# Health agency discussed

Janice Hatcliff, agency director of the newly formed Lockney General Hospital Home Health Agency, was the guest speaker for the Lockney Rotary Club last Friday.

Hatcliff began her program by stressing that Home Health Care is used only on doctor's orders, in that the only people accepted by the agency are those a doctor has requested home care.

People may be referred to the agency for a variety of reasons that include homebound status and surgery patients that cannot completely care for themselves upon immediately returning home

Hatcliff said that up to this point much of their service deals with education. She said that the most important thing in educating the ill person is to explain their medications: what the medication is for, what possible side effects to expect, and most importantly, to see that the patient is not taking something that could possibly interfere with the doctor ordered medicines. She said that many of the elderly patients will have several old medications they should not be taking or that the doctor has stopped, but they continue to take.

She said that the agency nurses will go into the home, set up schedules for the medications, and also stress not taking any other medicine that is not doctor ordered.

Another area that the agency helps is with education of the "significant other person." This may be a friend or relative that is in the home with the ill

person. This significant other person is taught about the illness or disease of the ill party and what to expect in the way of medication reactions. The other person is also educated in the areas of diet and exercise that the patient may need.

If the orders of the attending physician include providing physical or speech therapy for the homebound patient, the agency can also provide these services. In the future, the agency will also be able to provide the physical and speech therapy services for Care Center residents also.

The agency provides a wide variety of services including inhalation therapy, surgical dressing changes, catherizations, diabetic and cardiac management and education, rehabilitation, nutritional and diet guidance, injections such as B-12, and insulin, medication evaluation, blood pressure monitoring, and ostomy care.

Hatcliff stated a wealth of services will be provided to the members of not only Floyd but Motley, Briscoe, Hale, Swisher, and Hall Counties. She also commented that the office of the Home Health Agency has a wide range of literature on just about every medical program or can arrange for that they don't have. The agency has access to recorded and large print books for the sight impaired.

In closing she stressed that "education is our main function at the present time. Helping the patient to understand his or her medical problem and helping them to set realistic goals for the future is our goal."

Basketball coach Robert Redden then introduced the members of the Varsity

basketball teams; Alayne Slover and Phil Cotham introduced members of the girls Junior Varsity and Freshman Redden then presented the top basketball honors in offensive and defensive positions as well as the

# Public hearing held on **TDCA grant application**

On Monday night a public hearing was held in the Lockney City Hall to discuss an application with the Texas Department of Community Affairs for paving in the city.

Streets scheduled to be included on the application include East 2nd from Shubert to Spruce, East 4th from Shubert to Poplar, East Willow from 4th to 6th, and East 6th from Locust to Shubert.

Michelle Magruder, community development planning analyst with SPAG was present at the meeting to discuss with the public the application which the city is planning to file. In addition to Mayor J.D. Copeland and city secretary Erma Lee Duckworth there were 13 citizens present for the meeting.

Magruder asked the dozen citizens present if they felt Lockney had any other needs which could be better met by a grant than the proposed paving. Citizens' suggestions included rehabilitation of housing, clearance of old homes and buildings that are no longer occupied, and improvements to the Community Action Center. After some discussion most of the citizens agreed that the paving was the most needed at the present time because of the drainage problems on the aforementioned streets during times of bad weather.

Magruder told the citizens that the maximum amount that Lockney could as the outstanding girls. Though not announced at the ban-

affected by the fire but also the area hospitals; however United Blood Services reports that they have an adequate supply of blood for the present and blood drives are being organized in Lubbock to replace the lost blood.

For those Floyd County residents who are intending to be in Lubbock this week United Blood Services has set up a blood collection point at Methodist Hospital. They will be taking blood donations from noon till 8:00 p.m. Tuesday through Friday. Though United Blood Services has 30 employees they still face a difficult week trying to replace the supply of blood and blood products lost in the fire.

The application will be submitted by

May 31, but the results will not be

announced until September or October

To add more leverage to the Lockney

application, Magruder suggested that

the city take pictures of the target

streets when they have had rain on

them. "This will show the committees

just how badly the streets are in need of

paving and drainage improvements,"

She also encouraged those present to

spread the word that the city must

conduct a door to door survey of the

homes on the targeted streets. This

must be done for the grant application

as the improvements must benefit 51%

low to moderate income families. It was

stressed that citizens answer the ques-

tion of their income as honestly as

possible. In order for the City of

Lockney to submit for the grant, it must

benefit the low to moderate income

families and the city secretary will be

Officers for the Girls Athletic Boosters will be presidents, Tom and Barbara Coffman, vice presidents will be Larry and Sandy Adrian, and the secretary/ treasurers will be Kenneth and Jackie Lou Holt. Presidents of the Boys Athletic Boosters will be David and Pat Frizzell.

The Lockney junior high students will present their one act play in district competition Thursday in Petersburg.

