By Ken Towery

Most of us in the newspaper business get a world of mail. Most of it is junk. There is the weekly outpouring from Attorney General Jim Mattox's office, bragging about what a good job he is doing. It's "copy ready", as we call it, meaning it is already type-set and camera ready. The same goes for Mrs. Hightower, our esteemed Commissioner of Agriculture. He is, as everyone knows, extremely wordy, and his press releases follow the same pattern. Mr. Hightower is also doing an excellent job, according to Mr. Hightower. Then there is the Gov's office, likewise with camera ready copy, telling the world what a good job he is doing and how lucky we are to have him as our chief executive.

Nor should we overlook, indeed how could we overlook, the material reaching this office from the office of our General Land Commissioner, Garry Mauro. He is the Pretty Boy of Texas politics, much in love with his countenance, which graces his press releases as it does his billboards.

They hope, maybe even expect, that we in the weekly newspaper field will be so starved for copy that we will insert their offerings as "filler" somewhere in our pages. About ninety percent of it ends up in the wastebasket, at least at this newspaper. And it is not only the politicians who bombard us with gratis material. The other day we even received a long release from Sears, letting us know (and hopefully letting the public know) that they were about to embark upon a major promotional effort through the medium of television, for goodness sake. I suppose that would be valuable information for our citizens who own television stations, which few do.

But not all of it falls in the unwanted category. Occasionally we receive some good stuff. An example is the material we get from the office of the Texas Comptroller of Public Accounts, Mr. Bob Bullock. Invariably it is interesting and informative, devoid of the self-serving tripe that marks most of the rest from the state capitol.

