

## School board hires elementary principal

During the monthly meeting of the Lockney School Board trustees, board members unanimously voted to hire Joyce Evans as the new elementary school principal.

Evans will be coming to Lockney from Romoland, California where she has served as the principal for Romoland Elementary School for the past two years. She served as the assistant principal for that same school from 1979 to 1984 before being named principal.

Both Evans and her husband Floyd are familiar with West Texas and small communities. Floyd attended Wayland Baptist University from 1959 to 1963 when he graduated. He then coached at Lorenzo, Brownfield, and Shallowater before moving to the West Coast. Floyd was hired at Wayland Baptist University on January 1, 1986 as the head coach of the Flying Queens. He has been living in Plainview while Joyce completed her contractual agreement in California.

The Evans' are looking for a house in Lockney and will be moving here "hopefully by July 15" according to Mr. Evans.

Mrs. Evans will come to Lockney with seven years of experience in the duties of a principal and all of her teaching experience has been in the elementary school area.

From 1972 to 1974 she taught kindergarten, second and third grades. She worked as a resource teacher in compensatory education programs in kindergarten through sixth grades from 1977 to 1979.

She has both bachelors and masters degrees. She received her bachelors degree in 1972 from California Baptist College, where she graduated Magna Cum Laude, and her masters from the University of California in 1982. She also did undergraduate studies at Texas Tech and Wayland Baptist University.

She has also done post graduate work in a number of fields including assertive discipline, computer assisted instruction, and school improvement.

The board members at the meeting on June 12 expressed the idea that they thought Mrs. Evans would be an asset to the Lockney school system.

In other action the board also hired Tonda Jolly of Kress as the English I teacher for high school. Jolly will replace Dayna Owen who will be teaching in Plainview next year.

Jolly is a 1986 graduate of West Texas State University.

The board members also voted to call

for bids on closing in of the windows in the high and junior high school. Several possibilities have been discussed on the work. Hallmark said he would like to see the window openings covered and bulletin boards and book shelves placed in the rooms.

Superintendent Hallmark reported to the board that the state fire marshal had been in Lockney to inspect the schools. Minor problems were found but most of these things have already been corrected. He also told the board that Bill Sherman is having minor problems with the final paperwork on the Lone Star school building but this should be cleared up soon.

The board accepted two resignations, those of Robin Gay, kindergarten teacher, and Janet Bek, junior high English teacher. At the present time Lockney is only lacking one teacher to fill all the positions within the system and that is someone to replace Beck in junior high.

The board has approved adding one more time slot to the new satellite system to be used in high school next year and informed James Poole that if

more slots were needed to let the board know.

The board also approved James Poole to be the textbook custodian since R.L. Knox is leaving Lockney. Knox met with the board for the final time at the meeting. Board president Kelton Shaw said "We would like to express our appreciation from this board and all the boards in the past who have worked with you for the fine job you have done in the Lockney school system. You have been an asset to Lockney and we thank you for working with our youth." Knox replied, "I have been in Lockney for 58 years and enjoyed that time, but it's time to give someone else a chance."

In other action the board approved tax report #10 which showed Lockney is 93.66% collected, approved payment of the current bills and the making of investments, and the minutes of the previous meeting.

Present for the meeting were board members Kelton Shaw, Dickie Lambert, Keith Jackson, Clar Schacht, and Paul Glasson. Also principals James Poole, R.L. Knox, Terry Ellison and Superintendent W.H. Hallmark.

THIS MOTORIST in Lockney was lucky to be inside her car. The large hallstone at the top left of the picture hit the car just as the picture was snapped. Lockney received about one half inch of rain Monday during the hailstorm. STAFF PHOTO

## Vandalism of highway signs in county regarded as 'dangerous'

Vandals recently stole \$200 worth of highway signs in northwest Floyd County, but highway officials warn the biggest cost of sign vandalism may not be paid for out of taxpayers pockets, but with the lives of innocent motorists.

"Not too long ago in East Texas," said Mel Pope, highway district

engineer in Lubbock, "a multiple fatality occurred when two cars met at a highway intersection. One of the cars didn't stop for a stop sign because the sign had recently been stolen. The missing sign cost several human lives."

A total of seven signs were stolen in northwest Floyd County, including

three stop signs and one yield sign. Highway department maintenance employees replaced the signs immediately after the thefts were discovered. Highway officials say the situation is repeated all over the state.

"More than \$695-thousand was spent in 1984 replacing and repairing

vandalized signs across the state," said Pope. "About 70 percent of the cost to replace damaged highway signs is the result of thefts, defacement and other vandalism."

