GLEN L. DuBOISE (RIGHT) RECEIVES FIRST 'EDUCATOR' AWARD
... Jaycee Vice-President Elvon DeVaney presents plaque

Industrial arts teacher wins 'Outstanding' title

Glen L. DuBose, who wrote his own course guidelines for the woodworking, drafting and power mechanics courses which he teaches in Dimmitt High School, was announced Saturday night as the city's "Outstanding Young Educator."

HE WAS presented an award plaque at the Dimmitt Jaycees' annual Community Awards Banquet, and will be entered in competition for the title of "Outstanding Young Educator of Texas."

This is the first year for the Dimmitt Jaycees to conduct a local "Outstanding Young Educator" search. The young men's civic organization also sponsors the "Outstanding Young Farmer" and the "Outstanding Young Man" programs.

The now award will be presented annually to a young man or woman of Jaycee age (21 through 35) who is judged to have made the most significant contributions to education during the year.

PRESENTING DuBose's plaque was Jaycee Vice-President Elvon DeVaney, who explained that every eligible teacher in Dimmitt was screened until a finalist was chosen from each of the city's four schools.

After being announced as the winner and accepting his plaque, DuBose said, "This is unbelievable — I can't believe it."

He credited most of his success in teaching to "my own choice of outstanding young teacher — my wife, Carol."

He utilizes films, field trips and practical demonstrations to enrich the subject matter of his courses, and formed the DHS Industrial Arts Club to allow students to do extra work in the field of industrial arts if they want more "work time" than class periods will allow. The I-A Club's membership has stayed above 40 ever since DuBose organized it in 1966.

THE TEXAS Education Agency thought enough of DuBose's efforts here that it asked him last year to serve as an advisor, to help write the state's curriculum in industrial arts.

DuBose was born and raised in Ralls, and graduated from Ralls High School in 1959. He started his college education at North Texas State University. After completing two years there, he married and transferred with his wife, Carol, to West Texas State University.

While attending WTSU, he was employed as an apartment manager and was Woodcraft's instructor for the Maveric Boys Club in Amarillo. It was here that he decided to teach instead of go into the business phase of industrial arts. He also served as vice-president of the Industrial Education Club at WTSU.

IN JANUARY 1966 he completed his requirements for a bachelor of science degree in industrial arts, with minors in education and business management.

At present, he is working toward a master's degree in industrial education at WTSU.

Before moving to Dimmitt in the summer of 1966, DuBose worked six months for an Amarillo company which designs boat plans and does custom woodwork.

IN ADDITION to being an industrial arts advisor to the Texas Education Agency, DuBose is president of the Panhandle Industrial Arts Association, a director of the Texas Industrial Arts Association, and a member of the Classroom Teachers, Texas State Teachers and American Industrial Arts associations. He is a member of the First Baptist Church.

Mrs. DuBose is a second grade teacher at South Elementary School. The DuBoses and their daughter, Amy Lynn, live at 307 SW Fifth St.

If you want a voice in this year's elections but haven't yet registered to vote, you have only two more days to do so.

TAX ASSESSOR-Collector Kent Birdwell reported that only 2,508 Castro County residents had registered by Wednesday morning. He estimated that more than 4,000 Castro Countians would be eligible to vote in the important 1970 elections if they would only register.

'Bubba' Wesson dies in accident

Robert Preston "Bubba" Wesson, 48, a former Dimmitt resident, died last week in Puerto Peudo, Mexico, of injuries received in an auto accident there.

Funeral services for Mr. Wesson were conducted Saturday at 2:30 p.m. in the First Baptist Church of Dimmitt, with Dr. Raymond E. Perkins, pastor, officiating. Burial was in Castro Memorial Gardens, under the direction of Dennis Funeral Home.

Mr. Wesson, a machinist, was born in Fitzhugh, Okla., and came to Dimmitt in 1929 with his parents, Mr. and Mrs. N. L. Wesson. He lived in Dimmitt 26 years, until 1955. At the time of his death he was a resident of Blythe, Calif.

James of Hereford and Mrs. Richard Blackmore of Los Cruces, N.M.

Registration is free, but you have to register if you want to vote regardless of your age. Those who turn 21 this year should register now if they want to vote in the first election after their 21st birthday, Birdwell said.

You may register at the county tax assessor's office in the courthouse, at the Hart City Hall or at Brockman's Hardware at Nazareth. Saturday is the registration deadline.

YOU MAY register either in person or by mail. If you mail in your application, address it to Kent Birdwell, Castro County Tax Assessor, Courthouse, Dimmitt. It must be postmarked no later than Jan. 31.

Birdwell said his office will be open until 5 p.m. Saturday.

Political races are on tap this year for justice of the peace, judge, state representative, State senator, congressman, governor, lieutenant governor, state agency heads, state judges, and US senator.

Hill to seek judge's post

The first contested race for a county office developed this week when H. K. "Red" Hill, manager of Radio Station KDHN, announced that he will seek the nomination for county judge in the May 2 Democratic primary.

HIS announcement makes it a two-man race in the Demo primary between Hill and Judge Raymond E. Wilson, incumbent, who is seeking re-election.

