

## Turkey contest begins

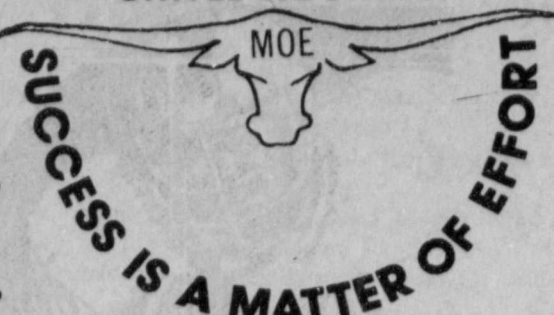

We will start our annual turkey giveaway contest this week. Inside this issue of the paper are several coupons. All that is necessary to enter the contest is to fill out the coupons and take them to the sponsors place of business. Deposit them in a box and on November

16 the winners will be drawn. The coupons will be in this week's and next week's papers and there is no limit to the number of times you may enter, however only one name will be drawn from each box and there will be no duplicate winners.

## A challenge to the fans...

Ok Longhorn fans, this is it. Friday night our Longhorns will travel to Ralls for the final game of the regular season. A win would mean bringing home the first district championship in ten years. We at the Beacon challenge all of the Longhorn fans to make the trip and support the team and coaches that have worked so hard for us this year. Let's also plan on making a victory line to outdo all the other victory lines ever formed. This is just one way we can show our support of these hard working young men and the coaches that have worked with them to bring them this far.

The support of the fans and parents in Lockney cannot be outdone anywhere. For those in town Friday, you saw nearly every sign and light post in Lockney decorated with red, white, and black streamers. These were put up by the Quarterback Club. The Quarterback Club has also been showing their support of the team with signs placed in the various yards around town.

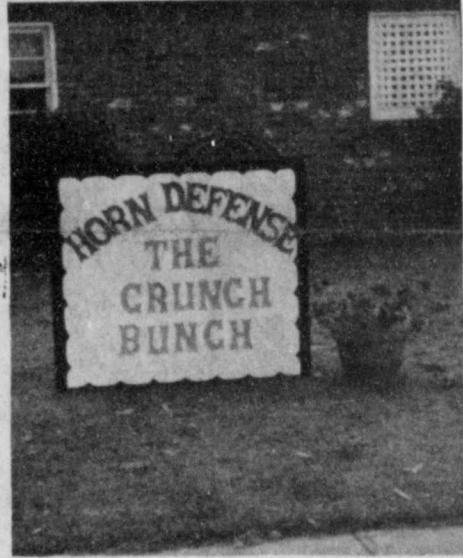

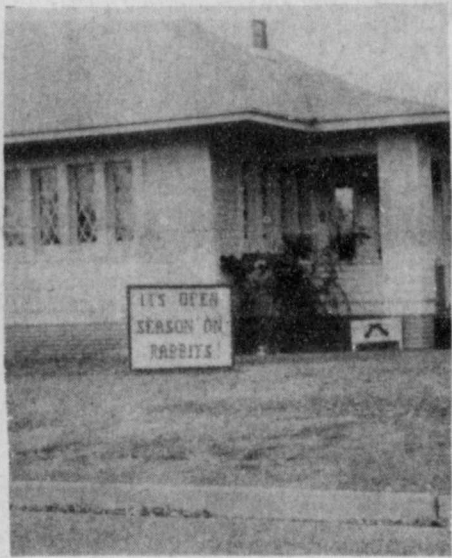

As proof of the hard work these boys have shown we are providing statistics for the season: Brent Hallmark has passed for 1002 yards and 14 touchdowns; Dickie Hernandez has rushed for 843 yards and 13 touchdowns; and Gary Kent has had 23 receptions for 524 yards.

Also this year the Horns have scored a total of 256 points to the opponents 73.

In the yardage department Lockney has amassed a total of 1827 yards in rushing, 1186 yards in passing, and not to be forgotten is the Lockney defense which has allowed their opponents only 1567 yards.

All of the young men on the team, as well as the coaches, deserve all of the support we can give them. A win Friday night will advance the Horns into bi-district play, most likely against Hale Center, who the Horns defeated earlier in the year by a score of 21 to 8.

Let's all plan to be in Ralls Friday night dressed in red for the game and support our Longhorns.

SIGNS like these two can be found in various yards around town. Who can beat the support Lockney has shown for its Longhorns.

## 4-H achievement banquet

The annual 4-H achievement banquet is set for Saturday, November 10 at 6:30 p.m. in the Lockney Elementary Cafetorium.

Barbecue, cooked by Richie Crow, and beans cooked by Gary Brown, will be the main course. Vegetables, salads, and desserts will be furnished by the 4-H members and their families.

4-H members will be recognized at the banquet and the work they have done throughout the year. Among the awards to be presented are record book winners, including the best first year, junior, and senior record books, as well as those selected to go to the National

Following the banquet there will be a dance at the Lockney Community Center. Members are asked to bring their records or music for a good time at the dance.

Congress in Chicago.

Also presented will be the year pins, 4-H sweethearts, the I Dare You award, the Friend of 4-H, and adult leader awards including the Silver Spur Award furnished by Lighthouse Electric. The 1984 Gold Star winners will be announced.

4-H members and their families are all urged to attend the annual banquet.

## FFA members present program

The program for the Lockney Rotary Club last Friday was presented by the Lockney High School Ag Department junior chapter conducting team.

The boys ran through a business session with four problems. This was the first time the boys had presented what they have learned to the public. This also served them as a practice session for the contest they participated in on Saturday.