Pope said thousands of signs are destroyed because of vandalism long before their normal life expectancy is reached, said Pope. "And the sad thing is, an untold number of lives are put in danger until we can make repairs."

### New policy for classifieds told

Due to a large number of overdue classified accounts, the Hesperian and Beacon will no longer be able to charge classified ads. All classifieds will have to be paid in advance.

This will not affect the individuals and businesses who have already established acceptable credit with The Hesperian and The Beacon, and who do not have over 60 days due accounts.

We regret any inconvenience this may cause the community, and we deeply regret having to implement this policy, but newspapers also have financial obligations and this step is necessary to meet these obligations.

## Lockney High 1945 and 1946 classes set June 28 reunion

The 1945 and 1946 graduating classes of Lockney High School will be holding a combined class reunion on June 28 in Lockney at the Rebekah Lodge from 3:30 to 5:00 p.m.

This will be a joint reunion of the

classes and anyone wishing to come by and visit is welcome.

Next the Lockney Beacon will be running class pictures and hopefully the wills and prophecies of these classes.

## Silverton girl lands 6¾ pounder

Brandi Breedlove of Silverton landed a "nice hybrid stripper", weighing 6¾ pounds, from Lake Mackenzie. She and her dad caught the fish "in deep water near the big island in the main part of the lake," using a perch as bait.

An Amarillo fisherman reeled in a 5½ pound walleye from the lake during the past week. Using a Night Crawler as bait, the fish was hooked near Dead Man Creek "in shallow water."

A 6 pound walleye was landed from

the same area. A Night Crawler again was the bait.

"Crappie fishing is still good during the late evening hours," according to lake officials. Most are being caught on minnows in 15 feet water.

"Lots of small bass are being caught on worms and spinner bait," the official relates.

The lake depth Monday was reported at 113 feet, 6 inches and temperature was 74 degrees.

MOVING SHEEP—These sheep were moved down the dirt road to a new pasture on Monday. There was just a little bit of a problem when they reached an intersection, they wanted to go the wrong way. The donkey was not much help either, trying to lead the sheep in the wrong direction. STAFF PHOTO

## Reward posted for concession theft

The Lockney Women's Softball Association was hit by theft three different times in the past two weeks. As a result they lost about \$600.00 in profit from candy and foodstuffs in the concession stand at the softball field.

The first burglary on Tuesday, June 10, the second sometime between Thursday, June 12 and Sunday, June 15, and the last break in was discovered about 5:00 a.m. Monday, June 16.

The perpetrators broke into the door of the concession stand all three times. The Coke box inside which is used as a refrigerator for perishable goods was also broken into.

A meeting was held Monday night by Association members and officers and they have decided to continue to run the concession stand because it is the main place they raise money. The thefts have caused a loss which was intended to be used for upkeep on the new lighting system and improvements on the field. There had been talk of closing the concession stand.

The Lockney Women's Softball Association is offering a reward for any information leading to the

arrest and conviction of the person or persons responsible for the burglaries and any one having information is asked to call the Lockney Crime Line number, 652-2416. This number is the Floyd County Sheriff's office and a number will be issued to any caller with information. No names are necessary to report persons to be investigated for this crime.

### Softball rescheduled

The Lockney Women's Softball Association has announced that the softball games that were scheduled for Monday, June 16 will be played on Friday, June 20 at the same times.

It has been announced that the makeup games would be played on Mondays, however, the games scheduled for Monday were makeup games and it was decided that they should be played on Friday to get them over with since these were the first scheduled games of the season.

Also please remember that the open tournament held by the Association will be June 27, 28, and 29. Everyone is invited to come out and watch.

## Fair plans

Plans for the 1986 Floyd and Surrounding Counties Fair have been finalized and the catalogs are at the printers.

Here is a short rundown of the events for each day of the fair.

Jest Amusement, the carnival company for this year, will be open to the public on Wednesday, August 20 at 4:00 p.m. Tickets for the carnival are now on sale at several outlets around Lockney and the surrounding area. At the present time the tickets are priced at two for \$1.00. They will cost \$1.00 each at the carnival so get your tickets early.

Thursday, August 21 will be the day for judging exhibits food stuffs, and department entries. Also the talent show for both adults and children will be held at 6:30 p.m. that night.

Friday, August 22, will feature the Ladies Day programs, a tractor driving contest, gospel singing, and a square dance.

Saturday, August 23 will be the big day for the fair. There will be a rabbit show this year, the parade, the chili cookoff, the Little Miss and Miss Floyd County contests.

