a view from

The Lamplighter

By Ken Towery

The news out of Moscow is both good and bad, in my humble opinion. Good because Konstantine Chernenko has been elevated to the top spot, and bad because Konstantine Chernenko has been elevated to the top spot. On the surface that doesn't seem to make much sense, but in a roundabout way perhaps it will.

I first heard of Chernenko years ago from the daily intelligence briefings. He was evidently being brought along by Brezhnev, and because of that had caught the eyes of the analysts. But he was only one of several they were watching, trying to build "profiles" of possible future leaders in the Soviet Union. There wasn't much there, really. He was evidently a slow, plodding, completely faithful Communist who would do whatever the Party wanted.

While it is surely possible for people to change when the reins of power fall in their hands, I don't look for much change in Chernenko. At the end of his time it is not likely that much will have changed in the Soviet Union, and, in a way, that is good. They will still be going downhill in terms of economic performance. That will probably continue until the ruling circles begin to grasp the realities of their situation. They will probably still be going downhill in terms of agricultural performance as well. They will have some good and bad years, depending on the weather, but the fundamental weaknesses in Soviet agriculture will not be addressed by Chernenko. I have the feeling he will be more interested in protecting the privileges of the Party leaders and Party bureaucrats than innovating change. And make no mistake about it, as much as it may gall the political left in this country, the Communist party functionaries live a very good life indeed. If we think our minor politicians have it made, a little time behind the iron curtain will prove an eye opener.

I remember on one trip out of there we were kept waiting at the airport, unable to board the plane, while the authorities said their goodbyes to a visiting functionary from somewhere in the hustings. Finally, when the time came, they rolled a long, red carpet to the plane, escorted him aboard and ensconced him in the first class cabin, surrounded by stewardesses, before the common herd of citizens were even allowed on the plane. There was no complaining. They were evidently used to it. But I couldn't help thinking what would have happened in this country if similar treatment had been accorded a Congressman. It is only when our politicians go on junkets abroad that they are treated as well as Communist functionaries at home.

The bad news about Chernenko, in my view, is the manner of his elevation. There are only two real ways one can come to power in the Soviet Union. One is to build such a powerful constituency in a key element of government (Andropov and the KGB) that one can overwhelm all opposition, or one can be trusted not to rock the boat and thereby cause trouble for key power blocs in the Soviet system. I could well be wrong, but I believe Chernenko got there by traveling the second route. That means he will be a controlled leader, unable or unwilling to break out of the mold in terms of perceived Soviet interests worldwide.

In that regard I think Reagan was exactly right in not dropping everything and heading for Moscow for Andropov's funeral. He handled the situation correctly, in my view, when he sent his Vice President to pay respects and deliver a conciliatory message to Chernenko.

The initial reaction seems to be favorable. A few cautious steps forward is about all we can hope for at this time. We'll see where it goes from here.

DIRECTORS FOR 1984 FOR CONSUMERS FUEL ASSOCIATION include R.C. Mitchell, Jerry Ford, Kenneth Holt, Kenneth Broseh, Kenneth Wofford, and Consumers manager, Billy Joe Turner.

Consumers elects new directors

The 58th annual stockholders meeting of Consumers Fuel Association was held last Thursday night. Following a buffet style dinner served to 147 customers, employees, family members and their charter members of Consumers in 1926 were recognized as a special highlight of the program: Mrs. Guy Sams, Mr. and Mrs. Herman Huffman, and Mr. and Mrs. Hilburn Casey.

Billy Joe Turner, manager of Consumers welcomed all customers, stockholders, guests, and recognized the current employees: Barbara Jo Ellison, Dale Ross, Andy Peralez, Archie Jones, Melton Castro, and Johnny Jones.