Hill was a painting contractor until 1968, when he joined KDHN radio. "He has been working in Dimmitt since 1952, and has been a permanent resident of the city since 1958."

In his announcement of candidacy, Hill said that if he is elected he will "serve all individuals as responsible citizens within the county."

DeVANey (LEFT) ACCEPTS AWARD PLAQUE
... From Dr. J. D. Blackburn, last year's winner

Elvon DeVaney is named 'Outstanding Young Man'

Elvon DeVaney was announced Saturday night as Dimmitt's "Outstanding Young Man" for 1969.

HE RECEIVED A plaque at the Jaycee Community Awards Banquet from Dr. J. D. Blackburn, last year's winner.

In announcing the new Outstanding Young Man, Dr. Blackburn cited DeVaney for being "on call" constantly as a volunteer fireman, justice of the peace, Jaycee officer, Dimmitt Teen Club advisor, Chamber of Commerce director and volunteer helper with the Dimmitt Day Care Center (satellite school) and Girlstown USA.

In accepting the award, DeVaney singled out the night's earlier award winners, Glen L. DuBose (Outstanding Young Educator) and Charles Heck Jr. (Outstanding Young Farmer).

"CHARLEY makes things happen out on his farm, and does it pretty much on his own," DeVaney said, "and G. L. takes a class of boys by himself and makes things happen. But an award like this one is possible only because of the help of a lot of people."

He paid a special tribute to his wife, "old Susie, who has to put up with a lot."

DeVaney, 35, is the Texas operations manager for Western Vegetables, Inc., of La Junta, Colo. He contracts cucumber acreage in Castro and Bailey Counties, buys and supplies seed, advises growers on crop management, contracts field crews for the three-month harvest period, and oversees the processing and shipping of pickles from Western's processing plant here.

BORN IN BIG Spring, DeVaney was raised in Coahoma, where his father farmed. His parents, Mr. and Mrs. C. H. DeVaney, now live in Washington D.C. His father a former president of the Texas Farm Bureau, is now a legislative director for the American Federation of Farm Bureaus.

After graduating in 1952 from Coahoma High School — where he played center on the football team — DeVaney attended Eastern New Mexico University in Portales.

On June 1, 1954, he married his high school sweetheart, Sue Hill. They moved to Big Spring, where he graduated from Howard County Junior College in 1955.

Mrs. DeVaney is a teller at the First State Bank of Dimmitt. The DeVaney family at 1002 Oak St., and their family includes their two children, Shannon, 14, and Tanya, 12, and their dachshund, "Happy."

AFTER graduating from Howard County Junior College, DeVaney farmed three years at Coahoma. He moved in 1958 to Brownfield to manage the Terry County Farm Bureau Labor Association, contracting for Bracero labor for the farmers in that county.

DeVaney spoke "a little college Spanish" when he started working with the Bracero program, but soon became fluent in the language.

In 1960 he moved to Muleshoe to become the manager of the Western Texas Farm Labor Association, contracting Bracero labor. After the US government discontinued the Bracero program, DeVaney joined Western Vegetables, Inc., which was trying to build up a cucumber program in this area of Texas.

WHILE in Muleshoe he became president of the Muleshoe Jaycees, and later served a year as a Jaycee state director.

"He did an awful lot of Jaycee work at Muleshoe," his wife said. "The club was weak at that time and he worked hard to build it up. The chapter just about tripled in size while he was president."

He was also active in the First Presbyterian Church of

Muleshoe, as a Sunday school teacher and deacon. And he served as a volunteer fireman — an avocation he had started at Brownfield.

THROUGH his business and his Jaycee work, he already was acquainted with many Dimmitt people when he moved here in 1964, after Western Vegetables, Inc., decided to locate a pickle processing plant in Dimmitt and expand its growing operations in the area.

During his first week in Dimmitt, he joined the Jaycees and the Dimmitt Volunteer Fire Dept.

He now serves as the external vice-president of the Dimmitt Jaycees, and has been active in many Jaycee projects, such as the Miss Dimmitt Pageant, Jaycee Air Show, the chapter's Girlstown aid projects, holiday flag service, Day Care Center support, Jaycee Radio Day and community awards program. He was the man in charge of initiating the "Outstanding Young Educator" program for the Jaycees this year.

HE WAS elected in 1968 to the Chamber of Commerce board, and headed the committee that produced Castro County's new brochure, aimed at stimulating industrial development here. He also has been one of the main workers in the Miss Grain Sorghum of the Nation Pageant.

In 1968 he was elected justice of the peace for Precinct 2, and was sworn into office Jan. 1, 1969. Since that time he has handled

more than 100 JP court cases and has performed several weddings.

As a volunteer fireman, he has almost been killed at least three times, his wife said.

"HE'S ALWAYS had a certain feeling about fire fighting," Mrs. DeVaney said. "It's something he says needs to be done, and he feels he should help do it."

"There was one time in Brownfield," she recalled, "when a house was burning and an invalid woman was inside. He could hear her screaming, and started to run in after her. Another fireman tackled him and held him down. Just about the time he would have gotten into the house, the roof fell in."