The junior chapter conducting team won 5th place in the district contest. Members of the junior team include Boyd Jackson, Troy Bigham, Matt Williams, Aaron Kidd, Clay Adrian, Chad Diepenhorst, and Clay Harrison.

The senior chapter conducting team received 7th place in the district contest. Members of that team include Romeo Araujo, Joe Widner, Terri Bailey, Robert Wofford, Rusty Carthel, Ricky Key, and Monty Means.

Also in the contest were the senior skills team with members, Wymon Rexrode, Allen Stallings, and Scott Howard. They placed 4th in the competition.

The quiz team place 3rd with members, Aaron Kidd, Ricky Patterson, Jeramey Widner, and Lori Smith.

**CRIME CALL**  
**652-2416**  
 (If no answer, call toll-free hotline)  
**1-800-252-8477**

THE JUNIOR CHAPTER Conducting Team of the Lockney FFA got in some practice at the Lockney Rotary Club noon meeting last week. The boys competed in contest in Lubbock Saturday and got 4th place.

CARL AND ANNE LEE will be the guests of the Lockney Rotary Club for the next month.

## Lees recognized by Rotary

Last Friday the Lockney Rotary Club has begun a new monthly program which will recognize a businessman in Lockney who is not presently a member of the club but does practice the Rotary principals in his business. This businessman and his wife will be the guests of the club for one month.

The businessman for the month of November is Carl Lee Jr. Both Carl and Anne will be the guests of the club for the November meetings.

The Lees are the owners and operators of Whites Auto Store in Lockney. The store was opened in 1941 by Carl's father, Carl Lee, Sr. Carl and Anne

joined the operation in 1953. The Lees carry a complete line of appliances, lawn and gardening equipment, ceiling fans, auto parts, radios, stereos, televisions, and some lines of furniture. They also carry toys and in time for Christmas they now have decorations and Christmas related items.

Carl was a member of the Lockney Fire Department for 18 years. The Lees have two children, Debbie Galloway and Boyd, who joined them in the operation of the store in 1980. They also have three grandchildren, Lee Ann, Mandy Lyn, and Alana Kate Galloway. They are members of the Baptist Church.

## Trout to speak at Rotary

The program for the Lockney Rotarians this Friday will be Dr. Virgil R. Trout, brother-in-law of Joe Zorger of Lockney. This program promises to be very interesting and all Rotarians are urged to attend.

Dr. Virgil R. Trout has spoken in Europe, Asia, Africa, and in 44 states. He has presented over 500 lectures on college and university campuses. He has addressed over 1000 public schools. Four states have given recognition for work with youth. He has been listed in "Leaders of American Science". He serves as Executive Director of The International Foundation, Inc. He is a member of the Board of Directors of the Dallas Council on World Affairs. He is a member of the Rotary Club of Oklahoma City with the distinction of Science, Air Force Association, Sales, Marketing Executives International, Chancellor's Council of Pepperdine University, and he is a Colonel in the Confederate Air

Force.

He was chairman of the Oklahoma Ethics Commission, 1973-75.

For 14 consecutive years, the Oklahoma City chamber of commerce has selected him as the annual Goodwill tour speaker. He has addressed civic clubs throughout the English speaking world including several of the largest Rotary clubs: Houston, Cleveland, Fort Worth, Dallas, and Oklahoma City.

## Request for list

Several weeks ago we ran a story on where the various Lockney graduates are attending college. It has come to our attention that there are also several ex-Lockneynites that are serving their country in the armed forces. If you have a family member that is away from home serving our country and would like friends and acquaintances to know where they are please let us know and we will print them in the paper.

Three residents which we know about are Tom Silva, who is serving in the army in Baunholder, Germany. Troy Turley in the navy, is stationed in San Francisco. He serves on a submarine, and Mario Arellano, stationed in Florida, is in the naval branch of the service.

## Dinner theater tickets go on sale next week

Tickets for the dinner-theatre production of "Spirit!" will be available next week, announced Floyd County Arts Association projects chairman, Joy Lawson. Posters and flyers will be appearing around the county over the weekend advertising the event, scheduled for December 1 in Lockney, and December 8 in Floydada.

Over 75 Association members are already working on this production in some capacity. Scenery is being built "from scratch", a list of over 70 hand-and stage-props are being rounded up, costumes and make-up are being assembled, not to mention menu planning for the prime roast dinner, poster art, ticket sales, and lay-out work for the programs. Already, some 25 area merchants have purchased advertising space in the program, and calls have come in from as far away as Lubbock, requesting tickets.

Each evening's entertainment will consist of a buffet dinner at 7:00 p.m. followed by a full-length play. Reserved seating is available.

The two-act comedy centers around four senior citizens in a retirement home and some of the trouble they find to get into. Vera Jo Bybee, of Lockney and Nettie Adams, of Floydada, are roommates who have talked the "social director" (played by Sherry Tilson, of Floydada) into teaching them to do the hula, instead of doing their usual exercises. Darlynn Hambright plays the business manager of the home, whose job it is to see that the residents behave themselves and eat their "macaroni-mashed potato-tapioca casserole" instead of smuggling in their favorite, pepperoni pizza. When a policeman, answering a complaint, bursts in to raid a \$1.50 poker game, chaos reigns. The policeman is played by Jack Robertson of Floydada. Others in the cast are: Don Probasco, of South Plains, as Joe (a resident); Don Chesshir, of Floydada, as Dobbins (a resident); and Elaine Galloway, of Floydada as Ms. Wells, (an attorney).

For tickets or information, call Sara Probasco (983-3834) or Gleyenn Earle Cummings (652-3771).

## Johnny Harris returns to Floyd County

Johnny Harris, former owner of Ponderosa Meats of Floydada and Paducah, has come back to Floyd County and is working at Keeter's Grocery in Lockney.