After the minutes of the last meeting were read and approved, Randy Swindle of Sandefur and Swindle of Lubbock gave the 1983 audit report. Swindle reported that for the year Consumers Fuel showed a net loss of \$13,008.89. This amount was down from \$35,035.98 loss shown in 1982. Swindle reported that most of the loss can be attributed to the \$200,000.00 drop in sales for the 1983 year. He also reported that \$2300.00 of the loss would be recouped from an Internal Revenue refund. Swindle reported that the overall worth of Consumers, including liabilities and net worth is \$410,411.16.

Turner then gave the manager's report. Turner reported that overall operating expenses of Consumers were down from 1982. He also reported that there have been no salary increases

since February 1981 and none of the employees have asked for raises. He said that they are working on cutting the fixed expenses which include utilities and phone use.

Turner stressed the fact that they could cut the number of employees at Consumers, but in order to do this the customers would have to give up some of the service they now receive. He stated that Consumers is a full-service organization, offering not only gas service but also gas and propane deliveries, repairs of some hydraulic systems, complete farm service, and even repairs of fence chargers. The employees at Consumers not only do standard service and work for the customers but also help customers with personal tasks.

Turner stated that he would work hard and do his best to show a figure in the black on next year's audit report, but to do that he needed help from the customers. He said that they would be doing their best to increase the volume of wholesale fuel sales and wholesale oil sales. He also stated that Consumers will act as a broker of some farm tillage tools including shanks and sweeps.

Turner said that the accounts receivable at Consumers was in excellent shape and that they have very few bad debts, having written off \$568.19 in 1983. Turner said that he hoped that those loyal to Consumers would help him to increase the volume of business

by encouraging their friends and neighbors to trade with Consumers. Turner also stated that for the last five months Consumers full service price has been the same as some of the other self service prices in town.

Albert Scheele, director on the Consumers board for the past 12 years also encouraged customers to help increase the volume of business. Scheele is retiring from the board this year.

The election of new directors took place during the drawing for door prizes. Those names appearing on the ballot were Kenneth Holt, Jerry Ford, Charles Ball, and Bobby Cox. Holt and Ford were elected to the board. Also chosen at this time was a new nominating committee for next year. Chosen were Randy Ford, Charles Ball, and Warren Mitchell.

Door prizes awarded included: oil and filter changes were won by Mrs. E.R. Melton, Mr. E.R. Melton, Crissy Parrish, Lois Williams, and David Turner; three gas fillups were given to John T. Carthel, Georgia Ford, and W.T. Cooper; Coop laundry soap was awarded to Herman Huffman and Joe Marks; Mrs. John T. Carthel received a Thermos jug; John Fortenberry and Bobbi Kellison received lanterns; Bobby Cox received a set of screwdrivers; Mrs. Cox received a set of wrenches, Tom Moore won a 25 foot garden hose; Andy Ford was given a 50 foot garden hose; and the final prize awarded, an electric drill, went to Tom Johnson.

City Council accepts bid for paving of TCBG streets

The Lockney City Council accepted a bid of \$15,525.00 from High Plains Pavers for approximately 26 blocks of paving to be done in the Community Block Grant Program. High Plains had the low bid of four submitted. Other bids included \$17,200.00 from Lipham Construction, \$23,500.00 from Ronnie Zahn Paving, and \$23,600.00 from Appe Incorporated.

The council also approved a resolution for gaining the rights-of-way to do some of this paving and approved a motion for the mayor to offer contracts to obtain these rights-of-way.

Humberto Flores appeared before the group to inquire if there would be any problem if he wished to place two mobile homes on two lots he owns in southeast Lockney. The mobile homes would be used as rental property. After some discussion the council examined the zoning ordinance for that part of town and with the help of city attorney Paul Lyle found that there is no reason he cannot use the lots for that purpose.

The council also made a motion to reenact a past city policy which states that no purchases will be made by any city of Lockney employee unless they first get a purchase order from the city purchasing agent, Erma Lee Duckworth. The only exception will be for the purchase of gas which will be purchased from approved stations, which will be rotated between stations monthly.

