mrs. Samms is widely acclaimed as a child care expert. This program should prove to be very interesting for all those involved with children.

Mrs. Hurley Carpenter will be one of the four featured speakers on Women's Day for this years fair. Mrs. Carpenter was born in Sherman, Texas and graduated from Sherman High School in 1931. She then enrolled in Texas Technical College in the fall. She worked to pay her own way thru college and graduated in 1936 with a Bachelor of Business Administration degree. Mrs. Carpenter worked for T.N.M. and O Coaches for ten years.

In 1942 she married Hurley Carpenter, who died in 1966. Mrs. Carpenter is an active member in the First Baptist Church. During her association with the church she has been active in the Rachel Sunday Class and the Women's Missionary Union. She has served two terms as Benevolence Chairman, she served as Hospitality committee for three years, in 1982 she was on the Deacon Selection Committee, and is presently serving on the church History Committee.

She has also been active in several volunteer activities. For six years she has worked with the American Cancer Society, four years on the West Texas Health Systems, six years on the Sherick Memorial Home board, two years on the John Knox Village advisory council, she has served for twenty-two years a volunteer at the Sick Children's Clinic, she served on the grand opening committee for the dedication of the Memorial Civic Center, and she has served on the Ex-Student Board at Tech for eight years.

Presently she is a Patron member of Lubbock Women's Club where she served on the board from 1963-1967 and she served as president of that organization from 1965-1966. She is a charter member of the Women's Division of the Lubbock Chamber of Commerce and was the first President of the group from 1967-68. She is a charter member of the Tech Century Club and a charter member of the Ranching Heritage Association. She is also a life member of the Tech Museum. She is also a member of the South Plains Genealogical Society, a member of the Lubbock Junior Garden Club and has served three terms as president of that club, and she is active in the Christian Women's Club.

Mrs. Carpenter's hobbies include compiling scrapbooks, clipping and organizing writeups on more than 200 subjects, she is an ardent supporter of Red Raider football and basketball. Her other hobby is the subject she will be

Brotherton wins football contest

The football contest drew quite a number of entries this week.

The tie breaker was the deciding factor for all of the top three winners.

E.L. Brotherton, Jr. tied with the other two winners but was first place winner with the closest score on the tie breaker. He also chose Lockney to win Friday night's game. He is the winner of \$10.

Willis Reynolds of 109 SW 5th, Lockney, Lockney ran a close second with only a few points separating him from first place.

Reeda Cay Smith is back in there this year, taking third place on the first contest.

Next week's contest should prove equally as exciting. Make your selections before time runs out. Deadline is 5:00 p.m. Friday.

sharing with women who attend her portion of the Women's Day program. Bonnet collecting is one of her favorite subjects. She enjoys collecting bonnets and researching them and the people who wear them. Her present collection dates back to the 1700's and her collection will be donated to the Tech Museum.

Mrs. Carpenter's program will be from 1:00-2:00 on Friday.

"Get it Together With Color" will be the title of the program given by Lynne Griffith, trained color and wardrobe consultant of Color I Associates, Inc. of Lubbock. Lynne will present her program from 10:30-11:30 on Friday.

Lynne has had extensive color study in Riverside, California under Color I co-founders Judy Lewis and Jo Anne Nicholson. She is a statewide lecturer on individual color usage and wardrobe for groups and conventions. She has professional experience in coordination of style shows and modeling, wardrobe consultation, and shopping service. Lynne is a experienced judge in many fields, including the Double T Doll Association at has judged cheer-leading tryouts at universities and high schools, and she has judged beauty contests throughout the state. She has made television appearances and she is a graduate of Tech.

Color I is the most comprehensive personalized color service in the U.S. It is a self-enhancement concept through personal color use that is based on over 15 years of extensive research on the differences in human coloring. Using an individual's natural coloring, a trained consultant creates a Personal Color Harmony chart in which all colors balance, blend and interchange with one another. Because it is based on a person's natural body colors, the chart is never outgrown and thus lasts a lifetime. Used to coordinate and select clothing, accessories, decor, hair color and makeup, it helps avoid costly mistakes, putting the client in charge of the color in his life. It makes the difference between looking good and looking great.

