# "A Night in Paradise" highlights 1985 senior prom

**BETTY KAY CATES and BRENT HALLMARK Most Likely To Succeed** 

Any visitor to the Lockney Elementary Cafetorium would probably not have recognized the room as a cafeteria last Saturday. It had been transformed into an island paradise for the Junior-Senior Banquet and Prom.

Students and guests for the night entered the cafetorium by crossing a flower bedecked bridge that spanned a water fountain and two ponds. Trees, potted plants, and Hawaiian "tiki" gods surrounded the waterworks. Entry to the banquet was gained through a bamboo hut. Once inside, students and guests were thrust into a wide variety of island scenes and authentic island settings. Walls were covered with murials of island scenes including palm trees and ocean scenes. Outlining the entire cafetorium was a beach area formed with sand hauled in for the event. The beaches were strewn with sea shells, palm trees, and more "tiki" gods to oversee the event. Highlighting the setting was a "docked" sailboat on the west wall. The south end of the room and the stage were decorated with bamboo huts. A cave was used as a backdrop for the prom pictures. To gain entry to the stage area, the students crossed a bridge with vining plants entwined through its rails. Completing the scene was a mountain and numerous trees and plants with more huts. All the decorations came together to create the setting for the evening which was "A Night in Paradise." Capping off all the evening's decorations were several yards of netting hanging from the ceiling strewn with flowers. Students and guests for the evening enjoyed filet mignon, baked potatoes with butter and sour cream, green beans, dinner rolls, and flavored sher-

berts for dessert. The steaks were cooked by Bill Race.

Following the meal the awards for Who's Who in the various subjects and athletic events were presented to: Brent Hallmark, valedictorian; Betty Kay Cates, salutatorian; Nicki Race, journalism: Cindy Castro, business: social studies, Betty Kay Cates; Tamara Elam, band; agricuiture, Billy Bob Sherman; Margaret Holladay, home economics; Betty Kay Cates, English; Monty Teeter, Math; Margaret Holladay, librarian; and Brent Hallmark, computer. Also presented were the best All-Round Girl and Boy who are Betty Kay Cates and Brent Hallmark, respectively. The Who's Who in sports included Brent Hallmark and Sarah Fitzgerald for basketball, Scott Poole for football, Nicki Race for tennis, and Gary Kent and Betty Kay Cates for track. Also announced were the senior class personalities as voted on by members of the junior class. Most popular were Terry Mathis and Irene Cantu, Most Representatives were Monty Teeter and Nicki Race. Most Courteous were Mary Esther Cortez and Adam Rodriguez, Most Friendly were Buffo Rodriguez, and Cindy Castro, and the Most Likely to Succeed were Brent Hallmark and Betty Kay Cates. Following the presentation of the awards the students awaited the clearing of the floor for the prom which followed.

## planned Friday, May 24th

A genealogical workshop is planned Friday at Floyd County Historical Museum, north of the courthouse in Floydada.

The event begins at 10 a.m. Both beginning and experienced genealogists are urged to attend. Assistance will be available to aid the beginners in getting started on tracing of family "roots"

Floyd County Museum research materials will be supplemented by private materials.

Files from April 24, 1921, to May 19, 1925, from Harmon Funeral Home in Floydada have been copied and are available for research. Currently, the Museum staff is copying funeral records from Moore-Rose Funeral Home from 1939 to 1978.

The Museum has history books from the following counties or cities: Brewster, Briscoe, Castro, Crosby, Dallam and Hartley, Deaf Smith, Duncanville, Fannin, Floyd, Grayson, Hale, Hillsdale County, Michigan, Hopkins, Sherman, Swisher, and Trail County, North Dakota. Additional books on counties are cemetery surveys from Crosby and Grayson Counties, and marriage records from Fannin and Grayson Counties.

Books specifically on Floyd County in the Museum's shelves include the county history book, 1930 Floydada city directory, World War II service book, Mark and Brand Records, Vol. I, II (1890 to about 1921), One Corner of Heaven by Blanche Scott Rutherford (Harmony Community) Favorite Stories About Floyd County by Alma N. Holmes, The Early History of Floyd County by Claude V. Hall, and The Good People I Have Known (South Plains community.)

Besides several "how to" genealogy books, the Museum also owns Texas Emigrant Guides, 1840-41, Official Records of the Union and Confederate Navies in the War of the Rebellion, Civil War Claims in the South, and Roster of Revolutionary Ancestors, Vol. II, D-H.