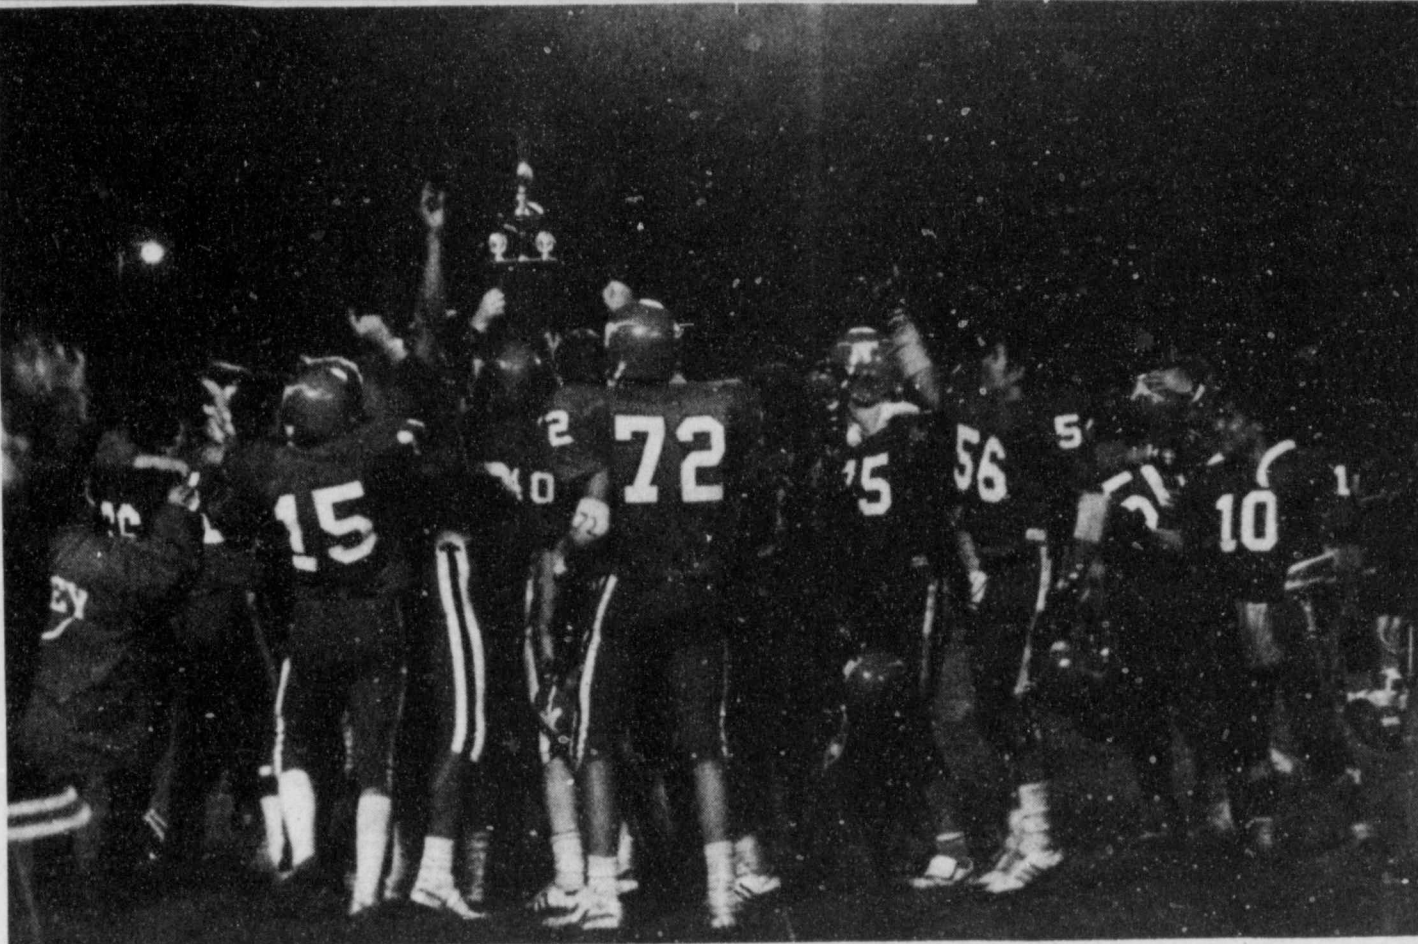

We are in receipt now of Mr. Bullock's "Fiscal Notes" put out by his Research and Management Division. From it we learn that the mail order business is booming nationwide, with Texas accounting for 6.6 percent of national mail order purchases.

The question naturally arises. Why the popularity of mail order sales? The answer is very simple. It is a matter of prices. And why are the mail order houses able to offer such comparatively good prices? Again the answer is simple. They pay no sales tax to the state, they pay no sales tax to the cities, they pay no property taxes to help support the schools and the streets, they have no local work force, they plow nothing back into the community, they are not hit periodically by community "drives" for worthy causes, they are not called on to support community sharing efforts. In point of fact, they are free loaders, draining every small community in America and enriching the bank accounts of merchandisers in Chicago, Atlanta, New York, you name it.

Bullock's office points out that mail order sales have grown 10 percent annually for the past five years and are expected to hit \$50 Billion (that's \$50 Billion, gentle reader) by the end of this year. If you want to get out your little pocket calculator you can determine just how much of a "saving" they are making in sales taxes alone, not to mention all the other items we outlined above.

How did we get in this mess? Back in 1967 a liberal Supreme Court ruled that states could not collect sales taxes on mail order sales, saying this would be contrary to the "commerce clause" of the Constitution. In so doing, the Court stretched the constitution to cover its own social views, just as it did to cover its views of race, education, and a host of other issues. Quite naturally the mail order business began to boom, freed as it was from another of the burdens that local merchants face.

1985 FLOYD COUNTY CHAMPIONS

Lockney Longhorns retain county championship for the second year

For the second year in a row the Lockney Longhorns have retained the Floyd County Championship trophy by defeating the Floydada Whirlwinds. The final score of the game was Lockney 6, Floydada 0.