Also on Saturday will be the peddle tractor pull, sponsored by the Lockney FFA program. At 9:00 p.m. Saturday night will be a dance with Slow Motion, the band from Clarendon featuring Lockney Earl Brosech and Keith Owens.

## This Week . . .

### SOFTBALL LEAGUE

Floydada Slow-Pitch Softball League has set a starting date. League play will begin the week of June 30. The entry fee for the league has been set for \$200 per team.

To enter the league, teams must be present this coming Sunday, June 22, at 2 p.m. at the First National Bank Community Room. Entry fees will be due at this time.

### GOSPEL SINGERS

Gospel Singers of the Southwest will meet June 21 from 2-4 p.m. and 7-9 p.m.; and June 22 from 2-4 p.m. at the First Baptist Church Chapel (8th and Baltimore) in Plainview.

### WORKSHOP

The Hi-Plains Genealogical Society at Plainview, Texas will hold a workshop Thursday, June 19, 9-5 and Friday, June 20, 9-4 in the Unger Library.

### WHIRLERS

Whirlers will be dancing in downtown Floydada Saturday, June 21, at 8:00 p.m. The dance will be under the pavilion on the south side of the courthouse. Sid Perkins will call. All spectators are welcome.

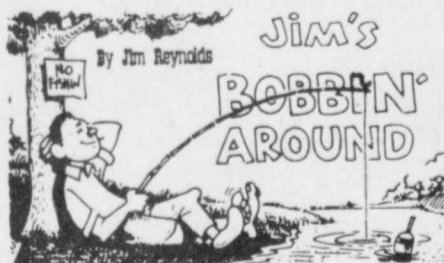

### WOMEN'S SOFTBALL

Lockney Women's Softball tournament will be June 27 and 28. There will be a \$70.00 entry fee. For more information call: Diane Johnson, 983-2988 or Rise Ford, 652-3505.

### FIRST BAPTIST VBS

The First Baptist Church of Lockney will hold its annual Vacation Bible School June 23-27 and all youngsters in the community are invited to attend.

Anyone needing a ride to the church is asked to call 652-2251 during the day.

### ASCS OFFICIALS LEAVES IMPRESSION

Bob Lotspeich, the new Floyd County ASCS executive director, makes a good first impression. We were favorably impressed with him during a Friday afternoon interview.

Figuratively speaking, most people will look up to him. Bob is one of those t-a-l fellows.

\*\*\*\*\*

### A LITTLE MIXED UP

Age plays cruel tricks on both our bodies and our minds. A story contributed by a couple of Lockney readers emphasizes this point:

"Just a line to say I'm living, that I'm not among the dead.

"Though I'm getting more forgetful, and more mixed up in the head.

"For sometime I can't remember when I stand at the foot of the stairs

"If I must go up for something or I've just come down from there.

"And before the 'fridge,' so often my poor mind so filled with doubt.

"Have I just put food away or have I just took something out?

"And there's times when it's dark out, with my night cap on my head.

"I don't know if I'm retiring or if I just got out of bed.

"So if it's my turn to write you,

"There's no need to get sore.

"I may think that I have written

"And just don't want to be a bore.

"So remember — I do love you and I wish that you were here.

Continued On Page 3

## In times like these... By Mary Jo Fielding

In the end Ronald Reagan will almost surely get what he wants: \$100 million in aid, including weapons for the anti-Sandinista rebels trying to overthrow the government of Nicaragua. However, as the Sandinistas counter-attacked there were echoes from the jungles of Honduras to Capitol Hill of the cynicism that is America's enduring legacy of Vietnam.

With a remarkable indifference to political reality, Nicaraguan President Daniel Ortega sent troops to raid the rebel camps in Honduras in the very week the Senate was debating Reagan's bill to aid the Contra forces. Then Ortega indignantly denied that he had

invaded at all. To the administration his gambit was a political gift. "We knew what Ortega was," said a White House hard-liner, "but we never expected he'd help us prove it so boldly."

But if White House aides hoped that Congress would keel over in a war hysteria reminiscent of Lyndon Johnson's a Gulf of Tonkin alarm, they were badly mistaken. Awkward discrepancies kept turning up: the government of Honduras first denied that anything at all was going, then acknowledged an incursion and accepted \$20 million in unsought U.S. aid. The number of invaders, the uniqueness of the raid and the damage done remained in dispute.

## Care Center Capers

By Cinde

Hello again from all us here at the Care Center.

I want to say a special thanks to Joe Cunyus for mowing our lawn! We sure do appreciate it! I guess he figured he'd rather mow the lawn than play ball!