Harris began working with butchers very early in life as a clean-up boy in Quanah. From there he progressed into a full time butcher. He has worked for several packing houses including Cudahay and also Wilson Packing Company. It was through working for Wilson that he became acquainted with Floyd County, he called on many of the local businesses as a salesman.

Just over twenty years ago he moved to Floydada and opened the Ponderosa Meat Company and also opened a store in Paducah. About five years ago Harris turned the Floydada store over to his son, Johnny Harris, Jr., who had the store until July of this year. Harris, Sr. left Floyd County to run the Paducah

store. Harris and wife Margie joined the staff at Keeter's about six weeks ago. Johnny is making his custom made sausage, and fresh chili and barbecue are made daily at the store. He is also featuring custom processing of beef, pork, sheep, and goats as well as choice beef.

Harris would like to invite all of his past Floyd County customers to come by the store and see him for all of their meat needs and any custom processing they need done as well as shopping at Keeter's. For weekly in store specials see the ads for Keeter's which will feature Johnny's specials for the meat market.

Of Harris' joining Keeter's, Joe Keeter said "we are glad Johnny has come to work for us. He has several years experience and will be an asset to the store."

## This Week

### PTA CHANGE

The Lockney PTA will meet Thursday, November 15, at 7:30 p.m. in the Lockney Elementary Cafetorium. The meeting place has changed so please note the new place of the meeting.

### 4-H PECANS

The Floyd County 4-H is again selling pecans this year. Prices are the same as last year with a one pound bag being \$4.00 and a three pound gift box being \$13.00. Pecans are available at the Extension office in Floydada and at the Lockney Coop.

### BAND BOOSTERS

There will be a meeting of the Lockney Band Boosters on November 12 at 7:00 p.m. at the band hall. The Band Boosters would also like to remind the public that their annual bake sale will be held November 20 at Baccus Motor Company. This would be a good opportunity to support the band and also purchase baked goods to freeze for the upcoming holiday season.

### YEARBOOKS

The 1984-85 Roundup yearbooks will go on sale October 30. Cost will be \$15.00 per book.

### MEMORIAL FUND

Floyd County Arts Association has established a Memorial-Building Fund upon the acceptance recently of a donation in memory of Elaine Hardy. By resolution of the Board of the Association, once the Arts Association obtains a permanent "home", a plaque will be attached to the building showing the names of all who have been memorialized by means of such contributions to the building fund. Readers are urged to consider such enduring contributions in the future, especially when honoring the memory of someone who had an interest in some area of the visual or performing arts.

### GENEALOGICAL SOCIETY

The Hi Plains Genealogical Society will meet Tuesday, November 6 at 7 p.m. in the Unger Library in Plainview for a demonstration on how to read old handwriting. Those interested are welcome.

# Football Contest

HAVE FUN...  
WIN PRIZES...

DEADLINE FOR ENTRIES - 5 P.M. FRIDAY  
IN BEACON OFFICE OR POST OFFICE

Lockney Beacon **\$20<sup>00</sup>**

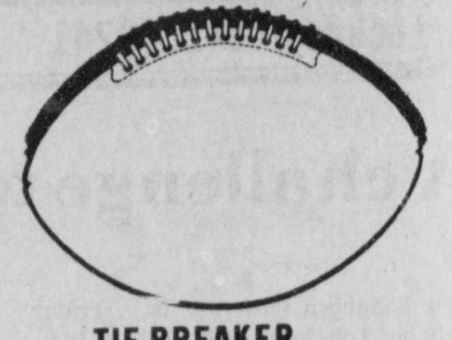

TIE BREAKER-Guess Total Points  
AND CIRCLE WINNER

In Cash  
Prizes  
Each Week

**CONTEST RULES**  
Any local resident above the age of 7 may enter. Three cash prizes are given each week - ties will split prize money. Members of the sports department are sole judges of the contest and their decision is final.  
It is not necessary to indicate scores on all the games... But total score be (scores of both teams) of the tie breaker must be indicated at right.  
Simply circle the team you choose to win in each of the footballs. Deadline for submitting entries is 5 p.m. Friday - winners will be announced the following week.  
Enter one entry per person per week, print name and address plainly on blank below and mail or bring entire page to the Lockney Beacon office.  
Tie breaker game will be considered only in case of ties.

## In times like these...

By Mary Jo Fielding

With U.S. aid the Pacific is getting a new nation. The Federated States of Micronesia (F.S.M.) is coming to life on 607 tiny isles scattered across 2,000 miles of the Pacific. The federation and two even smaller neighbors have been governed by the U.S. under the auspices of the United Nations since World War II.

The federation, which has a population of 85,000 consists of four states - the island groups of Ponape, Yap, Truk, and Kosrae. Some of the area was the scene of fierce fighting in World War II, when Japan controlled the region. After the war, Americans managing the Trust Territory of the Pacific Islands introduced universal education and restored a degree of self-government to the regions.

In a process approved by the federation and now being considered by the U.S. Congress, Micronesia and America

would be loosely linked under "free association." The F.S.M. would run all domestic and foreign affairs, but the U.S. would be responsible for defense and some support systems, including weather services.

Under similar provisions the eastern most islands in the Trust Territory, the Marshalls, also are preparing to become a separate nation with defenses linked to the United States. The Pentagon considers the Marshalls especially important because one of the islands, Kurajalien, is the site of U.S. missile tests.

Micronesia, the Marshalls, and Palau will continue to need sizeable grants from America. However, an American official says, "We undertook to help the Micronesians, and we still have that moral obligation. We also need them. We can't let the islands fall into enemy hands again."