When the Goodpasture Elevator in Brownfield exploded, she said, "It was five days before they could get the last man's body out, and it was Elvon and another man who found him and brought his body out from the underground level. All that debris could have caved in on them any minute."

Another close call came atop a burning country school building near Brownfield.

"He was on top of the building when the roof collapsed," his wife said. "He managed some way to get to the edge and hang on."

DeVANey is probably best known for his fun-loving nature and the ease with which he meets people.

"Life has been a ball for Elvon," his wife says. "There's never a dull moment."

What? Horns 82, Bobcats 57? First 3-AA loss in 50 games

Lockney's fired-up Longhorns ended the Dimmitt Bobcats' four-year district winning streak Tuesday night with 24 points to spare.

USING a man-to-man full court press, the Longhorns allowed the Bobcats only 36 field shots in the crowded Lockney gymnasium, and scored an emphatic 82-57 victory.

It was the first District 3-AA loss in 50 games for Coach Kenneth Cleveland's Bobcats, the perennial district champions.

The victory meant new life for the Longhorns — who had lost to the Bobcats in the first round — and set up a probable championship playoff between Dimmitt and Lockney Feb. 20 or 21.

THE two teams matched points,

Lockney went into the dressing room at halftime with a 30-24 lead. The Longhorns' ball-stealing tactics began to make a bigger impression on the scoreboard in the third as Lockney surged ahead, 50-40. Then, in the fourth, the roof fell in on the Bobcats as the Longhorns blistered the nets for 32 points while holding the Cats to 17.

"We just didn't get enough shots, and we lost the ball too much," Cleveland said after the game. The Bobcats hit on 19 of 36 field shots for a good 53-percent average.

Loading Dimmitt's scorers were Bobby Baker with 20, Mark Cleavinger with 13 and Mark Wohlgenuth with 11. Wohlgenuth and Bill Sanders fouled out in the fourth quarter.

IN THE girls' game, the Bobbies won a 50-39 victory over Lockney as Ruth Dyer scored 16 points and Suzanne Merritt 15. It was the eighth straight win in district play for the league-leading Bobbies.

In an exciting curtain raiser, the B-Bobcats eked out a 59-58 victory over Lockney B. Pacing the B-Cats were David Nino with 17, Jay Stanton with 15 and Jerry Matthews with 12.

IN FRIDAY night's action, Dimmitt scored a pair of easy victories at Adrian.

The Bobcats won, 88-55, as five players scored in double figures. Baker led the way with 22 points, followed by Sanders with 14, Kent Bradford with 13, Larry LaBadie with 12 and Wohlgenuth with 10.

The Bobbies turned a close game into a 17-point victory as the guards closed the gate on Adrian's forwards in the second half. The final score was Dimmitt 58, Adrian 41.

THE GAME was close throughout the first half, but the Bobbies' 30 rebounds and 19 steals, plus a defense that gave up only eight baskets in the second half, spelled the difference. Dyer paced the Bobbies with 27 points, followed by Merritt with 11.

Saturday is the last day you can qualify as a voting citizen by registering, either by mail or at the courthouse. Since Saturday is the last day to register as a voter, that just leaves three days, today, Friday and the Saturday already referred to.

Far be it from me to urge anybody to vote. That's your business. You don't have to be urged to breathe or consume some food occasionally, you just naturally do it, by the same token you should just naturally register so that you can vote in upcoming elections. I believe I would register even if there wasn't going to be an election held during the next twelve months. I feel like it is worth something to keep my unbroken record as a qualified voting citizen.

You can do as you please, but I have already registered, and if the Lord is willing, I am going to vote every time I get an opportunity, not that I want to run other people's business, but because I want to run my own.

Today, Friday and Saturday are the last three days you can register and thereby qualify as a voting citizen.

Practically every paper that comes to our desk from neighboring counties carried a county financial statement in the early weeks of January. One reason is that it is required by law, another reason is that the county officials wanted the people to know about the business of their county government. Castro County is the exception.

111 give a tenth at First Baptist on 'Super Sunday'

A total of 111 persons gave a tenth of their weekly income to the First Baptist Church Sunday as a special "demonstration" of how widespread tithing could increase the ministry and outreach of the church.

TOTAL amount given was \$2,275.43, about \$1,000 more than is normally received by the church on a typical Sunday.

This emphasis, often called "Demonstration Day," had been designated as "Super Sunday." Part of a special, four-week stewardship campaign underway at the church, "Super Sunday" also a banner attendance day.

The purpose of Demonstration Day was to inspire our members to give at least one-tenth of their weekly income on one Sunday as a demonstration of the impact of such stewardship on the church's ministry," stated Raymond M. Perkins, Jr., pastor.

Robert Benton of Dimmitt has been appointed local chairman for the annual Ecy Scout Sustaining Membership Enrollment campaign to be launched March 4, according to Marshall Forby of Plainview, sustaining membership chairman for the Haynes District.

BENTON SAID that this campaign will represent the second year of a new method of securing funds for the operation of the Scout Council.