Our bus trip this past week took us to Silvertown. We looked over the town and had ice cream at the local drive-in. Bessie Hunt said hello to several old friends and everyone enjoyed it!

We got out in the sunshine and played horse shoes in the yard. No one could beat Mary Jo Fielding this time. She stands as champion! (For now anyway! But wait till next time!)

We had our resident birthday party last week presented to us by the ladies from the Main Street Church of Christ. We sure do want to thank these ladies

for our birthday parties each month. This month's birthday was only one: Miss Euna Bradshaw, born June 4, 1899.

We've finally finished our jigsaw puzzle that we have worked on for a week! And we didn't even have to use the scissors on all the pieces! (Just on a few.)

We've welcomed two new residents this month, so far! They are Mr. Benny Thompson and Mrs. Gladys Ferguson. Both are originally from Lockney. We sure are glad to have them with us.

We're starting our 4th of July plans, but we're having our doings July 3rd. We'll let ya'll in on them as soon as we figure them out!

Until next week,  
Cinde

## Sechrists celebrate 50

David and Alice Sechrist celebrated their 50th wedding anniversary Saturday, June 14 in Plainview at a dinner hosted by their children.

The Sechrists were married in Lorenzo on June 14, 1936 and came to Lockney over 40 years ago. Mrs.

Sechrist was a Sparkman before she married Mr. Sechrist.

Their children include Margie Green of Garden City, Kansas, Linda Shugert of Lubbock and James Sechrist of Mineral Wells.

## College News

Jeffrey McCormick was a spring graduate of Angelo State University. He graduated cum-laude with a Bachelor of Business Administration degree. He and his wife Amy will live in San Angelo where he is associated with the Rickie Oliver Accounting Firm. His wife is employed by the West Texas Boys Ranch as an elementary teacher inside the San Angelo School System.

Jeffrey graduated from Lockney High School in 1982.

While attending Angelo Jeffrey walked on the Ram football team as a freshman and then received a scholarship to play for them as a strong safety the next three years.

Texas Tech University has announced its 1986 Outstanding Achievement Awards for staff. Among those receiving the award was V. Jeanette Cheatham, a former resident of Lockney and a graduate of Lockney High School. She is a clerical specialist III in the Office of Payroll.

Edwin Monroe Teeter of Lockney, a student attending Angelo State University in San Angelo, is listed on the Dean's Honor Roll for the spring semester at the university.

Mr. Teeter, a business major at ASU, is listed on the 3.00 to 3.49 honor roll.

## Savings Bond sales up 16 percent

During the first quarter of calendar year 1986, Texas sales of U.S. Savings Bonds amounted to \$94,802,245, an increase of over \$13 million over 1985 for 16.4%. T.J. Morrow, District Director for U.S. Savings Bonds Division in Dallas, announced. These sales represent 25.6% of the state's 1986 assigned dollar goal of \$370 million. March 1986 sales of Series EE Bonds were \$33,634,254, an increase of 15.1% over March 1985.

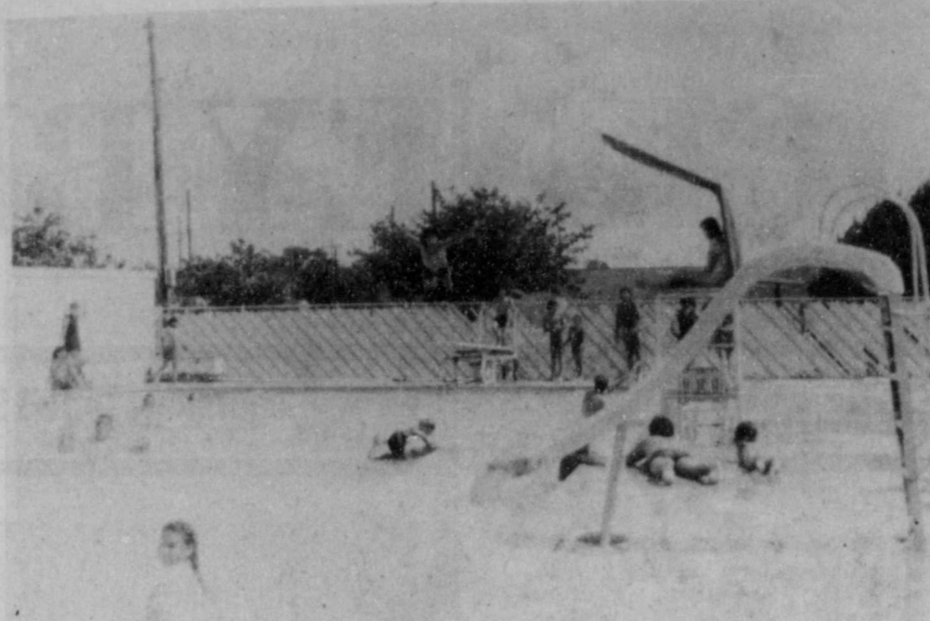

Sales of Series EE Bonds amounted to \$4,629.00 during March 1986 in Floyd County, Lewis McDaniel, Volunteer County Chairman, said. Total sales in the County during the period January-March, 1986 were \$45,781.00, which represents 30.9% of the County's 1986 assigned dollar goal.