DARLENE AND JUANITA BROSEH were just two of the exhibitors in a successful bazaar held last weekend in Lockney.

RUTH ELAINE WILSON, daughter of Mr. and Mrs. Chuck Wilson, was recently chosen to play 1st violin in the All-Region Orchestra. Tryouts were held October 27 at J.T. Hutchison Jr. High School, Lubbock. The all-day rehearsal will be held Nov. 10 and the concert will be Nov. 11, this Sunday afternoon, at Estacado High School, Lubbock. Ruth Elaine has studied violin with the Texas Tech Suzuki Violin program since 1977. Her teacher is Barbara Barber.

## Lockney Briefs

Mrs. Olive Myers returned home Saturday night after spending 10 days in Lubbock in the home of her son, Don and Virginia Myers. She helped care for Don as she recuperated from heart bypass surgery. While in Lubbock she also visited with her other sons, Jimmy and Ernestine Myers and Jackie Myers. Harmon and Ann Handley have returned from a month's visit in Wenatchee, Washington, with their son, Gene and Katie Handley and family. The Handleys assisted with apple harvest while they were in Washington.

## Lockney Briefs...

Newt Gant was expected to have surgery Monday in Houston.

Mrs. Mark (Pat) Couch of Houston and her daughter, Mrs. Gary (Traci) Fletcher and Jolie of Conroe recently visited in Lockney with another daughter, Lezlee and Mark Sherman.

Ray McCormick temporarily is living in Lockney Care Center as he recovers from a broken hip.

Weldon Dodson was moved several weeks ago into Heritage Home in Plainview.

## Care Center

By Betty Belk

Every week at Lockney Care Center the residents enjoy several local churches coming. They sing and preach and the residents take part with the good music. Randy Barnett from the Texas Health Department came in Monday to check our volunteer program.

On Tuesday the residents went on a bus ride to Plainview and enjoyed treats at McDonalds on Interstate 70. We thank them for these.

Lockney Care Center residents celebrated Halloween with a hamburger supper and games. Ethylene Vernon and seven other "witches" came by and sang Halloween songs. Also we had several "spooks and trick or treaters" to call. The residents enjoyed seeing the children.

We invite everyone to come by and visit.

# Recipes distributed and tasting bee held in conjunction with bazaar

The following recipes were used at the bazaar last weekend in a program on holiday cooking presented by Denise Blanchard.

The recipe for gingerbread houses is also included here.

### Gingerbread

1 quart molasses (32 oz.)  
 1/4 lb. light brown sugar (1 1/2 cups)  
 1/4 lb. lard and butter mixed (margarine may be substituted)  
 2 level tbsp. cinnamon  
 2 level tsp. ginger  
 2 level tsp. cloves  
 1 level tsp. soda  
 4 lbs. or 16 c. flour  
 Heat molasses and oleo and start adding everything. Dough gets very heavy and you must finish with your hands. You must judge about the last 3 cups of flour - more or less. Warm dough in microwave to make it handle easier. Roll very thin and bake quickly. 375 degrees 10-12 minutes. Grease cookie sheet first time. Prick dough with fork. (This recipe makes 2 large and 3 small houses)

### Decorator's Frosting Cement

(Will need to make about 5 times to decorate all houses)  
 1 egg white  
 1/8 tsp. cream of tartar  
 1 (16 oz.) confectioner's sugar  
 In medium bowl with electric mixer at medium speed beat 1 egg white and 1/8 tsp. cream of tartar until frothy. Continue to beat, adding confectioner's sugar. (This recipe is to put the house on the cardboard, seams of walls, and roof)

### Decorator's Frosting Snow

(1 recipe to decorate all houses)  
 4 egg whites  
 1/4 tsp. cream of tartar  
 1 1/2 pkgs. (24 oz.) confectioner's sugar  
 Mix same as frosting cement. (This recipe holds on shutters, candies, doors, and ices roofs.)

Walnuts & pecans shelled, peanuts roasted in shell, raw in shell or raw shelled, and honey. Also new are corn dogs, burritos, and sandwiches. Ask about - Ideal Snacks All Food Tabs.  
**Hwy 70 Texaco**  
 Lockney

### Oriental Chews

2 eggs  
 2/3 cup sugar  
 1 teaspoon vanilla  
 1/2 teaspoon baking powder  
 1/2 teaspoon salt  
 2/3 cup all-purpose flour  
 1 cup finely cut dates  
 1/2 cup chopped nuts  
 Confectioners' sugar  
 Preheat oven to 350°F. Grease and flour an 8x8-inch baking dish and set aside. In a large bowl, beat eggs, sugar,

vanilla, baking powder, and salt until thick. Add flour, dates, and nuts and stir until well-blended. Spread mixture

into the baking dish. Shield corners with foil. Bake for 10 minutes, remove foil and continue baking for an additional 10 minutes. Remove from oven and cool. Cut cake into 1-inch squares, rolling each square into a ball. Place balls, about 10 at a time, into a plastic bag with confectioners' sugar. Shake to coat. Repeat. Makes 64.

### English Scottish Shortbread

1 cup butter  
 1/2 cup sugar  
 2 1/2 cups flour  
 Preheat oven to 400°F. Grease a large baking sheet. In a large bowl, cream butter and sugar until light and fluffy. Sift flour into mixture and blend until it is crumbly. Turn out onto a lightly floured surface and work into a ball. Divide the ball in half and flatten each half into a 6- to 8-inch circle about 1/2 to 3/4-inch thick. Place each round on the baking sheet and flute edges as you would a pie crust. Pierce cake with a

fork in many places. Place in oven and turn oven down to 300°F. Bake for about 30 minutes or until shortbread is golden in color. Remove and cut each round into eight wedges. Makes 16 pieces.