The closing program will begin at 2:00 and is entitled Inflation Fighters. This program will be presented by Marla Stark, Consumer Information Specialist from the Amarillo Energas Co. She will present an enlightening program on how to fight soaring inflation. This will be a fun way to learn how to save time, money, and energy by using what you have on hand. She will also present some cost comparisons between ready made products and making your own.

MAGDALEN CARPENTER

FRANCIS SAMMS

Fair board schedules work day

"This is a story about four people named Everybody, Somebody, Anybody and Nobody. There was an important job to be done and Everybody was sure that Somebody would do it. Anybody could have done it, but Nobody did it. Somebody got angry about that, because it was Everybody's job. Everybody thought Anybody could do it, but Nobody realized that Everybody wouldn't do it. It ended jup that Everybody blamed Somebody when

Nobody did what Anybody could have."

The Floyd and Surrounding Counties Fair board will be having a work day at the fairgrounds, Saturday, September 10. In order for YOUR fair to be a success everyone's help is needed to prepare the grounds and buildings for the fair. Everyone is welcome to come out and give a helping hand. Work day will be from 8-12:00 noon.

Rotary auction to be held

The dates for the annual Rotary International auction for this year have been set for September 27 and 28 at the Lockney Fairgrounds.

Already consigned for the auction are tractors, cotton strippers, cotton trailers, module builders, trucks, pickups, and combines. All consignments for the auction must be in by September 10 in order to be listed in the auction advertising flyers which will be sent all over Texas, New Mexico, and Oklahoma.

Auctioneers for this year will be Dulin and Reagan.

The annual auction is sponsored annual by the Rotary Club. A profit sharing basis agreement between the auction company and the Rotarians

make the auction possible.

The club's profit from the auction will go to various community projects. Last year's profits were used to purchase several new pieces of equipment for the hospital, some funds were donated to the women's softball league to help pay for new lights at the softball field, two students were sent to Camp Ryla, and two graduating seniors were given scholarships to help further their education.

Anyone needing further information on the auction should contact Boyce MMosley at 652-2686 or Owen Thornton at 652-3195. Also please consult the Dulin and Reagan ad in this paper for more details.

This Week

FAIR TICKETS

Special passes are not on sale for the fair. These \$12 passes will allow the bearer to ride on any of the carnival rides as many times as they wish for all four nights of the carnival. They will also include free entry at the gate Thursday through Saturday. Tickets are on sale at the First National Banks in both Lockney and Floydada. These tickets will not be available after the carnival arrives.

FAIR PARADE

Anyone wishing to participate in the parade during the fair should contact Charlanne Burson at 652-2249 as soon as possible. Floats, school bands, riding decorated bicycles, and clowns are all welcome. Cash prizes will be awarded to the top three winning floats in each division which includes: community clubs, commercial, school and group. Cash prizes will also be awarded to the best high school and junior high bands. Riding clubs will be given trophies and will be graded on a point system. Best decorated bicycle and best dressed clown will be given ribbons for the top three places.

"Memories Were Meant To Be Shared" is this years theme for Grandparents Day. In honor of this special day the Lockney Care Center is having a reception.

Come share with us at the Care Center on Sunday from 2 til 4 p.m. The public is invited to attend.

JUNIOR SHOMANSHIP CONTEST

The junior showmanship contest will be held on Saturday at 11:00 a.m. The contest is open to children 8 and younger. Judging will be done solely on showmanship; not on animals. This contest is to give younger kids a chance to learn more about exhibiting animals.

LIVESTOCK JUDGING

The livestock judging will begin at 9:00 a.m. on Saturday. All animals being shown must be in place on the fairgrounds by 8:00 a.m. on Saturday.

