If you have ever been off on a vacation, stayed longer than you had planned, and were more or less worn out when you returned to your comfortable home and a regular routine, then you have an idea how the News staff feels this week. We have just spent a six-week vacation just around the corner where we set up shop and managed to publish the paper.

We moved our stuff back into our refurbished old quarters last Thursday and are in the process of getting the paper out in familiar surroundings. feeling to realize that desks, chairs, work tables where they are supposed to be and where we have been accustomed to bumping into them these many years.

If all manufacturing companies would put casters on everything they build it would make it much simpler for people to move in and out in case of an emergency. Then too, it has been proven to us that there should be a vacant building in every block in town. When you have good sidewalks between the two locations, all you need for transportation is a wheelbarrow for the heavy stuff. The only reminder of the pilgrim-

"LABOR IS LIFE"

Let's talk about labor — work, if you please, for that is what labor is. Labor

Middle Ages, labor gained dignity and respect as slavery declined and Christianity

has come a long, long way since ancient times when work was closely related

spread. Then, later in the 1700's and 1800's the industrial revolution created

to slavery. Aristotle described a slave as "a tool with life in it." In the

conditions that led to the modern labor movements. Today labor has gained

Honor God and Labor this week by

The Church is God's appointed agency in this

world for spreading the knowledge of His love

for man and of His demand for man to respond

to that love by loving his neighbor. Without

this grounding in the love of God, no govern-

ment or society or way of life will long

persevere and the freedoms which we hold so

dear will inevitably perish. Therefore, even

from a selfish point of view, one should support

the Church for the sake of the welfare of him-

self and his family. Beyond that, however,

every person should uphold and participate in

the Church because it tells the truth about

Lilley finishes OSUT training

Pvt. Johnny B. Lilley, son of John and Lily Lilley of Hart, has completed one station unit training (OSUT) at the U.S. Army Infantry School in Fort Benning, Ga.

OSUT is a 12-week period which combines basic combat training and advanced individual train-

The training included weapons qualifications, squad tactics, patrolling, landmine warfare, field communications and combat operations. Completion of this course qualifies the soldier as a lightweapons infantryman and as an indirect-fire crewman.

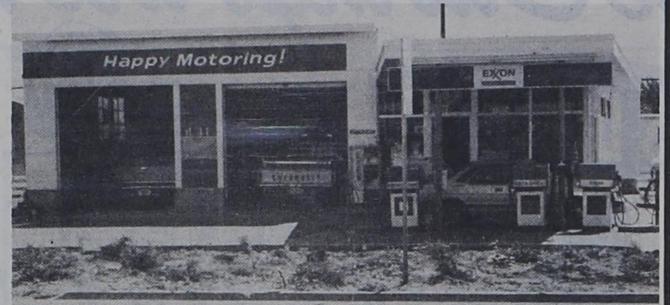

Soldiers were taught to perform any of the duties in a rifle or mortar squad. Lilley is a 1977 graduate of Hart High School.

Monday, John Hernandez reported his black bicycle was stolen from the Dimmitt Middle School parking lot, while he was at school.

Nancy West reported to police an act of criminal mischief this week. West's car was parked in the back lot of the school administration parking lot and apparently someone shot the right rear window with a BB gun. The window was completely shattered.

Police are investigating both of these incidents.

Farmer's Cooperative Association of Springlake

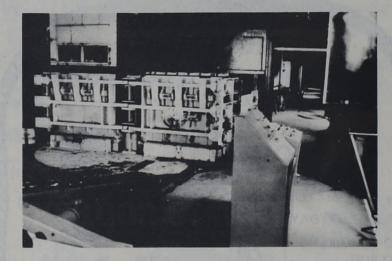

In 1983, more than ever before, every effort must be made to ADD to the farmer's yield. We have installed second stage lint cleaners to give the farmer a better grade of cotton, which in turn brings more money to them and strengthens their faith in our gin organization.

In addition to these improvements we have also added a Stage IV mote reclaimer to reclaim all motes, reclean them, and return the motes to your bale of cotton for a higher turnout. (The new lint cleaners and mote reclaimer are manufctured by Independent Gin Repair of Lubbock.)

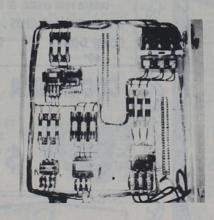

To further increase cotton quality and staple, we have installed three new high capacity 142-18 Murray brush gin stands and Mitchell feeders.

In 1982, we installed Murray's tough turntable universal density press which made for a trouble free season.

The field wiring and custom panels for all the new equipment were designed and the installation supervised by Charlie Bailey, Springlake's local electrician. Dependability and centralized location for easy troublashooting was the two primary objectives built into this design. Last year's trouble free season on the bale press was testimony to this.

Compare us with anyone in 1983—we are highly capable and confident that the Farmers Coop at Springlake offers the best gin service on the South Plains.

SO unable to reclaim goods

Castro County deputies have been unable to claim any of the stolen goods recovered Aug. 15 from a barn in Deaf Smith County.

Although several items were identified as having been taken from Castro County, "Nothing could be definitely identified," said deputy Ron Jenkins.

Jenkins said there were quite a few assorted items probably taken from the county but "without positive identification we couldn't identify them. They were not marked in any way."

The Castro County Sheriff's Department has equipment to mark items and will assist people in marking their property.