Previously, an annual finance campaign was held in the fall of the year. Under the current plan, the financial supporters of the council are enrolled as annual sustaining members, and support Scouting in a financial way much the same as others give of their time and effort on behalf of the Scouting program.

Funds raised through the membership effort will be used to underwrite the budget of the South Plains Boy Scout Council, a 20-county area.

THE SOUTH Plains Council uses the funds to provide essential services to local Scout groups. Included in the services are the organization of new Cub packs, Boy Scout troops and Explorer posts; the operation of Camps Post and Tres Ritos; training courses for Scout leaders; area wide activities including camporees, courts of honor and Boy Scout Week celebrations; operation of the Scout office as a service center for the 20-county area; and a staff of trained executives who work with local Scout and community leaders as advisors in the operation of the Scouting program.

Benton will soon appoint members of a steering committee for the campaign. These people will be responsible for the membership enrollments, publicity, audit and special memberships.

CYO to sponsor talent contest

The Catholic Youth Organization of Nazareth has announced tryouts for a talent show to be held the latter part of February.

Competition will be open to amateur performers of all ages, with a \$25 cash prize for the first place talent act, \$10 for second place and \$5 for third.

Deadline for entering the show is Feb. 14.

Anyone interested in competing in the talent show should contact Rosetta Pohlmeier at 945-2341, superintendent.

GOOD NEWS IN TIMES OF BAD NEWS
By RONNIE PARKER

Don't you tire of hearing bad news? Every day the newspapers, radio and television bring us the sad news of war, murder, arson, vice, sex crimes, juvenile delinquency, and slaughter on the highways. Small wonder then that we are happy to learn of good news. The good news of salvation from sin should bring us the greatest joy. The word Gospel literally means good news and it is our hope that you know the joy the gospel of Christ can bring. All men need the gospel. Sin has separated all men from God, (Isa. 59:20) and this is bad news. But through Christ all men can be reconciled to God and this is good news. Paul says, "But all things are of God, who reconciled us to himself through Christ, and gave unto us the ministry of reconciliation; to wit, that God was in Christ, reconciling the world himself" (2 Cor. 5:18-19). Surely the greatest news of all is that separation from God need not be a permanent condition. Christ took our place and became sin for us that we might live. His death, burial and resurrection made possible our redemption. It is our responsibility to accept God's obedience, he will not save us. Be glad for the good news of the gospel and obey it today! Do you know the government rules for redeeming a mutilated or torn bill? Any dollar bill or other denomination you may have can be redeemed only under certain circumstances. If you have three-fifths or more of genuine bill you can exchange it for a new, whole bill of equal value. If you have pieces of a bill which do not comprise more than two-fifths of the whole bill you can still redeem them. You must be able to give satisfactory proof, however, that the missing portions were completely destroyed. On rare occasions, the back of a bill will become separated from

the front. Although interesting, it's worthless unless accompanied by the front. Watch Next Week For "MODEL CASH" Our bank can only loan 80 percent of its deposits. Advertisement for Church of Christ featuring a photo of a child and the text 'In need of a Pull...'. The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

IT'S TIME to collect soil samples from fields or pastures in order to get fertilizer and-or lime down while the land is being prepared. The only sure way for determining plant food requirements for crops and pastures is through a planned soil testing program, reminds C. D. Welch, Extension soil chemist. The planned program, he adds, includes careful attention to the taking of soil samples. Test results can be no better than the samples from which they are derived.

DHS grad is learning world's largest plane

Helping fly the world's largest aircraft will soon be the daily job of M-Sgt. Frank Ray Conard, a 1948 graduate of Dimmitt High School.

M-Sgt. CONARD, son of Mr. and Mrs. Roy L. Conard of Hereford, is in training to be a flight engineer aboard the C-5 Galaxy, huge jet transport which experts say will revolutionize military air transportation.

The first operational C-5 was delivered Dec. 17 to the Military Airlift Command (MAC) at Altus AFB, Okla., where M-Sgt. Conard is stationed.

M-Sgt. Conard participated in the Altus AFB acceptance ceremonies, which also commemorated the 66th anniversary of the first powered flight by Orville Wright at Kitty Hawk, N.C., on Dec. 17, 1903.

THE GALAXY is so large that M-Sgt. Conard will have to travel farther than the Wright Brothers' first flight — 120 feet — just to walk the length of the plane's cargo compartment. The C-5's main cargo section is 121.1 feet long.

If the plane were placed in a college football stadium, its 247-ft. length would overlap the 10-yard lines, its 223-ft. wingspan would extend into the seats on both sides of the stadium, and the top of its 65-ft. tail section would be above the eye level of upper deck fans.

Use of the Galaxy by AC will mark the first time the Air Force will have the capability of airlifting entire Army units with all their combat equipment — including tanks, heavy equipment and vehicles.

THE C-5 IS capable of transporting nearly 99 percent of the equipment and armament for an Army division. For rapid deployment around the world, the Galaxy can carry 350 fully equipped troops and, with the addition of a third deck, can double this number.

Incorporating some of the most advanced technology in aviation history, the C-5 has an automatic trouble-shooting system that monitors some 800 check points to forewarn of possible malfunction. And despite its size, it can be operated from short, unimproved airfields.