OWEN T. THORNTON, serving on the board of the Mackenzie Municipal Water Authority from its origin in 1970 until May, 1983 gave a history of the MWA for those attending the dedication ceremony at the lake site Saturday.

Those present for the meeting included Mayor Copeland, Aldermen, Kring, Dipprey, Reece, Frizzell and Wofford. Also present were city secretary, Erma Lee Duckworth and city attorney Paul Lyle.

Workmen's compensation demandatory

Farmers and ranchers with one or more employees have until midnight March 16 to buy worker's compensation insurance or face very serious liability without common law defenses should they be sued by an injured employee, according to Warren Mitchell of Lockney, president of the Floyd County Farm Bureau.

Any farm or ranch employee injured after March 16 could claim his right to sue his employer if that employer does not have workers' compensation insurance, Mitchell said.

Mitchell pointed out that his situation came about as a result of the ruling March 7 by State District Judge Harley Clark of Austin that the exemption of farm and ranch laborers from workers' compensation is unconstitutional.

Mitchell noted that any employer liability policy (employer liability endorsement on farm and ranch owners, homeowners or farmer's comprehensive personal liability) covering farmworkers as approved by the State Board of Insurance states that it will not pay claims of injured farmworkers if they are covered by the workers' compensation law.

Mitchell stated that Texas Farm Bureau has and will continue to oppose removal of the exemption of farm and ranch employees from workers' compensation. The Texas Attorney General has indicated that his office will appeal the ruling.

Pending final disposition of this case, attorneys who have reviewed the judge's ruling have advised that the only safe course of action is for employers to acquire workers' compensation insurance immediately, Mitchell said.

Frizzell and Carthel run for reelection

On April 7 the Lockney General Hospital District will be holding an election to fill two positions on the board. They are presently held by Chester Carthel and Hubert Frizzell. As of Monday, March 12 the incumbents were the only ones indicating an interest in the candidacy for the election.

Frizzell has been associated with the hospital since it was first begun in 1947. At that time he was instrumental in acquiring the barracks buildings used for the first hospital. He helped set the foundations and get plumbing hookups ready.

He served on the board of the hospital from 1947 to 1954. Returning to the board in 1973 when arrangements were being made to set up the hospital district, he served as the Chairman of the Board from January of 1973 until April 1977. He then left the board to return in 1982 when he was appointed to the finance committee. In 1983 was elected chairman of that committee.

Because of Frizzell's affiliation with the hospital and many have said that he is one of the driving forces that has enabled the hospital to be what it presently is.

Chester Carthel first began serving on the hospital board in 1975 when he took over the unexpired term of Erwin C. Boyd. Since that time he has served three full two year terms on the board.

He retired from the board in early 1983, but was reappointed in August of 1983 to fill the unexpired term of George Sparkman who had moved from Lockney.

Carthel has been on several committees while serving on the board including serving periodically as the board secretary from September 1975 to April 1979. From 1980 through 1983 he was chairman of the finance committee, in addition to serving as the vice president at the same time. In 1979 and 1980 he served as the secretary of the board.

He has also worked to coordinate the physician recruitment efforts and worked in the planning, funding, and construction of the Cogdell Clinic.

Since coming back to the board Carthel has served on the finance committee and is the chairman of the building and grounds committee.

The hospital board election will be held April 7 at the high school east entrance and will be from 7:00 a.m. to 7:00 p.m. J.D. Copeland will be serving as the election judge.

This Week

ARTS AND CRAFT SHOW

The annual Il Penseroso Arts and Crafts Show will be held in the Lockney Elementary Cafeterium on April 28. For more information on booth rentals call 652-3855.

FAMILY PORTRAITS

The Floyd County Fair Association has announced that a photographer will be in Lockney on March 24 to take only family portraits. The photographer is being brought to Lockney as a fund raising project for the Fair Association. The portraits will be made at the Lockney Beacon office and anyone wishing to have pictures made of their families should purchase a coupon from any members of the Fair Board at a cost of \$7.95. The coupon will be for a 10x13 portrait and additional pictures may be ordered if you wish. The coupon also includes a frame for the portrait.