Nationally, March sales of U.S. Savings Bonds totaled \$600 million, 40% above March a year ago and the highest sales for any March since 1979. Sales of U.S. Savings Bonds for the first half of Fiscal 1986 increased 40% over

the same period a year ago. Savings Bonds held by the American public reached an all-time high—over \$81 billion for the first time ever—to \$81.42 billion.

Much of the sales growth can be attributed to the new market-based rate which was effective November 1, 1982. The current rate in effect during the time of these sales (November 1985 through April 1986) for Bonds held five years or longer is 8.36%. The average rate since November 1, 1982 is 9.69 percent. Bonds held at least five years earn 85 percent of the average rate on five-year Treasury marketable securities during the holding period of 7.5 percent, whichever is more. Bonds held less than five years earn interest on a fixed, graduated scale.

Information on rates, including the new semiannual rate as soon as it is available, can be obtained by calling toll-free—1-800-US BONDS.

SUMMER FUN—Now that the Lockney swimming pool is open for the summer, most of Lockney's young people will be found there enjoying the cool water and friends.

Coach Joe Luna, team members: Abel Reynaga, Lalo Chavira, Carlos Raisse, Shane Hooten, Arnold Perales, Jr., Joey Adams, Jake Jones, Damian Luna, Juan Ceja, Michael Isom, and David Turberville.

## Day care subsidized

Working parents who meet income eligibility can be subsidized up to 90 percent of the cost of their children's day care. The program is strictly planned for low-income families. The first priority, according to officials, are protective children, AFDC and food stamp recipients.

Eligibility for the program is based on family size and income. Parents must also be employed, attending school or a job training program to qualify for the service. Their children will be placed in a licensed day care center or group day care home.

Most of the subsidies go to single parent families. The program has been in existence for the past three years.

For more information, parents may call: South Plains Community Action Day Care Broker System, ask for Janie Cisneros or Estella Castellano, phone 894-3649 or call the local Community Action Center, 983-3134.

June 25: Mr. and Mrs. Les Ferguson  
June 26: Mr. and Mrs. Terry Ellison, Malcom and Jamie Moerbe

## Social Security card required for summer jobs

by Terry J. Clements

If you are a young person about to take a summer job, there are some important things to know about Social Security.

First, you probably need a social security card because most jobs today are covered by the program. If you do not have a card, apply for one at any social security office at least two weeks before starting work. Bring with you proof of age, identity, and U.S. citizenship (or immigrant status).

A little over seven cents from each dollar earned (up to \$42,000 for 1986) will be deducted from your pay for social security. Your employer matches this amount. These taxes help to finance monthly benefits for about 37 million Americans of all ages, as well as medicare hospital insurance for most older people and some with long-term disabilities.

Some day benefits also may be paid to you and any dependents if you have worked long enough under Social Security. Monthly payments partially replace income that is lost or reduced

because of disability, death, or retirement.

When you work, the amount of your wages or self-employment income is recorded on a lifetime earnings record under your name and social security number. You earn credits that will be needed before benefits can be paid.

In 1986, you are credited with one-fourth of work (called a "quarter of coverage") for each \$440 earned, up to a maximum of four credits for the year.

As a young worker, you build protection fast. In some cases, monthly benefits may be payable with as little as 1-1/2 years of work if you become unable to work for at least a year due to disability, or if you should die and leave a spouse and surviving children.

About every three years you should request a statement of your earnings record to make sure all earnings have been properly reported. You can get a request form at the social security office.

If you have any questions you may contact us at 1401-B West 5th street, or call us at 293-9623.

"But now it's nearly mail time so I must say 'Goodbye, Dear.'  
"Here I stand beside the mail box with a face so very red.  
"Rather than mailing you my letter, I opened it instead."