## **School ceremonies planned**

The Lockney baccalaureate ceremonies are scheduled for May 19 at 8:00 p.m. at the First Baptist Church of Lockney. Everyone is invited to the service.

Graduation exercises for the 1985 class of Lockney High School will be May 25 also at the First Baptist Church at 8:00 p.m. The graduation is by ticket only, due to the limited seating of the

## Chamber donates money

Directors of Lockney Chamber of Commerce met Tuesday morning of last week at Strickland's Restaurant and voted a \$250 donation to the Ronald McDonald house in Lubbock.

The group believe the guest house to be built near Lubbock General Hospital for the use of seriously ill children and their parents to be a worthy project and a facility that someone in Lockney might need in the future. In giving the donation, the chamber followed the lead of Il Penseroso Study Club which has pledged \$1000.

In other business, the directors decided to get started on a campaign to advertise Lockney medical facilities in

Music for the prom was provided by Roy Holden of "The Entertainer" of Amarillo. Special lighting effects for the evening, provided by Jim Lewis also of Amarillo, included flash pots that gushed fire and sparks when set off. The students enjoyed a wide variety of music and danced until midnight.

## **Poole to play in All-Star game**

For the first time in the history of Lockney High School Lockney has had a football player selected for the North-South All-Star game which is played at the Dallas coaching school each summer. Lockney senior, Scott Poole, son of James and Shelia Poole, has been selected to play for the North All-Star team and will be playing the end position.

The All-Star football and basketball games are sponsored by the Texas High School Coaches Association and Whataburger, Inc., who announced its association with the THSCA in support of the All-Star games in December of 1984.

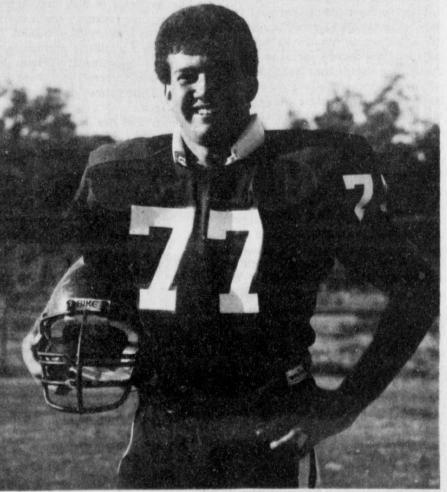

The All-Star game will be played on August 1 in Texas Stadium. Scott and other members of the North Team will be coached by Lewis Kelley of Lubbock's Estacado High School. Scott and other team members playing in the North/South Game will be reporting for practice on July 27 and will be staying on the SMU campus.

In a letter received by Scott from the All-Star Chairman, John Blocker, he said, "This is the higest honor that can be bestowed on an athlete in the State of Texas. It took many coaches hundreds of hours to complete the selection process."

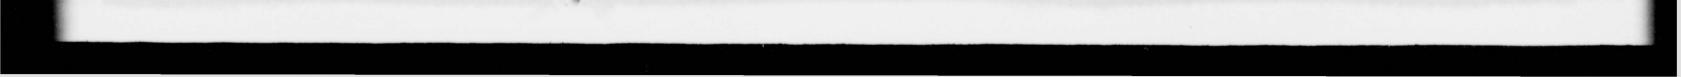

Honors bestowed on Scott Poole during his senior year his efforts in football include the All-South Plains team on both offense and defense, and the All-District team on both offense and defense. He was also named the Plainview Daily Hearald's Player of the Week during the 1984 season, and he has been named the All Round Who's Who in Football for the 1984-85 year. At the All Sports Banquet Scott was also named the Outstanding Offensive Lineman and the Outstanding Defensive Lineman, and he also received the Desire Award.

Also earlier this year Scott received a football scholarship to play for Southwestern Oklahoma State University at Weatherford, Oklahoma.

On hand in Dallas to watch Scott play in the All-State game will be the Lockney High School coaches who will be attending the Dallas Coaching School.

## In times like

### these... By Mary Jo Fielding

To the Soviet Union, recalling victory in World War II is both a popular obsession and national industry. To an American observer, the Soviet portrayal of the war is blatantly one-sided. There are three reasons why the Kremlin is so concerned with perpetuating memories rather than focusing on the presenting or the future.