These students will be presenting "Scenes from the Diviners," which is set in the fictional town of Zion, Indiana, a small rural community. The play centers around Buddy Layman, a young boy who is afraid of water, and C.C. Showers, a preacher who has given up the preaching profession.

# Graduating high school and junior high students feted

The young married couples Sunday school class of Main Street Church of Christ in Lockney sponsored two dinners last week to honor Lockney school students.

Monday night, a dinner feted the 1985 graduating class. About 45, including LHS principal James and Shelia Poole, and class sponsor Bob Purser, were present.

The speaker was David Riley, youth minister at Garland Street Church of Christ in Plainview. Invocation was by Lockney minister George Schuster.

Decorations included graduate silhouettes on the walls. The cut-outs were inscribed with the names of the students and were given as a remembrance of the evening. Quartet tables were covered with red cloths and centered with black lanterns. Places were marked with red pepper programs. The menu featured spaghetti, garlic bread, tossed green salad and chocolate cake.

The dinner honoring the members of the eighth grade graduating class was held Tuesday night. The dinner was attended by about 35 class members and Lockney Junior High principal Raymond and Martha Sue Lusk.

Minister George Schuster gave a brief talk to the group. Decorations and menu were identical to the senior dinner. The students were given the graduate silhouettes.

apply for was \$400,000.00. Last year Lockney applied for a grant but had THIS WEEK been denied and the amount applied for in 1984 was \$250,000.00. Magruder said that the amount would probably be slightly higher this year due to inflation.

America's most precious resource, water, is in peril. Putting the U.S. on alert are catastrophes all around the world, drought, famine, and the spreading of the Sahari desert in Africa and dying forests in Europe and South America.

In California, the southern part of the state is in a life or death struggle with the northern half for water. Some 60 percent of the population lives in the desert-like south, which gets only a third of the state's rainfall. Yet northern Californians are reluctant in helping to irrigate fields and fill swimming pools

Texas legislators are trying to revive a proposal, to cost up to 100 dollars, that would channel away Mississippi River water before it gets to Louisiana. The states of Wyoming, Colorado, Califor-

nia, Arizona, and Utah are embroiled in a squabble over the Colorado River, which already is so heavily tapped that in normal years it no longer reaches Mexico's Gulf of California.

Prof. Joseph Franzini of Stanford University notes, "Most people believe that water is a birthright but we can no longer take water for granted."

# **Care Center Capers**

Hi! Monday was exercises, church and arts and crafts in the afternoon. We have exercise every morning and

then church afterwards. The residents really look forward to exercise and church each day.

On Tuesday afternoon Calvin Brittian went on the bus trip with the residents to Plainview. They were gone most of the afternoon touring Plainview. Wednesday was game day and dominoes were played.

Thursday was movie day and we watched the Long Journey. It was about two dogs and a cat who wondered away from home, and how they managed to get back home.

Friday was a quiet day for everyone here. So until next week, Bye for now. Spring is here. Along with spring comes spring clean up. Everyone has willingly pitched in their share to help us fix up the home. The housekeepers have been busy painting the clothes storage units in each room, along with painting the baseboards in the hallway. With the new paint job residents and staff have had to be extremely careful not to get any paint on their clothes. Joe Muniz donated his time to the home by mowing the lawn last Thursday. It was much needed.

New linens arrived to the home in time to give the residents' bed a new spring look. Also the staff has been busy rearranging furniture in the residents' room to give them a more spacious look.

Early this last week Mrs. Hernandez's family chose to move her closer to their home in San Angelo. We are sorry to see her leave our fine facilities. Mrs. Mae Bomar was admitted to the

local hospital Thursday afternoon. The residents and myself have been

extremely busy creating crazy hats for Crazy Hat Day during National Nursing Home Week. If anyone has an old hat going to the garbage, please feel free to bring it by the Nursing Home so the residents can create even a crazier hat

Monthly birthdays consisted of Alma McDonald, who turned 89 and Thomas Jones, who was 91 years old.

Our churches have been doing a very good job each day. We sure look forward to their coming.

We would like to welcome all visitors to our home. Come and get acquainted with our residents.

The weekly bingo was rewarded with home baked cookies. I wish to thank all ladies who brought them to us; they were really good. The winners this week were Mary Jo Fielding, Bertha Cunyus, and Mary McCracken.

We are getting ready to set out plants for our garden. Anyone who has extra plants and would like to share their plants to please bring them by the Nursing Home.

Also, anyone would like to volunteer their time or talent, please come by and contact Helen (652-2502). We have a lot of exciting events coming up for the month of May and all volunteer work will be greatly appreciated.

The residents enjoy all the people who take time to share their memories with them. We encourage each of you to make an effort by visiting the Nursing Home. Get to know your local Nursing Home. There are many friends to be made there.