Lockney's only score came on their second possession of the game. Lockney took the opening kickoff with the wind at their backs. They were unable to convert for the needed first down and punted to the Winds. The Winds took the ball and fumbled and Lockney recovered on the Floydada 32 yard line.

On the first down play Matt Mitchell ran the dive play and garnered 13 yards. The next play was a Cates keeper for 7 yards. Allen Stallings ran the sweep play for 6 yards and Cates took another keeper for 4 yards on the next play. With just three yards to score, the ball was handed off to Tony Banda who ran the sweep for the needed yardage and Lockney was on the board. The Banda extra point attempt failed but Lockney had scored the needed points to win the game.

The second quarter went much as the first without any scoring. On the first play of the second quarter Johnny Torrez carried the ball for a Lockney first down on the Winds 41 yard line, however after three more plays Lockney was unable to convert for the first down and punted back to the Winds.

Floydada began a 10 play drive on their own 26 yard line. They were unable to make the first down, even after a penalty was assessed to the Horns and punted back to Lockney. Four plays later Lockney returned the ball to the opponents.

Floydada took the ball on the Lockney 35 yard line, and was assessed a penalty and on a first and 15 yard play Lockney quarterback Steven Cates, playing safety on defense, intercepted a pass and Lockney took possession on their own 15 yard line.

The next Lockney drive saw some excellent field work by the offense as

Matt Mitchell carried for six yards, Dickie Hernandez carried for 14 yards, and Tony Banda carried the ball inside the Winds territory. Lockney was unable to score on this drive and the ball was punted back to the Winds with 1:52 left in the half.

Floydada took the ball on their own 23 yard line and were only able to move it back out to their own 31 before returning the ball to the Horns. Lockney had only two plays before the half.

The third and fourth quarters of the game were marked with fumbles. Twice Floydada fumbled and Lockney would recover and then Lockney would move the ball two or three plays and fumble back to the opponents.

Penalties were also heavy in the game. There were a total of 12 penalties for 140 yards lost in the ball game.

Coach Bob Purser commented, "Losing the ball was a big problem for us. We were inside the 20 yard line six times and lost the ball. We played an exceptionally hard game but the penalties and fumbles really hurt us."

"Floydada also played a very hard ball game, just about as hard a game as I have ever seen them play. If they continue to play this hard they deserve to win some of their games this year".

The Horns of the Week for the Floydada game include offensive lineman George Basaldua, offensive back Tony Banda, defensive lineman Lupe Basaldua, defensive back Johnny Torrez, and special teams player Lupe Basaldua, who garnered the two big hits in the game. The Horns of the Week are both Lupe and George Basaldua.

Individual Stats

Carrying the ball for the Horns in the game were Tony Banda with 18 carries for 92 yards, Matt Mitchell with 14 carries for 63 yards, Dickie Hernandez with 11 carries for 56 yards, and Steven Cates carried 21 times for 20 yards and Allen Stallings carried 1 time for 3 yards.

Lockney	Statistics	Floydada
10	First Downs	4
65	Rushing Plays	22
234	Yards Rushing	32
10	Yards Passing	40
244	Total Yards	72
0	Lost Interceptions	1
3	Fumbles	5

Receiving — Johnny Torrez 1 for seven and Tony Banda one for three.

Punting — Joe Torrez seven attempts for 224 yards and an average of 32 yards per punt.

Passing — Steven Cates six attempts for two complete and 10 yards.

Scoring — Tony Banda for a three yard run, extra point failed.

Billington wins first at play day

Pepper Billington, five year old daughter of Tommy and Belynda Billington of Lockney recently participated in a rodeo playday in Plainview and won first place in the eight year old and up division in barrel racing.

Pepper was riding her mother horse Kit and had a time of 19:29. She received a large trophy for her efforts. Later in the year Pepper will be participating in the State AASP&CR competition. Pepper was the youngest in her age division.

The same day Belynda Billington also won first place in the womens barrel racing competition.