For more information on the photographer and coupons for the portraits call Tina Graves at 652-2776 or 652-3308.

WOMEN'S SOFTBALL MEETING

There will be an organizational meeting for the 1984 women's softball season Friday, March 16 at 6:00 pm at the Lockney High School ag building. New ideas for the 1984 season and new rules will be discussed.

All coaches and players are asked to attend this meeting. Also any new players are asked to come and share ideas at the meeting.

CHEESE AND BUTTER

Cheese and butter will be distributed on Friday, March 16, from 9 a.m.-1 p.m. at Baccus Ford in Lockney. Please bring some type of I.D.

SPANISH CLASSES

Lockney I.S.D. is now offering adult Spanish classes. The classes will start Feb. 28 and will run through May. The classes will be held Tuesday and Thursday nights from 7:00 p.m. at a cost of \$40 per person. Anyone interested in learning conversational Spanish should call the Lockney High School at 652-3325.

SEVERAL LOCKNEY RESIDENTS attended the Mackenzie Water Projects open house. Some of those attending were Kenneth Wofford, Mary Lou Bollman, and the David Frizzells.

Tales from Tomi

by Tomi Banda

Since I started to work at Lockney Care Center last Tuesday as Activity Director, it has been a very hectic week. I have really enjoyed it, though. All the residents have been sweet and patient and they have been a great help to me. I have been getting acquainted with them and I already love each one of them. Each one is a very special person to me.

We would like to thank Mrs. Lorene King, who brought bananas for bingo, Tuesday and JB and Annabel Mercer who also brought the beautiful Airplane plant. We really do appreciate it very much and I am sure our residents will enjoy seeing the Airplane plant hanging in the lobby.

We also like to thank Main Street Church of Christ for the birthday party they have for our residents because I know that it's a special feeling to be remembered on our birthday. Residents

whose birthday are in March are Bertha Greeg and Billie Self. We celebrated Erma Jay Lubman's birthday in March, but it really should have been May.

We would like to thank all the churches who are always faithfully here at the center for our daily church services. I have met some of you and I am hoping to meet more of you later. I am also very proud to say that I am a member of the Pimera Iglesia Bautista of Lockney and I know that if its only five minutes that I hear singing or the Word of God, I feel like it has made my day, so I know that whenever one of the churches are here, it is not in vain, because the residents love to hear about our Lord.

I would like to say that if any of the families of our residents would like to suggest something or just talk to me, I will be more than happy to talk to them at anytime.

Till next time.

In Times Like These...

After 3 1/2 years of war between Iran and Iraq, there has been concern over a possible oil shortage set off by Iraq's claim that they had made a destructive blow on Iran's Kharg Island in the Persian Gulf. Worry arose from the fact that Iran's Ayatollah Khomeini has threatened to Persian blockade the Strait of Hormuz, the Persian Gulf entrance, if Iran's oil facilities were attacked.

President Reagan vowed to keep the Strait open and declared, "There's no way we could allow that channel to be closed." The U.S. Navy has three warships in the gulf and more than a dozen vessels in the north Arabian Sea. Britain and France have two ships each in the area.

A blockade would not damage Iraq. Most of its oil is transported by pipeline through Turkey. It would not affect the U.S. too much since gulf petroleum imports account for only 4 percent of U.S. oil needs. There seems to be nothing that the U.S. as any other Western nation can do to end the bloody fighting between the Iraqi and Iranian soldiers.

U.S. officials are cheering for both sides in the steadily mounting Iran-Iraq War. They hope the combatants hammer each other until they are so exhausted they can't make any trouble elsewhere in the Midwest.

Scheele named chairman for blood drive at SWOSU

The Southwestern Oklahoma State University's Student Senate sponsored Blood Drive was honored by the Oklahoma Blood Institute for the second consecutive year for donating the largest amount of blood in the college and university division.