LANDING gears on the 28-wheel Galaxy can be retracted so that the plane can "kneel" in three different angles for easy cargo loading and unloading.

An automatic terrain-following radar system — similar to that

used in the F-111 fighter bomber — permits the Galaxy to fly at tree-top level to avoid enemy radar and assure safe approaches and departures at air-drop and landing zones, even at night and in bad weather.

Powered by four gigantic new engines that produce a combined 44,450 pounds of thrust (compared with 3,000 pounds of thrust in early US jet fighters), the Galaxy can carry 132.5 tons when utilizing both the upper and lower decks. It can speed 110 tons a distance of 3,000 nautical miles in seven hours, or 56 tons a distance of 5,500 miles in 12½ hours.

THE C-5 has a cruising speed of 500 mph and is capable of being refueled in flight.

M-Sgt. Conard is a veteran of the Korean War. His wife is the former Mary E. Hardy of Eng-land.

Leasure

Former resident earns promotion in national firm

William Lloyd Leasure, a 1950 graduate of Dimmitt High School, has been appointed national dealer sales manager for the commercial sales division of the Mosler Corporation.

MOSLER, an Ohio-based firm, manufactures safes, security vaults and bank fixtures.

Before his recent promotion, Leasure was a dealer field manager in the Illinois and Michigan territory, based in Chicago.

Prior to joining Mosler, he served in both sales and management for Proctor & Gamble and the IBM Corporation.

LEASURE attended Texas Tech and Denver University, and has a bachelor of science degree in economics.

Active in political, church and civic affairs, Leasure is the former president of Texas Tech Exes in Illinois and Wisconsin, and a member of the Chamber of Commerce and St. Francis Church in Wilmette, Ill.

He and his wife, Mary Ann, and their four children have moved from Wilmette to their new address at 662 S. Washington Blvd., Hamilton, Ohio.

Texas currently leads the 50 states in the annual production of such commodities as rice, onions, cotton, grain sorghum, sheep, goats, beef cattle, and wool.

1 percent gain in beef carcass means \$60 extra

Are all beef carcasses the same? The answer, says Frank Orts, Extension meats specialist, is an emphatic no.

RESEARCH has shown that there can be as much as 175 difference between two beef carcasses of the same weight, Orts said of course, this is a very unusual difference but differences of 30 to 50 are not uncommon, he added.

The USDA reports that for each one percent increase in the percentage of edible meat from the chuck, loin, rib and round there is a value difference of nearly \$2 per hundredweight of carcass. Therefore, if two 600 pound beef carcasses have a percentage difference of five percent in the yield of boneless, closely trimmed steak and roast meat from the chuck, loin, rib and round then the higher yielding carcass would be worth \$10 more per hundredweight or 60 total dollars, explained Orts.

The difference between two carcasses by the amount of fat on the outside of the carcass, around the kidney, pelvis area and chest cavity, as well as the muscling displayed in the ribeye, the specialist said.

THE GREATEST influence on the yield of steak and roast meat is more highly influenced by the amount of fat on the outside and inside of the carcass, he noted.

The USDA yield grades assigned the carcasses were based on the above information. These yield grades are 1, 2, 3, 4, and 5, with the lower numbers indicating carcasses with the highest percentage of lean-fat ratio, he said.

According to USDA figures, approximately 21 percent of the Texas more than half of the carcasses are also yield graded is also yield graded; however, in Texas more than half of the carcasses indicates wide usage of this grading system, Orts said.

Telephone co-op loan is granted

The Rural Electrification Administration and the US Department of Agriculture have granted a \$1,032,000 to the West Texas Telephone Cooperative, Inc., of Hereford to upgrade its phone service.

THE cooperative serves parts of Castro, Deaf Smith, Farmer and Bailey Counties.

Congressman Bob Price, who advised the News of the lending action by the REA and USDA, said the purpose of the loan is to upgrade existing telephone service in the Oklahoma Lane, Tharp and Westway exchanges to private lines instead of the present one-to-five party arrangement.

Also, the loan money will be used to construct new dial central offices for the Oklahoma Lane and Tharp exchanges, and new headquarters facilities near Hereford; to construct 46 miles of new cable; and to install direct distance dialing facilities for Okla-

homa Lane, Tharp and Westway. James Erisor of Farwell is president of the telephone cooperative. Manager is Vernon C. Innon of Hereford.

NATIONAL HONOR SOCIETY GROWS At Hart High School

National Honor Society induction held at Hart

By MYRT LOMAN

The induction ceremony for Hart students into the National Honor Society was conducted last Wednesday morning in an assembly program in the Hart High School gym.

Harold Bob Bennett, extended member, served as moderator and introduced the speaker, Science teacher Vaughn Ross, and each new member.

A TABLE holding a tall red candle and four small ones were used in the ceremony. A streamer fronted table bearing the words "Character," "Scholarship," "Leadership," and "Service," representative of the unlighted candles.

As Ross explained the symbols of the candles, Bennett lit them.