### Crazy Crunch

2/3 c. sugar  
 1/2 c. margarine  
 1/4 c. Karo - white  
 1/2 tsp. vanilla  
 6 c. popped pop corn  
 Peanuts or pecans - optional  
 Combine sugar, margarine, and Karo syrup. Bring to a boil over medium

heat, stirring constantly. Continue boiling, stirring occasionally about 10-15 minutes (or until mixture spins a thread). Stir in vanilla.

Pour popped corn into syrup and mix together well. Pour on buttered cookie sheet.

When cool - break into pieces. Keeps well sealed in tupperware. Pecans and roasted peanuts may be added when popcorn is added.

Unroasted peanuts should be added after mixture comes to first boil, then cooked for the 10-15 minutes. Double recipe for a group.

Continued On Page 7

DENISE BLANCHARD explains the techniques for baking and constructing gingerbread houses with the ladies gathered for her program on holiday cooking at last Saturdays bazaar.

# Longhorns shoot for district

As of Friday night the Lockney Longhorn varsity is just one win away from the district title for class 4-2A. The Horns now have a record of 7-1-1 and are 4 and 0 in district play. Lockney at present leads the district and a win against Ralls Friday night will mean bringing home the district title for the first time in 10 years.

Friday's game against Lorenzo was all Lockney, as the Horns amassed nine touchdowns and 0 for the opponent.

Lockney came out like gangbusters and scored in the first quarter after just two plays. The Horns took the opening kickoff on the Lockney 34 yard line. Quarterback Brent Hallmark took the first snap of the game and connected with Gary Kent who came down with

the ball on the Hornet 34 yard line. Hallmark again went back to pass this time to Adam Rodriguez who scored the first touchdown on the 34 yard pass. The extra point was blocked and just 21 seconds into the game Lockney lead 6 to 0.

The Horns scored again in the first quarter with 2:37 left on the clock. Hallmark, again on target, hit Kent for a 23 yard pass and Ritchie Thornton made two points on a run in.

In the second quarter Lockney stayed on track scoring 5 times and making 32 points. Dickie Hernandez lead off the scoring with a 3 yard run with 8:39 on the clock. With 5:56 showing Hallmark handed off to Ritchie Thornton who ran 42 yards for the second score of the quarter. Danny Perez added one point and put Lockney up 27 to 0. Buffo

Rodriguez then took a turn at running up the score with 4:31 left on a 13 yard pass from Hallmark. The next score came with 2:51 left in the half as Hallmark again hit Kent, this time for a 15 yarder. The fifth score of the quarter came as the final seconds ticked off the clock and Hallmark reared back and hit Ritchie Thornton for a 56 yard touchdown pass and Danny Perez hit the extra point.

Lockney came back after the half and with 9:08 in the quarter Hallmark again hit Ritchie Thornton for a 9 yard pass. Perez made the extra point. The score at the end of the third quarter was Lockney 53, Lorenzo 0.

The Horns scored again in the fourth as quarterback Steven Cates hit Jerry Mathis for a 46 yard scoring pass.

This Friday night the Horns will be hosted by Ralls. A Lockney win means a district championship so let's all go out and support our team.

## Shorthorns win

The 7th grade Shorthorns defeated the Crosbyton Braves 6-0 last Thursday.

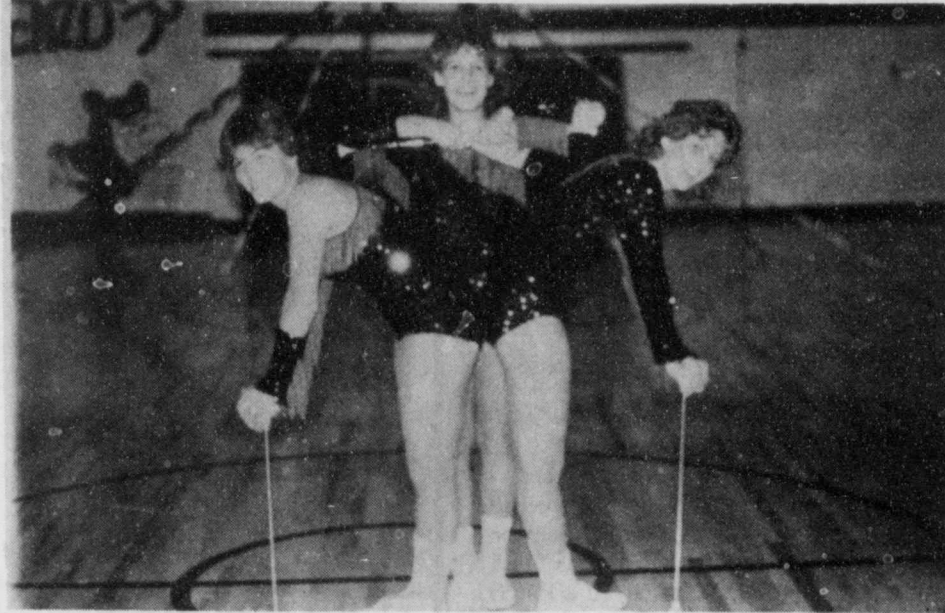

Michael Monroe scored on a 60 yard run on Lockney's first play from scrimmage.

Defense prevailed for the remainder of the game.

The 7th grade Shorthorns will play Ralls for the district championship November 8th.

BRENT HALLMARK hands off to Ritchie Thornton, who two plays later scored a touchdown.

THIS YEAR'S VARSITY CHEERLEADERS are [l-r] Amy Ansley, Sherre Kinard and Jolie Diepenhorst.

