There was a rodeo held in Lockney this past weekend and spectators that attended got to see some fine competition among top ranked cowboys and girls.

There were several local people entered in the rodeo, including Belynda and Pepper Billington, Brett Marble, and Clinton Ware. Several local men entered the businessmans calf dressing contest

Winning the businessman's calf dressing contest was the team of Tommy Billington, Ronnie Field, and Louis Luna. The second place team consisted and Rick Hayter. Chamber is seeking entertainers

The Lockney Chamber of Commerce is looking for citizens who would like to participate in the Main Street U.S.A., Entertainment Extravaganza in August. At the present time Lisa Mosley, Terry Keltz, and the group headed by Lockney's Dowell and Louis Ray Stapp have signed up. Mary Lindsey Poole and Jennifer Fortenberry will be presenting several dance routines during the event.

A large crowd attending the event last year made it a great success, and this year could be even better with the participation of local talent and mer-

chants.

Anyone interested in participating in this year's event, should call Cindy Smith at 652-2170.

HERMAN THE TURTLE

Turtle takes up residency

at Lockney Care Center

By the Residents of **Lockney Care Center**

Herman the Turtle was born January 28, 1948 in Hoboken, New Jersey. His parents are the late Mortimer and Gertrude Turtle. They were tragically killed when they were put in someone's stew pot in 1952. Young Herman was raised by his Aunt Sophie until he was 15. Being naturally curious and headstrong, he struck out on a warm sunny day with the words, "Go west young man" ringing in his ears.

The next few years, Herman wound his way through the countryside. He wound up in West Texas where he met and married Myrtle Turtle. They have four children, Jack, Jill, Bo, and Peep who all have taken off in their fathers footsteps.

Myrtle, herself decided to go to the big city leaving poor Herman alone in the country. He was on the highway between Aiken and Lockney when the activity director saved him from being hit by an 18 wheeler.

That's how Herman came to be our pet at the Lockney Care Center. He spends his days in the swimming pool buried in the mud. We hope he'll be with us for a long time to come.

4th of July dangers noted

The 4th of July is celebrated by almost everyone. However, for some there will not be much to celebrate this 4th of July holiday as lives will be lost and people will be injured in traffic accidents.

Since this is usually a time for celebration, many believe the best way to celebrate is by drinking and then driving. Major Vernon Cawthon, Regional Commander of the Texas Department of Public Safety, states, "At least fifty percent of all traffic deaths are alcohol related. Anyone who drinks can be a problem once they are on the highway. Many of these drivers go undetected until they get into a tight traffic situation, at which time a brain everyone!!

depressed by alcohol cannot think fast enough to keep them out of an accident producing situation."

On any given day under the right circumstances even that one "little drink", with which the social drinker is allegedly satisfied, can be one too many, and he can become a menace on the road.

Major Cawthon continued, "If you are planning a trip this 4th of July, be mindful of these things: the best way to have a safe, accident free holiday is by not drinking and driving, observing all traffic laws, and wearing seat belts." So, let us all try to be extra careful this holiday and make it enjoyable for

Highlighting the day will be a performance by the band, Westwind. Local merchants will also be featuring "Dollar Day" sales throughout the day.

First National appoints two and promotes one on staff

Chairman of the Board, Joe Kirk Fulton and President Joe Kim King are very happy to announce the election of June McDonald and Dub Dippery as directors of the FNB in Lockney. King stated the recent resignation of Kirk Fulton and Kyle Fulton were accepted with regret but that the bank is very excited with the election of the new directors.

King also announced the promotion of Janice Davis to credit supervisor and loan officer. King commented that "the. bank is pleased to have Janice affiliated with the FNB in Lockney and that it has been a great asset having Janice working at the bank."

June McDonald came to FNB in Lockney in 1944 and served as bookkeeper for several years, then she was teller and Asst. Cashier until 1958 when she was promoted to cashier. June has served her community and church in enumeruble ways and has touched the lives of so many people. She is currently serving as treasurer of First United Methodist Church, member of B&PW, and treasurer of American Heart Association. "It is very refreshing having

Janice Davis came to the bank in February of 1984. She was hired as a secretary and became an executive secretary in January 1985, responsible for the note department, credit files, bank correspondence and advertising. As a result of her past loan experience and excellant work at the bank, Janice's promotion comes as no surpise. King stated. "it such a comfort to have Janice involved in the bank supervision; her knowledge of credit administration has proven to be vital to the bank's organization."

an individual of June's caliber to serve on the Board. I am sure it will be a great benefit and pleasure for everyone involved," King stated.

Dub Dippery has worked in the bank since 1956 serving as bookkeeper, teller, loan officer and currently he is Vice-President of the bank. Dub has lived most of his life in Floyd County and is known by just about everyone. King stated that "Dub is a seasoned lender with endless potential and as a board member, he will certainly be an advantage to the bank."