PET SHOW

The pet show will be at 4:30 on Thursday afternoon. To enter children must be under 12 years old. There are 17 divisions this year, so get your pets ready.

FOOTBALL CONTEST

Remember to get your football contest entries in by 5:00 p.m. on Friday. If mailed they must be postmarked by five p.m. on Friday. If you bring them by the office and find it closed, (out for pep rally), please drop your entry in the mail box in front of the office.

AGRICULTURE EXHIBITS

Books for entering agriculture exhibits will close at 1:30 p.m. on Thursday, September 15th. Entries not delivered by that time will be barred from competition. Judging will begin at 2:00 p.m. on Thursday.

FAIR BANNERS

The Band Boosters are selling banners to decorate businesses during the fair. Contact Sherre Kinard to order your banners. Banners will be put by band members.

CHILDRENS PLAY DAY

The children's Play Day at the fair will be at 2:00 p.m. on Saturday. Events are open to children 2-10 years old.

COMMUNITY EXHIBITS

Community exhibits for the fair must be in place no later than 10:00 a.m. on Thursday, September 15th. Judging will be at 1:00 p.m. on Thursday.

ROBERT RENDON crosses the goal line to make the only touchdown scored by Lockney in Friday's game against Tulla.

Rotary hosts district governor

Friday at the noon meeting of the Lockney Rotary Club, Rotarians were introduced to the district governor, Dr. John Selby, of Lubbock.

Dr. Selby urged Rotarians to observe and act upon this year's motto, "Share Rotary--Serve People." He urged bring-

ing new members into local rotary clubs. He stated that Rotary and other service clubs provide some of the greatest moral support for the free enterprise system. He urged the members to be alert to the needs of their community.

Dr. Selby related that the first Rotary service project was completed in 1905, the year the Rotary organization was founded, in Chicago, with 20,000 clubs in more than 157 different countries and more than 1 million members. Rotary is a very large organization and can help many people in different ways.

Dr. Selby stated that through the club, Rotarians can be a mighty force in spreading good will and world wide peace. He added that a stranger is "but a friend we have not met yet."

Two special guests at Friday's meeting were Dr. Gary and Dr. Bill Mangold. The senior doctor has been acquainted with Dr. Selby for several years. Dr. Selby taught the younger doctor in school.

County Fair to host Car Show

The Floyd County Fair Association will present its second annual Car Show Saturday, September 17 at the fairgrounds in Lockney. Activities will begin with a parade down Main Street in downtown Lockney at 10:30 a.m. followed by the judging at 1:00 p.m.

Classes to be judged will be original, restored, and modified with trophies to be given to the top three in each class and best of who. All trophies and

awards have been donated by the new car dealerships of Floyd County: City Auto Buick-Pontiac-GMC, Oden Chevrolet-Olds, and Reed Ford-Mercury.

For more information contact Dan Smith at 652-2338.

Schedule of Events

JUNE McDONALD and JINNA SUE TURNER display the stained glass window the B&PW Club will be selling to raise money for this year's club projects. The window may be seen at the First National Bank in Lockney.

Horns tie Tulla during season opener

Friday night in Tulla marked the opening football games for the 1983 season. The final score was 7-7, with all scoring being done in the first half of the game.

The defense for both teams dominated the game. Starting from the kickoff, Lockney's defense was in fine shape. Lockney held Tulla during their first position and on the 4th down punt by Tulla, linebacker Terry Mathis rushed through the line to block the punt. Tackle Danny Peralez pounced on the ball at the Hornet 19 yard line to set up Lockney for their first scoring series.

Quarterback Jackie Cunyus opened the series with two option passes which gained 9 yards. Upon the recovery by Cunyus of his own fumble on the third down play, Coach Bob Purser opted to go for the 2-yard first down. Cunyus handed off to Buffo Rodriguez who found a hole in the line and made the

first down.