## Cross Country boys to state

The Lockney cross country high school teams participated in the regional meet in Lubbock this past weekend.

The boys team placed second in the 2A division and will advance to the State meet Saturday, November 10 at Southwestern University in Georgetown.

The boys individual placings were Jessie Castro who placed second with a time of 16:23, Eddie Garza placed third with a time of 16:23, Ricky Hernandez placed eleventh with a time of 18:16, 12th place went to Roy Ochoa with a time of 18:28, Michael Villa took 15th with a time of 18:42, Danial Rodriguez came in 16th with a time of 18:48 and Tony Banda finished 21st with his time of 19:11.

Though the girls placed fifth overall and will not advance to the State meet they represented Lockney very well. The girls individual times were

Melissa Molina 13:40, Kathy Davis 13:36, Linda Cruz 13:42, Betty Kay Cates 14:35, Teresa Vasquez 15:29, Tamara Elam 15:57, and Elizabeth Hernandez.

Of the kids and how they did at the meet coach Patti Purser said, "None of the girls team qualified for state, but they each competed well. They are for most part young girls who will have a chance to return to regionals next year in hopes to do better. I appreciate the dedication these girls have shown this season."

"The boys team ran almost as well as was expected. They will be leaving for the state meet on Friday at 8:00 a.m. This will be a return trip for only two of the seven members and they are in hopes to beat Abernathy and any others that we will compete against."

# LANDSCAPE AND GARDENING

By Benny Butler

## PLANT LANDSCAPE TREES FROM SEED

This is the season of the year when trees begin to mature seed to produce next year's crop of young trees. There are a few exceptions: Some maples and some elms mature seed immediately in the spring, but oaks, most maples, magnolia and many other tree species mature their seeds from late summer through fall.

I realize it's almost revolutionary to suggest planting landscape trees from seed; but it can be a lot of fun, and you'll be surprised how quickly many of these seedlings will grow - especially if you keep grass and weeds away from the base of the small seedlings with a good mulch. First though you'll probably want to start them in pots.

In the case of magnolia, rub the red, oily covering, known as an aril, off the seed using paper towels. Then mix the seed with damp peat moss and seal in a plastic bag. These bags then should be placed in a refrigerator for 90 to 120 days; then the seeds can be planted and will emerge immediately.

Unfortunately, it still could be in the dead of winter so you'll either need a greenhouse or be prepared to protect them.

Oak, redbud and many other seeds also can be treated this way. In the case of redbud seed, the seed coat is very

hard and lightly scraping it with the edge of a file, prior to the cold moist treatment, (known as stratification), will accomplish another process in the nursery industry known as scarification.

Most oak seeds, especially red oaks, won't begin to germinate at all until next spring, but members of the white oak family, such as white oak or swamp chestnut oak, may germinate even in the fall.

One to two tree seedlings in a container usually can go through a growing season before they are transplanted into the yard, but its really best to thin the plants down to one tree per pot after they germinate in the spring, or take a change on a few not coming up and only plant one seed to each 5-gallon container.

Instead of artificially satisfying the seed in the refrigerator - since most tree seeds won't begin any growth until the soil warms up in the spring - you can simply plant them outside. Be sure to include a stake or other markers, however, so you will know where to look for emerging seedlings. This obviously is a slow way to get landscape trees, but

there is a great deal of satisfaction involved, too.

Another technique to consider if you have property somewhere with a lot of small seedlings coming up is to mark them now, so you can tell which seedlings are which. Just tie a small ribbon or use a piece of colored tape around the stem, and then when they go dormant in November dig up the small seedlings and transplant them to your yard.

The majority of trees used in your landscape, however, probably will come from a local nurseryman. Be sure that if

you buy the plant growing in a container you spread the roots out from the rootball into the surrounding planting hole and cut the top back about one-third to compensate. This will keep them from getting rootbound. Keep a mulch around the base of the tree in about a 3-foot diameter and the trees will grow much faster than if they have to compete with the grass.

Educational program conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

## Brucellosis vaccinations required when heifers sold

Effective Nov. 5, heifers sold for breeding, grazing, dairying or feeding in non-quarantined feedlots will have to be vaccinated for brucellosis.

The new vaccination requirement recently adopted by the Texas Animal

Health Commission applies to 113 counties in eastern, central and southern sections of the state that are in the Class C Area of the Brucellosis Control Program.

Brucellosis is a major disease of cattle that often results in abortions, points out Dr. Buddy Faries, veterinarian with the Texas Agricultural Extension Service, Texas A&M University System.

"Heifers born since last Jan. 1 that are more than four months old must be vaccinated when they are sold for breeding, grazing, dairying or feeding in a non-quarantined feedlot," emphasizes Faries. "However, heifers need not be vaccinated if sold for slaughter or for feeding in a quarantined feedlot."

Producers can have heifers less than a year old vaccinated free of charge by a veterinarian or Texas Animal Health Commission official.

"Unvaccinated heifers older than a year are too old to be vaccinated and therefore can be sold only for slaughter or for feeding in a quarantined feedlot," adds Faries. "Producers need to keep that fact in mind since heifer calves born this spring will be a year old within a few months."

Producers with heifers to sell should make sure they are vaccinated and properly identified with a tattoo in the right ear, says the veterinarian. Since vaccinated heifers are worth more at the point of sale, vaccination for brucellosis should be a top priority item for cattlemen.

"Farming... a kind of continual miracle wrought by the hand of God," Benjamin Franklin

## Extension service names new Lubbock soil chemist

A new soil chemist for the High Plains, Rolling Plains and West Texas has been named by the Texas Agricultural Extension Service. Dr. Michael G. Hickey is supervisor of the Extension Soil Testing Laboratory in Lubbock and is soil chemist serving 100 area counties.