First, the Soviet Union suffered a truly deep trauma in the war. About 20 million people, 10 percent of the population were killed and 30 million more were wounded. Some 25 million were left homeless and 32,000 factories were destroyed.

Second, Soviet leaders are concerned that the younger generation may grow up ignorant of the tragedy and sacrifice. In the Kremlin view, there is need to

nurture the wartime legacy among the nation's youngsters as part of the Soviet "peace offensive" at home and abroad.

Third, war is a convenient excuse to distract attention from shortcomings of life at home. By constantly raising the possibility of an attack by the U.S., as Germany attacked the Soviet Union in World War II, leaders seek to convince everyone to work harder and to bear whatever sacrifices are necessary.

In contrast to the 30th anniversary of V-E Day at the height of d'etente, the major focus this year is anti-German. However, the U.S. considers such emphasis harmful to its relations with Bonn. This accounts for the Reagan administration's reluctance to participate in any joint celebrations with Moscow.

SPECIAL OLYMPICS-Coach Glenda Ford, Danny Potts, Lucy Mendez, Darrell Shores, Norma Ruiz, William Shore, Diane McDonough, and coach Karen Evans made the trip to Lubbock two weeks ago to participate in the Special Olympics competition. The students are wearing their medals and ribbons.

#### **By Helen Curry** Hello everyone.

We are very excited here about National Nursing Home Week. We kicked it off with an open house and a Mother's Day tea honoring all the mothers.

Mrs. Workman and Mrs. Wofford were our oldest mothers here, and the youngest mothers were Mary Jo Fielding and Vivian Morris. All the residents looked really special Sunday.

Last Monday after our daily routines during the morning, six residents and I went on the bus trip in the afternoon. Mrs. Pierce took us on a tour of Plainview where we saw several new homes being built and rode through

several residential areas. We stopped at the Sonic Drive-In. The staff of Sonic treated us to an ice cream cone. Tuesday we made a few more crazy

hats in craft class. They really looked great. Wednesday the residents played dominoes in the afternoon. The weather was really nice, so some of the residents sat out and enjoyed the sunshine.

Thursday the residents watched a movie with popcorn and lemonade for snacks. It was about the Lubbock twister in the early 1970's.

Friday we didn't get to play Bingo, because I had to go to Plainview and pick up our new T-shirts that we are wearing for National Nursing Home Week.

## **Council applies for grant**

In the regular monthly meeting of the Lockney city council, the council approved a resolution authorizing the submission of a Texas Department of Community Affairs application for Community Development Project funding and also authorizing the mayor, J.D. Copeland, to act as the city's executive officer in all matters pertaining to the city's participation in the Community Development Program. This application will involve applying for the funds to pave Southeast Second Street from Spruce to Shurbert, Southeast Fourth from Poplar to Shubert, Southeast Sixth from Locust to Shubert, and East Willow from Fourth to Six Streets.

The council also appointed Robert McDonald to fill the position on the Mackenzie Municipal Water Authority board of directors. Previously David Frizzell had been appointed by the council, but he declined to represent

One public hearing has been held on this grant and another was scheduled for Wednesday morning. We will report on the results of this last hearing in next week's edition of the paper.

Another resolution was passed in regards to the grant application, authorizing the city to commit 5% of the funds to be used in paving improvements if the city does get the grant. By committing to fund 5% of the cost of the paving, Lockney will receive additional points when the application is being reviewed. The applications are reviewed and given points for various portions of the grant. At the present time Lockney has 75 points for applying for paving, 25 points because of applying last year and not receiving funds, and 30 points for committing 5% of the funding for the project. The amount Lockney will pay, if the city receives the grant, will be about \$13,500.00.

In other action the council approved installing 8-foot, double, florescent light fixtures in the large room of the Lockney Community Center. Representing the II Penseroso Study Club Julie Hancock and Lisa Mosley appeared before the council and discussed the need for more lighting in the building and said that their club and possibly others would use the center more if the new lighting was installed. The council approved having the lighting installed at a cost of \$850.00 which will include all materials and labor involved. Also Lisa Mosley said that she would check with their club and see if the club would be willing to furnish a working stove for the center since the one there now does not work very well.

City engineer A.C. Bowden discussed sealcoating several streets with the council. The streets are in the west part of town and have not been coated since 1977. The council approved callling for bids on sealcoating; the bids will be opened at the June meeting of the council.