Ross stated, "Membership in the National Honor Society has become recognized nationally as one of the highest honors that can be bestowed upon a school student. Membership is, however, more than an honor — it carries with it a responsibility and should be considered the beginning of an obligation, not merely the successful culmination of an effort to achieve recognition and honor."

"ONCE selected for membership, a student is singled out," he said. "He should not only continue to demonstrate those outstanding qualities which brought about his selection, but he should also exert a new influence to improve conditions about him and promote those qualities — character, scholarship, leadership and service — for which the National Honor Society stands."

"Good character, perhaps the most important prerequisite of an intelligent, well rounded citizen, may be defined as the combination of qualities favorable distinguishing any particular individual," Ross said. "In other words, how one acts as well as feels, on such

issues as morals and honesty, determine to a very large extent one's character.

"Scholarship is the love of learning, the search of truth," he said. "Mixed with wisdom and understanding, it is one path leading toward world peace."

"EACH OF us should use our minds, for they are instruments for understanding. With understanding, solutions can be discovered. Solutions are factors that are lacking in today's world of uncertainty and unrest. It is up to future generations to profit from mistakes of their ancestors and to apply the use of words instead of weapons. Scholarship will give us the power to enable us to accomplish this goal," he continued.

"Scholarship is within the reach of everyone, but he who desires it must earn it by putting forth hard and tireless effort," Ross said. "But the time and moony spent in obtaining an education will return with manifold blessings."

"Leadership in its highest sense is not simply an outgrowth of a vigorous and pleasing personality," he said. "Leadership, in order to benefit mankind, must proceed from unselfish motives, from strong character and from a self-informed mind. It requires constant denial of self, a genuine affection for mankind, and an abiding trust in God. Humility is a requisite here, also, for the success of any cause. A true

leader is marked by self-confidence and poise, both of which are born of experience, knowledge and an understanding of man. Self-confidence is not conceit, but it is a genuine belief in the righteousness of one's cause and a just appraisal of one's ability and knowledge. These ideas may be accomplished as a good member of your community, school and other organizations."

ROSS TOLD the NHS inductees, "In traveling down this last pathway toward our goal of peace, it becomes necessary to give a part of one's self in service. This candle signifies the brightness and joy of service; the unselfish quality of doing our share in the world's work."

"To live the fullest life we cannot live for ourselves alone," he concluded. "Good scholarship, fine character and inspiring leadership may each find itself lacking in some small part if service for our fellow man is not added."

INDUCTED into the National Honor Society were seniors, Paul Michael Armstrong, Jerry W. Heller, Kathy Jo King, Pamela Shive, Vicki Lynn Six, and Daniel Ray Smith; and juniors Sharon Lometa Brooks, Carolyn Beth Cole, Rebecca King, Denise L. Lowery, Carol Ann Miller and Donald Ray Shive. As each came forward, another member presented each one with an engraved membership card.

Conservation

ACP cost-sharing projects result in better water use

By LARRY O. STARNES

Many conservation practices are installed each year through the Agricultural Conservation Program (ACP).

THE PROGRAM offers cost-share assistance for installation of irrigation pipeline, planting grass, building grassed waterways, constructing diversions and terraces, and land leveling.