**WHAT'S IN A NAME**

What's in a name? . . . how popular is the mascot name "Hornets"? Bovina Blade editor Bill Ellis put together a pretty interesting column about school mascot names . . . so here goes:

Recently, the Associated Press ran a story which was used by some of the larger daily newspapers, concerning the diversity of names used by Texas high schools for their team mascots. The article pointed out that there are over 1,200 public and private high schools in the state, and 167 different mascots or nicknames.

With all of the diversity, the survey revealed that more than half of the state's 1,200 schools shared nicknames which made up a list of the ten most commonly used names.

The most common list was as follows, with the number of schools in parenthesis: 1. Eagles (103); 2. Bulldogs (84); 3. Tigers (76); 4. Panthers (56); 6. Mustangs (48); 7. Lions (46); 8. Indians (36); 9. Pirates (35) and 10. Hornets (35).

When it comes to unusual names, the state's schools have their share of these, too. Some of them listed in the Associated Press article included:

The Wampus Cat, for Itasca High School, located 60 miles south of Fort Worth. Those connected with the school say the Wampus Cat is a legendary animal, like "Big Foot."

Also, there are the Masonic Home (Fort Worth) Mighty Mites, a nickname which began when the school had some pretty small players (we all could use that one from time to time).

Other unusual names include the Port Lavaca Calhoun Sandcrabs, Taylor Ducks, Brownsville Saint Joseph Bloodhounds, Floydada Whirlwinds, Hutto Hipped, Progresso Red Ants, Trent Gorillas, San Antonio Central Catholic Buttons, Van's Vandals, San Antonio Lanier Voks, Beaumont South Park Greenies, Mason Punchers, Munday Moguls, Somerville Yeguas and Knippa Purple Rockcrushers.

In addition there's also the ongoing risk of accidents involving vehicles used to transport the deadly wastes to the Panhandle for storage in the repository.

Deaf Smith's selection as one of the three main site characterization testing areas will have good short-term effects on the area economy. There will be no danger during the characterization process in which years of testing will be conducted to decide which of the three sites will be best suited for disposal of the nuclear wastes.

But we can't with a clear conscience say, "come on over for your waste repository testing," and then later say, "no thanks," if this area is deemed the most suitable for disposal of the high level nuclear waste.

Other names in our area not mentioned by the AP include such biggies as the Jayton Jaybirds, Roscoe Plowboys, Amarillo Sandies (or Golden Sandstorm), Palo Duro Dons, Lubbock High Westerners, Pampa Harvesters, and Levelland Lobos.

Then, there are the Dumas Demons, Perryton Rangers, Dalhart Wolves, Boys Ranch Roughriders, Brownfield Cubs, Stratford Elks, Spearman Lynx, Stinnett Rattlers, Panhandle Panthers, Memphis Cyclones, White Deer Bucks, Wellington Skyrockets, and Clarendon Bronchos.

Also, the Abernathy Antelopes, Hale Center Owls, Springlake-Earth Wolverines, Ralls Jackrabbits, Nazareth Swifts, Gruver Greyhounds, Miami Warriors, and Valley Patriots. Those are just the more unusual ones.

Of course, in Parmer County, we have the Mustangs (and Fillies), Chieftains (and Squaws), Steers (and Steerettes) and the Longhorns. In days gone by we had the Cowboys at Oklahoma Lane, so Dallas wasn't the first Texas team with that nickname.

**FEAR OF EMOTIONS**

To laugh is to risk appearing a fool.  
To weep is to risk appearing sentimental.  
To reach out for another is to risk involvement.  
To expose your feelings is to risk rejection.  
To place your dreams before the crowd is to risk ridicule.  
To love is to risk not being loved in return. —Borrowed

**MOTHER-SON PARTNERSHIP**

A Floyd County mother-son had quite a business venture underway, although Mom didn't realize it initially. She baked three batches of brownies for the son to take to school. The goodies disappeared quickly. Maybe too quickly, much as the son likes brownies. Using her intuition, which seems to be standard equipment with mothers, she hinted one day that the son might be picking up a little spending money by selling a portion of the brownies. The truth came right out. The son

failed to realize, however, that his "two-for-a-dime" asking price might fall a bit short of covering baking expenses.

**NUCLEAR WASTE SITE FACES GOVERNOR'S VETO**

Aside from crops and weather, the Panhandle's most popular coffee shop topic recently has been Deaf Smith County's choice as one of three finalists for the federal nuclear waste repository.

One little known fact is that should the Hereford area be THE selection, that area has one last recourse. Texas' governor could still veto the site.

The only way the veto could be overturned would be by a two-thirds approval by both houses of Congress, something area legislators believe would be a hard vote to muster.

Don't be too surprised if the nuclear repository is an often-mentioned subject in the governor's race, in the Panhandle area.