Lockney this year due to other conflicts. The council also approved installing a street light at the corner of Northeast Fifth and Washington streets. There is no charge for the installation of the light, and the cost to the city is about \$5.00 per month for the electricity to power the light.

In other business the council had a request from Kirby Pierce for a permit to move a mobile home into the Southwestern Heights Addition of Lockney, an addition south of Highway 70. Pierce has requested the city's approval to move his mobile home which he recently purchased onto lots in the addition. The mobile home is 204 square feet shy of the city ordinance which states that a home moved into Lockney must have 1200 square feet. The council stated they had no objections to the move, but they would require the Pierces to obtain a variance from the Lockney zoning board before a permit to move the home would be granted.

# Lockney clubs help fund Ronald McDonald House

Last Friday the featured guest speaker for the Lockney Rotary Club was Carolyn Simpson, who presented a program on the Lubbock Ronald Mc-Donald House.

The proposed house to be built in Lubbock came about through community efforts and the efforts of the Junior League of Lubbock. In 1982 a survey was conducted which found a need in the Lubbock area. The survey showed that 42% of the patients confined to Lubbock hospitals were from out of the city and of that number, 18% were from 60 miles or more away. In 1983 Family House, Inc. was chartered as a non profit organization which would oversee the construction and operation of the Lubbock project.

Family House, Inc. consists of a thirty member board of directors made up of hospital administrators, practicing physicians, a volunteer group of parents of previously ill children, nurses, owners and representatives of the Mc-Donald's Restaurants, and friends of the community. Included on this board are Doug Hodel, administrator of Methodist Hospital and the son of Verner and Helen Hodel of Lockney, motel. and Carolyn Simpson, member of the Lubbock Junior League and the daughter of Fred and Virginia Byrd of Lockney.

The house in Lubbock will be called

"The House that Love Built" and will be built by a two story floor plan, consisting of 12 bedrooms each with a private bath. There will be shared living, kitchen, and dining facilities. A play room and play ground facilities for children staying at the house will be provided. A live-in manager will reside at the house. The location is a one acre tract of land donated by Texas Tech University located at about 6th Street and Indiana Avenue. It is within walking distance of Lubbock General Hospital, and a bus route of City Bus will be available to take residents to the

other major hospitals in Lubbock. The house is more than a house Simpson said, "It is a home away from home for the parents and family of seriously ill patients who are being treated in Lubbock. It will provide a comfortable, non institutional setting where families can rest and privately share their concerns, thoughts, and questions with each other. It will also ease some of the financial stress that occurs when the family must stay in a hotel. The cost of the house will be only a fraction of the cost of staying in a

The cost building the structure in Lubbock will be about \$500,000.00. At present the house is \$350,000.00 realized toward that goal either through actual monies received or in pledges.

The Junior League has pledged \$125,000.00 and local McDonald's restaurants including Lubbock and Plainview facilities have pledged \$25,000.00. Also Jim Hollon of Hollon's Home Furnishings has agreed to donate all the furniture for the house.

There is an idea being pursued in Lockney in which Lockney community donors would pay for one room in the housing unit. The cost of this project would be \$15,000.00; Lockney would have three years to raise the total amount for the project.

Presently in Lockney, efforts are being made to realize this goal. The Lockney Chamber of Commerce has accepted responsibility for collecting the money and donations are already coming in. The Chamber has given \$250.00 toward the room and the II Penseroso Study Club has donated \$1.000.00.

Also a bike-a-thon is planned for Saturday, May 18, to raise money for the project. The event is being sponsored by Lockney's Athena Study Club and is open to anyone. Sponsors are asked to pledge a certain amount per mile or a maximum amount. All proceeds will be donated to the fund for the Ronald McDonald house to be built in Lubbock.

Simpson said, "We expect most of the people staying in the house to be

parents and families of patients of the neo-natal unit of Lubbock General and those receiving cancer treatments, burn treatment, diabetic counciling, and even some to the out-patients receiving physical therapy."

Lockney has an excellent hospital

facility, much better than some towns its size and two excellent physicians in both Drs. W.J. and Gary Mangold, but

even some occasions arise making it necessary for patients to be transfered to Lubbock for treatment. It would be

particularly rewarding for a Lockney family to have a place to stay provided, the need arise. The family could also have pride and draw strength from the knowledge that their home community cared enough to help in the construction of the facility.