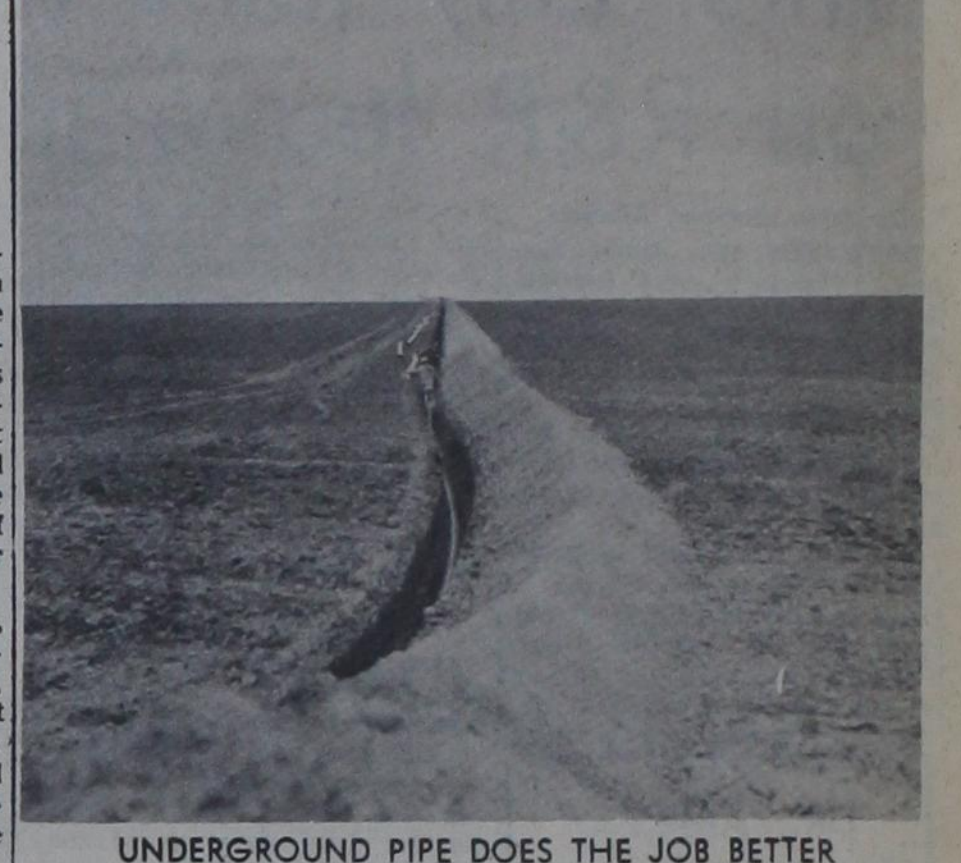

The most popular phase of this program is probably the installation of irrigation pipelines for the purpose of reorganizing irrigation systems to increase the efficiency of water application.

Producers planning an irrigation system should take several things into consideration before applying such a permanent-type practice.

CONSIDER:

1. Type of soil and soil intake rates.
2. Slope of the land.
3. Planned land uses.
4. Adjustments which might be needed for future crops.
5. Length of runs.

If the above factors are taken into consideration and proper planning is done before work is started, then a sound irrigation system will develop.

UNDERGROUND PIPE DOES THE JOB BETTER ... Now a familiar scene in our area

Grain Sorghum CHAFF

By WES ANTHONY

Again I was honored to have the privilege of attending the annual meeting of the Campfire Girl's officers.

IT IS certainly interesting and informing to see and hear what some young adults are doing for the youth of our community. After attending one of these meetings you can see how much better off our children are than those in the heavily populated urban areas. These young people love and appreciate one another and they surely do work together.

It surely was good to hear the meeting open with a good honest sincere prayer.

THERE are over 100 children who take part in activities of this group of girls and if you have a child this age who is not participating, they are missing a wonderful opportunity.

Being a member of this club certainly gives your child an inspiration to appreciate the good things of life.

Students net \$92 in MD march

By MYRT LOMAN
Hart school students collected \$92.46 in the Muscular Dystrophy Drive. Mrs. Walter Kern is county chairman of the drive and H. L. Cheatham is chairman in Hart.

HART'S Longhorns defeated both Cotton Center and Spade last week in district basketball play. In the Cotton Center game, Jim Averitt led the Horns to victory with 25 points. The final score was 81-34.

The Horns also defeated Spade, 67-54, with Jim Averitt high point again with 19 points and Rex Henderson close behind with 18.

The Hart girls split two during the week. The girls defeated Cotton Center, 50-30, with Suzy Hawkins high point with 23.

Friday night the girls lost to Spade, 72-33. Suzy Hawkins was high point again with 19 points.

The Hart boys and girls will face Lazbuddie here Friday night. Lazbuddie earlier handed Hart's varsity boys their only district defeat.

In junior high basketball action, Spade defeated both girls and score in the girls' game was 37-25, and the boys' score was 41-16.

WEEKEND and Sunday dinner guests in the home of Mr. and Mrs. Judd Davis were Mr. and Mrs. Lee Harris of Carlisle, former Hart residents, Mr. and Mrs. Percy Hart of Hart and Mr. and Mrs. Neely Thomas of Lubbock, also former Hart residents.

Mr. and Mrs. Aubrey Burch of Ellensburg, Wash., and Mrs. Larry Seaman of Purvullup, Wash., visited last week in the home of Mr. and Mrs. Eldon Shive and also attended the funeral of Burch's mother, Mrs. Stella Burch of Dimmitt.

Friday dinner guests in the home of Myrt Loman were Mrs. Bertha Deisher, Mrs. Fluff Hacker and Mrs. Zella Rice.

HART'S population has grown some in the last few days with our college students home between semesters.

The flu — or a virus — seems to have hit Hart residents the last few days. Monday, 54 students and four teachers were absent from the school. Some are complaining of headache, cold and deep chest cold, with aches and fever.

To be eligible to vote this year, you must register either at the city hall of the county tax assessor-collector's office in Dimmitt before Saturday. There had been only approximately 250 to register at the city hall by Tuesday noon. A preacher once said to a Hart resident, "If you don't vote, don't belly-ache about the results of the election." Pretty sound advice.

SATURDAY will be the last day you can pay your school taxes without a penalty.

LADIES of the Women's Missionary Society met at the Baptist Church Monday for a business meeting and visitation program. They discussed the future programs for this year.

The president, Mrs. Clay Anderson, and Mrs. Leonard Griswald visited with shut-ins.

Mr. and Mrs. Claude Cox had the misfortune of hitting some cattle on the highway south of Olton Friday night, enroute home from the Hart-Spade basketball game. Claude received a neck whiplash, and damage to the car was estimated at \$500 to \$600.

DEN 3 Cub Scouts met last Thursday in the community room of the bank with eight boys present, along with the den mother, Mrs. Doyce McAdams, assisted by Mrs. Stewart Newsum.

Hart of Texas Tops Club will entertain the Plainview Tumbling

Tops with a salad supper Monday night, Feb. 9.