**THUMBS DOWN ON REPOSITORY**

Regardless of the promise of a brighter economy with more jobs, we cannot support the federal government's decision to proceed with site testing for a nuclear waste repository in Deaf Smith County.

While the Panhandle in general is going through an economic slump and the lure of a new multi-million dollar industry would provide a needed shot in the arm, most are still not convinced that a nuclear waste repository would be in our best interest.

The precautions of burying high-level nuclear waste by the federal government are many, but the risks, as small as they might be made to sound, are of catastrophic proportions.

Recent lessons in the fallibility of government projects can be learned from the Chernobyl nuclear plant melt-down and the explosion of our own Challenger space shuttle. Small risks can sometimes become life-threatening situations.

Not to imply that the government shouldn't be involved in research and technological advances on earth and in space. We look forward to space shuttle launches ahead that can provide new insights into options available through space exploration.

But with research and technological advances, we are reminded that the government is not infallible, that precautions are sometimes overlooked, mistakes can be made. The risk of a nuclear waste repository accident or leak into the vast Ogallala Aquifer which provides water for several states is too great. An accident of any proportion could have too far-reaching negative effects on too many.

In addition there's also the ongoing risk of accidents involving vehicles used to transport the deadly wastes to the Panhandle for storage in the repository.

Deaf Smith's selection as one of the three main site characterization testing areas will have good short-term effects on the area economy. There will be no danger during the characterization process in which years of testing will be conducted to decide which of the three sites will be best suited for disposal of the nuclear wastes.

But we can't with a clear conscience say, "come on over for your waste repository testing," and then later say, "no thanks," if this area is deemed the most suitable for disposal of the high level nuclear waste.

**PLEDGE OF ALLEGIANCE: WORDS OF DEDICATION?**

My mother sent me a clipping on the Pledge of Allegiance from the Red Skelton Hour on January 14, 1969. It is something I would like to share with all of you:

"I remember this one teacher. To me, he was the greatest teacher—a real sage of my time. He had such wisdom. We were all reciting the Pledge of Allegiance, and he walked over. Mr. Lasswell was his name. He said:

"I've been listening to you boys and girls recite the Pledge of Allegiance all semester, and it seems as though it is

**LARGE HAIL**—This hailstone fell in front of The Beacon office on Monday afternoon. It measured two and one quarter inches wide. Most of the hail that fell was pea to marble size however, there were quite a few stones that were golf ball size or larger.

becoming monotonous to you. If I may, may I recite it and try to explain to you the meaning of each word:

"I—me, an individual, a committee of one.

"PLEDGE--dedicate all of my worldly goods to give without self-pity.

"ALLEGIANCE--my love and devotion.

"TO THE FLAG--our standard. Old Glory, a symbol of freedom. Wherever she saves, there is respect because your loyalty has given her a dignity that should, 'Freedom is everybody's job.'

"OF THE UNITED--that means that we have all come together.

"STATES--individual communities that have united into 48 great states. Forty eight individual communities with pride and dignity and purpose, all divided with imaginary boundaries, yet united to a common purpose, and that's love for country.

"FOR WHICH IT STANDS. "ONE NATION--meaning, so blessed by God.

"INDIVISIBLE--incapable of being divided.

"WITH LIBERTY--which is freedom and the right of power to live one's own life without threats or fear or some sort of retaliation.

"AND JUSTICE--the principle or quality of dealing fairly with others.

"FOR ALL--which means it's as much your country as it is mine."

"Since I was a small boy, two states have been added to our country and two words have been added to the Pledge of Allegiance--'under God.'

"Wouldn't it be a pity if someone said, 'That's a prayer,' and that would be eliminated from schools, too?—Red Skelton (Linda Salitros, The Abernathy Review).

**UNDER THE MISTLETOE**

The custom of kissing under the mistletoe goes back to the early 17th century. Purists say that after each kiss under the mistletoe, a berry should be plucked from the branch and the kissing ends when the berries are gone.

**JUST RESTING**

Flamingos often rest by standing on one leg.

**South Plains Honey Queen addresses local Rotarians**

Shiryl Donahoo, 21, a junior at Texas Tech University and 1986 South Plains Honey Queen, presented an interesting program on honey production to the Lockney Rotary Club on Friday, June 13.

Donahoo is a marketing major at Tech and was selected to represent the South Plains in April. As the South Plains Honey Queen she will represent beekeepers as the primary promoter of honey and the beekeeping industry in this area. She has presented programs to "mostly youngsters" until Friday. This is the first adult group she had addressed.