Hickey replaces Dr. H. Dale Pennington, who recently was transferred to College Station to supervise the soil testing laboratory and program.

"Since reporting to Lubbock, he has processed the soil samples on hand in the laboratory and are ready to serve area producers fully," Hickey said. In addition to supervision of the laboratory and providing fertilizer recommendations for the area, he will plan and conduct educational programs in soil chemistry and fertility and assist county Extension agents with educational programs and field demonstrations.

A native of Dennison, Hickey received the Bachelor of Science degree in crop science and the Master of Science degree in soil fertility from Texas Tech University. In 1982 he received a Ph. D. in soil chemistry and mineralogy from Washington State University.

From 1982 until accepting the Extension post here, Hickey conducted post-doctoral research in soil chemistry and mineralogy at Oregon State University, Corvallis, Ore. His work there included completion of a long-term study investigating the effects of municipal sludge on soil environmental quality and plant uptake of heavy metals.

At Washington State, while pursuing his doctorate, Hickey was a research and teaching assistant in soil chemistry. His research there included development of a gel chromatographic technique to quantitatively determine the amount of metal-organic complexation in soil solutions.

While a student at Tech, Hickey

assisted with research on the effects of sewage effluent on the yield of bermudagrass, cotton, soybean and grain sorghum. As a graduate research and teaching assistant, he was involved in research to determine the effect of soil type on potato tuber formation parameters, and the effect of manure application and source of nitrogen on the soil fertility relations of potatoes and grain sorghum.

Hickey is a member of the Soil Science Society of America, American Society of Agronomy, American Chemical Society, Society of Sigma Xi and the Texas Agricultural Extension Service Specialists Assn.

## Three public hearings on pesticide safety set in Nov.

(AUSTIN)—Three public hearings will be conducted this month in different parts of the state on the Texas Department of Agriculture's new comprehensive pesticide safety program—including standards which were published recently in the *Texas Register*. Assistant TDA Commissioner Ron White announced October 26.

The first public hearing is scheduled for Monday, November 12, in Room 117 of the Sam Houston State Office Building here in Austin, beginning at 10:00 a.m. The second hearing will be Thursday, November 15, at the Civic Center in Lubbock, starting at 2:00 p.m. The third hearing is scheduled for Monday, November 19, at the Triple City Ballroom in San Juan, beginning at 1:00 p.m.

On October 19, the Agriculture Department released a 109-page report that documents and analyzes the growing incidence of pesticide poisonings in Texas and recommends several steps to help come to grips with the problem. Those five steps include:

- A Texas Task Force on Pesticide Use will coordinate a serious, long-term, in-depth program on education, training and outreach for those who handle those chemicals so that those who suffer harmful exposure recognize the symptoms early and know what to do, and to make sure that medical personnel are prepared to deal properly with pesticide poisonings.

- TDA has published in the *Texas Register* proposed standards to cover notification of immediate neighbors that a field is about to be sprayed, methods of warning workers and others that a field has been sprayed and establishment of specific intervals between spraying and re-entry into the treated field. The standards appear in the October 23 edition of the *Texas Register*.

- TDA will also appoint a Committee on Pesticide Drift to make specific recommendations on training, technology and appropriate regulations to deal with the complicated issue of sprayed pesticides drifting beyond the intended crop and

causing either economic or bodily harm elsewhere.

- Increased training and improved reporting methods by TDA inspectors of alleged pesticide abuse cases, including documentation of human health problems, is already underway. Other TDA initiatives include hiring of the Department's first toxicologist, upgrading of the agency's San Juan laboratory, and coordination with Texas Tech University's 24-hour hotline (1-800-858-7378) to handle all agricultural pesticide complaints. As recommended by a legislative committee, TDA will also seek funding for five additional pesticide specialists.

- TDA will also work with pesticide manufacturers and dealers to develop a sensible method of recording how much of which chemicals is used in Texas. TDA will also work with the State Health Department and medical professionals to implement an effective system of reporting and analysis of cases of human poisonings.

"We've worked for nearly a year with those who are concerned about pesticide safety to develop this program, and it's receiving broad acceptance as people now learn exactly what TDA is proposing," White said. "That's not to say it can't be improved. We are holding these public hearings at Austin, Lubbock and San Juan—at times of the day and week when they are convenient for the public—so everyone concerned knows the approach we are taking and just how reasonable it is. Plus, we continue to seek constructive testimony on how the overall program can be improved."

Since it was announced, TDA's pesticide safety program has received editorial endorsements from the Fort Worth *Star-Telegram*, Austin *American Statesman* and San Antonio *Light*. Endorsements have also been received from the Mexican-American Legislative Caucus, individual state legislators, various health care providers, community service and farmworker organizations, cities, schools, counties and churches.

**TREAT YOUR BURROWS WITH LARVACIDE**

Use LARVACIDE to drive out and kill burrowing animals such as rats, prairie dogs, gophers, moles, woodchucks and groundhogs. A little does a lot! Drives them out to die. Many Larvacide-treated burrows may fall in from disuse before they are reoccupied. And LARVACIDE fumes are heavier than air so they will linger in the burrow. Use LARVACIDE to solve your burrow problems!

**Lockney Co-op**

Lockney, TX (652-3377)

LARVACIDE is a registered trademark of Soweeco Inc. EPA #21327-00004  
LARVACIDE is a restricted use pesticide.

Larvacide carries own warning. No danger to human beings... because of tear gas effect, no human can willingly expose himself to dangerous concentrations.