HART LIONS Club met Monday at noon for lunch and program in the community room, with 17 members and three guests present.

The program consisted of a film on the Crippled Children's Camp at Kerrville. Applications for eligible children to attend the camp are being submitted to the local club at this time.

Special guests were Lee Welch of Kress, the zone chairman, Bill Bell of Hart and Dereck Rich of Hart.

Mrs. Black assisted Robert Lacy, Jackie Davis, Glen Black, Kelley Jones and Brett Aven with their skit, "Knights in Armor," for their Thursday night pack meeting.

The Cubs made the emblems they will wear on their shirts and their shield. Each different emblem worn by a boy shows his badge of honor.

Mrs. Bob Lacy and son Robert served ice cream to group.

TWENTY-FIVE boys of the Royal Ambassadors group met Thursday after school.

Harold Smith, leader, gave the instructions to the boys for their achievement awards.

In their short business meeting, plans were discussed for a football game with boys from the First Baptist Church of Dimmitt, to be played at Hart at 2 p.m. Saturday.

February activities will include a basketball game with Baptist boys from Tulia and then a coon hunt near Floydada.

PAT PRESTON was a delighted honoree Monday afternoon when her fellow residents of the Golden Spread Nursing Home gave her a "going-away party." Here, Pat shows her delight as her sister, Mrs. Genell Craig (right), prepares to serve her a big slice of the party cake. On her chair in background are the dress and head scarf Pat received as farewell presents from her friends at the home. Nursing home's 'live wire' has farewell party

Pat Preston left Tuesday to enroll in the new Lubbock State School — but not before her fellow residents at Golden Spread Nursing Home gave her a going-away party.

CAKE AND soft drinks were served Monday afternoon and Miss Preston was presented with a new school dress and a new head scarf by residents of the nursing home.

Miss Preston, 23, who is confined to a wheel chair, has been known as "the live wire" at the nursing home. She has been a resident of the home 3½ years, since

the death of her mother, Mrs. Viola Preston. Her father, Raymond Preston, died in 1961.

She will be the first enrollee from Castro County in the new Lubbock State School. More than 1,400 persons are on the waiting list for state schools in Texas, and "so we feel Patty was pretty lucky to get into the new school," said her sister and guardian, Mrs. Genell Craig.

"**WE'RE GOING** to miss Patty around here," said Mrs. Deloris Gilliland, nursing home administrator. "She has always been so good-natured, and such a live wire."

Congressman says payment schedule 'partial victory'

The recent announcement that all farm program payments for 1970 will be made in July and early August has been hailed by Congressman Bob Price as a partial victory.

"I HAVE been working closely with Secretary of Agriculture Clifford Hardin since the Bureau of the Budget advised him that advance payments could not be made this year," Price said. "We shall continue to urge the Bureau to allow advance payments."

Meanwhile, he said, Secretary Hardin's announcement that full payments will be made in July and August is "a partial solution" to what Price termed "the extreme financing problem facing farmers."

"The program announced by the Secretary will assure that voluntary diversion payments as well as feed grain and cotton price support, and wheat certificate payments will be made in July and early August," Price added.

He added, "While everyone connected with agriculture can certainly understand the need for advance payments, the Bureau of the Budget has ruled that a balanced budget is absolutely necessary to fight inflation which is hurting the farmer more than almost anyone. Consequently, this program for making farm payments after the beginning of the new fiscal year on July 1 has been instituted."

More about: About Dimmitt

(Continued from Page One) goes without saying that this paper will support Senator Yarborough's bid for re-election. He gave us an opportunity to vote for a loyal Democrat by running for governor in 1952 and again in 1956 when the incumbent governor was leading the disgruntled Democrats into the Republican camp, even to the extent that the official state democratic executive committee supported the republican national ticket.

The same bunch that urged democrats to vote republican in 1952, and in subsequent elections, are now saying that Senator Yarborough is causing a split in the democratic party in Texas. Anybody that swallows that line is very naive, or either likes to be misled or are just plain politically dumb.

Lloyd Bentsen, Jr., a Houston millionaire and formerly a congressman from the Rio Grande Valley, with the backing of former Governors Connally and Shivers, will spend a ton of money in an effort to unseat Senator Yarborough in the Democratic Primary.

If unsuccessful in that attempt, and they well might be, they will pool their vast financial resources with republican millionaire Congressman George Bush of Houston, and make an all-out effort to beat the Senator in the November general election. That is how it will be, and that is dirty politics.

If wealthy Bentsen is interested in keeping down division in the state democratic party, given as his reason for entering the race, the logical thing for him to do would be for him to stay out of the race and support Senator Yarborough for re-election. Money has bought state and national offices in Texas, on occasions in the past, and it will happen this year if democrats don't register in large numbers between now and the deadline Saturday.

Senator Yarborough has been on the side of the farmer and the working man on every piece of legislation to come before the Senate during his tenure of office. If the people of Texas don't want that type of representation, then they should turn the office of senator over to the corporations and millionaires by electing either Bentsen or Bush as there is very little, if any difference.