Nine hundred and twenty-nine pints of blood were donated by Southwestern students during the 1983 Blood Drive. Kurt Winden, Student Association president, credits the success of the drive to Ed Parsley, Guymon senior, who had been in charge of the drive over three

years. Winden stated, "Ed has played an integral part in the coordination of the SWOSU spring and fall blood drives for the past three years. He is primarily responsible for the overwhelming success of our blood drives for 1982 and 1983."

Winden and Student Senate member, Ginger James, attended the Fourth Annual Awards luncheon held by the Sylvan N. Goldman Center of the Oklahoma Blood Institute on February 16, to receive the plaque honoring the drive's success.

PICTURED ARE STUDENT SENATE MEMBERS [l-r]: Rob Scheele, Lockney, Chairman of the Blood Drive Committee; Sandy Hill, Enid, Vice-President; Kurt Winden, Rocky, President; and Ginger James, Granite, Freshman Senator.

Board lets bids for buses and the refurbishing of 3 buildings

During the regular monthly meeting of the Lockney School Board of Directors the board made motions to call for two separate sets of bids. Bids for the sale of three buses which include a 1966, a 1970, and a 1972 model will be accepted. All bids will be opened at the April board meeting and will be accepted or rejected then. Details on the buses will be available on March 19 or after.

The board also has called for bids to refurbish the outside of the high school, junior high, and homemaking buildings. These bids call for both individual bids on each building and bids for all three together. Specifications will be available after March 19 from the superintendent's office.

In other action the board approved the textbook list submitted by the textbook committee. They also ap-

proved the judge and assistants for the April election. Judge will be G.B. Johnston, and he will be assisted by Kenneth Wofford, Yolanda Garcia, and Alice Mitchell.

The board also accepted the resignations of Mrs. Linnie Abbott and Nancy Ray. Mrs. Abbott will be retiring and Ray will be leaving Lockney. Both resignations are effective at the end of the present school year.

The board also implemented a stiffer punishment for students found using drugs or alcohol on the school premises.

The board rehired all the present teachers, secretaries, lunchroom supervisor, and bus custodian, extending all contracts for another year.

STUDENTS OF MPS, KAY WILLIAMS left for Odessa to attend the Annual Shakespeare Festival last Thursday morning. They were accompanied by Mrs. William, bus driver C.L. Record, Mrs. Record and Charlotte Brock.

UIL play presented at Post

The Lockney Junior High U.I.L. one act play cast traveled to Post on March 8 to present the play, "The Near-Sighted Knight and The Far-Sighted Dragon" in district competition. Though only first and second places were given and Lockney did not place, director Linda Terrell said that all the students did an excellent job of presenting the play. She stated that this year's judge seemed to prefer the more serious plays presented

but she said she was very proud of the kids because it is harder to present a comedy than a serious play and they all worked very hard.

Those from Lockney who received honors for their efforts included Matt Williams, named Best Actor and Boyd Jackson and Gwen Lane were named to the All-Star cast. Joel Mitchell received an Honorable Mention to the All-Star cast.

MEMBERS OF THE JUNIOR HIGH ONE ACT PLAY CAST AND CREW included [back row] Joel Mitchell, Clay Harrison, Ron Cates, Gwen Lane, Jolie Diepenhorst, Clay Adrian; [middle row] Missy Hayes, Todd Hallmark, Matt Williams, Boyd Jackson, Pat Briggs; [front row] Jimmy Ballejo, Donna Vernon, Julia Segovia, and Kathy Davis.

Our September Song

Editor's Note: The following is an account given by Faye Barker, in cooperation with Dottie Stansell, of the travels by Art and Faye Barker of Lockney and Dewitt and Roberta Seago of Arlington in the European countries during the month of September 1983. The Seagos are former residents of Lockney and Floydada. This is the ninth account of several that have been printed in previous editions of the paper.