NEW DIRECTORS-Dub Dippery and June McDonald, along with Janice Davis stand with newly appointed First National Bank president, Joe Kim King in front of the vault at the Lockney establishment. Dippery and McDonald have both recently been appointed directors at the bank. Davis has been promoted to the position of credit supervisor and loan officer.

Two weeks ago two Lubbock police officers met in Lockney with citizens to present a brief program on crime prevention and the Neighborhood Watch Program.

Several neighborhoods in Lockney have established watch programs, and those who have not enacted a program but wish to do so should contact Justice of the Peace, Mike Mooney, at his office at 119 North Main in Lockney. Mooney has the necessary forms to start a watch program.

One of the officers present for the meeting said that in small communities everyone trusts their neighbors, and this trusting habit can follow them to large communities. "Adults need to be made aware that crime can happen to them," said officer Royce Williams.

Neighborhood Watch Programs are established to help prevent crime before it strikes. They can help prevent crime by watching each other's property. In the programs one or two neighbors that are home during the daytime hours, when others are working, watch the neighborhood. If they see anything suspicious they then contact the local law enforcement officers.

One of the most important things to remember is that if a suspicious vehicle is seen in the neighborhood, get the license plate number and a description,

if possible.

One way to further protect your property is to engrave your Texas drivers license number on your property, especially on TV's, stereos, VCR machines, and any other items that are easily picked up and transported out of the home. To help citizens with the engraving Lockney now has four engraving tools available through Mike Mooney's office.

It is also necessary to keep a record of serial numbers of these items on hand. Also make a record of the serial numbers of all firearms in the home. The officers that came for the meeting reported that they had recovered over one half million dollars worth of stolen merchandise but were unable to return 4/5 of the merchandise, because owners could not provide proof of ownership. If you have a record of the serial numbers of the items in your home, if something happens you will be able to provide the law enforcement officers with the information they need to return your property.

Again, if you are interested in establishing a Neighborhood Watch Program in your area, contact Mike Mooney at the Justice of the Peace office on Main Street. And also contact him if you wish to use the engraving tool to mark your property.

Graduate student Brian Small was searching for fossils in the rose-colored clay of Arizona's Painted Desert when he came across a few scattered bones. What the young paleontologist had found were the remarkably well preserved skeletal remains of an early dinosaur that walked the earth some 225 million years ago. "As far as we know, this is the oldest dinosaur ever discovered," says Robert Long, 38, the University of California, Berkeley, research paleontologist who led the fossil expedition.

German shepherd, but with a long neck and tail) was probably a plant-eating ancestor of the giant brontosauruses, some of which weighed more than a 100 tons and were seven stories tall.

Long says the most exciting aspect of the find is that it offers a window into a nearly unimaginable past, before dinosaurs dominated the earth and when mammals and birds did not even exist. "The dawn of the dinosaurs was a totally alien world," says Long. "There were no flowers, no butterflies, no colors, only green and brown. Howdy Neighbors!

It's been an exciting week around the Lockney Care Center. It's hard to believe my first week has gone by. The staff and residents would like to bid a fond farewell to Helen Curry, who resigned her position as Activity Director. We would like to wish her the best.

On Monday, the residents worked on arts and crafts. We are making trivets out of clothespins. They really enjoy doing things with their hands.

Tuesday, the R.S.V.P. bus came by and we drove over to Plainview. We would like to thank Columbia Street Mr. Burger for treating us with ice cream. It game. Everyone gets a chance to bingo was delicious.

Wednesday, we were supposed to have a picnic on the front lawn, but due to the good ol' West Texas wind, we ate inside. Everyone thought the lunch of you, I hope I get all of the right names sandwiches, chips, and watermelons was great.

Thursday topped the week with the addition of our new family member and

our new pet. Mrs. Payne joined us and we'd like to welcome her into the Care Center.

As I was driving to work Thursday morning, I stumbled across a turtle on the highway between Aiken and Lockney. I couldn't resist so I turned around and picked him up. The residents and I fixed a pen to keep him in, complete with a swimming hole, and so now we have a pet. The residents really had a good time reminiscing about turtle tales of days gone by. We're all trying to think of a name for him.

Friday was the all time favorite Bingo and the action gets hot!

Well it's been a fast week and I've had a blast. I'm still meeting family members and I hope the next time I see with the right faces. Helen, we'll miss you!

Superior grain yields with a good grazing bonus. Excellent straw strength, too!

Our researchers were impressed by the tremendous pasture production and grain yields from these new varieties during testing. And now that the varieties have stood the test of actual production on many farms under many conditions, the proof is in!

They grow off well and show strong resistance to SBMV, leaf rusts, fungal leaf blights, and the Hessian fly,

· New 2157 gives you good, early grazing, then stays with you through the winter. And the grain yields are right up there with anything you care to compare it against. Choose 2157 for dryland or limited water production.

· New 2165 works with your irrigation program to make the most of all you put into the crop. Pasture comes on strong in the fall and grain yields are among the best you'll find, bar none