With first and goal on the Hornet 9 yard line, the Horns lost 20 yards on two consecutive motion penalties. Following two incomplete passes, the Horns faced a fourth down and 20 yards to goal. Coach Purser opted to go for the first down.

With Cunyus' pass to Robert Rendon complete, Rendon raced for the goal line and scored. Moses Blanco made the extra point and the Longhorns took the lead with three minutes left in the first quarter.

Three seconds before the end of the first quarter Rendon intercepted a Tulla pass, but the Longhorns were unable to score.

Following Lockney's punt Tulla got the ball on their own 35 yard line. With a pass to fullback Rusty Hooper, Tulla scored their only touchdown of the game. Hooper ran 65 yards to score. Cy

Allen was able to make the extra point to tie up the score 7 to 7.

No more points were scored during the second half of the game. Both teams were dominated by the defense. Both teams were also plagued with penalties and turnovers.

Lockney's defense seemed to be led by Mathis, Peralez, and Randy Race. Brent Hallmak had two interceptions for the night. Cunyus and Paul Moats were also able to recover a Tulla fumble each.

A good crowd of Lockney supporters showed up in Tulla to support the Longhorns in their season opener.

This week the game will be in Lockney against Petersburg starting at 8:00 p.m. Everyone is urged to be at the first home game and support the Hustlin' Horns.

Band Booster Apology

Ooops were sorry!

The band booster club received a bad shipment of wieners which were sold at the freshman football game on Thursday. This problem has been corrected and will not happen again. The band and the booster club appreciate your continued support through your patronage of the concession stands and other band activities. Please keep us informed as to the quality and service which you receive.

Thank you,
Booster Club presidents
Larry and Brenda Elam

Dedication and experience make the difference

The nurses at Lockney General Hospital take second place only to the doctor's staff. Their hours and responsibilities are surpassed only by their dedication and

loyalty to their work.

LVNs have to attend a year in order to be certified. Registered nurses attend from 3 to 5 years to receive their degree.

Lockney General is fortunate to have so many qualified and dedicated people to perform duties in this classification. This year they have participated in the Flying Nurse Program for relief

work with qualified, registered nurses to fill vacancies due to long-term illness, vacations, and so forth. Other very important personnel work in the radiology lab and central service

departments. These people all have many hard hours of study and training behind them as well as an astounding total number of years in experience. The clinic nurses are not to be

forgotten in any sense of the word. Their smiling faces are the ones that greet patients as they make their entrance into clinic.

3-11 SHIFT NURSES—Virginia Peralez, L.V.N.; Ann Ford, L.V.N.; Maria Flores, N.A.; Jane Chua Tuan, R.N.; Sally Mendoza, N.A.; Angie Ochoa, N.A.; and Hopi Blanco, N.A. Not pictured are Bonnie Pigg, L.V.N., Ruby Kiser, N.A., and Fela Castro.

7-3 SHIFT NURSES—Elvira Muniz, N.A.; Kathi Hubbard, L.V.N.; Joan Roehr, L.V.N.; Maggie Gonzales, N.A.; and Ruby Wigington, L.V.N. Not pictured are: Flo Barnes, R.N., director of nurses; Ninette Zorger, R.N.; Marty Smith, L.V.N.; and Frances Graves, N.A.