In Strathpeffer, we stayed in the Highland Hotel. This is a lovely old hotel with wide stairways, halls and a large lobby with several smaller ones.

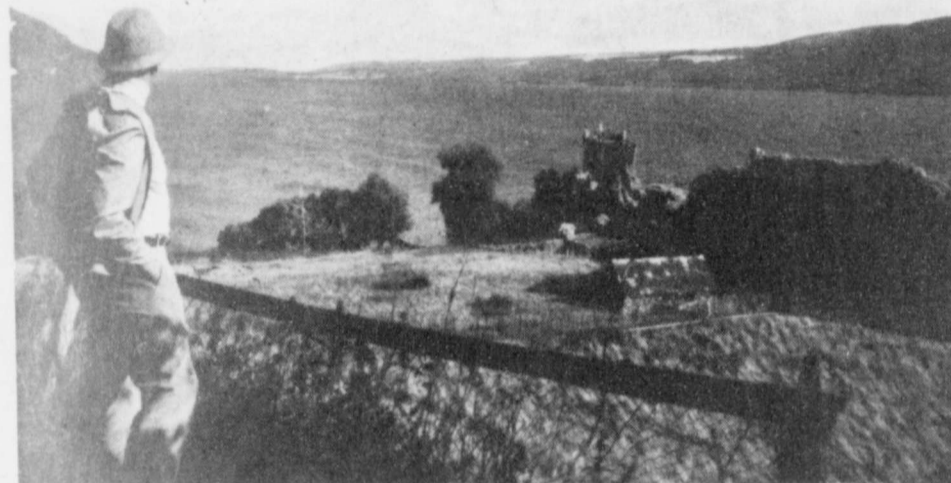

That evening after dinner we were entertained with Scottish music (bag pipes) and children dancers - all in native dress. A little bagpipe music goes a long way, and I heard it quite a while after I went to bed. The next morning the air was really crisp, but we

walked around this little town which was at one time a health spa, with four sulphur and one chalybeate springs whose visitors included foreign royalty. It is still in operation on a smaller scale. Then we started our day of touring Northern Scotland all the way to the western coast and saw the prettiest heather we had seen. On these Scotland Highlands, heather is growing in and on the rock fences and even on the roofs of some of the small houses.

We passed Loch after Loch and were told we were as far north as Anchorage, Alaska and Moscow. Because it was unusually clear, we saw Isle of Skye, where Bonnie Charlie once made a bolt for freedom. After lunch at Inverwe, where there are acres of flower gardens, we passed through Laide, which is the highest place in Scotland. From here, it is downhill all the way to London.

We followed the northern seashore of Scotland and saw the bluest blue water

Continued on Page 5

ON THEIR TRIP abroad, the Barkers saw and visited many castles including Urganhart Castle pictured in the background.

Scouts host banquet

The annual Cub Scout Blue and Gold banquet was held February 25 at the Rebekah Lodge. A buffet style meal was served to 100 parents, scouts, and leaders. Meat for the meal was provided and the parents brought complimentary dishes.

Cindy Smith presided over the banquet and entertainment was provided by Tiger Cubs from Dens 1 and 2 who presented skits for those who attended. Chances were sold for a drawing done by Cindy Smith. The frame for the picture was made by Wilmer Archer, who makes and sells barnwood picture frames. The drawing was won by Belinda Stapp.

Several awards were given out at the banquet. Special Cub Scout Helper

Wisker Awards were given to several in attendance. Leaders Cindy Smith, Charles Smith, Susan Patridge, Freda Davis, Pat Gonzales, Belinda Stapp, Marlys Thyen, Ninette Zorger, Joe Zorger, and Carla Robnett were presented mugs and certificates for their hard work. A special mug was presented to Tommy Davis for all of his help with Lockney's scouting program.