School board discusses enrollment figures

The Lockney Independent School Board of Directors met for their regular monthly meeting on Monday, September 16 and the board and the building principals discussed, among other things, the enrollment and ethnic breakdown at each of the three schools.

In elementary school there are a total of 367 students enrolled. Of that number 37% are Anglo, 58% are Mexican-American, and 5% are black. Enrollment at the elementary school is up somewhat from the same time the past two years. In September, 1984 there were 353 enrolled and in September 1983 there were 351 enrolled at the grade school.

Junior high is showing a four student loss from this same time last year when there were 144 enrolled and for 1985

Carthel selected as FFA member for September

Rusty Carthel has been selected as the FFA member of the month for September. Carthel is the 17 year old son of Charlie and Barbara Carthel of Lockney.

Carthel has been enrolled in FFA for the past four years and this year is serving as the president of the Lockney FFA chapter. He said "FFA has motivated me to do more things than I had in the past and I have learned much from the program."

FFA advisor Randall Robbins commented, "This young man has proven to be an inspiration to the younger kids in the program and he has exhibited leadership skills to other members of the chapter. He has developed many skills in the shop especially in auto body repair. You can't find a finer young man than Rusty. He has never refused to do anything asked of him."

During his years in FFA Rusty has been involved in a number of projects

including the land judging team his freshman year and the parliamentary procedure team is sophomore year. In the local and county shows last year, he had first, second, and third place pigs and also the reserve grand champion pig.

Rusty is planning to attend either Wayland Baptist University or Texas Tech University and specialize in diesel mechanics and diesel technology after his graduation from high school.

During the month of August and part of September Rusty has been restoring a 1967 Mustang in the FFA shop under the supervision of Randall Robbins.

In his duties as president of the local chapter Rusty is presiding over all the FFA meetings and chapter projects for the 1985-86 school year.

Carthel is just one fine example of what the FFA and other such programs in the schools do for the young people in our community.

RANDALL ROBBINS, FFA Advisor, and Rusty Carthel, FFA Student for September, are shown with Rusty's 1967 Mustang that he has been restoring in the Ag shop.

Lockney JV fall to Floydada 18-0

The Lockney J.V. game at Westerfield ended with an 18-0 Floydada victory in a defensive tussle. The Horns fell behind 8-0 on the first possession of the game, but ended the first half in convincing fashion by not allowing the

Whirlwinds any more points. Floydada tacked on ten more points in the second stanza to take the 18 point win. For his fine effort in the contest, sophomore Clay Harrison was selected

the J.V. griddier of the week. The next game for the J.V. will be a clash with the Abernathy Antelopes next Thursday on the Mitchell-Zimmerman turf.

8th Shorthorns defeat Dimmitt

The 8th grade Shorthorn team was victorious over Dimmitt September 12 with a score of 8-0.

Michael Monroe scored the T.D. on a 25 yard run on a 4th down and 15 situation. Justin Means scored the extra points.

Justin Means also scored on a 97 yard run, but a clipping penalty nullified the T.D.

All 8th graders were chosen as Horns of the Week because of a good team effort.

Floydada upsets Shorthorns 20-0

On September 19 the 8th grade game between the Shorthorns and Floydada ended with a score of Floydada 20, Lockney 6.

Michael Monroe scored on a 55 yard run on the Shorthorns first play from scrimmage. The extra point try failed.

Floydada went on to score 20 unanswered points.

The Horns of the Week were Phillip Glasson and Michael Monroe. The 8th grade will combine with the 7th grade this week against Hale Center. It will be in Lockney at 5:00 p.m.