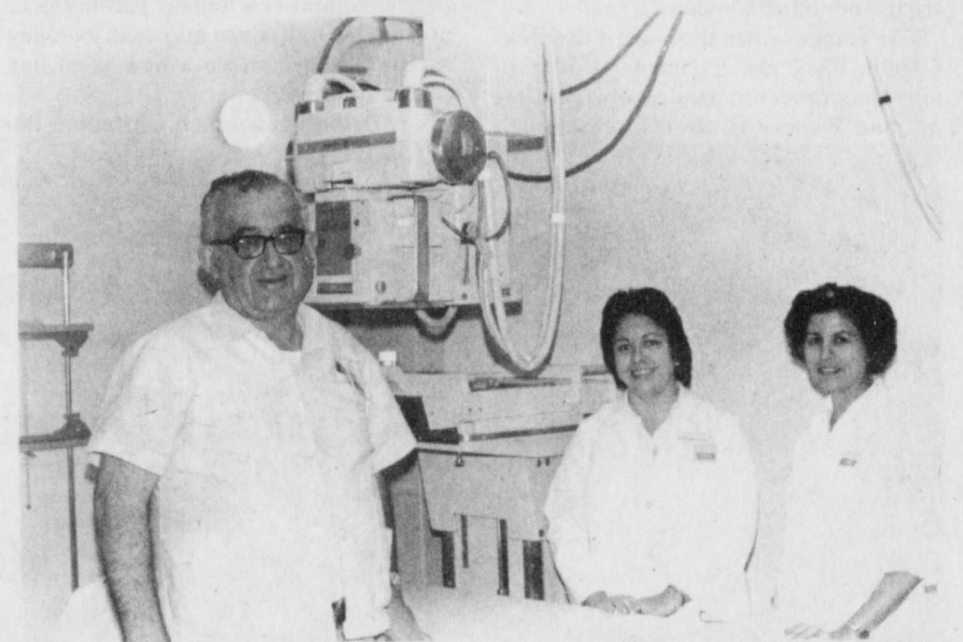

CENTRAL SUPPLY—Ofelia Hernandez. Not pictured is Sylvia Rodriguez.

11-7 SHIFT NURSES—Susie Garza, N.A.; Virginia Owens, R.N.; Dona Yeary, L.V.N.; and Carmaleta Hooten, N.A.. Not pictured are Rosalinda Arjona, N.A.; and Nell Ferguson, L.V.N.

CLINIC NURSES—Joyce Owens and Melba Vickers. Not pictured is Shirley Hayes.

LAB/RADIOLOGY/EKG—Otto Pugliese, M.T., Josie Hernandez and Estefana Gatica.

To Dr. W. J. Mangold and Dr. Gary Mangold

The nurses of Lockney General Hospital want to tell you both publicly how much you are appreciated and respected.

It is a pleasure to work under two fine men who are so dedicated to their profession. You each display genuine concern to your patients and a gentleness unsurpassed.

We are aware of the long hours you work and we are very protective of your privacy and rest, but we know that when a 2:00 a.m. call to one of our doctors is necessary we will get an instant, cooperative response. The kindness shown us by each of your wives does not go without notice either.

We are proud of our doctors. You are always available to give us free medical

advice concerning our families and ourselves. Your knowledge and concerned interest help alleviate any worries we may share with you.

Dr. Mangold, you have set an outstanding example and a difficult path to follow for your son but Dr. Gary is doing extremely well and is a fine doctor in his own right. You are each exceptional doctors in both knowledge and technique. We will continue to follow your orders and take care of our patients to the best of our ability.

Love,
The Nursing Staff

To Mrs. Barnes, R.N.D.O.N.S.

To Mrs. Flo Barnes, R.N.D.O.N.S.:

Though we seldom tell you how we feel, we want you to know that you are loved and respected by each of us. You simplify our work by being there always quick to offer assistance or sound advice.

We know that you have devoted twenty-three years of loving service to this community by being Director of Nurses of Lockney General Hospital. You were urged out of early retirement by those who knew no one could perform your job as well as you do.

You can very quietly and sensitively humble us when the need arises and it often does. Yet, if you feel your nurses are being treated unfairly, you come quickly to our defense. Those who know and love you realize that beneath your gruffness is a wonderfully kind and vulnerable "softy."

You constantly monitor your nurses and keep a protective eye over each of us. Many nights, during bad weather, you have stayed up late calling to see that we made it home or to work safely. You work long hours scheduling our work days. Yet you rework the schedule when any of us need to alternate our days.