Scouts who received awards include Jason Robnett who received a Gold Arrow Point; Andy Stapp who received a Silver Arrow Point; Jason Johnson, Randy Rendon, Orlando Garza, and Patrick Monroe all received Bobcat awards; and Coy Davis, Lance Patridge, and Chris Gonzales all received Bear Awards.

THE TOP TEN CAMPBELLS SOUP LABEL COLLECTORS included [back row] Robert Price, Amy Turner, sponsor Joyce Marks, Tammi Vernon, Kori Rellison; [front row] Mark Todd Terrell, Rusty Purser, Kay Lynn Lusk, Mandy Hunter, Ubaldo Chavira, and Coy Davis.

Elections approach

Deadline for signing up as a candidate for a place on the City Council and the Lockney School Board was March 7 for the April elections.

This year's city council election should be interesting with seven candidates vying for three seats to be elected this year. In addition to the three incumbents, Dub Dipprey, Pat Frizzell, and Paul Reecer, four newcomers have joined in the council race including Felipe Gatica, Arnold Peralez, Manuel Rendon, and Jack Covington.

Some citizens are afraid that having this many candidates running in the race will cause a split vote. There is no way of telling how this race will turn out. We will have a complete profile on each of the candidates in an upcoming edition of the paper.

The school board has two positions up for reelection. Currently those positions are held by Keith Jackson and Kelton Shaw. They remained the only two to sign up by deadline to be the only names to appear on the school board ballot.

Deadline to sign up for the hospital board was Tuesday, March 13. There are two positions on that board to be filled and at press time both incumbents

Chester Carthel and Hubert Frizzell were the only two people to indicate they would run for that post.

In the upcoming editions of the paper we will have complete profiles on each of the candidates running in all three races.

Funds from scholarship to allow another one

Residents of Lockney are asked to remember the Elaine and Clifford Hardy Scholarship Fund when making memorial gifts.

Gifts may be sent to Mrs. Buck (Glenda) Ford in Lockney. She will send acknowledgements of donations to families of persons honored through memorials.

Parents of Mrs. Hardy's music students began the scholarship fund a year ago to salute the couple's courageous way of life since Mrs. Hardy became a kidney dialysis patient 16 years ago.

Seniors at Lockney High School are encouraged to make application for the Clifford and Elaine Hardy Scholarship to be presented at the awards assembly in May.

A scholarship winner and alternate will be chosen from the applicants. Students interested in making application should write a letter to principal James Poole stating their activities, grade average, possible major, and serious intent, to attend a college or training school. The letters are due May 1 at the principal's office.

Special consideration will be given to seniors who are interested in majoring in either music or medicine at a

university, college or vocational school. Character and need of a scholarship will also be points of consideration.

If funds allow, the scholarship committee hopes to present one new scholarship and also to continue support of the first winners, Maribel Torres and Robin Hardy. The committee has disbursed \$150 each to the young women in their first year of college.

Lockney Local

More than 160 Texas Tech University students from the university's six colleges, law school and graduate school will be initiated into the campus chapter of Phi Kappa Phi national honor society April 11.

Membership in Phi Kappa Phi, which recognizes outstanding scholarship in all academic disciplines, is limited to juniors, seniors, law students and graduate students who rank in the top 10 percent of their classes.