**Your Co-op Gin. The Best Way to Keep The Future in Your Hands.**

Your co-op gin does more than gin your cotton. It's the start of a system that takes cotton all the way to the market. A system that makes cotton growers who gin at co-ops a factor in the complex system of buyers, sellers, and users of cotton.

Bringing your cotton to your co-op gin means that you're doing all you can to work within the system, and it gives you better control of your own future.

Your co-op gin also lets you share in the profits of the gin and you have a voice in how it's run. The more cotton that goes through your gin the better job it does for you, the more it pays in dividends, and the more it strengthens your voice in the industry.

Take your cotton to your co-op gin—it's the best way you've got to keep the future in your hands.

HIGHLIGHTS

**7:00 (9) ★★ "HELLFIGHTERS"** (1969, Adventure) John Wayne, Katharine Ross. A band of courageous firefighters battles a spectacular oil-well blaze.

**7:06 (4) ★★ "ROBINSON CRUSOE ON MARS"** (1964, Science-Fiction) Paul Mantz, Vic Lindin. A man and a monkey search for food and water after their spaceship lands on Mars.

**8:00 (4) ★★ "PONY EXPRESS"** (1953, Western) Charlton Heston, Rhonda Fleming. A pair of cowboy heroes help to ensure that the mail goes through.

**9:20 (4) ★★ "THE SKULL"** (1965, Horror) Peter Cushing, Christopher Lee. A mysterious skull exudes a powerful and destructive influence on all who come into contact with it.

**11:00 (13) "RED FLAG: THE ULTIMATE GAME"** (1981, Drama) Barry Bostwick, Joan Van Ark. The

lives of strong-willed pilots and the women they love are influenced by complex and dangerous war games being conducted in the Nevada desert by the U.S. Air Force. (R)

**11:30 (9) ★★ "THE MEDUSA TOUCH"** (1978, Horror) Richard Burton, Lee Remick. A female psychiatrist attempts to minimize the importance of her patient's claim that he possesses uncontrollable telekinetic powers that result in death and disaster.

**3:00 (9) ★★ "FIRST TO FIGHT"**

Bazaar Recipes

**Continued From Page 4**

**Russian Snowballs**

1 cup softened butter  
1/2 cup powdered sugar  
1 teaspoon vanilla  
1/4 teaspoon salt  
2 1/4 cups flour  
3/4 cup finely chopped nuts

Preheat oven to 350°F. In a large bowl, using low speed on an electric mixer, mix butter, sugar, vanilla, and salt for one minute. Gradually add flour and stir by hand until well blended. Stir in nuts and mix well. Take approximately 1 1/2 teaspoons of mixture and form into a ball. Repeat with remaining mixture. Place balls one inch apart on an ungreased cookie sheet. Bake for 8 to 10 minutes until firm but not brown. Remove from oven and let cool one minute. Roll balls in confectioner's sugar. Cool and re-roll again. Makes approximately 4 dozen.

**Swedish Lace Cookies**

1/2 cup butter or margarine  
1 cup quick-cooking oats  
1 egg  
1/2 cup sugar  
2 tablespoons flour  
1/2 teaspoon baking powder

Preheat oven to 375°F. Melt butter in small saucepan over low heat. Remove from heat and add oatmeal. Mix well and set aside. In a small bowl beat egg and sugar until light and fluffy. Add oatmeal mixture and flour sifted with baking powder. Stir until well-blended. Drop by teaspoonfuls onto a well-greased baking sheet. Place far apart (about 3

inches) since these cookies spread out while baking. Bake for 5 to 6 minutes or until golden in color. Cool on baking sheet for 1 minute and remove to flat surface. Makes about 40 cookies.

**Percolator Punch**

32 oz. cranberry juice cocktail  
1 qt. water  
1 tsp. instant lemon tea  
1/4 tsp. cloves  
1 cinnamon stick

Heat in percolator and serve with lemon wedge in cup.

Safety Corner

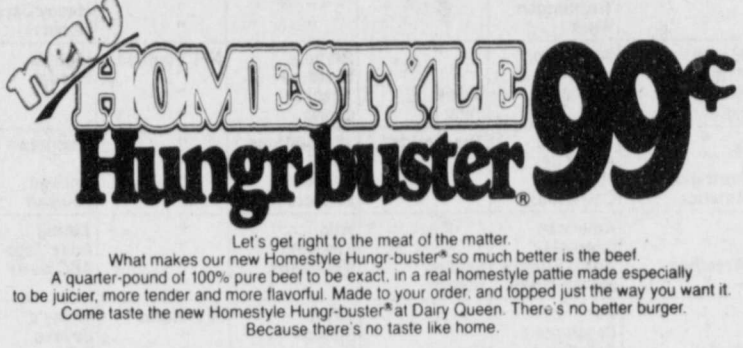

**Winter Sports**

Winter brings both pleasure and discomfort. Although many of us prefer home and hearth when snow falls, others of us are out skiing, hunting, sledding, snowmobiling, and ice fishing. Make safety part of the action:

- Have the proper equipment for the sport. Select quality gear and keep it in good shape.
- Take time to learn what you will be doing, get the instruction and practice.
- Dress properly for the weather, noting both wind chill and temperature. Be aware of the dangers of frostbite and hypothermia. Avoid fatigue and overexposure to cold and wind.

Dairy Queen knows what makes a burger better.

Let's get right to the meat of the matter. A quarter-pound of 100% pure beef to be exact, in a real homestyle patty made especially to be juicier, more tender and more flavorful. Made to your order, and topped just the way you want it. Come taste the new Homestyle Hungr-buster at Dairy Queen. There's a better burger. Because there's no taste like home.

**Monday thru Sunday, Nov. 5-Nov. 18, 1984**

**Dairy Queen**

"Just keeps on getting better."