Donahoo will be competing for the Texas Honey Queen title in early November in Waco where she will be competing with about six other area representatives for the Texas title and a

chance to compete on the national level. She is the daughter of Wendell and Margie Donahoo.

**J.C. BAILEY**, Minister at the City Park Church of Christ, was born in Lamesa, Texas in 1947. His childhood experience included life on a farm southwest of Lamesa. He attended school at Klondike. His parents, four younger brothers, and one sister moved from the Dawson County farm to Winnsboro, Texas in 1966. That same year he began to attend Abilene Christian College. He attended A.C.C. for four years and in 1971 graduated from the Sunset School of Preaching in Lubbock. In 1970 he married Janis Justus of Crosbyton. They now have four children and have lived for one year in Floydada.

### Instructions To The Younger Men

By J.C. Bailey

Much of our earthly task remains unfinished by the end of each day. We simply run out of time, energy, or resources before the project is completed. The Apostle Paul presented solutions to the problems that resulted from unfinished spiritual matters. The following explanation and charge was given to Titus. "The reason I left you in Crete was that you might straighten out what was left unfinished..." (emphasis JCB). The scripture reference is taken from Titus 1:5 and clearly shows the recurring needs we have to reform and to finish important matters in our daily lives.

This article concerns the task of finishing the matter of wholesome character in young men. In Titus 2:6 Paul charged Titus to, "...encourage the young men to be self-controlled." The instruction was very brief, but very comprehensive. The word, "encourage," suggests that the young men require strong directives and constant moral reminders.

Help me apply this simple instruction to young men. What relevant matters come to mind when you consider areas that require self-control in young men? The matter of respect comes to my mind when I consider the struggle and spiritual needs of young men.

Young men often have problems with their manners and other matters of common decency. Rudeness, excessive rowdiness and foul language are often tolerated as "normal" behavior instead of treated as sin. The Creteans had bad reputations (Titus 1:12) and certainly the young men were influenced by the general disrespect evident in their culture. It requires courage and self-control for our young men to use decent conversation instead of vulgar, four-lettered words.

Sometimes our young men don't demonstrate courtesy or politeness. Our estimate of any young man appreciates when we hear him say, "thank you," "please" and "excuse me."

Some of our young men don't respect the property of others. Young men destroy enormous amounts of property each year because of carelessness, inexperience, or the "I don't care" attitude. Self-control is required for them to use instead of abuse personal and public property.

Too many of our young men are selfish and undisciplined in sexual matters. Too often they show little respect for their dates. They insist on sexual gratification outside the covenant of marriage. Young men need self-control regarding their passions. Their passions and energies would be better served if they were directed toward preparing for and building strong marriages.

Finally, it takes self-control for our young men to refuse alcohol and other mind-altering substances. Self-control requires that our young men are strong enough to say "no" to wrong. Our young men have many strengths and make many valuable contributions to our community. In matters of right and wrong they must realize that their sins relate directly to their failure to practice self-control. So, the unfinished task remains for our young men to enter the arena of spiritual training and take up the challenge to increase in self-control.

### Abuse learned in the family

Violence occurs in at least one-fourth of all families each year, according to a sociologist at Texas Christian University.

"About 1.8 million women are abused by their husbands every year," said Dr. Jean Giles-Sims.

The researcher said that abuse is passed from one generation to the next. "If you have either been hit by your parents or seen your parents hit each other, you are four times more likely to be violent with your own children or a spouse or to be a victim than if you had never witnessed family violence."

"We find that people who are very quiet and controlled can become violent. Personality traits that you see in one situation may not be the same traits you see at another time," she said.

For instance, men who batter their wives are often good co-workers and colleagues and hold very responsible positions. While they don't explode in a work situation, they take out their frustrations on their wives.

Giles-Sims said it is possible to identify behavior that could be potentially violent. "Explosive anger, use of violence in any kind of way or an inability to express feelings are characteristics to watch for. Anything

that is related to the impulsive expression of anger through physical means may indicate that a person has a problem dealing with frustration."

The pattern of violence within a marriage usually is established very early and continues for years. A woman may come to a shelter seeking emergency aid and return to the abusive spouse with his promise never to be violent again. But anyone who works in a shelter will say that as many as 20 percent of the cases repeatedly come back to the shelter and return to their spouses.

Being in a low power position in a marriage and being abused go together, said the TCU professor. "As women become more financially independent and gain more of a sense of power in a marriage relationship, they are less likely to stand for abuse. In other words, they have more alternative options outside of the relationship."

"When business is good it pays to advertise; when business is bad you've got to advertise."