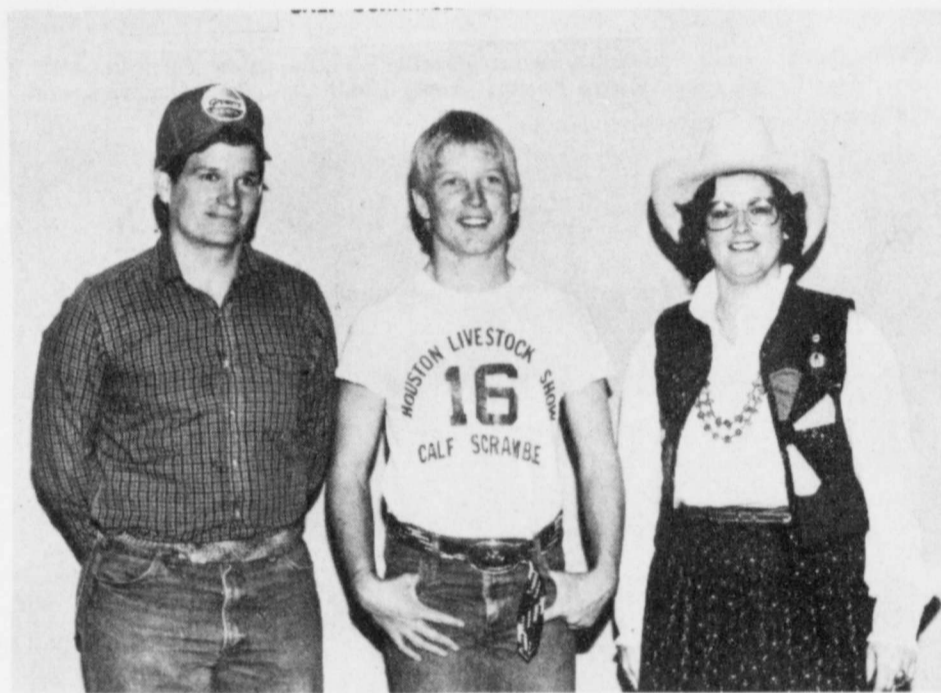

Initiates for 1984 include, from Lockney, accounting senior Brenda L. Gallagher, daughter of Mr. and Mrs. J.P. Williams; and accounting senior Mark Anthony Vincent, son of Mr. and Mrs. J.P. Vincent.

Key wins \$600 calf in scramble

Richard Key, 16-year-old FFA member from Lockney, successfully caught a calf in the Houston Livestock Show and Rodeo Calf Scramble at the March 3 matinee performance of the Rodeo. Winning a \$600 calf purchase certificate sponsored by Caron Ireland, Richard will be making the choice between a registered beef or dairy heifer to feed, fit, groom and bring back to Houston for special showing competition at the 1985 Livestock Show.

The Houston Livestock Show and Rodeo calf scramble results in a year-long education experience in the livestock industry for each of the lucky winners.

Since the inception of the calf scramble program, heifers valued at more than \$1.9 million of quality animals, some 9,000 heifers, have been donated. The calf scramble is just one part of the Houston Livestock Show and Rodeo's outstanding programs which benefit youth and support education. The Show is Houston's largest charity event, with all net revenues dedicated to scholarships and research.

RICHARD KEY [center] won a \$600 calf purchase certificate at the Houston Livestock Show, for successfully catching a calf during the Rodeo Calf Scramble. Key is pictured with Mike Mowrey, ag teacher, (left) and Caron Ireland, sponsor.

Our September Song...

Continued from Page 3
imaginable. Back at Strathpeffer we were entertained again after dinner with more Scottish music. I asked the lady behind me if she could see and she replied, "Why surely - you keep your seat - I'm Scottish, and you are our visitor!" We really didn't want to leave this Northern Scotland, but since our bus was leaving, we decided to go also!

BEAUTIFUL, WHITE SHEEP are plentiful in Scotland, as the Barkers and Seagos discovered on their recent tour through the European countries.

wearing kilts and full Scottish dress. We arrived in Edinburgh (pronounced Edin burrow) via Princes Street to our hotel at the edge of this famous city.

trip. Mary Queen of Scots, Bonnie Prince Charles and Sir Walter Scott all lived here at one time. We saw where the witches were burned. They first tried to drown them and if that didn't work, they were burned.

We cross over from Scotland into England and make our way to York. We see part of Hadrian's Wall which extend a distance of 73 1/4 miles from east to west and was completed in 132. It was reinforced by a wide ditch, the vallum on the north side and a rather smaller ditch on the south side.

SATURDAY MARCH 17, 1984