FFA Report

By Lori Smith

The first meeting of the Lockney Chapter Future Farmers of America was held last Tuesday night at 7:30. In items of business the chapter voted to have a turkey shoot as a fund raising project. They also voted to send the chapter officers on a leadership retreat to Ruidoso, New Mexico during Christ-

mas holidays. Guest speaker was Bruce Cobb, 1984-85 Area I Vice President now a sophomore in Ag Communications at Texas Tech. He presented a very interesting talk on desire and success. Another special guest was Melinda McCormick 1984-85 Area III Vice President now a Freshman in Ag Economics at Texas Tech.

In times like these... By Mary Jo Fielding

It has been the Soviet military that has felt the sweep of Communist Party Chief Mikhail Gorbachev's "new broom." The results could affect both the Kremlin's defense strategy and its relations with President Reagan.

The most important move in a wide ranging military shake up was the July appointment of Marshal Nikolai Ogarkov as First Deputy Minister and commander of Warsaw Pact forces. Ogarkov, 67, had been mysteriously dismissed last fall as chief of the Soviet general staff.

In another key change Gen. Alexey Lizichev, 57, replaced Gen. Alexey Yepishev, a 77 year old ideological hard liner as chief political commissar of the armed forces. Diplomats in Moscow

said the high command shake up involves at least three other top commanders, including the chief of the strategic rocket forces.

Ogarkov is best known in the West for publicly defending the shooting down of a South Korean airliner over Sakhalin Island in 1983. Bringing Ogarkov back from near oblivion gives Gorbachev another sophisticated and competent ally in the Kremlin hierarchy. The move reaffirmed Gorbachev's grip on the levers of power as well as his willingness to promote the people he needs, to wake up a sluggish system.

Analysts predict that Ogarkov will help Gorbachev prepare some strong challenges for President Reagan at their November meeting.

R.V. AND RITA WEBSTER

Websters named as Rotary Sept. Business of the Month

In keeping with the tradition of honoring a business of the month the Lockney Rotary Club has selected Webster Service and Supply as the business of the month for September.

Representing Websters at Rotary this month were owners R.V. and Rita Webster.

Webster's Service and Supply was opened in April of 1948 by R.V.'s father Kelly. At that time the business was located at 302 South Main Street. Both father and son ran the business and Rita acted as the bookkeeper of the business.

At the time business started, Henry Hodel was the wholesale dealer with them. When Hodel passed away Ham and Mildred Gammage bought the wholesale business and it became Lockney Oil and Butane.

Webster's continued to operate in the old location until 1979 when it was moved to its present location at 609 South Main. Kelly Webster continued to work for the business until he retired in 1964.

R.V. and Rita were married on July 22, 1947 and they have two children, Bobby and Debbie. Bobby worked with his father in the business after school and on Saturdays for a number of years. He graduated from Lockney High School and attended pharmacy school in Weatherford, Oklahoma and later went to The University of Texas at Galveston where he received his medical degree. He also entered Wesley Medical Hospital in Wichita, Kansas where he specialized in obstetrics and gynecology. Later he entered Vanderbilt University to specialize in endocrinology. Bobby is married to Mary Amber (Mamba) Frizzell and they have three children, Hilary 11, Jamie 8, and Blake 5.

Debbie taught school for three years after graduating from West Texas University in Canyon. She entered pharmacy school in Weatherford, Oklahoma and is presently a registered pharmacist at Lubbock General Hospital in Lubbock.

The Webster family has been active in the community and school affairs for a great number of years. R.V. has

coached little league, pony, and teenage baseball, served two terms on the Lockney General Hospital board, served on the Chamber of Commerce, and has taught the senior boys Bible class for many years.

Rita, in addition to working as the bookkeeper for Webster's Service and Supply, is also an aide at Lockney Elementary School, and is an active member of the First Baptist Church.

Webster's Service and Supply provides a great number of services to members of the Lockney community. They carry a full line of Goodyear tires, batteries, belts, and the like. They also carry AC brand filters and spark plugs as well. Fina gas and oil are major products for the business and they offer both full and self service gas pumps as well as delivering gas and diesel to customers in the country.