Mrs. Barnes, you are a great lady, a learned nurse, and an exceptional director of nurses. We strive to please you and we know the best way to do that is to provide good nursing care for our patients. That is the main goal of us all, but is made easier by having you as our chief.

Love,
Your nurses

Farmers enjoy Paymaster's research farm tours

Tuesday, August 30, Paymaster at Aiken held a research farm tour for farmers, their wives, agribusinessmen. Field tours were conducted from 9:30-11:30 and the guests were treated to a lunch of fish and chicken catered by Danny's Fins and Hens of Lubbock. Lunch was fed to 615 people; 450 of those had taken the field tour.

During lunch door prizes were given away. Winners of coffee mugs were: Steve Oswald, Abernathy; Don Bybee and Joe Nance, both from Lockney; and Eugene Crumpler, Abernathy, J.E. Nance of Tahoka, Jack Cloude of Plainview, John Jobe of Lubbock, and Joe Neumann of Canyon, all won Paymaster jackets. Gayland Goodard and Guy Chonnalt of Plainview, Charles Ross Jr. of Lubbock and Leon Leonard of Anton all won sunscreens. Omar Wadoof, Abernathy, won a trip for two to New Orleans. The trip was donated by Delta Airlines. John Quebe won a 1/2 price catered dinner for 100 or more from Danny's Fins and Hens of Lubbock.

On Wednesday Paymaster also hosted a media field day. During the Wednesday meeting members of the press were addressed by several members of the Cargill management team from Minneapolis, Minnesota, as well as members of the research team at the Aiken location and a manager from Belmont, Iowa.

Bruce Panokin, the public relations manager from Minneapolis opened the day with a welcome to all members of the press. Background information on Cargill and on Paymaster revealed that Cargill purchased Paymaster in 1980 from Anderson Clayton.

The company has three seed divisions: Cargill, PAG, and Paymaster. Under an agreement recently made between Cargill and Pioneer Hi-Bred International,

Paymaster, a division of the company, will purchase cotton seed operations of Pioneer. Paymaster will mark cotton seed from Pioneer under the Lankert label as a result of the purchase. More information can be found in the related article on the farm page.

C.E. "Chuck" Wilmarth, manager of special projects, from Belmont, Iowa then addressed the group on corn research. Wilmarth told the group that there are 10 breeding stations where corn is grown, tested, and developed to be sold as seed. At these stations there are three trained personal personnel and during a six week period each summer more than 200 people at each station is employed to help do the hand pollinating which results in new lines of corn for future development as seed.

During the corn research several new lines are developed and discarded because they do not meet the requirements needed to be tested further. During the research corn is tested for disease and insect resistance, yield, moisture content and dryability standability, stress, and husk coverage. Should a certain line fail even one of these tests, it is thrown out of the program. Some of the corn that has had success here has also been sent overseas for testing by other countries. In 1969 Italy started testing corn.

Each corn testing station has several responsibilities. They may do as many as 650,000 hand pollinations a year, develop as many 4000 new S-1 lines for observation, isolate about 100 new S-1 and S-2 lines, and attempt to develop two new improved female parents over present lines. It may take as many as 10-15 years before a new seed line reaches the market.

Dr. Delbert Hoss then addressed the

group on cotton research.

He said from the first initial cross to the time a new line of cotton seed is put on the market take 13 years. During the time between the first cross and the seed being placed on the market it is put through extensive testing.

Dr. C.D. "Chuck" Berry, sorghum research manager then discussed the sorghum program. (See related article on farm page.)

Dr. Bob Granger, manager of crop breeding, from Minneapolis discussed the new Bounty wheat program. Cargill has been researching hybrid for 17 years. Last year was the first year for Bounty brand, distributed by Cargill, to be released for sale to the public. In 1982, 9 varieties of Bounty were sold. All were natural production, true single

crosses. In seven location yield tests in Oklahoma, Bounty took the top five places. Hybrids took the top 10 places overall. Bounty has not only been tested in the United States, but also in South America and Europe as well, with very good results.

The headquarters for Bounty research is in Ft. Collins, Colorado. There, initial genetic selections and crosses are made year round greenhouses. Field research locations for Bounty are located in Texas, Oklahoma, Kansas, Nebraska, Illinois, and Ohio. Though many technical problems slowed progress in the hybrid production for a while most of those obstacles have been overcome and hybrid wheat production is in full swing. Hybrid develop-

ment involves crossing two genetic parents in order to produce seed which will perform superior over both parent

plants. Hybridization has resulted in up to a 20% yield increase over the average of the parent plants.

GARY DUNCAN along with managers from the Minnesota Cargill office examine cotton being grown and tested at the Aiken farm.

Paymaster acquires cottonseed business

Paymaster Seeds, a part of Cargill's Seed Division, announced an agreement in principle to purchase the cottonseed operations of Pioneer Hi-Bred International, Inc., which markets cottonseed to farmers in the Southwest.

Gary Duncan, general manager of Paymaster Seeds' southern operations at Plainview, Texas, said the addition of Pioneer's cottonseed business will allow Paymaster to broaden its cottonseed marketing areas within Texas, Oklahoma and New Mexico.

"The acquisition will allow Paymaster to market cottonseed under the Lankert and Lockett brands," Duncan said. "These brands are familiar to farmers since they were acquired by Pioneer when it entered the cottonseed business in 1975. The brands will be sold primarily through ginners and delinters just as we currently sell our Paymaster cottonseed."

Duncan said the combination of Paymaster's established cotton varieties, backed by an extensive research program, plus the addition of the Lankert and Lockett brands, will provide a strong cottonseed program.

The acquisition includes the cottonseed genetic and breeding material used by Pioneer, plus an an plus an 11 1/2-acre site at Lockett, Texas, where

a cotton gin, delinter, warehouse and office are located. Duncan said Paymaster plans to sell the cotton gin.

Pioneer will retain its research facility at Vernon, Texas, where it will continue to conduct wheat research. Pioneer had conducted cotton research at that location, Duncan said.

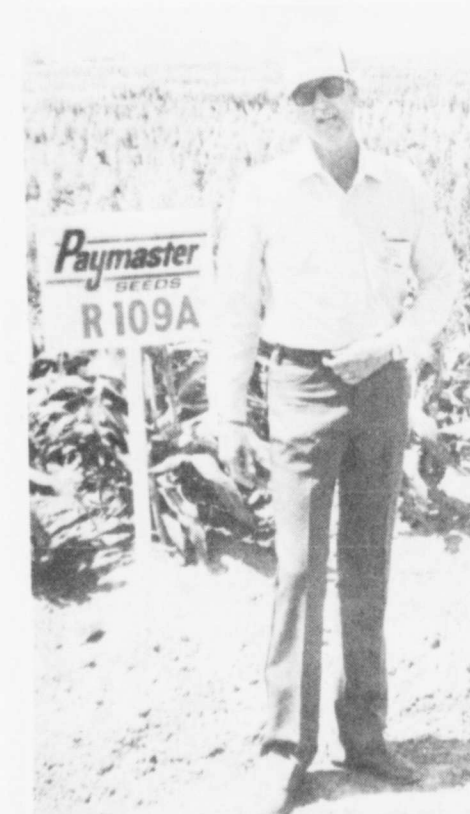

Paymaster cotton research currently is conducted at a 400-acre research farm near Plainview, Texas. Cottonseed processing facilities are located at nearby Aiken.

GARY DUNCAN

CHUCK WILMARTH of Belmont, Iowa shows the difference in early and late planted corn.

CHUCK BERRY goes into detail of the various types of early and late maturing sorghums.

NICK KRAMER discusses the various kinds of forage sorghums.

DELBERT HESS explains differences of the various cotton tested and sold by Paymaster.