Lockney is well served by the business and the employees. In addition to R.V., Arcenio Martinez and Andy Solis, Jr. are at the station to do all they can for the customers. Martinez has been with the business for the past 14 years and has followed in the footsteps of his father who was employed there. Solis has been with the company for 10 years.

Care Center Capers

Hi Everyone!

We sure have had a few rainy days which kept us inside, but that hasn't kept us from having a fun and busy week.

Monday we went to Roaring Springs. It was just cool enough to be enjoyable. We all enjoyed that trip so much. Mary Jo Fielding has an accompanying article about our visit. Those that went with me were Mary Jo Fielding, Earl Mercer, Bessie Hunt, Hassie Arnold, Betha Cunyus, Edna Hunter, Alma McDonald, Floyd Barber, and Nena Loudermilk. After Roaring Springs we went to Matador where we were treated to coke and ice cream at the local drive-in.

The "Katie Kitchen Band came from Lovington, New Mexico. Dressed in long red and white gingham check dresses and bonnets the ladies looked like they were from the past. The men were dressed in dark pants and white shirts. The residents thought it was wonderful and wanted them to come back again when their friends and families could hear them.

What to do? Frankly, I believe it will be difficult to do much of anything. But that does not mean we ought not to try. The National Direct Marketing Association is a very powerful lobby with Congress. So is the nationwide lobby of direct mailers. The two industries, combined with the mutual interests of political fund raising efforts, conducted by direct mailers, adds another element working against any effort to relieve the situation.

But there is hope. Bullock is at least one state official who is aware of the problem, and sympathetic to Texas taxpayers. Let us hope that the retail merchants of this state support and encourage him in his efforts by leaning on other state officials to help.

7th Shorthorns fall to Winds

The 7th grade Shorthorns lost to Floydada last Thursday afternoon by a score of 14 to 6.

The Breezers took an early lead in the game, scoring their only points in the first half of the game. Lockney came back in the third quarter and Daniao Martinez scored on a 65 yard run on an off tackle play. This was the extent of the Lockney scoring.

"The seventh grade played hard and they are getting better with each week that goes by", said coach Randy Josey.

The Horn of the Week was David Martinez. This Thursday the Shorthorns will face Hale Center here. The 7th and 8th grade teams will be combined for this game and their game will start at 5:00 p.m.

The residents all want to give a big thank-you to the Lockney Cheerleaders. They enjoyed watching them do their yells. Now we do some of their movements in exercise class. So watch out Longhorns for the senior citizens cheerleaders from the Lockney Care Center!! Thanks again girls and please come again.

Wednesday and Thursday we had our normal movie and crafts.

On Friday, the residents threw a party for the staff to show their appreciation for their help on the float for the Lockney parade and the many hours they put in. The residents and staff alike enjoyed homemade cake and vanilla and peach ice cream with hot fudge topping.

We are happy to welcome Mrs. Bennie May Gaff as a new resident. She is a wonderful, happy person and will add much to our tremendous group of residents.

John Regan and Emma Scott are both in the Hospital. We hope they will be home soon.

Gino says: Volunteer some time to make others happy and see what it does for you.

Until next week-God Bless.

Nursing Home Trip

By Mary Jo Fielding

On Monday, September 16 there were eight residents accompanied by our activity director and the bus driver who went to Roaring Springs. It is such a pretty place. It reminds me of an oasis. The beauty of it all is not apparent until one gets right close to it. Four or five of us got off the bus and went exploring.

The springs cascade over a rocky ledge into a pond, and then into a creek. The water is so translucent that it fairly glistens in the sunlight. Beyond the springs is a long flight of stairs (rustic looking, probably made from cedar) that leads up a cliff.

At the top is a trail which we followed a short distance and found a high flat rock with about six holes in it. It is said that Indians at one time used to ground their corn and make their bread on the rock. Then they baked their bread in the "ovens", which are the holes found in the rock.
